

Agenda of Regular Meeting

April 20, 2026

5:30pm Closed Session / 7:00 PM Open Session

A Regular Meeting of the Board of Trustees of Georgetown ISD is April 20, 2026, beginning at 5:30pm in the GISD Hammerlun Center for Leadership & Learning Building at 507 E University Avenue. Immediately after opening, the Board of Trustees will convene in Closed Session and will return to Open Session following the completion of Closed Session. The Board will not reconvene in Open Session before 7:00 p.m.

The subjects to be discussed or considered or upon which any formal action may be taken are listed below. Items do not have to be taken in the same order as shown on this meeting notice. Unless removed from the consent agenda, items identified within the consent agenda will be acted on at one time.

If, during the course of the meeting, discussion of any item on the agenda should be held in a closed meeting, the Board will conduct a closed meeting in accordance with the Texas Open Meetings Act, Texas Government Code, Chapter 551, Subchapters D and E or Texas Government Code section 418.183(f). Before any closed meeting is convened, the presiding officer will publicly identify the section or sections of the Act authorizing the closed meeting. All final votes, actions, or decisions will be taken in open meeting. (See TASB Policy BEC Legal).

Prior to consideration of agenda subjects, the Board will hear public comments from any member of the public who has complied with District procedures for signing up to speak.

SeaPerch

Background Information:

We are proud to recognize the outstanding achievements of our students in the recent SeaPerch competition. GISD's SeaPerch competition consisted of 72 teams and over 300 students competing.

From EVHS, we celebrate two exceptional teams. The Neon Nemo Ninjas, consisting of Jack Cherry, Hunter Saffill, and Shaun Bruton, are all seniors who have shown remarkable commitment, each participating in SeaPerch for nine years.

We also recognize the Navy Seals team, made up of Graden Steinly, Parker Steinly, and Alisa Salikhov. Parker is a senior, while Graden and Alisa are sophomores. Their experience ranges from one to three years, reflecting both growing talent and continued dedication to the program. The two EVHS teams are coached by Mrs. Terri Henry.

BOARD AGENDA ITEM

At BMS, the team Kifford Reimagined earned top honors, winning all categories of the competition. Team members include Elias Bourquin, Peter Handakas, Walter Luke, and Brian Rand, all 8th-grade students who have demonstrated dedication through four years of participation in SeaPerch.

These teams have earned the opportunity to advance to the international competition, which will be held at the University of Maryland on May 30–31.

Last but not least is the Carver team, Hydro Tidal Tech. The team members are Peyton Craig, Maycen Eastabrooke, Ezra Hero, and Christian Saenz. This is their first year competing in SeaPerch.

We congratulate all of these students for their hard work, perseverance, and excellence in representing our district.

Student Achievement Spotlight: Plant the Moon Challenge

NASA is heading back to the Moon and will explore more of the lunar surface than ever before!

The Plant the Moon Challenge is an international STEM research competition that challenges students to design and conduct experiments focused on growing plants in lunar or Martian soil simulants. The goal is to support future space exploration by developing solutions for sustainable food production beyond Earth.

We are proud to recognize Graden Steinly (10th grade) and Silas Bengé (10th grade) for their exceptional work in this competition. Their research explored how beneficial fungi can improve plant growth in lunar regolith simulant—an important area of study for long-term space missions.

Through strong experimental design, data analysis, and scientific reasoning, Graden

and Silas earned the distinction of Top High School Team in Texas. This achievement reflects their dedication to STEM learning, innovation, and real-world scientific inquiry.

The team was supported by Terri Henry, teacher sponsor, whose guidance and mentorship helped students successfully navigate the research process.

Congratulations to Graden Steinly and Silas Bengé on this outstanding accomplishment.

Background Information:

The StellarXplorers Space STEM Program, created by the Air & Space Forces Association (AFA), inspires high school and middle school students toward careers in space, aviation, and other science, technology, engineering, and math disciplines critical to our nation's future.

