2023–24 Texas Academic Performance Report (TAPR) Glossary

Cover Page

Currently, the TAPR does not include scale scores, A–F ratings or Distinction Designations. The initial release does not include the District or Campus Accountability Reports. The issuance of the A–F ratings under 2024 rule is pending and subject to change.

2024 Armed Services Vocational Aptitude Battery (ASVAB) Test (Career Exploration) (*districts serving grades 10–12*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter.

Performance

STAAR: A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at <http://tea.texas.gov/curriculum/teks/>.

Other Important Information:

STAAR (with and without accommodations) and STAAR Alternate 2. The TAPR and the Texas Performance Reporting System (TPRS) include performance on STAAR and STAAR Alternate 2.

Spanish STAAR. All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR and the TPRS include performance on the Spanish STAAR.

Rounding of STAAR results. STAAR performance shown on the TAPR and TPRS is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

Masking. STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the Explanation of Masking at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2024/masking.html>.

STAAR Performance (2023–24)

The STAAR Performance section displays performance results by grade, subject and performance level for students in the accountability subset, which are students enrolled in the same district/campus on both the snapshot date (PEIMS October snapshot) and the testing date. The STAAR Performance–All Students section of the TPRS displays STAAR performance by grade, subject, and performance level and includes all students tested, regardless of whether they were in the accountability subset.

Progress (Annual Growth, Accelerated Learning and STAAR Progress Measure)

School Progress Domain—Annual Growth is the percentage of students that grew academically by at least one school year. For STAAR assessments (with or without accommodations), annual growth is measured by a transition table. Individual student growth is calculated as the change between Low Did Not Meet Grade Level, High Did Not Meet Grade Level, Low Approaches Grade Level, High Approaches Grade Level, Meets Grade Level, and Masters Grade Level performance from the prior year to the current year.

School Progress Domain—Accelerated Learning is the percentage of students who earned Did Not Meet Grade Level in the prior year and were accelerated to Approaches Grade Level or above in the current year.

The above measures were used to determine the Annual Growth and Accelerated Learning in the Bilingual Education/ESL report.

Bilingual Education/ESL

Bilingual Education (BE): Dual-language program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the development of literacy and academic skills in the primary language and English. This category includes the following:

- *BE Trans Early Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than two or later than five years after the student enrolls in school.
- *BE Trans Late Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school.
- *BE Dual Two-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are integrated with non-EB/non-EL students and are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in English and another language with at least half of the instruction delivered in the non-English program language for the duration of the program.
- *BE Dual One-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in the students' primary language as well as English, with at least half of the instruction delivered in the students' primary language for the duration of the program.

2023–24 Texas Academic Performance Report (TAPR) Glossary

English as a Second Language (ESL): An English acquisition program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the integrated use of second language acquisition methods. This category includes the following:

- *ESL Content-Based.* An English acquisition program that serves students identified as EB students/ELs through English instruction by a teacher appropriately certified in ESL under TEC, §29.061(c), through English language arts and reading, mathematics, science, and social studies.
- *ESL Pull-Out.* An English program that serves students identified as EB students/ELs through English instruction provided by an appropriately certified ESL teacher under the TEC, §29.061(c), through English language arts and reading. Instruction shall be provided by the ESL teacher in a pull-out or inclusionary delivery model.

Alternative Language Program (ALP): An alternative language program provided to emergent bilingual (EB) students/English learners (ELs) for whom the local education agency (LEA) does not have the appropriately certified teachers for the required bilingual education or English as a second language (ESL) program for the current school year. This category includes the following:

- *ALP Bilingual (Exception).* An alternative language program to the required bilingual education (BE) program approved by the TEA for the current school year due to the LEA’s submission of a bilingual education exception application.
- *ALP ESL (Waiver).* An alternative language program to the required English as a second language (ESL) program approved by the TEA for the current school year due to the LEA’s submission of an ESL waiver application.

Emergent Bilingual (EB) Students/English Learner (EL): The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. As a result of the 87th Texas Legislature, the term “emergent bilingual student” replaced the term of “limited English proficient (LEP) student” used in the Texas Education Code (TEC), Chapter 29, Subchapter B, and thus, will be changing the term of “English learner (EL)” used in 19 TAC Chapter 89, Subchapter BB. These terms describe the same group of Texas students. In the revised Texas Education Data Standards (TEDS), the terms of “emergent bilingual” and “English learner” have been bridged as EB/EL. The term “English learner” is still used in federal regulations and guidance. This category includes:

- *EB/EL with Parental Denial.* Students identified as emergent bilingual (EB) students/English learners (ELs) whose parents have denied all bilingual and ESL program services.
- *Never EB/EL.* Students who have never been identified as EB students/ELs (non-EB/non-EL students).
- *Total EB/EL (Current).* Students currently identified as EB students/ELs, including those served in a standard or alternative bilingual or ESL program as well as those with a parental denial of services.
- *Monitored & Former EB/EL.* Students who were once identified as EB students/ELs but have reclassified as English proficient, including students within their four years of state and federal monitoring and those beyond monitoring years.

STAAR Participation (2023–24)

This Texas Academic Performance Report (TAPR) provides the State Assessment participation rate as used in State Accountability. This participation rate includes students who are considered participants

2023–24 Texas Academic Performance Report (TAPR) Glossary

for state reporting purposes but are excluded from the federal participation rate. The report details the participation rate by All Tests, Reading, Mathematics, Science, Social Studies, and Accelerated Testers and which assessments and students are included or excluded from accountability.

Assessment Participants

- STAAR Assessments:
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "S."
- STAAR Alternate 2 Assessments:
 - Includes assessments with a score code of "N."
- STAAR Reading Language Arts (RLA) Assessments:
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S."
- STAAR Mathematics Assessments:
 - Includes assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S" for year 1 asylees/ refugees or students with interrupted formal education (SIFEs).
- Accelerated Testers:
 - This includes Evidence-Based Reading and Writing (EBRW) SAT, English Language Arts (ELA) ACT, ACT science, and mathematics SAT and ACT results for students who complete a STAAR End-of-Course (EOC) assessment at the Approaches Grade Level or above in Algebra I, English II, and/or Biology before grade 9.

Included in Accountability:

- This represents the state assessment participation rate used in state accountability measures.
- Includes all of the participants listed above, except for students classified as "Mobile" or under "Other Exclusions."

Not Included in Accountability:

- **Mobile:** Refers to the percentage of assessments excluded from the "Included in Accountability" rate because the students enrolled in the district or campus after the Texas Student Data System (TSDS) Public Education Information Management System (PEIMS) fall snapshot date.
- **Other Exclusions:** Refers to the percentage of assessments excluded from the "Included in Accountability" rate for the following reasons:
 - STAAR Assessments (STAAR and STAAR Alternate 2) with score codes "A" or "O" that do NOT have a corresponding TELPAS or TELPAS Alternate assessment with a score code of "S."
 - STAAR Alternate 2 assessments with a score code of "N."
 - Answer documents of students who are an Emergent Bilingual/English learner (EB/EL) who has been in school in the U.S. for one year.
 - Other exclusions specified in the 2024 Accountability Manual — [Appendix G](#).

Not Tested

- Assessments that are not considered in the participation rate include:
 - Absent: Assessments with a score code of "A."
 - Other: Assessments with a score code of "O."
 - Accelerated Testers: Accelerated testers who did not take an SAT/ACT assessment.

2023–24 Texas Academic Performance Report (TAPR) Glossary

The denominator for participation is the sum of these five categories: Included in Accountability, Mobile, Other Exclusions, and Not Tested (Absent and Other). *STAAR Participation Rate* is rounded to a whole number. For example, 94.49% is rounded to 94%. Small values may show as zero: 0.4% is rounded to 0%, and 0.6% is rounded to 1%.

Attendance, Graduation, and Dropout Rates (2023–24)

Attendance Rate: The percentage of days that students were present based on student attendance for the entire school year. Only students in grades 1–12 are included in the calculation.

Attendance is calculated as follows:

$$\frac{\text{total number of days that students in grades 1–12 were present during the 2022–23 school year}}{\text{total number of days that students in grades 1–12 were in membership during the 2022–23 school year}}$$

(Data source: PEIMS 42400)

Chronic Absenteeism: The unduplicated number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days. Chronic Absenteeism is calculated as follows:

$$\frac{\text{total number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days during the 2022–23 school year}}{\text{total number of K–12 students enrolled for at least 10 days during the 2022–23 school year}}$$

(Data source: PEIMS 42400)

Annual Dropout Rate: The percentage of students who drop out of school during a school year. Annual dropout rates are shown for districts and campuses that serve grades 7–8 and/or 9–12. State law prohibits including a student who meets any of the following criteria from campus and district annual dropout rate calculations:

- Is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
- Was previously reported to the state as a dropout (previous dropout exclusions do not apply to completion measure calculations for AEA campuses)
- Was in attendance but not in membership for purposes of average daily attendance (i.e., students for whom school districts are not receiving state Foundation School Program [FSP] funds)
- Was initially enrolled in a school in the United States in any grade 7 through 12 as an unschooled refugee or asylee as defined by [TEC §39.027\(a-1\)](#)
- Attends a district exclusively as a function of having been detained at a county detention facility and is not otherwise a student of the district in which the facility is located or is being provided

2023–24 Texas Academic Performance Report (TAPR) Glossary

services by an open-enrollment charter school exclusively as the result of having been detained at the facility

- Is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
- Is a student who has suffered a condition, injury, or illness that requires substantial medical care and leaves the student unable to attend school and assigned to a medical or residential treatment facility
- Is a student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district
- Is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; has not completed his or her individualized education program (IEP); and is enrolled and receiving IEP services
- Is a student who (a) is at least 18 years of age and under 26 years of age; (b) has not been previously reported as a dropout; and (c) has not been enrolled in school during the previous nine months before enrolling in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program (previous dropout/previous dropout exclusions do not apply to completion measure calculations for AEA campuses)

Annual Dropout Rate (Gr 7–8). This includes only grades 7 and 8. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 and 8 during the 2022–23 school year}}{\text{number of students in grades 7 and 8 in attendance at any time during the 2022–23 school year}}$$

Annual Dropout Rate (Gr 9–12). This includes grades 9 through 12. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 9–12 during the 2022–23 school year}}{\text{number of students in grades 9–12 in attendance at any time during the 2022–23 school year}}$$

Both annual dropout rates appear on campus, district, region, and state TAPRs. The state and region annual dropout rates that are reported on district and campus TAPRs, however, are calculated without the exclusions required for campus and district calculations.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effect of mobility by including in the denominator every student ever reported in attendance at the district or campus throughout the school year, regardless of length of enrollment. For a more complete description of dropout rates and exclusions, see the [Secondary School Completion and Dropouts in Texas Public Schools, 2022-23](#) reports, available on the TEA website at [Completion, Graduation, and Dropout | Texas Education Agency](#).

2023–24 Texas Academic Performance Report (TAPR) Glossary

Longitudinal Rates: The status of a group (cohort) of students after four years in high school (*4-Year Longitudinal Rate*), after five years in high school (*5-Year Extended Longitudinal Rate*), or after six years in high school (*6-Year Extended Longitudinal Rate*).

For the *4-Year Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2019–20. They are followed through their expected graduation with the Class of 2023.

For the *5-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2018–19. They are followed for five years and included if they graduated within a year after their expected graduation with the Class of 2022.

For the *6-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2017–18. They are followed for six years and included if they graduated within two years after their expected graduation with the Class of 2021.

Additional Information on Cohorts:

A student transfers into a campus, district, or state cohort when he or she moves into the cohort from another high school in Texas, from another district in Texas, or from out of state.

A student transfers out of a campus or district cohort when he or she moves to another public high school in Texas or moves to another district in Texas. Note that these students are transferred into the cohort of the high school or district to which they moved. There are also students who move out of state or out of the country and students who transfer to private schools or who are home-schooled. These types of transfer students cannot be tracked and are not included in longitudinal rate calculations.

A student does not change cohorts if he or she repeats or skips a grade. A student who begins with the 2019–20 ninth-grade cohort remains with that cohort. A student who started the ninth grade in 2019–20 but takes 5 years to graduate (i.e., graduates in May 2024) is still part of the 2023 cohort; he or she is not switched to the 2024 cohort. This student would be considered a continuing student and counted as part of the Continued HS number for the Class of 2023. This is also true for the five-year and six-year extended longitudinal cohorts.

There are four student outcomes used in computing each longitudinal rate:

4-Year Longitudinal Rate

- (1) *Graduated:* The percentage who received their high school diploma in four years or fewer by August 31, 2023 for the 2023 cohort.

number of students from the cohort who received a high school diploma by

August 31, 2023

- (2) *Received TxCHSE:* For the 2023 cohort, the percentage who received a Texas high school equivalency certificate by August 31, 2023. It is calculated as follows:

number of students from the cohort who received a TxCHSE by August 31, 2023

2023–24 Texas Academic Performance Report (TAPR) Glossary

number of students in the 2023 cohort*

- (3) *Continued High School*: The percentage of the 2023 cohort still enrolled as students in the fall after his or her anticipated graduation. It is calculated as follows:

number of students from the cohort who were enrolled in the fall of the 2023–24 school year

number of students in the 2023 cohort*

- (4) *Dropped Out*: The percentage of the 2023 cohort who dropped out and did not return by the fall of the 2023–24 school year. It is calculated as follows:

number of students from the cohort who dropped out before fall of the 2023–24 school year

number of students in the 2023 cohort*

- (5) *Graduates & TxCHSE*: The percentage of graduates and TxCHSE recipients in the 2023 cohort. It is calculated as follows:

number of students from the 2023 cohort who received a high school diploma by August 31, 2023 plus number of students from the cohort who received a TxCHSE by August 31, 2023

number of students in the 2023 cohort*

- (6) *Graduates, TxCHSE & Continuers*: The percentage of graduates, TxCHSE recipients, and continuers in the 2022 cohort. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2023 plus number of students from the cohort who received a TxCHSE by August 31, 2023 plus number of students from the cohort who were enrolled in the fall of the 2023–24 school year

The graduation rate calculation is modified to credit AEA campuses for graduates, continuing students (continuers), TxCHSE recipients, and previous dropouts who complete. The completion rate component includes the six-year rates.

