2026-27 PRIORITIES

STRATEGIC PLAN

A

Academic Achievement

Academic core/universal instruction (Tier 1) as the foundation of a multi-tiered system of supports (MTSS) will be strengthened for students in all programs throughout the district to ensure the following:

- A guaranteed and viable, culturally relevant curriculum
- Access to high-quality instruction
- The implementation of Rdale Portrait of Our Learner

B

Student Engagement and Wellness

A social-emotional learning (SEL) curriculum as the Tier 1 foundation of a multi-tiered system of supports (MTSS) for all students will be reviewed, and an implementation plan will be developed inclusive of the following:

- Create and implement consistent district-wide systems and practices as well as provide training and coaching to support staff and students
- Use data to monitor and improve student connections and sense of belonging, attendance; behavior; and sense of safety and security

C

Collaboration and Partnerships

Strategies and plans to increase engagement and strengthen trust, communication, and partnership across Robbinsdale Area Schools will be implemented to contribute to student success through the following:

- Increase two-way communication with, and responsive to, students, families, staff and community through district and school communication plans and feedback loops that inform practices and improvements
- Expand the inclusion and influence of multiple perspectives and voices as the foundation of a multi-tiered system of supports (MTSS) through authentic family engagement opportunities at all schools

D

Staff Investment and Impact

Foster a welcoming, inclusive, and accountable culture where all staff feel valued, supported, and empowered to contribute to student success by implementing the following:

- Invest in and support staff by providing professional development, clear expectations, and consistent documented systems to operationalize roles and responsibilities
- Align all department continuous improvement plans and school improvement plans to ensure shared responsibility and accountability for improved student and district outcomes

Approved by the School Board on July 20, 2026

CDF Freedom Schools® Program

Modeled after the intergenerational servant leadership approach used during the Mississippi Freedom Summer Project of 1964 which brought college students from around the country to Mississippi to secure justice and voting rights for Black citizens.

Reborn under the leadership of Marian Wright Edelman and the Children's Defense Fund's Black Community Crusade for Children as "parallel institutions" to provide complementary learning support.

30

The first official CDF Freedom School sites were open in Bennettsville, South Carolina, and Kansas City, Missouri in 1995. The after-school model was implemented Post-Katrina in Mississippi and Louisiana to serve displaced and affected families.

Freedom Schools

The CDF Freedom School program provides summer and after-school enrichment through a research-based, multicultural curriculum model that supports children and families through five essential components:

- Academic and character-building enrichments
- Parental and family involvement
- Civic engagement and social action
- Intergenerational servant leadership development
- Nutrition, health and mental health

31

Freedom Schools learning model

Harambee:

- Opening chants
- Read aloud
- Motivational song
- Cheers and chants
- Recognitions
- Moment of silence
- Announcements

Re: 2025-2027 Tentative Agreement - Education Assistants

RECOMMENDATION:

The District Administration is recommending the approval of a two-year education assistant contract with the effective dates being July 1, 2025 through June 30, 2027.

Financial Package

- The salary increase for 2025-2026 will be 0%
- The salary increase for 2026-2027 will be 3%
- Salary increase will be retroactive back to July 1, 2026.
- Insurance increases \$50/month starting September 1, 2026.

Non-Economics

The articles in **red** are additions or revisions to the contract.

1-3-3 Class 4 – Security Education Assistant

Supervision of Security Education Assistants shall be through a collaborative partnership between the Director of Risk Management, Director of Security and Building Administration. Security EAs shall be required to fulfill the job duties outlined on the job description and complete twenty (20) hours of annual training which may happen during workshop week. New security EAs will be required to attend forty (40) hours of training within the first year and up to 20 hours of training may be done during workshop week. The 20 hours of annual training does not prohibit security education assistants from utilizing the 16 hours of professional development in 5-8-1.

1-7 Gender Neutrality

It is the intent of the parties that this agreement be gender neutral and any reference or designation to gender is intended to include all genders.

1-8 Domestic Partner and Family Configuration

It is the intent of the parties that this agreement reflect the full array of family configurations. The terms "partner" and "spouse" are understood to include "husband," "wife," and "domestic partner" but are not exclusive of other partnerships. Immediate family as used within this agreement means "spouse", or "partner" "parents", "siblings", "children or dependants", "grandparents", "grandchildren", "in-law relatives", or a family member living in the immediate household of the employee. The terms "children", or "dependants", shall mean the biological, adopted, or foster child, stepchild, legal ward, or a child to whom the employee stands in loco parentis, regardless of age or dependency status. The term "parent" shall mean a biological, adoptive, or foster parent, stepparent, or legal guardian of an employee or the employee's partner or a person who stood in

loco parentis when the employee was a minor child."

5-1 Holidays

Education Assistants working twelve (12) hours or more per week will receive seven (7) paid holidays per year as follows: **If the school district starts school prior to Labor Day, Labor Day will be a paid holiday.** If school starts after Labor day, Memorial Day will be a paid holiday. Fall Professional Conference Day (usually the third Thursday and Friday in October), Thanksgiving Day, the Friday after Thanksgiving, Martin Luther King Day (third Monday in January as long as it is a non-student contact day for teachers), Presidents' Day, Monday after Easter, and Memorial Day. Part-time employees will be paid for holidays on a prorated basis, based on the number of hours assigned per week.

5-10 Building Schedules

Specific Education Assistant schedules will be determined by their Principal/Director/Supervisor. Education Assistants shall not be assigned to professional duties performed by teachers. In the event of an emergency, the building principal may temporarily assign Education Assistants to duties other than their regular duties.

To provide continuity to Education Assistant will be provided a schedule of daily tasks that includes a duty-free, state-mandated thirty (30)-minute unpaid lunch break and two (2) paid fifteen (15)-minute breaks. **In conjunction with an Education Assistant Supervisor, Building Leadership shall review and approve Education Assistant Building Schedules within the first month of the start of the new school year.**

5.16 Technology

The district shall provide Education Assistants with the technology, equipment and system access required to perform assigned job duties, including but not limited to communication, training. Education Assistants decline a device they must sign a waiver.

5-9-1 Professional Learning

Education Assistants may use Professional Learning hours at their discretion. The District shall maintain and provide a list of pre-approved Professional Learning opportunities on schoology, including online offerings and Community Education courses.

An Education Assistant who has exhausted their sixteen (16) hours of Professional Learning and wishes to participate in additional Professional Learning outside of the regular workday, directly related to their position, may do so with prior approval from the Building Principal or Program Director. Upon approval, all additional Employees using Professional Learning hours shall be compensated at the Education Assistant's regular hourly rate."

6-3-1 Notice of Layoff

Notwithstanding job title seniority, an Education Assistant who is an approved and actively participating apprenticeship candidate may be retained out of seniority order when necessary to

maintain continuity, compliance, or viability of an approved apprenticeship program.

Appendix B Vacation

A 52 week Adventure Club Education Assistant hired after July 1, 2026 will be eligible for two weeks of paid vacation. Vacation schedules are subject to the approval of the Adventure Club Site Supervisor in accordance with the policies and procedures adopted by the Adventure Club. All 52 week Adventure Club Education Assistants hired prior to June 30, 2026 will maintain their vacation eligibility based on the contract. Education Assistants with zero to ten (0-10) years of service shall receive two (2) weeks of paid vacation. Education Assistants with ten (10) or more years of service shall receive three (3) weeks of paid vacation and Education Assistants with twenty (20) or more years of service will receive four (4) weeks of paid vacation. RE: Review and Comment Discussion

Overview:

Under Minnesota Statutes, section 123B.71, a review and comment by the Minnesota Department of Education is required before the District conducts a referendum for bonds or solicits bids for a project.

A project proposal had been submitted to MDE for review and comment identifying that the Robbinsdale Area School District proposes to hold a referendum to address safety & security needs and enhanced academic space for programmatic growth. The referendum projects would consist of new and updated classroom space for academics, electrical, security updates and enhancements, athletic space & locker room improvements as well as food service space changes.

We included input from our community, as well as the expertise of various consultants and a community task force to arrive at the most responsible plan for our District. We will continue to encourage and support input from our community.

The referendum projects are separated into three questions that would be financed with 20-year general obligation bonds. The total amount including financing costs is \$413,000,000

The Robbinsdale Area School District Board of Education has approved this review and comment document at the June 15, 2026, board meeting. The Board also approved the resolution to go to referendum and set the final amount at their July 20th Board meeting for the November 3rd ballot date.

The capital referendum questions, as drafted, would read as follows:

SCHOOL DISTRICT QUESTION 1

APPROVAL OF SCHOOL BUILDING BONDS

Shall the school board of Independent School District No. 281 (Robbinsdale Area Schools) be authorized to issue general obligation school building bonds in an amount not to exceed \$343,000,000 to provide funds for the acquisition and betterment of school sites and facilities including, but not limited to: construction, renovation and expansion of Cooper High School; renovation of Plymouth Middle School including pool improvement; renovation of Sandburg Middle School including the decommission and repurposing of the pool; construction, renovation, and repurposing of Armstrong High School; expansion, renovation, and/or repurposing of elementary schools; construction of a storage garage for school district vehicles and equipment; and renovation and repurposing of other district sites and facilities to align facility use with enrollment and program needs, including early childhood?

BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE.

SCHOOL DISTRICT QUESTION 2

APPROVAL OF SCHOOL BUILDING BONDS

If School District Question 1 is approved, shall the school board of Independent School District No. 281 (Robbinsdale Area Schools) be authorized to issue general obligation school building bonds in an amount not to exceed \$17,000,000 to provide funds for the acquisition and betterment of school sites and facilities including, but not limited to: renovation and repurposing the pool area of Sandburg Middle School and construction thereon of a performing arts space; renovation and repurposing of Plymouth Middle School to house the Spanish Immersion and other district programs, and the construction of playgrounds at such site; and renovation and repurposing of Armstrong High School to house a middle school with capacity for 1,100 students, and other district-wide programs?

BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE.

SCHOOL DISTRICT QUESTION 3

APPROVAL OF SCHOOL BUILDING BONDS

If School District Question 1 and School District Question 2 are approved, shall the school board of Independent School District No. 281 (Robbinsdale Area Schools) be authorized to issue general obligation school building bonds in an amount not to exceed \$53,000,000 to provide funds for the acquisition and betterment of school sites and facilities including, but not limited to: construction of a new four-section neighborhood elementary school at the Robbinsdale Middle School site; and renovation and repurposing of district sites and facilities for educational programming and district-wide services?

BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING FOR A PROPERTY TAX INCREASE.

The District has received a positive review and comment from the Commissioner with respect to the projects.

This agenda item satisfies the statutory requirement under Minnesota Statutes, Section §123B.71, subdivision 12 of holding a public meeting to discuss the Commissioner's review and comment.

The District has published a summary of the commissioner's review and comment for the projects on September 10th in the District's legal newspaper, which is at least 48 days but not more than 70 days before the election.

