Land Acknowledgement

We acknowledge Robbinsdale Area Schools is located on the homelands of the Dakota and Ojibwe people.

We recognize the painful history of genocide and forced assimilation of the Indigenous inhabitants of this land.

31

We honor and respect the many Indigenous peoples who live on and hold sacred these lands, and we stand with members of these Nations to fight injustice in all of its forms.

We uphold the preservation of Dakota and Ojibwe languages, land based education, and tribal sovereignty.

Timeline to Reimagine Rdale

Running parallel to the important work of *Reimagine Rdale* is the pressing need to address a \$21 million budget shortfall. While we **have** to make difficult decisions to balance the budget, we also **get** to take this opportunity to redesign and reimagine Robbinsdale Area Schools for a stronger future.

Vision 2030 Team: Guiding Change

Guiding Change Document – Reimagine Rdale Vision 2030

This document serves to bring clarity to the roles of school board governance and administrator management. It clearly defines: the current reality of where we are at, the results of where we want to be and the unacceptable means – our values and principles that will not be infringed upon during the planning process.

Current Reality <i>The Why</i>	Unacceptable Means <i>The Not How</i>	Results <i>The What</i>
<ul style="list-style-type: none"> ● We must reduce the budget by \$21M for the FY26 budget. ● We will be in statutory operating debt as defined by the Minnesota Department of Education (MDE) by the end of 2025. ● Student academic outcomes are below acceptable levels. ● Rdale facilities are outdated and not suited for 21st century learning. ● Students, staff, and parents have expressed concerns about school and student safety. ● Rdale has experienced continuous enrollment declines. ● The needs of our students have shifted, and the demands on the school district have increased. ● We cannot cut our way out of these challenges, and we have an opportunity to create a better district. <p style="text-align: center;">Document link</p>	<ul style="list-style-type: none"> ● Do not propose a plan that creates inequities in learning opportunities. ● We will not create recommendations that are not sustainable, feasible, and desirable. ● Will not propose recommendations that go against state statute. ● We will not be “single agenda driven” or special interest focused and instead will seek recommendations that are best for all students and the district as a whole. 	<ul style="list-style-type: none"> ● Determine academic priorities and models that will enhance the school experience and success of our students. ● Design and provide students with academic programming that is engaging and relevant. ● Create a system that supports strategic enrollment decisions. ● Establish financial stability in the next several years. ● Develop a 5-year plan to address statutory operating debt as defined by the Minnesota Department of Education (MDE). ● Determine recommendations for investments in facilities and infrastructure. ● Utilize resources that allow for flexibility and innovation while staying within fiscal restraints. ● Maintain taxpayers trust by providing ongoing communication and frequent updates regarding all aspects of the district’s finances. ● Invest in staff success through recruitment, development, and retention of high-quality employees.

Our Community's Voice

For *Reimagine Rdale* to succeed, we need to hear from our community. Our goal is to **engage 50,000 voices** through our survey, community events, and the *Vision 2030 Team*.

**YOUR VOICE MATTERS TO OUR
PRESENT AND OUR FUTURE!**

The future of work: Will our students be prepared?

Borrowing from World Cafe process

1. *Setting*: Create a “focused” environment
2. *Welcome and Introduction*
3. *Small-Group Rounds*
4. *Questions*: each round is prefaced with a question specially crafted for the specific context and desired purpose
5. *Harvest*

World Cafe Question #1

If we were leaving Earth and setting up our communities on a different planet, knowing what we know now about technology, how people learn, and what they need to be happy, proud, and successful, and we are not confined to current space, or traditions, or *“the way it has always been,”* what could schooling look like?
What if...?

World Cafe Question #2

As you help reimagine and seek ways to improve, what do you believe we need to be paying attention to and/or maintaining because it is working for our students at Rdale?

World Cafe Question #3

We will be using your input to create a Profile of an Rdale Learner: a guide that articulates district-wide aspirations and success measures⁶⁰ regarding the knowledge, skills, and attributes students need to pursue individual dreams and to positively impact their learning community while with us and the global world upon graduation. What are those success measures?
