TRANSPORTATION SERVICES AGREEMENT

THIS AGREEMENT ("Agreement") is made and entered into as of the 27th day of July, 2026, by and between West Middlesex Area School District with principal offices at 3591 Sharon Rd, West Middlesex, PA 16159 (hereinafter called "District" [or School]), and First Student, Inc., with its principal place of business at 191 Rosa Parks Street, 8th Floor, Cincinnati, Ohio 45202 and local business offices for purposes of this Agreement at To Be Determined (hereinafter called "Contractor") (each a "Party" and collectively, the "Parties").

WITNESSETH

WHEREAS District issued Request for Proposal for Transportation Services on June 30, 2026 (the "RFP") and Contractor submitted a proposal in response thereto on July 14, 2026 ("Contractor's Proposal"); and

WHEREAS District selected Contractor to provide the student transportation services in accordance with the RFP and Contractor's Proposal; and

WHEREAS Contractor desires to provide such transportation services.

NOW, THEREFORE, in consideration of the covenants hereinafter contained, the Parties agree as follows:

SECTION 1: TERM

- 1.1 The term of this Agreement shall commence on August 1st, 2026 and shall continue through June 30th, 2033 ("Term") for 172 school days according to the school calendar. Except as otherwise provided herein, District agrees to compensate the Contractor at the rates specified in Exhibit A, which assume a total of 172 student transportation days.
- 1.2 This Agreement may be extended by mutual written agreement for an additional seven (7) year period, the negotiation process for the extension, including the negotiation of new economic terms, to occur on or before February 1st, 2033. For purposes of this Agreement, the term "Contract Year" shall mean each one-year period commencing on July 1st and ending on June 30th during the Term of this Agreement.

SECTION 2: SCOPE OF SERVICES REQUIRED

- 2.1 Contractor shall, during the Term, provide school bus transportation service and District fleet maintenance service for the District's vans, if necessary, as described in the District's RFP and Contractor's Proposal, which are incorporated herein. In the event of a conflict between these documents and the provisions of this Agreement, this Agreement will control. Otherwise, the terms of the RFP and Contractor's Proposal shall govern the Parties' relationship, in the following order of precedence: (1) Contractor's Proposal and (2) the RFP.
- 2.2 District and Contractor will consult on a regular basis concerning the transportation requirements of District. In the event of increases or decreases in the number of students requiring transportation, or in routes or schedules, the number of vehicles and the number of spare buses

will be adjusted accordingly. With notice to Contractor, District may increase or decrease service levels to be provided by Contractor under this Agreement. However, where such increases or decreases impact by greater than 10% the service levels or equipment levels required of Contractor under the assumed routes, schedules, days of service, hours or miles, or vehicle requirements contained in Exhibit A, Contractor shall be permitted to adjust rates proportionately to cover increases or decreases in cost structure associated with such changes by District.

- 2.3 Contractor shall have thirty (30) days following notice of such changes to make operational adjustments to meet District requirements. During this thirty (30) day period, District shall not assess liquidated damages with respect to scheduled drop-off times, availability of buses on routes, or overall on-time performance.
- 2.4 District will use Contractor as District's sole and exclusive provider for all of District's home-to-school and non-van Charter Transportation at rates set forth in Exhibit A. "Charter Transportation" shall mean the outsourced transportation of any and all persons to be transported for field trips, excursions, extracurricular, athletic, creative or academic activities, or any similar purpose. District may continue to utilize vans to provide Charter Transportation.
- 2.5 District shall not assess liquidated damages during the first thirty (30) days of the school year. District must notify Contractor in writing within forty-eight (48) hours of an incident of District's intent to assess liquidated damages. Contractor shall have thirty (30) days following such notice to cure the incident prior to the assessment of liquidated damages. District must bill Contractor for such liquidated damage within sixty (60) days of the incident if the violation has not been remedied. Under no circumstances may District withhold, deduct or offset compensation due to Contractor for purposes of collecting liquidated damages. Failure to either timely notify or bill Contractor shall relieve Contractor of its obligation to compensate liquidated damages for the particular incident.

SECTION 3: COMPENSATION AND BILLING

- 3.1 In consideration for all services rendered hereunder, District shall pay to Contractor all sums due and owing for transportation services in accordance with the rates set forth in Exhibit A.
- 3.2 Contractor will submit to District a monthly statement of its services rendered during the prior month. District shall pay all undisputed amounts due to the Contractor on or before the 45th business day following the date on which the statement has been submitted.

