CIP PART II: ASSURANCE ADDENDUM Section D

[X]	1. Comprehensive needs assessment – All data were reviewed for all students and student groups. The results and conclusions of this review are reflected in the SMART goals for the next school year.
[X]	2. School-wide reform strategies – These strategies include ones that strengthen the core academic program; meet the educational needs of historically under-served populations; increase the amount and quality of learning time; and address needs of all, but particularly low-achieving students. Examples of school-wide strategies follow: teach content-focused vocabulary terms/phrases – 20 per year, per core subject from the district's list – for all students to learn (in addition to the usual teacher-selected vocabulary words); expand effective instructional strategies, including use of technology in ways proven to increase students' engagement in learning and level of thinking about content and concepts.
[X]	3. Instruction by highly qualified teachers – 100% of our teachers are certified for the position they hold even though they have varying levels of experience. Experienced teachers give support to less experienced teachers. Parents are notified if a teacher is not certified, and the teacher must either be working toward certification or efforts continue to hire someone who is certified.
[X]	4. High-quality and ongoing professional development – Helping teachers provide on-the-job training and monitoring to promote teachers' professional development. Staff members participate in professional development offered throughout the year. Professional development may also be conducted on site by in-house instructional leaders and also by district instructional support staff.
[X]	5. Strategies to attract high-quality, highly-qualified teachers – Recruiting and retaining highly-qualified teachers is a continuous process. We closely work with our district's Human Resources administrators and network with other principals to help in this effort. Our own teachers also serve as recruiters. The result has been that 100% of our classroom teachers are appropriately certified for the position they hold.
[X]	6. Strategies to increase parental involvement – Schools engage in numerous activities to increase parent involvement in the campus's programs. Open Houses, telephone calls, and newsletters are just a few methods of recognizing parents as partners. In addition, parents are offered classes to meet their needs, for example, ESL classes or STAAR information programs.
[X]	7. Transition from early childhood programs – Elementary schools collaborate with early childhood centers to coordinate parent and student visits to kindergarten programs. Elementary schools conduct community awareness campaigns and registration days. (Not applicable to secondary schools)
[X]	8. Measures to include teachers in the decisions regarding the uses of academic assessments – Numerous teacher reports are available for the teachers to access throughout the year. These reports are based on locally-developed and summative assessments. Ongoing staff development is available on site to analyze assessment data. Grade-level, content-area, team, or departmental meetings and the CPOC provide forums to discuss assessment issues.
[X]	9. Effective, timely additional assistance – Formative and summative assessments provide the data for teachers and administrators to monitor individual student progress so that interventions and assistance will be timely. Various live reports are available via infoserv web and are accessible to teachers and administrators.
[X]	10. Coordination and integration of federal, state, and local services and programs – At the building level, federal, state and local services and programs are coordinated to address student needs best; this coordination of services and programs is reflected in the activities listed in the campus goals and strategies.

