13. Consent Calendar Review and Questions

Consent Calendar Review and Questions

President Jennifer Partridge

Issue

The Board of Education is required to approve items in the consent agenda as part of their legal responsibility.

Background

At every board meeting, items come to the agenda that need little if any discussion or debate either because they are routine procedures or already have unanimous consent. A consent agenda (Roberts Rules of Order calls it a consent calendar) allows the board to approve all these items together without discussion or individual motions. Depending upon the organization, this can free up anywhere from a few minutes to a half hour for more substantial discussion on other critical agenda items.

The consent calendar of the Board of Education of Provo School District contains routine items and reports related to approval of minutes, appointment or termination of employees, decisions related to school choice, the monthly financial report including purchases over $50,000, and other reports requiring no formal Board action.

At times, Board members have questions related to the consent calendar. We encourage Board members to contact staff directly prior to the meeting to explore your questions. However, to facilitate the efficiency of the regular Board meeting, staff desires to provide time for consent agenda questions (if any) during the study session.

Staff recommends Board members fully understand the contents of the consent calendar and recommends its approval; however, no Board action is permitted in the Board study session.

Introduction

This Board of Education Handbook has been created to compile, in one place, the norms, guidelines and responsibilities of the Provo City School District Board of Education. This will serve as a tool to help new and current board members in their duties as members of the board.

District Strategic Plan

See the full strategic plan here.

Mission

Welcome, Educate, Inspire

Vision

The Provo City School District is a vibrant learning environment where all students become lifelong learners and engaged community members.

Core Values

- **Belonging**: Creating a welcoming and supportive environment where differences are valued and everyone feels respected and included.
- **Growth**: Striving for academic rigor, innovative teaching methods, and continuous improvement to foster student success and achievement.
- **Empowerment**: Providing tools, resources, and opportunities to build confidence, develop capacity, and achieve greatness.
- **Creativity**: Encouraging innovation, curiosity, imagination, and critical thinking.
- **Community**: Establishing strong partnerships between schools, families, and the broader community to enhance educational experiences and address needs of students effectively.

Priorities

Priority 1: Academic Achievement

- Goal 1: Increase the percentage of students achieving proficiency in core subjects (M/LA/S) by 15% within 5 academic years
- Goal 2: Increase the percentage of students who meet college & career readiness benchmarks (ACT+18, Graduation, Adv Courses) by 5% within 5 academic years

Priority 2: Wellness and Safety

- Goal 1: Increase the number of students and families who feel that our schools and district provide welcoming and supportive environments as measured by climate and stakeholder feedback surveys.
- Goal 2: Reduce the number of major offenses tied to bullying, harassment,

discrimination, school safety, and physical aggression to 4% or lower across all student groups by 2030.
- Goal 3: Decrease the number of students who are chronically absent.

Priority 3: Stewardship of Resources
- Goal 1: Increase the retention of high quality teachers between years 5 and 15 by 15% over 5 years
- Goal 2: Improve communication about decision-making, resource allocation, and facilities management by 15% over 5 years as measured by specific survey data.

Legal Status, Responsibilities, and Norms

Legal Status

The Utah State Legislature assigns to each locally elected board of education control of the public schools in its district. Therefore, the Provo City School District is a political subdivision of the state and derives its powers from the state constitution and acts of the legislature.

Responsibilities

The board has all powers assigned to it by law and regulation to meet its statutory responsibilities as defined in 53G-4-402. It may perform all of the following duties, as well as others legally prescribed and permitted:

- Keep confidential all issues discussed in executive sessions, including legal action, negotiations, personnel, real estate, and school security details. **(See Open Meetings Handbook provided by Utah School Boards Association)**
- Avoid conflicts of interest or the seeking of inappropriate advantage as a result of serving on the board. Policy 1630
- Refrain from promoting an individual agenda: rather, study issues and make decisions that are in the best interest of the district as a whole.
- Endeavor to be on time and attend all board meetings, having prepared ahead of time by carefully studying posted board documents. During board meetings listen to all information and viewpoints.
- Guard the public trust by spending district/school funds to benefit all children.
- Understand the distinctions between board and staff roles, and refrain from performing management functions that are the responsibility of the superintendent, business administrator, and staff.
- Understand that authority rests with the board as a whole and not with individuals.
- Participate in professional development and commit the time and effort necessary to be an informed and effective leader.

Norms

The Members of the Board of Education agree to abide by the following norms, both as they

govern the conduct of Board meetings and as they govern the actions of individual Board Members.

Board Members Will:

- Keep learning and achievement for all students as the primary focus.
- Be considerate of other board members by not dominating "air time" in the meetings and refraining from making combative or argumentative statements.
- Represent the board with dignity and integrity.
- Treat fellow board members with respect and consideration through civil discourse, and honesty, especially when there are disagreements.
- Respect, support, and uphold the final decisions made by the Board of Education as a body, even if in the minority. Maintain this respect when making appearances before external bodies and constituencies.
- Never give instructions or direct persons who report directly or indirectly to the superintendent, except for the business administrator.
- Attend all scheduled meetings.

Relationships and Protocols

Appointment of the Superintendent and Business Administrator

The board must appoint a district superintendent and business administrator, as directed by Utah Law. The board expects these appointed officers to work together, with district employees and members of the board, to promote student learning. The board further expects that the business administrator and superintendent will exemplify the highest standards of professional competence and ethical conduct. **See Policies 1500 and 1520.**

Board's Relationship with the Superintendent

The board expects the superintendent to discharge all of his or her statutory duties, to consult with the board about school operations and problems in timely, accurate, and appropriate ways, and to provide data to the board so that data-driven decisions can be made. The board delegates executive powers to the superintendent and relies on his or her expertise in matters of district administration and educational best practices. The board holds the superintendent responsible for administering its policies, executing board decisions, and achieving board goals. The superintendent is accountable to the board for his or her performance. The board will evaluate the superintendent each year, including but not limited to, criteria such as student achievement and meeting board goals. The board will refrain from evaluating either formally, or informally, staff other than the superintendent and business administrator. **See Policy 1515.**

Board's Relationship with the Business Administrator

The board expects the business administrator to discharge his or her statutory duties and to keep

accurate records of all district revenues and expenditures, all meetings of the board, and all legal and fiscal obligations of the board. The board relies on the business administrator for advice and expertise on financial matters affecting the operation of the schools. The board holds the business administrator responsible for ensuring the accuracy, integrity, and timely communication of such information to the board and superintendent. The business administrator is accountable to the board for his or her performance. The board will evaluate the business administrator each year. **See Policy 1535.**

Individual Board Member relationships with the Superintendent and the Business Administrator

While an open, collaborative, and warm relationship should be cultivated between board members and the superintendent and business administrator, no individual board member should attempt to direct the superintendent or business administrator. The entire board or a majority, working through the board president, is welcome to bring matters of concern to the superintendent or business administrator and expect some form of follow-up.

Board relationships with other board members

The board expects other board members to discharge his or her statutory duties and strive to function with a sense of unity and common purpose. The board expects other board members to discharge his or her statutory duties and strive to function with a sense of unity and common purpose. Board members are expected to treat each other with civility and respect regardless of disagreement or differing opinions.

Board members will understand, according to open meeting laws, when it is appropriate to have 4 or more members (defined as a "quorum") in group settings. Board members should be careful in emails and texts to share information but not discuss anything because discussions belong in the public when there are more than 3 board members.

Board relationships with the public

The public are valued partners with the district, schools, and teachers in the education of children. The board commits to communicating effectively with the public, recognizing that some items and topics have elements of confidentiality. Students, parents, and patrons will be dealt with courteously and with a demeanor of helpfulness, professional decorum, responsiveness, and an effort to resolve problems, as directed by policy 7510. As a general standard, the Board discourages anonymous communication. All parties involved in public communication are expected to behave in a civil, problem-solving manner.

When the full board receives an email, generally the board member who resides in the patron's area is responsible for the initial response, responding as an individual and not as the voice of the board. All board members are also welcome to respond, as an individual, once the initial response has been sent. However, it is also recommended to first evaluate if it would be more appropriate for the superintendent or other district leadership to respond to the email.

All Other District Staff

It is not appropriate for members of the Board to direct district staff. As noted above, the superintendent and business administrator report directly to the board. All other district employees have supervisors who are ultimately directed by the superintendent and/or the business administrator. The board shall, as a representation of four or more members of like mind, run their concerns regarding certain individuals or departments through the superintendent, who may ask the board for clarifications, and then proceed accordingly.

Election of Board Officers

The board must elect a president and vice president, known as "board leadership," whose terms of office are two years, and until successors are elected. **See Policies 1107 and 1108.**

Recent practice has been that the president and vice-president will come from opposite sides of the city, i.e. the President is from the east side of the city, and the vice president is from the west side (or vice versa). It would be uncommon for either leadership position to be held by a newly elected (first-time) board member.

Role of Board President and Vice President

The board president and vice president hold the same voting rights as other board members; however, they are entrusted with the following discretionary responsibilities, which they will manage together:

- Assume the role of running board meetings utilizing Robert's Rules of Order, including being among the first or last to speak to an issue, and calling upon other board members to speak.
- Manage the board's process by convening meetings, developing the board agenda with the superintendent, business administrator, and with board member input, and executing documents as appropriate.
- Lead the board through the agenda in an orderly, fair, and timely manner.
- Foster unity, harmony, and open communications within the board.
- Facilitate the orientation of new board members.
- Ensure fair "air time" is provided for each board member in discussions.
- Assist the superintendent in communicating important information to the full board and keep members apprised of information exchanged with the superintendent.
- Have regularly scheduled meetings with the superintendent to facilitate communication. **See Policy 1115.**

Agenda Development

The board president, board vice president, superintendent, and business administrator should develop board meeting agendas collaboratively. Any board member may request that a topic be

placed on an upcoming meeting agenda by contacting the board president or vice president. The current practice includes but is not limited to, adding requests to the Requested Agenda Item Tracking Sheet. In general, the scheduling of topics is at the discretion of board leadership, but if three or more board members join in requesting that a topic be placed on the agenda, that request will be accommodated at an appropriate time.

Requests for information

Requests made by board members for a significant amount of information are communicated to the superintendent by the board president and/or vice president so that staff workload can be monitored. Be aware of diminishing resources and time when requesting action or information from staff. Assess whether a majority of the board desires particular information from staff before making the request. When appropriate, the superintendent keeps board leadership informed of information requests from board members to staff.

Complaints from the community

When a board member receives an informal complaint, they should listen carefully. A single board member may respond to the patron only as an individual. The board member should direct the person to solve the problem by communicating with the individuals at the level (teacher, principal, district, etc.) where the problem originated before escalating to the next appropriate level. Formal complaints must be put in writing and signed by the complainant. These are heard by the superintendent or designee. Complainants from the community may appeal the Superintendent's decisions to the school board. Please see the organization chart for the hierarchy of the district, located on pages 18-19 at the end of this handbook.

Complaints from district employees

When a board member receives an informal complaint, they should listen carefully. A single board member may respond to the employee only as an individual. The board member should direct the person to solve the problem by communicating with the individuals at the level (teacher, principal, district, etc.) where the problem originated before escalating to the next appropriate level. Formal complaints must be handled according to district policy. See Policy 5285.

Individuals/Groups Seeking an Audience with the Board during public meetings

Such requests will be granted or denied by board leadership. Individuals and groups seeking to promote a business opportunity or a political point of view will usually be denied the opportunity for a formal presentation. However, such individuals/groups may speak to the board in the public comment portion of the scheduled business meetings. **See Policy 1430**

Professional Development

The board supports targeted, relevant professional development throughout the district, and

recognizes that such growth opportunities are essential for the improvement of both individual and institutional effectiveness. The board models this commitment toward professional development by attending school board specific professional development, such as Utah School Boards Association events, National School Boards Association events, and other enrichment activities agreed to by the board. Professional Development is easiest to support when it is aligned and consistent with the accomplishment of district goals and strategic plan.

Costs of attending professional development opportunities will be weighed against budgetary perspectives, location, time away from normal duties, and any number of additional concerns.

Board Meetings

A board meeting is a formal gathering where the board of education discusses and votes on important issues that affect the school and community. The board makes decisions on policy, budgets, curriculum, and other critical issues. The board ensures policies and procedures are followed and provides a forum for community members to give public input to the board. Board meetings are not public meetings, but are meetings held in public. All meetings are open to the public except when those matters as prescribed by law are discussed.

Other meetings attended within the school district, as a board member (PTA, Community Council, etc.), are opportunities for board members to listen, learn, and participate only when called on to do so.

Study Sessions

The purpose of study sessions is to discuss agenda items in depth prior to business meetings. Topics could include but are not limited to policy, facilities, planning of all types, budgeting priorities, etc. Study sessions are meetings held in public, but do not include public comment nor does the board enact votes for the purpose of establishing approved actions.

Each study session begins with a member of the board reading the following statement to help keep the board focused on the goals of the strategic plan:

> *The Provo City School District is a vibrant learning environment where all students become lifelong learners and engaged community members.*
> *We are committed to our mission to Welcome, Educate, & Inspire.*
> *Our work is guided by our CORE VALUES: Belonging, Growth, Empowerment, Creativity, and Community, while staying focused on our PRIORITIES of, Academic Achievement, Wellness & Safety, and Stewardship of Resources.*

Executive Sessions

Executive sessions are “closed” meetings for the board and may include the superintendent, business administrator, and others as needed depending on the purpose of the meeting. Closed

meetings are defined by state law and can only be held when discussing specific issues. See USBA Open Meeting Handbook. The content of executive sessions is expected to be confidential. No attendee should divulge the elements of the discussion, nor the sentiments expressed by any person in attendance. Upon convening an executive session, the following statement is read to remind board members of the serious nature and confidentiality required of executive sessions:

> *"Please remember that all information in this meeting is confidential and should not be discussed elsewhere. Failure to comply with the open meeting law may result in invalidating board action. In addition, any board member who knowingly or intentionally violates any of the closed meeting requirements, or who intentionally discloses records of a closed meeting with the knowledge that such disclosure is prohibited, can be found guilty of a class B misdemeanor."*

Business Meetings

Business Meetings are generally held the 2nd and 4th Tuesday of each month to conduct the business of the board. The format of the business meeting agenda usually includes:

Welcome and Roll Call

Pledge of Allegiance

Opening Remarks from a board member

Employee Recognition

Report(s) from a School or Department

Public Comment

Action on Business Items

Approval of Consent Calendar

Business Administrator Report

Student Board Members Report

Board Member Round Table

Superintendent Report

Adjournment

Robert's Rules of Order

To maintain order in Provo City School District Board of Education meetings we have adopted an informal use of Robert's Rules of Order.

Opening Remarks

An assigned board member will provide remarks to open the business meeting, lasting no longer than 2 minutes. Remarks can include a reflection, a prayer, or welcoming words related to education.

Board Member Round Table

Each board member can elect to provide a report on their specific committee assignments or recent activity in their official capacity. Reports should be no longer than 3 minutes in length. This is an opportunity to make a positive statement about board member duties.

Calendaring of Board Meetings

The listing of meetings for a given calendar year will be approved by the board in December or January, annually. Throughout the year, business meetings are generally held on the second and fourth Tuesday afternoon/evening of the month. The term "Board Meeting" could include an executive session, study session, and business meeting:

January
- Board Meeting, 2nd Tuesday evening
- Board Meeting 4th Tuesday evening

February
- Board Meeting, 2nd Tuesday evening
- Board Meeting 4th Tuesday evening

March
- Board Meeting, 2nd Tuesday evening
- Last Friday of the Month, All Day Meeting

April
- Board Meeting (custom placed depending on Spring Break)

May
- Board Meeting, 2nd Tuesday evening
- Board Meeting 4th Tuesday evening

June
- Board Meeting, 2nd Tuesday evening
- Board Meeting 4th Tuesday evening

July
- No meetings, usually

August
- Board Meeting, 2nd Tuesday evening
- Board Meeting 4th Tuesday evening

September
- Board Meeting, 2nd Tuesday evening
- Last Friday of the Month, All Day Meeting

October

Board Meeting, 2nd Tuesday evening
Board meeting 4th Tuesday evening

November

Board Meeting, might be 2nd or 3rd Tuesday depending on Election Canvas

December

Board Meeting 2nd Tuesday evening

Hearings

Hearings may be held from time to time. Some hearings are required as part of the Truth in Taxation process and the Bonding process. State laws have been established and must be followed for hearings related to Truth in Taxation and Bonding. (Please see Utah Code 59-2-919 for more information).

Other hearings may occur less formally as needed, as directed by the board.

Quorum

A "quorum" for a business meeting is defined as at least four (4) board members present.

Electronic Meetings

Policy 1420 permits board meetings via electronic communication.

All Day Meeting

All Day Meetings are usually held 2 times per year, once in late September or early October, and in mid-March to mid-April. The meeting may or may not be in addition to the established 2 meetings per month.

The September meeting can focus on the annual audit report and state assessment scores. The Winter-Spring meeting usually comes after the end of the legislative session, and most often focuses on budget development based on the latest information regarding likely state allocations for the coming year.

All Day Meetings can best be described as extended study sessions. They are public meetings and could have a media presence. Agendas are developed well in advance and may consume the better part of a full day, usually a Friday. Business meetings and executive sessions can be added to the meeting as needed.

Public Comment in Board Meetings

Policy 1430 governs the topic of public comment in board meetings.

USBA activities, events, and conferences

The Provo City School District Board of Education is a member of the Utah School Boards Association. USBA holds training and assorted events throughout the year. An annual conference

is also held in January at the Little America Hotel in SLC. This conference includes keynote speakers, business of the USBA (including the election of officers), business of the UHSAA (including the election of board member regional representatives), and several breakout sessions.

Board members and senior administrators are best served by having conversations about how information gleaned from a conference might be viable in the district.

NSBA

The National School Boards Association holds an annual conference somewhere in the nation each Spring. The board may choose to attend, depending on the location and/or cost of attending.

UHSAA

Provo City School District is a member of the Utah High Schools Activities Association. Generally speaking, the board and senior administration do not have much involvement with the UHSAA, with the high schools mainly being the direct points of contact with the association. There are times, however, when the board may need to contribute information on preferences to UHSAA that will supersede school-level contributions. For example, the UHSAA may request information from boards/superintendents regarding revised classifications or the adjustment of league memberships.

Items Requiring Board Approval or Votes

- Approval of policies
- Approval of purchases of $50,000 and above
- Student travel in the continental U.S. greater than 425 miles away per Policy 4006 and related procedures
- Resolutions regarding specific issues (i.e., Bonding, Truth in Taxation)
- Approval of employee group contracts
- Calendaring items
- All other board-level items brought forward by the superintendent

Items Requiring Superintendent Approval

- Approval of procedures
- Approval of purchases of $10,000 to $50,000
- Student travel in the continental U.S. less than 425 miles away per Policy 4006 and related Procedures
- All other management and personnel items under the purview of the superintendent

Items Requiring Business Administrator Approval

- Grants, generally
- Items $10,000-50,000
- Contracts

- MOUs

Graduation Ceremonies

Board members participate yearly in graduation ceremonies of Provo High School, Timpview High School, Independence High School, Provo Adult Education graduation, and Fall Graduation.

A designated board member will be assigned to speak. Speeches by board members should last no longer than 3-5 minutes. At the conclusion of the speech, the board member should accept the graduates on behalf of the Board of Education using the following language:

"Superintendent _____, and Principal _____, as a duly elected Board Member of Provo City School District, and by the authority vested in me by the Utah State Board of Education and the Utah State Legislature, I certify that the _____ High School, class of _____ have completed the requirements for graduation and should be awarded their high school diplomas. I now declare the Class of _____ is graduated and entitled to all of the honor and privileges their diplomas represent."

Attorney Services

The district retains the services of three legal firms:

- Fabian VanCott, Joan Andrews, Attorney (general counsel, special education, personnel, contracts)
- Seiler, Anderson, Fife & Marshall, Derek Marshall, Attorney (general counsel, student issues, Title IX, local real estate issues, contracts)
- Gilmore & Bell, Randall Larson, Attorney (bond counsel).

Generally speaking, contact with attorneys goes through the superintendent and/or the business administrator. Payment for attorney services is handled by the superintendent, business administrator, or other respective department in the district that needs the specific attorney services. If the board is considering termination (or discipline) of the business administrator or superintendent, the board president is authorized to contact the attorney on behalf of the board.

Compensation and Benefits for Board Members

The following items, in bullet form, outline the main Compensation and Benefits for Board Members in Provo City School District

- A monthly salary of $480.00 and an extra $120.00 for board leadership
- Benefits (Health, Dental, Vision) for self and immediate family members
- Stipend (monthly) for cell phone/internet

District Financial Summary

Budget Process (very summarized)

- Establish assumptions and parameters for the upcoming fiscal year (October through January)
- Establish district-wide goals for the upcoming year (October through January) • Determine department goals (December through January)
- Meet with departments and develop budget detail (February through April) • board budget presentation (May)
- Budget approval and adoption (June)

The board must adopt a budget before June 22. The superintendent must present the board the budget no later than June 1. The budget must be available for public inspection at least ten days before adoption. Notice of a budget hearing must be posted at least seven days before the budget hearing and adoption of the budget. Truth in taxation requires several additional public notices. Budget development begins with board goals and is developed with the aid of the executive council and their respective departments.

Property taxes

School districts can assess six different property tax levies.

Levy	**Maximum Rate**
Basic	Set by Legislature
Board Local	.002500
Voted Local	.002000
Capital Local	.003000
Judgment	Sufficient to repay
Debt	Sufficient to repay

- **Basic** - set by the legislature, proceeds go to the state to help fund the weighted pupil unit
- **Board Local** - requires board approval (truth in taxation applies)
- **Voted local** - requires vocal voter approval, district is at maximum voter approved level
- **Capital local -** requires board approval (truth in taxation applies)
- **Judgment** - sufficient to pay for a successful property tax appeal requiring repayment

- **Debt** - sufficient to repay, requires local voter approval

Certified Tax Rate and Truth in Taxation

Each year a school district board of education decides the property taxes they will levy. If the combined total rate of the board local, voted, and capital levies for the new budget year exceeds the prior year, the board must go through the truth in taxation process (a public hearing and notification) before it can adopt the budget. This vote would typically take place in August but must take place before Sept 1st. See Truth In Taxation requirements HERE.

RDAs (Redevelopment Act)

Redevelopment began in Utah in the mid-1960s with the Utah Community Development Act. Its original intent was to fund the revitalization of downtown areas of communities through Tax Increment Financing (TIF). Tax Increment Financing allows the tax dollars collected for a redevelopment project area that are in excess of a "base year" tax amount, to be paid to the redevelopment agency for purposes of "alteration, improvement, modernization, reconstruction, or rehabilitation...of existing structures in a project area" rather than the taxing entities. In other words, the district is not able to collect new taxes on the property improvements in an RDA area until the RDA expires. Originally an RDA area could be established without district approval. Several years ago the law was changed requiring district approval to establish an RDA area. Policy 1940 provides guidelines for the board for RDA agreements.

