Purpose

To provide students an opportunity to attend schools that operate independently from the school district, the Board shall work cooperatively with individuals and groups submitting proposals and applications for charter schools.[\[1\]](#)

Definitions

Appeal Board means the State Charter School Appeal Board established by the Charter School Law.[\[2\]](#)

Board of Trustees of a charter school shall be classified as public officials.[\[3\]](#)

Charter School means an independent, nonsectarian public school established and operated under a charter from the local Board **of School Directors** in which students are enrolled or attend. A charter school must be organized as a public, nonprofit corporation; and charters may not be granted to any for-profit entity nor to support home education programs.[\[2\]](#)[\[3\]](#)[\[4\]](#)

Local Board of Directors (Board) means the Board of Directors of the school district in which a proposed or approved charter school is located.[\[2\]](#)

Regional Charter School means an independent public school established and operated under a charter from more than one local Board and approved by an affirmative vote of a majority of all Board members of each of the school districts involved.[\[2\]](#)[\[5\]](#)

Authority

The Board shall evaluate submitted applications for charter schools based on the criteria established by law, regulations and any additional criteria required by the Board.[\[4\]](#)

A charter school application shall be approved or denied by a majority vote of all Board members at **an open** meeting, in accordance with the provisions of law. Written notice of the Board's decision shall be sent to the applicant, Department of Education and the Appeal Board, including reasons for denial and a clear description of application deficiencies if the application is denied. The Board shall evaluate denied applications that are revised and resubmitted.[\[4\]](#)[\[6\]](#)

Upon approval of a charter application, the Board and the charter school's Board of Trustees shall sign the written charter, which shall be binding on both **parties**. The charter shall be for a period of three (3) to five (5) years and may be renewed for five-year periods by the Board.[\[7\]](#)

The Board shall not cap nor limit the number of district students enrolling in a charter school, unless agreed to by the charter school as part of the written charter.[\[8\]](#)

The Board may approve a leave of absence for up to five (5) years for a district employee to work in a charter school located in the district of employment or in a regional charter school in which the employing district is a participant, and the employee shall have the right to return to a comparable position in the district. The Board at its discretion may grant tenure to a temporary professional employee on leave from this district to teach in a charter school located in the district, upon completion of the appropriate probation period.[\[9\]](#)

The Board shall annually assess whether each charter school is meeting the goals of its charter and shall require each charter school to submit an annual report no later than August 1 of each year.[\[10\]](#)

The Board shall conduct a comprehensive review prior to granting a five-year renewal of the charter.[\[10\]](#)

The Board shall have ongoing access to the records and facilities of the charter school to ensure that the charter school is in compliance with its charter, Board policy and applicable laws.[\[10\]](#)

In cases where the health or safety of the charter school's students, staff or both is at serious risk, the Board may take immediate action to revoke a charter.[\[11\]](#)

The Board affirms that the Board of Trustees and the charter school shall be solely liable for any and all damages and costs of any kind resulting from any legal challenges involving the operation of a charter school. The local Board shall not be held liable for any activity or operation related to the program of a charter school.[\[12\]](#)

{X} A charter school shall execute a "hold harmless" agreement indemnifying and insuring/agreeing to defend the school district in any and all kinds of liability areas so that the school district and Board are protected in any litigation related to the operation of a charter school.

Delegation of Responsibility

Applications for charter schools shall be submitted to the Superintendent or designee, who shall be responsible for communicating and cooperating with all applicants.

The Superintendent or designee shall be responsible to assist applicants with plans for technical assistance and contracted services that may be provided by the district.

Guidelines

A charter school shall be subject to all federal and state laws and regulations prohibiting discrimination in admissions, employment and operation on the basis of disability, race, creed, color, sex, sexual orientation, national origin, religion, ancestry or need for special education services.[\[3\]](#)

{X} A charter school shall submit monthly enrollment figures and other required reports to the district, as stated in the charter.

Transportation

The district shall provide **free** transportation to resident students attending a charter school located in the district, a regional charter school of which the district is a member, and a charter school located within ten (10) miles outside district boundaries, in accordance with distance requirements established for district students. **Transportation provided to charter school students need not be identical to transportation provided to traditional public school students.**[\[13\]](#)[\[14\]](#)

Transportation shall be provided to charter school students on the dates and periods that the charter school is in session, regardless of whether transportation is provided to district students on those days.[\[13\]](#)

All resident students attending a charter school are subject to any and all District Policies and administrative regulations concerning student discipline and student suspension from transportation.

Policy 810 Transportation

Applications

Applications for charter schools must contain all the information specified in the Charter School Law and any additional information required by the Board.[\[4\]](#)[\[15\]](#)

Applications for charter schools shall be submitted to the Board by November 15 of **the preceding school** year in which the school will be established.[\[4\]](#)

Within forty-five (45) days of receipt, the Board shall hold at least one (1) public hearing on the charter application, in accordance with law. At least forty-five (45) days must pass between the first public hearing and the final decision of the Board. No later than seventy-five (75) days after the first public hearing, the Board shall grant or deny the application.[\[4\]](#)

Insurance/Risk Management

The charter school shall adequately protect against liability and risk through an active risk management program approved by the Board. The program shall include proof of purchase of insurance coverages as required by the Board.[\[12\]](#)[\[15\]](#)

Minimum coverages and levels of appropriate coverages shall be established in the charter.

All liability policies acquired by the Charter School shall provide a coverage limit deemed adequate and reasonable in the sole discretion of the Board.

A charter school shall operate in a manner that minimizes the risk of injury and harm to students, employees and others.

FOREWORD

Welcome to the new school year! It is great to have you with us if you are a new student. If you are returning, we are glad to have you back with us.

This handbook is for you. It contains the procedures you are responsible for during your years at one of the KCSD middle schools. **Policies established by the District are available online by [clicking here](#) and in each school throughout the Keystone Central School District.**

Your conduct, at all times, should reflect good citizenship. You are expected to show respect for the property, rights, and privileges of others. In return, you may expect this respect from others. Positive behavior can help make your school life a happy and rewarding one. Please pay careful attention to what is in your handbook, discuss it with your parents, and if you have any questions, we encourage you to talk to us. Together, we can make this school year successful.

HANDBOOK GUIDELINES

These guidelines may not address all possible issues. Therefore, it may be necessary for the Administration or faculty to decide in some instances. As for responding to student conduct, the Administration reserves the right to modify disciplinary action based on individual circumstances and the results of an investigation pertaining to an incident.

VIDEO/AUDIO SURVEILLANCE NOTICE

The Keystone Central School District utilizes video surveillance and recordings to keep students, staff, and property safe. All District facilities and property have video recorders in use, and all buses used by the District utilize both video and audio recordings. All those entering district buildings and property should be aware that their activities may be video recorded, and those using buses may have their activities recorded by video and audio at any time.

ATTENDANCE REGULATIONS

There is a direct and positive correlation between regular school attendance and achievement. Students are, therefore, encouraged to avoid any unnecessary absences from school. Below are the attendance regulations adopted by the KCSD Board of Directors. Please refer to the district website for additional information about the [Attendance Policy \(Policy 204\)](#).

