5. Public Comment

President Tassin announced that speakers will be limited to 2 minutes.

- Adnan Siddiqui, a parent of students that live in Harvest Green, spoke in opposition to future boundary planning for Neill Elementary and is asking that students in his neighborhood remain at Neil Elementary to protect children's stability.
- Shariar Akter, a parent of students that live in Harvest Green, spoke in opposition to rezoning students to Pecan Grove and raised safety concerns on the road leading to the campus.
- Nafi Raza, a parent of students that live in Harvest Green, spoke in opposition to future boundary planning in newer sections of Harvest Green. Ms. Raza is concerned with the stability of students and is requesting that their section not be rezoned.
- Amtul Batool, a parent with students that live in Harvest Green, spoke in opposition to future boundary planning at Neill Elementary and any proposed plan rezoning students living east of Harlem to Pecan Grove Elementary. Ms. Batool voiced concerns about the emotional and social tolls associated with rezoning, as she herself was rezoned when attending High School.
- Sabeeh Rafique, a parent and homeowner in Harvest Green, spoke in opposition to future rezoning of Harvest Green and voiced disappointment about broken promises of the district in the cancellation of building elementary school 55.
- Shruti Sharma, a parent of students that live in Harvest Green, spoke in opposition to long-range boundary planning for Neill Elementary. The parent raised concern about proximity and safety risks to students, parents, and buses and noted that sending students to Pecan Grove will cause congestion to the only road that leads to Pecan Grove Elementary.
- Amol Gulati, resident of Harvest Green, spoke on the PASA Demographics that show other campuses that are under capacity and underutilized, but noted that Harvest Green is identified as fast growing. Spoke on the safety concerns of the single road that leads to Pecan Grove Elementary and is requesting to keep Harvest Green together when planning the rezoning boundaries.
- Fahad Farid did not attend.
- Dhruva Ambati, a student from Kemper High School, spoke in opposition to Go Guardian software and expressed her opinion that it crosses ethical boundaries and harms students. Ms. Ambati feels that Go Guardian is an evasive form of surveillance that tracks web browsing, application use, and location and stated that this is an invasion of personal privacy.
- Allison Nihiser, a parent with students enrolled at Colony Bend Elementary, is concerned about the safety of closing seven elementary schools leaving vacant buildings and the economic impact this will have on the community. Expressed that the district could recruit families with young children to increase enrollment in the low utilization campuses.
- David Rivas lives in the Fresno area and shared an issue that could affect Goodman Elementary concerning the expansion of RC Concrete Plant. The proposed expansion will be in close proximity to Goodman Elementary and could cause safety and health concerns for the students and staff.
- Angie Korger spoke on transparency, specifically related to boundary planning and rezoning. Expressed that these decisions shape the neighborhoods and community and need to be made with clarity, honesty, and accountability. Ms. Korger expressed disappointment with elementary school 55 and the natatorium on the east side that were voted on by taxpayers, stated that the follow through did not match the promises, and expressed her feeling that trust between the community and the district is broken because of lack of transparency.

- Kym McMorries spoke on transparency, specifically related to boundary planning and rezoning processes. Ms. McMorries said that for months the community has been told that rezoning is coming, but the maps are not ready to be published and that the timeline has shifted again, therefore putting the publication of maps further out and reigniting distrust with the parents and community. Ms. McMorries is asking the Board and Administration to commit to a transparent, timely, and respectful process. She asks that the district release the maps, provide realistic timelines for feedback, and engage with the community.
- Fei Berkeley has requested that the Board schedule a future meeting to hear and consider the FNG grievance of Fei and Matthew B. and not assign the case to a designated hearing officer.
- Teresa Noyola, a parent of a student at Quail Valley Middle School, spoke in opposition to rezoning and boundary planning and the negative effects it can have on students.
- SanJuanita Franco, a parent to a student at Quail Valley Middle School, spoke in opposition to rezoning and boundary planning and sought transparency of the process. Concerned the change could expose the student to behavioral and academic challenges that she feels her child will not be prepared to face. Ms. Franco understands the necessity of addressing capacity issues in the district but is concerned about the impact it will have on students and their educational journey.
- Hector Pham, a student at Stephen F. Austin High School, spoke in opposition to Go Guardian software. Expressed concern that Go Guardian has shifted from a protective digital tool to a constant form of surveillance. Stated that it monitors every tab, search, and every moment of online activity. Expressed his opinion that instead of feeling supported, students feel monitored, and instead of feeling encouraged, students feel watched. Stated that when students feel like that are being observed, more than being guided, the learning environment becomes restrictive and stressful, rather than open and productive. Mr. Pham is asking for balanced transparency and limits.
- Briana Buholm, a parent of a student at Colony Bend Elementary, asked the district not close elementary schools in FBISD. Spoke about the alumni and culture of the school and how much the students and parents love the school.
- Rachel Hancock, a parent with students in FBISD and one at Colony Bend Elementary, spoke in opposition to rezoning and school consolidation and closures.
- Ms. Prince, a parent with students in FBISD, thanked two FBISD IT staffers that met with her to explain the upgrades with Skyward notifications and appreciates the patience with her frustrations with Skyward. Ms. Prince is requesting that improvements still need to be made in respect to the history of past year's grades, courses not showing appropriately for graduation requirements, and progress reports that were signed, but not by Ms. Prince.
- Shelby Grant, a student at Stephen F. Austin High School, spoke in opposition to Go Guardian. Stated that instead of students feeling protected, they feel watched. Expressed that trust between the district and students is important.
- Jimmy Lindemann expressed that the video from the October 6 Listening tour had very little content and is requesting a summary of the topics and questions. Commented on Intruder Audits that findings continually arise, and that active policing is needed. Stated that Elkins High School has safety issues with illegal U-turns, drop offs, and very rarely does Mr. Lindemann see any law enforcement.

Recommendation

Consideration and approval of a Resolution Expressing the Intent to Finance Expenditures ("Reimbursement Resolution") to be incurred in conjunction with the 2023, 2018 and 2014 Bond Programs.

Summary/Background

As the District continues to incur capital expenditures in connection with the projects authorized by the District's 2023, 2018 and 2014 bond elections, administration recommends the short-term use of existing cash balances to delay the issuance of commercial paper (CP), and ultimately, delay any new permanent debt. The Reimbursement Resolution presented for approval would enable the District to expend cash available in the General Fund for such purposes, with the opportunity to reimburse the General Fund once authorized CP or permanent debt is issued at some point in the future. The benefit of this strategy is that the District can avoid interest costs in the short term.

The District has used this strategy in the past, and the Board has previously approved a reimbursement resolution in December 2024 and included language in various debt obligation orders. Given the District's active building program, the adoption of a reimbursement resolution will help ensure that there are no gaps in the District's ability to reimburse itself for expenditures paid as projects are completed from either the proceeds of CP or other obligations that are subsequently issued.

Fort Bend Independent School District

The District usually issues CP in minimum increments of \$5 million. Thus, the bond program would “borrow” money from the General Fund until the minimum \$5 million increment is reached, at which time CP is issued. By doing so, the District would be borrowing money from itself and avoiding the costs of issuing debt.

Staff has reviewed the expected cash flow timeline based on construction estimates and expenditures in calendar year 2026 could reach \$265.15 million. Since the \$265.15 million will be paid from a combination of 2023, 2018 and 2014 authorizations, the resolution shows the maximum amount that could be issued under each authorization – i.e., up to \$225 million from 2023, up to \$30 million from 2018 and up to \$10 million from 2014 and includes \$150,000 of capital improvement planning expenses. This approach provides the District with the flexibility necessary for transactions anticipated in the current calendar year, allowing the General Fund to be reimbursed if it is the most financially advantageous means of funding projects in the short term.

The recommended reimbursement resolution is not a request to spend \$265.15 million or to issue debt in that amount. The resolution preserves the ability for the District to reimburse itself for General Fund expenditures on Board-approved capital projects up to the amounts identified in the resolution. Without a reimbursement resolution, the District would be limited in its ability to reimburse itself with the proceeds of tax-exempt bonds. The resolution allows the District to fund Board-approved capital projects by borrowing General Funds in the short-term instead of issuing authorized debt, thus saving on interest costs.

There are separate agenda items authorizing the issuance of bonds to permanently finance commercial paper issued for capital projects and the issuance of new money bonds for capital projects. Administration worked with the District’s financial advisor and bond counsel, and both have reviewed and support the Reimbursement Resolution.

Recommendation
Consideration and approval of an order authorizing the conversion of the Fort Bend Independent School District Variable Rate Unlimited Tax Refunding Bonds, Series 2021B to a new rate period; authorizing the preparation of a remarketing memorandum; and enacting other provisions relating thereto (the "Conversion Order").

Summary/Background
<p>The District currently has \$109,815,000 outstanding of its Variable Rate Unlimited Tax Refunding Bonds, Series 2021B (the "Series 2021B Bonds"). The Series 2021B Bonds bear interest at a Term Rate of 0.72% until July 31, 2026, at which time the outstanding principal amount of the Series 2021B Bonds will be \$106,900,000.</p> <p>Pursuant to the terms of the order authorizing the issuance of the Series 2021B Bonds, the District is obligated to use its best efforts to cause a conversion of the outstanding Series 2021B Bonds from the Initial Rate Period to a new rate period. The Conversion Order authorizes the District to either (i) convert the Series 2021B Bonds to a new Term Rate Period (variable rate) with a duration not later than August 1, 2031, or (ii) convert the Series 2021B Bonds to a fixed rate.</p> <p>A conversion to a new Term Rate Period will result in the reset of the variable interest rate for the duration of the new Term Rate Period for the Series 2021B Bonds. A conversion to a fixed rate would result in setting a long-term fixed rate for the Series 2021B Bonds.</p> <p>In a separate agenda item, Administration is recommending approval of a Fixed Rate Order that would give the District the ability to refund the Series 2021B Bonds to a fixed rate if favorable market conditions exist. The District has more flexibility in how it may structure its fixed rate debt in connection with a refunding than it does in connection with a fixed rate conversion.</p>

Fort Bend Independent School District

Administration is also recommending an agenda item for the approval of a Variable Rate Order that would give the District the ability to refund the Series 2021B Bonds with a series of variable rate bonds to achieve market efficiencies in connection with setting the new variable rate. The adoption of the Fixed Rate Order, Variable Rate Order, and this Conversion Order will allow the District's Finance staff and financial advisor to monitor market conditions and choose the option that is most advantageous.

The order that originally authorized the issuance of the Series 2021B Bonds requires the Board of Trustees to make certain determinations and authorizations in connection with the conversion of the Series 2021B Bonds into new rate periods. The Conversion Order is the mechanism by which the Board of Trustees takes that action. The Conversion Order contains the following Board actions:

1. It provides for the conversion of the Series 2021B Bonds (i) into a Term Rate Period with a duration not later than August 1, 2031, or (ii) into a Fixed Rate Period;
2. It establishes a Stepped Rate (the rate of interest the Series 2021B Bonds would bear if there were a failed remarketing until the Series 2021B Bonds could be remarketed) of 7.00% and confirms a Maximum Rate for the Series 2021B Bonds of 7.00% as provided in the Original Order, but provides the Pricing Officer with the authority to lower the Stepped Rate and Maximum Rate if market conditions would allow for such a reduction;
3. It authorizes the Pricing Officer to establish the redemption provisions for the Series 2021B Bonds during the new rate period in response to market conditions;
4. It authorizes the preparation of a Remarketing Memorandum to be used in connection with the remarketing of the Series 2021B Bonds;
5. It authorizes the Pricing Officer to retain or terminate the existing Remarketing Agent and appoint a new Remarketing Agent for the Series 2021B Bonds and authorizes the Pricing Officer to approve the fees of the Remarketing Agent as provided in the Remarketing Agreement; and
6. Pursuant to the terms of the Original Order, the Superintendent and Chief Financial Officer are the Pricing Officers authorized to establish final terms of the remarketing.

The District's bond counsel, Bracewell LLP has prepared and reviewed the Conversion Order. The District's financial advisor, Hilltop Securities, has also reviewed the Conversion Order.

Unless the Series 2021B Bonds are refunded under the Fixed Rate Order or the Variable Rate Order, the District expects the remarketing of the Series 2021B Bonds to close on August 3, 2026, with the pricing to occur within one month prior to the closing date.

As required by the Fiscal and Budgetary Strategy, Exhibit A (Disclosure Strategy), approved by the Board in September 2025, the Chief Financial Officer will provide a summary of the pricing as well as the final Official Memorandum to the Board for each debt transaction shortly after the transaction has priced.

Fort Bend Independent School District

The attached Fixed Rate Order addresses three distinct financing goals.

1. Refinancing Outstanding Commercial Paper:

The District issues commercial paper for cash flow needs, and it is anticipated that the District could have issued between \$100-\$150 million in commercial paper by the end of June 2026, which amounts will be deducted from the available voted authorization from the 2023, 2018 and 2014 elections listed above. A maximum of \$150 million in commercial paper can be outstanding at any time. The cash flow projections for projects authorized in the 2023, 2018 and 2014 bond elections show that the District will pay approximately \$200 million for construction activity through August 2026.

This Fixed Rate Order authorizes the District to refinance the outstanding commercial paper notes with fixed rate bonds. The issuance of refunding bonds to refinance up to \$150 million of commercial paper would free up capacity under the commercial paper program for additional commercial paper draws and provide long-term fixed rate financing for the outstanding commercial paper notes being refinanced.

The Bond Order will allow the District to refinance the outstanding commercial paper with variable rate bonds. This strategy allows Finance staff and the district's financial advisor to review market conditions and determine the best issuance strategy. A variable rate new money and refunding bond order (the "Variable Rate Order") providing that ability is being presented as a separate agenda item.

The Fixed Rate Order and the Variable Rate Order are drafted so that the total amount of bonds that can be issued under the two orders is capped as provided below.

2. Issuance of New Money Bonds for Projects:

Depending on market conditions in 2025, the Administration is seeking flexibility to potentially issue up to \$200 million of new money bonds for projects without utilizing the commercial paper program. If market conditions are favorable and cash flow needs associated with the 2023, 2018 and 2014 bond authorizations persist, having the flexibility to issue new money bonds would allow the District to achieve efficiencies by avoiding back-to-back debt transactions.

3. Refunding Outstanding Bonds:

The District currently has the following bonds eligible to be refunded:

- Fixed Rate Bonds
 - \$38,065,000 of its Unlimited Tax Refunding Bonds, Series 2017A (the "Series 2017A Bonds") outstanding, of which \$36,525,000 is eligible to be refunded.

Fort Bend Independent School District

- \$29,265,000 of its Unlimited Tax Refunding Bonds, Series 2017B (the “Series 2017B Bonds”) outstanding, of which \$28,080,000 is eligible to be refunded.
- Variable Rate Bonds
 - \$109,815,000 of its Variable Rate Unlimited Tax School Building and Refunding Bonds, Series 2021B (the “Series 2021B Bonds”) outstanding, of which \$106,900,000 is eligible to be refunded.

If favorable market conditions exist next spring, Administration recommends refinancing the Series 2017A Bonds, the Series 2017B Bonds, and the Series 2021B Bonds through a fixed rate refunding(s). A fixed rate refunding(s) would provide long-term financing at fixed rates, which would reduce variable rate exposure and potentially offer savings to the District.

The separate Variable Rate Order provides Administration with the ability to refinance the Series 2021B Bonds through a variable rate refunding if that approach would be more beneficial to the District than either remarketing the Series 2021B Bonds or refunding them with fixed rate bonds based on market conditions at the time.

In the event a conversion of the Series 2021B Bonds would be more beneficial to the District than a variable rate or fixed rate refinancing, the separate Conversion Order agenda item being presented would authorize the conversion of the Series 2021B Bonds to a new Term Rate Period (variable rate) or to fixed rate.

Bond refinancing (refunding) is an important debt management tool for state and local government issuers. Refundings are typically executed to achieve interest cost savings, to restructure debt service payments, or to achieve other policy objectives. It is the District’s goal to keep the cost of debt as low as possible.

Therefore, with the potential (i) refinancing of up to \$150 million of outstanding commercial paper over the course of the year, (ii) refunding of up to \$36,525,000 of the Series 2014 Bonds, \$28,080,000 of the Series 2016A Bonds, and \$106,900,000 of the Series 2021B Bonds, and (iii) issuance of up to \$200 million in new money bonds, Administration is requesting approval of the Fixed Rate Order. The Fixed Rate Order provides for and authorizes the following:

1. The issuance of fixed rate refunding bonds to refinance any outstanding commercial paper in a principal amount not to exceed \$150,000,000;
2. The issuance of fixed rate new money bonds in a principal amount not to exceed \$200,000,000;
3. The total principal amount of bonds that may be issued under the Fixed Rate Order and the Variable Rate Order (separate board agenda item) for the purpose of fixing-out outstanding commercial paper and issuing new money bonds cannot exceed \$350,000,000;
4. The issuance of fixed rate refunding bonds to refund the Series 2017A Bonds in a principal amount not to exceed \$36,525,000;
5. The issuance of fixed rate refunding bonds to refund the Series 2017B Bonds in a principal amount not to exceed \$28,080,000;

Fort Bend Independent School District

6. The issuance of fixed rate refunding bonds to refund the Series 2021B Bonds in a principal amount not to exceed \$106,900,000;
7. The refunding of fixed rate bonds must result in a present value debt service savings of at least 3.00% of the principal amount of the fixed rate bonds being refunded;
8. The issuance of the bonds is anticipated to be tax-exempt;
9. The bonds may be designated as green bonds;
10. The designation of the Superintendent and Chief Financial Officer as Authorized Officers authorized to establish final terms of the bonds issued under the Fixed Rate Order within the parameters contained in Section 3.01 and 7.01 of the Fixed Rate Order;
11. A maximum maturity of any bonds issued not to exceed 40 years;
12. The preparation of a Preliminary Official Statement to be used in the connection with the issuance of the bonds in accordance with the District's Disclosure Strategy; and
13. The authority to issue bonds under the Fixed Rate Order for one year from the date the order is executed.

The District's bond counsel, Bracewell LLP has prepared and reviewed the Fixed Rate Order. The District's financial advisor, Hilltop Securities, has also reviewed the Fixed Rate Order.

As required by the Fiscal and Budgetary Strategy, Exhibit A (Disclosure Strategy), approved by the Board in September 2025, the Chief Financial Officer will provide a summary of the pricing as well as the final Official Statement to the Board for each debt transaction shortly after the transaction has priced or closed.

Further, the combined total

Section 3.02. Date, Denomination, Maturities, and Interest. (a) The Bonds shall be dated the Dated Date as set forth in the Pricing Certificate and shall be in fully registered form without coupons.

(c) The Bonds shall mature on the dates and in the principal amounts and shall bear interest at the per annum rates set forth in the Pricing Certificate.

(d) Interest shall accrue and be paid on each Bond, respectively, until the principal amount thereof has been paid or provision for such payment has been made, from the later of the Dated Date or Closing Date, as specified in the Pricing Certificate, or the most recent Interest Payment Date to which interest has been paid or provided for at the rate per annum for each respective maturity specified in the Pricing Certificate. Such interest shall be payable on each Interest Payment Date and shall be computed on the basis of a 360-day year of twelve 30-day months.

Section 3.03. Medium, Method and Place of Payment. (a) Debt Service shall be paid in lawful money of the United States of America.

(c) The principal of each Bond shall be paid to the Owner thereof at Maturity upon presentation and surrender of such Bond at the Designated Payment/Transfer Office of the Paying Agent/Registrar.

(d) If the date for the payment of Debt Service is not a Business Day, the date for such payment shall be the next succeeding Business Day, and payment on such date shall for all purposes be deemed to have been made on the due date thereof as specified in this Section.

(e) In the event of a nonpayment of interest on a scheduled payment date, and for 30 days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the District. Notice of the Special Record Date and of the special payment date of the past due interest (the "Special Payment Date," which shall be 15 days after the Special

Record Date) shall be sent at least five (5) Business Days prior to the Special Record Date by United States mail, first class, postage prepaid, to the address of each Owner of a Bond appearing on the books of the Paying Agent/Registrar at the close of business on the last Business Day next preceding the date of mailing of such notice.

