SURPLUS PROPERTY SALES

The Board shall make such provisions deemed necessary to dispose of any property owned by it but no longer needed for public school purposes. Once school property is no longer needed for public school purposes formal steps shall be undertaken to dispose of this property in accordance with the manner prescribed by state law and appropriate property transaction procedures.¹

Property which is deemed to be temporarily surplus to the needs of the district may be rented according to terms suggested by the Superintendent of Schools and approved by the Board. The Board may dispose of any property to which it has title and upon which it has constructed a building under its vocational education trades and industries program, such sale to be a public sale or a negotiated sale, notwithstanding the provisions of any public or private act of the general assembly of the state of Tennessee. If, in the opinion of a majority vote of the Board members, a negotiated sale will realize the best price obtainable for any property so sold, the Board shall advertise in a newspaper of general circulation in the county that the property is for sale, and a negotiated sale shall not be completed until thirty (30) days after the publication of the legal notice. Notice shall also be published on a news and information website in accordance with state law.² The Board shall, by a majority vote of the members at a regular meeting, approve and record the price and name of the purchaser of any property so sold.³

If reasonable attempts to dispose of surplus properties fail to produce monetary return to the system, the Board shall approve other methods of disposal.⁴

EQUIPMENT SALES

It is the expressed intent of the Board that surplus real property acquired by taxpayers' dollars should be sold. All surplus real property should be sold to the highest bidder after advertising in a newspaper of general circulation in the county at least fifteen (15) days prior to the sale. Auction is the preferred method of sale, but sealed bids may be accepted instead. No surplus real property may be sold to a Board member or employee.

DISPOSITION OF EQUIPMENT PURCHASED WITH FEDERAL DOLLARS⁶

When equipment that was purchased with federal dollars is no longer needed for the original project or program or for other activities currently or previously supported by a federal agency, disposition of the equipment shall be made as follows:

1. Items of equipment with a current per-unit fair market value of ~~five thousand dollars (\$5,000)~~ **ten thousand dollars (\$10,000)** or less may be retained, sold, or otherwise disposed of with no

further obligation to the awarding agency; or

Items of equipment with a current per unit fair market value in excess of ~~five thousand dollars (\$5,000)~~ **ten thousand dollars (\$10,000)** may be retained or sold, and the awarding agency shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the equipment.

REAL PROPERTY SALE

When the Board determines that any real property is no longer needed for school purposes or should, in the interest of the district, be exchanged for other property, it may sell or exchange such property in accordance with the provisions that follow:

1. Prior to the sale, the Board shall conduct the appraisal of the property by two appraisers who shall make separate reports.
2. A notice of sale shall be published. The notice shall set out the terms and conditions of sale. The Board may permit the bidders to specify conditions. The notice shall state that bids will be received on a specified date.
3. All bids shall be available for examination by the public. Any bidder may raise his bid after the Board has given notice by mail to other bidders. The Board may also conduct an auction provided any previous bidder has been given written notice of the auction.
4. The Board may sell the property to the highest and best bidder or may reject all bids.
5. The Board may employ a broker or auctioneer who may be paid from the proceeds of the sale without appropriation. The broker or auctioneer may not be one of the appraisers.

Trade-in Property

Where new property is purchased by the Board in accordance with law on condition that property of a similar nature, owned by the Board is to be traded in or exchanged as a part of such purchase in reduction of the price, such trade-in shall be legal without appraisal or notice of sale.

Exchange of Property

In general, any exchange of property shall follow as nearly as possible the procedure for the sale of the property.

SCHOOL PROPERTIES DISPOSAL PROCEDURE

Surplus property which has no value or has a value less than five hundred dollars (\$500.00) may be disposed of without the necessity of bids. In order for such disposal without bids, the Principal of the school with the surplus property, the Superintendent of Schools and the Chairman of the Board must all agree in writing that the property is of no value or is of a value less than five hundred dollars (\$500.00).