- * The cohort in the denominator of the formulas shown above includes those students who graduated, continued in school, received a TxCHSE, or dropped out. It does not include data errors or leavers with the leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, 87, 88, 89 or 90. The graduation, continuation, TxCHSE recipient, and dropout rates sum to 100% (some totals may not equal exactly 100% due to rounding). Students served through special education who graduate with an individualized education program (IEP) are included as graduates.

Additional Information about Federal Graduation Rates

number of students in the 2023 cohort **

- (2) *5-Year Extended Federal Graduation Rate*. Cohort of students who first attended ninth grade in 2018–19. They are followed for five years to see if they graduated within a year after their expected graduation with the Class of 2022. It is calculated as follows:

College, Career, or Military* Readiness (CCMR) (2023–24)

Annual graduates demonstrate college, career, or military readiness in any one of the following ways:

College Readiness

- 1) **Texas Success Initiative (TSI) Criteria:** Meet Texas Success Initiative (TSI) Criteria in RLA and Mathematics. A student meeting the TSI college readiness standards in both RLA and mathematics; specifically, meeting the college-ready criteria on the TSIA1 and/or TSIA2 assessment, SAT, ACT, or by successfully completing and earning credit for a college prep course as defined in TEC §28.014 and TEC §51.338, in both RLA and mathematics. The criteria for successful completion of a college prep course should be in alignment between an LEA and the partnering IHE(s). In accordance with TEC §51.338(e), upon successful completion of a college prep course, students earn a TSI exemption from the partnering IHE(s) in that content area. Students should only be reported as successfully completing a course if they have met TSI exemption requirements. The assessment results considered include TSIA1 and/or TSIA2 assessments through October 2023, SAT and ACT results through the July 2023 administration, and course completion data via TSDS PEIMS. See Appendix H for additional information. A student must meet the TSI requirement for both RLA and mathematics but does not necessarily need to meet them on the same assessment. For example, a student may meet the TSI criteria for college readiness in RLA on the SAT and complete and earn credit for a college prep course in mathematics. (*Data source: PEIMS 43415, THECB, College Board, and ACT, Inc.*)
- 2) **Earn Dual Course Credits:** A graduate completing and earning credit for at least three credit hours in ELA or mathematics or at least nine credit hours in any subject. (*Data source: PEIMS 43415*)
- 3) **Meet Criteria on Advanced Placement (AP)/International Baccalaureate (IB) Examination:** A graduate meeting the criterion score on an AP or IB examination in any subject area. Criterion score is 3 or more for AP and 4 or more for IB. (*Data source: College Board or IB*)
- 4) **Earn an Associate Degree:** A graduate earning an associate degree by August 31 immediately following high school graduation. (*Data source: PEIMS 40100*)
- 5) **Earn OnRamps Course Credits:** A graduate completing an OnRamps dual enrollment course and qualifying for at least three hours of university or college credit in any subject area. (*Data source: OnRamps program*)
- 6) **Graduates under an Advanced Diploma Plan and Identified as a current Special Education Student:** A graduate who is identified as receiving special education services during the year of graduation and whose graduation plan type is identified as a Recommended High School

The sunseting IBC limit applied within the Student Achievement and School Progress, Part B: Relative Performance domains is not applied within Closing the Gaps. (*Data source: PEIMS 40100*)
- 8) **Graduate with Completed IEP and Workforce Readiness:** A graduate receiving a graduation type code of 04, 05, 54, or 55 which indicates the student has completed his/her IEP and has either demonstrated self-employment with self-help skills to maintain employment or has demonstrated mastery of specific employability and self-help skills that do not require public school services. (*Data source: PEIMS 40203*)
- 9) **Graduate with Level I or Level II Certificate:** A graduate earning a level I or level II certificate in any workforce education area. (*Data source: THECB*)

Advanced/Dual-Credit Course Completion (Grades 9–12): The percentage of students who completed and received credit for at least one advanced or dual-credit course. Decisions about awarding high school credit for college courses are described in [Texas Administrative Code §74.25](#).

Course completion information is reported by districts through the PEIMS after the close of the school year. For example, the values, expressed as percentages for grades 9–12, are calculated as follows: (Data source: PEIMS 43415)

Student Information (2023–24)

Please note, the Enrollment section of this report was added beginning with 2019–20. The definitions below describe the nuances between Membership and Enrollment. If comparing the data shown from this year’s report to reports prior to 2019–2020, use the data displayed under Membership.

Enrollment: Students reported as enrolled as of the last Friday in October.

Membership: Membership differs from enrollment, as it does not include those students who are served for less than two hours per day. A student is in membership if he/she is enrolled and is either

- scheduled to attend at least two hours of instruction each school day or
- participating in an alternative attendance accounting program.

For example, the count of *Total Students* excludes students who attend a non-public school but receive some services, such as speech therapy—for less than two hours per day—from their local school district.

Total Students: The total number of public school students who were reported at any grade from early childhood education through grade 12. (*Data source: PEIMS 40110*)

Students by Grade: The count of students in each grade divided by the total number of students. (*Data source: PEIMS 40110*)

Ethnic Distribution: The number and percentage of students who are identified as belonging to one of the following groups: African American, Hispanic, white, American Indian, Asian, Pacific Islander, and two or more races. (*Data source: PEIMS 40100, 30040, 30050, 30090*)

Male/Female: The number and percentage of students who are identified as male or female. (*Data source: PEIMS 40100*)

Economically Disadvantaged: The count and percentage of students eligible for free or reduced-price lunch or eligible for other public assistance.

Section 504 Students: The count and percentage of students identified as receiving section 504 services. *(Data source: PEIMS 40110)*

Emergent bilingual students/English learner (EB/EL) : The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms “English Learner” (EL) and “Emergent Bilingual” (EB) are used interchangeably.

The percentage of EB/ELs is calculated by dividing the number of EB/ELs by the total number of students in the district or campus. Not all students identified as EB/ELs receive bilingual or English as a second language instruction. *(Data source: TELPAS file)*

Students with Disciplinary Placements: The count and percentage of students placed in alternative education programs under [Chapter 37 of the Texas Education Code](#) (Discipline; Law and Order). Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

number of students with one or more disciplinary placements

number of students who were in attendance at any time during the school year

For 2023–24, the following 19 disciplinary action codes are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Data source: PEIMS 44425)*

Foster Care: The count and percentage of students identified as in the conservatorship of the Department of Family and Protective Services (DFPS). *(Data source: PEIMS 40100)*

Homeless: The count and percentage of students meeting the criteria defined by 42 U.S.C. Section 11434(a), the term “homeless children and youths” —

(A) individuals who lack a fixed, regular, and adequate nighttime residence [within the meaning of section 11302(a)(1)]; and

(B) includes —

(i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters;

(Data source: PEIMS 40100)

Immigrant: The count and percentage of students identified under the definition found under Title III of the No Child Left Behind Act of 2001 (NCLB), where the term ‘immigrant children and youth’ is defined as, “individuals who are aged 3 through 21; were not born in any state; and have not been attending one or more schools in any one or more states for more than 3 full academic years.” The term ‘State’ means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

Mobility: The count and percentage of students who have been in membership for less than 83 percent of the school year (i.e., missed six or more weeks).

number of mobile students in 2022–23

**number of students who were in membership at any time during the
2022–23 school year**

This rate is calculated at the state, region, district, and campus level and is disaggregated by race/ethnicity, economically disadvantaged status, special education status, and emergent bilingual students/English learner status. The mobility rates shown are based on the count of mobile students identified at the campus level. The district mobility rate reflects school-to-school mobility within the

2023–24 Texas Academic Performance Report (TAPR) Glossary

same district or from outside the district. The region mobility rate reflects school-to-school mobility within the same region or from outside the region. *(Data source: PEIMS 42400)*

Attrition Rate: The percentage of students enrolled in fall 2022-23 who did not return to the same campus in the fall of 2023-24. This calculation is adjusted to account for the grade levels available to students at each campus as well as additional factors. For instance, students were excluded from the calculation if the campus in which they were enrolled in 2022-23 did not offer the next grade they were expected to move into in 2023-24 or if they were at a campus in 2022-23 that was no longer active in 2023-24. Students who were retained in grade, including those in Grade 12, remained in the calculation.

Some campuses may not receive an attrition rate because all of their students are excluded from the attrition denominator due to their subsequent grade level not being offered at that campus in 2023-24. Examples of such campuses are campuses that serve single grade levels or campuses that changed the grades offered in 2023-24. Attrition Rate is calculated as follows:

$$\frac{\text{number of students enrolled in fall 2022} - \text{number of students who returned in fall 2023}}{\text{number of students enrolled in fall 2022}}$$

Aggregations of campus denominators and numerators are created for district, region and state levels, and rates for each of those levels are calculated from these sums.

Retention Rates by Grade: The percentage of students in Texas public schools who enrolled in fall 2023 in the same grade in which they were reported for the last six-week period of the prior school year (2022–23).

$$\frac{\text{number of students enrolled in the same grade from one school year to the next}}{\text{number of students enrolled from one school year who return the next year or who graduate}}$$

Special education retention rates are calculated and reported separately because local retention practices differ for students served by special education.

The TAPR and TPRS show retention rates only for grades K–9. Retention rates for all grades can be found in [Grade-Level Retention in Texas Public Schools, 2022-23](#) available from TEA. *(Data source: PEIMS 40110)*

Data Quality (not on campus profile): The percentage of errors made by the district in the PEIMS Student Leaver Data.

Percent of Underreported Students. Underreported students are 7th–12th graders who were enrolled at any time during the prior year, who are not accounted for through district records or TEA processing in the current year, and for whom the district did not submit a leaver record. A district is required to submit a leaver record for any student served in grades 7–12 the previous year unless the student received a Texas high school equivalency certificate (TxCHSE) certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas

Class Size Averages by Grade and Subject: The average class size by grade (elementary) or selected subjects (secondary classes).

For secondary classes, averages are determined by totaling the number of students served (in a subject at the campus) and dividing that sum by the count of classes for that subject.

For elementary classes, the average is determined based on the instructional model. If an elementary teacher teaches all subjects to the same group of fourth graders all day, the class size average is simply the number of fourth grade students served by that teacher. If an elementary teacher teaches a single subject to five different sections of fourth graders each day, however, the average is calculated the same way as for secondary subjects. For example, one fourth grade science teacher teaches five science classes each day with 18, 20, 19, 21, and 22 students in each class. The total of 100 students divided by the five classes produces an average class size of 20 students for that teacher.

The following rules apply to the average class sizes:

- Classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation.
- English language arts (ELA), mathematics, science, social studies, languages other than English, computer science, and career and technical education are included in the calculation, as are self-contained classrooms.
- Classes where the number of students served is reported as zero are not included.
- Service codes with the “SR” prefix are not included.
- Teacher roles coded as “teacher” and/or “substitute teacher” are included.
- Only class settings coded as “regular class” are included.
- Missing partial FTE counts are not included.
- Elementary classes in which the number of students exceeds 100 are not included.
- Mixed grade-level class averages are not included.

Staff Information (2023–24)

Total Staff: The total count of staff which includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. *(Data source: PEIMS 30040, 30050, and 30090)*

2023–24 Texas Academic Performance Report (TAPR) Glossary

Professional Staff: The full-time equivalent (FTE) count of teachers, professional support staff, campus administrators, and on the district profile, central office administrators. Staff are grouped according to roles as reported in PEIMS. Each type of professional staff is shown as a percentage of the total staff FTE. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS 30040, 30050, and 30090)*

Educational Aides: The count and percentage of paraprofessional staff who are reported with a role of 033 (Educational Aide) or 036 (Certified Interpreter). The FTE counts of educational aides are expressed as a percentage of the total staff FTEs. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS 30090)*

Auxiliary Staff (not on campus profile): The count of full-time equivalent (FTE) staff reported in PEIMS employment and payroll records who are not reported in the PEIMS 30090 Staff – Responsibilities record. The auxiliary staff (and educational aide who performs routine classroom tasks under the general supervision of a certified teacher or teaching team) are expressed as a percentage of total staff. For auxiliary staff, the FTE is the value of the percentage of day worked. *(Data source: PEIMS 30060 and 30090)*

Librarians and Counselors (Headcount): The headcount of librarians and counselors is based on full-time equivalent (FTE) for full-time and part-time headcounts. Librarians and counselors are considered part-time when the FTE count is less than or equal to .85 (For example, if an FTE count is less than or equal to .85, the part-time headcount is equal to 1).