If any portion of the billed service in the statement is disputed by District or the District seeks a revised invoice, District shall deliver written notice specifying the disputed amount or requested revisions to the Contractor within twenty (20) business days of receipt of the statement by District. In the absence of District timely providing said written notice, District waives any right to dispute said statement or reject the invoice in the future. All disputes shall be resolved pursuant to the Dispute Resolution clause of this Agreement.

SECTION 4: ESCALATION

- 4.1 District and Contractor recognize that certain of Contractor's costs are subject to change during the term of this Agreement. As such, District and Contractor have negotiated escalation amounts set forth in Exhibit A.
- 4.2 In the event of unusual circumstances, such as changes in local, state, or federal taxes, laws or regulations, District directives or specifications, increased insurance or surety premiums, increased employee benefits or wages, or any other condition which causes any of Contractor's operating costs hereunder to increase at a rate in excess of any negotiated escalation, then the Parties shall determine a reasonable and proportionate amount to cover such increase, and rates of Contractor compensation set forth in Exhibit A shall be adjusted to reflect such increase. If the Parties do not agree to a rate increase, this dispute shall be resolved pursuant to the dispute process set out in Section 28 of this Agreement.
- 4.3 In the event of a driver shortage in the local market, the Contractor shall, at the reasonable request of District, provide validating documentation and the Parties will negotiate in good faith to cover the cost of any incremental wage and benefit increase necessary to recruit and retain drivers as well as any additional travel and expense costs associated with using non-local drivers to alleviate the shortage. Any negotiated increase will be agreed to in writing by the Parties.

SECTION 5: FACILITIES AND FUEL

- 5.1 District will provide and pay for all fuel required for the operation of buses and vans hereunder. Contractor shall be responsible for fuel inventory, theft, misuse, contamination and reporting requirements.
- 5.2 District will provide a transportation facility for the maintenance and parking of buses and employee vehicles, which facility will be located at 3591 Sharon Road, West Middlesex, PA 16159. Contractor shall use the facility for the purpose of office administration, parking vehicles, and servicing during the term of this Agreement and in accordance with a Lease Agreement substantially in the form of Exhibit B, attached hereto and made a part hereof, to be finalized by the Parties within 60 days of the execution of this Agreement.

SECTION 6: ROUTES AND SCHEDULES

- 6.1 Contractor shall be primarily responsible for planning all routes, stops and schedules. Contractor shall furnish District a complete route map on or before the first day of enrollment of each school year.
- 6.2 District shall furnish Contractor service dates with a list of student names and addresses at least forty-five (45) days prior to the start of each school year, from which Contractor will construct a complete route map.
- 6.3 Performance of the routing and other services under this Agreement may entail the disclosure of personally identifiable information from student education records protected by the Family Educational Rights and Privacy Act (FERPA) ("Student Information"). For the purposes of this Agreement, Contractor will be designated as a "school official" with "legitimate educational interests" in Student Information, as those terms have been defined under FERPA and its implementing regulations and will abide by the limitations and requirements imposed by 34 CFR 99.33(a) on District. To that end, any personally identifiable information, as that term is

defined by FERPA, may be used by Contractor only for the purposes for which disclosure was made.

- 6.4 Notwithstanding the foregoing, District reserves the right to establish the routes and schedules to be followed and to make changes therein from time to time. District shall notify Contractor whenever changes are necessary in routes or time schedules, and Contractor shall make a reasonable effort to adjust its operations to incorporate such changes within five (5) business days after notice is received from District. In the event District exercises their right to make a change and notifies Contractor of such change, District shall waive its right to assess any liquidated damage or penalty in accordance with Section 2.3. In the event District changes routes or schedules once service has begun or been published, District will assist in republication of changes or other notification to those students whose service has been changed. Contractor shall consult with District regarding stops or portions of routes that Contractor considers to be a safety concern due to traffic patterns or configurations. If any stop or portion of a route remains unchanged by District after such discussions, and Contractor believes such stop or route presents an unacceptable safety risk to Contractor's property or students, Contractor may reject the stop or route portion and provide District with alternative designations by written notice. In those instances where District establishes the routes and schedules and/or makes any changes thereto, District will be responsible for and will defend, indemnify, and hold harmless Contractor for any and all loss, liability or costs alleged to have been caused or related to routing or scheduling.