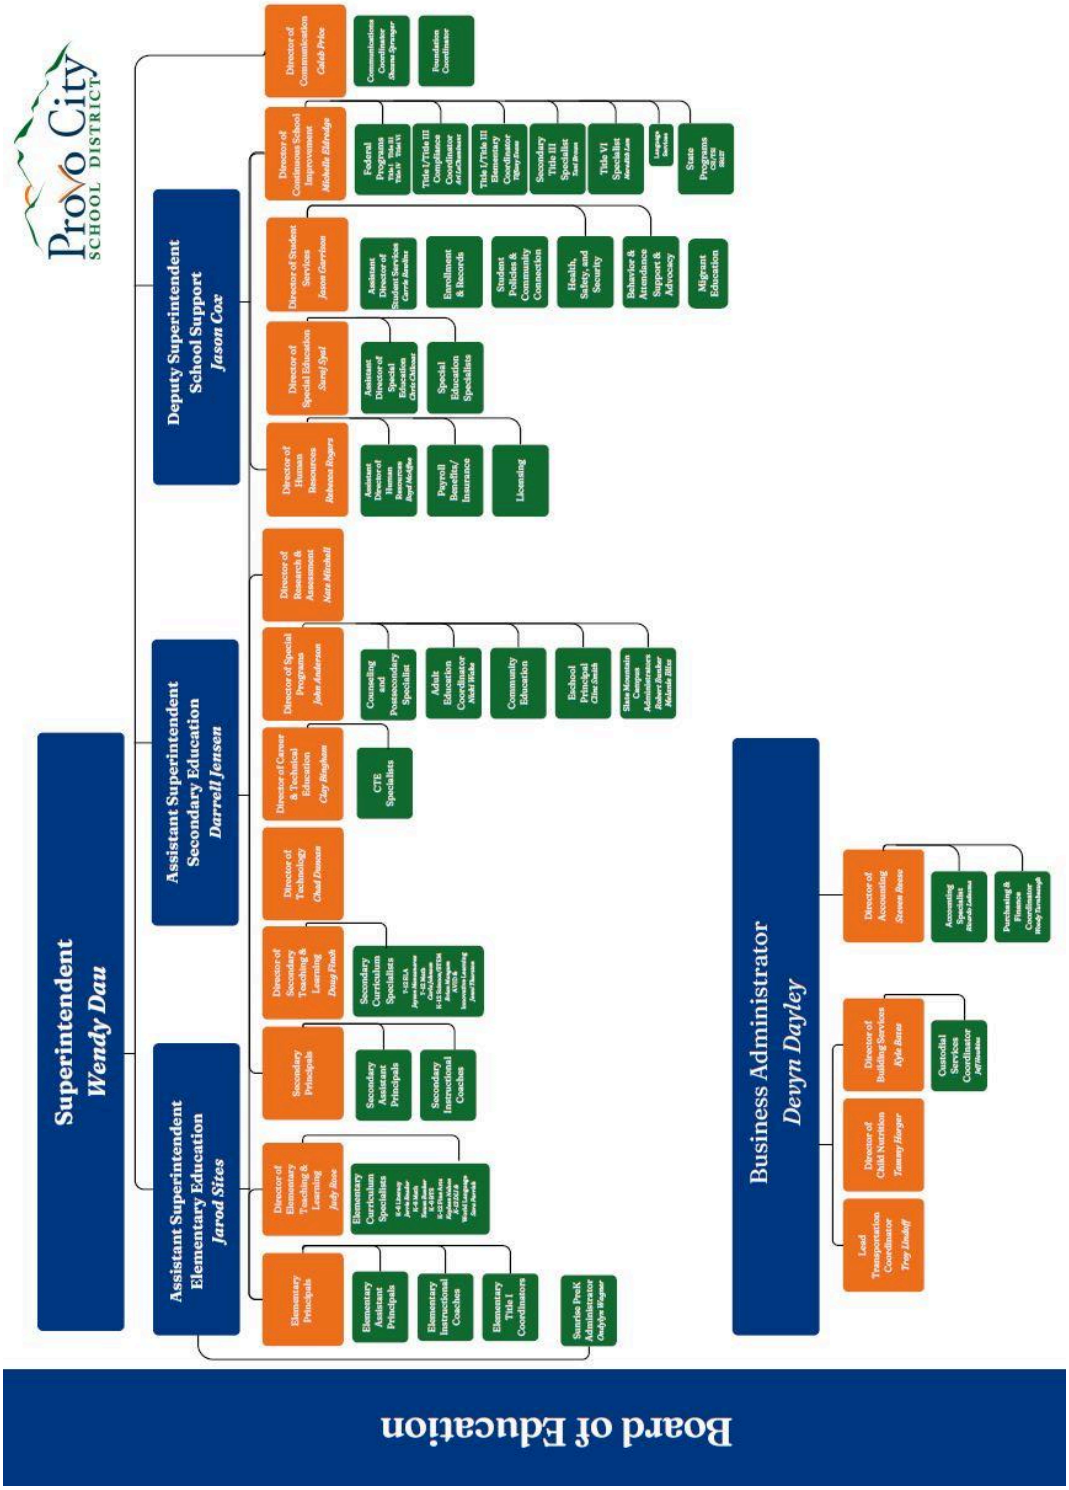

Bonding Authority

The Board of Education has the authority to authorize the sale of bonds on the open market for purposes of funding capital improvements. Utah State Code Titles 59 and 11 outline the legal process and requirements of bonding.

Good Things to Remember

- There are at least two sides to every story.
- Board members' words carry great weight; choose them carefully.
- Listening to only those who yell loudest does not serve students.
- Respect boundaries.
- Legislators are human too.
- Always ask, "Will it improve student learning?"
- You are only one vote. The board does the work. Once the decision is made, it is the will of the board and you move forward together.
- Come prepared for your meetings.
- Have a sense of humor.
- Don't take yourself too seriously, but remember your work as a board is important to all the children in your district.
- As a new board member, don't hesitate to ask lots of questions, because knowledge is power.
- Take advantage of training opportunities (USBA, NSBA, your own local board) as often as you can.
- Enjoy attending as many of the fun things (programs, plays, musicals, athletic events, etc.) that you have time for---seeing the kids will always remind you of why you are serving on your board.
- Tell your superintendent, district staff, teachers, school administrators, and all employees, "thank you", as often as you can.
- Visit the capitol during the legislative session, especially Fridays, as often as you can!

School LAND Trust Plan Amendment 2026-2027 - Edgemont School

The Amendment has been submitted by the School and is waiting LEA review.

Goal #1

close

Goal Statement

close

By the end of the school year 78% of students in grades K-6 will reach benchmark or above benchmark, 80% of students below or well below benchmark will make above or well above growth by EOY as measured on the Acadience Reading assessment. At least 65% of students in grades 3-6 will meet or exceed their projected growth targets on the NWEA Reading assessment.

Academic Area

- English/Language Arts

Measurements

close

Success toward this goal will be measured using two aligned and meaningful data sources. For grades K–6, Acadience Reading benchmark and progress monitoring data will be used to determine the percentage of students who are at or above benchmark and to track whether at least 80% of students who begin the year below or well below benchmark demonstrate above or well above typical growth by the end-of-year (EOY) assessment window. Data will be collected at BOY, MOY, and EOY,

with additional progress monitoring for targeted students every 2–4 weeks to ensure adequate growth. For grades 3–6, NWEA MAP Reading data will be used to measure the percentage of students who meet or exceed their projected growth targets, based on fall-to-spring RIT growth. These assessment tools provide reliable measures of both foundational reading skill development and overall reading achievement, allowing the school to monitor progress and make data-informed instructional adjustments throughout the year.

Action Plan Steps and Expenditures

close

1. Employ paraprofessionals to deliver targeted Tier 2 and Tier 3 reading interventions for students performing below benchmark. ($80,000)
2. Provide professional development and coaching in evidence-based literacy practices, data analysis, and intervention strategies.
3. Use instructional and intervention materials aligned to foundational reading skills, including phonics, fluency, and comprehension.
4. Fund teacher collaboration time for data analysis and instructional planning.

Success toward this goal will be measured using two primary, aligned data sources. For grades K–3, Acadience Math benchmark and progress monitoring data will be used to track the percentage of students who begin the year below or well below benchmark and demonstrate typical or above typical growth by the end-of-year (EOY) assessment window. Progress will be monitored at BOY, MOY, and EOY, with additional progress monitoring for targeted students every 2–4 weeks to ensure they are on track. For grades K–6, NWEA MAP Math data will be used to measure the percentage of students who meet or exceed their projected growth targets, comparing fall-to-spring RIT growth. These two assessment systems provide reliable, complementary measures of both foundational skill growth and overall math achievement, allowing the school to gauge progress toward the goal and make timely instructional adjustments throughout the year.

Action Plan Steps and Expenditures close

1. Employ paraprofessionals to provide targeted Tier 2 and Tier 3 small-group math interventions for K–3 students performing below or well below benchmark, increasing instructional time and support for foundational math skills. **($40,000)**
2. Provide professional development and instructional coaching for teachers focused on effective math instruction, use of Acadience Math and NWEA data,

and intervention strategies to support student growth.
3. Fund substitutes and teacher collaboration time to allow for data analysis, progress monitoring, and instructional planning aligned to Acadience Math and NWEA growth goals.

MTSS meeting update regarding new technology guidelines from USBE

- Elementary school - k-2 one cart of 42 per per grade. Leave 3-6 1to1 because of testing.
- Middle School - 1to1 in carts in advisory or similar class. Check out at beginning of the day and turn in to the same location after school. Can opt in to take home. Need extra cords for this. Maybe have families buy them from us. Students would be assigned the same Chromebook all year.
- High School - New Chromebook at 9th grade. Pay a fee each year. Have option to keep after senior year. What would that fee look like? Not all required to pay a fee but they would be responsible for repair fees. Insurance fee adjusted based on breakage.

Summary

The proposed changes will result in a reduction in the quantity of Chromebooks purchased annually by approximately 6%. The number of charging carts purchased annually will increase by 5 units. It is unknown how much the changes will affect the costs associated with damage and repair of equipment, however any changes are expected to be minor in relation to the overall budget of the program.

The data here is based on a snapshot of students, classes, and devices in September 2026. The actual equipment needs will depend on fluctuations in student population, changes to this plan, and needs to maintain sufficient stock to keep the program running without negatively impacting learning.

To ensure standardization across schools and compliance with District expectations it is recommended to establish the changes to distribution, fees, insurance, sales ,etc. of devices in District Policy and Procedures

Elementary Summary

Charging Carts - Reduces the need for carts from 248 to 205 in elementary schools.

Chromebooks in elementary schools will be reduced by about 784 units.

Likely Concerns to Consider - Elementary School

- A single cart of 42 devices per lower grade level may result in friction between teachers because the single lab of devices greatly exceed the number of students in a single classroom
    - Additional disruption to classes as teachers retrieve portions of the lab from another teacher’s classroom

    - A single charging cart which may not be in a teacher's classroom may result in issues of devices not having sufficient charge for use due to inconsistently returning to the charging cart.
    - Grade level teams may disassemble the lab and distribute a portion to each classroom, which may result in lost or damaged equipment
- Distribution of devices per student will be inconsistent across schools in lower grade levels.
    - The number of students per device will vary from school to school and grade level to grade level. The lowest being 0.96 students per device, with the highest being 1.99 students per device. This will likely cause additional strain between teachers and schools. The median would be 1.53 students per device.
- Maintaining a 1:1 environment in 3rd grade may not comply with the requirements of HB273 "prohibiting a required ratio of one electronic device to one student;" in reference to the framework for kindergarten to 3rd grade.
- This data does not account for needs of special education classrooms where students are not assigned to a standard K-6 classroom. Under the current model these classrooms all have carts and Chromebooks for the appropriate number of students to meet 1:1. This represents an additional 10 classrooms and 76 students at this time.
- What are the District's expectations should a school determine they are in need of additional equipment for a specific short-term need such as testing? Should additional spares be purchased and maintained to be lent out to the schools?
- Are schools permitted to purchase supplemental equipment to increase up to or beyond 1:1?

Middle School Summary

Under this model the number of Chromebooks will not change significantly

Approximately 90 carts will be required to supply one to each advisory/pack class based on powerschool data. Centennial will need 42 and Shoreline 48. Each charging cart will need extra chargers purchased and installed to facilitate enrollment fluctuations.

Advisory class size at Shoreline does not currently exceed 26 students per class. The largest pack class at Centennial has 42 students. Our standard charging cart fits 36 units. The larger, and more expensive charging cart, fits 45 units.

Likely Concerns to Consider - Middle School

- How will the school address students who arrive late to school and their device is in a different classroom than they need to go to?
- How will the school address students who need to leave early from school and ensure the device makes it back to the right location?

- How will the school address a student who does not have an advisory/pack class? (Powerschool indicates there are currently two at each school)
- How will the school address when a student takes a device that is not assigned to them? Leaving another student with no device.
    - When a device is damaged/lost under these circumstances who is at fault and pays for the damage? The student who took the device (assuming it is known which student did it), the student the device is assigned to, or the school for allowing a student to take a device not assigned to them?
- In the cases where enrollment in a class exceeds 36 students a larger charging cart will be required.
    - It is unknown how many carts of this size will be needed to meet this need as enrollment changes year to year, and mid-year.
- If enrollment in an advisory/pack class exceeds 45 students the classroom will need two charging carts.
- It is recommended any chargers used with Chromebooks be sourced through the district. Many parents tend to purchase the cheapest option possible which has the potential for damaging the equipment, breaking, or fire hazard.

High School Summary

No significant change in purchased quantities of equipment.

Likely Concerns to Consider - High School

- Please note any devices that are no longer associated with the District will need to be released from management. At that time the District will lose all control, access, or tracking of the equipment. This process is irreversible without manual re-enrollment and the purchase of additional licensing.
    - Additionally to fully disassociate the device it will need to be un-enrolled remotely and erased locally after un-enrollment is complete. Any locally saved data will be lost in this process.
- Allowing students to keep a device after leaving the school will result in additional complexity and new problems to address. Please note, most of the scenarios listed below will almost certainly happen multiple times a year and so would need a standardized response. Additionally as individuals learn of these issues, some may seek to take advantage of them. Finally, these scenarios are not mutually exclusive, and multiple scenarios may occur with a single device or student. There are certainly more scenarios we will see that I've not thought of.
    - A senior wishes to take their assigned device and it is released from management. However it is found after the fact that the device in the student's

possession is not their assigned device and is still enrolled. Is the second device un-enrolled, and the first just considered a loss?
    - A senior wishes to take their assigned device, however it is found the device in their possession is assigned to another student. The senior's device may be with the other student or may be somewhere else. The fees have been paid all four years. Does the student get a device? Do they get the other student's device that they have been using? Who is taking the time to track down who has which device?
    - A senior wishes to take their assigned device, however it is found the device that is currently assigned to them is newer and would not be normally disposed of. Does the student get the device? Are they given a different appropriate device? (Assuming one is available, what if one is not available?)
    - A senior takes their assigned device and returns to the school hours, or days later reporting the device is broken and demands a replacement. What action is taken?
    - A senior takes their assigned device and calls hours, or days later requesting technical support. What action is taken?
    - A junior is moving away and wishes to take their device, is that permitted?Are there additional costs?
    - Does the number of years a student pays fees affect any outcomes? Ex: Does a senior who moved into the district in November still get to keep their device in May?
    - A device is lost in a student's junior year. Later after graduation the student calls saying they found the device and wants it released as they are now graduated and should be allowed to keep the device.
- While great effort is made to ensure a student receives the same device each year this is not always possible. This is due to the nature of distribution and collection, schools implementing variation in processes, and students accidentally, or intentionally trading devices. A student being assigned different devices each year will result in further potential complexity when devices are given to seniors upon graduation.
- Employees are extremely busy at the end of the school year. This will likely result in further errors in releasing devices to seniors and potential associated costs.
- How will new changes in fees and/or insurance affect the current process for billing of damage and loss?
- If students are to keep their assigned device at the end of their senior year, would it be better to issue it in 9th grade and never collect them in the summers? This may cause additional challenges with filtering and addressing damage at the start of the school year, and loss due to students moving away.
    - Should the expectation be different for those students attending summer school that they keep their device over the summer.
    - Should turning the device in over the summer be considered optional.
- What conditions need to be met for a student to qualify to keep their device at the end of their senior year, and who in confirming those conditions are met? (fines/fees paid, books returned, etc)

FY27 Project Implementation

Charging Carts
District widen needs for charging carts will change from approximately 248 to 295. Approximately 30 units would need to be purchased this fiscal year to meet this need.

Chromebooks
The number of Chromebooks in elementary schools can be reduced by approximately 784 units. However, to maintain a healthy replacement cycle devices will need to be purchased. Approximately 1,100 units will be needed for 9th grade students and 1,000 units at Shoreline are due for replacement. Chromebooks in three elementary schools are also due for replacement. Accounting for the reduction in elementary needs and redistributing equipment, approximately 2,750 Chromebooks will need to be purchased in this fiscal year.

Estimated FY27 Costs
The most recent quotes have seen a significant increase in costs from previous years. At the current quoted prices it is estimated the cost for this fiscal year will be $1,354,982.50

2,750 Chromebooks @ $477.75 per unit - $1,313,812.50
20 36-bay Charging Carts @ 1,294 per unit - $25,880
10 45 bay Charging Carts @ 1,529 per unit - $15,290

Additional chargers and other miscellaneous items may be required. Historically chargers are $30 - $40 per unit.

Ongoing Annual Costs

At current numbers approximately 2,800 - 3100 Chromebook and 30 charging carts will need to be purchased annually. As well as periodic purchases of extra chargers and miscellaneous items.

10/7/26 Framework Revision

Change: Elementary K-2, each classroom has a stationary charging cabinet of 15 Chromebooks instead of one mobile cart of 42 devices in each grade level.

Elementary K-2

- 70 charging cabinets would need to be purchased.
    - The remaining K-2 classrooms would continue to use charging carts that would be phased out to charging cabinets over the next few years.
    - There will likely be pushback from some teachers at losing countertop space to place a charging cabinet

    - This would replace the purchase charging carts in the original version.
- 1,800 Chromebooks would be needed, up from 1,638 for K-2. Increase purchase requirements in FY27 by162 units.

Costs:
CDWG contract price of AC-Mini-16 charging cabinets at 1,128.97.

Estimated Cost increases

162 Chromebooks @ 477.75	$77,395.50
70 Charging Cabinets @ 1128.97	$79,027.90

The final estimate of costs for FY27 changes from $1,313,812.50 to $1,470,235.90

Public Education Hotline

Policy Series: 7000 Community

Policy No. 7010

DRAFT

Purpose

The Board of Education is committed to promoting integrity, accountability, transparency, and ethical conduct in district operations. The board establishes a confidential reporting process through a State Board of Education Hotline to provide employees, contractors, and members of the public with a means of reporting suspected improper governmental activities. This policy establishes the process for receiving, reviewing, investigating, and resolving hotline complaints while protecting individuals who report concerns in good faith.

Definitions:

Improper governmental activity means conduct involving waste or misuse of public funds, property, or manpower; violations of applicable laws, rules, or regulations; gross mismanagement; abuse of authority; or unethical conduct.

Establishment of the Public Education Hotline

The State Board of Education has established a hotline to provide an avenue for citizens, including district employees and contractors, to report alleged violations of law or State Board of Education regulations, including by members of the board of education.

The board shall maintain a link to the Public Education Reporting Hotline to receive reports of suspected improper governmental activities. This link can be found at the bottom of the home page of the Provo City School District's website and each school's website and is also linked here: Public Education Report a Concern Hotline.

Improper governmental activities include, but are not limited to:

- Waste or misuse of public funds, property, or manpower;
- Violations of applicable federal, state, or local laws, rules, or regulations;
- Gross mismanagement;

- Abuse of authority; and
- Unethical conduct.

The district shall make information regarding the hotline readily available through the district website and other appropriate communication methods.

Filing a Hotline Complaint

Complaints should be submitted in writing using the ~~District's~~ Public Education's Hotline Reporting Form whenever practicable. Hotline complaints go directly to the State Board of Education Internal Audit Department and may be referred back ~~These complaints are typically forwarded by the State Board of Education's Audit and Fraud Department~~ to Provo City School District's Board President, Board Vice-President, and Superintendent for investigation.

Complainants should provide sufficient information to permit an appropriate review, including:

- The identity of the person or persons involved;
- A description of the alleged improper governmental activity;
- The date, time, and location of the alleged conduct;
- The names of witnesses, if known; and
- Any documents or other evidence supporting the complaint.

Complaints may be submitted through:

- ~~The District's online hotline reporting system;~~
- ~~Email to the designated hotline email address;~~
- ~~United States Mail to the Board of Education's designated mailing address; or~~
- ~~Any other reporting method approved by the Board.~~
- The Public Education's Hotline
- Email to the board of education at boardofeducation@provo.edu.

~~The District may also provide a hotline telephone number for questions regarding the complaint process.~~

Review and Investigation

Upon receipt of a complaint, ~~the Board~~ board leadership shall work with the superintendent to appoint an investigator or otherwise designate an appropriate individual to conduct a preliminary review.

In determining whether an investigation should proceed, the board or its designee may consider:

- Whether the allegation concerns a person or activity within the board's authority;

DRAFT

- Whether the complaint alleges improper governmental activity;
- Whether the complainant has attempted to resolve the concern through normal administrative procedures when appropriate;
- The seriousness, timing, frequency, and continuing nature of the alleged conduct;
- Whether another governmental agency has jurisdiction over the matter; and
- Whether sufficient information exists to permit an effective investigation.

Following the preliminary review, the investigator shall report to the board regarding:

- The allegations presented;
- Facts supporting or refuting the allegations; and
- A recommendation regarding further action.

The board may:

- Close the complaint without further investigation;
- Authorize a formal investigation;
- Refer the matter to another governmental agency or appropriate authority; or
- Take any other action authorized by law.

If a board member is the subject of the complaint, that board member shall not participate in decisions regarding the complaint. If the complaint is about the superintendent, the superintendent shall not conduct the investigation or participate in decisions regarding the complaint.

When a formal investigation is authorized, the board shall establish the scope of the investigation and appropriate resources necessary to complete the investigation.

If the complainant's contact information is provided to or available to the district, the district must promptly contact the complainant and must document the district personnel that contacted the complainant, the type of contact made (such as phone or email), the date of the contact, and the results of the contact (resolution of the concern or action steps to be taken). The district must make at least two good-faith efforts to contact the complainant. If the district has been unable to contact the complainant after those efforts, the district will proceed to evaluate and respond to the complaint without input from the complainant.

The district shall timely respond to the Internal Audit Division regarding the complaint, as provided below. In addition, to the extent that the investigation discloses conduct which violates district policies or warrants disciplinary action under district policies, the applicable district processes shall be followed. If the district determines that the allegations in the complaint are issues that are the sole responsibility of the district or are allegations that are required to be evaluated according to district policy, the district may provide that response to the Internal Audit Division.

Generally, the district is required to respond to the Internal Audit Division within 45 days of receiving the referred complaint. However, if the complaint relates to prohibited discriminatory

DRAFT

practices, trainings, or submissions as described in Utah Code § 53G-2-103, § 53G-2-104, and § 53G-2-105, the district is required to respond within 14 days of receiving the referred complaint. A complaint is "resolved" when the district's investigation and evaluation has been completed (it does not mean or require that the findings are satisfactory to any specific individual, entity, or the district). If the complaint has not been resolved within the applicable time, the district will provide an initial response and will then update the Internal Audit Division every 30 days until the complaint is resolved.

Upon completion of the investigation, the investigator shall submit a written report to the board summarizing the investigation, findings, and conclusions. The board shall review the report and determine any appropriate corrective or administrative action. If the complainant did not submit the complaint anonymously, the complainant will be notified of pertinent information that is within the board's scope to share.

Referrals from the Utah State Board of Education

Complaints referred by the Internal Audit Department of the Utah State Board of Education shall be processed under this policy.

Within forty-five (45) days after receiving a referral from the Internal Audit Department, the district shall provide the required status update or summary to the Internal Audit Department.

Training

The president of the board of education shall ensure that members of the board of education and district administration are trained regarding the requirements of this policy as part of the on-boarding process. The training shall use the training and informational materials provided by the Internal Audit Division, available under "Trainings" at: https://www.schools.utah.gov/internalaudit/index#Public%20Education%20Hotline

Whistleblower Protection

The district prohibits retaliation against any employee who, in good faith, reports suspected governmental waste, abuse, fraud, violations of law, or other improper governmental activities as provided by law. A district employee is presumed to have communicated in good faith if the employee has given written notice or otherwise formally communicated the conduct to the board of education, a member of the board of education, the superintendent, or to a government official with authority to audit the district.

Nothing in this policy limits any protections or remedies available under the Utah Protection of Public Employees Act or other applicable law.

Use of Electric Assisted Bicycles, Electric Assisted Scooters, and Micromobility Vehicles ~~and Pedestrian Conveyances~~ on School Campuses

Policy Series 7000: Community

Policy No. 7270

Purpose:

The purpose of this policy is to regulate the use of electric assisted bicycles and scooters, other micromobility vehicles, and non-motorized modes of transportation ~~and micromobility vehicles~~ on school campuses in Provo City School District to ensure the safety and wellbeing of students, staff, and visitors.

Scope: This policy applies to all students, staff, and visitors who operate electric assisted bicycles and scooters, golf carts, and other micromobility vehicles ~~who operate micromobility vehicles and ppedestrian conveyances, including golf carts,~~ on school campuses.

Definitions:

- **Electric assisted bicycle (E-bicycle) Classifications:**
  - Class 1
    - Only provides motor assistance when you pedal (pedal assist)
    - The motor stops assisting at 20 mph
    - Does not have throttle
  - Class 2
    - Has a throttle
    - Can move without pedaling
    - If it has a throttle above 20 mph, it is either an e-motorcycle or high electric device
  - Class 3
    - Can go up to 28 mph with pedal assist
    - Can be “jail broken” to go even faster
    - Often too powerful for kids

DRAFT

- **Electric Motorcycle/High Power Electric Devices:** Go over 20 mph without pedaling and are treated as motor vehicles. They require riders to be 16+, have a driver's license, registration, and insurance.

- **Micromobility vehicles:** The U.S. Department of Transportation and Federal Highway Administration defines a micromobility vehicle as any small, low-speed, human- or electric-powered transportation device, including bicycles, scooters, electric-assist bicycles, electric scooters (e-scooters), and other small, lightweight, wheeled conveyances.

- **Pedestrian Conveyances:** any human-powered device by which a pedestrian may move other than by walking (i.e. roller skates, roller blades, skateboard, non-motorized wheelchairs)

~~**Policy Statement:**~~

~~1)~~ Authorized Use:

~~a) Micromobility vehicles and pedestrian conveyances may be used on a school campus by individuals who are:~~

~~i) students or staff members of the school.~~

~~ii) visitors who have obtained prior authorization from the school administration.~~

- E-bicycles and e-scooters and other micromobility vehicles may be used on school campuses by students, staff members, and visitors.

- Use of these devices is restricted to designated areas only and users must adhere to local traffic and safety laws.

- Principals of each school will determine where these devices ~~micromobility vehicles and pedestrian conveyances~~ may be used along with any restrictions that will result in greater safety for students and patrons on their school campuses.

- Under current Utah Law, children 8-14 must be accompanied by an adult to ride a class 1 or class 2 e-bicycles and e-scooters. Must be 16+ to ride a class 3 electric assisted bicycles, electric motorcycles, and high-powered electric devices.