Excused absences may include: illness, death in the family, medical or dental appointments, required court appearance, unavoidable family emergencies, or other 'urgent' reasons such as impassable roads.

Funeral absences: local funeral = 1 day excused; out of town funeral = up to 3 days excused; exception includes immediate family member = 5 days excused absence

Unexcused absences may include: oversleeping, car issues, missing the bus, hunting, or shopping.

Returning to school: The student should turn the excuse in to the attendance office. If the student fails to submit their excuse **within three days** of the absence, the absence will be counted as unexcused or unlawful, in alignment with state regulations. Excuses may be submitted in writing, electronically, or by email to the attendance secretary at your child's school.

Request for leaving school: Early dismissal from school will be granted for the same reasons allowable for legal absences. A written request from a parent/guardian for early dismissal should be presented to the attendance secretary in the morning. If the excuse is accepted, the attendance office notifies teachers that an excused absence has been received. For safety reasons, it is recommended that the student's parent/guardian sign the student out in the main office when leaving the building for early dismissal and sign them in upon their return. This includes any student being dismissed by the nurse or an administrator. Parents are encouraged to schedule appointments with physicians and dentists after school hours, if possible. *Requests to be excused for hair appointments, shopping, etc. will be denied, and absences for these reasons will be unexcused.*

Following is a summary of key points from the [KCS D Attendance Policy \(204\)](#) and steps that will be followed if there is a concern with school attendance:

Absences will be marked as unlawful/unexcused if there is no excuse turned in to the attendance office by the third (3rd) school day following the absences. *If the absence extends five (5) days, communication (through email or physical note) must be provided to the school's attendance office. A doctor's excuse must be submitted for absences of five (5) or more consecutive days.	For example, if your student is absent on Monday, you MUST send in an excuse for that absence by Thursday of that week, or it will be marked as an unlawful/unexcused absence. If the student is absent Monday-Friday for one week, communication must be received by the attendance office by Friday (day 5) of the absence. Excuses may be submitted in writing or electronically by email. Please include a phone number in the email for the building secretary to confirm the excuse.
School attendance secretaries/ administration will notify you, by mail or phone call, when your student has accumulated three (3) unlawful days. This may be a combination of partial days or whole days.	This letter will also include the time and date for your child's School Attendance Improvement Conference (SAIC). Neither the student nor the parent/guardian will be required to participate. The SAIC will be held regardless of attendance by the student and/or parent/guardian on the date indicated on the letter. A two-week follow-up meeting will be scheduled to monitor ongoing attendance and compliance with the established plan. Educational trips will not be approved once students accrue three (3) unlawful absences.

If your student has accumulated six (6) unlawful days the school will refer your student to the children and youth school-based truancy worker.	The school may file a citation with the district magistrate against the person in parental relation who resides in the same household as the child. Under Pennsylvania law (Act 47 of 2025), students considered habitually truant—defined as having six or more unexcused absences—are prohibited from transferring to a cyber charter school during the school year. Exceptions require a judicial determination that the transfer is in the best interest of the student.
After your student is absent for ten (10) cumulative days, including parental excuse days and/or unlawful /unexcused days (this could be a combination of partial days and/or full days), you will receive a letter informing you that your student has reached ten (10) days of absences.	After this, a physician's note MUST be turned in for every absence for the remainder of the school year. Educational trips will not be approved once a student has accrued ten (10) absences.
At eighteen (18) days of accumulated student absence (this could be a combination of partial days and/or full days), excluding absences with physician's excuses or approved educational trips, a student will no longer be allowed to participate in non-compulsory activities which could include co-curricular activities, dances, field trips, graduation, etc.	Parents/guardians will get a letter upon the student's fourteenth (14th) absence informing them of the number of absences and the potential consequences if they reach 18 days.

Additional unlawful absences may be referred to the Keystone Central School District Attendance Officer for additional referrals, citations, or further legal action.

Please refer to the district website for additional information about the [Attendance Policy \(Policy 204\)](#).

If you have any questions, please contact the counselor and/or attendance secretary at your student's school.

EDUCATIONAL TRIPS: A student may legally make a trip of an educational nature with their parents or guardians. Students may be excused for family educational tours or trips for no more than seven (7) school days in any one (1) year. A parent note requesting an educational trip stating the specific dates and the reason must be sent to the school office at least five (5) days before the trip.

Students will then be given an Educational Trip Review form to take around to each of their teachers for their signature. Once the student has ALL teacher signatures, the Educational Trip Review form must be returned to the main office for the principal to review. **If approved, students will not be permitted to join classes remotely during the trip.** Late forms may be denied and reflected on attendance. If there is an issue with the approval of an Education Trip Request, the school will contact the family.

- Trips shall be denied to students who:
 - Have more than ten (10) days of absence, excluding physician's excuses and suspensions/expulsions.
 - Have three (3) or more days of unexcused/illegal absences

- Are considered in poor academic standing (quantifiable by meeting athletic eligibility requirement status)
- Request an Educational trip during the PSSA testing window during which the student should testing. (Refer to PDE for testing dates)

Educational trip requests submitted during state testing windows will generally not be approved as student participation in testing is critical. However, exceptions may be made for extenuating circumstances at the discretion of school administration. Families are encouraged to consult with the school prior to making any travel arrangements during these periods.

HOMEWORK COLLECTION FOR EXTENDED ABSENCES: If it is known that a student is going to be absent for an extended period of time (3 days or more), the counseling office will collect assignments, upon request from a parent/guardian. Upon the student's return to school, following the absence, the teacher and student will set a deadline for completing the make-up assignments. Parents are strongly encouraged to notify guidance **before** a known, extended absence. Contact can be made by calling the school guidance office at 570-893-4900 ext. 2952.

MAKE-UP WORK: In cooperation with the teacher, the student will be responsible for making arrangements to make up work. **Students are responsible for any, and all work missed while absent from school.**

NON-CUMULATIVE ABSENCES: The following absences will NOT appear on the student's permanent record:

- Absence for school-approved activities
- Physical disability of extended duration (after homebound instruction has begun)

POSITIVE ATTENDANCE: Students who attend regularly will be recognized through the School Wide Positive Behavior program. There will be an acknowledgment every month for positive school attendance.

REQUEST FOR LEAVING SCHOOL: Early dismissal from school will be granted for the same reasons allowable for legal absences. A written request from a parent/guardian for early dismissal should be presented to the attendance secretary in the morning. If the excuse is accepted, the attendance office notifies teachers that an excused absence has been received. For safety reasons, it is required that the student's parent/guardian sign the student out in the main office when leaving the building for early dismissal and sign them in upon their return. This includes any student being dismissed by the nurse or an administrator. If possible, parents are encouraged to schedule appointments with doctors and dentists after school hours. *Requests to be excused for hair appointments, shopping, etc., will be denied, and absences for these reasons will be unexcused.*

RETURNING TO SCHOOL: The excuse is to be submitted to the office. If the student fails to submit their excuse **within three school days** of the absence, the absence will be counted as unexcused or illegal, in alignment with state regulations. Excuses may be submitted in writing, electronically, or by email to the attendance secretary at your student's school.