(f) Unclaimed Payments shall be segregated in a special account and held in trust, uninvested by the Paying Agent/Registrar, for the account of the Owner of the Bonds to which the Unclaimed Payments pertain. Subject to Title 6, Texas Property Code, Unclaimed Payments remaining unclaimed by the Owners entitled thereto for three (3) years after the applicable payment or redemption date shall be applied to the next payment or payments on the Bonds thereafter coming due and, to the extent any such money remains after the retirement of all outstanding Bonds, shall be paid to the District to be used for any lawful purpose. Thereafter, neither the District, the Paying Agent/Registrar nor any other person shall be liable or responsible to any holders of such Bonds for any further payment of such unclaimed moneys or on account of any such Bonds, subject to Title 6, Texas Property Code.

Section 3.04. Execution and Registration of Bonds. (a) The Bonds shall be executed on behalf of the District by the President or Vice President and the Secretary of the Board, by their manual or facsimile signatures, and the official seal of the District shall be impressed or placed in facsimile thereon. Such facsimile signatures on the Bonds shall have the same effect as if each of the Bonds had been signed manually and in person by each of said officers, and such facsimile seal on the Bonds shall have the same effect as if the official seal of the District had been manually impressed upon each of the Bonds.

(b) In the event that any officer of the District whose manual or facsimile signature appears on the Bonds ceases to be such officer before the authentication of such Bonds or before the delivery thereof, such facsimile signature nevertheless shall be valid and sufficient for all purposes as if such officer had remained in such office.

(c) Except as provided below, no Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit of this Order unless and until the Certificate of Paying Agent/Registrar, substantially in the form provided herein, has been duly authenticated by manual execution by an officer or duly authorized signatory of the Paying Agent/Registrar. It shall not be required that the same officer or authorized signatory of the Paying Agent/Registrar sign the Certificate of Paying Agent/Registrar on all of the Bonds. In lieu of the executed Certificate of Paying Agent/Registrar described above, the Initial Bond for each series of Bonds delivered on the Closing Date shall have attached thereto the Comptroller's Registration Certificate substantially in the form provided herein, manually executed by the Comptroller of Public Accounts of the State or by his duly authorized agent, which certificate shall be evidence that the Initial Bond for each series of Bonds has been duly approved by the Attorney General of the State and that it is a valid and binding obligation of the District, and has been registered by the Comptroller of Public Accounts of the State.

(d) On the Closing Date, the Initial Bond for each series of Bonds, representing the aggregate principal amount of each series of Bonds, to be payable in stated installments to the Representative or its designee, to be executed by manual or facsimile signatures of the President or Vice President and Secretary of the Board, approved by the Attorney General of the State, and

registered and manually signed by the Comptroller of Public Accounts of the State, will be delivered to the Representative or its designee. Upon payment for the Initial Bond for each series of Bonds, the Paying Agent/Registrar shall cancel the Initial Bond for each series of Bonds and deliver Bonds to DTC in accordance with Section 3.09. To the extent the Paying Agent/Registrar is eligible to participate in DTC's FAST System, as evidenced by an agreement between the Paying Agent/Registrar and DTC, the Paying Agent/Registrar shall hold the definitive Bonds in safekeeping for DTC.

Section 3.05. Ownership. (a) The District, the Paying Agent/Registrar and any other person may treat the Owner as the absolute owner of such Bond for the purpose of making and receiving payment of the principal thereof, for the further purpose of making and receiving payment of the interest thereon (subject to the provision herein that interest on the Bonds is to be paid to the person in whose name the Bond is registered on the Record Date or Special Record Date, as applicable), and for all other purposes, whether or not such Bond is overdue, and neither the District nor the Paying Agent/Registrar shall be bound by any notice or knowledge to the contrary.

(b) All payments made to the Owner of a Bond shall be valid and effectual and shall discharge the liability of the District and the Paying Agent/Registrar upon such Bond to the extent of the sums paid.

Section 3.06. Registration, Transfer and Exchange. (a) So long as any Bonds remain outstanding, the District shall cause the Paying Agent/Registrar to keep at its Designated Payment/Transfer Office the Register in which, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall provide for the registration and transfer of Bonds in accordance with this Order.

(b) The ownership of a Bond may be transferred only upon the presentation and surrender of the Bond to the Paying Agent/Registrar at the Designated Payment/Transfer Office with such endorsement or other instrument of transfer and assignment acceptable to the Paying Agent/Registrar. No transfer of any Bond shall be effective until entered in the Register.

(c) The Bonds shall be exchangeable upon the presentation and surrender thereof at the Designated Payment/Transfer Office for a Bond or Bonds of the same maturity and interest rate and in any denomination or denominations of any integral multiple of \$5,000 and in an aggregate principal amount equal to the unpaid principal amount of the Bonds presented for exchange.

(d) The Paying Agent/Registrar is hereby authorized to authenticate and deliver Bonds transferred or exchanged in accordance with this Section. A new Bond or Bonds will be delivered by the Paying Agent/Registrar, in lieu of the Bond being transferred or exchanged, at the Designated Payment/Transfer, or sent by United States mail, first class, postage prepaid, to the Owner or his designee. Each Bond delivered by the Paying Agent/Registrar in accordance with this Section shall constitute an original contractual obligation of the District and shall be entitled to the benefits and security of this Order to the same extent as the Bond or Bonds in lieu of which such Bond is delivered.

(e) No service charge shall be made to the Owner for the initial registration, any subsequent transfer, or exchange for a different denomination of any of the Bonds. The Paying Agent/Registrar, however, may require the Owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer or exchange of a Bond.

(f) Neither the District nor the Paying Agent/Registrar shall be required to transfer or exchange any Bond called for redemption within 45 days of the date fixed for redemption; provided, however, such limitation of transfer shall not be applicable to an exchange by the registered owner of the uncalled balance of a Bond.

Section 3.07. Cancellation. All Bonds paid or redeemed before Stated Maturity in accordance with this Order, and all Bonds in lieu of which exchange Bonds or replacement Bonds are authenticated and delivered in accordance with this Order, shall be cancelled upon the making of proper records regarding such payment, exchange or replacement. The Paying Agent/Registrar shall dispose of such cancelled Bonds in the manner required by the Securities Exchange Act of 1934, as amended.

Section 3.08. Replacement Bonds. (a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond, the Paying Agent/Registrar shall authenticate and deliver in exchange therefor a replacement Bond of like maturity, interest rate and principal amount bearing a number not contemporaneously outstanding. The District or the Paying Agent/Registrar may require the Owner of such Bond to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) In the event that any Bond is lost, apparently destroyed or wrongfully taken, the Paying Agent/Registrar, pursuant to the applicable laws of the State and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall authenticate and deliver a replacement Bond of like maturity, interest rate and principal amount and bearing a number not contemporaneously outstanding, provided that the Owner first complies with the following requirements:

(i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction or theft of such Bond;

(ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the District to save them harmless;

(iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and

(iv) satisfies any other reasonable requirements imposed by the District and the Paying Agent/Registrar.

(c) If, after the delivery of such replacement Bond, a bona fide purchaser of the original Bond in lieu of which such replacement Bond was issued presents for payment such original Bond,

the District and the Paying Agent/Registrar shall be entitled to recover such replacement Bond from the person to whom it was delivered or any person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost or expense incurred by the District or the Paying Agent/Registrar in connection therewith.

(d) In the event that any such mutilated, lost, apparently destroyed or wrongfully taken Bond has become or is about to become due and payable, the Paying Agent/Registrar, in its discretion, instead of issuing a replacement Bond, may pay such Bond if it has become due and payable or may pay such Bond when it becomes due and payable.

(e) Each replacement Bond delivered in accordance with this Section shall constitute an original additional contractual obligation of the District and shall be entitled to the benefits and security of this Order to the same extent as the Bond or Bonds in lieu of which such replacement Bond is delivered.

Section 3.09. Book-Entry Only System. (a) To the extent so designated in the Pricing Certificate, the definitive Bonds shall be initially issued in the form of a fully registered Bond for each of the maturities thereof. Upon initial issuance, the ownership of each such Bond shall be registered in the name of Cede & Co., as nominee of DTC, and except as provided in Section 3.10 hereof, all of the outstanding Bonds shall be registered in the name of Cede & Co., as nominee of DTC.

(b) With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the District and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any person on behalf of whom such a DTC Participant holds an interest in the Bonds, except as provided in this Order. Without limiting the immediately preceding sentence, the District and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other person, other than an Owner, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other person, other than an Owner, of any amount with respect to Debt Service. Notwithstanding any other provision of this Order to the contrary, the District and the Paying Agent/Registrar shall be entitled to treat and consider the person in whose name each Bond is registered in the Register as the absolute Owner of such Bonds for the purpose of payment of Debt Service on the Bonds, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfer with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all Debt Service only to or upon the order of the respective Owners, as provided in this Order, or their respective attorneys duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payment of Debt Service, to the extent of the sum or sums so paid. No person other than an Owner, shall receive a Bond certificate evidencing the obligation of the District to make payments of amounts due pursuant to this Order. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Order with respect to interest checks being mailed to the registered Owner at the

close of business on the Record Date, the word “Cede & Co.” in this Order shall refer to such new nominee of DTC.

(c) The Representation Letter previously executed and delivered by the District and applicable to the District’s obligations delivered in book-entry-only form to DTC as securities depository is hereby ratified and approved for the Bonds.

Section 3.10. Successor Securities Depository; Transfer Outside Book-Entry Only System. In the event that the District or the Paying Agent/Registrar determines that DTC is incapable of discharging its responsibilities described herein and in the Representation Letter, and that it is in the best interest of the beneficial owners of the Bonds that they be able to obtain certificated Bonds, or in the event DTC discontinues the services described herein, the District or the Paying Agent/Registrar shall (i) appoint a successor securities depository, qualified to act as such under Section 17(a) of the Securities and Exchange Act of 1934, as amended, notify DTC and DTC Participants, as identified by DTC, of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository or (ii) notify DTC and DTC Participants, as identified by DTC, of the availability through DTC of Bonds and transfer one or more separate Bonds to DTC Participants having Bonds credited to their DTC accounts, as identified by DTC. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds shall designate, as applicable, in accordance with the provisions of this Order.

Section 3.11. Payments to Cede & Co. Notwithstanding any other provision of this Order to the contrary, so long as any Bonds are registered in the name of Cede & Co., as nominee of DTC, all payments of Debt Service on such Bonds, and all notices with respect to such Bonds, shall be made and given, respectively, in the manner provided in the Representation Letter.

(c) The principal amount of the Term Bonds required to be redeemed on any redemption date pursuant to subparagraph (a) of this Section 4.03 shall be reduced, at the option of the District, by the principal amount of any Term Bonds which, at least 45 days prior to the mandatory sinking fund redemption date (i) shall have been acquired by the District and delivered to the Paying Agent/Registrar for cancellation, or (ii) shall have been redeemed pursuant to the optional redemption provisions hereof and not previously credited to a mandatory sinking fund redemption.

Section 4.04. Partial Redemption. (a) If less than all of the Bonds are to be redeemed pursuant to Section 4.02, the District shall determine the maturities (or mandatory sinking fund payment with respect to Term Bonds) and the principal amount thereof to be redeemed and shall direct the Paying Agent/Registrar to call by lot or any other customary random selection method such Bonds for redemption.

(b) A portion of a single Bond of a denomination greater than \$5,000 may be redeemed, but only in a principal amount equal to \$5,000 or any integral multiple thereof. (a) The Paying Agent/Registrar shall give notice of any redemption of Bonds by sending notice by United States mail, first class, postage prepaid, not less than 30 days before the date fixed for redemption, to the Owner of each Bond (or part thereof) to be redeemed, at the address shown in the Register at the close of business on the Business Day next preceding the date of mailing such notice.

(b) The notice shall state the redemption date, the redemption price, the place at which the Bonds are to be surrendered for payment, and, if less than all the Bonds outstanding are to be redeemed, an identification of the Bonds or portions thereof to be redeemed.

(c) The District reserves the right to give notice of its election or direction to redeem Bonds under Section 4.02, conditioned upon the occurrence of subsequent events. Such notice may state (i) that the redemption is conditioned upon the deposit of moneys and/or authorized securities, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent/Registrar, or such other entity as may be authorized by law, no later than the redemption date or (ii) that the District retains the right to rescind such notice at any time prior to the scheduled redemption date if the District delivers a certificate of the District to the Paying Agent/Registrar

instructing the Paying Agent/Registrar to rescind the redemption notice, and such notice and redemption shall be of no effect if such moneys and/or authorized securities are not so deposited or if the notice is rescinded. The Paying Agent/Registrar shall give prompt notice of any such rescission of a conditional notice of redemption to the affected Owners. Any Bonds subject to conditional redemption where redemption has been rescinded shall remain outstanding.

Section 4.06. Payment Upon Redemption. (a) Before or on each redemption date, the District shall deposit with the Paying Agent/Registrar money sufficient to pay all amounts due on the redemption date and the Paying Agent/Registrar shall make provision for the payment of the Bonds to be redeemed on such date by setting aside and holding in trust an amount from the interest and sinking fund or otherwise received by the Paying Agent/Registrar from the District and shall use such funds solely for the purpose of paying the principal of, redemption premium, if any, and accrued interest on the Bonds being redeemed.

(b) Upon presentation and surrender of any Bond called for redemption at the Designated Payment/Transfer Office on or after the date fixed for redemption, the Paying Agent/Registrar shall pay the principal of, redemption premium, if any, and accrued interest on such Bond to the date of redemption from the money set aside for such purpose.

Section 4.07. Effect of Redemption. (a) When Bonds have been called for redemption in whole or in part and due provision has been made to redeem same as herein provided, the Bonds or portions thereof so redeemed shall no longer be regarded as outstanding except for the purpose of receiving payment solely from the funds so provided for redemption, and the rights of the Owners to collect interest which would otherwise accrue after the redemption date on any Bond or portion thereof called for redemption shall terminate on the date fixed for redemption.

(b) If the District fails to make provision for payment of all sums due on a redemption date, then any Bond or portion thereof called for redemption shall continue to bear interest at the rate stated on the Bond until due provision is made for the payment of same.

Section 4.08. Lapse of Payment. Money set aside for the redemption of the Bonds and remaining unclaimed by the Owners thereof shall be subject to the provisions of Section 3.03(f) hereof.

is attached hereto as Exhibit A, as may be amended by the Authorized Officer; subject to the following conditions:

(i) the Bonds shall not bear interest at a rate greater than the maximum rate allowed under Section 1204.006, Texas Government Code, as amended;

(ii) the aggregate principal amount of the Bonds authorized to be issued for the purposes described in Section 3.01 for new money and refunding purposes shall not exceed the respective limits described in Section 3.01;

(iii) the Pricing Certificate for the Bonds issued in whole or in part for new money purposes shall indicate the amount of authorized but unissued bonds that remain available to the District from the applicable voted authorization following the issuance of the Bonds approved in the Pricing Certificate;

(iv) the Pricing Certificate for each series of bonds issued for new money or refunding purposes shall indicate the amount of new money or refunding authority remaining under Section 3.01 of this Order and section 2.01 of the Variable Rate Order, if any, following the issuance of such series of Bonds;

(v) the refunding of the fixed rate Refunded Bonds shall produce a net present value debt service savings of at least 3.00% of the principal amount of the fixed rate Refunded Bonds being refunded with such series of Bonds (for purposes of clarity, this savings parameter does not apply to the refunding of variable rate Refunded Obligations);

(vi) the Pricing Certificate for the Bonds issued for the purposes of refunding the Refunded Obligations shall indicate the amount of voted authorization previously used to issue the Refunded Obligations; and

(vii) no Bond shall mature more than 40 years from the date of delivery thereof.

(b) The Authorized Officer is hereby authorized and directed to execute and deliver on behalf of the District one or more Purchase Contracts providing for the sale of the Bonds to the Underwriters, in such form as determined by the Authorized Officer. (c) Any finding by the Authorized Officer relating to the sale and delivery of the Bonds shall have the same force and effect as a finding or determination made by the Board.

(d) The authority granted to the Authorized Officer under Section 7.01(a) shall expire at 11:59 p.m., Central time, on a date one year from the date of this Order, unless otherwise extended by the Board by separate action. Bonds sold pursuant to a Purchase Contract executed on or prior to such expiration date may be delivered after such expiration date.

(e) All officers, agents and representatives of the District are hereby authorized to do any and all things necessary or desirable to satisfy the conditions set out in the Purchase Contract and to provide for the issuance and delivery of the Bonds, including, without limitation, qualifying the Bonds as “green bonds” to the extent such qualification is required. The Initial Bond for each series of Bonds shall initially be registered in the name of the Representative or such other entity as may be specified in the Purchase Contract for each series of Bonds. If the Authorized Officer is required to show debt service savings in connection with the refunding of variable rate Refunded Obligations, the Authorized Officer may demonstrate the existence of savings using a calculation that measures debt service on the variable rate Refunded Obligations using the applicable Stepped Rate (as defined in the applicable orders and pricing certificates for such variable rate Refunded Obligations) as the interest rate on the variable rate Refunded Obligations following the end of the current rate period.

(f) The Authorized Officer is hereby authorized and directed to cause to be prepared on behalf of the District, in accordance with the District’s Disclosure Strategy, one or more “Preliminary Official Statements,” to be used by the Underwriters in the offering and sale of the Bonds, and to certify or otherwise represent that such Preliminary Official Statement(s) are “deemed final” Preliminary Official Statement(s) as of their dates (except for the omission of pricing and related information) within the meaning and for the purposes of paragraph (b)(1) of Rule 15c2-12 under the Securities Exchange Act of 1934, as amended, with such changes, modifications and completions as may be required upon pricing and approved by the Authorized Officer (the “Preliminary Official Statement”). The use and distribution of one or more Preliminary Official Statements in the public offering of the Bonds by the Underwriters is hereby authorized. The Authorized Officer is hereby further authorized and directed (i) to cause to be prepared on behalf of the District, in accordance with the District’s Disclosure Strategy, one or more final Official Statements (each an “Official Statement”), (ii) to use and distribute or authorize the use and distribution of one or more Official Statements, (iii) to execute the same, if required, and (iv) to deliver appropriate numbers of copies thereof to the Underwriters. Each Official Statement as thus approved, executed and delivered, with such appropriate variations as shall be approved by the Authorized Officer and the Underwriters, may be used by the Underwriters in the public offering and sale thereof.

(g) The President or Vice President of the Board, the Secretary of the Board, the Authorized Officer and all other officers of the District are authorized to take such actions, to obtain such consents or approvals, to deliver such notices and to execute such documents, certificates and receipts as they may deem necessary and appropriate in order to consummate the delivery of the Bonds, to pay the costs of issuance of the Bonds, to effectuate the refunding of the Refunded Obligations and to effectuate the terms and provisions of this Order, including, without limitation, making application for the guarantee of the Permanent School Fund of the State for the Bonds from the Texas Education Agency. Further, in connection with the submission of the record of proceedings for the Bonds to the Attorney General of the State for examination and approval of such Bonds, the appropriate officer of the District is hereby authorized and directed to issue a check or wire payable to the Attorney General of the State as a nonrefundable examination fee in the amount required by Chapter 1202, Texas Government Code (such amount to be the lesser of (i) 1/10th of 1% of the principal amount of the Bond or (ii) \$9,500, but in no case less than \$750).

Section 7.02. Deposit of Proceeds. The proceeds from the sale of the Bonds shall be deposited as set forth in the Pricing Certificate. Proceeds from the sale of the Bonds may, at the option of the District, be invested in any investments authorized by State law, including specifically, the Public Funds Investment Act and the District's Investment Policy, including through guaranteed investment contracts authorized by Section 2256.015 of the Texas Government Code; provided that all such investments shall be made in such a manner that the money required to be expended will be available at the proper time or times.

Section 7.03. Control and Delivery of Bonds. (a) The Authorized Officer is hereby authorized to have control of the Initial Bond for each series of Bonds and all necessary records and proceedings pertaining thereto pending investigation, examination and approval of the Attorney General of the State, registration by the Comptroller of Public Accounts of the State, and registration with, and initial exchange or transfer by, the Paying Agent/Registrar.

(b) After registration by the Comptroller of Public Accounts of the State, delivery of the Bonds shall be made to the Representative under and subject to the general supervision and direction of the Authorized Officer, or, in his absence, any officer of the Board, against receipt by the District of all amounts due to the District under the terms of sale.

