INTEROFFICE MEMO

FINANCE AND BUSINESS AFFAIRS

To: Board of Trustees
Date: August 22, 2018
For: Action

TO: Dr. Jeremy Glenn, Superintendent

FROM: Dobie Williams
DATE: August 14, 2018
RE: Budget Adoption

SUMMARY:

Budgets for General Operating, Food Service and Debt Service have been presented and discussed in the budget workshop and board meeting. The required Notice has been published in the local newspaper and the Public Hearing scheduled for 8/22/18 at 6:00 pm will have taken place by the time this agenda item is considered.

There are no changes to the General Fund budget from what was presented at the budget workshop held on 7/30/18. The General Fund budget presented is based on a tax rate of $1.04 which is the same as last year's rate and is equal to the rate published in the required newspaper Notice. The budget presented for adoption is a deficit budget and therefore the General Fund balance at 8/31/19 is projected to decrease if 100% of the budgeted expenditures are expended. However, with conservative budget management and a historical spending lapse this deficit should be erased by fiscal year end. The fund balance will be within policy requirements.

There are no changes to the Child Nutrition budget from what was presented at the workshop held on 7/30/18. The Child Nutrition Budget presented is a balanced budget and therefore the projected balance at 8/31/19 is projected to remain the same.

There are no changes to the Debt Service budget from what was presented at the workshop on 7/30/18. The Debt Service budget presented is based on a tax rate of $0.155, which is a decrease of 1.5 cents from last year's rate and is equal to the rate published in the required newspaper Notice. The budget presented for adoption is a balanced budget and therefore the Debt Service balance at 8/31/19 is projected to remain the same.

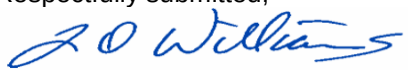

It should be noted that once proposed tax rates are published in the required Notice the District cannot adopt a tax rate higher than what is published. However, adopting a tax rate lower than the published tax rate is permissible. But is should also be noted that adopting a lower tax rate for either the General Fund or the Debt Service fund will not raise sufficient funds to support those budgets.

It is a legal requirement that budgets be adopted prior to the start of the fiscal year, which is September 1, 2018.

RECOMMENDATION:

That the Board adopt the budgets as presented by Administration.

Respectfully submitted,

Assistant Superintendent for Finance and Operations

Staff Person Responsible: Dr. Jeremy Glenn
Dobie Williams

RE: Adoption of Tax Rate

SUMMARY:

The budgets are to be adopted by the Board at the August 22, 2018 meeting. The tax rate will have to be set to raise revenues needed to fund the budgets. The Notice of Public Meeting has been published as required by statute for the public hearing scheduled for 6:00 pm on August 22st. The public hearing will have occurred by the time this business item is presented.

A tax rate of $1.04 for Maintenance and Operations (M&O) and a tax rate of $0.155 for Debt Service (total tax rate of $1.195) is proposed for the 2018-19 school year and will be sufficient to fund the budgets. The effective M&O tax rate calculation for the 2018-19 school year is $1.3632 and as such, the proposed M&O tax rate of $1.04 does not exceed the effective M&O tax rate. Therefore, special language to adopt the tax rate as required in Tax Code § 26.05(b) (when the adopted tax rate exceeds the effective tax rate), is not required. Suggested language for adopting a tax rate that does not exceed the effect tax rate is as follows:

"I move that the property tax rate of $1.04 for Maintenance and Operations and $0.155 for Debt Service, for a total tax rate of $1.195, be adopted as presented."

Further, the tax rate cannot be set until such a time as TEA has received notification of the District's Intent/Choice Selection on the method to be used to lower the wealth per WADA as a result of the district's Chapter 41 status. Attached is a copy of the letter from TEA indicating receipt of GISD's Intent/Choice Selection and granting authorization to proceed with the District's tax rate adoption process.

RECOMMENDATION:

That the attached resolution be adopted as presented setting the M & O tax rate to $1.04 and the Debt Service tax rate to $0.155 for a total tax rate of $1.195.

Respectfully submitted,

D O Williams

RESOLUTION SETTING TAX RATE

WHEREAS, Granbury Independent School District ("District") is a local government of the State of Texas and has the authority to establish a property tax

WHEREAS, the District has adopted the 2018-19 Budget

WHEREAS, the District has received the certified property values from Hood CAD, Johnson CAD, Somervell CAD, and Parker CAD

BE IT RESOLVED that the Board of Trustees of the District, hereby levy or set the tax rate on $100 valuation for the District for the tax year 2018 at a total rate of $ 1.195 , to be assessed and collected by the duly specified assessor and collector as follows:

$ 1.040 for the purpose of maintenance and operation, and

$ 0.155 for the purpose of payment of principal and interest on debts

BE IT RESOLVED that this year's tax levy to fund maintenance and operations expenditures exceeds last year's maintenance and operations tax levy.

