TOWN OF HORIZON CITY

MEMORANDUM

Date: October 13, 2026

To: Honorable Mayor and Members of City Council

From: Jesse A. Sanchez, P.E., CIP Project Manager

SUBJECT: City Council Agenda Item No. 7: On the approval of a Resolution authorizing the execution of an Advance Funding Agreement (AFA) with the Texas Department of Transportation for TA25 Howard Lowe Pedestrian Mall project, CSJ No. 0924-06-770. Funding to be provided by a FHWA Transportation Alternative Set Aside (TASA) Grant in the amount of $2,277,251.00 and utilizing State Transportation Development Credits In lieu of Local Government matching funds.

PURPOSE: TxDOT is the official state agency that receives, oversees, and administers federal funding for transportation projects. An Advance Funding Agreement (AFA) is a legally binding contract between TxDOT and the local government to jointly fund, plan, build and deliver transportation projects in conformance to strict federal requirements. An AFA defines responsibilities, work requirements, costs, and manages funding to pass through and track federally funded transportation projects.

JUSTIFICATION: All projects built using federal funds require the formal execution of an AFA between TxDOT and the Local Government. TxDOT will maintain legal and engineering oversight for the duration of work.

IMPACTS OF NON-APPROVAL:

TxDOT will not authorize federal funding without an executed AFA between TxDOT and the Local Government.

RECOMENDATION: It is recommended that the Council approves Item No.7 to authorize the execution of an Advance Funding Agreement (AFA) with the Texas Department of Transportation for TA25 Howard Lowe Pedestrian Mall, CSJ No. 0924-06-770 with funding to be provided by a FHWA Transportation Alternative Set Aside (TASA) Grant totaling $2,277,251.00 and utilizing State Transportation Development Credits in lieu of Local Government matching funds.

2. Modification to use a 68-ft street right-of-way with meandering trails at all local residential sub-collector streets at enhanced neighborhood entrances abutting common open space lots. The 68-ft street right-of-way will consist of two 5-ft parkways, 36-ft wide pavement structure with curb & gutter, a 12-ft raised landscape median and two 8-ft wide meandering trails. The 8-ft trails will meander within the street right-of-way parkway area and the adjacent 15-ft common open space landscape lot. This will provide a visually appealing and safe walking trail along this corridor. Landscape areas will be maintained by the HOA.

3. Modification to use 53.50-foot radius Cul-de-Sac streets with interior landscape/parking islands and outside travel lane roadway width of 24-feet. The proposed cul-de-sac and landscape/parking islands will enhance the neighborhood character, reduce the impervious surface, aid to eliminate typical cul-de-sac "stack" parking and maintain adequate room for emergency vehicle turning movement. Landscape areas will be maintained by the HOA.

cc: Verdancia Unit 3 – Town of Horizon City File

Attachment 8: Subdivisions Construction Agreement

SUBDIVISION CONSTRUCTION AGREEMENT

1. Parties. The parties to this Subdivision Construction Agreement (the "Agreement") are **Hunt Communities GP, LLC** (individually and collectively, the "Subdivider") and the Town of Horizon City, Texas, (the "Town").

2. Effective Date. This Agreement is effective on the date the Town approves the final plat for the subdivision described in Paragraph 3 of this Agreement by the Town Council approval of the plat in accordance with Town Regulations (the "Effective Date").

Recitals

3. Subdivider is the owner of the land included in the proposed final subdivision plat of the subdivision, as shown in the Town's File Number (the "Subdivision") and described as **Verdancia Unit 3**, more particularly described by the metes and bounds description attached and incorporated into this Agreement as Exhibit A (the "Property"); and

4. Subdivider seeks authorization from the Town to subdivide the Property in accordance with the requirements imposed by Texas statute and the Town Rules, Regulations, and other requirements; and

5. Town Regulations require the completion of various improvements in connection with the development of the Subdivision to protect the health, safety, and general welfare of the community and to limit the harmful effect of substandard subdivisions; and

6. The purpose of this Agreement is to protect the Town from the expense of completing subdivision improvements required to be installed by the Subdivider; and

7. This Agreement is authorized by and consistent with state law and the Town Rules, Regulations, and other requirements governing development of a subdivision.

IN CONSIDERATION of the foregoing recitals and the mutual covenants, promises, and obligations by the parties set forth in this Agreement, the parties agree as follows:

Subdivider's Obligations

8. Improvements. The Subdivider agrees to construct and install, at Subdivider's expense, all subdivision improvements required to comply with Town orders, regulations, and policies governing subdivision approval, specifically including without limitation those improvements listed on Exhibit B attached and incorporated by reference into this Agreement (collectively, the Improvements, any of which is an "Improvement"). All Improvements shall be constructed in conformity to the Town requirements, procedures, and specifications, pursuant to construction plans, permits, and specifications approved by the Town prior to

commencement of construction, and subject to inspection, certification, and acceptance by the Town.

9. Completion. Unless a different time period is specified for a particular Improvement in Exhibit B, construction of all Improvements shall be completed no later than (2) years after the Effective Date (the "Completion Date"); provided, however, that if the Subdivider or the Issuer delivers to the Town no later than the Completion Date a substitute Bond satisfying the criteria established in Paragraph 11 and which has an expiration date no earlier than one year from the Completion Date, then the Completion Date shall be extended to the expiration date of that substitute Bond or any subsequent substitute Bond provided in accordance with this Paragraph. Upon completion of each of the Improvements, the Subdivider agrees to provide to the Town a complete set of construction plans for the Improvements, certified "as built" by the engineer responsible for preparing the approved construction plans and specifications.

10. Warranty. The Subdivider warrants the Improvements constructed by Subdivider or Subdivider's agents, contractors, employees, tenants, or licensees will be free from defects for a period of one (1) year from the date the Town accepts the dedication of a completed Improvement or group of Improvements (the "Warranty Period"), as such Improvement or group of Improvements is separately identified and listed on Exhibit B, except the Subdivider does not warrant the Improvements for defects caused by events outside the control of the Subdivider or the Subdivider's agents, contractors, employees, tenants, or licensees. The Subdivider agrees to repair any damage to the Improvements before and during the Warranty Period due to private construction-related activities. As a condition of the Town acceptance of dedication of any of the Improvements, the Town may require the Subdivider to post a maintenance bond or other financial security acceptable to the Town to secure the warranty established by this Agreement. If the Improvements have been completed but not accepted, and neither the Subdivider nor Issuer is then in default under this Agreement or the Bond, at the written request of the Subdivider or the Issuer the Town shall complete, execute, and deliver to the Issuer a reduction letter documenting that the Stated Amount has been reduced to an amount equal to the face amount of the maintenance bond or other financial security acceptable to the Town.

11. Security. To secure the performance of Subdivider's obligations under this Agreement, Subdivider agrees to provide adequate financial guarantees of performance in the form of a surety bond acceptable to the Town, a cash deposit to be held by the Town in escrow, or an irrevocable Bond in the amount of **_Nine Hundred Fifty Thousand Four Hundred Sixty-Six & 33/100_** Dollars (**$_950,466.33**) (the "Stated Amounts"), which amounts are the estimated total cost of constructing each of the phased Improvements as shown on Exhibit B. If a Bond is provided pursuant to this Agreement, it shall be in a standard form acceptable to this Agreement, it shall be in a standard form acceptable to the Town, shall have an expiration date no earlier than one year from the date of its issuance, and shall be issued by a financial institution having a rating equivalent to the minimum acceptable rating established under the Town or County financial institution rating system in effect at the time the initial Bond is issued pursuant to this Agreement (the "Issuer"). During the term of this Agreement and subject to the terms of Paragraph 22 of this Agreement, the Town may revise the standard form Bond it reasonably considers acceptable and necessary to secure the performance of Subdivider's obligations under this Agreement. A Bond satisfying the criteria of this Paragraph (and any substitute or

confirming Bond) is referenced to in this Agreement as to the "Bond".

12. Reduction In Bond. After the acceptance of any Improvement, the amount which the Town is entitled to draw on the Bond shall be reduced by an amount equal to ninety percent (90%) of the Quoted cost of the accepted Improvement, as shown on Exhibit B. Upon completion of an Improvement, at the written request of subdivider or Issuer, and if neither the Subdivider nor Issuer is then in default under this Agreement or the Bond, the Town shall complete, execute, and deliver to the Issuer a reduction letter verifying the acceptance of the Improvement and documenting that the Stated Amount has been reduced by stating the balance of the Stated Amount remaining after the reduction required by the first sentence of this Paragraph. No later than sixty (60) days after its receipt of a written request to reduce the Stated Amount submitted by the Subdivider or the Issuer, the Town shall determine the Estimated Remaining Cost and shall complete, execute, and deliver to the Issuer a reduction letter documenting that the Stated Amount has been reduced to the Estimated Remaining Cost if the Town determines the Stated Amount exceeds the Estimated Remaining Cost. Notwithstanding the preceding sentence, the Town shall not be required to authorize reductions in the Stated Amount more frequently than every ninety (90) days. As used in this Paragraph, "Estimated Remaining Cost" means the amount the Town estimates to be the cost of completing all Improvements incomplete as of the time of such estimate.

Town Obligations

13. Inspection and Certificate. The Town agrees to inspect Improvements during and at the time completion of construction and, if completed in accordance with the standards and specifications for such Improvements, to certify the Improvements as being in compliance with County standards and specifications. The inspections and certifications will be conducted in accordance with standard Town policies and requirements. The Subdivider grants the Town, its agents, employees, officers, and contractors and easement and license to enter the Property to perform such inspections as it deems appropriate.

14. Notice of Defect. The Town will provide timely notice to the Subdivider whenever inspection reveals that an Improvement is not constructed or completed in accordance with the standards and specifications for health or safety, and the notice of defect includes a statement explaining why the defect creates such immediate and substantial harm, the cure period may be shortened to no less than five (5) days and the Town may declare a default under this Agreement if not satisfied that the defect is cured after the cure period. Any cure period should be reasonable in relation to the nature of the default.

15. Use of Proceeds. The Town will disburse funds drawn under the Bond for the purposes of completing the Improvements in conformance with the Town requirements and specifications for the Improvements, or to correct defects in or failures of the improvements. The Subdivider has no claim or rights under this Agreement to funds drawn under the Bond or any accrued interest earned on the funds. All funds obtained by the Town pursuant to one or more draws under the Bond shall be maintained by the Town in an interest bearing account or accounts until such funds, together with accrued interest there on (the "Escrowed Funds"), are disbursed by the Town. The Town may disperse all or portions

of the Escrowed Funds as Improvements are completed and accepted by the Town or in accordance with the terms of a written construction contract between the Town and a third party for the construction of Improvements. Escrowed Funds not used or held by the Town for the purpose of completing an Improvement or correcting defects in or failures of an Improvement, together with interest accrued thereon, shall be paid by the Town to the Issuer of the Bond no later than sixty (60) days following the Town's acceptance of the Improvement or its decision not to complete the Improvement using Escrowed Funds, whichever date is earlier.

16. Return of Excess Escrowed Funds. No later than sixty (60) days after its receipt of a written request from the Subdivider or the Issuer to return Excess Escrowed Funds to the Issuer, the Town shall disburse to the Issuer from the Escrowed Funds all Excess Escrowed Funds. For purposes of this Paragraph, "Excess Escrowed Funds" means the amount of Escrowed Funds exceeding one hundred ten percent (110%) of the estimated cost of constructing Improvements the Town intends to construct but which have not been accepted, as such cost is shown on Exhibit B. Notwithstanding the first sentence in this Paragraph, the Town shall not be required to disburse Excess Escrowed Funds more frequently than every ninety (90) days.

17. Conditions of Draw Security. The Town may draw upon any financial guarantee posted in accordance with Paragraph 11 upon the occurrence of one or more of the following events:

a. Subdivider's failure to construct the Improvements in accordance with Paragraph 8 of this Agreement;

b. Subdivider's failure to renew or replace the Bond at least forty five (45) days prior to the expiration date of the Bond;

c. Subdivider's failure to replace or confirm the Bond if the Issuer fails to maintain the minimum rating acceptable to the Town in accordance with Paragraph 11 of this Agreement; or

d. Issuer's acquisition of the Property or a portion of the Property, through foreclosure or an assignment or conveyance in lieu of foreclosure.

The Town shall provide written notice of the occurrence of one or more of the above events to the Subdivider, with a copy provided to the Issuer. Where a Bond has been provided as the financial guarantee, with respect to an event described by subparagraph (**a**), the Town shall provide notice to the Subdivider and the Issuer of the specific default and the notice shall include a statement that the Town intends to perform some or all of Subdivider's obligations under Paragraph 8 for specified Improvements if the failure is not cured. The notice with respect to a default under subparagraph (**a**) shall be given no less than twenty (20) days before presentation of a draft on the Bond, unless, in the reasonable opinion of the Town, the failure creates an immediate and substantial harm to the public health or safety, in which case the notice shall state why the failure creates an immediate and substantial harm to the public health or safety, and shall be given no less than five (5) days before presentation of a draft on the Bond. In the event of a draw based on subparagraph (**a**), the Town shall be entitled to draw in the amount it considers necessary to perform Subdivider's obligation under Paragraph 8, up to the amount allocated according to Exhibit B for any Improvement it states its intent to construct or complete in accordance with the standards and specifications for

such improvement. The Subdivider hereby grants to the Town, its successors, assigns, agents, contractors, and employees, a nonexclusive right and easement to enter the Property for the purposes of constructing, maintaining, and repairing such Improvements. Where a Bond has been provided as the financial guarantee, with respect to an event described by a subparagraph (**b**), (**c**), or (**d**), the notice shall be given no less than twenty (20) days before presentation of a draft on the Bond. In lieu of honoring a draft based on an event described in subparagraph (**b**) or (**c**), the Issuer of the Subdivider may deliver to the Town a substitute Bond if the event is described by subparagraph (**b**) or a described by subparagraph (**c**). If the Issuer has acquired all or a portion of the Property through foreclosure or an assignment or conveyance in lieu of foreclosure, in lieu of honoring a draft based on an event described in subparagraph (**d**), the Issuer may deliver to the Town a substitute or confirming Bond.

18. Procedures for Drawing on the Bond. The Town may draw upon the Bond in accordance with paragraph 18 by submitting a draft to the Issuer in compliance with the terms of the Bond governing such draft. The Bond must be surrendered upon presentation of any draft which exhausts the Stated Amount of such Bond. The Town may not draft under a Bond unless it has substantially complied with all its obligations to the Issuer under this Agreement and his property completed and executed the draft in strict accordance with the terms of the Bond.

19. Measure of Damages. The measure of damages for breach of this Agreement by the Subdivider is the reasonable cost of completing the Improvements in conformance with the Town requirements, procedures, and specifications. For improvements upon which construction has not begun, the estimated cost of the improvements shown on Exhibit B will be prima facie evidence of the minimum cost of completion; however, neither that amount nor the amount of the Bond establishes the maximum amount of the Subdivider's liability.

20. Remedies. The remedies available to the Town, the Subdivider, and Issuer under this Agreement and the laws of Texas are cumulative in nature.

21. Provisions for the Benefit of issuer. The provisions of Paragraphs of Paragraphs **9, 10, 11, 12, 15, 16, 17,18, 20, 21, 22, 24, 25, 26, 27, 28, 29, 30, 31,** and **35** of this Agreement for the benefit of the issuer may not be modified, released, diminished, or impaired by the parties without the prior written consent of the Issuer.