Geographic Area to be served

Independent School District #281 is located approximately 10 miles northwest of the Minneapolis area. Robbinsdale Area School District serves the cities of Robbinsdale, New Hope, Crystal, Plymouth, Golden Valley, Brooklyn Center and Brooklyn Park. The district covers an area of 28 square miles and is in Hennepin County which contains approximately 1,280,000 residents

There are approximately 12,000 students in programs from pre-kindergarten through grade 12 housed in 19 buildings. Cooper High School, Robbinsdale Spanish Immersion (RSI) at Sunny Hollow, Sonnesyn Elementary, New Hope Learning Center, ESC, and Meadow Lake Elementary are located in New Hope. Armstrong High School, Pilgrim Lane Elementary, Zachary Lane Elementary, Plymouth Middle School are located in Plymouth. Forest Elementary, FAIR School Crystal and Neill Elementary are located in Crystal. Lakeview Elementary and Robbinsdale Middle School are located in Robbinsdale. Noble Elementary, Sandburg Middle School and School of Engineering and Arts (SEA) are located in Golden Valley. Northport Elementary is located in Brooklyn Center.

Neighboring school districts with contiguous borders include Minneapolis, Osseo, Hopkins, Wayzata and Brooklyn Center.

1. The geographic area and population to be served, (Continued)**STUDENT ENROLLMENT FOR THE PAST 5 YEARS**

Dr. Hazel Reinhardt conducted a demographic study of Robbinsdale Area Schools in February of 2025. This is from the executive summary:

Since 2014-2015 – Enrollment decline. Open enrollment both in and out a big factor in enrollment

- Robbinsdale Area Schools' enrollment (excluding Early Childhood and pre-K) decreased by 2,092 students or -19.7 percent
- The district's school age population decreased by 1,529 students or -10.1 percent
- The market share of the Robbinsdale Area Schools is 62.5 percent
- Nonresidents make up 17.0 percent of total enrollment in 2024-2025
- Enrollment is projected to decrease, ranging from 8,886 to 9,457 or -13.3 to -7.8 percent less than the 2024-25 enrollment of 10,253 students

Table 1 below shows this declining enrollment for ISD #281.

1. The geographic area and population to be served, (Continued)**STUDENT ENROLLMENT PROJECTION FOR THE NEXT 5 YEARS**

Also, from the demographic study projecting the future enrollment:

In ten years, that is, in 2034-2035 - Continued enrollment decline

- Robbinsdale Area Schools' enrollment (excluding Early Childhood and pre-K) is projected to decrease, ranging from 8,886 to 9,457 or -13.3 percent to -7.8 percent less than the 2024-2025 enrollment of 10,253 students
 - Most of the decrease is concentrated in the high school grades
- Kindergarten is projected to be smaller than the previous year's Grade 12, a continuation of the trend of the past ten years
- Net migration projected to be a small negative to a small positive

Table 2 below provides the 5-year enrollment projection for ISD #281. These projections, along with a space utilization study, are the impetus for right-sizing the # of schools within the district via this referendum.

Available Alternate Facilities

Aside from the 19 school buildings there is a bus garage that is 48,843 square feet. It was built in 1966. The District also leases warehouse space for district storage, and commercial space to house the Crystal Learning Center.

Based on the demographic projections and the district's ongoing operational budget challenges, the district is looking to consolidate and reduce its facilities footprint in an effort to increase efficiency and utilization.

Need for renovation

When meeting with district leadership, community members, and interviewing staff, the following items rose to the top of the list to correct:

1. Robbinsdale operates more buildings than needed
 - The district has declining enrollment
 - Since 1971, enrollment has dropped from 28,000 to just over 10,000
 - Since 2009, enrollment has dropped by 2,000 students
 - Utilization rates in the schools are very low
 - Listed in the previous section are the schools planned for closure for the 2026-2027 school year
 - For efficiency and cost savings, more schools need to be closed
 - The plan is to move from two high schools to one high school, to have fewer middle schools, and fewer elementary schools
 - To close more schools, small additions to the other sites are needed to house the additional students
2. Facilities are Outdated and Costly to Maintain
 - Need for building, technology, and materials to support 21st century learning
 - District facilities are outdated and no longer meet current or future needs
 - Updated facilities don't just support effective learning, but promote pride and belonging: two things every one of our students deserve
 - Without further investment, Robbinsdale Area Schools is at risk of falling further behind our main competitors in the preK-12 enrollment marketplace
3. Safety and Security:
 - Thirteen of the Robbinsdale Area School sites do not meet standards for a fully secure building
 - The percentage of students that feel safe in the restrooms has dropped significantly
 - Need for secure entries
 - Updates to restrooms for private restrooms with proper ADA access
 - Need for better access and flow
 - Need for safety improvements around buildings

4. Close magnet schools and have districtwide arts & innovation
 - Facility changes to support hands-on, project based, and outdoor learning
5. Physical Requirements for Every School Building
 - Flexible learning space that supports small group collaboration, project based learning, and individualized instruction
 - Special education classrooms
 - Dedicated art space
 - Dedicated music space
 - Outdoor learning opportunities, including green spaces, gardens, and hands-on science and environmental learning areas
 - Technology rich classrooms that ensure every student has the tools needed for 21st century success
 - Reliable air conditioning and heating
 - Community-centered facilities that serve not only our students, but also provide opportunities for partnerships, family engagement, and after school enrichment
 - Comprehensive security technologies – including secure entry systems, surveillance where appropriate, and advanced communication tools
 - Private single stall bathrooms
6. Increased Equity
 - a. At the elementary and middle school levels, every child would benefit from strong, consistent offerings – no matter which school they attend
7. Furniture and Equipment:
 - Lack of appropriate furniture, forcing staff to repurpose old or inadequate items.

The Process Used to Determine Deficiencies

The Robbinsdale Area School District has been investigating the current baseline of their facilities since 2024 as well as defining a long-term masterplan through community input.

Some of the effort that has been completed since February 2024 includes:

- Third-party assessment of the district's facilities in terms of deferred maintenance needs, space & programming assessment, enrollment analysis, and master plan options development.
- Reimagine Rdale: Vision 2030 Team Meetings – January 29, 2025, February 25, 2025, March 25, 2025, April 30, 2025, May 20, 2025, June 17, 2025, July 10, 2025, July 29, 2025, August 13, 2025, August 25, 2025, September 9, 2025, September 23, 2025
- Community Meetings – February 11, 2026, February 19, 2026, February 24, 2026, February 26, 2026, March 10, 2026, March 19, 2026, March 24, 2026, March 26, 2026
- Staff Meetings – February 3, 2026, February 4, 2026, February 10, 2026, February 13, 2026, February 19, 2026, February 20, 2026, February 24, 2026, February 25, 2026, February 26, 2026, February 27, 2026, February 28, 2026, March 3, 2026, March 4, 2026, March 7, 2026, March 11, 2026, March 13, 2026, March 17, 2026, March 20, 2026, March 25, 2026, March 27, 2026

- School Board Work Sessions – January 2025 - Present
- School Board Meetings – January 2025 - Present
- Community Polling – Fall 2025 and Spring 2026
- Board Approval of Review and Comment Submittal – June 15, 2026
- Board Approval of Resolution for Referendum – July 20, 2026

The following pages list all deficiencies the school board selected to include in the referendum delineated by renovation/repurposing and new construction projects.

Specific List of Deficiencies:**Q1**

- Renovate and expand existing the Cooper HS site and building to create a singular district high school for 3,000 students.
- Renovate Plymouth & Sandburg middle schools for enrollment of 1,100 students each & remodel for innovation, performing arts, small group and SPED program needs.
- Infill existing Sandburg pool and reprogram the space for DAPE & Phy. Ed. Renovate and expand the Plymouth pool for 8 lanes and correct diving well depth.
- Create a new office entrance at Armstrong HS site and reprogram/remodel the building to house Robbinsdale Spanish Immersion K-5 school, Highview alternative learning center, adult academic and community education programs, the district maintenance department and district technology department.
- Expand Zachary, Meadow Lake, Northport and Forest elementary schools to be 4-section neighborhood schools, and renovate to incorporate innovation, performing arts, small group, and SPED program needs.
- Renovate FAIR School-Crystal MS building to become a 4 section PK-5 neighborhood school.
- Expand and renovate Olson elementary to accommodate PreK and SPED classroom needs and become a 3-section neighborhood elementary school.
- Renovate Lakeview elementary to house the district's Robbinsdale Transitions 18+ SPED program and the Education Services Center.
- Construct a heated 20 stall storage garage for district vehicles & equipment at either the existing bus garage or Armstrong HS sites.
- Relocate the early childhood center to a surplus elementary site and redevelop the existing early learning site for high school fields.
- Divest of unused properties for highest and best use redevelopment.

Q2 - Contingent on Q1 passing

- Convert the pool area at Sandburg MS into a Theater in the Round performing arts space.
- Renovate/repurpose Plymouth MS for Robbinsdale Spanish Immersion K-5 school and Robbinsdale Transitions 18+ SPED programs and add playgrounds.
- Reprogram/remodel the Armstrong building to house a 1,100 student middle school, Highview alternative learning center, the district maintenance department and district technology department.

Q3 - Contingent on Q1 & Q2 passing

- Construct a new 4-section neighborhood elementary school at the Robbinsdale middle school site.
- Close and divest of the Lakeview elementary building & site
- Reprogram and repurpose FAIR School-Crystal to house the Education Services Center along with Robbinsdale Transitions 18+ SPED or adult academic & community education programs.

Specific Benefits that the Project Will Provide:**The Students:**

- Collaborative learning spaces: Students will have dedicated areas that promote collaboration, group work, and interactive learning, fostering teamwork and critical thinking skills.
- Safety and security: Students will benefit from enhanced safety measures, such as controlled access systems and surveillance cameras, creating a secure environment for learning.
- ADA accessibility: The facility will be fully accessible to students with disabilities, ensuring equal opportunities for learning and participation.
- Equitable Learning: Students will benefit from having from all of the schools having similar offerings
- Privacy restrooms and shower stalls.
- Flexible furniture for collaboration, small group, and different learning styles

The Teachers:

- Collaborative space for planning & instruction: Teachers will have dedicated areas to collaborate with colleagues, plan lessons, and share resources, fostering professional development and collaboration.
- New classroom flexible furniture: Upgraded furniture will allow teachers to create versatile learning spaces that can adapt to different teaching styles and student needs, enhancing engagement and flexibility.
- Safety and security: Staff will benefit from enhanced safety measures, such as controlled access systems and surveillance cameras, creating a secure environment for learning.

The Community Users Served by the Facility:

- Updated performing arts space: Renovated performing arts spaces will provide improved acoustics, seating, and stage equipment, enhancing the experience for performers and spectators alike.
- Single user restrooms for privacy

These specific benefits demonstrate the positive impact the project will have on students, teachers, and the wider community by providing improved facilities and conducive learning and engagement environments.