- E-bicycle and e-scooter regulations starting in May 2027: Ages 8-15 need certification or supervision to ride, 16+ no certification required. E-course safety certificates will be required for riders ages 8-15 to ride without adult supervision. The e-course will be available online, and upon completion will grant a "personal electric vehicle safety certificate" allowing children ages 8-15 to ride any class of electric bicycle or scooter without supervision. DRAFT

~~2)~~ Safety Regulations:

- ~~a)~~ All users must adhere to traffic laws and regulations while operating e-bicycles and e-scooters, and other micromobility devices.

- ~~b)~~ School campus sidewalks experience high traffic volumes during class change times, lunch breaks, and before and after school. Pedestrians have the right of way on sidewalks at all times. Anyone riding a device on campus must yield to pedestrians.

- ~~c)~~ Protective gear, including helmets, must be worn at all times while riding. Under Utah law, anyone under 21 is required to wear a helmet while operating an e-bicycle or e-scooter on public roads.

- ~~d)~~ The speed limit for all e-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances on a school campus is 10 mph.

- ~~e)~~ E-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances must be operated in a responsible manner, avoiding reckless or dangerous behavior and demonstrating awareness of surroundings, particularly on sidewalks and in parking lots.

- ~~f)~~ Bicyclists have the same rights as motor vehicles but also must yield to pedestrians.

- ~~g)~~ All users should remove headphones, airpods, and earbuds and avoid cell phone distractions while riding on campus.

~~3)~~ Parking and Storage:

- a) Designated parking areas for e-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances may be provided on the school campus.

- b) Users must park and store their vehicles in the designated areas only. Parking in nondesignated areas is strictly prohibited.

~~4)~~ Prohibited Activities:

- ~~a) Riding~~ Operating e-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances indoors or in areas not designated for their use.

- ~~b)~~ Operating e-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances under the influence of alcohol or drugs.

- ~~c)~~ Allowing unauthorized individuals to use micromobility vehicles. Students may not drive golf carts on a school campus unless supervised by a campus employee.

DRAFT

~~5)~~ Enforcement:

- ~~a)~~ Report unsafe behavior on sidewalks and school campuses to the school administration.

- ~~b)~~ Violations of this policy may result in disciplinary action, which may include warnings, fines, confiscation of vehicles, or other appropriate measures deemed necessary by the school administration.

- ~~c)~~ Repeat violations may lead to more severe disciplinary action, including suspension or revocation of privileges to operate micromobility vehicles and pedestrian conveyances on the school campus.

Implementation:

- ~~1)~~ The school administration will be responsible for developing specific requirements and restrictions on their individual school campuses.

- ~~2)~~ Education and awareness programs may be conducted to inform the school community about the regulations and safety guidelines related to the use of micromobility vehicles and pedestrian conveyances on the school campus.

Review:

This policy shall be reviewed periodically to ensure its effectiveness and compliance with applicable laws and regulations. Amendments may be made as deemed necessary by the Board of Education. This policy shall be communicated to all students, staff, and visitors.

School Community Councils
Policy Series: 7000 Community

Policy No. 7050

Purposes of Community Councils

The purposes of school community councils are to involve parents or guardians of students in decision making at the school level, improve the quality of education of students, prudently expend School LAND Trust Program money, and increase public awareness of school trust lands and related land policies, management of the State School Fund, and educational excellence.

Definitions:

Digital citizenship means the norms of appropriate, responsible, and healthy behavior related to technology use, including digital literacy, ethics, etiquette, and security.

Formation of School Community Councils

The Provo City School District Board of Education recognizes that parental participation is an essential component in school decision-making. ~~The Board of Education directs each school to establish and maintain a school community council for the purpose outlined in Utah Code referenced below.~~ Unless the board of education has granted an exemption as set out below in Exemption from Council Requirement, each school within the district shall, in consultation with the Board, establish a school community council at the school building level.

In general, community councils are formed to serve specific functions, namely the planning, development and implementation of school improvement ~~and professional development~~ plans for the purpose of increasing student achievement. A school or district administrator may not prohibit or discourage a community council from discussing issues, or offering advice or recommendations, regarding the school and its programs, school district programs, the curriculum, or the community environment for students.

~~In addition, the councils serve to advise and make recommendations to school and district administrators regarding other school and district programs.~~ The board may ask school community councils for information to inform board decisions and may also ask school community councils to address local issues at the school community council level before bringing those issues to the board. Nothing in this policy is meant to supersede the intent of Utah Code 53G-7-1202 that authorizes School Community Councils.

The board shall report approval dates of required plans (listed below) to the State Board of Education.

~~**Role**~~

~~School Community Councils shall:~~

~~1. Develop a School LAND Trust Plan that must be focused at the school's most critical need to improve student achievement.~~

~~2. Assist in planning and implementation of staff development following district professional development guidelines.~~

~~3. Advise and make recommendations to the principal regarding School Improvement Plan, Safe Technology Use and Digital Citizenship, Positive Behavior Interventions and Supports (PBIS), and Behavior Plans, and other school programs.~~

~~4. Approve the School Improvement Plan prior to submission to the Board of Education.~~

Duties of School Community Councils

Each school community council shall advise and make recommendations to the school, school district administrators, and the local school board regarding the school and its programs, school district programs, and other issues relating to the community environment for students. School community councils shall report on a plan at least annually to the board and shall cooperate with State Board of Education monitoring and audits.

Councils ~~may~~ shall also advise and inform the board and other members of the school community regarding the uses of School LAND Trust Program funds. They shall also encourage participation on the council and may recruit potential applicants to apply for open council positions. Councils shall establish clear written procedures which govern removal from office of members who move away or who consistently do not attend meetings, as well as additional

clarifications to assist in the efficient operation of the council consistent with the law and with board rule.

Each school community council shall also:

1. Create a School LAND Trust plan for the school in accordance with § 53G-7-1206 and as set out below; and

2. Advise and make recommendations to school and district administrators and the school board regarding the school and its programs and the district and its programs.

3. Develop and maintain a Safe Routes to School plan at each Elementary and Middle School in accordance with § 53G-4-402.

4. Advise and make recommendations for safe technology use and digital citizenship, the school's positive behaviors plan, and other issues relating to the community environment for students.

Each school community shall also provide for education and awareness on safe technology use and digital citizenship that empowers students to make smart media and online choices and students' parents or guardians to know how to discuss safe technology use with their students. To fulfill these duties, a school community council may create a subcommittee and may also partner with one or more non-profit organizations.

To assist the community council in fulfilling these responsibilities, the district and school shall provide the community council with an annual report that outlines the processes and steps the administration implements to provide a safe school environment, including a responsible and safe online experience for students and which includes the data and information necessary to engage the school community council in an annual discussion to fulfill its responsibilities. In addition, the principal shall annually provide the council with a report which summarizes the current safety principles and practices used by the district and school regarding technology and digital citizenship, including (1) information on internet filtering protocols for school and District devices which access the internet, (2) instructional practices, monitoring, and reporting procedures, and (3) and required internet safety training provided to a student and parent by the school or the district.

Employee Leaves: Paid Time Off
Policy Series: 5000

Policy No. 5400 P7

Paid Time Off is a paid leave benefit offered to contracted employees. Requests for paid time off (PTO) will be submitted to the employee's supervisor. PTO will be paid in full for the approved days of absence. Employees are responsible for informing direct supervisors of their leave prior to the day leave will be taken except in case of illness or other emergencies. Employees requesting PTO on a High Impact Day will be required to seek approval from their direct supervisor and a Director of Human Resources. Paid time off, without prior approval from a Director of Human Resources, cannot be taken within thirty (30) days immediately preceding the last day of employment with Provo City School District.

a. Employee groups are granted the following PTO days according to their negotiated agreement for each year:
b. Contracted classified employees may take PTO for a maximum of eight (8) days each year.
c. Contracted licensed employees may take PTO for a maximum of ~~eight (8)~~ seven (7) days each year.
d. Grandfathered hourly employees may take up to ten (10) days of Hourly Paid Leave (HPL) each year. These 10 days may also be used for personal illness.
e. Administrators and Professional Technical employees may take PTO for a maximum of ten (10) days each year.
    i. Contracted employees who work less than 40 hours a week and are eligible for leave will receive a prorated amount of PTO based on hours worked.
    ii. Contracted employees who are hired mid-year and who are eligible for PTO will receive a prorated amount of PTO based on the percentage of contract days remaining at the time of hire.

High Impact Days

PTO may not be taken on the following days without the permission of the employee's supervisor and a Director of Human Resources:

1. The first or last five days of school
2. The week preceding and following fall break, Thanksgiving break, winter break and spring break
3. Graduation days for UVU or BYU unless it is the graduation of an immediate family member
4. Parent Teacher Conference
5. Professional Development Days
6. High Impact days as identified by building principals/supervisors announced within the first two weeks of the school year

Other Considerations

Provo City School District recognizes that extenuating circumstances may occur. Employees may appeal to their supervisor and to a Director of Human Resources for additional days of PTO to address extenuating circumstances.

Board Powers and Duties
Policy Series: 1000 Board of Education

Policy No. 1005

Purpose

The purpose of this policy is to define the powers, duties, and responsibilities of the Board of Education in governing Provo City School District in accordance with Utah law. It outlines the Board's authority over district policies, taxation, budgets, school facilities and closures, and the appointment of district leadership to promote effective governance, responsible stewardship of public resources, and student success.

Promote Education

The Board has the legal power and duty to do all things necessary for the maintenance, prosperity and success of the schools and for the promotion of education and to exercise all powers given by statute. The Board's legal powers and duties include the actions set forth in this policy, but are not necessarily limited to the listed powers and duties.

Govern

The Board of Education recognizes that under Utah law "it is the province of the Board of Education to determine what things are detrimental to the successful management, good order, and discipline of the schools and the rules required to produce successful management, good order, and discipline in the schools.

Adopt Rules

Adopt such policies, rules, regulations, and bylaws as the Board may deem proper for the operation of the Board and for the control and management of the District's schools.

Levy Taxes

Establish tax rates each year and submit the proposed rate to the county legislative body in which the District is located according to statutory procedures.

Annual Budget

Prepare, adopt, and file a budget for the next succeeding fiscal year with the county legislative body in which the District is located as required by statute.

Employ Personnel

Employ by contract a Superintendent and Business Administrator. Delegate to the superintendent the employment of principal(s), teacher(s), or other executive officer(s) and the setting of salary schedules therefore.

Close Schools and Change School Boundaries

Close schools or suspend operation of schools or change school attendance area boundaries as determined to be appropriate by the Board of Education after appropriate public notice and hearing as required by statute (See policy 1450).

Bequests

Receive bequests and donations or other monies or funds which are made for educational purposes.

Acquisition and Ownership of Property

Acquire and hold real and personal property in the name of the District, inclusive of all rights and titles, and lease and lease with an option to purchase property. The Board of Education has the direction and control of all school property in the district.

Eminent Domain

Exercise the right of eminent domain to acquire property.

Sue and Be Sued

Sue and be sued in the name of the District. The District shall defend, hold harmless and indemnify the Board from any and all demands, claims, suits, actions and legal proceedings brought against the Board in its official capacity as agent and employee of the District, provided the Board was acting within the scope of employment and excluding criminal litigation and such liability coverage is within authority of the District to provide under state law.

Impacts on Families

Consider before adopting a policy or taking other formal action, ~~the Board shall consider~~ the impact that the proposed policy or action may have on family and community health, stability, and formation.

Fulfill Other Statutory Duties and Exercise Other Statutory Powers

The Board also has the duty to comply with such other duties as are set forth in the laws and regulations of Utah and the United States, and also may exercise the powers and authorities established by such laws and regulations.

Early Literacy Support and Student Retention Policy
Kindergarten to 6th Grade
Policy Series: 4000 Curriculum, Instruction, Assessment
Policy No. TBD

Purpose

Provo City School District is committed to ensuring every student becomes a proficient reader by the end of third grade through early identification, evidence-based instruction, targeted intervention, and strong family partnerships.

The district will proactively identify students at risk for reading difficulties and provide timely support before retention is considered. Retention is a significant educational intervention and shall be used only after multiple layers of support have been implemented, monitored, and documented.

This policy and subsequent procedures establish a systematic process for early identification, Individual Reading Plans (IRPs), and retention decisions for students in Kindergarten through Grade 4.

Definitions

Individual Reading Plan: A written plan developed collaboratively by school personnel and a student's parent/guardian that identifies a student's specific literacy needs and outlines the evidence-based interventions, supports, progress-monitoring measures, and family partnership activities that will be implemented to help the student achieve grade-level reading proficiency. The plan shall be reviewed and revised after each benchmark assessment.

Retention: the decision for a student to remain in the same grade for an additional school year after careful consideration of the student's literacy achievement,

intervention history, and educational needs. Provo City School District prioritizes prevention over retention through early identification, timely intervention, and strong family partnerships to ensure students become proficient readers by the end of third grade. Retention is a rare and carefully considered educational intervention used only after multiple supports have been provided to give students additional time, instruction, and targeted support to build the foundational literacy skills needed for future success.

Benchmark assessment: a state and district-approved assessment administered at the beginning, middle, and end of the school year to measure students' literacy development and identify students who may need additional support. Benchmark reading assessments measure key literacy skills, including phonemic awareness, phonics, fluency, vocabulary, and reading comprehension, to determine whether a student is reading on grade level and progressing toward literacy goals.

Typical academic progress: a student demonstrates the expected amount of reading growth over time when compared to peers who began at a similar level of reading performance, as measured by Pathways of Progress on Acadience Reading Benchmark Assessment

Grade-level reading proficiency: A student's ability to demonstrate the foundational reading skills expected for their grade level, as measured by Acadience Reading benchmark assessments. Students who score At Benchmark or Above Benchmark are considered proficient and are on track to meet end-of-year reading expectations with effective core instruction.

Reading interventions: Targeted, evidence-based instructional supports provided in addition to core classroom instruction to help students develop specific reading skills and close identified learning gaps. Interventions are based on student data, focused on individual needs, and monitored regularly to evaluate progress.

Intensive reading interventions: A more frequent, explicit, and individualized level of support provided to students with significant reading difficulties or those who are substantially below grade-level expectations. Examples may include extended time (i.e. before or after school), smaller grouping, greater opportunities for response, more frequent progress monitoring.

Policy Structure

Section I: Early Identification and Parent/Guardian Partnership (K-3)
Section II: Individual Reading Plan (IRP)
Section III: Student Retention

SECTION I: Early Identification and Parent/Guardian Partnership (K-6)

The purpose of early identification is to recognize reading difficulties as soon as possible and provide immediate support. Schools shall use district-approved benchmark assessments to identify students needing additional support, notify parents/guardians, provide interventions, and monitor progress regularly. Schools will keep record of all benchmark parent notifications, IRP records, and progress monitoring reports in the student information system.

Kindergarten
Retention in Kindergarten may only be considered after extensive intervention and IRP team review.

Kindergarten Readiness Assessment
To support a successful transition to kindergarten and promote early literacy development, schools will administer a district-approved kindergarten readiness assessment to students prior to the beginning of kindergarten enrollment.

The assessment shall be offered early enough before the start of the school year to allow parents or guardians sufficient time to support the development of identified readiness skills before their child begins kindergarten.

After administration of the assessment, schools shall provide parents or guardians with:

1. Information regarding their child's performance and identified areas of strength and need;
2. Appropriate resource materials and strategies to support the development of kindergarten readiness and early literacy skills at home;
3. Information regarding available district and community supports and services; and
4. Information regarding the Individual Reading Plan (IRP) process and how early intervention and ongoing progress monitoring support student literacy development.

Assessment results shall be used to inform instructional planning and family support and shall not be used as the sole criterion for kindergarten enrollment, placement, or retention decisions.

Beginning of Year (BOY) Benchmark Assessment

Fall (October-November)
Schools shall conduct parent conferences for students who are below or well below benchmark.

Students scoring Below Benchmark or Well Below Benchmark at BOY shall:

- Receive immediate intervention support.
- Have parents notified within 45 days of the benchmark administration
- Participate in ongoing progress monitoring.
- Receive progress updates every 4-6 weeks.

Middle of Year (MOY) Benchmark Assessment
Winter (January-February)
Schools shall conduct parent conferences for students who remain below or well below benchmark.
Families shall receive written notification if students are at risk for possible retention.

Students scoring Below Benchmark or Well Below Benchmark at MOY shall:

- **Receive immediate intervention support.**
- **Have parents notified within 45 days of the benchmark administration**
- **Participate in ongoing progress monitoring.**
- **Receive progress updates every 4-6 weeks.**
- **Participate in an Individual Reading Plan (IRP).**

End of Year (EOY) Benchmark Assessment
Spring (March-April)
IRP teams (which include parent/guardian) shall review student progress and determine whether additional interventions or retention consideration are necessary.

Schools shall provide parents or guardians of students performing Below Benchmark or Well Below Benchmark with information regarding available summer learning opportunities and resources to support continued literacy development. Information may include district summer school programs, community resources, recommended reading activities, and strategies families can use at home to help students maintain and strengthen foundational reading skills.

Grades 1 & 2
Retention in 1st and 2nd grade may only be considered after extensive intervention and IRP team review.

Beginning of Year (BOY) Benchmark Assessment

Fall (October-November)

Schools shall conduct parent conferences for students who are below or well below benchmark. Students scoring Below Benchmark or Well Below Benchmark at BOY shall:

- Receive targeted literacy interventions.
- Participate in ongoing progress monitoring.
- Receive progress updates every 4-6 weeks.
- Continue participation or begin participating in an Individual Reading Plan (IRP) if already established in prior year

Middle of Year (MOY) Benchmark Assessment

Winter (January-February)

Schools shall conduct parent conferences for students who are below or well below benchmark. Students scoring Below Benchmark or Well Below Benchmark at MOY shall:

- Receive targeted literacy interventions.
- Participate in ongoing progress monitoring.
- Receive progress updates every 4-6 weeks.
- Continue participation or begin participating in an Individual Reading Plan (IRP) if already established in prior year

End of Year (EOY) Benchmark Assessment

Spring (March-April)

IRP teams (which include parent/guardian) shall review student progress and determine whether additional interventions or retention consideration are necessary.

Schools shall provide parents or guardians of students performing Below Benchmark or Well Below Benchmark with information regarding available summer learning opportunities and resources to support continued literacy development. Information may include district summer school programs, community resources, recommended reading activities, and strategies families can use at home to help students maintain and strengthen foundational reading skills.

Grade 3

Retention in 3rd grade may only be considered after extensive intervention and IRP team review. Beginning in 2030, students who are well below benchmark at EOY in 3rd grade shall be retained.

Beginning of Year (BOY) Benchmark Assessment

Fall (October-November)

Schools shall conduct parent conferences for students who are below or well below benchmark.Students scoring Below Benchmark or Well Below Benchmark at BOY shall:

- Receive targeted literacy interventions.
- Participate in ongoing progress monitoring.
- Receive progress updates every 4-6 weeks.
- Continue participation or begin participating in an Individual Reading Plan (IRP) if already established in prior year

Middle of Year (MOY) Benchmark Assessment

Winter (January-February)

Schools shall conduct parent conferences for students who are below or well below benchmark.Students scoring Below Benchmark or Well Below Benchmark at MOY shall:

- Receive targeted literacy interventions.
- Participate in ongoing progress monitoring.
- Receive progress updates every 4-6 weeks.
- Continue participation or begin participating in an Individual Reading Plan (IRP) if already established in prior year

End of Year (EOY) Benchmark Assessment

Spring (March-April)

IRP teams (which include parent/guardian) shall review student progress and determine whether retention is necessary. A third-grade student who is well below benchmark at the end of year shall be retained.

A third-grade student who does not meet the required end-of-year reading benchmark may be promoted to fourth grade if the student meets one of the good cause exemptions established in Utah Code and adopted by the Utah State Board of Education. Schools shall apply the exemptions as written in state law.

Good Cause Promotion Exemptions

1. The student scores below benchmark, but not well below benchmark, on the benchmark reading assessment and makes typical academic progress on the benchmark reading assessment;
2. The school provides intensive reading interventions during the summer between grade 3 and grade 4, and the student improves to at benchmark or above benchmark on a benchmark reading assessment that the school administers during the summer;

3. The student is an English learner with limited English proficiency and fewer than three years of instruction in an English language learner program;
4. The student has an IEP or Section 504 accommodation plan and if the student's IEP or Section 504 accommodation plan indicates that participation in the benchmark reading assessment is not appropriate, if the student has received intensive reading interventions for two or more years, or if the student has been retained in any of kindergarten or grades 1 through 3;
5. The student demonstrates an acceptable level of reading proficiency on an alternative standardized assessment that the LEA superintendent approves or by making above typical academic progress for multiple years on the benchmark reading assessment;
6. The student demonstrates through a student portfolio that the student is performing at an equivalent standard of proficiency based on other measures that the individualized reading plan determines;
7. The student still demonstrates a reading deficiency after receiving intensive reading interventions for two or more years and after having been retained in any of kindergarten or grades 1 through 3; or
8. The student moved to a school for or during grade 3 and had not previously received an individualized reading plan or received intensive reading interventions previously**.**

Schools shall provide parents or guardians of students performing Below Benchmark or Well Below Benchmark with information regarding available summer learning opportunities and resources to support continued literacy development. Information may include district summer school programs, community resources, recommended reading activities, and strategies families can use at home to help students maintain and strengthen foundational reading skills.

Grade 4th, 5th, 6th
Retention in 4th-6th grade is not recommended.
An IRP remains in place until a student meets benchmark or above benchmark while in elementary school

Beginning of Year (BOY) Benchmark Assessment
Fall (October-November)
Schools shall conduct parent conferences for students who are below or well below benchmark.Students scoring Below Benchmark or Well Below Benchmark at BOY shall:

- Receive targeted literacy interventions.
- Participate in ongoing progress monitoring.
- Receive progress updates every 4-6 weeks.

- Continue participation in an Individual Reading Plan (IRP) if already established in prior year

Middle of Year (MOY) Benchmark Assessment

Winter (January-February)

Schools shall conduct parent conferences for students who are below or well below benchmark.Students scoring Below Benchmark or Well Below Benchmark at MOY shall:

- Receive targeted literacy interventions.
- Participate in ongoing progress monitoring.
- Receive progress updates every 4-6 weeks.
- Continue participation in an Individual Reading Plan (IRP) if already established in prior year

End of Year (EOY) Benchmark Assessment

Spring (March-April)

IRP teams (which includes parent/guardian) shall provide parents or guardians of students performing Below Benchmark or Well Below Benchmark with information regarding available summer learning opportunities and resources to support continued literacy development. Information may include district summer school programs, community resources, recommended reading activities, and strategies families can use at home to help students maintain and strengthen foundational reading skills.

SECTION II: Individual Reading Plan (IRP)

The purpose of the IRP is to create a structured plan that identifies student needs, outlines interventions, and establishes shared accountability among school staff, families, and students. The IRP is created by a team of individuals with interest in student success and expertise in literacy.

IRP team members shall include classroom teacher, Local Education Agency (LEA) Representative with foundational knowledge in Science of Reading and district supported resources, parent, student (by parent requests), other teachers as appropriate (i.e. Special Education Teacher, Speech and Language Pathologist). If a student is being recommended for retention, the school team shall include the building principal.

IRP Eligibility

An IRP shall be developed for:

- Kindergarten students scoring Well Below Benchmark at MOY.

- Grade 1 students scoring Below Benchmark or Well Below Benchmark at BOY or MOY.
- Grade 2 students scoring Below Benchmark or Well Below Benchmark at BOY or MOY.
- Grade 3 students scoring Below Benchmark or Well Below Benchmark at any benchmark assessment.
- Any student in grades 4, 5 or 6 demonstrating significant reading deficiencies through multiple data sources.

Timeline
An IRP shall be developed within 45 school days of benchmark testing. Schools will keep record of all benchmark parent notifications, IRP records, and progress monitoring reports in the student information system.

Required Components

The IRP shall identify:

- Assessment results
- Specific literacy needs
- Literacy Goals for - Foundational reading skills, Fluency, Accuracy, and/or Reading comprehension
- Intervention Plan including:
  - Evidence-based instructional strategies
  - Frequency and duration of interventions
  - Personnel responsible for implementation
  - Progress-monitoring schedule

Family Partnership
Schools shall partner with families by providing:

- Home reading activities
- Progress updates
- Opportunities for collaboration

Progress Monitoring
Student progress shall be monitored every 4-6 weeks. The school team shall review student progress and adjust interventions as needed.

SECTION III: Student Retention Procedures

Retention is considered a significant intervention and shall be used only after documented evidence demonstrates that intensive supports have not produced adequate progress.

Retention shall never be based on a single assessment score and shall never come as a surprise to families. Schools will keep record of all benchmark parent notifications, IRP records, and progress monitoring reports in the student information system. Students may only be retained one time during their elementary school experience.

