Balanced budget; no Deficit Reduction Plan is required.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2025-2026 school district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2024-2025 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Please complete the following schedule and include a brief description to identify any areas of the budget that will be impacted from one year to the next. If the deficit reduction plan relies upon new local revenues, identify contingencies for further budget reductions which will be enacted in the event those new revenues are not available.

1. Background and Narrative of Budget Reductions:

2. Assumptions Used in the Deficit Reduction Plan:

- EBF and Estimated New Tier Funding:

- Equal Assessed Valuation and Tax Rates:

- Employee Salaries and Benefits:

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1) What are the Organizational Unit's strategic goals for student success for the 2025-26 school year? What measures will be used to evaluate progress? (No more than 2000 characters, including spaces.)

	Top Strategy 1	Top Strategy 2	Top Strategy 3
2) Select the top three strategies that the Organizational Unit will employ to achieve student growth and make progress toward state education goals. (Select three different responses from the dropdown list.)			
If "Other" was selected in question 2, please describe. (No more than 1000 characters, including spaces.)			

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2026 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.

Evidence-Based Funding Organizational Unit Results (FY 2025)	Final Resources / Adequacy Target = Percent of Adequacy	Average Student Enrollment	933.03	Adequacy Target	\$12,602,956
		Final Resources	\$17,000,799	Percent of Adequacy	135%
	Base Funding Minimum + Tier Funding = Gross State Contribution	Tier Assignment	4	Gross State Contribution	\$824,713
		FY25 Base Funding Minimum	\$823,912	FY 2025 Tier Funding	\$801
	Within FY 2025 Gross State Contribution, Resources Attributable to Specific Populations	Low-Income Students	\$260,099		
		English Learners (ELs)	\$0		
		Special Education	\$270,486		

	FY 2026 Tier Funding	Funding Type (Select)	*Note: Tier Funding allocations are published annually at https://www.isbe.net/Pages/ebfdistribution.aspx . Amounts are available in early August. Districts must use actual funding amounts if they are available before submitting the budget to ISBE.
1) FY 2026 Tier Funding Allocation*: Enter the dollar amount of Tier Funding (e.g., NEW MONEY only) allocated to the Organizational Unit for FY 2026. Select whether the amount is estimated or actual funding.			

	Data Source 1	Data Source 2	Data Source 3
2) Select the top three sources of data used to inform the Organizational Unit's planned allocation of EBF dollars. (Select three different responses.)			

3)	Indicate with which groups the Organizational Unit engaged to inform its intended allocation of EBF dollars. (Select any that apply; otherwise leave blank.)	Bilingual Program Director(s)		Principals		Bilingual Parent Advisory Committee	
		Special Ed. Program Director(s)		School Improvement Teams		Other Parent Group(s)	
		Other Program Leaders		Teacher or Support Staff Unions		Community Focus Group(s)	
		School Board Members		Other School Staff		Other	
[Optional] Provide a brief description of the Organizational Unit's process for consulting with internal and external stakeholders in determining the allocation of EBF dollars. (No more than 1000 characters, including spaces.)							
		Priority Investment 1	Priority Investment 2	Priority Investment 3			
4)	Given the data analyzed, the stakeholders consulted, and the priorities identified in Part I, indicate the top three priority investments the Organizational Unit will make with its FY 2026 Base Funding Minimum (e.g., excluding Tier Funding). Choose "Other" if investments do not match the provided list. (Select three different responses. "Other" may be selected more than once if needed.)						
If "Other" was selected in question 4, please describe. (No more than 1000 characters, including spaces.)							
Cost Factor Table							
The table below presents the regionally adjusted amount embedded in the Organizational Unit's FY 2025 Adequacy Target for each of the 34 cost factors in the Evidence-Based Funding model (Column F). Column G is required for all Organizational Units that receive at least \$5,000 in Tier Funding, while column H is optional. Organizational Units may choose to provide additional narrative context in Columns I-M to elaborate on the figures included in the table. ISBE has produced guidance for populating the cost factor table. The guidance includes a definition for each cost factor, along with suggestions for using Employee Information System position codes and common expenditure accounts to support a determination of expenditures. This guidance is available at https://www.isbe.net/ebfspendingplan .							
5)	<p>Column G: If the Organizational Unit will receive at least \$5,000 in FY 2026 Tier Funding (as entered in Q2.1/cell G31), column G is required. Please indicate the Organizational Unit's planned expenditures in FY 2026 from Tier Funds only. Organizational Units are not expected to place a value in each cell. Rather, the table allows for the communication of priority investments with new state resources for the current fiscal year. During years in which there is no new Tier Funding, column G will not be required. During years in which Tier Funding is available, the amount of new Tier Funding entered in Q2.1/cell G31 above must equal the sum in cell G90 below. If some or all Tier Funding is invested outside of the cost factors, enter a dollar amount in cell G89 and provide additional context in the space for a narrative beginning in row 93.</p> <p>Column H: Optionally, Organizational Units may populate column H with total planned expenditures in FY 2026 for each cost factor from all revenue sources (e.g., not just from EBF). By comparing the figures in column F to the figures entered in column H, the Organizational Unit may engage local stakeholders in productive dialogue about resource allocation decisions.</p>