Librarians and counselors are headcounts, not sums of FTEs. The district headcount is not a sum of the campus headcount. For example, a counselor spends 50 percent of their time at the elementary (0.50 FTE) and 50 percent of their time at the high school (0.50 FTE). On each of the campus reports, this counselor will be reflected as 1.0 part-time counselor. On the district report, the counselor will be reflected as 1.0 full-time counselor since the FTE count is greater than .85 (0.50 FTE plus 0.50 FTE=1.0 FTE). See Appendix B for PEIMS Role IDs (Professional Support Staff). *(Data source: PEIMS 30040, 30050, and 30090)*

Total Minority Staff: The total count of minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). The minority staff FTE count is expressed as a percentage of the total staff FTE. *(Data source: PEIMS 30040, 30050, and 30090)*

Teachers by Ethnicity and Sex: The counts of teacher FTEs by ethnic group and by sex. Counts are also expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*

Teachers by Highest Degree Held: The distribution of degrees held by teachers. The FTE counts of teachers with no degree, a bachelor's degree, a master's degree, or a doctorate are expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*

Teachers by Years of Experience: The FTE count of teachers by total years of experience for the individual, not necessarily years of experience in the district or campus. Teacher counts within each range of experience are expressed as a percentage of total teacher FTEs. Teachers are reported with zero years of experience (first year teachers), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS 30040, 30050, and 30090)*

2023–24 Texas Academic Performance Report (TAPR) Glossary

Number of Students per Teacher: The total number of students divided by the total teacher FTE count. *(Data source: PEIMS 30040, 30050, and 30090)*

Experience of Campus Leadership: The average years of experience for principals and assistant principals.

Average Years as Principal: The number of completed years of experience as a principal, regardless of district or interruption in service. These amounts are added together and divided by the number of all principals reported for the campus.

Average Years as Principal with District: The number of years a principal is employed in the district regardless of any interruption in service. The amounts are added together and divided by the number of principals reported for the district.

Average Years as Assistant Principal: The number of completed years of experience as assistant principal, regardless of district or interruption of service. The amounts are added together and divided by the number of assistant principals reported for the campus.

Average Years as Assistant Principal with District: The number of years employed as assistant principal in the district regardless of any interruption in service. These amounts are added together and divided by the number of assistant principals reported for the district.

(Data source: PEIMS 30050)

Average Years Experience of Teachers: The average number of completed years of professional experience, regardless of district. Weighted averages are calculated by multiplying each teacher's FTE coefficient (1 for a full-time teacher, .75 for a three-quarter-time teacher, and .5 for a half-time teacher, for example) by his or her years of experience. These amounts are added together and divided by the sum of all teachers' FTE coefficients. *(Data source: PEIMS 30040, 30050, and 30090)*

Average Years Experience of Teachers with District: The average number of years employed in the district regardless of any interruption in service. Weighted averages are calculated by multiplying each teacher's FTE coefficient by his or her years of experience in the district. These amounts are added together and divided by the sum of all teacher's coefficients. *(Data source: PEIMS 30050)*

Average Teacher Salary by Years of Experience (regular duties only): Total pay for all teachers in each category divided by the total teacher FTE count in that category. For the purpose of this calculation, the total actual salary amount is pay for regular duties only and does not include supplemental pay. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. Teachers are reported with zero years of experience (first year teacher), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS 30060)*

Average Actual Salaries (regular duties only): For each category, the total salary for that category divided by the total FTE count for that category. Only payment for regular duties is included in the total salary; supplemental payments for extra duties (e.g., coaching, band and orchestra assignments, club sponsorships) are not included. See Appendix B for lists of the PEIMS role IDs included in each category.

Teachers. Teachers, special duty teachers, and substitute teachers. Substitute teachers are either temporarily hired to replace a teacher or hired permanently on an as-needed basis. The District

2023–24 Texas Academic Performance Report (TAPR) Glossary

Teacher Salary Report and Graph also uses this definition in creating counts for various salary ranges.

Professional Support. Therapists, nurses, librarians, counselors, and other campus professional personnel.

Campus Administration (School Leadership). Principals, assistant principals, and other administrators reported with a specific school ID.

Central Administration (not on campus profile). Superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators reported with a central office ID and not a specific school ID.

Instructional Staff Percent (*district profile only*): The percentage of the district's FTEs whose job function was to provide classroom instruction directly to students during the 2022–23 school year. The instructional staff percent is a district-level measure and is calculated as follows:

$$\frac{\text{total number of hours for district staff who were reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31}}{\text{total number of hours worked by all district employees}}$$

Contact the Division of Financial Compliance at (512) 463-9095 for further details about this measure. (*Data source: PEIMS 30040, 30050, and 30090*)

Turnover Rate for Teachers (*not on campus profile*): The percentage of teachers from the fall of 2022–23 who were not employed in the district in the fall of 2023–24. It is calculated as the total FTE count of teachers from the fall of 2022–23 who were not employed in the district in the fall of 2023–24, divided by the total teacher FTE count for the fall of 2022–23. Staff who remained employed in the district but not as teachers also count toward teacher turnover. (*Data source: PEIMS 30040 and 30090*)

Staff Exclusions (*not on campus profile*): The counts of individuals who serve public school students but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services.

Shared Services Arrangement (SSA) Staff are staff who work in schools located in districts other than their employing district or whose assigned organization (in PEIMS) shows a code of 751, indicating that they are employed by the fiscal agent of an SSA. Only the portion of a person's total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid.

Contracted Instructional Staff (District and Campus Profiles) refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. (*Data source: PEIMS 30055 and 30060*)

2023–24 Texas Academic Performance Report (TAPR) Glossary

Contracted Instructional Staff: The count of individuals who are not regular classroom teachers who have signed a contract with a district, nor are they shared services arrangement employees. Rather, these are instructors for whom the district has entered into a contractual agreement with an outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They include, but are not limited to, speech therapists, occupational therapists, and any other professional contracted staff working in a classroom on a dedicated basis. *(Data source: PEIMS 30055)*

Teacher Incentive Allotment (TIA): The headcount of teachers who received incentive allotment per House Bill 3 and TEC Sec. 48.112 and average TIA payout by categories of Recognized, Exemplary and Master for the 2023-24 school year. *(Data source: Division of District Talent Systems)*

Teachers by Program (population served): The FTE count of teachers categorized by the type of student populations served: regular, special, compensatory, bilingual/ESL, gifted and talented education students, and other populations. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percentage of total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*

Report of 2021-2022 High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education in FY 2023

Texas statute requires every school district to include, with their performance report, information received under Texas Education Code §51.403(e). This information, provided to districts from the Texas Higher Education Coordinating Board (THECB), reports on student performance in postsecondary institutions during the first year enrolled after graduation from high school.

Student performance is measured by the Grade Point Average (GPA) earned by 2021-2022 high school graduates who attended public four-year and two-year higher education in FY 2023. The data is presented alphabetically for each county, school district and high school. The bookmarks can be used to select the first letter of a county. Then the user can scroll down to the desired county, school district and high school.

For each student, the grade points and college-level semester credit hours earned by a student in fall 2022, spring 2023, and summer 2023 are added together and averaged to determine the GPA. These GPAs are accumulated in a range of five categories from < 2.0 to > 3.5. If a GPA could not be calculated for some reason, that student is placed in the "Unknown" column. GPA data is only available for students attending public higher education institutions in Texas. If a high school has fewer than five students attending four-year or two-year public higher education institutions, the number of students is shown but no GPA breakout is given. If a student attended both a four-year and a two-year institution in FY 2023, the student's GPA is shown in the type of institution where the most semester credit hours were earned.

The number of students located at Texas independent institutions is presented. Also shown are "not trackable" graduates, those with non-standard ID numbers that cannot be used to match student identifiers at Texas higher education institutions. "Not found" graduates have standard ID numbers but were not located in FY 2023 at Texas higher education institutions. They might have enrolled in higher education outside of Texas.

No data is given for high schools with 25 or fewer graduates.

Because the statute calls for data on the first year enrolled after graduation, the level of the institution attended by students in this report may not match that given in THECB's high school to college report at <http://www.txhighereddata.org/Interactive/HSCollLink>. That report shows where students attended in the fall semester after their high school graduation year. This report attributes students to the level of institution where they earned the most semester credit hours during the whole academic year, not just the fall semester.

Please note: In May 2012 the 2006-2007, 2007-2008, and 2008-2009 versions of the *Report of High School Graduates' Enrollment and Academic Performance in Texas Public Higher Education* were updated to reflect a minor correction in how the GPA data are distributed across ranges.

Annual Report on Violence & Violence Prevention

I. Overview

Texas Education Code Sec. 39.306 requires each district's board of trustees to publish an annual report that includes the Texas Academic Performance Report (TAPR); campus performance objectives; a report of violent or criminal incidents; and information received under Texas Education Code Sec. 51.403(e) from the Texas Higher Education Coordinating Board. The contents of this report reflect the requirements in statute according to Texas Education Code Sec. 39.306 that each district must report on violent or criminal incidents. The Cypress-Fairbanks Independent School District's total number of incidents for 2023-2024 was 1,594, with a student population of 118,187, resulting in a rate of 0.0135 actions per student. This statistic includes only data that is correlated to specific TEA "discipline action reason codes" as recommended by the Deputy Commissioner of Programs and Instruction; therefore, it does not include every infraction detailed in the Cypress-Fairbanks Independent School District's local Student Code of Conduct. The data includes only incidents which occurred in the 2023-2024 school year.

School Year	2023-2024
Total Student Population	118,187*

- information concerning school violence prevention and violence intervention policies and procedures that the district is using to protect Students

* Total Student Population count reflects the total number of students reported in membership on the October snapshot date (the last Friday in October).

RE: **Electricity Procurement
Proposal #25-01-9300 RFP**

Since 2002, which marked the beginning of deregulation of the electricity market in the State of Texas, CFISD has been actively engaged in negotiating the best pricing available for this commodity. The following bulleted items illustrate some of those negotiations:

- From 2002-2007, CFISD participated in an aggregation, which included the majority of surrounding school districts, with Strategic Energy.
- In 2006, CFISD began investigating other options, posted a Request for Proposal (RFP) for electricity pricing, and subsequently signed a contract with TXU Energy.
- In 2009, CFISD posted another Request for Proposal (RFP) for electricity and signed a new contract with TXU Energy.
- In 2015, the market conditions presented CFISD with some savings opportunities for the purchase of electricity in the natural gas futures market. The price of electricity is significantly determined by the natural gas market. We are currently under contract with TXU through April 2025. Since 2016, we have been able to secure rates between 2% and 11% lower through April 2025. The potential savings to the District is approximately \$2.7 million for this period when compared to the contracted rate for May 2018 through April 2019.
- In 2019 the market continued to present favorable all time low rates. CFISD extended the contract with TXU and locked in a rate of .03185 per kwh from May 1, 2025, through April 30, 2029, with TXU Energy. This rate will yield a savings of 25 million dollars, compared to current market rates.

Since 2020, the market has not suggested that it will return to all-time lows now or in the perceivable future, making the 2019 contract even more remarkable. Although CFISD has four (4) years before the current contract expires. It is advantageous for CFISD to utilize "time" as a primary factor to best negotiate and execute the next contract. CFISD has issued an RFP that meets CFISD standards and criteria.

We are asking the Board to approve the authorization of the Superintendent or designee to negotiate and execute any and all agreements as may be required that will offer the District the

best value for the procurement of electricity per terms of the RFP and/or TIPS Purchasing Cooperative starting in May 2029. Administration will target a rate at or below a benchmark rate of \$0.059/kWh, for an electricity contract past the existing term for up to sixty (60) months. Because of potential timing of the receipt of pricing from the proposers, which is done typically twice a day, and the short response time required to execute the order to purchase the block of electricity for the specified time period, it is critical for this authorization to be approved by the Board. Otherwise, a delay in the decision could result in a missed opportunity for significant savings to the District.

Upon approval of this agenda item, the District will continue to follow the electricity and natural gas futures market, request pricing from the selected Retail Electric Providers and then negotiate a final agreement and execute the order for the purchase of electricity that provides the best value to the District.

If you should have any questions, please do not hesitate to call.

1. Local leave.
2. State sick leave accumulated before the 1995-96 school year.
3. Vacation, if applicable.
4. State personal leave.

State Personal Leave The Board requires employees to differentiate the manner in which state personal leave is used.

Nondiscretionary Use Nondiscretionary use of leave shall be for the same reasons and in the same manner as state sick leave accumulated before May 30, 1995. [See DEC(LEGAL)]

Discretionary Use Discretionary use of leave is at the individual employee's discretion, subject to limitations set out below.

Limitations

Request for
Leave

The employee shall submit a written request for discretionary use of state personal leave to the immediate supervisor or designee in advance in accordance with administrative regulations. In deciding whether to approve or deny state personal leave, the supervisor or designee shall not seek or consider the reasons for which an employee requests to use leave. The supervisor or designee shall, however, consider the effect of the employee's absence on the educational program or District operations, as well as the availability of substitutes. Discretionary use of state personal leave shall be granted on a first-come, first-served basis on each campus or within each department.

Duration of
Leave

Discretionary use of state personal leave shall not exceed three consecutive workdays except when used under the student teaching leave provisions for paraprofessional and ancillary employees.

Local Leave

All employees shall earn five paid local leave days per school year, in accordance with administrative regulation DEC(REGULATION), for the first 187 workdays of employment.

Employees in positions requiring more than 187 workdays per year shall earn additional local leave days, in accordance with administrative regulation DEC(REGULATION).

Local leave shall accumulate without limit.

