(LOCAL) Policy Comparison Packet

This packet is generated by an automated process that compares the updated policy to the district's current policy as found in TASB records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)

Policies recommended for deletion are not included. If you want to include the text of these policies in the information given to the Board, you may download them from *Policy On Line*.

Annotations are shown as follows.

- *Deletions* are shown in a red strike-through font: ~~deleted text~~.
- *Additions* are shown in a blue, bold font: **new text**.
- Blocks of text that have been *moved* without alteration are shown in green, with double underline and double strike-through formatting to distinguish the text's destination from its origin: ~~moved text~~ becomes moved text.
- *Revision bars* appear in the right margin, as above.

Note: While the annotation software competently identifies simple changes, large or complicated changes—as in an extensive rewrite—may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes makes formatting changes appear tracked, even though the text remains the same.

For further assistance in understanding policy changes, please refer to the explanatory notes in your Localized Policy Manual update packet or contact your policy consultant.

Objectives

The objectives of the District investment policy shall be:

- First, safety; second, adequate liquidity; and third, yield.
- To set forth methods, means, and goals of financial investment and debt management operation for the District.
- To insure the financial security and optimum liquidity of the District's funds at all times.
- To assist the District in achieving the maximum total investment of the District's funds in a prudent manner at all times.
- To assist the District in achieving the maximum interest yield on the District's funds at all times through methods allowed under federal and state law and in accordance with the District's current bank depository contract.

Standard of Care

The District's investments shall be made with judgment and care under circumstances then prevailing that persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived and optimum liquidity required for operations in the District. Individual investments shall be made in a manner consistent with this policy.

All investments must be in compliance with Texas Government Code 2256.

Investment Strategy

The District maintains portfolios that utilize four specific investment strategy considerations designed to address the unique characteristics of the fund groups represented in the portfolios.

General Operating
Funds

The District's investment strategy for general operating funds shall be made to ensure that anticipated cash flows are matched with adequate investment liquidity.

Bond Operating
Funds

The District shall utilize an investment policy for bond operating funds to generate a dependable revenue stream for the appropriate debt service funds consistent with the District's investment policy and state law.

Debt Service Funds

The District shall utilize as the primary objective for the investment of debt service funds adequate liquidity to cover the debt service obligation of the District on required payment dates. Investments shall not have a stated final maturity date that exceeds the appropriate debt service payment date.

OTHER REVENUES
INVESTMENTS

CDA
(LOCAL)

Special and Trust
Funds

The District shall invest special and trust funds in accordance with state law and the District's investment policy to the maximum ability that such investments may benefit the District directly or shall utilize said funds in a method that such funds may benefit the District indirectly.

General Strategy

The District's investment portfolio shall consist of a variety of securities, which may include any or all of the authorized investments listed at Authorized Investments in this policy.

It shall be the general practice of the District to utilize an investment strategy based on Standard of Care in this policy, which also defines yield objectives as well as the Public Funds Investment Act, formerly Subchapter A of Chapter 2256 of the Texas Government Code (the Act). It is the District's intent to hold purchased securities to the stated maturity date and to have invested in such a manner to insure both the safety and liquidity of such transaction. In the event, however, the need arises to sell securities before the stated maturity date, said securities shall be analyzed to determine the appropriate time to liquidate said securities and minimize any potential real or book value loss to the District.

Responsibilities

An investment committee shall be appointed by the Board. The committee is responsible for establishing operating policies that will ensure that investments are maintained in a proper and prudent maturity distribution, represent sound extensions of credit and are appropriate investments with regard to regulatory and legal requirements. The committee shall meet quarterly, or as frequently as necessary, and shall be accountable to the Board. Ultimate responsibility for management of the investment portfolio rests with the investment officer (IO). It is expected that the IO may wish to delegate one or more of the specific investment objectives. Additionally, the IO shall be responsible for purchasing the type of securities approved in the quarterly investment strategy report. Sales from the portfolio must be approved by the IO and at least one other member of the committee.

