AGAR STANDARD TERMS AND CONDITIONS:

DEFINITIONS

As stated herein, the following terms should have the following meanings: "Agar" and "Agar Welding & Steel" shall mean a division of Houck Industrial LLC "Agreement" shall mean the included proposal, acknowledging the scope of work, attached hereto, and incorporated herein.

SCOPE INCLUSIONS

This quote includes only the items specified in this document. No additional items are included, whether referenced in specifications and drawings, explicitly excluded, or not. Installation and delivery shall be included only if specifically mentioned in the quotation. If the written contract, whether signed or not, contains items not outlined above, the terms of this quotation will take precedence over the contract.

PACKAGE MODIFICATIONS

This quotation is presented as a package including all items listed above. Acceptance of less than the full quote may result in an adjustment to the overall price. For example, if delivery is required, the cost may be factored into one line item. If that item is deleted, a separate delivery charge must be added. Please inquire if you would like to place an order for less than the full quoted amount.

STANDARD SCHEDULING PROCESSES:

Agar Welding & Steel uses the following standard process after the award of a contract. Timing for each item is variable based on the size of the project, complexity of the work, and response time from any necessary RFI's, approvals, etc.

- Review subcontract and prepare related documents
- Receive notification that area is ready to be measured (stairs and railing only)
- Complete field measuring (stairs and railing only)
- Prepare and submit detailed shop drawings
- Await approval of shop drawings by General Contractor
- Fabricate
- Install

Please note that as work comes available via notifications and approvals by the General Contractor, it must be scheduled into our detailing office, fabrication shop, and installation teams. At times, scheduling is not immediate as we are working on other projects concurrently. We make every effort to keep every project running on schedule.

The General Contractor is responsible for returning approved shop drawings in a timely manner. Agar Welding & Steel is not responsible for delays due to shop drawings not being returned approved.

This Agreement contemplates Agar's personnel working without interruption or interference. Should Agar be interrupted or delayed during its performance of the Services, the agreed job schedule will be revised accordingly, and additional charges will apply.

Under no circumstances shall Agar be liable for charges for delays. All claims for losses, damages, back charges or offsets by Customer shall be promptly submitted to Agar in writing before the charge is incurred and Agar shall be entitled to a reasonable opportunity to address the condition before the charge is incurred.

CHANGES IN THE WORK

Customer, without invalidating the Contract, may order changes in the Work within the general scope of the Contract consisting of additions, deletions, scheduling changes or other revisions, the price and schedule being adjusted accordingly. Agar may identify and present to the Customer changes within the general scope of the Contract consisting of additions, deletions, scheduling changes, unanticipated site conditions or other revisions that change the scope of the project requiring the price and schedule to be adjusted accordingly. If Customer and Agar cannot agree to a lump sum change in the price, Customer shall pay Agar at its prevailing hourly rate for the actual hours provided plus materials with a 20% margin over costs. If concealed or unknown physical conditions are encountered at the site, the price and schedule shall be subject to adjustment equitably. Changes will cause additional delays due to the need for revised/additional detailing, re-fabrication, etc. and may need to be scheduled around our other projects.

COST ESCALATIONS AND LEAD TIME:

Due to current supply chain issues and material delays in the construction industry, timely delivery and firm pricing of materials cannot be obtained. Agar's bid expires ten (10) days after the date stated on this bid/proposal unless otherwise agreed, if not earlier withdrawn prior to acceptance. After expiry, pricing will be reviewed and adjusted prior to a contract being issued. Long lead times are occurring due to the state of our economy. It is your responsibility to contact us for current lead time when considering our bid. In the event of a significant delay or price increase of material, equipment or energy occurring during the performance of the work through no fault of Agar, the price and schedule shall be adjusted equitably. A change in price of an item of material, equipment or energy will be considered significant when the price increases five percent (5%) between the date of the agreement and the date of installation.

ENGINEERING & DESIGN

General Contractor/Client is responsible for engineering, architectural design drawings and obtaining any necessary information to complete drawings and fabrication. Shop drawings are prepared based on requirements provided by General Contractor/Client. GC/Client is solely responsible for accuracy, layout and approval of all dimensions.

INSPECTIONS & AISC CERTIFICATION

Weld test inspections are by others. If AISC Certification is required, this quote is void.