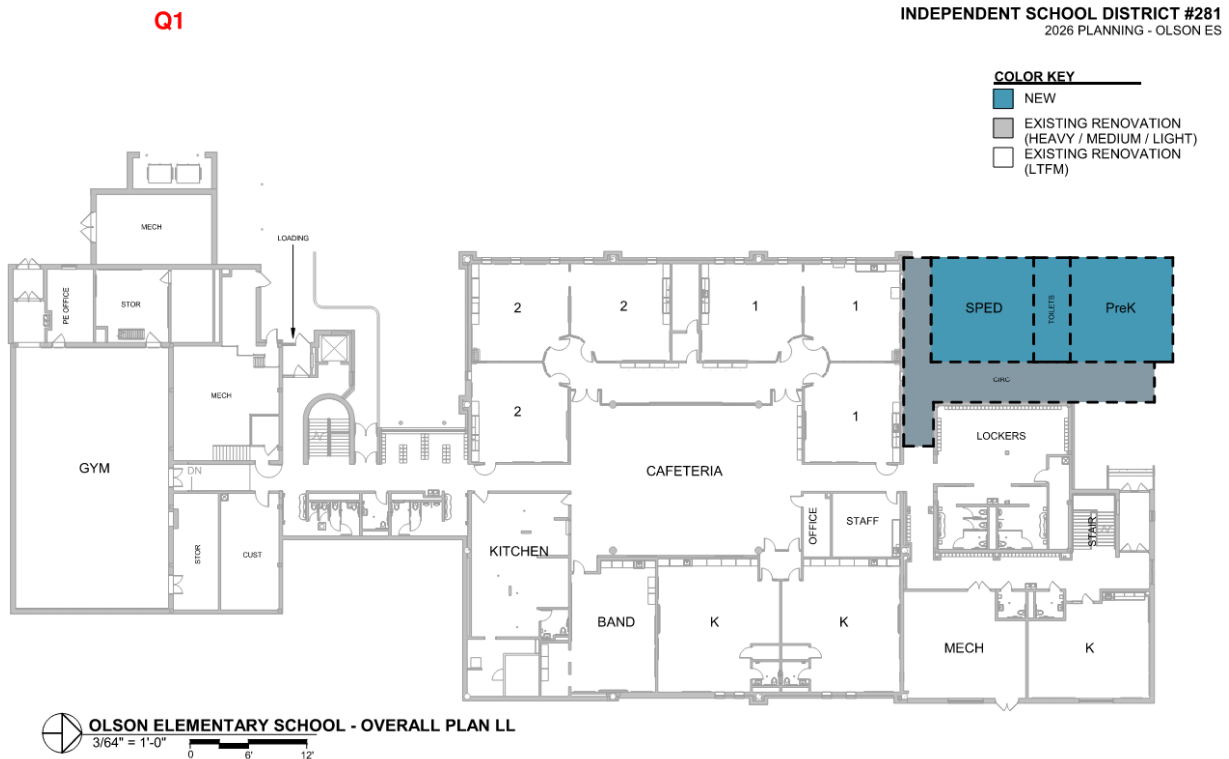

4. **A description of the project, including**
- specifications of site and outdoor space acreage,**
 - square footage allocations for classrooms, labs and support spaces,**
 - estimated expenditures for the project,**
 - estimated changes in facility operating costs,**
 - date(s) the project will begin and be completed.**

Description of the projects: The following pages contain conceptual floor plans for building additions and renovations. These concepts are likely to change during the post-referendum design process which will involve building stakeholders.

Question One:

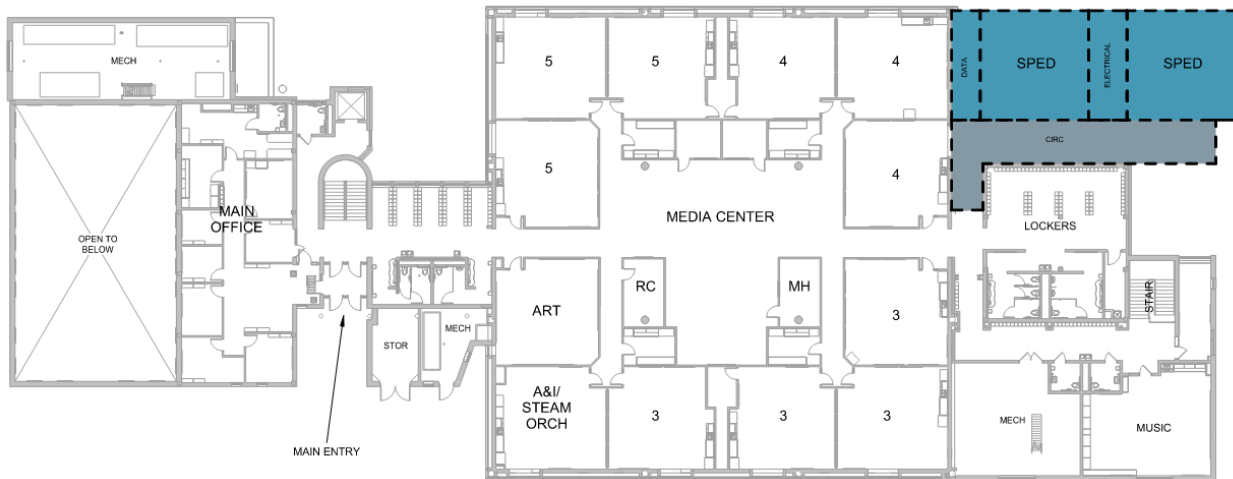

Olson Elementary: \$4,300,000

Currently, this site is 3 section K-5 building and it is anticipated that that will stay the same. Scope at this site includes a small addition of approximately 6,300 sf to add a Pre-Kindergarten classroom and some special education programming which currently do not have space at this site. It is anticipated that minimal interior renovation and minimal site improvements are needed.

2026 PLANNING - OLSON ES

OLSON ELEMENTARY SCHOOL - SITE PLAN
1" = 80'-0"
0 6' 12'

Forest Elementary: \$8,100,000

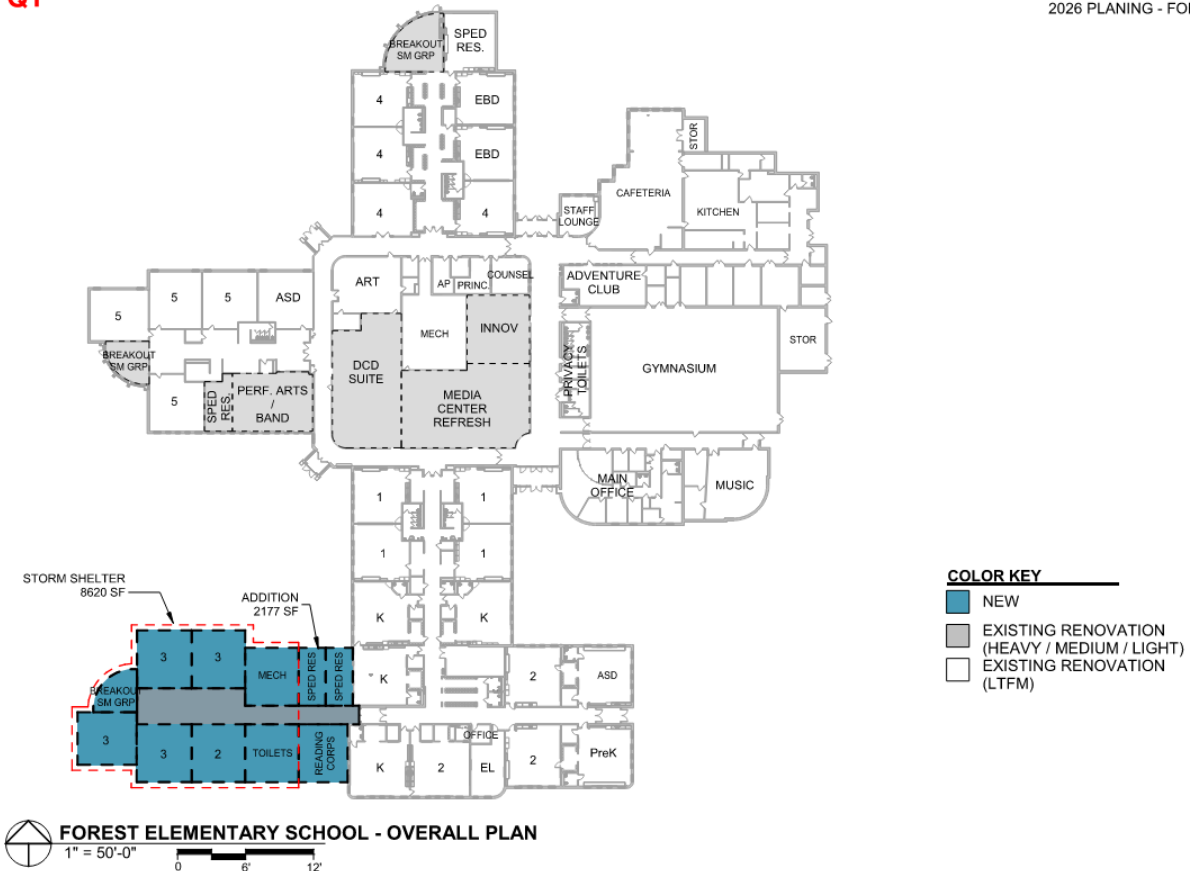

The primary scope at this facility is to build an addition of approximately 10,700 sf to add building capacity. This is so that the building will be able to house 4 sections of grades K-5. Currently, the building can accommodate 3 sections of each grade level. Additionally, the addition helps create space in the building for a pre-kindergarten classroom and some additional special education spaces.

Renovation scope includes remodeling spaces to accommodate specialists including an Innovation classroom and a Performing Arts classroom. Other planned renovation includes creating two DCD classrooms and supporting toilet space, renovating toilets for privacy, creating flexible learning spaces and renovating the media center to align with modern learning.

Primary scope for the site includes accommodating the addition in terms of stormwater, sidewalks etc.