Re: Chapter 41 Intent

Dear Dr. Largent:

Thank you for informing us of the Granbury Independent School District's intent to exercise Option 3 in order to equalize its wealth for the 2018-2019 school year.

Please be advised that a signed Option 3 **Agreement for the Purchase of Attendance Credits** must be received by September 1, 2018, in order for the district to qualify for the early agreement credit.

The district may proceed with its tax rate adoption process.

Please refer to the *Manual for Districts Subject to Wealth Equalization* for information regarding other fiscal, procedural, and administrative requirements for Chapter 41 districts. Questions should be addressed to Kim Wall by email at kim.wall@tea.texas.gov or by phone at (512) 463-4809.

Sincerely,

Leo Lopez

RE: Budget Amendments

SUMMARY:

Attached are the monthly general fund budget amendments for Board approval. The first page is the budget amendment for the current period and indicates any increases to revenue as well as increases/decreases to each function and the overall net effect of the amendment totals to the budget. For convenience, the budget amendments that will generate new revenue (i.e. campus book fairs, etc.) or are the result of donations made to GISD, have been highlighted in green so that the board may recognize these donations and efforts if they so choose. The second page is a summary and indicates how the current amendment will impact the overall general fund budget as well as how previous amendments have impacted the budget.

RECOMMENDATION:

I recommend the Board approve the amendments as presented.

RE: TASB Unemployment Compensation Program - Renewal

SUMMARY:

According to Board Policy CRF (LEGAL), "The District shall contribute to the Unemployment Compensation Fund by choosing one of the following options: (1) Paying a state unemployment compensation tax administered by the Texas Workforce Commission (TWC); (2) Reimbursing the state fund for the amount of any benefits paid to ex-employees of the District; (3) Entering a joint group account with other political subdivisions under which claims handling and cost control may be centralized."

The District has been an active member in the TASB Unemployment Compensation Group Account as a pool member. By being a member of this group, the District has access to resources to assist with this program and in years past have paid considerably less than would be due if the District paid directly to the TWC. TASB UCGA serves as a resource for District employees in the area of unemployment claims processes. In past years, due to the climate of school district funding and the practices of school districts related to RIFs and layoffs, the cost to the program expanded. However, in recent years the staffing levels and employment conditions in the state have stabilized, allowing continued savings for 2018-19 which TASB is passing on to members.

The renewal is a decrease in cost of 5% from last year for the period of October 1, 2018 to September 30, 2019. This decrease follows a 5% decrease the last two years and a 25% decrease the year before that. The decreases in recent years follow increases in prior years that were due to economic conditions in Texas and specifically public education. The cost for 2018-19 is $30,080 ($1,583 less than last year). Annual cost history is detailed below:

2013-14 Cost	2014-15 Cost	2015-16 Cost	2016-17 Cost	2017-18 Cost	2018-19 Cost
$ 77,963	$ 46,778	$ 35,084	$ 33,329	$31,663	$30,080

This coverage will be automatically renewed if TASB does not receive written notification of cancellation by September 1, 2018.

While unemployment expenses in 2018-19 for GISD may not reach the amount identified as cost for this program, the resources available and the unknown of what the future holds are such that it would be in the best interest of GISD to stay in this program.

RECOMMENDATION:

It is recommended that GISD continue participation in the TASB Risk Management Fund Unemployment Compensation program for the period of October 1, 2018 to October 1, 2019.

Unemployment Compensation - Pool

The annual contribution is based on the Fund's overall expected claims costs for next year and each individual member's claims experience. The annual contribution is not adjustable for the participation period due to changes in wages.

Agreement: As part of this Agreement the Fund assumes responsibility for the Fund Member's quarterly claim payments to the Texas Workforce Commission (TWC) for the quarter in which Fund Member begins participation in this Agreement and for the term of this Agreement. Fund Member must be a reimbursing employer pursuant to the Texas Unemployment Compensation Act (TUCA) and must execute a Power of Attorney permitting the Fund to represent Fund Member in its relations with TWC.

Fund Member agrees to comply with the provisions of the TUCA and TWC rules and procedures, and to respond timely to TWC requests and requirements. Fund Member agrees to submit wage reports through electronic reporting to the Fund or TWC according to Fund and TWC requirements. Any fines or penalties imposed for Fund Member's failure to comply with the TUCA will be the sole responsibility of the Fund Member. If the Fund advances payment of any fine or penalty, Fund Member agrees to reimburse the Fund for all such costs. Upon termination of this coverage, Fund Member agrees to assume responsibility for claim payments and reports due to the TWC.

This Agreement provides coverage for the payment of statutory unemployment compensation benefits and assistance with general unemployment compensation matters such as administrative hearings before the TWC and preparation of required TWC reports. Coverage does not extend to any litigation involving unemployment claims or other employment related matters.