We have teams made up with students from both East View High School and Georgetown High School. We had three teams this year. There were a total of 388 teams this year. The 116 teams advanced to the semifinals. Two of the teams advanced to the semifinal with one team advancing to the National competition. The teams consisted of team 1: Graden Stienly, Rohon Warring, Alisa Salikhov, and Silas Benge, team 2: Ava Reed, Jack Cherry, and Tamra Naranjo. The top 10 teams then advance to the National Competition. The team consisting of Ava Reid, Jack, Cherry, and Tamra Naranjo will travel to Denver Colorado, April 21 - 25 to compete.

Alexis Almazan: 4th place at regional competition for culinary arts knife skills.

Hannah Hirt: 1st place at regional competition for culinary arts knife skills.

Sebastian Crispin: 5th place at regional competition for Fashion Design

All three students spent months preparing. Alexis Almazan and Hannah Hirt trained for hours each week, working closely with their instructor and professional chefs from the Georgetown restaurant community to refine their knife skills, speed, and precision. They placed top five in regionals giving them a place to go to the state level! The students competed against 25 other culinary students and placed 1st and 4th in our entire region!

Sebastian Crispin independently dedicated his own time to fashion design, creating and constructing his own dress and products from start to finish. All of his efforts are owed to

him and his knowledge he gained throughout his own studies. GHS does not offer a sewing class so this was all him.

Through this experience, students developed strong technical abilities along with valuable skills like discipline, creativity, and time management. Their regional placements reflect their hard work, commitment, and passion for their craft.

These Championship high school students competed at the Texas FCCLA Region V Conference in Corpus Christi, where they earned a place in the top five among competitors from across the lower region of Texas to advance to the state level. This accomplishment required not only strong technical ability, but also professionalism, composure, and the ability to stand out in a highly competitive environment. Over the course of several months, students dedicated themselves to consistent practice and preparation, refining their skills and building competition readiness. Throughout this

process, they developed leadership, effective communication, teamwork, time management, and adaptability, along with the confidence to perform under pressure.

In addition, student David Cantu was selected as the Region V Vice President of Parliamentary Law, competing against many other candidates and going through a formal interview process conducted by alumni and past officers before being chosen. This recognition is especially significant, as he is the very first region officer our district has ever had.

Overall, these achievements reflect the students' dedication, discipline, and growth, as they demonstrated both exceptional skill and strong leadership while representing their program with professionalism and pride.

These students have practiced their culinary skills many times for months, perfecting their craft, time management, sanitation, and much more.

Our competition season starts in November, so we have been working towards the state competition since then.

These students are extremely dedicated and push themselves each day to give their very best. They all have very high standards for themselves and produce extremely high quality food. I am so proud of how well they represent GISD every time they step into the kitchen!

This is the 6th year that GISD culinary has been qualified for Nationals.

Each event at the state competition consists of the best 25 students in the state of Texas. The caliber of excellence at this level is very high, and ranking at state is a difficult task to accomplish.

David Gomez, Mathew Young, Emma Cooke and Galilea Velazquez Aguilar - District Champs and competed in State for Health Knowledge Bowl.

Emma Cooke placed 3rd in CPR and First Aid.

Students qualified for Health Knowledge Bowl through extensive preparation, dedicating hours to studying medical terminology, disease processes, and a wide range of healthcare concepts. Their commitment to mastering complex material and applying critical thinking skills helped them earn a place in this competitive State event.

The students prepared for several months, consistently reviewing content, practicing questions, and strengthening their ability to think quickly and accurately under pressure.

BOARD AGENDA ITEM

Through this experience, students developed strong teamwork, communication, and problem-solving skills. They enhanced their ability to recall information efficiently, analyze questions in a timed setting, and collaborate effectively with peers—key skills essential for success in the Health Knowledge Bowl and future healthcare careers.

We are incredibly proud of our students for their dedication, perseverance, and achievement. Their hard work and commitment to excellence truly set them apart.