2026 PLANING - FOREST ES

Q1

INDEPENDENT SCHOOL DISTRICT #281
2026 PLANING - FOREST ES

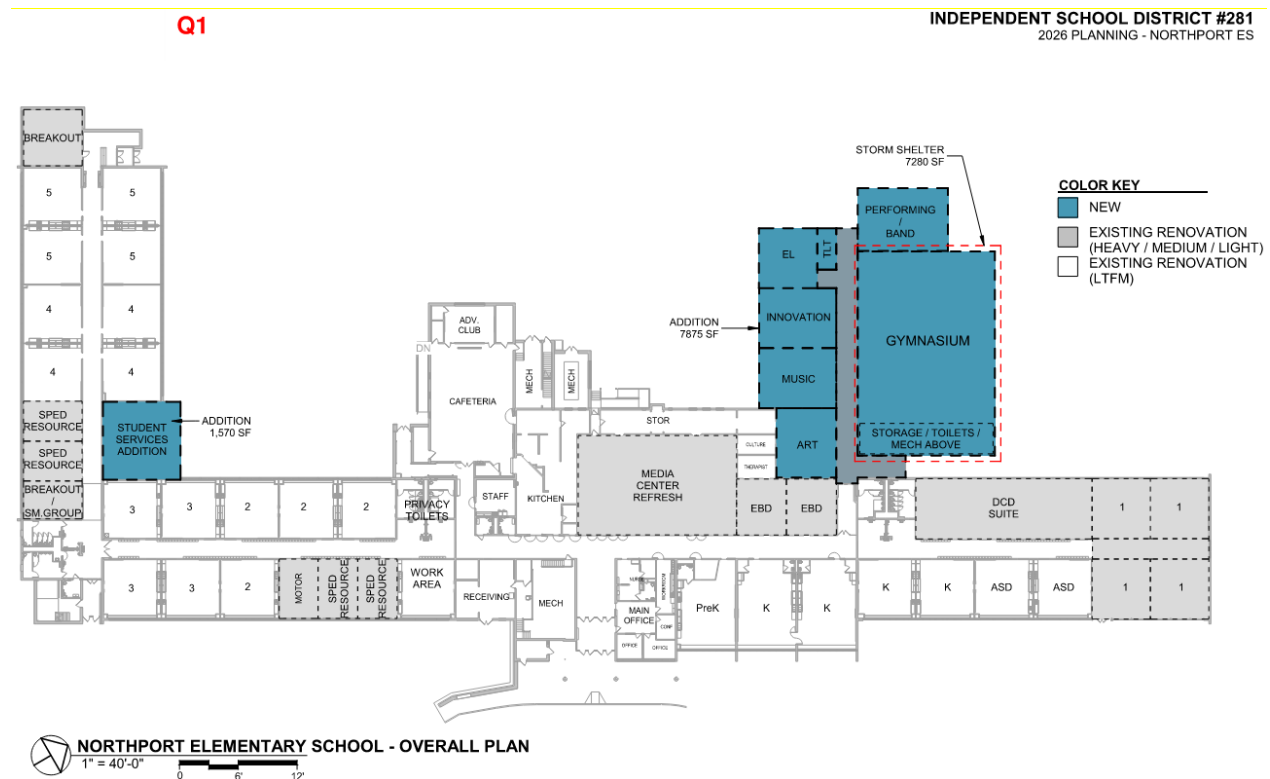

FOREST ELEMENTARY SCHOOL - SITE PLAN

Northport Elementary: \$13,700,000

The primary scope at this facility is to build an addition of approximately 16,800 sf to add building capacity. This is so that the building will be able to house 4 sections of grades K-5. Currently, the building can accommodate 3 sections of each grade level. The addition is planned to house primarily specialists which frees up space in the existing building to accommodate the added capacity.

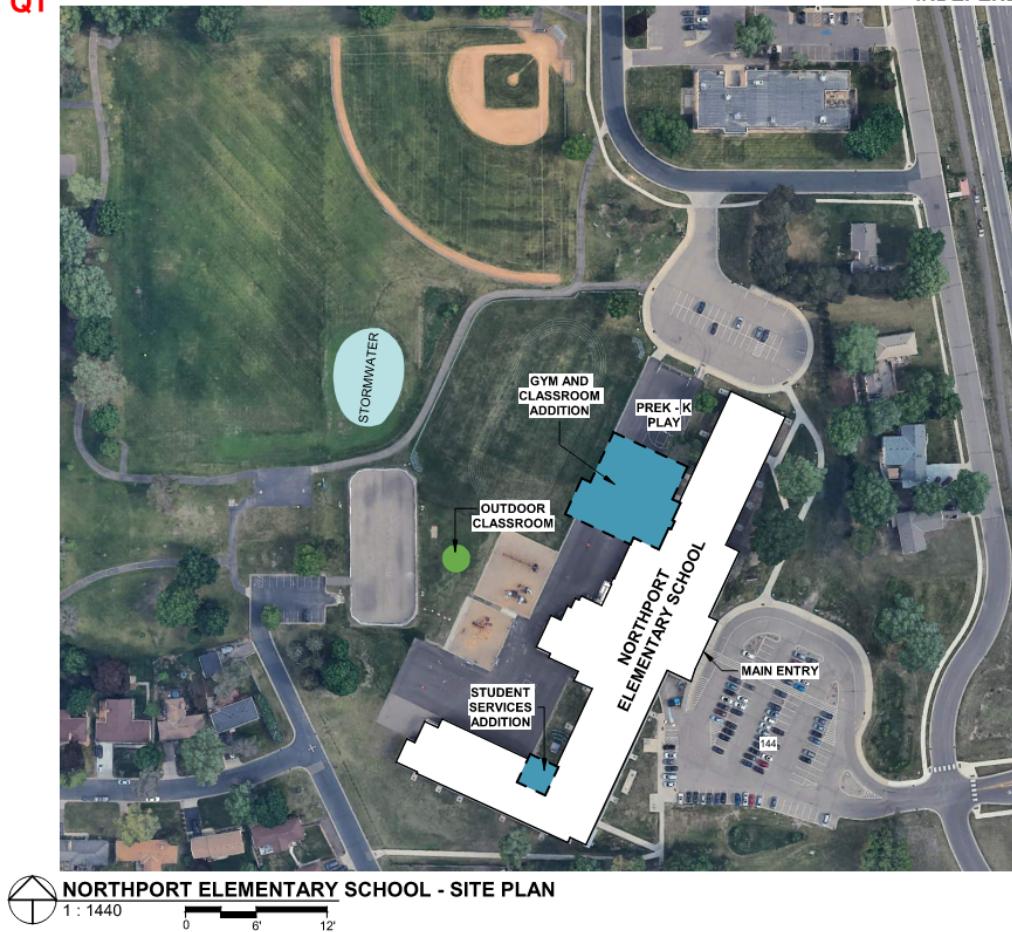

Renovation scope includes remodeling the current gym into a media center. The current gym is undersized compared to other district facilities and the media center is located at the end of the building making it not easily accessed by all grade levels. Re-purposing the existing gym solves these challenges. The old media center will be renovated into classrooms. Other planned renovations include creating two DCD classrooms and supporting toilet space, renovating toilets for privacy, creating flexible learning spaces and renovating space to accommodate special education programming.

Primary scope for the site includes accommodating the addition in terms of stormwater, sidewalks, playgrounds etc.

Q1

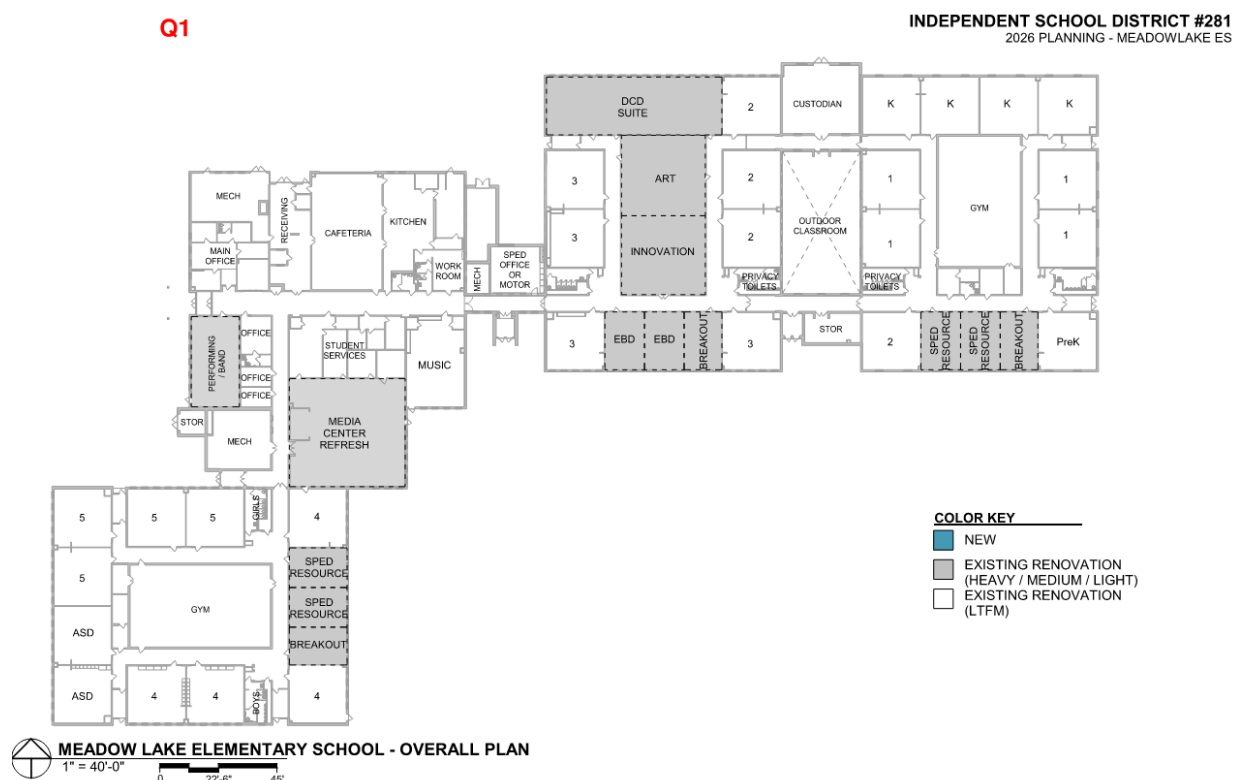

INDEPENDENT SCHOOL DISTRICT #281
2026 PLANNING - NORTHPORT ES

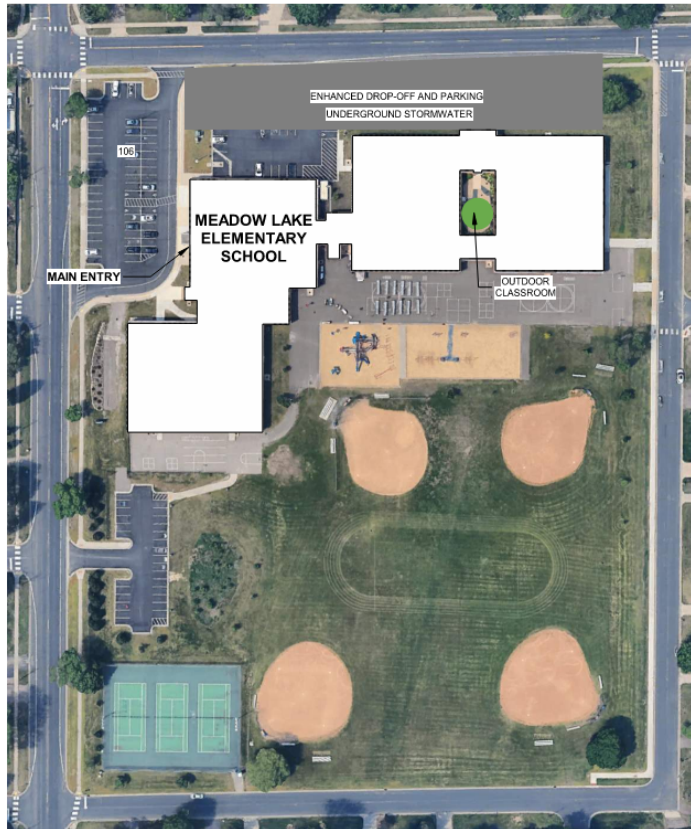

Meadow Lake Elementary: \$4,400,000

The primary scope at this building is to renovate the building to provide specialist and special education programming to accommodate 4 sections of grades K-5. The renovation scope includes re-purposing multi-purpose spaces into art, innovation and performing art classrooms, renovating space to accommodate special education programming and renovating the media center to align with modern learning.