Assistance: In the Fund's discretion, the Fund may assist Fund Member at all administrative levels of the TWC. Fund Member's request for assistance constitutes authorization for the Fund to appoint an attorney to provide representation to Fund Member before the TWC and for such attorney and other Fund representatives to have privileged communications with Fund Member regarding claims subject to TWC administrative proceedings. The Fund's assistance of Fund Member under this provision does not extend to litigation involving unemployment claims or other employment related matters.

General

Coverage: Coverage terms and limits provided are as set out in this CCS and the Fund's Coverage Agreement for this participation period.

Definitions: Any terms not defined in this CCS will use the definition for that term from the corresponding Fund coverage agreement.

Payment: The Fund Member agrees to pay contributions based on a plan developed by the Fund. All contributions are payable upon receipt of an invoice from the Fund. The Fund shall determine the applicable program for each contribution. Termination under this Agreement of any program shall not affect the remaining programs.

Termination: This CCS may be terminated by either party with termination to be effective on any successive renewal date by giving written notice to the other party no later than 30 days prior to automatic renewal in accordance with Section 4(a) of the Interlocal Participation Agreement. If this CCS is not terminated, the renewal CCS becomes effective on the automatic renewal date and the member shall be bound by the terms of the renewal CCS.

Program Coordinators

Coordinator:

The Fund Member is required to designate a Program Coordinator (Coordinator) with express authority to represent and bind the Fund Member in all program matters. Below are the current program coordinators as we have listed.

Unemployment Compensation - Karen Taylor

If a Coordinator's name and contact information is not provided above, the current designated Coordinator and contact information will need to be completed below:

RE: Transportation Supplies, Equipment & Services CSP 2018-1033

SUMMARY:

A proposal was let to provide a pool of vendors for the purchase of supplies, equipment and services for the transportation department on an as needed basis. Mr. Terry Slemmons, Transportation Director, provided the specifications for the proposal. All vendors that requested the district notify them of bid or proposal opportunities for transportation supplies and services were sent a notification letter. The letter informed the vendors the proposal was available for download on the district website. The proposal was also advertised in the Hood County News.

A copy of the tabulation is attached for your review. The tabulation and vendor proposals were reviewed by Mr. Slemmons.

The following is his recommendation for award.

RECOMMENDATION:

It is recommended that the district award the following vendors for the purchase of supplies, equipment and services, on an as needed basis, for the period of September 1, 2018 through August 31, 2019 with the option to renewal for two additional years in one year increments.

3N1 Towing, Alternator Services, Inc., American Cleaning Systems, ATS Transmission, Big Wheels Body Shop, Creative Bus Sales, M&R McGowen dba NAPA Auto Parts, Ogburn's Truck Parts, O'Reilly Auto Parts, Southern Tire Mart, Southwest International Trucks

GRANBURY INDEPENDENT SCHOOL DISTRICT
INTEROFFICE MEMO
FINANCE AND BUSINESS AFFAIRS

To: Board of Trustees
Date: Aug 22, 2018
For: Approval

TO: Dr. Jeremy Glenn, Superintendent

FROM: Dobie Williams
Asst. Superintendent for Finance & Operations
DATE: August 14, 2018
RE: MRO Supplies & Equipment CSP 2018-1032

SUMMARY:

A proposal was let to provide a pool of vendors for the purchase of supplies and equipment for the maintenance department on an as needed basis. In the past, individual proposals were processed to cover the areas of plumbing, electrical, building materials, general maintenance and paint. Those needs have been combined into one proposal under MRO (maintenance, repair and operations) supplies and equipment. Mr. Randy Leach, Facilities Director, provided the specifications for the proposal. All vendors that requested the district notify them of any bid/proposal opportunities for maintenance supplies were sent a notification letter. The letter informed the vendors the proposal was available for download on the district website. The proposal was also advertised in the Hood County News.

A copy of the tabulation is attached for your review. The tabulation and vendor proposals were reviewed by Mr. Leach and Mr. Scott Campbell.

The following is their recommendation for award.

RECOMMENDATION:

It is recommended that the district award the following vendors for the purchase of supplies and equipment, on an as needed basis, for the period of August 1, 2015 through July 31, 2016.

Green Planet, Inc., Snap-on Industrial, (Snap-on Incorporated), MMI Electric Motors & Pumps, Kagan Publishing, Parsons Commercial Roofing, ICON Diversified, LLC, WinterGreen Synthetic Grass, Beard's Towing (JDB Towing, LLC), America's Foundation For Chess, ABC Commercial Services, Wood Etc. Co., Blackmon Mooring - BMS CAT, Tex-Air Filters (Air Relief Technologies, Inc.), Greens Welding Supply, Inc., Commercial Kitchen Parts & Service, PlumbMaster, Inc., Johnson Supply, M&R McGowen LLC dba NAPA Auto Parts, Kimball Midwest (Midwest Motor Supply Co. Inc.), Granbury Winnelson, Facility Solutions Group, Elliott Electric Supply, Inc., Dealers Electrical Supply, TMS SOUTH, DBA MARKS PLUMBING PARTS, Zed Security, LLC., Woodard Builders Supply

