  - b. 2019 Bond Project Western High School Phase 2 Remodeling and Central High School Pool Equipment -2019 Bond Fund 39
- 10. **CENTRAL HIGH SCHOOL FLASHING SPEED LIMIT SIGNS** 82

In an effort to improve traffic safety on Commerce and Oakley Park Roads in front of Central High School, Administration has worked with the Road Commission of Oakland County and the Commerce Township Board of Trustees in support of the installation of new school speed limit signs with flashers to better control traffic at the beginning and end of the school day. Both entities have agreed to participate in a “tri-party agreement” with Walled Lake Consolidated Schools in which the approximately \$73,000 cost of this project will be split equally. Administration recommends the Board of Education support this agreement and authorize the Superintendent to execute all necessary documents.

11. **AUTHORIZATION OF RESTRICTIVE COVENANT FOR COMMUNITY EDUCATION PROPERTY**

Following extensive efforts to mitigate soil and groundwater contamination on the former Community Education property, a small section of the site still contains contamination in excess of State of Michigan Department of Environment, Great Lakes, and Energy (EGLE) permissible concentrations for unrestricted use of the property. In order to establish permissible uses of the property, the school district must enter into a Restrictive Covenant, to restrict uses only on the affected area of the property. Administration has reviewed the Restrictive Covenant with legal counsel and recommends approval.

12. **NEW COURSE PROPOSAL - ADOPTION** 83

The new course offering, Ornithology at Walled Lake Northern High School, was presented at the November 2, 2023, Board meeting. The new course offering for the Program of Studies has been endorsed by Administration and is being presented to the Board for the approval of its adoption.

13. **RESOLUTION: SECTION 105 LIMITED SCHOOLS OF CHOICE**

For many years, Walled Lake Consolidated Schools has been open to Section 105 Schools of Choice under the State School Aid Act. Under this section, a pupil may enroll from one Oakland County school district to another. The administration is requesting that the Board of Education approve Walled Lake Consolidated Schools as a participant in Section 105 Limited Schools of Choice for the 2024-2025 school year with a designation of school openings not to exceed 5% of the most recent October count in any individual school and not to exceed 10% of the most recent October Count for the 2024-25 school year, specific to Kindergarten.

14. **BOARD MEETING DATE CHANGE**

The 2023-24 Board Meeting Dates were publicized following the January 2023 Board meeting. To better accommodate Board members' schedules, the Board will consider holding the annual organizational meeting on January 4, 2024. The currently scheduled January 11, 2024, Regular Meeting will be held as scheduled.

15. **BOARD POLICY ADOPTION** 87

The updated Board Policies were provided for your review at the November 2, 2023, Regular Board meeting. The updated policies are in alignment with the current law, and Administration recommends the adoption of this updated Board policy.

16. **ADJOURNMENT**

Notice of Nondiscrimination

In compliance with Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and the Americans with Disability Act of 1990, it is the policy of the Walled Lake Consolidated School District that no person shall, on the basis of race, color, religion, national origin or ancestry, sex, age, disability, height, weight, political belief, military service or marital status be excluded from participation in, be denied the benefits of, or be subjected to discrimination during any program or activity or in employment. For information contact the District Compliance Officer, at 248-956-2023.

**WALLED LAKE CONSOLIDATED SCHOOL DISTRICT  
NOTES TO STATEMENT OF REVENUE & EXPENDITURES  
JULY 1, 2023 to OCTOBER 30, 2023**

**REVENUE**

- Property taxes are largely collected in the summer. As a result, a large percentage of the budget been realized.
- Tuition and fees primarily relate to summer activities and fees normally collected at the beginning of the school year.
- Interest earnings are trending ahead of original expectations. The budget will be adjusted later in the year.
- State Sources consist primarily of State aid payments, which are paid from October 2023 through August 2024. We have received one of eleven payments, or 9% as of October 31st.
- Federal programs are reimbursed after expenditures have been incurred and there is often a delay in timing before the revenue is received.