Eathan Moses and Jacob Brantly took both first and second place at the District Meet for Skills USA to advance to the State Competition in Corpus Christi Texas. To qualify Eathan Moses scored a near perfect score on the written test and a 100 percent on the Practical test in the Lab. Jacob scored just under Eathan with a 92 on the written and 90 percent on the Practical.

At State both Eathan and Jacob scored very well on the qualifying written test to advance to the practical test later in the day. Eathan's score was almost perfect, with a 98 percent. Eathan then passed his competition with several skills test, in which he again scored very high and secured a "Gold Medal" for the competition. With a top

Criminal Justice Quiz Bowl Competition:

The students began preparing for the Criminal Justice Quiz Bowl in the Fall. They prepared with each other weekly through studying and researching materials such as law enforcement careers, family and protective services, criminal codes of law, drivers education, and case laws. The students would quiz each other and practice competing with/against other members of the Criminal Justice Club.

The students first competed at the Region 10 District Level in February. They then advanced to the State Level by placing 2nd in District. At the State Level they competed against 23 teams at which they placed 2nd in State.

Job Interview:

Gianna prepared for the Job Interview Competition by assembling a portfolio that consisted of a cover page, a resume, a cover letter, work history, recommendation letters, and a list of references. Gianna practiced answering interview questions with sponsors and other club members. The day of competition Gianna turned in her portfolio, completed a job application, and then interviewed with competition judges. She placed 1st in District qualifying her for State.

Annual Continuing Education Credit Report – Board Members

At the last regular board meeting before an election of trustees, the board president shall announce the name of each board member who has completed the required continuing education, who has exceeded the required hours of continuing education, and who is deficient in meeting the required continuing education as of the anniversary of the date of each board member's election or appointment to the board or two-year anniversary of his or her previous training, as applicable. The announcement shall state that completing the required continuing education is a basic obligation and expectation of any board member under SBOE rule. The minutes of the last regular board meeting held before an election of trustees must reflect whether each trustee has met or is deficient in meeting the training required for the trustee as of the first anniversary of the date of the trustee's election or appointment or two-year anniversary of his or her previous training, as applicable. The president shall cause the minutes to reflect the announcement and, if the minutes reflect that a trustee is deficient in training as of the anniversary of his or her joining the board, the district shall post the minutes on the district's internet website within 10 business days of the meeting and maintain the posting until the trustee meets the requirements. *19 TAC 61.1(j); Education Code 11.159(b)*

IX.C. Resolution for Emergency Closure at Georgetown HS on February 18, 2026

**RESOLUTION OF THE BOARD OF TRUSTEES OF GEORGETOWN
INDEPENDENT SCHOOL DISTRICT CONCERNING PAYMENTS TO DISTRICT
EMPLOYEES DURING EMERGENCY CLOSURE**

WHEREAS Georgetown High School was closed Wednesday, February 18, 2026 due to an emergency caused by a bomb threat;

WHEREAS the Georgetown ISD Board of Trustees acknowledges that during an emergency closing, most campus employees who are ready and willing to report to work are instructed not to report for work;

WHEREAS some employees worked at the reunifications site during the emergency closing;

WHEREAS some substitute teachers reported to work because they did not receive instructions to not report;

WHEREAS employees who were ready and willing to report to work are instructed not to report to work may suffer a loss of pay unless the workdays are made up at a later date;

WHEREAS a need exists to address wage payments for employees who were ready and willing to report to work but are idled and those who worked due to the emergency;

WHEREAS, the Board determines there is a public purpose served and a benefit to Georgetown ISD to demonstrate support for its employees, enhance employee morale, and support retention of employees; and

WHEREAS, the Board determines that compensating all Georgetown High School employees at their regular rate of pay, according to the duty schedule they otherwise would have worked during the time the campus was closed, and providing additional compensation to employees who worked during the emergency closure serves the public purposes of maintaining morale, reducing turnover, and ensuring continuity of District staffing when schools reopen.

