The committee agreed that all of these policy updates will be recommended to the Board for first reading at the August 11, 2025, board meeting.

Review of Policy 7:190 Student Behavior/Cell Phone Provisions

The committee discussed the District's student cell phone policy. The current policy requires students to have cell phones silent and out of sight during the school day (including passing periods and lunch), but it has been difficult to enforce when students are still carrying phones with them throughout the day. The committee rejected the option to place phones in pouches or pockets within classrooms due to concerns about the possibility of theft and adding additional responsibility for teachers. Regarding concerns about parents reaching their children during the school day or in an emergency, it was noted that schools can encourage parents to call the office to relay messages to students, and encourage students to seek out adults (school nurse, counselor, administrator, etc.) first before calling home. Students can also call parents from the office. During a crisis situation or lockdown, first responders want students to be listening and following directions from their teachers, not relaying or receiving unsubstantiated information. Every classroom also has a phone.

The committee recommends that the policy be amended to require phones to be left in lockers (or in backpacks in their designated storage area) during the school day. The policy will extend to other personal electronic devices (such as smartwatches) if they interfere with the educational process. The committee will review the policy in six months, including feedback from staff and administrators. The draft policy language will be shared with the Board in its weekly update, and included as an action item on the August 11, 2025 board agenda so that it can be implemented from the beginning of the school year.

SECTION 2 - BOARD OF EDUCATION

2:230 Public Participation at Board of Education Meetings and Petitions to the Board

During each regular and special open meeting of the Board of Education or Board Committee, any person may comment to or ask questions of the School Board (public participation), subject to the reasonable constraints established and recorded in this policy's guidelines below.[C1] The Board listens to comments or questions during public participation; responses to comments to or questions of the Board are most often managed through policy 3:30, *Chain of Command*.

To preserve sufficient time for the Board to conduct its business, any person appearing before the Board is expected to follow these guidelines:

1. Address the Board only at the appropriate time as indicated on the agenda and when recognized by the Board President. This includes following the directives of the Board President to maintain order and decorum for all.
2. Use a sign-in system, if requested.
3. Identify oneself and be brief. Ordinarily, the time for any one person to address the Board during public participation shall be limited to three minutes. In unusual extenuating circumstances, e.g., to accommodate a person's disability or language interpreter, and when an individual has made a request to speak for a longer period of time, the Board President may allow a person to speak for more than three minutes. If multiple individuals wish to address the Board on the same subject, the group is encouraged to appoint a spokesperson.
4. Observe, when necessary and appropriate, the Board President's authority to:
    a. Shorten the time for each person to address the Board during public participation to conserve time and give the maximum number of people an opportunity to speak; and/or
    b. Determine procedural matters regarding public participation not otherwise covered in Board policy.
5. Conduct oneself with respect and civility toward others and otherwise abide by Board

policy 8:30, Visitors to and Conduct on School Property.

Petitions or written correspondence to the Board shall be presented to the Board in the next regular Board packet.

The School Board also encourages citizens to be informed of Board deliberations and to bring to the attention of the Board additional information, viewpoints or issues. The Board shall provide multiple opportunities for exchange of information and contribution to the Board's decision-making process. Those opportunities may include:

1. Communication in any form, written or electronic, to the Board or individual Board members. All such communications are listed in the Board agenda and shared with the Superintendent and all Board members. A copy of any response by a Board member shall be forwarded to the Board Secretary. Citizen communications in any form received after the posting of the Board agenda will be placed on the subsequent Board agenda. Communications from employees who are also citizens and have specified that they are communicating as a citizen will be handled as described above. All other communications from employees will be handled in the manner described in Policy 2:140, *Communications To and From the Board*.
2. A citizen's written request to have a matter placed on the Board agenda. Such matter may be placed on the Board agenda at the discretion of the Superintendent or any individual Board member.
3. Public comment at all open meetings, in compliance with Policy 2:140, *Communications To and From the Board*.
4. Special meetings, portions of meetings or hearings for the purpose of receiving comments from the community on specific issues or topics of discussion. The Board President or committee chair shall have authority to determine procedural matters regarding public participation not otherwise in Board policy, including time limitations when appropriate.
5. Other opportunities as scheduled from time to time with the School Board.

