**I. Board Directive**

Given the diversity of the community it represents, the Board feels that defining which subjects are controversial and which ones are not is unproductive and perhaps even impossible. Therefore, the Board feels it is better to impose standards on ALL discussion rather than hold certain discussions to a separate standard. Consequently, the applicable contents of this policy have been moved to policy D200 Philosophy of Instruction, which governs all discussions held every day within the entire school district.

**SUBJECT: STUDENT CONDUCT, DRESS, AND APPEARANCE**

---

**I. Board Directive**

Jordan District schools are to provide a safe, positive, inclusive and healthy in-person or virtual educational environment where academic learning, personal development, and accomplishment can flourish. Part of the educational process is learning self-discipline and appropriate behavior. Therefore, it is the philosophy of the Jordan School District Board of Education to enforce all Utah laws related to conduct on school premises and school buses and to see that students are taught to preserve public property including all school facilities and equipment.

The Board also recognizes that dress and appearance seriously affect the behavior of students attending school or school sponsored activities and may also impact health, sanitation and safety conditions. Because experience has demonstrated that the learning atmosphere is improved when students both look and act appropriately, the Board hereby authorizes establishment of standards of student conduct, dress, and appearance. The Board delegates to the Administration responsibility to see that each school adheres to the conduct, dress, and appearance standards established in the provisions of this policy in a consistent manner. Further, all District and school staff members shall have a share of responsibility in seeing that these standards are implemented and enforced in classrooms, in school buildings, on school grounds, on school buses, at school activities, and other occasions as appropriate. With the approval of district administration and the School Community Council, schools may make minor changes and/or adaptations to the dress and appearance standards in order to address local needs. Schools should seek input from various stakeholder groups.

**II. Administrative Policy**

The Administration shall implement Board philosophy according to the following administrative policy provisions:

**A. Definitions**

1. "Conduct" means the act, manner, or process in which a person behaves on a particular occasion or in a particular context.
2. "Disruption" means any action, disturbance, problem, or reaction which materially or substantially interrupts an event, activity or process, or causes school personnel to lose the attention of the students, to modify or cease any instruction or school activity, or to deal with student confrontations or complaints.
3. "School" means any building, property, space, learning environment, sponsored activity or place (in-person or virtual/online) under the direct or indirect control or influence of the District.
4. "School sponsored activity" means (but not limited to) field trips, tours, performances, ceremonies, competitions, assemblies, events, clubs, camps, classes, games, dances, or travel that is produced, financed, arranged, supervised, or coordinated by school or district personnel.
5. "School personnel" means the same as defined in [DP300 - Personnel Philosophy](#) including authorized individuals engaged in a school sponsored activity or purpose by the school or district.
6. "School administration" means the school principal, assistant principal, or designee responsible for the daily functioning and overall operation of a school.

**A. Update on Board Appendix Guidelines for New Board Member Orientation**

Bryce Dunford, Board First Vice President, said changes to the appendix guidelines include allowing for a Board designee to do the orientation and instructions for resolving concerns regarding District issues. The following was also included: a history of Board actions, an invitation for the new Board member to attend each committee, a resources section, and an additional meeting with the new Board member after three months to address any further questions.

Board members agreed to hold further discussion and a vote in the business meeting.

**B. Building Inspection Report on West Jordan Elementary School**

Auxiliary Services Administrator Scott Thomas gave a review of the independent inspection report done by Calder Richards Structural Engineers on West Jordan Elementary School and this first-level report was given to the Board. Mr. Thomas gave a brief overview of report findings, noting it was consistent with evaluations done by the District. He said ground moisture had caused considerable deterioration to outer portions of the building and four options were recommended:

- 1) Repair damage to the perimeter, which would be costly
- 2) Tear off the pods and re-build and attach them to the central facility, noting it would be costly to bring the building up to seismic standards

- 3) Tear down and rebuild the entire building
- 4) Tear down the building and relocate the occupants.

Facility Services Director Dave Rostrom said any repairs would need to include a further seismic evaluation and seismic upgrades.

President Miller requested the report be posted on the District boundary website and asked for information about how much longer the building might be used. Mr. Thomas said Calder Richards was reluctant to give a timeline for the safety of the school, but the report summary said there was "significant deterioration" and recommended the damaged portion be "addressed as soon as possible." Mr. Rostrom added the engineers were most concerned about the modular portion of the building and if option one was chosen, foundation walls would need be installed which would be difficult and costly.

Board member Matt Young arrived at 4:22 p.m. and joined the meeting in progress.