ARTICLE VIII

PARTICULAR REPRESENTATIONS AND COVENANTS

Section 8.01. Payment of the Bonds. On or before each date on which Debt Service is due on the Bonds, there shall be made available to the Paying Agent/Registrar, out of the interest and sinking fund, money sufficient to pay such Debt Service when due.

Section 8.02. Other Representations and Covenants. (a) The District will faithfully perform at all times any and all covenants, undertakings, stipulations, and provisions contained in this Order and in each Bond; the District will promptly pay or cause to be paid Debt Service on the dates and at the places and manner prescribed in such Bond; and the District will, at the times and in the manner prescribed by this Order, deposit or cause to be deposited the amounts of money specified by this Order.

(b) The Board hereby finds, determines and declares that the District is duly authorized under the laws of the State to issue the Bonds; the projects being financed utilizing voted authority from Proposition A from the 2023 Election are projects eligible to be financed under a general proposition voted pursuant to Section 45.003, Texas Education Code; all action on its part for the creation and issuance of the Bonds has been duly and effectively taken; and the Bonds in the hands of the Owners thereof are and will be valid and enforceable obligations of the District in accordance with their terms.

Section 8.03. Federal Tax Matters.

(a) General. The District covenants not to take any action or omit to take any action that, if taken or omitted would cause the interest on the Bonds to be includable in gross income, for federal income tax purposes. In furtherance thereof, the District covenants to comply with

sections 103 and 141 through 150 of the Code and the provisions set forth in the Federal Tax Certificate executed by the District in connection with the Bonds.

(b) No Private Activity Bonds. The District covenants that it will use the proceeds of the Bonds (including investment income) and the property financed, directly or indirectly, with such proceeds so that the Bonds will not be “private activity bonds” within the meaning of section 141 of the Code. Furthermore, the District will not take a deliberate action (as defined in section 1.141-2(d)(3) of the Regulations) that causes the Bonds to be a “private activity bond” unless it takes a remedial action permitted by section 1.141-12 of the Regulations.

(c) No Federal Guarantee. The District covenants not to take any action or omit to take any action that, if taken or omitted, would cause the Bonds to be “federally guaranteed” within the meaning of section 149(b) of the Code, except as permitted by section 149(b)(3) of the Code.

(d) No Hedge Bonds. The District covenants not to take any action or omit to take action that, if taken or omitted, would cause the Bonds to be “hedge bonds” within the meaning of section 149(g) of the Code.

(e) No Arbitrage Bonds. The District covenants that it will make such use of the proceeds of the Bonds (including investment income) and regulate the investment of such proceeds of the Bonds so that the Bonds will not be “arbitrage bonds” within the meaning of section 148(a) of the Code.

(f) Required Rebate. The District covenants that, if the District does not qualify for an exception to the requirements of section 148(f) of the Code, the District will comply with the requirement that certain amounts earned by the District on the investment of the gross proceeds of the Bonds, be rebated to the United States.

(g) Information Reporting. The District covenants to file or cause to be filed with the Secretary of the Treasury an information statement concerning the Bonds in accordance with section 149(e) of the Code.

(h) Record Retention. The District covenants to retain all material records relating to the expenditure of the proceeds (including investment income) of the Refunded Obligations and the Bonds and the use of the property financed, directly or indirectly, thereby until three years after the last Bond is redeemed or paid at maturity (or such other period as provided by subsequent guidance issued by the Department of the Treasury) in a manner that ensures their complete access throughout such retention period.

(i) Registration. If the Bonds are “registration-required bonds” under section 149(a)(2) of the Code, the Bonds will be issued in registered form.

(j) Favorable Opinion of Bond Counsel. Notwithstanding the foregoing, the District will not be required to comply with any of the federal tax covenants set forth above if the District has received an opinion of nationally recognized bond counsel that such noncompliance will not adversely affect the excludability of interest on the Bonds from gross income for federal income tax purposes.

(k) Continuing Compliance. Notwithstanding any other provision of this Order, the District's obligations under the federal tax covenants set forth above will survive the defeasance and discharge of the Bonds for as long as such matters are relevant to the excludability of interest on the Bonds from gross income for federal income tax purposes

(l) Official Intent. For purposes of section 1.150-2(d) of the Regulations, to the extent that an official intent to reimburse by the District has not been adopted for a particular project, this Order serves as the District's official declaration of intent to use proceeds of the Bonds to reimburse itself from proceeds of the Bonds issued in the maximum amount for certain expenditures paid in connection with the projects set forth herein. Any such reimbursement will only be made (i) for an original expenditure paid no earlier than 60 days prior to the date hereof and (ii) not later than 18 months after the later of (A) the date the original expenditure is paid or (B) the date of which the project to which such expenditure relates is placed in service or abandoned, but in no event more than three years after the original expenditure is paid.

Section 10.02. Appointment of Escrow Agent; Approval of Escrow Agreement; Deposit with Paying Agent for Refunded Obligations. (b) The provisions of this Article are for the sole benefit of the Owners and beneficial owners of the Bonds, and nothing in this Article, express or implied, shall give any benefit or any legal or equitable right, remedy, or claim hereunder to any other person. The District undertakes to provide only the financial information, operating data, financial statements, and notices which it has expressly agreed to provide pursuant to this Article and does not hereby undertake to provide any other information that may be relevant or material to a complete presentation of the District’s financial results, condition, or prospects or hereby undertake to update any information provided in accordance with this Article or otherwise, except as expressly provided herein. The District

may also repeal or amend the provisions of this Section if the SEC amends or repeals the applicable provisions of the Rule or any court of final jurisdiction enters judgment that such provisions of the Rule are invalid, and the District also may amend the provisions of this Section in its discretion in any other manner or circumstance, but in either case only if and to the extent that the provisions of this sentence would not have prevented an underwriter from lawfully purchasing or selling the Bonds in the primary offering of the Bonds, giving effect to (a) such provisions as so amended and (b) any amendments or interpretations of the Rule. If the District so amends the provisions of this Article, the District shall include with any amended financial information or operating data next provided in accordance with this Article an explanation, in narrative form, of the reasons for the amendment and of the impact of any change in the type of financial information or operating data so provided.

Section 12.04. Amendments to the Rule. In the event the Authorized Officer, in consultation with Bond Counsel and the District's financial advisor, determines that it is necessary or desirable to amend the provisions of this Article XII in order to facilitate compliance with amendments to the Rule and related guidance from the SEC, the Authorized Officer may make such changes in the Pricing Certificate for the Bonds and such amendments are hereby authorized and shall be deemed effective as set forth in the Pricing Certificate.

In the Order, the District reserves the right, in the case of an optional redemption, to give notice of its election or direction to redeem Bonds conditioned upon the occurrence of subsequent events. Such notice may state (i) that the redemption is conditioned upon the deposit of moneys and/or authorized securities, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent/Registrar, or such other entity as may be authorized by law, no later than the redemption date, or (ii) that the District retains the right to rescind such notice at any time on or prior to the scheduled redemption date if the District delivers a certificate of the District to the Paying Agent/Registrar instructing the Paying Agent/Registrar to rescind the redemption notice, and such notice and redemption shall be of no effect if such moneys and/or authorized securities are not so deposited or if the notice is rescinded. Neither the District nor the Paying Agent/Registrar shall be required to transfer or exchange any Bond called for redemption where such redemption is scheduled to occur within 45 calendar days after the transfer or exchange date; provided, however, such limitation shall not be applicable to an exchange by the registered owner of the uncalled principal balance of a Bond.

Recommendation
Consideration and approval of a General Fund budget amendment for 2025-26.

Summary/Background				
<p>General Fund expenditures are increasing by \$2.7 million for purchase orders rolled from fiscal year 2024-25 that were received and paid in fiscal year 2025-26. The amendment will result in a reduction in fund balance. However, fund balance was assigned as of June 30, 2025, for the amount and this is a planned drawdown of fund balance. After accounting for the amendment, fund balance is expected to be at 94 days, which exceeds the required fund balance amount of 90 days.</p> <p>The budget amendment also reflects inter-transfers by functions by departments and campuses from July 1, 2025, through September 30, 2025. Transfers out of \$1,807 are amounts collected for Sugar Land 95 project that are being transferred to a grant due to the longevity of that project.</p>

Fort Bend Independent School District

The attached Variable Rate Order addresses three distinct financing goals.

1. Refinancing Outstanding Commercial Paper:

The District issues commercial paper for cash flow needs, and it is anticipated that the District could have issued between \$100-\$150 million in commercial paper by the end of June 2026, which amounts will be deducted from the available voted authorization from the 2023, 2018 and 2014 elections listed above. A maximum of \$150 million in commercial paper can be outstanding at any time. The cash flow projections for projects authorized in the 2023, 2018 and 2014 bond elections show that the District will pay approximately \$200 million for construction activity through August 2026.

This Variable Rate Order authorizes the District to refinance the outstanding commercial paper notes with variable rate bonds. The issuance of refunding bonds to refinance up to \$150 million of commercial paper would free up capacity under the commercial paper program for additional commercial paper draws and provide long-term variable rate financing for the outstanding commercial paper notes being refinanced.

The Bond Order will allow the District to refinance the outstanding commercial paper with fixed rate bonds. This strategy allows Finance staff and the district's financial advisor to review market conditions and determine the best issuance strategy. A fixed rate new money and refunding bond order (the "Fixed Rate Order") providing that ability is being presented as a separate agenda item.

The Variable Rate Order and the Fixed Rate Order are drafted so that the total amount of bonds that can be issued under the two orders is capped as provided below.

2. Issuance of New Money Bonds for Projects:

Depending on market conditions in 2026, the Administration is seeking flexibility to potentially issue up to \$200 million of new money bonds for projects without utilizing the commercial paper program. If market conditions are favorable and cash flow needs associated with the 2023, 2018 and 2014 bond authorizations persist, having the flexibility to issue new money bonds would allow the District to achieve efficiencies by avoiding back-to-back debt transactions.

3. Refunding Outstanding Bonds:

The District currently has the following bonds eligible to be refunded:

- Fixed Rate Bonds
 - \$38,065,000 of its Unlimited Tax Refunding Bonds, Series 2017A (the "Series 2017A Bonds") outstanding, of which \$36,525,000 is eligible to be refunded.

Fort Bend Independent School District

- \$29,265,000 of its Unlimited Tax Refunding Bonds, Series 2017B (the “Series 2017B Bonds”) outstanding, of which \$28,080,000 is eligible to be refunded.
- Variable Rate Bonds
 - \$109,815,000 of its Variable Rate Unlimited Tax School Building and Refunding Bonds, Series 2021B (the “Series 2021B Bonds”) outstanding, of which \$106,900,000 is eligible to be refunded.

If favorable market conditions exist next spring, Administration recommends refinancing the Series 2021B Bonds through a variable rate refunding. A variable rate refunding may potentially offer additional market efficiencies versus the remarketing of the variable rate Refunded Bond and allow the District to maintain its desired balance of fixed rate and variable rate interest rate exposure.

The separate Fixed Rate Order provides the administration with the flexibility to refinance the Series 2021B Bonds through a fixed rate refunding if that approach would be more beneficial to the District than remarketing the Series 2021B Bonds or refunding them with variable rate bonds.

In the event a conversion of the Series 2021B Bonds would be more beneficial to the District than a variable rate or fixed rate refinancing, the separate Conversion Order agenda item being presented would authorize the conversion of the Series 2021B Bonds to a new Term Rate Period (variable rate) or to fixed rate.

Bond refinancing (refunding) is an important debt management tool for state and local government issuers. Refundings are typically executed to achieve interest cost savings, to restructure debt service payments, or to achieve other policy objectives. It is the District’s goal to keep the cost of debt as low as possible.

Therefore, with the potential (i) refinancing of up to \$150 million of outstanding commercial paper over the course of the year, (ii) refunding of up to \$36,525,000 of the Series 2014 Bonds, \$28,080,000 of the Series 2016A Bonds, and \$106,900,000 of the Series 2021B Bonds, and (iii) issuance of up to \$200 million in new money bonds, Administration is requesting approval of the Variable Rate Order. The Variable Rate Order provides for and authorizes the following:

1. The issuance of variable rate refunding bonds to refinance any outstanding commercial paper in a principal amount not to exceed \$150,000,000;
2. The issuance of variable rate new money bonds in a principal amount not to exceed \$200,000,000;
3. The total principal amount of bonds that may be issued under the Variable Rate Order and the Fixed Rate Order (separate board agenda item) for the purpose of fixing-out outstanding commercial paper and issuing new money bonds cannot exceed \$350,000,000;
4. The issuance of variable rate refunding bonds to refund the Series 2017A Bonds in a principal amount not to exceed \$36,525,000;

Fort Bend Independent School District

5. The issuance of variable rate refunding bonds to refund the Series 2017B Bonds in a principal amount not to exceed \$28,080,000;
6. The issuance of variable rate refunding bonds to refund the Series 2021B Bonds in a principal amount not to exceed \$106,900,000;
7. The issuance of the bonds is anticipated to be tax-exempt;
8. The bonds may be designated as green bonds;
9. The designation of the Superintendent and Chief Financial Officer as Authorized Officers authorized to establish final terms of the bonds issued under the Variable Rate Order within the parameters contained in Section 2.01 of the Variable Rate Order;
10. A maximum maturity of any bonds issued not to exceed 40 years;
11. The preparation of a Preliminary Official Memorandum to be used in connection with the issuance of the bonds in accordance with the District's Disclosure Strategy; and
12. The authority to issue bonds under the Variable Rate Order for one year from the date the order is executed.

The District's bond counsel, Bracewell LLP has prepared and reviewed the Variable Rate Order. The District's financial advisor, Hilltop Securities, has also reviewed the Variable Rate Order.

As required by the Fiscal and Budgetary Strategy, Exhibit A (Disclosure Strategy), approved by the Board in September 2025, the Chief Financial Officer will provide a summary of the pricing as well as the final Official Memorandum to the Board for each debt transaction shortly after the transaction has priced or closed.

AN ORDER AUTHORIZING THE ISSUANCE OF FORT BEND INDEPENDENT SCHOOL DISTRICT VARIABLE RATE UNLIMITED TAX SCHOOL BUILDING AND REFUNDING BONDS, WHICH MAY BE ISSUED IN ONE OR MORE SERIES IN ACCORDANCE WITH SPECIFIED PARAMETERS; AND ENACTING OTHER PROVISIONS RELATING THERETO

WHEREAS, there are presently outstanding certain obligations of Fort Bend Independent School District (the “District”) described on Schedule I attached hereto and incorporated herein by reference for all purposes (collectively, the “Refunded Obligation Candidates”), which are secured by and payable from ad valorem taxes levied, assessed and collected, without legal limit as to rate or amount, on property within the District in an amount sufficient to pay principal of and interest on such obligations as they become due; and

WHEREAS, it is intended that all or a portion of the Refunded Obligation Candidates shall be designated as Refunded Obligations (as hereinafter defined) in the Officer’s Pricing Certificate(s) (as hereinafter defined) and shall be refunded pursuant to this Order and the Officer’s Pricing Certificate(s); and

WHEREAS, Chapter 1207, Texas Government Code, as amended (“Chapter 1207”), authorizes the District to issue refunding bonds for the purpose of refunding or defeasing the Refunded Obligations, and to accomplish such refunding or defeasance by depositing directly with a paying agent for the Refunded Obligations (or other qualified escrow agent), the proceeds of such refunding bonds, together with other available funds, in an amount sufficient to provide for the payment or redemption of the Refunded Obligations, and provides that such deposit shall constitute the making of firm banking and financial arrangements for the discharge and final payment or redemption of the Refunded Obligations; and

WHEREAS, the District desires to authorize the execution of one or more escrow agreements or deposit agreements in order to provide for the deposit of proceeds of the refunding bonds and, to the extent specified pursuant hereto, other lawfully available funds of the District, to pay the redemption price of the Refunded Obligations when due; and

WHEREAS, upon the issuance of the refunding bonds herein authorized and the deposit of funds referred to above, the Refunded Obligations shall no longer be regarded as being outstanding, except for the purpose of being paid pursuant to such deposit, and the pledges, liens, trusts and all other covenants, provisions, terms and conditions of the orders authorizing the issuance of the Refunded Obligations shall be, with respect to the Refunded Obligations, discharged, terminated and defeased; and

WHEREAS, the Board of Trustees of the District (the “Board”) hereby finds and determines that the refunding of the Refunded Notes (as defined herein) as contemplated in this Order will benefit the District by providing long-term financing of the Refunded Notes and reducing market risks to the District, and that such benefits constitute a valid public purpose and are sufficient consideration for the refunding contemplated herein; and

WHEREAS, the Board hereby finds and determines that the refunding of the Refunded Bonds (as defined herein) as contemplated in this Order will benefit the District by providing long-term financing of the Refunded Bonds, additional market efficiencies versus the remarketing of the variable rate Refunded Bonds, allow the District to maintain its desired balance of fixed rate and variable rate interest rate exposure, and/or reduced market risks to the District, and that such benefits constitute a valid public purpose and are sufficient consideration for the refunding contemplated herein; and

WHEREAS, the Board hereby finds and determines that the manner in which the refunding of the Refunded Obligations is being executed does not make it practicable to make the determination required by Section 1207.008(a)(2); and

WHEREAS, the Board hereby finds and determines that it is necessary and in the best interest of the District and its citizens that it authorize by this Order the issuance and delivery of its refunding bonds at this time; and

(b) If any officer of the District whose manual or facsimile signature appears on the Bonds ceases to be such officer before the authentication of such Bonds or before the delivery thereof, such manual or facsimile signature nevertheless shall be valid and sufficient for all purposes as if such officer had remained in such office.

(c) Except for the Initial Bonds, which need not be authenticated if such Initial Bonds bear the executed Certificate of Registration by the Comptroller of the State, no Bond shall be valid or obligatory for any purpose or be entitled to any security or benefit of this Order unless the Certificate of Paying Agent/Registrar, substantially in the form provided herein, has been duly authenticated by manual execution by an officer or duly authorized signatory of the Paying Agent/Registrar.

(d) On the Issuance Date, one Initial Bond representing the aggregate principal amount of each series, subseries or tranche of the Bonds having the same Initial Rate Period and Initial Rate, payable to the Underwriter, or its designee, executed by the manual or

facsimile signature of the President or Vice President and Secretary of the Board, approved by the Attorney General of the State, and registered by the Comptroller of Public Accounts of the State by registration certificate attached or affixed thereto, will be delivered to the Underwriter or its designee. Upon payment for the Initial Bonds, the Paying Agent/Registrar shall cancel the Initial Bonds and deliver definitive Bonds to DTC in exchange therefor, registered in the name of Cede & Co., as nominee of DTC, as set forth in Section 2.07. The District and the Paying Agent/Registrar are authorized to execute, deliver, and take the actions set forth in such letters to or agreements with DTC as shall be necessary to effectuate DTC's Book-Entry Only System. To the extent the Paying Agent/Registrar is eligible to participate in DTC's FAST System, as evidenced by agreement between the Paying Agent/Registrar and DTC, the Paying Agent/Registrar shall hold the definitive Bonds in safekeeping for DTC.

Section 2.05. Ownership.

(a) The District, the Paying Agent/Registrar, the Tender Agent and any other person may treat the person whose name appears in the Register as the registered owner of any Bond as the absolute owner of such Bond for the purpose of making and receiving payment of the principal thereof and redemption premium, if any, thereon, for the further purpose of making and receiving payment of the interest thereon (except interest shall be paid to the person in whose name the Bond is registered on the Record Date), and for all other purposes, whether or not such Bond is overdue, and none of the District, the Paying Agent/Registrar or the Tender Agent shall be bound by any notice or knowledge to the contrary.

(b) All payments made to the Owner of a Bond shall be valid and effectual and shall discharge the liability of the District and the Paying Agent/Registrar upon such Bond to the extent of the sums paid.

Section 2.06. Registration, Transfer, and Exchange.

(a) While any Bonds remain Outstanding, the District shall cause the Paying Agent/Registrar to keep the Register, in which, subject to such reasonable regulations as it may prescribe, the Paying Agent/Registrar shall record the names and addresses of the Owners of the Bonds and information relating the payment and transfer of Bonds in accordance with this Order.