Local leave may be used under the student teaching leave provisions for paraprofessional and ancillary employees.

Unless expressly stated otherwise in this policy, local leave shall be used according to the terms and conditions of state sick leave accumulated before the 1995-96 school year. [See DEC(LEGAL)]

Sick Leave Bank

The District shall establish a sick leave bank that employees may join through contribution of local leave.

Leave contributed to the bank shall be solely for the use of participating employees. An employee who is a member of the bank may request leave from the bank if the employee or a member of the employee's immediate family experiences a catastrophic illness or injury and the employee has exhausted all paid leave and vacation, if applicable.

If the employee is unable to request leave from the sick leave bank, a member of the employee's family or the employee's supervisor may submit the request.

The Superintendent or designee shall develop regulations for the operation of the sick leave bank that address the following:

1. Membership in the sick leave bank, including the number of days an employee must contribute to become a member;
2. Procedures to request leave from the sick leave bank;
3. The maximum number of days per school year a member employee may receive from the sick leave bank;

5. Other procedures deemed necessary for the operation of the sick leave bank.

**Emergency Closure
Leave**

All eligible employees shall receive 10 leave days of emergency closure leave per fiscal year, in accordance with administrative regulation DEC(REGULATION). Emergency closure leave shall not carry over beyond the fiscal year in which it is allocated. Emergency closure leave may only be used if the Superintendent, in accordance with EB(LOCAL), has closed the District, individual campus(es), or facility as a result of a local, regional, or national disaster, epidemic, or other emergency condition resulting in the unplanned closure of the District, individual campus(es), or facility.

**Compensation

Use of paid leave for adoption/foster care under this paragraph shall run concurrently with leave under the FMLA, if applicable.

Mental Health Leave

An employee is eligible for up to three days of mental health leave through administrative leave with pay, granted in response to a traumatic event that occurred in the scope of the employee's employment with the District, as defined in DEC(REGULATION). Mental health leave is provided without a deduction in salary or other leave. Requests for mental health leave must be submitted in writing to the employee's immediate supervisor within seven calendar days of the traumatic event. Mental health leave requests shall be treated with confidentiality.

Assault Leave

An eligible employee who is physically assaulted during the performance of regular duties is entitled to the number of days of leave necessary to recuperate from all physical injuries sustained as a result of the assault, for up to two (2) years from the date of injury. A District employee is physically assaulted if the person engaging in the conduct causing injury to the employee:

1. Could be prosecuted for assault; or
2. Could not be prosecuted for assault only because the person's age or mental capacity makes the person not responsible for purposes of criminal liability.

Assault Leave runs concurrent with any other eligible leave.

An employee is considered recuperated from physical injuries sustained once the employee can return to duty with or without accommodations, unless doing so would worsen an injury or additional leave would facilitate the healing process.

Communicable Disease Leave for Peace Officers

A commissioned peace officer employed by the District as a police officer pursuant to CKE(A)(LOCAL) is eligible for quarantine or isolation leave if the officer in the scope of employment is:

1. Exposed to or contracts a communicable disease defined as a notifiable condition by the Texas Department of State Health Services in Title 25 of the Texas Administrative Code Section 97.3; and

If a District police officer is ordered to quarantine by the Harris County Public Health Department under this provision, the officer is eligible for reimbursement for reasonable costs of lodging and meals for the ordered quarantine in accordance with DEC(REGULATION) and District policy.

**Law Enforcement
Line of Duty Leave**

A commissioned peace officer employed by the District as a police officer pursuant to CKEA (LOCAL) is eligible for Law Enforcement Line of Duty Leave for physical illness or injury resulting from an eligible action taken while on duty. For up to one year, days of Law Enforcement Line of Duty Leave may not be deducted from the officer's personal leave. In the event an officer also qualifies for Assault Leave under this policy, the officer will also be placed on assault, which shall run concurrently with Law Enforcement Line of Duty Leave.

Following exhaustion of Law Enforcement Line of Duty leave, the District shall not extend the leave of absence for a police officer's line of duty illness or injury. However, the officer may utilize and any other eligible leave for which the officer qualifies under this policy (i.e., Assault Leave) or use accumulated personal leave and in accordance with DEC(REGULATION). Injuries or illness resulting from routine or administrative duties not specific to a law enforcement action that occur during employment may be covered by other leave or benefit entitlements for which the officer qualifies and is eligible.

When the need for leave is foreseeable, the employee must return the completed medical certification to the human resources department within 15 calendar days of receiving the form. The health-care provider must describe the appropriate medical facts regarding the person's health condition. Failure to return the forms on a timely basis, or submission of incomplete forms, may result in a delay or denial of leave and could result in the employee's absence being designated as unexcused and unprotected.

The employee shall provide subsequent medical certification every 30 days except as provided by FMLA regulations.

Fitness-for-Duty
Certification

If an employee takes FMLA leave due to the employee's own serious health condition, the employee shall provide, before resuming work, a fitness-for-duty certification.

The medical certification shall contain a statement about the employee's ability to perform essential job functions. Failure to provide the certification may result in a delay or denial of restoration of employment. The costs associated with obtaining the certification shall be the employee's responsibility. The fitness-for-duty requirement shall not apply to employees returning from intermittent or reduced schedule leave.

An employee shall give notice of the intent to return to duty before expiration of the FMLA leave. The employee ordinarily shall give notice two business days before his or her projected date of return in order to minimize potential workplace disruption and to allow for the smooth transition of assignments from other employees to the returning employee.

10. Ownership of and Rights to Intellectual Property

This Agreement shall not be construed to convey any rights of ownership or any other license, right, title, or interest in the other Party's trademarks, copyrights, or patents. Each Party to this Agreement retains the right of ownership in its respective intellectual property.

**INTERLOCAL CONTRACT
BETWEEN
THE DEPARTMENT OF INFORMATION RESOURCES
AND
CYPRESS-FAIRBANKS INDEPENDENT SCHOOL DISTRICT
RELATING TO THE USE OF THE DIR SHARED SERVICES MASTER SERVICE
AGREEMENTS**

This Interlocal Contract (“ILC” or “Contract”) is entered into by the governmental entities shown above as contracting parties (referred to individually as a “Party” and collectively as the “Parties”) pursuant to the provisions of the Interlocal Cooperation Act, Chapter 791, Texas Government Code. This ILC is created under the authority of and to give effect to the intent and purpose of Chapters 2054 and 2059 of the Texas Government Code.

The entity receiving services under the DIR Shared Services Contracts through this ILC is hereinafter referred to as the “Receiving Entity” or the “DIR Customer.”

This ILC authorizes DIR Customer to participate in the Department of Information Resources (“DIR” or “Performing Agency”) Shared Services Program. The DIR Shared Services Program includes contracts that have been competitively procured by DIR. All specific services and products are purchased through the DIR Shared Services Program contracts and subject to the processes and terms therein.

DIR’s Shared Services Program provides for a Multisourcing Service Integrator (MSI) service provider (“MSI SCP”) and various Service Component Providers (“SCP”). The Shared Services Master Service Agreements, as amended, are defined on the Shared Services web page on the DIR website (“DIR Shared Services Contracts”) and are incorporated herein. Unless otherwise referenced, the references to Exhibits and Attachments herein are references to Exhibits and Attachments of the DIR Shared Services Contracts.

DIR Customer acknowledges and agrees that this ILC is with DIR and, therefore, DIR Customer does not have privity of contract with the SCPs.

Capitalized terms not defined herein shall have the meaning set forth in the relevant DIR Shared Services Contract.

**SECTION I
CONTRACTING PARTIES**

DIR CUSTOMER: Cypress-Fairbanks Independent School District

PERFORMING AGENCY: Department of Information Resources

SECTION II STATEMENT OF SERVICES TO BE PERFORMED

2.1 Effect of ILC and General Process

The DIR Shared Services Program offers a variety of services and related support and products. The list of such services is provided through the DIR Shared Services Catalog and the DIR Shared Services portal. Further, SCPs may work with third-party vendors to provide additional services or products within the requirements of the relevant DIR Shared Services Contract.

This ILC describes the rights and responsibilities of the Parties relating to implementation, operation, maintenance, use, payment, and other associated issues by and between DIR Customer and DIR related to the Services to be provided through the DIR Shared Services Contracts. DIR Customer shall receive the Services described in the DIR Shared Services Contracts, subject to the terms of the relevant DIR Shared Services Contracts and this ILC. DIR Customer is only subject to those specific terms to the extent DIR Customer requests services or products through those specific DIR Shared Services Contracts. Each specific DIR Shared Services program also has program-specific terms and conditions. Upon DIR Customer's approval of such terms and conditions, the program-specific terms and conditions are incorporated automatically herein.

The details of specific processes and procedures are contained in the relevant Service Management Manual ("SMM"), developed by the MSI and/or SCPs, approved by DIR, and incorporated herein. The DIR Shared Services Contracts require the MSI and SCPs to develop appropriately documented policies, processes, and procedures and to provide training to DIR Customer personnel where required to ensure effective service interfaces, before approval and adoption of the SMM.

The terms of the relevant DIR Shared Services Contracts will apply to this ILC and will remain in full force and effect except as may be expressly modified by any amendment to the specific DIR Shared Services Contract. Such amendments will automatically apply to this ILC with no further action by the Parties. DIR shall keep DIR Customer generally informed of such amendments and provide the opportunity to provide input to DIR through the Shared Services portal as well as the DIR Shared Services Program Governance structure described below.

2.2 DIR Shared Services Program Process

To obtain Services, DIR Customer shall either order services directly through the MSI Marketplace portal where certain services and pricing are established or request certain services and products through the Request for Services process. This process is detailed in the relevant SMM for each SCP. As part of the response to a Request for Service, DIR Customer will receive a proposal, including the proposed solution or service, estimated cost or other financial obligations, if any, and any other relevant program-specific terms and conditions related to the services provided for in response to the Request for Service.

DIR Customer may accept or decline those terms and services at that time. The final DIR Customer approved technical solution, financial solution, and related terms are contractually binding terms that incorporate the terms of this ILC and the relevant Shared Services Contract(s). The program-specific terms and all other service/solution related terms and conditions are incorporated herein automatically upon DIR Customer's approval of such terms and conditions. Later termination of a Service or solution after an original approval or any pre-payment, may result in additional cost to the DIR Customer and may not allow for any refund of payments already made.

2.3 Change Orders and Change Control

In accordance with the relevant SMM and Shared Services Contract requirements, DIR Customer will coordinate with the MSI and/or SCP for all change requests. Change Control processes and authority may vary between DIR Shared Services Contracts as it relates to the rights of Customers to request changes. Further, Change Control does not allow DIR Customers to alter terms and conditions of the DIR Shared Services Contracts.

SECTION III DIR CUSTOMER PARTICIPATION

3.1 General Shared Services Governance

Governance of the DIR Shared Services Program is based on an owner-operator approach in which DIR Customers, in the role of operator, actively work with all SCPs to resolve local operational issues and participate in committees to address enterprise matters. Enterprise-level decisions, DIR Customer issues, and resolution of escalated DIR Customer-specific issues are carried out by standing governance committees, organized by subject area and comprised of representatives from DIR Customers, DIR management, SCP management, MSI management, and subject-matter experts. DIR Customers are structured into partner groups that select representatives to participate in these committees. DIR Customer shall participate within this Governance structure as described above and within the relevant SMM(s) ("Shared Services Governance").

3.2 DIR Customer and SCP Interaction and Issue Escalation

In accordance with the relevant SMM(s), DIR Customer shall interface with SCPs on the performance of "day-to-day" operations, including work practices requiring SCP and DIR Customer interaction, issues resolution, training, planning/coordination, and "sign-off." All issues are intended to be resolved at the lowest level possible. In those instances where it becomes necessary, the following escalation path is utilized. If DIR Customer is not able to resolve an issue directly with SCP staff, DIR customer escalates the issue to SCP management. If the issue cannot be resolved by SCP management, DIR Customer escalates to DIR. If the issue cannot be resolved by DIR, DIR Customer escalates to the appropriate DIR Shared Services Program Governance committee.

3.3 DIR Customer Specific Laws

Per the Compliance with Laws section of the DIR Shared Services Contracts, DIR Customer shall notify DIR, in writing, of all DIR Customer-specific laws (“DIR Customer-Specific Laws”), other than SCP Laws, that pertain to any part of DIR Customer’s business that is supported by SCPs under the DIR Shared Services Contracts, and DIR will notify SCPs, in writing, of such DIR Customer-Specific Laws. The Parties intend that such DIR Customer-Specific Laws will be identified and included in the portion of the SMM specific to DIR Customer. DIR Customer shall use commercially reasonable efforts to notify DIR, in writing, of any changes to DIR Customer-Specific Laws that may, in any way, impact the performance, provision, receipt and use of Services under the DIR Shared Services Contracts. DIR shall advise SCPs of such change and require that any changes to DIR Customer-Specific Laws are identified and included in the SMM. If necessary to facilitate DIR compliance with the requirements of the DIR Shared Services Contracts, DIR Customer shall provide written interpretation to DIR of any DIR Customer-Specific Law.