**EXPENDITURES**

- Teachers have received 4 of 24 pays related to the 2023/2024 contract; therefore, we would expect instructional areas to be at approximately 17% of budget. All other employees have received 8 of 24 pays, or about 33%.
- Other basic programs consist of summer school programs and grant-funded preschool programs. The year-to-date costs are primarily related to summer programs, which are largely funded with COVID grant funding.
- Special Education costs are pacing slightly ahead of budget due to fringe benefits. We will monitor this trend and address in a future budget amendment, if necessary.
- Compensatory Education includes programs to help students who need additional supports, such as reading recovery, at-risk services, bilingual support, etc. This category of costs is slightly ahead of budget due to software costs that are incurred at the beginning of the year.
- Transportation costs to-date consist primarily of insurance coverage and transportation for summer programs. The District has not yet been billed for September or October transportation services by Dean Transportation.
- Transfers to other funds includes a reimbursement of excess indirect costs charged to the Food Service fund during the prior fiscal year. The budget will be updated with the next amendment.

All renewals and additional products and services will be subject to the terms, conditions, licenses, warranties, and policies in effect at the time of purchase.

**Shipping:**

Delivery terms are set forth in the SAFARI Montage Products and Services General Terms and Conditions of Sale, including, among other things, that lead times may vary and additional charges may apply to rush orders. We are not responsible for shipping damage or loss for orders shipped via your designated shipping account. To preserve the right to replacement products in the event of covered shipping damage or loss, you (or your consignee) must (i) refuse delivery of any products with visible signs of physical damage to the outer packaging or shipping crate, (ii) note the damage in reasonable detail on the shipping record at the time of delivery, and (iii) immediately report the damage to us in as much detail as possible, including photographs where available. Within three days of delivery (or such other time period specified in the Quote), you (or your consignee) must (iv) open the outer packaging to inspect the products and (v) report any signs of concealed shipping damage to the products. You agree that such time periods are reasonable. In the event of concealed shipping damage, all product packaging must be preserved and you (or consignee) must fully cooperate with us in order to promptly preserve any claim against the carrier. We will replace the products damaged during shipping and ship replacement products at our expense. Failure to comply with this policy will be deemed acceptance of the delivery and no products will be replaced.

**Third-Party Products:**

Any applicable warranties, services, maintenance, or support, if any, with respect to third-party products are provided by the original manufacturer, supplier, provider, or other third party, not by SAFARI Montage. Additional terms and conditions may apply.

**RE: Walled Lake Consolidated School District  
2019 Bond Projects –  
Western High School Phase 2 Remodeling and Central High School Pool Equipment**

Dear Mr. Chatfield:

We have completed our review of the bids received on November 2, 2023 and November 8, 2023 at 12:00 PM for the 2019 Bond Projects Western High School Phase 2 Remodeling and Central High School Pool Equipment.

Based on the review conducted in conjunction with the District's consultants we are recommending to the District approval of the award of contracts which are based on the low responsive complete bid and are identified in the attached schedule with the following clarifications:

The District's consultants recommend the acceptance of Proposal 3.1 – Interior Flatwork Voluntary Alternate – Add \$45,427 to the base bid to provide 2" concrete topping in lieu of self-leveling compound at quarry tile for a total contract of \$188,672.

The District's consultants recommend the acceptance of Proposal 26 – Electrical Voluntary Alternate – Add \$260,000 for running new electrical feeds and making connections for rooftop units and ERU's for a total contract of \$3,230,000.

The following bidders did not have a complete scope of work and requested their proposals be withdrawn from consideration:

Master Craft Floors – Proposal 09.3 – Flooring  
Cornerstone Painting – Proposal 09.5 – Painting  
McCarthy Construction – Proposal 32.2 – Site Concrete

Attached please find a copy of the bid tabulations. Please do not hesitate to call if you have any questions.