TARDY TO SCHOOL: If a student arrives at school after the designated start time established in each building, they should report to the office for an admittance slip. This is the only late pass the office will issue. **No late passes between classes will be issued from the office.** *If a student is late to class without a written excuse, the teacher will record the lateness according to the tardy and absence procedure found in Appendix A.*

- If a student is detained in the office or by a teacher, they should ask for an excuse from the person who detained them before going to class. Such a tardy will not be counted against the student. Students must enter their school building before the late bell and should plan their day accordingly.
- After the late bell, students must enter school at the front entrance and sign in at the main office.
- If a student arrives at school between 8:40 am and 8:50 am, they will be marked **tardy**. For every four tardies a student accumulates, they will accrue a quarter day unlawful absence.
- Please refer to Appendix A for expectations and responses to repeated tardy to school.

Below is a chart outlining how partial day attendance will be counted if students arrive after the tardy window:

Arrive late or leave school between the following times:	Percentage of absence either excused or unexcused for late arrival	Percentage of absence either excused or unexcused for early dismissal

STUDENT SERVICES & SUPPORTS

A variety of student services are available to support students throughout their school career, examples of student services are listed alphabetically below:

DIVERSITY, EQUITY, AND INCLUSION: The Vision of the KCSD Diversity, Equity & Inclusion Committee is to foster a safe, healthy, and inclusive culture where students, faculty, staff, and families of all backgrounds and identities can succeed and feel at home. Please contact Christina Manning, Director of Student Services (cmanning@kcsd.us or ext.2105) if you want to discuss inclusivity issues, including bullying and harassment.

HEALTH SCREENING AND PHYSICAL EXAMINATIONS: According to a Pennsylvania state mandate, all students will have health screening for height, weight, body mass index, and vision each year. Seventh and eleventh graders, all students with an IEP, and students new to the district must also have a hearing screening. In addition, students entering 7th grade must have a dental exam. Private physicals completed anytime from twelve months before the eleventh grade school year through the end of the eleventh grade school year will satisfy the examination requirement.

HOMEBOUND INSTRUCTION: If a student experiences a disability or an extended illness, a parent may request homebound instruction by calling the Director of Pupil Services, at 570-893-4900 ext 3102 or by emailing cmanning@kcsd.k12.pa.us. For the school district to obtain approval from the State for homebound instruction, certain information must be submitted relative to each case. If data indicates that the student is "thought to be exceptional", a multidisciplinary evaluation (MDE) will be conducted with written permission from the parent/guardian. The district will evaluate the student at no expense to the parent. The multidisciplinary team, including the parents, will determine if a need for special education services exists within the parameters of federal and state regulations. TECHNOLOGY MONITORING AND SUPPORT: Keystone Central School District is committed to supporting students as they navigate district-issued technology. All student devices and accounts will be monitored 24/7, with safety alerts sent to building administrators, counselors, and other child study team members. All school code of conduct expectations apply and will be enforced, and/or counseling services will be provided at any time the team identifies a concern.

ANNUAL PUBLIC NOTICE

The Keystone Central School District provides a variety of opportunities for the screening and evaluation of students thought to be exceptional. All students receive readiness screenings and standardized indicators of early literacy in Kindergarten. All elementary schools in the district have an identified and trained Instructional Support Team (IST). The Instructional Support Team works with school staff to provide screening in various areas (cognitive, emotional, social, motor, vision, hearing, and speech/language). Parents may request IST consideration through the building principal. The IST process can recommend interventions, further screening, and/or a referral for multidisciplinary evaluation (MDE) for special education services. Pre-referral intervention services are also available at the secondary level.

MDE can be requested at any level by school teams and/or parents. Parents/Guardians may request an evaluation at any time. The parent/guardian request must be in writing. If a request is made orally to any professional employee or administrator, that individual shall provide a copy of the permission to evaluate form to the parents/guardians within ten (10) calendar days of the oral request. The evaluation shall be completed, and a copy of the evaluation report presented to parents/guardians no later than sixty (60) calendar days after receipt of written parent/guardian consent for evaluation, exclusive of the period following the last day of the spring school term to the first day of the subsequent fall term. Requests for screening and/or evaluation of students in non-public schools should be directed to the Nonpublic School Director/Principal, who, in turn, will contact the district Special Education Office. Policy 103.1 Nondiscrimination of Qualified Students with Disabilities, Policy 113 Special Education, Policy 113.3 Screening and Evaluations for Students with Disabilities, and Policy 113.4 Confidentiality of Special Education Student Information.

Special education services are provided to exceptional students under IDEA Federal Regulations Part 300 and Chapter 14 of the Pennsylvania Special Education Regulations. Special education is defined as specially designed instruction to meet the needs of an exceptional student, including specially designed instruction that is the following:

- Conducted in the classroom, in the home, in community settings, in hospitals, institutions, and other settings.
- Provided in an instructional or skill area, including physical speech and vocational education.

A specially designed program of instruction is available for a student who meets one of the categorical exceptionalities: autism, deaf-blindness, deafness, emotional disturbance, hearing impairment, intellectual disabilities, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, visual impairment including blindness and who needs a specially designed program of instruction.

Parents or teachers may refer students for a multidisciplinary evaluation if a student is thought to need special education services. The district conducts a screening to identify students who may need special education through health screenings, group intelligence tests, and achievement tests. Regularly scheduled Child and Pupil Study Teams and Student Assistance Teams, review student records and teacher reports for relevant information. These activities are ongoing during the school year.

Related services such as occupational therapy, physical therapy orientation, mobility training, and specialized transportation are available as deemed appropriate by the Multidisciplinary Evaluation Team and Individual Education Plan Team. Transition Services, Extended School Year Services, and Assistive Technology Services are provided according to the Pennsylvania Special Education Standards and Regulations.

Behavior Intervention Plans include a variety of techniques to develop and maintain skills that will enhance an individual student's or young child's opportunity for learning and self-fulfillment. Potential causes of behavior problems, such as physical or medical conditions, environmental factors, staffing, and program concerns, shall be reviewed and addressed before developing a behavior intervention plan. For each eligible student or young child who exhibits behavior problems that interfere with the student's ability to learn, including students identified as seriously emotionally disturbed, the IEP shall include provisions for a behavior management program. Positive rather than negative measures shall form the basis of behavior intervention plans. Aversive techniques, restraints, or discipline procedures may not be used as a substitute for a behavior intervention plan.

The Keystone Central School District does not discriminate against Protected Handicapped Students. Such students are assured equal opportunity to participate in the school program and extracurricular activities to the maximum extent appropriate. The school district's policy is to provide a free and appropriate public education to each student with disabilities within its jurisdiction, regardless of the nature or severity of the handicap. The district intends to ensure that students with disabilities within Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be considered handicapped under this policy even though they do not require services pursuant to the Federal Individuals with Disabilities Education Act (IDEA) and the corresponding Pennsylvania Special Education Regulations. Written service agreements may be developed annually to detail necessary services for students with disabilities under section 504.

The Keystone Central School District Policy protects the confidentiality rights of students and parents on Confidentiality of Student Records, and the Pennsylvania Special Education Regulations section addresses confidentiality.