(b) The ownership of a Bond may be transferred only upon the presentation and surrender of the Bond at the designated trust office of the Paying Agent/Registrar with such endorsement or other evidence of transfer as is acceptable to the Paying Agent/Registrar. No transfer of any Bond shall be effective until entered in the Register.

(c) The Bonds shall be exchangeable upon the presentation and surrender thereof at the designated office of the Paying Agent/Registrar for a Bond or Bonds of the same maturity and interest rate and in any Authorized Denomination and in an aggregate principal amount equal to the unpaid principal amount of the Bonds presented for

exchange. The Paying Agent/Registrar is hereby authorized to authenticate and deliver Bonds exchanged for other Bonds in accordance with this Section.

(d) Each exchange Bond delivered by the Paying Agent/Registrar in accordance with this Section shall be entitled to the benefits and security of this Order to the same extent as the Bond or Bonds in lieu of which such exchange Bond is delivered.

(e) No service charge shall be made to the Owner for the initial registration, any subsequent transfer or exchange for a different denomination of any of the Bonds. The Paying Agent/Registrar, as applicable, however, may require the Owner to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection with the registration, transfer, or exchange of a Bond.

(f) Following the Fixed Rate Conversion Date for any Bond, neither the District nor the Paying Agent/Registrar shall be required to issue, transfer, or exchange any such Bond called for redemption prior to maturity, in whole or in part, within thirty (30) days prior to the date fixed for redemption; provided, however, such limitation shall not be applicable to an exchange by the Owner of the uncalled principal balance of a Bond.

Section 2.07. Book-Entry Only System.

(a) The definitive Bonds of each series, subseries or tranche, shall be initially issued in the form of a single fully registered Bond for each Initial Rate Period and bearing interest at the same Initial Rate. Upon initial issuance, the ownership of such definitive Bonds shall be registered in the name of Cede & Co., as nominee of DTC, and except as provided in Section 2.09 hereof, all of the Outstanding Bonds shall be registered in the name of Cede & Co., as nominee of DTC. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Order with respect to interest checks being mailed to the Owner at the close of business on the Record Date, the word "Cede & Co." in this Order shall refer to such new nominee of DTC.

(b) With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the District, the Tender Agent and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any person on behalf of whom such DTC Participant holds an interest in the Bonds. Without limiting the immediately preceding sentence, the District, the Tender Agent and the Paying Agent/Registrar shall have no responsibility or obligation with respect to

(i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds,

(ii) the delivery to any DTC Participant or any other person, other than an Owner, as shown on the Register, of any notice with respect to the Bonds, including any notice of redemption, or

(iii) the payment to any DTC Participant or any other person, other than an Owner, as shown on the Register of any amount with respect to principal of Bonds, premium, if any, or interest on the Bonds.

(c) Notwithstanding any other provision of this Order to the contrary, the District, the Tender Agent and the Paying Agent/Registrar shall be entitled to treat and consider the person in whose name each Bond is registered in the Register as the absolute Owner of such Bond for the purpose of payment of principal of, premium, if any, and interest on the Bonds, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfer with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar and the Tender Agent shall pay all principal of Bonds, premium, if any, and interest on the Bonds only to or upon the order of the respective Owners, as shown in the Register as provided in this Order, or their respective attorneys duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the District's obligations with respect to payments of principal, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No person other than an Owner shall receive a Bond certificate evidencing the obligation of the District to make payments of amounts due pursuant to this Order.

(d) The Representation Letter previously executed and delivered by the District and applicable to the District's obligations delivered in book-entry-only form to DTC as securities depository is hereby ratified and approved for the Bonds.

Section 2.08. Payments and Notices to Cede & Co. Notwithstanding any other provision of this Order to the contrary, while any Bonds are registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on the Bonds, and all notices with respect to such Bonds, shall be made and given, respectively, in the manner provided in the Representation Letter of the District to DTC.

Section 2.09. Successor Securities Depository; Transfer Book-Entry Only System. In the event that the District or the Paying Agent/Registrar determines that DTC is incapable of discharging its responsibilities described herein and in the Representation Letter of the District to DTC, and that it is in the best interest of the beneficial owners of the Bonds that they be able to obtain certificated Bonds, the District or the Paying Agent/Registrar shall (a) appoint a successor securities depository, qualified to act as such under Section 17(a) of the Securities and Exchange Act of 1934, as amended, notify DTC of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository or (b) notify DTC of the availability through DTC of Bonds and transfer one or more separate Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of this Order.

Section 2.10. Variable Rate and Flexible Rate Bonds Held in Book-Entry Only System. This Section 2.10 shall apply with respect to tenders and purchases of Variable Rate and Flexible Rate Bonds held in the Book-Entry Only System. The Remarketing Agent will transfer proceeds

from the remarketing of tendered Variable Rate or Flexible Rate Bonds directly to DTC to be distributed in accordance with DTC's normal procedures. Evidence of beneficial ownership in Variable Rate or Flexible Rate Bonds purchased with such remarketing proceeds shall be provided to the purchasers thereof according to DTC's normal procedures. To the extent the Remarketing Agent is unable to successfully remarket tendered Variable Rate or Flexible Rate Bonds, and the Purchase Price thereof shall have been paid pursuant to a Liquidity Facility, then upon the Bank's purchase of such Variable Rate or Flexible Rate Bonds, such Purchased Bonds shall be transferred to the DTC Participant account of the Bank or, if directed in writing by the Bank, to the DTC Participant account of the Tender Agent or other nominee or designee of the Bank, for the benefit of the Bank as beneficial owner of such Purchased Bonds, at the time and in the manner set forth in the Liquidity Facility. The Remarketing Agent shall continue its attempts to remarket the Purchased Bonds pursuant to the provisions of this Order and the Remarketing Agreement.

Section 2.11. Cancellation. All Bonds paid or redeemed before scheduled maturity in accordance with this Order, and all Bonds in lieu of which exchange Bonds or replacement Bonds are authenticated and delivered in accordance with this Order, shall be canceled and proper records made regarding such payment, redemption, exchange, or replacement. The Paying Agent/Registrar shall treat such canceled Bonds in accordance with its document retention policies.

Section 2.12. Replacement Bonds.

(a) Upon the presentation and surrender to the Paying Agent/Registrar of a mutilated Bond, the Paying Agent/Registrar shall authenticate and deliver in exchange therefor a replacement Bond of like maturity, interest rate and principal amount, bearing a number not contemporaneously outstanding. The District or the Paying Agent/Registrar may require the Owner of such Bond to pay a sum sufficient to cover any tax or other governmental charge that is authorized to be imposed in connection therewith and any other expenses connected therewith.

(b) If any Bond is lost, apparently destroyed, or wrongfully taken, the District, pursuant to the applicable laws of the State and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall authorize and the Paying Agent/Registrar shall deliver a replacement Bond of like maturity, interest rate and principal amount, bearing a number not contemporaneously outstanding, provided that the Owner first:

(i) furnishes to the Paying Agent/Registrar satisfactory evidence of his or her ownership of and the circumstances of the loss, destruction, or theft of such Bond;

(ii) furnishes such security or indemnity as may be required by the Paying Agent/Registrar and the District to save them harmless;

(iii) pays all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Paying Agent/Registrar and any tax or other governmental charge that is authorized to be imposed; and

(iv) satisfies any other reasonable requirements imposed by the District or the Paying Agent/Registrar.

(c) After the delivery of such replacement Bond, if a bona fide purchaser of the original Bond in lieu of which such replacement Bond was issued presents for payment such original Bond, the District and the Paying Agent/Registrar shall be entitled to recover such replacement Bond from the person to whom it was delivered or any person taking therefrom, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost, or expense incurred by the District or the Paying Agent/Registrar in connection therewith.

(d) If any such mutilated, lost, apparently destroyed, or wrongfully taken Bond has become or is about to become due and payable, the District, in its discretion, instead of issuing a replacement Bond, may authorize the Paying Agent/Registrar to pay such Bond when it becomes due and payable.

(e) Each replacement Bond delivered in accordance with this Section shall be entitled to the benefits and security of this Order to the same extent as the Bond or Bonds in lieu of which such replacement Bond is delivered.

Section 2.13. Tax Levy.

(a) Pursuant to the authority granted by the Constitution and laws of the State, there shall be levied and there is hereby levied for the current year and for each succeeding year hereafter while any of the Costs of Credit Agreements, if any, are unpaid or the Bonds or any interest thereon is outstanding and unpaid, an ad valorem tax on each one hundred dollars valuation of taxable property within the District at a rate sufficient, without limit as to rate or amount, to pay the principal of and interest on the Bonds when due and payable and the Costs of Credit Agreements, if any, incurred in connection with the Bonds when due and payable, full allowance being made for delinquencies and costs of collection taking into account otherwise unencumbered or lawfully available funds of the District that are on deposit in the Interest and Sinking Fund and are available to pay debt service on the Bonds and the Costs of Credit Agreements, using the following guidelines: (i) if the interest rate on the Bonds for all or a portion of the period for which taxes are then being assessed is not then known, and only if no "Event of Default" (as defined in the Liquidity Facility, if any) has occurred, for the period that the interest rate on the Bonds is not known, using an interest rate on the Bonds equal to the rate prescribed in a then-effective Liquidity Facility, if any, to apply during such time or, if no Liquidity Facility is in effect, using the Maximum Rate, and (ii) using the actual interest rate on the Bonds for the period that the actual interest rate on the Bonds is known. If an "Event of Default" (as defined in the Liquidity Facility, if any) has occurred, the District will assume that the interest rate on the Bonds is the Maximum Rate.

(b) The ad valorem tax thus levied shall be assessed and collected each year against all property appearing on the tax rolls of the District most recently approved in accordance with law and the money thus collected shall be deposited as collected to the Interest and Sinking Fund.

(c) Said ad valorem tax, the collections therefrom, and all amounts on deposit in or required hereby to be deposited to the Interest and Sinking Fund are hereby pledged and committed irrevocably to the payment of the principal of and interest on the Bonds and the Costs of Credit Agreements, if any, and other costs related to the Bonds when and as due and payable in accordance with their terms and this Order.

(d) To pay the debt service coming due on the Bonds prior to receipt of the taxes levied to pay such debt service, if any, there is hereby appropriated from current funds on hand, which are hereby certified to be on hand and available for such purpose, an amount sufficient to pay such debt service, and such amount shall be used for no other purpose.

(e) Any money received by the District with respect to the Bonds as state assistance pursuant to the instructional allotment or as state assistance with existing debt, each as authorized by Chapter 46, Texas Education Code, shall be deposited in the interest and sinking fund as required by Sections 46.009 and 46.035, Texas Education Code, respectively. The District will take into account the balance in the Interest and Sinking Fund when it sets its debt service tax rate each year.

Section 2.14. Interest and Sinking Fund.

(a) The District hereby establishes a special fund(s) or account(s), to be designated the “Fort Bend Independent School District Variable Rate Unlimited Tax School Building and Refunding Bonds, [series designation assigned to the Bonds in the Officer’s Pricing Certificate] Interest and Sinking Fund,” (or as otherwise designated in the Officer’s Pricing Certificate) (the “Interest and Sinking Fund”) said fund(s) to be kept at an official depository bank of the District and established and maintained on the books and records of the District separate and apart from all other funds and accounts of the District.

(b) Money on deposit in or required by this Order to be deposited to the Interest and Sinking Fund shall be used solely for the purpose of paying the interest on and principal of the Bonds when and as due and payable and the Costs of Credit Agreements, if any, incurred in connection with the Bonds in accordance with their terms and this Order.

Section 2.15. Application of Chapter 1208, Government Code. Chapter 1208, Texas Government Code, applies to the issuance of the Bonds and the pledge of the taxes granted by the District under Section 2.13, and is therefore valid, effective, and perfected. Should Texas law be amended at any time while the Bonds are outstanding and unpaid, the result of such amendment being that the pledge of the taxes granted by the District under Section 2.13 is to be subject to the filing requirements of Chapter 9, Business & Commerce Code, in order to preserve to the registered owners of the Bonds and the Bank or any other provider of Credit Agreements relating to the Bonds the perfection of a security interest in said pledge, the District agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Business & Commerce Code and enable a filing to perfect the security interest in said pledge to occur.

ARTICLE III INTEREST RATES ON BONDS

Section 3.01. Initial Interest Rates; Subsequent Interest Rates; No Liquidity Facility During Initial Rate Period. The Bonds shall bear interest at the Initial Rate(s) for the Initial Rate Period(s) set forth in the Officer's Pricing Certificate. Following the end of the Initial Rate Period(s), the Bonds shall be subject to mandatory tender for purchase on the date(s) set forth in the Officer's Pricing Certificate, without right of retention by the Owners, in accordance with the provisions of Section 4.08. After the Initial Rate Period, the Bonds shall be converted to bear interest in a different Rate Period as determined in accordance with the provisions of this Order, until the Bonds mature or are converted to a different Rate Period, as applicable, all as provided herein. Notwithstanding the foregoing, if the Remarketing Agent fails to remarket all of the Bonds on the mandatory tender date(s) following the end of the Initial Rate Period(s) resulting in the Owners thereof retaining the Bonds subsequent to the end of the Initial Rate Period, the Bonds shall bear interest at the Stepped Rate for the duration of the Stepped Rate Period, all as set forth in Section 4.08 of this Order. No Liquidity Facility shall be in effect during the Initial Rate Period. In addition and notwithstanding the foregoing or the provisions of Section 3.04 of this Order, the Pricing Officer may initially designate one or more maturities of Bonds as fixed rate Bonds as set forth in the Officer's Pricing Certificate. Bonds designated as fixed rate Bonds in the Officer's Pricing Certificate shall bear interest at the fixed rate designated therein until maturity or prior redemption as specified in the Officer's Pricing Certificate.

Section 3.02. Variable Rates; Conversions to Variable Rate Periods.

(a) Determination by Remarketing Agent. Subject to the further provisions of this Article III with respect to particular Variable Rates or conversions between or to Variable Rate Periods, the Variable Rate to be applicable to the Bonds during any Variable Rate Period shall be determined by the Remarketing Agent. The Remarketing Agent shall determine the Variable Rate on each Rate Determination Date in accordance with this Section 3.02. The Variable Rate so determined shall become effective on the first day of the next succeeding Variable Rate Period.

(i) In each case, the Variable Rate for the Variable Rate Period in question shall be determined by the Remarketing Agent on the Rate Determination Date required pursuant to Section 3.02(b), (c), (d), (e), or (f) below, as is applicable.

(ii) Each Variable Rate determined by the Remarketing Agent shall be the lowest rate of interest which, in the judgment of the Remarketing Agent, would cause the Bonds to have a market value equal to not less than 100% of the principal amount thereof, plus accrued interest, under prevailing market conditions as of the Rate Determination Date, provided that, and except as otherwise expressly provided herein, (A) if the Remarketing Agent fails for any reason to determine or notify the Tender Agent or the Paying Agent/Registrar of the Variable Rate for any Variable Rate Period when required hereunder, the Variable Rate for such period shall be deemed to be determined as the Variable Rate then in effect until the Remarketing Agent determines a new Variable Rate and notifies the Tender Agent and the Paying Agent/Registrar of such rate in accordance with the provisions of

this Order; and (B) in no event shall the Variable Rate for any Variable Rate Period exceed the Maximum Rate.

(iii) In determining the interest rates, the Remarketing Agent shall take into account to the extent applicable market interest rates and indices, general economic conditions, and general market conditions as they relate to comparable securities which are held by institutional and private investors with substantial portfolios (1) with a term equal to the applicable Rate Period for the Bonds; (2) the interest on which is exempt from federal income taxation; (3) rated, if the Bonds are rated, by a Rating Agency in the same rating category as the Bonds; (4) with security or credit support similar to the Bonds; and (5) with redemption provisions similar to those of the Bonds.

(iv) All determinations of Variable Rates pursuant to this Section shall be conclusive and binding, absent manifest error, upon the District, the Tender Agent, the Paying Agent/Registrar, any Bank, and the Owners of the Bonds to which such rates are applicable. The District, the Tender Agent, the Paying Agent/Registrar and the Remarketing Agent shall not be liable to any Owners for failure to give any notice required herein or for failure of any Owners to receive such notice.

(b) Weekly Rates. A Weekly Rate shall be determined for each Weekly Rate Period as follows:

(i) Weekly Rate Periods shall commence on Thursday of each week and end on Wednesday of the following week; except that in the case of a conversion to a Weekly Rate Period from a different Variable Rate Period or from a Flexible Rate Period, the initial Weekly Rate Period shall (A) commence on the Weekly Rate Conversion Date, and (B) end on the next succeeding Wednesday.

(ii) The Weekly Rate for each Weekly Rate Period shall be effective from and including the commencement date of such Weekly Rate Period and shall remain in effect through and including the last day thereof. Each such Weekly Rate shall be determined by the Remarketing Agent by 12:00 p.m., New York City time on the Rate Determination Date, which date shall be the Business Day immediately preceding the commencement date of the Weekly Rate Period to which it relates, and each such Weekly Rate shall be made available to the Paying Agent/Registrar and the Tender Agent by the Remarketing Agent by the close of business on the Rate Determination Date.

(iii) Notice of Weekly Rates determined for each Weekly Rate Period shall be given promptly by the Paying Agent/Registrar to DTC (and any successor to DTC). In the event the Book-Entry Only System is discontinued, notice of Weekly Rates determined for each Weekly Rate Period shall be given by the Paying Agent/Registrar by first class mail or by electronic means to each Owner within seven (7) Business Days after each Interest Payment Date on which interest at a Weekly Rate is to be paid. The Paying Agent/Registrar shall include in the notice

a telephone number Owners may call to ascertain the Weekly Rate in effect from time to time.

(c) Monthly Rates. A Monthly Rate shall be determined for each Monthly Rate Period as follows:

(i) Monthly Rate Periods shall (A) commence on the first Business Day of each calendar month, except that in the case of a conversion to a Monthly Rate Period from a different Variable Rate Period or from a Flexible Rate Period, the initial Monthly Rate Period shall commence on the Monthly Rate Conversion Date, and (B) end on the last day prior to the first Business Day of the following month.

(ii) The Monthly Rate for each Monthly Rate Period shall be effective from and including the commencement date of such period and shall remain in effect through and including the last day thereof. Each such Monthly Rate shall be determined by the Remarketing Agent no later than 12:00 p.m., New York City time on the Rate Determination Date, which shall be the Business Day immediately preceding the commencement date of such Monthly Rate Period, and each such Monthly Rate shall be made available to the Paying Agent/Registrar and the Tender Agent by the Remarketing Agent by the close of business on the Rate Determination Date.

(iii) Notice of Monthly Rates determined for each Monthly Rate Period shall be given promptly by the Paying Agent/Registrar to DTC (and any successor to DTC). In the event the Book-Entry Only System is discontinued, notice of Monthly Rates determined for each Monthly Rate Period shall be given by the Paying Agent/Registrar by first-class mail or by electronic means to each Owner promptly after such Monthly Rate is determined.

(d) Quarterly Rates. A Quarterly Rate shall be determined for each Quarterly Rate Period as follows:

(i) Quarterly Rate Periods shall (A) commence initially on a Quarterly Rate Conversion Date and thereafter on the first Business Day of each third calendar month thereafter; and (B) end on the last day preceding either (i) the commencement date of the following Quarterly Rate Period or (ii) the Conversion Date on which a different Rate Period shall become effective.

(ii) The Quarterly Rate for each Quarterly Rate Period shall be effective from and including the commencement day of such period and shall remain in effect through and including the last date thereof. Each such Quarterly Rate shall be determined by the Remarketing Agent not later than 12:00 p.m., New York City time, on the Rate Determination Date, which date shall be the Business Day immediately preceding the commencement date of such period, and each Quarterly Rate shall be made available to the Paying Agent/Registrar and the Tender Agent by the Remarketing Agent by the close of business on the Rate Determination Date.

(iii) Notice of Quarterly Rates determined for each Quarterly Rate Period shall be given promptly by the Paying Agent/Registrar to DTC (and any successor to DTC). In the event the Book-Entry Only System is discontinued, notice of Quarterly Rates determined for each Quarterly Rate Period shall be given by the Paying Agent/Registrar by first class mail or by electronic means to each Owner promptly after such Quarterly Rate is determined.