Part III: Support for Special Student Groups				
<p>EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statute these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in Question 1 below (cells G100-G102). If the Organizational Unit received at least \$5,000 for any of the student groups, a response to Questions 2 through 4 below is required. For amounts less than \$5,000, a response is optional for those questions. All other EBF funds may be spent in any manner deemed appropriate by the school district.</p> <p style="text-align: center;"><i>Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.</i></p>

Plan Assurances											
Please complete the assurances below related to Article 14C of the Illinois School Code, which contains provisions for EL services, parent participation, and the use of EBF dollars provided for English learners. It is the joint responsibility of home and serving entities to ensure compliance related to the use of state funding provided for English learners. Organizational Units should maintain supporting documentation (e.g., sign-in sheets, meeting agendas) to affirm the veracity of the below assurances. Responses in this section are only required if an Organizational Unit receives any amount of EBF dollars attributable to English learners.											
<i>Collaboration Opportunity - Organizational Units may find that the plan assurances are most easily and effectively completed if led by program leaders.</i>											
1). "I hereby affirm that at least 60% of the school district's state funds attributable to English learners will be used for instructional costs of programs and services for English learners (function 1000), in accordance with Article 14C of the Illinois School Code. The remaining balance of state funds attributable to English learners will also be used to serve English learners." <input type="text"/>											
2). "My school district has at least one attendance center with 20 or more English learners (including parental refusals) who speak the same home language other than English in grades K-12. Alternatively and/or additionally, my school district has at least one attendance center with 20 or more English learners (including parent refusals) who speak the same home language other than English in pre-K." <input type="text"/>											
3). "I hereby affirm that the school district's BPAC will review this EBF Spending Plan by or before October 31, 2025." <input type="text"/>

Spending Plan Completion Tracker		
Use the information below to confirm completion of all required questions. Note that the "status" column adjusts to responses, so the tracker is most helpful to consult <u>after</u> you have completed the spending plan.		
Question	Status	Acceptance Criteria
Part 1, Q1	Incomplete	Character length of response must be >10 and <=2000, including spaces.
Part 1, Q2	Incomplete	A <u>different</u> response must be selected in G11, I11, and L11; cells cannot be blank.
Part 1, Q2 (Narrative)	Complete	Response required only if "Other" selected in G11, I11, or L11; character length of response must be >10 and <=1000, including spaces.
Part 2, Q1	Incomplete	A numeric value must be entered in cell G31 (estimated or actual Tier Funding, or 0 if appropriations did not include Tier Funding). A type must be selected in cell H31.
Part 2, Q2	Incomplete	A <u>different</u> response must be selected in G35, I35, and L35; cells cannot be blank.
Part 2, Q3	Incomplete	At least one response must be selected.
Part 2, Q4	Incomplete	Cells G43, I43, and L43 cannot be blank. "Other" may be selected more than once, but other responses may not be repeated.
Part 2, Q4 (Narrative)	Complete	Response required only if "Other" selected in G43, I43, or L43; character length of response must be >10 and <=1000, including spaces.
Part 2, Q5 (Cell G90)	Incomplete	Cell G90 must be equal to the value in cell G31.
Part 2, Q5 (Narrative)	Complete	Response required only if a value was entered in cell G89; character length of response must be >10 and <=1000, including spaces.
Part 3, Q1 Low-Income Funds	Incomplete	A numeric value must be entered. A type must be selected in cell H100.
Part 3, Q1 English Learner Funds	Incomplete	A numeric value must be entered, which may be "0" if the organizational unit received no funding for the specified student group. A type must be selected in cell H101.
Part 3, Q1 Spec. Ed. Funds	Incomplete	A numeric value must be entered. A type must be selected in cell H102.
Part 3, Q2	Complete	At least one response must be selected.

ESTIMATED LIMITATION OF ADMINISTRATIVE COSTS (School Districts Only)

(For Local Use Only)

This is an estimated Limitation of Administrative Costs Worksheet only and will not be accepted for Official Submission of the Limitation of Administrative Costs Worksheet.

