NEPC MARKET OUTLOOK AS OF SEPTEMBER 2026

We recommend rebalancing safe-haven exposures to strategic target levels and suggest opportunistically seeking higher yield exposures

Look to rebalance public equity; we suggest maintaining a U.S. overweight given a relatively favorable macro backdrop and broad-based earnings story

We believe growth equity segments are attractively priced today and offer exposure to strong potential earnings growth over a multi-year horizon

We recommend utilizing return-seeking public credit as a portfolio liquidity source and tilting portfolio risk into public equities over credit

We prefer investors hold high-quality, liquid assets and encourage maintaining appropriate safe-haven exposure for cash flow needs

Asset Allocation History

Portfolio Characteristics

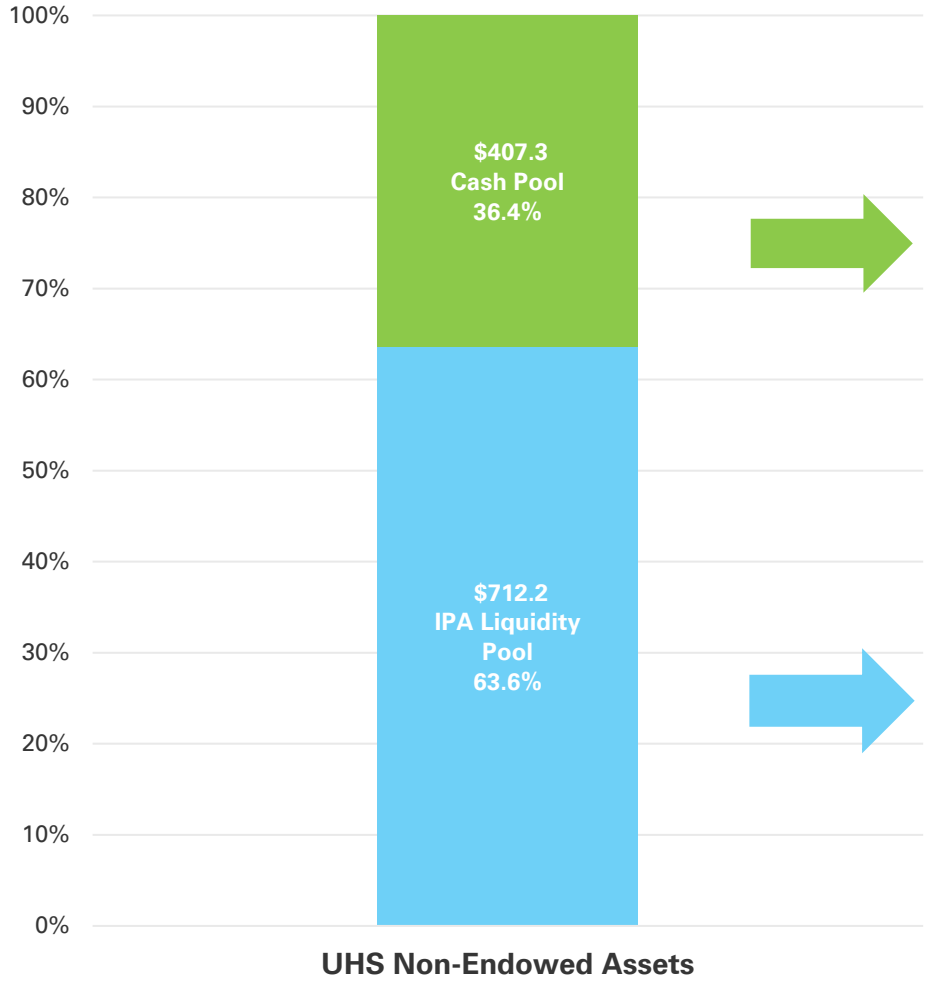

Duration: 3.9

Dynamic Benchmark: Designed to match the actual composition of the portfolio, the Dynamic Benchmark evolves over time with market movements and changes to the portfolio. The Dynamic Benchmark is calculated monthly using the return for each manager's passive index multiplied by that manager's percentage weight within the portfolio at the beginning of the month. Because it evolves to match the way dollars are actually invested, the Dynamic Benchmark is a useful tool for evaluating the impact of manager performance.