In accordance with 34 CFR § 300.624, please be advised of the following retention/destruction schedule for the Pennsylvania System of School Assessment (PSSA), and Keystone Exam-related materials: PSSA and Keystone Exam test booklets will be destroyed one year after student reports are delivered for the

administration associated with the test booklets. Keystone Exam answer booklets will be destroyed three years after completion of the assessment.

The Board's policies are publicly available and located on the Keystone Central School District's website, including how to submit reports and/or complaints of sex discrimination and the pertinent grievance procedures concerning same.

GIFTED EDUCATION

The Keystone Central School District gifted program reflects our vision and mission statements. The ongoing assessment ensures that our program provides for the needs of gifted students in all grade levels. Gifted support services ranging from enrichment to acceleration are coupled with the core curriculum to maximize the individual learning needs of identified students while providing an environment where students can maximize their exceptional ability and learning potential.

- KCSD has clearly defined guidelines for the screening and identification process of potentially gifted students.
 - **Level I - Universal Screening**
 - A universal screener is in place for grades K-8 that includes teacher and data team input. Data collected includes, but is not limited to, aimswebPlus Benchmark Math and Reading, MAP assessment, PSSA assessment, and in grades (5-8), report card grades are included. If a teacher/team suspect policy 114s a student is demonstrating giftedness based on the universal screening, the teacher/team completes the “Gifted Screening Referral Form” and submits it to the special education office.
 - **Level II - Individual Screening**
 - Permission to evaluate is issued to complete the Kaufman Brief Intelligence Test (KBIT-2). With a score of 125+, the student is referred for full gifted evaluation. Permission to evaluate is issued to the parents. If the student scores below 125, parents are informed in writing that a full gifted evaluation is not recommended. Parents still maintain the right to request a full gifted evaluation through the special education office.
 - **Level III - Full Gifted Evaluation**
 - If the student meets the criteria of the universal and individual screening, and upon receipt of the signed permission to evaluate, the Gifted Multidisciplinary Team completes the evaluation within 60 calendar days. Parents and teachers provide input by completing rating scales and input forms. A certified school psychologist administers comprehensive assessments of cognitive/intellectual functioning and academic achievement. Results are summarized in the Gifted Written Report. The Gifted Individual Education Program team convenes to determine if the student qualifies for gifted services and to develop a GIEP to provide gifted support services.
 - For students with dual exceptionalities, it is not necessary to conduct separate screenings and evaluations, develop separate IEPs, or use separate procedural safeguards processes to provide a student’s needs as both gifted and eligible students.
 - Please refer to KCSD [Policy 114](#)

SCHOOL-WIDE ACTIVITIES & EVENTS

BEHAVIOR AT ALL SCHOOL SPONSORED EVENTS: There are a variety of popular activities for Keystone Central students to attend throughout the year. When you attend any athletic event or school-sponsored event, you represent your school and our district. Your actions are viewed by family, friends, opposing fans, the local community, the media, and those participating in the event. Please refer to the District Athletics Handbook for more information regarding student behavior at sporting events.

CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

“Co-curricular and/or extracurricular” shall mean those activities which are sponsored or approved by the Board of School Directors but are not offered for credit toward graduation. Such activities shall ordinarily be

- Conducted wholly or partly outside the regular school day
- Marked by student participation in the processes of initiation, planning, organizing, and execution
- Available to all students who voluntarily elect to participate
- Where eligibility requirements are necessary or desirable, the Board of School Directors shall be so informed and must approve the establishment of eligibility standards before they may be operable.

Co-curricular and/or extracurricular activities are an important part of the total school program and are open to participation by all students regardless of individual differences, including students with disabilities. Through voluntary participation, the student is expected to give time, energy, and commitment to the activity in which they participate. They are also expected to abide by training rules, regulations, and responsibilities unique to the activity.

To ensure the consistent enforcement of the KCSD Code of Conduct, it applies to all students participating in co-curricular and/or extracurricular activities enrolled in grades seven through twelve. The terms of this policy apply throughout the year (24 hours a day, seven (7) days a week, and 365 days a year) to conduct occurring on or off school property. This Code of Conduct shall not prevent coaches or advisors from developing and enforcing other reasonable rules and training regulations specific to their co-curricular and/or extracurricular activity. ISS and OSS may keep individuals from participating in practices/games/etc. for that day.

Co-curricular and extracurricular participants are often in the public eye, so their conduct must always be above reproach. They must always project a positive image of themselves and the Keystone Central community they represent. Failure to do so can lead to immediate dismissal from co-curricular and/or extracurricular activities. A coach/advisor can levy additional consequences within their program.

A detailed handbook for co-curricular and extracurricular activities can be obtained through the KCSD student activities handbook on the KCSD website

DANCES: Any student organization planning a dance must obtain permission from the faculty sponsor or advisor. The representative students and the advisor will meet with the principal and arrange for final approval after working out the details, including chaperones, police, etc. This must be accomplished at least two weeks before the anticipated date of the dance.

- There must be approved adult chaperones at each school-sponsored dance. **All adult chaperones must have the proper clearances registered with the KCSD Human Resource Department.** The activity sponsor/advisor will be in attendance, and/or other teachers to assist them. All KCSD students must present their student identification cards for admission.
- **Non-KCSD students are not permitted to attend school-sponsored dances.**
- **Only students enrolled in middle school may attend middle school dances.**
- Any student leaving before the end of the dance must sign out. Parents may also be contacted if students leave early. Once a student leaves the event, they may not return.
- Any student serving In School Suspension or Out of School Suspension on the day of the dance will not be permitted to attend. Students absent on the day of the dance will not be permitted to attend.

- Administration reserves the right to make final decisions regarding student participation/attendance at school-sponsored events.

- If a student pays for a lost item and it is found and returned, the student will be refunded.

The school district is not responsible for lost or stolen items.**

When a student cannot participate in regular physical education classes for a physical or other compelling reason, a doctor's excuse will be submitted to the Physical Education teacher. The excuse will give the nature of the injury or illness, the length of time to be excused from regular Physical Education classes, and a description of the activities in which the student can participate (including exercises that can help in rehabilitation). When a doctor's excuse is submitted, the student may be offered an alternative program different from the regular physical education program (Ex: Google classroom assignments, Sport-specific Google slides, Google forms, typed reports, projects, etc.).

POSTERS AND SIGNS: All posters and signs must be approved and signed by an administrator. Persons posting the signs and posters are responsible for removing and cleaning the area used. Information may be posted only on the cork strips, tile walls, or glass. Posters should not be taped, glued, or stapled to other surfaces in the display case or walls.

- Images viewed by the general public and student population should reflect our high standards and educational purpose. Images displayed in hallways and spaces of the school used by the general public must not depict content that could be viewed as advocating or promoting sex, drugs, nudity, violence, or hatred, nor be vulgar or obscene in nature.
- The display of such pictures or messages violates district [Policy 220](#) and [Policy 249](#), and those who post them are subject to disciplinary action according to the Code of Student Conduct below.