5:240 Suspension

Suspension Without Pay

The Board of Education may suspend a professional employee[C1] without pay: (1) ~~a professional employee~~ pending a dismissal hearing, or (2) ~~a teacher~~ as a disciplinary measure for up to 30 employment days for misconduct that is detrimental to the ~~School~~ District. A *professional employee* means a non-administrator employee who holds a professional educator license. Administrative staff members may not be suspended without pay as a disciplinary measure.

Misconduct that is detrimental to the School District includes:

- Insubordination, including any failure to follow an oral or written directive from a supervisor;
- Violation of Board policy or Administrative Procedure;
- Conduct that disrupts or may disrupt the educational program or process;
- Conduct that violates any State or federal law that relates to the employee's duties; and
- Other sufficient causes.

The Superintendent or designee is authorized to issue a pre-suspension notification to a professional employee. This notification shall include the length and reason for the suspension as well as the deadline for the employee to exercise his or her right to appeal the suspension to the Board or Board-appointed hearing examiner before it is imposed. At the request of the professional employee made within five calendar days of receipt of a pre-suspension notification, the Board or Board-appointed hearing examiner will conduct a pre-suspension hearing. The Board or its designee shall notify the professional employee of the date and time of the hearing. At the pre-suspension hearing, the professional employee or his/her representative may present evidence. If the employee does not appeal the pre-suspension notification, the Superintendent or designee shall report the action to the Board at its next regularly scheduled meeting.

Suspension With Pay

The Board or Superintendent or designee may suspend a professional employee with pay: (1) during an investigation into allegations of disobedience or misconduct whenever the employee's continued presence in his or her position would not be in the School District's best interests, (2) as a disciplinary measure for misconduct that is detrimental to the School District as defined above, or (3) pending a Board hearing to suspend a professional employee~~teacher~~ without pay.

The Superintendent shall meet with the employee to present the allegations and give the employee an opportunity to refute the charges. The employee will be told the dates and times the suspension will begin and end.

Employees Under Investigation by Illinois Dept. of Children and Family Services (DCFS)

Upon receipt of a DCFS recommendation that the District remove an employee from his or her position when he or she is the subject of a pending DCFS investigation ~~that relates to his or her employment with the District~~,[C2] the Board or Superintendent or designee, in consultation with the Board Attorney, will determine whether to:

1. Let the employee remain in his or her position pending the outcome of the investigation; or
2. Remove the employee as recommended by DCFS, proceeding with:

    a. A suspension with pay; or
    b. A suspension without pay.

Repayment of Compensation and Benefits

If a professional employee is suspended with pay, either voluntarily or involuntarily, pending the outcome of a criminal investigation or prosecution, and the employee is later dismissed as a result of his or her criminal conviction, then the employee must repay to the District all compensation and the value of all benefits received by him or her during the suspension. The Superintendent will notify the employee of this requirement when the employee is suspended.

The Board of Education establishes District administrative and supervisory positions in accordance with the District's needs and State law. This policy applies to all administrators other than the Superintendent, including without limitation, Building Principals. The general duties and authority of each administrative or supervisory position are approved by the Board, upon the Superintendent's recommendation, and contained in the respective position's job description. In the event of a conflict, State law and/or the administrator's employment agreement shall control.

Qualifications

All administrative personnel shall be appropriately licensed and shall meet all applicable requirements contained in State law and Illinois State Board of Education rules.

Evaluation

The Superintendent or designee shall evaluate all administrative personnel and make employment and salary recommendations to the Board.

Administrators shall annually present evidence to the Superintendent of professional growth through attendance at educational conferences, additional schooling, in-service training, and Illinois Administrators' Academy courses, or through other means as approved by the Superintendent.

Administrative Work Year

The work year for administrators shall be the same as the District's fiscal year, July 1 through June 30, unless otherwise stated in the employment agreement. In addition to legal holidays, administrators shall have vacation periods as approved by the Superintendent, unless otherwise stated in the employment agreement. All administrators shall be available for work when their services are necessary.

Compensation and Benefits

The Board and each administrator shall enter into an employment agreement that complies with Board policy and State law. The terms of an individual employment contract, when in conflict with this policy, will control.

The Board will consider the Superintendent's recommendations when setting compensation for individual administrators. These recommendations should be presented to the Board no later than the March Board meeting or at such earlier time that will allow the Board to consider contract renewal and nonrenewal issues.