(e) Semiannual Rates. A Semiannual Rate shall be determined for each Semiannual Rate Period as follows:

(i) Semiannual Rate Periods shall (A) commence initially on a Semiannual Rate Conversion Date and thereafter on the first day of each sixth calendar month thereafter; and (B) end on the last day preceding either (i) the commencement date of the following Semiannual Rate Period or (ii) the Conversion Date on which a different Rate Period shall become effective.

(ii) The Semiannual Rate for each Semiannual Rate Period shall be effective from and including the commencement date of such period and shall remain in effect through and including the last day thereof. Each such Semiannual Rate shall be determined by the Remarketing Agent not later than 12:00 p.m., New York City time, on the Rate Determination Date, which date shall be the Business Day immediately preceding the commencement date of such period, and each such Semiannual Rate shall be made available to the Paying Agent/Registrar and the Tender Agent by the Remarketing Agent by the close of business on the Rate Determination Date.

(iii) Notice of Semiannual Rates determined for each Semiannual Rate Period shall be given promptly by the Paying Agent/Registrar to DTC (and any successor to DTC). In the event the Book-Entry Only System is discontinued, notice of Semiannual Rates determined for each Semiannual Rate Period shall be given by the Paying Agent/Registrar by first class mail or by electronic means to each Owner promptly after such Semiannual Rate is determined.

(f) Term Rates. A Term Rate shall be determined for each Term Rate Period as follows:

(i) Term Rate Periods shall (A) commence on each Term Rate Conversion Date, and (B) end on the date established by the District as the last day for each such Term Rate Period pursuant to Section 3.02(f)(ii); provided, however, that each Term Rate Period shall be at least nine (9) months in duration; provided further, that in the event any Conversion Date established pursuant to the provisions of this Order in connection with a conversion from a Term Rate Period is not the day that immediately succeeds the last day of the then-expiring Term Rate Period, the duration of the then-expiring Term Rate Period shall be deemed to have been extended to end on the day immediately preceding such Conversion Date; provided further, that if the District elects to obtain a Liquidity Facility for the Bonds in connection with such Term Rate Period, the Term Rate Period for such Bonds shall

end on a Business Day that is not less than five (5) days prior to the stated expiration date of the Liquidity Facility providing liquidity support for such Bonds.

(ii) Prior to the commencement of each Term Rate Period, the District shall determine the last day of each such Term Rate Period; provided, that the duration of each such Term Rate Period complies with Section 3.02(f)(i) above. The District shall give written notice of the potential duration of each Term Rate Period to the Paying Agent/Registrar, the Tender Agent, the Remarketing Agent and the Bank, if any, in accordance with Section 3.02(g)(ii) and 3.02(h)(ii), as applicable.

(iii) The Term Rate for each Term Rate Period shall be effective from and including the commencement date of each such Term Rate Period and shall remain in effect through and including the last day thereof. Each such Term Rate shall be determined for each Term Rate Period not later than 12:00 p.m., New York City time on the Rate Determination Date, which date shall be a Business Day not less than one (1) Business Day preceding the commencement date of such Term Rate Period, and each such Term Rate shall be made available to the Paying Agent/Registrar, the Bank, if any, and the Tender Agent by the Remarketing Agent, in consultation with the District, by the close of business on the Rate Determination Date. If, at the expiration of the then-applicable Term Rate Period, there does not exist a Liquidity Facility providing liquidity support for such Bonds and there occurs a failed conversion and remarketing of the type described in Section 4.03(g), then such Bonds shall bear interest at the Stepped Rate for the duration of the Stepped Rate Period in accordance with, and shall be subject to, the provisions of Section 4.03(g).

(iv) While the Bonds bear interest at a Term Rate, the District shall use its best efforts to take all such actions required by this Order to be performed by the District to cause such Bonds to be converted to a different Rate Period (including to a Term Rate Period of the same or a different duration as the then-expiring Term Rate Period) on the first Business Day immediately following the last day of the then-expiring Term Rate Period. If there is a Liquidity Facility then in effect providing liquidity support for such Bonds to be converted from a Term Rate Period to a different Rate Period, then such Bonds are subject to mandatory tender for purchase on the Conversion Date pursuant to Section 4.03(a), Section 4.03(b) or Section 4.04(a), as applicable. If there does not exist a Liquidity Facility providing liquidity support for such Bonds to be converted from a Term Rate Period to a different Rate Period (and there was no Liquidity Facility in effect for such Bonds upon commencement of the then-expiring Term Rate Period), then such Bonds are subject to mandatory tender for purchase on the Conversion Date pursuant to Section 4.03(g).

(g) Conversions To or Between Variable Rate Periods. At the option of the District, and pursuant to an order of the Board, the Bonds may be converted from one Variable Rate Period to a different Variable Rate Period (including from a Term Rate

Period to a new Term Rate Period of the same or a different duration as the then-expiring Term Rate Period). Any such conversion shall be accomplished as follows:

(i) The Conversion Date for a conversion from one Variable Rate Period to a different Variable Rate Period shall be an Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that if the conversion is from a Term Rate Period to a different Variable Rate Period (including a conversion from a Term Rate Period to a new Term Rate Period of the same or a different duration as the then-expiring Term Rate Period), the Variable Rate Conversion Date shall be the first Business Day immediately following the last day of the then-expiring Term Rate Period; provided further, that Purchased Bonds or Bonds bearing interest at a Stepped Rate may be converted to a different Variable Rate Period on any Business Day. The Variable Rate Conversion Date for a conversion from an Initial Rate Period to a different Variable Rate Period shall be the Business Day immediately following the end of such Initial Rate Period or such other date as may be established in accordance with Section 4.08 hereof.

(ii) The District shall give written notice of any such conversion to the Paying Agent/Registrar, the Tender Agent, the Remarketing Agent and the Bank (if any) not less than thirty (30) days prior to the proposed Conversion Date. Such notice shall specify the proposed Conversion Date and the Variable Rate Period to which the conversion will be made, and in the case of conversion to a Term Rate Period (including any conversion from a Term Rate Period to a new Term Rate Period of the same or different duration as the then-expiring Term Rate Period), the potential last day of such new Term Rate Period. Such notice shall also specify the conditions, if any, to the conversion and the consequences of such conditions not being fulfilled.

(iii) Except when a conversion is being made from one Term Rate Period to another Term Rate Period or from the Initial Rate Period to a Term Rate Period, in which instances no notice under this Section 3.02(g)(iii) shall be required, not less than twenty (20) days prior to the Conversion Date, the Paying Agent/Registrar shall send (by first class mail or by other customary means) a written notice of the conversion to the Owners. When required, such notice shall:

(A) contain the information set forth in the notice from the District pursuant to Section 3.02(g)(ii) above; and

(B) set forth the matters required to be stated pursuant to Section 4.03(d).

(iv) The Variable Rate for the Variable Rate Period commencing on the Conversion Date shall be determined by the Remarketing Agent in the manner provided in Section 3.02(a) above on the date set forth in Section 3.02(b), (c), (d), (e) or (f) above, whichever is applicable to the Variable Rate Period to which the conversion shall be made.

(v) Any conversion pursuant to this Section 3.02 shall be subject to the condition that the District shall have delivered to the Paying Agent/Registrar and the Remarketing Agent, along with the notice required by Section 3.02(g)(ii) above, an Opinion of Bond Counsel (which opinion shall be confirmed on the Conversion Date). If such Opinion of Bond Counsel is not delivered, the conversion shall not occur, the Paying Agent/Registrar shall not deliver notice to the Owners and the Bonds shall remain in the same Rate Period; provided, however, that if the existing Rate Period for such Bonds is an Initial Rate Period or a Term Rate Period (for which there is not a Liquidity Facility then in effect for such Bonds and there was no Liquidity Facility in effect for such Bonds upon the commencement of then-expiring Term Rate Period), then such Bonds shall be subject to the provisions of Section 4.03(g) or Section 4.08, as applicable.

(vi) In the event the confirmation of the Opinion of Bond Counsel is not delivered on the proposed Conversion Date pursuant to Section 3.02(g)(v), the following provisions shall apply:

(A) if the existing Rate Period of the Bonds to be converted is a Weekly Rate Period, Monthly Rate Period, Quarterly Rate Period, or Semiannual Rate Period then (I) the conversion shall not occur and such Bonds shall remain in the same Rate Period, (II) the failed conversion shall not constitute an Event of Default under this Order or such Bonds, (III) the mandatory tender will be deemed to have been rescinded for that date with respect to such Bonds and any Bonds so tendered will be returned to the Owners thereof, and (IV) the Paying Agent/Registrar shall give notice on the proposed Conversion Date to the Owners of such Bonds stating that the mandatory tender and conversion did not occur because the conditions to such conversion were not satisfied in accordance with the terms of this Order; or

(B) if the existing Rate Period of the Bonds to be converted is a Term Rate Period (for which a Liquidity Facility is then in effect providing liquidity support for such Bonds), then (I) the conversion shall not occur, (II) the failed conversion shall not constitute an Event of Default under this Order or such Bonds, and (III) such Bonds shall be subject to mandatory tender pursuant to Section 4.03(a); or

(C) if the existing Rate Period of the Bonds to be converted is an Initial Rate Period or a Term Rate Period (for which there is not a Liquidity Facility then in effect for such Bonds and there was no Liquidity Facility in effect for such Bonds upon the commencement of the then-expiring Term Rate Period), then the conversion shall not occur and the provisions of Section 4.03(g) or Section 4.08, as applicable, shall apply to such failed conversion.

(h) Conversions to Variable Rate Period from Flexible Rate Period. At the option of the District, and pursuant to an order of the Board the Bonds may be converted

from a Flexible Rate Period to a Variable Rate Period (other than the Initial Rate Period). To accomplish the proposed conversion, the District shall give written notice of the proposed conversion pursuant to Section 3.02(h)(ii) together with a copy of the Opinion of Bond Counsel. The conversion shall be accomplished as follows:

(i) The Conversion Date shall be both (A) the first Business Day of a calendar month, and (B) the last Interest Payment Date on which interest is payable for any Flexible Rate Periods theretofore established for the Bonds to be converted pursuant to Section 3.03.

(ii) The District shall give written notice of any such conversion to the Paying Agent/Registrar, the Tender Agent, the Remarketing Agent and the Bank, if any, in the manner and at the times prescribed by Section 3.02(g)(ii).

(iii) The Variable Rate for the Variable Rate Period commencing on the Conversion Date shall be established in accordance with the applicable subsection of Section 3.02, and notice of such conversion shall be given to the Owners in the same manner as is provided for conversions from one Variable Rate Period to another Variable Rate Period pursuant to Section 3.02(g)(iii) above.

(iv) Notwithstanding the foregoing, no conversion shall be effected pursuant to this Section 3.02(h) unless the Paying Agent/Registrar shall have received (A) on or before five (5) days prior to the date on which such notice is required to be given to the Owners, written confirmation from the Remarketing Agent to the effect that it has not established and will not establish any Flexible Rate Period extending beyond the Conversion Date and, (B) an Opinion of Bond Counsel (which opinion shall be confirmed on the Variable Rate Conversion Date). If such Remarketing Agent confirmation or Opinion of Bond Counsel is not delivered by the required time set forth above, the conversion shall not occur the Paying Agent/Registrar shall not deliver notice to the Owners and the Bonds shall remain in the Flexible Rate Period.

(v) If the confirmation of the Opinion of Bond Counsel is not delivered on the proposed Conversion Date pursuant to Section 3.02(h)(iv), the conversion shall not occur and the Bonds shall remain in the same Rate Period; provided, however, that such Bonds shall be subject to mandatory tender as provided herein.

(i) On any Conversion Date, in accordance with all applicable law, the District reserves the right to divide the Bonds into two or more subseries. All Bonds of a particular series or subseries shall bear interest in the same Rate Period, provided that, any Bond of a particular series or subseries may bear interest at a Flexible Rate for a Flexible Rate Period different from any other Bond in accordance with Section 3.03(a).

Section 3.03. Flexible Rates; Conversions to Flexible Rate Periods.

(a) Flexible Rates. A Flexible Rate for each Flexible Rate Period shall be determined as follows:

(i) The Flexible Rate Period for each Bond shall be of such duration, not less than 7 days and not exceeding 270 days, as may be determined by the Remarketing Agent pursuant to Section 4.02 or 4.03 and any Bond may bear interest at a Flexible Rate for a Flexible Rate Period different from any other Bond; provided that each such Flexible Rate Period shall (A) commence on a Business Day (initially, the Flexible Rate Conversion Date), and (B) end on a day which is a Business Day not less than five (5) days prior to the stated expiration date of any Liquidity Facility providing liquidity support for such Bonds. All determinations of Flexible Rate Periods pursuant to this Section shall be conclusive and binding, absent manifest error, upon the District, the Tender Agent, the Paying Agent/Registrar, the Bank, and the Owners of the Bonds to which such Flexible Rate Periods are applicable. Each Flexible Rate Period shall be made available to the Bank, the Paying Agent/Registrar and the Tender Agent by the Remarketing Agent including but not limited to via electronic means by 12:00 p.m. on its Rate Determination Date.

(ii) The Flexible Rate for each Flexible Rate Period shall be effective from and including the commencement date of such Flexible Rate Period through and including the last day thereof. Each such Flexible Rate shall be determined by the Remarketing Agent in connection with the sale of the Bond or Bonds to which it relates pursuant to Section 4.02 or 4.03. Flexible Rates shall be determined for the Bonds no later than 12:00 p.m. New York City time on the Rate Determination Date, which shall be the day immediately preceding the commencement date of each Flexible Rate Period with respect to such Bond, by the Remarketing Agent in connection with the remarketing of the Bonds at a rate or rates which, in the judgment of the Remarketing Agent, would cause such Bond to have a market value equal to not less than 100% of the principal amount thereof, plus accrued interest, under prevailing market conditions, provided, however, that such Flexible Rate shall never exceed the Maximum Rate. All determinations of Flexible Rates pursuant to this Section shall be conclusive and binding, absent manifest error, upon the District, the Tender Agent, the Paying Agent/Registrar, the Bank, and the Owners of the Bonds to which such rates are applicable. Each Flexible Rate shall be made available to the Bank, the Paying Agent/Registrar and the Tender Agent by the Remarketing Agent including but not limited to via electronic means by 12:00 p.m. on its Rate Determination Date.

(b) Conversions to Flexible Rate Periods. At the option of the District, and pursuant to an order of the Board, the Bonds may be converted from a Variable Rate Period to Flexible Rate Periods; provided, however, that the stated expiration date of a Liquidity Facility providing liquidity support for such Bonds shall be a day that is not less than five (5) days after the last day of each Flexible Rate Period, the Liquidity Facility shall provide an interest commitment as necessary to accommodate the number of days of each Flexible Rate Period, and notice of such conversion will be provided to the Rating Agency not less than 30 days prior to the Flexible Rate Conversion Date. The conversion shall be accomplished as follows:

(i) The Flexible Rate Conversion Date for a conversion from a Variable Rate Period shall be an Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made; provided, however, that in the event the conversion is from a Term Rate Period, the Flexible Rate Conversion Date shall be the first Business Day immediately following the last day of the then-expiring Term Rate Period; provided further, that Purchased Bonds or Bonds bearing interest at a Stepped Rate may be converted to a Flexible Rate Period on any Business Day. The Flexible Rate Conversion Date for a conversion from an Initial Rate Period to a Flexible Rate Period shall be the Business Day immediately following the end of such Initial Rate Period or such other date as may be established in accordance with Section 4.08 hereof.

(ii) The District shall give written notice of any such conversion to the Paying Agent/Registrar, the Tender Agent the Remarketing Agent and the Bank not less than thirty (30) days prior to the proposed Flexible Rate Conversion Date. Such notice shall specify the proposed Flexible Rate Conversion Date and the Flexible Rate Period or Periods to which the conversion will be made. Such notice shall also specify the conditions, if any, to the conversion and the consequences of such conditions not being fulfilled.

(iii) Not less than twenty (20) days prior to the Conversion Date, the Paying Agent/Registrar shall send (by first class mail or by other customary means) a written notice of the conversion to the Owners of the Bonds. Such notice shall:

(A) contain the information set forth in the notice from the District pursuant to Section 3.03(b)(ii) above, and

(B) set forth the matters required to be stated pursuant to Section 4.03(d) with respect to purchases of Bonds governed by such Section.

(iv) The Flexible Rate or Rates for the Flexible Rate Period or Periods commencing on the Flexible Rate Conversion Date shall be determined by the Remarketing Agent in the manner and on the date provided in Section 3.03(a) above.

(v) Any conversion pursuant to this Section 3.03(b) shall be subject to the condition that the District shall have delivered to the Paying Agent/Registrar and the Remarketing Agent, along with the notice required in Section 3.03(b)(ii) above, an Opinion of Bond Counsel (which opinion shall be confirmed on the Flexible Rate Conversion Date). If such Opinion of Bond Counsel is not delivered, the conversion shall not occur, the Paying Agent/Registrar shall not deliver notice to the Owners and the Bonds shall remain in the same Variable Rate Period; provided, however, that if the existing Rate Period for such Bonds is an Initial Rate Period or a Term Rate Period (for which there is not a Liquidity Facility then in effect for such Bonds and there was no Liquidity Facility in effect for such Bonds upon the commencement of the then-expiring Term Rate Bonds), then such Bonds shall be subject to the provisions of Section 4.03(g) or Section 4.08, as applicable.

(vi) In the event the confirmation of the Opinion of Bond Counsel is not delivered on the proposed Flexible Rate Conversion Date pursuant to Section 3.03(b)(v), the following provisions shall apply:

(A) if the existing Rate Period of the Bonds to be converted is a Weekly Rate Period, Monthly Rate Period, Quarterly Rate Period or Semiannual Rate Period, then (I) the conversion shall not occur and such Bonds shall remain in the same Rate Period, (II) the failed conversion shall not constitute an Event of Default under this Order or such Bonds, (III) the mandatory tender will be deemed to have been rescinded for that date with respect to such Bonds and any Bonds so tendered will be returned to the Owners thereof, and (IV) the Paying Agent/Registrar shall give notice on the proposed Flexible Rate Conversion Date to the Owners of such Bonds stating that the mandatory tender and conversion did not occur because the conditions to such conversion were not satisfied in accordance with the terms of this Order; or

(B) if the existing Rate Period of the Bonds to be converted is a Term Rate Period (for which a Liquidity Facility is then in effect providing liquidity support for such Bonds), then (I) the conversion shall not occur, (II) the failed conversion shall not constitute an Event of Default under this Order or such Bonds, and (III) such Bonds shall be subject to mandatory tender in accordance with Section 4.03(b); or

(C) if the existing Rate Period of the Bonds to be converted is an Initial Rate Period or a Term Rate Period (for which there is not a Liquidity Facility then in effect for such Bonds and there was no Liquidity Facility in effect for such Bonds upon the commencement of the then-expiring Term Rate Period), then the conversion shall not occur and the provisions of Section 4.03(g) or Section 4.08, as applicable, shall apply to such failed conversion.

Section 3.04. Fixed Rate Conversion at Option of the District.

(a) At the option of the District, and pursuant to an order of the Board, the Bonds bearing interest at a Variable Rate (including an Initial Rate), Flexible Rate or Stepped Rate may be converted in whole or in part to a Fixed Rate or Rates to their maturity or prior redemption. In the event of a conversion of less than 100% of all Outstanding Bonds to a Fixed Rate pursuant to this Section, the Paying Agent/Registrar shall, at the direction of the District, select the Bonds to be converted to a Fixed Rate, assuming the Bonds then Outstanding are each in a minimum Authorized Denomination; provided, however, that in the event of a conversion of less than 100% of all Outstanding Bonds, Purchased Bonds, if any, and Bonds bearing interest at the Stepped Rate, if any, shall be converted prior to any other Bonds, and Purchased Bonds, if any, shall be converted prior to any Bonds bearing interest at the Stepped Rate. In connection with any such conversion, the District reserves the right to divide the Bonds into two or more subseries as provided in Section 3.02(i).