Primary scope for the site includes expanding the parking lot to add parking capacity and provide more space for vehicle drop off.

Zachary Lane Elementary: \$13,700,000

The primary scope at this facility is to build two additions of approximately 16,900 sf to add building capacity. This is so that the building will be able to house 4 sections of grades K-5. Currently, the building can accommodate 3 sections of each grade level. Additionally, the addition helps create space in the building for a Pre-Kindergarten classroom and some additional special education spaces. The addition will also add a 2nd gymnasium space since the current space is small compared to other gyms in the District and some additional special education classrooms.

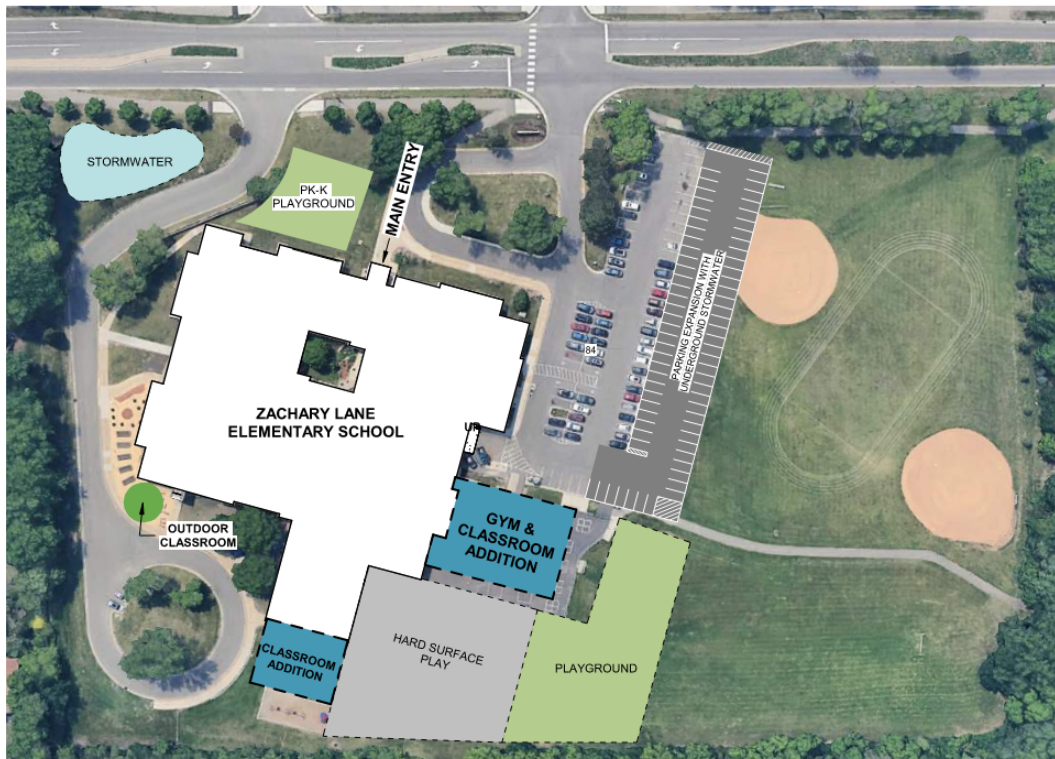

Renovation scope includes remodeling spaces to accommodate specialists including an art and innovation classroom. Other planned renovation includes creating two DCD classrooms and supporting toilet space, renovating toilets for privacy, creating flexible learning spaces and renovating the media center to align with modern learning.

Primary scope for the site includes accommodating the addition in terms of stormwater, sidewalks, playgrounds and expanding the parking lot.

Armstrong High School: \$15,400,000

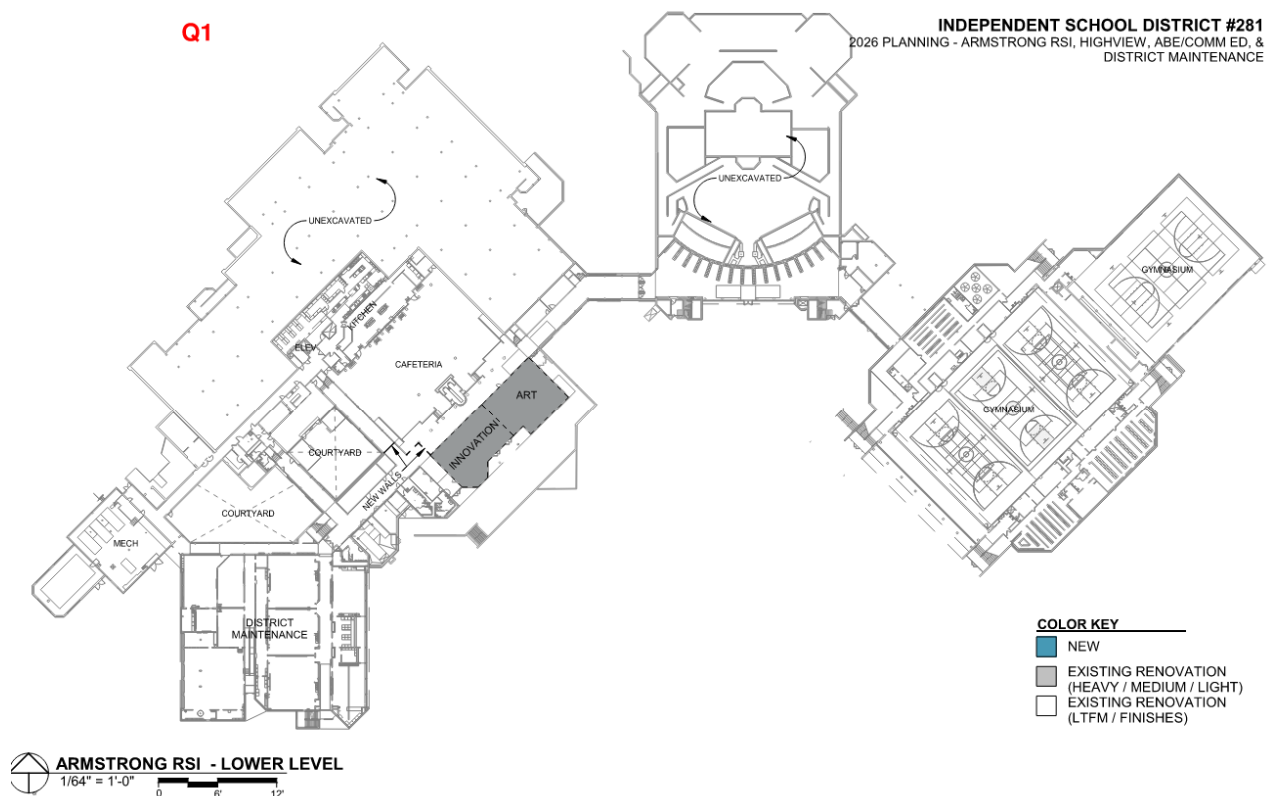

The space will be renovated to house the Robbinsdale Spanish Immersion, Highview Alternative Learning center, Adult Academic Programming, Community Education programming and district support space for maintenance and technology.

The Robbinsdale Spanish Immersion space is a 5 section K-5 school. In general, since the building was a former high school, many of the spaces can be re-used as it. Renovation for this program includes renovating space for Art and Innovation classrooms, flexible learning space, creating some privacy restrooms and renovating the media center to align with modern learning. Additionally, a small addition of 6,100 sf will create a dedicated secure entry/office/elevator tower for the elementary school that separates it from other uses.