NOW THEREFORE BE IT RESOLVED

1. All the above paragraphs are incorporated into and made a part of this resolution.
2. The Board authorizes the Superintendent or his designee to determine eligibility and pay wage payments to all Georgetown High School employees, who were ready and willing to report to work but who were unable to do so and all employees who voluntarily or were required to work on February 18, 2026, at their regular hourly or daily rate of pay, according to the duty schedule they otherwise would have worked on Wednesday, February 18, 2026, when the campus was closed due to an emergency caused by a bomb threat.
3. The Board also authorizes the Superintendent or his designee to determine eligibility and pay wage payments to substitute teachers who reported to work at their daily or half-day

rate of pay, according to the duty schedule they otherwise would have worked on Wednesday, February 18, 2026.

4. The wage payments authorized in Paragraph 2 above are in addition to any payments for actual hours worked made to non-exempt Georgetown High School employees who were required to work or voluntarily worked during the emergency closures at the campus or at a reunification site, as required by DEA(Local).
5. The above Resolution is passed and adopted on the 30th day of March 2026, by the Board of Trustees.

Approved the 30th day of March 2026.

RESOLUTION DETERMINING NEED

A RESOLUTION OF THE BOARD OF TRUSTEES OF GISD, DETERMINING A PUBLIC NECESSITY TO ACQUIRE CERTAIN PROPERTY; GIVING NOTICE OF AN OFFICIAL DETERMINATION TO ACQUIRE PROPERTY FOR THE GISD; AND ESTABLISHING PROCEDURES FOR THE ACQUISITION OF PROPERTY.

WHEREAS, in order to promote public health, safety, and welfare, public convenience and necessity require the acquisition of land in the Northeast quadrant of the district on which to establish and operate educational facilities and other related facilities for the GISD ("GISD") on the sites described herein below;

WHEREAS, in order to establish these educational and other related facilities, it will be necessary and convenient that the Superintendent, his agents, representatives, or employees, acquire fee title to certain properties and exchange fee title to certain properties for the purpose of construction, reconstruction, operation, and maintenance of the educational and other related facilities and appurtenances thereto; and

WHEREAS, it is necessary to determine procedures for the establishment and approval of just compensation for the parcel to be acquired for the GISD as well as to undertake all necessary due diligence in the consideration of each such parcel's acceptability for use by the GISD; now, therefore;

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE GISD:

PART I: That the Board of Trustees of GISD hereby officially determines that there is a public necessity for, and the public welfare and convenience will be served by, the acquisition of the property by contract, or by other means including eminent domain proceedings, described as follows:

Approximately 14.6 acres more or less, in the Northeast quadrant of the District, including all necessary roadway, utility and other easements over, across or on adjacent or nearby property (the "Acquired Property", including any amendments or revisions to the description thereof);

And it is GISD's intention to acquire the Acquired Property as set out and described hereinabove in the boundaries of GISD for purposes of establishing and operating educational and other related facilities.

PART 2: That the Superintendent, his agents, representatives, or employees are hereby authorized in connection with acquisition of the Acquired Property to:

Determine the exact amount and location of the Acquired Property needed by GISD;

Hire such engineers, surveyors, appraisers, title companies, architects, attorneys and other persons or entities needed to economically effect the laying out and design of the facilities, the establishment and acquisition of fee title to the Acquired Property for the construction of the educational and other related facilities;

Enter into a development agreement with the owner of the Acquired Property for the construction of infrastructure necessary to serve the GISD facilities;

Enter upon any property necessary for the purpose of surveying, conducting studies, establishing the title to the properties, determining adequate compensation for fee titles and other relevant property interests, and to conduct tests;

Negotiate with the owner(s) of any such properties for the purpose thereof, including the owner of the properties;

To purchase fee title to properties necessary for the purposes stated herein and execute all documents necessary to acquire such properties;

To acquire easements on adjacent or nearby property, and to grant easements over the properties, and to enter into development agreements, necessary for the purposes stated herein and execute all documents necessary for such actions;

Take whatever further actions are deemed appropriate to economically effect the establishment of the educational and other related facilities.

