Superintendent's Reports

September 2, 2026

To: Board of Directors

From: Superintendent, Erika Bare

Subject: Superintendent Reports

Date: September 2, 2026

Summary:

Superintendent Erika Bare will provide announcements/reports to the Board on items of interest.

Items of Interest:

Inservice Week: Last week we welcomed teachers back for five days of professional development and planning and preparation. All licensed staff participated in professional development designed to help us improve literacy across grade levels and departments. We had a successful welcome back event where we all ate breakfast together and got ready for the year ahead.

First Day: This is the students' first week of school! This is the very best time of year. All schools hosted an open house on August 27th so students and families could get a sneak peek at their classrooms and meet their teachers.

Enrollment: I can't give you enrolment numbers yet, as there is so much fluctuation in the first weeks of school until we hit that October 1st mark. I do want to share that Waypoint has hit over 30.

Board Reports

Director of Student Teaching and Learning, Ryan Savage

Subject: **Integrated Grants/Early Literacy 25-26 Annual Report Update**

Date: August 19, 2026

Summary: Integrated Grant funding includes the Early Literacy grant. The grant has strengthened early literacy through targeted professional development, adoption of high-quality instructional materials, and expanded family engagement. As required by ODE, districts must provide an annual update addressing key questions, which will be shared with the board and posted publicly on the district website.

South Umpqua SD 19 - Annual Questions 25-27

	Identifier #	Annual Response Question	2025-26 Annual Progress Reflection	2026-27 Annual Progress Reflection
1	AR1	As you review your progress markers/overall reflection responses and reflect on plan implementation, how do you see your progress contributing to the Outcomes and Strategies in your plan and your Longitudinal Performance Growth Targets (LPGT)/Local Optional Metrics (LOM)? Discuss at least one Outcome where you have seen progress in implementation.	Our progress-marker reflection demonstrates meaningful movement in the implementation of several Outcomes and Strategies in our plan. From the second-quarter review to the annual review, six progress markers moved from Medium to High: authentic community engagement, regular use of disaggregated data, literacy assessment and curriculum alignment, two-way family communication, implementation of the district literacy plan, and community partnerships. Nine of the fifteen progress markers are now rated High. One Outcome where we have seen notable progress is improving academic achievement through aligned literacy systems and data-informed instruction. The district has developed a clearer inventory of literacy curriculum, assessments, interventions, and digital resources. We have also strengthened the use of i-Ready, DIBELS, OSAS, formative assessments, and other student information within school and district data-team conversations. Professional learning and instructional coaching have supported implementation of our literacy strategies, while PLC development has created more consistent opportunities for educators to review student evidence and adjust instruction. These efforts are reflected in the movement of Progress Markers 3, 4, and 8 from Medium to High. This implementation work contributes to our LPGTs and LOMs by establishing the adult practices and instructional systems necessary to improve student outcomes over time. More regular analysis of disaggregated data allows teams to monitor overall performance and the progress of focal student groups, identify students needing additional support, and evaluate whether instructional strategies are producing the intended results. Continued use of i-Ready, DIBELS, OSAS, attendance, ninth-grade on-track, graduation, and CTE participation data will help us measure the effect of these strategies and make timely adjustments. We have also made progress in family and community engagement. Authentic engagement, two-way communication, and community partnerships all moved from Medium to High. The district has increased opportunities for families, students, staff, and community partners to inform planning and understand district priorities. These efforts strengthen the connection between our community engagement strategies and our academic, attendance, student well-being, and postsecondary outcomes. Examples: Brand New Website, implementation of Parent Square, Monthly digital newsletters, and new district newspaper.	
2	AR2	Where have you experienced barriers, challenges, or impediments to progress toward your Outcomes and Strategies in your plan that you could use support with? Discuss at least one Outcome where you have seen challenges or barriers to implementation.	Although the district has made considerable progress, several intermediate and long-term markers remain at Medium. These include student agency and voice, coordination among professional learning and intervention systems, welcoming and culturally sustaining learning environments, identifying systemic barriers, and ensuring that student, family, and staff voices are consistently integrated into decision-making. These areas correspond with Progress Markers 6, 7, 10, 14, and 15. One Outcome where we continue to experience challenges is developing consistent districtwide systems for continuous improvement and student-centered decision-making. PLC implementation, instructional coaching, data-team practices, intervention systems, attendance efforts, and professional learning have progressed, but implementation is not yet equally consistent across all schools and teams. Staff need protected time, shared protocols, clear expectations, and ongoing support to move from reviewing data to identifying root causes, selecting instructional responses, monitoring implementation, and measuring impact—particularly for focal student groups. We also need to strengthen the systematic collection and use of student and family voice. Engagement opportunities are occurring, but the district is still working to ensure that feedback consistently influences instructional practices, policies, resource allocation, attendance strategies, and student supports. Additional support with effective student-voice structures, focal-group engagement, equity-centered data analysis, and measuring implementation fidelity would help us make progress in these areas. Finally, competing initiatives, staff capacity, limited time, and differences in implementation readiness across schools can slow progress. Support with aligning initiatives into one coherent continuous-improvement process would help the district connect day-to-day implementation more clearly to its LPGTs and LOMs. Our next step is to establish common expectations and monitoring tools while providing differentiated support so that successful practices become consistent and sustainable throughout the district.