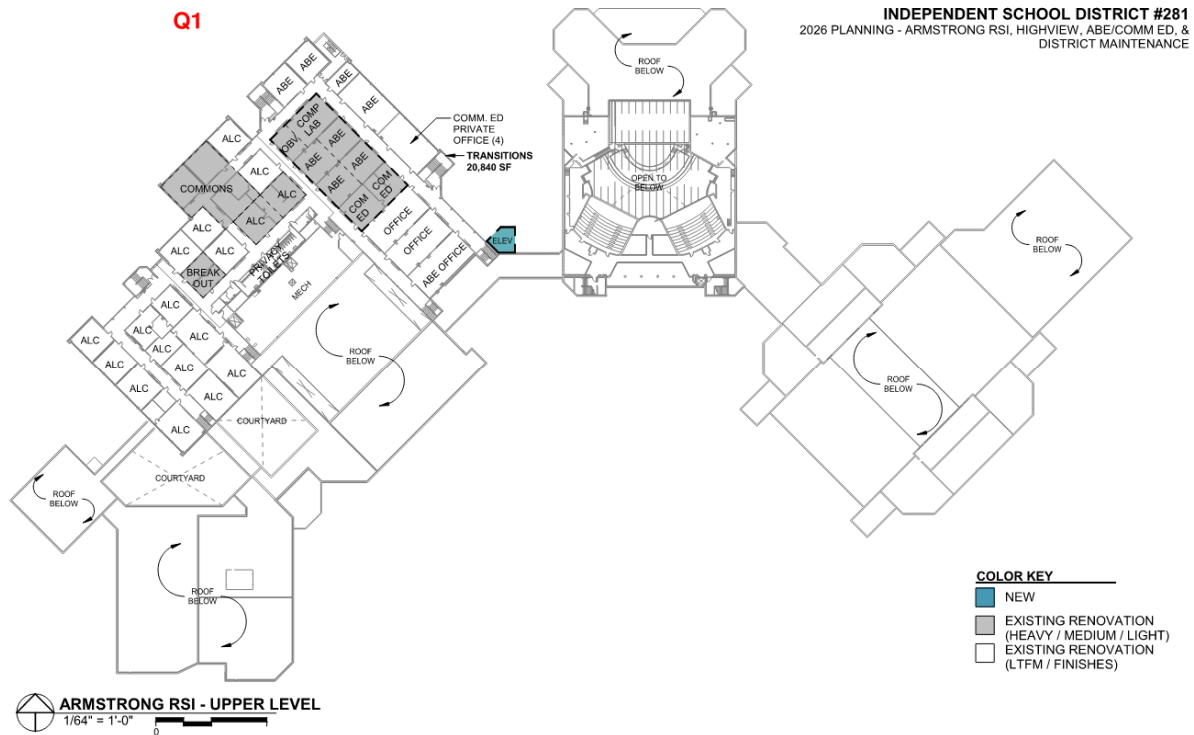

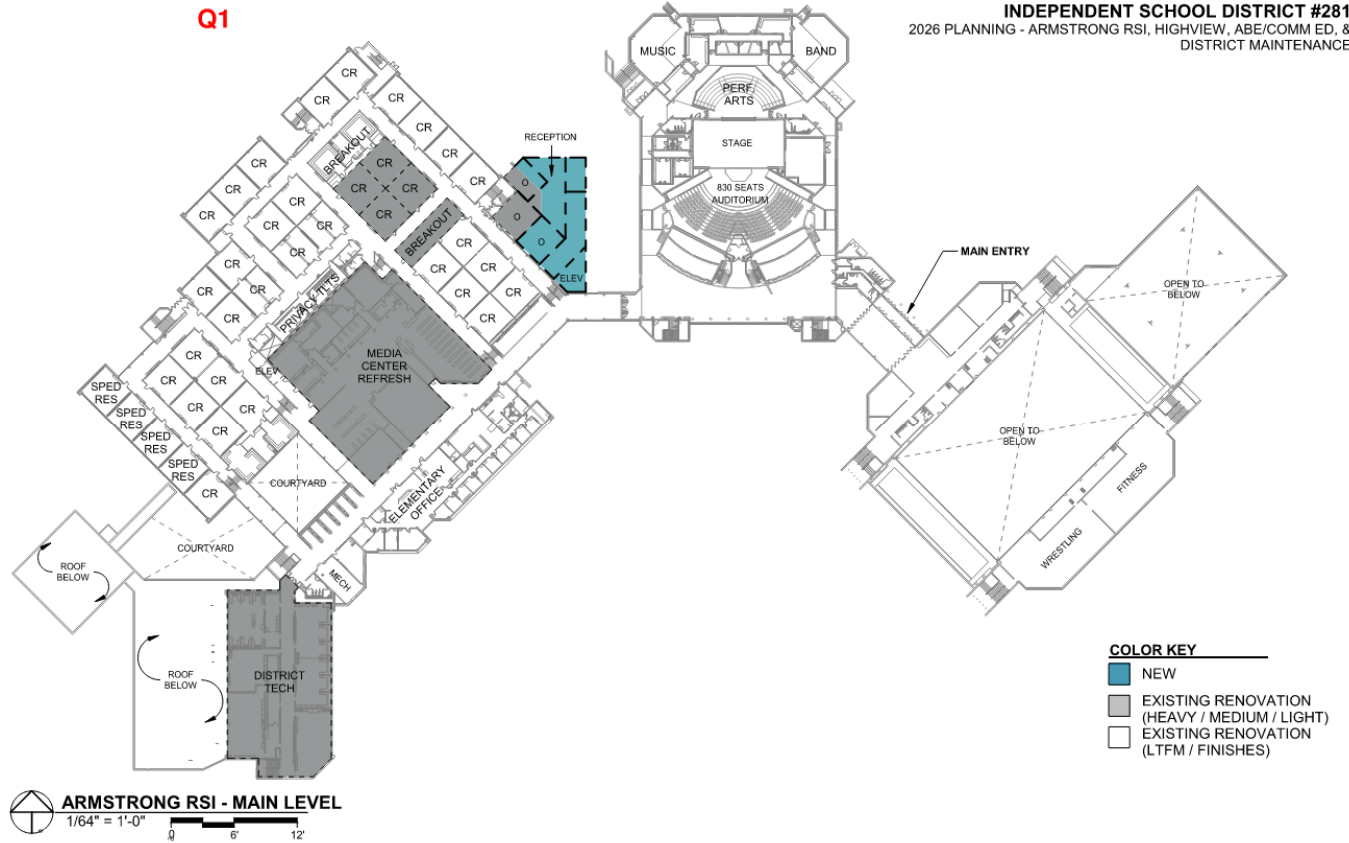

Highview Alternative Learning Center, Adult Academic Programming and Community Education will be housed on the upper level. Generally, these programs can use existing space, but planned renovations include re-purposing existing science labs into general classroom space, creating break out space and private restrooms. Additionally, a small 1,000 sf addition will create a dedicated secure entry for the alternative learning center.

District support space is planned to move into the existing “Tech Ed” wing at the high school and minimal renovation is planned as it is anticipated that they can use this space as is.

On the site, a dedicated drop off loop is planned to be added to accommodate the new elementary entrance.

In addition to the referendum projects the District is addressing deferred maintenance needs within its LTFM 10-yr plan.

Impact on Facility Operating Costs

For the 2025-2026 school year the District operated 20 buildings for instruction and district administration. As a result of the closures already made by the school board and the additional closures resulting from this referendum, the plan is for the District to operate 12 buildings for instruction and administration.

The District closed Sonnesyn Elementary, Noble Elementary, Robbinsdale Middle School, and the Education Services Center (ESC) for the 2026-2027 school year, as well as the discontinuation of the middle school program at FAIR School-Crystal. Students will be shifted to the remaining buildings and the ESC is moving to FAIR Crystal temporarily. The resulting operational savings from those closures will be approximately \$3,800,000 annually.

Once fully implemented, the estimated impact of this referendum on annual facility operating costs is a further reduction of \$5,000,000 because of the closure of one high school and three elementary/early childhood schools. These savings are a key component in the District's statutory operating debt (SOD) recovery plan.

Project Schedule

If the referendum is successful, project design would begin in November of 2026, with initial bidding taking place in April of 2027. Phased construction would commence the summer of 2027, with the entire project being completed by end of summer 2031. Due to this elongated construction period, a construction inflation allowance of 12% has been built into the budgets.

5. A description of the project's plans for gender-neutral single-user restrooms, locker room privacy stalls, or other spaces with privacy features, including single-user shower stalls, changing stalls, or other single-user facilities:

With this project the District intends to create single-user shower stalls in the 4 larger athletic locker rooms of the High School. A single bank of private restrooms will also be created within each elementary school, 2 sets of private restrooms at the middle schools, and 3 sets at the High School. All other restroom groups at these schools, as well as the elementary and primary schools, will remain multi-user and will receive ADA and deferred maintenance updates.

6. **Specification of the source(s) of project financing:**
- a. **applicable statutory citations,**
 - b. **scheduled date for a bond issue or school board action,**
 - c. **a schedule of bond payments, including estimated debt service equalization aid,**
 - d. **the effect of a bond issue (or lease levy) on local property taxes by property class and valuation.**

Financing Description

ISD 281, Robbinsdale Area Public Schools proposes to obtain financing from the sale of General Obligation School Building Bonds. The School District will seek voter approval on November 3, 2026 pursuant to Minnesota Statute, Chapter 475 which would result in a bond issue totaling \$413,000,000; \$343,000,000 (Question 1), \$17,000,000 (Question 2) and \$53,000,000 (Question 3).

The costs of issuing the bonds are estimated to be \$1,815,000 plus an underwriter's discount of 0.50% of the bonds (\$2,065,000). The finance plan assumes that the underwriter's discount will be taken from bond premium as a part of the underwriter's bid. The estimated deposit to the construction fund is \$413,000,000. This is shown in more detail in the sources and uses below.

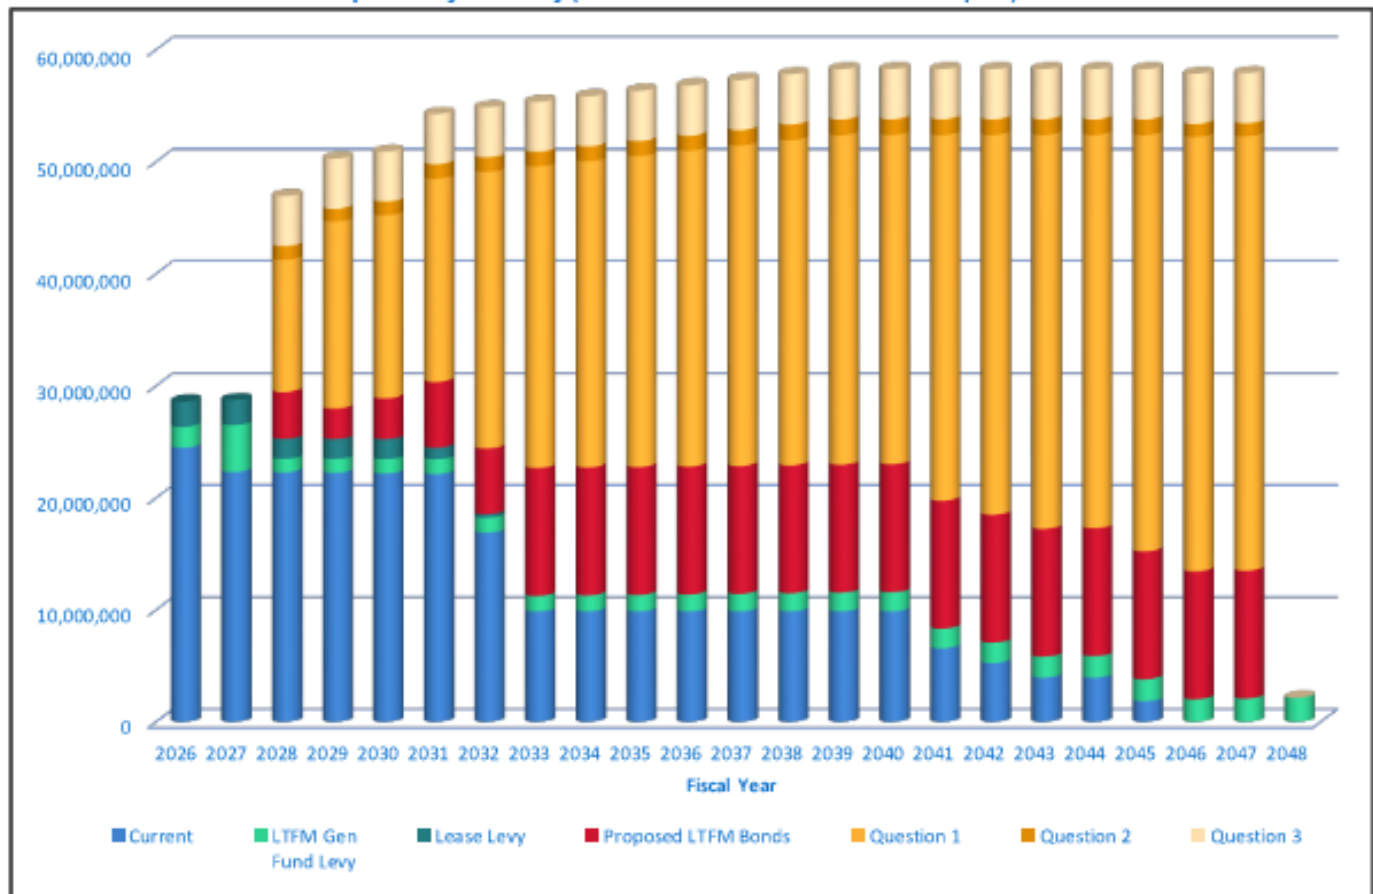

The following assumptions have been made in the preparation of the preliminary numbers included in this packet:

- Tax exempt interest rates as of May 29, 2026 plus 0.75%
- 20-year bond term
- The Bonds will be issued in 3 series over a 4-year period with the first payment in February 2028 and final payment 2/1/2047.
- Taxes will be first levied for taxes payable in 2027 with the initial interest payment on 8/1/2026.
- Tax impact calculations are based upon total net tax capacity for taxes payable in calendar year 2026 with 1.80% tax base growth.
- Fiscal Disparities is projected to increase by \$2,000,000 in fiscal year 2029 (Pay 2028).
- Concurrently, the District anticipates issuing \$116,000,000 in facilities maintenance bonds over the next 4 years. The bond structure is combined with the proposed facilities maintenance bonds.
- We are assuming that the bonds will not qualify for debt service equalization through the state. Based on the equalization formulas under current law and preliminary ANTC and State Average ANTC provided by MDE, the District will receive debt service equalization in FY 2028.

