AGENDA ITEM: Update on COVID-19 Impact on District Operations and Community Needs

PRESENTER: Dr. Susan K. Bohn, Superintendent

BACKGROUND INFORMATION:

- Federal and State officials have declared a disaster and emergency regarding coronavirus/COVID-19 and its potential spread.
- In order to efficiently and effectively address this ever-changing emergency situation in the best interest of the health, safety, and well-being of the District's students, staff, community, and the citizenship at-large, the Administration and Board of Trustees will discuss the impact of the situation on the District operations and our community as we plan for serving our students, staff, and community during the pandemic.

BOARD OF TRUSTEES: ALEDO INDEPENDENT SCHOOL DISTRICT
Resolution No: 08172020-1
A RESOLUTION DELEGATING AUTHORITY TO THE SUPERINTENDENT TO ACT
IN PLACE OF THE BOARD OF TRUSTEES DURING AN EMERGENCY OR
DISASTER DUE TO COVID-19

WHEREAS, the Aledo Independent School District Board of Trustees (Board) recognizes that officials in the State of Texas and the United States Government have declared a disaster and emergency regarding coronavirus/COVID-19 (hereafter “COVID-19”) and its potential spread;

WHEREAS, the territory included in the Aledo Independent School District is within the areas declared a disaster and an emergency area;

WHEREAS, on or about March 13, 2020, the President of the United States declared a national emergency and the Governor of the State of Texas declared a statewide disaster regarding COVID-19;

WHEREAS, on or about March 19, 2020, the Governor of Texas issued an Executive Order limiting gatherings to ten (10) or fewer individuals until April 3, 2020;

WHEREAS, the Board recognizes that COVID-19 is an unforeseen and unavoidable emergency of urgent public necessity, that the World Health Organization has declared COVID19 a pandemic, and that additional emergency declarations may follow in the coming days and weeks;

WHEREAS, the Board and Administration are following advice and directives from federal, state and local authorities in responding to the COVID-19 Virus;

WHEREAS, the Board has a substantial public interest in protecting the health and safety of its students, staff, and community and therefore desires to ensure that the school district and community are prepared to the fullest extent possible to protect the health and safety of students, staff, and community in light of COVID-19;

WHEREAS, the District was closed during the spring of 2020, due to the COVID-19 pandemic, and may determine a need exists to implement further suspension or modification of classes and/or District operations in response to the health needs of our families and our community;

WHEREAS, the District’s public purpose is served by promoting conscientious health choices, including individual quarantines as may be necessary when classes resume;

WHEREAS, the District’s public purpose is served by working with students, families, and staff to the extent possible to support continued learning during times of

school suspension and/or quarantine;

WHEREAS, only for the duration of the Declaration of Disaster and resulting Executive Orders of the Governor, the board of trustees determines that the delay posed by the methods provided for in Texas Education Code Section 44.031(a) would prevent or substantially impair the provision of classes or other essential school activities; **WHEREAS**, to the extent possible, the term of contracts awarded by methods other than those required by Section 44.031(h), due to the COVID-19 emergency, shall not extend longer than reasonably necessary to respond to the Declaration of Disaster and comply with Executive Orders of the Governor;

WHEREAS, any contract entered into by the district pursuant to this resolution will be presented to the board of trustees for ratification at a future board meeting;

WHEREAS, the Board believes the public purposes described above are fulfilled by efficiently and effectively making certain delegations, as described more fully herein, to the Superintendent to address this ever-changing emergency situation in the best interest of the health, safety, and well-being of its students, staff, community, and the citizenship at-large.

WHEREAS, the Board believes the public purposes described above are fulfilled by efficiently and effectively making certain delegations, as described more fully herein, to the Superintendent to address this ever-changing emergency situation in the best interest of the health, safety, and well-being of its students, staff, community, and the citizenship at-large, recognizing that at any time during this emergency, establishing a quorum may be difficult or impossible, and in such circumstances only, delegation of these authorities to the Superintendent would be the only way to make necessary decisions to continue District operations.

IT IS THEREFORE RESOLVED THAT the Board of Trustees finds a substantial public purpose exists in protecting the health and safety of its students, staff, and community and therefore in ensuring that the school district and community are prepared to the fullest extent possible to protect the health and safety of students, staff, and community in light of COVID-19.

In furtherance of these public purposes, the Board of Trustees makes the following delegations to the Superintendent and designee(s):

1. The authority to act in place of the Board under Policy DEC (Local) regarding employee leave and thus create guidelines and make decisions regarding absences,

leave time, leave days, and compensation of any employee who is quarantined as a result of COVID19 and/or who tests positive for COVID-19 and who presents appropriate medical documentation regarding themselves and/or an immediate family member, in compliance with Texas and federal law;

2. The authority to seek any necessary waivers from the Texas Education Agency without further action of the Board of Trustees regarding missed instructional days, low attendance, or any matters related to the emergency closures as part of this Resolution;

3. The authority to declare a catastrophe and take all actions as appropriate in accordance with Texas Government Code, Section 552.233, regarding temporary suspension of the Texas Public Information Act;

4. Where permitted by law, the authority to act in place of the Board under Policies CH, COA and CV (Local) to negotiate, and execute contracts for goods and services that are necessary to mitigate, prevent, restore, and repair damage caused to District equipment, personal property, and facilities or to protect the safety of students and staff, related to COVID-19 and its potential spread. Such authority being necessary to prevent delays that will prevent or substantially impair the conduct of classes or other essential school functions and activities;

5. The authority to make contracts for goods and services needed to replace traditional classroom facilities and instructional equipment with alternative goods and services by methods other than those required by Section 44.031(a), including but not limited to the acquisition of resources necessary to implement remote operations and instruction in compliance with the Governor's Executive Orders; Such authority also extending to contracts for goods and services necessary to maintain the health and safety of facilities and equipment, including but not limited to, resources necessary for cleaning, disinfection, air quality measures, and testing.

6. The authority to make budgeted or unbudgeted purchases for goods or services, up to \$150,000, such authority being necessary to prevent delays that will prevent or substantially impair the conduct of classes or other essential school functions and activities due to COVID-19; after which the Superintendent will fully report to the Board of Trustees; and,

7. In the event other waivers or immediate actions are needed, the Superintendent is authorized to take other action and to submit/apply for other waivers in accordance with guidance and instructions from the national and state authorities and/or agencies.

8. The above authority is granted only after the Superintendent discusses the necessary authority with the Board President and a good faith effort has been made

to convene a quorum of the Board in a meeting that meets the requirements of the Texas Open Meetings Act, Texas Government Code Chapter 551, and the special exceptions thereto issued by the Texas Office of the Attorney General as related to the COVID-19 emergency declaration.

9. This Resolution shall be placed on the agenda of each Board meeting for consideration by the Board until it is rescinded by the Board.

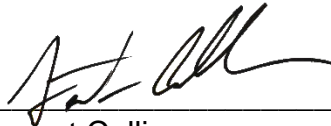

The above Resolution is passed and adopted this 17th day of August 2020 by the Board of Trustees.

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: Consider Approval of Class Size Waivers

PRESENTER: Lynn McKinney, Deputy Superintendent

BACKGROUND INFORMATION:

- In Texas, Kindergarten through Grade 4 classrooms are required to have a 22:1 student/teacher ratio. The Administration works diligently to both stay within the 22:1 student/teacher ratio and to be efficient with staffing. The District added 25 additional teachers for the 2020-2021 school year.