Unless stated otherwise in individual employment contracts, all benefits and leaves of absence available to teaching personnel are available to administrative personnel.

Persons Prohibited on School Property without Prior Permission[C1]

State law prohibits a child sex offender from being present on school property or loitering within 500 feet of school property when persons under the age of 18 are present, unless the offender meets either of the following two exceptions:

1. The offender is a parent/guardian of a student attending the school and has notified the Building Principal of his or her presence at the school for the purpose of: (i) attending a conference with school personnel to discuss the progress of his or her child academically or socially, (ii) participating in child review conferences in which evaluation and placement decisions may be made with respect to his or her child regarding special education services, or (iii) attending conferences to discuss other student issues concerning his or her child such as retention and promotion; or
2. The offender received permission to be present from the Board of Education, Superintendent, or Superintendent's designee. If permission is granted, the Superintendent or Board President shall provide the details of the offender's upcoming visit to the Building Principal.

In all cases, the Superintendent or designee shall supervise a child sex offender whenever the offender is in a child's vicinity. If a student is a sex offender, the Superintendent or designee shall develop guidelines for managing his or her presence in school.

Screening

The Superintendent or designee shall perform fingerprint-based criminal history records information checks and/or screenings required by State law or Board policy for employees; student teachers; students doing field or clinical experience other than student teaching; contractors' employees who have direct, daily contact with one or more children; and resource persons and volunteers. The Board President shall ensure that these checks are completed for the Superintendent. He or she shall take appropriate action based on the result of any criminal background check and/or screen.

Notification to Parents/Guardians

The Superintendent shall develop procedures for the distribution and use of information from law enforcement officials under the Sex Offender Community Notification Law and the Murderer and Violent Offender Against Youth Community Notification Law. The Superintendent or designee shall serve as the District contact person for purposes of these laws. The Superintendent and Building Principal shall manage a process for schools to notify the parents/guardians during school registration that information about sex offenders is available to the public as provided in the Sex Offender Community Notification Law. 5:185 Family and Medical Leave

Please refer to the applicable collective bargaining agreement(s).

For employees not covered by a current applicable bargaining agreement:

Leave Description[C1]

An eligible employee may use unpaid family and medical leave (FMLA leave), guaranteed by the federal Family and Medical Leave Act. The U.S. Department of Labor's rules (federal rules) implementing FMLA, as they may be amended from time to time, control FMLA leave.

An eligible employee may take FMLA leave for up to a combined total of 12 weeks each year, on a rolling 12-month period measured backward from the date the employee uses any FMLA leave so that the remaining leave entitlement is the balance of the 12 weeks that has not been used during the immediately preceding 12 months.

During a single 12-month period, an eligible employee's FMLA leave entitlement may be extended to a total of 26 weeks of unpaid leave to care for a covered servicemember (defined in the federal rules) with a serious injury or illness. The "single 12-month period" is measured forward from the date the employee's first FMLA leave to care for the covered servicemember begins.

While FMLA leave is normally unpaid, the District will substitute an employee's accrued compensatory time-off and/or paid leave for unpaid FMLA leave, provided such leave is available for use in accordance with Board policies and rules. In addition, all policies and rules regarding the use of paid leave apply when paid leave is substituted for unpaid FMLA leave. Any substitution of paid leave for unpaid FMLA leave will count against the employee's FMLA leave entitlement. Use of FMLA leave shall not preclude the use of other applicable unpaid leave that will extend the employee's leave beyond 12 weeks, provided that the use of FMLA leave shall not serve to extend such other unpaid leave. Any full workweek period during which the employee would not have been required to work, including summer break, winter break and spring break, is not counted against the employee's FMLA leave entitlement.

FMLA leave is available in one or more of the following instances:

1. The birth and first-year care of a son or daughter.
2. The adoption or foster placement of a son or daughter, including absences from work that are necessary for the adoption or foster care to proceed and expiring at the end of the 12-month period beginning on the placement date.
3. The serious health condition of an employee's spouse, child, or parent.
4. The employee's own serious health condition that makes the employee unable to perform the functions of his or her job.
5. The existence of a qualifying exigency arising out of the fact that the employee's spouse, child, or parent is a military member on covered active duty or has been notified of an impending call or order to active duty, as provided by federal rules.
6. To care for the employee's spouse, child, parent, or next of kin who is a covered servicemember with a serious injury or illness, as provided by federal rules.