Respectfully submitted,

D O Williams

Asst. Superintendent for Finance and Operations

INTEROFFICE MEMO

FINANCE AND BUSINESS AFFAIRS

To: Board of Trustees
Date: August 22, 2018
For: Action

TO: Dr. Jeremy Glenn, Superintendent

FROM: Dobie Williams
DATE: August 16, 2018
RE: Correction to Athletic and Extra Duty Pay Schedules

SUMMARY:

The attached 2018-19 Athletic and Extra Duty Pay Schedules were previously presented and approved at the July 30, 2018 board meeting. However, the schedules presented contained incorrect dollar amounts for the raises previously approved by the board. To correct this error, the attached Athletic and Extra Duty Pay Schedules are being resubmitted for approval with the corrected dollar amounts to reflect the 1% additional (3% total) raise previously approved by the Board. All other pay scales presented and approved at the July 30, 2018 board meeting were correct.

RECOMMENDATION:

That the Board approve the corrected Athletic and Extra Duty pay schedules as presented by Administration with the appropriate adjustments made to reflect raises previously approved for the 2018-19 school year.

Respectfully submitted,

D Williams

Assistant Superintendent for Finance and Operations

Staff Person Responsible: Wes Jones

INTEROFFICE MEMO

FINANCE AND BUSINESS AFFAIRS

To: Board of Trustees
Date: August 22, 2018
For: Approval

TO: Dr. Jeremy Glenn, Superintendent

FROM: Dobie Williams
DATE: August 16, 2018
RE: Property, Crime, General Liability, Educators' Legal Liability; and Automobile Insurance through the Texas Rural Education Association Risk Management Cooperative

SUMMARY:

The District previously executed an Interlocal Agreement with the Texas Rural Education Association Risk Management Cooperative (TREA RMC) and last year the Board approved the purchase of a policy through TREA RMC that included a 3 year rate guarantee. The Interlocal Agreement allows the District to purchase property and liability insurance using a partially self-funded process by participating in this fund. The attached renewal proposals from TREA RMC are being presented for the Board's consideration.

Last year the property and casualty insurance cost was $246,643. However, even though our rate is guaranteed under our current 3 year agreement, the cost for 2018-19 will need to be adjusted if the District wants to be adequately insured. After review of the District's total insured value, the current property cost is grossly undervalued based on current market replacement costs. The District's current statement of values including building values and contents is $217,111,000.

TREA RMC reviews replacement cost periodically to assure that values are current and the District is adequately insured. Due to recent additions, renovations and the increased replacement cost over the past several years, current property values have substantially increased. The suggested total insured value is now $312,601,000. This represents an increase in value of $95,490,000. Applying the guaranteed rate of 11 cents per $100 in value (before discounts) this increase equates to an increase in contribution of $100,177 or a 38.75% increase.

Understanding that such an increase can be a strain on the District's budget, TREA RMC has suggested some interim steps to avoid the dramatic shock to the budget.

- TREA RMC replacement cost coverage is 125% of the scheduled value.
- TREA could increase the replacement cost value over a two year period. Understanding that if there is a total loss of a building, the replacement cost would be undervalued.

- Or the District can remain at the current total property value and be substantially undervalued.

With all this being said, TREA RMC has given us three Options for renewal:

	Renewal Premium
• Option 1 at 217,111,000 Total Current Values	$258,514
• Option 2 at $256,000,000 Total Insured Values	$299,126
• Option 3 at $312,601,000 Total Insured Values	$358,691

Choosing Option 1 or 2 above will be less burdensome on the District from a cost standpoint. However, as mentioned, the replacement costs will be undervalued and the District takes on risk in the event of the total loss of a building(s). Continuing to participate in the 3 year rate guarantee program will guarantee our rate for the next 3 years will not increase. The property deductible will remain at $10,000 per occurrence. A deductible of $25,000 applies to wind and hail, same as last year.

This method of purchasing coverage, through the interlocal, is very cost effective at this time. The rate of 11 cents per $100 is very competitive in the current market. The only thing driving up cost is increased values and replacement cost. The coverage can be obtained without going through the formal bid process. Administration reviews this process annually and if such a time comes when this process is no longer beneficial to the District; the Administration will process the necessary paperwork to complete the bid process. Even though this purchase can be made without going through the bid process, Board Policy CH (LOCAL) requires board approval on purchases made through an interlocal in excess of $100,000. The 2018-19 budget presented earlier will have sufficient funds to cover the cost of this insurance based on Option 1 or 2. Adjustments to the budget will be necessary if Option 3 is chosen.

RECOMMENDATION:

That the Board approve Option 1, 2 or 3 for the purchase of Property, Crime, General Liability, Educators' Legal Liability; and Automobile Insurance through the Texas Rural Education Association Risk Management Cooperative (TREA RMC) under the 3 year commitment program at a cost as indicated above for the 2018-19 school year. Coverage will be with a $10,000 property deductible and a $25,000 wind/ hail deductible effective September 1, 2018 to August 31, 2019.