22. Third Party Rights. No person or entity who or which is not a party to this Agreement shall have any right of action under this Agreement, nor shall any such person or entity other than the Town (including without limitation a trustee in bankruptcy) have any interest in or claim to funds drawn on the Bond and held in escrow by the Town in accordance with this Agreement. Notwithstanding the preceding sentence, the Issuer shall have a right of action to enforce any provision of this Agreement where the Issuer is specifically named as a beneficiary of such provision pursuant to Paragraph 22.

23. Indemnification. The Subdivider hereby expressly agrees to indemnify and hold the Town harmless from and against all claims, demands, costs, and liability of every kind and nature, including reasonable attorney's fees for the defense of such claims and

demands, arising from any breach on the part of the Subdivider of any provision in this Agreement, or from any act or negligence of Subdivider or Subdivider's agents, contractors, employees, tenants, or licensees in the construction of the Improvements. The Subdivider further agrees to aid and defend the Town if the Town is named as a defendant in an action arising from any breach on the part of Subdivider of any provision in this Agreement, or from any act of negligence of Subdivider or Subdivider's agents, contractors, employees, tenants, or licensees in the construction of the Improvements, except where such suit is brought by the Subdivider. The Subdivider is not an employee or agent of the Town. Notwithstanding anything to the contrary contained in this Agreement, the Subdivider does not agree to indemnify and hold the Town harmless from any claims, demands, costs, or liabilities arising from any act or negligence of the Town, its agents, contractors, employees, tenants, or licensees.

24. **No Waiver**. No waiver of any provision of this Agreement will be deemed or constitute a waiver of any other provision, nor will it be deemed or constitute continuing waiver unless expressly provided for by a written amendment to this Agreement, nor will the waiver of any default under this Agreement be deemed a waiver of any subsequent defaults of the same type. The failure at any time to enforce this Agreement or covenant by the Town, the Subdivider, or the Issuer, their heirs, successors or assigns, whether any violations thereof are known or not, shall not constitute a waiver of estoppels of the right to do so.

25. **Attorney's Fees**. Should either party or the Issuer, to the extend Issuer is named as specific beneficiary, be required to resort to litigation to enforce the terms of this Agreement, the prevailing party, plaintiff or defendant, shall be entitled to recover its costs, including reasonable attorney's fees, court costs, and expert witness fees, from the other party. If the court awards relief to both parties, each will bear its own costs in their entirety.

26. **Assignability**. The benefits and burdens of this Agreement are personal obligations of the Subdivider and also re binding on the heirs, successors, and assigns of the Subdivider. The Subdivider's obligations under this Agreement may not be assigned without the express written approval of the Town. The Town's written approval may not be withheld if the Subdivider's assignee explicitly assumes all obligations of the Subdivider under this Agreement and has posted the required security. The Town agrees to release or reduce, as appropriate, the Bond provided by the Subdivider if it accepts substitute security for all or any portion of the Improvements. The Town in its sole discretion, may assign some or all of its rights under this Agreement, and any such assignment shall be effective upon notice to the Subdivider and the Issuer.

27. **Expiration**. This Agreement shall terminate upon the expiration of the approval of the proposed final plat of the Subdivision or if the Subdivision is vacated by the Subdivider.

28. **Notice**. Any notice required or permitted by this Agreement is effective when personally delivered in writing or three (3) days after notice is deposited with the U.S. Postal Service, postage prepaid, certified with return receipt requested, and addressed as follows:

if to Subdivider: Hunt Communities GP, LLC
601 N. Mesa, Suite 1900
El Paso, TX 79901
Attn: Michael S. Viramontes, VP

if to Town: The Town of Horizon City
14999 Darrington Road
Horizon City, TX 79928
Attn: Andres Renteria, Mayor

if to Issuer: at Issuer's address shown on the Bond

The parties may, from time to time, change their respective addresses listed above to any other location in the United States for the purpose of notice under this Agreement. A party's change of address shall be effective when notice of the change is provided to the other party in accordance with the provisions of this Paragraph.

29. Severability. If any part, term, or provision of this Agreement is held by the courts to be illegal, invalid, or otherwise unenforceable, such illegality, invalidity, or enforceability shall not affect the validity of any other part, term, or provision, and the rights of the parties will be construed as if the part, term, or provision was never part of this Agreement.

30. Personal Jurisdiction and Venue. Personal jurisdiction and venue for any civil action commenced by either party to this Agreement or the Issuer, whether arising out of or relating to the Agreement or the Bond, will be deemed to be proper only if such action is commenced in District Court for **El Paso** County, Texas, or the United States District Court for the District of Texas, Western Division. The Subdivider expressly waives any right to bring such an action in or to remove such an action to any other court, whether state or federal. The Issuer, by providing a Bond pursuant to the terms of this Agreement, expressly waives any right to bring such an action in or to remove such an action to any other court, whether state or federal.

31. Release Upon Completion. Upon acceptance of all Improvements, the Town agrees: (**a**) to complete, execute and deliver to the Subdivider and the Issuer a release in recordable form releasing the Subdivider and Subdivider's heirs, successors and assigns, and the property from all provisions of this Agreement except those contained in Paragraph 10, and (**b**) to return to the Issuer the Bond and any Escrowed Funds not expended or obligated by the Town for the completion of the Improvements.

32. Captions Immaterial. The numbering, order, and captions or headings of the paragraph of this Agreement are for convenience only and shall not be considered in constraining this Agreement.

33. Entire Agreement. This Agreement contains the entire agreement between the parties and correctly sets forth the rights, duties, and obligations of each to the other as of the Effective Date. Any oral representatives or modifications concerning this Agreement shall be of no force or effect excepting a subsequent written modification executed by both parties.

34. Authorization to Complete Blanks. By signing and delivering this Agreement to the appropriate official of the Town, the Subdivider authorizes completion of this Agreement by filling in this Effective Date below.

35. Binding Agreement. The execution and delivery of this Agreement and the performance of the transactions contemplated thereby have been duly authorized by all necessary corporate and governmental action of the Town. This Agreement has been duly executed and delivered by each party, and constitutes a legal, valid, and binding obligation of each party enforceable in accordance with the terms as of the effective date. These representations and agreements are for the benefit of the Issuer, and have been relied on by the Issuer in issuing the Bond.

The proposed Verdancia Unit 4 Preliminary Plat Subdivision Phase II includes 196 single-family lots for residential development. The smallest lot measuring approximately 5,531 sq. ft. and the largest lot measuring approximately 11,879 sq. ft. in size. Pond 2 in Phase I will be shared with Phase II which is 81,333-sqft / 1.867-acres. The applicant proposes 54' Residential Sub-Collectors Streets, 68' ft. Residential Collectors at enhanced entrances to serve all the lots in the subdivision.

The applicant is requesting the following modifications:

Verdancia Unit 4 Phase I

1. Modification from a 52-ft residential sub-collector street right-of-way to a 54-ft street right-of-way at all local residential sub-collector streets. The 54-ft street right-of-way will consist of two 5-ft parkways, two 5-ft wide concrete sidewalks and a 34-ft wide pavement structure with curb & gutter.

2. Modification to use a 68-ft residential collector at enhanced neighborhood entrances. The 68-foot street right-of-way will consist of two 5-ft parkways, two 5-ft wide concrete sidewalks, two 18-ft wide pavement structures and a 12-ft raised landscape median with curbs & gutter. Landscape areas will be maintained by the HOA.

3. Modification to use a 68-ft residential collector with meandering trails at enhanced neighborhood entrances abutting common open space lots. The 68-ft street right-of-way will consist of two 5-ft parkways, 36-ft wide pavement structure with curb & gutter, a 12-ft raised landscape median and two 8-ft wide meandering trails. The 8-ft trails will meander within the street right-of-way parkway area and the adjacent 15-ft common open space landscape lot. This will provide a visually appealing and safe walking trail along this corridor. Landscape areas will be maintained by the HOA.

4. Modification to use 50-foot radius Cul-de-Sac streets with interior landscape islands and outside travel lane roadway width of 29-feet. The proposed cul-de-sac and landscape islands will enhance the neighborhood character, reduce the impervious surface, aid to eliminate typical cul-de-sac "stack" parking and maintain adequate room for emergency vehicle turning movement. Landscape areas will be maintained by the HOA.

5. Variance from a 50-foot radius Cul-de-Sac street to a 53 ½ -foot radius cul-de-sac with interior parking/landscape islands and outside travel lane roadway width of 29-feet. The proposed cul-de-sac and parking/landscape islands will enhance the neighborhood character, reduce the impervious surface, aid to eliminate typical cul-de-sac "stack" parking while maintaining adequate room for emergency vehicle turning movement. Landscape areas will be maintained by the HOA.

Verdancia Unit 4 Phase II

1. Modification from a 52-ft residential sub-collector street right-of-way to a 54-ft street right-of-way at all local residential sub-collector streets. The 54-ft street right-of-way will consist of two 5-ft parkways, two 5-ft wide concrete sidewalks and a 34-ft wide pavement structure with curb & gutter.

2. Modification to use 50-foot radius Cul-de-Sac streets with interior landscape islands and outside travel lane roadway width of 29-feet. The proposed cul-de-sac and landscape islands will enhance the neighborhood character, reduce the impervious surface, aid to eliminate typical cul-de-sac "stack" parking and maintain adequate room for emergency vehicle turning movement. Landscape areas will be maintained by the HOA.

Cumulative Parkland Dedication:
Verdancia Unit 4 requires 0.4 -acres of parkland dedication and $2,512.00 in park fees. The applicant is proposing to satisfy the requirement through the dedication of 2.74-acres of parkland. The proposed dedication consists of 2 parks, a 1.52-acre and a 1.21-acres, leaving 8.203-acre credit.

Staff Recommendation:
Staff recommends approval subject to addressing all pending comments prior to City Council Meeting.

Planning Comments:

Town Engineer Comments:

El Paso County 9-1-1 District:
I saw a preliminary of this plat where Emerald Sage went almost completely around, like a circle. I see in these plats that now that Emerald Sage is split into Emerald Sage and Primrose Parkway. I originally suggested some addressing for Emerald Sage and it still works but, could I get some kind of listing of the addressing when this is completed, just to very?

TxDOT Comments:

El Paso Electric Company:
We have no comments for Verdancia Unit 4 Phase I and II.

Texas Gas Service:

El Paso Natural Gas / Kinder Morgan:

Clint ISD:
Clint ISD takes no exceptions to the information presented

El Paso Central Appraisal District (EPCAD):

Additional Requirements:
Failure of the subdivider to submit a recording plat within twelve (12) months of approval of the final plat by the City Council will nullify the approval of the final plat and obligate the subdivider to reapply for preliminary plat approval should the subdivider wish to pursue the subdivision. (§4.11.2 Subdivision Municode Chapter 10)

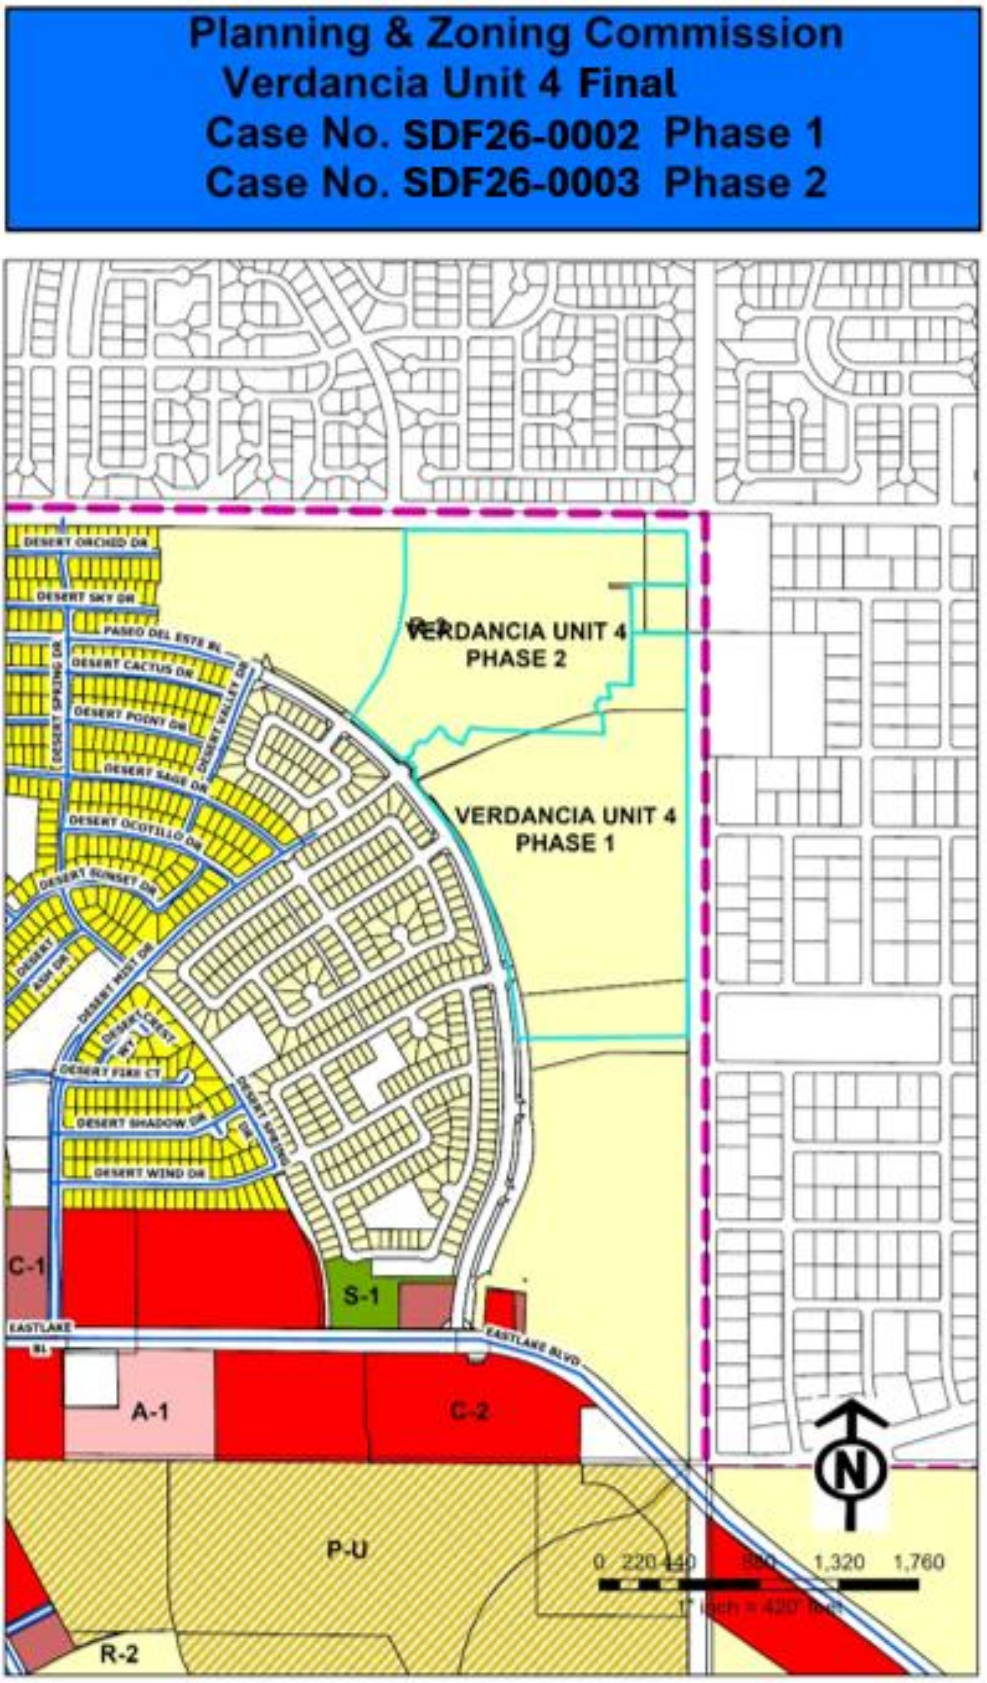

- Any required parks fees shall be paid prior to the recordation of the plat if applicable.

