- This spending draws down the Capital Projects Fund balance. The operating budget remains balanced.

The FY2027 Budget Is Balanced

No Deficit Reduction Plan Required

Funds 10, 20, 40 and 50

Revenue \$38,749,672 Expenditures \$38,114,196
Less interfund transfers \$621,753

- Under 105 ILCS 5/17-1, a district that adopts a deficit budget must also adopt and file a deficit reduction plan with ISBE.
- Because budgeted revenues exceed budgeted expenditures in the operating funds, no deficit reduction plan is required for FY2027.
- This satisfies the Board resolution and Strategic Plan Goal 5 commitment to maintain a balanced budget.

The Educational, Operations & Maintenance and Transportation Funds - the grouping ISBE uses in its balanced budget calculation - also show a surplus, of \$88,351.

What's Driving the Budget

Assumptions Used in Building the FY2027 Budget

Revenue

- Property tax collection rate of 99.5%.
- CPI of 2.9% applied to the 2025 levy; the 2026 levy will use 2.7%.
- Evidence-Based Funding came in higher than anticipated.
- Corporate Personal Property Replacement Tax distributions came in 21.9% above the prior year; the tentative estimate was conservative
- Federal funding was reduced; rollover funds offset the loss for FY2027 only.

Costs

- Negotiated rates in the collective bargaining agreements; 4% for non-union staff.
- Medical insurance and dental costs both continue to rise.
- Contracted special education services increased from \$750,000 to \$1,250,000 to meet identified student needs.
- Retirement contributions split 50/50 between employer and employee.
- Most supply and purchased service lines held flat.

Salaries and benefits are 74% of operating spending, so personnel costs move this budget more than any other single factor. Insurance remains a significant pressure on future budgets.

What This Budget Supports

Continued Investment in Initiatives Showing Solid Growth

- Continued use of the i-Ready benchmark assessment to support student goal setting and differentiated instruction. (Goals 1, 2)
- Renewal of ELA and math curriculum resources through SAVVAS, aligned to teacher-designed curriculum maps. (Goal 2)
- Ongoing enhancement of Multi-Tiered Systems of Support, including Branching Minds. (Goals 1, 2, 3)
- A fully translated and culturally responsive registration process, focused on Spanish, Ukrainian and Polish. (Goals 1, 2, 3)
- Continued investment in technology infrastructure. (Goal 5)
- Instructional software aligned with the District's instructional framework. (Goals 1, 2)
- Continued implementation of Skyward to modernize business office processes. (Goal 5)
- Continued investment in individualized supports, specialized programming, and systems that ensure every student has access to the services needed to grow and succeed. (Goal 1)
- Ability to provide staff with the training, tools, and resources needed to effectively support all students needs while building confidence, consistency, and collaboration across the District. (Goal 3)
- Prioritized partnerships, technology, and specialized services that expand the District's capacity to meet student needs while using resources thoughtfully and aligning investments to District priorities. (Goals 1,2,5)

Areas of Uncertainty

Factors Outside the District's Control That Will Shape Future Budgets

State underfunding of mandated categoricals

The State does not fully fund the programs it mandates, transportation in particular. Every dollar short is a dollar shifted onto local taxpayers.

Declining federal funding

Federal awards were reduced this year. Rollover funds bridge FY2027 only, and current funding levels cannot be relied on going forward.

CPI and the limits on levy growth

Property taxes are the District's largest revenue source. A low CPI caps how much the levy can grow while costs continue to rise.

Individual student needs

Individualized Education Programs can change substantially from year to year and are difficult to predict or plan around.

Reliance on contracted agencies

Ongoing staffing shortages keep the District dependent on outside agencies, which costs more than filling positions directly.

After Tonight's Hearing

Remaining Statutory Steps

1

Close the public hearing

The Board closes the hearing following public comment.

2

Adopt the FY2027 budget

By resolution, within the first quarter of the fiscal year (105 ILCS 5/17-1).

3

Approve the limitation of administrative costs

Required under 105 ILCS 5/17-1.5. The increase reflects the superintendent transition. As a district in the lowest quartile of per-pupil administrative costs, the Board may waive the limitation by two-thirds vote following a public hearing, with ISBE notified within 45 days.

4

File the adopted budget

ISBE Form 50-36 filed with the County Clerk and ISBE within 30 days of adoption.

5

Monitor and amend as needed

Any amendment follows the same notice, display and hearing process.

6

Begin the FY2028 tax levy

Levy work begins for the following fiscal year.

Recommendation

Administration recommends that the Board of Education close the public hearing, adopt a resolution approving the Fiscal Year 2027 Annual Budget as presented, and by separate action waive the limitation on administrative costs under Section 17-1.5, which requires a two-thirds affirmative vote.

Balanced budget; no Deficit Reduction Plan is required.					