3.4 DIR Customer responsibilities

Where appropriate, DIR Customer shall support the following:

- (a) Software currency standards are established for the Shared Services environment through the owner operator governance model. DIR Customers will be engaged in approval of these standards and the development of technology roadmaps that employ these software currency standards. DIR Customers are expected to remediate applications in order to comply with the standards
- (b) Technology standards (e.g. server naming standards, reference hardware architectures, operating system platforms) are established through Shared Services Governance. DIR Customers will adhere to these standards. Any exceptions will follow governance request processes.
- (c) DIR Customer shall ensure network connectivity and sufficient bandwidth to meet DIR Customer’s needs.
- (d) DIR Customers will collaborate with SCPs to establish and leverage standard, regular change windows to support changes to enterprise systems. These change windows will be constructed to support varying degrees of service impact, from planned down-time to no service impact. Standard enterprise changes during these windows may affect all systems in one or more of the consolidated data centers simultaneously.
- (e) DIR Customers will support the consolidation of commodity services into shared enterprise solutions that leverage common management and configuration practices delivered by the service providers. Examples of such commodity services are SMTP mail relay and DNS management.

- (f) DIR Customers will support and align with standard enterprise Service Responsibilities Matrixes and associated processes for obtaining an exception or making improvements to the standard enterprise Service Responsibility Matrixes.

3.5 DIR Customer Equipment and Facilities

Any use by SCPs of DIR Customer Equipment and/or Facilities shall be limited to the purpose of fulfilling the requirements of this ILC or the DIR Shared Services Contracts.

DIR Customer will retain ownership of DIR Customer Equipment. DIR Customer shall comply with DIR refresh policies, as amended from time to time by DIR.

3.6 DIR Customer Contracts, Leases, and Software with Third Parties

DIR Customer will make available for use or use its best efforts to cause to be made available for use by DIR and/or SCPs the DIR Customer Contracts and Leases with third parties (“DIR Customer Third Party Contracts and Leases”) and DIR Customer third party software (“DIR Customer-Licensed Third Party Software”) that pertain to the Shared Services. Any use by DIR and/or SCPs of DIR Customer Third Party Contracts and Leases and/or DIR Customer-Licensed Third Party Software shall be limited to fulfilling the requirements of this ILC or the DIR Shared Services Contracts.

SCPs shall obtain all Required Consents in accordance with DIR Shared Services Contracts. DIR Customer will use its best efforts to assist SCPs to obtain from each Third Party Software licensor the right to use the DIR Customer-Licensed Third Party Software for Services provided under the DIR Shared Services Contracts. Except to the extent expressly provided otherwise and in accordance with the DIR Shared Services Contracts, SCPs shall pay all transfer, re-licensing, termination charges and other costs or expenses associated with obtaining any Required Consents or obtaining any licenses or agreements as to which SCPs are unable to obtain such Required Consents. If requested by DIR, DIR Customer shall cooperate with SCPs in obtaining the Required Consents by executing appropriate DIR approved written communications and other documents prepared or provided by SCPs.

3.7 Security

DIR Customer shall comply with recommended relevant security standards and relevant SCP security guides, as amended from time to time by DIR, the MSI, or the SCP. DIR Customer shall inform DIR as to any DIR Customer specific security considerations.

DIR Customer acknowledges that any failure on its part to follow recommended security standards, policies, and procedures may place its own data and operations at risk as well as those of SCP(s) and other governmental entities. DIR Customer accepts the related potential risks and liabilities that are created by DIR Customer’s failure to comply with the recommendations if it is determined such recommendations would have prevented an issue. DIR accepts no responsibility for the risk or liability incurred due to a DIR

Customer's decision to not follow DIR's recommendations. SCP will not be liable for violations of security policies and procedures by DIR Customer. Additionally, failure to comply with security standards, policies, and procedures may lead to the suspension or termination of the availability of certain Applications and services. SCP will give DIR and the DIR Customer notification of non-compliance.

SECTION IV CONTRACT AMOUNT

In accordance with terms of the DIR Shared Services Contracts, including all relevant pricing and accepted Request for Services proposals, and this ILC, DIR Customer shall be responsible for and agrees to pay DIR the applicable Charges for Services received from the SCPs and the MSI, Services DIR Customer agrees to pre-pay, the DIR recovery fees, any allocated charges, and any Pass Through Expenses incurred by DIR or SCPs on behalf of DIR Customer. The applicable fees are set out in the relevant DIR Shared Services Contracts as incorporated herein and, if applicable, specifically addressed in response to any Request for Services. Certain pricing is based upon DIR Customer's specific consumption; therefore, DIR Customer controls the amounts and duration of the contract amounts. It is understood and agreed that amounts are subject to change depending upon Services required and/or requested and approved and further dependent upon legislative direction and appropriations available for such Services.

Attachment A provides the estimated spend for services as approved by DIR Customer. DIR Customer may complete this form, as may be required by DIR Customer's own processes and procedures, and submit it to DIR. This form may be revised and updated by DIR Customer at any time as needed without a formal amendment from DIR by DIR Customer submitting to DIR an updated form. DIR Customer must adhere to its own policies and processes for authorizing an adjustment to such amounts internally. DIR Customer is solely responsible for monitoring compliance with Attachment A and to communicate any changes to Attachment A to DIR. DIR shall not be responsible for monitoring or ensuring such compliance.

SECTION V PAYMENT FOR SERVICES

DIR shall electronically invoice DIR Customer for Services on a monthly basis. Certain Services may not require Customer payment and, thus, may not be invoiced. Each invoice shall include the applicable monthly charges for Services received from the SCPs, the DIR recovery fees, all allocated charges, and any Pass-Through Expenses incurred by DIR or SCPs on behalf of DIR Customer in accordance with the DIR Shared Services Contracts.

The DIR recovery fees shall be reviewed at least annually in accordance with the requirements for billed statewide central services as set forth in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments (as updated, revised or restated) and other applicable statutes, rules, regulations and guidelines. DIR shall retain

documentation for the DIR recovery fees. DIR fees are also determined and reported in accordance with DIR processes and sections 2054.0345-0346 of the Texas Government Code.

Each invoice shall include sufficient detail for DIR Customer to allocate costs to all federal and state programs in accordance with the relative benefits received and to make federal claims according to the federal cost plan of DIR Customer.

In order to allow DIR to meet the statutory payment requirements in Chapter 2251, Texas Government Code, DIR Customer shall make monthly payments by check or Electronic Funds Transfer (EFT) within twenty (20) days following receipt of each invoice from DIR. For purposes of determination of the payment due date, DIR and DIR Customer shall use the date when the invoice is electronically transmitted by DIR to DIR Customer and posted on the chargeback system along with reports that substantiate the service volumes and associated charges. Although cash flow considerations require timely payments as required herein, the rights of DIR Customer and DIR to dispute charges shall be consistent with Texas law.

The MSI SCP is required to develop and maintain a chargeback system. DIR shall coordinate requirements and functionality for the chargeback system with DIR Customer needs and requirements under federal and state requirements for invoiced charges generated through the system. DIR Customer shall utilize this chargeback system to link the designated measurable activity indicators (such as applications or print jobs) with the appropriate financial coding streams. DIR Customer shall update this information monthly, or at such other intervals as are necessary, to enable the MSI SCP to generate accurate invoices reflecting the appropriate distribution of costs as designated by DIR Customer.

DIR Customer is liable for all costs and expenses associated with providing Services under the ILC to the extent such costs and expenses have been incurred by DIR and such Services have been provided to DIR Customer or DIR Customer agrees to pay for such Services prior to receiving them.

Except as allowed in Texas Government Code, Chapter 2251, DIR Customer shall have no right to set off, withhold or otherwise reduce payment on an invoice. In accordance with Texas Government Code, Section 791.015, to ensure enforceability of payment obligations, DIR Customer consents to DIR presenting this ILC and all unpaid invoices to the alternate dispute resolution process, as set forth in Chapter 2009, Texas Government Code. Provided, however, that such consent shall not constitute an agreement or stipulation that Services have been provided or that the invoices are correct. DIR Customer expressly retains all rights to which it is entitled under Texas Government Code, Chapter 2251, in the event of a disagreement with DIR as to whether Services have been provided and accepted or an invoice contains an error.

If DIR Customer disputes an invoice, it shall present the billing dispute in writing directly to the MSI through the Service Catalog within four (4) invoice cycles after the date DIR Customer receives the invoice and reports that substantiate the service volumes and

associated Charges from DIR. DIR Customer will provide to the MSI all relevant documentation to justify the billing dispute.

SECTION VI TERM AND TERMINATION OF CONTRACT AND SERVICES

6.1 Term and Termination of ILC

The term of this ILC shall commence upon start of services or execution of this ILC, whichever shall come earlier, and shall terminate upon mutual agreement of the Parties.

This ILC is contingent on the continued appropriation of sufficient funds to pay the amounts specified in DIR Customer's Requests for Services, including the continued availability of sufficient relevant federal funds if applicable. Continuation of the ILC is also contingent on the continued statutory authority of the Parties to contract for the Services. If this ILC is terminated for any reason other than lack of sufficient funds, lack of statutory authority, or material breach by DIR, DIR Customer shall pay DIR an amount sufficient to reimburse DIR for any termination charges and any termination assistance charges incurred under the DIR Shared Services Contracts and this ILC as a result of such termination by DIR Customer. DIR Customer shall provide at least ninety (90) days' written notice to DIR prior to termination. Payment of such compensation by DIR Customer to DIR shall be a condition precedent to DIR Customer's termination.

DIR and DIR Customer acknowledge and agree that compliance with federal law and ongoing cooperation with federal authorities concerning the expenditure of federal funds in connection with the DIR Shared Services Contracts and this ILC are essential to the continued receipt of any relevant federal funds.

6.2 Termination of Services

If DIR Customer terminates certain Services, that it requested and approved, for convenience, DIR Customer shall pay the remaining requisite unrecovered costs that have already been incurred prior to the notice of termination, such unrecovered costs will be calculated in accordance with the relevant Shared Services Contract, SMM, or the approved services proposal and related terms. DIR Customer understands that it may not be able to terminate services or receive any refund of a pre-payment after approving the relevant financial solution.

SECTION VII MISCELLANEOUS PROVISIONS

7.1 Public Information Act Requests

Under Chapter 552, Texas Government Code (the Public Information Act), information held by SCPs in connection with the DIR Shared Services Contracts is information collected, assembled, and maintained for DIR. DIR shall respond to Public Information Act requests for SCP information. If DIR Customer receives a Public Information Act request for SCP information that DIR Customer possesses, DIR Customer shall respond to the request as it relates to the information held by DIR Customer. Responses to requests for confidential information shall be handled in accordance with the provisions of the Public Information Act relating to Attorney General Decisions. Neither Party is authorized to receive or respond to Public Information Act requests on behalf of the other. 7.2 Inventory Control

DIR shall coordinate financial accounting and control processes between DIR Customer and SCPs and ensure inclusion of reasonable control and reporting mechanisms, including any control and reporting mechanisms specifically required by DIR Customer, in the Service Management Manual. 7.3 Confidential Information

DIR shall require SCPs to maintain the confidentiality of DIR Customer information to the same extent that DIR Customer is required to maintain the confidentiality of the information, and with the same degree of care SCPs use to protect their own confidential information. DIR acknowledges that DIR Customer may be legally prohibited from disclosing or allowing access to certain confidential data in its possession to any third party, including DIR and SCPs. The relevant SMM shall document detailed confidentiality procedures, including the process DIR Customer shall follow to identify confidential information it is legally prohibited from disclosing or allowing access to by DIR and SCPs and including confidentiality procedures required that are specific to DIR Customer. The DIR Shared Services Contracts sets forth the confidentiality obligations of SCPs.

DIR Customer shall notify DIR, in writing, (1) if DIR Customer is a covered entity subject to the Health Insurance Portability and Accountability Act (HIPAA) privacy regulations at 45 Code of Federal Regulations Parts 160 and 164, that is required to enter into a business associate agreement with DIR or SCPs; (2) if DIR Customer receives Federal tax returns or return information; and (3) if DIR Customer is subject to any other requirements specific to the provision of Services. If DIR Customer receives federal tax returns or return information, then DIR Customer must comply with the requirement of IRS Publication 1075 and Exhibit 7 to IRS Publication 1075. In the event a DIR customer is subject to additional requirement as mentioned in this section, DIR shall require SCPs to maintain the confidentiality of DIR Customer information in accordance with language

included in Attachment B of this agreement. Such additional requirements as is included in Attachment B of this agreement shall be included in the relevant SMM.

The failure to enforce or any delay in the enforcement of any privileges, rights, defenses, remedies, or immunities available to DIR Customer by law will not constitute a waiver of said privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel. Except as expressly provided herein, DIR

Customer does not waive any privileges, rights, defenses, remedies or immunities available to DIR Customer.

This Customer Agreement will be construed and governed by the laws of the State of Texas. Venue for any action relating to this Customer Agreement is in Texas state courts in Austin, Travis County, Texas, or, with respect to any matter in which the federal courts have exclusive jurisdiction, the federal courts for Travis County, Texas.

NOTICE OF A PUBLIC MEETING & NOTICE OF PROPOSED CONTRACT FOR LEGAL SERVICES

Notice is hereby given that a meeting of the Board of Trustees of Cypress-Fairbanks Independent School District be held on February 10, 2025, for the purpose of considering and taking action on all matters on the agenda for the meeting, including approval of an agreement with the law firms of Thompson & Horton, LLP, Eiland & Bonnin, PC, and O'Hanlon, Demerath & Castillo, PC as special counsel to perform all legal services necessary to recover damages sustained by the District related to youth social media usage and any other action that may be necessary to pursue the best interests of the District in related litigation on a contingent fee basis.