FY2027 FINANCIAL AND SERVICE PLAN

Staff Memo for the August 2026 EPATS Board Meeting (held on Sept. 2, 2026)

1 INTRODUCTION

For several years, El Paso Transportation Authority (ETA) has sought to expand and enhance transportation services for all in El Paso County beyond the City of El Paso transit provider's (Sun Metro) service area. This has included operating fixed-route services (ETA paseo), Americans with Disabilities Act (ADA) complementary paratransit service (ETA access), on-demand microtransit service (ETA ándale), and a vanpool program (Vámonos).

ETA has been working to right-size the transit system in FY27 to prepare for future growth with new funding sources and, as a result, ETA has identified transit service changes that are intended to go into effect on Sunday, October 4, 2026. ETA retained the Texas A&M Transportation Institute (TTI) to assist in identifying a FY27 financial plan and recommended FY27 service changes, both of which are described in this memorandum. Public input on potential service changes has been used to inform the recommended service changes.

At monthly Board meetings from March through July 2026, the EPATS Board has been provided with regular updates from staff and TTI on the FY27 financial plan and the need to review service levels to operate within the funding streams available to ETA. In the time between the July 2026 Board meeting and today's meeting, several activities have been completed, including:

- Updates to the FY27 financial plan.
- Public outreach on the potential service changes presented at the July 2026 Board meeting.
- Analysis of public feedback on the potential service changes.

2 FY27 FINANCIAL PLAN

Updates to the FY27 financial plan include:

- Changes to contribution amounts
    - Removing the assumption that Sun Metro / City of El Paso would contribute $100,000 (discussed at the July 2026 Board meeting).
    - Setting target contributions at 5% over baseline (discussed at the July 2026 Board meeting).
    - Net decrease in total contributions available, decreasing from $2,568,223 to $2,470,573.
- Updating the funding for the user-side subsidy program to be $50,000 from an Uber Innovation grant and $5,555 from County contributions (it was previously $50,000 solely from County contributions).

- Updating CNG costs to reflect the final negotiated rates with Sun Metro, dropping the estimated CNG cost per ETA paseo revenue hour from $4.60 to $3.31.
- Updated vanpool program financial plan to assume 100% of ETA-paid vanpool costs will be paid from FTA grants, leveraging provisions in FTA Circular 5010.1F, Chapter VI, Section 4(g)(1) that allows amounts expended by Enterprise to acquire vans as a credit toward match. This reduced the match needed for the vanpool program from $230,040 to $0 and increased the amount of federal capital assistance. (Note, making this change official will require FTA and TxDOT approval and cooperation from Enterprise.)
- Updating some of ETA's fixed costs (marginal changes).

Table 1 displays a summary of the FY27 financial plan (based on the recommended FY27 service changes, discussed in Section 3). Because the revenues used for service come from a mix of sources, each with unique limitations and caps, the financial plan must consider which source and grant activity will be used and attempt to adhere to each source's cap. Table 2 displays each of the grant and grant activity caps and the *delta*—that is, the amount under (or over) the cap. Any overages (i.e., negative deltas) must be covered by local funds. In total, $242,447 in contributions must be used to cover grant and grant activity overages.

Members' updated (final draft) contribution amounts are shown in Table 3. Note that each member's contribution is set by the adopted target (i.e., the 5% over base); however, *calculated contributions used as match* are also shown to indicate what each members' share of local match (i.e., their traditionally calculated contribution) would be if the targets weren't in place. Compared to the $2,221,660 in contributions used as match, $2,470,573 is available, leaving $248,913 available to cover the grant and grant activity overages.

The net result is a FY27 financial plan that is **balanced**, currently with **$6,466 in the black**.

3 FY27 SERVICE CHANGES

3.1 PUBLIC OUTREACH

Public input informed the development of recommended FY27 service changes. Public input was obtained via the following methods:

- Public open houses
  - Vinton City Hall (the evening of August 4)
  - Mountain View High School (the evening of August 5)
  - Socorro City Council Chambers (the evening of August 6)
- Pop-up events and ridealongs
  - Westside Transfer Center (the morning of August 4)
  - Upper East Side Transfer Center (the morning of August 5)
  - Mission Valley Transfer Center (the morning of August 6)
- Service planning study web page
- Online comment form (available through the study web page and also completed in person during pop-up events and ridealongs)
- Flyers, handouts, and posters
- Study team phone numbers and study e-mail address

All public outreach materials were produced in English and Spanish.

Figure 1 through Figure 4 describe the riders who completed the comment form as of August 20, 2026. The figures indicate that the typical comment form respondent is 46-65 years old, has a household income of less than $15,000 per year, does not have a working vehicle in their household, and is Hispanic or Latino. Note: The comment form responses do not necessarily represent the entire ETA rider population, as only 39 riders completed the form.

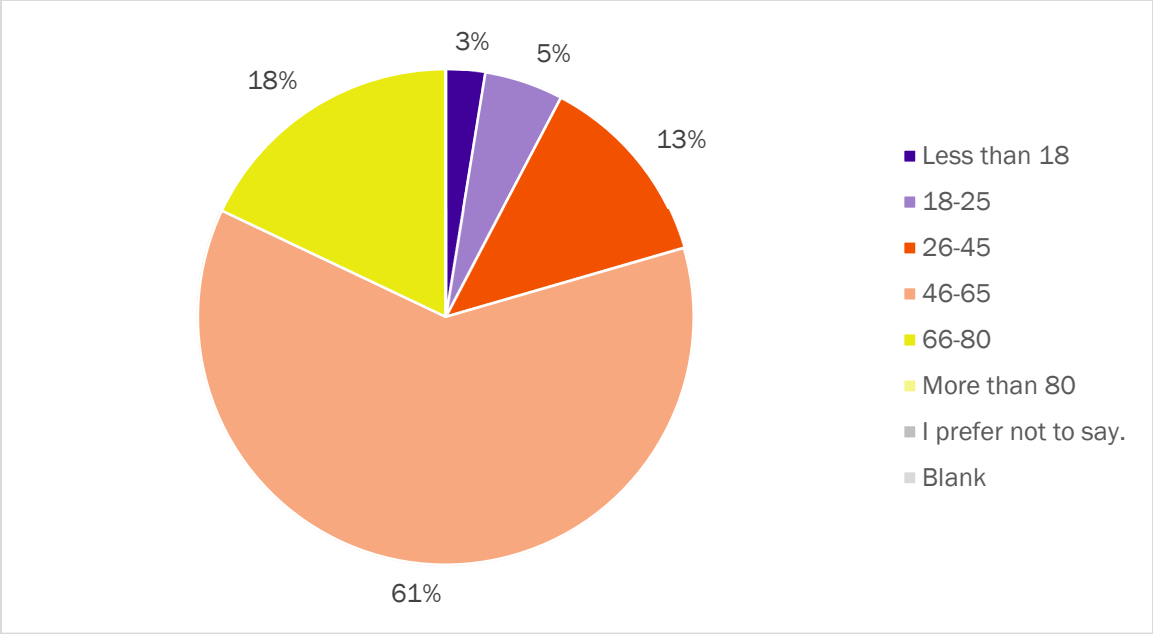

FIGURE 1. AGE OF RESPONDENTS

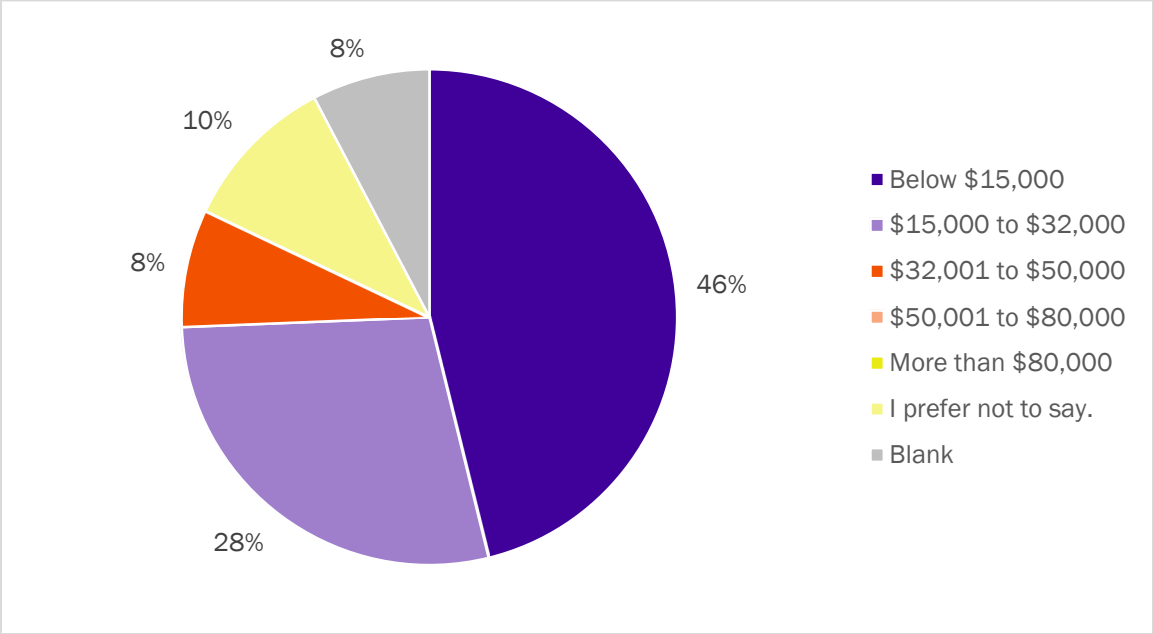

FIGURE 2. ANNUAL HOUSEHOLD INCOME OF RESPONDENTS

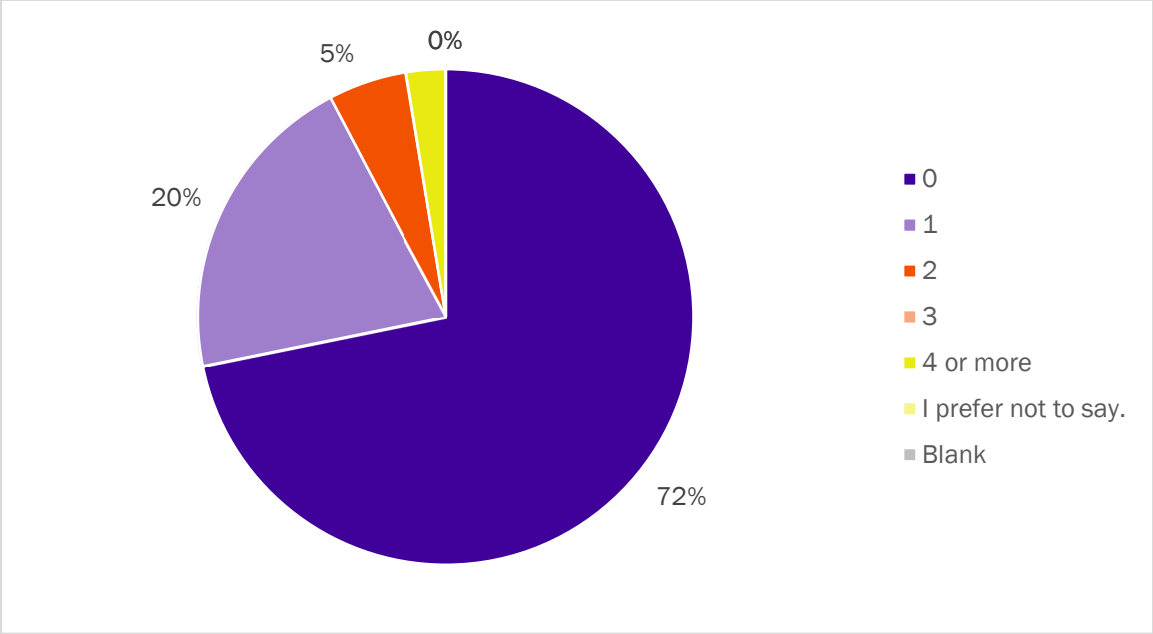

FIGURE 3. NUMBER OF WORKING VEHICLES IN RESPONDENTS' HOUSEHOLD

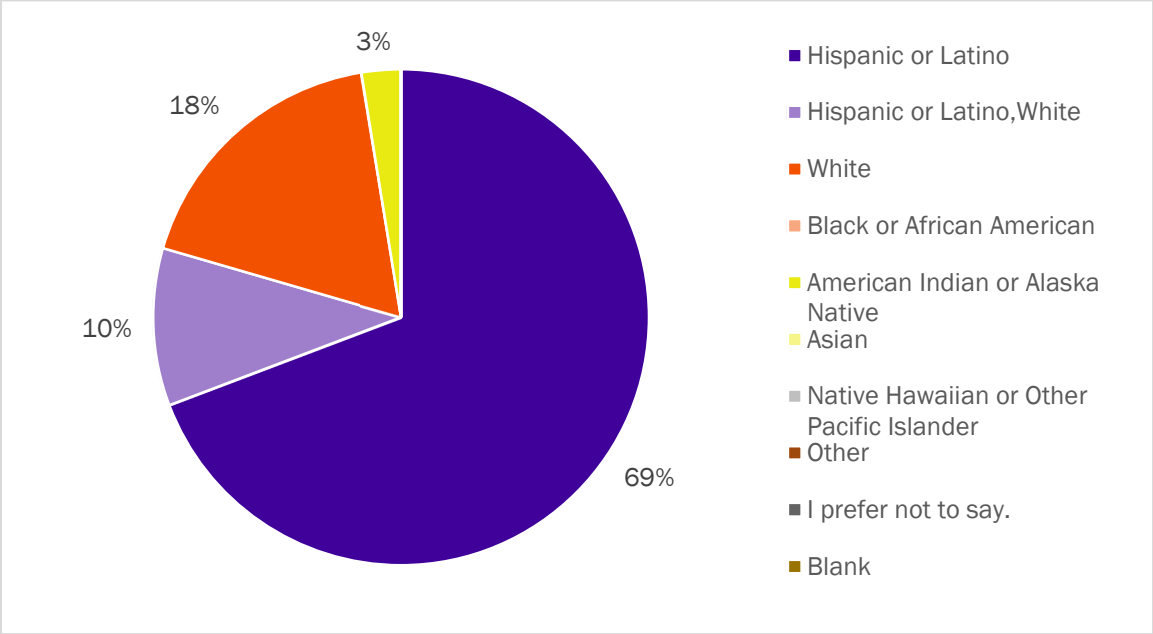

FIGURE 4. RACE/ETHNICITY OF RESPONDENTS

Figure 5 shows how frequently the comment form respondents use ETA routes and services. The figure shows, for example, that 33% of respondents indicated that they ride Route 50 "a lot."