Non-Endowed Policy Benchmark: The Policy Benchmark changes only infrequently. It is calculated monthly according to a formula specified in the Investment Policy Statement. For each asset class, the return for the passive benchmark for an asset class is multiplied by the target weight outlined in the Policy; the Policy Benchmark is simply the sum of these figures. The Policy Benchmark measures the return for the Policy asset allocation. Currently comprised of comprised of 50% ICE BofA AAA-A US Corp & Govt TR and 50% BofA Merrill Lynch 91-Day T-Bill.

ENCAP FLATROCK MIDSTREAM FUND VI

NEPC recommends a $12.5 million commitment to EnCap Flatrock Midstream Fund VI

- **EnCap is raising $1.5 billion for Fund VI of its midstream energy strategy**
  - The Fund provides control-oriented growth equity to midstream companies with an emphasis on natural gas, liquids, water, and logistics infrastructure
  - Focus regions include the Permian, Haynesville, and Appalachian basins, the Gulf Coast, and major U.S. power and industrial demand centers
  - Fund VI expects to build a portfolio of seven to ten companies with equity commitments of $100 million to $375 million
- **EnCap Flatrock's track record reflects sustained performance and strong realized outcomes across multiple market cycles**

UHS MANAGER WATCH LIST

PROPRIETARY & CONFIDENTIAL

UHS MANAGER WATCH LIST

- **Objective:**
  - The purpose of the Watch List is to highlight managers whose ability to generate long-term excess returns has come into question.
- **Criteria for Inclusion:**
  - Underperformance relative to its market-based benchmark
    - Returns lag 300bps or more relative to the funds' benchmark over the trailing 3-year period.
  - Receives a rating of "Watch", "Hold", "Client Review", or "Terminate" as a result of analysis by NEPC's Research (not simply performance concerns)
    - Ratings are assigned for numerous reasons, primarily:
      - Organizational Concerns
      - "Key Person" considerations
      - Meaningful deviation from strategy
      - Significant growth/decline in Assets Under Management
      - Changes in firm ownership
      - Other organizational developments

Key Ratings	
Watch	Issues have surfaced to be concerned over; manager can participate in future searches, but current and prospective clients must be made aware of the issues.
Hold	Serious issues have surfaced to be concerned over; manager cannot be in future searches unless a client specifically requests, but current and prospective clients must be made aware of the issues.
Client Review	Very serious issues have surfaced with a manager; manager cannot be in future searches unless a client specifically requests. Current clients must be advised to review the manager.
Terminate	We have lost all confidence in the product; manager would not be recommended for searches and clients would be discouraged from using. The manager cannot be in future searches unless a client specifically requests. Current clients must be advised to replace the manager.

UHS MANAGER WATCH LIST

- **"Stoplight" Rating:**
  - Red, Yellow, or Green rating accompanies each manager
    - Green: Intended as a "FYI"; often associated with shorter time intervals
    - Yellow: Necessitates closer monitoring
    - Red: Reflects significant concern and may warrant action including possibly termination
  - Greater emphasis is given to longer time periods; relative performance for shorter periods may not be meaningful for evaluation

- **Ongoing Monitoring/Process for Removal:**
  - Watch List rating and recommendation will be updated on a quarterly basis.
  - On an annual basis (at a minimum) we will provide a detailed summary that highlights changes over the prior year that has bettered or worsened our view; a recommendation from NEPC regarding the extension/removal of the manager will then be provided
    - Detailed summary will also be provided on an ad-hoc basis if the situation calls for a more expedited approach; annual, detailed summary in place to incentivize long-term outlook

- **William Blair International Growth was reported on the list as a function of performance (3-year return trails the MSCI AC World ex USA benchmark by > 300bps)**
  - Volatile environment for Growth managers; since inception results are in line with the index
  - We recommend continuing to monitor the strategy amid evolving market dynamics
- **Deprince, Race, & Zollo Small Cap was reported on the list as a function of performance (3-year return trails the Russell 2000 Value benchmark by > 300bps)**
  - DRZ holds a higher quality value portfolio than the index, amid a market environment driven by lower quality names
  - We recommend continuing to monitor the strategy

