The adaptive assessment provides valuable data to monitor student achievement and growth, identify skill gaps, inform instructional and curricular decisions, support the District's Multi-Tiered System of Supports (MTSS), and measure progress toward district improvement goals outlined in MICIP. i-Ready is also utilized in summer school programming and for at-home student practice. The annual renewal cost is \$307,838.00, which includes student licenses, instructional resources for teachers, and professional development support.

The digital content supports middle school and high school content for math, ELA, science, social studies, electives, AP, world languages and Virtual Tutors. The courseware is used broadly across our system not only for summer school but also for flex classes (credit recovery, initial credit, and grade improvement). This annual renewal of \$98,184.75 will be paid for from grant funding and from the general fund.