The worksheet is intended for use during the budgeting process to estimate the district's percent increase of FY2026 budgeted expenditures over actual FY2025 expenditures. Budget information is copied to this page. Insert the prior year estimated actual expenditures to compute the estimated percentage increase (decrease).

The official Limitation of Administrative Costs Worksheet is attached to the end of the Annual Financial Report (ISBE Form 50-35) and must be submitted in conjunction with that report.

An official Limitation of Administrative Costs Worksheet can also be found on the ISBE website at: [Limitation of Administrative Costs](#)

Reference Description

- 1 Each fund balance should correspond to the fund balance reflected on the books as of June 30th - Balance Sheet Accounts #720 and #730 (audit figures, if available).
- 2 Accounting and Financial Reporting for Certain Grants and Other Financial Assistance. The "On-Behalf" Payments should only be reflected on this page (Budget Summary, Lines 10 and 20).
- 3 Requires the secretary of the school board to notify the county clerk (within 30 days of the transfer approval) to abate an equal amount of taxes to be next extended. See Sec. 10-22.14 & 17-2.11.
- 3^a Requires notification to the county clerk to abate an equal amount from taxes next extended. See section 10-22.14
- 4 Principal on Bonds Sold:
 - (1) Funding Bonds are to be entered in the fund or funds in which the liability occurs.
 - (2) Refunding Bonds can be entered in the Debt Services Fund only.
 - (3) Building Bonds can be entered in the Capital Projects Fund only.
 - (4) Fire Prevention and Safety Bonds can be entered in the Fire Prevention & Safety Fund only.
- 5

The proceeds from the sale of school sites, buildings, or other real estate shall be used first to pay the principal and interest on any outstanding bonds on the property being sold, and after all such bonds have been retired, the remaining proceeds from the sale next shall be used by the school board to meet any urgent district needs as determined under Sections 2-3.12 and 17-2.11 of the School Code. Once these issues have been addressed, any remaining proceeds may be used for any other authorized purpose and for deposit into any district fund.
- 6 The School Code, Section 10-22.44 prohibits the transfer of interest earned on the investment of "any funds for purposes of Illinois Municipal Retirement under the Pension Code." This prohibition does not include funds for Social Security and Medicare-only purposes. For additional requirements on interest earnings, see 23 Illinois Administrative Code, Part 100, Section 100.50.
- 7 Cash plus investments must be greater than or equal to zero.
- 8

For cash basis budgets, this total will equal the Budget Summary - Total Direct Receipts/Revenues (Line 9) plus Total Other Sources of Funds (Line 46).
- 9

For cash basis budgets, this total will equal the Budget Summary - Total Direct Disbursements/Expenditures (Line 19) plus Total Other Uses of Funds (Line 79).
- 10

Working Cash Fund loans may be made to any district fund for which taxes are levied (Section 20-5 of the School Code).
- 11

Include revenue accounts 1110 through 1115, 1117,1118 & 1120.
- 12

The School Code Section 17-2.2c. Tax for leasing educational facilities or computer technology or both, and for temporary relocation expense purposes.
- 13

Corporate personal property replacement tax revenue must be first applied to the Municipal Retirement/Social Security Fund to replace tax revenue lost due to the abolition of the corporate personal property tax (30 ILCS 115/12). This provision does not apply to taxes levied for Medicare-Only purposes.
- 14

Only tuition payments made to private facilities. See Functions 4200 or 4400 for estimated public facility disbursements/expenditures.
- 15

Payment towards the retirement of lease/purchase agreements or bonded/other indebtedness (principal only) otherwise reported within the fund - e.g.: alternate revenue bonds. (Describe & Itemize)
- 16

Only abolishment of Working Cash Fund must transfer its funds directly to the Educational Fund upon adoption of a resolution and at the close of the current school Year (see 105 ILCS 5/20-8 for further explanation)

Only abatement of working cash fund can transfer its funds to any fund in most need of money (see 105 ILCS 5/20-10 for further explanation)

I Agricultural Education & Red Bud High School

Scope of the Red Bud Agriculture Department

The Red Bud Agriculture Department is located in a rural farming community of approximately 5,000 people in Southern Illinois. Red Bud High School serves students from two public school districts and two parochial feeder schools. The program currently serves approximately 63 FFA members and provides a comprehensive agricultural education experience through classroom instruction, laboratory activities, Supervised Agricultural Experiences (SAEs), and FFA leadership development.