The purpose of the agreement is to pursue any and all available causes of action in Multi District Litigation 3047 or JCCP 5255 seeking to recover damages due to youth social media usage and addiction sustained by Cypress-Fairbanks Independent School District. By way of this agreement, Cypress-Fairbanks Independent School District seeks to recover damages, court costs, penalties, and other relief under applicable law.

Thompson & Horton, LLP is a full-service school law firm whose mission is to provide the highest quality personalized legal service to public and private schools, institutions of higher education, local governments, and private individuals and companies. Thompson & Horton attorneys have unique and specialized qualifications based on several hundred years of combined experience. Leaders in the field, their attorneys have been directly involved in many of the most significant court cases, administrative decisions, and public policy developments affecting their clients over the past 40 years. Thompson & Horton has represented the District since 2009. Thompson & Horton discussed the social media litigation with the District in the Autumn of 2024. Thompson & Horton introduced O'Hanlon, Demerath & Castillo and Eiland & Bonnin to the District to consider the social media litigation.

Eiland & Bonnin, PC engages in complex contingent fee litigation which has required the investment of hundreds of thousands to millions of dollars of litigation expenses. Lawyers in the firm have served in past MDL leadership committees. The firm has worked in many high-profile litigations like the MGM Grand Las Vegas Mass Shooting, Syngenta GMO Corn, and BP Texas City Refinery Explosion. After 20 years of service as a member of the Texas House of Representatives for Districts 23 & 24, Craig Eiland has a unique understanding of what elected officials and public entities are confronted with when navigating complex litigation. Mr. Eiland regularly advises multiple Texas school districts in litigation. Thompson & Horton has represented the District since 2009. The inception of the relationship between Eiland & Bonnin and the District began when Thompson & Horton introduced Eiland & Bonnin to the District in the Autumn of 2024 to consider the social media litigation.

O'Hanlon, Demerath & Castillo, PC regularly serves school districts across the state of Texas in a general counsel capacity and maintains a principal office in Austin, Texas and also offices in Pharr, San Antonio and Fort Worth. The firm has litigated statewide high profile public education related cases such as the No Pass No Play, the A-F litigation and multiple Edgewood decisions related to the school finance system. After serving as General Counsel for the Texas Education Agency and litigating various high-profile issues for the public education system for

the Attorney General of Texas, Kevin O'Hanlon founded the firm in 1992 to serve the needs of Public Entity clients. Justin Demerath operates a contingent fee litigation practice within the firm that regularly represents public entities on a contingent fee basis, often in the scope of property insurance disputes. Additionally, his practice has recovered millions of dollars in recovery in high-profile multi-district litigations, including Syngenta GMO Corn, General Motors ignition switch recall, Trans-vaginal mesh, and NFL concussion litigation, as well as serving in leadership of cases that garnered national attention like the Sutherland Springs Mass Shooting. Thompson & Horton has represented the District since 2009. The inception of the relationship between O'Hanlon, Demerath & Castillo and the District began when Thompson & Horton introduced O'Hanlon, Demerath & Castillo to the District in the Autumn of 2024 to consider the social media litigation.

Thompson & Horton has not previously represented Cypress-Fairbanks Independent School District on a contingency fee arrangement but has served the school district as outside counsel in a variety of litigation matters since 2009 and its attorneys have assisted the Board of Trustees with its last three superintendent searches. Eiland & Bonnin has not previously represented Cypress-Fairbanks Independent School District on a contingency fee arrangement. Eiland & Bonnin has not previously represented Cypress-Fairbanks ISD in any capacity. O'Hanlon Demerath and Castillo has not previously represented Cypress-Fairbanks Independent School District on a contingency fee arrangement. O'Hanlon Demerath and Castillo has not previously represented Cypress-Fairbanks ISD in any capacity. Thompson & Horton, LLP, Eiland & Bonnin, PC, and O'Hanlon, Demerath & Castillo, PC have, and continue to represent, claimants with competence and professionalism.

The specialized legal services, advancement of significant expenses, and compensation on a contingent fee basis required by this agreement cannot be performed by the attorneys and supporting personnel of Cypress-Fairbanks Independent School District because the District does not currently employ attorneys who have specialized knowledge and experience regarding Multi-District Litigation and analysis and legal remedies under both Texas and federal law on a contingent fee basis. In addition, the District has not budgeted the financial resources necessary to advance the significant litigation expenses required by this type of litigation nor to compensate competent and experienced attorneys and staff regarding Multi-District Litigation as District employees or to reasonably compensate a firm in private practice with the necessary experience under a contract providing for payment on an hourly basis without contingency.

Due to the complexity of the matter and expected difficulties in performing the legal work for this matter, the risk of no recovery, the expected expenses, including expert witness fees and other litigation costs, a reasonable hourly fee for a firm in private practice to prosecute this matter would exceed the amount for which the District would be able to adequately budget and expend financial resources. The District also does not have the financial resources required to pay the additional, significant costs of implementing appropriate infrastructure and technology necessary to fully and properly perform the needed legal services. The District also does not have the financial resources required to properly pursue its claims and causes of action, including to retain independent experts as testifying witnesses and to finance all costs of litigation through final resolution of the matter. Additionally, many law firms that handle large, complex matters strictly on an hourly basis have institutional clients, including social media corporations, insurance companies, and social media corporations; and it would be difficult to find a firm with experience in this area that does not have a conflict of interest that would hinder the firm's ability to effectively

represent the District. The proposed law firms have certified that they have no such conflict of interest in representing Cypress-Fairbanks ISD.

The legal services cannot be reasonably obtained from attorneys in private practice charging hourly fees without contingency because a contract to pay attorneys on an hourly basis without contingency would represent an additional and significant cost to Cypress-Fairbanks Independent School District. Furthermore, the District would be responsible for payment of all costs and expenses of the litigation through appeals, including to retain independent experts as testifying witnesses and to finance all discovery expenses and other costs of litigation through final resolution of the matter. The District does not have the financial resources necessary to pay for these additional and significant expenses necessitated by this social media multi-district litigation.

Thompson & Horton, LLP, Eiland & Bonnin, PC, and O'Hanlon, Demerath & Castillo, PC will be compensated on a contingent fee basis. Entering into the proposed agreement is in the best interests of the residents of Harris County, Texas. The District has sustained significant damages due to youth social media usage and addiction and for which there exists a potential recovery from the perpetrating social media corporations. Thompson & Horton, LLP, Eiland & Bonnin, and O'Hanlon, Demerath & Castillo, PC possess the specialized skills, knowledge, experience, financial, and technological resources needed to competently and fully pursue maximum potential recovery of the District's damages. Furthermore, the proposed agreement enables the District to pursue its legal remedies without diverting essential monies and resources from the ongoing needs and operations of its students, staff, and community at large. In addition, the proposed agreement shifts the financial risk and burden of litigation costs and expenses to Thompson & Horton, LLP, Eiland & Bonnin, PC, and O'Hanlon, Demerath & Castillo, PC with the District owing no such monies to the law firms unless and until it recovers monies. Moreover, Texas statutory and common law provide for penalty damages and for recovery of court costs, and for recovery of attorneys' fees for certain of the District's claims, including for breaches of contract.

Additionally, time is of the essence in the provision of these legal services. Potentially impending legal deadlines require urgent action by counsel.

CYPRESS-FAIRBANKS INDEPENDENT SCHOOL DISTRICT
BOARD OF EDUCATION RESOLUTION APPROVING
THE CONTINGENT FEE LEGAL SERVICES CONTRACT
WITH THOMPSON & HORTON, LLP, EILAND & BONNIN, PC, AND
O'HANLON, DEMERATH & CASTILLO, PC

After having provided adequate notice as required by Sec. 2254.1036 of the Texas Government Code, the approval of the Contingent Fee Legal Services Agreement (“Agreement”) with Thompson & Horton, LLP, Eiland & Bonnin, PC, and O’Hanlon, Demerath & Castillo, PC is approved and the Superintendent or any member of the Board of Education of the Cypress-Fairbanks Independent School District is authorized to execute this Agreement.

After exercising its due diligence, the Cypress-Fairbanks Independent School District (“District”) Board of Education finds that:

1. There is a substantial need for the legal services to be provided pursuant to the Agreement;
2. These legal services cannot be adequately performed by the attorneys and supporting personnel of the District at a reasonable cost;
3. The specialized legal services, advancement of expenses, and compensation on a contingent fee basis required by this agreement cannot be performed by the attorneys and supporting personnel of Cypress-Fairbanks Independent School District because the District does not currently employ attorneys who have specialized knowledge and experience regarding Multi-District Litigation and related analysis and legal remedies under both Texas and federal law on a contingent fee basis. In addition, the District does not have budgeted the financial resources necessary to compensate competent and experienced attorneys and staff regarding Multi-District Litigation as District employees or to reasonably compensate a firm in private practice with the necessary experience under a contract providing for payment on an hourly basis without contingency.
4. Due to the complexity of the matter and expected difficulties in performing the legal work for this matter, the risk of no recovery, the expected expenses, including expert witness fees and other litigation costs, a reasonable hourly fee for a firm in private practice to prosecute this matter would exceed the amount for which the District would be able to adequately budget and expend financial resources. Additionally, many law firms that handle large, complex matters strictly on an hourly basis have institutional clients, including social media corporations, and it would be difficult to find a firm with the required experience that does not have a conflict of interest that would hinder the firm’s ability to effectively represent the District. The

proposed law firms have certified that they have no such conflict of interest in representing Cypress-Fairbanks Independent School District.

5. The legal services cannot be reasonably obtained from attorneys in private practice charging hourly fees without contingency because a contract to pay attorneys on an hourly basis without contingency would represent an additional and significant cost to Cypress-Fairbanks Independent School District. Furthermore, the District would be responsible for payment of all costs and expenses of the litigation through appeals, including to retain independent experts as testifying witnesses and to finance all discovery expenses and other costs of litigation through final resolution of the matter. The District does not have the financial resources necessary to pay for these additional and significant expenses necessitated by this social media multi-district litigation.
6. Thompson & Horton, LLP, Eiland & Bonnin, PC, and O’Hanlon, Demerath & Castillo, PC are well qualified and competent to perform the legal services required to comply with the terms of this Agreement.

10. The approval of this Agreement with Thompson & Horton, LLP, Eiland & Bonnin, PC, and O’Hanlon, Demerath & Castillo, PC is the result of an arm’s length transaction between the District and Thompson & Horton, LLP, Eiland & Bonnin, PC, and O’Hanlon, Demerath & Castillo, PC and is fair and reasonable. The relationship between the Cypress-Fairbanks Independent School District or the District’s Board and the law firms being retained is not improper and would not appear improper to a reasonable person.
11. Additionally, time is of the essence in the provision of these legal services. Potentially impending legal deadlines require urgent action by counsel.

ADOPTED this 10th day of February, 2025 at a duly called meeting of the Cypress-Fairbanks Independent School District Board of Education.

I. Purpose of Representation

1.01 CLIENT has found a substantial need to employ ATTORNEYS to provide professional legal services in connection with litigation, and to pursue all remedies available to CLIENT regarding causes of action in Multi District Litigation 3047 or JCCP 5225 more fully described in the School District Master Complaint [MDL ECF 729] and incorporated herein by reference. The term will end after the conclusion of the Representation, unless either party extends or terminates this Agreement in accordance with its provisions. ATTORNEYS are not authorized to take any action related to the Representation for the CLIENT until approval is granted by the Attorney General of Texas.

1.06 ATTORNEYS shall prosecute the action on behalf of CLIENT against Defendants and seek necessary and appropriate damages, civil penalties, and attorney's fees and such other pecuniary recovery as may be provided for by the laws of any relevant local, state, federal statutory and/or common law in connection with the activities of Defendants. The primary attorneys handling this representation are: **Craig Eiland of the EILAND & BONNIN, PC law firm** and **Justin Demerath of the O'HANLON, DEMERATH & CASTILLO, PC law firm**. Phillip Fraissinet is the primary attorney at THOMPSON & HORTON, LLP responsible for the representation. ATTORNEYS shall furnish the services for the Representation. ATTORNEYS agree to perform necessary legal work with reference to the Representation and will work specifically with the CLIENT or its designee.

1.07 To enable ATTORNEYS to provide effective representation, CLIENT agrees to do the following: (1) disclose to ATTORNEYS, fully and accurately and on a timely basis, all facts and documents within CLIENT'S knowledge that are or might be material or that ATTORNEYS may request, (2) keep ATTORNEYS apprised on a timely basis of all developments relating to the Representation that are or might be material, (3) attend meetings, conferences, and other proceedings when it is reasonable to do so, and (4) otherwise, cooperate fully with ATTORNEYS.

1.08 Neither party shall assign, in whole or in part, any duty or obligation of performance under this Agreement, without the express written permission of the other parties, unless otherwise authorized in this Agreement or ordered by a court of competent jurisdiction.

1.09 ATTORNEYS represent only CLIENT, and ATTORNEYS' attorney-client relationship does not include any related persons or entities (such as Client representatives, directors, trustees, officers, employees, or agents).

1.10 It is understood and agreed that ATTORNEYS' engagement described herein is limited to the Representation unless otherwise stated in another written agreement.

1.11 Any expressions on ATTORNEYS' part concerning the outcome or potential outcome of the Representation, or any other legal matters, are based on ATTORNEYS' professional judgment and are not guarantees or promises. Such expressions, even when described as opinions, are necessarily limited by ATTORNEYS' knowledge of the facts and are based on ATTORNEYS' views of the state of the law, at the time they are expressed, and/or certain estimates and probabilities (which may be uncertain). ATTORNEYS have made no promises

or guarantees to CLIENT about the outcome of the Representation, and nothing in these terms of engagement shall be construed as such a promise or guarantee.

