That the Wichita Falls Independent School District Board of Trustees recognizes Alyssandra Oviedo, first grader at Crockett Elementary, for her quick action, helping another student in need as submitted and recommended by Dr. Donny Lee, Superintendent.

Explanation:

On Friday, March 21, during a 'Blackout' classroom activity in Robert Maxwell's first grade class, six-year-old Alyssandra noticed her classmate's cheeks turning pink. Recognizing a potential problem, Alyssandra alerted Mr. Maxwell. Upon inspection, Mr. Maxwell observed the student's increasing redness and itching. Knowing she had started new medication that day, he promptly escorted her to the nurse's office and notified her parents. They quickly took her to the doctor, where she developed redness and hives, indicative of a potential anaphylactic reaction. Alyssandra's swift action, inspired by Crockett's Capturing Kids' Hearts program, underscored the importance of 'See something, Say something,' potentially averting a serious health crisis.

WICHITA FALLS ISD BOARD OF TRUSTEES
April 14, 2025

Agenda Item:	Purchase of Admin Computers		
Administrator Responsible:	Leah Horton, Chief Financial Officer		
Attachments:	Quote and Quote Summary		
<input checked="" type="checkbox"/> Action Needed	<input type="checkbox"/> Future Action	<input type="checkbox"/> Information	<input type="checkbox"/> Report

Administrative Recommendation:

That the Wichita Falls Independent School District Board of Trustees approve the purchase of (400) Admin Computers from Summus Industries in the amount of \$264,804.00, as submitted by Leah Horton, Chief Financial Officer, and as recommended by Dr. Donny Lee, Superintendent of Schools.

Explanation:

This is a district-wide replacement of units reaching EOL (End of Life) for the Windows 10 operating system. Each computer consists of a business class mini tower with Microsoft Windows 11 installed, allowing a district administrator to perform their daily functions with greater efficiency than with the end of life units. The purchase includes (at no additional cost) Dell's ProSupport providing 24-hour, online technical support and next business day support for three years each.

The attached quote from Summus Industries is verified to be Texas Department of Information Resources (DIR) compliant on DIR-TSO-3763 and is confirmed to meet all procurement requirements of this purchase.

Fiscal Note:

This expenditure will be paid with Budgeted Funds. Expenditures over \$100,000 require the Board of Trustees approval per policy, CH Local.

WICHITA FALLS ISD BOARD OF TRUSTEES

April 14, 2025

Agenda Item:	Construction Method for McNiel Renovation		
Administrator Responsible:	Leah Horton, Chief Financial Officer		
Attachments:	No Attachments		
<input checked="" type="checkbox"/> Action Needed	<input type="checkbox"/> Future Action	<input type="checkbox"/> Information	<input type="checkbox"/> Report

Administrative Recommendation:

That the Wichita Falls Independent School District Board of Trustees review the construction method and designate the methodology to be utilized for the construction as related to the renovation of McNiel, as submitted by Leah Horton, Chief Financial Officer, and as recommended by Dr. Donny Lee, Superintendent of Schools.

Explanation:

Replacement projects exceeding \$50,000 are considered "construction," and per Policy CV(Local), "Prior to advertising, the Board shall determine the project delivery/contract award method to be used for each construction contract valued at or above \$50,000."

Available options for construction methods include the following Board Policies:

- CVA – Competitive Bidding (Traditional Method)
- CVB – Competitive Sealed Proposals (Traditional Method)
- CVC – Construction Manager-Agent
- CVD – Construction Manager-at-Risk
- CVE – Design-Build
- CVF – Job Order Contracts

The Board may select the method solely at the Board’s discretion or may consider the district staff recommendation of the most advantageous method(s) expected to result in on-time and within budget results.

Competitive Sealed Proposal (CSP) (Traditional Method, Policy CVB) is a procurement method by which a district requests proposals, ranks the offerors, negotiates as prescribed, and subsequently contracts with a general contractor for the construction, rehabilitation, alteration, or repair of a facility. In selecting a contractor through competitive sealed proposals, a district shall follow the procedures provided by Government Code 2269, Subchapter D. Gov't Code 2269.151.