Class size waiver recent history:

2019-2020	18 waivers
2018-2019	0 waivers
2017-2018	7 waivers
2016-2017	25 waivers
2015-2016	4 waivers
2014-2015	3 waivers

- The district currently exceeds the 22:1 student/teacher ratio in 7 classrooms:
4 in Kinder at Stuard: 3 classes at 23:1, 1 class at 24:1
3 in Kinder at McCall: 3 classes at 23:1

FISCAL INFORMATION: None

ATTACHMENTS: None

ADMINISTRATIVE RECOMMENDATION:

Administration recommends approval of the seven Maximum Class Size Exception Waivers: 4 at Stuard Elementary and 3 at McCall Elementary.

MEETING DATE: December 14, 2020

AGENDA ITEM: Consider Approval of Coronavirus Relief Fund Interlocal Cooperation Agreement between City of Aledo, Texas and Aledo Independent School District

PRESENTER: Earl Husfeld, Chief Financial Officer

BACKGROUND INFORMATION:

- The City of Aledo, Texas (the “City”) has received federal funding under the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) to address and respond to the impact and effects of the COVID-19 pandemic.
- These funds were received by the City from the United States Department of Treasury under the Coronavirus Relief Fund (“CRF”) as provided for in the CARES Act. Texas school districts were not allocated any of these funds.
- The City has established a COVID-19 funding program to allow the City to grant money to school districts located in Parker County. The use of these CRF funds is to assist school districts within the County with their expenditures incurred due to the effects of COVID-19.
- The following Coronavirus Relief Fund Interlocal Cooperation Agreement outlines the terms and conditions by which the City agrees to reimburse to the District eligible expenditures, as specified in the CARES Act guidance, as funding is available from CRF funds.

Coronavirus Relief Fund Interlocal Cooperation Agreement between the City of Aledo, Texas and Aledo Independent School District

ADMINISTRATIVE RECOMMENDATION:

The Administration recommends the Board of Trustees approve the Coronavirus Relief Fund Interlocal Cooperation Agreement between the City of Aledo, Texas and Aledo Independent School District as presented.

CORONAVIRUS RELIEF FUND INTERLOCAL COOPERATION AGREEMENT

This Interlocal Cooperation Agreement ("Agreement") is entered into by and between the City of Aledo, Texas (the "City") and Aledo Independent School District (the "District") located within Parker County, pursuant to Chapter 791 of the Texas Government Code, to address the impact of the public health emergency with respect to the Coronavirus pandemic ("COVID-19").

GENERAL

Coronavirus Relief Fund. The City of Aledo has received federal funding under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") to address and respond to the impact and effects of the COVID-19 emergency.

1. **City Authority.** The City of Aledo, under Chapter 381 of the Local Government Code, is lawfully establishing a COVID-19 funding program (the *COVID-19 Assistance Program*), allowing the City to grant money to schools districts located within Parker County. These funds were received by the City from the US Department of the Treasury (the "Treasury") under the Coronavirus Relief Fund ("CRF"), as provided for in the CARES Act. The use of these CRF funds to assist units of local government within the County with their expenditures incurred due to the effects of COVID-19 and to potentially fund a local PPE (Personal Protective Equipment) grant program are legitimate and lawful uses of the CRF funds.

2. **Inspector General Oversight & Recoupment.** Section 601(f) provides that the Inspector General of the Treasury shall conduct monitoring and oversight of the receipt, disbursement, and use of CRF funds. If the Inspector General determines that a unit of local government has failed to comply with the use of funds rules (as described herein in Paragraphs 8-14, "Use of Funds"), the amount of CRF funds in noncompliance shall be "booked as a debt of such entity owed to the federal government." The conditions and restrictions on the use of the CRF funds follows to all recipients, from the City, to the District, to other sub-recipients that receive such funds.

GRANT

3. **Amount.** Subject to the terms and conditions of this Agreement, the City agrees to reimburse to the District for PPE, from COVID Relief Funds (CRF) contingent upon the District's request.

4. **Conditions.** Before receiving COVID Relief Funds, the District must provide the City with a description of eligible expenses.

RESPONSIBILITIES OF THE DISTRICT

5. The responsibilities of the District are:
 - a. to comply with all terms and conditions of the CARES Act;
 - b. to use COVID Relief Funds in compliance with the CARES Act;
 - c. to maintain proper and adequate records of its own expenses, and supporting documentation of the expenditures, and provide copies of, or access to such, at any time as required by the City;
 - d. to NOT reallocate any City COVID Relief Funds to another grantee/sub recipient; and
 - e. To return the Statement of Compliance Certificate by February 1, 2021.

USE OF FUNDS

6. Amounts paid from the Treasury's Coronavirus Relief Fund are subject to the restrictions outlined in the *Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments* (updated September 2, 2020) and set forth in section 601 (d) of the Social Security Act, as added by section 5001 of the CARES Act. (See Exhibit A, which is incorporated by reference into this agreement.)

7. Section 601 (d) allows CRF funds to cover only those costs that:
 - a. are necessary expenditures incurred due to the public health emergency with respect to COVID-19;
 - b. were not accounted for in the most recently approved budget [of the District] as of March 27, 2020, including any amendments; and
 - c. were incurred between March 1, 2020 and December 30, 2020. See *Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments*, Updated September 2, 2020. (See Exhibit A.)

8. **“Necessary Expenditure.” Condition.** The use of the money is limited to "necessary expenditures." The Treasury intends for broad interpretation of the word *necessary*, meaning "reasonably necessary for its intended use in the *reasonable judgment* of the government officials responsible for spending the Fund payments." The Treasury's standard, *reasonable judgment*, adopts a **subjective**, not objective standard. **The City of Aledo is reimbursing from a portion of its CRF funds specifically for the eligible expenditures in category(s) 2 related to public health expenses resulting from COVID-19.**

Funds may not be used to fill shortfalls in governmental revenue to cover expenditures that would not otherwise qualify under section 601(d). REVENUE REPLACEMENT IS STRICTLY

PROHIBITED AND IS NOT A PERMISSIBLE USE OF FUNDS.

9. **“Due To” Condition.** The requirement that expenditures be incurred "due to" the public health emergency created by COVID-19 means that expenditures must be used for actions taken to respond to the public health emergency.

10. The District expressly agrees without qualification or exception to adhere and comply with section 601 (d) and the accompanying guidelines regarding its spending and uses of the COVID Relief Funds.

REMEDIES

11. **Indemnity.** To the extent allowable by law, the District shall defend, indemnify, and hold harmless the City and its officers, commissioners, employees, volunteers, and agents, from any and all costs and expenses, damages, liabilities, demands, causes of action, suits, charges, or legal or administrative proceedings, claims and losses, including, without limitation, attorneys' fees and costs, caused by or arising out of any act or omission of the District relating to the terms of this Agreement, including but not limited to any ineligible expenditure.

12. **Recoupment.** If the City, or its designee, reasonably determines that all or a portion of the District's expenditure of *COVID-19 Assistance Program Funds* is an ineligible expenditure, then the District shall immediately reimburse the City in an amount equal to the amount of the ineligible expenditure from funds of the District other than *COVID-19 Assistance Program Funds* granted pursuant to this Agreement, and provide to the City evidence of such reimbursement. The District shall have 30 days of receipt of the City's determination of an ineligible expenditure to reimburse the County for such expense. In the event the City has to enforce this Agreement, it shall be entitled to recover its reasonable attorney's fees and costs incurred in doing so.

13. **Offset.** To the extent allowable by law, the City reserves the right in its sole discretion to apply any money, damages or costs incurred as a result of a material breach of this agreement by the District against the future distributions from the City to the District.

