## EXHIBIT A: DESCRIPTION OF TCHATT PROJECT

**Vision Statement –**

Every child receiving public education in the State of Texas has access to school-based crisis prevention, intervention, and stabilization.

**Definition of TCHATT –**

- The TCHATT initiative is designed to provide short-term (approximately up to two month) school-based access to a limited number (2-4) of visits with a mental health professional for high-risk children and adolescents.

The role of TCHATT is the initial intervention and assessment of these students and referral, if necessary. TCHATT funds may not be used for ongoing management of the student's mental health needs.

**Key Components of a Successful TCHATT Program –**

•**Telemedicine or telehealth –** Programs should leverage the use of technology to ensure prompt access to a mental health professional. Technology should be located at both the originating site in the school and at the location of the mental health professional. Doxy.Me, a telehealth platform, will be the software used, thus Information Technology staff from both the site and TTUHSC EL PASO will work together to ensure the software is compatible with each site.

•**Identify mental health needs –** Schools should be trained/educated on how to identify children who may have need for TCHATT services. This initial identification may be done by a variety of school personnel, including teachers, counselors, nurses, or school administrators. The goal is to quickly identify a child who is experiencing a mental health challenge.

•**Assess mental health needs –** Programs must use a mental health professional (LPC, CAP, etc.) to provide an appropriate assessment of the mental health needs of the child who is identified and referred by school personnel.

•**Provide access to mental health services –** Utilizing technology, a program will provide initial mental health services to an identified child. These services should include a diagnostic evaluation and up to 4 total visits with a behavioral health professional with primary goals of assessment and stabilization. The duration of these services should not exceed two months. If ongoing care is needed, the child will be referred to a separately funded resource (e.g, public or private insurance, indigent-funded services) for longer term care.

- **Prioritize needs of at-risk children and adolescents** – Programs should have a triage system for prompt review of school referral and appropriate triage of symptom severity. High risk signifies those at risk for illegal behavior. Some indications of future illegal behavior are:
  - Legal problems
  - Alternative school placements
  - Suspensions
  - Absenteeism especially if at risk of not graduating
  - Psychiatric problems contributing to behavior problems

#### Policies and Procedures

Both parties agree to follow the policies and procedures and administrative directives or other documents as collaboratively developed by parties, and as required by each party under their respective oversight bodies.

#### Parental Consent

Written Parental consent must be obtained prior to TTUHSC EL PASO receiving any protected information from a student. Copies of consents will be provided to TTUHSC EL PASO prior to provision of any mental health services.

**EXHIBIT B – STATEMENT OF WORK**

TTUHSC EL PASO will provide mental health professionals to provide psychiatric evaluation, short term therapy, and referrals for continuing care, as appropriate, education to school staff on mental health topics, and assistance with writing, implementing and changing policies for the TCHAAT Program. Marathon ISD will identify students for this program, obtain initial written parental consent, facilitate completion of screening instruments (questionnaires about symptoms), coordinate appointments in conjunction with TTUHSC EL PASO, develop appropriate policies for the program, take students' vital signs on the day of the appointment if student is being prescribed medication through this program, provide the following information about each student referred to the program:
