NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE TOWN OF HORIZON CITY, TEXAS, THAT:

SECTION 1. RECITALS INCORPORATED.

The facts and recitations contained in the preamble of this Ordinance are hereby found and declared to be true and correct.

SECTION 2. FINDINGS.

That the City Council, after conducting the above described hearings and having heard the evidence and testimony presented at the hearings, has made the following findings and

determined based on the evidence and testimony presented to it:

- (a) That the public hearings on the expansion of the reinvestment zone has been properly called, held, and conducted and that notice of such hearing has been published as required by law; and
- (b) That the expansion of the reinvestment zone with boundaries as described and depicted in *Exhibits "A" and "B"* will result in benefits to the City, its residents and property owners, in general, and to the property, residents, and property owners in the reinvestment zone; and
- (c) That the expanded reinvestment zone, as defined in *Exhibits "A" and "B"*, meets the criteria for the creation of a reinvestment zone set forth in the Act in that:
 - 1. It is a geographic area located wholly within the City limits and extraterritorial jurisdiction of the City; and
 - 2. That the City Council further finds and declares that the proposed zone meets the criteria and requirements of Section 311.005 of the Texas Tax Code because the proposed zone is predominantly open and, because of obsolete platting, deterioration of structures or site improvements, or other factors, substantially impair or arrest the sound growth of the City or county.
- (d) That 30 percent or less of the property in the proposed reinvestment zone, excluding property dedicated to public use, is currently used for residential purposes; and
- (e) That the total appraised value of all taxable real property in the proposed reinvestment zone according to the most recent appraisal rolls of the City, together with the total appraised value of taxable real property in all other existing reinvestment zones within the City, according to the most recent appraisal rolls of the City, does not exceed 50 percent of the current total appraised value of taxable real property in the City and in the industrial districts created by the City, if any; and
- (f) That the improvements in the proposed reinvestment zone will significantly enhance the value of all taxable real property in the proposed reinvestment zone and will be of general benefit to the City or county; and
- (g) That the development or redevelopment of the property in the proposed reinvestment zone will not occur solely through private investment in the reasonable foreseeable future.

SECTION 3. DURATION OF THE ZONE.

That the expanded Zone shall take effect immediately upon the passage and approval of this Ordinance, consistent with Section 311.004(a)(3) of the Act, and termination of the Zone shall occur upon any of the following: (i) on December 31, 2050 (with the final year's tax increment to be collected by September 1, 2051), for those parcels added to the TIRZ upon the creation in 2020 ("Original Boundaries") and for those parcels added to the TIRZ with the boundary expansion included in this 2026 amendment ("TIRZ 1A"); (ii) at an earlier time designated by subsequent ordinance; (iii) at such time, subsequent to the issuance of tax increment bonds, if any, that all project costs, tax increment bonds, notes and other obligations of the Zone, and the interest thereon, have been paid in full, in accordance with Section 311.017 of the Act.

SECTION 4. TAX INCREMENT BASE AND TAX INCREMENT.

That the tax increment base for the Original Boundaries of the Zone, as defined by Section 311.012(c) of the Texas Tax Code, shall be the total appraised value of all real property in the Zone taxable by a taxing unit, determined as of January 1, 2020, which is the year in which the Zone was originally designated as a reinvestment zone, as defined by Section 311.0123. The tax increment base for TIRZ 1A, the 2026 expanded boundaries of the Zone, as defined by Section 311.012(c) of the Texas Tax Code, shall be the total appraised value of all real property in the Zone taxable by a taxing unit, determined as of January 1, 2026, which is the year in which the expanded area of the Zone was designated as a reinvestment zone, as defined by Section 311.0123.

For both the Original Boundaries and the expanded boundaries, TIRZ 1A, the Tax Increment Fund shall consist of (i) the percentage of the tax increment, as defined by Section 311.012(a) of the Texas Tax Code, that each taxing unit which levies real property taxes in the Zone, other than the City, has elected to dedicate to the Tax Increment Fund under an agreement with the City authorized by Section 311.013(f) of the Texas Tax Code, and (ii) one hundred percent (100%) of the City's tax increment, as defined by Section 311.012(a) of the Texas Tax Code, subject to any binding agreement executed at any time by the City that pledges a portion of such tax increment or an amount of other legally available funds whose calculation is based on receipt of any portion of such tax increment.