1.12 Venue, or the specific court and legal jurisdiction in which a lawsuit is filed, is an important decision in litigation. Defendants in the Representation maintain offices in multiple venues and Venue may be established in various places including but not limited to Texas or other State Courts and Federal Courts. The Federal Judicial Panel on Multi District Litigation has issued a standing transfer order in the United States for all Federal lawsuits arising from allegations that a defendants' social media platforms are defective because they are designed to maximize screen time, which can encourage addictive behavior in adolescents. All current and future Federal cases are assigned to Multi District Litigation ("MDL") 3047 in The United States District Court for the Northern District of California. Closely coordinating with that litigation is another consolidation of cases involving the Representation in California State Court known as JCCP 5225. ("JCCP"). Due to various strategic reasons ATTORNEYS believe it is in the CLIENT'S best interest to file the cases in either MDL 3047 or JCCP 5225. In executing this Agreement, CLIENT consents to this venue choice and understands the scope of representation in this Agreement is expressly limited to those cases or matters in those venues only. This choice will subject ATTORNEYS to certain non-reimbursable case expenses that will be paid out of the attorneys' fees contemplated herein and will subject CLIENT to certain additional case expenses (i.e., "common benefit expenses") more fully described below.

Mr. Eiland regularly advises multiple Texas school districts in litigation. Lawyers in the firm have served in past MDL leadership committees. The firm has worked in many high-profile litigations like the MGM Grand Las Vegas Mass Shooting, Syngenta GMO Corn, and BP

Texas City Refinery Explosion. Thompson & Horton has represented the District since 2009. 2.04 “Court Appointed Leadership for Plaintiffs”: By consenting to Venue in MDL 3047 or JCCP 5225 certain court orders govern CLIENT’S representation that is important to disclose transparently and fully. In Case Management Order (“CMO”) No. 1 the MDL 3047 Court appointed various attorneys to serve as leaders for this litigation [ECF 75] and specifically School District Plaintiffs [ECF 451] which are incorporated herein by reference; similar orders have been adopted for the litigation proceeding in California state court JCCP 5225) (these attorneys in the MDL and JCCP litigation are court-appointed steering and leadership attorneys and are collectively referred to as **“Court Appointed Leadership for Plaintiffs”**). The names of the Court Appointed Leadership for Plaintiffs are contained in these court orders. Those court orders may be modified in the future to reflect different or additional attorneys appointed by the court or to reflect that one or more court-appointed attorneys will no longer serve. To the extent that the court or courts modifies its orders with respect to the names of the “Court Appointed Leadership for Plaintiffs” attorneys, this Agreement will include those changes in court appointments without the need for a formal amendment of this Agreement to include or delete certain names.¹

¹ For clarity, “Court Appointed Leadership for Plaintiffs” will not be considered “subcontracted legal or support services performed by a person who is *not* a contracting attorney or a partner” (emphasis added) as that term is used in Texas Government Code 2254.106. Fees associated with “Court Appointed Leadership for Plaintiffs” will be considered litigation and other expenses stemming from “work performed by a person who is not a contracting attorney or a partner, shareholder, or employee of a contracting attorney or law firm” as that term is used in Texas Government Code 2254.108(d). Hours worked by “Court Appointed Leadership for Plaintiffs” will not be used to calculate the base fee

III. Compensation and Other Matters

3.01 For and in consideration of the services performed under this Agreement, subject to the limitations in this Agreement, CLIENT agrees to pay ATTORNEYS as follows:

3.02 Any fee payable to ATTORNEYS will be from the portion of any award, judgment, and/or settlement allocated by law to CLIENT. This Agreement shall not confer upon ATTORNEYS any rights to any portion of any sum awarded to the State of Texas as a result of the Representation.

3.03. In the event of a recovery against any Defendant or Defendants resulting from the Representation, the CLIENT agrees to pay ATTORNEYS the lesser of 30% of the gross recovery or four times ATTORNEYS' base fee computed in accordance with Subchapter C, Chapter 2254 of the Texas Government Code more fully discussed below. **Under no circumstances shall CLIENT'S general funds be obligated to satisfy the contingent Attorneys' fees.**

3.04 The contingent fee set forth in this section will be subject to the limitations set forth in this Agreement pursuant to Subchapter C, Chapter 2254 of the Texas Government Code.

3.05 The amount recovered for purposes of the contingent fee computation in paragraphs 3.03 and 3.04 is the amount CLIENT receives before reimbursable expenses are deducted.

3.06 This Agreement is **not** for mixed hourly and contingent fee services. The amount of the contingent fee and reimbursement of expenses under this Agreement will be computed in accordance with Subchapter C, Chapter 2254 of the Texas Government Code. Because of the expected difficulties in performing the work under this Agreement, the amount of expenses expected to be risked by ATTORNEYS, the expected risk of no recovery, and the expected long delay in recovery (if any), a reasonable multiplier for the base fee in this matter is four. ATTORNEYS' reasonable hourly rate for the work performed under the Agreement, based on the reasonable and customary rate for this type of litigation and on the relevant experience, demonstrated ability, and standard hourly billing rate for these attorneys, paralegals, and law clerks for this type of contingent fee work, is the statutory maximum:

David Thompson, Senior Counsel:	\$1000/hour
Phillip Fraissinet, Senior Counsel:	\$1000/hour
Craig Eiland, Senior Counsel:	\$1000/hour
David Bonnin, Senior Counsel:	\$1000/hour

contemplated in Texas Government Code 2254.106. Any attorneys' fees earned by "Court Appointed Leadership for Plaintiffs" as "common benefit" legal fees awarded by the courts will be considered a non-reimbursable case expense and shall be paid entirely out of the fees of ATTORNEYS, if any, contemplated in paragraph 3.03. However, expenses incurred by "Court Appointed Leadership for Plaintiffs", if ordered by the MDL or JCCP court, will be a reimbursable case expense contemplated under paragraph 3.18 (i.e., those court-ordered case expenses will be reimbursed by Client to Court Appointed Leadership for Plaintiffs; please see Attachment C for further illustration).

Kevin O’Hanlon, Senior Counsel:	\$1000/hour
Justin B. Demerath, Senior Counsel:	\$1000/hour
Ben Castillo, Senior Counsel:	\$1000/hour
David Campbell, Senior Counsel:	\$1000/hour
All other Senior Counsel:	\$1000/hour
All other Senior Associates:	\$750/hour
All other Associates:	\$500/hour
All Paralegals:	\$250/hour

These rates apply to the subcontracted work performed, if any, by an attorney, law clerk, or paralegal. The base fee will be computed pursuant to Chapter C, Section 2254 of the Texas Government Code by multiplying the number of hours the attorney, paralegal or law clerk worked in providing legal or support services for the CLIENT times the reasonable hourly rate for the work performed by the attorney, paralegal or law clerk. The base fee is computed by adding the resulting amounts. The computation of the base fee does not include hours or costs attributable to work performed by a person who is not employed by ATTORNEYS or a partner, shareholder, or employee of ATTORNEYS, including “Court Appointed Leadership for Plaintiffs”. There are no differences in the method by which the contingent fee is computed if the matter is settled, tried, or tried and appealed.

3.07 Reimbursement of subcontracted work, if any, under Texas Government Code Section 2254.107 shall meet the requirements of Subchapter C, Chapter 2254 of the Texas Government Code’s requirements, without regard to the expected or actual amount of recovery under this Agreement.

3.08 Payment of the contingent fee and reimbursement of expenses under this Agreement will be paid and limited by the requirements set forth in Subchapter C, Chapter 2254 of the Texas Government Code, including Section 2254.105(5) and all other applicable sections.

3.09 ATTORNEYS assume “**joint responsibility**” for the Representation, as “joint responsibility” is described in Rule 1.04(f) in the Texas Disciplinary Rules of Professional Conduct and its official Comments (which discuss the requirements for attorneys’ fees-sharing among/between lawyers who are not in the same law firm, such as here). **From any attorneys’ fees recovered (after the deduction of any “common benefit” attorneys’ fees awarded by the courts), the remaining attorneys’ fees will be divided as follows: 10% to THOMPSON HORTON, LLP; 45% to EILAND & BONNIN, PC; and 45% to O’HANLON, DEMERATH & CASTILLO, PC. Please note that these are not percentages of the gross recovery, but rather percentages of the attorneys’ fees. In no scenario will attorneys’ fees exceed 30% of the gross recovery outlined in paragraph 3.03. CLIENT’S consent to this Agreement as a whole is also consent to this attorneys’ fees-sharing among Attorneys.**

If there is a recovery, then upon recovery, CLIENT will instruct ATTORNEYS as to how to transfer the recovered funds in writing.

3.10 Pursuant to Texas Government Code 2254.1034 a political subdivision may require an attorney or law firm to indemnify or hold harmless the political subdivision for negligent acts or omission of the attorney or law firm. In this instance, CLIENT does not require such indemnification.

3.11 CLIENT shall have the absolute right to settle the case for no penalty, which would yield no contingent fee on penalties to ATTORNEYS. CLIENT will not be liable for reimbursable expenses if CLIENT settles the case for no penalty and makes no recovery of expenses or attorney's fees. CLIENT will assign any award of attorney's fees to ATTORNEYS, who shall have the obligation to collect them from the Defendants. ATTORNEYS will be responsible for paying all expenses of litigation directly to the vendor, such as, expert witness fees, deposition expenses, and other court costs/fees. CLIENT will not be required to advance any litigation expenses under this Agreement.

3.12 The fee to be paid under this Agreement shall come exclusively out of any recovery (including but not limited to any attorney's fees and expenses, as well as penalties) awarded in any way resulting from the Representation and CLIENT shall be liable to ATTORNEYS for no more than the fee and reimbursable expenses and costs as described below. CLIENT has specifically allocated and made available from currently budgeted funds the sum of \$0 to discharge any obligation that CLIENT may incur arising out of this Agreement.

3.13 It is expressly understood that the fee described above shall be the sole source of compensation to ATTORNEYS for overhead costs and general firm expenses (with the exception of the Reimbursable Expenses listed below) and includes, but is not limited to, all costs for clerical work, including overtime, computer time, clerical filing, and proofreading.

3.14 In the event of a recovery, funds from CLIENT's recovery will be used to pay Reimbursable Expenses and interest on Reimbursable Expenses. Litigation expenses including but not limited to, expert witness fees, mediation fees, expenses associated with depositions and hearings or trial (such as costs of the transcript, and court reporter or videographer fees), hotel, air travel, rental cars, rideshare costs, research and investigation related fees and expenses, third party interest incurred on litigation expenses, Westlaw expenses, and expenses associated with creating demonstrative exhibits or other means of evidence presentation during trial or hearings (such as trial graphics) shall constitute the "Reimbursable Expenses". ATTORNEYS shall advance all the Reimbursable Expenses. Should ATTORNEYS elect to fund any expenses by borrowing the funds required, Client agrees to reimburse the full sum of all related interest charges for Reimbursable Expenses as well as a *pro rata* share of related interest charges² for Shared Expenses. Reimbursable Expenses shall be recovered by ATTORNEYS out of the CLIENT'S portion of any settlement or judgment that arises out of the Representation (the CLIENT'S portion—from which

² Interest rate charges shall be commercially reasonable rates not to exceed the official Prime Rate (at the time of the loan or extension of credit agreement) **plus** four percentage points.

Reimbursable Expenses will be deducted is what remains after the deduction of ATTORNEYS' fee). **In the event there is no recovery, CLIENT will not be responsible for the repayment of any expenses (or any related interest charges).**

3.15 Reimbursable Expenses includes Shared Expenses. ATTORNEYS may incur certain costs/expenses that jointly benefit multiple clients, including, for example, expenses for travel, experts, and copying (the "Shared Expenses"). CLIENT agrees that ATTORNEYS shall divide such expenses *pro rata*,³ among such multiple clients, and deduct CLIENT'S portion of those expenses from CLIENT'S share of any recovery. Shared Expenses are Reimbursable Expenses.

3.16 Compensation for the duties performed by the "Court Appointed Leadership for Plaintiffs" attorneys is governed by Common Benefit Order [ECF 190] and similar orders in the JCCP. The purpose of a Common Benefit Order is to create, compensate, and reimburse such court-appointed "steering and leadership committee" of attorneys for various plaintiffs for their efforts and time in connection with their work on behalf of all plaintiffs (even those, such as CLIENT here, who previously had no direct attorney-client relationship with those "Court Appointed Leadership for Plaintiffs" attorneys). The Common Benefit Order directs that these "steering and leadership" attorneys shall receive fee compensation paid by all of the plaintiffs (including the CLIENT here) as a specified percentage of any gross recoveries.⁴ The Common Benefit Orders require that all "Court Appointed Leadership for Plaintiffs" attorney fee compensation shall be paid entirely out of attorneys' fees contemplated in paragraph 3.03 and as such these attorneys' fees will be treated as a non-reimbursable case expense and paid solely by ATTORNEYS. A sample settlement statement is attached hereto as Exhibit C to illustrate how the attorneys' fees and expense provisions of this Agreement are intended to function concerning a hypothetical gross recovery for the Client.