OTHER

14. **Attorney's Fees and Costs.** The City shall be entitled to recover its reasonable and necessary attorney's fees, costs and expenses, from the District in the event the City must enforce the terms of this Agreement in any way, including, but not limited to, litigation or mediation to the extent allowed by law.

15. **Law and Venue.** The laws of the State of Texas shall govern this Agreement, except where clearly superseded by federal law. Venue of any dispute shall be in a court of competent jurisdiction in Parker County, Texas.

16. **No Assignment.** The District may not assign this Agreement.

17. **Entire Agreement.** This Agreement supersedes and constitutes a merger of all prior oral and/or written agreements and understandings of the parties on the subject matter of this Agreement and is binding on the parties and their legal representatives, receivers, executors, successors, agents and assigns.

18. **Amendment.** Any Amendment of this Agreement must be by written instrument dated and signed by both parties.

22. **Severability.** No partial invalidity of this Agreement shall affect the remainder unless the public purpose to be served hereby is so greatly diminished thereby as to frustrate the object of this Agreement.

23. **Survival.** All provisions of this Agreement that impose continuing obligations on the parties, including but not limited to payment, agreement purpose, and confidentiality shall survive the expiration or termination of this Agreement.

24. **Waiver.** No waiver by either party of any provision of this Agreement shall be effective unless in writing, and such waiver shall not be construed as or implied to be a subsequent waiver of that provision or any other provision.

25. **Signature Authority.** The signatories hereto represent to each other that they have the full right, power, and authority and have been given any approvals necessary to enter into this Agreement to bind the respective parties for which they sign, and to perform their obligations hereunder, and that the consent of no other parties is needed to fully effectuate this Agreement.

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: District Instructional Focus

PRESENTER: Amber Crissey: Assistant Superintendent of Curriculum & Instruction

BACKGROUND INFORMATION:

- The district instructional data dashboard provides the district with a systematic process for gathering multiple data points to track implementation levels of the district focus areas and to monitor student progress data throughout the school year.
- AISD is in the third year of implementation with the district-wide instructional focus. As part of the instructional focus, AISD is focused on addressing the district problem of practice. The district problem of practice for the 2020-2021 school year is a continuation of last school year's problem of practice and is as follows: *Students are not demonstrating yearly progress at expected levels and are not demonstrating proficiency in critical writing across all content areas.*
- Typically, the district engages in the district instructional rounds process to analyze student tasks for rigor and relevance and to identify patterns and trends in teaching and learning that are directly related to the district problem of practice. Due to COVID-19, the district is not engaging in the instructional rounds process at a large scale this year; however, a virtual instructional rounds was held for new teachers to the district.
- New teachers to the district with 0-3 years of experience take part in the new teacher mentor program and are provided with a year long support system that includes a variety of professional learning opportunities.
- As part of the new teacher mentor program, teachers attended a full day of virtual instructional rounds as follows:
 - New Teachers in Grades K-3: November 10th
 - New Teachers in Grades 4-5: November 11th
 - New Teachers in Grades 6-8: January 28th
 - New Teachers in Grades 9-12: February 3rd
- Teachers that attended the virtual instructional rounds will share their key learning from the instructional rounds process and how they have applied their learning in the classroom.
- In an effort to recognize and reinforce high-functioning collaborative teams, AISD will identify collaborative teams throughout the school year that are engaging in

PLC actions on a consistent basis. Recognition of the collaborative teams will take place at a school board meeting.

High-Level Questioning				
Student Learning	<ul style="list-style-type: none"> Students respond to questions that mainly focus on basic recall and retell. Few students ask questions, and most questions asked focus on basic recall or retelling of content. 	<ul style="list-style-type: none"> Students respond to questions that demonstrate a comprehension of content. Students have opportunities to ask questions during the lesson and most questions focus on comparing and contrasting information. 	<ul style="list-style-type: none"> Students fully explain and justify their thinking when responding to questions that demonstrate different levels of thinking, including questions that require analysis, synthesis, and evaluation of information. During the lesson, students generate questions about content that demonstrate rigorous independent thinking. 	<ul style="list-style-type: none"> Students actively engage in developing rigorous questions to challenge the thinking of their peers. Academic Discussion				
Student Learning	<ul style="list-style-type: none"> Student discussion is driven by the teacher and mainly remains at the retell level, mostly using everyday language, with little to no evidence of academic or domain-specific vocabulary. Student discussion focuses on a variety of topics with each student offering his/her own thinking without using ideas from peers. 	<ul style="list-style-type: none"> Student discussion, structured by prompts from the teacher, includes a combination of retelling, analysis, and/or stating a claim and defending it with evidence. Students provide explanations or evidence of their thinking and respond to their peers' comments. 	<ul style="list-style-type: none"> Students engage with peers in teacher-guided academic discussions focused on analysis, synthesis, and evaluation of content-driven topics, using academic language to express their thinking regarding the major concepts studied. Students support their ideas with concrete explanations and evidence, paraphrasing as appropriate, and build on or challenge the ideas of others. 	<ul style="list-style-type: none"> Students primarily drive the discussion, consistently adding value to the dialogue with their peers and teacher, and respecting the opinion of others. Students are able to stay focused on the activities of inquiry and engage in dialogue, using content-rich vocabulary with their peers.
Instructional Design	<ul style="list-style-type: none"> Lesson mostly structures discussion as teacher-led, with the majority of interactions as teacher to student. 	<ul style="list-style-type: none"> Lesson structures discussion as a mix of teacher-led and peer-to-peer with the teacher facilitating the majority of discussions. 	<ul style="list-style-type: none"> Lesson mostly structures discussion as independent peer-to-peer. The teacher facilitates and redirects the discussions as needed, while valuing student autonomy. 	<ul style="list-style-type: none"> Lesson is designed to inspire students to independently engage in dialogue and add valuable academic content around the learning task.

MAKING LEARNING FOR ALL STUDENTS

Learner Engagement Rubric

Support teachers in creating and implementing an effective learner environment that is engaging and aligned to learner needs. The three indicators for learner engagement are: active participation, learning environment, and formative processes and tools.