SECTION 7: RECORDS AND REPORTS

- 7.1 Contractor shall provide within thirty (30) business days of any request, those reports and records which may be reasonably requested by District pertaining to students, routes, stops, mileage audits and other information having to do with daily operations. In reviewing Contractor's records, District shall protect the confidentiality of Contractor's proprietary or confidential information included in the data provided by using the same degree of care used to protect its own confidential information.
- 7.2 Contractor shall maintain such records and submit such reports, as are deemed necessary by District and as negotiated between Contractor and District from time to time. All reports required by District shall be submitted on forms mutually agreed upon by both Parties. Contractor will not be responsible for filing on behalf of District any state or regulatory reports concerning ridership or reimbursement.
- 7.3 Contractor shall immediately notify the Superintendent of Schools, by telephone and confirmed as soon as practicable in writing, of the occurrence of any incident involving student riders, or an accident reportable by law that involves a vehicle with passengers that is being used to provide transportation services pursuant to this Agreement. Written notification shall contain a full and complete statement of all relative facts including police case number when available.
- 7.4 If Contractor provides District with audio or video recordings or any other records that include private or personally identifiable information, District shall handle such records in accordance with applicable local, state, and federal law and shall hold harmless, indemnify, and defend Contractor for any failure to comply with applicable law.

SECTION 8: INDEMNIFICATION

- 8.1 Contractor agrees to indemnify, hold harmless, and defend District, its governing board, officers, employees and agents from and against every claim or demand which may be made by any person, firm, or corporation, or any other entity arising from or caused by the negligence or willful misconduct of Contractor, its agents, or employees in the performance of this Agreement, except to the extent that such claim or demand arises from or is caused by the negligence or willful misconduct of District, its agents or employees; student upon student violence; routing or scheduling; or Contractor's good faith adherence to District's policies, procedures, or directives.
- 8.2 District agrees to indemnify, hold harmless, and defend Contractor, its directors, officers, employees and agents from and against every claim or demand which may be made by any person, firm, or corporation, or any other entity arising from or caused the negligence or willful misconduct of District, its agents, or employees in the performance of this Agreement, except to the extent that such claim or demand arises from or is caused by the negligence or willful misconduct of Contractor, its agents or employees.
- 8.3 Notwithstanding the foregoing, (a) each Party shall advise the other Party in writing of any claims, notices, or additional information received by it or of which it becomes aware for which such Party will seek indemnification hereunder, in such time and manner as not to impair or prejudice the ability of the indemnifying Party to defend such claims or investigate such notice, (b) each Party shall provide the indemnifying Party with the cooperation and assistance necessary to defend such claim requested by the indemnifying Party, and (c) neither Party shall settle or compromise any claim admitting the fault, liability, or negligence of the other Party without the other Party's prior written consent, which shall not be unreasonably withheld, conditioned or delayed. The obligations set forth in this paragraph shall survive the termination of this Agreement. As it applies to both Parties, nothing in this Agreement shall be construed to prevent or reduce the immunities from civil liability granted by applicable law.

SECTION 9: INSURANCE

- 9.1 Contractor shall, at its expense, procure and keep in force during the entire term of this Agreement for claims arising under this Agreement, General Liability and Automobile Liability Insurance to protect Contractor, its drivers and other personnel. Contractor shall provide the District of insurance in the following amounts per Attachment 2 of the RFP –

Contractor agrees to provide to District a certificate of insurance evidencing such coverage and to provide District certificate of insurance designating District as an additional insured under its General Liability policy, but only with respect to liability for bodily injury, property damage, or personal injury arising directly out of Contractor's negligent or willful acts or omissions, and under its Auto Liability policy, but only with respect liability arising out of the use of a covered auto under the Commercial Auto Liability policy. Insurers shall maintain a minimum A.M. Best's & Company rating of A. Contractor shall provide District with a certificate of insurance as evidence of having statutory workers' compensation coverage at levels and in forms required by the laws under which Contractor shall operate for this Agreement.

G. Contractor shall provide a waiver of subrogation on behalf of the District on the Commercial General Liability, Commercial Auto Liability and Umbrella or Excess Liability.

