Topic: Resolution Regarding Period of Prayer and Reading of Religious Texas During the School Day

Submitted by: Dr. Melissa Kates, General Counsel

Approved for Transmittal: 

Board Meeting Date: 2/17/2026

Recommendation:

The Administration does not recommend adoption of a resolution under Senate Bill 11. SB 11 was enacted by the 89th Texas Legislature and requires each Texas school board to take a record vote on or before March 1, 2026, on whether to adopt a resolution authorizing a period of prayer and reading of religious text during the school day pursuant to Texas Education Code § 25.0823.

Students' rights to religious expression before, during, and after school are well established, and the District has policies and practices in place to protect those rights. Existing state and federal law, along with Grand Prairie ISD Board Policy FNA (Legal) and (Local), already permit students to engage in prayer, read religious texts, and express religious beliefs on school property and during the school day in compliance with constitutional requirements. Therefore, the period of prayer is not needed since students already have this right to pray during the school day.

Adoption of a resolution under Texas Education Code § 25.0823 would not expand these existing rights and is not necessary for their continued exercise. Accordingly, the Administration recommends that the Board decline to adopt the proposed resolution.

Rationale:

The Texas Education Code § 25.0823 does not mandate adoption of such a resolution but requires the board to formally consider and vote on the matter. If the board elects to adopt a resolution, any period of prayer and religious reading must strictly comply with Texas Education Code § 25.083. If adopted, the period of prayer must comply with Texas Education Code § 25.083, including the following requirements: (1) parental submission of written consent waiving Establishment Clause claims; (2) prayer and religious reading may not occur in the presence or hearing of any non-consenting individual; and (3) participation must be limited to segregated settings, before the school day, or through methods recommended by the Texas Attorney General or district legal counsel.

Budget Information:

No budgetary impact.

First Amendment

A district shall take no action respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition a board for a redress of grievances.
U.S. Const. Amend. I

Freedom of Speech

Students do not shed their constitutional rights to freedom of speech or expression at the schoolhouse gate. At school and school events, students have First Amendment rights, applied in light of the special characteristics of the school environment.

Student expression that is protected by the First Amendment may not be prohibited absent a showing that the expression will materially and substantially interfere with the operation of the school or the rights of others.

Tinker v. Des Moines Indep. Cmty. Sch. Dist., 393 U.S. 503 (1969)
[See also FNCI]

The special characteristics of the school environment and the governmental interest in stopping student drug abuse allow a district to restrict student expression that it reasonably regards as promoting illegal drug use. *Morse v. Frederick*, 551 U.S. 393 (2007)

When a student threatens violence against a student body, such specific threatening speech to a school or its population is unprotected by the First Amendment: school officials may punish such speech without first collecting evidence sufficient to prove a reasonable belief that disruption would occur as a result of the speech. *Ponce v. Socorro Indep. Sch. Dist.*, 508 F.3d 765 (5th Cir. 2007)

The inculcation of fundamental values necessary to the maintenance of a democratic society is part of the work of the school. The First Amendment does not prevent school officials from determining that particular student expression is vulgar and lewd, and therefore contrary to the school's basic educational mission. *Bethel Sch. Dist. No. 403 v. Fraser*, 478 U.S. 675 (1986)

Public schools may have a special interest in regulating some off-campus student speech, however, the interest must be sufficient to overcome the student's interest in free expression. Circumstances that may implicate a school's regulatory interests include serious or severe bullying or harassment targeting particular individuals; threats aimed at teachers or other students; the failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities; and breaches of school security devices. *Mahanoy Area School District v. B.L.*, 141 S.Ct. 2038 (2021)

*Prayer at School
Activities*

A public school student has an absolute right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt the instructional or other activities of the school. A student shall not be required, encouraged, or coerced to engage in or refrain from such prayer or meditation during any school activity.
Education Code 25.901

Nothing in the Constitution as interpreted by the U.S. Supreme Court prohibits any public school student from voluntarily praying at any time before, during, or after the school day. But the religious liberty protected by the Constitution is abridged when a district affirmatively sponsors the particular religious practice of prayer.

A district shall not adopt a policy that establishes an improper majoritarian election on religion and has the purpose and creates the perception of encouraging the delivery of prayer at a series of important school events.

Santa Fe Indep. Sch. Dist. v. Doe, 530 U.S. 290 (2000) (addressing school-sponsored, student-led prayer delivered over the public address system at high school football games) [For invocations and benedictions at commencement, see FMH.]