SECTION 5. BOARD OF DIRECTORS.

That a board of directors for the Zone ("Board") has been created. The Board shall consist of (8) members comprised of Town of Horizon City Council members from Places 1 through 7 and the Mayor. The Mayor shall serve as chair of the Board and the Board may elect a vice chairman and such other officers as the Board sees fit.

Additionally, each taxing unit that levies taxes within the Zone and chooses to contribute all or part of the tax increment produced by the unit into the tax increment fund may appoint at least one member of the Board. In addition, the City Council hereby authorizes the Board to exercise all of the powers of the City under Chapter 380, Texas Local Government Code, as amended.

SECTION 6. SEVERABILITY CLAUSE.

Should any section, subsection, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid by a court of competent jurisdiction, it is expressly provided that any and all remaining portions of this Ordinance shall remain in full force and effect. The City hereby declares that it would have passed this Ordinance, and each section, subsection, clause or phrase

thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses and phrases be declared unconstitutional or invalid.

DISCLAIMER

Our conclusions and recommendations are based on current market conditions and the expected performance of the national, and/or local economy and real estate market. Given that economic conditions can change and real estate markets are cyclical, it is critical to monitor the economy and real estate market continuously, and to revisit key project assumptions periodically to ensure that they are still justified.

The future is difficult to predict, particularly given that the economy and housing markets can be cyclical, as well as subject to changing consumer and market psychology. There will usually be differences between projected and actual results because events and circumstances frequently do not occur as expected, and the differences may be material.

The Town of Horizon City, incorporated in 1988, is a small but rapidly growing suburban city located in far West Texas, just east of El Paso in El Paso County. It is part of the larger El Paso metropolitan area and sits near the edge of the Chihuahuan Desert.

With an estimated population of 24,800 residents, the Horizon area is generally bounded by the El Paso City limits to the west, Interstate-10 to the south, the Hueco Mountains to the east, and Montana Avenue and military land to the north.

Via the Paso del Norte International Bridge, Horizon has easy access to Ciudad Juárez, a thriving city of over one million people. Horizon City boasts a robust infrastructure, recently investing significantly in its water, wastewater, and drainage systems. The city has also made substantial investments in its manufacturing district. The commercial districts are well-positioned to attract value-added manufacturing operations that can easily connect with the extensive clusters of manufacturers just minutes away in Mexico.

Neighbors can meet up at the country club, which offers an 18-hole golf course, tennis courts, swimming pool, elegant dining, and entertainment. Old-fashioned community values are alive and well here.

Tax Increment Reinvestment Zone #1, Horizon City

Tax Increment Financing (TIF) is a tool used to promote both new development and redevelopment within a specified geographic area. A city may designate a geographic area targeted for new development and redevelopment that would not occur but for the designation of the geographic area as a Tax Increment Reinvestment Zone (TIRZ).

On December 8, 2020, the City Council of the Town of Horizon City, Texas (the “Council”), pursuant to Chapter 311 of the Texas Tax Code, approved Ordinance No. 0264 designating a contiguous geographic area within the City as Tax Increment Reinvestment Zone Number One, Town of Horizon City, Texas (“TIRZ #1”). On September 12, 2023, the City Council of the Town of Horizon City, Texas, pursuant to Chapter 311 of the Texas Tax Code, approved Amendment No. 1 to Ordinance No. 0264 amending the Project and Financing Plan to add Project Horizon Manor. On June 9, 2026 the Council will consider an ordinance to further amend the TIRZ to expand the boundaries of TIRZ #1. The goal of TIRZ #1 is to fund the construction of needed public infrastructure and to encourage private development that will yield additional tax revenue to all local taxing jurisdictions.

This preliminary amended project and financing plan outlines the funding of \$468,590,970 in public improvements related to water, sanitary sewer, and storm water facilities, as well as street and intersection improvements, public facilities, utilities and street lighting, and economic development grants. The TIRZ can fund these improvements through ad valorem participation of eligible taxing jurisdictions, including Horizon City. Without the implementation of the TIRZ, the specified property would continue to impair the sound growth of the municipality.

Land Use

The land within the zone is primarily vacant land that is well positioned for future development, with some improved land that is well positioned for redevelopment. Less than 30 percent of the property in the zone, excluding property that is publicly owned, is used for residential purposes.