A deficit reduction plan is required if the local board of education adopts (or amends) the 2026-2027 school district budget in which the operating funds listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2025-2026 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 22-26) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Evidence-Based Funding: Fiscal Year 2027 Spending Plan CARY C C SCHOOL DIST 26

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1)	What are the Organizational Unit's strategic goals for student success for the 2026-27 school year? What measures will be used to evaluate progress? <i>(No more than 2000 characters, including spaces.)</i>			
	For 2026-2027, Cary CCSD 26's student success goal is full implementation of our districtwide Instructional Framework and MTSS model, ensuring every K-8 student receives standards-based, differentiated instruction plus tiered academic and social-emotional support. Progress is measured through a triangulated approach, iReady benchmark and progress-monitoring data, DESSA/SECA social-emotional screeners, Las Links Español for our Dual Language program, and team-developed common summative assessments. This work is funded through the FY2027 budget's investment in core instructional materials, technology, and professional development.			
		Top Strategy 1	Top Strategy 2	Top Strategy 3
2)	Select the top three strategies that the Organizational Unit will employ to achieve student growth and make progress toward state education goals. (Select three different responses from the dropdown list.)	Improve programs, curriculum, and/or learning tools	Increase number and/or quality of professional development opportunities	Provide alternative learning programs and models to address unique student needs
	If "Other" was selected in question 2, please describe. <i>(No more than 1000 characters, including spaces.)</i>			

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2027 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.

4)	Given the data analyzed, the stakeholders consulted, and the priorities identified in Part I, indicate the top three priority investments the Organizational Unit will make with its FY 2027 Base Funding Minimum (e.g., excluding Tier Funding). Choose "Other" if investments do not match the provided list. (Select three different responses. "Other" may be selected more than once if needed.) Cost Factor Table The table below presents the regionally adjusted amount embedded in the Organizational Unit's FY 2026 Adequacy Target for each of the 34 cost factors in the Evidence-Based Funding model (Column F). Column G is required for all Organizational Units that receive at least \$5,000 in Tier Funding, while column H is optional. Organizational Units may choose to provide additional narrative context in Columns I-M to elaborate on the figures included in the table. ISBE has produced guidance for populating the cost factor table. The guidance includes a definition for each cost factor, along with suggestions for using Employee Information System position codes and common expenditure accounts to support a determination of expenditures. This guidance is available at https://www.isbe.net/ebfspendingplan. Column G: If the Organizational Unit will receive at least \$5,000 in FY 2027 Tier Funding (as entered in Q2.1/cell G31), column G is required. Please indicate the Organizational Unit's planned expenditures in FY 2027 from Tier Funds only. Organizational Units are not expected to place a value in each cell. Rather, the table allows for the communication of priority investments with new state resources for the current fiscal year. During years in which there is no new Tier Funding, column G will not be required. During years in which Tier Funding is available, the amount of new Tier Funding entered in Q2.1/cell G31 above must equal the sum in cell G90 below. If some or all Tier Funding is invested outside of the cost factors, enter a dollar amount in cell G89 and provide additional context in the space for a narrative beginning in row 93. Column H: Optionally, Organizational Units may populate column H with total planned expenditures in FY 2027 for each cost factor from all revenue sources (e.g., not just from EBF). By comparing the figures in column F to the figures entered in column H, the Organizational Unit may engage local stakeholders in productive dialogue about resource allocation decisions.

As a result, the sum of each individual cost factor will not equal the subtotal. **The total is the Final Adequacy Target (adjusted for Regionalization Factor) calculated in the Full FY 2026 EBF Calculation file. Due to differences in rounding, this figure may vary slightly from the sum of the subtotals in this table.

Part III: Support for Special Student Groups					
EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statute these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in Question 1 below (cells G100-G102). If the Organizational Unit received at least \$5,000 for any of the student groups, a response to Questions 2 through 4 below is required. For amounts less than \$5,000, a response is optional for those questions. All other EBF funds may be spent in any manner deemed appropriate by the school district.					
<i>Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.</i>

Organizational Units should maintain supporting documentation (e.g., sign-in sheets, meeting agendas) to affirm the veracity of the below assurances. Responses in this section are only required if an Organizational Unit receives any amount of EBF dollars attributable to English learners. Collaboration Opportunity - Organizational Units may find that the plan assurances are most easily and effectively completed if led by program leaders.

Re: Arctic Snow Removal Renewal

Finance and Operations is presenting a proposed one-year renewal of the District's snow removal and salting contract with Arctic Snow Removal for the 2026-27 season, for Board approval. The renewal carries a 5% increase over 2025-26 pricing and shifts coverage from the Old Transportation Center to the new Transportation Center. Administration recommends renewal rather than rebidding.