RESTROOM PRIVILEGES: If any emergency necessitates using the restroom during a class, the following procedures should be observed:

- Follow procedures established by the teacher.
- Use the restroom closest to their classroom and/or the restroom designated by their teacher.
- Have a teacher-issued hall pass when leaving the classroom.
- Students are expected to report any restroom damage or malfunction immediately to a staff member.

SCHEDULE OF CLASSES: Classes are scheduled during the spring of the year. Counselors, teachers, instructional coaches, and administration will collaborate and support the development of student schedules for the following school year. Every effort is made to honor course requests; however, this is not always possible. Schedule changes are extremely limited and will be done only under extenuating circumstances. If a student transfers from honors to a non-honors course, or vice versa, their percentage and grade will remain the same.

- At times, students may be assigned to elective courses based on identified needs for academic interventions and support. Assignments to these courses will be evaluated throughout the year.
- Students will be assigned to honors courses based on identified criteria (i.e., teacher recommendation, PSSA scores, MAP assessment data, etc.).

SCHOOL BUSES: School bus transportation is provided for students' safety. **Transportation is provided as a privilege; it is not a mandate and, therefore, can be revoked at any time for misconduct.** Students are expected to help maintain the condition of the bus they ride. **Please refer to APPENDIX E for more information regarding expectations and procedures related to bus violations.**

SCHOOL WELLNESS

- Keystone Central School District recognizes that student wellness and proper nutrition are related to student's physical well-being, growth, development, and readiness to learn. The School Board of Directors are committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education and promotion, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive nutrition and lifestyle practices that can improve student achievement.
- Any foods and beverages marketed or promoted to students on the school campus during the school day shall meet or exceed the established federal nutrition standards (USDA Smart Snacks in School) and comply with established School Board [Policy 246](#) and administrative regulations.
- For a complete copy of the School Wellness Policy, please refer to the Keystone Central Website for the policy manual under Our District - Policy Manual section or District Offices - Food Service - Student Wellness Committee.

SCHOOL-WIDE RULES FOR THE MIDDLE SCHOOLS: The Keystone Central School District has adopted the School-Wide Positive Behavior Intervention and Supports (SWPBIS) approach in all its schools K-8. This model is supported by the Pennsylvania Department of Education (PDE) and is a nationally recognized model. School Wide Positive Behavior (SWPB) is a multitiered model of support that encourages, teaches, and reinforces the behavior expectations for all students in our schools. Through the use of a multi-tiered model, interventions can be implemented at the building, grade, and individual level, depending on the needs of the students. The PDE has recognized the district for the

implementation of SWPB in its schools. Through the use of K-8 consistent expectations, students are taught the 5 B's:

1. Be Safe 2. Be Responsible 3. Be Respectful 4. Be Kind 5. Be Present

The basic expectations are listed on the matrix below. The ultimate goal is that students understand there is a level of expectation for behavior and demonstrate their ability to regulate their own behaviors. Every student has the right to an education free from disruption.

Throughout the year, Central Mountain Middle School will hold events during and after school that tie in as rewards and incentives for Positive School Wide Behavior. Access to these events will be based on parameters set by the PBIS team in regards to points earned and past disciplinary action.

Students observed by video surveillance in acts that violate school district policy, procedures, or guidelines (for example, disciplinary guidelines) will be subject to the consequences, or sanctions, imposed for violating those policies, procedures, or guidelines. **Access to the School District's video surveillance footage may not be disclosed unless the law permits.**

VISITORS: All visitors must enter and sign in to the Main Office of the building to obtain a Visitor's Pass. Appointments should be scheduled in advance to have the appropriate staff available. Non-resident students may visit the school only if they are participating in a school-sponsored program. Passes are only issued to those visiting specifically to contribute to the academic or extracurricular program.

- For reasons of school safety and the smooth operation of the school, those not obtaining a pass, those who are on school grounds without permission, and those who have been denied permission to be on school grounds will be considered to be trespassing. Trespassers may be prosecuted.
- For the safety and security of our students, appropriate clearances will be requested from outside agency service providers, university students, and **volunteers** (according to school policy). Please contact the Human Resource Department for the appropriate clearances to serve as a volunteer in a KCSO school.

WITHDRAWAL PROCEDURES: Any student who needs to withdraw from school should begin the withdrawal procedure by contacting a school counselor or principal, preferably two weeks in advance of leaving. The student can receive a withdrawal form from the guidance office.

CODE OF STUDENT BEHAVIOR

The Keystone Central School District believes that appropriate conduct is closely related to a positive environment for learning and an effective instructional program. It is expected that students follow school rules and regulations governing student conduct. These expectations are for the school day, after-school extra-curricular events, and during the time spent traveling to and from school. Such rules shall require that students:

- Conform to reasonable standards of socially acceptable behavior.
- Respect the rights, identity, and property of others.
- Preserve the degree of order necessary to the educational program they are engaged in.
- Respond positively and promptly to those adults responsible for monitoring student behavior.
- Refrain from public displays of affection (PDA) throughout the school environment.

To ensure a safe learning environment, students must have appropriate behavior and attendance. Detentions, suspensions, and possible expulsion from school could result when students are guilty of infractions. Participation in any school function or activity, including athletics, is prohibited for the duration of a suspension and could result in exclusion from extracurricular activities for part or all of the school year. The student will receive appropriate discipline based on the infraction.

Specific information related to the consequences and responses can be found in APPENDIX A.

The District Administration reserves the right to, **and in its sole discretion, may** modify disciplinary action based on individual circumstances and investigation.

During any investigation regarding student discipline, District Administration reserves the right to **and may, in its sole discretion,** investigate students without notification **to** or **the** presence of a parent.

CELL PHONES AND ELECTRONIC / MULTIFUNCTIONAL DEVICES

- Devices may not be disruptive to the education process.
- **Devices must be turned off** and in communal device storage or backpack upon entering **instructional areas unless the instructor has permission.**
- Students should have no expectation of privacy when using district-owned electronic devices and when using the district's WiFi or other service(s). In addition, students should have no expectation of privacy when they use personal electronic devices connected to the district's computer network, WiFi or other service(s). The district is not responsible for any device theft, loss, or damage.
- If technology is needed, the student will have the use of their KCSD-issued device.

DISCIPLINARY RESPONSES FOR CELL PHONE/DEVICE INFRACTIONS

First Offense	Reteaching of device expectations. The phone/device will be turned over to the teacher and will be given back at the end of the block. Teacher contacts the parents/guardians.
Second Offense	Reteaching of device expectations. One detention assigned, the phone/device will be turned over to the teacher and will be given back at the end of the day (phone/device will be in the main office). Teacher contacts the parents/guardians.
Third Offense	Reteaching of device expectations. Two detentions are assigned, parent/guardian must pick up the phone/device from the main office. An Administrator or facilitator contacts the parents/guardians.
Fourth Offense	Reteaching of device expectations. One day of in-school suspension assigned, the parent/guardian must pick up the phone/device from the main office, loss of phone/device privileges. An Administrator or facilitator contacts the parents/guardians.

- If a student loses cell phone privilege but needs to bring their phone for after-school activities, the phone must be checked in at the office daily.
- Ear pods/headphones of any type are **not** permitted in hallways or instructional spaces. Plug-in headphones may **ONLY** be used in the classroom with the explicit permission of the instructor.