4. The care of a spouse, child, or parent of the employee who has a serious health condition; and
5. Any qualifying circumstances arising out of the fact that a spouse, child, or parent of the employee is on covered active duty or has been notified of an impending call or order to covered active duty in the Armed Forces.

The granting of leave under this policy shall be subject to, and in accordance with, the provisions of applicable federal and state laws. An employee may substitute accrued paid leave for unpaid time. Use of accrued paid leave shall run concurrently with and be counted toward the employee's total period of FMLA leave.

MATERNITY/PATERNITY LEAVE

1. *Relationship between FMLA leave and Tennessee Maternity Leave Act*- FMLA leave shall run concurrently with leave provided under the Tennessee Maternity Act, which affords eligible employees leave for a period not to exceed four (4) months for the adoption, pregnancy, childbirth, and nursing of a newborn child.³
2. *Teachers' Leave*- In accordance with state law, any teacher who goes on maternity or paternity leave shall be allowed to use all or a portion of the teacher's accumulated sick or annual leave for

maternity leave purposes. In order to be eligible to use sick leave, written request by the teacher accompanied by a statement from the teacher's physician verifying the medically necessary time period shall be submitted. Upon verification by a written statement from an adoption agency or other entity handling an adoption, a teacher may also be allowed to use accumulated leave for adoption of a child.

3. Spouses who are both eligible employees of the school district are limited to a combined total of twelve (12) workweeks of FMLA leave in a single twelve (12) month period if the leave is taken for the birth and care of a newborn child, for the placement of a child with the employee for adoption or foster care, or to care for a parent who has a serious health condition. Under certain circumstances, spouses who share leave for the birth or adoption of a child may be eligible for limited amounts of additional leave for other qualifying FMLA reasons.⁵

4. Paid Parental Leave – Under state law, an additional six (6) work weeks of paid leave is available to eligible licensed employees after a birth, stillbirth, or adoption of a newly placed minor child. An eligible employee taking leave under this provision shall not be required to utilize any other type of accrued leave during this period. Eligible licensed employees include teachers, principals, supervisors, or other individuals required by law to hold a valid license of qualification for employment who have been employed with a school district *Williamson County Schools* full time for at least twelve (12) consecutive months.

All other full-time employees, who are not required to hold a license for employment, are eligible for an additional six (6) work weeks of paid leave after a birth, stillbirth, or adoption of a newly placed minor child. An eligible, non-licensed employee must have worked for WCS for 12 consecutive months in a full-time status and be FMLA eligible in order to be approved for the 6 weeks of paid parental leave.

Employees shall provide notice to the school district thirty (30) days prior to the intended use of the leave. If the employee learns about the need for leave less than thirty (30) days in advance, the employee shall give notice as soon as reasonably possible in order to be eligible for the paid leave. This paid leave does not need to be taken consecutively; however, the paid leave *shall be used in a minimum of one (1) week increments, and it* shall be used within twelve (12) months of the qualifying event. The leave shall run concurrently with FMLA leave.⁶

LEAVE FOR A SERIOUS HEALTH CONDITION⁷

Eligible employees, upon request, shall be granted up to twelve (12) weeks of unpaid leave when he/she is unable to work because of a serious health condition or to care for a spouse, child, or parent with a serious health condition. The granting of such leave shall be subject to the provisions of applicable federal and state laws. Employees shall contact Human Resources to determine if the reason for leave qualifies as FMLA leave. If the leave is foreseeable, the employee shall give thirty (30) days' notice. If the leave is not foreseeable, the employee shall notify Human Resources as soon as practicable, generally, either the same or the next business day.