Background

Arctic Snow Removal has provided snow removal and salting services at Briargate, Cary Junior High, Deer Path, Oak Knoll, Three Oaks, and the Old Transportation Center. Service has been reliable, and the vendor is familiar with each site's lot layouts, walkway priorities, and start-time expectations, which has allowed the District to open on schedule.

The District solicited bids for these services in 2025-26, receiving proposals from Arctic Snow Removal and one other company. Arctic Snow Removal was the low bidder at that time and remains below the other company's original pricing under the proposed renewal rates. In 2026-27, service at the Old Transportation Center is replaced by service at the new Transportation Center, which was not included in the original bid scope from either vendor. The District's agreement with Arctic Snow Removal provides for up to five annual renewals by mutual agreement of the parties, and the proposed 2026-27 renewal would be exercised under that provision.

Proposed Renewal Pricing

Rates are per occurrence, by building, in three service categories. The tables below compare 2025-26 rates, the proposed 2026-27 renewal rates, and the pricing submitted by the other company that bid. Rates are shown for the five schools and the new Transportation Center; the Old Transportation Center, which the new facility replaces, is not reflected in the 2025-26 column.

Briargate	\$278	\$291	4.7%	\$196
Cary Junior High	\$700	\$735	5.0%	\$851
Deer Path	\$495	\$519	4.8%	\$675

Transportation Center (new)	—	\$375	New	Not in 2025-26 bid
Total including Transportation Center	—	\$2,606	—	—

Cost Drivers

The 5% adjustment reflects increases in the underlying costs the vendor must cover to deliver the service:

- Labor: wages for plow operators and sidewalk crews, overtime for overnight and weekend events, and the cost of retaining seasonal staff who must remain available on call throughout the winter.
- Fuel: diesel for plow trucks, loaders, and spreaders, with consumption per event driven by lot size and the number of passes required.
- Salt: bulk rock salt, which the vendor purchases and stockpiles in advance of the season at pricing set by regional demand and delivery costs.
- Equipment and insurance: maintenance, blade and spreader replacement, and liability coverage.

A 5% increase across a full slate of buildings is consistent with the movement in these costs and does not indicate a change in the scope or level of service.

Comparison to the Other Bid Received

Even after the 5% adjustment, Arctic Snow Removal's 2026-27 rates remain below the pricing submitted by the other company that bid in all three service categories. For the five schools, the other company's pricing was higher by \$1,437 (23.1%) for snowfall of 1" to 8", by \$463 (5.1%) for snowfall of 8" or more, and by \$266 (10.7%) for salting only.

Rebidding Analysis

Administration reviewed whether rebidding the service for 2026-27 would be advantageous and concluded that it would not. The renewal increase is limited to 5%, tracks documented increases in labor, fuel, and salt costs, and leaves Arctic Snow Removal below the only other pricing the District received for this work, which was submitted in 2025-26. The labor, fuel, and salt increases driving the renewal apply across the market rather than to this vendor alone, so a new round of bids would be expected to come in at or above the proposed rates. A rebid would therefore be unlikely to produce a lower cost, and it would introduce risk: the process would need to be completed on a compressed timeline ahead of the season, the field of bidders in this market is limited, and awarding to a new vendor would mean losing the site knowledge Arctic Snow Removal has developed across the District's buildings.

Cost and Funding

Snow removal and salting are billed per occurrence, so total seasonal cost depends on the number and severity of winter events rather than a fixed contract amount. These costs are budgeted within the Operations and Maintenance Fund. As billing is event-driven, a heavier-than-average winter can produce spending above the budgeted amount; Administration monitors snow-related expenditures through the season and will report any unexpected increases to the Board.

Recommendation

Administration recommends that the Board approve the one-year renewal with Arctic Snow Removal for the 2026-27 snow season under the renewal provision of the existing agreement at the rates presented above, including service for the new Transportation Center, and authorize the Superintendent to execute the renewal agreement.

School Board

Committees ¹

The School Board may establish committees to assist with the Board's governance function and, in some situations, to comply with State law requirements. These committees are known as *Board committees* and report directly to the Board. Committee members may include both Board members and non-Board members depending on the committee's purpose. The Board President makes all Board committee appointments unless specifically stated otherwise.² Board committee meetings shall comply with the Open Meetings Act.³ A Board committee may not take final action on behalf of the Board – it may only make recommendations to the Board. ⁴

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

¹ State or federal law controls this policy's content in that some committees are required by State law, such as, Parent-Teacher Advisory Committee and Behavioral Interventions Committee. Board committees are *public bodies* for purposes of the Open Meetings Act (OMA) (5 ILCS 120/1.02) and the Freedom of Information Act (FOIA) (5 ILCS 140/2(a)).

