**WALLED LAKE CONSOLIDATED SCHOOL DISTRICT
NOTES TO STATEMENT OF REVENUE & EXPENDITURES
JULY 1, 2024 to SEPTEMBER 30, 2024**

REVENUE

- Property taxes are largely collected in the summer. As a result, a significant amount of tax revenue has been collected.
- Year-to-date tuition and fees are from summer programming. Budgets will be updated with amendment.
- Interest earnings continue to be strong going into the new fiscal year; the budget will be monitored and amended during the year.
- State aid payments received during July and August are for the previous year's operations and were part of the prior fiscal year. State aid for the 2024/2025 year will begin in October. The year-to-date state revenue is related to state grants.
- Federal programs are reimbursed after expenditures have been incurred and there is often a delay in timing before the revenue is received.

EXPENDITURES

- Teachers have received 2 of 24 pays related to the 2024/2025 contract; therefore, we would expect instructional areas to be at approximately 8% of budget. All other employees have received 6 of 24 pays, or about 25%.
- Other basic programs consist primarily of summer programming, which are largely funded with grant funds.
- Special Education costs are pacing slightly ahead of budget due to purchasing supplies at the beginning of the year. We will monitor this trend and address in a future budget amendment, if necessary.
- Compensatory Education includes programs to help students who need additional supports, such as reading recovery, at-risk services, bilingual support, etc. This category of costs is slightly ahead of budget because grant budgets were approved by the granting agencies after the original budgets were approved. Budgets will be adjusted to match the grants with the first budget amendment.
- Transportation costs to-date consist primarily of insurance coverage and transportation for summer programs. The District has not yet been billed for September transportation services by Dean Transportation.