Step 1: Early Notification
Students demonstrating significant reading deficiencies shall be identified early and parents shall be notified.
Notification shall include:

- Student reading performance
- Areas of concern
- Interventions being provided
- Available supports

Step 2: Retention Watch List
Schools shall establish a retention watch list for students demonstrating persistent reading deficiencies.
Students may be placed on the watch list beginning:

- Kindergarten: MOY or EOY
- Grade 1: BOY or MOY or EOY
- Grade 2: BOY or MOY or EOY
- Grade 3: BOY or MOY or EOY

Placement on the watch list does not indicate retention will occur but signals a need for intensified support.
A student should be placed on the watchlist for the following reasons:

1. Student is below benchmark and not making at least typical progress
2. Student is well below benchmark and is not making above or well above typical progress

Step 3: Required Documentation Prior to Retention Consideration
Before retention may be considered, schools shall document:

- Benchmark assessment results
- Diagnostic assessment results, when applicable
- Progress-monitoring data
- Intervention history
- Individual Reading Plan implementation

- Parent communication
- Attendance patterns
- Student growth trends

Step 4: Retention Review Team
Schools shall convene a Retention Review Team before any retention recommendation is made.
The team shall include:

- Principal (chair)
- Classroom teacher
- Reading interventionist (i.e. Title I Coordinator or Instructional Coach)
- Parent or guardian
- Additional support personnel, as needed

The team shall review all available information and determine whether retention is an appropriate intervention, considering typical or better progress of students in reading skills.

Step 5: Retention Decision Factors
The team shall consider:
Academic Data

- Benchmark assessments
- Diagnostic assessments
- Progress-monitoring data
- Classroom performance

Intervention Data

- Frequency and duration of interventions
- Student response to intervention
- Fidelity of implementation

Student Factors

- Attendance
- Social-emotional development
- Developmental readiness
- Language acquisition needs
- Special education considerations

Family Input
Parents shall be active participants throughout the decision-making process.

Step 6: Parent Notification and Appeal
Schools shall provide written notification prior to any final retention decision.

The notice shall include:

- Reason retention is being recommended
- Data reviewed
- Interventions provided
- Available supports
- Appeal procedures

Parents may appeal a retention recommendation in writing to the principal within 10 school days.
Appeals shall be reviewed by a district-level team.

Step 7: Support Following Retention

Students retained shall receive an individualized Reading Success Plan that includes:

- Regular evidence-based literacy intervention (3-5 days a week)
- Monthly progress monitoring
- Family communication every 4-6 weeks
- Student goal setting
- Celebration of growth and progress

Retention alone is not an intervention. Students retained shall receive additional instructional supports beyond repeating the same instructional experience.

Step 6: Parent Appeal Procedure

Parents/guardians have the right to appeal a school recommendation to retain a student. The purpose of the appeal process is to ensure all available information has been considered and that retention decisions are made in the best educational interest of the student.

Timeline

Parents/guardians must submit a written appeal within 10 school days of receiving the school's written retention recommendation.

Appeals shall be submitted to the school principal.
The written appeal shall include:

- Student name and grade level
- Reason(s) for the appeal
- Any additional information or supporting documentation the family would like considered

Examples of supporting documentation may include:

- Outside evaluations
- Medical information
- Attendance circumstances
- Evidence of progress outside of school

- Other relevant information

District Retention Appeal Committee
Upon receiving an appeal, the principal shall forward all documentation to the District Retention Appeal Committee. The committee shall convene within 10 school days of receiving the appeal.

The committee may include:
- Assistant Superintendent of Elementary Education (or designee)
- Director of Continuous School Improvement (or designee)
- School principal
- Literacy specialist or instructional coach
- Additional district personnel, as appropriate

The student's classroom teacher may be consulted but shall not serve as the sole decision-maker.

Information Reviewed During the Appeal
The committee shall review all available information, including:
Student Performance Data
- Benchmark assessment results
- Diagnostic assessment results
- Progress-monitoring data
- Classroom performance

Intervention Data
- Individual Reading Plan (IRP)
- Intervention frequency, duration, and fidelity
- Student response to intervention

Student Factors
- Attendance
- Social-emotional development
- Developmental readiness
- English language acquisition needs
- Special education eligibility or services

Family Information
- Parent concerns
- Additional documentation submitted by the family
- Extenuating circumstances

Appeal Meeting
Parents/guardians shall be offered an opportunity to participate in an appeal meeting, either in person or virtually.
The meeting shall:
- Review the student's data and interventions.
- Provide parents an opportunity to share additional information.
- Discuss available support options.

- Determine whether retention remains the most appropriate educational decision.

Final Decision

Within five school days following the appeal meeting, the District Retention Appeal Committee shall provide written notification of its decision.

The decision shall include:

- The final determination
- The rationale for the decision
- Recommended supports for the upcoming school year

The decision of the District Retention Appeal Committee shall be final. Retention decisions shall prioritize student success, rely on multiple sources of evidence, and include meaningful family participation throughout the process.

Electronic Submission of Information
Policy Series: 7000 Community

Policy No. 7030

DRAFT

Purpose

The purpose of this policy is to promote accessible and efficient interactions with Provo City School District by providing electronic options for individuals to submit requests, forms, records, and other information without appearing in person or providing physical copies, consistent with applicable law.

Policy

Beginning July 1, 2027, and with the exceptions set out below, when the district requires or requests a person to submit a form, a record, or information, the District will, instead of requiring the person to appear in person or otherwise provide a physical copy of the form, record, or information, provide an electronic means of submission. Electronic means may include:

1. electronically completing and electronically signing the form;
2. downloading the form, completing and physically or electronically signing the form, and submitting a copy of the completed and signed form electronically, by email or other electronic means;
3. entering the information online;
4. uploading the completed and signed form, the record, or the information; or
5. sending the record or information by email or other electronic means.

This requirement does not apply if prohibited by an express provision of law or to the extent that the law requires the person to fill out the form in person or to submit the form, record, or information in person. It also does not apply if the person is incarcerated or if the person is required to submit a fingerprint with the form, record, or information for the purpose of conducting a criminal background check.

Non-Discrimination and Harassment ~~and Retaliation~~
Policy Series: 3000 Students

Policy No. 3020

Purpose: ~~Overview:~~

In Provo City School District's Strategic Plan, Priority Two emphasizes the need for Wellness and Safety. All students and employees need to feel safe to learn and work at their greatest capacity.

Provo City School District does not ~~knowingly~~ discriminate on the basis of race; color; religion; age; national origin; sexual orientation; gender expression or identity; disability, or any other classification protected by law, in admission or access to, treatment or employment in, or participation in its programs and activities, and provides equal access to the ~~Boy Scouts of America and other~~ designated youth groups, pursuant to federal and state laws, including but not limited to, Title VI and VII of the Civil Rights Act, Title IX of the Education Amendment of 1972, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, and the individuals with Disabilities Education Improvement Act.

Inquiries or complaints regarding this non-discrimination and ~~sexual~~ harassment policy may be directed to a student or employee, principal or supervisor, and/or the designated District Compliance Officers. Grievance procedures have been established for students, parent(s)/ guardian(s), or employees who believe discrimination and/or harassment has been shown by the Provo City School District. District Compliance Officers are:

Nothing in policy or procedure prohibits a person from filing a discrimination or harassment complaint with the Regional Office for Civil Rights: Department of Education, Region VIII, Federal Office Building, 1244 Speer Blvd., Suite 300, Denver, CO 80204.

The superintendent is directed to create a procedure that clearly documents the grievance process for this policy, a reporting form that may be used to document complaints of discrimination or sexual harassment, a summary of this policy and procedure that shall be posted in prominent places in each district facility, and a "short version" of this policy that may be used on district mailings, newsletters, and other publications.

Definitions:

1. **Compliance Officer(s):** The person or persons designated to handle inquiries and complaints regarding unlawful discrimination or harassment. ~~and retaliation:~~

2. **Complaint:** A claim or report by an aggrieved party or witness that an individual has engaged in prohibited discrimination or harassment. ~~and/or retaliation.~~

3. **Discrimination:** Conduct including words, gestures, and/or other actions, including actions relating to hiring, promotion, discharge, discipline, assignments, demotion, or termination, that unfairly disadvantages individuals based upon protected characteristics such as age, color, disability, gender, gender identity, national origin, race, religion, sex, sexual orientation, ~~and/~~or any other classification protected by applicable law.

4. **Harassment:** Repeatedly communicating to another individual, in an objectively demeaning or disparaging manner, statements that contribute to a hostile learning or work environment for that individual.

5. **Reprisal:** An unlawful use of position to avenge or punish an individual for their ~~his or her~~ refusal to consent/submit to an inappropriate request ~~and/~~or demand. Acts of reprisal may be overt or covert and may take many forms such as:
    a. Open hostility to the individual, witnesses, or others involved;
    b. Exclusion/ostracism of the individual, witnesses, or others involved;
    c. The creation, or continued existence of a hostile work environment;

d. Individualized negative remarks that are repeated and malicious; or
e. Special attention to, assignment of alternative duties that are less desirable work assignments, or reductions in pay.

6. **Complainant:** An individual who is alleged to have experienced discrimination, harassment, or retaliation prohibited by this policy, including a student, employee, or an individual who reports such conduct on behalf of another.

7. **Respondent:** The individual named in a complaint as having engaged in or being responsible for a discriminatory, harassing, or retaliatory act or omission.

8. **Investigator:** A District-designated, trained individual responsible for conducting a fair, prompt, and impartial investigation of complaints under this policy. The investigator gathers and evaluates evidence, interviews involved parties and witnesses, and prepares a written report of findings. The investigator must be free from conflicts of interest or bias for or against any party.

9. **Retaliation:** Any form of sanction or adverse treatment, including but not limited to intimidation, reprisal, or harassment of any individual because they ~~he or she~~:
   a. ~~Has~~ Have asserted or assisted another individual to assert a complaint in either a formal or informal manner with the district or with any state or federal agency; or
   b. ~~Has~~ Have testified, assisted, or participated in any manner in an investigation, proceeding, or hearing related to a complaint.

   "Retaliate" means an act or communication intended:
      i. as retribution against a person for reporting bullying, cyberbullying, ~~abusive conduct, or hazing; or~~ hazing, or abusive conduct.
      ii. to improperly influence the investigation of, or the response to, a report of bullying, cyberbullying, ~~abusive conduct, or hazing.~~ hazing, or abusive conduct.

10. **Sexual Harassment and Discrimination:** For all harassment and discrimination complaints based on sex, refer to Policy # ? and follow the grievance procedures therein.

~~11. **Sexual Harassment:** Unwelcome sexual advances, requests for sexual favors, or other verbal or written communications or physical conduct of a sexual nature when:~~
   ~~a. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, education, academic or professional pursuits, or participation in a district-sponsored program or activity;~~
   ~~b. Such conduct affects or has the purpose of unreasonably interfering with an individual's employment, education, or participation in a District-sponsored activity by creating an intimidating, hostile, or offensive working or learning environment; or~~
   ~~c. Such conduct amounts to a violation of state or federal criminal laws, including sexual assault, rape, etc.~~

~~Examples of sexual harassment include but are not limited to:~~

1. ~~Subtly or overtly pressuring another for sexual activity, engaging in sexually motivated physical conduct, including unwelcome touching, pinching, blocking, or brushing against another's body;~~

2. ~~Using obscene or sexually explicit language or making sexually explicit gestures;~~

3. ~~Displaying, viewing, printing or transmitting sexually offensive images, objects, or other materials;~~

4. ~~Using sexually offensive language or slurs, teasing, joking, or making innuendoes about gender-specific traits or characteristics;~~

5. ~~Engaging in demeaning or derisive conduct based substantially on a person's gender, gender identity, or sexual orientation; or~~

6. ~~Engaging in any behavior of a romantic or sexual nature between a student and district employee.~~

Prohibited Conduct

The district prohibits unlawful discrimination or harassment ~~and retaliation~~ that creates a hostile work or learning environment for other employees or students of the District. Discrimination or harassment ~~and retaliation~~ are prohibited in all aspects of employment with the District, and by all District students and employees while on all District premises, during District-sponsored activities, using District property.

Sexual conduct between employees and students is expressly prohibited and is considered an especially serious violation of this policy. An employee who engages in sexual activity with a student will face disciplinary action, up to and including termination, and may be subject to civil or criminal penalties.

Any student who engages in prohibited discrimination or harassment ~~or retaliation,~~ may be subject to discipline up to and including alternative placement. Any employee who engages in prohibited discrimination or harassment ~~or retaliation~~ may be subject to discipline up to and including termination.

Supervisors are responsible for taking prompt necessary steps, including appropriate disciplinary action, to ensure and maintain a working and educational environment free of intimidation, coercion, discrimination or harassment. ~~and retaliation~~.

The district will investigate all complaints of discrimination or harassment, ~~and/or retaliation~~, and will take appropriate action to stop violations, prevent recurrence, and remedy any effect of violations.

All district employees are required to cooperate in all proceedings conducted pursuant to these procedures. Failure or refusal to cooperate in, or interference with any such investigation or proceeding will result in disciplinary action, up to and including termination.

The following grievance procedures are available to those who believe they have witnessed or are victims of unlawful discrimination or harassment. ~~or retaliation~~.

At any point in the process, the Complainant, the Respondent, or any witness may request assistance in order to ensure their due process rights are being protected. Examples of such requests include, but are not limited to: assistance filling out a complaint form or other necessary paperwork, and provision of translation or interpreter services. Assistance with what claims to assert, what defenses should be raised, what testimony to give, or other content issues will not be provided.

~~Grievance Procedures~~ (Put lines 166-437 in a procedure)

~~Duty to Report~~

~~It is the duty of every student and/or employee to report any violations of these procedures or the accompanying board policy.~~

~~Confidentiality~~

1. ~~Every effort will be made to protect the confidentiality of all participants in complaint proceedings and investigations; however, absolute confidentiality cannot be guaranteed. In some instances the district's legal obligations, including the need to investigate allegations and take appropriate corrective action, will require the disclosure of certain information.~~

2. ~~All individuals involved in a complaint or investigation shall refrain from discussing the matter, except with those who have a legal need to know.~~

~~Submitting an Initial Complaint~~

1. ~~At the school level, the principal is the individual responsible for receiving all complaints of discrimination, sexual harassment, or retaliation.~~
    a. ~~Any complaint involving students must be immediately referred to the school principal.~~

i. Any district employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint to principal, and then shall immediately notify the principal. Such behavior will also warrant reporting to the appropriate licensing or law enforcement authority.

ii. Pursuant to state law, when a complaint involves allegations of child abuse, the complaint must immediately be reported to either the Division of Child and Family Services (DCFS) or local law enforcement authority, and the anonymity of both the Complainant and school official(s) involved in the investigation will be strictly protected.

iii. If the complaint involves the principal or another school employee, the Complainant may contact the district's Human Resources Department (HR) at 801-374-4938, 280 West 940 North, Provo, Utah 84604

2. District employees who are non-school based should report violations involving other employees to their supervisor or Human Resources.

3. When the Respondent is the Complainant's immediate supervisor, the Complainant should contact the Respondent's supervisor.

4. When the Respondent is a third-party such as a vendor, visiting speaker, patron, volunteer, etc., the Complainant should contact the principal or Human Resources.

The Initial Complaint

1. The initial complaint may be submitted either orally or in writing.
    a. A complaint should be made as soon as possible, but preferably not later than thirty (30) days after the incident(s) in order to be effectively investigated and resolved.
    b. The circumstances which the individual believes support the allegation(s) of unlawful behavior, the names of the individual(s) against whom the claim is made, and any remedies that are being sought should be set forth in plain language.
    c. Individuals should provide as much information as possible, including any conversation(s) with the Respondent, noting the time, date, and place, what was said or done, and any other relevant circumstances surrounding the event(s).

2. Complaint forms may also be used and are available online and in each district building.

3. Good faith submission of a complaint will not adversely affect the Complainant's future employment, grades, work assignments, or participation in district-sponsored programs or activities.

4. A student or employee who knowingly files a false report may be subject to civil and/or legal actions, as well as district disciplinary action.

Responsibilities and Protocol for Resolving a Complaint

1. Any principal or supervisor receiving a complaint will first document the complaint in writing.

2. The principal or supervisor must immediately forward a copy of the written complaint to the District's compliance officers as defined above, and then proceed with the following appropriate protocol:
    a. Any complaint alleging a district employee violation against a student or other employee(s) shall be reported immediately to Human Resources. Human Resources will then be responsible for investigating the complaint.
    b. If a complaint surrounds a student-to-student issue, the Complainant may contact the Assistant Superintendent Director of Student Services at 801-374-4815.
        i. Any complaint alleging a third party violation against an employee or student shall be investigated by the principal or supervisor.
        ii. Any complaint alleging a student violation against another student shall be investigated by the principal.
        iii. Any complaint clearly alleging criminal conduct will be forwarded to local law enforcement for investigation.
        iv. Any complaint that happens away from school property but has the potential to disrupt the educational environment of one or more schools will be investigated by the school principal.
3. A principal or supervisor who does not immediately follow the protocol as indicated above, may be subject to disciplinary action.

4. HR or the designated principal or supervisor ("Investigator") shall be responsible for investigating the complaint as outlined in these procedures. Failure to properly investigate a complaint may result in discipline.

First Level Investigation and Response

1. Initial investigation
    a. The district may take steps to protect the Complainant, students, and other employees during an investigation.
    b. An investigation may consist of personal interviews with the Complainant, Respondent, and others who have knowledge of the alleged incident or circumstances giving rise to the complaint.
    c. The investigation may also consist of any other methods and/or documents deemed pertinent by the Investigator.

d. The extent of the investigation will be determined based on the nature of the allegations, the context and circumstances surrounding the alleged violation, the relationship between the parties, and the history of the parties involved.
e. At the beginning of the investigation the Investigator shall disclose his or her their neutrality as opposed to being an advocate for any party.
f. At a minimum, the Investigator will immediately:
    i. notify the Complainant of his of her right to have someone translate or interpret during the interview;
    ii. notify the Complainant of his or her their right to have someone of the same gender conduct or be present during the interview;
    iii. interview the Complainant and document the conversation;
    iv. instruct the Complainant to have no contact or communication regarding the complaint with the Respondent;
    v. ask the Complainant specifically what action they want taken in order to resolve the complaint;
    vi. inform the Respondent that a complaint has been filed against him or her;
    vii. inform the Respondent that if the objectionable conduct has occurred, it must cease immediately;
    viii. provide the Respondent with a copy of these procedures;
    ix. inform the Respondent of his or her their rights and responsibilities during the investigation;
    x. notify the Respondent that they will be afforded a full and complete opportunity to respond to the allegations;
    xi. instruct the Respondent to have no contact or communication regarding the complaint with Complainant, and to not take any retaliatory action against the Complainant; and
    xii. document the conversation with the Respondent.
g. The Respondent shall submit a written answer to the Investigator.
    i. The answer shall include:
        1. an admission or denial of each allegation in the complaint;
        2. a statement as to the extent to which the complaint has merit;
        3. an acceptance or rejection of the relief or action requested in the complaint, if any; and
        4. any other information the Respondent deems relevant.
    ii. If the Respondent admits all or part of the allegation in the complaint, appropriate disciplinary action will be coordinated by the Investigator and the appropriate district administrator, the Assistant Superintendent of Human Resources, and/or the Assistant Superintendent of Student Services to include:
        1. at a minimum, for an employee, a written reprimand shall be issued to the Respondent and a copy placed in the Respondent's file.

iii. If the Respondent denies the allegations, the Investigator shall meet with the Complainant to discuss whether the investigation should proceed informally or formally with:

1. consideration being given to the Complainant's requests regarding the investigation process; however, the Investigator reserves the right to override the Complainant's preference in handling a complaint.

h. A request for the matter to be resolved through a formal process may be made at any time.

2. Informal process

a. The complaint may be handled informally if the Complainant seeks to resolve the issues directly with the individual(s) involved or through appropriate district employees.

b. The appropriate Investigator will use their his or her best efforts to resolve the complaint through mediation and negotiation with all parties.

c. If satisfactory resolution is reached informally, no further action will be taken and the matter will be considered closed.

i. The Investigator shall inform the district's compliance officer, in writing, that the matter has been resolved informally, and include any relevant information regarding the resolution.

d. If, however, the behavior warrants any sanction above a verbal warning, the Assistant Superintendent Director of HR must be involved in determining appropriate discipline and reviewing any gathered documentation.

i. If the Complainant is not satisfied with the outcome of the informal process, the Complainant may request that the complaint be handled formally.

3. Formal process

a. The investigation in a formal process will also include interviews with any other individual believed to have pertinent information.

b. The Investigator will interview the Respondent regarding the complaint, their his or her answer, witness statements, and other gathered information. All witnesses will have the opportunity to review, edit, and acknowledge by signature the accuracy of their own written statements or accountings of their interviews.

c. The Investigator should attempt to keep the parties and district compliance officer informed of the progress of the investigation.

d. Within Fifteen (15) working days of receipt of the complaint, unless a longer period of time is deemed necessary, the Investigator shall complete their his or her investigation and coordinate a response with the appropriate district administrator as outlined below.

i. In incidents involving student violations against another student, the complaint, along with the written documentation of the investigation, shall be forwarded to the Assistant Superintendent of Student Services.

ii. In all other circumstances, the complaint, along with the written documentation of the investigation, shall be forwarded to the Assistant Superintendent of HR.

e. Within five (5) working days of receiving documentation from an Investigator, the appropriate assistant superintendent will review the documentation and meet with the Investigator to determine and initiate an action based on the investigative results.

f. Within fifteen (15) working days of the conclusion of the investigation, unless a longer period of time is deemed necessary, the appropriate assistant superintendent will provide a written Complaint Summary to the Complainant and Respondent. The Complaint Summary will summarize the complaint, response, evidence adduced from the investigations, and the findings. The findings will include a concluding judgment as to whether or not a violation of board policy or these procedures has occurred.

g. If an allegation is found to be substantiated in whole or in part, the appropriate assistant superintendent will determine and implement corrective discipline and remedial steps necessary to eliminate the effects of the discrimination, harassment, or retaliation.

h. The appropriate director will then inform the Complainant:

i. Whether or not appropriate action will be or has been taken; and

ii. That they he or she should immediately report any further objectionable behavior or retaliatory actions.

Second Level Review

1. Complainants who are not satisfied with the outcome of the first level investigation and response may file a request for review with the compliance officer, or if the complaint is against the compliance officer, with the assistant superintendent (referred to collectively hereafter as "second level reviewer").
2. Requests filed with the second level reviewer shall be in writing and contain the following information:
    a. Complainant's name, home address, telephone number, and school or work location;
    b. A brief description of the alleged discrimination, harassment, or civil rights violation, including the date, place, and time;
    c. Name of Respondent(s), if known;
    d. A brief description of the actions/efforts that have already occurred to address the issue; and
    e. Any other relevant information\
3. The Complainant may also include a statement of requested relief or corrective action.
4. Alternate methods of filing a request will be made available to individuals with disabilities unable to file written requests.

~~5. The request shall be made as soon as possible, but preferably not later than sixty (60) days after the incident(s) in order to be effectively investigated and resolved.~~

~~6. Review processing:~~

~~a. Within ten (10) working days after receipt of the request, the second level reviewer, or his or her designee will meet with the Complainant to discuss the request and possible resolutions.~~

~~b. The second level reviewer will review the appropriateness of any first level investigation, response, Complaint Summary, and corrective action taken, if any.~~

~~i. The second level reviewer may take any additional steps he or she deems necessary in order to resolve the request, such as re-interviewing other pertinent individuals.~~

~~c. Within fifteen (15) business days after the initial meeting with the second level reviewer, the decision may be appealed to the designated appeals officer.~~

~~*Final Review*~~

~~1. If the Complainant is not satisfied with the decision of the second level reviewer, the decision may be appealed to the superintendent. The superintendent may choose to designate a hearing officer to consider this appeal in his or her stead.'~~

~~2. The appeal to the superintendent or designee must be made in writing, and mailed or delivered in person to the superintendent within ten (10) work days from the date of the second level reviewer's written decision. The superintendent or designee will review the matter, and may, in his or her sole discretion, request additional information or documentation.~~

~~3. The superintendent or designee will render a decision on the appeal within fifteen (15) days of receipt of the appeal, unless a longer period of time is deemed necessary.~~

~~4. This decision shall serve as final administrative action in the matter.~~

Responsibility for Dissemination of Policy

1. Principals and supervisors will take appropriate actions to reinforce this policy and these procedures by:
    a. providing annual employee in-service, with documentation and employee signatures;
    b. including a summary of this policy in employee handbooks;
    c. ensuring that by October 1 of each year every student receives an age-appropriate explanation of the policy and is given the opportunity to discuss the policy in a classroom setting; and
    d. notifying parents and guardians of this policy by October 1 of each year either by including it in the student handbook or by sending a notice to students' homes.

2. A summary of these procedures and related materials shall be posted in a prominent place in each district facility.

Records

1. Records of discrimination or harassment complaints shall be maintained by the compliance officer, or their ~~his or her~~ designee. The records will be kept in a separate and confidential file as required by the Governmental Records and Access Management Act.

2. The release of information regarding the specific disciplinary action imposed on a student or employee must meet the requirements of the applicable state and federal laws.

3. Information gathered, developed, and documented in the investigation will be regarded as a protected record.

4. If the Complainant is an employee, no record of the complaint shall be kept in the Complainant's personnel file.

5. If there appears to be no foundation to ~~the~~ allegation(s)~~,~~ made against an employee, no record will be placed in the Respondent's personnel file.

6. Records of initial complaints and investigations shall be retained for at least one year.

7. Records of district level investigations shall be retained for at least three years.

District ~~Equity~~ Office

All questions related to discrimination or harassment ~~and retaliation~~ should be directed to the compliance officers, Jason Garrison ~~Doug Finch~~ for students, 801-374-4814 or ~~Jason Cox~~ Rebecca Rogers for employees 801-374-4938.