A board must appoint or approve a Concussion Oversight Team and charge it with establishing protocols for return-to-play and return-to-learn for students who have suffered a concussion or head injury. Youth Sports Concussion Safety Act, 105 ILCS 5/22-80(d). As this is administrative/staff work rather than governance work, the best practice is to have the Concussion Oversight Team be an *administrative* committee, but consult the board attorney for guidance. Section 22-80(d) identifies who must be on each Concussion Oversight Team. A physician, to the extent possible, must be on the Team. If the school employs an athletic trainer and/or nurse, they must be on the Team to the extent practicable. The Team must include, at a minimum, one person who is responsible for implementing and complying with the return-to-play and return-to-learn protocols adopted by the Team. Other licensed health care professionals may be appointed to serve on the Team. See sample policy 7:305, *Student Athlete Concussions and Head Injuries*.

² Alternatively, strike the "unless" clause and substitute: "subject to Board approval." Be sure this treatment is consistent with policy 2:110, *Qualifications, Term, and Duties of Board Officers*.

³ OMA includes *committees* and *subcommittees* in its definition of *public body*. 5 ILCS 120/1.02. According to a binding opinion from the Public Access Counselor, a "committee of a public body is considered to be a separate public body for purposes of compliance with the requirements of OMA." PAO 13-2. This means that board committees must independently fulfill OMA's requirements. For example, a board committee must comply with notice and agenda requirements. Since board committees seldom meet regularly, compliance steps need careful planning. Board committees should plan for an efficient way to "approve the minutes of its open meeting within 30 days after that meeting or at [its] second subsequent regular meeting, whichever is later." 5 ILCS 120/2.06(b). The only exceptions are for: (1) the Performance Educational Review Act (PERA) joint committee (105 ILCS 5/24A-4(b)); (2) the Reduction In Force (RIF) joint committee (105 ILCS 5/24-12(c)); and (3) when a committee is engaged in collective bargaining negotiations, including negotiating team strategy sessions, or grievance arbitrations (115 ILCS 5/18). Board committees must also review their closed session minutes to determine if they still require confidential treatment or will be made available for public inspection. 5 ILCS 120/2.06(d), amended by P.A. 102-653. Committees that meet regularly, such as standing committees, must conduct this review every six months, or as soon after as is practicable, taking into account the nature and meeting schedule of the committee. Committees that are *ad hoc* in nature must review their closed session minutes six months from the date of the last review of the closed session minutes or at the next scheduled meeting of the committee, whichever is later. *Id.*

Sample policy 2:200, *Types of School Board Meetings*, designates the superintendent, on behalf of each board committee, to receive the mandatory training on OMA compliance required by 5 ILCS 120/1.05(a) and administered by the Ill. Attorney General's Public Access Counselor. See policies 2:200, *Types of School Board Meetings*, and 2:220, *School Board Meeting Procedure*, for meeting requirements and protocol. Every board member must also complete OMA training as required by 5 ILCS 120/1.05(b) and (c).

⁴ Additional committee guidelines may be added, such as:

Committees shall operate under the following guidelines:

- The Board President shall appoint no more than two Board members to serve on a committee.

Special Board Committees

A special committee may be created for specific purposes or to investigate special issues. A special committee is automatically dissolved after presenting its final report to the Board or at the Board's discretion.⁵

Standing Board Committees⁶

A standing committee is created for an indefinite term although its members will fluctuate. Standing committees are:

1. Board Policy Committee.⁷ This committee researches policy issues, and provides information and recommendations to the Board.
2. Parent-Teacher Advisory Committee.⁸ This committee assists in the development of student behavior policy and procedure, and provides information and recommendations to the Board. Its members are parents/guardians and teachers, and may include persons whose expertise or experience is needed. The committee reviews such issues as administering medication in the schools, reciprocal reporting between the School District and local law enforcement agencies regarding criminal and civil offenses committed by students, student discipline, disruptive classroom behavior, school bus safety procedures, and the dissemination of student conduct information.
3. Behavioral Interventions Committee.⁹ This committee develops and monitors procedures for using behavioral interventions in accordance with Board policy 7:230, *Misconduct by Students with Disabilities*, and provides information and recommendations to the Board. At the Board President's discretion, the Parent-Teacher Advisory Committee shall perform the duties assigned to the Behavioral Interventions Committee.

The footnotes are not intended to be part of the adopted policy; they should be removed before the policy is adopted.

- The President and the committee members shall establish the committee's meeting dates, time, and place.
- The Superintendent may attend all committee meetings.

⁵ A board may list examples as in the following option:

Examples of special committees include the following: (1) Committee to Evaluate Procurement of Architectural, Engineering, and Land Surveying Services (see sample administrative procedure 2:170-AP, *Qualification Based Selection*), and (2) Facility Naming Committee (see sample policy 4:150, *Facility Management and Building Programs*).