Facilities include a classroom, instructor's office, agricultural mechanics shop, greenhouse complex with headhouse and storage shed, and outdoor raised-bed growing areas. The classroom is equipped with instructional technology, including an Apple TV, poster printer, and Vernier scientific probes to support hands-on learning, scientific investigation, and career exploration.

The agricultural mechanics shop provides students with practical experiences in Diesel Mechanics Technology and Construction. Students develop technical and employability skills through construction projects, equipment operation, maintenance activities, and problem-solving experiences. Shop resources include electric equipment simulators, a CNC wood router, construction tools, and industry-relevant equipment that prepares students for careers in agriculture and skilled trades.

The greenhouse complex serves as a living laboratory where students gain experience in plant science, greenhouse management, and horticulture production. Students grow bedding plants from seed and plugs, maintain houseplants, and manage outdoor raised-bed production areas. The program's annual spring plant sale operates for approximately four weeks and recently generated more than \$15,000 in gross sales. Students are actively involved in production, inventory management, marketing, sales, and customer service throughout the project.

The Agriculture Department is supported through the Red Bud High School Agriculture Education budget, Illinois Agricultural Education Incentive Funding Grant funds, and the OKAW Vocational System. These resources allow the program to maintain current equipment, enhance learning opportunities, and prepare students for post-secondary education, careers, and leadership roles within the agricultural industry.

RBHS Agriculture Education & FFA 2025-26 Goals

- Recruit non-traditional students to take RBHS Ag Ed classes.
- To introduce the CASE AEMT class and to take the CASE training.
- Provide more hands-on learning in all classes.
- To organize the greenhouse to provide a better and more diversified learning environment
- To work with more companies and community leaders to provide learning opportunities for our students.
- Increase FFA participation

2025-26 Accomplishments:

- 5 State Degree Recipients
- Section 22 Premier Chapter & National Finalist
- Introduced many new hands-on activities
- invited non-FFA members to many activities
- Increased Spring greenhouse sales to gross \$15,000
- Worked with 11 companies throughout the year.

INTRODUCTION TO AGRICULTURAL INDUSTRY (18001A001/19000-19001)

This orientation course provides an opportunity for students to learn how the agricultural industry is organized, its major components, the economic influence of agriculture at the state, national, and international levels, and the scope and types of job opportunities in the agricultural field. Students will be introduced to the history, organization, structure, and operations of the National FFA Organization. Basic concepts in animal science, plant science, soil science, horticulture, agribusiness management, agricultural mechanics, hydroponics, and aquaculture science will be presented. Leadership, employability, and computer skills will also be developed. The FFA and Supervised Agricultural Experience Programs (SAEP's) are integral components of this course; students are encouraged to maintain SAEP's and to participate in activities of the FFA organization.

BIOLOGICAL SCIENCE APPLICATIONS IN AGRICULTURE (BSAA - PLANT & ANIMAL SCIENCE)

This course is designed to reinforce and extend students' understanding of science by associating basic scientific principles and concepts with relevant applications in agriculture. Students will examine major phases of plant growth and management in agriculture and the specific biological science concepts that govern management decisions. Topics of study are in the areas of initiating plant growth – cell structure and function, germination, plant sensory mechanisms, enzyme action, absorption, and managing plant growth – photosynthesis, respiration, translocation, metabolism, genetics, taxonomy, and growth regulation. Students will examine major phases of animal agriculture and specific biological science concepts that govern management decisions in the animal industry. Topics of study are in the areas of growth and development of animals – cell structure and function, genetics, taxonomy, embryology, ethology, nutrition, immunity systems, and processing animal products – preservation, fermentation, and pasteurization. The course will be valuable preparation for further education and will increase the relevance of science through the applied setting of agriculture by enhancing literacy in science and the scientific process. Improving computer and workplace skills will be a focus. Participation in FFA student organization activities and Supervised Agricultural Experience (SAE) projects are an integral course component for leadership development, career exploration, and reinforcement of academic concepts.

III. Agriculture Course Descriptions for 2025-26 Cont.

GREENHOUSE MANAGEMENT (18053A001/19017-19018) (Available Even years)

This course focuses on greenhouse management, floral design, and related segments of the horticulture industry. Major units of study include floriculture plant identification, greenhouse structures, and the culture of greenhouse crops. Also included are care and handling of cut flowers, principles of art applied to floral design, and the mechanics of floral design. Agribusiness units will be introduced in merchandising, advertising, sales, and operating a retail floral business. Improving computer and workplace skills will be a focus. Participation in FFA student organization activities and Supervised Agricultural Experience (SAE) projects is an integral course component for leadership development, career exploration and reinforcement of academic concepts.