CIP PART II: ASSURANCE ADDENDUM Section D

[X]	1. Comprehensive needs assessment – All data were reviewed for all students and student groups. The results and conclusions of this review are reflected in the SMART goals for the next school year.
[X]	2. School-wide reform strategies – These strategies include ones that strengthen the core academic program; meet the educational needs of historically under-served populations; increase the amount and quality of learning time; and address needs of all, but particularly low-achieving students. Examples of school-wide strategies follow: teach content-focused vocabulary terms/phrases – 20 per year, per core subject from the district's list – for all students to learn (in addition to the usual teacher-selected vocabulary words); expand effective instructional strategies, including use of technology in ways proven to increase students' engagement in learning and level of thinking about content and concepts.
[X]	3. Instruction by highly qualified teachers – 100% of our teachers are certified for the position they hold even though they have varying levels of experience. Experienced teachers give support to less experienced teachers. Parents are notified if a teacher is not certified, and the teacher must either be working toward certification or efforts continue to hire someone who is certified.
[X]	4. High-quality and ongoing professional development – Helping teachers provide on-the-job training and monitoring to promote teachers' professional development. Staff members participate in professional development offered throughout the year. Professional development may also be conducted on site by in-house instructional leaders and also by district instructional support staff.
[X]	5. Strategies to attract high-quality, highly-qualified teachers – Recruiting and retaining highly-qualified teachers is a continuous process. We closely work with our district's Human Resources administrators and network with other principals to help in this effort. Our own teachers also serve as recruiters. The result has been that 100% of our classroom teachers are appropriately certified for the position they hold.
[X]	6. Strategies to increase parental involvement – Schools engage in numerous activities to increase parent involvement in the campus's programs. Open Houses, telephone calls, and newsletters are just a few methods of recognizing parents as partners. In addition, parents are offered classes to meet their needs, for example, ESL classes or STAAR information programs.
[X]	7. Transition from early childhood programs – Elementary schools collaborate with early childhood centers to coordinate parent and student visits to kindergarten programs. Elementary schools conduct community awareness campaigns and registration days. (Not applicable to secondary schools)
[X]	8. Measures to include teachers in the decisions regarding the uses of academic assessments – Numerous teacher reports are available for the teachers to access throughout the year. These reports are based on locally-developed and summative assessments. Ongoing staff development is available on site to analyze assessment data. Grade-level, content-area, team, or departmental meetings and the CPOC provide forums to discuss assessment issues.
[X]	9. Effective, timely additional assistance – Formative and summative assessments provide the data for teachers and administrators to monitor individual student progress so that interventions and assistance will be timely. Various live reports are available via info servweb and are accessible to teachers and administrators.
[X]	10. Coordination and integration of federal, state, and local services and programs – At the building level, federal, state and local services and programs are coordinated to address student needs best; this coordination of services and programs is reflected in the activities listed in the campus goals and strategies.

CAMPUS IMPROVEMENT PLAN

Clyde Junior High School Campus Improvement Plan

2025-2026 Comprehensive Needs Assessment Summary

In accordance with state and federal legislative requirements, the staff at Clyde Junior High School conducted a comprehensive needs assessment for the 2025-2026 school year. The needs assessment was conducted to identify gaps in the areas listed below. Data and findings from the comprehensive needs assessment were then used to develop the activities/strategies in the additional sections of the Campus Improvement Plan.

Campus Demographics

The staff at Clyde Junior High School include 23 teachers, 3 split-campus teachers, 10 paraprofessionals, 3 office, 1 counselor, and 2 administrators. The student population is 72% White, 2% African American, 20% Hispanic, 1% Asian, 0.0% American Indian, and 5% Two or More Races. Additionally, the campus serves 47.4% economically disadvantaged students, 22.4% special education students (SPED), and 0.2% English Language Learners. Attendance rates include: 97.1% Hispanic, 96.8% White, 96%, African American 86.4%, Two or More Races 97.4% economically disadvantaged and 96.8% SPED. The most current data indicate the campus has a 13.76% mobility rate.

The following data was reviewed in relation to campus demographics: TAPR (2024-25), STAAR Accountability Ratings, Information from Campus Site based team from the spring 2025 meeting.

Upon review of this data, several findings were noted. These findings include:

The largest special population group is Economically Disadvantaged (EcoDis). Populations of African American, Hispanic and Two-or-more races all slightly increased. The attendance rates were stable across all populations with only exhibiting minor variations in regards to percentages.

Areas of need include:

Continued improvement in attendance to reach Campus Distinctions with special attention for our economically disadvantaged, Special Education students, and Hispanic students, who have the lowest attendance.

Student Achievement

The following data was reviewed in relation to Student achievement: partly from STAAR, mostly from MAPS, IXL, BOY and EOY Assessment data.

Upon review of this data, several findings were noted. It appears that our students are struggling with reading and writing. Adjustments are being made where every student is utilizing the IXL program and academic support plans are being utilized to meet the needs of our students.