⁶ The board may create and list other standing committees, e.g., an audit committee as authorized by 105 ILCS 5/10-22.45. Be sure that the creation of a committee in this policy aligns with the policy concerning the applicable topic. If an audit committee is included here, a board may want to reference it in policy 4:80, *Accounting and Audits*, and vice-versa.

⁷ A board policy committee is optional; its creation is consistent with policy 2:240, *Board Policy Development*.

⁸ 105 ILCS 5/10-20.14 requires all districts to establish and maintain a parent-teacher advisory committee to develop, with the board, policy guidelines on student discipline. The parents on this committee, as well as other non-staff members, may not have access to student records unless the student cannot be identified or prior consent is obtained. 105 ILCS 10/6. The district's parent-teacher advisory committee must also: (1) in cooperation with local law enforcement agencies, develop guidelines for reciprocal reporting of criminal and civil offenses committed by students; and (2) in cooperation with school bus personnel, develop school bus safety procedures. 105 ILCS 5/10-20.14, amended by P.A. 104-430. Completion of the statutory requirements imposed on the Parent-Teacher Advisory Committee, as well as the Behavioral Interventions Committee, should be documented.

⁹ Boards must establish and maintain a behavioral interventions committee to develop procedures that reflect consideration of ISBE's guidelines on the use of behavioral interventions with students with disabilities. 105 ILCS 5/14-8.05(c). An alternative follows:

The Behavioral Interventions Committee, coordinated by the Executive Director of the Special Education Cooperative, develops and monitors procedures for using behavioral interventions in accordance with Board policy 7:230, *Misconduct by Students with Disabilities*. Committee reports and recommendations are made to the Board upon its request.

Nothing in this policy limits the authority of the Superintendent or designee to create and use committees that report to him or her or to other staff members. ¹⁰

Committee of the Whole: Consists of all members of the Board of Education. Gives detailed consideration to matters under conditions of freedom approximating those of other Board committees. May also meet for deliberations of Board of Education goals, strategy, and development. Any Board committee may request that its deliberations be conducted in Committee of the Whole. In this case, the chair of the requesting committee temporarily acts as the chair of the Committee of the Whole during discussion of the requesting committee's items. Also in this case, any required consensus is achieved by the Committee of the Whole.

Finance / Sites and Facilities Committee: Guides the District's budget development and management, and associated policies and processes. Reviews the monthly bills and Treasurer's reports. Studies recommendations for District spending. Reviews reports of building and grounds status recommendations for building improvements, upgrades, and repairs, and proposed expenditures on meeting mandated life-safety requirements. Reports to the Board of Education the results of analyses, studies, and discussion of recommended actions.

Policy Committee: To review current policy; to monitor the exercise of board policy; to recommend changes to board policy; to apprise the board of pending legislation and its affect; to be the communication link of the board with local, state, and national associations and other entities of government; and to develop recommended position statements regarding legislative action. Generally this committee meets monthly.

Community Engagement / Planning Committee: To serve as the communication link with constituents at large; to foster and encourage engagement of stakeholders in the discussion of key issues facing the District; to hear concerns and to integrate public input; to establish a representative public voice. The Committee may appoint members of the public to serve as "non-voting committee members" to temporarily assist in integrating public input as necessary. To encourage different viewpoints, the Committee will strive to include a representative cross-section of the District 26 community as non-voting committee members. Appointment of such members will require the approval of the Board, based on a recommendation of a majority of the Committee. Non-voting committee members will serve in an advisory capacity only, and will not vote on Committee resolutions. The length of the term of each such member will be at the discretion of the Committee, and will be based on the purpose of the appointment, but will not exceed one year. Community members interested in serving as non-voting committee members are encouraged to contact the Committee chairperson. Generally this Committee meets monthly.

Curriculum Committee: Reviews curriculum development process. Studies administration on curricular programs, instructional materials, and staff development. Reviews and reports to the Board on textbook selection list at least annually. Studies District and external information on academic performance. Reviews District curriculum alignment with District and Educational Philosophies. Advises the Board of Education of the results of analyses, studies, and discussion of recommended actions. Affords public input to the curriculum review process by actively seeking out broad stakeholder involvement and support including administrators, teacher, community members, parents and students. Conducts as annual Public Hearing on all curriculum areas and provides a report to the Board.

Ethics Commission: There is hereby created the Ethics Commission of the School District. The Ethics Commission shall consist of three (3) members: the President of the Board of Education, who shall serve as Chairman; another member of the Board; and a resident of the School District who is not a member of the Board, but who may be an administrator,

teacher, other employee, parent, or volunteer. Appointments of the two members other than the Chairman shall be made by the Board President with the approval of the Board. Appointments shall be made annually for one year terms within 30 days after the Board's organizational or regular April meeting. When the Commission considers complaints against the Board President or the Board President is unable to attend Commission meetings, the Vice President of the Board shall serve as Commission Chairman instead of the President. When the Commission considers a complaint against an appointment member or the appointed member is unable to attend Commission meetings, the Chairman shall appoint a temporary replacement member with the same qualification as the member who is temporarily replaced. Commission Members shall serve without additional compensation, but may receive reimbursements for the reasonable expenses actually incurred in the performance of their duties.

