RE: Pest Management Services
CSP No. 2016-08 - Renewal

SUMMARY:

A competitive sealed proposal was let to request proposals from companies to provide pest management services on an annual basis at all district facilities. The proposals were received September 20, 2016. The award called for an initial term from notification of award to October 31, 2017 with the option to renew automatically for two additional one-year terms unless a 90 day notice of non-renewal was given to the district. We have received notification the vendor will renew. This will be the first renewal option.

A summation of the process and outcome as well as a copy of the tabulation is attached for your review. The attached Bid for Board Approval Form was from the initial award.

Mr. Randy Leach, Facilities Director, has recommended a renewal with the current vendor. The following is his recommendation. Anticipated expenditures are between $12,500 -$75,000 to include the annual expense and any emergency treatments as needed.

RECOMMENDATION:

It is recommended to renew Granbury ISD CSP 2016-08 for Pest Management Services with Double “D” Termite and Pest Control, Inc. for the period of November 1, 2017 through October 31, 2018.

RE: 77 Passenger Buses

SUMMARY:

General funds from the transportation budget will be used to purchase five 77 passenger route buses. The buses are available through an interlocal contract with the TASB Buy Board. An interlocal contract is one of the approved methods for purchasing under TEC 44.031. A request for quote was posted on the Buy Board, three companies responded with a price quote.

Board Policy CH(LOCAL) requires board approval on purchases in excess of $50,000. The policy states "The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs $50,000 or more shall require Board approval before a transaction may take place, unless the purchase falls into function 35 in a categorical exemption."

Terry Slemmons, Transportation Director, reviewed the Buy Board quotes submitted by Rush Bus Centers, Longhorn Bus Sales, LLC and Thomas Bus Gulf Coast, GP, Inc.

RECOMMENDATION:

His recommendation is for the Board to award the five buses to Longhorn Bus Sales, LLC at a cost of $480,045.00 to include $95,849.00 per bus and the TASB Buy Board service fee of $800 for vehicle purchase orders.

Comprehensive Needs Assessment

Demographics

Demographics Summary

GISD continues to grow each year by about 1-2%. Our ECD student population is consistently beyond the 50% mark. The white population of GISD is 73%, Hispanic is 23%, and other is 4%. The LEP population continues to grow and is up to 8% with 13 different languages.

Demographics Strengths

As compared to the majority of districts in the state, GISD does not have the diversity that many other districts experience. There are basically two different populations of students that are included in our district make up.....white and Hispanic.

Problem Statements Identifying Demographics Needs

24

Problem Statement 1: Our ECD and Hispanic students are performing below their white counterparts. **Root Cause**: The ECD and Hispanic populations are growing quicker than the other population of students which makes it difficult for the school district to keep up with teacher professional development and PD/resource implementation

Student Achievement

Student Achievement Summary

There is an acievement gap between All Student group and ECD, Hispanic, ELL, and Sped groups in all content areas but especially in Reading and Writing. Social studies in the middle grades is also a noted issue for these students. Students reaching the mastery level is below the state and region.

Student Achievement Strengths

GISD does a tremendous job of graduating students and getting them pointed into post-secondary options. Science is also an area of strength overall for the district.

Problem Statements Identifying Student Achievement Needs

Problem Statement 1: There is an achievement gap between the All Student group and the ECD, Hispanic, ELL, and Sped groups. **Root Cause**: GISD needs to deliberately address the areas of these student groups and to increase the rigor of all student groups.

District Culture and Climate

District Culture and Climate Summary

GISD has formed many partnerships with community entities that support the learning of our students. The district offers many exemplary programs such as arts, athletics, engineering, all endorsements, Bilingual education, etc. and recently AVID to keep kids engaged and on track for graduation and beyond. The Granbury Education Foundation continues to provide avenues for innovative learning. There is an overall positive climate and culture as evidence by student growth patterns.

District Culture and Climate Strengths

GISD continues to compete in many areas from district to international levels. All campuses have a adopted a college-going atmosphere that has proven to be effective as evidenced by the number of students that graduate on time and are headed in positive directions post-secondary. GISD seeks out other avenues to engage students and families such as AVID, cross-campus familiy involvement activities, offering of all endorsements, and the many pathways in CTE.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

GISD has had 100% of highly qualified educators as deemed at the federal level for several years and now on the PR1500 from the federal government. All of our teachers are assigned and teaching within their content/grade certification(s). The district also offers signing bonuses and stipend for hard to fill positions such as math and Bilingual. Granbury Teacher Excellence Initiative (GTEI) offers teachers an opportunity to be rewarded for going above and beyond in supporting students. GISD continues to have a great interest for teachers and staff to join the district. Each year there is less than a 9% turnover rate of all employees. GISD maintains a number one relationship with Tarleton in many areas with student teaching being one of the top areas.