During each quarterly meeting, the committee shall review securities purchases and sales of the previous period to determine their adherence to the investment policy and applicable laws and regulations. The committee shall also review investments maturing in the upcoming months and discuss possible reinvestment strategies. These strategies should be formulated with special regard to the District's liquidity needs, cash flow requirements, the projected economic environment, and policy guidelines as established by the committee. These actions by the investment committee are to be taken in addition to the Board taking action at monthly Board meetings to approve securities transactions and adherence to policy.

Summary information must be provided to the Board on the composition, size, quality, maturity, yield, and current market valuations for the investment portfolio. Implementation of this policy is the responsibility of the IO.

**Authorized
Investments**

In accordance with authorizing federal and state laws (Government Code 2256), the District's depository contract, and appropriate approved collateral provisions, the District may utilize the following types of investments for the District's funds, [including bond proceeds and pledged revenue to the extent allowed by law.](#)

The IO shall be required to diversify maturities. The IO, to the extent possible, shall attempt to match investments with anticipated cash flow requirements. Matching maturities with cash flow dates will reduce the need to sell securities prior to maturity, thus, reducing market risk. Unless matched to specific requirements, the IO may not invest more than 20 percent of the District's funds for a period greater than one year.

U.S. Treasury
Securities

U.S. Treasury securities are direct obligations of the U.S. Government. U.S. Treasury obligations are the highest quality and are the most liquid and marketable of investment securities. Investments in this category shall include Treasury bills, Treasury notes, and Treasury bonds. U.S. Treasury bills are sold on a discount basis and have initial maturities of three months, six months, and one year. U.S. Treasury notes and Treasury bonds are coupon-bearing instruments with initial maturities from two to ten years for notes and ten to 30 years for bonds.

The average life of the U.S. Treasury securities portfolio shall not exceed two years and may comprise up to 100 percent of the investment portfolio.

Federal Agencies

After U.S. Treasury securities, federal agency securities are generally regarded as the next highest quality investment suitable for the portfolio.

Federal agency obligations are usually acceptable for pledging and other collateral requirements. Agencies generally offer a rate of return slightly higher than direct U.S. Treasury securities. The spread difference in yield will be affected by the general level of interest rate, markets, and economic conditions at any given time. Consideration should be given to the spread relationship existing when portfolio investment decisions are made.

Securities included in this category are debt issuance by the Federal Farm Credit System (Farm Credits), the Federal Home Loan Bank (FHLB), the Federal National Mortgage Association (FNMA), the Student Loan Marketing Association (SLMA), the Federal

Home Loan Mortgage Corporation (FHLMC or “Freddie Mac”), the Government National Mortgage Association (GNMA or “Ginnie Mae”), and the Small Business Administration (SBA).

The average life of the U.S. agency section of the portfolio shall not exceed two years and shall comprise up to 100 percent of the investment portfolio.

Municipal Bonds

Any direct obligations of the state of Texas or its agencies and instrumentalities are considered municipal bonds. The IO shall consider prudent diversification of investment holdings per obligor. Compliance with all legal and regulatory guidelines shall be adhered to in the purchase and holding of securities. Taxable municipal obligation purchases may be made but are subject to the same credit, maturity, and geographic distribution requirements that may be applicable as dictated by the investment policy.

Credit information shall be maintained sufficient for management of the District to exercise an informed judgment in determining whether the securities should be purchased and to enable regulators to determine that each security purchased meets all statutory and regulatory requirements. Credit information sufficient for the Board to comply with all statutory and regulatory requirements relating to the approval of each investment shall be provided. The District shall retain all records relating to transactions in its investment portfolio as may be required by statute or regulation.

Additional consideration shall be given to the increased yield spread of taxable municipals over all other taxable investment alternatives.

Various political subdivisions of state and local government issue debt through municipal securities generally under two categories: general obligation (G.O.) and revenue bonds.

G.O. bonds are issued for a variety of public financing needs. They are generally regarded as the most credit worthy of municipal securities as they are backed by the taxing authority of the issuing governmental entity.