GREENHOUSE MANAGEMENT (18053A001/19017-19018) (Available Even years)

This course focuses on greenhouse management, floral design, and related segments of the horticulture industry. Major units of study include floriculture plant identification, greenhouse structures, and the culture of greenhouse crops. Also included are care and handling of cut flowers, principles of art applied to floral design, and the mechanics of floral design. Agribusiness units will be introduced in merchandising, advertising, sales, and operating a retail floral business. Improving computer and workplace skills will be a focus. Participation in FFA student organization activities and Supervised Agricultural Experience (SAE) projects is an integral course component for leadership development, career exploration and reinforcement of academic concepts.

Horticultural Production and Management (Available Odd Years)

This advanced course offers instruction in both the greenhouse production and landscape areas of horticulture. Units of study include plant identification, greenhouse management, growing greenhouse crops, landscape design, installation, and maintenance, horticulture mechanics, nursery management, and turf production. Agribusiness units will cover operating a horticultural business, pricing work, advertising, and sales. Improving computer and workplace skills will be a focus. Participation in FFA student organization activities and Supervised Agricultural Experience (SAE) projects is an integral course component for leadership development, career exploration and reinforcement of academic concepts.

AGRICULTURAL BUSINESS MANAGEMENT (18201A001/19006-19007)

This course is designed to develop student skills in the area of advanced agricultural business procedures, establishment of agricultural business, managing the agribusiness, financing the agribusiness, marketing and advertising, and sales techniques and strategies. Information will be taken from the John Deere Farm and Ranch Business Management Textbook. The FFA and SAEP's are integral components of this course; students are encouraged to maintain SAEP's and to participate in the activities of the FFA Organization. This course satisfies the consumer education requirement for graduation.

SUPERVISED AGRICULTURAL EXPERIENCE (SAE) (18997A000/19012)

Courses in Agriculture, Food, and Natural Resources—Independent Study, often conducted with instructors as mentors, enable students to explore topic of interest related to agriculture, food, and natural resources. Independent study courses may serve as an opportunity for students to expand their expertise in a particular application, to explore a topic in greater detail, or to develop more advanced skills. Students must have a current, up-to-date record book for SAE and approval from the advisor to receive credit.

AGRICULTURAL COMMUNICATION (18203A002/19013)

This course introduces the broad field of agricultural communications and provides for the development of knowledge and skill in specific areas related to communications theory and practice. Content includes the meaning and process of communication, the role and history of print and electronic media, legal aspects of agricultural communications, news and feature writing in agriculture, news photography, layout and design, and ethics in agricultural communications. Content will also include web design and broadcast journalism in agriculture. Participation in FFA student organization activities and Supervised Agricultural Experience (SAE) projects are an integral course component for leadership development, career exploration, and reinforcement of academic concepts.

NATURAL RESOURCES MANAGEMENT & CONSERVATION (18504A002/19015-19016)

This course develops management and conservation skills in understanding the connection between agriculture and natural resources. Student knowledge and skills are developed in understanding natural resources and their importance; fish, wildlife, prairies, and forestry management and conservation; and exploring outdoor recreational enterprises. Hunting and fishing as a sport, growing and managing tree forests, and outdoor safety education will be featured. Career exploration will This advanced course offers instruction in both the greenhouse production and landscape areas of horticulture. Units of study include plant identification, greenhouse management, growing greenhouse crops, landscape design, installation, and maintenance, horticulture mechanics, nursery management, and turf production. Agribusiness units will cover operating a horticultural business, pricing work, advertising, and sales. Improving computer and workplace skills will be a focus. Participation in FFA student organization activities and Supervised Agricultural Experience (SAE) projects is an integral course component for leadership development, career exploration and reinforcement of academic concepts. be discussed, including park ranger, game warden, campground manager, forester, conservation officer, wildlife manager, and related occupations. Agricultural Equipment Maintenance & Technology

Agricultural Equipment Maintenance and Technology (AEMT) is a capstone-level course designed to provide students with the skills needed to enter the agricultural technician career field. Throughout the course, students develop technological competencies through rigorous hands-on experiences in the classroom. Students will learn how electrical, fluid, diesel, precision, and mechanical systems function. Then they will use their mechanical skills to identify and communicate the cause and correction of equipment failures. The course will expose students to the newest agricultural technologies that support equipment industries while connecting them with future employers. The Agricultural Equipment Maintenance and Technology course includes the following topics: Mechanical System Design, Safety, Drivetrains, Electrical Systems, Precision Agriculture, Hydraulics, Diesel Technology, Machine and Equipment Maintenance, Repair and Work Order Completion, Customer Service

Hoops for Harvest **A Special Thank You to Our Farmers**

To our local farmers,

Tonight, our FFA members and varsity basketball players come together to honor the people who have taught us some of the most important life lessons: you, our farmers.