3.17. A consequence of certain plaintiff attorneys serving on the court-appointed "Court Appointed Leadership for Plaintiffs" committee or committees, is that those attorneys will incur certain Common Benefit Expenses⁵ that will benefit all plaintiffs, including those clients represented principally by other plaintiffs' attorneys (such as the CLIENT here). Common Benefit Expenses are Reimbursable Expenses.

³ "Equally" and "pro rata" are not the same. "Equally" refers to dividing such expenses on an equal basis to each client represented by the Attorneys under this Agreement regardless of what each client recovered compared to what other clients recovered; on the other hand, "*pro rata*" refers to dividing such expenses in proportion to each client's recovery compared to the total of all client recoveries (for example, totaling all of the client recoveries for a grand total and then calculating what each individual client's recovery is as a percentage of that grand total of all recoveries—and then applying that individual "client recovery" percentage to the total expenses as the amount of expenses attributable to that specific client). At this time, there is no court order related to whether to apply an "equally" or "pro rata" method to dividing any expenses among clients; however, if such an order is entered in the future related to some or all of the expenses, ATTORNEYS will be bound by that order for apportionment among all clients, including CLIENT.

⁴ While subject to adjustment, the Common Benefit Fee that will be awarded to Court Appointed Leadership for Plaintiffs is currently set by the MDL Court at 8% of the gross recovery.

⁵ Definitions and rules related to Common Benefit Expenses more fully described in the Common Benefit Order [ECF 190], Paragraph E and are incorporated herein by reference. While subject to adjustment, the Common Benefit Expense that will be awarded to Court Appointed Leadership for Plaintiffs is currently set at 2% of the gross recovery.

3.18. On behalf of ATTORNEYS, Demerath and Eiland will or have previously executed the Common Benefit Participation Agreement in the MDL [ECF 190 EX.C] and similar agreements in the JCCP and will utilize Common Benefit Work Product in the Representation and this action will further subject CLIENT to the associated Common Benefit Orders and similar agreements in the JCCP and their requirements, including the financial obligations. Thompson & Horton will not execute the Common Benefit Participation Agreement or any similar agreements in the JCCP. CLIENT consents to the execution of Demerath and Eiland's Common Benefit Participation Agreement, and by consenting to the Venue described in paragraph 1.12 above, further consent to be bound by the terms of the Common Benefit Orders and the resulting compensation structure for the "Court Appointed Leadership for Plaintiffs" attorneys. Such consent will not increase or alter the amount of attorneys' fees charged to the client, if any, under paragraph 3.03.

3.19. In signing the Common Benefit Participation Agreement ATTORNEYS will or have granted "Court Appointed Leadership for Plaintiffs" a right to withhold payment of, a lien upon, and a security interest in any amounts recovered in the Litigation sufficient to pay the "Court Appointed Leadership for Plaintiffs" attorneys' fees and Common Benefit Expenses defined in the Common Benefit Order in the MDL and/or similar orders in the JCCP. The parties agree that the final amounts ultimately subject to this withholding, lien and security interest were "actually incurred on behalf of the state governmental entity or political subdivision and paid for by the contracting attorney or law firm" as that phrase is contemplated in Texas Government Code 2254.108(d). Alternatively, it is anticipated at the end of the Litigation the MDL and JCCP courts will adopt orders which will require attorneys' fees and Common Benefit Expenses to be paid or reimbursed to the "Court Appointed Leadership for Plaintiffs" pursuant to the Common Benefit Order and withheld from the gross recovery available to satisfy the interest of CLIENT and ATTORNEYS. If such orders are entered, the parties further agree that these amounts should be considered "actually incurred on behalf of the state governmental entity or political subdivision and paid for by the contracting attorney or law firm" as that phrase is contemplated in Texas Government Code 2254.108(d).

3.20. By virtue of accepting their appointment, "Court Appointed Leadership for Plaintiffs" has accepted responsibility to provide legal services to clients that file their cases in the MDL or JCCP. By consenting to filing CLIENT'S claims in the MDL or JCCP, CLIENT is accepting the offer of the "Court Appointed Leadership for Plaintiffs" attorneys to provide court-ordered legal services in that venue. It is therefore agreed and understood by CLIENT that "Court Appointed Leadership for Plaintiffs" attorneys will be considered to have accepted "joint responsibility" for the purposes of Rule 1.04(f), Texas Disciplinary Rules of Professional Conduct, and the Rule's official comments.⁶

⁶ This Texas Rule provides for certain disclosures and advance client consent, which this Agreement provides, whenever lawyers who are **not** in the same law firm share legal fees arising out of a client representation. Here, there will be multiple lawyers and law firms involved in the sharing of common legal fees and expenses under this Agreement and the referenced court orders. The exact percentages of any fees that any of the "Court Appointed Leadership for Plaintiffs" attorneys will receive, if anything, is not known at this time and will be determined by the court or courts at the conclusion

3.21 ATTORNEYS have been engaged to provide legal services in connection with the Representation, as specifically defined in this Agreement. After completion of the Representation, changes may occur in the applicable laws or regulations that could affect CLIENT'S future rights and liabilities in regard to the Representation. Unless ATTORNEYS are actually engaged after the completion of the Representation to provide additional advice on such issues, ATTORNEYS have no continuing obligation to give advice with respect to any future legal developments that may pertain to the Representation other than the obligations set out in this Agreement.

3.22 CLIENT understands and agrees that ATTORNEYS may be representing more than one client in this matter and that the following aspects of joint representation have been disclosed: (1) that the CLIENT might gain or lose some advantages if represented by separate counsel; (2) that ATTORNEYS cannot serve as an advocate for one client against another client, but must assist all clients in pursuing their common purposes; (3) that ATTORNEYS must deal impartially with every client, including CLIENT; (4) that information received by ATTORNEYS from or on behalf of any jointly represented client concerning the matter may not be confidential or privileged as between the jointly-represented clients and may be disclosed to other jointly-represented clients as is deemed proper or necessary; (5) if a conflict arises between clients that results in the discharge or withdrawal of the ATTORNEYS, ATTORNEYS might not be able to continue representing any of the clients involved; (6) when time is spent performing the Representation which benefits all clients represented by ATTORNEYS equally, ATTORNEYS will record that time for each client fully and equally (in other words, since each client, including CLIENT, receives the same full benefit from such time and service, that time will be recorded as though each client, including CLIENT, was represented individually for and during that time and service); and (7) that the representation of all clients by the ATTORNEYS will not necessarily expedite handling of the matter or reduce associated attorneys' fees and expenses. CLIENT consents to ATTORNEYS representing more than one client in this matter and all provisions in this paragraph.

3.23 AGGREGATE SETTLEMENTS: Often in cases where attorneys represent multiple clients in similar litigation, the opposing parties or defendants may attempt to settle or otherwise resolve the cases in a group or groups, by making a single settlement offer to settle numerous clients' cases or all cases simultaneously. There exists a potential conflict of interest whenever a lawyer represents multiple clients in a settlement of this type because it necessitates choices concerning the allocation of limited settlement amounts among the multiple clients. However, if all clients consent, a group settlement can be accomplished and a single offer can be fairly distributed among the clients by assigning settlement amounts based upon the relative strengths and weaknesses of each case, the severity and extent of damages, individual case evaluations, and other applied bases or

of this representation. The CLIENT's signature below to this Agreement constitutes acknowledgement and consent to this fee-sharing among all of the lawyers identified herein or by reference to the court orders identifying the "Court Appointed Leadership for Plaintiffs" attorneys and their law firms.

factors. In the event of a group or aggregate settlement proposal, ATTORNEYS may implement a settlement program, overseen by a third-party referee or special master, who may be appointed by a court, designed to ensure consistency and fairness for all claimants, and which will assign various settlement values and amounts to each client's case, including CLIENT's case, depending upon the facts and circumstances of each individual case and other factors determined by that third-party referee or special master or the court. CLIENT authorizes ATTORNEYS to enter into and engage in group settlement discussions which may include CLIENT's individual claims. Nonetheless, CLIENT retains the right to approve, and ATTORNEYS are required to obtain CLIENT's approval of, any settlement of CLIENT's case.

3.24 At the conclusion of the Representation, ATTORNEYS will return to CLIENT any documents that ATTORNEYS are specifically requested to return. As to any documents so returned, ATTORNEYS may elect to keep a copy of the documents in ATTORNEYS' stored files but shall not be obligated to do so. CLIENT owns all final work product generated by reason of CLIENT's Representation under this Agreement. Files and documents, whether paper or electronic, retained by ATTORNEYS are subject to their file and document retention policies and may, consistent with those policies, be deleted or destroyed no earlier than two years after the conclusion of CLIENT's representation.

This consent shall apply to email addresses provided by ATTORNEYS and agents acting on ATTORNEYS' behalf and shall apply to any email address provided in any form for any reason whether related to this Agreement or otherwise.

3.27 It is expressly understood that ATTORNEYS have no authority to settle or otherwise compromise the position of CLIENT or any of its officers. CLIENT retains all authority to settle the case.

3.28 Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of CLIENT.

3.29 If any provision or language of this Agreement is held in whole or in part to be unenforceable, void, or invalid for any reason by a court of competent jurisdiction, then such provision or language will be deleted or modified to reflect the parties' intention and to make the remaining provisions and language enforceable to the fullest extent. It is the parties' intention that the suit against Defendants shall continue regardless of whether any single part of this Agreement is unenforceable, void or invalid. This Agreement is under Texas law only and shall be interpreted accordingly. Any claims and/or disputes under this Agreement shall be brought in a court of competent jurisdiction in Travis County, Texas only.

IV. Required Recitals

4.01 This Agreement is not effective and enforceable until review and approval by the Office of the Attorney General for the State of Texas.

4.02 ATTORNEYS must and shall keep complete written time and expense records that describe in detail the time and money spent each day in performing the contract (this Agreement) as required by Section 2254.104(a) of the Texas Government Code.

4.03 ATTORNEYS shall permit CLIENT or CLIENT's attorney or CLIENT's governing body or other governing officials, the Attorney General for the State of Texas, the State Auditor, or any other appropriate official, to inspect or obtain copies of the time and expense records kept in accordance with Section 3.02, at any time on request, as required by Section 2254.104(b) of the Texas Government Code. Upon request, ATTORNEYS shall provide CLIENT interim statements that describe the job-to-date time and expense records of ATTORNEYS, plus the expenses that are subject to reimbursement.

4.04 Upon conclusion of any matter for which ATTORNEYS were retained, ATTORNEYS shall provide CLIENT with a complete written statement that describes the outcome of the matter, states the amount of any recovery, shows ATTORNEYS' computation of the amount of the contingent fee, and contains the final complete time and expense records required by Section 2254.104(c) of the Texas Government Code. The complete written statement required under this section is public information under Chapter 552 of the Texas Government Code and may not be withheld from a requester under that chapter under Section 552.103 or any other exception from required disclosure.

4.05 All time and expense records required by Section 3.02 are public information subject to required disclosure under Chapter 552 of the Texas Government Code. Information contained in the time and expense records may be withheld from a member of the public under Section 552.103 only if, in addition to meeting the requirements of Section 552.103, the chief legal officer or employee of CLIENT determines that withholding the information is necessary to protect the CLIENT'S strategy or position in pending or reasonably anticipated litigation. If any information is withheld from public disclosure in accordance with this subsection, CLIENT shall segregate said information from information that is subject to required public disclosure.

4.06 Once approved under Section 2254.1036 Texas Government Code, this contract is public information under Chapter 552 of the Texas Government Code and may not be withheld from a requestor under Section 552.103 or any other exception from required disclosure.

4.07 The amount recovered for purposes of the contingent fee computation is the amount obtained before expenses are deducted.

4.08 Any subcontracted legal or support services performed by a person who is not ATTORNEYS or a partner, shareholder, or employee of ATTORNEYS is an expense subject to reimbursement only after receiving written permission from CLIENT and only in accordance with Subchapter C, Chapter 2254 of the Texas Government Code.

4.09. No fee payment or expense reimbursement to ATTORNEYS shall occur until the provisions of Texas Government Code § 2254.108 are met. Prior to the payment of fees or expenses, as more fully described in Texas Government Code § 2254.108, the political subdivision must review the appropriate documents, determine whether the expenses were reasonable, proper, necessary, actually incurred on behalf of the political subdivision, and paid for by ATTORNEYS and verify that the hours of work on which the fee computation is based were actually worked in performing reasonable and necessary services for the political subdivision under this contract.

4.10. ⁷ At the end of any contingent fee case, a settlement statement is generated by ATTORNEYS for CLIENT to account for the financial aspects of the case. This example is NOT intended as a representation of what the ultimate outcome of the case will be, but rather is furnished for the sole purpose of illustrating how the attorneys' fee and expense provisions of this contract are intended to function to aid in the Client's understanding.

⁸ For simplicity and illustration, this model assumes that the fee cap outlined in paragraph 3.03 did not occur; that is to say the base fee times four was more than 30% of the total recovery. In a scenario where the attorneys' fees are capped, the total attorneys' fees would be reduced to the capped amount and under no circumstances would the total attorneys' fees exceed the capped amount.

⁹ This model assumes the Common Benefit Fees for the Court Appointed Leadership for Plaintiffs are not adjusted in the future by the Courts. In the event Common Benefit Fees are adjusted in the future, the total attorneys' fees will not change, but rather the law firms' shares of fees will be adjusted.

¹⁰ This model assumes the Common Benefit Expenses for the Court Appointed Leadership for Plaintiffs are not adjusted in the future by the Courts.