Respectfully submitted,

Dobie Williams

RE: RFQ for 4 Additional School Resource Officers (SROs)

SUMMARY:

The board approved a Motion for New Safety & Security Measures in Granbury ISD at the June 18, 2018 board meeting. One of the components of the Safety and Security Measure approved was that the District hire an additional 4 School Resource Officers (SROs) through a local law enforcement agency, but only after a formal RFQ process has been followed. As such, the District let an RFQ requesting proposal pricing from qualified entities. A summation of the proposals received from local law enforcement agencies was presented at the July 30, 2018 board meeting. After review and discussion, the board requested that GISD Assistant Superintendents, Ron Holmgreen and Dobie Williams, meet with each agency to obtain additional information and clarify details of their submissions. Meetings were held with each agency and a rubric was prepared to rate each agency based on the following evaluation criteria:

- Manpower Cost
- Experience with School Safety/SRO
- Management experience / Number of employees supervised
- Tactical training and tactical experience of the agency
- Multi year versus single year contract
- 10 month versus 12 month contract term
- Commitment of officers to the District during school year
- Vehicle Cost

A summation of proposals as well as the rubric rating the agencies is attached for review and consideration of the Board.

RECOMMENDATION:

That the Board consider entering into a contract or MOU with a local law enforcement agency capable of providing adequate school safety and security measures.

Respectfully submitted,

D Williams

Date:	August 17, 2018
For:	Approval

TO GISD Board of Trustees	**FROM**: Amy Wood **DATE**: August 17, 2018 **RE**: Technology Purchases for 2018-2019

SUMMARY:

Board Policy CH(LOCAL) requires board approval on purchases in excess of $50,000. The policy states "The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs $50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place, except as otherwise provided in this policy."

The exceptions to the $50,000 threshold in CH(LOCAL) are purchases made though an interlocal contract, a cooperative contract, a state contract or a continuous or periodic purchase under a Board approved bid or contract up to $100,000. GISD is able to purchase directly from these contracts because they have been through a competitive process. GISD uses these resources to gather multiple quotes for purchasing decisions at the time of the purchase. The following purchases are planned to occur prior to August 31, 2019 by the technology department. These purchases include funds allocated to the technology department, campuses, and various departments in the district. The single purchases exceeding the $100,000 purchase limit outlined in CH(LOCAL) are listed below for consideration and action.

Vantage Points

A Board Member's Guide to Update 111

Please note: *Vantage Points* is an executive summary, prepared specifically for board members, of the TASB Localized Update. The topic-by-topic outline and the brief descriptions focus attention on key issues to assist local officials in understanding changes found in the policies. The description of policy changes in *Vantage Points* is highly summarized and should not substitute for careful attention to the more detailed, district-specific Explanatory Notes and the policies within the localized update packet.

We welcome your comments or suggestions for improving *Vantage Points*. Please write to us at TASB Policy Service, P.O. Box 400, Austin, TX 78767-0400, e-mail us at policy.service@tasb.org, or call us at 800-580-7529 or 512-467-0222.

TASB Policy Service

Update 111 focuses on updating (LEGAL) policies that were affected by changes in law from the 85th Legislative Session and recent administrative rule changes. Several (LOCAL) policies have been updated to better align with changes in law or administrative rules or for organizational and restructuring purposes.

Innovation Districts

Policy AF(LEGAL) has been updated to include provisions from revised Administrative Code rules that address the laws from which an innovation district may not be exempted and clarify a district's posting and notification responsibilities regarding an innovation plan.

Accountability

Additional provisions from the Every Student Succeeds Act (ESSA) have been included in AID(LEGAL) to address the requirements for the district's plan that must be in place to receive certain Title I funds, the identification of schools needing support and improvement, and the district's required actions when schools in the district are identified for support and improvement.

District Governance

Significant changes have been made at BBD(LEGAL) to reflect revised Administrative Code rules, including:

Board Training

- Information addressing the State Board of Education (SBOE) commendations for board-superintendent teams that effectively implement the commissioner's trustee improvement and evaluation tool or any other tool approved by the commissioner;
- Clarification that team building must be at least three hours in length and that the local orientation can occur one year before or 120 days after the board member's election or appointment; and
- Stemming from Senate Bill 1566 (85th Legislative Session), the new requirement that each board member must complete a three-hour continuing education training every two years on evaluating student performance.

The administrative rules also specify that the report on board members' continuing education must occur at the last regular board meeting before the board election and that this information must be reflected in the board meeting minutes. If a board member is deficient in continuing education credit as of the anniversary of his or her joining the board, in addition to the deficiency being announced during the board meeting, the deficiency must be posted on the district's website within ten business days of the meeting and must remain posted until the trustee meets the requirements.

See TASB Legal Services' eSource on TASB.org for detailed information about the new reporting requirements.