The CSP is preceded by a Request for Qualifications (RFQ) in which responding vendors are ranked based on qualifications and experience, without consideration of price. After the qualifications are evaluated and scored, the proposed project pricing is unsealed and Vendor pricing is weighted against the lowest bid, for the final scoring total of all proposals.

Additional Note: The resulting scores and vendor recommendation will be submitted for both Board of Trustees’ approval as well as Texas Department of Agriculture approval, considering the expense is \$10,000 or greater, which requires capital expenditure approval from TDA.

Fiscal Note:

As per Policy CV-Legal, "If the *Board of Trustees* considers a construction contract, before advertising, must determine which method provides the best value for the District."

Administrative Information:

That the Wichita Falls Independent School District Board of Trustees Board of Trustees approves the Certification of Provision of Instructional Materials form for school year 2025-2026 as submitted by Debbie Dipprey, Executive Director of School Administration and as recommended by Dr. Donny Lee Superintendent of Schools.

Explanation:

The Instructional Materials and Technology Allotment (IMTA), formerly known as the textbook allotment, was established under Senate Bill 6. It continues to provide funding for the purchase of instructional materials, technological equipment, and technology-related services. This legislation modified the process for distributing funds for instructional materials and technology.

In accordance with Texas Education Code, §31.004, local education agencies (LEAs) are required to certify annually to the State Board of Education (SBOE) and the Commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

Additionally, in accordance with 19 Texas Administrative Code (TAC) §66.105, LEAs are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C). The TEKS Certification 2025–26 Survey includes a section to allow LEAs to certify they meet this requirement.

The Texas Education Agency (TEA) requires districts to annually specify the instructional materials used to meet the TEKS requirements.

Fiscal Note:

All purchases which are funded through state IMTA funds, may only be spent on student or teacher materials, technology equipment or technology-related services. The Instructional Materials & Technology Allotment with TEKS Certification form (attached) must be approved by the local Board of Trustees. TEA requires an online form be submitted based on the informational sheet attached with the signed signature page attached to the online form submittal.

Survey Pre-Work

2025–26 Certification of Provision of Instructional Materials

In accordance with [Texas Education Code 31.1011](#), local educational agencies (LEAs) are required to certify annually to the State Board of Education (SBOE) and the commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

Additionally, LEAs are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) Section [28.0022](#); (iii) Section [43.22](#), Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The TEKS Certification 2025–26 Survey includes a section to allow LEAs to certify they meet this requirement.

Like last year's process, the agency will utilize the following tools:

Certification 2025–26 Form:

Printable, hard copy of the survey to be completed offline and presented to the board of trustees or governing body for ratification and signatures.

Certification 2025–26 Survey:

Web-based application where LEAs will submit their responses collected on the TEKS Certification 2025–26 Form, and where LEAs will upload the signature page of the Form.

This year's Certification Process requires:

- The completion of the Certification 2025–26 Form;
- Ratification by the LEA's board of trustees or governing body in an open, public-noticed meeting; and
- Submission of the Certification 2025–26 Survey and upload of the ratified Certification 2025–26 Form.

TEA recommends that LEAs complete these steps by **May 1, 2025**. The Certification 2025–26 Form can be accessed at the following link on the [Certification of Provision of Instructional Materials webpage](#).

The state online instructional materials ordering system, EMAT, will close for annual maintenance on March 28, 2025, and is scheduled to reopen on May 15, 2025. **Completion of the Certification Process is required to regain access to allotment funds when EMAT reopens in May of 2025.**

Certification 2025–26 Survey submissions received after May 15, 2025, will typically be processed within five business days, then access to EMAT provided.

Instructions to Complete the Certification Process for 2025–26

1. **Review the Certification 2025–26 Form:** Print the fillable TEKS Certification 2025–26 Form found on the [Certification of Provision of Instructional Materials webpage](#).

- **State-Adopted Instructional Materials:** state-adopted instructional materials were reviewed and adopted in the preceding Proclamation process. These materials have not been reviewed in the IMRA process, are not considered HQIM (per the Texas definition), and are not eligible for additional HB 1605 funding entitlements.

About the Qualtrics Survey

Within the Qualtrics survey you will be given a list of commonly known publishers and products. Should your LEA use a LEA-developed product, or the product is not listed, you will be asked to write in the name of the publisher and product.

You can find a list instructional materials on the [Certification of Provision of Instructional Materials webpage](#).