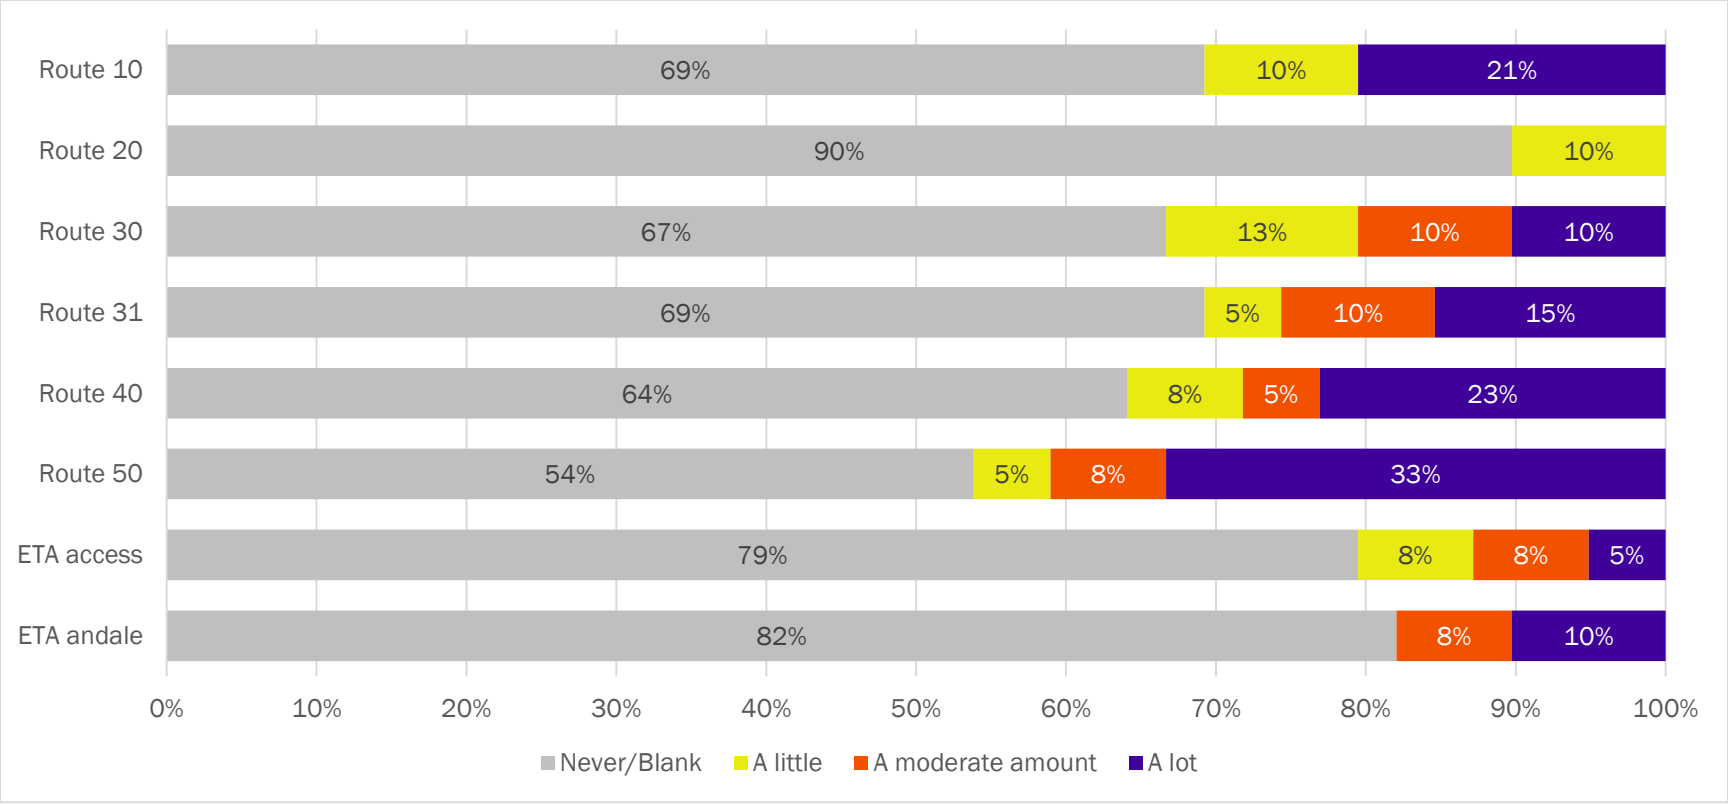

FIGURE 5. FREQUENCY OF RESPONDENTS' USE OF ETA ROUTES AND SERVICES

The themes emerging from all of the public outreach methods are the following:

1. Riders have a very positive view of fare-free service.
2. Riders have a very positive view of bus drivers.
3. Riders want ETA to keep early morning service.
   a. Regular riders tend to be commuters.
   b. Getting to work is a high priority.
   c. Some riders take three to four routes to get to work (including ETA and Sun Metro routes).
   d. Riders' job start times are not flexible.
   e. Midday riders have more flexible schedules.
4. Riders want ETA to keep Route 50.
   a. They do not perceive ETA ándale as an adequate replacement.
   b. They noted that Route 84 was discontinued in the same part of the service area.
5. ETA ándale refinements may be needed if it is to replace Route 50. Refinements could speak to the following:
   a. Booking process and requirements (e.g., data and technology)
   b. Riders not being aware of the service or how to use it
   c. Improving reliability
   d. Increasing capacity
   e. Limiting on-board time
   f. Helping riders identify the correct vehicle
   g. Accommodating bicycles
   h. Visitor use of the service
   i. Accommodation of advance bookings and subscription service
6. Riders identified desired features for Route 31 service.
   a. Keep Sunday service.
   b. Connect to Mission Valley Transfer Center.
7. Riders indicated that ETA service on Saturdays is used to get to jobs.
8. Riders indicated that 90-minute headways are okay but they prefer shorter headways because of:
   a. Convenience
   b. Weather exposure
   c. A very long wait if a rider misses the bus
9. Riders indicated that on-time performance of all routes could be improved.
   a. On-time performance is impacted by construction.
   b. On-time performance affects connections with other routes/services.
   c. Routing adjustments might be needed.
10. Riders want ETA to keep online, app, and posted schedules up to date.
    a. They noted that this is very important, especially for commuters.
    b. They would like advance notice of service changes.

3.2 Recommended FY27 Service Changes

The recommended service changes for FY27 are described in the subsequent tables and figures. The changes match service levels to the available budget, focus cost reductions where and when ridership is low, address public input to the extent possible, balance changes across the service area, and minimize service duplication.

Table 4. Service Changes – Route 10

Existing	Changes
• Weekday service hours are 5:42 a.m. to 7:21 p.m. • Weekday headways are 37 to 91 minutes.	• Maintain weekday service hours but reduce the number of midday trips. • Change weekday headways to 90 minutes.
• Saturday service hours are 5:42 a.m. to 7:21 p.m. • Saturday headways are 37 to 91 minutes.	• Reduce Saturday service hours to 9:00 a.m. to 4:30 p.m. • Change Saturday headways to 90 minutes.
• There is no Sunday service.	• Add Sunday service from 10:00 a.m. to 4:00 p.m. • Operate 90-minute headways on Sundays.

Table 5. Service Changes – Route 20

Existing	Changes
• Weekday service hours are 5:30 a.m. to 8:20 p.m. • Weekday headways are 40 to 95 minutes.	• Reduce weekday service hours to 5:30 a.m. to 7:30 p.m. • Change weekday headways to 90 minutes. • Reduce the number of midday trips.
• Saturday service hours are 7:00 a.m. to 4:10 p.m. • Saturday headways are 95 minutes.	• Reduce Saturday service hours to 9:00 a.m. to 4:30 p.m. • Reduce Saturday headways to 90 minutes.
• Sunday service hours are 7:00 a.m. to 4:10 p.m. • Sunday headways are 95 minutes.	• Reduce Sunday service hours to 10:00 a.m. to 4:00 p.m. • Reduce Sunday headways to 90 minutes.

TABLE 6. SERVICE CHANGES – ROUTE 30

Existing	Changes
• Route 30 connects Mission Valley Transfer Center to Horizon City and Las Colonias Road.	• Replace Route 30 with Route 31 (modified) and Route 32 (new).

TABLE 7. SERVICE CHANGES – ROUTE 31

Existing	Changes
• Route 31 connects Mission Valley Transfer Center to Horizon City and Agua Dulce. Weekday headways are 55 to 60 minutes. Saturday and Sunday headways are 115 minutes.	• Re-configure Route 31 to connect Socorro, Horizon City, and Agua Dulce as in Figure 6. Serve Sparks with Route 32. • Operate service from 5:30 a.m. to 7:30 p.m. on weekdays. from 9:00 a.m. to 4:30 p.m. on Saturdays, and from 10:00 a.m. to 4:00 p.m. on Sundays. • Operate the route at 90-minute headways. • Limit the number of midday trips on weekdays. • Serve riders near Las Colonias Road with ETA access.

TABLE 8. SERVICE CHANGES – ROUTE 32

Existing	Changes
• This route does not currently exist.	• Create Route 32 to connect Horizon City to Mission Valley Transfer Center, Socorro, El Paso Community College Mission Del Paso Campus, Sparks, and Amazon as in Figure 7. • Operate service from 5:30 a.m. to 7:30 p.m. on weekdays, from 9:00 a.m. to 4:30 p.m. on Saturdays, and from 10:00 a.m. to 4:00 p.m. on Sundays. • Operate the new route seven days a week with headways of 90 minutes. • Limit the number of midday trips on weekdays.

Existing	Changes
• Route 50 connects Mission Valley Transfer Center to San Elizario and Clint. Weekday headways are 50 to 60 minutes. Saturday and Sunday headways are 50 to 60 minutes.	• Discontinue Route 50 due to low ridership, overlap with ándale service, and lack of sidewalk infrastructure. • To balance route discontinuation, increase awareness of ETA ándale service and how to use it. Improve ETA ándale performance.

TABLE 11. SERVICE CHANGES – ETA ACCESS

Existing	Changes
• ETA access service is available within 3/4 mile of ETA paseo routes and outside the Sun Metro service area. It is available to riders who are eligible based on their age and/or ability to use ETA paseo. ETA access service is required under the Americans with Disabilities Act (ADA). It operates seven days a week.	• Transition ETA access riders affected by changes to fixed routes to ETA ándale where possible. Otherwise, continue to serve them with ETA access through 2026 and then TBD. • Adjust ETA access service area to match the alignments of Routes 10, 20, 31, 32, and 40 as in Figure 8. • Adjust ETA access service hours to match the service hours of Routes 10, 20, 31, 32, and 40.
• "Premium" ETA access service is available for trips into the city of El Paso and for between ETA access zones. Premium ETA access service is not required under the ADA.	• Limit premium ETA access trips into the city of El Paso to destinations like medical facilities or to specific days and times (such as weekdays only). • Limit premium ETA access trips between ETA zones to destinations like medical facilities or to specific days and times (such as weekdays only).

TABLE 12. SERVICE CHANGES – ETA ÁNDALE

Existing	Changes
• The existing ETA ándale zone covers San Elizario and Clint. Trips to Mission Valley Transfer Center and El Paso Community College are also allowed. Trips to and from Socorro are allowed if one trip endpoint is in San Elizario or Clint. • Weekday service hours are 5:00 a.m. to 8:20 p.m. • Saturday service hours are 5:30 a.m. to 7:30 p.m. • Sunday service hours are 7:00 a.m. to 6:00 p.m.	• Extend the existing ETA ándale zone to fully include Socorro as in Figure 9. • Reduce weekday service hours to 5:30 a.m. to 7:30 p.m. • Reduce Saturday service hours to 9:00 a.m. to 4:30 p.m. • Reduce Sunday service hours to 10:00 a.m. to 4:00 p.m. • Increase awareness of ETA ándale service and how to use it. Improve ETA ándale performance.

INTERLOCAL PUBLIC SERVICE TRANSIT AND CONTRIBUTION AGREEMENT FOR FISCAL YEAR 2027

This Agreement ("Agreement") is made by and between the **EL PASO AREA TRANSPORTATION SERVICES, LGC** ("EPATS") and the **TOWN OF HORIZON CITY** ("TOWN"), acting by and through their duly authorized officials. EPATS and TOWN are each referred to hereinafter as a "Party" and collectively as the "Parties."

RECITALS

WHEREAS, EPATS is a local government corporation organized and existing under the laws of the State of Texas for the purpose of encouraging and assisting local units of government to join and cooperate with one another to provide and deliver regional multimodal transportation solutions and services (the "Transit Service") for the residents and visitors of the El Paso County, outside of the City of El Paso; and

WHEREAS, the Transit Service shall mean fixed route, complementary paratransit, general public dial-a-ride, vanpool and any other transportation solution that is funded by EPATS; and

WHEREAS, TOWN is a political subdivision of the State of Texas and is a member entity of EPATS and has appointed a representative to serve on the EPATS Board of Directors; and

WHEREAS, the Parties are committed to working together to provide and improve the Transit Service in El Paso County; and

WHEREAS, TOWN agrees that as a member entity of EPATS it will make a financial contribution to support the Transit Service for fiscal year 2027; and

WHEREAS, the Parties acknowledge that the amount of TOWN's financial contribution was calculated and determined by the Texas A&M Transportation Institute ("TTI") and that TTI has provided or made available information explaining the Transit Service for fiscal year 2027, the different funding sources for the Transit Service, and the methodology used by TTI to calculate the amounts of the financial contributions to be made by TOWN and each of the other member entities of EPATS; and

WHEREAS, pursuant to and under the authority of the Texas Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, as amended, EPATS and TOWN are authorized to enter into this Agreement.

NOW, THEREFORE, in consideration of the covenants, conditions, provisions, and mutual benefits received as set forth herein, which is hereby acknowledged by EPATS and the Member Entities, the parties agree as follows:

AGREEMENT

1. **Effective Date**: This Agreement is effective when signed by the Parties' authorized representatives. This Agreement will remain in effect through September 30, 2027, unless terminated as provided below.

2. **Termination:** This Agreement terminates on September 30, 2027, unless prior to that date:

   a. The Agreement is terminated in writing with the Parties' mutual consent; or

   b. The Agreement is terminated by one Party because of a breach by the other Party, after providing written notice and a reasonable opportunity to cure the breach.

3. **Administrative and Fiscal Agent**: The Rio Grande Council of Governments ("COG") serves as the administrative and fiscal agent of EPATS.

4. **Transit Service:** EPATS has approved the Transit Service for fiscal year 2027, which may be changed or amended as necessary to ensure the safe or efficient operation of the Transit Service. If a material change to the Transit Service occurs, EPATS will promptly notify TOWN but no later than thirty (30) calendar days.

5. **Contribution Amount:** TOWN will pay EPATS the sum of $120,540 for fiscal year 2027 within thirty (30) business days of the Agreement's effective date. This is 5% increase from the fiscal year 2025 contribution amount as approved by the EPATS Board of Directors since the fiscal year 2026 contribution amount was discounted to use existing fund balance. EPATS recognizes that the TOWN is providing additional funding through Federal Highway Administration Carbon Reduction Program and Congestion Mitigation Air Quality program from the El Paso Metropolitan Planning Organization and Texas Department of Transportation and agrees for EPATS to be the project sponsor of those funds to use those funds to support TOWN Transit Service as part of the overall Regional Transit Service.