- 9.3 Notwithstanding the foregoing, (a) each additional insured Party shall provide notice to the other Party in writing of any claims, notices, or additional information received by it or of which it becomes aware for which such Party will seek insurance coverage hereunder, in such time and manner as not to impair or prejudice the ability of the primary insured Party to contact its carrier, defend such claims, and investigate such notice (for the avoidance of doubt, if a Party sends a claim to the other Party's insurance carrier, the party sending notice will also copy the other Party), (b) each additional insured Party shall provide the primary insured Party with the cooperation and assistance necessary to defend such claim requested by the primary insured Party, and (c) neither Party shall settle or compromise any claim admitting the fault, liability, or negligence of the other Party without the other Party's prior written consent, which shall not be unreasonably withheld, conditioned or delayed. The obligations set forth in this paragraph shall survive the termination of this Agreement. As it applies to both Parties, nothing in this Agreement shall be construed to prevent or reduce the immunities from civil liability granted by applicable law.

SECTION 10: FORCE MAJEURE

- 10.1 In the event Contractor is unable to provide the transportation services as specified in this Agreement because of any act of God, civil disturbance, fire, riot, war, terrorism, cyber-attack, power or communications outage, picketing, strike, pandemic, epidemic, labor dispute, labor shortages, supply chain disruption, fuel shortage, governmental action or any other condition or cause beyond Contractor's control (each a "Force Majeure Event"), District shall excuse Contractor from performance under this Agreement for the duration of such Force Majeure Event.

District shall compensate Contractor the full scheduled daily rate for days when District fails to provide such notice to Contractor; provided, however, this Section 11.1 only applies to closures that do not decrease the total number of student transportation days as set forth in Section 1.1. If a closure will decrease the total number of student transportation school days set forth in Section 1.1, Contractor shall be compensated in accordance with Section 11.3.
- 11.2 If the regular school day schedule is changed resulting in late start, early dismissal or the cancellation of scheduled Charter Transportation, District shall notify Contractor in time for Contractor to adjust operations and adequately notify its workforce of the change. Notwithstanding the foregoing, in the event of circumstances which necessitate a schedule change, Contractor and District shall cooperate to facilitate orderly transportation of students in the most efficient manner possible under the circumstances presented.

- 14.3 Contractor shall be responsible for hiring and discharging personnel employed by Contractor to perform its obligations hereunder. However, District shall have the right to request that Contractor remove from service to District any driver, aide or monitor who, in District's sole discretion, is deemed unsuitable for the performance of transportation services for District; provided that District shall make such request in writing, state the reasons therefore, and include any supporting documentation, and provided further that such request does not violate applicable local, state or federal laws, rules or regulations. Unless prohibited by law, District shall indemnify, defend, and hold harmless Contractor from and against all claims, expenses, or liabilities by or to a removed Contractor employee arising from the removal of that employee based on District's request.
- 14.4 Contractor shall provide drivers that are fully qualified, trained and licensed as required by the U.S. Department of Transportation (USDOT) and any applicable state law or regulation. Contractor agrees that each driver shall:

- 15.2 Prior to the start of the school year, Contractor will provide time at one of its driver orientation sessions so that District administrators may address drivers assigned to work under this Agreement on matters relating to the expectations for student conduct and to familiarize drivers with members of the school administration. Such orientation will be at a time and place mutually agreed upon by Contractor and District. District may not distribute materials to drivers or communicate with drivers without Contractor notice and approval.

SECTION 16: VEHICLES AND EQUIPMENT

- 16.1 All vehicles supplied by Contractor in performance of this Agreement shall meet or exceed the standards established by applicable law and regulation. Contractor shall maintain the vehicles supplied by Contractor and used to provide transportation services under this Agreement in accordance with law and accepted industry maintenance standards.
- 16.2 The prices included with this Agreement do not include seat belts on large school buses. If District or any government agency shall during the term of this Agreement mandate that Contractor provide seat belts for use in large school buses, the Parties shall negotiate in good faith alternative pricing and availability of vehicles to service District under this Agreement. If District or any governmental agency imposes additional equipment requirements on any of Contractor's vehicles during the term of this Agreement (including, but not limited to, new technology or equipment relating to safety or emissions standards), which are specific requirements for continued operation of the vehicles, Contractor and District shall negotiate price increases applicable to such equipment installation and any associated increase in vehicle maintenance costs. District shall waive liquidated damages for any service disruptions caused by installation or maintenance of such equipment.