Preliminary Bond Structure

The bonds are structured so that the new bond payments increase as the District's current bond issues payoff in the coming years. The overall levy will increase by 1% each year. A \$2,200,000 increase will occur in fiscal year 2031 due to the issuance of the facilities maintenance bonds then increase at 1% until fiscal year 2039 and remain level until final maturity thereafter. The charts below illustrate the proposed structure and how it relates to the District's current outstanding debt as well as the projected Facilities Maintenance Bonds.

7. *Compliance Documentation*

- I. The school district will be in compliance with Minnesota Statute 471.345 governing municipal contracts issued for this project;
- II. The school district and the design team will include elements of sustainable design for this project;
- III. If the project installs or modifies facility mechanical systems, the school district, engineers, and contractors will be in compliance with school facility commissioning under Minnesota Statute 123B.72 certifying the plans and designs for the heating, ventilating, air conditioning, and air filtration for an extensively renovated or new facility meet or exceed current code standards, including ASHRAE air filtration standard 52.1;
- IV. If the project creates or modifies interior spaces, the district, architects/engineers, and relevant contractors have considered the American National Standards Institute Acoustical Performance Criteria, Design Requirements, and Guidelines for Schools on maximum background noise level and reverberation times;
- V. The project will be compliance with Minnesota State Fire Code;
- VI. The project will be compliance with Minnesota Statute Chapter 326B governing building codes; and
- VII. The school district and the architects/engineers have been in consultation with affected government units about the impact of the project on utilities, roads, sewers, sidewalks, retention ponds, school bus and automobile traffic, access to mass transit, and safe access for pedestrians and cyclists.

The school district and architects/engineers will maintain documentation showing compliance with these items upon and subsequent to project completion.

School Board of Robbinsdale Area Schools

Business Meeting – September 22, 2026

AGENDA SECTION: New Business

ITEM: 7.B. Preliminary Levy Certification for Taxes Payable in 2027

COMMENTS BY: Kristen Hoheisel, Chief Financial Officer

School Boards typically certify the preliminary levy at the “Maximum” level. The use of the term “Maximum” allows for any corrections/changes in levy totals between now and December’s final certification to be made without recertification. The final levy certification in December will require a specific dollar amount.

The current proposed levy is showing an estimated increase of \$6.645 million or 8.68% from the current pay 2026 levy. The total certified levy figure will be presented with the final levy certification in December.

Recommended Action: It is recommended that the School Board certify the Preliminary Levy for taxes payable in 2027 as a “Maximum” levy amount.

Agenda Item: Adopt Preliminary Proposed Property Tax Levy 2026 Payable 2027
Meeting Date: September 22, 2026
Contact Person: Kristen Hoheisel, Chief Financial Officer

Background

State law requires that the School Board adopt a proposed property tax levy for taxes payable in 2027 by September 30, 2026. This is the first step in setting property tax levies for next year. Other steps in the process are outlined below. This is very similar to the timeline that has been followed in previous years.

The amount adopted by the district for preliminary 2026 payable 2027 provides revenue for the 2027-28 school year and is limited by state statute and voter approved referendum. This differs from the county and city calendar in that the 2027 levy provides the revenue for their 2027 calendar year budget.

The school board may adopt a preliminary levy based on September estimates or may adopt a preliminary levy that states "Maximum Levy". If the board adopts a "Maximum Levy", then Minnesota Department of Education adjustments may be made after the action by the Board. If a dollar amount is adopted in September, adjustments that would increase the levy are not allowed. Historically, the "Maximum" has been adopted in September as an assurance that final corrections or adjustments would be included for Board of Education consideration prior to certifying the final levy in December.

September 22	At the board business meeting in which the proposed levy is adopted, District 281 is required to announce the meeting date, time and location of the subsequent meeting in which public testimony will be allowed and the final levy and budget will be discussed. The time and place of those meetings must be included in the proceedings or summary of proceedings published in the official newspaper, per MS 275.065
September 30	District 281 must provide Hennepin County with information by this date so that the meeting time and location may be included on the parcel specific notices which are mailed by the County in November.
November 11-24	Hennepin County will mail estimated property tax statements, typically called "truth-in-taxation notices" to all taxpayers. These notices will show the estimated payable 2027 along with the actual 2026 property taxes on each individual parcel of property, based on a combination of proposed levies adopted by the school district, county, cities, and other taxing jurisdictions.
November / December	The public must be allowed to speak at the budget and levy meeting. This meeting must take place after November 25 and must not be held before 6:00 p.m. The district may adopt the final levy at this same meeting. The final property tax levy must be adopted by the school

board no later than December 28, 2026. The district must certify to the county auditor on or before December 28, 2026.

November 30

At 6:00 p.m. District 281 will begin its regularly scheduled business meeting at which the budget and levy will be discussed, and the public allowed to speak. Information will be presented explaining the district's proposed levy and its estimated impact on taxpayers. Citizens will be given an opportunity to address the School Board, ask questions, and make suggestions.

The School Board will take action to certify the amount of the final levy at the meeting on December 14. The final certified levy may not be greater than the proposed levy (except for additional amounts approved by voters in a referendum election or for corrections made by the Department of Education), but it may be less than the proposed levy.

As the above timeline shows, the action that the School Board takes now is not the final action on the payable 2027 levies. However, it is an important action for two reasons. First, the final levy that the School Board certifies in December may not be greater than the proposed levy approved now (except for additions or corrections made by the Department of Education or by district voters through an election on referendum authority). Second, the amount of the proposed levy will be used by the County to calculate the truth-in-taxation notices that will be sent to taxpayers.

The maximum amounts the district can levy in various categories are specified in state law. These levy limitations are calculated for the district in detailed worksheets from the Minnesota Department of Education (MDE). We received the MDE worksheets commencing September 8 and have been receiving updates ongoing through mid-September. We have been verifying data as it has become available.

The total levy is made up of many separate components in three funds (General, Community Service and Debt Service). The district is also allowed (or in some cases, required) to adjust levies certified in earlier years. Most of these adjustments are made either to correct for levies certified in earlier years based on estimated data or to compensate for legislative changes in funding formulas. A separate set of adjustments is allowed to make up for abatements of prior years' taxes (i.e., reductions in taxes on individual parcels of property that were approved after levies were set).

The 2026 (Payable 2027) property tax levy provides revenue primarily for the 2027-28 school year. For most of the categories there is a corresponding category of state aid. Thus, the amount that is levied will affect both the property tax and state aid revenue for 2027-28.

The worksheet on page 6 compares the actual levies certified in 2025 to the preliminary levy limitations for 2026 (Payable 2027).

Changes in Levy Amounts. Following is a summary of the levy categories and some of the factors that have caused changes in the levy amounts.

- **Operating Referendum.** In November of 2014, voters approved a ten-year operating referendum of \$1,418.94 per adjusted pupil unit, subject to an annual rate of inflation beginning with the 2016-17 school year. A resolution was adopted by the school board in June 2024 that renewed the referendum for another ten years beginning in taxes payable 2026. The referendum authority for taxes payable 2027 is \$2,348.42 multiplied by our adjusted pupil units.
- **Equity Revenue Levy.** Beginning with Payable 2004, equity revenue is split between state aid and levy. The equity revenue levy is spread on the Referendum Market Value (RMV) and is equalized at the same rate as tier two referendum levy. District 281 does not qualify for equalization due to market value. The total equity levy revenue is \$523,670.00.
- **Local Optional Revenue Levy.** Beginning with the 2014-15 school year, metro districts received \$424 per adjusted pupil unit of revenue. Legislatively in 2014, there was a name change from Location Equity to Local Optional revenue. 2019 legislation created a transfer of \$300/PU of referendum revenue to LOR; thus, eliminating the board-approved referendum. This offsets our voter approved referendum allowance in the amount of \$7,582,304.12 absent adjustments for taxes payable in 2027.
- **Transition Revenue Levy.** Beginning with the 2003-04 school year, districts received transition revenue to hold them harmless from formula changes because of the 2003 legislation. For 2003-04 the transition revenue was comprised of all state aid. Beginning with Payable 2004, transition revenue is split between state aid and local levy. The transition levy is spread on RMV and is equalized at the same rate as tier two referendum levy which District 281 does not qualify. The total transition revenue is \$202,031.88 and is all local levies.
- **Capital Projects Referendum.** The original Technology Levy was originally approved by the voters in 2014 and then renewed by voter approval in 2024. The levy is estimated to be \$7,050,320.42 for taxes payable in 2027.
- **Operating Capital Levy.** Beginning with Payable 2004, operating capital was split between state aid and levy. The portion of the operating capital (approximately 72 percent) that is on the local levy is spread on the adjusted net tax capacity. Total operating capital is estimated to be \$2.505 million with \$1,809,246.28 as levy and \$696,095.73 as state aid.
- **Alt Teacher Comp (QCOMP) Levy.** Alternative teacher compensation revenue is split between state aid and levy. The formula is based on estimated enrollment from the prior year multiplied by \$260.00. Total Alt Teacher Comp is estimated to be \$2,593,793.80 with \$907,827.83 as levy and \$1,685,965.97 as state aid.
- **Achievement and Integration Levy.** Establishes a program to promote diversity, racial and economic integration, and increase academic achievement. The amount for Payable 2027 is \$774,249.59.
- **Reemployment Insurance Levy.** This calculation fluctuates each year. It represents differences in what is projected for reemployment insurance and the actual costs from the year prior. The estimated amount is \$420,000 for 2027-28.
- **Safe Schools Levy.** The Safe Schools Levy provides \$36 per pupil unit. The total for Payable 2027 is \$377,042.40. These funds can be used for: 1) Police liaison officers, 2) Drug abuse prevention programs, 3) Gang resistance education programs, 4) Costs for security in the schools or on school property, and/or 5) Costs associated for other crime prevention, drug abuse, student and staff safety and violence prevention measures, 6) Costs for licensed

school counselors, nurses, social workers, psychologists, alcohol and chemical dependency counselors, 7) Facility security enhancements, public announcement systems, emergency communication devices, facility security, equipment and facility modifications related to violence prevention, 8) Costs associated with improving school climate, 9) Costs for collocating and collaborating with mental health professionals that are not district employees or contractors.