In the FFA, we learn about leadership, perseverance, responsibility, and respect for the land. On the basketball court, we learn about hard work, teamwork, grit, and leaving it all out on the floor. But long before we ever practiced these values in blue jackets or on hardwood, you were living them every day.

Farmers show up early and stay late.

They put in the unseen work that leads to visible results. They push through adversity — weather, markets, long nights, and early mornings — the same grit our athletes bring to the court is the grit our FFA members practice through their SAEs, CDEs, and daily responsibilities.

You model what it means to work as a team: families helping families, neighbors helping neighbors, and generations building something that lasts. You remind us that success is earned, not given — whether it's a strong harvest or a strong season.

Hoops for Harvest exists because the values of agriculture and athletics are deeply connected. The discipline it takes to tend a field is the same discipline it takes to run the final sprint. The courage to try again after a setback is the same courage it takes to pick up the pieces after a tough loss. And the pride in a job well done is shared by every farmer, every FFA member, and every athlete who gives their best.

Tonight, we honor you — not only for feeding our community, but for inspiring our students through your example. Thank you for teaching us resilience, humility, and the importance of putting your heart into your work.

Thank you for all you do for our school, our chapter, and our community.

With gratitude,

The Red Bud FFA Chapter & Red Bud Girls Basketball team

VIII. Community Out Reach

One of the greatest strengths of agricultural education is the support we receive from our community and industry partners. These relationships allow students to see agriculture beyond the classroom walls, connect with professionals, and gain exposure to careers and opportunities they may not otherwise experience. We are grateful for the organizations that invest their time and expertise in our students, and we are always looking for ways to expand our network and create new partnerships that benefit the Red Bud Agriculture Education Program.

- Connor Guebert - Edward Jones - ‘Stock up’
- Shirleen Schaefer - Sewing Corner - ‘Stitch it & Fix it’
- Karen Whelan-Realtor- ‘Rent Smart’

Farm Credit Illinois

We were fortunate to host representatives from Farm Credit Illinois during our Ag Business Management course. Laura DuFrenne, Vice President of Lending, and Ron Lintker, Vice President of Lending, shared their expertise on the importance of agricultural cooperatives and the role they play in supporting producers and rural communities. Their real-world experiences helped students connect classroom concepts to the agricultural industry.

FS Outreach Program

Through the FS Outreach Program, employees from the Baldwin facility visited our students during a half day of school to discuss precision agriculture technologies, career opportunities within the cooperative system, and the evolving needs of the agriculture industry. Students also had the opportunity to interact with equipment and technology used in modern agriculture. Special thanks to Sarah Birchler for organizing this event and coordinating a diverse group of FS professionals to share their knowledge and experiences.

Red Bud Chamber of Commerce and Red Bud City Hall

Our partnership with the Red Bud Chamber of Commerce and Red Bud City Hall through the Hot Chocolate Fun Run continues to provide valuable leadership and career-readiness experiences for students. Through planning and organizing the event, students gain firsthand exposure to the process of obtaining approvals through city meetings, the importance of meeting deadlines, and the attention to detail required to successfully coordinate a community event.

Randolph County Farm Bureau

Students had the opportunity to volunteer at The Grand through the Randolph County Farm Bureau's ice cream program. While serving customers, students developed valuable customer service and retail skills while interacting with people from a variety of backgrounds and locations. This experience helped students strengthen their communication skills, professionalism, and appreciation for the diverse communities that agriculture serves.

X. Goals and Objectives for 2026-2027

- **Participate in the Illinois FFA Foundation**
 - This organization provides funding for multiple programs to keep the Illinois FFA bottom line healthy, which in turn helps provide opportunities for our students.
- **Continue to grow my knowledge for AEMT**
 - Provide strong, mechanical hands-on learning in this class.
- **Continue to grow our numbers in Ag Ed at RBHS**
 - Highlight the wide range of career opportunities within agriculture and help students understand the industry's impact, including the fact that one in every ten U.S. jobs is connected to agriculture.
- **Strengthen Foundational SAE experiences for all students and provide dedicated time during Monday Memos for students to maintain and update their SAE records.**
- **Elevate the Ag Ed curriculum with more rigor without losing hands-on opportunities.**
 - Use the Vernier lab sensor equipment to measure results
- **Continue building partnerships within the Red Bud community and provide service opportunities that allow students to give back and make a positive impact.**
- **Increase the awareness of the importance of being active in the three circles of agricultural education & serving our community.**
- **To provide dual credit classes for Ag Business Management & Horticulture through SWIC.**

Grilling 101

Illinois Beef is firing up the grill to present a hands-on grilling demonstration, coupled with the basics of beef! From all the do's and don'ts of grilling beef, to prep tips, beef cuts and pairings, and even beef and meat safety, this Grilling 101 course covers it.