If spouses are employed by the District, they may together take only 12-weeks for FMLA leaves when the reason for the leave is 1 or 2, above, or to care for a parent with a serious health condition, or a combined total of 26 weeks for item 6 above.

An employee may be permitted to work on an intermittent or reduced-leave schedule in accordance with federal rules.

Eligibility

To be eligible for FMLA leave, both of the following provisions must describe the employee:

1. The employee is employed at a worksite where at least 50 employees are employed within 75 miles; and
2. The employee has been employed by the District for at least 12 months and has been employed for at least 1,000 hours of service during the 12-month period immediately before the beginning of the leave. The 12 months an employee must have been employed by the District need not be consecutive. However, the District will not consider any period of previous employment that occurred more than 7 years before the date of the most recent hiring, except when the service break is due to fulfillment of a covered service obligation under the employee's Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. 4301, *et seq*., or when a written agreement exists concerning the District's intention to rehire the employee.

Requesting Leave

If the need for the FMLA leave is foreseeable, an employee must provide the Superintendent or designee with at least 30 days' advance notice before the leave is to begin. If 30 days' advance notice is not practicable, the notice must be given as soon as practicable. The employee shall make a reasonable effort to schedule a planned medical treatment so as not to disrupt the District's operations, subject to the approval of the health care provider administering the treatment. The employee shall provide at least verbal notice sufficient to make the Superintendent or designee aware that he or she needs FMLA leave, and the anticipated timing and duration of the leave. Failure to give the required notice for a foreseeable leave may result in a delay in granting the requested leave until at least 30 days after the date the employee provides notice.

Certification

Within 15 calendar days after the Superintendent or designee makes a request for certification for a FMLA leave, an employee must provide one of the following:

1. When the leave is to care for the employee's covered family member with a serious health condition, the employee must provide a complete and sufficient certificate signed by the family member's health care provider.
2. When the leave is due to the employee's own serious health condition, the employee must provide a complete and sufficient certificate signed by the employee's health care provider.
3. When the leave is to care for a covered servicemember with a serious illness or injury, the employee must provide a complete and sufficient certificate signed by an authorized health care provider for the covered servicemember.
4. When the leave is because of a qualified exigency, the employee must provide: (a) a copy of the covered military member's active duty orders or other documentation issued by the military indicating that the military member is on active duty or call to active duty status, and the dates of the covered military member's active duty service, and (b) a statement or description, signed by the employee, of appropriate facts regarding the qualifying exigency for which FMLA leave is requested.

The District may require an employee to obtain a second and third opinion at its expense when it has reason to doubt the validity of a medical certification.

The District may require recertification at reasonable intervals, but not more often than once every 30 days. Regardless of the length of time since the last request, the District may request recertification when the, (1) employee requests a leave extension, (2) circumstances described by the original certification change significantly, or (3) District receives information that casts doubt upon the continuing validity of the original certification. Recertification is at the employee's expense and must be provided to the District within 15 calendar days after

the request. The District may request recertification every six months in connection with any absence by an employee needing an intermittent or reduced schedule leave for conditions with a duration in excess of six months.

Failure to furnish a complete and sufficient certification on forms provided by the District may result in a denial of the leave request.

Continuation of Health Benefits

During FMLA leave, employees are entitled to continuation of health benefits that would have been provided if they were working. Any share of health plan premiums being paid by the employee before taking the leave, must continue to be paid by the employee during the FMLA leave. A District's obligation to maintain health insurance coverage ceases if an employee's premium payment is more than 30 days late and the District notifies the employee at least 15 days before coverage will cease.

Changed Circumstances and Intent to Return

An employee must provide the Superintendent or designee reasonable notice of changed circumstances (i.e., within two business days if the changed circumstances are foreseeable) that will alter the duration of the FMLA leave. The Superintendent or designee, taking into consideration all of the relevant facts and circumstances related to an individual's leave situation, may ask an employee who has been on FMLA leave for eight consecutive weeks whether he or she intends to return to work.

Return to Work

If returning from FMLA leave occasioned by the employee's own serious health condition, the employee is required to obtain and present certification from the employee's health care provider that he or she is able to resume work.