The Ethics Commission shall consider complaints of violations of this policy and shall have all the other powers and duties provided by law, including the power to promulgate rules governing the performance of its duties and the exercise of its powers. The District staff shall serve as the staff of the Commission under the direction of the Chairman, but subject to the supervision of the Board.

Members of the Ethics Commission can be found on the District 26 website.

No final Board action will be taken at a closed meeting.

Reconvened or Rescheduled Meetings

A meeting may be rescheduled or reconvened. Public notice of a rescheduled or reconvened meeting shall be given in the same manner as that for a special meeting, except that no public notice is required when the original meeting is open to the public and: (1) is to be reconvened within 24 hours, or (2) an announcement of the time and place of the reconvened meeting was made at the original meeting and there is no change in the agenda.

Public notice of a special meeting is given by posting a notice at the District's main office and the location where the meeting is to be held at least 48 hours before the meeting and by notifying the news media that have filed a written request for notice. SECTION 2 - BOARD OF EDUCATION

2:220 Board of Education Meeting Procedure

Agenda

The Board of Education President is responsible for focusing the Board meeting agendas on appropriate content. The Superintendent shall prepare agendas in consultation with the Board President. The President shall designate a portion of the agenda as a consent agenda for those items that usually do not require extensive discussion before Board action. Upon the request of any Board member, an item will be withdrawn from the consent agenda and placed on the regular agenda for independent consideration.

Each Board meeting agenda shall contain the general subject matter of any item that will be the subject of final action at the meeting. Any Board member may submit suggested agenda items to the Board President for his or her consideration for an upcoming meeting. District residents may suggest inclusions for the agenda during public comment. Discussion items suggested by District residents may be added to a future agenda upon unanimous approval of those Board members present. The Board will take final action only on items contained in the posted agenda; items not on the agenda may still be discussed.

The Superintendent or designee shall provide a copy of the agenda, with adequate data and background information, to each Board member at least 48 hours before each meeting, except a meeting held in the event of an emergency. The meeting agenda shall be posted in accordance with Board policy 2:200, *Types of Board of Education Meetings*.

The Board President shall determine the order of business at regular Board meetings. Upon consent of a majority of members present, the order of business at any meeting may be changed.

Voting Method

Unless otherwise provided by law, when a vote is taken upon any measure before the Board, with a quorum being present, a majority of the votes cast shall determine its outcome. A vote of *abstain* or *present*, or a vote other than *yea* or *nay*, or a failure to vote, is counted for the purposes of determining whether a quorum is present. A vote of *abstain* or *present*, or a vote other than *yea* or *nay*, or a failure to vote, however, is not counted in determining whether a measure has been passed by the Board, unless otherwise stated in law. The sequence for casting votes is rotated.

The Board shall take a roll call vote on all matters requiring its action, including but not limited to, all questions involving the expenditure of money and all questions involving the

closing of a meeting to the public.

Any Board member may include a written explanation of his or her vote in the District file containing individual Board member statements; the explanation will not be part of the minutes.

Minutes

The Board Secretary shall keep written minutes of all Board meetings (whether open or closed), which shall be signed by the President and the Secretary. The minutes include:

1. The meeting's date, time, and place;
2. Board members recorded as either present or absent;
3. A summary of the discussion on all matters proposed, deliberated, or decided, and a record of any votes taken;
4. On all matters requiring a roll call vote, a record of who voted *yea* and *nay*;
5. If the meeting is adjourned to another date, the time and place of the adjourned meeting;
6. The vote of each member present when a vote is taken to hold a closed meeting or portion of a meeting, and the reason for the closed meeting with a citation to the specific exception contained in the Open Meetings Act (OMA) authorizing the closed meeting;
7. A record of all motions, including individuals making and seconding motions;
8. Upon request by a Board member, a record of how he or she voted on a particular motion; and
9. The type of meeting, including any notices and, if a reconvened meeting, the original meeting's date.

The minutes shall be submitted to the Board for approval or modification at its next regularly scheduled open meeting. Minutes for open meetings must be approved within 30 days after the meeting or at the second subsequent regular meeting, whichever is later.

Every six months, or as soon after as is practicable, in an open meeting, the Board: (1) reviews minutes from all closed meetings that are currently unavailable for public release, and (2) determines which, if any, no longer require confidential treatment and are available for public inspection. This is also referred to as a *semi-annual review*. The Board may meet in a prior closed session to review the minutes from closed meetings that are currently unavailable for public release, but it reports its determination in open session.