Analysis indicated the majority of the placements were from students who had high mobility rates, SPED, and were not in a stable home environment. While we have more students coming to school with greater needs, our staff continue to apply effective strategies when dealing with these students. We should continue to focus on training that helps us to improve at the classroom level of student behavioral needs to this effect,

Areas of need include:

An increased focus on our attendance rates.

Continue to develop interest for a Parent/Teacher Organization to help increase parental involvement.

Focus on positive relationship building to improve overall student behavior and academic performance.

Utilize our counselor to address the increase in emotional and behavioral issues through a proactive approach to counseling programs delivered to students.

Teachers and administrators continue to take a more proactive approach to student behavior management with parental contacts occurring frequently. This should include ongoing training that addresses student emotional and behavior support.

[X]	2. School-wide reform strategies – These strategies include ones that strengthen the core academic program; meet the educational needs of historically underserved populations; increase the amount and quality of learning time; and address needs of all, but particularly low-achieving students. Examples of school-wide strategies follow: teach content-focused vocabulary terms/phrases – 20 per year, per core subject from the district's list – for all students to learn (in addition to the usual teacher-selected vocabulary words); expand effective instructional strategies, including use of technology in ways proven to increase students' engagement in learning and level of thinking about content and concepts.
[X]	3. Instruction by highly qualified teachers – 100% of our core content teachers are certified for the position they hold even though they have varying levels of experience. Experienced teachers give support to less experienced teachers. Parents are notified if a teacher is not certified, and the teacher must either be working toward certification or efforts continue to hire someone who is certified.
[X]	4. High-quality and ongoing professional development – Helping teachers provide on-the-job training and monitoring to promote teachers' professional development. Staff members participate in professional development offered throughout the year. Professional development may also be conducted on site by in-house instructional leaders and also by district instructional support staff.

We closely work with our district's Human Resources administrators and network with other principals to help in this effort. Our own teachers also serve as recruiters. The result has been that 100% of our core content classroom teachers are appropriately certified for the position they hold.
[X]	6. Strategies to increase parental involvement – Schools engage in numerous activities to increase parent involvement in the campus's programs. Open Houses, telephone calls, and newsletters are just a few methods of recognizing parents as partners. In addition, parents are offered classes to meet their needs, for example, ESL classes or STAAR information programs.
[]	7. Transition from early childhood programs – Elementary schools collaborate with early childhood centers to coordinate parent and student visits to kindergarten programs. Elementary schools conduct community awareness campaigns and registration days. (Not applicable to secondary schools)
[X]	8. Measures to include teachers in the decisions regarding the uses of academic assessments – Numerous teacher reports are available for the teachers to access throughout the year. These reports are based on locally-developed and summative assessments. Ongoing staff development is available on site to analyze assessment data. Grade-level, content-area, team, or departmental meetings and the SBDM provide forums to discuss assessment issues.