Very truly yours,

**George W. Auch Company**

## **Ornithology – Course Syllabus**

### **Course Description:**

#### **Textbook and Supplementary Materials**

- No student textbook is required
- 3-ring binder with dividers to organize your materials
- Rite-in-the-Rain Spiral Notebook (\$7 on Amazon)
- Optional: If you have your own pair of binoculars and want to bring them

#### **Assessment Methods and/or Tools**

- Daily Homework
- Daily Classwork
- Field Journal/Observations
- Tests (one per chapter)
- Individual Scientific Investigation and Publication
- Comprehensive Final Exam (one per semester)
- Field Work (nest boxes, habitat construction/monitoring)

#### **Instructional Methods and/or Strategies**

This course is designed to be much more inquiry-based and hands-on than our traditional science courses. Even though we will learn much information in the more traditional styles of notes, lectures, worksheets, and labs. There will additionally be a focus on the practices of conducting science.

Students will learn about how they can participate and contribute to field-based observational science data. Through using the ebird website, the students will learn to submit data for review, and analyze the data of other local people. Students will learn to use this data to look for trends and patterns in order to guide their inquiry to local avifauna.

Students will learn how to make quality field observations and record those in field journals. We will be making weekly field observations using the school property as a laboratory. Then students will take those observations and develop questions about the biology, ecology, or conservation of local bird species. Students will design and conduct investigations to answer these local avian questions. Then students will analyze this data using appropriate statistical analyses and share their results with the class and ultimately produce an article for publication.

Each chapter while focusing on a specific topic will be centered around a central question of inquiry. For example, while learning about the anatomy of birds students will learn to question the differences in body structures of birds and how those relate to different strategies for survival (food foraging, migration, etc). By focusing on these central questions the course will remain inquiry/practice-based.

<b>Unit/Chapter (based on teacher reference textbook)</b>	<b>Content/Skills</b>
<b>Unit 1/Chapter 1: Why Study Birds? Birding Basics</b>	<ul style="list-style-type: none"> <li>• Case studies of Avian research</li> <li>• How to identify Birds?</li> <li>• Birding equipment: types, uses, and care.</li> <li>• Recording observations and making sketches in Field Journals</li> </ul>
<b>Unit 2/Chapter 2: Avian Diversity and Classification</b>	<ul style="list-style-type: none"> <li>• Describe the variety of avian life</li> <li>• Use phylogenetics explain the diversity of avian life</li> <li>• Explain the origin of birds through evolutionary processes</li> <li>• Implement a classification schematic for a variety of avian life.</li> </ul>
<b>Unit 3/Chapter 3: Avian Evolution</b>	<ul style="list-style-type: none"> <li>• Explain how natural selection has forced evolution of birds down specific paths.</li> <li>• Describe and explain specific environmental pressures birds face.</li> <li>• Explain how sexual selection can result in unique evolution, such as the Birds-of-Paradise.</li> <li>• Describe the speciation process using examples from around the world such as Flightless Cormorant.</li> <li>• Show how processes such as adaptive radiation can result in many species from a common ancestor such as the Hawaiian Honeycreepers.</li> <li>• Explain the reasons behind and the role of hybridization in birds.</li> </ul>
<b>Unit 4/Chapter 4 Feathers and Plumage</b>	<ul style="list-style-type: none"> <li>• Describe the basic anatomy of bird feathers.</li> <li>• Explain the development and evolution of feathers.</li> <li>• Describe the uses for the various types of feathers.</li> <li>• Understand the molting process.</li> <li>• Describe the care feathers need and how birds perform this work.</li> </ul>