Revenue bonds are issued to finance specific projects (i.e., water and/or sewer revenues) and depend on the revenue or fee generated from the projects for repayment of principal and interest.

Bonds with a minimum Moody’s Investor’s Service rating of A or Standard & Poor’s Service rating of A shall be considered as eligible portfolio investments. An exception may be made for local, well-known credit issues where the cost of obtaining a credit rating by the issuing body is prohibitive.

Geographical distribution of municipals is an effective method of diversifying the District's overall credit risk and maximizing income potential.

The District will consider the following credit information on general obligation municipals to be purchased:

1. Relationship of debt burden to property valuation.
2. Reasonableness of debt burden on a per capita basis.
3. Sinking fund provisions.
4. Historical trends of debt.
5. Future debt service requirements.
6. Assessed valuation, including basis of assessment.
7. Relationship of tax burden to property valuation.
8. Tax collection record.
9. Recent trends in tax rates.
10. Economic background.
11. Debt paying ability.
12. Population trends.

The District shall consider the following credit information on revenue municipals to be purchased:

1. The number of times gross revenues cover debt service (coverage).
2. The segregation of revenue funds from general funds.
3. The flow of revenues to specific reserve accounts.
4. Special covenants that may limit default remedies.

The average maturity of this section of the portfolio shall be no greater than two years and will comprise no more than 50 percent of the investment portfolio.

The term of the repurchase agreements shall not exceed 180 days.

Notwithstanding any other law, the term of any reverse security repurchase agreement shall not exceed 90 days after the date the reverse security repurchase agreement is delivered. Money received by an entity under the terms of a reverse security repurchase agreement shall be used to acquire additional authorized investments, but the term of authorized investments acquired must mature no later than the expiration date stated in the reverse security repurchase agreement.

Total investment in repurchase and reverse repurchase agreements shall not exceed 100 percent of the investment portfolio.

Mutual Funds

No-load money market mutual funds are regulated by the Securities and Exchange Commission, which has a dollar-weighted average stated maturity of 90 days or fewer and includes in its investment objectives the maintenance of a stable net asset value of \$1 for each share. Additionally, the District may invest in a public investment pool meeting the requirements of the Act if the Board authorizes the investment in the particular pool. Investment in this type of pool shall not exceed ten percent of the investment portfolio.

Certificates of
Deposit—Credit
Unions

Certificates of deposit (CDs) and share certificates must be issued by a state or federal credit union domiciled in the state of Texas, guaranteed or insured by the FDIC or its successor or the National Credit Union Share Insurance Fund or its successor, and secured by obligations described by the Act at 102 percent of the principal value of the CD, except for obligations described in the Act.

The investment officer shall monitor the investment portfolio and shall keep the Board informed of significant ~~changes~~~~declines~~ in the market value of the District's investment portfolio. Information sources may include financial/investment publications and electronic media, available software for tracking investments, depository banks, commercial or investment banks, financial advisers, and representatives/advisers of investment pools or money market funds. Monitoring shall be done ~~at least quarterly, as required by law, and~~ ~~at least quarterly, as required by law, and~~ more often as economic conditions warrant by using appropriate reports, indices, or benchmarks for the type of investment.

Monitoring Rating
Changes

In accordance with Government Code 2256.005(b), the investment officer shall develop a procedure to monitor changes in investment ratings and to liquidate investments that do not maintain satisfactory ratings.

**Safekeeping and
Collateralization**

The laws of the state and prudent treasury management require that all purchased securities be bought on a delivery versus pay-

ment basis and be held in safekeeping by either the District, an independent third-party financial institution, or the District's designated depository.

All safekeeping arrangements shall be designated by the IO and an agreement of the terms executed in writing. The third-party custodian shall be required to issue safekeeping receipts to the District listing each specific security, rate, description, maturity, cusip number, and other pertinent information. Each safekeeping receipt shall be clearly marked that the security is held for the District or pledged to the District.