Staff Quality, Recruitment, and Retention Strengths

Since Tarleton is in close proximity and a tremendous partner, GISD benefits from student teachers and qualified applicants. GTEI provides a unique benefit to our teachers. GISD supports health insurance benefits, life insurance benefits, and careflight for employees. GISD sponsors many student activities that keep our employees involved in the community.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

All core content, foreign language, and AP course have detailed written curriculum documents that were authored by teachers and facilitated by curriculum staff members. Primary and secondary resrouces are noted in the documents and vetted by curriculum coordinators and teacher team after studies of TEKS. A formative assessment program is implemented that is aligned to the curriculum documents and driven by results of those assessments as well as results from summative state assessments. The curriculum documents can be accessed by all educators so that content curriculum can even be supported not only in the foundation curriculum but the extra curricular programs as well. All documents are reviewed and revised each year by teams of educators only if student data warrants a change or the TEKS are updated from the state. In addition, curriculum teams are constantly developing or examing research based strategies and resources to improve student achievement. Reading and writing (ELAR) need to be implemented at a higher rigor in GISD. There is a balanced literacy initiative currently be tuned and fine tuned across the district. Our ECD, Hispanic, ELL, and ECD students are not performing at the level of all students.

Curriculum, Instruction, and Assessment Strengths

Curriculum and assessment are aligned. Documents are detailed and written by teams of educators. Professional development supports the implementation of curriculum and intervention. GISD has the ability to track student success in multiple formats.

28

Problem Statements Identifying Curriculum, Instruction, and Assessment Needs

Problem Statement 1: Sometimes the instruction in the classroom does not align to the curriculum and assessment. **Root Cause**: Not all teachers are in conversation with their colleagues regarding curriculum standards.

Problem Statement 2: ECD, Hispanic, ELL, and Sped students are not performing at the level of the all student group. **Root Cause**: These populations of students are growing quicker than specific intervention programs can be identified, trained and seamlessly implemented.

Family and Community Involvement

Family and Community Involvement Summary

All campuses have a parent involvement plan that is driven by federal programs. The district has incredible support from MANY community partners that offer programs around health/wellness, safety, domestic support, etc. Each year the district coordinates a community round table with many partners so that communication is shared and all are on the same page. A Mobile Learning Lab helps the district reach families that are not able to attend meetings or events at the schools. The district also maintains a Speaker's Bureau so that teachers can readily find industry experts to speak or work with children. The Director of Communication ensures that communication is launched in several venues.

Family and Community Involvement Strengths

Many entities support the school district. Students benefit from innovative programs, safety programs, health programs, clothing programs, etc. Taking opportunties to the community in the form of a mobile learning lab is innovative in itself.

District Context and Organization

District Context and Organization Summary

GISD is comprised of 10 departments that provide support for teachers and students at 10 different campuses. A strategic team, lead by the superintendent, organized and created the 6 goals that currently drive the functions of the district. Many of the objectives of the plan have been realized in the form of facilities, technology, and innovated instruction. The district continues to review the plan to ensure that it remains on track of the goals.

District Context and Organization Strengths

The district plan does guide the district in short term and long term activities/objectives. The district identifies programs that benefit students as opposed to playing the state accountability game. GISD believes that good programs focused on students will take care of the accountability.

Technology

Technology Summary

All campuses and the district have a technology plan that is driven by committees of stakeholders. Technology is a tool that is seamless to research-based instruction. It supports the implementation of the instructional district initiatives. Ongoing PD and modeling is implemented on the campuses and and a menu of PD offerings is offered in a variety of venues. Hardware and software support the initiatives to give students a 21st century edge.

Technology Strengths

Recently the district completed a multi million dollar upgrade to the technology that supports students and staff. GISD is in constant conversation and research on the continuous evolvement of technology in our world today.

RE: Investment Policy CDA (LEGAL) & CDA (LOCAL)

SUMMARY:

According to the Public Funds Investment Act (Texas Government Code Chapter 2256, Subchapter A) and Granbury ISD policy CDA (LEGAL), the investment policy and the investment strategy shall be reviewed not less than annually.