Acadian Non-U.S. All-Cap Hedged USD Equity *Hedge Funds*	Alexandre Voitenok has been appointed to co-Chief Investment Officer (CIO) of Acadian Asset Management, effective January 1, 2027, where he will join current CIO, Brendan Bradley. Mr. Voitenok, a member of the Acadian Executive Committee, became Deputy CIO of Acadian in 2024, working with CIO Brendan Bradley after joining Acadian in 2012. Prior to his current role, Mr. Voitenok served as the firm's Director of Implementation. Before joining Acadian, Mr. Voitenok was a senior portfolio manager at Gartmore Investment Management in London and Boston, where he focused on long/short funds while co-managing a global active book of business of $3 billion. Mr. Voitenok obtained his M.Sc. in software engineering from the Minsk Radio Engineering Institute. As co-CIOs, Mr. Voitenok will focus on implementation-centered activities and functions of the equity investment team and Mr. Bradley will concentrate on future vision as it relates to Acadian's investment research and strategy. Additionally, Mr. Bradley will focus on key growth and innovation initiatives and high-level investment oversight. While Mr. Voitenok will oversee portfolio management, implementation, portfolio construction and related research, trade execution, data infrastructure, risk management, and investment process-related engineering. NEPC recommends **No Action**.	1
Truebridge Capital Partners *Private Equity*	TrueBridge Capital Partners is requesting approval of an omnibus Limited Partnership Agreement amendment that applies to multiple TrueBridge funds, including the TrueBridge Capital Partners, Direct, Seed & Micro VC, Global Premier, and Kauffman Fellows vehicles. The amendment allows the General Partner the option to receive its share of distributions in-kind, rather than in cash. The General Partner would choose to receive a distribution in-kind for the purposes of favorable tax treatment, charitable donations, or if there is further conviction in the future value of a public security. Importantly, the amendment only applies to the General Partner and does not affect Limited Partner distributions and how they are received. NEPC is supportive of clients consenting to the amendment. Clients are asked to provide consent by August 12, 2026. Clients should have their legal counsel review all amendments to the Limited Partnership Agreement prior to signing. NEPC recommends **No Action**.	1

DUE DILIGENCE MONITOR

Investment Strategy	Commentary	NEPC Rating
EnerVest Energy Institutional XIV *Real Assets*	EnerVest, Ltd. is pursuing a single-asset continuation vehicle (the "CV") of United Production Partners Holdings, LLC ("UPP"), which is currently held by EnerVest Energy Institutional Fund XIV (the "Fund" or "Fund XIV") and its affiliated vehicles. UPP appears well positioned to benefit from tailwinds supporting the U.S. natural gas opportunity set. Growth in the sector is being driven by the buildout of LNG export terminals and increasing demand for power generation assets, particularly gas-fired power. The Company benefits from a mature, producing asset base and an experienced direct operator management team, while offering attractive economics in the form of no management fees. However, the CV's projected returns are dependent on maintaining or increasing current natural gas prices. In addition, the CV has the flexibility to pursue investments related to power demand growth that currently fall outside the Company's existing asset base. Alternatively, the liquidity option may be attractive for clients seeking to complete the liquidation of Fund XIV, as UPP is the Fund's final remaining investment and the Fund is approaching the end of its term, which expires in April 2027. On a go-forward basis, the base case unlevered return is projected to be a 10.6% net IRR and a 1.46x net MOIC; however, investors should note that returns for rolling LPs that do not contribute new equity may be lower due to dilution from new capital. Investors seeking continued energy exposure have access to a range of alternative opportunities, including several 1-rated energy managers on the NEPC's Focus Placement List. Additionally, NEPC has not conducted full due diligence or formally underwritten EnerVest as a manager. NEPC notes **Client Action Required.** UHS elected for the liquidity option following NEPC's recommendation.	**NR**