All buses shall be equipped with digital video surveillance systems capable of recording all passenger seating areas, loading and unloading zones, and driver activity. Each bus shall contain a minimum of two cameras, with audio recording capability. Video recordings shall be retained in accordance with applicable laws and made available to the District within 24 hours of a request, or immediately in the event of a serious incident. The Contractor shall provide District administrators with secure web-based access to GPS, routing, and video management.

- 16.5 District shall excuse Contractor from performance and shall not assess liquidated damages for service disruptions caused by vehicle or equipment supply chain delays. Contractor may perform such assignments in accordance with an agreed upon schedule and level of effort. Costs associated with such assignments shall be invoiced to District at rates set forth in Exhibit A.
- 16.7 The Parties acknowledge that Contractor may be eligible to apply for certain funding opportunities to acquire vehicles and equipment used under this Agreement, including, but not limited to, federal or state grants to purchase electric vehicles and associated equipment. District hereby consents to Contractor's pursuit of such funding and agrees that Contractor shall be entitled to apply such funding as Contractor deems appropriate in its sole discretion.
- 16.8 All route vehicles shall be a maximum age of 10 years. All spare vehicles shall be a maximum age of 12 years.
- 16.9 The Contractor shall purchase the district fleet per Exhibit C of this agreement. The Contractor will use these vehicles for the first year of the contract. The contractor will replace vehicles as the age out per 16.8 of this agreement and provide a brand-new vehicle.
- 16.10 At the end of this contract, or if terminated earlier for any reason within this agreement, the Contractor agrees to sell the district the fleet at fair market value.

SECTION 17: PUPIL DISCIPLINE/VANDALISM

- 17.1 The ultimate responsibility and authority to suspend or expel any student from transportation services hereunder shall rest with District. Contractor's drivers are responsible only for such discipline as is required to operate Contractor's buses properly and safely. Each driver shall handle all disciplinary matters in strict accordance with District policy. In no case will a driver eject a student from a vehicle for misbehavior except in the event of an extreme emergency endangering the safety of other students or drivers and then only after radio notice to Contractor's terminal and to the student's building or school principal. In all cases of disciplinary ejection, the vehicle shall remain at the approximate area of student discharge until authorities arrive on site and authorize it to proceed on route. All discipline problems shall be reported in writing by the next school day following completion of the route. District and Contractor will, in the event Contractor determines that a student poses a danger to himself/herself or other passengers, cooperate to provide a safe transportation environment

prior to Contractor being required to transport such student. Further procedures and regulations for the administration of discipline shall be established cooperatively between District and Contractor.

- 17.2 Vandalism, damage to Contractor's equipment or facilities shall be the responsibility of Contractor. District shall give Contractor reasonable assistance in obtaining restitution for damaged equipment or facilities where damage is determined to be caused by District students or personnel. Contractor may, with the written concurrence by District, refuse to provide a student with transportation services until vandalism damages caused by such student are paid.

SECTION 18: ASSIGNMENT

- 18.1 This Agreement shall not be assigned by the Parties hereto, without the written consent of District, which consent shall not be unreasonably withheld, conditioned or delayed; provided, however, that Contractor may, without approval, assign the Agreement to a parent company, subsidiary, related or affiliated company. Furthermore, a Contractor shall have the right to assign or otherwise transfer this Agreement in connection with a merger, acquisition, corporate reorganization, public stock offering, or sale of all or substantially all its assets.

SECTION 19: TERMINATION

- 19.1 If either Party violates any of the covenants or duties imposed upon it by this Agreement, such violation shall entitle the other Party to terminate this Agreement in accordance with the following procedure: The non-defaulting Party shall give the offending Party thirty (30) days' written notice of default and the opportunity to remedy the violation or take steps to remedy the violation. If at the end of such 30-day default notice period, the Party notified has not remedied the purported violation or taken steps to do so, the non-defaulting Party may terminate this Agreement as follows: within ten (10) business days following the last day of the 30-day default notice period, the non-defaulting Party shall give the defaulting Party not less than thirty (30) business days' notice of termination. If the non-defaulting Party does not provide the notice of termination within ten (10) business days, the default notice shall be deemed rescinded.
- 19.2 District has the ability to cancel this Agreement effective at the end of any Contract Year on the failure of the state legislature or other applicable governmental entity to provide adequate funding to allow District to provide transportation services to students within District. In the event District shall elect to terminate this Agreement due to governmental funding deficiencies, District shall give written notice to Contractor on or before February 1 prior to the end of any Contract Year for services to be rendered in the following Contract Year. As the Contractor will make reasonable efforts to offset costs in the event of a termination, District shall reimburse the Contractor in full for costs incurred by Contractor as the result of such early termination, including, but not limited to, retrofit and redeployment of vehicles, contract close-out costs, facility/property related expenses associated with closure of property and sale as appropriate, and fueling infrastructure (including infrastructure for electric vehicles) and related costs, and all other associated termination costs. In the event that governmental funding is restored following a termination of this Agreement under this Section, the Contractor shall be entitled to a right of first refusal to provide continuing service to District under this Agreement.