LEAVE FOR MILITARY FAMILY MEMBERS

1. Qualifying Exigency Leave⁸ - Eligible employees are entitled to up to twelve (12) workweeks of leave because of any “qualifying exigency” arising out of the fact that the spouse, son, daughter, or parent of the employee, as defined under the FMLA, is on active duty, or has been notified of an impending call to active duty or has been notified of an impending call to active duty status in the Armed Forces. Qualifying exigencies may include:

- a. Issues arising from the service member’s short notice deployment;
- b. Military events and related activities (e.g., official ceremonies, support programs);
- c. Making or updating financial and legal arrangements;
- d. Attending counseling;
- e. Taking up to fifteen (15) days leave to spend time with a covered service member who is on short-term rest and recuperation leave during deployment; or
- f. Attending post-deployment activities.

2. Military Caregiver Leave⁹ - An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member or covered veteran with a serious injury or illness is entitled to up to twenty-six (26) workweeks of leave in a “single twelve (12) month period.” A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in out-patient status, or is otherwise on the temporary disability retired list for a serious injury or illness.

A covered veteran is an individual who was a member of the Armed Forces at any time during the period of five (5) years preceding the date of the medical treatment, recuperation, or therapy that has a serious injury or illness and who is currently receiving medical treatment, recuperation, or therapy.

The “single twelve (12) month period” for military caregiver leave begins on the first day the employee takes leave for this reason and ends twelve (12) months later. An eligible employee is limited to a combined total of twenty-six (26) workweeks of leave to provide care for a covered service member. The maximum of twenty-six (26) workweeks may include no more than twelve (12) workweeks of leave that is taken for the birth and care of a newborn child, for the placement of a child for adoption or foster care, for care of a parent who has a serious health condition, or for the employee's own serious health condition.

INTERMITTENT LEAVE¹⁰

Eligible employees may take FMLA leave intermittently when medically necessary to care for a seriously ill family member or because of the employee's own serious health condition. When a licensed employee requests foreseeable leave for planned medical treatment and the employee would be on leave for greater than twenty percent (20%) of the total number of working days in the period during which the leave would extend, the school district may require that such employee elect either to take the leave for periods of a particular duration, not to exceed the duration of the planned medical treatment, or to transfer temporarily to an available alternative position offered by the school district for which the employee is qualified and that has equivalent pay and benefits and better accommodates recurring periods of leave.

RESTRICTIONS

1. Notice Requirements

- a. *Employee Notice*¹¹- For foreseeable leave, the employee shall provide the Superintendent of Schools/designee with at least thirty (30) days written notice before the beginning of the anticipated leave.
- b. *District Notice*- Once it has been established that the leave requested qualifies for FMLA, the Superintendent of Schools/designee shall notify the employee within five (5) business days (absent extenuating circumstances) that any leave taken pursuant to state leave statutes (paid vacation leave, personal leave, sick leave, or workers' compensation) shall run concurrently with FMLA leave.¹² The notice may be given orally or in writing. If the notice is oral, it shall be confirmed in writing, no later than the following pay day.¹³

2. Certification Requirement¹⁴

- a. The Superintendent of Schools/designee may require that a request for leave be supported by certification issued by a health care provider with the following information:
 - i. The date on which the serious health condition commenced;
 - ii. The probable duration of the condition;
 - iii. The appropriate medical facts within the knowledge of the health care provider regarding the condition; and
 - iv. A statement that the eligible employee is needed to care for the son, daughter, spouse, or parent and an estimate of the amount of time that such employee is needed.
- b. If there is any reason to doubt the validity of the certification provided, the Superintendent of Schools may require, at the expense of the school district, an opinion of a second health care provider.

3. Period Near the End of an Academic Term (Professional Employees)¹⁵

- a. If leave is taken more than five (5) weeks prior to the end of the term, the Superintendent of Schools may require the employee to continue taking leave until the end of the term if the leave is at least three (3) weeks of duration and the return of employment would occur during the three (3) week period before the end of the term.
- b. If the leave is taken five (5) weeks prior to the end of the term, the Superintendent of Schools may require the employee to continue taking leave until the end of the term if the leave is greater than two (2) weeks duration and the return to employment would occur during the two (2) week period before the end of the term.