1. The compliance officers serve as a resource to the district to provide information, counseling, training, and advice regarding discrimination or harassment. ~~and retaliation~~. Individuals are encouraged to discuss their concerns or complaints with the district's compliance officers in order to clarify whether discrimination may be occurring and to determine ~~his or her~~ their options, including the pursuit of more formal action.

2. The compliance officers can also provide information relating to any external remedies which may be available to the Complainant.

~~**Outside Reporting Procedures**~~

Right to File Complaints with External Agencies

1. Nothing in this policy shall prohibit an individual from filing a discrimination or harassment claim with the Utah Anti-Discrimination and Labor Division (UALD), 160 East 300 South, 3rd Floor, P.O. Box 146600, Salt Lake City, Utah 84114-6600. An employee has a maximum of one-hundred eighty (180) calendar days from the alleged date of discrimination to file a claim with the UALD.

2. If concerns cannot be resolved at the school or district level, discrimination complaints may be filed with the Office of Civil Rights, Region VIII, U.S. Department of Education, Federal Building, Suite 310, 1244 Speer Boulevard, Denver, Colorado, 80204-3582.

Training

1. All new employees shall receive information about these procedures and the related policy at an employee orientation. All other employees shall be provided information on a regular basis regarding these procedures, and the district's commitment to providing a learning and working environment free from discrimination, harassment, and retaliation.

2. Principals in each school are responsible for informing students and training staff on these procedures. Staff members are trained as part of their Safe Schools Training annually, and students are trained in how to report these instances using the SafeUT App.

Non-Discrimination and Harassment ~~and Retaliation~~
Grievance Procedure
Policy Series: 3000 Students

Policy No. 3020
Procedure 1

Grievance Procedures

Duty to Report

It is the duty of every student and/or employee to report any violations of these procedures or the accompanying board policy.

Confidentiality

1. Every effort will be made to protect the confidentiality of all participants in complaint proceedings and investigations; however, absolute confidentiality cannot be guaranteed. In some instances the district's legal obligations, including the need to investigate allegations and take appropriate corrective action, will require the disclosure of certain information.

2. All individuals involved in a complaint or investigation shall refrain from discussing the matter, except with those who have a legal need to know.

Submitting an Initial Complaint

1. At the school level, the principal is the individual responsible for receiving all complaints of discrimination, ~~sexual~~ and harassment. ~~or retaliation~~.
    a. Any complaint involving students must be immediately referred to the school principal.
        i. Any district employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint to principal, and then shall immediately notify the principal. Such behavior will also warrant reporting to the appropriate licensing or law enforcement authority.
        ii. Pursuant to state law, when a complaint involves allegations of child abuse, the complaint must immediately be reported to either the Division

of Child and Family Services (DCFS) or local law enforcement authority, and the anonymity of both the Complainant and school official(s) involved in the investigation will be strictly protected.

iii. If the complaint involves the principal or another school employee, the Complainant may contact the district's Human Resources Department (HR) at 801-374-4938, 280 West 940 North, Provo, Utah 84604

2. District employees who are non-school based should report violations involving other employees to their supervisor or Human Resources.

3. When the Respondent is the Complainant's immediate supervisor, the Complainant should contact the Respondent's supervisor.

4. When the Respondent is a third-party such as a vendor, visiting speaker, patron, volunteer, etc., the Complainant should contact the principal or Human Resources.

The Initial Complaint

1. The initial complaint may be submitted either orally or in writing.
    a. A complaint should be made as soon as possible, but preferably not later than thirty (30) days after the incident(s) in order to be effectively investigated and resolved.
    b. The circumstances which the individual believes support the allegation(s) of unlawful behavior, the names of the individual(s) against whom the claim is made, and any remedies that are being sought should be set forth in plain language.
    c. Individuals should provide as much information as possible, including any conversation(s) with the Respondent, noting the time, date, and place, what was said or done, and any other relevant circumstances surrounding the event(s).

2. Complaint forms may also be used and are available online and in each district building.

3. Good faith submission of a complaint will not adversely affect the Complainant's future employment, grades, work assignments, or participation in district-sponsored programs or activities.

4. A student or employee who knowingly files a false report may be subject to civil and/or legal actions, as well as district disciplinary action.

Responsibilities and Protocol for Resolving a Complaint

1. Any principal or supervisor receiving a complaint will first document the complaint in writing.

2. The principal or supervisor must immediately forward a copy of the written complaint to the District's compliance officers as defined above, and then proceed with the following appropriate protocol:
    a. Any complaint alleging a district employee violation against a student or other employee(s) shall be reported immediately to ~~HR~~ Human Resources at 801-374-4847. Human Resources will then be responsible for investigating the complaint.
    b. If a complaint surrounds a student-to-student issue, the Complainant may contact the ~~Assistant Superintendent~~ Director of Student Services at 801-374-4814.
        i. Any complaint alleging a third party violation against an employee or student shall be investigated by the principal or supervisor.
        ii. Any complaint alleging a student violation against another student shall be investigated by the principal.
        iii. Any complaint clearly alleging criminal conduct will be forwarded to local law enforcement for investigation.
        iv. Any complaint that happens away from school property but has the potential to disrupt the educational environment of one or more schools will be investigated by the school principal.
3. A principal or supervisor who does not immediately follow the protocol as indicated above, ~~may be~~ will be subject to disciplinary action.

4. HR or the designated principal or supervisor ("Investigator") shall be responsible for investigating the complaint as outlined in these procedures. Failure to properly investigate a complaint may result in discipline.

First Level Investigation and Response

1. Initial investigation
    a. The district may take steps to protect the Complainant, students, and other employees during an investigation.
    b. An investigation may consist of personal interviews with the Complainant, Respondent, and others who have knowledge of the alleged incident or circumstances giving rise to the complaint.
    c. The investigation may also consist of any other methods and/or documents deemed pertinent by the Investigator.
    d. The extent of the investigation will be determined based on the nature of the allegations, the context and circumstances surrounding the alleged violation, the relationship between the parties, and the history of the parties involved.
    e. At the beginning of the investigation the Investigator shall disclose ~~his or her~~ their neutrality as opposed to being an advocate for any party.
    f. At a minimum, the Investigator will immediately:
        i. notify the Complainant of his of her right to have someone translate or interpret during the interview;

ii. notify the Complainant of ~~his or her~~ their right to have someone of the same gender conduct or be present during the interview;
iii. interview the Complainant and document the conversation;
iv. instruct the Complainant to have no contact or communication regarding the complaint with the Respondent;
v. ask the Complainant specifically what action ~~he or she~~ they want taken in order to resolve the complaint;
vi. inform the Respondent that a complaint has been filed against him or her;
vii. inform the Respondent that if the objectionable conduct has occurred, it must cease immediately;
viii. provide the Respondent with a copy of these procedures;
ix. inform the Respondent of ~~his or her~~ their rights and responsibilities during the investigation;
x. notify the Respondent that ~~he or she~~ they will be afforded a full and complete opportunity to respond to the allegations;
xi. instruct the Respondent to have no contact or communication regarding the complaint with Complainant, and to not take any retaliatory action against the Complainant; and
xii. document the conversation with the Respondent.

g. The Respondent shall submit a written answer to the Investigator.
i. The answer shall include:
1. an admission or denial of each allegation in the complaint;
2. a statement as to the extent to which the complaint has merit;
3. an acceptance or rejection of the relief or action requested in the complaint, if any; and
4. any other information the Respondent deems relevant.
ii. If the Respondent admits all or part of the allegation in the complaint, appropriate disciplinary action will be coordinated by the Investigator and the appropriate district administrator, the Director ~~Assistant Superintendent~~ of Human Resources, and/or the Director ~~Assistant Superintendent~~ of Student Services to include:
1. at a minimum, for an employee, a written reprimand shall be issued to the Respondent and a copy placed in the Respondent's file.
iii. If the Respondent denies the allegations, the Investigator shall meet with the Complainant to discuss whether the investigation should proceed informally or formally with:
1. consideration being given to the Complainant's requests regarding the investigation process; however, the Investigator reserves the right to override the Complainant's preference in handling a complaint.

h. A request for the matter to be resolved through a formal process may be made at any time.

2. Informal process

a. The complaint may be handled informally if the Complainant seeks to resolve the issues directly with the individual(s) involved or through appropriate district employees.
b. The appropriate Investigator will use their ~~his or her~~ best efforts to resolve the complaint through mediation and negotiation with all parties.
c. If satisfactory resolution is reached informally, no further action will be taken and the matter will be considered closed.
    i. The Investigator shall inform the district's compliance officer, in writing, that the matter has been resolved informally, and include any relevant information regarding the resolution.
d. If, however, the behavior warrants any sanction of an employee above a verbal warning, the ~~Assistant Superintendent~~ Director of Human Resources must be involved in determining appropriate discipline and reviewing any gathered documentation.
    i. If the Complainant is not satisfied with the outcome of the informal process, the Complainant may request that the complaint be handled formally.

3. Formal process
    a. The investigation in a formal process will also include interviews with any other individual believed to have pertinent information.
    b. The Investigator will interview the Respondent regarding the complaint, their ~~his or her~~ answer, witness statements, and other gathered information. All witnesses will have the opportunity to review, edit, and acknowledge by signature the accuracy of their own written statements or accountings of their interviews.
    c. The Investigator should attempt to keep the parties and district compliance officer informed of the progress of the investigation.
    d. Within Fifteen (15) working days of receipt of the complaint, unless a longer period of time is deemed necessary, the Investigator shall complete their ~~his or her~~ investigation and coordinate a response with the appropriate district administrator as outlined below.
        i. In incidents involving student violations against another student, the complaint, along with the written documentation of the investigation, shall be forwarded to the ~~Assistant Superintendent~~ Director of Student Services.
        ii. In all other circumstances, the complaint, along with the written documentation of the investigation, shall be forwarded to the Director ~~Assistant Superintendent of HR~~ Human Resources.
    e. Within five (5) working days of receiving documentation from an Investigator, the appropriate ~~assistant superintendent~~ director (Student Services or Human Resources) will review the documentation and meet with the Investigator to determine and initiate an action based on the investigative results.
    f. Within fifteen (15) working days of the conclusion of the investigation, unless a longer period of time is deemed necessary, the appropriate director (Student Services or Human Resources) ~~assistant superintendent~~ will provide a written

Complaint Summary to the Complainant and Respondent. The Complaint Summary will summarize the complaint, response, evidence adduced from the investigations, and the findings. The findings will include a concluding judgment as to whether or not a violation of board policy or these procedures has occurred.

g. If an allegation is found to be substantiated in whole or in part, the appropriate assistant superintendent will determine and implement corrective discipline and remedial steps necessary to eliminate the effects of the discrimination, harassment, or retaliation.
h. The appropriate director (Student Services or Human Resources) will then inform the Complainant:
    i. Whether or not appropriate action will be or has been taken; and
    ii. That they ~~he or she~~ should immediately report any further objectionable behavior or retaliatory actions.

Second Level Review

1. Complainants who are not satisfied with the outcome of the first level investigation and response may file a request for review with the compliance officer, or if the complaint is against the compliance officer, with the ~~assistant~~ deputy superintendent (referred to collectively hereafter as "second level reviewer").
2. Requests filed with the second level reviewer shall be in writing and contain the following information:
    a. Complainant's name, home address, telephone number, and school or work location;
    b. A brief description of the alleged discrimination, harassment, or civil rights violation, including the date, place, and time;
    c. Name of Respondent(s), if known;
    d. A brief description of the actions/efforts that have already occurred to address the issue; and
    e. Any other relevant information
3. The Complainant may also include a statement of requested relief or corrective action.
4. Alternate methods of filing a request will be made available to individuals with disabilities unable to file written requests.
5. The request shall be made as soon as possible, but preferably not later than sixty (60) days after the incident(s) in order to be effectively investigated and resolved.
6. Review processing:
    a. Within ten (10) working days after receipt of the request, the second level reviewer, or ~~his or her~~ their designee will meet with the Complainant to discuss the request and possible resolutions.
    b. The second level reviewer will review the appropriateness of any first level investigation, response, Complaint Summary, and corrective action taken, if any.

i. The second level reviewer may take any additional steps ~~he or she~~ they deem~~s~~ necessary in order to resolve the request, such as re-interviewing other pertinent individuals.

c. Within fifteen (15) business days after the initial meeting with the second level reviewer, the decision may be appealed to the designated appeals officer.

Final Review

1. If the Complainant is not satisfied with the decision of the second level reviewer, the decision may be appealed to the superintendent. The superintendent may choose to designate a hearing officer to consider this appeal in ~~his or her~~ their stead.'

2. The appeal to the superintendent or designee must be made in writing, and mailed or delivered in person to the superintendent within ten (10) work days from the date of the second level reviewer's written decision. The superintendent or designee will review the matter, and may, in ~~his or her~~ their sole discretion, request additional information or documentation.

3. The superintendent or designee will render a decision on the appeal within fifteen (15) days of receipt of the appeal, unless a longer period of time is deemed necessary.

4. This decision shall serve as final administrative action in the matter.

DRA

Student Discipline
Policy Series: 3000 Students

Policy No. 3030

Purpose

The purpose of this policy is to establish consistent, fair, and lawful standards for student conduct and discipline that promote safe, orderly, and supportive learning environments. The policy is intended to protect the rights and well-being of all members of the school community; communicate behavioral expectations and consequences; provide students with appropriate due process; encourage accountability, positive behavior, and restoration; and ensure that disciplinary actions are reasonable, equitable, and consistent with applicable state and federal law. This policy also supports collaboration among students, parents, school personnel, and community partners in addressing conduct that disrupts learning or threatens school safety.

General authority

If a particular type of conduct has the effect of disrupting the learning atmosphere, it should be subject to regulation. The Board possesses discretion in promulgating regulations for the proper conduct of students.

School discipline policy

The district shall, with input from administration, instructional and support staff, students, parents, community councils, and other community members, develop a school discipline policy. This policy shall meet the content requirements set forth in Utah Admin. Rules R277-609-4 and shall also provide a process for parental or guardian outreach and education regarding the policy and how the district can provide a discrimination and harassment free environment through strategies promoting positive engagement between staff, students, and parents/guardians.

DRAFT

Relation of school discipline rules to other policies

Rules and procedures shall prohibit corporal punishment and shall restrict the use of reasonable and necessary physical restraint as set forth in these policies and pursuant to Utah Code § 53G-8-301. Policies shall include written procedures for the suspension and expulsion of, or denial of admission to, a student, consistent with due process and other provisions of law, including Utah Code § 53G-8-204 et seq. Moreover, all rules and procedures shall be consistent with all other policies of the Board, and all state statutes and federal laws governing school discipline, including Utah Code § 53G-8-203, Utah Code § 53G-8-204 and Section 504 of the Rehabilitation Act of 1974 (29 U.S.C. § 794).

Revising discipline rules

In adopting or revising the district's rules and regulations, the school board shall solicit input from various interest groups at the school and in the community, including district employees, parents of students, and students.

Emergency Removals

Students may be removed from regular classes or district premises for non-disciplinary health, safety, and welfare reasons when the Board or its designee determines that an emergency exists.

Any student removed from school for any "emergency" reason who is in a condition that threatens his or her own welfare or the welfare of others shall be released to the student's parent or guardian, the parent's or guardian's representative, or other proper authority, including, but not limited to, law enforcement officers and medical personnel.

The district shall make reasonable efforts to notify the parent or guardian prior to removing a student from school premises for emergency reasons. If the parent cannot be notified prior to the removal, the parent shall be notified as soon as possible after the removal and the reasons for it.

Students with Disabilities

Federal and state laws impose particular requirements regarding discipline of students identified as having a disability or when the school has sufficient notice of a disability. Discipline of such students must comport with the requirements set forth in Policy 3030 P2 for students with disabilities.

DRAFT

Teacher's Authority

~~A teacher may send a student to the principal's office in order to maintain effective discipline in the classroom. These behaviors will be repeated offenses of Level 2 behaviors (See Levels of Behavior exhibit) or behaviors that rise to a level 3, 4, or 5. The principal shall respond by employing appropriate discipline management techniques.~~

~~A teacher may remove from class a student who has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class (Level 2 behaviors). For situations that require administrative involvement, the parent must be notified and consulted. Not later than the third class day after the day on which the student is removed from the class, the principal shall schedule a hearing to be attended by the principal or the principal's designee, a parent or guardian of the student, the teacher, and the student.~~

~~Following the hearing, whether or not all requested parties are in attendance after valid attempts to require their attendance, the Principal shall take one or more of the following actions:~~

1. ~~Suspend the student for a period not to exceed six school days.~~
2. ~~Place the student in an alternative education program.~~
3. ~~Place the student back in the class.~~

~~If the student is removed by the teacher a second time within the same semester, the student may be returned to that class only by action of the Superintendent at the Principal's request. If the student is removed by the teacher a third or subsequent time within the same semester, the student may be returned to that class only by action of the Board at the request of the Superintendent.~~

Teachers are expected to implement positive, proactive, and preventative classroom management practices to maintain a safe and supportive environment conducive to learning. When a student engages in a minor infraction (Level 1 behavior), the teacher is expected to reteach the skill or expectation that is lacking and support the student in replacing the inappropriate behavior with the expected behavior. The teacher should also communicate with the student's parent or guardian to discuss the concern, establish a plan for support, and promote the student's success. If the behavior continues despite multiple interventions and parent or guardian conferences, the teacher may refer the student to an administrator for additional support.

When a student is referred to an administrator, the administrator will conference with the student, communicate with the parent or guardian, and assign consequences consistent with the Levels of Behavior. The administrator will also identify and teach the skills or expectations that contributed to the behavior and provide appropriate interventions to support improved behavior. Level 2 and Level 3 behaviors will be addressed and resolved within the school setting. For Level 4 behaviors, the administrator has discretion to determine whether the situation can be appropriately resolved at the school level or whether the student should be

DRAFT

referred for a district-level screening. A student who engages in a Level 5 behavior must complete a district-level screening before returning to school.

Corporal Punishment

A school employee may not inflict or cause the infliction of corporal punishment upon a student.

The term "corporal punishment" means the intentional infliction of physical pain upon the body of a student as a disciplinary measure.

Appropriate Conduct

"Physical restraint" means a personal restriction that immobilizes or significantly reduces the ability of a student to move the student's arms, legs, body, or head freely.

A school employee may use reasonable and necessary physical restraint only:

1. in self-defense;
2. to obtain possession of a weapon or other dangerous object in the possession or under the control of a student;
3. to protect a student or another individual from physical injury; or
4. to remove from a situation a student who is violent; or
5. to protect property from being damaged, when physical safety is at risk.

A school employee shall first use the least restrictive intervention available to the employee, including a physical escort, to address these types of circumstances. (A "physical escort" is temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of guiding a student to another location.)

Policy 3035 Procedure 3 sets forth specific provisions governing the use of physical restraint with students.

An employee of the District may not be subjected to any sanction for failure or refusal to commit an act prohibited by this policy.

Policy 3421 and accompanying procedures regarding child abuse reporting shall apply to complaints made to the District regarding improper or unauthorized use of corporal punishment.

Limitation

This policy does not restrict the use of physical contact which is considered to be reasonable discipline for purposes of behavior reduction intervention and which is also in compliance with

DRAFT

state regulations and District policies adopted pursuant to Utah Code § 53E-7-204 regarding provision of education for students with disabilities.

Disciplinary Record

Disciplinary records shall be made available to parents/legal guardians or the student, whichever is appropriate, pursuant to the District's student records policy (See Policy

Collection and Reporting of Incident Data

School personnel shall collect data regarding incidents which occur on school grounds while school is in session or during a school-sponsored activity and which involve (1) suspension or expulsion of a student, or other formal school discipline (2) minors found in possession of a dangerous weapon, or (3) “law enforcement action” (defined below).

For this reporting requirement, “law enforcement action” means a significant law enforcement interaction with a minor, including (1) a search and seizure by a law enforcement officer (including a school resource officer), (2) issuance of a citation, (3) filing a delinquency petition, indictment, or criminal information, (4) referral to juvenile court, or (5) use of force by a law enforcement officer.

The report of the incident shall also include information on the student or minor’s age, grade level, race, sex, disability status, and youth in care designation. If applicable, the report shall also include the demographics of a student who is subject to student bullying, hazing, cyber-bullying, or retaliation (as defined in Policy FHA). To collect the data, school personnel shall use the form established by the State Superintendent in consultation with law enforcement agencies.

The District shall report the data to the State Superintendent in a timely manner as required by the State Superintendent. The District shall report the data compiled for each school year to the State Superintendent on or before September 1 of the year in which the school year ended.

Notice of rules

A copy of the rules and procedures shall be made available to all students at the time of their enrollment in the school. If a school makes significant changes to its discipline rules and procedures, written notice of the adopted and revised discipline rules and procedures shall be distributed to all new and continuing students. In the case of all new, continuing or transfer students, a copy of the rules and procedures shall be mailed to the student's parents.

DRAFT

Board review of school discipline rules

Each school shall file a copy of its school discipline rules and procedures with the Board within thirty days after adoption of the rules and procedures. The Board shall review the rules and procedures filed by each school and may require the school to modify any rule or procedure that is not consistent with Board policy or state statutes on discipline in the public schools.

Disciplinary Guidelines and Procedures

Purpose and Philosophy

The Provo City School District Board of Education aims to make every student feel welcome and supported. One of the best ways to achieve this is by following accepted rules of conduct, showing respect for others and their property, adhering to the directions of authority figures, and recognizing the inherent value of each individual. Students are expected to develop decision-making skills and a willingness to take responsibility for their decisions, actions, and habits. This approach will create a safe, conducive learning environment free from unnecessary disruptions.

Reports and Investigation

It is the responsibility of school employees to report prohibited behavior to a school administrator or an appropriate supervisor. Any student who engages in conduct in violation of student behavior shall be subject to disciplinary action. A continuum of intervention strategies shall be available to help students whose behavior in school repeatedly falls short of reasonable expectations. Consequences shall be firm, fair, and correspond to the severity of the infraction, and all facts and circumstances of the incident(s) shall be taken into account.

Upon being apprised of a student incident in violation of District or school policy that may lead to disciplinary action, a school administrator shall determine which policy or laws may have been violated, then promptly and thoroughly investigate and document the incident. The investigation and documentation by the school administrator should include the following:

- Conduct interviews with the complainant(s) and others who were involved in or witnessed the incident(s);
- Obtain statement(s) from student(s) and other(s) who were involved in or witnessed the incident(s);
- Obtain and secure any relevant evidence;
- Prepare any necessary forms and other documentation;
- Involve District and local law enforcement personnel, and/or DCFS, as applicable; and
- Perform any other tasks necessary to properly investigate and document the student incident(s).

Where and When Code of Conduct Applies

In school and on school property during school hours;
Before and after school, while on school property;
While traveling in vehicles funded by the PCSD;
At all school-sponsored events

The school administrator shall give the accused student verbal or written notice of the violation, evidence of the accusation, and the opportunity to present their side of the story. Generally, the notice and informal hearing shall precede the student's removal from school. A principal may suspend a student for up to ten (10) school days while investigating issues related to student safety or other emergency concerns that have a direct and substantial ability to disrupt the educational environment within the

school or overall school district. Minimal due process is required for discipline of student conduct violations. Due process includes the right to a hearing, the right to counsel, and the right to appeal. Student Disciplinary due process hearings are not as formal as court hearings. Strict adherence to court rules of procedure and evidence are not required. However, certain rights of the student must be observed. The hearing must be impartial, the student is entitled to representation by legal counsel, the student is to be made aware of the general nature of the evidence to be used against him/her, and substantial evidence must be provided. Although a student is entitled to be represented by legal counsel at a hearing, the District is not responsible to provide counsel or pay for the student's expenses in obtaining counsel.

Testimony in a student disciplinary investigation is not subject to the strict adherence to court rules of evidence. In fact, hearsay testimony is admissible. However, the school administrator's evidence supporting the disciplinary action must meet the test of "substantial evidence."

An investigation report should be prepared for behavior infractions that may result in school suspension and shall be provided upon request (with appropriate redaction) to the complainant and respondent. An investigation report includes:

- General case information (allegation details, complainants, respondents, witnesses)
- Interview summaries
- Evidence lists/sources
- Analysis of interviews and evidence
- Conclusions and recommendations

Determining Disciplinary Response

If a decision of fault or responsibility for a conduct violation is established by the school administrator, disciplinary actions shall be carefully considered. In a progressive approach to intervention and discipline, students learn from their behavior and receive support to change their behavior over time. When a specific student behavior does not change using the lowest identified level of intervention and/or discipline, or the behavior increases in frequency, intensity, or duration, the next level of intervention and disciplinary action is used. All interventions and disciplinary actions should be selected, implemented, and assessed to help students do the following:

- Understand why the behavior is unacceptable and the harm it has caused;
- Take responsibility for their actions;
- Understand what they could have done differently in the same situation;
- Learn social strategies and skills to use in the future;
- Utilize restorative practices to repair harm between perpetrator and victim; and
- Understand the progression of more serious consequences if the behavior reoccurs

.

Because inappropriate behavior may be symptomatic of underlying problems that students are experiencing, it is critical that all staff be sensitive to issues that may influence student behavior and respond in ways that are most supportive of student needs. The interventions and disciplinary actions described here should be carefully matched to the needs of the student and the overall context of the situation.