Summary:

KNA-AR(1) – Interactions with Immigration Enforcement, Highly Recommended, *New*
KNA-AR(2) – Federal Immigration Enforcement Request Log, Optional, New

In 2026, the Oregon Legislature adopted three bills related to federal immigration enforcement in schools: Senate Bill (SB) 1538, SB 1594, and House Bill (HB) 4079). These new laws require the Oregon Attorney General's (AG) Office to publish model policies related to immigration enforcement in schools, which are available here. Districts must provide these model AG policies to employees, and must adopt a policy that is consistent the AG model policies by September 30, 2026. The district-adopted policy must:

- Designate an individual to be the primary contact for immigration enforcement;
- Include requirements for notifying students, parents, staff and the community when federal immigration officials are confirmed to be on district property for enforcement purposes;
- Include training requirements for designated individuals;
- Be included in the student handbook and in culturally appropriate languages on the district's website; and
- Include any other requirements provided by law.

Immigration Enforcement on District Property

{House Bill 4079 (2026) requires districts to "adopt a policy for providing notice when a federal immigration authority is confirmed to have entered school property for immigration enforcement." This policy must be "consistent with applicable model policies published by the Attorney General as provided by ORS 180.810."}

The district complies with state and federal law, including Oregon Revised Statute (ORS) 180.805 and ORS 181.826, and this policy and accompanying administrative regulations KNA-AR(1) – Interactions with Immigration Enforcement and KNA-AR(2) – Federal Immigration Enforcement Request Log when responding to requests from federal immigration authorities regarding immigration enforcement. [Absent a judicially authorized subpoena, warrant or court order, district staff must not allow federal immigration authorities access to the district's records or facilities not open to the public for the purposes of immigration enforcement and must verify the validity of any subpoena, warrant or court order involving immigration enforcement presented to them by federal immigration authorities to ensure it is judicially authorized. Examples of judicial and administrative warrants and subpoenas can be found in the Oregon Attorney General's Model Public School Policies.[1] The superintendent or designee must review and approve any response to a request involving immigration enforcement. The district will provide ongoing training to designated staff to ensure compliance with this policy.]

This policy will be made available in the student handbook and on the district's website[2]. [~~The district will ensure a copy of the Oregon Attorney General's Model Public School Policies[3] and this policy and accompanying administrative regulations are provided to staff.~~]

Interactions with Immigration Enforcement

The [Human Resource Director] is designated as the "immigration liaison."

1. Staff[, contractors and volunteers] shall adhere to all district policies when interacting with federal immigration authorities and the following administrative regulations:

    a. Unless expressly authorized by the superintendent or designee, or by the immigration liaison on behalf of the superintendent or designee, staff shall not:

        (1) Provide federal immigration authorities with records or information about students, staff, or volunteers;
        (2) Confirm whether a student, staff member, or volunteer is present or make the student, staff member, or volunteer available;
        (3) Allow access to non-public areas of the district's facilities or property;
        (4) Sign documents presented by federal immigration authorities; or
        (5) Give consent to any immigration enforcement action.