1 REQUIREMENTS OF THE BOARD¹⁶

- 2 1. The employee shall be restored to the same position of employment or an equivalent position
3 with no loss of benefits, pay, or other terms of employment.
- 4 2. The employee shall be kept under any group health plan for the duration of the leave.

6
 - 7 a. The employee fails to return from leave after the period of leave has expired; and

~~Employees shall be provided a work environment free from sexual, racial, ethnic, and religious discrimination/harassment.~~

Employee discrimination/harassment will not be tolerated.¹ *It shall be a violation of this policy for any employee or any student to discriminate against or harass an employee on the basis of race, color, religion, sex, national origin, or disability. Discrimination shall include, but is not limited to, antisemitism, defined as a certain perception of Jews, which may be expressed as hatred toward Jews including, but not limited to, rhetorical and physical manifestations of antisemitism directed toward Jewish or non-Jewish individuals and/or their property, toward Jewish community institutions and religious facilities.*² Discrimination/harassment is defined as conduct, advances, gestures, or words, either written or spoken, of a sexual, racial, ethnic, or religious nature that:

1. Unreasonably interferes with the individual's work or performance;
2. Creates an intimidating, hostile, or offensive work environment;
3. Implies that submission to such conduct is made an explicit or implicit term of employment; or
4. Implies that submission to or rejection of such conduct will be used as a basis for an employment decision affecting the harassed employee.

Alleged victims of sexual, racial, ethnic, and religious discrimination/harassment shall report these incidents immediately.³ This report shall be made to the immediate supervisor, except when the immediate supervisor is the offending party. If the immediate supervisor is the offending party, the report may be made to the Assistant Superintendent of Human Resources. Allegations of discrimination/harassment shall be fully investigated. An oral complaint may be submitted; however, such complaints shall be reduced to writing to ensure a more complete investigation. The complaint shall include the following information:

1. Identity of the alleged victim and person accused;
2. Location, date, time, and circumstances surrounding the alleged incident;
3. Description of what happened;
4. Identity of witnesses; and
5. Any other evidence available.

The privacy and anonymity of all parties and witnesses to complaints will be respected. However, because an individual's need for confidentiality shall be balanced with obligations to cooperate with police investigations or legal proceedings, to provide due process to the accused, to conduct a thorough investigation, or to take necessary action to resolve a complaint, the identity of parties and witnesses may be disclosed in appropriate circumstances to individuals with a need to know.

A substantiated charge against an employee shall result in disciplinary action, up to and including,

1 termination. A substantiated charge against a student may result in corrective or disciplinary action, up
2 to and including, suspension.

3
4 There shall be no retaliation against any person who reports discrimination/harassment or participates
5 in an investigation. However, any employee who refuses to cooperate or gives false information during
6 the course of any investigation may be subject to disciplinary action. The willful filing of a false report
7 will itself be considered harassment and will be treated as such.

8 An employee disciplined for violation of this policy may appeal the decision by contacting the
9 Superintendent of Schools.

		Rescinds: 6.304	Issued: 11/18/19

In order to maintain a safe, civil, and supportive environment in school for students to learn and achieve high academic standards, acts of bullying, cyber-bullying, discrimination, harassment, intimidation, hazing, or any other victimization of students, based on any actual or perceived traits or characteristics, are prohibited. *It shall be a violation of this policy for any student to discriminate against or harass an employee or other student on the basis of race, color, religion, sex, national origin, or disability. Discrimination shall include, but is not limited to, antisemitism, defined as a certain perception of Jews, which may be expressed as hatred toward Jews including, but not limited to, rhetorical and physical manifestations of antisemitism directed toward Jewish or non-Jewish individuals and/or their property, toward Jewish community institutions and religious facilities.*¹

This policy shall be disseminated annually to all school staff, students, and parent(s)/guardian(s).² This policy shall cover employees, employees' behaviors, students, and students' behaviors while on school property, at any school-sponsored activity, on school-provided equipment or transportation, or at any official school bus stop. If the act takes place off of school property or outside of a school-sponsored activity, this policy is in effect if the conduct is directed specifically at a student and has the effect of creating a hostile educational environment or otherwise creating a substantial disruption to the education environment or learning process.