In determining how to best address inappropriate, unacceptable, and unskillful behaviors, it is necessary to

Suspendable Offenses

According to Utah Code, a student <u>may</u> be suspended from a public school for the following reasons:

frequent or flagrant willful disobedience, defiance of proper authority, or disruptive behavior, including the use of foul, profane, vulgar, or abusive language;

willful destruction or defacing of

DRAFT

evaluate the totality of the circumstances surrounding the behavior. The following facts must be considered prior to determining the appropriate assignment of consequences and interventions:

- the student's age and maturity
- the student's disciplinary record (including the nature of any prior misconduct, the number of prior instances)
- the disciplinary consequences and interventions applied in prior behavior violations
- the nature, severity and scope of the behavior
- the circumstances/context in which the conduct occurred
- the frequency and duration of the behavior
- the number of persons involved in the behavior
- the student's IEP, BIP, and 504 Accommodation Plan, if applicable
- the student's response to intervention

Additionally, aggravating and mitigating circumstances may be considered in the disciplinary response. An aggravating factor (e.g. evidence of prior planning, intent to harm or gain notoriety, prior discipline ineffective) may increase the severity of consequences, while a mitigating factor (e.g. prior trauma, placement or living arrangements, limited prior infractions) may reduce the severity of disciplinary consequences.

Considerations and Process for School Suspension

Prior to suspension (Spanish) or expulsion of a student for repeated acts of willful disobedience, defiance of authority, or disruptive behaviors which are not of a violent or extreme nature that warrant immediate removal, good faith efforts shall be made to implement a remedial discipline plan that would allow the student to remain in school. A continuum of consequences should be utilized if appropriate under the circumstances. In cases of significant behavior violations, disciplinary actions may result in removal from instruction that may include, but is not limited to:

- before or after school detention,
- probation or exclusion from loss of extracurricular activities,
- in-school suspension,
- short-term suspension (up to ten (10) school days), or
- referral to the District Disciplinary Committee for a consideration of long-term suspension (longer than ten (10) days), alternative educational placement, or expulsion. The School Board may remove a student from school for a fixed or indefinite period of time. The expelled student will not receive any educational services from the District during the period of expulsion. All expulsions must be reviewed at least annually by the Superintendent or a designee. Students with disabilities eligible under the IDEA are not subject to expulsion as a disciplinary measure.

Violations Requiring Suspension

According to Utah Code, a student shall be suspended or expelled from a public school for the following reasons:

a serious violation affecting another student or a staff member, or a serious violation occurring in a school building, in or on school property, or in conjunction with a school activity, including the possession, control, or actual or threatened use of a real weapon

If it is determined that the student will be suspended, the school administrator shall notify the custodial parent (Spanish) or legal guardian of the student (and non-custodial parent/guardian of the student suspension, if requested in writing) in writing of the following as a notice of suspension:

- the grounds for the suspension;
- the length of the suspension (up to ten (10) days);

DRAFT

- any conditions of the suspension;
- the time and place for the parent(s)/guardian(s) to meet with the school administrator to review the suspension; and
- in the case of students with disabilities, a copy of the IDEA or Section 504 procedural safeguards notice.

The school administrator will decide how to transfer the suspended student to their parent(s)/guardian(s). They must ensure the student is either handed directly to the parent(s)/guardian(s) or has permission to leave school and go home. A suspended student must leave the school immediately. If the parent(s)/guardian(s) cannot be reached, the school is responsible for the student for the rest of the day.

Guidelines and Procedures for Students with Disabilities (IDEA & 504)

In every situation where an eligible student with a disability under IDEA or Section 504 is subject to discipline for a violation of District or school policy, the school administrator must first ascertain whether the student has been previously suspended during the current school year. If yes, determine whether the total suspensions accumulate to more than ten (10) school days in the current school year. If the total suspensions do not accumulate to more than ten (10) school days, then proceed with the suspension. If the total suspensions do accumulate to more than ten (10) school days, then the school administrator and staff must determine if the student has been subject to a series of suspensions that constitute a pattern. A "pattern" occurs when:

- the series of suspensions total more than ten (10) school days in a school year;
- the student's behavior is substantially similar to previous incidents that resulted in the series of suspensions; and
- there are other factors suggesting a pattern, such as the length of each suspension, the total amount of time the student has been suspended, and the proximity in time of those suspensions (i.e., the longer the total number days and the closer they are in proximity, the more likely it would constitute a pattern). If there is a pattern, this constitutes a 'change of placement' under IDEA.

When the disciplinary action appears to constitute a "change of placement," the school IEP team must conduct a Manifestation Determination.

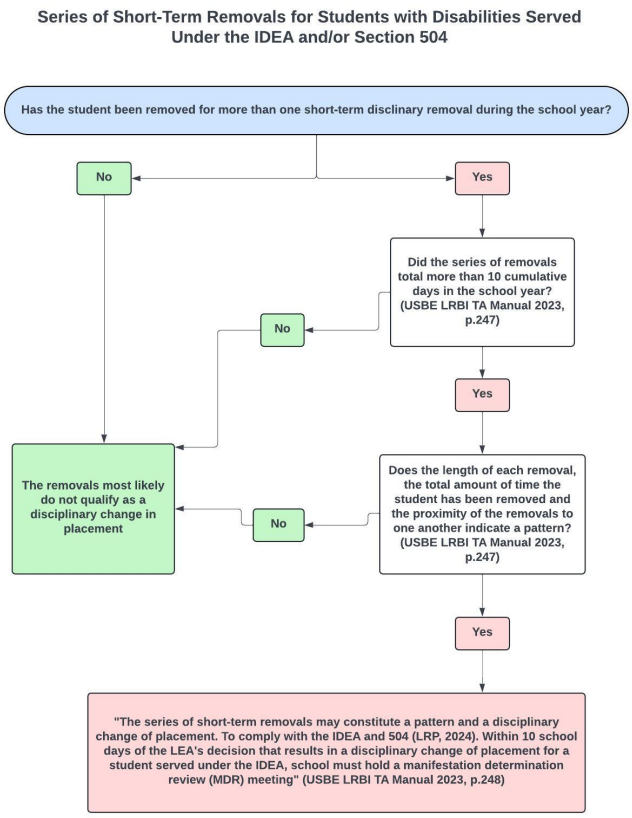

Manifestation Determination for Students with Disabilities (IDEA & 504)

Within ten (10) school days of any decision to "change the placement" of a student with a disability because of a violation of District or school policy, a determination must be made by the school administrator, parent(s)/guardian(s), and relevant

DRAFT

members of the student's Individual Education Plan (IEP) Team of whether the behavior is a manifestation of the student's disability by answering the following questions:

1. Was the conduct in question caused by or had a direct and substantial relationship to the student's disability?
2. Was the conduct in question the direct result of the school's failure to implement the IEP?

If the answer to both of these questions is "no," then the behavior is not a manifestation of the student's disability. In such an event, the student shall be disciplined as any other student for a similar offense; provided, however, that the student must continue to receive educational services (general education and special education) during any period of suspension to assure that the student is receiving a Free and Appropriate Public Education (FAPE). The IEP Team will determine educational services and the Interim Alternative Educational Setting (IAES) where the student will receive educational services. Educational services should target the student's behavior to limit its recurrence, enable the student to participate in the general education curriculum, and progress towards meeting the student's IEP goals. In the event the parent(s)/guardian(s) of the student challenge the manifestation or placement decision through an expedited due process hearing, the student shall be kept in the IAES, pending any such challenge until a final decision is issued.

If the answer to either of these two questions is "yes," then the behavior is a manifestation of the student's disability. In such an event, the IEP Team must conduct and/or review a Functional Behavior Assessment (FBA) and a Behavior Intervention Plan (BIP) for the student. The IEP Team must return the student to his/her prior educational placement, unless the parent(s)/guardian(s) and school personnel agree to a "change of placement" as part of the BIP. Notwithstanding the manifestation determination, in the event that school personnel believe that the student's behavior is substantially likely to result in injury to the student or others, the District may seek an expedited due process hearing to prevent the student from returning to his/her prior educational placement. In such an event, the student shall be placed in an IAES, pending the hearing until a final decision is issued.

Special Circumstances Involving Serious Violations by Students with Disabilities (IDEA & 504)

Regardless of whether the misconduct is a manifestation of the student's disability, school personnel may remove a student with a disability for up to forty-five (45) school days to an IAES if the student's misconduct involved while at school, on school premises, or at a school function under the jurisdiction of the school:

- carries a weapon to or possessing or using a weapon;
- knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance; or
- inflicts serious bodily injury upon another person.

For purposes of this section, the term "weapon" is defined as a device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury, except that such term does not include a pocket

knife with a blade of less than 2 ½ inches in length. For purposes of this section, the terms "illegal drugs" or "controlled substances" have definitions contained in federal law, but do not include a substance that is legally possessed or used under the supervision of a licensed health care professional or that is legally possessed or used under any other authority under federal law. For purposes of this section, the words "serious bodily injury" are defined as bodily injury which involves:

- a substantial risk of death;
- extreme physical pain;
- protracted and obvious disfigurement; and/or
- protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

Students with disabilities eligible under the IDEA or 504 are not subject to expulsion as a disciplinary measure. For a serious violation committed by a student with a disability, proceed with long-term suspension guidelines, including IAES placement.

Appeal Process

Disagreement between the parent(s)/guardian(s) and the school in regard to short-term suspension will be handled in meetings between parent(s)/guardian(s), school administrators, and the student, if appropriate.

The procedures for due process are designed to protect the rights of students when a disciplinary problem arises. The process is administrative, not judicial. Notification will be given to the student and the parent(s)/guardian(s) of the time and place for a hearing and a statement of the alleged act(s) of misconduct. The notice of offenses or charges shall state:

- with reasonable particularity the offense or charge;
- shall be based upon the information known at the time the notice is issued;and
- may be subject to amendment upon further investigation or evidence.

Procedures for hearings and appeals of disciplinary decisions by parent(s)/guardian(s) are as follows:

1. Discuss the grievance with the teacher or person at the school with whom the disagreement occurred.
2. If agreement is not reached, the parent(s)/guardian(s) may meet with the principal.
3. If agreement is not reached, the parent(s)/guardian(s) may request an informal hearing through the Office of Student Services. The request shall be in writing and within ten (10) calendar days of the school decision and addressed to the Provo City School District, Director of Student Services. The appeal shall be heard within ten (10) school days.
4. If agreement is not reached, the parent(s)/guardian(s) may submit in writing within ten (10) calendar days of the decision to request a hearing before the Independent Disciplinary Hearing Officer. The appeal shall be heard within ten (10) calendar days and the decision shall be in writing.
5. If agreement is not reached, the parent(s)/guardian(s) may submit in writing within fifteen (15) calendar days of the Independent Disciplinary Hearing Officer's decision a request for a hearing before the District Board of Education. If the Board grants a hearing, it shall be in executive session. Following the hearing, the Board shall give its decision in writing.

At each stage of the proceedings, the hearing officer(s) shall conduct a de novo review, and shall hear the matter anew, the same

as if it had not been heard before and as if no decision had been previously rendered. Hearing officer(s) may receive and consider new documents, information, and witness testimony. However, upon appeal to the Board, the Board shall only consider the documents, information, and witness testimony presented at the hearing conducted by the Independent Disciplinary Hearing Officer.

Failure to appeal to the next step in the appeals process within the time limits specified shall be deemed a withdrawal and final disposition of the matter. Once the aggrieved party has exhausted all the administrative remedies herein, he or she may appeal to a court of law.

Levels of Behavior Summary

Response Level One (Minor Offense, Generally Managed by Teacher/Staff)

Behavior Definitions

1. Behavior that is disruptive to the school/learning environment of the student or others
2. Refusal to comply with reasonable requests

Behavior Examples

- Disruptive appearance/dress code (Teachers will inform administration; student will remain in class)
- Verbal Aggression/Name-calling
- Disruptions/Defiance
- False Information/Lying
- Off-task/Out of assigned area

Response Level Two (Minor Offense, Managed by Teacher/Staff, Possible Referral to Administration)

Behavior Definitions

1. Repeated or more severe incidents of Level One infractions
2. Prohibited behavior towards another student, staff, volunteer, etc.

Behavior Examples

- Physical aggression/fighting resulting in minimal injury
- Disruptive appearance/dress code (Teachers will inform administration; student will remain in class)
- Verbal aggression/swearing
- Low risk threat/intimidation, bullying, retaliation
- Inappropriate phone/technology use
- Academic Dishonesty
- Property theft/damage under $100
- Tardiness/Hall Pass misuse

Response Level Three (Major Offense, Managed by Administration)

Behavior Definitions

1. Repeated or more severe incidents of Level Two infractions
2. Transient threats/behaviors targeting others or school events/property

Behavior Examples

- Physical aggression/fighting resulting in minimal injury
- Moderate risk threat/intimidation
- Non-discriminatory bullying, harassment, retaliation, or hazing
- Sexual misconduct involving language or gestures (non-Title IX)
- Possession of an incendiary device or look-alike/toy weapon (without safety threat)
- Possession/Use of illegal drug/controlled substances or paraphernalia
- Property theft/damage between $100 and $500
- Trespassing/Truancy/Skipping class

Response Level Four (Major Offense, Managed by Administration, Possible Referral to District)

Behavior Definitions

1. Repeated or more severe incidents of Level Three infractions
2. Prohibited behaviors that cause legitimate safety/discriminatory issues to others or school events/property

Behavior Examples

- Physical aggression/fighting/assault resulting in injury requiring first aid.
- Discriminatory bullying/harassment
- Sexual harassment under Title IX
- Distribution/Sexting of sexually explicit material/pornography
- Property damage/theft over $500
- Sell/distribution of illegal drug/controlled substances or paraphernalia
- Possession of a real weapon, explosive, or noxious/flammable material
- Making an imminent or substantive threat, or a false report of a school emergency
- Repeated trespassing/habitual truancy

Response Level Five: (Major Offense, Referral to District)

Behavior Definitions

1. Repeated or more severe incidents of Level Four infractions
2. Severe behaviors that threaten safety and cause substantial injury, harm, or disruption to others or school events/property

Behavior Examples

DRAFT

- Use of real or look-alike weapon with intent to intimidate another person or to disrupt normal school activities
- Arson/fire lighting
- Severe physical assault causing serious bodily injury
- Sexual assault/violence under Title IX

Individual Levels

Level One

Behavior Definitions

- Behavior that is disruptive to the school/learning environment of the student or others
- Refusal to comply with reasonable requests

Behavior Examples

- Disruptive appearance/dress code (Teachers will inform administration; student will remain in class)
- Verbal Aggression/Name-calling
- Disruptions/Defiance
- False Information/Lying
- Off-task/Out of assigned area

Interventions and Responses

1. Select and implement interventions and responses that maintain the continuity of the student's instruction or are least disruptive.
2. Consider aggravating or mitigating circumstances, and use of interventions from multiple categories as appropriate.
3. Review and consider the student's Health/Safety Plan, Individualized Education Program (IEP), or 504 Plan.

Management, Documentation and Notification

- Typically, teacher-managed with a brief intervention by an adult present in the setting
- Document as minor offense in Discipline Dashboard, when appropriate.
- Communicate with parents/guardians about behaviors and interventions, specifically when students are interviewed or removed from instruction.

Skill-based Supports

- Teach classroom routines and expectations
- Instruct on ways to ask for help or solve problems
- Redirect on ways to manage emotions and use appropriate classroom language
- Teach communication and interpersonal skills

Restorative Practices

- Use trauma informed preventative strategies/routines like circles and relationship building
- Teach/Model affective statements and conversations
- Utilize peer mentoring/mediators

Staff and/or Administrative Actions

- Fidelity check of school-wide systems and supports skills (PBIS) teaching and reinforcement
- Review behavior management plan of classroom/setting
- Loss/Earning privileges
- Increase non-contingent teacher attention
- Provide accommodations:

Administrative Actions that May Result in Removal from Instruction

- Removal from instruction is not an option for Level One behaviors, unless it becomes Level Two after repeated offenses despite providing supports and interventions.

DRAFT

	○ Assignments modified (e.g. DOTS for motivation) ○ Sensory aids provided ○ Quiet space provided ○ Seating arrangement changed ○ Structured routines increased ○ Work breaks offered	• Before a repeated Level One behavior can be referred to administration there must have been a phone call home and 3 different interventions tried to extinguish the behavior.

Level Two

Behavior Definitions

- Repeated or more severe incidents of Level One infractions
- Prohibited behavior towards another student, staff, volunteer, etc.

Behavior Definitions

- Disruptive appearance/dress code (Teachers will inform administration; student will remain in class)
- Physical aggression (pushing, tripping, grabbing, blocking, etc.)
- Verbal aggression/swearing
- Low risk threat/intimidation, bullying, retaliation
- Inappropriate phone/technology use
- Academic dishonesty
- Property theft/damage under $100
- Tardiness/Hall Pass misuse

Interventions and Responses

- Select and implement interventions and responses that maintain the continuity of the student's instruction or are least disruptive.
- Consider aggravating or mitigating circumstances, and use of interventions from multiple categories as appropriate.
- Review and consider the student's Health/Safety Plan, Individualized Education Program (IEP), or 504 Plan, and Child Find.

Management, Documentation and Notification

- Typically, teacher-managed, and referral to Administration/SST for repeated offenses after providing supports and interventions.
- Document as minor offense in Discipline Dashboard, and repeated offenses as an office discipline referral, when appropriate.
- Communicate with parents/guardians about behaviors and interventions, specifically when students are interviewed or removed from instruction.

Skill-based Supports

- Reteach and reinforce all Level One skills and supports
- Teach social-emotional skills (self-reflection, empathic listening, conflict resolution)

Restorative Practices

- All Level One practices
- Problem-solving circle
- Guided conversation/writing using restorative questions
- Make amends (i.e. restitution)

Staff and/or Administrative Actions

- All Level One actions
- Behavior improvement plan/contract
- Detention/LSR
- Referral to SST team
- Active supervision increased
- Phone/Technology restriction
- May consider revoking School Choice if repeated and followed procedure

Administrative Actions that May Result in Removal from Instruction

- In-school removal from instruction for brief interviewing/processing for up to one (1) day
- Coordinate with teacher for academic support during missed instruction
- Before a repeated Level Two behavior can be referred to administration there must have been a phone call home and 3 different interventions tried to extinguish the behavior.

Student Discipline: *Discipline of Students with Disabilities*
Policy Series: 3000 Students

Policy No. 3030
Procedure 2

Discipline Procedures for Students with a Disability

Federal and state laws restrict disciplining a student for conduct which is a manifestation of a disability. Therefore, where a student who has been identified as eligible for special education services engages in conduct which is a violation of school rules or conduct is subject to discipline under this general policy, additional procedures may apply. If the student has not previously been identified as eligible for special education but asserts that he or she should receive the procedural protections, application of the procedural protections will depend on the criteria set forth below.

Identified Students with a Disability Change of Placement for Disciplinary Reasons

For purposes of removals of a student with a disability from the student's current educational placement, a change of placement occurs if:

1. The removal is for more than ten (10) consecutive school days, including shortened school days.
2. The student is subjected to a series of removals that constitute a pattern because they cumulate to more than ten (10) school days in a school year, including shortened school days, because the student's behavior is substantially similar to behavior in prior incidents resulting in removal, and because of additional factors such as the length of each removal, the total amount of time each student is removed, and the proximity of the removals to one another. The District shall determine whether a pattern of removals constitutes a change in placement on a case-by-case basis.

DRAFT

Shortened school days occur when a student's school day is reduced by school personnel solely in response to the student's behavior for disciplinary purposes (rather than by the IEP team or placement team for the student to receive a FAPE).

Removals—

1. Ten (10) School Days or Less
    a. Short-term suspension
        i. Subject to the provisions above on change of placement, and to the extent removal would be applied to students without disabilities, a principal may remove a student with a disability who violates the code of student conduct found in Policy FHA from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than ten (10) consecutive school days and for additional removals of not more than ten (10) consecutive school days in that same school year for separate incidents of misconduct without implicating any of the additional IDEA safeguards.

2. Change in Placement: Removals for More than Ten (10) School Days
    a. Long-term suspension or expulsion.
        i. Any suspension of a student with a disability for more than ten (10) days constitutes a change in placement, as does a change in the student's educational program (classroom assignment) for disciplinary reasons. Prior to a change in placement, parents of the student must be notified of the proposed change and provided the procedural safeguards notice described in the state's Special Education Rules, and the student's IEP team and other qualified personnel must conduct a manifestation determination review of the relationship between the student's disability and the behavior subject to the disciplinary action. The manifestation determination review must take place immediately, if possible, but in no case later than ten (10) school days after the date on which the decision to take action was made.

Manifestation Determination—

Within ten (10) school days of any decision to change the placement of the student with a disability because of a violation of the code of student conduct, the school, the parent or guardian or adult student, and relevant members of the IEP Team (as determined by the parent/guardian or adult student and school) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided to the parents to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or

DRAFT

2. If the conduct in question was the direct result of the school's failure to implement the IEP.

If the school, the parent or guardian or adult student, and relevant members of the IEP Team determine that the misconduct was the direct result of the school's failure to implement the IEP, the school must take immediate steps to remedy those deficiencies.

If the school, the parent or guardian or adult student, and relevant members of the IEP Team determine that either section one (1) or (2) above is applicable to the student, the conduct shall be determined to be a manifestation of the student's disability.

1. If the IEP Team determines that the student's disruptive behavior is a manifestation of the disability, the IEP Team must either (1) conduct a functional behavior assessment (FBA) (unless the school had conducted a FBA before the behavior) and implement a behavior intervention plan (BIP) for the student or (2) if a BIP has already been developed, review the BIP and modify it as necessary to address the behavior. The student must then be returned to the placement from which the student was removed unless the specific conduct provisions below apply or the school and the parent or guardian or adult student agree to a change of placement as part of the modification of the BIP.
2. If the IEP Team determines that the conduct is not a manifestation of the disability or the direct result of a failure to implement the IEP, then the student may be disciplined under the same standards as are applied to non-disabled students. Provided, however, that if the student is suspended for more than 10 days in a given school year, the District still must provide services to the disabled student to the extent necessary to enable the student to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. The IEP Team shall determine the instructional and related services to be provided during the time of suspension. The student's IEP shall include goals and objectives designed to assist in returning the student to school and preventing significant regression.
3. If the student's parent or guardian disagrees with the IEP Team's manifestation determination, or regarding decisions for the student's placement, the parents may request a due process hearing pursuant to the policies governing students with disabilities.

Students Not Identified as Eligible for Special Education—

If a student who has not been previously identified as eligible for special education services, or the student's parents, assert that the student is entitled to the special discipline procedures applicable to students with disabilities, then those procedures shall apply to the student if any of the following conditions are satisfied, subject to paragraph 4 below:

1. The student's parent or guardian or adult student has previously expressed in writing to the student's teacher or to supervisory or administrative personnel of the District that the student needs special education and related services.

DRAFT

2. The student's parent or guardian or adult student has previously requested that the student be evaluated for eligibility for special education services.

3. The student's teacher or other school personnel have previously expressed specific concerns about a pattern of behavior demonstrated by the student directly to the special education director of the school or to other supervisory personnel.

4. If, prior to the conduct for which discipline is contemplated, (a) the student's parent or adult student has not allowed an evaluation of the student for eligibility for special education services, (b) the student's parent or adult student refused special education services for the student, or (c) the District evaluated the student and determined that the student was not a child with a disability, then the special discipline procedures for students with disabilities shall not apply to the student, and the student shall be disciplined in accordance with the procedures for non-disabled students.

If, during the period of time in which a student is subject to disciplinary sanctions, the student's parent or guardian requests that the student be evaluated for eligibility for special education services, an evaluation shall be conducted on an expedited basis. Until the evaluation is complete, the student's educational placement shall remain the same (if the child has been suspended or expelled, for example, the suspension or expulsion shall remain in effect).

Removal of Disabled Students for Specific Conduct—

In the following circumstances, regardless of whether the student's action was a manifestation of the student's disability, the student may be placed in an interim alternative educational setting for a period to be determined but not to exceed 45 days.

1. The student carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of the State Board of Education or the District;

2. The student knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the State Board of Education or the District;

3. The student has inflicted serious bodily injury on another person while at school, on school premises, or at a school function under the jurisdiction of the State Board of Education or the District.

For purposes of determining if the applicable circumstances are present, the following definitions apply:

1. "Controlled substance" means a drug or other substance that cannot be distributed without a prescription, identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. § 812(c)).

2. "Illegal drug" means a controlled substance but does not include a drug controlled, possessed, or used under the supervision of a licensed health-care professional or one legally possessed or used under state or federal law.

DRAFT

3. “Serious bodily injury” means bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty. It excludes a cut, abrasion, bruise, burn, disfigurement, physical pain, illness, or a temporary impairment of the function of a bodily member, organ or mental faculty.

4. “Weapon” means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for or is readily capable of, causing death or serious bodily injury. It excludes a pocket knife with a blade of less than 2.5 inches.

If the circumstances warranting an interim alternative educational setting are present, then:

1. The appropriate interim alternative educational setting shall be determined by the IEP Team.

2. If the student’s parent or guardian requests a due process hearing, the student shall remain in the alternative educational setting during the pendency of any due process proceedings unless the parents and the special educational coordinator agree otherwise.