PART 3: That the Superintendent and the GISD's real estate agent or other staff appraiser, or independent appraiser, if necessary in the judgment of the Superintendent, shall present relevant information to the Superintendent necessary to establish the value of the Acquired Property. Based upon such examination of said relevant information, the GISD real estate agent, or appraiser, if any, shall make a recommendation to the Superintendent as to the establishment and approval of the amount of just compensation for each property.

PART 4: After review and consideration of all said information or recommendations, and consultation with the Board of Trustees, the Superintendent shall establish and approve the amount to be determined to be just compensation for the acquisition of the Acquired Property.

PART 5: That the Superintendent is hereby authorized to endorse, sign, transfer or enter into agreements for the purchase and consummation of the Acquired Property and to execute and deliver any and all documents necessary for the purchase and development of the Acquired Property, including, but not limited to, a deeds, closing statements, development agreements, and similar documentation necessary for the development of the properties to be used as an educational facility.

PART 6: That this resolution shall take effect immediately from and after its passage.

GEORGETOWN INDEPENDENT SCHOOL DISTRICT,
a political subdivision of the State of Texas

Stacy McLaughlin, Secretary

IX.I. Resolution for Approval of Interlocal Agreement with Municipal Utility District 25

RESOLUTION AUTHORIZING INTERLOCAL AGREEMENT

RESOLVED, that the Board of Trustees of the Georgetown Independent School District has elected to enter into a **INTERLOCAL AGREEMENT** ("Agreement") with Williamson County Municipal Utility District Number 25, a Texas municipal utility district (the "**MUD 25**") for the construction of a traffic signal at the intersection of Parkside Parkway and State Highway 29.

Signed this 3rd day of March, 2026.

Stacy McLaughlin, Secretary of the Board of Trustee

**RESOLUTION OF THE BOARD OF TRUSTEES OF GEORGETOWN
INDEPENDENT SCHOOL DISTRICT CONCERNING A GOOD CAUSE EXCEPTION
TO ARMED COMMISSIONED PEACE OFFICER REQUIREMENTS AND
ALTERNATIVE STANDARD**

WHEREAS, beginning September 1, 2023, Section 37.0814 of the Texas Education Code requires the board of trustees of each school district to determine the appropriate number of armed security officers for each district campus;

WHEREAS Section 37.0814 of the Texas Education Code further requires the board to ensure that at least one armed security officer who is a commissioned peace officer (a school district peace officer, a school resource officer, or a commissioned peace officer employed as security personnel) is present during regular school hours at each district campus;

WHEREAS Section 37.0814 of the Texas Education Code provides that if the board of trustees of a school district is unable to comply with this section beginning September 1, 2023, the board may claim a good cause exception if the district's noncompliance is due to the availability of funding or qualified personnel;

WHEREAS Georgetown ISD works closely with the Georgetown Police Department on school safety issues;

WHEREAS Georgetown Police Department currently provides seven (7) school resource officers (SROs) who are commissioned peace officers with the Georgetown including an SRO stationed at six (6) of secondary school campuses and a supervising sergeant of the SRO Unit;

WHEREAS the Georgetown Police Department SROs are stationed at a particular campus, but serve as needed in other areas and/or at other campuses as mutually agreed upon between the Chief of Police and the Superintendent of Schools;

WHEREAS, prior to the legislature's passage of this new requirement, the Georgetown Police Department already had open peace officer positions that it has been unable to fill due to the lack of qualified applicants;

WHEREAS Georgetown ISD's budgeted revenue for the 2025-2026 school year is \$167,932,603;

WHEREAS, prior to the legislature's passage of this new requirement, Georgetown ISD's budgeted expenditures were \$176,782 less than its revenue at \$167,932,603, including \$540,600 for SROs and directly related expenses;

WHEREAS the addition of thirteen (13) SROs for a total of nineteen (19), to be stationed at each of the District's campuses, plus a sergeant and lieutenant, is estimated to cost an additional \$3,098,500 annually.