MATERIAL SIZING:

Agar Welding & Steel will not be held liable for steel failure due to lack of engineering. Any suggestions made by Agar Welding & Steel are to be used for budgeting purposes only. Final material sizing must be verified and approved by the client under the direction of their engineer. When material is ordered, it is assumed that the client has obtained proper verification from their engineer.

HOT DIPPED GALVANIZED & ANODIZED FINISHING:

Hot dipped galvanizing and anodizing are intended to create a durable coating and cannot be expected to provide an aesthetic finish. Agar is not responsible for the aesthetics of galvanized or anodized finishes. Any welding required after finishing will alter the finish and cannot be guaranteed to match in appearance or exhibit the same level of rust resistance.

POWDER COATING:

Customer is fully responsible for color selection. Powder Coat Color Selection sheet must be completed and signed by the customer prior to finish work proceeding. Agar Welding & Steel will not be responsible for final color selection, nor variations of color appearance from product samples or color charts. If customer requests a color change after powder coating, customer is responsible for entire cost to have the product refinished including removal, hauling, sandblasting, powder coating, redelivery and reinstallation. If field welding on powder coated products is required, Agar is not responsible for color match or appearance at weld joints. Welded areas will not exhibit the same level of rust resistance expected by untouched areas.

PAYMENT TERMS

A thirty (30%) percent deposit is due before commencement of work and all other invoices shall be submitted as necessary in Agar's discretion and are payable within fifteen (15) days from date of invoice. No early pay discounts will be allowed without express written consent from Agar management. Agreement terms supersede subsequently dated purchase order terms when the purchase order is specifically for work and materials included within this Agreement. If Customer does not pay Agar through no fault of Agar within seven (7) days from the time payment should be made as provided herein, Agar may, without prejudice to any other available remedies, stop the Work until payment of the amount owing has been received. All sums when due shall bear interest at the rate of 1.5 percent per month from due date until paid or the maximum legal rate permitted by law, whichever is greater, and all costs of collection, including a reasonable attorney's fee, shall be paid by Customer. If Agar must proceed to dispute resolution to enforce its right to payment and if Agar substantially prevails on its claim for payment, then in addition to the award, judgment or verdict, Agar shall be entitled to recovery of its attorneys' fees incurred in connection therewith.

WARRANTY EFFECTIVENESS

Warranties provided by Agar, including manufacturer warranties, shall not be effective unless and until Agar has been paid in full. Other than express warranties provided by Agar, all other warranties are disclaimed, including implied warranties of merchantability and fitness for a particular purpose.

INDEMNIFICATION

Subject to any other specific provisions in this Agreement or its Exhibits to the contrary, and to the extent not covered by insurance required to be provided pursuant to this Agreement, to the fullest extent permitted by law, each party shall save, defend, indemnify and hold harmless the other, their respective agents, employees, invitees and guests, for and against any claim, bodily injury and property damage, damage of any other sort or type, suit, action, administrative proceeding, judgment, lien or cost, to include reasonable attorney's fees, arising out of, resulting from or occurring in connection with this Agreement but only in the event and only to the extent the party against whom indemnification is sought, by its actions or inactions legally caused such claim, damage, cost, expense, loss, suit, etc. and unless caused by the act or negligence of the party seeking indemnification to also include its employees, agents, licensees, contractors or other parties for whom it is legally responsible.

FORCE MAJEURE

If the performance of this Agreement or any obligations hereunder is prevented, restricted, delayed or interfered with by reason of earthquake, fire, flood or other casualty or due to strikes, riot, storms, explosions, acts of God, war, terrorism, pandemic, disease, embargo, shortage of labor, strike, disruption to raw materials production facilities or transportation; vendor priorities and allocations; civil disorders of any kind; or a similar occurrence or condition beyond the reasonable control of the Parties, the Party so affected shall, upon giving prompt notice to the other Party, be excused from such performance during such prevention, restriction, delay or interference, and any failure or delay resulting therefrom shall not be considered a breach of this Agreement and Agar shall be entitled to an equitable adjustment of the schedule and price.

AFFIRMATIVE ACTION

Agar Welding & Steel is an Affirmative Action contractor. Question

Question from Arik Voigt eciConstruction, LLC on Thursday, Jul 16, 2026 at 11:44 AM EDT

Please see attached drawing. The existing w14 beam is shorter than what is shown on the structural drawings. This was suppose to span over A107,C1102. But it falls short of the new east wall in A107 by 3 inches. More shoring will be required and steel and possibly a column.
Please advise
Thanks

CONTRACT AGREEMENT

This agreement is between the:

CHESTER COUNTY INTERMEDIATE UNIT ("CCIU")

and the

CONESTOGA VALLEY SCHOOL DISTRICT ("Educational Entity")

The term of this intergovernmental agreement shall be July 1, 2026 to June 30, 2027.

During the terms of this agreement, the CCIU shall provide for the Educational Entity and the Educational Entity shall purchase from the CCIU services listed and fully described in the attached appendices, pursuant to terms set forth therein. Unless specifically provided otherwise, the Educational Entity agrees to pay CCIU or its third party provider, where applicable, for services to be rendered according to the most recently adopted marketplace price schedule. CCIU, or its third party provider, where applicable, will issue invoices to the Educational Entity at the end of each marking period or as services are provided. Payment is due within 30 days of receipt of invoice.

The CCIU shall indemnify and hold harmless, and upon request, defend the Educational Entity and its board members, officers, directors, employees, consultants, attorneys, and agents from and against all liabilities, losses, costs, fines and expenses of every kind (including but not limited to reasonable attorney fees and costs of litigation) ("the Indemnified Claims") relating to the services provided by the CCIU under this Agreement but only to the extent that it is judicially determined that such Indemnified Claims resulted from the actual negligence or fault of the CCIU.

This indemnity duty shall survive the termination or expiration of this Agreement.

[If applicable]: The School Entity and CCIU understand that, by virtue of their performance under this Agreement, they may possess access to educational records protected under the Family Educational Rights and Privacy Act of 1974 (FERPA) where one or both parties act in the capacity of a person with a legitimate educational interest. Conestoga Valley School District

Book: Policy Manual

Section: 100

Title: Sex Eligibility Criteria for Participation in Interscholastic Athletics

Code: 123.3

Status: Proposed

I. Background

The District offers its students the opportunity to participate on interscholastic athletic teams at both the middle school and senior high school levels. The District has historically offered students interscholastic athletic opportunities through separate boys' and girls' teams. The purpose of this policy is to define the sex-eligibility criteria for students to participate on those boys' and girls' interscholastic athletic teams.

II. Definitions

These terms shall have the following meanings for purposes of this policy:

“Biological sex” or “sex” – the biological distinction between male and female based on reproductive biology and genetic make-up determined at birth.

“boys’ team” – a District interscholastic athletic team designated for boys in Section VI of this policy.

“contact sport” – includes wrestling, football, basketball, field hockey, volleyball, baseball, softball, soccer, lacrosse and other sports whose purpose or majority activity involves bodily contact.¹

“girls’ team” – an interscholastic athletic team designated for girls in Section VII of this policy.

“interscholastic athletic team” – a District sponsored athletic team offered in PIAA sanctioned sport that competes against other secondary schools as identified in Sections VI and VII of this policy.

¹ 34 C.F.R. § 106.41(b); *Williams v. Bethlehem Area School District*, 998 F.2d 168, 173-174 (3d Cir. 1993) (discussing whether field hockey is a “contact sport” for purposes of Title IX); *West Virginia et al. v. B.P.J. by her next friend and mother, Heather Jackson*, No. 24-43 (U.S. June 30, 2026), Opinion of the Court at p. 16 (“The safety risks are at their apex in contact sports, such as soccer, basketball, field hockey, lacrosse and ice hockey, among others...And safety risks also exist in ostensibly non-contact sports, such as volleyball, where spiked balls can cause serious injuries, and softball, where line drives can similarly cause significant harm.”)

“mixed team” or “co-ed team” – a District interscholastic athletic team consisting of both boys and girls.

III. Authority

The District must offer interscholastic athletics in a manner that complies with state and federal laws and regulations, applicable court decisions, and the Lancaster-Lebanon League (“League”) and Pennsylvania Interscholastic Athletic Association (“PIAA”) by-laws and policies which apply to their participating member schools.

The Public School Code of 1949 authorizes the Board to establish reasonable rules and regulations for the management, control and supervision of athletics,² and consistent with that authority the Board has previously adopted Policies 123, 123.1, 123.2, 137.1 and 140.1, which address student eligibility criteria for athletics, participation guidelines and safety protocols for interscholastic athletics.