The principal/designee is responsible for educating and training respective staff and students as to the definition and recognition of discrimination/harassment.³

The Superintendent of Schools shall develop forms and procedures to ensure compliance with the requirements of this policy and state law.

DEFINITIONS⁴

“Bullying/Intimidation/Harassment” is an act that substantially interferes with a student’s educational benefits, opportunities, or performance, and that has the effect of:

1. Physically harming a student or damaging a student’s property;
2. Knowingly placing a student in reasonable fear of physical harm to the student or damage to the student’s property;
3. Causing emotional distress to a student; or
4. Creating a hostile educational environment.

Bullying, intimidation, or harassment may also be unwelcome conduct based on a protected class (race, nationality, origin, color, sex, age, disability, religion) that is severe, pervasive, or persistent and creates

a hostile environment. Such conduct may include, but is not limited to, physical acts, gestures, graphics, or words, written or spoken.

“Cyber-bullying” is a form of bullying undertaken through the use of electronic devices. Electronic devices include, but are not limited to, telephones, cellular phones or other wireless telecommunication devices, text messaging, emails, social networking sites, instant messaging, videos, web sites, or fake profiles.

“Hazing” is an intentional or reckless act by a student or group of students that is directed against any other student(s) that endangers the mental or physical health or safety of the student(s) or that induces or coerces a student to endanger his/her mental or physical health or safety. Coaches and other employees of the school district shall not encourage, permit, condone, or tolerate hazing activities.⁶

Hazing does not include customary athletic events or similar contests or competitions and is limited to those actions taken and situations created in connection with initiation into or affiliation with any organization.⁵

COMPLAINTS AND INVESTIGATIONS

Any individual who has knowledge of behaviors that may constitute a violation of this policy shall promptly report such information to the principal/designee.⁶ For purposes of receiving a report under this policy, the principal/designee shall make his/her contact information (name, address, phone number, and email) available to students and parent(s)/guardian(s) at the beginning of each school year. Nothing in this policy shall prohibit a student from pursuing a concurrent criminal complaint for harassing conduct that could also constitute a criminal offense.

While reports may be made anonymously, an individual’s need for confidentiality shall be balanced with obligations to cooperate with police investigations or legal proceedings, to provide due process to the accused, to conduct a thorough investigation, or to take necessary actions to resolve a complaint. The identity of parties and witnesses may be disclosed in appropriate circumstances to individuals with a need to know.

The principal/designee at each school shall be responsible for investigating and resolving complaints. Once a report is received, the principal/designee shall initiate an investigation within forty-eight (48) hours of receipt of the report. If an investigation is not initiated within forty-eight (48) hours, the principal/designee shall provide the Superintendent of Schools with appropriate documentation detailing the reasons why the investigation was not initiated within the required timeframe.⁷ The principal/designee shall immediately notify the parent(s)/guardian(s) when a student is involved in an act of discrimination, harassment, intimidation, bullying, or cyber-bullying. The principal/designee shall provide information on district counseling and support services. Students involved in an act of discrimination, harassment, intimidation, bullying, or cyber-bullying shall be referred to the appropriate school counselor by the principal/designee when deemed necessary.⁸

The principal/designee is responsible for determining whether an alleged act constitutes a violation of this policy, and such act shall be held to violate this policy when it meets one of the following conditions:

1. It places the student in reasonable fear or harm for the student’s person or property;
2. It has a substantially detrimental effect on the student’s physical or mental health;

3. It has the effect of substantially interfering with the student's academic performance; or
4. It has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Upon the determination of a violation, the principal/designee shall conduct a prompt, thorough, and complete investigation of each alleged incident. All investigations shall be completed and appropriate intervention taken within twenty (20) calendar days from the receipt of the initial report.⁷ If the investigation is not complete or intervention has not taken place within twenty (20) calendar days, the principal/designee shall provide the Superintendent of Schools with appropriate documentation detailing the reasons why the investigation has not been completed or the appropriate intervention has not taken place.⁸ Within the parameters of the federal Family Educational Rights and Privacy Act,⁹ a written report on the investigation will be delivered to all involved parties and the Superintendent of Schools.