CIP PART II: ASSURANCE ADDENDUM Section D

[X]	1. Comprehensive needs assessment – All data were reviewed for all students and student groups. The results and conclusions of this review are reflected in the SMART goals for the next school year.
[X]	2. School-wide reform strategies – These strategies include ones that strengthen the core academic program; meet the educational needs of historically under-served populations; increase the amount and quality of learning time; and address needs of all, but particularly low-achieving students. Examples of school-wide strategies follow: teach content-focused vocabulary terms/phrases – 20 per year, per core subject from the district's list – for all students to learn (in addition to the usual teacher-selected vocabulary words); expand effective instructional strategies, including use of technology in ways proven to increase students' engagement in learning and level of thinking about content and concepts.
[X]	3. Instruction by highly qualified teachers – 100% of our teachers are certified for the position they hold even though they have varying levels of experience. Experienced teachers give support to less experienced teachers. Parents are notified if a teacher is not certified, and the teacher must either be working toward certification or efforts continue to hire someone who is certified.
[X]	4. High-quality and ongoing professional development – Helping teachers provide on-the-job training and monitoring to promote teachers' professional development. Staff members participate in professional development offered throughout the year. Professional development may also be conducted on site by in-house instructional leaders and also by district instructional support staff.
[X]	5. Strategies to attract high-quality, highly-qualified teachers – Recruiting and retaining highly-qualified teachers is a continuous process. We closely work with our district's Human Resources administrators and network with other principals to help in this effort. Our own teachers also serve as recruiters. The result has been that 100% of our classroom teachers are appropriately certified for the position they hold.
[X]	6. Strategies to increase parental involvement – Schools engage in numerous activities to increase parent involvement in the campus's programs. Open Houses, telephone calls, and newsletters are just a few methods of recognizing parents as partners. In addition, parents are offered classes to meet their needs, for example, ESL classes or STAAR information programs.
[]	7. Transition from early childhood programs – Elementary schools collaborate with early childhood centers to coordinate parent and student visits to kindergarten programs. Elementary schools conduct community awareness campaigns and registration days. (Not applicable to secondary schools)
[X]	8. Measures to include teachers in the decisions regarding the uses of academic assessments – Numerous teacher reports are available for the teachers to access throughout the year. These reports are based on locally-developed and summative assessments. Ongoing staff development is available on site to analyze assessment data. Grade-level, content-area, team, or departmental meetings and the CPOC provide forums to discuss assessment issues.

- | | |
|-----|---|
| [X] | 9. Effective, timely additional assistance – Formative and summative assessments provide the data for teachers and administrators to monitor individual student progress so that interventions and assistance will be timely. Various live reports are available via infoserv web and are accessible to teachers and administrators. |
| [X] | 10. Coordination and integration of federal, state, and local services and programs – At the building level, federal, state and local services and programs are coordinated to address student needs best; this coordination of services and programs is reflected in the activities listed in the campus goals and strategies. |

DATE:	October 23, 2025
SUBJECT:	SB 546: Required Reporting on School Bus Seat Belt Costs
CATEGORY:	School Safety and Security
NEXT STEPS:	Obtain cost information and complete required reporting

The Texas Education Agency (TEA) is committed to supporting school systems in their efforts to improve safety and security for students, staff, and visitors. This To the Administrator Addressed (TAA) communication provides information about the mandated information collection and reporting.

Overview

Not later than the end of the 2025-2026 school year, [Senate Bill 546](#) (89th Regular Legislative Session) requires school systems that make a budget limitation determination under [Transportation Code, §547.701](#)(e)(1), to submit to TEA the estimated cost to equip each bus operated by and/or contracted for use by the district with three-point seat belts.

Reporting in Sentinel

TEA will be launching estimated cost reporting through Sentinel starting on Tuesday, November 11, 2025. Reporting will conclude at 11:59 p.m. on Friday, May 29, 2026. School systems are required to submit the information requested, with supporting documentation.

In addition to required reporting to TEA, if a school system board has determined that its budget does not permit the district to purchase or contract buses that are equipped with three-point seat belts (required in [Transportation Code, §547.701](#)), the following must be presented in a public meeting:

- The number of buses operated by or contracted for use by the school system that are not equipped with seat belts, the number that are equipped with two-point seat belts, and the number that are equipped with three-point seat belts; and
- The estimated cost to equip each bus operated by and/or contracted for use by the school system with three-point seat belts

As part of the required estimated cost reporting, **school systems will be able to participate in a grant opportunity related to seat belt installation**. Details pertaining to the grant will be the subject of a future TAA.

Guidance and Resources

TEA has created a [Guidebook for SB546 Reporting on School Seat Belt Costs](#) to help school systems prepare for the required reporting. This guidebook includes a preparation guide, data collection example, form logic chart and program contact information.

To further support school systems with the reporting process, TEA will be hosting a series of Office Hours sessions throughout the reporting period. **Office Hours attendance is optional.**

Ensuring Sentinel Access

The Bus Reporting Module is available in Sentinel under LEA Modules. It is important that all relevant personnel are aware of the required reporting procedures and understand how to submit information in Sentinel correctly.

As part of the collection in Sentinel, school systems will be required to acknowledge that appropriate personnel have received the access and information necessary to complete the data collection.