Active Participation	1 – Beginning	2 – Emerging	3 – Developed	4 – Well Developed
Student Learning	<ul style="list-style-type: none"> Limited student engagement, with the exception of hand-raising. Some students are off-task or have disengaged from the lesson and are not redirected. Lesson is teacher led and students progress through new learning with some challenges with productivity. 	<ul style="list-style-type: none"> Most students remain focused and on-task during the lesson. Students answer questions when asked, but not all students have the opportunity to actively respond. Lesson is led by the teacher and students productively progress through new learning. 	<ul style="list-style-type: none"> All students remain on-task, responding to frequent opportunities for active engagement throughout the lesson. Lesson is led by both teacher and students, and students productively progress through new learning. 	<ul style="list-style-type: none"> All students remain on-task and proactively engaged throughout the lesson. Students take ownership of learning new content, actively seeking ways to improve their own performance.
Instructional Design	<ul style="list-style-type: none"> Lesson relies mainly on direct instruction with few opportunities for student engagement through application. 	<ul style="list-style-type: none"> Lesson relies on one or two strategies designed to engage students, with the lesson focused more on direct instruction than on student engagement through application. 	<ul style="list-style-type: none"> Lesson provides multiple strategies designed to maximize student engagement, and contribution is monitored to ensure full participation. 	<ul style="list-style-type: none"> Lesson achieves a focus on student-centered engagement where the students monitor and adjust their own participation.
Learning Environment	<p>1 – Beginning</p> <ul style="list-style-type: none"> Students rely on peers or teacher for answers to questions. There is a lack of evidence of students being required to persevere in responding to rigorous tasks or questions. Students demonstrate a lack of respect for peers, teacher, and/or learning environment. 	<p>2 – Emerging</p> <ul style="list-style-type: none"> Students exhibit some evidence that they are beginning to take risks and persevere in learning rigorous content. Students demonstrate respect for the learning environment, but challenges exist in demonstrating respect for peers. 	<p>3 – Developed</p> <ul style="list-style-type: none"> Students are encouraged to take risks and persevere through productive struggle. Students are praised for demonstrating commitment to learning. Students demonstrate respect for peers, teacher, and the learning environment. 	<p>4 – Well Developed</p> <ul style="list-style-type: none"> Students are encouraged to take risks and persevere through productive struggle. Students are provided with effective feedback to guide them in their learning. Students demonstrate respect for peers, teacher, and the learning environment.
Instructional Design	<ul style="list-style-type: none"> Classroom learning procedures and routines are inconsistently communicated and/or implemented. 	<ul style="list-style-type: none"> Classroom learning procedures and routines are visible, but are not consistently implemented. 	<ul style="list-style-type: none"> Clear classroom learning procedures and routines are visible and are consistently implemented. 	<ul style="list-style-type: none"> Classroom learning procedures and routines are clearly established, but remain flexible and fluid to adapt to the learning task as needed.
Formative Processes and Tools	<p>1 – Beginning</p> <ul style="list-style-type: none"> Lesson includes few instances of formative assessment to evaluate students' mastery of content. Assessment results indicate that student growth is minimal. Students are partnered or grouped, but all students receive the same lesson content, process, and product. 	<p>2 – Emerging</p> <ul style="list-style-type: none"> Students demonstrate mastery of content by completing a variety of assessments that allow for reciprocal feedback. Assessment results indicate that student growth is progressing. Students are partnered or grouped and receive some opportunities for differentiated learning based on adjusting content, process, and/or product. 	<p>3 – Developed</p> <ul style="list-style-type: none"> Students demonstrate mastery of content by completing a variety of formative assessments that allow for reciprocal feedback. Assessment results indicate that students are meeting expectations. Students are strategically partnered or grouped based on data. Lesson content, process, and/or product is clearly differentiated to support varying and specific student needs. 	<p>4 – Well Developed</p> <ul style="list-style-type: none"> Students demonstrate mastery of content through opportunities to self-reflect, set learning goals, and share responsibility for their learning. Assessment results indicate that students are exceeding expected outcomes.
Instructional Design	<ul style="list-style-type: none"> Results from formative processes and tools are used to monitor progress. 	<ul style="list-style-type: none"> Results from formative processes and tools are used to plan and implement aspects of differentiated instruction and monitor progress. 	<ul style="list-style-type: none"> Results from formative processes and tools are used to strategically adjust instructional pacing, plan differentiated instruction, and monitor progress. 	<ul style="list-style-type: none"> Results from formative processes and tools, along with effective feedback, are used to immediately adjust instructional pacing, plan differentiated instruction, and monitor progress.

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: 2019 Bond Update

PRESENTER: Tyler Boswell, Director of Construction and Facilities

BACKGROUND INFORMATION:

- On November 5, 2019, voters in Aledo ISD approved the District's 2019 Bond Proposal.
- Each month, at the regular meeting of the Board of Trustees, District staff and/or the design/construction teams for the 2019 Bond projects will discuss with the Board the work, timeline, and progress on the projects. In addition, the District will have a bond progress website, which will contain information about the projects and their progress, frequently asked questions, materials and minutes from meetings of the Bond Progress Committee, and other relevant information. The bond progress website will be continually updated with information for community members to access. The District and Bond Progress Committee hosted community meetings in the spring of 2020 at which community members shared their feedback about the bond projects with the architects and Bond Progress Committee prior to the completion of the design process.
- This evening we will update the Board of Trustees and Aledo ISD Community with the current status of implementation of the 2019 Bond Program.

Questions?

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: School FIRST (Financial Integrity Rating System of Texas) Rating Report

PRESENTER: Earl Husfeld, Chief Financial Officer

BACKGROUND INFORMATION:

- Senate Bill 218 of the 77th Legislature (2001) directed the Commissioner of Education, in consultation with the Comptroller of Public Accounts, to develop and implement a financial accountability rating system for school districts in Texas. This financial accountability rating system is officially referred to as School FIRST (Financial Integrity Rating System of Texas).
- In August 2018, changes in the Commissioner of Education's Rule for School FIRST were finalized. The most substantive changes in August 2018 will be implemented by the Texas Education Agency (TEA) beginning with ratings year 2020-2021 based primarily on data from fiscal year 2020.
- The changes implemented by TEA in August 2018 are being phased-in over three years. During the phase-in period, the new School FIRST system has separate worksheets for rating years 2017-2018, 2018-2019, and 2019-2020 as compared to subsequent years.
- The primary goal of School FIRST is to achieve quality performance in the management of school districts' financial resources, a goal made more significant due to the complexity of accounting associated with Texas' school finance system.
- School FIRST holds school districts accountable for the quality of their financial management practices. The rating system also discloses the quality of local management and decision-making processes that impact the allocation of financial resources in Texas public schools.
- The 2019-2020 School FIRST accountability rating system assigns one of four financial accountability ratings to Texas school districts, with the highest being A - Superior, followed by B - Above Standard, C - Meets Standard, and F - Substandard Achievement.
- The 2019-2020 School FIRST rating is based on an analysis of staff and student data reported for the 2018-2019 school year and audited budgetary and actual financial data for the 2019 fiscal year ending August 31, 2019.
- After receiving official notification of the District's School FIRST rating from TEA, each school district is required to announce and hold a public meeting to explain the District's rating and the District's performance under each of the fifteen (15)

ALEDO ISD BOARD MEETING TEMPLATE

indicators. The following pages provide this information for the Aledo ISD. Also included is a detailed explanation of the fifteen (15) indicators.

- During this public meeting, the District is also required to review certain disclosures that must be included in the financial management report. The required disclosures pertain to reimbursements to the Superintendent and Board of Trustees for the 2018-2019 fiscal year and the Superintendent's employment contract at the time of the School FIRST hearing. These required disclosures are included in the following pages and on the District's website.
- The Aledo ISD received the highest School FIRST rating of A - Superior for 2019-2020.
- The District has received the highest rating for the prior seventeen years as well.
- For 2019-2020, the District received a score of 96. A score of 60 must be received to pass, with a score of 100 being the maximum that may be obtained.
- An explanation on How Ratings are Assessed and a Glossary are included in the following pages.

DETERMINATION OF RATING

A.	Did the district answer 'No' to Indicators 1, 3, 4, or 2.A? If so, the school district's rating is F for Substandard Achievement regardless of points earned.	
B.	Determine the rating by the applicable number of points. (Indicators 6-15)	
	A = Superior	90-100
	B = Above Standard	80-89
	C = Meets Standard	60-79
	F = Substandard Achievement	<60
<p>No Rating = A school district receiving territory that annexes with a school district ordered by the commissioner under TEC 13.054, or consolidation under Subchapter H, Chapter 41. No rating will be issued for the school district receiving territory until the third year after the annexation/consolidation.</p>

School FIRST Annual Financial Management Report

ALEDO INDEPENDENT SCHOOL DISTRICT

Reporting requirements for the financial management report for the School FIRST public hearing are found in Title 19 Texas Administrative Code Chapter 109, Budgeting, Accounting, and Auditing, Subchapter AA, Commissioner's Rules Concerning Financial Accountability Rating System, Section 109.1001(q), effective 08/01/2018. This rule describes requirements for the five (5) disclosures explained below that are to be presented as appendices in the School FIRST Financial Management Report.