RESPONSE AND PREVENTION¹⁰

The principal/designee shall consider the nature and circumstances of the incident, the age of the individual, the degree of harm, previous incidences or patterns of behavior, or any other factors, as appropriate, to properly respond to each situation.

A substantiated charge against an employee shall result in disciplinary action up to and including termination. The employee may appeal this decision by contacting the Superintendent of Schools.

A substantiated charge against a student may result in corrective or disciplinary action up to and including suspension. The student may appeal this decision in accordance with disciplinary policies and procedures.

REPORTS

When a complaint is filed alleging a violation of this policy where there is physical harm or the threat of physical harm to a student or a student's property, the principal/designee of each middle school or high school shall report the findings and any disciplinary actions taken to the Superintendent of Schools and the Chair of the Board.¹¹

By July 1st of each year, the Superintendent of Schools/designee shall prepare a report of all of the bullying cases brought to the attention of school officials during the prior academic year. The report shall also indicate how the cases were resolved and/or the reasons they are still pending. This report shall be submitted to the State Department of Education by August 1st.¹²

RETALIATION AND FALSE ACCUSATIONS

Retaliation against any person who reports or assists in any investigation of an act alleged under this policy is prohibited. The consequences and appropriate remedial action for a person who engages in retaliation shall be determined by the principal/designee after consideration of the nature, severity, and circumstances of the act.¹³

False accusations accusing another person of having committed an act prohibited under this policy are prohibited. The consequences and appropriate remedial action for a person found to have falsely accused another may range from positive behavioral interventions up to and including expulsion.¹⁴

Williamson County Board of Education

Monitoring: Review: Annually, in April	Descriptor Term: Student Records	Descriptor Code: 6.600	Issued Date: 11/18/19
		Rescinds: 6.600	Issued: 10/26/15

A confidential cumulative record shall be kept for each child enrolled in school.¹ This individual folder shall contain a health record, attendance record, and scholarship record about the child. Social security numbers of students shall not be requested. The folder shall be kept current and should move with the child through his school career. All drop folders shall be filed at the school of the student's last enrollment.

Williamson County Schools shall not collect the following individual student information, and the following information shall never be part of a student's record:

1. Political Affiliation
2. Religion
3. Voting History
4. Firearms Ownership

Williamson County Schools shall not collect individual student information of the following kinds without written consent of the parent; a student's biometrics, analysis of facial expression, EEG brain wave patterns, skin conductance, galvanic skin response, heart rate variability, pulse, blood volume, posture, and eye tracking.

The name used on the record of a student entering the Williamson County Public Schools must be the same as that shown on the birth certificate, unless evidence is presented that such name has been legally changed. If the parent does not have, or cannot obtain a birth certificate, then the name used on the records of such pupil will be as shown on documents which are acceptable to the system as proof of date of birth.

The name used on the records of a student entering the system from another school must be the name as shown on records from the school previously attended unless evidence is presented that such name has been legally changed through a court as prescribed by law.

Parents or legal guardian may request and receive access to the records of their children; students who are legal adults (18) may make the same request. If a student moves from Williamson County, a copy of the student record will be sent to the new school upon written request from the school. *When a student transfers to another school within the school district or to a school outside of the school district, copies of the student's records, including the student's disciplinary records, shall be sent to the transfer school within five (5) business days of the date on which the student's records request was received by the school.*²

If a parent objects to items in the cumulative record, objections should be filed in writing with the Principal who shall evaluate said objections, making a determination. Parents or legal guardian may appeal the decision of the Principal to the Superintendent of Schools.