Superintendents or designated staff should brief the Board and confirm that the appropriate team members have access to Sentinel. Transportation Directors may need to conduct student counts and gather cost estimates. To help share this information with those who need it, the agency has provided convenient options for distributing these updates.

(LOCAL) Policy Comparisons

These documents are generated by an automated process that compares the updated policy to the current policy as found in TASB records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; not shown in Word)

Annotations are shown as follows:

- Deletions are in a red strike-through font: ~~deleted text~~.
- Additions are in a blue font: new text.
- Blocks of text that were moved without changes are shown in green, with double underline and double strike-through formatting to distinguish the text's new placement from its original location: ~~moved text~~ becomes moved text.
- Revision bars appear in the right margin to show sections with changes.

Note: While the annotation software competently identifies simple changes, large or complicated changes — as in an extensive rewrite — may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes make formatting changes appear tracked, even though the text remains the same.

For further assistance in understanding policy changes, please refer to the explanatory notes in your Localized Policy Manual update packet or contact your policy consultant.

Note: For information related to the accounting of instructional materials, as this term is defined by state law and rule, see CMD.

For information related to the selection process of library materials, see EFB.

The District shall provide instructional materials designed to teach the Texas Essential Knowledge and Skills and further the District's educational mission. Although the Superintendent shall ensure that professional staff select instructional materials in accordance with District policy and administrative regulations, the ultimate authority for determining and approving the curriculum and instructional program of the District lies with the Board.

Objectives

In this policy, "instructional materials" may include textbooks, supplementary resources for classroom use, and any other instructional resources, including electronic resources, used for formal or informal teaching and learning purposes. The primary objectives of instructional materials are to implement, enrich, and support the District's educational program.

Selection

Instructional materials that are textbooks and related supplemental materials, which may include items from the list of resources adopted by the State Board of Education, shall be chosen in accordance with administrative regulations and the objectives above.

The Board shall rely on District professional staff to select and acquire instructional materials that:

1. Enrich and support the curriculum consistent with the general educational goals of the state and District, the aims and objectives of individual schools and specific courses, and the District and campus improvement plans.
2. Are appropriate for the subject area and for the age, ability level, learning styles, interests, and social and emotional development of the students for whom they are selected.
3. Meet high standards for artistic quality, literary style, authenticity, educational significance, factual content, physical format, presentation, readability, and technical quality.
4. Present various sides of controversial issues so that students have an opportunity to develop, under guidance, skills in critical analysis and in making informed judgments in their daily lives. [See also EMB regarding instruction about controversial issues.]
5. Promote literacy.

District professional staff may select additional instructional materials in accordance with administrative regulations and the criteria above.

Administrators, teachers, other District personnel, parents, and community members, as appropriate, may recommend instructional materials for selection. Gifts of instructional materials shall be evaluated according to these criteria and accepted or rejected in accordance with CDC(LOCAL).

Selection of instructional materials is an ongoing process that includes the removal of materials no longer appropriate and the periodic replacement or repair of materials that still have educational value.

Parent Request for Instructional Material Review

The Superintendent shall develop administrative regulations to ensure compliance with state law and rules that a parent or guardian of a District student may request an instructional materials review for a subject area in the grade level in which their student is enrolled on the basis of the following:

1. The material is not aligned with District-adopted materials; or
2. The material does not have the appropriate rigor for the grade level for the subject area in which the instructional material is used.

The regulations shall also address procedures for submitting a parent petition to review instructional materials, the appeal process if a petition for review is denied, criteria for reviewing any appeal, and timelines for each step in the process.

Reconsideration of Instructional Materials

A District employee or a parent or guardian of a District student may request reconsideration of instructional material used in the District's educational program on the basis that the instructional material fails to meet the standards set forth in this policy.