BUILD- The Aloe Vera Workshop

It's November, are you feeling the burn? Have you felt like you are spending more and more time closer to the flame? This workshop is intended to help you locate the SPF, burn cream, and aloe to help you get a glowing tan without burning up in this career.

Section 22 Biehl Farms Tour

We will do a tour and go over a nutrition classroom activity.

Illinois Association of Vocational Agriculture Teachers

Are you an agriculture teacher ready to empower your students with skills for the future? The world of agriculture is rapidly evolving, with technology like precision farming, automation, and data analysis becoming more critical every day. This dynamic, hands-on workshop will show you how to easily integrate essential computer science concepts into your existing curriculum using the versatile micro:bit and the intuitive Microsoft MakeCode app. No prior coding experience is needed! You'll discover how to bring your ideas to life with simple block-based coding by utilizing a multitude of built in sensors building projects that connect directly to your students' world. Leave feeling confident and equipped with ready-to-use lessons to ignite your students' passion for innovation and prepare them for the agricultural landscape of tomorrow.

90-minute tour where the assembly of track-type tractors D6, D7R II, D9, D10, D11 are all made!

From Lures to Nest Boxes: Engaging Wildlife Lessons

This professional development session will highlight a variety of hands-on projects and instructional activities that agriculture teachers can implement in Natural Resources or Wildlife Management courses. Participants will explore practical classroom and shop-based lessons that help students connect wildlife science with real-world applications. Topics will include building fishing lures, scoring deer antlers, duck call making, soil texture labs, and constructing wood duck nesting boxes. The session will also discuss ideas for student research projects and experiential learning opportunities such as organizing a class fishing trip. Teachers will leave with practical project ideas, instructional tips, and resources they can immediately use to increase student engagement in their natural resources curriculum.

XII. Red Bud FFA Alumni

The Red Bud FFA Alumni & Supporters is a group of former FFA members, parents, community members, and agricultural advocates dedicated to supporting the success of the Red Bud FFA Chapter and its students. Through fundraising, volunteer service, mentorship, and advocacy, the Alumni helps provide opportunities that enhance agricultural education and leadership development.

The organization supports student participation in leadership conferences, career development events, state and national conventions, Supervised Agricultural Experience (SAE) projects, scholarships, chapter activities, and community service initiatives. By investing their time, talents, and resources, Red Bud FFA Alumni members help ensure that current and future students have access to meaningful experiences that prepare them for success in agriculture, leadership, and life.

XIII. Advisor Reflection

As I sit on my front porch during summer break and reflect on this past year, I can say with certainty that it was a good one. Last year was a season of healing, rebuilding, and overcoming challenges. As a result, our students experienced success. To continue raising the bar, this year I focused on providing opportunities for students while also emphasizing accountability among students, members, and FFA officers. Helping students understand the importance of being accountable for their choices—and recognizing how those choices impact others—has been a major focus.

This past officer team did an outstanding job, but they also learned that leadership comes with responsibility, accountability, and high standards. Sometimes those lessons were learned the hard way, but with guidance and support, they rose to the challenge. As a result, this officer team and our chapter members continued to set new standards of excellence and achieved milestones never before accomplished in the history of Red Bud FFA. Most notably, this was the first year that Red Bud FFA earned the Section 22 Premier Chapter Award.

Our officer team also introduced several new initiatives that have already made a positive impact. One example is Hoops for Harvest, where senior FFA members and members of the girls' varsity basketball team recognize a farmer who has made a meaningful impact on their lives. Another is Beneficial Breakfasts, where community members join us each month to share advice, experiences, and skills with students while enjoying breakfast together. We also saw continued growth and success with the Hot Chocolate Fun Run. All proceeds from this event directly support Santa's Village and help keep this special community event free for local families.