The Williamson County School District has used the following definitions of terms.

Student - any person who attends or has attended a program of instruction sponsored by the Board of Education of the Williamson County School District.

Eligible student - a student or former student who has reached age 18 or is attending a postsecondary school.

Parent - either natural parent of a student unless his or her rights under the FERPA have been removed by a court order, a guardian, or an individual acting as a parent or guardian in the absence of the student's parent or guardian.

Education records - any record (in handwriting, print, tapes, film, or other medium) maintained by the Williamson County School District, an employee of the district, or an agent of the district which is related to a student except:

1. A personal record kept by a school staff member which meets the following tests:
 - a. It was made as a personal memory aid.
 - b. It is in the personal possession of the individual who made it.
 - c. Information contained in it has never been revealed or made available to any other person except the maker's temporary substitute.
2. An employment record which is used only in relation to a student's employment by the Williamson County School District. (Employment for this purpose does not include activities for which student receives a grade or credit in a course.)
3. Alumni records which relate to the student after he or she no longer attends classes provided by the Williamson County School District and the records do not relate to the person as a student.

Personal identifier - is any date or information that makes the subject of a record known. This includes but is not limited to the student's name, the student's address, a student number, a list of personal characteristics, or any other information which would make the student's identity known.

The Williamson County School District designates the following personally identifiable information contained in a student's educational record as "directory information" and it will disclose that information without prior written consent.

1. The student's name.
2. Major field of study.
3. Participation in officially recognized activities and sports.

4. Dates of attendance.

5. Degrees and awards received.

6. Weight and height of members of an athletic team.

7. Most recent previous educational agency or institution attended.

Within the first three weeks of each school year, the Williamson County School District will publish in a newspaper of general circulation in the county the above list, or a revised list, of the items of directory information it proposes to designate as directory information. For students enrolling after the notice is published, the list will be included in the registration packet given to the student at the time and place of enrollment.

After the parents or eligible students have been notified, they may advise the school district in writing (a letter to the school Principal) that they refuse to permit the district to designate directory information about that student. A copy of this letter will be filed in the student's record and sent to the Communications Department.

MEMORANDUM

Date: August 18, 2025

School Fund Accountant

Re: Approval of Outstanding Purchase Orders for School Activity Funds

The Tennessee Internal School Funds Manual, Section 5, Title 3 (pages 5-14) notes “*the local board must approve outstanding accounts payable at fiscal year end.*” Attached is a list of all purchase orders issued by schools to be paid by school funds that remained outstanding as of June 30, 2025.

The reason that a particular item has not been liquidated varies by order, however, the most common reason is that the order and/or invoice were not received as of the cutoff date required for reporting the information. There are also occasions when an order must be placed during June, but the goods will not be shipped until school resumes. Although the Manual calls for reporting *accounts payable*, we are disclosing all open purchase orders if goods are shipped or invoices received before June 30, 2025, without sufficient time to liquidate or in the bookkeeper’s absence, thus generating accounts payable.

The attached list includes the purchase order number, vendor, purchase order amount, and the reason the order has not been liquidated. Also included, is the account information including name, number, and type of account the purchase order is charged against. When “G” is noted, the account listed is a general fund expenditure account; “R” indicates a restricted account.

As noted in the Manual, please review and approve the attached list of outstanding purchase orders issued during the 2024-2025 school year that will be paid, upon delivery of goods, confirmation of delivery, and presentation of an invoice, during the 2025-2026 school year. If you have any questions related to the attached list or the requirements of the Tennessee Internal School Funds Manual, please feel free to contact me by email at cindy.todd@wcs.edu or by telephone at 615-472-4197.

Thank you for your assistance in this matter.