Attached are Granbury ISD's adopted CDA (LEGAL) and CDA (LOCAL). These serve as the investment policy and strategy for each fund maintained by the District. CDA (LEGAL) is the standard investment policy for all school districts in the state of Texas. CDA (LOCAL) is the policy of GISD and describes the strategy utilized by the District in investments for GISD funds.

I have reviewed the policies to ensure that they are in compliance with current law and current procedures. The attached policies represent the current law and the current practices of District administration in regard to investments.

In addition, CDA (LEGAL) states that "The Board shall adopt a written instrument stating that it has reviewed the investment policy and investment strategies and that the written instrument so adopted shall record any changes made to either the investment policy or investment strategies." In addition, CDA (LEGAL) also states that the board shall annually review, revise, and adopt a list of qualified brokers that are authorized to engage in investment transactions with the District. CDA (LOCAL) states that "The Superintendent or other person designated by Board resolution shall serve as the investment officer." And lastly, Texas Government Code Section 2256.008(a) requires that the Board approve independent sources of investment training. In view of these requirements, a resolution is attached for consideration of the Board.

RECOMMENDATION:

That the Board adopt the attached resolution stating that the Board has reviewed the investment policy and strategies, adopted a list of qualified brokers, has designated an investment officer(s) and has approved the independent sources of investment training as required by Investment Policy and Texas Government Code.

Respectfully submitted,

Assistant Superintendent for Finance and Operations

INVESTMENT OFFICER

A district shall designate one or more officers or employees as investment officer(s) to be responsible for the investment of its funds. If the board has contracted with another investing entity to invest its funds, the investment officer of the other investing entity is considered to be the investment officer of the contracting board's district. In the administration of the duties of an investment officer, the person designated as investment officer shall exercise the judgment and care, under prevailing circumstances that a prudent person would exercise in the management of the person's own affairs, but the board retains the ultimate responsibility as fiduciaries of the assets of the district. Unless authorized by law, a person may not deposit, withdraw, transfer, or manage in any other manner the funds of the district. Authority granted to a person to invest the district's funds is effective until rescinded by the district or until termination of the person's employment by a district, or for an investment management firm, until the expiration of the contract with the district. *Gov't Code 2256.005(f)*

Within 12 months after taking office or assuming duties, the chief financial officer and the investment officer of a district shall attend at least one training session from an independent source approved either by the board or by a designated investment committee advising the investment officer. This initial training must contain at least ten hours of instruction relating to their respective responsibilities under the Public Funds Investment Act. *Gov't Code 2256.008(a)*

ONGOING

The chief financial officer and the investment officer must also attend an investment training session not less than once in a two-year period that begins on the first day of the district's fiscal year and consists of the two consecutive fiscal years after that date, and receive not less than eight hours of instruction relating to investment responsibilities under the Public Funds Investment Act from an independent source approved by the board or a designated investment committee advising the investment officer. If a district has contracted with another investing entity to invest the district's funds, this training requirement may be satisfied by having a board officer attend four hours of appropriate instruction in a two-year period that begins on the first day of the district's fiscal year and consists of the two consecutive fiscal years after that date. *Gov't Code 2256.008(a-1)–(b)*

Investment training shall include education in investment controls, security risks, strategy risks, market risks, diversification of investment portfolio, and compliance with the Government Code, Chapter 2256. *Gov't Code 2256.008(c)*

STANDARD OF CARE

Investments shall be made with judgment and care, under prevailing circumstances that a person of prudence, discretion, and intelligence would exercise in the management of his or her own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived. Investments shall be governed by the following objectives in order of priority:

1. Preservation and safety of principal;
2. Liquidity; and
3. Yield.

In determining whether an investment officer has exercised prudence with respect to an investment decision, the following shall be taken into consideration:

1. The investment of all funds, rather than the prudence of a single investment, over which the officer had responsibility.
2. Whether the investment decision was consistent with a board's written investment policy.