Superintendent's Current Employment Contract

A copy of the Superintendent's current employment contract at the time of the School FIRST hearing is to be provided. In lieu of publication in the annual School FIRST Financial Management Report, the school district may choose to publish the Superintendent's employment contract on the school district's Internet site. If published on the Internet, the contract is to remain accessible for twelve months.

The Superintendent's contract is located on the District's Internet site: <http://www.aledoisd.org>

How Ratings are Assessed

Rating Worksheet

Preliminary ratings are released by Texas Education Agency every calendar year during the summer. The Commissioner's Rules for School FIRST are contained in Title 19, Texas Administrative Code, Chapter 109, Subchapter AA, Commissioner's Rules Concerning Financial Accountability Rating System.

The School FIRST Communications Kit was updated in September 2018 to include changes in the Commissioner's Rule for School FIRST that were finalized in August 2018. The most substantive changes in August 2018 will be implemented by the Texas Education Agency beginning with ratings year 2020-2021 based primarily on data from fiscal year 2020.

During the phase-in period, the new School FIRST system has separate worksheets for rating years 2017-2018, 2018-2019, and 2019-2020 as compared to subsequent years.

The questions a school district must address in completing the worksheet used to assess its financial management system can be confusing to non-accountants. The following is a layman's explanation of what the questions mean—and what your district's answers can mean to its rating.

1. Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?

A simple indicator. Was your Annual Financial Report filed by the deadline?

2. Review the AFR for an unmodified opinion and material weaknesses. The school district must pass 2.A to pass this indicator. The school district fails indicator number 2 if it responds "No" to indicator 2.A. or to both indicators 2.A and 2.B.

2.A. Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)?

A "modified" version of the auditor's opinion in your annual audit report means that you need to correct some of your reporting or financial controls. A district's goal, therefore, is to receive an "unmodified opinion" on its Annual Financial Report. 2.A. is a simple "Yes" or "No" indicator (see instructions under "2." for evaluating performance under "2.A" and "2.B." to arrive at the score for "2.").

2.B. Did the external independent auditor report that the AFR was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, or federal funds? (The AICPA defines material weakness.)

A clean audit of your Annual Financial

How Ratings are Assessed

Report would state that your district has no material weaknesses in internal controls. Any internal weaknesses create a risk of your District not being able to properly account for its use of public funds, and should be immediately addressed. 2.B. is a simple “Yes” or “No” indicator (see instructions under “2.” for evaluating performance under “2.A” and “2.B” to arrive at the score for “2.”).

3. Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)

This indicator seeks to make certain that your district has timely paid all bills/obligations, including financing arrangements to pay for school construction, school buses, photocopiers, etc.

4. Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies?

This indicator seeks to make sure the district fulfilled its obligation to the TRS, TWC and IRS to transfer payroll withholdings and to fulfill any additional payroll-related obligations required to be paid by the district.

5. Was the total unrestricted Net Position balance (Net of the accretion of interest for capital appreciation bonds) in the governmental activities column in the Statement of Net Positions greater than zero? (If the school district's change of students in membership over 5 years was 7 percent or more, then the school district passes this indicator.)

This indicator is not being scored this year due to the impact of accounting changes implemented by the Governmental Accounting Standards Board.

This indicator simply asks, “Did the district’s total assets exceed the total amount of liabilities (according to the very first financial statement in the annual audit report)?” Fortunately, this indicator recognizes that high-growth districts incur large amounts of debt to fund construction, and that total debt may exceed the total amount of assets under certain scenarios.

6. Was the number of days of cash on hand and current investments in the

How Ratings are Assessed

general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)?

This indicator measures how long in days after the end of the fiscal the school district could have disbursed funds for its operating expenditures without receiving any new revenues. Did you meet or exceed the target amount in School FIRST?

7. Was the measure of current assets to current liabilities ratio for the school district sufficient to cover short-term debt?

This indicator measures whether the school district had sufficient short-term assets at the end of the fiscal year to pay off its short-term liabilities. Did you meet or exceed the target amount in School FIRST?

8. Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? (If the school district's change of students in membership over 5 years was 7 percent or more, then the school district passes this indicator.)

This question is like asking someone if their mortgage exceeds the market value of their home. Were you below the cap for this ratio in School FIRST? Fortunately, this indicator recognizes that high-growth districts incur additional operating costs to open new instructional campuses.

9. Did the school district's general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not,

was the school district's number of days of cash on hand greater than or equal to 60 days?

This indicator simply asks, "Did you spend more than you earned?" (the school district will automatically pass this indicator, if the school district had at least 60 days cash on hand.)

10. Was the debt service coverage ratio sufficient to meet the required debt service?

This indicator asks about the school district's ability to make debt principal and interest payments that will become due during the year. Did you meet or exceed the target amount in School FIRST?

11. Was the school district's administrative cost ratio equal to or less than the threshold ratio?

This indicator measures the percentage of their budget that Texas school districts spent on administration. Did you exceed the cap in School FIRST for districts of your size?

12. Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? (If the student enrollment did not decrease, the school district will automatically pass this indicator.)

If the school district had a decline in students over 3 school years, this indicator asks if the school district decreased the number of the staff on the payroll in proportion to the decline in students. (The school district automatically passes this indicator if

How Ratings are Assessed

there was no decline in students.)

School Program state aid.

13. Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district's AFR result in a total variance of less than 3 percent of all expenditures by function?

This indicator measures the quality of data reported to PEIMS and in your Annual Financial Report to make certain that the data reported in each case "matches up." If the difference in numbers reported in any fund type is 3 percent or more, your district "fails" this measure.

14. Did the external independent auditor indicate the AFR was free of any instance(s) of material noncompliance for grants, contracts, and laws related to local, state, or federal funds? (The AICPA defines material noncompliance.)

A clean audit of your Annual Financial Report would state that your district has no material weaknesses in internal controls. Any internal weaknesses create a risk of your District not being able to properly account for its use of public funds and should be immediately addressed.

15. Did the school district not receive an adjusted repayment schedule for more than one fiscal year for an overallocation of Foundation School Program (FSP) funds as a result of a financial hardship?

This indicator asks if the district had to ask for an easy payment plan to return monies to TEA after spending the overpayment from the Foundation

Accounting: A standard school fiscal accounting system must be adopted and installed by the board of trustees of each school district. The accounting system must conform to generally accepted accounting principles. This accounting system must also meet at least the minimum requirements prescribed by the state board of education, subject to review and comment by the state auditor.

Ad Valorem Property Tax: Literally the term means "according to value." Ad valorem taxes are based on a fixed proportion of the value of the property with respect to which the tax is assessed. They require an appraisal of the taxable subject matter's worth. General property taxes are almost invariably of this type. Ad valorem property taxes are based on ownership of the property, and are payable regardless of whether the property is used or not and whether it generates income for the owner (although these factors may affect the assessed value).

Adopted Tax Rate: The tax rate set by the school district to meet its legally adopted budget for a specific calendar year.

All Funds: A school district's accounting system is organized and operated on a fund basis where each fund is a separate fiscal entity in the school district much the same as various corporate subsidiaries are fiscally separate in private enterprise. All Funds refers to the combined total of all the funds listed below:

- The General Fund
- Special Revenue Funds (Federal Programs, Federally Funded Shared Services, State Programs, Shared State/Local Services, Local Programs)
- Debt Service Funds
- Capital Projects Funds
- Enterprise Funds for the National School Breakfast and Lunch Program

Assessed Valuation: A valuation set upon real estate or other property by a government as a basis for levying taxes.