(b) In determining the Fixed Rate, the Remarketing Agent, in consultation with the District, shall take into account to the extent applicable (i) market interest rates for comparable securities which are held by institutional and private investors with substantial portfolios (A) with terms equal to the periods to maturity remaining on the Bonds, (B) the interest on which is exempt from federal income taxation, (C) rated, if the Bonds are rated, by a Rating Agency in the same rating category as the Bonds, (D) with security or credit support similar to the Bonds, and (E) with redemption provisions similar to those of the Bonds; (ii) other financial market rates and indices which have a bearing on the fixed rate (including but not limited to rates borne by general obligation bonds, United States Treasury obligations, commercial bank prime rates, certificate of deposit rates, federal funds rates, indices maintained by The Bond Buyer, and other publicly available tax-exempt interest rate indices); (iii) general financial market conditions (including current forward supply); and (iv) industry, economic, or financial conditions which may affect or be relevant to the Bonds.

Any such conversion shall be made as follows:

(c) The Fixed Rate Conversion Date for a conversion from a Variable Rate Period or a Flexible Rate Period shall be an Interest Payment Date on which interest is payable for the Variable Rate Period from which the conversion is to be made or an Interest Payment Date on which interest is payable for all Bonds to be converted which are bearing interest at a Flexible Rate; provided, however, that if the conversion is from a Term Rate Period, the Fixed Rate Conversion Date shall be the first Business Day immediately following the last day of the then-expiring Term Rate Period; provided further, that Purchased Bonds or Bonds bearing interest at a Stepped Rate may be converted to a Fixed Rate or Rates on any Business Day. The Fixed Rate Conversion Date for a conversion from an Initial Rate Period to a Fixed Rate Period shall be the Business Day immediately following the end of such Initial Rate Period or such other date as may be established in accordance with Section 4.08 hereof.

(d) (i) The District shall give written notice of any such conversion to the Remarketing Agent, the Paying Agent/Registrar, the Tender Agent and the Bank, if any, not less than thirty (30) days prior to the proposed Conversion Date. Such notice shall specify the Fixed Rate Conversion Date, the conditions (if any) to the conversion, the consequences of such conditions not being fulfilled and the principal amount of Bonds to be converted.

(ii) Not less than fifteen (15) days prior to the Fixed Rate Conversion Date, the Paying Agent/Registrar shall send (by first class mail or other customary means) a written notice of the conversion to the Owners of all Bonds to be converted, setting forth the matters required to be stated pursuant to Section 3.04(e).

(e) Notice of conversion shall be given by first class mail or by other customary means by the Paying Agent/Registrar to each Rating Agency and the Owners of all Bonds to be converted. Such notice shall inform the Owners of:

(i) the proposed Fixed Rate Conversion Date;

(ii) the conditions to the conversion and the consequences of such conditions not being fulfilled pursuant to Section 3.04(g) below; and

(iii) the matters required to be stated pursuant to Section 4.04(b) with respect to purchases of Bonds governed by such Section.

(f) Not later than 12:00 p.m., New York City time, on or before the seventh (7th) Business Day prior to the Fixed Rate Conversion Date, the Remarketing Agent shall, in consultation with and subject to the approval of the District, determine the Fixed Rate or Rates (not in excess of the Maximum Rate) for the Bonds which will cause the Bonds to have a market value equal to the principal amount thereof; provided, however, the market value of the Bonds may exceed par for the purpose of obtaining the lowest reoffering yield to the District and to pay remarketing costs, but the tendering Owners will only receive the Purchase Price of the tendered Bonds. The Bonds shall have the redemption dates and prices determined pursuant to Section 3.04(h) hereof, and the Remarketing Agent shall make the Fixed Rate or Rates available to the Paying Agent/Registrar, including but not limited to via electronic means, on the date of determination. Each maturity of the Bonds may have a different Fixed Rate but there shall be only one Fixed Rate per maturity. Promptly after the date of determination, the Paying Agent/Registrar shall give notice of such Fixed Rate or Rates by first class mail to the Tender Agent and the Bank, if any.

(g) Any conversion to a Fixed Rate pursuant to this Section 3.04 shall be subject to the following conditions:

(i) on or before the Fixed Rate Conversion Date, the District shall have delivered to the Paying Agent/Registrar and the Remarketing Agent an Opinion of Bond Counsel; and

(ii) as of the Fixed Rate Conversion Date, sufficient funds shall be available to purchase Bonds which are then required to be purchased pursuant to Section 4.04.

If the foregoing conditions are not met for any reason, the following provisions shall apply:

(i) if the existing Rate Period of the Bonds to be converted is a Weekly Rate Period, Monthly Rate Period, Quarterly Rate Period or Semiannual Rate Period, then (A) the conversion shall not occur and such Bonds shall remain in the same Rate Period, (B) the failed conversion shall not constitute an Event of Default under this Order or such Bonds, (C) the mandatory tender will be deemed to have been rescinded for that date with respect to such Bonds and any Bonds so tendered will be returned to the Owners thereof, and (D) the Paying Agent/Registrar shall give prompt notice (not later than the proposed Fixed Rate Conversion Date) to the Owners of such Bonds stating that the mandatory tender and conversion did not occur because the conditions to such conversion were not satisfied in accordance with the terms of this Order; or

- (ii) if the existing Rate Period of the Bonds to be converted is a Flexible Rate Period or a Term Rate Period (for which a Liquidity Facility is then in effect providing liquidity support for such Bonds), then (A) the conversion shall not occur, (B) the failed conversion shall not constitute an Event of Default under this Order or such Bonds, and (C) such Bonds shall be subject to mandatory tender in accordance with Section 4.02 or Section 4.04(a), as applicable; or
- (iii) if the existing Rate Period of the Bonds to be converted is an Initial Rate Period or a Term Rate Period (for which there is not a Liquidity Facility then in effect for such Bonds and there was no Liquidity Facility in effect for such Bonds upon the commencement of the then-expiring Term Rate Period), then the conversion shall not occur and the provisions of Section 4.03(g) or Section 4.08, as applicable, shall apply to such failed conversion.

(h) Unless the second sentence under this Section 3.04(h) applies, the Bonds converted to a Fixed Rate on a Fixed Rate Conversion Date shall mature, be subject to redemption and have the same terms and features as set forth in Section 2.02 and Section 5.03 hereof. Notwithstanding the previous sentence, in connection with a conversion to a Fixed Rate, the District may elect, at its sole option, to provide for serial or term maturities, revised redemption provisions and other terms to be applicable to the Bonds on and after the Fixed Rate Conversion Date. If the District so elects, the serial or term maturities for the Bonds converted to a Fixed Rate shall be determined on the basis of providing similar relative principal and interest payments on such Bonds, including the principal payment schedule set forth in Section 5.03 (after giving pro rata effect for any prior sinking fund redemptions of the Bonds, if any, not then converted to a Fixed Rate), commencing in the fiscal year in which the conversion occurs, and any revised redemption provisions shall provide for such Fixed Rate Bonds to be subject to optional redemption in whole or in part without premium on the redemption date, which shall be determined by the District in connection with the conversion. If the principal payment schedule for the Bonds established by the District pursuant to this Section 3.04(h) is not substantially similar to the principal payment schedule set forth in Section 5.03, at the time of the conversion the District must be able to demonstrate that the District has the projected ability to pay the principal and interest on the Bonds after the conversion in the manner required by Section 45.0031, Texas Education Code, or any successor statute in effect at the time of the conversion.

Section 3.05. Interest on Purchased Bonds.

(a) Purchased Bonds shall bear interest, for each day elapsed, from and including the date they become Purchased Bonds to and including the day preceding the date they cease to be Purchased Bonds, at the Bank Rate. If at any time or times the Bank Rate would exceed the Maximum Rate, the rate of interest to accrue on the unpaid principal balance of the Purchased Bonds during all such times shall be limited to the Maximum Rate; provided, however, that if at any time the Bank Rate shall exceed the Maximum Rate, then any subsequent reduction below the Maximum Rate in the Bank Rate to be paid hereunder will not effect a reduction in such rate below the Maximum Rate until the total

amount of interest accrued on the unpaid principal balance of the Purchased Bonds equals the amount of interest which would have accrued if the Bank Rate (without giving effect to this Section 3.05) had at all times been in effect. The District shall pay such interest based on a certificate from the Bank stating the amount of interest to be paid.

(b) Interest on Purchased Bonds shall accrue at the Bank Rate calculated and computed in accordance with the provisions of the Liquidity Facility and shall be payable (i) on each Interest Payment Date and (ii) upon the remarketing or sale of each Purchased Bond pursuant to this Order, with the difference between the Bank Rate relating to the Purchased Bonds so remarketed or so sold, as the case may be, and the rate borne by the Bonds and payable to other Owners, being an obligation of the District to the Bank with respect to the Purchased Bonds.

ARTICLE IV TENDER AND PURCHASE OF BONDS

Section 4.01. Optional Tenders During Certain Variable Rate Periods.

(a) Purchase Dates. While a Bank is obligated to purchase Bonds pursuant to a Liquidity Facility, the Owners of such Bonds bearing interest at Variable Rates (other than an Initial Rate or a Term Rate) may elect to have their Bonds (or portions thereof in Authorized Denominations) purchased at the Purchase Price on the following purchase dates and upon the giving of written notice meeting the requirements of this subsection (a) and subsection (b) below:

(i) Bonds bearing interest at a Weekly Rate may be tendered for purchase at the Purchase Price, payable in immediately available funds, on any Thursday, or if such Thursday is not a Business Day, on the next following Business Day, upon delivery of a written notice of tender to the Tender Agent not later than 3:00 p.m., New York City time, on a Business Day that is not less than seven (7) calendar days prior to the purchase date stated in such notice.

(ii) Bonds bearing interest at a Monthly Rate, Quarterly Rate or Semiannual Rate may be tendered for purchase on any Interest Payment Date for such Bonds at the Purchase Price, payable in immediately available funds, upon delivery of a written notice of tender to the Tender Agent not later than 3:00 p.m., New York City time, on a Business Day that is not less than seven (7) Business Days prior to the purchase date stated in such notice.

(iii) [Reserved.]

(iv) [Reserved.]

(v) For the avoidance of doubt, Bonds bearing interest at (1) an Initial Rate, (2) a Term Rate, or (3) a Stepped Rate, are not subject to optional tender at the election of the Owners thereof.

(b) Notice of Optional Tender. Each notice of optional tender:

(i) shall be delivered to the Tender Agent at its designated office and be in form satisfactory to the Tender Agent;

(ii) shall state (A) the principal amount and the bond number (if not held in a Book-Entry Only System) of the Bond to which the notice relates, (B) that the Owner irrevocably demands purchase of such Bond or a specified portion thereof in an amount equal to an Authorized Denomination, (C) the date on which such Bond or portion thereof is to be purchased, and (D) payment instructions with respect to the Purchase Price; and

(iii) shall automatically constitute (A) an irrevocable offer to tender the Bond (or the specified portion thereof) to which the notice relates on the purchase date, at the Purchase Price, (B) an irrevocable authorization and instruction to the Tender Agent to effect transfer of such Bond (or the specified portion thereof) upon payment of the Purchase Price to the Tender Agent on the purchase date, (C) an irrevocable authorization and instruction to the Tender Agent to effect the exchange of the Bond to be purchased in whole or in part for other Bonds in an equal aggregate principal amount so as to facilitate the sale of such Bond (or the specified portion thereof), (D) an acknowledgment that such Owner will have no further rights with respect to such Bond (or the specified portion thereof) upon payment of the Purchase Price thereof to the Tender Agent on the purchase date, except for the right of such Owner to receive such Purchase Price upon surrender of such Bond to the Tender Agent, and (E) an acknowledgement that if the Owner fails to tender such Bond for purchase on the Purchase Date, such untendered Bond shall be deemed tendered, shall cease to bear interest and shall be outstanding for the sole purpose of receiving the Purchase Price upon delivery thereof to the Tender Agent.

The determination of the Tender Agent as to whether a notice of tender has been properly delivered pursuant to the foregoing shall be conclusive and binding upon the Owner. The Tender Agent may waive nonconforming tenders. The Tender Agent shall promptly, and in no event later than the close of business on the next succeeding Business Day, electronically transmit a copy of any notice received pursuant to this Section 4.01 to the Remarketing Agent and the Bank.

(c) Remarketing of Tendered Bonds. The Remarketing Agent shall offer for sale and use its best efforts to remarket all Bonds or portions thereof for which notice of tender has been received pursuant to Section 4.01(b) above. The terms of any sale by the Remarketing Agent shall provide for the payment of the Purchase Price for tendered Bonds by the Remarketing Agent to the Tender Agent (in exchange for new registered Bonds) in immediately available funds at or before 10:30 a.m., New York City time, on the purchase date. Notwithstanding the foregoing, the Remarketing Agent shall not remarket any Bond for which a notice of conversion from one type of Variable Rate Period to another, from or to Flexible Rate Periods, or to a Fixed Rate Period has been given by the Paying Agent/Registrar unless the Remarketing Agent receives written acknowledgment from the person to whom the Bond is being remarketed of the conversion.

(d) Purchase of Tendered Bonds.

(i) Notice. At or before 3:00 p.m., New York City time, on the Business Day immediately preceding the date fixed for purchase of tendered Bonds, the Remarketing Agent shall give notice by telephone, telegram, telecopy, time-sharing terminal, telex, facsimile transmission, or other similar communication to the Tender Agent of the principal amount of tendered Bonds which were not remarketed. Not later than 4:00 p.m., New York City time, on the date of receipt of such notice, the Tender Agent shall give notice by telephone, telegram, telecopy, facsimile transmission, electronic mail, or other similar communication to the Pricing Officer, the Bank and the Paying Agent/Registrar specifying the principal amount of tendered Bonds which have not been remarketed. At or before 3:00 p.m., New York City time, on the Business Day immediately preceding the date fixed for purchase of the tendered Bonds, to the extent known to the Remarketing Agent, but in any event, no later than 10:30 a.m., New York City time, on the date fixed for purchase, the Remarketing Agent shall give notice to the Tender Agent by telephone (promptly confirmed in writing, which may be electronic) of the names, addresses, and taxpayer identification numbers of the purchaser of the remarketed Bonds, the Authorized Denominations of the Bonds to be delivered to each purchaser and, if available, payment instructions for regularly scheduled interest payments.

(ii) Sources of Payment. At or before 10:30 a.m., New York City time on the date fixed for purchase of the tendered Bonds, the Remarketing Agent shall cause to be paid to the Tender Agent for deposit in the “Fort Bend Independent School District Remarketing Proceeds Payment Fund, [series designation assigned to the Bonds in the Officer’s Pricing Certificate] (the “Payment Fund”), all amounts representing proceeds of the remarketed Bonds, such payments to be made in the manner and at the time specified in Section 4.01(c) above. If such amounts, plus all other amounts received by the Tender Agent for the purchase of tendered Bonds, are not sufficient to pay the Purchase Price, the Tender Agent shall immediately notify the Bank and the Pricing Officer of any deficiency no later than 11:00 a.m., New York City time, on such date in the form required pursuant to the Liquidity Facility; provided, however, in the event the date of purchase of the tendered Bonds is an Interest Payment Date, payment of the accrued interest portion of the Purchase Price for the tendered Bonds shall be the sole responsibility of the District and the Bank shall have no liability for such interest portion of the Purchase Price of the tendered Bonds to the Owners thereof. The Bank and the District (if the District is obligated to pay the interest portion of the Purchase Price) shall deliver to the Tender Agent immediately available funds in an amount at least equal to its portion of the Purchase Price agreed to be paid on the tender date of such unremarketed Bonds prior to 1:30 p.m., New York City time, on the date set for purchase of such tendered Bonds. All money received by the Tender Agent as remarketing proceeds and additional amounts, if any, received from the Bank and the District to pay the Purchase Price of the tendered Bonds shall be deposited by the Tender Agent in the Payment Fund to be used solely for the payment of the Purchase Price of such tendered Bonds and shall not be commingled with other funds held by the Tender

Agent and shall remain uninvested; if any such money representing amounts received from the Bank exceed the amount required to pay the Purchase Price of tendered Bonds, such excess shall be paid back to the Bank.

(iii) Payments by the Tender Agent. At or before 2:30 p.m., New York City time, on the date set for purchase of tendered Bonds and upon receipt by the Tender Agent of 100% of the aggregate Purchase Price of the tendered Bonds, the Tender Agent shall pay the Purchase Price of such Bonds to the tendering Owners thereof at its designated office or by bank wire transfer. Such payments shall be made in immediately available funds. The Tender Agent shall apply in order (A) money paid to it by the Remarketing Agent as proceeds of the remarketing of such Bonds by the Remarketing Agent, (B) money, if any, paid by the District, and (C) money paid pursuant to the Liquidity Facility, if any. If sufficient funds are not available for the purchase of all tendered Bonds (but excluding any Bonds for which a tender has been rescinded pursuant to the provisions of this Order), no Bonds shall be purchased.

(iv) Registration and Delivery of Tendered or Purchased Bonds. On the purchase date, the Tender Agent shall register and deliver (or hold) or cancel all Bonds purchased on any purchase date as follows: (A) Bonds purchased or remarketed by the Remarketing Agent shall be registered by the Tender Agent and delivered to the new registered owner in accordance with the instructions of the Remarketing Agent by 2:00 p.m., New York City time; and (B) Purchased Bonds, if any, shall be registered and transferred in accordance with Section 2.10 of this Order.

Notwithstanding anything to the contrary in the foregoing paragraph, for so long as the Bonds are held in the Book-Entry Only System of DTC in accordance with Section 2.07 hereof, (i) any Bond remarketed by the Remarketing Agent shall be delivered to the new beneficial owner thereof by a transfer in the Book-Entry Only System of DTC of such remarketed Bond to the applicable DTC Participant account for such beneficial owner; and (ii) Purchased Bonds shall be delivered to the Bank by a transfer in the Book-Entry Only System of DTC of such Purchased Bonds to the DTC Participant account of the Tender Agent for the benefit of the Bank, as beneficial owner of such Purchased Bonds.

(v) Delivery of Bonds; Effect of Failure to Surrender Bonds. All Bonds to be purchased on any date shall be delivered to the office of the Tender Agent prior to 5:00 p.m., New York City time, on the Business Day next preceding the purchase date (12:00 noon New York City time on the tender date for Bonds held in Book-Entry Only System). If the Owner of any Bond (or portion thereof) that is subject to purchase pursuant to this Section fails to deliver such Bond to the Tender Agent for purchase on the purchase date, and if the Tender Agent is in receipt of the Purchase Price therefor, such Bond (or portion thereof) shall nevertheless be deemed purchased on the day fixed for purchase thereof and shall constitute an Undelivered Bond. Ownership of Undelivered Bonds shall be transferred to the purchaser thereof as provided in Section 4.01(d)(iv) above and the Tender Agent shall authenticate and deliver substitute Bonds in lieu of such Undelivered Bonds.

Any Owner of Undelivered Bonds shall have no further right thereunder except the right to receive the Purchase Price thereof upon presentation and surrender of said Bonds to the Tender Agent. The Tender Agent shall, as to any Undelivered Bonds, (A) promptly notify the Remarketing Agent of such nondelivery and (B) place a stop transfer against such Undelivered Bonds.

Section 4.02. Mandatory Tender After Flexible Rate Periods.

(a) Purchase Dates. While a Bank is obligated to purchase Bonds pursuant to a Liquidity Facility, each such Bond bearing interest at a Flexible Rate shall be subject to mandatory tender for purchase on the first Business Day after the end of the Flexible Rate Period applicable to such Bond at its Purchase Price. The Owners of such Bonds shall not have the right to elect to retain their Bonds. Each Flexible Rate Period and mandatory tender date for a Bond shall be established on the date of purchase of such Bond as hereinafter provided. The Owner of any Bond bearing interest at a Flexible Rate and tendered for purchase as provided in this Section 4.02(a) shall provide the Tender Agent with payment instructions for the Purchase Price of its Bond upon tender thereof to the Tender Agent.