6. **Use of Contribution Amount:** TOWN agrees that EPATS may use all funds received under this Agreement for any and all lawful purposes necessary to carry out the purposes of this Agreement.

7. **Refund of Contribution Amount**: If either Party terminates the Agreement before September 30, 2027, TOWN may request a refund of the remaining balance of its financial contribution amount that has not yet been used, spent, promised, or allocated by EPATS towards the Transit Service.

8. **Notices and Payments**: All notices and payments required by this Agreement must be sent by mail to the following address:

   Rio Grande Council of Governments
   Annette Gutierrez, Executive Director
   8037 Lockheed Drive, Suite 100
   El Paso, Texas 79925

EPATS
John Andoh, Executive Director
12135 Pebble Hills Boulevard
El Paso, Texas 79936

TOWN
Mayor
14999 Darrington Road
Horizon City, Texas 79928

NOTE: Payments submitted under this Agreement shall be made payable to: EL PASO AREA TRANSPORTATON SERVICES, LGC in care of RIO GRANDE COUNCIL OF GOVERNMENTS.

9. **Suspension of Transit Service**: If TOWN fails to pay its contribution amount within 30 calendar days after execution of this Agreement, EPATS may immediately suspend all services provided to TOWN under the Transit Service.

10. **Public Meetings**: TOWN agrees to participate in public meetings pertaining to the Transit Service, assist with coordinating such events, including coordination with EPATS marketing efforts, and locating or providing facilities where public meetings can be hosted with easy access to the community. TOWN will advertise and announce public meetings pertaining to the Transit Service on its social platforms.

11. **EPATS Duties and Responsibilities:** The Parties agree that EPATS shall have the following duties and responsibilities for the Transit Service:

    A. Approve and implement the Transit Service for fiscal year 2027 defined in **Exhibit A.**

    B. Hold public meetings to discuss, review, evaluate, and take appropriate action related to the Transit Service, including public engagement, marketing plans, and the functioning and operations of EPATS and the Transit Service.

    C. Prepare, approve, and implement policies and procedures for EPATS and the Transit Service.

    D. Through a subcontractor, maintain, repair, and clean the bus stops and related amenities consistent with the Transit Service, including removing trash, graffiti, debris, snow, ice, or other hazards and obstacles. All repairs will meet the same specifications as El Paso County construction specifications.

    E. Install and maintain bus stop poles and signs at bus stops for the Transit Service. The graphics used for the signs and the locations of the poles and signs shall be approved by TOWN and if necessary the Texas Department of Transportation prior to installation.

F. Construct and maintain (or cause to be constructed and maintained) all necessary facilities at the bus stops, including any necessary sidewalks, pavement, lighting, or bus shelters. Maintenance will include cleaning trash, debris, snow, ice, or other hazards or obstacles at bus stops. At the same time, TOWN shall be responsible for the infrastructure required to close any gaps in pedestrian connectivity to the bus shelter facility.

G. If TOWN provided additional grant funding sources beyond a contribution amount to support additional transit operations, EPATS will include the TOWN's logo on the vehicle and the marketing brochure for the Transit Service funded by the TOWN with other grant funding sources. The TOWN authorizes EPATS to use its logo on EPATS vehicles and marketing materials.

12. TOWN Duties and Responsibilities: The Parties agree that TOWN shall have the following duties and responsibilities regarding the Transit Service:

A. TOWN shall permit EPATS to operate the Transit Service on its streets and at approved bus stops. TOWN shall provide all maintenance of the streets as necessary and shall be responsible for wear and tear of pavement surfaces.

B. TOWN shall provide EPATS with guidance and will help expedite the obtaining of all permits, licenses, inspections, and permissions required for the Transit Service in its jurisdiction.

C. TOWN shall assist in marketing and communications regarding the Transit Service to residents using TOWN's website, resident newsletter, or other methods of communication controlled by TOWN or the El Paso County.

13. No Indemnification: The Parties agree that no Party will have the right to seek indemnification or contribution from any other Party for any losses, costs, expenses, or damages arising from this Agreement. Each Party must handle any claims resulting from their actions in this Agreement. Each Party agrees that each will be responsible for the acts or omissions of its respective agents, employees, and representatives.

14. General Provisions:

A. Sovereign Immunity. Notwithstanding any other provision of this Agreement, nothing herein shall be construed as a waiver by either Party of its constitutional, statutory, or common law rights, privileges, immunities, or defenses. To the extent the terms of this paragraph conflict with any other provision in this Agreement, the terms of this paragraph shall control.

B. No Waiver. A Party may waive any default without waiving any prior or subsequent defaults. A Party's failure to exercise or delay in exercising any right under this Agreement will not operate as a waiver of such right.

C. Independent Contractor Relationship. Nothing in this Agreement will be construed to constitute either Party as a partner, employee or agent of the other Party, nor will

either Party have the authority to bind the other in any respect. Each Party will remain an independent contractor responsible for its own actions.

D. Time is of the Essence. Time is of the essence in the performance of this Agreement.

E. Public Information Act. It is the independent responsibility of the Parties to comply with the provisions of Chapter 552 of the Texas Government Code (Texas Public Information Act), as those provisions apply to the Parties' respective information.

F. Governing Law. Texas law governs this Agreement.

G. Venue. The venue for disputes regarding this Agreement among the Parties will be El Paso County, Texas.

H. Severability. A future finding of invalidity of any provision of this Agreement does not affect the validity of any remaining provisions of this Agreement.

I. Headings. The headings and subheadings of this Agreement are for information purposes only and are not substantive terms.

J. Compliance with the Laws. The Parties will comply with all applicable laws, administrative orders, and rules or regulations relating to the obligations under this Agreement.

K. Force Majeure. There is no breach of contract should any Party's obligations within this Agreement be delayed due to an act of God, outbreak of hostilities, riot, civil disturbance, acts of terrorism, the act of any government or authority, fire, explosion, flood, theft, malicious damage, strike, lockout, or any cause or circumstances beyond any Party's reasonable control. The delayed Party must resume performing its obligations in this Agreement after the reason for the delay is resolved.

L. Successors and Assigns. This Agreement binds the Parties and the Parties' successors and assigns. No Party may assign, sublet, or transfer its interest or obligations in this Agreement without the written consent of the other Party.

M. Third-Party Beneficiaries. There are no third-party beneficiaries for this Agreement.

N. Provisions Surviving this Agreement. Representations, releases, warranties, covenants, indemnities, and confidentiality survive past the execution, performance, and termination of this Agreement.

O. Representations and Warranties. Each person executing this Agreement on behalf of any Party hereby represents and warrants that they have full and complete authority to sign on behalf of their respective Party.

P. Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be considered an original, but all of which together shall constitute one and the same instrument.

Q. Amendments. This Agreement may be amended at any time by written instruments executed by the authorized officials of the Parties.

TOWN OF HORIZON CITY

ORDINANCE NO. 0035 AMENDMENT NO. _____

AN ORDINANCE AMENDING THE TOWN OF HORIZON CITY SUBDIVISION ORDINANCE BY REPEALING AND REPLACING CHAPTER 10A SUBDIVISION ORDINANCE; SECTION 2.8 PARKLAND DEDICATION AND FEES IN LIEU; ADOPTING PARKLAND DEDICATION REQUIREMENTS, FEES IN LIEU OF PARKLAND DEDICATION, PARK DEVELOPMENT IMPROVEMENT FEES, PARKLAND CREDITS, PRIVATE PARK CREDITS FOR MULTIFAMILY DEVELOPMENT, PARK FACILITIES STANDARDS AND AMENDING THE SUBDIVISION CONSTRUCTION DESIGN MANUAL TO INCLUDE THE STANDARDS AND REVISE CROSS-SECTIONS; PARK DESIGN; PARKLAND FUND ADMINISTRATION, REFUNDS, APPEALS, EXHIBIT A PARKLAND DEDICATION, FEE IN LIEU AND PARK DEVELOPMENT IMPROVEMENT FEE SCHEDULE AND ESTABLISHING PARKLAND REQUIRED STANDARDS; PROVIDING FOR SEVERABILITY, REPEALER, PROPER NOTICE, AND EFFECTIVE DATE.

WHEREAS, a proposal was brought forward by staff to and considered by Horizon City Planning and Zoning Commission to amend portions of Ordinance No. 0035relating to parkland dedication, fees in lieu of, multi-family park credits, park facility standards, parkland fund administration, appeals and exhibit A Improvement Fee Schedule; and

WHEREAS, the Planning and Zoning Commission will consider the staff's proposals at its September 21, 2026, regular meetings; and

WHEREAS, public hearings have been held by the Town Council as required by law; and

WHEREAS, all written and oral protests (if any) submitted against the proposed ordinance change have been reviewed and considered; and

WHEREAS, pursuant to Texas Local Government Code section 51.001, the town has general authority to adopt an ordinance that is for the good government, peace or order of the Town and is necessary or proper for carrying out a power granted by law to the Town; and

WHEREAS, the City Council finds that it is necessary and proper for the good government, peace, and order and that our physical environment has a direct impact on the chances for happy, prosperous lives for the residents of the Town of Horizon City to adopt this Ordinance and technical code; and

WHEREAS, the City Council finds that residential development creates a demand for parks, recreational facilities, trails, open space, and public recreational improvements; and

WHEREAS, the City Council finds that it is necessary and desirable to require new residential development to contribute its proportionate share toward park acquisition and development costs; and

WHEREAS, Texas Local Government Code Chapter 212 authorizes municipalities to require parkland dedication, fees in lieu of dedication, park development fees, or a combination thereof; and

WHEREAS, the Town Council desires to adopt parkland dedication regulations modeled after the City of El Paso Parkland Dedication Ordinance and Park Facilities Standards;

NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF HORIZON CITY, TEXAS:

I. ENACTMENT OF AMENDMENTS

Pursuant to Sections 51.001 and 51.012 of the Texas Local Government Code, the City Council of the Town of Horizon City hereby enacts and adopts this amendment no. 17 to Ordinance no.0035, which regulates subdivisions within the territorial limits of the Town of Horizon City and related matters, to amend parkland dedication, fees in lieu of, multi-family park credits, park facility standards, off-site parkland dedication, parkland fund administration, appeals and Exhibit A Improvement Fee Schedule as follows:

Section 2.8 of the Subdivision Ordinance is hereby repealed and replaced in its entirety.

SECTION 2.8 PARKLAND DEDICATION AND FEES IN LIEU

2.8.1 Purpose

The purpose of this Section is to ensure adequate parkland and recreational facilities are available to serve residents of new residential development and to require development to contribute its proportionate share toward acquisition and development of park facilities necessitated by growth.

2.8.2 Applicability

This Section applies to:

A. Single-family residential development;

B. Duplex development;

C. Townhome development;

D. Multifamily development;

E. Mixed-use development containing residential dwelling units.

2.8.2.1 Review by the Parks and Recreation Manager.

The Parks and Recreation Manager shall make recommendations based upon the requirements of this chapter to the Planning Department at the appropriate time within the plat review process. Recommendations received pursuant to this chapter shall be noted in the written report prepared by the Planning Director for the subdivision application, and shall be forwarded to the subdivider, Planning and Zoning Commission and City Council, where applicable.

2.8.3 Dedication Requirement

A. As a condition of subdivision approval, the applicant shall dedicate parkland, pay a fee in lieu of parkland dedication, pay a Park Development Improvement Fee, or provide a combination thereof as determined by the City.

B. It is declared by the city council that recreation areas in the form of neighborhood parks, community parks and regional parks that serve several neighborhoods, linear parks, trails, and open space areas are necessary and in the public welfare, and that the only adequate procedure to provide for same is by integrating such a requirement into the procedure for planning and developing property or subdivisions in the city, whether such development consists of new construction on vacant land or the addition of new construction or redevelopment on existing developed lands.

C. Neighborhood parks, community parks, linear parks, trails and open space areas referred to in this chapter are those parks providing for a variety of outdoor recreational opportunities and within convenient distances from the majority of the residences to be served thereby. The primary cost of those parks should be borne by the ultimate property owners who, because of their proximity to such parks, shall be the primary beneficiaries of such facilities.

D. The requirements for parkland are based in part on the standards, needs and objectives set forth in the Town of Horizon City Parks and Recreation Master Plan, routinely amended and adopted by the city council, a copy of which shall be retained in the office of the Parks and Recreation Manager and which shall be incorporated by reference herein for all purposes. Therefore, the requirements in this code and any requirements in the Design Standards for Construction Manual (DSCM) are adopted to affect the purposes stated above and shall apply to any development within the Town of Horizon City, except as noted therein.

E. Dedication Required. All subdivisions located within the corporate limits of the Town of Horizon City and within those areas designated in the city's extra territorial jurisdiction (ETJ), as identified on an official map kept in the office of the planning official.

1.The land conveyed and deeded to the city shall not be subject to reservations of record, encumbrances or easements which will interfere with the use of the land for park purposes.

2.Where a subsurface interest is severed from the surface estate, retention of the subsurface interest may not be considered an encumbrance for the purposes of this chapter.

F. In Residential Subdivisions. A residential subdivision shall provide for the parkland needs of the community pursuant to Section 2.8.5, Parkland Calculation.

1.For purposes of this chapter, a residential subdivision shall include any subdivision application submitted on property where the zoning allows for single-family, two-family or multifamily development (apartments).

2.This provision may be waived by the Planning Director where the city is provided with a copy of deed restrictions or other legal instrument verifying that the property within the subdivision application or portion thereof, is restricted to nonresidential uses as defined in this chapter. The evidence shall be provided to the Planning Director for the filing of the preliminary plat and shall be reviewed by the City Attorney prior to the Planning and Zoning commission action on the preliminary plat. Failure of the subdivider to provide this information with the filing of the preliminary plat shall result in the subdivision application being considered as a residential subdivision.

C. In nonresidential subdivisions. After parkland fees have been calculated, a subdivision, not otherwise classified as a residential subdivision, that changes the use to include dwelling units or increases the density of dwelling units within the subdivision, shall trigger a recalculation of parkland fees or parkland dedication under Section 2.8.3. If additional fees are due or if the recalculation requires parkland to be dedicated, then such fees shall be paid, or dedication provided, prior to the issuance of any building permit.

D. The requirement to provide parkland to the city pursuant to this title shall not be satisfied using land required to be conveyed by the subdivider to the city as part of a separate legal instrument, condition, covenant, contract, agreement, sale or ordinance, except as specifically provided in this Chapter.

2.8.3.1 Off-site parkland dedication.

A. Application. Where a master plan or land study is submitted by a subdivider pursuant to Chapter 10 Subdivision Regulations and Chapter 10A Subdivision Ordinance, the city or the subdivider may request that an off-site dedication of parkland be accepted within the corporate limits or within the areas designated in the city's extra territorial jurisdiction (ETJ), as identified on an official map kept in the office of the planning official. An application for off-site dedication of parkland shall be filed by a subdivider with the Planning Director.

B. Credit Applicability. Parkland to be deeded as part of an off-site dedication shall be entirely within the boundaries of the park service area as the proposed subdivision. Park service areas are designated by the Town of Horizon City Parks and Recreation Master Plan and are published by the Parks Division.