3. The IEP Team must convene prior to the end of the period of removal to the alternative educational setting to determine the least restrictive environment in which the student may be placed when the period of removal is concluded.

Student Due Process
Policy Series: 3000 Students

Policy No. 3030 P3

In the event a student disciplinary issue arises, Provo City School District seeks to resolve any accompanying disagreement and to insure that the student's right to due process is protected. To achieve this, procedures have been developed which outline the appropriate notifications required following an incident and prior to a hearing, the process and required time constraints for decision appeals, and the precise actions required at each step of the appeal process.

The Board directs the Superintendent to develop procedures which will best assist students, parent(s)/guardian(s), school personnel, or any other persons involved in an incident in coming to an agreement during the process of appeals.

The procedures for due process are designed to protect the rights of students when a disciplinary issue arises. The process is administrative, not judicial. Notification will be given to the student and the parent(s)/guardian(s) of the time and place for a hearing and a statement of the alleged act(s) of misconduct. The notice of offenses or charges shall state with reasonable particularity the offense or charge, shall be based upon the information known at the time the notice is issued, and may be subject to amendment upon further investigation or evidence. Due process includes the right to a hearing, the right to counsel, and the right to appeal.

Procedures for hearings and appeals of disciplinary decisions by parent(s)/guardian(s) are as follows:

1. Discuss the grievance with the teacher(s) or person(s) at the school with whom the disagreement occurred.
2. If agreement is not reached, the parent(s)/guardian(s) may meet with the principal.
3. If agreement is not reached, the parent(s)/guardian(s) may request an informal hearing through the Office of Student Services. The request shall be

in writing, email or paper, and within fifteen (15) calendar days of the school decision and addressed to the Provo City School District, ~~Assistant Superintendent~~ Director of Student Services. The appeal shall be heard within ten (10) school days.

4. If agreement is not reached, the parent(s)/guardian(s) may submit in writing, email or paper, within fifteen (15) calendar days of an Out of School Suspension (OSS) decision a request for a hearing before the Superintendent. The appeal shall be heard within fifteen (15) calendar days and the decision shall be in writing.
5. If agreement is not reached, the parent(s)/guardian(s) may submit in writing, email or paper, within fifteen (15) calendar days of the Superintendent's decision a request for a hearing before the District Board of Education. If the Board grants a hearing, it shall be in executive session. Following the hearing, the Board shall give its decision in writing.

At each stage of the proceedings, the hearing officer(s) shall conduct a de novo review, and shall hear the matter anew, the same as if it had not been heard before and as if no decision had been previously rendered. Hearing officer(s) may receive and consider new documents, information, and witness testimony. However, upon appeal to the Board, the Board shall only consider the documents, information, and witness testimony presented at the hearing conducted by the Superintendent.

Failure to appeal to the next step in the appeals process within the time limits specified shall be deemed a withdrawal and final disposition of the matter.

Once the aggrieved party has exhausted all administrative remedies herein, he/she may appeal to a court of law.

Suspension
Policy Series: 3000 Students

Policy No. 3030 P4

Provo City School District considers the welfare and safety of students and school personnel to be a top priority. In order to maintain an orderly and safe school environment for all students and staff members, guidelines pursuant to Utah State Code will be followed regarding the suspension of students, particularly in situations in which there is an immediate and significant threat to the welfare, safety, morals of other students and/or school personnel or to the operation of the school. Schools shall follow set procedures in managing disruptive behavior in cases which call for the suspension or expulsion of a student.

The Board directs the Superintendent to develop procedures for managing suspension and expulsion processes and setting conditions for a student's return to school.

1. A student may be suspended or expelled from a public school for any of the following reasons:
    a. frequent or flagrant willful disobedience, defiance of proper authority, or disruptive behavior, including the use of foul, profane, vulgar, or abusive language;
    b. willful destruction or defacing of school property;
    c. behavior or threatened behavior which poses an immediate and significant threat to the welfare, safety, or morals of other students or school personnel or to the operation of the school;
    d. possession, control, or use of an alcoholic beverage as defined in Utah Code;
    e. behavior proscribed under Subsection (2) which threatens harm or does harm to the school or school property, to a person associated with the school, or property associated with that person, regardless of where it occurs; or
    f. possession or use of pornographic material on school property.

2. A student shall be suspended or expelled from a public school for any of the following reasons:
    a. any serious violation affecting another student or a staff member, or any serious violation occurring in a school building, in or on school property, or in conjunction with any school activity, including:
        i. the possession, control, or actual or threatened use of a real weapon, explosive, or noxious or flammable material;
        ii. the actual or threatened use of a look-alike weapon with intent to intimidate another person or to disrupt normal school activities; or
        iii. the sale, control, or distribution of a drug or controlled substance as defined in Utah Code, an imitation controlled substance defined in Utah Code, or drug paraphernalia as defined in Utah Code; or
    b. the commission of an act involving the use of force or the threatened use of force which if committed by an adult would be a felony or class A misdemeanor;
    c. A student who commits a violation of Subsection (2)(a) involving a real or look alike weapon, explosive, or flammable material shall be expelled from school for a period of not less than one year, subject to the following:
        i. within 45 days after the expulsion the student shall appear before the student's local school board, superintendent, the superintendent's designee, or the chief administrative officer's designee, accompanied by parent(s) or legal guardian(s); and
    d. the superintendent, chief administrator, or designee shall determine:
        i. what conditions must be met by the student and the student's parent(s)/ guardian(s) for the student to return to school;
        ii. if the student should be placed on probation in a regular or alternative school setting consistent with Utah Code, and what conditions must be met by the student in order to ensure the safety of students and faculty at the school the student is placed in; and
        iii. if it would be in the best interest of both the school district and the student to modify the expulsion term to

less than a year, conditioned on approval by the local school board or governing board of a charter school and giving highest priority to providing a safe school environment for all students.

3. A student may be denied admission to a public school on the basis of having been expelled from that or any other school during the preceding 12 months.
4. A suspension or expulsion under this section is not subject to the age limitations under Utah Code.
5. The school board shall prepare an annual report for the State Board of Education on:
    a. each violation committed under this section; and
    b. each action taken by the school district against a student who committed the violation.

Search and Seizure
Policy Series: 3000

Policy No. 3030 P5

Search and Seizure

The Utah State Legislature and the Utah Board of Education have charged school authorities with the responsibility of safeguarding the safety and well-being of the students in their care. Utah Admin Code 53G-8-509 directs the Utah State Board of Education and local boards of education to have rules in place to protect individual student rights and guard against excessive intrusion. In the discharge of that responsibility, school authorities of Provo City School District may search school property such as lockers used by students, or the person or property, including backpacks, purses and belongings, electronic devices, and vehicles of students, in accordance with the following procedure.

Definitions

"Appropriate school official" means the most appropriate school employee who should search a student, considering all the circumstances. Usually the appropriate school official will be the school principal or school director. Generally, the more intrusive the search, the higher the level the appropriate school official should be who conducts the search. Other factors would include age of the student, gender of the student, if the student has an IEP, the student's background, seriousness of the item(s) being searched for, which appropriate school official is reasonably available, and the urgency of the situation.

"Electronic cigarette" means:

a) an electronic device used to deliver or capable of delivering vapor containing nicotine or another substance to an individual's respiratory system;
b) a component of the device described in Subsection (a); or
c) an accessory sold in the same package as the device described in Subsection (a).

"Electronic cigarette" included an e-cigarette as that term is defined in Utah Admin Code 26-38-2.

"Electronic cigarette product" means an electronic cigarette, an electronic cigarette substance, or a prefilled electronic cigarette.

DRAFT

"Electronic cigarette substance" means any substance, including liquid containing nicotine, used or intended for use in an electronic cigarette.

"Electronic device" means a privately owned device that is used for audio, video, or text communication, or any other type of computer or computer-like instrument.

"Local school board" means the ~~locally elected school board or a charter school governing board~~ Provo City School District.

"Reasonable suspicion" means a particular and objective basis, supported by specific articulable facts for suspecting a person of criminal activity; reasonableness extends to both the reason for the search and the appropriateness of the scope of the search.

"Reasonable suspicion for a search" means grounds sufficient to cause an adult of normal intellect to believe that the search of a particular person, place, or thing will lead to the discovery of evidence that the student:

a) has violated or is violating a rule or behavioral norm provided in school policy;
b) has violated or is violating a particular law;
c) possesses an item or substance which presents an immediate danger of physical harm or illness to students, staff, or school/district property.

Searches of School-Owned Property

~~**School Property - Lockers, Desks, Other Storage Areas Provided for Student Use**~~

~~The Provo City School District Board of Education and Utah State Board of Education acknowledge the need for in-school storage of student possessions and shall provide storage places, including desks and lockers for that purpose. Where locks are provided for such places, students may lock them against access by other students, but students shall not expect that their privacy prevents examination by a school official. The local school board may direct the appropriate school official to conduct a routine inspection of such storage places. In the course of any search, students' privacy rights will be respected regarding any items that are not illegal or against local school board policy.~~

School-owned electronic devices and storage areas (including lockers, desks, etc.) remain under the exclusive control of the school and are subject to search at any time - with or without reasonable suspicion. Students shall have no expectation of privacy with respect to school-owned electronic devices or storage areas. Students shall provide passwords used to protect data on any school-owned electronic devices. Locks may be destroyed while searching school-owned storage areas.

A. All lockers and other storage areas provided for student use remain the property of the school/district. These lockers and storage areas are subject to inspection, access for maintenance, and search pursuant to this policy. A student using the locker or storage area has no expectation of privacy in that locker or storage area or the contents contained therein. ~~(See "Student Locker Assignment Authorization" form attached.)~~ In the course of any search, students' privacy rights will be respected regarding any items

DRAFT

that are not illegal or against local school board policy. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by or approved by the teacher or school administrator. Unapproved locks may be removed and destroyed.

B. An appropriate school official may search student lockers and storage areas and the contents contained therein at any time~~,~~ for any justifiable reason.

C. An appropriate school official may, at any time, request assistance of the appropriate law enforcement agency having jurisdiction over the facilities of the ~~District or~~ school. The law enforcement officer must have probable cause, however, to personally orchestrate or conduct a search of the lockers and storage areas and their contents.

Using Dogs in Searching School Property

The local school board authorizes the use of canines, trained in detecting the presence of drugs or devices, when the appropriate school official has reasonable suspicion that illegal drugs or devices may be present in a school. This means of detection shall be used only to determine the presence of drugs or devices in locker areas, student desks, and other places in the school where such substances or devices could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or other certified organizations and will not be used to search students personally unless either a warrant or parental/guardian permission has been obtained prior to the search.

Where a dog sniff search is otherwise appropriate, it is acceptable to detain students or restrict their movement to facilitate the search. Also, schools have authority to require students to relinquish personal items in their possession (backpacks, book bags, gym bags) to facilitate searches.

Student Person and Possessions

The local school board ~~Board~~ recognizes that the privacy of students or their belongings may not be violated by unreasonable search and seizure and directs that no students are searched without reasonable suspicion or in an unreasonable manner. The extent of the search will be governed by the urgency and seriousness of the alleged infraction, the student's age, and the student's disciplinary history.

Personal Search of a Student and Student Consent to Search

Except as provided below, a request for the search of a student or a student's possessions will be directed to the appropriate school official. The appropriate school official shall attempt to obtain the freely-offered consent of the student to the inspection; however, provided there is reasonable suspicion, the appropriate school official may conduct the search without such consent.

Whenever possible, a search will be conducted by the appropriate school official in the presence of the student and an additional staff member. A search prompted by the reasonable belief that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

DRAFT

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances when the health or safety of the student or others is immediately threatened.

The personal search of a student may be conducted by the appropriate school official when the appropriate school official has reasonable suspicion for a search of that student. Authorized searches of the student's person are as follows:

A. the student's pockets;
B. purses, briefcases, or any objects in the possession of the student;
C. a "pat down" of the exterior of the student's clothing and the removal of any identified item;
D. removal of an article of exterior clothing such as a jacket~~;~~, watch, or hat; ~~and/or~~
E. a student's electronic device, if warranted and to the extent warranted.

Searching Students and Property While at School-sponsored Activities

This authorization to search shall also apply to all situations in which the student ***is under*** the jurisdiction of the local school board–including all students participating in extracurricular activities and athletics, dually enrolled students, and students taking online courses, when applicable.

Strip Searches

~~Strip searches shall only be conducted by law enforcement personnel with the appropriate school official's knowledge, if time permits to notify the appropriate school official.~~

Strip searches are prohibited. If ~~this~~ a limited search does not turn up suspected contraband and school officials have reasonable suspicion that the student is concealing contraband in their inner clothing (i.e., hiding drugs, weapons, or other contraband underneath shirt, pants, or underwear), law enforcement officers shall be notified immediately. School officials shall, in a timely manner, contact the student's parent/guardian to inform them that a search was conducted by a law enforcement officer.

Documentation of Search

The appropriate school official shall be responsible for the prompt recording of each student search, in writing, including the reasons for the search; information received that established the need for the search and the name of the informant, if any; the person(s) present when the search was conducted; any substances or objects found and the disposition of them; and any subsequent action taken. The appropriate school official shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or objects taken from a student. The appropriate school official ~~and/or the school district superintendent~~ shall report a student's possession of a dangerous weapon consistent with Utah Admin Code 53G-8-510.

The ~~local superintendent or~~ appropriate school official may prepare administrative guidelines to further implement this policy of documentation, maintenance, and disposal of items.

DRAFT

Search Procedures

Pursuant to this policy, appropriate school officials shall use the following steps when they have reasonable suspicion that a student possesses evidence that violated rules and/or the law:

A. All requests or suggestions for the search of a student or student's possessions shall be directed to the appropriate school official or the person in charge of the students if students are out of the district or school~~;~~.
B. Wherever possible, before conducting the search, the appropriate school official shall notify the student, request the student's consent to the inspection and inform the student that they may withhold consent. Such consent, if offered, shall be voluntary. The appropriate school official shall conduct the search, however, with or without the consent~~;~~.
C. Wherever possible, an adult third party shall be present at any search of a student or student's possessions~~; and/or~~.
D. The appropriate school official may conduct a student search upon reasonable suspicion of the presence of an illegal or dangerous substance or object, or anything considered contraband under school rules.
E. Disciplinary procedures may be brought against a student who fails to comply with the reasonable requests of a school official.

Health/Safety of Students

Whenever the search is prompted by the reasonable suspicion that possession of a substance or object immediately threatens the safety and health of the student or others, the appropriate school official shall act with as much speed and dispatch as is required to protect persons and property in the school while keeping clearly in mind the student's rights and the potential consequences of inappropriate or hasty action.

~~Reasonable Suspicion~~

~~"Reasonable suspicion" means a particular and objective basis, supported by specific articulable facts for suspecting a person of criminal activity; reasonableness extends to both the reason for the search (reasonable at the inception) and the appropriateness of the scope of the search (reasonable in scope).~~

~~In addition, as used in this section, "reasonable suspicion for a search" means grounds sufficient to cause an adult of normal intellect to believe that the search of a particular person, place, or thing will lead to the discovery of evidence that the student:~~

~~A. Has violated or is violating a rule or behavioral norm provided in school policy;~~
~~B. Has violated or is violating a particular law; and/or~~
~~C. Possesses an item or substance which presents an immediate danger of physical harm or illness to students, staff, and/or school/district property.~~

~~For examples of "reasonable suspicion," see Student Search Reference Materials.~~

DRAFT

Method and Scope of Search

The scope of any search should be limited by the reasonable suspicion that motivated the search. If an item is found that leads to reasonable suspicion that additional related items may also exist, the search may be extended. If the initial search produces no evidence of contraband, there should be no extension of the search based on simple curiosity or ***unreasonable*** teacher and/or administrator suspicion.

Items Found

Anything found in the course of a search which is evidence of a student violation of school rules and/or federal/state laws may be seized and admitted as evidence in any suspension or expulsion proceeding, provided it is tagged for identification at the time it is seized and kept in a secure location by the school official until it is presented at the hearing. It may also be turned over to any law enforcement officer after proper notation and receipt and used in judicial proceedings, including items photographed.

Vehicles

Vehicles in the possession of students and parked on school premises may be searched, based on reasonable suspicion, by the appropriate school official. Searches of vehicles of staff members or visitors shall be conducted by law enforcement personnel.

Use of Breath-Test Instruments

The appropriate school official may arrange for a breath test for alcohol to be conducted on a student whenever the school authority has individualized~~,~~ reasonable suspicion to believe the student has consumed an alcoholic beverage or an illegal, ~~un-prescribed~~ unprescribed substance.

The appropriate school official shall attempt to contact a local law enforcement agency and arrange for it to conduct the test.

The following procedure should be used if the test is conducted by a school official:

A. Take the student(s) to a private administrative or instructional area on school property and have at least one other member of the teaching or administrative staff present as a witness to the test. If the student refuses to take the test, inform them that refusal to participate leaves the observed evidence of alcohol or drug use unrefuted, thus leading to disciplinary action.
B. Allow the student a second opportunity to be tested, and if the student refuses again, ask the student to sign a refusal statement. Regardless of whether or not the student signs a refusal statement, prepare a written report of the incident.

Electronic Cigarette Products

Students are prohibited from possessing or using cigarette products while on school property and electronic cigarette products will be confiscated. School officials will properly store and arrange for disposal of any confiscated electronic cigarette product. Because electronic cigarette products are hazardous waste in accordance with Title 19, Chapter 6, Hazardous

DRAFT

Substances, school officials must follow the proper disposal procedures as outlined by the Utah Department of Environmental Quality. (Utah Admin Rule R315-260 through 262).

School officials will avoid accumulating more than 1kg/2.2 lbs. of liquid nicotine or empty containers that held nicotine e-liquids (e.g., cartridges or pods) at any given time and will follow the Utah Department of Environmental Quality's administrative rules for waste management which, including

A. Identifying the waste; and
B. Ensuring the delivery of the hazardous waste to an offsite treatment or disposal facility permitted to manage hazardous waste, municipal or industrial waste, or a facility that recycles nicotine waste.

Prior to delivery to a designated site, school officials will store any confiscated electronic cigarette products in the following manner:

A. Using appropriate PPE, place the e-liquids, cartridges, and pods in a container that is in good condition and has a lid that can be securely closed. Label the container with the words, "Hazardous Waste Nicotine" and "Danger-Toxic in contact with skin."
B. Keep a spill kit stocked with binders (sand/diatomaceous earth/sawdust) and gloves nearby. Have a Safety Data Sheet for e-liquids available (this can be found on the internet).
C. Keep a log of the amount of waste as it is generated.
D. Make arrangements with a disposal company to take the waste before accumulating 1kg/2.2 lbs.
E. Maintain records to show that the hazardous waste nicotine (e-liquids, cartridges, and pods) was disposed of at a permitted facility.
F. Place damaged lithium batteries in a plastic bag and then place the bag in an inert material like sand. Lithium batteries that have an odor, are discolored, deformed, bulging, or swollen are damaged and have the potential to catch fire when they absorb moisture.
G. Store lithium batteries away from heat and direct sunlight. Prevent terminals from touching by storing each battery in a plastic bag or cover the terminals.

If a school official has reason to believe the confiscated electronic cigarette product contains an illegal substance, the school may release the confiscated electronic cigarette product to local law enforcement.

Student Electronic Devices

School districts and charter schools are directed by Utah State Board of Education Rule to have policies specific to student possession and use of electronic devices. Parent(s)/guardian(s) shall receive specific notice of electronic device policies. Policies shall also outline consequences for student use of electronic devices in violation of the policy. Policies may include other information and directives regarding electronic devices.

DRAFT

Browsing the content of a student's electronic device is considered a search and may be conducted only consistent with the reasonable suspicion requirement. Mere presence of the device, even in violation of a school rule, is insufficient to justify looking at the device's content unless reasonable suspicion exists that the content itself will reveal a violation of law and/or school policy.

Parent/Guardian Notification

School officials have no obligation to contact parent(s)/guardian(s) before detaining and questioning students. It is good practice when a student is questioned about serious allegations of the student's own misbehavior that another responsible adult should be notified and be present to protect the interest and well-being of the student. The parent/guardian will be advised of all student searches and seizures of property

~~At least one federal Circuit Court has concluded that school officials should not have to choose between the school's preferred [reasonable] discipline methods and complying with "burdensome procedures decreed by federal courts." If a child is under a school's guardianship, the courts have not required parental/guardian notification. Depending on various circumstances, notifying parent(s)/guardian(s) about a student search is often a good idea.~~

A.4. Board Member Training: Board Member Melanie Hall on Relationships

(Audio Timestamp 00:01:11)

Summary: Board Member Melanie Hall provided training on board relationships with each other and PCSD staff and the public, from the PCSD Board Handbook pages 6-7.

- The superintendent and the business administrator report to the board, and are expected to work collaboratively with board
- Board members don't direct other district administration or employees
- Board Members are expected to work together with civility and respect even when opinions differ and follow open meeting laws
- Board Members respond to the public as individuals not as a voice for the board and should consider whether district administration is better positioned to respond

A.5. Shoreline Middle School Request for Student Travel to Boston

(Audio Timestamp 00:04:40)

Summary: Middle School Request to take students to Boston, this is the 5th year of going to Boston with students on this history trip.

A.6. Timpview and Dixon Site Construction Update *(Audio Timestamp 00:10:13)*

Summary: Treven Dansie with Westland Construction presented the update for the work at the Dixon site:

- The building is down
- Discussion about water on site, geo-survey will help decide what to do about it and where it's coming from
- Discussion about trees that will need to come down, best to do now while equipment is there already
- Planned Timeline: Plans for bid on the new building will be ready by the beginning of December and then a choice will be made in January allowing ground breaking at the end of January or beginning of February for the new building, Architecture design drafts will be presented to the board at the all-day board meeting in September

Josh Burtenshaw with Westland Construction gave the update on the THS construction:

- Footings being poured
- Getting ready for winter
- Discussion about crane; no loads over school, safety feature allows crane to move with wind when construction crews not on site
- The cafeteria and commons area are completed and open to students

DRAFT

A.7. Discussion: Name for New Elementary School *(Audio Timestamp 00:28:09)*

Summary: Discussion about history and emails received about the name of the school.

- Communities like the names of their schools, change is hard
- Both Dixon and Timpanogos are important to people
- The board would like to avoid contention
- Tribal concerns raised, the board would like to have in writing that permission is given to use their name
- The board has this item on the business meeting agenda, but might table vote for another time.

A.8. Resolution: Annexation of Land by Canyon Crest *(Audio Timestamp 00:45:44)*

Summary:

- This is Provo City annexed county land
- Requires board vote to become School District land as well
- Utah County land taxes go to Alpine School District before this process happens
- Next steps: Alpine School District has to approve it, then the county and the Lieutenant Governor, then it's recorded in the county.

A.9. Discussion: DLI Committee and Program *(Audio Timestamp 00:48:17)*

Summary: Authority and Roles were discussed for the DLI committee and program for the district.

- Discussion about the Board's goals, specific vision, etc. for DLI
- Discussion about defining equitable access for this, not possible to offer every language to every student
- Strategic plan focus, how does DLI fit in that?
- One priority is to solve the problems on the English side of DLI schools
- Most equitable way to serve all the DLI and English students in the district

**Board Member Teri McCabe stepped out at 5:04pm, back at 5:05pm*

A.10. LEA Specific Licenses *(Audio Timestamp 01:28:29)*

Summary: Reviewed state requirements for district teachers with over 25% of their assignment in subjects for which they don't have the endorsements. The board will vote on this tonight.

A.11. Sex Education Committee Members Review *(Audio Timestamp 01:31:39)*

The board is required by the state to annually review and approve the committee members for Sex Education.

- There is a vote on the agenda for the Business Meeting tonight, however since there are corrections to be made and another vote would be needed after those corrections.

DRAFT

- The district recommends that the board table this business meeting item until the committee members are corrected.

A.12. Timpview Marching Band Fee Change Request: 2nd Reading

(Audio Timestamp 01:33:42)

Summary: Marching Band fee change request from $820 to $1500.

- This is a request to correct an error and bring the fee to the normal fee amount to accommodate the band needs for travel and competitions.
- This is a second reading, so there will be a vote on this in the business meeting tonight.

- Reviewed the credit document

A.9. RDA Request from Philo Ventures, Lakeview Crossing *(Audio Timestamp 01:41:16)*

Summary:

- Provo City Executive Development Director Cody Hill and Philo Managing Partner Greg Whitehead Philo were available to answer questions regarding the RDA request
- there have been no changes in the request since the board reviewed it on August 25, 2026
- The city will review and vote on it soon
- The board discussed how this proposal adheres well with district policy on RDAs and could be beneficial to the district
- There will be a vote on approving this in the business meeting

A.10. Sex Education Committee *(Audio Timestamp 01:46:14)*

Summary: Director of Teaching and Learning Secondary Education Doug Finch helped with this agenda item.