While teaching plant and animal science has always been in my wheelhouse, teaching shop classes is something I have not done in many years. Even when I previously taught shop, my focus was primarily welding. Throughout most of my career, I have worked in two-teacher programs where my colleague brought strong shop and mechanics expertise to the department. Because of that, I wanted to introduce a class that not only fulfilled a need at RBHS but also challenged me as an educator. I am excited to continue putting my own spin on the CASE AEMT curriculum. After teaching the course for a year, I have identified areas where students need additional foundational skills before certain lessons. I have many goals for the future of this program and look forward to continuing its growth.

I cannot finish this reflection without recognizing the success of our greenhouse program. This spring, we grossed over \$15,000 in sales. The support we receive from our community continues to be incredible. Through this program, students have learned how to grow plants from seed, plugs, and cuttings. They have learned to select marketable varieties, diagnose insect issues, identify fertilizer deficiencies, and develop problem-solving skills that mirror real-world horticulture operations. The greenhouse continues to be one of the strongest examples of hands-on learning in our program.

As I look ahead, I am excited to see what the future holds for the RBHS Agriculture Education program and our students. It is truly a privilege to help guide these young people as they grow, discover their strengths, and find their place within our school, community, and future careers. Their accomplishments continue to inspire me, and I am grateful for the opportunity to be part of their journey.

Sincerely,
Carrie Koester

Principal's Board Report: June 2026

Summer Sendoff was a fun filled day and the new JH Field Day was a resounding success as well. Thank you to all the staff members who summoned the energy and enthusiasm to go out with a bang! Thank you also to the JH teachers who took the lead on organizing and planning the Field Day. They went above and beyond to bring something new and exciting to our students.

It has been productive and relatively quiet around RBES since summer began. The custodial and maintenance crew wasted no time getting started and seem to be well ahead of last year's pace. New laminate flooring is currently being installed in the offices and Mrs. Cartee's classroom, and will be installed in the cafeteria soon. A shared doc is being used again this summer to update staff on the current and upcoming projects around the building.

Mrs. Zipfel and I have worked to provide some guidance on handbook updates and evaluation schedules for next year to Mrs. Mohr and Mr. Quigley.

Mrs. Mohr has been working on filling currently vacant teaching positions. She and I will be meeting a few more times before the end of the month to complete the transition process.

The multipurpose room is filling up with supplies and materials ordered for the coming year by our staff. On behalf of all the teachers, and as the husband of an RBES teacher, I would just like to say thank you for the financial support to allow teachers to buy the materials they need using school funding, rather than their own money. This is a huge benefit to the teachers and their families, but also to the students as they get the benefit of using all these supplies and teaching materials.

Summer tutoring and library hours are in full swing as is summer school for a few junior high students under the supervision of Ms. Dahm.

As this is my final board report, I would just like to say thank you to all of the members of the board, past and present, whom I have worked with during my tenure as principal at RBES. This district is fortunate to have such dedicated members who are focused only on what is best for students and good stewardship and governance of the schools. I would also like to thank Mr. Tallman for his leadership and guidance. I have grown as an educator and building principal in my time here and that is due to his faith in his people to make good decisions, and being encouraged and empowered to be my best every day that I've worked in Red Bud 132. I hand over the duties of RBES to Mrs. Mohr, without any reservations, knowing that she is an excellent leader and will experience the same confidence and support from the board and superintendent that I have enjoyed. I wish you all the best of luck and success moving forward and please do not hesitate to reach out to me in the future if I can ever be of any assistance.

Summer Projects

Summer maintenance and cleaning are in full-swing and progressing well.

The RBHS library is undergoing a complete reorganization in an effort to connect more students with books.

Summer School

RBHS currently has seven students engaged in our summer credit recovery program, led by Ms. Brundage and Ms. Reinhardt.

We also have students participating in our extended school year program with Ms. Uffelmann.

Extracurricular Activities

Two students competed at the IHSA State Track and Field Championships this season:

Mallory Arbeiter; Hunter Hooten

Red Bud softball claimed IHSA Regional and Sectional championships this season, before falling to state champion Carterville in the Super Sectional round.

Baseball All-Cahokia Athletes:

Tyson Bohnert; Lucas McCarthy; Landon Ruebusch; Colby Voss

Softball All-Cahokia Athletes:

Lilly Minemann; Julia Ohlau; Ava Wagner; Julia Whelan

Julia Ohlau was also selected as the conference Player of the Year, her second year receiving this recognition.

Track & Field All-Cahokia Athletes:

Holly Gregson – Triple Jump; Ethan Powel – High Jump; Adam Walker – Shot Put; Hunter Hooten – 110m & 300m Hurdles

The Red Bud FFA had another successful convention. Among other successes this year, the chapter had five State Degree recipients, received National Chapter Recognition, and was named the top chapter in all of Section 22.