Policy 123 (Interscholastic Athletics) requires “the Board to offer opportunities for participation in interscholastic athletic programs to male and female students on an equal basis as is practical and without discrimination, in accordance with law and regulations.”³ In doing so, the State Board of Education⁴ and Title IX⁵ regulations allow the District to offer sex-segregated interscholastic athletic teams for boys and girls in contact sports or where the selection for interscholastic athletic teams is dependent upon a student’s competitive skills. The District is further guided by the factors outlined in Title IX regulations to ensure both boys and girls are afforded an equal opportunity to participate on interscholastic athletic teams.⁶

Because the District has historically offered students interscholastic athletic opportunities through separate boys’ and girls’ teams, the Board adopts this policy to place in writing the sex-eligibility criteria applicable to students wishing to participate in interscholastic athletics on boys’ and girls’ teams.

² 24 P.S. § 5-511(a)(“The board of school directors in every school district shall prescribe, adopt and enforce such reasonable rules and regulations as it may deem proper regarding (1) the management, supervision, control or prohibition of...athletics....”).

³ Policy 123 (Interscholastic Athletics)

⁴ 22 Pa. Code § 4.27(f) (“Interscholastic and intramural teams playing contact sports may be separated by sex, but this subsection may not be used to exclude students of either sex from participating in a sport.”)

⁵ 34 C.F.R. § 106.41(b) (“[A] recipient may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a recipient operates or sponsors a team in a particular sport for members of one sex but operates or sponsors no such team for members of the other sex, and athletic opportunities for members of that sex have previously been limited, members of the excluded sex must be allowed to try-out for the team offered unless the sport involved is a contact sport. For the purposes of this part, contact sports include boxing, wrestling, rugby, ice hockey, football, basketball and other sports the purpose or major activity of which involves bodily contact.”)

⁶ 34 C.F.R. § 106.41(c).

The Board's development of this policy is also consistent with the PIAA Bylaws⁷ and the U.S. Supreme Court's interpretation of Title IX, and its implementing regulations, which address the offering of sex-segregated interscholastic athletic teams,⁸ which delegates to the District any decision-making relating to the adoption and/or application of sex-based criteria that may be imposed to determine a student's eligibility to participate in interscholastic athletics on boys' and girls' teams.

IV. Application of Sex Eligibility Criteria for Interscholastic Athletics

The following sex eligibility criteria shall be applied to boys' and girls' teams in interscholastic athletics:

1. Student participation on boys' teams shall be limited to students of the male biological sex; provided, however, a student of the female biological sex may try out for, or participate on, a boys' team when a comparable interscholastic athletic team in the same sport is not offered for girls.
2. Student participation on girls' teams shall be limited to students of the female biological sex.
3. There shall be no sex eligibility criteria for a student to participate in co-ed (rifle), unified sports (track) or intramural sports programs that fall outside of the scope of interscholastic athletics and is open to all students, or for a student to serve a team manager for an interscholastic athletic team.

V. Reasons for Sex Eligibility Criteria in Interscholastic Athletics

Sex-segregated interscholastic athletic teams are being offered through separate boys' and girls' teams in recognition of the following facts and interests:

1. There are inherent physical differences between biological girls and boys.⁹
2. Allowing biological males to play on girls' teams can put girls at significant risk of injuries, especially in contact sports.¹⁰

⁷ 2025-2026 PIAA By-laws, Art. XVI, Section 1.E at p. 38 ("Where a student's sex is questioned or uncertain the decision on the school as to the student's sex will be accepted by the PIAA. In accordance with the Presidential Executive Order 14201...")

⁸ *West Virginia et al. v. B.P.J. by her next friend and mother, Heather Jackson*, No. 24-43 (U.S. June 30, 2026) (holding Title IX and the Equal Protection Clause does not prohibit an educational institution to provide separate women's and men's sports teams defined by biological sex).

⁹ *B.P.J.*, Opinion of the Court at p. 10 ("[T]he Title IX regulations allowed separate sports teams precisely because the biological difference between the sexes – namely, the inherent physical differences between biological women and biological men.").