An employee returning from FMLA leave will be given an equivalent position to his or her position before the leave, subject to: (1) permissible limitations the District may impose as provided in the FMLA or implementing regulations, and (2) the District's reassignment policies and practices.

Classroom teachers may be required to wait to return to work until the next semester in certain situations as provided by the FMLA regulations.

Implementation

The Superintendent or designee shall ensure that: (1) all required notices and responses to leave requests are provided to employees in accordance with the FMLA; and (2) this policy

is implemented in accordance with the FMLA. In the event of a conflict between the policy and the FMLA or its regulations, the latter shall control. The terms used in this policy shall be defined as in the FMLA regulations.

SECTION 7 - STUDENTS

7:30 Student Assignment and Intra-District Transfer

Attendance Areas[C1]

The School District is divided into school attendance areas. The Superintendent will:

1. Review the boundary lines annually and recommend to the Board of Education any changes or revisions for existing units.

The Superintendent or designee shall maintain a map of the District showing current school attendance areas. All records pertaining to the creation, alteration, or revision of attendance units are open to the public. Students living in a given school attendance area will be assigned to that school. Homeless children shall be assigned according to policy 6:140, *Education of Homeless Children*.

Transfers within the District

A student's parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. All requests for intra-district transfers to an attendance center different from the resident attendance center shall be made in writing to the Superintendent during the school year immediately preceding the year of attendance requested, and should be submitted prior to April 1 for full consideration.

Approval by District 58 for a middle school intra-District transfer sets no precedence for a similar transfer within District 99. District 99 sets its own policy regarding intradistrict transfers. No decision will be made until the registration of students has been completed.

In August and no later than the day prior to the first day of school, the administrative staff will use the following criteria to determine if a transfer will be permitted: 1. The superintendent and building principal shall consider extraordinary circumstances when considering a transfer request. The Superintendent or designee may, at his/her discretion, approve a transfer request under extraordinary circumstances. 2. The decision at the middle school level will be at the discretion of the superintendent and building principal after an examination of class sizes in all requested subject areas is completed. 3. Transportation to

and from attendance centers different from the resident attendance center shall be the sole responsibility of the parent/guardian. 4. Additional procedures for intra-district transfer related to optional and/or specialized programs of the District may be developed and shall prevail.

Upon approval for an intra-district transfer, the following conditions apply: 1. For intra-district transfers approved prior to March 1, 2019, the intra-district transfer approval shall remain in effect throughout subsequent years of attendance in the District for that student in that school. 2. For intra-district transfers approved on or after March 1, 2019, the intra-district transfer approval shall remain in effect throughout the school year for which the transfer was approved. For each subsequent year, the family must submit to the Superintendent a written request for intra-district transfer for the subsequent year of attendance. Approval for subsequent years of attendance will be considered in accordance with this policy. 3. An intra-district transfer approved at the elementary school level sets no precedent for a similar transfer at the middle school level. 4. An intra-district transfer approved for one child within a family sets no precedent for approval of a similar intra-district transfer for sibling(s). 5. The child may transfer back to his/her resident school, as designated by attendance area regulations, at any time. In cases when students transfer to another District 58 school from their resident school for circumstances related to optional programs, the procedure outlined for enrollment in that optional program shall prevail. 6. Upon approval for an intra-district transfer, the student's serving school will be designated as the home school for the school year approved. 7. If the student returns to his/her resident school, as designated by attendance area regulations, any future requests for transfer will be determined in accordance with the intra-district transfer policy guidelines.

Under extraordinary circumstances the Superintendent or designee may, at his/her discretion, modify enrollment limitations on a case by case basis. The decision of the Superintendent or designee shall be final.

SECTION 7 - STUDENTS

7:345 Use of Educational Technologies; Student Data Privacy and Security

Educational technologies used in the District shall further the objectives of the District's educational program, as set forth in Board policy 6:10, *Educational Philosophy and Objectives*, align with the curriculum criteria in policy 6:40, *Curriculum Development*, and/or support efficient District operations. The Superintendent shall ensure that the use of educational technologies in the District meets the above criteria.[C1]

The District and/or vendors under its control may need to collect and maintain data that personally identifies students in order to use certain educational technologies for the benefit of student learning or District operations.

Federal and State law govern the protection of student data, including school student records and/or *covered information*. The sale, rental, lease, or trading of any school student records or covered information by the District is prohibited. Protecting such information is important for legal compliance, District operations, and maintaining the trust of District stakeholders, including parents, students and staff.