Collateralization shall be required on two types of investments:

1. CDs over the FDIC insurance coverage of \$250,000; and
2. Repurchase agreements.

In order to anticipate market changes and provide a level of additional security for all funds, the collateralization level required shall be 102 percent of the market value of the principal and accrued interest.

Evaluation and Reporting

The IO shall submit monthly reports to the Board and quarterly and annual reports to the District containing sufficient information to permit an informed outside reader to evaluate the investment program. At a minimum, this report shall contain:

- Beginning and ending market value of the portfolio by market sector and total portfolio;
- Beginning and ending carrying (book) value of the portfolio by market sector and total portfolio;
- Transactions that change market and book value, detail reporting on each asset (book, market, and maturity dates at a minimum);
- Overall current yield of the portfolio; and
- Overall weighted average maturity of the portfolio and maximum maturities in the portfolio.

The report shall be prepared jointly by all involved in the investment activity and shall be signed by the staff involved.

Prudence

The standard of prudence to be used in the investment function shall be the "prudent person" standard and shall be applied in the context of managing the overall portfolio. This standard states:

“Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the expected income to be derived.”

**Securities Dealers/~~+~~
Transactions**

The District has employed Sentry Management, Inc. (SMI) to provide professional investment advice for the District’s investment portfolio and other related investment areas such as asset/liability and interest rate risk analysis. SMI is an investment adviser firm registered with the Securities Exchange Commission as an adviser under the Investment Advisers Act of 1940 (15 U.S.C. section 80 b-1) and also with the Texas State Securities Board. SMI shall be employed on a set-fee basis only and shall not act as a dealer or broker.

The District’s management and Board recognize the importance of receiving objective, professional advice in management of the investment portfolio; however, it is explicitly understood that the Board, through management, does not delegate responsibility for the portfolio to SMI. All acquisitions and/or sales of securities shall be directly at the discretion of the District.

SMI places dealers in competition on purchases and sales and maintains records of each transaction. Transactions are done on a “best execution” basis, which precludes limiting any individual dealer’s securities’ volume with the District. Setting maximum volume quotas could force the District to purchase or sell securities at less than the best price and would not be in the best interest of the District.

Further, SMI shall not execute a transaction for the District without specific authorization from the District.

The District may have transactions with any Federal Reserve reporting government dealer (primary dealer). The Federal Reserve requires all primary dealers to maintain large capital and be financially solvent.

In addition to primary dealers, the District may have security transactions with the dealers listed at CDA(EXHIBIT)-A. Current financial information is maintained by SMI on the dealers listed on Exhibit A and is made available to the District. Additionally, the District shall maintain information on each dealer listed. The District may purchase or sell any of the approved investments listed in the investment policy from or to any of the approved securities dealers.

It shall be the District's Board acting through the committee and management's responsibility to review the dealers' financial condition. Considerations of each dealer shall be the dealer's capital and financial strength and general reputation with other financial institutions and investment dealers. Whenever available and possible, the District shall consider information from state or federal securities regulators and securities industry self-regulatory organizations, such as the National Association of Securities Dealers, concerning any formal enforcement actions against the dealer, its affiliates, or associated personnel.

All the District's records are available for unannounced, on-site inspection at SMI offices by any representative of the District.

Sellers of Investments

Prior to handling investments on behalf of the District, a broker/dealer or a qualified representative of a business organization must submit required written documents in accordance with law. [See Sellers of Investments, CDA(LEGAL)]

Representatives of brokers/dealers shall be registered with the Texas State Securities Board and must have membership in the Securities Investor Protection Corporation (SIPC), and be in good standing with the Financial Industry Regulatory Authority (FINRA).

Exceptions to Policy

It is anticipated that, in the course of business, it may be prudent to make investment decisions that differ from current operating policy when it is impossible for the committee to convene. In the event of this occurrence, the IO and one other committee member may act for the entire committee. All actions taken in the absence of the complete committee shall be reported in full to the next regularly scheduled committee and/or Board meeting. A permanent file of all exceptions shall be maintained by the IO.