	<ul style="list-style-type: none"> <li>• Explaining the physics of light to predict how feathers produce various colors.</li> <li>• Use the features of a bird's plumage to predict the various functions of plumage, such as attracting mates.</li> </ul>
<b>Unit 5/Chapter 5 Avian Flight</b>	<ul style="list-style-type: none"> <li>• Understanding the physics of avian flight.</li> <li>• Explain the power of flight, the demands on the bird's body, and the energy requirements.</li> <li>• Predicting the flight styles/techniques of birds using their wing, tail shapes.</li> <li>• Describing how birds use their wings and tails for maneuvering and stability.</li> </ul>
<b>Unit 6/Chapter 6 Avian Anatomy</b>	<ul style="list-style-type: none"> <li>• Identify the parts of the following systems: skeletal, muscular, respiratory, digestive, circulatory.</li> <li>• Explain the interconnected nature of organ system using avian examples.</li> <li>• Explain how the Anatomy of birds makes flight possible.</li> </ul>
<b>Unit 7/Chapter 8 Avian Food and Foraging</b>	<ul style="list-style-type: none"> <li>• Describe how birds find their various food.</li> <li>• Explain the evolutionary importance of certain foraging strategies, such as social foraging.</li> <li>• Understanding and explaining the differences between specialized and generalized feeding behaviors.</li> </ul>
<b>Unit 8/Chapter 9 Avian Reproduction, Mating, and Courtship</b>	<ul style="list-style-type: none"> <li>• Describe and explain importance of female mating preferences.</li> <li>• Explain how pair-bond, court, and divorce birds.</li> <li>• Describe and explain male mating preferences.</li> <li>• Explain the evolutionary role of mate choice, sexual selection, and mating systems.</li> <li>• Relate mating behaviors to cost/benefits of various mating systems/social behaviors.</li> </ul>
<b>Unit 9/Chapter 14 Avian Ecology and Bird Communities &amp; Bird Sleuth Investigation</b>	<ul style="list-style-type: none"> <li>• Understanding and describing patterns of diversity.</li> <li>• Explaining the various niches filled by birds in communities.</li> <li>• Describing the differences between interspecific competition and intraspecific competition.</li> <li>• Symbiotic relationships involving birds, and explanations of the role each species represents.</li> <li>• Classifying the assemblages of bird species.</li> <li>• Explaining the roles of various ecological services provided by birds.</li> <li>• Comparing and contrasting the difference between top-down or bottom-up effect on a community.</li> <li>• Describing various places trophic cascades can happen and the influence they have on communities.</li> <li>• Development and implementation of an investigation to an avian problem. Write a polished research article and submit for publication.</li> </ul>

<p><b>Unit 10/Chapter 15 Bird Conservation</b></p>	<ul style="list-style-type: none"> <li>• Understand the historical context and history of bird conservation.</li> <li>• Understanding the various causes of avian population decline and predicting future trends in population.</li> <li>• Explaining reasons for recent bird extinctions.</li> <li>• Describing impact of conservation biology on avian populations especially increases in population.</li> <li>• Implementing personal strategies for conservation locally.</li> <li>• Understanding the non-ecological value of wild bird populations.</li> <li>• Development of a conservation plan for a specific local population.</li> </ul>

**Grading:**

Your grade will be determined on a point system. Assignments are not all weighted the same. Formative assessments are used to guide the next lessons because the students are still in the learning stages. These assessments are worth 20% of your grade. Summative assessments are used to evaluate what has been taught and there is no intention of going back and re-teaching... thus you should know the material. These are worth 50% of your grade. The last 30% of your grade is comprised of your field journal/sketches/notes which are based on our observations taken outside, either in class or on your own.

Summative Assessments	50%
Formative Assessments	20%

# Walled Lake Consolidated School District District Board Policy Adoption(s)

November 2, 2023, Regular Board Meeting Review

December 7, 2023, Regular Board Meeting Proposed Adoption

## #1

1002 - Meetings of the Board of Education

~~**Electronic Meetings and Remote Participation.** Until December 31, 2020, the Board may hold any and all meetings wholly electronically and individual Board members may, for any reason, participate remotely in Board meetings held in a physical location. Beginning January 1, 2021, the Board may hold meetings wholly electronically in the event of a local or statewide emergency or disaster that would risk the health or safety of the public if the meeting was held in a physical location. Individual Board members may also participate in meetings remotely if their absence is due to such an emergency or disaster, military duty, or a medical condition. Beginning January 1, 2022, Board members may only participate in meetings remotely if their absence is due to military duty.~~

~~Board meetings may be held wholly electronically so long as members of the general public may also attend electronically and are able to hear and be heard by the Board. For meetings in which any or all Board members attend remotely, the following conditions must be met:~~