The Board's meeting minutes must be submitted to the Board Treasurer at such times as the Treasurer may require.

The official minutes are in the custody of the Board Secretary. Open meeting minutes are available for inspection during regular office hours within 10 days after the Board's approval; they may be inspected in the District's main office, in the presence of the Secretary, the Superintendent or designee, or any Board member.

Minutes from closed meetings are likewise available, but only if the Board has released them for public inspection, except that Board members may access closed session minutes not yet released for public inspection (1) in the District's administrative offices or their official storage location, and (2) in the presence of the Recording Secretary, the Superintendent or designated administrator, or any elected Board member. The minutes, whether reviewed by members of the public or the Board, shall not be removed from the District's administrative offices or their official storage location except by vote of the Board or by court order.

The Board's open meeting minutes shall be posted on the District website within ten days after the Board approves them; the minutes will remain posted for at least 60 days.

Verbatim Record of Closed Meetings

The Superintendent, or the Board Secretary when the Superintendent is absent, shall audio record all closed meetings. If neither is present, the Board President or presiding officer shall assume this responsibility. After the closed meeting, the person making the audio recording shall label the recording with the date and store it in a secure location. The Superintendent shall ensure that: (1) an audio recording device and all necessary accompanying items are available to the Board for every closed meeting, and (2) a secure location for storing closed meeting audio recordings is maintained close to the Board's regular meeting location.

After 18 months have passed since being made, the audio recording of a closed meeting is destroyed provided the Board approved: (1) its destruction, and (2) minutes of the particular closed meeting.

Individual Board members may access verbatim recordings in the presence of the Recording Secretary, the Superintendent or designated administrator, or any elected Board member. Access to the verbatim recordings is available at the District's administrative offices or the verbatim recording's official storage location. Requests shall be made to the Superintendent or Board President. While a Board member is listening to a verbatim recording, it shall not be re-recorded or removed from the District's main office or official storage location, except by vote of the Board or by court order.

Before making such requests, Board members should consider whether such requests are germane to their responsibilities, service to District, and/or Oath of Office in policy 2:80, *Board Member Oath and Conduct*. In the interest of encouraging free and open expression by Board members during closed meetings, the recordings of closed meetings should not be

used by Board members to confirm or dispute the accuracy of recollections.

Quorum and Participation by Audio or Video Means

A quorum of the Board must be physically present at all Board meetings. A majority of the full membership of the Board constitutes a quorum.

Provided a quorum is physically present, a Board member may attend a meeting by video or audio conference if he or she is prevented from physically attending because of: (1) personal illness or disability, (2) employment or District business, (3) a family or other emergency, (4) unexpected childcare obligations, or (5) performance of *active military duty* as a *service member*. If a member wishes to attend a meeting by video or audio means, he or she must notify the Superintendent or designee at least 2 hours before the meeting unless advance notice is impractical. The Superintendent or designee will inform the Board President and make appropriate arrangements. A Board member who attends a meeting by audio or video means, as provided in this policy, may participate in all aspects of the Board meeting including voting on any item.

No Physical Presence of Quorum and Participation by Audio or Video; Disaster Declaration

The ability of the Board to meet in person with a quorum physically present at its meeting location may be affected by the Governor or the Director of the Ill. Dept. of Public Health issuing a disaster declaration related to a public health emergency. The Board President or, if the office is vacant or the President is absent or unable to perform the office's duties, the Vice President determines that an in-person meeting or a meeting conducted under the **Quorum and Participation by Audio or Video Means** subhead above, is not practical or prudent because of the disaster declaration; if neither the President nor Vice President are present or able to perform this determination, the Superintendent shall serve as the duly authorized designee for purposes of making this determination. The individual who makes this determination for the Board shall put it in writing, include it on the Board's published notice and agenda for the audio or video meeting and in the meeting minutes, and ensure that the Board meets every OMA requirement for the Board to meet by video or audio conference without the physical presence of a quorum.

Live Streaming and Video Recording of Board Meetings

To provide access to Board of Education meetings, the District will live stream Regular Board of Education Committee Meetings, Regular Board Meetings, and Special or Emergency Board Meetings. A link to video recordings of each Board meeting will be posted to the District's website within 48 hours of the actual meeting when possible. A link to the recordings shall remain posted on the District's website for a minimum of 18 months following the actual meeting. The District will not be required to maintain the video records in

archive longer than the 18 months which the videos are being posted.