NOW THEREFORE BE IT RESOLVED, that the Board of Trustees of Georgetown Independent School District hereby determines that, due to a lack of available qualified personnel

and a lack of available revenue, the School District is unable to ensure that at least one armed commissioned peace officer, as defined by law, is present during regular school hours at each district campus;

BE IF FURTHER RESOLVED that the alternative standard as required by Texas Education Code section 37.0814(d-1) is that all campuses will have at least one armed security officer as defined by Texas Education Code section 37.0814(a) or a school marshal or school employee or contractor as defined by Texas Education Code section 37.0814(d). Specifically, Georgetown ISD will have approximately fourteen (14) school marshals.

FINALLY, BE IT RESOLVED that the Board of Trustees of Georgetown Independent School Districts directs District administration to continue in its efforts to ensure the safety of each of Georgetown ISD's campuses.

Approved the 15th day of December 2025.

Approval of Staff Development Waiver for Instructional Minutes

Background Information:

The Texas Education Agency (TEA) allows for districts to request a staff development minutes waiver that provides for a maximum of 2,100 total waiver minutes to use for professional development. This waiver is for staff development in place of student instruction; therefore, the waiver minutes are only applicable to staff development provided instead of student instruction during the school year. The Staff Development Waiver may not be used prior to the first day of student instruction or after the last day of student instruction. The 2024-2025 and 2025-2026 approved calendars include these staff development days. Once approved, the waiver will be submitted to TEA and include a request for the maximum 2,100 waiver minutes available.

TEKS Certification

Background Information:

At the April 20, 2026, GISD Board Meeting, the Teaching, Learning & Assessment (TLA) Team will request Board consent for the Certification of Provision of Instructional Materials for the 2026–2027 school year. Following the annual review of district-supported resources, committees of teachers, coaches, and administrators recommended adopting McGraw-Hill resources for high school Algebra I through Pre-Calculus and adding Amplify as a supplemental phonics resource for elementary campuses. The accompanying document provides a full list of all district-approved instructional materials.

Certification 2026–27 Survey Ratification

[Print, Sign, and Upload via Qualtrics]

In accordance with [Texas Education Code §31.1011](#), school districts and open-enrollment charter schools are required to certify annually to the State Board of Education and the commissioner that, for each subject in the required curriculum other than physical education, students have access to instructional materials that cover all the Texas Essential Knowledge and Skills (TEKS) for the coming school year. Additionally, in accordance with Texas Administrative Code [19 TAC §66.105](#), school districts or charter schools are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C).

These certifications must be ratified by local school boards of trustees or governing bodies in public, noticed meetings. Districts and open-enrollment charter schools will be unable to order instructional materials through EMAT until the certifications have been received by the Texas Education Agency (TEA)

District County Number (6-digit ID):

246904

District Name:

Georgetown Independent School District

Date of Ratification by Local School Board of Trustees or Governing Body:

April 20, 2026

Signature of the Board President and Secretary or Governing Board Officer

QUESTION 5.0:

Share the **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your district will use regularly (once a week or more, on average) for **English RLA and/or Phonics grades K–5** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in the instruction of one or more essential knowledge and skills.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures that naming conventions refer to the correct product and align with the predefined answer choices in the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, enter the full publisher and product names

QUESTION 5.3:

Please provide a brief description of the **full-subject and/or supplemental** materials you use for **English RLA grades K–5** that you described as "other."

Please provide the publisher and the name of the product.

Curated literary and informational with texts with varying lexile levels, writing tasks

Powered by Qualtrics

**QUESTION 6.0:**

For the 2026–27 school year, will your local school system provide materials that cover 100% of the **Spanish RLA TEKS grades K–5**? (This includes teacher- or district-developed materials. You may select "yes" even if not all classrooms use the same materials.)

- Yes**
- No

Powered by Qualtrics 

QUESTION 7.0:

Share the **full subject and/or supplemental** publisher(s)/product(s) that teachers in your district will use regularly (once a week or more, on average) for **Spanish RLA and/or Phonics grades K–5** instruction to ensure coverage of 100% of the TEKS. [Single select for each grade band]
 If the publisher/ product varies by grade level or classroom, select all products used.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in the instruction of one or more essential knowledge and skills.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures that naming conventions refer to the correct product and align with the predefined answer choices in the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use does not appear in the list, enter the full publisher and product names.

