Over 1.5 million juniors in about 21, 000 high schools entered the 2021 National Merit Scholarship Program by taking the 2019 Preliminary SAT/National Merit Scholarship Qualifying Test, which served as an initial screen of program entrants. There were approximately 34,000 students who received Letters of Commendation in recognition of their outstanding academic promise. Commended students are named based on a nationally applied Selection Index score that may vary from year to year.

The National Hispanic Recognition Program recognizes approximately 5,000 Hispanic/Latino juniors each year from the juniors who take the PSAT.

Administrative Information:

The Wichita Falls Independent School District Board of Trustees give approval to submit a waiver to the Texas Education Agency for remote homebound instruction for one special education student and two Section 504 students as submitted by Alefia Paris-Toulon, Director of Special Services and Dr. Peter Griffiths, Associate Superintendent, and as recommended by Michael S. Kuhrt, Superintendent of Schools.

Explanation:

Under current TEA rules and policies, remote instruction that is not delivered through the Texas Virtual School Network (TxVSN) is not eligible for state funding unless a waiver is submitted by the school district and approved by TEA.

Since the last Waiver Request in August, the district has 3 new Homebound placements that will require a waiver to the Texas Education Agency for remote homebound instruction. 1 student is in Special Education, and Homebound will start on 12/14/20. There are 2 students in Section 504 that started remote homebound in September and are still being served. All 3 students have a recommendation from a Medical Doctor, and Homebound placement was recommended by either the ARD committee or 504 committee.

Due to the current health situation, no teachers/staff will enter the student homes, these students will be served virtually. This would be provided through “Google Hangout” via the Chromebook by the homebound teacher. The students have access to a Chromebook provided by the district.

When the student is in attendance via Google Hangout, with an approved waiver, they can be counted as “present” for their remote time of instruction and therefore eligible for state funding.

Fiscal Note:

There is no additional cost to the district to provide this instruction.