C. An off-site parkland dedication shall be an option available to the subdivider where parkland credits derived are then used to reduce by an equivalent amount any subsequent parkland requirement generated by the submission of phased residential subdivisions. The credit shall be applied to residential subdivisions submitted from within the applicable park service areas. Where a parkland dedication straddles two park service areas, credits shall be allowed within either park service area if approved by the City Council, upon an affirmative recommendation of the parks and recreation division.

D. Formula.

1. For purposes of determining the credit, the following procedure shall be used:

a - b = c

Where:

"a" is the amount of parkland dedicated or deeded to the city expressed in total acres (credit);

"b" is the amount of subsequent parkland acreage required to be deeded to the city pursuant to Section 2.8.5, Parkland Calculation, for a residential subdivision, based on the parkland calculation rates in effect at the time of the submittal;

"c" is the amount of parkland credit available from the parkland dedicated or deeded. If a reduction exceeds the credit, the difference shall be the amount of required parkland to be dedicated or deeded to the city after reduction.

E. In no instance shall a parkland credit be from the value of the land dedicated or deeded in terms of fees it would have generated, or the market value of the land expressed in dollars. This parkland credit option may be exercised by the subdivider who dedicated or deeded the parkland to the city or may be transferred to a subsequent purchaser of land within the applicable park zone(s), The subsequent purchaser must submit written proof of such a transfer to the Planning Director. The Planning and Zoning Commission shall approve, upon recommendation by the director of the parks and recreation department, the residential subdivision(s) to which the credit shall be applied.

2.8.4 Exemptions from Parkland Dedication Requirement

The following shall be exemptions from the calculation for parkland dedication. In all instances, the burden of proof shall be on the subdivider to demonstrate that the plat meets the requirements of this chapter:

A. A residential replat of an area where the density has not been increased from the original subdivision, as evidenced by the original subdivision and replat. In the case of a replat where parkland was not originally provided, the parkland requirements shall prevail;

B. A replat or an amendment to a subdivision plat where the only change to the original subdivision plat is that easements or rights-of-way are eliminated, added or changed and there is no increase in density.

C. A nonresidential replat which changes the lot location or design, but where the acreage has not been increased, as evidenced by the original subdivision and replat;

D. A replat which changes the use of the original subdivision from residential to nonresidential, and the fees paid (or the equivalent fees which would have been paid based on parkland dedicated) on the original subdivision are more than or equal to the fees required on the replat;

E. A replat which changes the use of the original subdivision from nonresidential to residential, and the fees paid for the original subdivision are more than or equal to the fees required on the replat;

F. Land shown within an amending subdivision where density is not increased, as evidenced by the original and amending subdivisions; or

G. Land shown within a subdivision, whether residential or non-residential, which is designated for use as a public facility.

2.8.5 Parkland Calculation

A. Rate.

1. Where a residential subdivision application is filed, the amount of parkland required to be deeded to the city shall be as follows:

a. Single-Family and Two-Family Units. One acre of parkland for every one hundred dwelling units calculated as follows:

"x" = "y"/100

Where:

"x" is the amount of acres of parkland required to be deeded, and

"y" is the number of dwelling units in the subdivision.

b. Multifamily. One acre of parkland for every two hundred dwelling units calculated as follows:

"x"=;frac;"y" × "z";200

Where:

"x" is the amount of acres of parkland required to be dedicated;

"y" is the gross acres of the proposed multifamily subdivision; and

"z" is the density of the proposed multifamily subdivision.

c. Density Calculated. In calculating the parkland requirement for residential subdivision applications where more than one unit per lot may be allowed, density shall be determined by using the gross density permitted by the zoning classification on the property Chapter 14 Zoning.

d. The Planning Director may waive the gross density used in the parkland calculation rate for subsection (A)(1)c. above when the subdivider verifies by means of deed restrictions or other legal instrument that the density permitted within the subdivision is less than the gross density required by subsection (A)(1)a. or (A)(1)b. of this section. The evidence shall be provided to the Planning Director with the filing of the final plat and shall be reviewed by the city attorney prior to City Council action on the final plat. Failure of the subdivider to provide this information with the filing of the final plat shall result in the gross density rates of this chapter being applied to the parkland calculation.

e. Mixed-Use Developments. Subdivisions that provide a mixture of residential and nonresidential components shall meet the requirements of this chapter in the following fashion.

i. Horizontal Mixed-Use Developments. For mixed-use developments where residential and nonresidential components occur in separate buildings within the same development, the residential components shall meet the requirements established in Section 2.8.5, Parkland Calculation. Nonresidential components shall meet the requirements of Section 2.8.8, Fee in Lieu of Dedication.

ii. Vertical Mixed-Use Developments. For mixed-use developments, where residential developments occur above or besides non-residential development within the same building, the following requirements shall apply.

(A) If the nonresidential component equals or exceeds twenty percent of the gross square footage of the development, parkland fees for the entire development shall be based on the nonresidential fee requirements of Section 2.8.8, Fee in Lieu of Dedication.

(B) If the nonresidential component is less than twenty percent of the entire square footage of the development, parkland fees for the entire development shall be based on the number of residential units as per the requirements of subsection (A)(1)(b) above.

B. Types of Parkland That May Be Dedicated. The following park configurations of land may be proposed by the subdivider to meet the dedication requirements of this chapter. The lands to be dedicated and the type of dedication to be provided shall be based on the affirmative recommendation of the Parks and Recreation Manager and the approval of the Planning and Zoning commission.

If the Parks and Recreation Manager does not provide an affirmative recommendation, the developer may appeal the Parks and Recreation Manager’s decision. The Parks and Recreation

Manager shall provide the developer, in writing, with the reasons for the denial. The appeal will require the developer to file an appeal with the Planning Director within fifteen business days of receiving the decision. The appeal shall be accompanied by the following:

(a) A thirty-day waiver of the thirty-day statutory requirement for approval of the subdivision plat.

(b) The reasons for the appeal. Upon receipt of the appeal, the planning director shall place the appeal on the next available Planning and Zoning Commission meeting. The Planning and Zoning Commission may overturn the parks director's decision by a super majority, which shall be three-fourths of the Planning and Zoning Commission present and voting. In determining whether to overturn the parks director's decision, the Planning and Zoning Commission shall consider any evidence presented by the developer and parks director. In no instance can the Planning and Zoning Commission modify or vary any city code requirements.

An alternative type of dedication may be recommended by the Parks and Recreation Manager, based on the specific nature of the subject property. Any dedication that is proposed shall meet the requirements of the Town of Horizon City Standards, except as noted in this chapter.

1. Neighborhood Parks. Lands for parks that serve a neighborhood shall be of the quantity determined by the density of the residential subdivision submitted pursuant to Section 2.8.5, Parkland Calculation. The developer may satisfy Section 2.8.5 by providing multiple park sites that comply with Section 2.8.7, Standards for Dedicated Parkland, for a residential subdivision application.

2. Dual Park-Pond. Parks and drainage retention or detention ponds may be placed side by side or combined to provide for larger and more efficient park and open space lands for neighborhoods.

Conceptual cross-sections for park-pond areas are included in the subdivision standards. These conceptual drawings are intended to serve as a guideline to the designer, and modifications that meet or exceed the intent of this chapter are encouraged. All park-pond designs shall be approved by the director of parks and recreation, and the city engineer or city floodplain administrator.

a. Park-ponds requirements. For purposes of this subsection, the ponding area proposed for use as a park-pond shall require an affirmative approval for park usage by the director of the parks and recreation department, subject to the provisions below being met. Where acceptable, the pond portion of the park may count towards the required parkland dedication amount at ratio of one acre of park-pond for every one acre of required parkland dedication, subject to the following requirements being met.

I. To be considered as a park-pond, the proposed facility must be located no further than one-half mile from all residences that it is intended to serve. The street frontage for the park-pond shall be continuous along one complete side of the park or thirty-five percent of the park perimeter whichever is greater.

ii. Flat perimeter areas on the rim of the ponding basin shall be provided. These shall be a minimum of ten feet in width from the edge of the pond slope to the nearest property line to allow for a trail, landscaping and pond maintenance requirements. If abutting a seven-foot sidewalk or trail the flat perimeter area shall be a minimum of five feet. Wider and variable width areas are preferred to create a more parklike appearance.

iii. A park-pond shall include a flat, contiguous park area adjacent to the detention or retention basin that is not subject to periodic inundation during a ten-year storm event. The area shall be at least one-half acre, including the nearest adjacent perimeter flat zone, and shall meet the applicable minimum improvement requirements of Section 2.8.7, Standards for Dedicated Parkland, as determined by the Director of Parks and Recreation. For park-ponds with a pond area greater than two and one-half acres, the upper park area shall be at least twenty percent of the pond area. The area shall be configured to accommodate permanent park structures, such as play features, multi-purpose courts, and shade pavilions.

iv. Side slopes in park-ponds shall not exceed a maximum three to one horizontal to vertical slope. Flatter side slopes are recommended.

v. If a two-tier park-pond is designed, then the lower tier flat area shall not be less than twenty percent of the upper tier flat area.

vi. The maximum depth of the pond portion of a park-pond shall not exceed ten feet for a two-tier park-pond and six feet for a one-tier park-pond.

vii. Perimeter areas around the pond shall be planted to create an attractive buffer zone around the park-pond. Plant materials and required irrigation system(s) must be installed and operational at the time the city accepts the facility. All irrigation and planting shall meet the park facilities standards referenced in Section 2.8.7, Standards for Dedicated Parkland.

viii. Signs shall be provided to inform the public of the dual park-pond purpose and to notify them of the potential safety hazard from stormwater detention/retention.

ix. Percolation tests at the bottom of the park-pond basin shall be performed according to ASTM 5126. Stormwater shall percolate within seventy-two hours or as may be approved by the city engineer or other designee of the Mayor.

x. A fully accessible route that meets Americans with Disabilities Act (ADA) standards to the lower park area in the basin of the pond shall be provided.

xi. Grading, irrigation, and turf shall be provided in accordance with Section 2.8.7, Standards for Dedicated Parkland.

xii. Credit may be provided for that portion of the park-pond that exceeds the amount of parkland required to be deeded to the city pursuant to this title if the credit to be derived is

within the same park service area and upon the affirmative recommendation of the director of parks and recreation.

b. Other ponds not serving as park ponds. This shall meet minimum placement, setback and landscaping requirements as established by the Town of Horizon City Stormwater Drainage Manual.

3. Linear park corridors and trail development. Trail corridors may be dedicated and constructed by the subdivider, and may serve as credit against required parkland, subject to the following conditions being met:

a. Where adjacent to private property lines on either side of the corridor, the trail corridor shall be a minimum of thirty feet in width;

b. Where the trail corridor is adjacent to a permanently preserved corridor such as a drainage channel or natural open space, the additional trail corridor width may be reduced to fifteen feet. A minimum of ten feet from the nearest edge of the trail adjacent to a private property line shall be maintained except where separated from such private property by a wall;

c. If the trail corridor is located adjacent to a street right-of-way, the trail corridor shall be a minimum of fifteen feet in width as measured from the adjacent back of curb. The additional portion of the corridor that is outside of the street right-of-way and that is a minimum of five feet in width shall be credited as lands meeting the parkland dedication requirements of Section 2.8.5, Parkland Calculation. Trails shall be a minimum of eight feet in width. Narrower trails will not count as credit towards parkland requirements. Trail surface material shall follow the requirements of the Town of Horizon City's Park Development Standards. The Town may elect to contribute to the cost of the trail if a width wider than eight feet is deemed appropriate for that specific location;

e. Public access points to the corridor shall be provided at regular intervals. The linear areas adjacent to the corridor shall have open space, street ROW, or other opportunities for immediate and safe ingress/egress along at least seventy-five percent of the corridor length on one side or the other;

f. A zone that is a minimum of five feet wide along each side of the trail shall be improved with a natural non-irrigated landscape treatment, following guidelines contained in the park facilities standards referenced in Section 2.8.7, Standards for Dedicated Parkland.

g. Trails may be built on power lines or other utility corridors, but in cases with corridor lands whose ownership is not fully transferable to the Town, only the lands under built trails and those improved areas meeting the requirements of this subsection will count towards the parkland dedication requirements of this chapter. In such cases, the easement holder or right-of-way owner must provide legal acceptance allowing the trail to be built with free public access provided in perpetuity;

h. Trail standards in this title and in the Design Standards for Construction Manual may be modified by the City Council based upon the recommendation of the Parks and Recreation Manager;

i. Trail corridor lighting is not required for earthen trails or for corridors located within public right-of-way where street lighting is provided. In all other cases, the Parks and Recreation Manager may require lighting in accordance with the Park Facilities Standards, the Design Standards for Construction Manual, and applicable Dark Skies requirements.

4. Open space lands and arroyos—types of land that are noted as areas that should be preserved in the Town of Horizon City Parks and Open Space Master Plan, such as natural arroyos, may be used to meet the land dedication requirements of this chapter:

a. For purposes of this subsection, the area open space to be used in applying for the reduction shall be the acreage that is deemed acceptable for preservation by the Parks and Recreation Manager and approved by the City Council;

b. Open space land will not be required to meet the minimum development standards of Section 2.8.7, Standards for Dedicated Parkland.

c. One acre of open space dedication will count as one-half of an acre of required parkland dedication;

d. Other open space lands, such as arroyos, that exceed the parkland requirements of this chapter, may be accepted by the Town of Horizon City. The Town of Horizon City will assume maintenance of these areas.

2.8.6 Park Service Areas

Parkland obligations shall be administered according to the Park service areas established by the Town Parks Master Plan and Park Facilities Standards.

2.8.7 Standards for Dedicated Parkland

1. Dedicated parkland shall:

A. Be suitable for recreational use;

B. Be accessible by public street;

C. Comply with Town Park Facilities Standards;

D. Be accepted by the Town.

2. Standards for deeded parkland:

A. General Characteristics. Parkland, deeded to the city as provided in this chapter, shall meet the standards set forth below and in the Construction Design Manual:

1. The parkland shall be located in a location near the center of the subdivision or subdivisions that it serves, with the expressed goal that the park is no further than one-quarter mile measured by walking distance from any residence within the subdivision that it serves;

2. Where the subdivision is an initial phase of multiple phases, the park may be located so that it is accessible to the future phases, provided that the park meets the requirements of subsection (A)(1) above;

3. Parklands submitted for dedication shall be located so that users are not required to cross arterial roads to access the park site from within the subdivision, and shall not abut an arterial except in the following circumstances:

a. Parks over twelve acres may abut an arterial on one side; or

b. The arterial has no more than four lanes and has on-street parking; or

c. Parks permitted in subsection (B)(4)(a) (Alternate Park Type Table).

4. If the park is one acre or larger, the entire boundary of the parkland shall abut either a public or private street, dedicated open space or arroyo. Parks of less than one acre shall abut a public or private street, dedicated open space or arroyo on at least two sides. Buildings on lots that have frontage on streets that abut the park shall face the park. Residential lots may abut parkland provided that the subdivider incorporates the following standards:

a. Pedestrian connectivity between the parkland and adjacent lots is provided,

b. That a front build-to line, in accordance with the zoning ordinance, is delineated on the plat so that residential structures face the park, and

c. The park site shall share at least one boundary line with a public or private street;

5. The parkland should, when possible, be located adjacent to school sites, ponding areas, or public open space to facilitate shared facilities;

6. When parkland is deeded to the city as required by this title, the area of the park shall be calculated from the nearest property line or street right-of-way line, and not from the existing or proposed curb line of an adjacent street, unless park features are incorporated into the parkway, subject to an affirmative recommendation by the Parks and Recreation Manager and approval by the Planning and Zoning Commission. Sidewalks and signs shall not count as park features that allow the inclusion of the parkway area as part of the park area calculation; and

7. Where possible, and as approved by the director of the parks and recreation department, parkland shall be designed and located within a subdivision to allow for an extension or connection to a public park or other public recreational facility within an abutting subdivision.