QUESTION 9.0:

Share the **full subject and/or supplemental** publisher(s)/product(s) that teachers in your local school system will use regularly (once a week or more, on average) for **English RLA grades 6–8** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in the instruction of one or more essential knowledge and skills.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures that naming conventions refer to the correct product and align with the predefined answer choices in the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, enter the full publisher and product names.

N/A; Our school system does not offer these grade levels

Please provide a brief description of the **full-subject and/or supplemental materials** you use for **English RLA grades 9–12** that you described as "other."

Please provide publisher and name of product.

Xtreme Reading: the Strategic Instruction Model, Rosetta Stone, Continental Press - Ready, Set, Go!

Powered by Qualtrics 

QUESTION 12.0:

Mathematics Scope and Sequence - All Grade Levels:

Are instructional materials for mathematics managed at the school system-level and generally consistent across classrooms within the same grade level?

- Yes
- No

QUESTION 13.0:

For the 2026–27 school year, will your local school system provide materials that cover 100% of the **mathematics TEKS standards for grades K–5**? (This includes teacher- or district-developed materials. You may select "yes" even if not all classrooms use the same materials)

- Yes
- No

Powered by Qualtrics 

QUESTION 14.0:

Share the **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your local school system will use regularly (once a week or more, on average) for **mathematics grades K–5** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in the instruction of one or more essential knowledge and skills.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures that naming conventions refer to the correct product and align with the predefined answer choices in the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, enter the full publisher and product names.

QUESTION 14.1:

(If the above answers include Bluebonnet Learning instructional materials):

What is the estimated unique count of students in your local school system who are using Bluebonnet Learning, Edition 1 (grades K–5) in their classroom on a regular basis?

4970

QUESTION 14.1:

(If the above answers include Bluebonnet Learning instructional materials):

What is the estimated number of students in your LEA that will use *Aprendizaje Bluebonnet Matemáticas, piloto* (grados K–5) in their classroom on a regular basis?

2130

Powered by Qualtrics 

**QUESTION 15.0:**

For school year 25–26 will your LEA make materials available for use that cover 100% of the **mathematics TEKS grades 6–8**? (This includes teacher- or LEA -developed materials. You may select "yes" even if not all classrooms use the same materials).

Yes

No

Powered by Qualtrics 

QUESTION 16.0:

Select the **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your LEA will use regularly (once a week or more, on average) for **mathematics grades 6–8** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in the instruction of one or more essential knowledge and skills.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures the naming conventions refer to the accurate product and will align to the predefined answer choices provided on the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use does not appear in the list, enter the full publisher and product names.

QUESTION 16.1:

(If the above answers include Bluebonnet Learning instructional materials instructional materials):

What is the estimated unique count of students in your local school system who are using Bluebonnet Learning Secondary Mathematics, Edition 1 (grades 6–8, Algebra I) in their classroom on a regular basis?

3200

QUESTION 17.0:

Share the **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your local school system or charter will regularly use (once a week or more, on average) for **advanced mathematics grades 6–8** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in instruction of essential knowledge and skill. one or more essential knowledge and skill.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures the naming conventions refer to the accurate product and will align to the predefined answer choices provided on the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use does not appear in the list, enter the full publisher and product names.

**QUESTION 18.0:**

For the 2026–27 school year, will your local school system provide materials that cover 100% of the **mathematics TEKS standards for grades 9–12**? (This includes teacher- or district-developed materials. You may select "yes" even if not all classrooms use the same materials).

Yes

No

QUESTION 19.0:

Share the **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your local school system or charter will regularly use (once a week or more, on average) for **mathematics grades 9–12** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in instruction of one or more essential knowledge and skill.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures the naming conventions refer to the accurate product and will align to the predefined answer choices provided on the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, enter the full publisher and product names.