    b. Staff may not interfere with lawful immigration enforcement actions or physically obstruct federal immigration authorities in any manner. However, staff should immediately report to the immigration liaison if they observe any conduct or enforcement activities by federal immigration authorities that violate state or federal law, or district policies, or that otherwise present a security threat or potential danger to students, staff, volunteers, or visitors.
    c. Staff who receive a request related to immigration enforcement must immediately notify the immigration liaison. The immigration liaison is responsible for interacting with the federal immigration authorities until the matter is concluded or the federal immigration authorities have been referred to the superintendent or designee.
    d. The immigration liaison or alternate immigration liaison should meet the federal immigration authorities at the school door or other area designated by the superintendent or designee for this purpose.
    e. The immigration liaison shall provide federal immigration authorities with a copy of this policy and explain that school staff are required to follow these steps in this policy. The immigration liaison should inform the immigration authorities that school staff must contact the office of the superintendent or designee for guidance before providing access to school facilities, records, or other information.
    f. The immigration liaison should direct another staff member to contact the superintendent or designee while the immigration liaison remains with the federal immigration authorities.
    g. The immigration liaison must document the request from federal immigration authorities to the fullest extent possible under the circumstances. At a minimum, the documentation shall include the following information, if available:

        (1) The name, badge number, and agency of the law enforcement officer making the request;
        (2) The number of officers present;

PROPOSED

(3) Time, date, and location of the request;
(4) The nature of the request;
(5) The source of authority for the request, including whether the request is administratively or judicially authorized;
(6) Whether the request requires an immediate response;
(7) The identification of witnesses present; and
(8) How the encounter concluded.

h. The immigration liaison shall direct another staff member to transmit copies, photos, or other documentation provided by federal immigration authorities to the superintendent or designee, along with other information documented pursuant to this policy. The superintendent or designee must approve any response to a law enforcement request related to immigration enforcement as provided in Section 3 of this administrative regulation.

2. Determination of Validity of Judicial Warrant, Subpoena or Order

a. If presented with a warrant, subpoena or order by federal immigration authorities, the immigration liaison shall verify the validity of the warrant, subpoena or order by determining whether the warrant, subpoena or order is judicially authorized. An administrative warrant, subpoena, order or other legal process that has not been authorized by a judicial officer does not authorize the district to provide law enforcement with access to records or information, or facilities for purposes of immigration enforcement.

A judicially authorized warrant, subpoena or order contains the following key features:

(1) A caption, near the top of the document, identifying the court that issued the order (typically the federal district court for the District of Oregon);
(2) A signature block, near the end of the document, including the name of the person who signed the order, and identifying that individual as a judge, magistrate, clerk of court, or other person signing on behalf of a judge or magistrate, and the date of the signature; and
(3) An indication that the warrant, subpoena or order has not expired.

Examples of warrants and subpoenas are available in the Attorney General's model policies[1].

b. The immigration liaison shall notify the superintendent or designee of the warrant, subpoena or order and whether the warrant, subpoena or order appears on its face to be judicially authorized.
c. The immigration liaison should request a copy of the warrant, subpoena or order and transmit a copy of the warrant, subpoena or order for review by the superintendent or designee, or legal counsel.
d. The superintendent or designee shall make the final determination regarding the validity of any warrant, subpoena or order and whether, and to what extent, federal immigration will have access to district records or information, or facilities. If the superintendent or designee is uncertain as to the validity or scope of the warrant, subpoena or order, the superintendent or

[1] https://www.doj.state.or.us/wp-content/uploads/2026/06/Attorney-Generals-Model-Public-School-Policies-in-Compliance-with-SB-1538.pdf

designee should immediately consult legal counsel or a statewide or regional education organization.

3. Approval of Response by Superintendent

a. The immigration liaison shall notify the superintendent or designee of a request related to immigration enforcement prior to responding to the request. The superintendent or designee will only honor requests from immigration enforcement officers or other agencies enforcing federal immigration laws if the request is judicially authorized. If the superintendent or designee is uncertain as to the lawfulness or scope of the request, the superintendent or designee should immediately consult legal counsel or a statewide or regional education organization prior to approving a response.

b. If the superintendent or designee determines that a response is not authorized by a judicial subpoena issued as part of a court proceeding or by another compulsory court-issued legal process, such as a warrant, the superintendent or designee shall direct the immigration liaison to decline the request.

Upon direction of the superintendent or designee, the immigration liaison shall decline the request, refer the federal immigration enforcement authorities to the superintendent or designee, and request that they leave the premises.