Niki George pointed out the external report supported findings from District evaluations and she expressed gratitude for the expertise and guidance provided by Auxiliary Services staff.

President Miller asked about the safety of surrounding schools and Mr. Thomas said the Utah Department of Emergency Management state-wide report of seismic findings showed ten Jordan District schools that were under-reinforced. In order to do a more thorough assessment, however, a tier 2 analysis is needed which could be funded by a grant, for which they have applied. Mr. Rostrom estimated neighboring schools need structural improvements costing between \$200,000 to \$900,000 to bring them up to seismic code.

### **C. Boundary Survey Report**

Associate Superintendent Mike Anderson reported a boundary survey was sent on October 5, 2022 to 1717 households in the following elementary school communities: Oquirrh, Westland, West Jordan, and Majestic. The survey asked respondents to rate each of the following five boundary options:

- A) Westland and West Jordan Elementary School boundaries are merged
- B) Westland and West Jordan Elementary School boundaries are merged, with portion of Westland added to Oquirrh Elementary School
- C) Same as option B, but with the addition of the northern area above Majestic Elementary to that school (40 extra students)
- D) Same as option B, but with the addition of 73 more students to Majestic Elementary
- E) Same as option C, but ALPS remains at Westland Elementary

The survey was sent in both English and Spanish and there were 286 responses. Planning and Enrollment Consultant Scott Festin said although it was a low response rate, overall item E was most popular, likely because a large number of respondents were ALPS families.

Due to the strong response from ALPS families, Ms. George recommended adding an option F in which all areas north of 7000 South would move to Majestic or Oquirrh Elementary. With this option, ALPS would remain at Westland and enrollment would be split between Majestic, Oquirrh, and Westland Elementary Schools.

Administrator of Schools Lisa Robinson recommended that Special Education support classrooms be moved to Mountain Shadows Elementary School as it is the school with the largest capacity in the West Jordan area.

President Miller called for a motion regarding boundary options for the West Jordan area.

**MOTION:** It was moved by Tracy Miller and seconded by Jen Atwood to keep all options for West Jordan Elementary boundaries on the boundary website and for administration to send out a survey soliciting feedback on Option F. The motion passed with a unanimous vote.

Mr. Anderson agreed to keep all the options on the boundary website and begin a survey for feedback on Option F by the end of the week. Administration will bring back a report to the November 15, 2022 Board study session that includes survey responses by neighborhood.

**D. Next Steps for West Jordan Elementary School**

Niki George said the sub-committee felt constituents were still unclear on whether or not the Board is still considering a rebuild of West Jordan Elementary School.

Jen Atwood asked the Board to consider the following:

- After several months of information, can the Board commit to rebuild West Jordan Elementary School without a general obligation bond?
- Would the Board do a general obligation bond for West Jordan Elementary School only? If no, would the Board be ready to place a bond next November?
- Is it appropriate to commit to the West Jordan Elementary community to rebuild the school if it is not known if the general obligation bond is going to pass?
- If the bond doesn't pass, will the Board still rebuild West Jordan Elementary?

Ms. Atwood said she feels a re-build of the school is not an option if the Board cannot give a positive answer to a majority of these questions.

Ms. George added the following question: would the rebuild of West Jordan Elementary naturally lead to the closure of another West Jordan school? Ms. Atwood also asked if a rebuild was going to happen, what other school would be closed to justify the cost?

**MOTION:** It was moved by Niki George and seconded by Marilyn Richards to eliminate the option of an immediate rebuild of West Jordan Elementary School from the list of considerations at the November 29, 2022 Board Meeting. The motion passed with a unanimous vote.

It was decided that the sub-committee will bring back options for the future of the West Jordan Elementary property for discussion at an upcoming Board meeting. The Finance Committee will also bring a dollar amount on proposals for investing in other schools in the eastern West Jordan area.

**E. 2023-24 Permit Total Summary Discussion**

Caleb Olson, Planning and Enrollment consultant, said the permit window opens November 15, 2022. He presented a permit projection summary, noting the report doesn't include sixth graders or special education support classrooms, and the number of portables does not reflect those that are being used for storage or programs.

Mr. Olson said the state changed the permit window to an earlier date to allow Districts to be more accurate in enrollment projections. Mr. Dunford asked that Westland Elementary School be moved up to tier two or three on permit priorities. Mr. Olson also explained that reported enrollment numbers do not take into consideration potential boundary changes. He suggested updated permit numbers be given to the Board after the permit window closes.