Guiding Principles

The following principles shall guide the Board and staff in responding to a request for reconsideration of instructional materials:

1. A complainant may raise an objection to an instructional material used in a school's educational program, despite the fact that the professional staff selecting the materials were qualified to make the selection, followed the proper procedure, and adhered to the objectives for instructional materials set out in this policy.
2. A parent's ability to exercise control over instruction extends only to his or her own child as set forth in Education Code Chapter 26.

INSTRUCTIONAL RESOURCES
INSTRUCTIONAL MATERIALS

EFA

3. Access to a challenged material shall not be restricted during the reconsideration process, except the District may deny access to a child if requested by the child's parent.

The major criterion for the final decision on challenged instructional materials is the appropriateness of the material for its intended educational use. No challenged instructional material shall be removed solely because of the ideas expressed therein.

Informal
Reconsideration

When the District or a campus receives an objection to the appropriateness of an instructional material, the appropriate administrator shall try to resolve the matter informally. The administrator shall explain the selection process and discuss the intended educational purpose for the instructional material. If appropriate, the administrator may offer a concerned parent an alternative instructional material to be used by that parent's child in place of the challenged material.

If the complainant wishes to make a formal challenge, the administrator shall provide the complainant a copy of this policy and a form to request a formal reconsideration of the instructional material.

Formal Request for
Reconsideration

A complainant shall make any formal request to reconsider an instructional material on the form provided by the District and shall submit the completed and signed form to the principal. Upon receipt of the form, the principal shall appoint a reconsideration committee.

The reconsideration committee shall include at least one member of the instructional staff who has experience using the challenged material with students or is familiar with the challenged material's content. Other members of the committee may include District-level staff, secondary-level students, parents, and any other appropriate individuals.

All members of the committee shall review the challenged instructional material in its entirety. As soon as reasonably possible, the committee shall meet and determine whether the challenged material conforms to the principles of selection set out in this policy and whether the challenged material will continue to be used in the educational program. The committee shall prepare a written report of its findings. The Superintendent, other appropriate administrators, and the complainant shall receive copies of the report.

*Frequency of

After an instructional material has been reviewed through formal reconsideration, it shall not be reviewed again until it is evaluated in the periodic local selection process.

Complaints regarding refusal of entry to or ejection from District property based on Education Code 37.105 shall be filed in accordance with this policy. However, the timelines shall be adjusted as necessary to permit the complainant to address the Board in person within 90 calendar days of filing the initial complaint, unless the complaint is resolved before the Board considers it. [See GKA(LEGAL)]

~~Guiding Principles~~ Informal Process

The Board encourages the public to discuss concerns with an appropriate administrator who has the authority to address the concerns. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Informal resolution shall be encouraged but shall not extend any deadlines in this policy, except by mutual written consent.

Filing Deadlines

If a member of the public has engaged in the informal process in an attempt to resolve the complaint with the District and has not reached a resolution during the process, the individual must file a complaint within 15 business days of the date the individual first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance.

Deadline Extensions

All deadlines shall be strictly followed unless otherwise required by law or modified by mutual written consent.

Formal Process

An individual may initiate the formal process described below by timely filing a written complaint form.

~~Even after initiating the formal complaint process, individuals are encouraged to seek informal resolution of their concerns. An individual whose concerns are resolved may withdraw a formal complaint at any time.~~

~~The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or “mini-trial” at any~~

~~level.~~ The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or “mini-trial” at any level.

The complaint form shall be filed with the lowest level administrator who has the authority to remedy the alleged problem. In most circumstances, the individual shall file a Level One complaint with the campus principal for any complaint on a matter related to a campus. For a complaint that arises on a matter that is unrelated to a campus, the complaint shall be filed with the appropriate District-level administrator.

If the subject matter of the complaint requires a Board decision, is a complaint about a Board member, or is a complaint about the Superintendent, the complaint shall be initiated at the Board level. A preliminary hearing to develop a record or recommendation for the Board may be conducted by an appropriate administrator.

A Board member shall be permitted to file a complaint under this policy, but, if the complaint is considered by the Board or Board committee, the Board member shall be prohibited from voting on the Board’s or Board committee’s decision.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator.