Federal Funds

As a condition of receiving federal funds under the Elementary and Secondary Education Act (ESEA), a district shall certify in writing to the Texas Education Agency (TEA) that no policy of the district prevents, or otherwise denies participation in, constitutionally protected prayer in public schools, as detailed in the guidance from the United States secretary of education regarding constitutionally protected prayer. The certification shall be provided by October 1 of each year.

By November 1 of each year, TEA shall report to the secretary a list of districts that have not filed the certification or against which complaints have been made to TEA that the district is not in compliance with this section. The secretary may issue and secure compliance with rules or orders with respect to a district that fails to certify, or is found to have certified in bad faith, that no policy of the district prevents, or otherwise denies participation in, constitutionally protected prayer in public schools.

20 U.S.C. 7904

**Expression of
Religious Viewpoints**

A district shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious view-

point expressed by the student on an otherwise permissible subject. *Education Code 25.151*

Policies

A district shall adopt and implement a local policy regarding a limited public forum and voluntary student expression of religious viewpoints. If a district voluntarily adopts and follows the model policy governing voluntary religious expression in public schools at Education Code 25.156, the district is in compliance with the provisions of Education Code Chapter 25, Subchapter E covered by the model policy.

A district shall adopt a policy that includes the establishment of a limited public forum for student speakers at all school events at which a student is to publicly speak. The policy regarding the limited public forum must also require a district to:

1. Provide the forum in a manner that does not discriminate against a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject;
2. Provide a method, based on neutral criteria, for the selection of student speakers at school events and graduation ceremonies;
3. Ensure that a student speaker does not engage in obscene, vulgar, offensively lewd, or indecent speech; and
4. State, in writing, orally, or both, that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the district.

Student expression on an otherwise permissible subject may not be excluded from the limited public forum because the subject is expressed from a religious viewpoint.

Disclaimer

The disclaimer required by item 4, above, must be provided at all graduation ceremonies. A district must continue to provide the disclaimer at any other event in which a student speaks publicly for as long as a need exists to dispel confusion over the district's non-sponsorship of the student's speech.

Education Code 25.152, .155

Class Assignments

Students may express their beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of their submissions. Homework and classroom assignments must be judged by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns identified by a district. Students may not be

penalized or rewarded on account of the religious content of their work. *Education Code 25.153*

[For information on the study of religion, see EMI. For information on student religious groups and activities, see FNAB.]

**Patriotic
Observances**

A district may officially encourage students to express love for the United States by reciting historical documents or singing official anthems that contain religious references; such patriotic or ceremonial occasions do not constitute a school-sponsored religious exercise. *Engel v. Vitale, 370 U.S. 421 (1962)*

A district shall not, however, compel students to participate in patriotic observances. *West Virginia State Bd. of Educ. v. Barnette, 319 U.S. 624 (1943) (holding unconstitutional a requirement that students salute the United States flag and recite the Pledge of Allegiance)*

[See EC for more information regarding the pledge of allegiance.]

Winter Celebrations

A district may educate students about the history of traditional winter celebrations, and allow students and district staff to offer traditional greetings regarding the celebrations, including:

1. "Merry Christmas";
2. "Happy Hanukkah"; and
3. "Happy holidays."

A district may display on school property scenes or symbols associated with traditional winter celebrations, including a menorah or a Christmas image such as a nativity scene or Christmas tree, if the display includes a scene or symbol of more than one religion or one religion and at least one secular scene or symbol.

A display relating to a traditional winter celebration may not include a message that encourages adherence to a particular religious belief.

**Student Expression
of Religious
Viewpoints**

The District shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and shall not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

**Student Speakers at
Nongraduation
Events**

The District hereby creates a limited public forum for student speakers at all school events at which a student is to publicly speak. For each speaker, the District shall set a maximum time limit reasonable and appropriate to the occasion.

For purposes of this policy, a "school event" is a school-sponsored event or activity that does not constitute part of the required instruction for a segment of the school's curriculum, whether the event takes place before, during, or after the school day.

For purposes of this policy, "to publicly speak" means to address an audience at a school event at which a student is expected to use the student's own words. A student is not using his or her own words when the student is reading or performing from an approved script, book, or performance piece; is reading or performing under a prescribed set of rules in a competition, curriculum-related school event, noncurriculum-related school event, or classroom discussion; is delivering a message that has been written or scripted by school officials; or is making brief introductions or announcements written by school officials.

Introductory
Speakers

Student speakers shall be given a limited public forum to introduce events as annually designated by the campus principal.