Gov't Code 2256.006

A required statement must be filed with the board and with the Texas Ethics Commission. For purposes of this policy, an investment officer has a personal business relationship with a business organization if:

1. The investment officer owns ten percent or more of the voting stock or shares of the business organization or owns $5,000 or more of the fair market value of the business organization;

Information sources may include financial/investment publications and electronic media, available software for tracking investments, depository banks, commercial or investment banks, financial advisers, and representatives/advisers of investment pools or money market funds. Monitoring shall be done monthly or more often as economic conditions warrant by using appropriate reports, indices, or benchmarks for the type of investment.
MONITORING RATING CHANGES	In accordance with Government Code 2256.005(b), the investment officer shall develop a procedure to monitor changes in investment ratings and to liquidate investments that do not maintain satisfactory ratings.
FUNDS / STRATEGIES	Investments of the following fund categories shall be consistent with this policy and in accordance with the applicable strategy defined below. All strategies described below for the investment of a particular fund should be based on an understanding of the suitability of an investment to the financial requirements of the District and consider preservation and safety of principal, liquidity, marketability of an investment if the need arises to liquidate before maturity, diversification of the investment portfolio, and yield.
OPERATING FUNDS	Investment strategies for operating funds (including any commingled pools containing operating funds) shall have as their primary objectives preservation and safety of principal, investment liquidity, and maturity sufficient to meet anticipated cash flow requirements.

AGENCY FUNDS	Investment strategies for agency funds shall have as their primary objectives preservation and safety of principal, investment liquidity, and maturity sufficient to meet anticipated cash flow requirements.
DEBT SERVICE FUNDS	Investment strategies for debt service funds shall have as their primary objective sufficient investment liquidity to timely meet debt service payment obligations in accordance with provisions in the bond documents. Maturities longer than one year are authorized provided legal limits are not exceeded.
CAPITAL PROJECT FUNDS	Investment strategies for capital project funds shall have as their primary objective sufficient investment liquidity to timely meet capital project obligations. Maturities longer than one year are authorized provided legal limits are not exceeded.
SPECIAL REVENUE FUNDS	Investment strategies for special revenue funds shall have as their primary objectives preservation and safety of principal, investment liquidity, and maturity sufficient to meet anticipated cash flow requirements.
SAFEKEEPING AND CUSTODY	The District shall retain clearly marked receipts providing proof of the District’s ownership. The District may delegate, however, to an investment pool the authority to hold legal title as custodian of investments purchased with District funds by the investment pool.
BROKERS / DEALERS	Prior to handling investments on behalf of the District, brokers/dealers must submit required written documents in accordance with law. [See SELLERS OF INVESTMENTS, CDA(LEGAL)] Representatives of brokers/dealers shall be registered with the Texas State Securities Board and must have membership in the Securities Investor Protection Corporation (SIPC), and be in good standing with the Financial Industry Regulatory Authority (FINRA).
SOLICITING BIDS FOR CD’S	In order to get the best return on its investments, the District may solicit bids for certificates of deposit in writing, by telephone, or electronically, or by a combination of these methods.
INTEREST RATE RISK	To reduce exposure to changes in interest rates that could adversely affect the value of investments, the District shall use final and weighted-average-maturity limits and diversification. The District shall monitor interest rate risk using weighted average maturity and specific identification.
INTERNAL CONTROLS	A system of internal controls shall be established and documented in writing and must include specific procedures designating who has authority to withdraw funds. Also, they shall be designed to protect against losses of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in

financial markets, or imprudent actions by employees and officers of the District. Controls deemed most important shall include:

1. Separation of transaction authority from accounting and recordkeeping and electronic transfer of funds.
2. Avoidance of collusion.
3. Custodial safekeeping.
4. Clear delegation of authority.
5. Written confirmation of telephone transactions.
6. Documentation of dealer questionnaires, quotations and bids, evaluations, transactions, and rationale.
7. Avoidance of bearer-form securities.

These controls shall be reviewed by the District’s independent auditing firm.

ANNUAL REVIEW

The Board shall review this investment policy and investment strategies not less than annually and shall document its review in writing, which shall include whether any changes were made to either the investment policy or investment strategies.

ANNUAL AUDIT

In conjunction with the annual financial audit, the District shall perform a compliance audit of management controls on investments and adherence to the District’s established investment policies.

RE: Cash Flow and Investment Report as of September 30, 2017

SUMMARY:

Attached is the Cash Flow and Investment Report for the period ending September 30, 2017. Please note the cash flow statement reflects information from the district's prior depository bank, First Financial Bank, and the district's current depository bank, PlainsCapital Bank. A few accounts remain open at First Financial to allow time for checks to clear to employees as well as vendors. We are working on getting those outstanding checks cleared so that we can close those accounts permanently.