- Reviewed proposed committee, will vote to approve the committee participants in business meeting
- Concerns discussed about getting volunteers to serve on the committee
- Can't force people to volunteer, as long as the district keeps numbers of voting non-employees higher than voting employees it's fine
- Committee reviews supplemental material and makes sure it meets state code and curriculum

A.11. Audit Presentation *(Audio Timestamp 01:53:50)*

Summary:

- Kyle Greene and Trae Johansson with Squire & Company PC, reviewed the Annual Comprehensive Financial Report (ACFR) for the district this year
- The opinion on the district financial statements this year is an unmodified (or clean) opinion
- Devyn thanked her team for the help with this intense process, getting this all done and ready for these outside auditors to review is a large task and great effort
- Discussed the systems that are in place to assure the district is abiding by the law and following wise practices with school finances

A.12. DLI Discussion *(Audio Timestamp 02:08:57)*

Summary:

DRAFT

- Discussed the previous DLI committee meeting and the data there about how DLI impacts education.
- Discussions about parameters the district might set (and what the committee discussed) to determine when or if to eliminate a language
- Discussed pros and cons of magnet school
- Could compare other district costs and enrollment before and after to forecast what our costs might be with changes
- Discussion about expanding Spanish DLI to schools with high populations of native speakers, knowing which school buildings have capacity to host would be important - overall pros and cons discussed.
- For any changes to be made by next year, the board would need to decide by December or January in order to make teacher changes, boundary changes, etc.
- Assistant Superintendent Darrell Jensen helped with the discussion on this agenda item

A.13. Adjourn for Lunch *(Audio Timestamp 03:06:33)*

I move that we adjourn the study session.

Public Education Hotline

Policy Series: 7000 Community

Policy No. 7010

DRAFT

Purpose

The Board of Education is committed to promoting integrity, accountability, transparency, and ethical conduct in district operations. The board establishes a confidential reporting process through a State Board of Education Hotline to provide employees, contractors, and members of the public with a means of reporting suspected improper governmental activities. This policy establishes the process for receiving, reviewing, investigating, and resolving hotline complaints while protecting individuals who report concerns in good faith.

Definitions:

Improper governmental activity means conduct involving waste or misuse of public funds, property, or manpower; violations of applicable laws, rules, or regulations; gross mismanagement; abuse of authority; or unethical conduct.

Establishment of the Public Education Hotline

The State Board of Education has established a hotline to provide an avenue for citizens, including district employees and contractors, to report alleged violations of law or State Board of Education regulations, including by members of the board of education.

The board shall maintain a link to the Public Education Reporting Hotline to receive reports of suspected improper governmental activities. This link can be found at the bottom of the home page of the Provo City School District's website and each school's website and is also linked here: Public Education Report a Concern Hotline.

Improper governmental activities include, but are not limited to:

- Waste or misuse of public funds, property, or manpower;
- Violations of applicable federal, state, or local laws, rules, or regulations;
- Gross mismanagement;

- Abuse of authority; and
- Unethical conduct.

The district shall make information regarding the hotline readily available through the district website and other appropriate communication methods.

Filing a Hotline Complaint

Complaints should be submitted in writing using the ~~District's~~ Public Education's Hotline Reporting Form whenever practicable. Hotline complaints go directly to the State Board of Education Internal Audit Department and may be referred back ~~These complaints are typically forwarded by the State Board of Education's Audit and Fraud Department~~ to Provo City School District's Board President, Board Vice-President, and Superintendent for investigation.

Complainants should provide sufficient information to permit an appropriate review, including:

- The identity of the person or persons involved;
- A description of the alleged improper governmental activity;
- The date, time, and location of the alleged conduct;
- The names of witnesses, if known; and
- Any documents or other evidence supporting the complaint.

Complaints may be submitted through:

- ~~The District's online hotline reporting system;~~
- ~~Email to the designated hotline email address;~~
- ~~United States Mail to the Board of Education's designated mailing address; or~~
- ~~Any other reporting method approved by the Board.~~
- The Public Education's Hotline
- Email to the board of education at boardofeducation@provo.edu.

~~The District may also provide a hotline telephone number for questions regarding the complaint process.~~

Review and Investigation

Upon receipt of a complaint, ~~the Board~~ board leadership shall work with the superintendent to appoint an investigator or otherwise designate an appropriate individual to conduct a preliminary review.

In determining whether an investigation should proceed, the board or its designee may consider:

- Whether the allegation concerns a person or activity within the board's authority;

DRAFT

- Whether the complaint alleges improper governmental activity;
- Whether the complainant has attempted to resolve the concern through normal administrative procedures when appropriate;
- The seriousness, timing, frequency, and continuing nature of the alleged conduct;
- Whether another governmental agency has jurisdiction over the matter; and
- Whether sufficient information exists to permit an effective investigation.

Following the preliminary review, the investigator shall report to the board regarding:

- The allegations presented;
- Facts supporting or refuting the allegations; and
- A recommendation regarding further action.

The board may:

- Close the complaint without further investigation;
- Authorize a formal investigation;
- Refer the matter to another governmental agency or appropriate authority; or
- Take any other action authorized by law.

If a board member is the subject of the complaint, that board member shall not participate in decisions regarding the complaint. If the complaint is about the superintendent, the superintendent shall not conduct the investigation or participate in decisions regarding the complaint.

When a formal investigation is authorized, the board shall establish the scope of the investigation and appropriate resources necessary to complete the investigation.

If the complainant's contact information is provided to or available to the district, the district must promptly contact the complainant and must document the district personnel that contacted the complainant, the type of contact made (such as phone or email), the date of the contact, and the results of the contact (resolution of the concern or action steps to be taken). The district must make at least two good-faith efforts to contact the complainant. If the district has been unable to contact the complainant after those efforts, the district will proceed to evaluate and respond to the complaint without input from the complainant.

The district shall timely respond to the Internal Audit Division regarding the complaint, as provided below. In addition, to the extent that the investigation discloses conduct which violates district policies or warrants disciplinary action under district policies, the applicable district processes shall be followed. If the district determines that the allegations in the complaint are issues that are the sole responsibility of the district or are allegations that are required to be evaluated according to district policy, the district may provide that response to the Internal Audit Division.

Generally, the district is required to respond to the Internal Audit Division within 45 days of receiving the referred complaint. However, if the complaint relates to prohibited discriminatory

DRAFT

practices, trainings, or submissions as described in Utah Code § 53G-2-103, § 53G-2-104, and § 53G-2-105, the district is required to respond within 14 days of receiving the referred complaint. A complaint is "resolved" when the district's investigation and evaluation has been completed (it does not mean or require that the findings are satisfactory to any specific individual, entity, or the district). If the complaint has not been resolved within the applicable time, the district will provide an initial response and will then update the Internal Audit Division every 30 days until the complaint is resolved.

Upon completion of the investigation, the investigator shall submit a written report to the board summarizing the investigation, findings, and conclusions. The board shall review the report and determine any appropriate corrective or administrative action. If the complainant did not submit the complaint anonymously, the complainant will be notified of pertinent information that is within the board's scope to share.

Referrals from the Utah State Board of Education

Complaints referred by the Internal Audit Department of the Utah State Board of Education shall be processed under this policy.

Within forty-five (45) days after receiving a referral from the Internal Audit Department, the district shall provide the required status update or summary to the Internal Audit Department.

Training

The president of the board of education shall ensure that members of the board of education and district administration are trained regarding the requirements of this policy as part of the on-boarding process. The training shall use the training and informational materials provided by the Internal Audit Division, available under "Trainings" at: https://www.schools.utah.gov/internalaudit/index#Public%20Education%20Hotline

Whistleblower Protection

The district prohibits retaliation against any employee who, in good faith, reports suspected governmental waste, abuse, fraud, violations of law, or other improper governmental activities as provided by law. A district employee is presumed to have communicated in good faith if the employee has given written notice or otherwise formally communicated the conduct to the board of education, a member of the board of education, the superintendent, or to a government official with authority to audit the district.

Nothing in this policy limits any protections or remedies available under the Utah Protection of Public Employees Act or other applicable law.

Use of Electric Assisted Bicycles, Electric Assisted Scooters, and Micromobility Vehicles ~~and Pedestrian Conveyances~~ on School Campuses

Policy Series 7000: Community

Policy No. 7270

Purpose:

The purpose of this policy is to regulate the use of electric assisted bicycles and scooters, other micromobility vehicles, and non-motorized modes of transportation ~~and micromobility vehicles~~ on school campuses in Provo City School District to ensure the safety and wellbeing of students, staff, and visitors.

Scope: This policy applies to all students, staff, and visitors who operate electric assisted bicycles and scooters, golf carts, and other micromobility vehicles ~~who operate micromobility vehicles and ppedestrian conveyances, including golf carts,~~ on school campuses.

Definitions:

- **Electric assisted bicycle (E-bicycle) Classifications:**
  - Class 1
    - Only provides motor assistance when you pedal (pedal assist)
    - The motor stops assisting at 20 mph
    - Does not have throttle
  - Class 2
    - Has a throttle
    - Can move without pedaling
    - If it has a throttle above 20 mph, it is either an e-motorcycle or high electric device
  - Class 3
    - Can go up to 28 mph with pedal assist
    - Can be “jail broken” to go even faster
    - Often too powerful for kids

DRAFT

- **Electric Motorcycle/High Power Electric Devices:** Go over 20 mph without pedaling and are treated as motor vehicles. They require riders to be 16+, have a driver's license, registration, and insurance.

- **Micromobility vehicles:** The U.S. Department of Transportation and Federal Highway Administration defines a micromobility vehicle as any small, low-speed, human- or electric-powered transportation device, including bicycles, scooters, electric-assist bicycles, electric scooters (e-scooters), and other small, lightweight, wheeled conveyances.

- **Pedestrian Conveyances:** any human-powered device by which a pedestrian may move other than by walking (i.e. roller skates, roller blades, skateboard, non-motorized wheelchairs)

~~**Policy Statement:**~~

~~1)~~ Authorized Use:

~~a) Micromobility vehicles and pedestrian conveyances may be used on a school campus by individuals who are:~~

~~i) students or staff members of the school.~~

~~ii) visitors who have obtained prior authorization from the school administration.~~

- E-bicycles and e-scooters and other micromobility vehicles may be used on school campuses by students, staff members, and visitors.

- Use of these devices is restricted to designated areas only and users must adhere to local traffic and safety laws.

- Principals of each school will determine where these devices ~~micromobility vehicles and pedestrian conveyances~~ may be used along with any restrictions that will result in greater safety for students and patrons on their school campuses.

- Under current Utah Law, children 8-14 must be accompanied by an adult to ride a class 1 or class 2 e-bicycles and e-scooters. Must be 16+ to ride a class 3 electric assisted bicycles, electric motorcycles, and high-powered electric devices.

- E-bicycle and e-scooter regulations starting in May 2027: Ages 8-15 need certification or supervision to ride, 16+ no certification required. E-course safety certificates will be required for riders ages 8-15 to ride without adult supervision. The e-course will be available online, and upon completion will grant a "personal electric vehicle safety certificate" allowing children ages 8-15 to ride any class of electric bicycle or scooter without supervision. (https://highwaysafety.utah.gov/ebikes/)

DRAFT

~~2)~~ Safety Regulations:

- ~~a)~~ All users must adhere to traffic laws and regulations while operating e-bicycles and e-scooters, and other micromobility devices.

- ~~b)~~ School campus sidewalks experience high traffic volumes during class change times, lunch breaks, and before and after school. Pedestrians have the right of way on sidewalks at all times. Anyone riding a device on campus must yield to pedestrians.

- ~~c)~~ Protective gear, including helmets, must be worn at all times while riding. Under Utah law, anyone under 21 is required to wear a helmet while operating an e-bicycle or e-scooter on public roads.

- ~~d)~~ The speed limit for all e-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances on a school campus is 10 mph.

- ~~e)~~ E-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances must be operated in a responsible manner, avoiding reckless or dangerous behavior and demonstrating awareness of surroundings, particularly on sidewalks and in parking lots.

- ~~f)~~ Bicyclists have the same rights as motor vehicles but also must yield to pedestrians.

- ~~g)~~ All users should remove headphones, airpods, and earbuds and avoid cell phone distractions while riding on campus.

~~3)~~ Parking and Storage:

- a) Designated parking areas for e-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances may be provided on the school campus.

- b) Users must park and store their vehicles in the designated areas only. Parking in nondesignated areas is strictly prohibited.

~~4)~~ Prohibited Activities:

- ~~a) Riding~~ Operating e-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances indoors or in areas not designated for their use.

- ~~b)~~ Operating e-bicycles, e-scooters, micromobility vehicles and pedestrian conveyances under the influence of alcohol or drugs.

- ~~c)~~ Allowing unauthorized individuals to use micromobility vehicles. Students may not drive golf carts on a school campus unless supervised by a campus employee.

DRAFT

~~5)~~ Enforcement:

- ~~a)~~ Report unsafe behavior on sidewalks and school campuses to the school administration.

- ~~b)~~ Violations of this policy may result in disciplinary action, which may include warnings, fines, confiscation of vehicles, or other appropriate measures deemed necessary by the school administration.

- ~~c)~~ Repeat violations may lead to more severe disciplinary action, including suspension or revocation of privileges to operate micromobility vehicles and pedestrian conveyances on the school campus.

Implementation:

- ~~1)~~ The school administration will be responsible for developing specific requirements and restrictions on their individual school campuses.

- ~~2)~~ Education and awareness programs may be conducted to inform the school community about the regulations and safety guidelines related to the use of micromobility vehicles and pedestrian conveyances on the school campus.

Review:

This policy shall be reviewed periodically to ensure its effectiveness and compliance with applicable laws and regulations. Amendments may be made as deemed necessary by the Board of Education. This policy shall be communicated to all students, staff, and visitors.

School Community Councils
Policy Series: 7000 Community

Policy No. 7050

Purposes of Community Councils

The purposes of school community councils are to involve parents or guardians of students in decision making at the school level, improve the quality of education of students, prudently expend School LAND Trust Program money, and increase public awareness of school trust lands and related land policies, management of the State School Fund, and educational excellence.

Definitions:

Digital citizenship means the norms of appropriate, responsible, and healthy behavior related to technology use, including digital literacy, ethics, etiquette, and security.

Formation of School Community Councils

The Provo City School District Board of Education recognizes that parental participation is an essential component in school decision-making. ~~The Board of Education directs each school to establish and maintain a school community council for the purpose outlined in Utah Code referenced below.~~ Unless the board of education has granted an exemption as set out below in Exemption from Council Requirement, each school within the district shall, in consultation with the Board, establish a school community council at the school building level.

In general, community councils are formed to serve specific functions, namely the planning, development and implementation of school improvement ~~and professional development~~ plans for the purpose of increasing student achievement. A school or district administrator may not prohibit or discourage a community council from discussing issues, or offering advice or recommendations, regarding the school and its programs, school district programs, the curriculum, or the community environment for students.

~~In addition, the councils serve to advise and make recommendations to school and district administrators regarding other school and district programs.~~ The board may ask school community councils for information to inform board decisions and may also ask school community councils to address local issues at the school community council level before bringing those issues to the board. Nothing in this policy is meant to supersede the intent of Utah Code 53G-7-1202 that authorizes School Community Councils.

The board shall report approval dates of required plans (listed below) to the State Board of Education.

~~**Role**~~

~~School Community Councils shall:~~

~~1. Develop a School LAND Trust Plan that must be focused at the school's most critical need to improve student achievement.~~

~~2. Assist in planning and implementation of staff development following district professional development guidelines.~~

~~3. Advise and make recommendations to the principal regarding School Improvement Plan, Safe Technology Use and Digital Citizenship, Positive Behavior Interventions and Supports (PBIS), and Behavior Plans, and other school programs.~~

~~4. Approve the School Improvement Plan prior to submission to the Board of Education.~~

Duties of School Community Councils

Each school community council shall advise and make recommendations to the school, school district administrators, and the local school board regarding the school and its programs, school district programs, and other issues relating to the community environment for students. School community councils shall report on a plan at least annually to the board and shall cooperate with State Board of Education monitoring and audits.

Councils ~~may~~ shall also advise and inform the board and other members of the school community regarding the uses of School LAND Trust Program funds. They shall also encourage participation on the council and may recruit potential applicants to apply for open council positions. Councils shall establish clear written procedures which govern removal from office of members who move away or who consistently do not attend meetings, as well as additional

clarifications to assist in the efficient operation of the council consistent with the law and with board rule.

Each school community council shall also:

1. Create a School LAND Trust plan for the school in accordance with § 53G-7-1206 and as set out below; and

2. Advise and make recommendations to school and district administrators and the school board regarding the school and its programs and the district and its programs.

3. Develop and maintain a Safe Routes to School plan at each Elementary and Middle School in accordance with § 53G-4-402.

4. Advise and make recommendations for safe technology use and digital citizenship, the school's positive behaviors plan, and other issues relating to the community environment for students.

Each school community shall also provide for education and awareness on safe technology use and digital citizenship that empowers students to make smart media and online choices and students' parents or guardians to know how to discuss safe technology use with their students. To fulfill these duties, a school community council may create a subcommittee and may also partner with one or more non-profit organizations.

To assist the community council in fulfilling these responsibilities, the district and school shall provide the community council with an annual report that outlines the processes and steps the administration implements to provide a safe school environment, including a responsible and safe online experience for students and which includes the data and information necessary to engage the school community council in an annual discussion to fulfill its responsibilities. In addition, the principal shall annually provide the council with a report which summarizes the current safety principles and practices used by the district and school regarding technology and digital citizenship, including (1) information on internet filtering protocols for school and District devices which access the internet, (2) instructional practices, monitoring, and reporting procedures, and (3) and required internet safety training provided to a student and parent by the school or the district.

A.4. Board Member Training: Board Member Melanie Hall on Relationships

(Audio Timestamp 00:01:11)

Summary: Board Member Melanie Hall provided training on board relationships with each other and PCSD staff and the public, from the PCSD Board Handbook pages 6-7.

- The superintendent and the business administrator report to the board, and are expected to work collaboratively with board
- Board members don't direct other district administration or employees
- Board Members are expected to work together with civility and respect even when opinions differ and follow open meeting laws
- Board Members respond to the public as individuals not as a voice for the board and should consider whether district administration is better positioned to respond

A.5. Shoreline Middle School Request for Student Travel to Boston

(Audio Timestamp 00:04:40)

Summary: Middle School Request to take students to Boston, this is the 5th year of going to Boston with students on this history trip.

A.6. Timpview and Dixon Site Construction Update *(Audio Timestamp 00:10:13)*

Summary: Treven Dansie with Westland Construction presented the update for the work at the Dixon site:

- The building is down
- Discussion about water on site, geo-survey will help decide what to do about it and where it's coming from
- Discussion about trees that will need to come down, best to do now while equipment is there already
- Planned Timeline: Plans for bid on the new building will be ready by the beginning of December and then a choice will be made in January allowing ground breaking at the end of January or beginning of February for the new building, Architecture design drafts will be presented to the board at the all-day board meeting in September

Josh Burtenshaw with Westland Construction gave the update on the THS construction:

- Footings being poured
- Getting ready for winter
- Discussion about crane; no loads over school, safety feature allows crane to move with wind when construction crews not on site
- The cafeteria and commons area are completed and open to students

DRAFT

A.7. Discussion: Name for New Elementary School *(Audio Timestamp 00:28:09)*

Summary: Discussion about history and emails received about the name of the school.

- Communities like the names of their schools, change is hard
- Both Dixon and Timpanogos are important to people
- The board would like to avoid contention
- Tribal concerns raised, the board would like to have in writing that permission is given to use their name
- The board has this item on the business meeting agenda, but might table vote for another time.

A.8. Resolution: Annexation of Land by Canyon Crest *(Audio Timestamp 00:45:44)*

Summary:

- This is Provo City annexed county land
- Requires board vote to become School District land as well
- Utah County land taxes go to Alpine School District before this process happens
- Next steps: Alpine School District has to approve it, then the county and the Lieutenant Governor, then it's recorded in the county.

A.9. Discussion: DLI Committee and Program *(Audio Timestamp 00:48:17)*

Summary: Authority and Roles were discussed for the DLI committee and program for the district.

- Discussion about the Board's goals, specific vision, etc. for DLI
- Discussion about defining equitable access for this, not possible to offer every language to every student
- Strategic plan focus, how does DLI fit in that?
- One priority is to solve the problems on the English side of DLI schools
- Most equitable way to serve all the DLI and English students in the district

**Board Member Teri McCabe stepped out at 5:04pm, back at 5:05pm*

A.10. LEA Specific Licenses *(Audio Timestamp 01:28:29)*

Summary: Reviewed state requirements for district teachers with over 25% of their assignment in subjects for which they don't have the endorsements. The board will vote on this tonight.

A.11. Sex Education Committee Members Review *(Audio Timestamp 01:31:39)*

The board is required by the state to annually review and approve the committee members for Sex Education.

- There is a vote on the agenda for the Business Meeting tonight, however since there are corrections to be made and another vote would be needed after those corrections.

DRAFT

- The district recommends that the board table this business meeting item until the committee members are corrected.

A.12. Timpview Marching Band Fee Change Request: 2nd Reading

(Audio Timestamp 01:33:42)

Summary: Marching Band fee change request from $820 to $1500.

- This is a request to correct an error and bring the fee to the normal fee amount to accommodate the band needs for travel and competitions.
- This is a second reading, so there will be a vote on this in the business meeting tonight.

A.13. Policy Review 2nd Readings *(Audio Timestamp 01:36:18)*

The following procedure was discussed by the board tonight a 2nd reading.

1. 5200 P2 Drug and Alcohol Testing of Other Employees

A.14. Policy Review 1st Readings *(Audio Timestamp 01:37:50)*

The following policies were discussed by the board tonight as 1st readings before being posted on the district website for public comment.

1. Updated Policy 5325 Credit for Prior Teaching Experience and New Employee Placement on the Salary Schedule
2. New Policy 7400 Non-Student Data Privacy
3. New Policy 7010 Public Education Hotline
4. New Policy 7600 Political Party Use of School Facilities
   - Add number of who to contact for rental
5. New Policy 7650 Parent Rights to Academic Accommodations
   - Adjust wording to reflect practice that not all schools are able to accommodate parent requests for teachers
6. New Procedure 7140 P2 School Climate Surveys
   - Reviews will be made to make sure policy aligns with practice and law requirements
   - Add language that speaks to why these surveys are important to the board, allows district to follow and adjust per the Strategic Plan, helps schools and students
7. New Policy 7655 Educational Authority of Separated Parents
   - Add language to include extracurricular activities
8. New Policy 7280 Flags on School Property
   - Review with law, make sure language agrees
9. Updated Policy 7270 Use of E-bikes and Scooters on School Campuses

DRAFT

- Could remove the word, micromobility, add golf carts or language that includes all small vehicles that this policy could cover
- Add language about parking lots, following campus rules

10. Updated Policy 6130 Cash Receipts

A.9. RDA Request from Philo Ventures, Lakeview Crossing *(Audio Timestamp 01:41:16)*

Summary:

- Provo City Executive Development Director Cody Hill and Philo Managing Partner Greg Whitehead Philo were available to answer questions regarding the RDA request
- there have been no changes in the request since the board reviewed it on August 25, 2026
- The city will review and vote on it soon
- The board discussed how this proposal adheres well with district policy on RDAs and could be beneficial to the district
- There will be a vote on approving this in the business meeting

A.10. Sex Education Committee *(Audio Timestamp 01:46:14)*

Summary: Director of Teaching and Learning Secondary Education Doug Finch helped with this agenda item.

- Reviewed proposed committee, will vote to approve the committee participants in business meeting
- Concerns discussed about getting volunteers to serve on the committee
- Can't force people to volunteer, as long as the district keeps numbers of voting non-employees higher than voting employees it's fine
- Committee reviews supplemental material and makes sure it meets state code and curriculum

A.11. Audit Presentation *(Audio Timestamp 01:53:50)*

Summary:

- Kyle Greene and Trae Johansson with Squire & Company PC, reviewed the Annual Comprehensive Financial Report (ACFR) for the district this year
- The opinion on the district financial statements this year is an unmodified (or clean) opinion
- Devyn thanked her team for the help with this intense process, getting this all done and ready for these outside auditors to review is a large task and great effort
- Discussed the systems that are in place to assure the district is abiding by the law and following wise practices with school finances

A.12. DLI Discussion *(Audio Timestamp 02:08:57)*

Summary:

DRAFT

- Discussed the previous DLI committee meeting and the data there about how DLI impacts education.
- Discussions about parameters the district might set (and what the committee discussed) to determine when or if to eliminate a language
- Discussed pros and cons of magnet school
- Could compare other district costs and enrollment before and after to forecast what our costs might be with changes
- Discussion about expanding Spanish DLI to schools with high populations of native speakers, knowing which school buildings have capacity to host would be important - overall pros and cons discussed.
- For any changes to be made by next year, the board would need to decide by December or January in order to make teacher changes, boundary changes, etc.
- Assistant Superintendent Darrell Jensen helped with the discussion on this agenda item

A.13. Adjourn for Lunch *(Audio Timestamp 03:06:33)*

I move that we adjourn the study session.

Re: Homeschool Requests

Dear Provo City Board of Education

In compliance with Utah State Law 53G-6-204, each Home School request for release from compulsory attendance must be approved by the School Board. Please see the attached report of homeschool requests. Each applicant has signed an agreement that they understand the time requirements of the Utah State Board of Education.

It is my recommendation that the Board releases all 144 students on the list to home school and shall annually issue a certificate stating that the school age minor is excused from attendance for the specified school year.

Respectfully,

Jason Garrison
Director