Assigned Fund Balance: The assigned fund balance represents tentative plans for the future

use of financial resources. Assignments require executive management (per board policy to assign this responsibility to executive management prior to end of fiscal year) action to earmark fund balance for bona fide purposes that will be fulfilled within a reasonable period of time. The assignment and dollar amount for the assignment may be determined after the end of the fiscal year when final fund balance is known.

Auditing: Accounting documents and records must be audited annually by an independent auditor. Texas Education Agency (TEA) is charged with review of the independent audit of the local education agencies.

Beginning Fund Balance: The General Fund balance on the first day of a new school year. For most school districts this is equivalent to the fund balance at the end of the previous school year.

Budget: The projected financial data for the current school year. Budget data are collected for the general fund, food service fund, and debt service fund.

Budgeting: Not later than August 20 of each year, the superintendent (or designee) must prepare a budget for the school district if the fiscal year begins on September 1. (For those districts with fiscal years beginning July 1, this date would be June 20.) The legal requirements for funds to be budgeted are included in the Budgeting module of the TEA Resource Guide. The budget must be adopted before expenditures can be made, and this adoption must be prior to the setting of the tax rate for the budget year. The budget must be itemized in detail according to classification and purpose of expenditure, and must be prepared according to the rules and regulations established by the state board of education. The adopted budget, as necessarily amended, shall be filed with TEA through the Public Education Information Management System (PEIMS) as of the date prescribed by TEA.

Capital Outlay: This term is used as both a Function and an Object. Expenditures for land, buildings, and equipment are covered under Object 6600. The amount spent on acquisitions, construction, or major renovation of school

GLOSSARY

district facilities are reported under Function 80.

Capital Project Funds: Fund type used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and trust funds.)

Cash: The term, as used in connection with cash flows reporting, includes not only currency on hand, but also demand deposits with banks or other financial institutions. Cash also includes deposits in other kinds of accounts or cash management pools that have the general characteristics of demand deposit accounts in that the governmental enterprise may deposit additional cash at any time and also effectively may withdraw cash at any time without prior notice or penalty.

Chapter 41: A key "equity" chapter in the Texas Education Code (TEC) is Chapter 41. This chapter is devoted to wealth equalization through the mechanism of recapture, the recovery of financial resources from districts defined by the state as high property wealth. Resources are recovered for the purpose of sharing them with low-wealth districts. Districts that are subject to the provisions of Chapter 41 must make a choice among several options in order to reduce their property wealth and share financial resources.

Committed Fund Balance: The committed fund balance represents constraints made by the board of trustees for planned future use of financial resources through a resolution by the board, for various specified purposes including commitments of fund balance earned through campus activity fund activities. Commitments are to be made as to purpose prior to the end of the fiscal year. The dollar amount for the commitment may be determined after the end of the fiscal year when final fund balance is known.

Comptroller Certified Property Value: The district's total taxable property value as certified by the Comptroller's Property Tax Division (Comptroller Valuation).

Days of Cash on Hand: The number of days the school district can disburse funds for its

operating expenditures without receiving any new revenues.

Debt Service Fund: Governmental fund type used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Debt Services: Two function areas (70 and 71) and one Object (6500) are identified using this terminology "debt services." Function 70 is a major functional area that is used for expenditures that are used for the payment of debt principal and interest including Function 71. Expenditures that are for the retirement of recurring bond, capital lease principal, and other debt, related debt service fees, and for all debt interest fall under Function 71. Object 6500 covers all expenditures for debt service.

Debt Service Coverage Ratio: This ratio measures an organization's ability to make debt principal and interest payments that will become due during the year.

Deferred Revenue: Resource inflows that do not yet meet the criteria for revenue recognition. Unearned amounts are always reported as deferred revenue. In governmental funds, earned amounts also are reported as deferred revenue until they are available to liquidate liabilities of the current period.

Effective Tax Rate: Provides the unit with approximately the same amount of revenue it had the year before on properties taxes in both years. A comparison of the effective tax rate to the taxing unit's proposed tax rate shows if there will be a tax increase.

Ending Fund Balance: The amount of unencumbered surplus fund balance reported by the district at the end of the specified school year. For most school districts this will be equivalent to the fund balance at the beginning of the next school year.

Excess (Deficiency): Represents receivables due (excess) or owed (deficiency) at the end of the school year. This amount is recorded as Asset Object 1200.

GLOSSARY

Existing Debt Allotment (EDA): Is the amount of state funds to be allocated to the district for assistance with existing debt.

Federal Revenues: Revenues paid either directly to the district or indirectly through a local or state government entity for Federally-subsidized programs including the School Breakfast Program, National School Lunch Program, and School Health and Related Services Program. This amount is recorded as Revenue Object 5900.

Fiscal Year: A period of 12 consecutive months legislatively selected as a basis for annual financial reporting, planning, and budgeting. The fiscal year may run September 1 through August 31 or July 1 through June 30.

Foundation School Program (FSP) Status: The Foundation School Program (FSP) is the shared financial arrangement between the state and the school district, where property taxes are blended with revenues from the state to cover the cost of basic and mandated programs. The nature of this arrangement falls in one of the following status categories: Regular, Special Statutory, State Administered, Education Service Center, or Open Enrollment Charter School District.

FTE: Full-Time Equivalent measures the extent to which one individual or student occupies a full-time position or provides instruction, e.g., a person who works four hours a day or a student that attends a half of a day represents a .5 FTE.

Function: Function codes identify the expenditures of an operational area or a group of related activities. For example, in order to provide the appropriate atmosphere for learning, school districts transport students to school, teach students, feed students and provide health services. Each of these activities is a function. The major functional areas are:

- Instruction and Instructional-Related Services
- Instructional and School Leadership
- Support Services - Student
- Administrative Support Services
- Support Services; Non-Student Based

- Ancillary Services
- Debt Service
- Capital Outlay
- 90 Intergovernmental Charges

Fund Balance: The difference between assets and liabilities reported in a governmental fund.

General Administration: The amount spent on managing or governing the school district as an overall entity. Expenditures associated with this functional area are reported under Function 41.

General Fund: This fund finances the fundamental operations of the district in partnership with the community. All revenues and expenditures not accounted for by other funds are included. This is a budgeted fund and any fund balances are considered resources available for current operations.

I&S Tax Rate: The tax rate calculated to provide the revenues needed to cover Interest and Sinking (I&S) (also referred to as Debt Service). I&S includes the interest and principal on bonds and other debt secured by property tax revenues.

Incremental Costs: The amount spent by a school district with excess wealth per WADA on the purchase of attendance credits either from the state or from other school district(s). Expenditures associated with this functional area are reported under Function 92.

Instruction: The amount spent on direct classroom instruction and other activities that deliver, enhance or direct the delivery of learning situations to students regardless of location or medium. Expenditures associated with this functional area are reported under Function 11.

Instructional Facilities Allotment (IFA): (State Aid) Provides assistance to school districts in making debt service payments on qualifying bonds and lease-purchase agreements. Proceeds must be used for the construction or renovation of an instructional facility.

Intergovernmental Charges: "Intergovernmental" is a classification used

GLOSSARY

when one governmental unit transfers resources to another. In particular, when a Revenue Sharing District purchases WADA or where one school district pays another school district to educate transfer students. Expenditures associated with this functional area are reported under Function 90.

Investments in Capital Assets, Net of Related Debt:

One of three components of Net Position that must be reported in both government-wide and proprietary fund financial statements. Related debt, for this purpose, includes the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of capital assets of the government.