PERSONAL APPEARANCE

The Keystone Central School District, out of concern for the safety, health, and welfare of students as well as the prevention of disruption to the education program, has adopted a Personal Appearance guideline, as listed below and found in [Policy 221](#):

With this in mind, the following guidelines have been established:

- Shoes must be worn at all times. Footwear or other attire that constitutes a safety hazard is not allowed.
- The wearing of clothing that exposes the buttocks or breasts is not permitted.
- Hoods are to be removed when students enter the building.
- Undergarments (i.e. sports bras, bralettes, bandeaus, boxers, muscle tanks, or briefs) must be covered.
- Clothing, buttons, jewelry, or other attire/items displaying messages either explicitly or implied relating to drugs,

alcohol, sex, gangs, profanity, or violence are prohibited. This includes Confederate Flags and swastikas. Also prohibited are items with sexually suggestive, degrading, gender bias, or messages supporting death/suicide.

- Chains or spikes are not to be worn during school.
- Face paint, or costumes that could disrupt or distract from the educational environment are not to be worn in the school.

This is not intended to be an exhaustive list. The administration reserves the right to have any student change clothing or other items that reasonably present a danger to others, distract from the learning environment, or are prohibited by other school policies. Violations of the student attire guidelines will be dealt with on an individual basis. Students will be required to correct their appearance and may be subject to disciplinary measures.

It may be necessary for students to wear certain types of clothing while participating in physical education classes, shops, extracurricular activities, graduation, or other situations where special attire may be required to assure the health or safety of the student. Career Technical Education students must wear trade-appropriate clothing to enhance safety and a positive working environment. Each specialized course will specify in the course syllabus the required clothing. For safety reasons, certain types of jewelry are prohibited. Failure to comply will result in disciplinary action.

The administration reserves the right to make the final determination as to whether clothing or jewelry is inappropriate for school and/or a disruption to the educational process.

First Violation	The student will be asked to exchange inappropriate clothing for more suitable attire. Parent/Guardian notified.
Second Violation	The student will be asked to exchange inappropriate clothing for more suitable attire, AND detention will be assigned. Parent/Guardian notified.
Third Violation	The student will be asked to exchange inappropriate clothing for more suitable attire, AND an additional detention and/or suspension will be assigned.

DISCIPLINARY RESPONSES FOR SUBSTITUTE BEHAVIOR

To ensure a productive and respectful learning environment for everyone, our school maintains consistent expectations for student behavior, even when a substitute teacher is leading the classroom. Substitute

teachers play a vital role in the education of our CMMS students, and we expect the same courtesy, cooperation, and respect shown to regular teachers.

When a substitute teacher is present, all classroom and school-wide rules remain in effect. Students are expected to follow the substitute's instructions promptly and respectfully, which have been left by the classroom teacher for daily instruction. Any disciplinary issues that arise during a substitute's class will be reported to the school administration and will be handled according to the substitute behavior policy outlined below. This includes, but is not limited to, infractions such as defiance, disruption, disrespect, or failure to complete assigned work as outlined in the student expectations section of the student handbook.

First Offense	Reteaching of substitute expectations. Two lunch detentions. Teacher contacts the parents/guardians.
Second Offense	Reteaching of substitute expectations. One day in the Learning Center. Facilitator or Administrator contacts the parents/guardians.
Third Offense	Reteaching of substitute expectations. One day of out of school suspension (OSS), followed by a parent-teacher conference upon the student's return. Administrator or facilitator contacts the parents/guardians.
Fourth and subsequent Offenses	Reteaching of substitute expectations. One day of out of school suspension (OSS). Disorderly conduct charge. Administrator or facilitator contacts the parents/guardians.

WEAPONS

It is the guiding principle of the Keystone Central School District that all students will attend schools that are safe, secure, and free from the threat of harm. Possession of weapons in any of the aforementioned locations threatens the safety of students and staff and is prohibited by law.

The Keystone Central School District prohibits possession of weapons and replicas of weapons in any school district building, on school property, at any public conveyance providing transportation to or from school or a school-sponsored activity. If weapons are found in any of the aforementioned locations, the District will take all appropriate steps to remove the weapons and carry out the relevant provisions of Act 26 of 1995, which is referenced in school policy. Please refer to KCSD [Policy 218-1](#)

INFORMAL HEARING

When an out-of-school suspension is of more than three school days, the student and parent/guardian will be given the opportunity to meet for (or participate in) an informal hearing with the administration. Initial notification of suspension and possible informal hearing will occur within 24 hours (or by the end of the next day school is in session) of discussion of such consequences with the student. Informal hearings may occur over the phone at the request of a parent/guardian.

STUDENT BEHAVIOR EXPECTATIONS/PROCEDURES/RESPONSES

Minor Violations			
Categories	Examples	Procedures	Disciplinary Options & Responses
Level I. Minor misbehavior on the part of the student which impedes orderly classroom procedures or interferes with the orderly operation of the school. These misbehaviors can usually be handled by an individual staff member but sometimes require the intervention of other school support personnel.	Bus disturbance Classroom disruption Dress Code Violation Classroom tardiness Abusive/ Inappropriate language Non-defiant failure to complete assignments or carry out directions Technology Violation	a. There is immediate intervention by the staff member who is supervising the student or who observes the misbehavior. b. Repeated misbehavior requires a conference with appropriate school personnel. c. A proper and accurate record of the offenses and disciplinary action is maintained by the staff member.	Reteaching of Expectations Restorative Circle Counseling Withdrawal of privileges Placement in Learning Center Detention Parental Intervention
Level II. Misbehavior whose frequency of seriousness tends to disrupt the learning climate of the school. These infractions, which usually result from the continuation of misbehaviors, require the interventions of personnel on the administrative level because the execution of disciplinary options has failed to correct the situation. Also included in this level are misbehaviors which do not represent a direct threat to the health and safety of others but whose educational consequences are serious enough to require corrective action on the part of the administrative personnel.	Cheating & lying Repeated misbehavior School tardiness Truancy Smoking/Vaping Using forged notes or excuses Continued disruptive classroom behavior Cutting class Misbehavior for a substitute teacher	a. The student is referred to the administrator for appropriate disciplinary action. b. The facilitator/administrator meets with the student and/or teacher and affects the most appropriate response. c. A proper and accurate record of the offense and the disciplinary action is maintained by the administrator. e. A parental conference may be held.	Reteaching of Expectations Restorative Circle and/or Conference Counseling Withdrawal of privileges Placement in Learning Center Detention Parental Intervention Referral to outside agency Suspension of busing privileges Out-of-School Suspension