BBD(LOCAL) POLICY CONSIDERATIONS

The changes in the administrative rules have also been addressed at BBD(LOCAL). As a best practice to promote transparency, the recommended text provides that the board president will annually announce the status of a board member's continuing education credit at the last regular board meeting before the district's regular uniform election date, even if an election is not scheduled or held. If the district will have a different practice, a policy adjustment will be needed.

Superintendent

Revisions have been made to several policies addressing the superintendent's employment, including BJCE(LEGAL) to remove a reference to an outdated Fifth Circuit court case and BJCG(LEGAL) to align the policy text with statute. The text now included in BJC(LEGAL) is existing statutory text permitting the board to amend the terms of a superintendent contract on the basis of a declared financial exigency.

Similar to the revision at BJCE(LEGAL), references to the outdated court case have been deleted from DCE(LEGAL) and DFBA(LEGAL).

Reports

The list of reports at BR(LEGAL) has been updated to include the report on board member continuing education training and to remove the requirement for a district not participating in TRS ActiveCare to file a compliance report with TRS, although the district must still prepare a compliance report.

Finances

Federal Funds

Policy CBB(LEGAL) has been significantly reworked to provide more thorough coverage of the relevant laws on retirement and insurance contributions and the Education Department General Administrative Regulations (EDGAR).

Financial Reports

Revisions to CFA(LEGAL), the policy on financial reports and statements, incorporate new administrative rules that address the district's annual local debt report.

Investments

The definition of "business organization" has been moved in CDA(LEGAL) to clarify that it only applies to the provisions on sellers of investments, which require a district to provide a written copy of its investment policy to any business organization offering to engage in an investment with the district.

Financial Ethics

CAA(LOCAL) POLICY CONSIDERATIONS

CAA(LOCAL) addresses fraud and financial impropriety. Local policy language is recommended to clarify that fraud reports may be made to any person with authority to investigate the alleged activity, including to any of the other individuals currently listed in the policy. This aligns the policy text

with state law, which prohibits a district from requiring an employee to report only to certain persons a crime witnessed at the school.

Safety and Security

Criminal History

Effective November 29, 2017, Administrative Code rules addressing criminal history of service contractors were repealed, which prompted revisions throughout CJA(LEGAL). Provisions have been reorganized for consistency with the criminal history requirements for certain public contractors, and existing statutory provisions were added to address the district's authority to obtain Department of Public Safety (DPS) criminal history record information.

CJA(LOCAL) POLICY CONSIDERATIONS

Policy CJA(LOCAL) includes provisions as permitted by state law that authorize the district employee in charge of a facility to determine whether an employee of a contracting or subcontracting entity, who does not have the required criminal history review or who has a disqualifying conviction, will be permitted to enter a district facility in an emergency accompanied by district staff.

Regarding employees, DBAA(LEGAL) has been revised to include amended administrative rules specifying that the State Board for Educator Certification (SBEC) may sanction an educator who hires an applicant even if the educator knew that applicant had been adjudicated for or convicted of having an inappropriate relationship with a minor.

Security Personnel

Revisions at CKE(LEGAL), addressing security personnel, include a reference to a court case regarding complaints against district peace officers. Additional details from administrative rules on the school marshal program were added, which permit the district to pay for required marshal training and address required reports to the Texas Commission on Law Enforcement (TCOLE).

Firearms

DH(LOCAL) AND GKA(LOCAL) POLICY CONSIDERATIONS

Most districts' policies at DH(LOCAL) and GKA(LOCAL) provide that the district's prohibition against firearms on district property is not violated when a Texas handgun license holder, whether an employee or a non-employee, stores a handgun or other firearm in a locked vehicle in a district parking area, provided the handgun or other firearm is not loaded and is not in plain view. However, the interplay of state and federal law would permit a district to revise this policy to allow such a person to have a loaded handgun or firearm under these circumstances. If the board would

like to revise these policies to permit loaded firearms, have your superintendent contact the district's policy consultant.

District Operations

Pest Management

The integrated pest management program (IPM) provisions have been updated in CLB(LEGAL) as a result of new administrative rules effective January 9, 2018. The revisions include new definitions, more details on the required parental notifications regarding application of pesticides [also added at FD(LEGAL)], and new provisions to address emergency exceptions to the notice requirements and potential waivers from inspections.

Facility Standards

Significant revisions have been made to CS(LEGAL), the policy on facility standards, to provide more complete coverage of relevant laws, to include a recent attorney general opinion regarding application of the International Energy Conservation Code to public school buildings, and to better match statutory wording.

Other District Operations

Other legally referenced policies addressing district operations have also been updated, including:

- The deletion of outdated administrative rules in CQA(LEGAL) that required the district to post locally determined performance ratings and compliance status on the district's website.
- Minor revisions to CNB(LEGAL) to better reflect statute regarding district vehicles.
- The removal of a state law provision in CO(LEGAL), regarding food services, that was no longer aligned with federal law.