The 2007 Legislature provided school districts authority to levy funds for local intermediates under the Safe Schools Levy guidelines. Correspondingly on the levy worksheet is a category titled Safe Schools Levy – Intermediate. These funds (\$157,101.00) will be levied and sent to Intermediate School District 287 for expenses.

- **Career and Technical Education Levy.** This revenue is used to partially fund the technical education program which includes programs such as FACS and Business. For Payable 2027, the amount of the levy is \$278,643.78.
- **Long Term Facility Maintenance Levy.** The 2015 Legislature adopted a bill combining deferred maintenance, health and safety and alternative facilities revenue. District 281 has utilized different funding mechanisms by issuing debt for our LTFM and using a pay as you go LTFM levy. The total LTFM levy revenue received by the district is \$9,714,825.92.
- **Building Lease Levy.** This levy authority is used to cover costs associated with the district's leased space. For Payable 2027, District 281 levy amount is \$2,895,954.67.
- **Basic Community Service Levy.** The Basic Community Service levy for Payable 2027 is \$546,631.16. The formula allowance is \$6.35 multiplied by our 2020 population.
- **Other Community Service Levies.** Early Childhood Family Education Levy increased by approximately \$5,000. The Home Visiting levy decreased slightly and Adults with Disabilities levy increased slightly. School Age Care levy decreased by approximately \$47,000. The largest change in our levy was in prior year adjustments.
- **Debt Service Levies.** The state requires the district to levy 105 percent of the amount needed each year to ensure enough resources to meet the debt service obligations. The 5 percent allows for variations in investment earnings, delinquent tax collections, and other unforeseen issues that may arise during the fiscal year. Correspondingly, in subsequent years, there is a calculation adjustment to account for the difference between the 105 percent levy and the actual principal and interest payments. This calculation is listed as Debt Service Excess Reduction.
- **General, Community Service and Debt Service Fund Abatements and Other Adjustments.** There are several levy adjustments from prior years. This is typical as the levy is certified on a projected pupil count and the subsequent adjustments are made based on actual student enrollment. Many adjustments span two subsequent levy processes to ensure the most accurate information.

Total Levy. The total levy being proposed at this time for 2026 (taxes payable in 2027), after all adjustments and reductions, is \$83,168,179.92. This is a projected increase of 8.68% from the Payable 2026 levy.

Levy Impact. We won't know the exact tax rate for taxes payable in 2027 until at least January. However, we will have estimates at the Board Business meeting in December.

THE TRUTH ABOUT OUR CURRENT REALITY

Decisions outside of a long-term plan over many years have created our current reality:

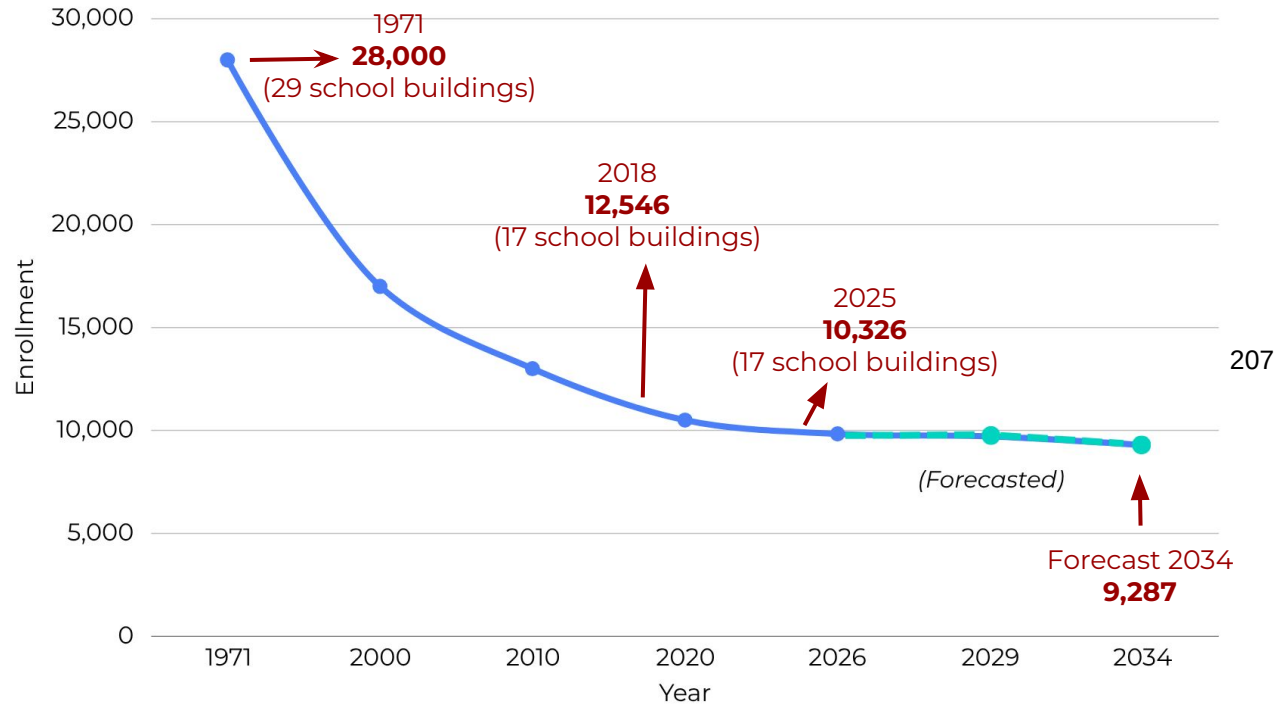

- Statutory Operating Debt (SOD)
- Excess number of buildings
- Inequitable program offerings
- Declining student enrollment
- Low academic achievement
- Nearly 50 years without a bond referendum
- \$140M in LTFM needs
- Reduced \$26M in the past 3 yrs.

Across the district we can:

- Create performing arts space at both middle schools
- Guarantees opportunity to eliminate leased facility costs
- Sell unused properties
- Further reduce operational costs

Building Better Together

TRUE OR FALSE - WE WANT TO BE CLEAR

- **TRUE** - We will still need to make cuts as part of SOD.
- **TRUE** - There is an annual board-approved LTFM tax impact to support building maintenance. This is not new.
- **TRUE** - The Board approved a 10-year \$140M LTFM plan. If ²²¹ the Bond Referendum passes, the previous approved LTFM will be lower.
- **TRUE** - Buildings will be sold after the referendum vote when we have more clarity about the district's future.

TRUE OR FALSE - WE WANT TO BE CLEAR

- **TRUE** - The Bond Referendum is about student opportunities, academics, achievement, the student experience and keeping operational dollars in the classroom.²²² It is not just about buildings.

STRATEGIC PLAN

MISSION

The mission of **Robbinsdale Area Schools** is to inspire and educate all learners to develop their unique potential and positively contribute to their community.

DISTRICT VISION

Robbinsdale Area Schools is committed to ensuring **every student** graduates career, articulated skilled trades and college ready.

We believe each student has **limitless possibilities** and we strive to **ignite the potential** in every student.

We expect **high intellectual performance** from all our students.

We are committed to **ensuring an equitable and respectful educational experience** for every student, family and staff member.

STRATEGIC THEMES

District priority work and goals focused on strategic themes will help achieve our mission for each student.

Academic Achievement

Student Engagement and Wellness

Collaboration and Partnerships

Staff Investment and Impact

PRIORITY OUTCOMES GROUNDED IN EQUITY

- **Improve achievement** for students of color
- All students are **ready for school**
- **Every child** reading at or above grade-level
- Academic and social-emotional growth in **middle grades**
- **Student engagement** in school and learning
- Student **support** from families to learn and achieve
- Clear path and **readiness for career, college and life**

Believe. Belong. Become.

2026-27 PRIORITIES

STRATEGIC PLAN

Academic Achievement

Academic core/universal instruction (Tier 1) as the foundation of a multi-tiered system of supports (MTSS) will be strengthened for students in all programs throughout the district to ensure the following:

- A guaranteed and viable, culturally relevant curriculum
- Access to high-quality instruction
- The implementation of Rdale Portrait of Our Learner

Student Engagement and Wellness

A social-emotional learning (SEL) curriculum as the Tier 1 foundation of a multi-tiered system of supports (MTSS) for all students will be reviewed, and an implementation plan will be developed inclusive of the following:

- Create and implement consistent district-wide systems and practices as well as provide training and coaching to support staff and students
- Use data to monitor and improve student connections and sense of belonging, attendance, behavior, and sense of safety and security

Collaboration and Partnerships

Strategies and plans to increase engagement and strengthen trust, communication, and partnership across Robbinsdale Area Schools will be implemented to contribute to student success through the following:

- Increase two-way communication with, and responsive to, students, families, staff and community through district and school communication plans and feedback loops that inform practices and improvements
- Expand the inclusion and influence of multiple perspectives and voices as the foundation of a multi-tiered system of supports (MTSS) through authentic family engagement opportunities at all schools

Staff Investment and Impact

Foster a welcoming, inclusive, and accountable culture where all staff feel valued, supported, and empowered to contribute to student success by implementing the following:

- Invest in and support staff by providing professional development, clear expectations, and consistent documented systems to operationalize roles and responsibilities
- Align all department continuous improvement plans and school improvement plans to ensure shared responsibility and accountability for improved student and district outcomes

Approved by the School Board on July 20, 2026

Believe. Belong. Become.

TRUE OR FALSE - WE WANT TO BE CLEAR

- **FALSE** - A NO vote means my school will stay open. This plan forward isn't about individual schools, it is about a district-wide intentional plan that keeps student needs at the center.
- **TRUE** - Our families want what is best for their kids, they have choices. We want to be their school district of choice.

Why is Robbinsdale unique?

- We have too many buildings
- In order to maximize our buildings we would need to change grade configurations
- Our neighboring districts have invested in their schools, but we haven't
- Our buildings as they are currently will not allow us to reduce without adjusting to 4 section schools
- Our buildings and programs at each school are not equitable
- Need vs. wants - this is a referendum based on need.