The forum shall be limited in the manner provided by this section on nongraduation events.

*Eligibility and
Selection*

Students are eligible to use the limited public forum if they:

1. Volunteer, and
2. Are not in a disciplinary placement (on-campus suspension, off-campus suspension, DAEP, or expulsion) at the time of the speaking event.

Eligible students who wish to volunteer shall submit their names to the campus principal during an announced period of not less than three school days at the beginning of the school year. Students are not eligible to volunteer if they are in a disciplinary placement during any part of the announced sign-up period. If there are no student volunteers, the District shall seek volunteers again at the beginning of the next semester.

STUDENT RIGHTS AND RESPONSIBILITIES
STUDENT EXPRESSION

FNA
(LOCAL)

The names of the students who volunteer to speak shall be randomly drawn until all names have been selected; the names shall be listed in the order drawn.

*Assignment of
Introductory
Speakers*

Each selected student shall be matched chronologically to the single event for which the student shall give the introduction. The list of student speakers shall be chronologically repeated as needed, in the same order. If no students volunteer or if the selected speaker declines or becomes ineligible, then the next student on the list may be offered the opportunity, or no student introduction will be made at the event.

*Content of
Student
Introductions*

The subject of the student introductions shall relate to the purpose of introducing the designated event. The student must stay on the subject. The student may not engage in speech that:

- Is obscene, vulgar, offensively lewd, or indecent;
- Creates reasonable cause to believe that the speech would result in material and substantial interference with school activities or the rights of others;
- Promotes illegal drug or alcohol use;
- Violates the intellectual property rights, privacy rights, or other rights of another person;
- Contains defamatory statements about public figures or others;
- Advocates imminent lawless action and is likely to incite or produce such action; or
- Constitutes fighting words or true threats which inflict injury, threaten violence, or breach the peace.

The District shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and shall not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

Disclaimer

For as long as there is a need to dispel confusion over the fact that the District does not sponsor the student's speech, at each event in which a student shall deliver an introduction, a disclaimer shall be stated in written or oral form, or both, such as, "The student giving the introduction for this event is a volunteering student selected on the basis of neutral criteria to introduce the event. The content of the introduction is the private expression of the student and does

not reflect the endorsement, sponsorship, position, or expression of the District."

Other Student
Speakers

Certain students who have attained special positions of honor in the school have traditionally addressed school audiences from time to time as a tangential component of their achieved positions of honor, such as the captains of various sports teams, student council officers, class officers, homecoming kings and queens, prom kings and queens, and the like, and have attained their positions based on neutral criteria. Nothing in this policy eliminates the continuation of the practice of having these students, regardless of grade level, address school audiences in the normal course of their respective positions. The District shall create a limited public forum for the speakers and shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and shall not discriminate against a student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

**Student Speakers at
Graduation
Ceremonies**

Opening and
Closing Remarks

The District hereby creates a limited public forum consisting of an opportunity for a student to speak to begin graduation ceremonies and another student to speak to end graduation ceremonies. For each speaker, the District shall set a maximum time limit reasonable and appropriate to the occasion.

The forum shall be limited in the manner provided by this section on student speakers at graduation.

Eligibility

Only students who are graduating and who hold one of the following positions of honor based on neutral criteria shall be eligible to use the limited public forum: senior class president, student council president, and the top five academically ranked graduates. A student who shall otherwise have a speaking role in the graduation ceremonies is ineligible to give the opening and closing remarks. Students who are eligible shall be notified and given an opportunity to volunteer. Students are not eligible to volunteer if they were in a disciplinary placement during any part of the spring semester.

The names of the eligible students who volunteer shall be randomly drawn. The student whose name is drawn first shall give the opening and the student whose name is drawn second shall give the closing.

*Content of
Opening and
Closing Remarks*

The topic of the opening and closing remarks shall be related to the purpose of the graduation ceremony and to the purpose of marking the opening and closing of the event; honoring the occa-

sion, the participants, and those in attendance; bringing the audience to order; and focusing the audience on the purpose of the event.

Other Student
Speakers

In addition to the students giving the opening and closing remarks, the valedictorian and salutatorian may have speaking roles at graduation ceremonies. For each speaker, the District shall set a maximum time limit reasonable and appropriate to the occasion and to the position held by the speaker. For this purpose, the District creates a limited public forum for these students to deliver the addresses. The subject of the addresses shall be related to the purpose of the graduation ceremony, marking and honoring the occasion, honoring the participants and those in attendance, and the student's perspective on purpose, achievement, life, school, graduation, and looking forward to the future.