Curriculum and Instruction

EHAD(LEGAL) has been revised to include current administrative requirements for a driver education course.

Instruction

Provisions addressing dual credit programs have been revised in EHDD(LEGAL) to reflect amended administrative rules, which require dual-credit partnership agreements to address defined sequences of courses where applicable.

Instructional Materials

Policy EFB(LEGAL) has been updated to include the revised standards for school library programs adopted by the Texas State Library and Archives Commission. A district must consider the standards in developing, implementing, or expanding its library services.

The changes at CMD(LEGAL) regarding instructional materials have been made to more closely match statutory provisions.

Campus Charters

ELA(LEGAL) is a new legally referenced policy that includes material on partnership charters. The new administrative rules provide significant guidance for districts that choose to contract with a partner to operate a district campus to receive accountability and financial benefits in accordance with state law. With the addition of this new legally referenced policy, all provisions addressing partnership charters have been removed from EL(LEGAL).

School Calendar

Effective with the 2018–19 school year, House Bill 2442 (85th Legislative Session) impacted two legally referenced policies, EB(LEGAL) and EC(LEGAL).

Policy EB(LEGAL) has been revised to clarify that the required 75,600 minutes are for operation, not just instruction. Provisions also permit the commissioner to reduce funding to a district providing fewer than 75,600 minutes of operation. New provisions also allow exemptions from the minimum minutes of operation for certain instructional programs.

Removed from EC(LEGAL) is the provision requiring a school day to be at least seven hours long and a day of instruction to include 420 minutes of instruction, since this requirement has been deleted from statute.

A similar revision has been made at FOCA(LEGAL) to remove the requirement that a school day at a disciplinary alternative education placement (DAEP) program be between seven and ten hours long.

State Assessments

At EKB(LEGAL), the policy addressing state assessments, the list of conduct that violates the security and confidentiality of a state assessment has been updated to match the *2018 Test Security Supplement*. The list of penalties has also been updated to permit the imposition of additional conditions or restrictions upon an SBEC certificate to aid in the rehabilitation and professional development of the educator who violated test security or confidentiality or to protect students, parents, school officials, or personnel.
EKBA(LEGAL) has been revised to remove outdated provisions associated with the repeal of administrative rules and the removal of inapplicable language related to the Texas Assessment of Knowledge and Skills (TAKS).

Special Education

Legally referenced policies addressing special education services have been updated to reflect:

- Current Administrative Code rules on transition planning [see EHBAB(LEGAL) and EHBAD(LEGAL)]; and
- Appropriate legal citations and additional details in existing law regarding the transfer of rights to adult students [see EHBAE(LEGAL)].

Special Programs

Outdated provisions that capped the percentage of compensatory education funds that could be used for DAEP expenditures and that addressed the development of college preparatory courses for the 2014–15 school year have been removed from EHBC(LEGAL).

EHBD(LEGAL), addressing Title I funds, has been revised to include additional provisions on fiscal requirements, including maintenance of effort, the use of funds to supplement state and local funds, and prohibited uses of funds.

Graduation

Provisions regarding notification about automatic admission requirements have been added to EIC(LEGAL) in response to administrative rule changes.

At EIF(LEGAL), in addition to adjusting the school years for applicable provision and including references to relevant Administrative Code provisions, we have added new administrative rules implementing Senate Bill 463 (85th Legislative Session). The new rules permit a district to award a diploma to an individual who entered grade 9 before the 2011–12 school year and who has completed the applicable curriculum requirements, but who has not successfully passed the relevant exit-level assessment required for graduation after at least three tries. To graduate, the student must meet the alternative requirements for graduation in the Administrative Code or the local alternative requirements approved by the board. Information to assist districts in developing these requirements for board approval was e-mailed to superintendents, administrative assistants, and policy contacts on April 30, 2018.

Employment

Amended administrative rules are reflected at DF(LEGAL), the policy that addresses termination of an employee. The new rules specify that SBEC can sanction an educator who does not discharge an employee if the educator knew that the employee had been adjudicated for or convicted of having an inappropriate relationship with a minor. [See also DBAA for information on sanctions against an educator who does not refuse to hire an applicant with the same criminal history described here.]

Policy DC(LEGAL), addressing employment of retirees, has been revised based on amended administrative rules to describe additional employment relationships with retirees that are considered "employment relationships" for purposes of the limits on employment after retirement. Additional revisions have been made regarding the required monthly certified statement of employment.

A minor change at DBA(LEGAL) is from amended administrative rules and permits an employee to verify rather than sign his or her original service record.

Insurance

CRG(LEGAL), addressing annuities, has been revised to align with amended administrative rules and reorganized for a more appropriate flow. The revisions at CRD(LEGAL) have been made to incorporate other changes to administrative rules and to better match statute.

Compensation

DEA(LOCAL) POLICY CONSIDERATIONS*

*The changes to this policy will only be applicable to districts that currently have language in their policy authorizing pay to employees during emergency closings or that have text addressing premium pay for employees required to work during an emergency closure.