- ~~• At the beginning of the meeting, any Board member attending remotely must announce s/he is attending remotely and, unless absent due to military duty, disclose the city, township, village, etc. and state from which s/he is participating;~~
- ~~• The Board Secretary must include the name of each Board member attending remotely in the meeting minutes;~~
- ~~• The Board member attending remotely must hear and be heard by other Board members and those in attendance at the Board meeting;~~
- ~~• The Board member attending remotely must notify the Board President at least one (1) business day before the meeting that s/he will participate remotely to allow the Board President to make arrangements to notify the general public of the means by which it may contact the Board member prior to the meeting; and~~
- ~~• The Board President must take steps to ensure the general public is aware of the manner any Board member attending remotely voted on any and all matters brought before the Board for a vote, such as requiring roll call voting.~~

~~Consistent with MCL 15.263a(4) and (5), the Board will post notice of wholly electronic meetings at least 18 hours and an agenda at least two (2) hours in advance of the meeting here: <https://wlcsd.org/board-of-education/meeting-minutes/>~~

**Electronic Meetings and Remote Participation.** A Board member must be physically present at the meeting to participate in a meeting as a Board member, except as otherwise permitted by the OMA.

If a Board member participates in a Board meeting remotely because of an absence due to military duty, or as the only reasonable accommodation available for a disability, as defined by the Americans with Disabilities Act (ADA), that would otherwise prevent the Board member from attending the Board meeting, the following conditions must be met:

- In addition to any other notice required under the OMA, the Board must post advance notice consistent with MCL 15.263a(4) and post the agenda consistent with MCL 15.263a(5);
- The Board Secretary must include the name of each Board member attending remotely in the

meeting minutes, and

- aAn announcement must be made at the outset of the meeting that the Board member is attending remotely. Except for a Board member absent due to military duty, the announcement must also identify the Board member's specific location by state and city, township, county, or village;
- The Board must use 2-way communication so that Board members attending remotely can hear and be heard by other Board members and public participants;
- The Board member attending remotely must notify the Board President Superintendent at least approximately 8 (eight) ~~12 (twelve)~~ hours before the meeting that s/he will participate remotely to allow the Board President to make arrangements to notify the general public of the means by which it may contact the Board member prior to the meeting; and
- The Board President Superintendent must take steps to ensure the general public is aware of the manner any Board member attending remotely voted on any and all matters brought before the Board for a vote, such as requiring roll call voting.

## #2 0003 – The Superintendent of Schools

The Board will employ a Superintendent of Schools in conformity with the Revised School Code (RSC) and other applicable laws. The Superintendent will serve as the School District's chief administrator. As part of those responsibilities, the Superintendent is authorized by the Board to make employment decisions, including hiring and termination, with respect to all non-administrative and non-teaching staff.

The Board is represented in all labor negotiation proceedings by a negotiating team. The Superintendent shall select the bargaining team for the School District and will review the negotiating team priorities with the Board for input. Collective bargaining agreements negotiated by the team are subject to ratification by the Board.

The Superintendent and is responsible for the development and implementation of Administrative Regulations that give operational effect to the Board Policies. Regulations are to be consistent with these Bylaws and Policies and, except as otherwise agreed by the Board, will not be effective for a period of one month from the date they are provided to the Board. The Board will, at all times, have access to the Administrative Regulations, as well as any prior versions. The Board may, request to, but is not required to, formally approve Administrative Regulations. A reference to the Superintendent in these Bylaws and Policies (and in any Administrative Regulations that may be promulgated) means the Superintendent or his/her designee, unless otherwise expressly stated.

## #3 1001 – Organization and Functioning of the Board

Removal from Officer Positions~~Removal from Office~~ – The Board may remove a person from an

elected Board office by a majority vote of the serving members. Removal from an office does not constitute removal from the Board.

## #4 2001 – Admissions and Enrollment

**Children of Non-resident Employees.** A child of a non-resident employee of the School District may be permitted to enroll in the School District without the payment of tuition, provided the enrolling student is enrolling in the K-12 program. Once enrolled, such a student will be permitted to continue to attend the School District through graduation or receipt of a certificate of completion, as long as the employee remains employed with the School District. Such a student will also be permitted to continue to attend the School District if the student is enrolled under this policy and the employee no longer works for the School District due to layoff or elimination of the position. This policy does not, ~~however,~~ bar the long-term suspension or expulsion of a student for a violation of the Student Code of Conduct. For the purposes of this policy, an “employee” is defined as an individual with regularly scheduled hours while school is in session and does not include seasonal, coaching, or third party contracted employees (including substitute teachers). An employee is eligible for this benefit at the start of the next school term/semester.