Major Violations			
Categories	Examples	Procedures	Disciplinary Options & Responses
Level III. Acts directed against persons or property but whose consequences do not seriously endanger the health or safety of others in the school. These acts might be considered criminal but the most frequently can be handled by the disciplinary mechanism in the school. Corrective measures which the school should undertake, however, depend on the extent of the school's resources for remediating the situation in the best interest of all students.	Repeated Misbehavior Flagrant inappropriate use of electronic devices Student fighting Harassment: sexual, racial, ethnic, and/or gender - verbal OR written Verbal assault of a student or staff member Possession of drugs/ alcohol/paraphernalia, look-alike drugs or a controlled substance Insubordination in detention or Learning Center Failure to report to the office on command	a. The administrator initiates disciplinary action by investigating the infraction and conferring with staff on the extent of the consequences. b. The administrator meets with the student and confers with the parent about the student's misconduct and the resulting disciplinary action. c. A proper and accurate record of offenses and disciplinary actions is maintained by the administrator. d. There is restitution of property and damages.	Reteaching of Expectations Restorative Conference Plan to Repair Harm Counseling Withdrawal of privileges Placement in Learning Center Detention Parental Intervention Alternative programs Alternative Educational Placement Out-of-school suspension Revocation of busing privileges due to violation of regulations Parental intervention KCSD Police intervention
Level IV. Acts which result in violence to another person or property or which pose a direct threat to the safety of others in the school. These acts are clearly criminal and are so serious that they always require administrative actions which result in the immediate	Repeated Misbehavior Extortion Bomb threat Possession / use / transfer of A dangerous weapon	a. The administrator verifies the offense, confers with the staff involved and meets with the student. b. The student is immediately removed from the school environment. Parents are notified. removal of the student from school, the intervention of law enforcement authorities and action by the board of school directors.	Assault/battery Vandalism Possession/sale of stolen property Arson Furnishing/selling/possession of unauthorized substances	c. Law enforcement officials are contacted. d. A complete and accurate report is submitted to the superintendent for board action. e. The student is given a full due process hearing before the board

- Building administration will determine the appropriate consequence per situation based on evidence.
- Any major violation (level 3 or 4) has the potential to be designated as Disorderly Conduct which will result in a citation by the school district police.

APPENDIX B

ACADEMIC INTEGRITY

- **DEFINITION OF PLAGIARISM:** Plagiarism is defined as the unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one's own original work. Intentional plagiarism occurs when a student knowingly submits someone else's words or ideas as if they were their own. Unintentional plagiarism occurs when writers and researchers use the words or ideas of others but fail to quote or give credit (perhaps because they don't know how). When in doubt, students must check with a teacher or librarian.
- Examples of plagiarism may include but are not limited to:
 - purchasing or copying work produced by others (homework, reports, take-home exams, tests, research papers, music, art, images, etc.)
 - direct copying ("cutting and pasting") of selected sections (words, phrases, sentences, paragraphs) from another source without quotation marks and/or documentation.
 - paraphrasing, summarizing, or otherwise rewording another's original work that is not common knowledge without documentation.
 - failing to document the use of charts, graphs, diagrams, statistics, or other materials not created or compiled by the student.
 - working together on an independent assignment and then submitting individual copies of the assignment as one's own individual work.
 - fabricating data or in any way falsifying the results of an experiment or inquiry process
- **DEFINITION OF CHEATING:** Cheating includes, but is not limited to, a student copying an assignment or test and submitting it as their own; allowing someone to copy an assignment or test and submit it as their own; unauthorized use of or communicating with notes, calculators, computers, textbooks, websites, cell phones, etc. during an exam or project; telling other students what is on a test or quiz or providing specific questions or answers before or after the test.
- **CONSEQUENCES OF PLAGIARISM AND CHEATING:** We expect our students to understand what plagiarism/cheating are and to know how to avoid it. As a result, consequences will vary based on the extent of the plagiarism/cheating/the degree of intentionality/number of incidents.

APPENDIX C

ANTI-HARASSMENT/ANTI-BULLYING POLICY

HARASSMENT, BULLYING, and CYBERBULLYING: The Keystone Central School District has policies prohibiting the harassment, bullying, and cyberbullying of students, employees, volunteers, third parties, and others in the school district.

The Unlawful Harassment [Policy 249](#), [Policy 103](#), and attached forms sets guidelines for reporting, investigations, reports, and school district actions dealing with situations involving possible verbal, written, graphic, or physical conduct that relates to a person's race, color, national origin/ethnicity, sex, age, disability, sexual orientation or religion. Unlawful harassment takes place when the conduct is sufficiently severe, persistent, or pervasive so that it has the effect of substantially or unreasonably interfering with one's academic performance, or creating an intimidating, threatening, hostile, abusive, or offensive educational or work environment.

Definitions A. Harassment: The term "harassment" as used in this Policy means verbal, written, electronic, graphic, physical conduct, or instigation of such acts, which does or is reasonably believed under the totality of the circumstances to

1. substantially or materially interfere with a student's or student's educational performance;
and/or
2. deny any student or students the benefits or opportunities offered by the School District;
and/or
3. substantially disrupt school operations or activities;
and/or
4. create a hostile or abusive environment which is of such pervasiveness and severity that it materially and adversely alters the condition of a student's educational environment, from both an objective viewpoint and the subjective viewpoint of the student at whom the harassment is directed.

The term "harassment" for purposes of the Policy does not mean merely offensive expression, rudeness, or discourtesy, nor does the term "harassment" mean the legitimate exercise of constitutional rights within the school setting. The School District recognizes there is a right to express opinions, ideas, and beliefs so long as such expression is not lewd or profane, or materially disruptive of school operations or the rights of others.

The Bullying and Cyberbullying [Policy 249](#) prohibits bullying and cyberbullying because it creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for teaching and learning, and may lead to more serious violence. The policy provides that bullying and cyberbullying of students involves the intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting that is severe, persistent, or pervasive and has the effect of interfering with a student's education. It creates a threatening atmosphere or substantially disrupts the orderly operation of the school.

The Keystone Central School District uses many ways to provide safe schools. Below are examples of some of the bullying and cyberbullying materials used.

BULLYING: As a part of safe schools, we are committed to providing an environment where students feel safe and secure. Therefore, bullying behavior is not tolerated within any Keystone Central Schools. Below are definitions of what constitutes bullying.

- **BULLYING:** A student is being bullied or victimized when they are exposed, repeatedly and over time, to negative actions on the part of one or more other students (Olweus 1986 and 1991). It is a negative action when someone intentionally inflicts or attempts to inflict injury or discomfort upon another.
- **DIRECT BULLYING:** A negative action when somebody hits, pushes, kicks, pinches, or restrains another by physical contact. Direct bullying can also be carried out by words (verbally), threatening, taunting, teasing, and calling names.
- **INDIRECT BULLYING:** Making faces or dirty gestures, intentionally excluding someone from a group, spreading rumors, or refusing to comply with another person's wishes.
- **CYBER-BULLYING:** Using electronic device mediums such as but not limited to computers, cell phones, and pagers to bully (bullying defined above) others through methods such as posting comments or pictures on blogs or websites, text messaging, instant messaging, and email. This cyber-bullying behavior is not confused with terroristic threats, which can be communicated through similar methods.
- **RELATIONAL AGGRESSION:** Describes behavior that can undermine and destroy relationships and is often used when identifying "female" bullying. However, it should be noted that both genders can engage in direct or indirect bullying, and it can be either physical and/or psychological in nature.
 - Bullying can be carried out by a single individual or by a group. The target/victim of bullying can be a single individual or a group of students. The behavior can be either overt or covert in nature, utilizing various methods of communication. For example, the term 'cyber-bullying' is being used to describe behavior that occurs on the Internet. The term bullying should not be used when there is a mutual confrontation between two students or groups of students.