We have revised this local policy to clarify the district's current policy provision on compensation payments to employees during emergency closings. The revised text creates a default for the board to pay employees for their regular duty schedule during a closing, but provides the board flexibility to decide otherwise through board action. In addition, the text requires the board, following a closure, to adopt a resolution or take other board action to establish the purpose and parameters for such payments.

For those districts with policies permitting premium pay during disasters, the text has been aligned with the current Federal Emergency Management Agency (FEMA) Public Assistance Program and Policy Guide (PAPPG). The PAPPG provides that FEMA determines eligibility for public assistance funding for overtime, premium pay, and compensatory time costs based on the district's written policy in place before the disaster, provided the local policy:

- Does not make the wage payments contingent on federal funding;
- Is applied uniformly regardless of whether there has been a presidential declaration of a disaster; and
- Has nondiscretionary criteria for when the district activates various pay types.

Based on that guidance, the policy revisions recommended in this update replace text limiting premium pay to a federally declared disaster and instead authorize premium pay during an emergency closing for a broader set of disasters, to include a disaster declared by a federal, state, or local official or the board.

Please note that the availability of funds for reimbursement after a disaster includes a case-by-case determination by FEMA based on all of the eligibility requirements in the PAPPG and law.

Employee Conduct

Additional provisions from the federal Drug-Free Workplace Act were included at DH(LEGAL) to provide a more complete explanation of the requirements.

DI(LOCAL) POLICY CONSIDERATIONS

With the changes at DH(LEGAL) described above and those made to DH(LOCAL) in Update 109, we recommend the deletion of DI(LOCAL), which addresses the drug-free awareness program.

DHE(LOCAL) POLICY CONSIDERATIONS

The recommended revisions in DHE(LOCAL), which addresses searches and alcohol/drug testing of employees, are to clarify that a district may remove from duty and require testing of an employee if there is reasonable suspicion that the employee is under the influence of alcohol or drugs used in violation of district policy. The new text also addresses consequences for an employee's refusal to comply with testing and for violation of the district's drug and alcohol policy.

Recent changes to SBEC rules prompted revisions to DHB(LEGAL) to clarify reportable employee misconduct and to require the report to address current employment status, including pending actions and whether law enforcement or another agency is involved.

Counseling / Academic Guidance

Provisions on academic counseling have been moved from EJ(LEGAL) to FFEA(LEGAL), which will now result in all counselor-related duties being housed in one code. Provisions on transcript and diploma notations that were previously at EJ(LEGAL) have been moved to EI(LEGAL).

Certification

Provisions on principal certification have been updated to provide a more complete explanation of the requirements.

Student Issues

Attendance

FEA(LOCAL) POLICY CONSIDERATIONS

A recommended revision to this local policy on compulsory attendance requires the district to excuse a student who is 17 years of age or older for up to four days during the student's enrollment in high school in order for the student to pursue enlistment in the armed services.

At FEB(LEGAL), the policy on attendance accounting, revisions have been made to better align the text with statute and to add appropriate cross-references.

Physical Examinations / Immunizations

Legally referenced policies on wellness and health services have been revised as follows:

- Spinal screening provisions have been updated at FFAA(LEGAL); and
- Provisions at FFAB(LEGAL) regarding immunization records have been revised to more accurately reflect current statute.

Student Conduct

To facilitate locating the appropriate policy when circumstances warrant, a note has been added to FFH(LEGAL), the legally referenced policy on sexual harassment, to provide a reference to FB(LEGAL), which addresses discrimination on the basis of disability, sex, and other protected characteristics.

FOF(LEGAL) includes additional information on requirements when expelling a student with a disability.

FINANCE AND BUSINESS AFFAIRS

To: Board of Trustees
Date: August 22, 2018
For: Information

TO: Dr. Jeremy Glenn, Superintendent

FROM: Dobie Williams
DATE: August 10, 2018
RE: Report of Categorical Purchases Between $50,000 and $100,000 as Per Board Policy CH (LOCAL)

SUMMARY:

The attached categorical purchases between $50,000 and $100,000 for the period of July 1, 2018 through July 31, 2018 are being reported as per the requirements of Board Policy CH (LOCAL), which states:

The Board delegates to the Superintendent or designee the authority to make budgeted purchases for goods or services. However, any single, budgeted purchase of goods or services that costs $50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place, except as otherwise provided in this policy.

The Superintendent is not required to obtain Board approval for the following types of budgeted purchases costing less than $100,000, but shall subsequently report them to the Board:

1. *A purchase made pursuant to a Board-approved interlocal contract, in accordance with law;*
2. *A purchase made through a cooperative purchasing program or state purchasing program that satisfies the District's obligation for competitive purchasing [see CH(LEGAL)]; or*
3. *A continuing or periodic purchase under a Board-approved bid or contract.*

Respectfully submitted,

Assistant Superintendent for Finance and Operations