Investment Strategy	Commentary	NEPC Rating
Arrowstreet Global Equity ACWI *Global Equity*	Arrowstreet communicated three updates regarding prospective changes to certain terms in their sponsored funds as outlined below: **1. Dealing date frequency and notice periods** Commingled funds that currently have twice-monthly liquidity will convert to monthly liquidity, and non-daily commingled funds will move to monthly liquidity. There will be no change to funds with daily liquidity. In conjunction with the transition to monthly dealing, redemption requests will be due by the first calendar day of the month preceding the applicable dealing date, while subscription documentation will be due by the 14th calendar day of the preceding month. The revised schedule provides Arrowstreet with additional time to prepare for anticipated cash flows and associated trading activity. Arrowstreet indicated that investor flow activity has increased as its investor base has grown to more than 1,000 investors. The firm noted that the timing and volume of certain flows have, at times, reduced the available window for associated trading. Consolidating dealing dates and receiving earlier notification should provide additional time to prepare for flows while reducing operational complexity and related costs. 2. **Capital Return Mechanism** This change has the largest potential impact on all non-daily funds. Arrowstreet is implementing a redemption feature that allows for the distribution of capital to fund investors, with a minimum advance notice period of 30 days. Arrowstreet will review these provisions liquidity reviews are conducted and will only return capital if it is necessary based on strong alpha. If it is decided to return capital, capital gains from alpha generation will be the starting point, but capital returns may not be limited to gains and could impact contributed capital. This is the process because alpha can consume capacity. Decisions may be made in any strategies, but the strategies most susceptible to return of capital bases on capacity will be EAFE and emerging markets equities. Arrowstreet will have to give clients a minimum of 30 days notice prior to returning capital but hope to be able to give a longer lead time, possibly up to a quarter in advance. There are no current plans to implement this provision, but it is likely, based on alpha generation, in the future. Arrowstreet will communicate with NEPC as early as possible any decision to move forward with capital returns so clients will be aware of strategies where this might happen and timelines for potential capital returns when they are available. 3. **Performance Fees** Effective January 1, 2027, Arrowstreet plans to increase performance fee rates (including incentive allocations) by five percentage points (5%) for new capital invested in their levered funds. First-in-first-out accounting will continue to apply for redemptions. This will not apply to asset-based fees or the base components of performance-based fees. NEPC recommends **No Action**.	1

Northern Trust Asset Management *U.S. Equity*	Northern Trust Asset Management notified NEPC of plans to convert six mutual funds into ETFs in early 2027. Northern Trust cited growing investor demand for ETFs and potential benefits such as greater tax efficiency, trading flexibility, and transparency. The conversions, which have been approved by the fund board, are expected to preserve the funds' existing investment strategies and portfolio management approaches. The affected products span core index, international equity, short-duration fixed income, and equity income strategies: 1. Northern Stock Index Fund (NOSIX) - Northern Trust MSCI US 500 ETF (NTLC) 2. Northern International Equity Index Fund (NOINX) - Northern Trust MSCI EAFE ETF (NEFA) 3. Northern Tax-Advantaged Ultra-Short Fixed Income Fund (NTAUX) - Northern Trust Tax-Advantaged Ultra-Short Income ETF (TAXU) 4. Northern Mid Cap Index Fund (NOMIX) - Northern Trust MSCI US 400 ETF (NTMC) 5. Northern Small Cap Index Fund (NSIDX) - Northern Trust MSCI US 2000 ETF (NTSC) 6. Northern Income Equity Fund (NOIEX) - Northern Trust Equity Income ETF (QDFI) The announcement reflects the industry's continued shift toward ETF implementation and Northern Trust's efforts to expand its ETF platform. The conversions are expected to be primarily structural for existing investors; however, clients should assess potential operational, trading, investment policy, and tax implications before implementation in 2027. NEPC views the announcement as consistent with the broader industry shift toward ETF-based implementation as asset managers adapt product structures to changing investor preferences and portfolio construction practices. Because the underlying investment strategies and portfolio management approaches are expected to remain unchanged, the primary considerations for clients are operational, trading, policy, and tax related. NEPC recommends **No Action**.	1

UNIVERSITY OF HOUSTON SYSTEM
BOARD OF REGENTS AGENDA

COMMITTEE: Endowment Management Committee

ITEM: Approval is requested to modify the permissible use of income from the Enron Scholarship Endowment - University of Houston System.

DATE PREVIOUSLY SUBMITTED: N/A

SUMMARY:
The original purpose for the Enron Scholarship Endowment was to provide scholarships for full-time undergraduate degree seeking Project Grad program participants.

The Project Grad program has transitioned to a service entity that provides college access and career guidance and no longer provides scholarships to students.

The endowment agreement expressly states that "if the purpose(s) for which the endowment income is spent should cease to exist, the President and the Board reserve the right to direct the income of the endowment to a purpose as close as possible to the donor's original intent."