## #5 2006 – Behavior

**Personal Electronic Devices** The School District reserves the right to prohibit the possession or use of personal electronic devices on School District property, transportation or at School District-related functions. For purposes of this policy, "personal electronic device" means a privately owned device that is used for audio, video, or text communications.

Students are permitted to use personal electronic devices only as follows:

- Before and after the regular school day.
- ~~During the student's scheduled lunch time.~~
- As directed by a teacher or other professional staff member for educational purposes.

Students may possess personal electronic devices on their person but the devices must be powered off and kept out of sight in backpacks/purses or lockers except during the times, above.

Students may not use personal electronic devices to broadcast or record audio, images, or video of any student, staff member, or other person in the school or while attending a school-related activity, unless the student has received permission from the person(s) to be broadcasted or recorded.

The Superintendent may develop regulations to further control student possession and use of personal electronic devices.

## #6 2007 – Health and Safety

**Wellness** The Board of Education recognizes that student wellness is integral to learning, growth, and development. The School District will promote proper nutrition and nutrition education, as well

as regular physical activity, as steps toward student wellness. ~~The School District is committed to creating a school environment that enhances lifelong wellness practices. As required by law, the Board has adopted a Wellness Policy, which is periodically reviewed.~~ The Superintendent will develop administrative regulations to implement this policy.

## #7 3001 – Curriculum Development

The Board directs the Superintendent, or designee, to develop, implement, and provide ongoing evaluation of the School District's core academic curriculum. The curriculum will:

- Be consistent with the Board's policy on Student Learning and Achievement;
- Meet or exceed all requirements of the State of Michigan for instructional programs; and,
- Be standards based and founded upon legally-compliant, research-based grade level learning and achievement standards that lead to the awarding of a School District diploma.

The School District's curriculum will also include legally-compliant, research-based learning and achievement standards for students who participate in career and technical education programs, as well as address the needs and provide legally compliant opportunities for students with disabilities and students who are considered gifted.

The Superintendent will appoint well-qualified administrators and teachers to assist the Superintendent in implementing and improving the School District's curriculum, as well as otherwise improving student learning and achievement. Any changes to the School District's core academic curriculum must be approved by the Board, to the extent required by Michigan Law [MCL 380.1278].

## #8 3002 – Parental and Family Engagement ("PFE") Involvement

The Board strongly encourages and supports the involvement of parents and families in their children's education. The Superintendent will develop and implement regulations, in consultation with parents, and families, which will include:

- The manner in which the School District will cooperate with parents and families of students to develop students' intellectual and vocational skills in a safe and positive environment;
- The manner in which the School District will permit parents and families to review the School District's curriculum, textbooks, and teaching materials;
- The manner in which the School District will permit parents and families to observe instructional activities, other than testing and assessments, in which their students are enrolled and present; and
- The manner in which the School District will permit the disclosure or use of student information for purposes of sales or marketing.

Parental and Family Engagement ("PFE") involvement is also considered a key component of federal Title I programs. In order to help build a partnership between home and school for purposes of Title I, the School District:

- Informs parents and families of the program, the reasons for their children's participation and the specific instructional objectives;
- Trains parents and families to work with their children to attain instructional objectives;
- Trains teachers and other staff involved in Title I programs to work effectively with the parents and families of participating students;
- Consults with parents and families on a regular basis;
- Provides opportunities for parents and families to be involved in the design, operation, and evaluation of the program; and
- Provides opportunities for the full participation of parents and families who lack literacy skills or whose native language is not English.

The Superintendent will develop and implement regulations that are compliant with Title I. The regulations are to support the above principles and actions and also assure that services provided with state and local funds in Title I schools are comparable to those provided in non-Title I schools in the School District.