¹⁰ *Id.* at p. 12 ("With respect to safety, allowing biological males to play on women's and girls' sports teams put women and girls at significant risk of injuries. The safety risks are particularly severe in contact sports.")

3. Allowing biological males to play on girls' teams can put biological female athletes at a serious disadvantage.¹¹
4. To comply with Title IX regulations, and court decisions interpreting them, the District will offer girls opportunity to try-out for contact sports teams designated for boys when no comparable girls' team exists.¹²
5. Ensure that the continued integrity of girls' teams are preserved¹³, and to avoid having girls' interscholastic athletic teams reclassified as a "mixed gender team" for post-season purposes under PIAA By-Laws, Article XVI, Section 4 (Mixed Gender Participation).¹⁴

VI. Designation and Sex Eligibility Criteria for Boys' Teams

The following interscholastic athletic teams are offered in the following seasons and offered as boys' teams:

Fall – football, soccer, cross country and golf

Winter – basketball, bowling, wrestling, and swimming & diving

Spring – baseball, track and field, tennis, volleyball and lacrosse

VII. Designation and Sex Eligibility Criteria for Girls' Teams

The following interscholastic athletic teams are to be offered in the following seasons and offered as girls' teams:

Fall – volleyball, soccer, field hockey, cross country, tennis, golf

Winter – basketball, swimming & diving.

Spring – softball, track and field, and lacrosse

VIII. Exempted Activities

¹¹ *Id.* ("And as to competitive fairness, allowing biological males to play on women's and girls' sports teams can put female athletes at a serious disadvantage.")

¹² 2025-2026 PIAA By-Laws, Art. XVI, Section 4.B ("Girls may play on a Boy's Team if the student's school does not sponsor a comparable Girls' Team in that sport.").

¹³ *Williams v. Bethlehem Area School District*, 998 F.2d 168, 175 (3d Cir. 1993) ("[W]e must note that although title IX and the regulation apply equally to boys as well as girls, it would require blinders to ignore that the motivation for promulgation of the regulation on athletics was the historic emphasis on boys' athletic programs to the exclusion of girls' athletic programs in high schools as well as colleges.")

¹⁴ 2025-2026 PIAA By-Laws, Art. XVI, Section 4.D ("For Postseason purposes, Mixed Gender Teams ... shall compete only in the sport classifications designated for boys.").

This policy shall not apply, or otherwise be construed to restrict or limit student participation due to either sex, in any of following District-sponsored activities:

1. Coed interscholastic athletic teams that may be designated by the District.
2. Intramural teams or sports, which are not considered a part of an interscholastic athletic program addressed under this policy, which may be offered by a District school.
3. The unified track team offered by the District.
4. The opportunity for a student to serve a team manager for an interscholastic athletic team.

IX. Policy Review

This policy shall be referred to the School Board's policy committee for review if any of the following occurs:

1. The Pennsylvania Supreme Court or Pennsylvania Commonwealth Court issue an opinion interpreting the Pennsylvania Human Relations Commission regulations at 16 Pa. Code. Chapter 41, Subchapter D as it relates to sex eligibility criteria for interscholastic athletics to the extent such ruling finds a transgender student may participate a sex-segregated interscholastic athletic team consistent with the student's gender identify.
2. The PIAA or League issues a new by-law, policy or an interpretation thereof relating to sex eligibility criteria for interscholastic athletics that is inconsistent with the terms of this policy.
3. A state or federal law becomes effective that addresses sex eligibility criteria for interscholastic athletics.

The purpose of this mandated review is to determine whether this policy shall be amended in any way in response to any of these legal developments. The School Board, in its discretion, may elect to review this policy at any time for any reason.

In the event the District's athletic opportunities change following the adoption of this Policy, the Superintendent and Athletic Director are authorized to make non-substantive revisions to this Policy solely for the purpose of updating the District's identified athletic opportunities to accurately reflect the programs offered by the District. Such revisions shall not require the formal policy adoption procedures set forth in Board Policy 003, provided they do not alter the substantive rights, obligations, or requirements established by this Policy.

X. Administrative Guidelines

The Superintendent and Athletic Director shall develop administrative guidelines necessary to implement and ensure compliance with this Policy. Such administrative guidelines shall be

implemented no later than one hundred eighty (180) days following the Board's adoption of this Policy and updated thereafter as needed.