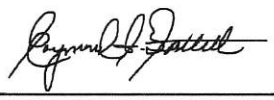

The proposed use of the endowment income is to provide scholarships for students that are eligible to receive a Federal Pell Grant, demonstrating financial need consistent with the original purpose of supporting students from economically disadvantaged communities.

SUPPORTING DOCUMENTATION: Enron Scholarship Proposed Use, Enron Scholarship Agreement

FISCAL NOTE: Annual income of approximately $37K; Endowment FMV $1.1M.

Proposed Enron Scholarship Endowment Income Distribution Criteria

1. Be admitted to or enrolled at as a full-time, degree-seeking undergraduate student.
2. Be in good academic standing.
3. Be eligible to receive a Federal Pell Grant, demonstrating financial need consistent with the scholarship's purpose of supporting students from economically disadvantaged communities.
4. Maintain the minimum cumulative GPA established by the scholarship committee or financial aid office of the recipient campus.
5. Be eligible to receive additional scholarships and grants in accordance with University of Houston System and applicable financial aid policies.
6. Use scholarship funds for eligible educational expenses, including tuition, mandatory fees, books, required course materials, and supplies.

Income will be allocated among the System campuses based on each institution’s proportional share of federal Pell Grant-eligible headcount enrollment from the prior year’s Fall term.

1.

This agreement dated February 14, 2000 between ENRON and the University of Houston System establishes the **ENRON Scholarship Endowment**.

This endowment account consists of money irrevocably given, and to be given, to the University of Houston by ENRON.

This endowment account was established with an original gift of $620,000 given by ENRON between March 1996 and August 1998 which resides in UHS Account #4-0-67086.

ENRON is one of the world's leading electricity, natural gas and communications companies. The company, which owns approximately $34 billion in energy and communications assets, produces electricity and natural gas, develops, constructs and operates energy facilities worldwide, delivers physical commodities and financial and risk management services to customers around the world, and is developing an intelligent network platform to facilitate online business. ENRON ranks in the top quarter of Fortune magazine's "Best 100 Companies to Work For in America, "and has been named "Most Innovative Company" for the past five years. The stock is traded under the ticker symbol, "ENE."

2.

The annual distributed income from this endowment will be used to provide scholarship funding throughout the University of Houston System (UHS).

The recipient(s) of the scholarship will be determined by the Scholarship Selection Committee of each university.

The annual distributed income shall be spent for student scholarship(s) based on the following criteria:

a. Scholarship prospect is a recognized Project Grad student.
b. Scholarship prospect has been accepted by a university in the University of Houston System.
c. Scholarship prospect is a certified full-time undergraduate degree-seeking student in good standing.
d. Scholarship recipient must maintain a GPA in accordance with the standards set by the Project Grad Scholarship Committee.

e. Scholarship recipient may accept other scholarships and grants in conjunction with the **ENRON Scholarship.**

f. Funds can be used to cover expenses for tuition, books, fees, and/or supplies for the coming academic semester. Any expenses of a recipient in excess of the amount deposited must be borne by the student.

The Treasurer of the University of Houston System will have administrative control over the annual distributed income from this endowment.

If it is determined by the Chancellor of the University of Houston System that any portion of earned income is not spent for the designated purpose within a reasonable timeframe after a fiscal year, it may be returned to principal.

An annual stewardship report on the **ENRON Scholarship Endowment** will be provided to ENRON each November for the prior fiscal year (FY99 is September 1, 1998 - August 31, 1999) from the Office of Development at the University of Houston. This report will contain financial information regarding the market value of the endowment.

Each spring, the University will work with ENRON to create an opportunity for ENRON representatives to meet with the scholarship recipients. At that time, ENRON will be provided with the names of the students who have received ENRON scholarships and the amounts awarded to them.

3.

The University of Houston System agrees to:

(a) Hold and preserve the fund as a permanent endowment fund. The University of Houston System Chancellor and the University of Houston System Board of Regents fully intend to direct the income from the endowment for the purpose(s) outlined above. However, if the purpose(s) for which the endowment income is spent should cease to exist, the President and the Board reserve the right to direct the income of the endowment to a purpose as close as possible to the donor's original intent;

(b) Invest and manage the fund consistent with guidelines outlined by the UHS Board of Regents; endowment funds will be pooled for investment purposes.

(c) Not expend any of the principal sum of the fund without approval of the UHS Chancellor and the UHS Board of Regents.
