President George presided and conducted. The Board of Education met in a study session to discuss the following:

A. West Jordan City ZAP Tax Application

Facilities Advisory Committee Chair Brian Barnett said West Jordan City approached them with a proposal to build a recreation center with the hope of receiving financial and verbal support from Jordan District. Administrator of Auxiliary Services Scott Thomas explained that the District received a similar County request approximately ten years ago. He said the application process is funded by the Zoos, Arts, and Parks (ZAP) tax and the City would donate the land for a recreation center, which would include a community pool with an option for a competition (or lap) pool. They are requesting to partner with Jordan District for this project.

Mr. Thomas said currently the District has a contract with the County to use their recreation center pools, which means each high school has a pool for swim teams to use. He provided information about practices, cost of facility use, and distance to the following pools for each high school:

- Bingham* and Copper Hills High Schools - Kearns Oquirrh Park
 - Herriman and Mountain Ridge High Schools - JL Sorensen
 - Riverton High School - Draper
 - West Jordan High School - Gene Fullmer
- * It is anticipated Bingham will move to the South Jordan pool later this year when the facility is finished.

Mr. Thomas said the Kearns agreement contains a 20 year clause (with five years remaining), that requires the District to pay for facility upgrades, which could exceed \$2 million.

Board members discussed the proximity of the pools to high schools, operational costs, and cost of Jordan's contribution should Board members support the proposal. Although the agreement doesn't

mention cost, Mr. Thomas said the maximum contribution amount required of the District would be capped at \$2 million.

Brian Barnett asked if it is possible to begin a 20 year contract with West Jordan City at the end of the current 20-year Kearns facility agreement. Mr. Thomas said the pool would take a few years to complete, but this could be negotiated with West Jordan City. Mr. Larsen suggested this could be included in the letter of support to the City.

President George called for a motion regarding the ZAP Tax application.

MOTION: It was moved by Suzanne Wood and seconded by Darrell Robinson to approve submitting a letter of support for the ZAP Tax request to West Jordan City with a contingency that the 20 year term begin no sooner than 2029 and including a \$2 million contribution cap. The motion passed with a unanimous vote.

B. Review of Proposed Boundary Changes

Associate Superintendent Mike Anderson gave a timeline and overview of the boundary change process. He reported that official notices were sent to parents and stakeholders, boundaries were discussed at open houses and School Community Council meetings, a survey was sent out twice and feedback was collected, and there was opportunity for public comment at the October 28, 2025 meeting, the November 11th public hearing, and tonight's public meeting. He reviewed both the Midas Creek and Northwest Area boundary proposals, as well as permit options being proposed by the Board.

Board members discussed problems the boundary changes are trying to solve, namely: enrollment concerns and unifying students at an elementary school who are designated to attend one of three different secondary feeder schools.

Mr. Robinson said he wants to discuss the boundary process in more depth, with more consideration of Board member's priorities. Brian Barnett mentioned the Enrollment Considerations for Growth document that the Board and staff created with guidelines that may instigate boundary change proposals.

Board members discussed the length of guaranteed permits for students who want to remain in their current feeder school, the possibility of voting separately on each area in the Northwest boundary change proposal, and the positive and negative aspects of each boundary option.

C. Summer Projects 2026 Update

Scott Thomas, administrator of Auxiliary Services, shared an revised capital projects list with updated cost estimates. He said it is expected the projects will go out to bid in February or March 2026.

Dave Rostrom, director of Facility Services, explained the improvements included in the Daybreak project and Ms. Barrow said she considered that a priority, rather than including an alternate project at Elk Ridge Middle School.

MOTION: It was moved by Bryce Dunford and seconded by Suzanne Wood to move forward with all summer Capital projects as listed, with the exception of Elk Ridge Middle School auditorium upgrades.

Brian Barnett said he would like to move forward with all the items on the capital projects list.

Darrell Robinson said he prefers to table this agenda item to allow a further review by the Finance Committee.

Ms. Dean called the question and Board members all agreed to a vote. The motion passed with a vote of five to two. Mr. Robinson and Mr. Barnett cast the dissenting votes.

D. Field House Follow-Up

Due to time constraints, President George requested item D. *Field House Follow-Up*, be discussed in a continuing study session after the general session.