This policy is intended to be flexible to deal with rapidly changing conditions in the District's economic environment and the global bond and money markets. Therefore, this policy can be amended by a majority vote of the committee. All policy changes shall be reported and approved at the next Board meeting.

This policy shall be reviewed by the Board at least annually.

**Purchasing
Authority**

The Board delegates to the Superintendent ~~or designee~~ the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs ~~\$100,000~~ \$100,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place. Board approval shall also be required for:

1. Contracts that state law requires the Board to approve;
2. Contracts to be awarded to other than the lowest responsible bidder fulfilling specifications; and
3. Contracts that are not included in the current budget, regardless of the amount.

- See DFCA for the termination of a continuing contract, if applicable.
- See DCE for the termination at the end of the contract period of a contract not governed by Chapter 21 of the Education Code.

**Reduction in Force
Due to Financial
Exigency**

Applicability

The following provisions shall apply when a reduction in force due to financial exigency requires:

1. The nonrenewal or termination of a term contract;
2. The termination of a probationary contract during the contract period; or
3. The termination of a contract not governed by Chapter 21 of the Education Code during the contract period.

Definitions

Definitions used in this policy are as follows:

1. "Nonrenewal" shall mean the termination of a term contract at the end of the contract period.
2. "Discharge" shall mean termination of a contract during the contract period.

General Grounds

A reduction in force may take place when the Superintendent recommends and the Board adopts a resolution declaring a financial exigency. [See CEA]- A determination of financial exigency constitutes sufficient reason for nonrenewal or sufficient cause for discharge.

Employment Areas

When a reduction in force is to be implemented, the Superintendent shall recommend the employment areas to be affected.

Employment areas may include, for example:

1. Elementary grades, levels, subjects, departments, or programs.
2. Secondary grades, levels, subjects, departments, or programs, including career and technical education subjects.

2. Applied on a District-wide or campus-wide basis (e.g., “the counseling program at [named elementary campus]”).

The Board shall determine the employment areas to be affected.

Criteria for Decision

The Superintendent ~~or designee~~ shall apply the following criteria to the employees within an affected employment area when a reduction in force will not result in the nonrenewal or discharge of all staff in the employment area. The criteria are listed in the order of importance and shall be applied sequentially to the extent necessary to identify the employees who least satisfy the criteria and therefore are subject to the reduction in force. For example, if all necessary reductions can be accomplished by applying the first criterion, it is not necessary to apply the second criterion, and so forth.

1. Qualifications for Current or Projected Assignment: Certification, multiple or composite certifications, bilingual certification, licensure, endorsement, and/or specialized or advanced content-specific training or skills for the current or projected assignment.
- ~~2.~~ Performance: Effectiveness, as reflected by ~~the:~~
 - ~~a.~~ The most recent formal appraisal and, if available, consecutive formal appraisals from more than one year [see DNA]; and ~~any~~
 - ~~b.~~ Any other written evaluative information, including disciplinary information, from the last 36 months.

If the Superintendent ~~or designee~~ at his or her discretion decides that the documented performance differences between two or more employees are too insubstantial to rely upon, he or she may proceed to apply the remaining criteria in the order listed below.

- ~~3.~~2. Extra Duties: Currently performing an extra-duty assignment, such as department or grade-level chair, band director, athletic coach, or activity sponsor.
- ~~4.~~3. Professional Background: Professional education and work experience related to the current or projected assignment.

STUDENT ACTIVITIES

FM
(LOCAL)

**Use of District
Facilities**

School-sponsored student groups may use District facilities with prior approval of the appropriate administrator. Other student groups may use District facilities in accordance with policy FNAB.