(b) Remarketing of Tendered Bonds. The Remarketing Agent shall use its best efforts to remarket all Bonds bearing interest at Flexible Rates required to be purchased on the ensuing purchase date. Subject to the provisions of Section 3.03, in remarketing the Bonds, the Remarketing Agent shall offer and accept purchase commitments for the Bonds for such Flexible Rate Periods and at such Flexible Rates as it deems to be advisable in order to minimize the net interest cost on the Bonds under prevailing market conditions; provided, however, that the foregoing shall not prohibit the Remarketing Agent from accepting purchase commitments for longer Flexible Rate Periods (and at higher Flexible Rates) than are otherwise available at the time of any remarketing if the Remarketing Agent determines that, under prevailing market conditions, a lower net interest cost on the Bonds can be achieved over the longer Flexible Rate Period. Notwithstanding the foregoing, no Flexible Rate Period may be established which (i) exceeds 270 days or is less than 7 days, or (ii) if the Remarketing Agent has given or received notice of any conversion to a Variable Rate Period or the Fixed Rate Period, exceeds the remaining number of days prior to the Conversion Date. The terms of any sale by the Remarketing Agent shall provide for the authorization of the payment of the Purchase Price by the Remarketing Agent to the Tender Agent in immediately available funds at or before 10:30 a.m., New York City time, on the purchase date.

(c) Purchase of Tendered Bonds. The provisions of Section 4.01(d) shall apply to tenders pursuant to this Section 4.02.

Section 4.03. Mandatory Tender Upon Variable Rate Conversion or Flexible Rate Conversion; Conversion from Term Rate Period with No Liquidity Facility.

(a) Conversions to Variable Rate Periods. Subject to Section 3.02(g)(vi), while a Bank is obligated to purchase Bonds pursuant to a Liquidity Facility, each such Bond to be converted from any Variable Rate Period to a different Variable Rate Period (including

from a Term Rate Period to a new Term Rate Period of the same or a different duration as the then-expiring Term Rate Period) pursuant to Section 3.02(g) or from a Flexible Rate Period to a Variable Rate Period pursuant to Section 3.02(h) are subject to mandatory tender for purchase on the applicable Variable Rate Conversion Date at the Purchase Price. The Owners of such Bonds shall not have the right to elect to retain their Bonds.

(b) Conversion to Flexible Rate Periods from Variable Rate Periods. Subject to Section 3.03(b)(vi), while a Bank is obligated to purchase Bonds pursuant to a Liquidity Facility, each such Bond to be converted to a Flexible Rate Period pursuant to Section 3.03(b) are subject to mandatory tender for purchase on the applicable Flexible Rate Conversion Date at the Purchase Price. The Owners of such Bonds shall not have the right to elect to retain their Bonds.

(c) [Reserved.]

(d) Notice to Owners. Any notice of a Conversion Date given to Owners pursuant to Section 3.02(g)(iii), 3.02(h)(iii) or 3.03(b)(iii) shall, in addition to the requirements of such Section, state that the Bonds to be converted will be subject to mandatory tender for purchase on the Conversion Date and the time at which Bonds are to be tendered for purchase.

(e) Remarketing. On the date any notice of a Conversion Date is given to Owners pursuant to Section 3.02(g)(iii), 3.02(h)(iii), or 3.03(b)(iii), the Tender Agent shall notify the Pricing Officer, the Paying Agent/Registrar, the Remarketing Agent and the Bank, if any, by telephone, telegram, telecopy, facsimile transmission, electronic mail or other similar communication, of the principal amount of Bonds to be tendered for purchase on the Conversion Date. The Remarketing Agent shall use its best efforts to remarket such Bonds. The terms of any sale by the Remarketing Agent shall provide for the payment of the Purchase Price of tendered Bonds to the Remarketing Agent in immediately available funds at or before 9:30 a.m., New York City time, on the Conversion Date.

(f) Purchase of Tendered Bonds. The provisions of Section 4.01(d) shall apply to tenders pursuant to this Section 4.03.

(g) Conversion from Term Rate Period with No Liquidity Facility. As set forth in Section 3.02(f)(iv), while the Bonds bear interest at a Term Rate, the District shall use its best efforts to take all such actions required by this Order to be performed by the District to cause such Bonds to be converted to a different Rate Period (including to a Term Rate Period of the same or a different duration as the then-expiring Term Rate Period) on the first Business Day immediately following the last day of the then-expiring Term Rate Period. If the conversion of Bonds relates to a conversion from a Term Rate Period to a different Rate Period (including from a Term Rate Period to a new Term Rate Period of the same or a different duration as the then-expiring Term Rate Period), and there then exists no Liquidity Facility relating to such Bonds (and there was no Liquidity Facility in effect for such Bonds upon the commencement of the then-expiring Term Rate Period), then such Bonds shall be subject to mandatory tender for purchase on the Conversion Date without right of retention by the Owners at the Purchase Price. The provisions of Section

4.01(d) shall apply to such mandatory tenders pursuant to this Section 4.03(g). In the event that all of such Bonds (of the same series or subseries) subject to such mandatory tender are not converted into one or more Rate Periods and remarketed to new purchasers on the Conversion Date, the District shall have no obligation to purchase any of the Bonds tendered on such date, the failed conversion and remarketing shall not constitute an Event of Default under this Order or such Bonds, the mandatory tender will be deemed to have been rescinded for that date with respect to all of such Bonds, and such Bonds (i) will continue to be Outstanding, (ii) will be purchased upon the availability of funds to be received from the subsequent remarketing of such Bonds, (iii) will bear interest at the Stepped Rate during the Stepped Rate Period, (iv) will be subject to optional redemption and mandatory tender for purchase at the Purchase Price on any date during the Stepped Rate Period upon which a conversion occurs (which shall occur at the District's discretion upon delivery of at least one day's notice to the Owners thereof), and (v) will be deemed to continue in a Term Rate Period for all other purposes of this Order (including the identification of the Interest Payment Dates until the Bonds are remarketed or redeemed), though bearing interest during such time at the Stepped Rate until remarketed or redeemed in accordance with the terms of this Order. In the event of a failed conversion and remarketing as described above, the District will use its best efforts to cause such Bonds to be converted and remarketed on the earliest reasonably practicable date on which such Bonds can be remarketed at par plus accrued interest, in such Rate Period or Rate Periods as the District directs, at a rate not exceeding the Maximum Rate. The provisions of Sections 4.03(d), 4.03(e), 4.04(b) and 4.04(c) of this Order, as applicable, also shall apply to and govern the mandatory tender of Bonds described in this Section 4.03(g) to the extent such provisions are not in conflict with this Section 4.03(g).

(h) Notwithstanding any other provision of this Section 4.03 to the contrary, mandatory tenders to occur with respect to Bonds to be converted from the Initial Rate Period to any other Rate Period shall be governed by Section 4.08 of this Order.

Section 4.04. Mandatory Tender Upon Fixed Rate Conversion.

(a) Mandatory Tender Upon Conversion. Subject to Section 3.04(g), while the Bank is obligated to purchase Bonds pursuant to a Liquidity Facility, any such Bond to be converted to a Fixed Rate pursuant to Section 3.04 shall be subject to mandatory tender for purchase on the Fixed Rate Conversion Date at the Purchase Price. The Owners of such Bonds shall not have the right to elect to retain their Bonds. Any Bond in an Initial Rate Period or a Term Rate Period (for which no Liquidity Facility is then in effect and there was no Liquidity Facility in effect for such Bonds upon the commencement of the then-expiring Term Rate Period) to be converted to a Fixed Rate pursuant to Section 3.04 is subject to mandatory tender for purchase on the Fixed Rate Conversion Date in accordance with the provisions of Section 4.03(g) or Section 4.08, as applicable.

(b) Notice to Owners. Any notice of conversion given to Owners pursuant to Section 3.04(d)(ii) shall, in addition to the requirements of such Section, state that (i) Owners shall not have the right to waive mandatory tender, (ii) Bonds not delivered to the Tender Agent for purchase on the date specified in the notice shall be deemed tendered on such date and that after such date Owners will not be entitled to any payment (including

interest to accrue subsequent to the mandatory tender date) other than the Purchase Price for such Undelivered Bonds, (iii) such Undelivered Bonds shall no longer be entitled to the benefits of this Order, and (iv) the Bonds will not be subject to tender for purchase at the option of the Owner after the Fixed Rate Conversion Date.

(c) Remarketing. The Remarketing Agent shall use its best efforts to remarket the Bonds. The terms of any sale by the Remarketing Agent shall provide for the payment of the Purchase Price of the tendered Bonds to the Remarketing Agent in immediately available funds at or before 9:30 a.m., New York City time on the Fixed Rate Conversion Date.

(d) Purchase of Tendered Bonds. The provisions of Section 4.01(d) shall apply to mandatory tenders pursuant to this Section 4.04.

Section 4.05. Mandatory Tender Upon Expiration or Voluntary Termination of Liquidity Facility.

(a) While a Bank is obligated to purchase Bonds pursuant to a Liquidity Facility, such Bonds covered by the Liquidity Facility shall be subject to mandatory tender for purchase at the Purchase Price on the following dates, without the right of the Owners thereof to retain such Bonds:

(i) on the last Business Day prior to the date on which the Liquidity Facility expires by its terms; provided, that no such tender and purchase shall be required if the Liquidity Facility is renewed or extended prior to the date of notice of mandatory tender to the Owner; or

(ii) on the last Business Day before termination of the Liquidity Facility as a result of the voluntary action of the District; and

(iii) on the last Business Day prior to the substitution of a new Liquidity Facility for such Bonds, provided that no such tender and purchase shall be required if prior to the date of notice to the Owner pursuant to subsection 4.05(b) below, the Remarketing Agent, the Paying Agent/Registrar, the Bank, and the Tender Agent shall have received written confirmation from the Rating Agency to the effect that the rating or ratings assigned to the Bonds will not be lowered, suspended or withdrawn as a result of the substitution.

(b) Not later than thirty (30) days prior to the purchase date, the Paying Agent/Registrar shall mail a written notice of the mandatory tender for purchase to the Owners of the Bonds subject to mandatory tender, which notice shall specify (i) the purchase date and (ii) the event requiring the purchase pursuant to Subsection (a) above. In the event that no mandatory tender and purchase is required as provided in Subsection 4.05(a)(iii) above, the Paying Agent/Registrar shall, upon receipt of the written confirmation required from the Rating Agency under Subsection 4.05(a)(iii), promptly mail a written notice to the Owners of the Bonds, which notice shall specify (i) the effective date of the substitute Liquidity Facility and (ii) the identity of the provider under the substitute Liquidity Facility.

(c) Bonds required to be delivered to the Tender Agent pursuant to this Section 4.05 shall be tendered in accordance with the provisions of Section 4.01(d).

Section 4.06. Mandatory Tender Upon Notice of Termination.

(a) While a Bank is obligated to purchase Bonds pursuant to a Liquidity Facility, the Bonds are subject to mandatory tender for purchase at the Purchase Price without the right of Owners to retain their Bonds, on any date specified in a Notice of Termination from the Bank. Upon receipt of Notice of Termination from the Bank, the District shall immediately, but in no event later than one (1) Business Day after receipt of such Notice of Termination, notify the Paying Agent/Registrar of the matters set forth in such notice.

(b) The Paying Agent/Registrar shall give notice to Owners of a mandatory tender pursuant to this Section 4.06 at least nine (9) days prior to the mandatory tender date. Such notice of mandatory tender shall state that the Bonds are subject to mandatory tender on the Business Day next preceding the date of termination of the Liquidity Facility, as stated in the notice from the District and that Owners shall not have a right to retain their Bonds.

(c) Bonds shall be required to be delivered to the Tender Agent against payment therefor in accordance with the provisions of Section 4.01(d).

(d) No remarketing of the Bonds shall occur after the receipt by the District of the Notice of Termination until such time as a new Liquidity Facility is in effect.

Section 4.07. Mandatory Tender at Direction of District.

(a) Prior to the Fixed Rate Conversion Date, while a Bank is obligated to purchase Bonds pursuant to a Liquidity Facility, such Bonds are subject to mandatory tender for purchase at the option of the District, without the right of the Owners to retain their Bonds, on any date that such Bonds would otherwise be subject to optional redemption pursuant to Section 5.02 of this Order, for conversion to any other Rate Period in accordance with the provisions of this Order. No tender for purchase of Bonds pursuant to any such mandatory tender shall be deemed to be a payment or redemption of such Bonds or any portion thereof, and such purchase will not operate to extinguish or discharge the indebtedness evidenced by such Bonds.

(b) Any mandatory tender pursuant to this Section 4.07 shall be subject to the following conditions:

(i) on or before the mandatory tender date, the District shall have delivered to the Paying Agent/Registrar and the Remarketing Agent an Opinion of Bond Counsel; and

(ii) as of the mandatory tender date, sufficient funds shall be available to purchase Bonds which are then required to be purchased at the direction of the District pursuant to this Section 4.07.

If the foregoing conditions are not met for any reason, then (A) such Bonds shall remain in the same Rate Period, (B) the failed mandatory tender shall not constitute an Event of Default under this Order or such Bonds, (C) the mandatory tender will be deemed to have been rescinded for that date with respect to such Bonds and any Bonds so tendered will be returned to the Owners thereof, and (D) the Paying Agent/Registrar shall give prompt notice (not later than the proposed mandatory tender date) to the Owners of such Bonds stating that the mandatory tender did not occur because the conditions to such mandatory tender were not satisfied in accordance with the terms of this Order.

(c) Notice to Owners. Any notice of such mandatory tender will be given to Owners pursuant to Section 5.07 and shall, in addition to the requirements of such Section, state that Owners shall not have the right to retain their Bonds and that Bonds not delivered to the Tender Agent for purchase on the date specified in the notice shall be deemed tendered on such date and the conditions contained in this Order for such mandatory tender to occur and the consequences of the failure to satisfy such conditions and that after such date Owners will not be entitled to any payment (including interest to accrue subsequent to the required purchase date) other than the Purchase Price for such Undelivered Bonds and such Undelivered Bonds shall no longer be entitled to the benefits of this Order.

(d) Remarketing. The Remarketing Agent shall offer for sale and use its best efforts to remarket the Bonds in the Rate Period selected by the District, all in accordance with the applicable provisions of this Order. The terms of any sale by the Remarketing Agent shall provide for the payment of the Purchase Price to the Remarketing Agent of the tendered Bonds in immediately available funds at or before 9:30 a.m., New York City time on the mandatory date specified in the notice. The Remarketing Agent shall not sell any Bond for which a notice of conversion from one type of Variable Rate Period to another, to Flexible Rate Periods, or to a Fixed Rate Period has been given by the Paying Agent/Registrar unless the Remarketing Agent has advised the person to whom the sale is being made of the conversion.

(e) Purchase of Tendered Bonds. The provisions of Section 4.01(d) shall apply to mandatory tenders pursuant to this Section 4.07.

Section 4.08. Mandatory Tender at End of Initial Rate Period. The District shall use its best efforts to take all such actions required by this Order to be performed by the District to cause all Bonds (of a particular series or subseries) to be converted from the Initial Rate Period to a different Rate Period on the first Business Day immediately following the last day of the applicable Initial Rate Period. Notwithstanding any other provision of this Order to the contrary, all Bonds issued hereunder shall be subject to mandatory tender for purchase on the mandatory tender date set forth in the Officer's Pricing Certificate to occur on the Business Day immediately following the last day of the Initial Rate Period, without right of retention by the Owner, at the Purchase Price. The provisions of Section 4.01(d) shall apply to such mandatory tenders pursuant to this Section 4.08. In the event that all of the Bonds (of the same series or subseries) subject to such mandatory tender are not converted into one or more Rate Periods and remarketed to new purchasers on the scheduled date of mandatory tender, the District shall have no obligation to purchase any of such Bonds tendered on such date, the failed conversion and remarketing shall not constitute an Event of Default under this Order or such Bonds, the mandatory tender will be

deemed to have been rescinded for that date with respect to all of such Bonds, and such Bonds (i) will continue to be Outstanding, (ii) will be purchased upon the availability of funds to be received from the subsequent remarketing of the Bonds, (iii) will bear interest at the Stepped Rate during the Stepped Rate Period, (iv) will be subject to redemption and mandatory tender for purchase at the Purchase Price on any date during the Stepped Rate Period upon which a conversion occurs (which shall occur at the District's discretion upon delivery of at least one day's notice to the Owners thereof), and (v) will be deemed to continue in an Initial Rate Period for all other purposes of this Order (including the identification of Interest Payment Dates until the Bonds are remarketed or redeemed), though bearing interest during such time at the Stepped Rate until remarketed or redeemed in accordance with the terms of this Order. In the event of a failed conversion and remarketing as described in this Section 4.08, the District will use its best efforts to cause such Bonds to be converted and remarketed on the earliest reasonably practicable date on which such Bonds can be sold at not less than par plus accrued interest, in such Rate Period or Rate Periods as the District directs, at a rate not exceeding the Maximum Rate. The provisions of Sections 4.03(d), 4.03(e), 4.04(b) and 4.04(c) of this Order, as applicable, also shall apply to and govern the mandatory tender of Bonds described in this Section 4.08 to the extent such provisions are not in conflict with this Section 4.08.

ARTICLE V REDEMPTION OF BONDS BEFORE MATURITY

Section 5.01. Limitation on Redemption. The Bonds shall be subject to redemption before scheduled maturity only as provided in this Article V and in the Officer's Pricing Certificate. Any provision of this Article V, including, without limitation, any provisions relating to the method of selection of Bonds for redemption, may be modified in an Officer's Pricing Certificate.

Section 5.02. Optional Redemption.

(a) Prior to the Fixed Rate Conversion Date, Bonds, other than (i) Purchased Bonds, (ii) Bonds bearing interest at the Initial Rate during the Initial Rate Period, and (iii) Bonds bearing interest at the Stepped Rate during the Stepped Rate Period, are subject to redemption at the option of the District, in whole or in part, at a redemption price equal to the principal amount thereof plus interest accrued thereon to the redemption date, on any Interest Payment Date.

(b) Bonds bearing interest at the Stepped Rate during the Stepped Rate Period and Purchased Bonds are subject to redemption, in whole or in part, at the option of the District, on any Business Day at a redemption price equal to the principal amount thereof plus interest accrued thereon at the Stepped Rate or the Bank Rate, as applicable, to the redemption date. Bonds bearing interest at the Initial Rate during the Initial Rate Period shall be subject to redemption only as provided in the Officer's Pricing Certificate.

(c) Bonds bearing interest at a Fixed Rate are subject to redemption at the option of the District, in whole or in part, on the dates and at the prices determined and established by the District in accordance with Section 3.04(h) of this Order.

(d) The District shall deliver notice to the Paying Agent/Registrar of its intention to redeem Bonds, which notice shall specify the principal amount and the maturity or maturities of the Bonds to be redeemed (i) with respect to Purchased Bonds and Bonds bearing interest at a Stepped Rate, at least two (2) days prior to the redemption date, (ii) with respect to Bonds bearing interest at a Flexible Rate, Weekly Rate or Monthly Rate, at least twenty-five (25) days prior to the redemption date; and (iii) with respect to Bonds bearing interest at a Quarterly Rate, Semiannual Rate, Term Rate or Fixed Rate, at least thirty-five (35) days prior to the redemption date.

(e) Subject to Section 5.07(c), on or prior to the date established for optional redemption of any Bonds or Purchased Bonds, the District shall have deposited an amount sufficient to pay the redemption price of the Bonds to be redeemed with the Paying Agent/Registrar or an authorized escrow agent. Such money may be invested in Government Securities having maturities which coincide with the redemption date.

(f) In addition to the foregoing and notwithstanding the notice provisions of Section 5.07 hereof, the District, at its option, may purchase for cancellation or redeem any Bond subject to mandatory tender on any mandatory tender date therefor without notice to any Owner, at a price equal to the principal amount thereof plus any accrued and unpaid interest.

Section 5.03. Scheduled Mandatory Redemption.

(a) The Bonds are subject to mandatory redemption from money on deposit in the Interest and Sinking Fund at a price of par plus accrued interest to the date fixed for redemption, in the amounts and on the dates set forth in the Officer's Pricing Certificate.

(b) Prior to each scheduled mandatory redemption date for the Bonds required to be redeemed pursuant to subparagraph (a) of this Section 5.03, the Paying Agent/Registrar shall select for redemption by lot, or by any other customary method that results in a random selection, a principal amount of Bonds equal to the aggregate principal amount of such Bonds to be redeemed, shall call such Bonds for redemption on such scheduled mandatory redemption date, and shall give notice of such redemption, as provided in Section 5.07.