President George invited Mr. Larsen, business administrator, to read comments submitted to boardcomments@jordandistrict.org regarding the Midas Creek Area.

President George invited Mr. Larsen, business administrator, to read comments submitted to boardcomments@jordandistrict.org regarding the Northwest Area.

Chris Kuhlemeier, a band director at Copper Hills High School, opposes the Northwest Area boundary change as it will cause proximity challenges and recruiting issues for students in the band and other school programs.

Auditor Kyle Greene, of Squire & Company, met with the audit committee on November 7, 2025. He said audits were completed to review the following: financial statements, federal compliance, and state compliance, and Jordan's Special Education program was a focus this year. Mr. Greene said Squire expects to issue an unmodified or clean opinion on federal compliance for Jordan District; however, due to the recent government shutdown, the federal compliance report has not yet been issued.

Mr. Greene stated there were no issues of non-compliance on either the District's financial statements or state compliance, and the firm has issued an unmodified, or clean, opinion that statements given to the Board accurately reflect the business that has taken place this past year.

Ms. Dean and Ms. Wood expressed appreciation for the report, saying it boosted their confidence in Jordan's financial management.

Mr. Dunford highlighted the following pages of the ACFR with topics he considers informative:

- Page 125 – student attendance and enrollment
- Page 126 – history of high school graduates
- Page 127 – teacher to student ratios
- Page 128 – teacher compensation data with state averages

Things to consider when looking at 2024-25 data:

1

**Changing
Demographics and
Plateauing Enrollment**

2

**Declining
Attendance Rates**

Enrollment is plateauing and starting to trend down

Older grades are still increasing

From 2021-22 to 2025-26

Increasingly diverse population with increasingly diverse needs and strengths

Increasingly diverse population with increasingly diverse needs and strengths

Average daily attendance rates are declining slightly

Chronic absences are increasing slightly, especially among some high need student populations

Chronically Absent:
Enrolled 60+ instructional days and absent for 10% or more of those days

Newcomer absenteeism is increasing...

Assessment	Good Attender Proficiency Rate	Chronic Absentee Proficiency Rate	Achievement Gap
2025 RISE ELA (3-8)	48.5%	32.2%	-16.3%
2025 RISE Math (3-8)	49.4%	28.9%	-20.5%
2025 RISE Science (3-8)	57.5%	38.4%	-19.1%

Why is attendance something to consider?

In 2024-25, students who were chronically absent were 16-20% less proficient than their good attender peers.

Remember, with assessment results:

Lately, there has been much discussion around Utah's reading on grade level standard.

UTAH'S READING ON GRADE LEVEL STANDARD IS HIGH

Utah's Reading on Grade Level standard translates to 750 Lexile, which is about the 68th percentile for end-of-year in grade 3. Meaning that nationally, 68% of students would be expected to score lower than that and only 32% to score higher.

Utah law states that by the end of the 2026-27 school year, at least 70% of third graders must score at this level. So, 70% are expected to achieve a reading level only 32% achieve nationally.

Additional Data Using New Ends Policy Measurements from the Strategic Plan

High Quality Instruction

Ends Policy: Students will seek out academic challenges and engage with each other and their community in real-world activities and discussions, and teachers will be prepared to engage students as measured by proficiency and growth in Acadience Reading and Math, RISE, Utah Aspire Plus, ACT, and DLM.

Student Academic Achievement Impact Metrics

For the High Quality Instruction pillar, the Board has discussed the following assessments as measurement criteria for both proficiency and growth:

- Acadience Math (K-3)*
- Acadience Reading (K-6)
- RISE (3-8)
- Utah Aspire Plus (9-10)*
- ACT (11)
- DLM (3-11)*

* These assessments were not included in the previous Ends Policies.

About Acadience Math:

Acadience Math assesses early numeracy skills of K-3 students in a one-on-one setting as well as group-administered quizzes.

About the Utah Aspire Plus:

The Utah Aspire Plus is an ACT-like assessment administered to students in grades 9-10 regardless of the ELA, math and science courses in which they are enrolled. It provides both a proficiency score and a predicted ACT score.

NOTE: 2025-26 will be the last time UA+ is administered. Grades 9-10 summative testing will return to a course-based assessment like RISE.