**Extracurricular
Activity Absences**

The District shall make no distinction between absences for UIL activities and absences for other extracurricular activities approved by the Board. A student shall be allowed in a school year a maximum of ten extracurricular absences not related to post-district competition, a maximum of five absences for post-district competition prior to state, and a maximum of two absences for state competition. Additional absences may be granted in accordance with administrative procedures. [See FM(EXHIBIT)]

Testing and
Scheduling

The Board recommends that staff members and the administration avoid the scheduling of an extracurricular activity or performance to occur on the day and evening immediately preceding the day on which International Baccalaureate (IB), Advanced Placement (AP), or PSAT tests are administered.

UIL Eligibility

The Board shall not grant eligibility to any student in violation of UIL rules.

Beginning with the 2018–19 school year, the following provisions regarding UIL eligibility shall apply:

*Attendance Zone
Students*

The first time a student is officially enrolled in his or her appropriate attendance zone high school and/or attends an in-season practice, the student shall have established eligibility in that high school for UIL purposes. If a student moves to another District attendance zone, the student shall be ineligible for varsity UIL competition for 15 days as long as the move was not made for athletic purposes. [See FDB(LOCAL) for proof of residency requirements.] If the move was made for athletic reasons, it could result in permanent ineligibility.

*Transfers
Intradistrict*

A student who has transferred out of his or her attendance zone campus to attend another high school within the District shall be eligible at the school he or she first attends. Any subsequent transfer shall result in a one-year loss of varsity eligibility.

*Transfers
Interdistrict*

A student transferring from out of district shall follow the same guidelines for varsity eligibility as students transferring within the District. If eligibility has been established at the district of residence, the transfer shall result in a loss of varsity eligibility for one year.

Extracurricular
Participation
Eligibility

A student in grades 7–12 may participate in extracurricular activities at the beginning of the school year if the student has earned the cumulative number of units in state-approved courses as indicated below:

1. Beginning at the seventh grade year, a student must have been promoted from the sixth grade to the seventh.
2. Beginning at the eighth grade year, a student must have been promoted from the seventh grade to the eighth.
3. Beginning at the ninth grade year, a student must have been promoted from the eighth grade to the ninth.

5. Beginning at the eleventh grade year, a student must have earned at least 10 units toward graduation.
6. Beginning at the twelfth grade year, a student must have earned at least 15 units toward graduation.

[See EIE and EIF]

[For eligibility of private school students, including homeschool students, to participate in extracurricular activities, see FD(LOCAL).]

~~Transfer Students~~

~~A student who transfers into the alternative education high school shall become ineligible to compete in UIL activities while enrolled. If a student transfers out of the alternative education high school back to his or her original campus, the student shall be eligible to participate in UIL activities after one complete grading period of six weeks from the time the transfer has passed. If the student transfers to another District high school, the student shall abide by all UIL transfer policies.~~

Eligibility Appeals Committee

A student who is ruled ineligible to participate in UIL activities due to circumstances completely beyond his or her control may appeal to the eligibility appeals committee. This committee shall be composed of the principal of the school the student had been attending, the principal of the school the student will be attending, the athletic coordinator from each school, the director of athletics, and the student assignment specialist or designee. The appeal and reason must be submitted to the athletic office in writing and dated and signed by the parent/guardian. A hearing shall be scheduled with the parent(s), student, and committee. Within ten days after the hearing, the committee shall send its decision in writing to the parent and both principals.

If the outcome of the conference with the eligibility appeals committee is not to the student's or parent's satisfaction, the student or parent may appeal the decision in accordance with FNG(LOCAL).

That the Wichita Falls Independent School District Board of Trustees review and accept the recommended changes to the Extra Duty Stipends for the 2019-2020 school year as submitted by Cyndy Kohl, Director of Human Resources and recommended by Michael S. Kuhrt, Superintendent of Schools.

Explanation:

Longevity Stipends for Child Nutrition Workers

In 2015-2016, the longevity stipends for Child Nutrition were changed so that they were the same amount as other non-exempt staff members. This change remained in effect through 2018-2019. However, during the 2019-2020 school year, there was a clerical error and the child nutrition stipends reverted back to their previous amounts. This has caused discrepancies in the longevity stipend amounts that are allocated to Child Nutrition Workers.