Local & Intermediate Revenues: All revenues from local taxes and other local and intermediate revenues. For specifics, see the definitions for Local Tax and Other Local & Intermediate Revenues. This amount is recorded under Object 5700.

Local Tax: This is all revenues from local real and personal property taxes, including recaptured funds from 1) Contracted Instructional Services Between Public Schools (Function 91) and 2) Incremental Costs associated with Chapter 41 of the Texas Education Code (Function 92).

M&O Tax Rate: The tax rate calculated to provide the revenues needed to cover Maintenance & Operations (M&O). M&O includes such things as salaries, utilities, and day-to-day operations.

Modified Opinion: Term used in connection with financial auditing. A modification of the independent auditor's report means there exists one or more specific exceptions to the auditor's general assertion that the district's financial statements present fairly the financial information contained therein according to generally accepted accounting principles.

Nonspendable Fund Balance: The portion of fund balance that is in non-liquid form, including

inventories, prepaid items, deferred expenditures, long-term receivables and encumbrances (if significant). Nonspendable fund balance may also be in the form of an endowment fund balance that is required to remain intact.

Object: An object is the highest level of accounting classification used to identify either the transaction posted or the source to which the associated monies are related. Each object is assigned a code that identifies in which of the following eight major object groupings it belongs:

- 1000 Assets
- 2000 Liabilities
- 3000 Fund Balances
- 5000 Revenue
- 6000 Expenditures/Expenses
- 7000 Other Resources/NonOperating Revenue/Residual Equity Transfers In
- 8000 Other Uses/NonOperating Revenue/Residual Equity Transfers Out

Operating Expenditures: A wide variety of expenditures necessary to a district's operations fall into this category with the largest portion going to payroll and related employee benefits and the purchase of goods and services.

Operating Expenditures/Student: Total Operating Expenditures divided by the total number of enrolled students.

Operating Revenues and Expenses: Term used in connection with the proprietary fund statement of revenues, expenses, and changes in Net Position. The term is not defined as such in the authoritative accounting and financial reporting standards, although financial statement preparers are advised to consider the definition of operating activities for cash flows reporting in establishing their own definition.

Other Local & Intermediate Revenues: All local and intermediate revenues NOT from local real and personal property taxes including:

- Revenues Realized as a Result of Services Rendered to Other School Districts
- Tuition and Fees
- Rental payments, interest, investment income

GLOSSARY

- Sale of food and revenues from athletic and extra/co-curricular activities
- Revenues from counties, municipalities, utility districts, etc.

Other Operating Costs: Expenditures necessary for the operation of the school district that are NOT covered by Payroll Costs, Professional and Contracted Services, Supplies and Materials, Debt Services, and Capital Outlay fall into this category and include travel, Insurance and bonding costs, election costs, and depreciation. This amount is recorded as Expenditure/Expense Object 6400.

Other Resources: This amount is credited to total actual other resources or non-operating revenues received or residual equity transfers in. This amount is recorded under Object 7020.

Payments for Shared Services

Arrangements: Payments made either from a member district to a fiscal agent or payments from a fiscal agent to a member district as part of a Shared Services Arrangement (SSA). The most common types of SSAs relate to special education services, adult education services, and activities funded by the Elementary and Secondary Education Act (ESEA). Expenditures associated with this functional area are reported under Function 93.

Payroll: Payroll costs include the gross salaries or wages and benefit costs for services or tasks performed by employees at the general direction of the school district. This amount is recorded as Expenditure/Expense Object 6100. *(NOTE: Payroll amounts do not include salaries for contract workers, e.g., for food service and maintenance. Therefore, this figure will vary significantly between districts and campuses that use contract workers and those that do not.)*

PEIMS: A state-wide data management system for public education information in the State of Texas. One of the basic goals of PEIMS, as adopted by the State Board of Education in 1986, is to improve education practices of local school districts. PEIMS is a major improvement over previous information

sources gathered from aggregated data available on paper reports. School districts submit their data via standardized computer files. These are defined in a yearly publication, the [PEIMS Data Standards](#).

Plant Maintenance & Operations: The amount spent on the maintenance and operation of the physical plant and grounds and for warehousing and receiving services. Expenditures associated with this functional area are reported under Function 51.

Property /Refined ADA: The district's Comptroller Certified Property Value divided by its total Refined ADA.

Property/WADA: The district's Comptroller Certified Property Value divided by its total WADA.

Refined ADA: Refined Average Daily Attendance (also called RADA) is based on the number of days of instruction in the school year. The aggregate eligible days attendance is divided by the number of days of instruction to compute the refined average daily attendance.

Restricted Fund Balance: This is the portion of fund balance that has externally enforceable constraints made by outside parties.

Revenues: Any increase in a school district's financial resources from property taxes, foundation fund entitlements, user charges, grants, and other sources. Revenues fall into the three broad sources of revenues: Local & Intermediate; State; and Federal.

Robin Hood Funds: See Wealth Equalization Transfer.

Rollback Tax Rate: Provides governments other than school districts with approximately the same amount of tax revenue it spent the previous year for day-to-day operations plus an extra 8 percent cushion, and sufficient funds to pay its debts in the coming year. For school districts, the M&O portion of the rollback tax rate allows school districts to add four cents (\$0.04)

GLOSSARY

to the lesser of the prior tax year compressed operating tax rate or the effective M&O rate to generate operating funds. School districts will get to add to the compressed operating rate any additional cents approved by voters at a 2006 or subsequent rollback election, not 8 percent. The rollback rate is the highest rate that the taxing unit may adopt before voters can petition for an election to roll back the adopted rate to the rollback rate. For school districts, no petition is required; it's an automatic election if the adopted rate exceeds the rollback rate.

School Year: The twelve months beginning September 1 of one year and ending August 31 of the following year or beginning July 1 and ending June 30. Districts now have two options.

Special Revenue Fund: A governmental fund type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditures for specified purposes.

State Revenues: Revenues realized from the Texas Education Agency, other state agencies, shared services arrangements, or allocated on the basis of state laws relating to the Foundation School Program Act. This amount is recorded as Revenue Object 5800.

Unassigned Fund Balances: Available expendable financial resources in a governmental fund that are not the object of tentative management plans (i.e., committed or assigned). One primary criterion of rating agencies for school bonds is the relative amount of unassigned fund balance. Bond rating agencies view unassigned fund balances as a reflection of the financial strength of school districts and show concern when district fund balances decrease.

Unmodified Opinion: Term used in connection with financial auditing. An unmodified independent auditor's opinion means there are no stated exceptions to the auditor's general assertion that the district's financial statements present fairly the financial information contained according to generally accepted accounting principles.

Unrestricted Net Position Balance: The term Net Position refers to the amount of total assets less total liabilities. Unrestricted Net Position balance refers to the portion of total Net Position that is neither invested in capital assets nor restricted.

WADA: A Weighted Average Daily Attendance (WADA) is used to measure the extent students are participating in special programs. The concept of WADA in effect converts all of a school district's students with their different weights to a calculated number of regular students required to raise the same amount of revenue. The greater the number of students eligible for special entitlements, the greater a school district's WADA will be.

Wealth Equalization Transfer: The amount budgeted by districts for the cost of reducing their property wealth to the required equalized wealth level (Function 91). Sometimes referred to as Robin Hood Funds.