**F. Lease Revenue Bond Report**

John Larsen, Business Administrator, said updated lease revenue bond information was provided to Board members. He asked for their input on whether or not to pursue a lease revenue bond to fund the new flex building and if so, which bond method: market or direct purchase. He shared a tentative

timeline should they decide to pursue the bond, and explained the need to take action soon if they want to release the bond at the beginning of the calendar year.

Mr. Larsen reported that currently the capital projects fund has \$65 million and a target threshold of \$27 million which provides cash for a construction project if they would prefer to utilize it. The Finance Committee discussed this previously and Mr. Larsen noted a lease revenue bond would free up cash for other purposes, but the higher interest rate market should be a consideration. He reported a positive outcome of a stress test determining there was capacity in the capital projects fund to pay for the lease revenue bond, noting there was ample room to move forward. He then introduced Johnathan Ward, senior vice president of Zions Public Finance and invited him to share more information about the two methods of sale.

Mr. Ward explained the difference between a market purchase, which is split up for multiple investors, and a direct purchase, which allows for greater pre-payment flexibility and has less up-front costs. He recommended a direct purchase for the lease revenue bond.

Due to time constraints, it was decided to continue the discussion regarding a possible lease revenue bond in study session at the conclusion of the general session.

At 6:26 p.m., the meeting adjourned. The general session started at 6:39 p.m.

Derrick Paul said he believes the consideration to close West Jordan Elementary School was based on money more than safety and low enrollment. President Miller presided and conducted. The Board of Education met in a study session to discuss the following:

**A. Lease Revenue Bond Authorizing and Delegating Resolution Review**

Business Administrator John Larsen reviewed the documents shared with Board members that would need to be formally approved in a general Board meeting in order to move forward with a lease revenue bond. He explained the process of approval and said the resolution of authority would need to be adopted by both the Board and the Local Building Authority. He welcomed Johnathan Ward from Zions Public Finance, who further explained bond parameters.

Mr. Ward said the bond resolution authorizes the Board to issue bonds within the parameters outlined by the delegating authority. Designated persons, such as the Board president, Board vice president and business administrator will finalize the terms and conditions of the bond with a maximum amount not to exceed \$45 million and term not to exceed 21 years. He explained that interest would not exceed 6% on a fixed rate, 15% on a variable rate, or 18% on a default basis or extreme variable rate. Most likely, the bonds would be a direct purchase with a term bond maturity rate, and would include prepayment features and re-finance options.

Mr. Ward said the resolution calls for a public hearing, which is currently scheduled for January 24, 2023. He discussed the timeline for adopting the resolution, public hearing, obtaining bids, and closing

the bond. Mr. Larsen invited anyone with further questions regarding the bond to reach out to administration before the November 29, 2022 Board meeting, where a vote will be taken on the resolution.

President Miller apologized for neglecting to mention the recent election. She welcomed Mr. Brian Barnett and Ms. Lisa Dean, Board Members-Elect, and invited them to participate in the meeting. First Vice President Bryce Dunford also recognized President Tracy Miller who won re-election.

**B. Discussion on Jordan Portrait of a Graduate Model and Ends Policy 400 Mission Statement**

President Miller noted the Board has elected to study *Redefining Student Success* by Ken Kay and Suzie Boss and a schedule for the book discussion was included on BoardDocs. She said the Board is working on revising Ends Policy 400 and developing a District version of Portrait of a Graduate. She invited Ms. Carolyn Gough, administrator of Teaching and Learning, to share insights.

Ms. Gough recounted earlier Board discussions, noting members expressed interest in moving forward with forming focus groups. She gave a tentative timeline and introduced the possibility of using an outside educational consulting group to develop a strategic plan, which could include Portrait of a Graduate.

Ms. Gough showed examples of other districts' strategic plans that explained their mission, vision, priorities, and strategies to accomplish their goals. She proposed the following two options and requested Board feedback:

- 1) Starting with Profile of a Graduate, then creating a strategic plan for three to five years
- 2) Starting with a strategic plan (priorities and strategies for three to five years), then adding Profile of a Graduate

Board members expressed interest in using an outside consulting company, in a limited capacity, to help build the strategic plan and to create a vision of what students need in the 21<sup>st</sup> century.

President Miller welcomed Ms. George, who arrived at 4:35 p.m., and Mr. Young, who arrived at 4:53 p.m., and joined the meeting in progress.

Brian Barnett, Board Member-Elect, asked how this differs from Ends policies already established. Ms. Miller clarified that Portrait of a Graduate goes deeper with Ends policies. Mr. Dunford added the importance of ensuring students have the skills and knowledge necessary to make them successful in the 21<sup>st</sup> century. Board members also expressed the need for feedback from parents and the community in developing the plan.

The Board agreed with administration developing a request for proposal (RFP) for education consulting vendors, including different levels of participation and price points and bringing this to the Board for approval before it goes out for bid.

**C. Comprehensive Guidance Report**

Stacey Worthen, secondary counselor consultant in Student Services, presented the annual report on the Comprehensive Guidance Program in Jordan District. Ms. Worthen shared statistics from quarter one of the 2022 school year, highlighting the student to counselor ratio, the number of student counseling sessions held, and the types of visits for each level. She said there were 8,768 elementary and 43,734 secondary school counseling visits so far this year, with a focus on school-based mental health and academic (for elementary students) and career advising (for secondary students).

Ms. Worthen described how counselors help with grief counseling and the supportive services provided for students and their families. She reported the counselor to student ratios as follows:

- Elementary School 1:2042
- Middle School 1:275
- High School 1:309

Ms. Worthen highlighted the increase of elementary school counselors, from four to fourteen in one year's time, and said her goal is to hire a total of 42 within the next two years. She announced that during the recent American School Counselor Association (ASCA) conference, Jordan District's Board and superintendent got a "shoutout" for doing what no other district in the nation has been able to do: attempting to staff every elementary school with a school counselor. She thanked the Board for funding and prioritizing this effort.

Although there is a statewide shortage of licensed counselors, Ms. Worthen pointed out that Jordan's reputation for a supportive school counseling culture is attractive to potential candidates. Working with local universities, she seeks highly qualified and recommended applicants. She listed extensive training opportunities, including BRISC (Brief Responsive Interventions for School Clinicians) and monthly staffing calls with Dr. Kristy Ludwig, Clinical Psychologist and adjunct BYU faculty member.

Board members thanked Ms. Worthen and the department for all their efforts and Mr. Dunford invited Ms. Worthen to document what has been learned, perhaps by devising new metrics, through their attempt to meet District counseling needs.

#### **D. Boundary Survey Report**

Associate Superintendent Mike Anderson reviewed steps that have been taken to inform stakeholders of possible boundary change options for the West Jordan area. He noted at the last Board meeting, another boundary option (F) was presented which the Board voted to include in an additional public survey. This survey closed on November 14, 2022 and received 265 responses.

Scott Festin, Planning and Enrollment consultant, discussed results of the latest survey, noting Option F was more popular with parents of ALPS students, but received negative responses from Majestic Elementary residents and non-ALPS families. Transportation needs and portables were discussed and it was mentioned that school permits would remain intact for the schools involved.

President Miller said the Board intends to vote on this at the November 29, 2022 Board meeting. Jen Atwood admonished parents of students who will attend a new school due to a boundary change to "give these schools a chance" and they will "love them."

#### **E. Discussion on Future of West Jordan Area Schools**

Marilyn Richards, Finance Committee Chair, said the committee met and discussed options if the decision was finalized to close West Jordan Elementary School. They discussed costs for demolition, ideas for making improvements to surrounding schools, and what could be done with the property. They recommended dedicating a portion of the summer projects funds over a series of years specifically to the West Jordan area.

The Finance Committee recommended setting aside funds for demolition and reclamation of the property. Ms. Richards said a Tier II seismic evaluation is needed for all schools on the State's list and may cost approximately \$500,000, assuming they are denied the State grant. The committee recommended using operational cost savings of the school closure to assist the three elementary schools receiving those students with transition expenses. The superintendent would designate where the one-time money might be best used for these three schools. After that first year, the savings could be re-distributed district-wide.

Mr. Young advocated avoiding the discussion of a dollar estimate for demolition and reclamation as this violates Board protocol. Board members agreed with this recommendation. They discussed all options in

depth and asked Mr. Larsen about the timing for seismic testing and the cost savings of closing a school. Mr. Larsen said seismic testing results would take about six to nine months and average operational cost for schools is \$1.5 million.

President Miller recommended a vote on the closure of West Jordan Elementary School at the November 29, 2022 Board meeting and said it could possibly include a motion for committing funds for demolition of the building. In addition, Ms. George and Ms. Atwood advocated making a commitment for improvements to schools in the West Jordan community. The Board discussed priorities for improvements and a motion was made.

**MOTION:** It was moved by Niki George and seconded by Bryce Dunford to authorize the Facilities Committee work with staff to create a list of recommended renovations for West Jordan High School and bring this back to the Board.