The immigration liaison shall ensure that the information documented pursuant to this administrative regulation is submitted to the Oregon Criminal Justice Commission as provided in ORS 181A.826.

c. If the request is accompanied by a subpoena, warrant or order that appears on its face to be judicially authorized, the superintendent or designee must review and approve the immigration liaison of district's response to the request.

The superintendent or designee shall ensure that the district's response provides no greater access to records or information, or facilities, than that required by the subpoena, warrant or order.

d. If the request involves a warrant that appears to be valid and authorizes the arrest of a particular person, the superintendent shall direct the immigration liaison to request that the arrest be conducted in a manner that is the least disruptive to the school environment and to the person's wellbeing, which may include bringing the arrestee to the federal immigration authorities.

4. [School-Sponsored Events

If federal immigration authorities appear at a school-sponsored event open to the general public (e.g., field trip, athletic event, band event), staff should document their observations, notify the immigration liaison and follow any guidance provided by the immigration liaison. When alerted to the presence of federal immigration authorities at a school-sponsored event, the immigration liaison shall notify the superintendent or designee.]

5. [School Transportation/Buses

PROPOSED

If federal immigration authorities request to board a school bus or other vehicle transportation, the driver should ask them to wait outside the bus/vehicle, close the doors, and immediately call the immigration liaison and follow any guidance provided by the immigration liaison. The immigration liaison shall notify the superintendent or designee and coordinate an approved response as outlined in this policy.]

6. [Volunteers

The district will determine which volunteers need to receive training or materials regarding this administrative regulation.]

5. Superintendent Communication
Superintendent Bare provided the board with an update on the Summer Literacy Program. 74 students in 1st-5th grade were served. The program provided an abundance of opportunities for academic growth, enrichment, confidence, and relationship-building. Students participated in hands-on learning experiences, Thrive Umpqua's Bike and Walking Safety program, STEM projects, art, physical education, and literacy and math interventions designed to support continued learning throughout the summer months. Celebrations included reading growth at 78% overall and math growth at 69.4%. The students also had the opportunities to partake in special enrichment activities, such as a Guided Tour and Educational Presentation at the Wildlife Safari, a community partnership with The Friends of the Myrtle Creek Library, and an end-of-program Summer Splash Bash Water Day that brought students and staff together to recognize student growth and celebrate a successful summer of learning and engagement.

Superintendent Bare reported that Kindergarten jump-starts in the second week.

Superintendent Bare informed the board that transportation will conduct a comprehensive route analysis to determine whether there is a way to move elementary start times later without compromising an 8:30 or later start time for High School. We will have more information in time to make a determination about a possible change after the Winter break.

5.1. Charter School release discussion

Superintendent Bare discussed school board policy LBEA- Denial for Virtual Public Charter School Enrollment. The district currently has 68 students enrolled in virtual charter schools, and based on projected enrollment, we will exceed the 3% enrollment threshold required by the policy. It states if we have more than 3% of students enrolled, we have an option for students. Now that we have two really strong online options, Waypoint and the Intermountain Virtual Academy, we can start implementing the policy if we choose. The district would contact families who request a transfer to a virtual charter school and inform them of the options available to the district. The district could deny the request, check back in with families after 6 months, and, if they were not satisfied with the program, release them after that. Superintendent Bare asked for input from the board and for their thoughts.

5.2. Review Superintendent evaluation process

Superintendent Bare reminded the board about the timeline for the Superintendent. Superintendent Bare asked the board if they would like to have a 360 evaluation, which would provide additional evaluation from staff and the community. Superintendent Bare reported that it might be too late this year to start, but she would check with Tabitha Roberts. The board is ok with waiting until next year if it is too hard to get the information this year.

5.3. 2026.27 Superintendent goals

Superintendent Bare reviewed her goals for the 2026-2027 school year. Each goal is aligned to the Districts strategic plan.

Goal aligned to pillar 2 of the strategic plan: By June 2027, increase the percentage of teachers that report that during the academic year, my classroom has been visited by instructional coaches, peer leaders, and/or supervisors more than 5 times each semester from 25% to 40%.

Goal aligned to pillar 3 of the strategic plan : By June of 2027, the percentage of families who report that they receive important information and news about the school always or most of the time will increase from 73% to 80% on the IRRE survey.