The Board-approved written minutes will continue to be the official record of the meeting. The video recording of any Board Meeting produced by the District is the exclusive property of the District to be used at the Board's discretion and may not be reproduced, redistributed, or re-broadcasted without administration approval. While it is the Board's intent to broadcast video recorded Board meetings in their entirety, the Board, at its discretion, may discontinue the video recording at any time if the video recording becomes impractical due to equipment malfunction, operator unavailability, or if the video recording is creating any impediment to conducting the meeting in an orderly fashion. The Board meeting shall continue pursuant to Board Policy and Open Meeting Act requirements.

The agenda for each Board Meeting shall contain a notification that all or a portion of the meeting is being video recorded for purpose of public broadcast. At the discretion of the Board, the broadcast of a particular Board Meeting may contain a notification disclaiming responsibility for statements made by those in attendance at the meeting.

Rules of Order

Unless State law or Board-adopted rules apply, the Board President, as the presiding officer, will use the most recent edition of Robert's Rules of Order Newly Revised, as a guide when a question arises concerning procedure.

Broadcasting and Recording Board Meetings

Any person may record or broadcast an open Board meeting. Special requests to facilitate recording or broadcasting an open Board meeting, such as seating, writing surfaces, lighting, and access to electrical power, should be directed to the Superintendent at least 24 hours before the meeting.

Recording meetings shall not distract or disturb Board members, other meeting participants, or members of the public. The Board President may designate a location for recording equipment, may restrict the movements of individuals who are using recording equipment, or may take such other steps as are deemed necessary to preserve decorum and facilitate the meeting.

SECTION 7 - STUDENTS

7:180 Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, physical appearance, socioeconomic status, academic status, pregnancy, parenting status, homelessness, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, order of protection status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school-related activity, function, or program.

Definitions from [105 ILCS 5/22-110](#)

Artificial intelligence means a machine-based system that, for explicit or implicit objectives, infers, from the input it receives, how to generate outputs such as predictions, content, recommendations, or decisions that can influence physical or virtual environments. *Artificial intelligence* includes generative artificial intelligence.

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, posting or distributing sexually explicit images, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. *Cyberbullying* includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of *bullying*. *Cyberbullying* also includes the posting or distribution of an unauthorized digital replica by electronic means if the posting or distribution creates any of the effects enumerated in the definition of *bullying*.

Digital replica means a newly created, electronic representation of the identity of an actual individual created using a computer, algorithm, software, tool, artificial intelligence, or other technology that is fixed in a sound recording or audiovisual work in which that individual did not actually perform or appear and that is so realistic that a reasonable observer would believe it is a performance by the individual being portrayed and no other individual.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school, and (vii) increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the Ill. Human Rights Act.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

Unauthorized digital replica means the use of a digital replica of an individual without the consent of the depicted individual.

Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District's goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below.

1. The District uses the definition of *bullying* as provided in this policy.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District's bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the [First Amendment to the U.S. Constitution](#) or under [Section 3 of Article I of the Illinois Constitution](#).
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Title IX Coordinator, Building Principal, Assistant Building Principal, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. As appropriate, the school's administration shall also discuss the availability of social work services, counseling, school psychological services, other interventions, and restorative measures. The school shall make diligent efforts to notify a parent or legal guardian, utilizing all contact information the school has available or that can be reasonably obtained within the 24-hour period.
5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:
 - a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident.
 - b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed

appropriate, in the investigation process.

- c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received.
- d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District's jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

- 6. The Superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

- 8. A student will not be punished for reporting bullying or supplying information, even if the District's investigation concludes that no bullying occurred. However, a person who is found to have falsely accused another of bullying, as a means of retaliation, as a means of bullying, or provided false information will be treated as either: (a) *bullying*, (b) student discipline up to and including suspension and/or expulsion, and/or (c) both (a) and (b) for purposes of determining any consequences or other appropriate remedial actions.
- 9. The District's bullying prevention and response plan is based on the engagement of a range of school stakeholders, including students and parents/guardians.
- 10. The Superintendent or designee shall post this policy on the District's publicly accessible website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
- 11. Pursuant to State law and Board policy 2:240, *Board Policy Development*, the Board

monitors this policy every two years by conducting a review and re-evaluation of this policy to make any necessary and appropriate revisions. - b. Student, staff, and family observations of safety at a school;
- c. Identification of areas of a school where bullying occurs;
- d. The types of bullying utilized; and
- e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. Acceptable documentation to satisfy the re-evaluated policy submission include one of the following:

1. An updated version of the policy with the amendment/modification date specifying the date of adoption (indicated by month, date, and year) included in the reference portion of the policy;
2. If no revisions are deemed necessary, a copy of Board minutes indicating that the policy was re-evaluated and no changes were deemed to be necessary; or
3. A signed statement from the Board President indicating that the Board re-evaluated the policy and no changes to it were necessary.

The Superintendent or designee must post the information developed as a result of the policy re-evaluation on the District's website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students. Reviews and re-evaluations in years they are due must be submitted to ISBE by September 30.