(c) The principal amount of the Bonds required to be redeemed on any redemption date pursuant to subparagraph (a) of this Section 5.03 shall be reduced by the principal amount of any Bonds of the same maturity which, at least 45 days prior to the mandatory sinking fund redemption date (i) shall have been acquired by the District and delivered to the Paying Agent/Registrar for cancellation, or (ii) shall have been redeemed pursuant to the optional redemption provisions hereof and not previously credited to a mandatory sinking fund redemption. Bonds purchased for cancellation or redeemed pursuant to the optional redemption provisions hereof that are required to be redeemed pursuant to Section 5.03(a) shall be credited against future mandatory redemption payments as directed by the District.

(d) In lieu of mandatorily redeeming the Bonds subject to redemption pursuant to subparagraph (a) of this Section 5.03, the District reserves the right to purchase for cancellation such Bonds of the same maturity at a price no greater than the applicable redemption price of such Bonds.

Section 5.04. Additional Mandatory Redemption.

(a) In each fiscal year in which any series of the Bonds are Outstanding and accruing interest at a Flexible Rate or a Variable Rate, the District shall budget (in accordance with Section 2.13(a) hereof) for such fiscal year for the payment of interest on the Bonds, to the extent it is unknown, at a rate prescribed in the then-effective Liquidity Facility, if any, or at a rate equal to the Maximum Rate per annum. In the event and to the extent that interest paid on the Bonds during such fiscal year is less than the amount payable at the rate prescribed in the then-effective Liquidity Facility, if any, or the Maximum Rate, as applicable, when either such rate is used by the District in calculating its tax rate (the “Subsection (a) Excess Interest Funds”), the District shall cause the Subsection (a) Excess Interest Funds to be allocated and appropriated for the payment of the mandatory redemption of Bonds on the first August 1 next following the end of such fiscal year; provided the amount of such Subsection (a) Excess Interest Funds is equal to or greater than \$100,000. In each fiscal year when the amount of Subsection (a) Excess Interest Funds is equal to or greater than \$100,000, the District shall cause Bonds in a principal amount equivalent to the Excess Interest Funds to be redeemed on the August 1 next following the end of such fiscal year at the redemption price of par plus accrued interest to the date of redemption. The mandatory redemption of Bonds in accordance with the provision of this subsection (a) shall be in addition to the amount of Bonds to be mandatorily redeemed as set forth in the Officer’s Pricing Certificate. The principal amount of Bonds subject to mandatory redemption, if any, shall be reduced, in inverse chronological order of redemption dates, by the amount of Bonds redeemed pursuant to the provisions of this Section 5.04(a).

(b) Notwithstanding the provisions of Section 2.13 and Section 5.04(a) above, in addition, in each fiscal year in which any series of the Bonds are Outstanding and accruing interest at a Flexible Rate or a Variable Rate, the District may, at the District’s discretion, budget for such fiscal year and levy taxes for the payment of interest on the Bonds based on an interest rate on the Bonds equal to the actual rate borne thereby or any rate not to exceed the Maximum Rate per annum that is not less than the actual rate per annum. At the end of the fiscal year in which the District levies a tax based on the interest rate on the Bonds being equal to a rate exceeding the actual rate on the Bonds, the District shall cause the difference between the amount budgeted at a rate exceeding the actual rate on the Bonds and the amount paid on the Bonds (“Subsection (b) Excess Interest Funds”) to be allocated and appropriated for the purchase for cancellation (if August 1 is a mandatory tender date) or payment of the mandatory redemption of Bonds on the first August 1 next following the end of such fiscal year; provided the amount of such Subsection (b) Excess Interest Funds is equal to or greater than \$100,000. In each fiscal year when the amount of Subsection (b) Excess Interest Funds is equal to or greater than \$100,000, the District shall cause Bonds in a principal amount equivalent to the Excess Interest Funds to be purchased for cancellation (if August 1 is a mandatory tender date) or

redeemed on the August 1 next following the end of such fiscal year at the redemption price of par plus accrued interest to the date of redemption. The mandatory redemption of Bonds in accordance with the provision of this subsection (b) shall be in addition to the amount of Bonds to be mandatorily redeemed as set forth in the Officer's Pricing Certificate.

(c) Unless utilized to purchase Bonds for cancellation on a mandatory tender date, at least 45 days prior to each mandatory redemption date described in subsections (a) and (b) of this Section 5.04, the District will notify the Paying Agent/Registrar and the Remarketing Agent in writing of the principal amount of Bonds to be mandatorily redeemed on such mandatory redemption date, and instruct the Paying Agent/Registrar to select by lot or other customary random selection method the Bonds or portions thereof to be redeemed.

Bonds to be redeemed in any year by mandatory redemption shall be redeemed at par, plus accrued interest to the date of redemption, and shall be selected by the Paying Agent/Registrar by lot or other method that results in a random selection thereof. The District, at its option, may credit against any mandatory redemption requirement, Bonds which have been purchased by the District, using funds other than remarketing proceeds or moneys drawn under the Liquidity Facility, at a price not exceeding the principal amount of such Bonds plus accrued interest to the date of purchase and canceled by the Paying Agent/Registrar, or have been optionally redeemed and not theretofore applied as a credit against any mandatory redemption requirement.

Section 5.05. Special Mandatory Redemption. Purchased Bonds shall be subject to special mandatory redemption, if required by and in accordance with the provisions of the applicable Liquidity Facility.

Section 5.06. Partial Redemption.

(a) If less than all of the Bonds are to be redeemed, the District shall direct the Paying Agent/Registrar to call Purchased Bonds first and then to call Bonds or portions thereof by lot or other random selection method for redemption; provided that in the event that the District elects to optionally redeem less than all of the Outstanding principal amount of a maturity of Bonds that are term Bonds with multiple mandatory sinking fund redemption dates the Pricing Officer shall select, or cause to be selected, the mandatory redemption dates to which such redemption shall be applied and the principal amounts of such Bonds to be redeemed, and the Paying Agent/Registrar shall then select, or cause to be selected, such principal amount of Bonds to be redeemed by lot or other random selection method for redemption.

(b) A portion of a single Bond of a denomination greater than a minimum Authorized Denomination may be redeemed but only in a principal amount equal to a minimum Authorized Denomination or any integral multiple thereof. The Paying Agent/Registrar shall treat each minimum Authorized Denomination of such Bond as though it were a single Bond for purposes of selection for redemption.

(c) Upon surrender of any Bond for redemption in part, the Paying Agent/Registrar shall authenticate and deliver an exchange Bond or Bonds in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered.

Section 5.07. Notice of Redemption.

(a) The Paying Agent/Registrar shall cause notice of redemption of any Bond to be redeemed in whole or in part to be mailed first class mail to the Rating Agency and to the Owner thereof at the address of the Owner appearing in the Register (i) with respect to a Bond bearing interest at a Stepped Rate or a Bank Rate, at least one (1) day prior to the redemption date; (ii) with respect to a Bond bearing interest at a Flexible Rate, Weekly Rate or Monthly Rate, at least twenty (20) days prior to the redemption date; and (iii) with respect to a Bond bearing interest at a Quarterly Rate, a Semiannual Rate, a Term Rate or a Fixed Rate, at least thirty (30) days prior to the redemption date.

(b) The notice of redemption shall identify the Bonds to be redeemed, and shall specify the numbers thereof (if not held in a Book-Entry Only System), the redemption date and the redemption price. The notice shall state that (i) on the redemption date the Bonds called for redemption will be payable at the designated office of the Paying Agent/Registrar, and (ii) on and after the redemption date interest will cease to accrue (unless sufficient moneys are not available to the Paying Agent/Registrar to pay the redemption price on the redemption date).

(c) The District reserves the right to give notice of its election or direction to redeem Bonds under Section 5.02 conditioned upon the occurrence of subsequent events. Such notice may state (i) that the redemption is conditioned upon the deposit of moneys and/or authorized securities, in an amount equal to the amount necessary to effect the redemption, with the Paying Agent/Registrar, or such other entity as may be authorized by law, no later than the redemption date or (ii) that the District retains the right to rescind such notice at any time prior to the scheduled redemption date if the District delivers a certificate of the District to the Paying Agent/Registrar instructing the Paying Agent/Registrar to rescind the redemption notice, and such notice of redemption shall be of no effect if such moneys and/or authorized securities are not so deposited or if the notice is rescinded. The Paying Agent/Registrar shall give prompt notice of any such rescission of a conditional notice of redemption to the affected Owners. Any Bonds subject to conditional redemption where redemption has been rescinded shall remain Outstanding. Failure to pay the redemption price of the Bonds subject to optional redemption shall not constitute an Event of Default hereunder or under any Bond.

(d) Any notice given as provided in this Section shall be conclusively presumed to have been duly given, whether or not the Owner receives such notice.

Section 5.08. Payment Upon Redemption.

(a) By each redemption date, the District shall deposit with the Paying Agent/Registrar money sufficient to pay all amounts due on the redemption date.

(b) Upon presentation and surrender of any Bond called for redemption at the designated office of the Paying Agent/Registrar on or after the date fixed for redemption, the Paying Agent/Registrar shall pay the principal of and accrued interest on such Bond to the date of redemption from the money provided for that purpose.

Section 5.09. Effect of Redemption.

(a) Notice of redemption having been given, and due provision having been made for payment, the Bonds or portions thereof called for redemption shall become due and payable on the date fixed for redemption; thereafter, such Bonds or portions thereof shall cease to bear interest from the date fixed for redemption, whether or not such Bonds are presented and surrendered for payment on such date.

(b) If the District shall fail to make provision for the payment of all sums due on a redemption date, then any Bond or portion thereof called for redemption shall continue to bear interest until due provision is made for the payment of same by the District.

ARTICLE VI
PAYING AGENT/REGISTRAR;
REMARKETING AGENT; TENDER AGENT

Section 6.01. Appointment of Initial Paying Agent/Registrar. The Pricing Officer is hereby authorized to select and appoint the initial Paying Agent/Registrar for the Bonds, and the initial Paying Agent/Registrar shall be designated in the Officer's Pricing Certificate. In the event that this Bond bears interest at an Initial Rate and it is not converted into a different Rate Period and remarketed to new purchasers on the scheduled date of mandatory tender, the District shall have no obligation to purchase this Bond tendered on such date, the failed conversion and remarketing shall not constitute an Event of Default under the Order or this Bond, the mandatory tender will be deemed to have been rescinded for that date with respect to this Bond, and this Bond (i) will continue to be Outstanding, (ii) will be purchased upon the availability of funds to be received from the subsequent remarketing of this Bond, (iii) will bear interest at the Stepped Rate during the Stepped Rate Period, (iv) will be subject to redemption and mandatory tender at the purchase price on any date during the Stepped Rate Period upon which a conversion occurs (which shall occur at the District's discretion upon delivery of at least one day's notice to the Owner hereof), and (v) will be deemed to continue in an Initial Rate Period for all other purposes of the Order (including the identification of Interest Payment Dates until the Bonds are remarketed or redeemed), though bearing interest during such time at the Stepped Rate until remarketed or redeemed in accordance with the terms of the Order. The principal amount of the Bonds required to be redeemed on any redemption date set forth above shall be reduced, at the option of the District, by the principal amount of any Bonds which, at least 45 days prior to the mandatory sinking fund redemption date (i) shall have been acquired by the District at a price not exceeding the principal amount of such Bonds plus accrued interest to the date of purchase thereof, and delivered to the Paying Agent/Registrar for cancellation, or (ii) shall have been redeemed pursuant to the optional redemption provisions set forth in the Order and not previously credited to a mandatory sinking fund redemption.

Recommendation
Consideration and approval of international travel during the summer of 2026 by Ridge Point High School students to participate in the 2026 German - American Partnership Program (GAPP) in Germany.

Summary/Background
<p>Our GAPP Partnership started in 1997 and occurs every other year, the last year being 2024. The partnership between Ridge Point High School and the Lessing-Gymnasium School in Cologne begins this year, 2025. The Lessing-Gymnasium students will visit during the period approximately February 18 – March 13, 2026, and the Administration is seeking approval to visit Cologne in the summer of 2026.</p> <p>This trip will provide a once-in-a-lifetime opportunity for students studying German. For almost two weeks, the District’s students will immerse in the German language and culture, experience life in a German host family, and attend a German school. Additionally, students work on a learning project. Ridge Point High School are requesting permission for approximately 12-17 students to travel to Germany with RPHS teacher, Byron Due, for 2.5 weeks during the summer of 2026 (approximately June 1 – June 18, 2026). Ridge Point HS will be joining Clements HS and Travis HS, they have participated in this program since 1997 for Clements and 2018 for Travis.</p> <p>The approximate cost of the trip is \$3,000 - \$3,500 per person, to be paid by the students/parents; this amount will cover airfare, lodging, in-country transportation, admissions to sights, insurance, and a few meals. Students will also need to bring about \$500 with them to cover meals and incidental expenses during the touring portion of the trip. While in Germany, students will reside in host homes for about half the trip and in hotels for the other half.</p>

Consideration and approval of a Construction Services Agreement with Bass Construction Company, Inc. for Kitchen Renovations at multiple elementary school campuses (BP013), for a stipulated sum of \$17,247,000 and authorization for the Superintendent to negotiate and execute or terminate the agreements.

Summary/Background

The 2023 Bond Program includes Kitchen Renovations ES (BP013) at the following 22 campuses: Austin Parkway ES, Burton ES, Colony Bend ES, Commonwealth ES, Cornerstone ES, Dulles ES, Fleming ES, Glover ES, Heritage Rose ES, Highlands ES, Hunters Glen ES, Lantern Lane ES, Mission West ES, Palmer ES, Pecan Grove ES, Ridgeway ES, Ridgemont ES, Settlers Way ES, Sienna Crossing ES, Sugar Mill ES, Sullivan ES, and Townewest ES.

On June 26, 2023, the Board of Trustees (BOT) approved all project budgets for the 2023 Bond Program. The BOT also approved MWA Architects as the architect of record to design and prepare construction documents for Kitchen Renovations ES at Multiple Campuses (BP013).

The Competitive Sealed Proposal (CSP) solicitation, CSP 25-061AL, requested bids for the Kitchen Renovation ES Renovations and Upgrades at Multiple Campuses. There were five valid submissions in response to the CSP.

Design & Construction staff, in collaboration with the Director of Purchasing and Materials Management acting in an oversight capacity, evaluated the proposals using an evaluation team composed of FBISD staff members from the Design & Construction, Procurement, and Finance Departments.

Recommendation
Consideration and approval for additional funding for Aquatic Practice Facility (BP007) for an estimated construction cost of \$27,800,000, creating a total revised project budget of \$32,000,000, and authorization for the Superintendent to negotiate and execute or terminate the agreements.

Summary/Background
<p>The 2023 Bond Program includes the Aquatic Practice Facility (BP007).</p> <p>On June 26, 2023, the Board of Trustees (BOT) approved all project budgets for the 2023 Bond Program. The construction budget approved by the Board for BP007 is \$19,598,000. The BOT also approved Kirksey Architecture as the architect of record to design and prepare construction documents for the Aquatic Practice Facility (BP007).</p> <p>On October 24, 2025, the BOT approved an increase of \$6,000,000 to the construction budget, raising the total to \$25,598,000.</p> <p>On November 3, 2025, the architect presented updated construction estimates for three proposed design solutions to the BOT. These construction estimates were:</p> <p>Budget: \$25.6M Optimized: \$28.2M Preferred: \$29.1M (Matches existing aquatic practice facilities)</p> <p>The construction budgets presented to the board did not include the soft costs such as contingency, design, testing, and other professional services.</p>

Fort Bend Independent School District

The BOT asked the district to refine the estimates. This re-optimized version eliminated the weighroom and 10ft of concrete from the design, bringing the estimated construction cost to \$27,800,000.

The soft costs are estimated at 15% of the construction cost, totaling \$4,200,000.

The projected total project budget is \$32,000,000.

Staff is requesting approval to utilize up to an additional \$3,100,000 from the 2018 Bond Program Contingency to increase the total project budget for the Aquatic Practice Facility (BP007).

The detailed revised project budget for BP007 Aquatic Practice Facility is provided in the attached Exhibit 1.

Package Number	Description	Revised Project Budget
BP007	Aquatic Practice Facility	\$32,000,000

Upon Board approval, the architect will proceed with the development of construction documents for the Aquatic Practice Facility (BP007). Staff anticipates presenting a recommendation for construction contract award to the Board in the second quarter of 2026.

This initiative provides a six-month planning window to build the conditions necessary for long-term success and aligns directly with the Board's Priority for high academic outcomes.</p> <p>This contract seeks approval under relevant statutes, including Chapter 44, § 44.031(a) of the Texas Education Code and Chapter 791, Interlocal Cooperation Act, along with Board Policies</p>

CH (LEGAL) and CH (LOCAL) for purchasing goods and services. The Board of Trustees must approve proposal awards worth \$50,000 or more. Under the authority of the Texas Government Code §791.001 and the Interlocal Cooperation Act as amended, local governments like Fort Bend ISD are allowed to contract with each other and other government agencies. This Act exempts the requirement of seeking competitive bids for goods and services, once a school district determines that a local cooperative purchasing program offers the best value, to enhance efficiency and effectiveness.

Renewal options are available through December 2030. Should the contracts not be renewed for the full term, staff will utilize an alternate cooperative contract or return to the Board to request authorization to utilize an alternate procurement method.

The term of this contract is for one (1) year with four (4) optional one-year extensions. The contract term will begin on December 1, 2025, and will run through November 30, 2026. With the four (4) option years, the contract can be extended until November 30, 2030.

Expenditures will not exceed \$350,000 through December 2030. Funding is included in the budget.

Consideration and approval to increase the existing contract awarded under 23-082AR School Bus Purchase by \$967,404 for a total not to exceed amount of \$5,637,404 to continue the purchase of school buses through September 2028.

Summary/Background
<p>The Transportation department is requesting an increase for the purchase of six (6) new 54-passenger special needs school buses equipped with wheelchair lifts to replace aging units and to meet the increasing transportation needs of students requiring special accommodations.</p> <p>The District is committed to providing safe, reliable, and equitable transportation for all students, including those with disabilities as required under the Individuals with Disabilities Education Act (IDEA) and the Americans with Disabilities Act (ADA). Currently, the district's special needs bus fleet is operating at maximum capacity, with several buses exceeding the recommended service life of 10–12 years. Recommendation
Consideration and approval for the purchase of band uniforms and related items from Fred J. Miller, Inc. through Buy Board cooperative in an amount not to exceed \$127,500 and authorization for the Superintendent to negotiate and execute the agreement through June 2028.

Summary/Background
<p>On March 7, 2025, the District issued RFQuote 25-051KB to solicit quotes from qualified vendors for the design and supply of custom marching band and drum major uniforms for Travis High School. The requested items include custom jackets, bib pants, headgear, and related uniform accessories.</p> <p>To provide an equitable learning environment and support the implementation of the District’s high school band curriculum, the District provides marching band uniforms to each new high school band program and replaces uniforms at existing high schools on a 10-year rotational schedule. Marching band uniforms are required for students to participate in performances such as high school football games and parades, as well as to compete successfully at the University Interscholastic League (UIL) Marching Contest and other regional, state, and national marching band competitions.</p> <p>The Business & Finance Department, Fine Arts Department, and campus staff from Travis High School evaluated the proposals and the submitted custom uniform samples. Based on the evaluation criteria, the committee determined that the selected vendor provides the best</p>

overall value to the District. The purchase will include approximately 275 complete marching band uniforms and eight (8) drum major uniforms.

This contract seeks approval under relevant statutes, including Chapter 44, § 44.031(a) of the Texas Education Code and Chapter 791, Interlocal Cooperation Act, along with Board Policies CH (LEGAL) and CH (LOCAL) for purchasing goods and services. The Board of Trustees must approve proposal awards worth \$50,000 or more.

Under the authority of the Texas Government Code §791.001 and the Interlocal Cooperation Act as amended, local governments like Fort Bend ISD are allowed to contract with each other and other government agencies. This Act exempts the requirement of seeking competitive bids for goods and services, once a school district determines that a local cooperative purchasing program offers the best value, to enhance efficiency and effectiveness