Zoning

Much of the land within the the original boundaries of the zone is designated for high-density, mixed-use development. These areas allow for higher density residential alongside commercial uses. It encourages walkable, multi-modal development which is conducive to increased transit usage. The land within the expanded boundaries is zoned to accomodate both residential and commercial uses.

The property may need to be rezoned to accomodate any future development. It is not anticipated there will be any changes to Horizon City zoning ordinance, master plan, building codes, subdivision rules and regulations or other municipal ordinances as a result of the TIRZ.

Method of Relocating Persons to be Displaced

It is not anticipated that any persons will be displaced or need to be relocated as result of the implementation of the TIRZ.

Current Ownership

There are currently various parcels within Tax Increment Reinvestment Zone #1. The 2020 Horizon City taxable base value of the property within the original boundaries of the TIRZ is \$10,350,810. The 2026 estimated Horizon City taxable base value of the property within the expanded boundaries is \$16,570,042. The 2026 base value will need to be verified by the El Paso County Appraisal District when the final 2026 taxable values are available. For further details of parcels included within the expanded boundaries of the TIRZ see **Appendix A**.

Proposed Development

Anticipated Development

The property within the zone is well positioned for future development. The table below provides an overview of the scope and timing of potential development that PAC projects could occur during the life of the TIRZ. The development projections for the original boundaries were based on market trends, input from City staff, as well as the 2019 TOD/Town Center Fiscal Impact Report. For the expnaded boundaries, known planned development was taken into account, with input from the Developer informing the property types, timing, and scale of the development assumptions. It is anticipated that the development that occurs within the TIRZ could be financed in part by incremental real property tax generated within the TIRZ.

The categories listed in the table above outline various public improvements, and are meant to include all projects eligible under Chapter 311, Section 311.002 of the Texas Tax Code, listed to the right. The project costs listed above are estimates and may be revised. Savings from one line item may be applied to a cost increase in another line item. The \$468,590,970 project cost total amount shall be considered a cap on expenditures that shall not be exceeded without an amendment to the project and financing plan.

Economic Development Grants may include grants, loans, and services for public and private development. Chapter 380 of the Local Government Code grants municipalities in Texas the authority to offer grants and loans of public funds to stimulate economic development. Section 311.010 (h) of the Texas Tax Code details the authority of Chapter 380 within a project and financing plan and limits the aggregate amount not to exceed the amount of tax increment produced by the municipality and paid into the tax increment fund for the zone for activities that benefit the zone and stimulate business and commercial activity in the zone.

The project costs are anticipated to be incurred over the term of the TIRZ, subject to demand for development driven by market conditions. It is anticipated that the individual TIRZ project costs will be evaluated on a case-by-case basis consistent with Chapter 311, Section 311.002, and brought forward to the TIRZ Board and City Council for consideration.

Chapter 311 of the Texas Tax Code

Sec. 311.002.

 - (B) financing costs, including all interest paid to holders of evidences of indebtedness or other obligations issued to pay for project costs and any premium paid over the principal amount of the obligations because of the redemption of the obligations before maturity;
 - (C) real property assembly costs;
 - (D) professional service costs, including those incurred for architectural, planning, engineering, and legal advice and services;
 - (E) imputed administrative costs, including reasonable charges for the time spent by employees of the municipality or county in connection with the implementation of a project plan;
 - (F) relocation costs;
 - (G) organizational costs, including the costs of conducting environmental impact studies or other studies, the cost of publicizing the creation of the zone, and the cost of implementing the project plan for the zone;
 - (H) interest before and during construction and for one year after completion of construction, whether or not capitalized;
 - (I) the cost of operating the reinvestment zone and project facilities;
 - (J) the amount of any contributions made by the municipality or county from general revenue for the implementation of the project plan;
 - (K) the costs of school buildings, other educational buildings, other educational facilities, or other buildings owned by or on behalf of a school district, community college district, or other political subdivision of this state; and

Public Utilities includes but is not limited to:

Water Facilities and Improvements: This category includes TIRZ eligible expenditures for design, engineering and construction of water facilities and improvements that support the development and redevelopment of the TIRZ.

Sanitary Sewer Facilities and Improvements: This category includes TIRZ eligible expenditures for design, engineering and construction of structures or systems designed for the collection, transmission, treatment, or disposal of sewage, and includes trunk mains, interceptors, treatment plants and disposal systems.