**AMENDED**

**MOTION:** It was moved by Darrell Robinson and seconded by Bryce Dunford to authorize the Facilities Committee to work with staff to develop a long-term plan (including projects to be done, the priority, and cost estimates) for improvements for schools in the east West Jordan area.

After further discussion, Matt Young called the question. All Board members were in favor of calling the question and they proceeded with a vote on the amended motion. The amended motion passed with a unanimous vote.

Board members decided against a timeline for renovation plans and Mr. Larsen recommended consulting building architects for recommendations in creating modern 21<sup>st</sup> century improvements to West Jordan area schools. He noted there would be a cost for this analysis.

**AMENDED**

**MOTION:** It was moved by Tracy Miller and seconded by Jen Atwood to authorize administration to begin working on a phased plan, including cost estimates, for renovating schools in the West Jordan Feeder System and bring this back to the Facilities Committee. The motion passed unanimously.

Mr. Barnett asked for examples of how transition funds would be used to assist schools receiving students from West Jordan Elementary School. It was mentioned funds could be used for additional staffing, equipment, and supplies to accommodate the extra students.

**F. *Review of Administrative Policy AA402 Advancement, Promotion, and Graduation of Students and AA419 Student Conduct and Dress***

Brad Sorensen, Administrator of Schools, presented a timeline of discussions on Policy AA402, explaining that in March 2022, House Bill 30 passed allowing for tribal regalia to be worn at graduation ceremonies. In May 2022, the Board approved a temporary exception to current policy to comply with this bill. Since that time, the Graduation Dress Committee was created; and principals and School Community Council and PTA members were consulted regarding proposed changes to Policy AA402.

Mr. Sorensen introduced two proposed changes to this policy:

- 1) Item D - allowing students to wear items of cultural and religious significance, while still allowing local school administration to implement policy if considered "disruptive"
- 2) Item I - redirecting people back to Policy AA419 and cleaning up specific language that is no longer needed

Niki George expressed gratitude for the way these changes have been addressed, without public broadcast or protests. She applauded the commitment of schools to follow through and make a permanent change. Board members agreed with voting on the proposed changes at the November 29, 2022 Board meeting.

**G. Review of Administrative Policy DP367 District Records Management**

Mike Anderson said there has been an increase in Government Records Access and Management Act GRAMA requests which requires a closer look at possible revisions to this policy. A draft version of proposed changes was shared with Board members with the following changes to 1) clarify the roles of those involved, 2) update the process to align with state and federal law, and 3) update and clarify the appeals process.

Caleb Olsen, consultant in Planning and Enrollment, said the proposed changes make the request process more uniform and allow the District to bill for time spent locating and providing the GRAMA documents if it exceeds 15 minutes. He gave examples of the types of items requested and explained the process for GRAMA requests requires a response within ten working days.

Dr. Godfrey mentioned the District does not intend to restrict access to documents, just bring clarity to the process and align with state law.

**H. Discussion of Potential Revisions to Administrative Policy D200 Philosophy of Instruction**

President Miller said the Executive Committee met again to discuss adding wording to Policy D200 about not degrading or undermining the parent/child relationship. After discussion, they decided the policy already addresses this need. The committee does not recommend any additional changes.

The Board agreed with adding this to the November 29, 2022 Board meeting agenda for a vote.

**I. Plan for New Board Member Orientation**

President Miller said an update to the appendix was passed in the November 1, 2022 Board meeting. In accordance with these changes, she scheduled the Executive Committee members to meet with new Board members on December 12, 2022. She asked other Board committee chairs to extend an invitation to their meetings to the new Board members and said the superintendent will be reaching out to schedule his portion of the training. In addition, USBA has an orientation on December 3, 2022 and new Board members will be registered by the superintendent's administrative assistant.

**J. Board and Superintendent Reports and Comments**

President Miller gave a reminder to Board members who are working on their USBE Master Board Award to complete it by the December 1, 2022 deadline. She mentioned two other conferences: the USBA conference on January 5 through 7, 2023 in Salt Lake and the NSBA conference on April 1 through 3 in Florida.

Superintendent Godfrey reported he enjoyed the Veterans Day celebrations at schools.

Ms. Miller announced the Jordan Education Foundation is taking donations and signing up volunteers for the annual Christmas for Kids event which will be held December 10, 2022. Those interested can sign up on the Jordan Education Foundation website.

**MOTION:** At 8:42 p.m., it was moved by Jen Atwood and seconded by Darrell Robinson to go into closed session. The motion passed with a unanimous vote.