## #9 3004 – Textbooks and Other Instructional Materials

~~The Board delegates to the Superintendent the authority to purchase and recommend to the Board, for its approval, instructional materials, including textbooks, that are compatible with the School District's curriculum. The Superintendent will utilize well-qualified administrators and teachers to assist in the selection of instructional materials, including textbooks, to be recommended to the Board.~~

**Textbooks** The use of textbooks (or their modern equivalent) is fundamental to the delivery of the core academic curriculum for students. The Superintendent may utilize well-qualified administrators and teachers to assist in the selection of textbooks to be recommended to the Board for approval, to the extent required by Michigan law [MCL 380.1421/22], and the revised School Code Act 451 of 1976, section 21, health and physical education. Annual textbook selection and criteria will be publicly presented to the Board, prior to implementation of the process.

**Other Instructional Materials** The delivery of the core academic curriculum is augmented by the use of instructional materials, the approval of which is not required by the Board. The Board delegates to the Superintendent the authority to approve and purchase, consistent with the requirements of Michigan law, other instructional materials. The Superintendent may utilize well-qualified administrators and teachers to assist in the selection of instructional materials. Those materials utilized should be compatible with the School District's core academic curriculum, as approved by the Board. The Board will at all times have access to the District's curriculum documents and resources. At the request of the Board, the Superintendent shall audit any and all materials used for staff preparation and student instruction.

## #10 4003 – Conditions of Employment

**Alcohol and Drug Free Workplace** The Board maintains a workplace free of alcohol and illegal drugs, as well as prescription drugs for which the employee does not have a current, valid

prescription. An employee or volunteer who is found to have unlawfully manufactured, distributed, dispensed, possessed, or used alcohol or any drug in the workplace shall be disciplined, up to and including discharge from employment. Similarly, an employee or volunteer who is found to have been present in the workplace while under the influence of illegal drugs, prescription drugs for which the employee does not have a current, valid prescription, or alcohol will be subject to discipline, up to and including discharge from employment. The Superintendent may require an employee to submit to a medical examination when there is a reasonable suspicion that the employee is under the influence of drugs or alcohol while performing job duties or on school grounds. ~~All employees must notify the School District, in writing, if charged with a violation of a criminal drug statute occurring in the workplace. Notification must be provided no more than three (3) business days after being arraigned for the crime. All employees agree to abide by this policy as a condition of employment. This notification requirement does not eliminate the obligation of School District employees or volunteers to report convictions of felonies and/or listed offenses, as otherwise required by law.~~

~~Notwithstanding state permissibility, the use and possession of marijuana and marijuana-induced intoxication are prohibited on school grounds.~~

~~The School District's Assistant Superintendent for Human Resources is directed to establish a drug-free awareness program to inform employees about: the dangers of drug abuse in the workplace; employee awareness of this policy; and available drug counseling, rehabilitation, and employee assistance programs~~

If the Superintendent requires an employee to submit to a medical examination, all costs will be borne by the School District. The employee will be required to sign a release authorizing the physician to submit a copy of the report of the examination directly to the Superintendent. A copy of the physician's report will be maintained in a separate, confidential personnel file.

## #12 5004 - Surplus Property

**Real Property and Structures Land, Buildings, Facilities, and Real Estate**—The Superintendent may identify School District ~~real property and structures land, buildings, facilities, and real estate~~ no longer required for School District purposes and recommend to the Board the procedures to be followed for the sale or disposition of such property. Board approval is required for both the process to be followed and the ultimate sale or disposition. **The Superintendent is authorized to execute any and all closing documents required to close on the sale or disposition of such property.**

## #13 4003 – Conditions of Employment

**Remote Work** **Unless a remote work request has been approved by the building or department administrator, the School District expects all employees to work on-site and in person. The Superintendent will promulgate administrative regulations consistent with this policy.**

## #14 5010 – Online Fundraising

No employee shall create, post, or sponsor any online fundraiser seeking to secure or generate funds from the public for school purposes, purchases for school, or utilizing the District's name, logo, or likeness, without prior written consent from the Superintendent. If permission to create, post, or sponsor an online fundraiser is provided by the Superintendent, any property secured or purchased through such fundraising activities shall become the property of the District and not the employee. This policy applies, but is not limited to, online fundraising services, ~~such as DonorsChoose.org, Kickstarter.com, GoFundMe.com, CrowdRise.com, and similar sites.~~