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: Attendance and Enrollment to Budgeted Revenue/Expenditures

PRESENTER: Earl Husfeld, Chief Financial Officer

BACKGROUND INFORMATION:

- As we discussed during the development of the 2020-2021 General Fund budget, conservative projections were used for many revenue and expenditure items. A few of these conservative projections were average daily attendance (ADA), current year tax collection percentage, and expenditures related to the COVID-19 pandemic.
- Although it is early in the District's 2020-2021 budget cycle, this evening we will review some of these budget projections as compared to actual-to-date numbers to get a "feel" for the current status and the impact on the 2020-2021 General Fund budget.

FISCAL INFORMATION:

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: Consider Approval of 2019 Bond Project Campus Names

PRESENTER: Susan K Bohn, Superintendent

BACKGROUND INFORMATION:

In November 2019, Aledo ISD voters approved the 2019 Bond Program, which includes 2 new campuses and the renovation of three existing campuses.

The Aledo ISD Board policy for Naming Facilities, CW (Local), states that the Board of Trustees may name a District facility or a portion of the facility based on one of four listed criteria.

During this meeting, the Board of Trustees will discuss and possibly approve names for the following campuses, which are part of the 2019 Bond Program:

- Elementary School #6
- Middle School #2
- McAnally Intermediate (to be converted to an elementary campus)
- Vandagriff Elementary (to be converted to an early childhood education campus)

FISCAL INFORMATION:

None

ADMINISTRATIVE RECOMMENDATION:

The administration recommends that the Board approve names for the following campuses, which are part of the 2019 Bond Program:

- Elementary School #6
- Middle School #2
- McAnally Intermediate (to be converted to an elementary campus)
- Vandagriff Elementary (to be converted to an early childhood education campus)

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: Consider Approval of Schematic Design for 2019 Bond Project McAnally Intermediate School

PRESENTER: Earl Husfeld, Chief Financial Officer and Tyler Boswell, Director of Construction and Facilities

BACKGROUND INFORMATION:

- The conversion of McAnally Intermediate School into an elementary school is one (1) of the five (5) construction projects included in the District's 2019 Bond Program passed by Aledo ISD voters on November 5, 2019.
- During the December 19, 2019 board meeting, the Board of Trustees approved the selection for PBK Architects, Inc. (PBK) to perform architectural services for the elementary school projects.
- In the time since their selection, PBK conducted meetings with the District's Administrative Team, Curriculum and Instruction Department, Technology Department, and Vandagriff Elementary School Staff and Principals gathering information to use as guidelines in the design process of the McAnally Intermediate School renovation/addition. These groups also shared their concerns, goals, and expectations for this campus conversion into an elementary school.
- The schematic design presentation being shared with you this evening is the culmination of these meetings to date.
- Lee Osborne, with PBK, will discuss the schematic design presentation with you and answer any questions you may have.
- Please keep in mind schematic design is the first phase in the design process for the McAnally Intermediate School project and accounts for approximately 15% of the architect's work on this project. Schematic design establishes the size, location, and relationships between all the spaces. The basic goal of schematic design is to establish the shape and size of the building with some basic plans of the spaces.

FISCAL INFORMATION:

There is no fiscal impact with approval of this item. The financial impact will arise when the Board of Trustees ultimately approves a contract for the construction of this project.

None

ADMINISTRATIVE RECOMMENDATION:

The Administration recommends the Board of Trustees approve the schematic design for the McAnally Intermediate School project as presented.

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: Consider Approval of 2021 Attendance Zone Committee Charge and Purpose

PRESENTER: Susan K Bohn, Superintendent

BACKGROUND INFORMATION:

In November 2019, Aledo ISD voters approved the 2019 Bond Program, which includes the construction of one new elementary school (Elementary School #6) and one new middle school (Middle School #2). Elementary School #6 will open in August 2021, and Middle School #2 will open in August 2022.

The addition of the two new schools necessitates that the District's current elementary school attendance zones be redrawn and that middle school attendance zones be drawn for the first time.

The Administration and Board discussed an Attendance Zone Committee (AZC) Process during the November 16, 2020 regular Board meeting. During this Board meeting, the Administration recommends that the Board approve the attached Purpose and Charge for the AZC so that work can begin to form the committee.

The members of the AZC will be chosen through trustee appointment, campus nomination, and citizen application. The emphasis in creating the committee will be on diversity of committee members demographically and geographically in an effort to represent the community at-large as well as possible. The number of members on the committee is expected to be between 35 and 40.

The AZC's process for recommending new attendance zones to the Board of Trustees for approval will include the opportunity for the Board of Trustees and all community members to share feedback with the AZC. The Administration anticipates that the work of the committee, resulting in a recommendation to the Board of Trustees, will be completed in March of 2021.

The Administration is constructing guidelines for the opportunity for a student who currently attends a campus as a 4th grader (during this 2020-2021 school year) to be "grandfathered" to stay at that campus for his/her 5th grade year during the 2021-2022 school year. If a parent chooses for such a "rising 4th grader" to stay on the campus to

which he/she is currently assigned, any sibling of that “rising 4th grader” may also attend the campus for only one school year (the 2021-2022 school year). If a parent chooses to keep their “rising 4th grader” (and any sibling) on their current campus for 5th grade, the parent must provide transportation for their child/ren on that campus.

2021 Attendance Zone Committee Charge and Purpose

ADMINISTRATIVE RECOMMENDATION:

The administration recommends the Board approves the proposed 2021 Attendance Zone Committee Charge and Purpose.

2021 Attendance Zone Committee Purpose

The purpose of the Attendance Zone Committee is to represent the Aledo ISD community in the study of data related to projected student enrollment growth, campus student capacity, safety, transportation, current and planned transportation infrastructure, and geographic location of planned development in the district, in recommending to the Board of Trustees new attendance zones for elementary and middle schools.

2021 Attendance Zone Committee Charge

The Attendance Zone Committee is charged by the Board of Trustees to:

- represent the priorities, expectations, and values of the entire community,
- consider the needs of all of the district's students,
- listen to and consider questions and feedback from all community members and the Board of Trustees,
- use facts and data to make informed decisions,
- recommend attendance zones that are projected to most efficiently use building capacity for the longest time period possible (given projected student growth), and
- recommend to the Board of Trustees an elementary attendance zone map (effective 2021-2022) and a middle school attendance zone map (effective 2022-2021) for approval by the Board and implementation by the Administration.

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: December 14, 2020

AGENDA ITEM: Consider Approval of Adjustments to 2020-2021 District Calendar

PRESENTER: Lynn McKinney, Deputy Superintendent

BACKGROUND INFORMATION:

The Board of Trustees approved the latest revision of the 2020-2021 Instructional Calendar in October.

Due to COVID-19 and the current structure of offering both remote and in-person learning opportunities to our students, there is a need for additional teacher workdays.

The Board approved 2.5 instructional days to become teacher workdays during the fall semester to:

- *provide additional opportunities to plan for remote and in-person instruction
- *provide time to plan targeted instruction for students
- *provide time for teacher grading and student feedback

The 2.5 days added as work days were:

- Friday, October 30, 2020 – 1 day
- Friday, November 13, 2020 – 1 day
- Friday, December 18, 2020 - .5 day (prior early release day)

We are now requesting two additional changes for the 2021 spring semester:

1. We would like to move the February Professional Learning day from Monday, February 15 to Friday, February 12.
2. We would like to add two work days for the spring semester as follows:
 - Monday, February 15, 2021 – 1 day
 - Monday, March 22, 2021 – 1 day

These 2 additional work days, 900 minutes, will be deducted from the banked instructional minutes the district reserved this year, leaving us with 690 banked minutes, or 1.53 days if needed, in addition to the two bad weather days scheduled during the spring semester.