- 19.3 Either Party may terminate this Agreement for convenience upon not less than one hundred and eighty (180) days' prior written notice to the other Party with such termination effective at the end of the current school year.
- 19.4 Upon the termination of this Agreement and, in the event that Contractor is no longer providing transportation services for the District, Contractor shall assist with an orderly transition at the end of the Agreement.

SECTION 20: DATA RIGHTS

- 20.1 District hereby grants to Contractor the right and license to (a) use, store, create derivative works from, sublicense, translate, format, distribute, and otherwise process Service Data as required in the performance of Contractor's obligations under this Agreement; (b) use Service Data to improve, enhance, and support the nature, quality and features of Contractor and Contractor affiliate products, software, and services; and (c) create and develop adaptations, analyses, derivatives, modifications, reports, and summaries of Service Data, provided that Contractor complies with applicable privacy law and the resulting materials do not contain personally identifiable information. The Facility is located at 3591 Sharon Road, West Middlesex, PA 16159 and depicted on the site plan attached as Exhibit _____. Contractor shall also be entitled to use the Facility for office administration, washing of vehicles, and related activities.

1. Scope: The Facility includes:

2. Rent: During the term of this Agreement, for each month for which District pays Contractor for the services and Contractor uses the Facility, Contractor agrees to pay District as gross rent for the Facility, the sum of One Dollar and no/100 (\$1.00) per year (with the amount for any partial month prorated). Termination of the Agreement shall automatically include the termination of the leasing agreement provided for herein, in which event Contractor shall vacate the Facility.

3. Repairs: District shall be responsible for maintenance, repair and replacement of all the exterior and structural elements of the Building, including the exterior walls, windows, foundation, roof, gutters, down spouts (collectively, the "Building Structure"), and the common areas, abutting sidewalks, driveways and asphalt and all general mechanical, plumbing, sprinkler, life safety, HVAC and electrical systems serving the Building (collectively, the "Building Systems"). District shall perform such repairs, maintenance and replacements promptly once District has knowledge of the need for the same. Subject to the foregoing, Contractor shall be responsible for routine repairs and maintenance of the Property during the Term of this Lease, provided, however, in no event shall Contractor be responsible for capital repairs or improvements to the Property. In addition, Contractor shall not be required to put the Property in a better state of repair than exists on the Commencement Date. Contractor shall keep and maintain the Property in a clean and sanitary condition and shall not permit the accumulation of rubbish, liquid waste, or refuse on the Property.

If Contractor fails to initiate, in good faith, repairs or maintenance which are the obligation of Contractor under this Lease within thirty (30) days of written notice from District specifying in reasonable detail the repair required (or such shorter period of time as is reasonable under the circumstances), District may perform such repairs on Contractor's behalf and the reasonable and verifiable cost thereof shall be reimbursed by Contractor within thirty (30) days of written demand together with interest at the rate of the prime rate specified by the Money Rates Section of the Wall Street Journal plus 2% per annum (the "Default Rate") from the date of expenditure by District. If District fails to reimburse Contractor within such thirty (30) day

period, Contractor shall have the right to offset such amount against Rent next due and owing under this Lease.

4. **Environmental Indemnification:** District will be responsible for and agrees to indemnify, defend and hold Contractor harmless from any Environmental Conditions, as defined below, that existed on, in or under the Facility prior to when Contractor moves into the Facility. Contractor will be responsible for and agrees to indemnify, defend and hold District harmless from any Environmental Conditions on, in or under the Facility caused by Contractor during the term. The term "Environmental Conditions" means conditions where hazardous materials (as defined under applicable federal, state or local laws) are present to the extent that any reporting, remediation or other action is required under any such federal, state or local laws. References to "laws" hereunder includes all regulations, guidelines and other requirements thereunder, as amended and supplemented from time to time.