BEHAVIOR IS CLEARLY BULLYING WHEN

1. There is intent to harm. The perpetrator appears to find pleasure in taunting and continues even when the target's distress is obvious. Mutual "teasing" should not be confused with bullying behavior.
2. There is intensity and duration. The taunting continues over a period of time and is not welcomed by the target.
3. The events are happening to a person with less power.

Students and/or parents should report bullying and cyberbullying to school personnel immediately.

- **Safe 2 Say Something:** Safe2Say Something is a youth violence prevention program run by the Pennsylvania Office of Attorney General. The program teaches youth and adults how to recognize warning signs and signals, especially within social media, from individuals who may be a threat to themselves or others and to "say something" before it is too late. To submit an anonymous tip, go to safe2saypa.org

All reported bullying and cyberbullying incidents will be fully investigated by school administrators, and discipline will be decided on a case-by-case basis. In certain circumstances, information may be turned over to a school district resource officer or law enforcement and may result in a possible citation(s).

APPENDIX D

EDUCATIONAL NETWORK GUIDELINES/ACCEPTABLE USE

The Keystone Central School District strives to provide up-to-date computers, electronic devices, hardware, software, networks, and systems to access the Internet and information. Access is restricted to school district-related purposes that include instructional, curricular, and co-curricular support to enhance teaching and learning. Use of these resources, as well as the accounts and information/data, are subject to the school district's Acceptable Use [Policy 815](#) and other policies referred to in the Acceptable Use Policy. Students must become familiar with the Policy. **Prior to being issued a school district device, a technology usage agreement must be signed.**

Parents and guardians are urged to discuss the Acceptable Use Policy and related policies (on the school district's website) and procedures, as well as the proper and ethical use of the resources before approving their child's use. Teachers and other employees of the school district are available to answer questions of students and parents. Students applying for and accepting a USER ID are committing to adhere to those policies and to conduct themselves according to the highest standards. Students must be aware of the prohibitions and what constitutes violations of the Acceptable Use Policy because there are consequences for inappropriate, unauthorized, and/or illegal use that vary depending on the violation, which is determined on a case-by-case basis.

This informational summary should not be interpreted as a replacement or conflict with the Acceptable Use [Policy 815](#); The Acceptable Use Policy is fully incorporated into this Handbook as if it was fully stated in its entirety.

ACCEPTABLE USE

Access to inappropriate material and other prohibitions (as defined in the policy) is prohibited. Generation and/or transmission of any material in violation of any federal, state, or local law, website, service provider, app terms, and school district policies, regulations, rules, and procedures also are prohibited. Examples include using owners copyright protected materials without the owner's permission, or a permitted exclusion such as fair use, using threatening, obscene or racist language or material; violating the privacy or security of other students', employees' and school districts' data/information/resources; and bypassing or disabling any filtering or blocking.

USER IDs

Computer network accounts assigned to individuals consist of a unique User ID code and password combination. Users are not permitted to share accounts or passwords. Accounts will provide access to electronic mail, information, news, access to databases and websites. All accounts will be issued for limited time frames. Accounts will be reviewed and extended as needed.

SECURITY

Users will be responsible for keeping individual accounts secure. Keeping passwords secret, using the software provided by the school district, and keeping up-to-date about not falling for malicious hacking attempts are only a few of the ways to help. The school district has installed network security filters to ensure appropriate usage. Any user(s) with a history of computer misuse may be denied access to an account. The only school district-approved and issued encryption technology may be used with prior approval by the network administrator. Users who believe they have identified a security problem must notify a teacher or administrator with the details of the problem as soon as possible.

LIABILITY

The School District does not guarantee service, nor is it responsible for damaged or incorrect data. Use of any information obtained on the Internet or other network services must be undertaken at the individual's own risk. The

school district will not be held liable for the actions of individuals who choose to violate the acceptable uses of the network. In addition, each user and/or user's parent(s) or guardians(s) shall indemnify the School District and hold it harmless from and against any damage, liability, loss, or deficiency arising out of or resulting from the user's use and/or misuse of the network.

ACCIDENTAL / INTENTIONAL DAMAGE

The user is responsible for damages to computers or other technology devices resulting from accidental, negligent, deliberate, and willful acts as outlined in the Acceptable Use Policy 815. Investigations will be conducted by the administrator of the building to determine the cause and extent of damage to school district property, and invoices for repair or replacement of the damaged device will be issued through the technology department. A replacement device will be issued in the case of accidental damages if there are no outstanding balances on the student account for previously damaged devices. If the damages are a result of intentional acts, a replacement device will be issued after the outstanding balance has been paid in full.

VANDALISM

Vandalism includes any attempt to harm any hardware or software or the data of another user of the network. This includes but is not limited to uploading or creating viruses, worms, or trojans. Unauthorized attempted entry to any computer system is grounds for cancellation of a user's account and could be referred to law enforcement and other appropriate legal authorities.

PRIVACY

E-mail is not guaranteed to be secure. The user should assume that electronic communications sent through a network are not private but can be read. In addition, the school district may access e-mail and/or files stored in user accounts of the School District for various reasons.

APPENDIX E

TRANSPORTATION

TRANSPORTATION AND SAFETY: District transportation is provided for the purpose of facilitating student participation in education and co-curricular programs. Transportation is provided as a privilege; it is not a mandate, and therefore, can be revoked at any time for misconduct. Students are expected to help maintain the condition of the vehicle on which they ride. Refer to district [Policy 224](#) for additional information.

STUDENT TRANSPORTATION: Students wishing to ride in a vehicle other than the one assigned must present a written request from a parent or guardian to ride, board or depart a vehicle other than the one assigned. An Administrator or designee must approve the request. Requests should be turned into the main office before the student reports to homeroom. Students may pick up their notes after 1:30pm in the main office. The approved note must be presented to the driver on the day listed. This request can only be granted if there is seating available.. A student exiting the vehicle at any stop other than his/her own without an approved note signed by the school administrator is in violation of school policy.

TRANSPORTATION DISCIPLINE PROCEDURES: A student who cannot maintain self-discipline while using transportation endangers the health and safety of other passengers and therefore forfeits this privilege and must rely on other means of transportation. A school administrator may suspend riding privileges. The parent/guardian of the suspended student is then responsible for transporting his/her student to and from school safely. Drivers will report all incidents to the Administrator on a "Transportation Discipline Form". Students who do not follow transportation policy may receive detention, riding suspension or other appropriate disciplinary action in accordance with the infraction. **Vehicles will be monitored using video and audio surveillance to maintain a secure environment so that our drivers can focus their attention on providing safe transport to and from school.**

The Keystone Central School District has taken proactive measures to improve passenger safety on our vehicles. A student that continues to violate district transportation policy may lose riding privileges for the entire school year. Families are responsible for the transportation of pupils suspended from riding. The compulsory school attendance laws remain in effect while the student is suspended from riding.