Storm Water Facilities and Improvements: Proper utility drainage is an important component of the project plan. Utility drainage encompasses the physical provisions to accommodate and regulate stormwater runoff to preclude excessive erosion and sedimentation and to control and regulate the rate of flow. Facilities/ systems can include natural features and conduits, channels, ditches, swales, pipes, detention devices or other devices designed or intended to carry, direct, detain or otherwise control stormwater.

Parking and Transit Improvements: Parking structures, whether newly constructed or existing, may be utilized to encourage denser development and support public access to commercial, residential, and retail developments at future mixed-use or transit-oriented developments. Parking includes, but is not limited to, parking garages; surface parking; parking lighting; parking signage and wayfinding, parking meters/ kiosks and electrical charging stations. The goal is to create compact, walkable, pedestrian-centered developments to enhance and act as a catalyst to spur additional development and redevelopment in the district.

Street and Intersection Improvements and Pedestrian Enhancements: The TIRZ will encourage the construction of multi-functional, pedestrian-oriented, aesthetically-pleasing, safe, and inviting street for residents and visitors. To promote pedestrian connectivity, the TIRZ may fund greenbelts, linear open spaces or natural corridors that provide safe, aesthetically pleasing, and often off-road pathways linking different neighborhood areas, parks, schools, and commercial centers. Creating a pleasing public realm supports and encourages a wide variety of new development and investment. Elements of complete streets include the building to building improvements which may encompass: sidewalks, shared travel lanes (e.g. bus and bicycle), parallel and angled parking, pedestrian crosswalks, pedestrian and emergency bulb (American with Disabilities Act (ADA) accessibility), awnings, street improvements, planters, pedestrian street furniture, bike racks and pedestrian lighting. This includes public art and other amenities that enhance the pedestrian experience.

Public Facilities Improvements: In accordance with Sec. 311.008(4B), TIRZ funds may be used to acquire, construct, reconstruct, or install public facilities improvements. Costs of design, improvements, and land acquisition are TIRZ eligible expenses and can be funded from this category.

Economic Development Grants: This may include grants, loans, and services for public and private development. Eligible TIRZ project costs are not limited to public uses and may also include projects that involve: historic preservation, demolition, environmental remediation and economic development grants. Chapter 380 of the Local Government Code grants municipalities in Texas the authority to offer grants and loans of public funds to stimulate economic development. Section 311.010 (h) of the Texas Tax Code details the authority of Chapter 380 within a project and financing plan and limits the aggregate amount not to exceed the amount of tax increment produced by the municipality and paid into the tax increment fund for the zone for activities that benefit the zone and simulate business and commercial activity in the zone.

Administrative Costs: Administrative costs, including reasonable charges for the time spent by employees of the City, to assist with implementation within the TIRZ will be eligible for reimbursement as project costs, upon approval by the Board of Directors and in connection with the implementation of the Project and Financing Plan. Other related administrative expenses including legal fees and consulting fees of the City, management expenses, meeting expenditures and equipment are included in this category.

Method of Financing

To fund the public improvements outlined on the previous page, Horizon City will contribute 100% of the real property increment within both the original boundaries and the expanded boundaries of the Zone. Within the original boundaries, El Paso County contributes 100% of the real property increment and the Horizon Regional Municipal Utility District contributes 60% of the real property increment.

Subject to a separate to be negotiated interlocal agreement, within the expanded boundaries, El Paso County may contribute 100% of the real property increment and the Horizon Regional Municipal Utility District may contribute 60% of the real property increment.

Debt Service

It is not anticipated at this time that the TIRZ will incur any bonded indebtedness.

Economic Feasibility Study

A taxable value analysis was developed as part of the project and financing plan to determine the economic feasibility of the project. The study examined the expected tax revenue the TIRZ would receive based on the previously outlined developments. A summary overview of the anticipated development square footages, the anticipated sales per square foot and the anticipated taxable value per square foot can be found on the following pages.

The following pages show the estimated captured appraised value of the zone during each year of its existence and the net benefits of the zone to each of the local taxing jurisdictions as well as the method of financing.

Utilizing the information outlined in this feasibility study, Pettit & Ayala Consulting has found that the TIRZ is economically feasible and will provide the City and other taxing jurisdictions with economic benefits that would not occur without its implementation.