5. **Environmental Site Assessment:** Contractor may conduct a Phase I and if necessary, a Phase II Environmental Site Assessment of the Facility before moving in, during the term and/or within a reasonable time thereafter. This Lease Agreement may be terminated by Contractor upon not less than thirty (30) days' notice to District if any of the site assessments reveals any environmental condition which Contractor deems unacceptable in its sole discretion, so long as notice is provided to District within thirty (30) days of Contractor's receipt of the environmental site assessment report(s).

6. **Insurance:** During the Term, District shall purchase and maintain first party property coverage on the Building. Such coverage shall provide replacement cost protection, less applicable deductibles or retentions. To the extent Contractor causes damage to the Building other than ordinary wear and tear, Contractor agrees that it is not an express or implied beneficiary under the District's first party policy(s) or coverage program(s). Contractor remains separately obligated to indemnify the District for costs to repair or replace such damage to the Building arising out of or related to any activity of Contractor on the Property in keeping with Paragraph 8.

Contractor shall be responsible for insuring the personal property and trade fixtures of Contractor on the Property and may self-insure such risks.

During the Term, District shall also purchase and maintain a general liability insurance policy or coverage agreement providing indemnity against third party personal injury or property damage arising from District's ownership of the Building or the District's associated maintenance or repair obligations. Such insurance or coverage shall be in an amount no less than \$5 million per occurrence and in the aggregate. Contractor shall be named as an additional insured/additional covered party under such policies or programs to the extent of its actual or alleged liability.

7. **Waiver of Subrogation:** Notwithstanding anything to the contrary contained in this Lease, District and Contractor hereby waive (and shall cause their respective insurance carriers to waive) any and all rights of recovery, claims, actions or causes of action against the other for any loss or damage with respect to the Property, or any portion thereof, Contractor's personal property or trade fixtures, including rights, claims, actions and causes of action based on negligence, which loss or damage is covered by insurance (or would have been had the insurance required by this Lease been carried).

8. Indemnification. Except with respect to matters which result from the negligence or willful misconduct of District, its employees, agents or contractors, Contractor shall indemnify, defend and hold harmless District from any claim, loss or liability (exclusive of consequential, punitive or special damages), including, without limitation, reasonable attorneys' fees, arising out of or related to any activity of Contractor on the Property or any failure by Contractor to effect any repair or maintenance required by this Lease. Except with respect to matters which result from the negligence or willful misconduct of Contractor, its employees, agents or contractors, District shall indemnify, defend and hold harmless Contractor from any claim, loss or liability (exclusive of consequential, punitive or special damages), including, without limitation, reasonable attorneys' fees, arising out of or related to any breach or default on the part of District in the performance of any covenant or agreement on the part of District to be performed pursuant to the terms of this Lease, or due to any negligent or willful act or omission of District, its agents, employees or contractors.

9. Damages Caused by Casualty, Fire and Duty to Repair. In the event of damage or destruction of all or a substantial portion of the Property by fire or other casualty, Contractor may terminate this Lease as of the date of the fire or casualty by giving the District written notice of such termination within thirty (30) days following the date of the fire or other casualty. In the event of damage to less than all or substantially all of the Property or if Contractor has not elected to terminate the Lease pursuant to the foregoing sentence, District shall diligently repair the Property to substantially the same condition that existed immediately prior to such damage. Notwithstanding anything to the contrary contained herein, in the event District commences the restoration and, within ninety (90) days after the fire or casualty, the Property has not been substantially restored by District to the condition required herein or reasonable access to the Property has not been established, Contractor may terminate this Lease as of the date of the fire or casualty by written notice to District given within thirty (30) days after the end of said ninety (90) day period so long as District has not substantially restored the Property or access thereto in the condition required by the time of Contractor's termination notice. There shall be an abatement of Rent from the date of the fire or other casualty until the Property or access thereto is restored in the condition required under this Paragraph 9.C. Such abatement shall be in an amount bearing the same ratio to the total amount of Rent for such.

10. Notice of Relocation: If District requires Contractor to move from the Facility during the Term, District will give Contractor written notice and so long as another comparable facility is available, Contractor will vacate the Facility and relocate to the comparable facility, in which event Contractor shall be entitled to equitably increase its rates to the District under this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed the Agreement in duplicate the day and year first hereinabove written.