B. Minimum improvements for lands to be dedicated as parkland. Parkland, deeded to the city, shall meet the following minimum improvements described by this subsection.

1. The subdivider shall indicate the proposed parkland improvement(s) within the subdivision improvement plans as required in Section 5 Subdivision Plat Design Standards

2. Construction of the required minimum parkland improvement(s) shall be in accordance with the approved subdivision improvement plans and shall be completely installed and constructed by the subdivider within the time period specified for construction of subdivision improvements in this title.

3. An improved park shall, at a minimum, include the following:

a. Paving frontage, curbing, and gutter for all street frontages abutting the outside perimeter of the parkland;

b. Utility (water, sanitary sewer and electricity) extensions to the perimeter of the park at a location indicated by the Parks and Recreation Manager and that are consistent with published EPWU rules;

c. An accessible route shall be installed per the Texas Accessibility Standards (TAS) on all street frontages abutting the outside perimeter of the parkland of a minimum width and construction to provide accessibility to individuals with disabilities as provided by the Texas Accessibility Standards (TAS). The Parks and Recreation Manager shall approve the sidewalk alignment and width;

d. Grading, automatic irrigation and turf within the parkland boundaries shall be installed prior to the acceptance of the proposed parkland submittal. The Parks and Recreation Manager shall approve the design and installation. The City Council may, upon an affirmative recommendation from the Parks and Recreation Manager and Planning and Zoning Commission, allow parkland to remain undisturbed in its natural state;

e. One age-appropriate play structure unit entirely covered by a metal shade canopy, for either ages two—five years or ages five—twelve years, with a minimum fifty-foot by fifty-foot user zone, from an approved park department list of acceptable alternatives, including an appropriate safety surface that meets industry requirements. If a play structure already exists within a dedicated park within one-fourth mile, other comparable amenities entirely covered by a metal shade canopy of comparable size may be provided such as basketball courts, outdoor exercise stations, splash pads, or picnic tables.

f. A minimum of two accessible shaded picnic tables, or four benches or a combination of benches and tables, per acre on concrete pads;

g. A minimum of one trash can per acre on a concrete pad;

h. Pedestrian-oriented perimeter lighting along adjacent public and private street rights-of-way and one light at the playground or focal point of the park;

i. Where open space lands to be left in an undisturbed state are accepted as required parklands, grading, automatic irrigation and turf establishment requirements shall be waived;

j. Standards. Park standards required are included in the Park Development Standard Manual.

i. Facilities and improvements provided by a subdivider on land dedicated as parkland shall be designed and installed to meet the minimum standards of this chapter, the Construction Design Manual and the parks and recreation division as established in the park's facilities standards, a copy of which is maintained by the parks and recreation division. The parks facilities standards shall be approved by the Planning and Zoning Commission and the City Council. The parks facilities standards may be revised as necessary; however, each change shall be approved by the Planning and Zoning Commission and the City Council.

ii. Facilities and improvements of a park developed for and owned by the city, regardless of whether the project is developed through Town of Horizon City Engineering and Capital Construction or the project is developer-generated, shall be designed and installed to meet the minimum standards of the following, or as otherwise approved by the Parks and Recreation Manager, in accordance with related federal, national, state, or local codes, including but not limited to the following:

1. International Play Equipment Manufacturer's Association (IPEMA);

2. Consumer Product Safety Commission (CPSC) Handbook for Public Safety;

3. American Society for Testing and Materials (ASTM);

4.Accessibility Standards for Play Areas through the ADA Accessibility Guidelines (ADAAG);

5. Illuminating Engineering Society of North America (IESNA RP-6-01);

6.Sports Turf Management Association (STMA);

7.American Society for Testing and Materials (ASTM F08).

k. Street trees shall be provided in the parkway abutting the park at twenty-foot intervals. If the park does not abut street ROW on all sides, in addition to the street trees, shade trees shall be provided at a minimum of ten trees per one-fourth acre.

4. The subdivider shall be required to submit development construction plans that conform to this title, the SDM and the parks and recreation department design, construction and specification standards. The parks and recreation department will review the construction documents for compliance with city park construction requirements. The developer must agree to standard city construction inspections of the park improvements.

C. Exceptions. For purposes of this chapter, off-site dedications accepted pursuant to Section 2.8.3.1 Off-site parkland dedication. Off-site Parkland Dedication shall not be required to satisfy the requirements of subsection (B)(3) of this section at the time of acceptance of the deed by the city. The city shall require the approval of a development agreement as a condition of acceptance of an off-site dedication, requiring such improvements within two years of the recording of the first subdivision plat within the development by the property owner who deeded the parkland, or a subsequent purchaser.

2.8.8 Fee in Lieu of Dedication

The Town may require a fee in lieu of dedication where:

A. The required parkland is insufficient to create a functional park;

B. Existing park facilities adequately serve the development;

C. The needs of the development are better served through acquisition or improvement of parks elsewhere within the Park service area;

D. The proposed parkland does not comply with adopted standards.

E. When Applicable.

1. Residential Subdivisions. The city may require a cash payment in lieu of parkland dedication under the following circumstances:

a. When an area of parkland less than one acre is required to be dedicated, or less than two acres if there is an existing park within one-half mile, and upon the recommendation of the Parks and Recreation Manager and the Planning and Zoning Commission;

b. Where the Parks and Recreation Manager determines that the park needs of the subdivision would be better served by developing other parks in the same park zone;

c. In instances where the parkland to be dedicated does not meet the standards set forth in this chapter;

d. In instances where the required parkland dedication meets or exceeds two acres, the Planning and Zoning Commission, upon the recommendation of the director of parks and recreation, may require a reduction in land dedication of up to twenty-five percent and payment of the balance of the required dedication in improvements to the site or in fees in lieu of land dedication.

e. When the city accepts a combination of the following: parkland dedication, cash payment in lieu of land dedication, or bonus reductions received pursuant to Section 2.8.12, Providing Private Park Facilities to Satisfy Required Parkland Dedication or Fee Requirements.

2. Nonresidential Subdivisions. The subdivider shall be required to pay fees in lieu of the dedication of parkland dedication for all nonresidential subdivision applications. Where the Parks and Recreation Manager recommends that the park needs of that park zone would be better served by preserving existing open space land on the property or by developing other parks in that park zone, the following alternatives may be used.

a. Where open space lands that meet the types noted for preservation in the Town of Horizon City Open Space Master Plan occur in the nonresidential subdivision, the city may accept a dedication of open space lands in lieu of, or in combination with the payment of park fees. The value of the land to be dedicated shall be equivalent to the fee amount required for that subdivision, and the proposed dedication must be at least one acre in size.

b. An amount equal to the fee required for the non-residential subdivision may be used by the subdivider to provide additional park facilities in an existing or proposed park within the existing park zone. The types of facilities to be provided and the proposed location for those facilities shall be subject to approval by the director of parks and recreation.

3. Fee Calculation. Where the city requires or accepts payment of cash in lieu of the dedication of parkland, such payment shall be equivalent to the following:

1. Residential Subdivisions.

a. Single-family and two-family: one thousand four hundred dollars per dwelling unit;

b. Multifamily: eight hundred dollars per dwelling unit.

2. Nonresidential Subdivisions. One thousand dollars per gross acre multiplied by the number of acres rounded to two decimal places, with a minimum of three hundred and thirty-three dollars for a subdivision of less than one-third acre.

4. These fees shall be indexed to any increase in the National Consumer Price Index (CPI) and adjusted no less frequently than every three years.

a. Form Tendered. A cash payment made pursuant to this chapter shall be tendered in the form of a cashier's check, payable to the Town of Horizon City. The cashier's check shall be submitted to the Planning Director and shall accompany the recording plat submission.

b. Refunds. Under no circumstance shall fees received in lieu of parkland dedication required by this chapter be refunded to a subdivider, except as provided in Section 2.8.15, Refunds.

c. In a subdivision where the density calculation for parkland results in a park site of less than one acre and the developer has paid fees in lieu of dedicating parkland, should the developer,

within a period of three years following the recording of the initial subdivision, submit a plat for development of land contiguous to the land in which parkland fees were paid, the city shall have the option of refunding to the developer an amount equivalent to those parkland fees paid for the previous development and calculating the parkland requirements for the new subdivision plat based on the density for both the previously submitted subdivision plat and the new subdivision plat. The calculation shall be based upon the parkland dedication requirements in effect at the time of each subdivision plat submittal. For purposes of this subsection, a refund shall be made from park fees collected and available from within the applicable park zone for each subdivision.

2.8.9 Park Development Improvement Fees

The Town may require Park Development Improvement Fees for acquisition, development, construction, rehabilitation, expansion, or improvement of public park and recreational facilities serving the applicable park service area through a Park Development Participation Agreement subject to City Council approval.

2.8.10 Parkland Credits

Developers shall be entitled to credit for:

A. Land dedicated and accepted by the Town;

B. Public park improvements accepted by the Town;

C. Improvements to existing public parks serving the applicable Park service area.

2.8.11 Private Park Credits for Multifamily Development

A. Multifamily developments may receive parkland dedication credits and fee reductions for private recreational facilities provided within the development.

B. Eligible private recreational facilities may include:

1. Community parks;
2. Recreational open space;
3. Sports courts;
4. Swimming pools;
5. Clubhouses;
6. Playground facilities;
7. Trail systems;
8. Recreational amenities approved by the Town.

C. To qualify for credit:

1. Facilities shall be permanently available to residents of the development;
2. Facilities shall comply with the Town Park Facilities Standards;

3. Facilities shall be privately owned and maintained;
4. Facilities shall be protected through recorded covenants, easements, or maintenance agreements acceptable to the Town.

D. The Planning and Zoning Commission may recommend, and the Town Council may approve fee credits up to one hundred percent (100%) of otherwise required park fees based upon the recreational value of the facilities provided.

2.8.12 Providing Private Park Facilities to Satisfy Required Parkland Dedication or Fee Requirements

A. Private Park Facilities. Where park areas and recreational facilities are to be provided in a proposed single family, duplex, or multifamily development, the required parkland may be satisfied provided that the following criteria are met:

1. Facilities shall be privately owned and maintained by the future residents of the subdivision or by the owner of a rental facility.

2. Private ownership and maintenance of such areas and facilities shall be adequately provided for by recorded written agreement, conveyance, or restrictions;

3.The use of such areas and facilities shall be restricted for park and recreational purposes by a recorded covenant, which runs with the land in favor of the future owners of property and cannot be amended or removed without the consent of the city council;

4.The areas, improvements and facilities wishing to receive credit shall be reasonably similar or comparable to what would be required to meet public park and recreational needs of this chapter.

B. Recreational Facilities. No credit shall be given for recreational facilities other than the land upon which those facilities are located as defined in this chapter.

C. Size of Park Areas. Open turf or play areas and/or park recreational areas may be of any size provided that a total of one quarter (¼) acre total functional park space to meet the recreational needs of residents is provided in conformance to the Park Standards Manual. Functional park space areas may include parks, child play areas, multi-purpose courts, and other similar facilities. However, swimming pools, community, recreational or exercise buildings, and similar facilities shall not be eligible for credit. Any open turf or play area used for parkland dedication credit shall be commonly accessible by all residents and not be used in calculating minimum landscaping requirements in Chapter 3 Building Regulations, any required zoning condition such as a landscaped buffer, be part of any required set back, any yard (front, side, rear) for any single-family home requirement placed as a condition to detailed site plan approval, or any other building code requirement.

D. Credit Calculation.

1. One acre of private parkland shall count as credit for one-half acre of the required parkland dedication. The parkland requirement may be satisfied in its entirety by providing private parkland which meets the criteria in this section.

2. If the required parkland dedication cannot be completely satisfied by providing private parkland, any remaining requirement can be satisfied as follows:

a. Through the dedication of public parkland.

b. Through improvements to existing parkland in the same park service area, provided that if the improvement costs are above $50,000.00 a developer participation agreement is entered into and comply with the provisions of the state statute that governs developer participation agreements or if below $50,000.00, a developer's agreement is entered into.

c. Payment of fees.

E. All private parkland dedication and improvements, improvements to existing parkland, or fees in lieu of dedication, or in combination shall require the approval of the Planning and Zoning Commission upon the affirmative recommendation of the director of parks and recreation.

F. The Parks Manager shall report on the amount of private park land accepted for credit by the Planning and Zoning Commission at the time of plat approval.

2.8.13 Exhibit A

Exhibit A, Parkland Dedication, Fee in Lieu, and Park Development Improvement Fee Schedule, attached hereto and incorporated herein by reference, is adopted as the official administrative schedule for implementation of this Section.

2.8.14 Parkland Fund

A. Fund Established. The city shall establish a special fund for the deposit of all sums paid in lieu of parkland dedication pursuant to this chapter. The city shall account for all sums paid in lieu of parkland dedication with reference to the individual subdivisions involved, and all sums received shall be committed by the city within three years from the subdivision recordation. If an extension is granted for the subdivision recordation or subdivision improvements, the same extension shall apply to the time for commitment of park fees.

B. When Funds are Considered to be Committed. For purposes of this chapter, funds shall be considered committed:

1.When funds are encumbered for expenditure on equipment and materials;

2. When funds are set aside under an earnest money agreement for the purchase of parkland;

3.When funds are to be awarded under a bid in process; (or)

4. When funds encumbered are not expended because of delays because of strikes, court action or any similar impediment which renders it impossible or illegal to spend the money.

C. Time Extensions. Where the sums cannot be committed within the initial three-year time period, the director of the parks and recreation department may request time extensions for expenditure of the sums from the Planning and Zoning Commission in one-year intervals; except that no more than two one-year time extensions may be granted by the Planning and Zoning Commission. The extension request(s) shall be submitted in writing to the Planning Director sixty days prior to the expiration period for sums to be committed by the city and shall include a detailed justification for the extension request(s). If an extension is granted for the subdivision recordation or subdivision improvements, the same extension shall apply to the time for commitment of park fees.

2.8.15 Refunds

Refunds shall be administered in accordance with Texas Local Government Code Chapter 212.

If a developer has proof of payment of fees in lieu of park dedication for an approved subdivision, but the developer subsequently abandons development of the property as shown on the approved subdivision and conveys the property to the City for the sole purpose of use as public open space, the developer is entitled to a full refund at the time of the conveyance.

2.8.16 Appeals

Any person aggrieved by a determination under this Section may appeal to the Town Council.

2.8.17 Administrative Authority

The Planning Director shall administer this Section.

SECTION II. FINDINGS OF FACT

The foregoing recitals are incorporated as findings of fact.

SECTION III. REPEALER

All ordinances, resolutions, or portions thereof in conflict with this Ordinance are hereby repealed to the extent of such conflict.

SECTION IV. SEVERABILITY

Should any section, subsection, sentence, clause, phrase, or provision of this Ordinance be determined invalid, such determination shall not affect the validity of the remaining portions.

SECTION V. PROPER NOTICE AND MEETING

It is officially found and determined that the meeting at which this Ordinance was passed was open to the public and proper notice was given in accordance with Texas Government Code Chapter 551.