Definitions

Covered information means personally identifiable information (PII) or information linked to PII in any media or format that is not publicly available and is any of the following: (1) created by or provided to an operator by a student or the student's parent/guardian in the course of the student's or parent/guardian's use of the operator's site, service or application; (2) created by or provided to an operator by an employee or agent of the District; or (3) gathered by an operator through the operation of its site, service, or application.

Operators are entities (such as educational technology vendors) that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes.

Breach means the unauthorized acquisition of computerized data that compromises the security, confidentiality or integrity of covered information maintained by an operator or the District.

Operator Contracts

The Superintendent or designee designates which District employees are authorized to enter into written agreements with operators for those contracts that do not require separate Board approval. Contracts between the Board and operators shall be entered into in accordance with State law and Board policy 4:60, *Purchases and Contracts,* and shall include any specific provisions required by State law.

Security Standards

The Superintendent or designee shall ensure the District implements and maintains reasonable security procedures and practices that otherwise meet or exceed industry standards designed to protect covered information from unauthorized access, destruction, use, modification, or disclosure. In the event the District receives notice from an operator of a breach or has determined a breach has occurred, the Superintendent or designee shall also ensure that the District provides any breach notifications required by State law.

SECTION 7 - STUDENTS

7:30 Student Assignment and Intra-District Transfer

Attendance Areas

The School District is divided into school attendance areas. The Superintendent will:

1. Review the boundary lines annually and recommend to the Board of Education any changes or revisions for existing units.

The Superintendent or designee shall maintain a map of the District showing current school attendance areas. All records pertaining to the creation, alteration, or revision of attendance units are open to the public. Students living in a given school attendance area will be assigned to that school. Homeless children shall be assigned according to policy 6:140, *Education of Homeless Children*.

Transfers within the District

A student's parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. All requests for intra-district transfers to an attendance center different from the resident attendance center shall be made in writing to the Superintendent during the school year immediately preceding the year of attendance requested, and should be submitted prior to April 1 for full consideration.

Approval by District 58 for a middle school intra-District transfer sets no precedence for a similar transfer within District 99. District 99 sets its own policy regarding intradistrict transfers. No decision will be made until the registration of students has been completed.

In August and no later than the day prior to the first day of school, the administrative staff will use the following criteria to determine if a transfer will be permitted: 1. The superintendent and building principal shall consider extraordinary circumstances when considering a transfer request. The Superintendent or designee may, at his/her discretion, approve a transfer request under extraordinary circumstances. 2. The decision at the middle school level will be at the discretion of the superintendent and building principal after an examination of class sizes in all requested subject areas is completed. 3. Transportation to and from attendance centers different from the resident attendance center shall be the sole responsibility of the parent/guardian. 4. Additional procedures for intra-district transfer related to optional and/or specialized programs of the District may be developed and shall prevail.

Upon approval for an intra-district transfer, the following conditions apply: 1. For intra-district transfers approved prior to March 1, 2019, the intra-district transfer approval shall remain in effect throughout subsequent years of attendance in the District for that student in that school. 2. For intra-district transfers approved on or after March 1, 2019, the intra-district transfer approval shall remain in effect throughout the school year for which the transfer was approved. For each subsequent year, the family must submit to the Superintendent a written request for intra-district transfer for the subsequent year of attendance. Approval for subsequent years of attendance will be considered in accordance with this policy. 3. An intra-district transfer approved at the elementary school level sets no precedent for a similar transfer at the middle school level. 4. An intra-district transfer approved for one child within a family sets no precedent for approval of a similar intra-district transfer for sibling(s). 5. The child may transfer back to his/her resident school, as designated by attendance area regulations, at any time. In cases when students transfer to another District 58 school from their resident school for circumstances related to optional programs, the procedure outlined for enrollment in that optional program shall prevail. 6. Upon approval for an intra-district transfer, the student's serving school will be designated as the home school for the school year approved. 7. If the student returns to his/her resident school, as designated by attendance area regulations, any future requests for transfer will be determined in accordance with the intra-district transfer policy guidelines.

Under extraordinary circumstances the Superintendent or designee may, at his/her discretion, modify enrollment limitations on a case by case basis. The decision of the Superintendent or designee shall be final.