The student shall stay on the subject, and the student shall not engage in speech that:

- Is obscene, vulgar, offensively lewd, or indecent;
- Creates reasonable cause to believe that the speech would result in material and substantial interference with school activities or the rights of others;
- Promotes illegal drug use;
- Violates the intellectual property rights, privacy rights, or other rights of another person;
- Contains defamatory statements about public figures or others;
- Advocates imminent lawless action and is likely to incite or produce such action; or
- Constitutes fighting words or true threats which inflict injury, threaten violence, or breach the peace.

The District shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the District treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and shall not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

Disclaimer

A written disclaimer shall be printed in the graduation program that states, "The students who shall be speaking at the graduation ceremony were selected on the basis of neutral criteria to deliver messages of the students' own choices. The content of each student

speaker's message is the private expression of the individual student and does not reflect the endorsement, sponsorship, position, or expression of the District."

**Religious
Expression in Class
Assignments**

A student may express his or her beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of the student's submission. Homework and classroom work shall be judged by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns identified by the school. A student shall not be penalized or rewarded because of religious content. If a teacher's assignment involves writing a poem, the work of a student who submits a poem in the form of a prayer (for example, a psalm) should be judged on the basis of academic standards, including literary quality, and not penalized or rewarded because of its religious content.

**Freedom to Organize
Religious Groups
and Activities**

Students may organize prayer groups, religious clubs, "see you at the pole" gatherings, and other religious gatherings before, during, and after school to the same extent that students are permitted to organize other noncurricular student activities and groups. [See FNAB] Religious groups shall be given the same access to school facilities for assembling as is given to other noncurricular groups, without discrimination based on the religious content of the group's expression. If student groups that meet for nonreligious activities are permitted to advertise or announce the groups' meetings, for example, by advertising in a student newspaper, putting up posters, making announcements on a student activities bulletin board or public address system, or handing out leaflets, school authorities shall not discriminate against groups that meet for prayer or other religious speech. School authorities may disclaim sponsorship of noncurricular groups and events, provided the disclaimer is administered in a manner that does not favor or disfavor groups that meet to engage in prayer or other religious speech.

**RESOLUTION OF THE BOARD OF TRUSTEES OF
GRAND PRAIRIE INDEPENDENT SCHOOL DISTRICT**

WHEREAS, the Board of Trustees (the “Board”) of the Grand Prairie Independent School District (the “District”) is authorized by § 11.51 of the Texas Education Code (“TEC”) to govern and oversee the management of the public schools in the District; and

WHEREAS, Grand Prairie ISD endured inclement weather during the 2025-2026 school year and, for the safety of all students and staff, closed school facilities because of bad weather for four days during the week of January 26, 2026; and

WHEREAS, the vast majority of employees were directed to not come to work on those weather affected days, and the Board believes there is a public purpose for paying employees for missed workdays that will not be made up; and

WHEREAS, the public purpose for payment of employees for the workdays missed during the week of January 26, 2026, would include increased morale, reduction of employee turnover, reducing the District’s exposure to possible unemployment or Fair Labor Standards Act claims, and equitable treatment of all employees.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE GRAND PRAIRIE INDEPENDENT SCHOOL DISTRICT:

RESOLVED, the Board of Trustees finds that the public interest will be served by paying all employees, including substitutes working in a TRS eligible vacant position, who were idled due to the unexpected closure of the District due to bad weather for four missed workdays during the week of January 26, 2026, that will not be made up.

RESOLVED, the Board authorizes and directs the Superintendent to pay all employees, including substitutes working in a TRS eligible vacant position, for a regular duty day pursuant to Grand Prairie ISD Board Policy for the unexpected closure of the District due to bad weather, including those employees who were idle and not working those days that will not be made up.

RESOLVED, the Board authorizes and directs the Superintendent to pay employees who were required to work during the bad weather storm which caused an emergency closing as declared by a federal, state, or local official or the Board, at the rate of two times their regular hourly rate of pay for those hours only. The Superintendent shall approve payments and ensure that accurate time records are kept of actual hours worked during emergency closings.

RESOLVED, the Board of Trustees hereby (1) determines that these payments serve a public purpose, (2) retains sufficient control over the expenditures to ensure a public purpose is served, and (3) is confident the District will receive a return benefit.

RESOLVED, this resolution does not establish ongoing policy and Grand Prairie ISD is under no obligation to pay employees for any other days not worked.