SECTION VI. EFFECTIVE DATE

This Ordinance shall become effective immediately upon adoption and publication as required by law.

WHEREAS, Texas Local Government Code Chapter 211 authorizes municipalities to adopt and amend zoning Ordinances ; and

WHEREAS, the Town Council desires to adopt a new zoning district regulation modeled after the existing zoning districts;

NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF HORIZON CITY, TEXAS:

I. ENACTMENT OF AMENDMENTS

Pursuant to Sections 51.001 and 51.012 of the Texas Local Government Code, the City Council of the Town of Horizon City hereby enacts and adopts this amendment no. XX to Ordinance no.0102, which regulates zoning within the territorial limits of the Town of Horizon City and related matters, to create and incorporate an R-4A (Single-Family Dwelling) Residential Zoning District in Chapter 14A (Zoning).

Section 401 Districts Established

Subsection 401.1 General

R-4A

Section 402 Purpose.

Subsection 401.2 General

The purpose of these districts is to provide for single-family and two-family duplex detached residential and mobile home development together with churches, recreational facilities, public uses and accessory uses as may be necessary or are normally compatible with residential surroundings. Provide opportunities for attainable owner-occupied housing. Encourage efficient use of residential land and public infrastructure. Promote quality neighborhood design and attractive streetscapes. Provide single-family residential development at densities compatible with the Town's Comprehensive Plan and surrounding uses. Maintain neighborhood character through enhanced development and design standards.

ORDINANCE NO. _____

AN ORDINANCE AMENDING THE TOWN OF HORIZON CITY MASTER PLAN FOR PARKS AND OPEN SPACE; ADOPTING THE REVISED PARKS, RECREATION AND OPEN SPACE MASTER PLAN; PROVIDING FINDINGS THAT THE PLAN SUPPORTS THE TOWN'S COMPREHENSIVE PLAN, CAPITAL IMPROVEMENT PROGRAM, PARKLAND DEDICATION REQUIREMENTS, AND LONG-RANGE RECREATIONAL NEEDS; PROVIDING FOR SEVERABILITY, REPEALER, PROPER NOTICE, AND EFFECTIVE DATE; AND DIRECTING THE PLANNING DIRECTOR TO IMPLEMENT THE AMENDED PLAN.

WHEREAS, the Town of Horizon City, Texas (the "Town"), is a home-rule municipality acting pursuant to its Home Rule Charter, the Constitution and laws of the State of Texas, and its lawful municipal planning authority; and

WHEREAS, the Town has previously adopted a Master Plan for Parks and Open Space to guide the acquisition, development, improvement, maintenance, and long-range planning of parks, recreational facilities, trails, open spaces, and related public amenities; and

WHEREAS, the Town's Comprehensive and Strategic Plan recognizes parks and open space as essential components of the Town's physical development, quality of life, and public infrastructure, community character, and long-range planning; and

WHEREAS, the Town Council finds that population growth, residential development, changing recreational needs, capital improvement priorities, and the need for an equitable and coordinated system of parks and recreational facilities warrant periodic review and amendment of the Town's parks and open space planning policies; and

WHEREAS, the Town has caused the existing Master Plan for Parks and Open Space to be reviewed and has prepared a revised **Parks, Recreation and Open Space Master Plan** to establish updated goals, policies, standards, service areas, facility needs, capital priorities, implementation strategies, and other recommendations for the Town's parks, recreation, trails, and open-space system; and

WHEREAS, the revised Parks, Recreation and Open Space Master Plan is intended to serve as a long-range policy and implementation guide and to coordinate future park improvements with anticipated growth, development, the Town's Comprehensive Plan, Capital Improvement Program, subdivision regulations, parkland dedication requirements, and other applicable plans and policies; and

WHEREAS, the Town Council finds that maintaining an adopted parks, recreation and open-space master plan provides a rational planning basis for identifying existing and future recreational needs, evaluating levels of service, establishing park service areas, prioritizing capital improvements, and coordinating public and private investment in recreational facilities; and

WHEREAS, the Town Council further finds that the revised Plan provides planning support for the Town's parkland dedication and fee-in-lieu requirements by identifying existing facilities, future needs, service areas, capital improvements, and recreational demands associated with existing and anticipated development; and

WHEREAS, the Town Council intends that any application of parkland dedication, fee-in-lieu, park development, or related development requirements shall remain subject to the Town's duly adopted subdivision regulations and applicable state law, and nothing in this Ordinance or the revised Plan shall independently impose a development fee or dedication requirement not otherwise authorized by law; and

WHEREAS, the Town Council intends that any application of parkland dedication, fee-in-lieu park development, or related development requirements shall remain subject to the Town's duly adopted subdivision regulations and applicable state law, and nothing in this Ordinance or the revised Plan shall independently impose a development fee or dedication requirement not otherwise authorized by law; and

WHEREAS, the Town Council intends that any application of parkland dedication, fee-in-lieu,

WHEREAS, the Planning and Zoning Commission reviewed the proposed amendment to the Master Plan for Parks and Open Space and, following consideration thereof, made its recommendation to the Town Council; and

WHEREAS, the Planning and Zoning Commission reviewed the proposed amendment to the Master Plan for Parks and Open Space and, following consideration thereof, made its recommendation to the Town Council; and

WHEREAS, after notice as required by applicable law and Town regulations, the Town Council conducted a public hearing at which interested persons were provided an opportunity to provide testimony and written evidence concerning the proposed amendment; and

WHEREAS, after considering the revised Plan, the recommendation of the Planning and Zoning Commission, public testimony, Town planning objectives, and the long-range recreational needs of the community, the Town Council finds that adoption of the revised Parks, Recreation and Open Space Master Plan promotes the public health, safety, welfare, and orderly development of the Town.

NOW, THEREFORE, BE IT ORDAINED BY THE TOWN COUNCIL OF THE TOWN OF HORIZON CITY, TEXAS:

SECTION 2. AMENDMENT OF MASTER PLAN FOR PARKS AND OPEN SPACE

The Town of Horizon City Master Plan for Parks and Open Space is hereby amended and updated by the adoption of the revised **Town of Horizon City Parks, Recreation and Open Space Master Plan**, attached to this Ordinance as **Exhibit "A"** and incorporated herein by reference for all purposes.

Upon the effective date of this Ordinance, Exhibit "A" shall constitute the Town's officially adopted Parks, Recreation and Open Space Master Plan and shall supersede prior versions of the Master Plan for Parks and Open Space to the extent of any conflict or inconsistency.

SECTION 3. RELATIONSHIP TO THE COMPREHENSIVE PLAN

The Town Council finds that the Parks, Recreation and Open Space Master Plan is consistent with and supports the goals, policies, growth strategies, land-use framework, infrastructure planning, community facilities planning, and quality-of-life objectives contained in the Town's adopted Comprehensive Plan.

The Parks, Recreation and Open Space Master Plan shall be used as a supporting functional plan in the interpretation, implementation, and future amendment of the Town's Comprehensive Plan as it relates to parks, recreation, trails, open space, public facilities, and related community infrastructure.

In the event of an inconsistency between the Parks, Recreation and Open Space Master Plan and the Comprehensive Plan, the Town Council shall determine the appropriate policy interpretation and may amend either plan as authorized by law.

SECTION 4. CAPITAL IMPROVEMENT PROGRAM

The Town Council finds that the Parks, Recreation and Open Space Master Plan provides a long-range planning framework for the Town's Capital Improvement Program as it relates to parks, recreation, trails, open space, and associated facilities.

The priorities, projects, cost estimates, schedules, and recommendations identified in the Plan may be considered by the Town Council during preparation and adoption of annual budgets, multiyear capital improvement programs, grant applications, bond programs, development agreements, and other funding decisions.

Identification of a project within the Plan does not, by itself, appropriate funds or obligate the Town to construct, acquire, or fund a particular project. All expenditure remains subject to appropriation and approval by the Town Council.

SECTION 5. PARKLAND DEDICATION AND DEVELOPMENT REQUIREMENTS

The Town Council finds that the Parks, Recreation and Open Space Master Plan provides planning information relevant to administration of the Town's parkland dedication requirements, including identification of existing and future park needs, recreational demand, park service areas, facility needs, and capital improvements.

The Planning Director and other appropriate Town officials may utilize the Plan when administering the parkland dedication and fee-in-lieu provisions contained in the Town's Subdivision Ordinance, including evaluation of proposed parkland, park locations, recreational facilities, service areas, credits, capital improvements, and other matters authorized under the Town's duly adopted regulations.

Nothing contained in this section shall be interpreted as independently establishing a parkland dedication, fee, exaction, or development requirement. All such requirements shall be imposed only pursuant to the Town's applicable ordinances and in accordance with Texas law.

SECTION 6. PARK SERVICE AREAS

The park service areas, service standards, facility classifications, recreational needs, and related planning criteria identified in the Parks, Recreation and Open Space Master Plan are hereby recognized as the Town's adopted planning framework for evaluating the geographic distribution and long-range provision of parks and recreational facilities.

Park service areas may be utilized for planning purposes, including identification of underserved areas, evaluation of proposed parkland dedication, prioritization of capital improvements, planning for future park acquisition, and coordination of recreational facilities with new development.

The designation of a park service area does not create an entitlement to a particular improvement or require expenditure of Town funds unless separately authorized by the Town Council.

SECTION 7. LONG-RANGE RECREATIONAL NEEDS

The Town Council finds that implementation of the Parks, Recreation and Open Space Master Plan will assist the Town in addressing long-range recreational needs by:

1. Identifying existing and projected park and recreational facility needs;
2. Establishing appropriate classifications, service areas, and planning standards for parks and recreational facilities;
3. Identifying opportunities for trails, pedestrian connections, greenways, and open-space preservation;
4. Coordinating park improvements with residential growth and development;
5. Providing a framework for prioritizing capital improvements and pursuing grants and other funding opportunities;
6. Supporting equitable geographic distribution and accessibility of recreational facilities;
7. Coordinating public park improvements with appropriate private recreational facilities and other community resources; and
8. Providing a basis for periodic evaluation and amendment of the Town's parks and recreation policies as community conditions and recreational needs change.

SECTION 8. IMPLEMENTATION AND ADMINISTRATION

The Planning Director is hereby directed and authorized to implement and administer the Parks, Recreation and Open Space Master Plan in coordination with the Town Administrator, Public Works Department, Finance Department, Building Services, and other Town departments and officials, as appropriate.

The Planning Director shall maintain the official copy of the Plan and shall incorporate, as appropriate, into the Town's development review, subdivision review, capital planning, comprehensive planning, grant preparation, and long-range planning processes.

The Planning Director may recommend administrative updates, technical corrections, mapping updates, implementation schedules, capital priorities, or substantive amendments to the Plan when necessary to respond to changing conditions, development patterns, population growth, recreational needs, or changes in applicable law.

Any substantive amendment requiring legislative action shall be presented to the Planning and Zoning Commission and Town Council in accordance with applicable law and Town procedures.

SECTION 9. PERIODIC REVIEW

The Town shall periodically review the Parks, Recreation and Open Space Master Plan to evaluate implementation progress, changing demographic conditions, development patterns, facility needs, capital priorities, and applicable funding or grant requirements.

Nothing herein prevents the Town Council from reviewing or amending the Plan at an earlier time when determined to be in the public interest.

SECTION 10. NO CREATION OF PRIVATE RIGHTS

The Parks, Recreation and Open Space Master Plan is a policy and planning document. Except where a requirement is separately established by ordinance or other applicable law, neither the Plan nor this Ordinance shall be construed to create a private cause of action, vested right, development entitlement, contractual obligation, or obligation requiring the Town to acquire property, construct a facility, or expend public funds.

SECTION 11. SEVERABILITY

Should any section, subsection, sentence, clause, phrase, or provision of this Ordinance or the Plan adopted hereby be held unconstitutional, illegal, invalid, or unenforceable by a court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this Ordinance, and the Town Council hereby declares that it would have adopted the remaining portions notwithstanding such invalidity.

SECTION 12. REPEALER

All ordinances, resolutions, policies, plans, or portions thereof in conflict with this Ordinance are hereby repealed to the extent of such conflict only.

Except as expressly amended or superseded by this Ordinance, all other ordinances, regulations, plans, and policies of the Town shall remain in full force and effect.

SECTION 13. PROPER NOTICE AND OPEN MEETINGS

It is hereby officially found and determined that the meeting at which this Ordinance was considered and adopted was open to the public as required by law and that public notice of the time, place, and purpose of said meeting was given as required by the Texas Open Meetings Act and other applicable law.

The Town Council further finds that all notices, hearings, reviews, and recommendations required for adoption of this amendment were provided or conducted in accordance with applicable law and Town requirements.

SECTION 14. EFFECTIVE DATE

This Ordinance shall take effect immediately upon its passage, approval, and adoption, and upon completion of any publication or other procedural requirement required by the Town Charter or applicable law.

ORDINANCE NO. 0325

2027 BUDGET AMENDMENT NO. 01

AN ORDINANCE AMENDING ORDINANCE NO. 0325 (AMENDMENT NO. 01) OF THE TOWN OF HORIZON CITY, ADOPTING THE MUNICIPAL BUDGET FOR THE 2027 FISCAL YEAR, TO ALLOW FOR THE TRANSFER $16,625.00 FROM THE BUILDING SERVICES DEPARTMENT TO THE PLANNING DEPARTMENT TO PROVIDE FOR THE RE-ALIGNMENTOF RESPONSIBILITES AND STAFFING IN THOSE DEPARTMENTS; AND PROVIDING REPEALER AND SEVERABILITY CLAUSES.

.

WHEREAS, Ordinance No. 0325 was enacted on the 8th day of September 2026, which adopted a budget for the fiscal year of October 1, 2026, to September 30, 2027, for the Town of Horizon City; and

WHEREAS, it is now necessary to amend said budget for municipal purposes to establish the funding for contract services in the finance department, as this funding and expenditures necessary to provide financial services were not included in the budget.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE TOWN OF HORIZON CITY, that:

1. FINDINGS OF FACT

The foregoing recitals are incorporated into this Ordinance by reference as findings of fact as if expressly set forth herein.

2. BUDGET AMENDMENT

That funds shall be transferred, as set forth in Attachment "A", for the above-stated purpose.

3. REPEALER

To the extent reasonably possible, ordinances are to be read together in harmony. However, all ordinances, or parts thereof, that are in conflict or inconsistent with any provision of this Ordinance are hereby repealed to the extent of such conflict, and the provisions of this Ordinance shall be and remain controlling as to the matters regulated herein.

4. SEVERABILITY

Should any of the clauses, sentences, paragraphs, sections, or parts of this Ordinance be deemed invalid, unconstitutional, or unenforceable by a court of law or administrative agency with

jurisdiction over the matter, such action shall not be construed to affect any other valid portion of this Ordinance.

5. PROPER NOTICE & MEETING

This budget amendment shall be in file with the City Clerk for public inspection. It is hereby officially found and determined that the meeting at which this Ordinance was passed was open to the public, and that public notice of the time, place and purpose of said meeting was given as required by the Open Meetings Act, Texas Government Code Chapter 551. Notice was also provided as required by Chapter 52 of the Texas Local Government Code.

PASSED & APPROVED this, the _____ day of _____, 2027, by a vote of ___ (*ayes*) to ___ (*nays*) to ___ (*abstentions*) of the City Council of Horizon City, Texas.