**QUESTION 20.0:****Social Studies Scope and Sequence - All Grade Levels:**

Are instructional materials for social studies managed at the school system level and generally consistent across classrooms within the same grade level?

- Yes
- No

QUESTION 21.0:

For school year 2026–27, will your local school system provide materials to cover 100% of the **social studies TEKS grades K–5**? (This includes teacher- or district-developed materials. You may select "yes" even if not all classrooms use the same materials)

- Yes
- No

Powered by Qualtrics 

QUESTION 22.0:

Share the **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your local school system or charter will regularly use (once a week or more, on average) for social studies **grades K–5** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in instruction of one or more essential knowledge and skill.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures the naming conventions refer to the accurate product and will align to the predefined answer choices provided on the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, enter the full publisher and product names.

QUESTION 24.0:

Select **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your local school system or charter will regularly use (once a week or more, on average) for **social studies grades 6–8** instruction to ensure coverage of 100% of the TEKS

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in instruction of one or more essential knowledge and skill.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures the naming conventions refer to the accurate product and will align to the predefined answer choices provided on the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, enter the full publisher and product names.

**QUESTION 25.0:**

For school year 25–26 will your LEA make materials available for use that cover 100% of the **social studies TEKS grades 9–12?** (This includes teacher- or LEA -developed materials. You may select "yes" even if not all classrooms use the same materials).

- Yes**
- No

QUESTION 26.0:

Share the **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your local school system or charter will regularly use (once a week or more, on average) for **social studies grades 9–12** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in instruction of one or more essential knowledge and skill.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures the naming conventions refer to the accurate product and will align to the predefined answer choices provided on the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, enter the full publisher and product names.

**QUESTION 30.0:**

For school year 2026–27, will your local school system provide materials to cover 100% of the **science TEKS grades 6–8**? (This includes teacher- or district-developed materials. You may select "yes" even if not all classrooms use the same materials)

- Yes**
- No

QUESTION 31.0:

Share the **full-subject and/or supplemental** publisher(s)/product(s) that teachers in your local school system or charter will regularly use (once a week or more, on average) for **science grades 6–8** instruction to ensure coverage of 100% of the TEKS.

Full-subject instructional materials (often referred to as Tier one or core materials): Instructional materials designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Supplemental Materials: Instructional materials designed to supplement core products in instruction of one or more essential knowledge and skill.

REMINDER: Ensure the naming convention for the products you list on this form mirrors the naming convention on the resource list (e.g., no acronyms, no abbreviations, and the title is listed as written on the instructional material). This ensures the naming conventions refer to the accurate product and will align to the predefined answer choices provided on the Qualtrics survey drop-down menus. If your local school system uses a district-developed product, or if the product you use **does not appear** in the list, enter the full publisher and product names.

The Children's Internet Protection Act

The Children's Internet Protection Act (CIPA) was enacted by Congress in 2000 to address concerns about children's access to obscene or harmful content over the Internet. (You may find more information on the FCC website.)

In accordance with Texas Administrative Code 19 TAC §66.105, school districts or charter schools are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C) [Section 28.0022](#), [Section 43.22](#), Penal Code, and any other law or regulation that protects students from obscene or harmful content.

Does your district or charter school protect against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 USC §254(h)(5)(B) and (C), Section 28.0022, Penal Code, and any other law or regulation that protects students from obscene or harmful content?

QUESTION 37.0:

What approach does your school system take to making full-subject instructional materials available to teachers and staff?

- Teachers access educational applications through a Single Sign On platform (e.g., Clever, ClassLink)**
- Teachers access educational applications within a Learning Management System (e.g., Schoology, Google Classroom, Canvas, Moodle)
- Teachers log directly to publisher curriculum platforms (e.g., HMH Ed, Savvas Realize, Amplify, Great Minds)
- Teachers access copied files or links within a Learning Management System (e.g., Google Classroom, Canvas, Moodle)
- Teachers access copied files or links within a Student Information System (e.g., PowerSchool, Infinite Campus, Skyward)
- Teachers access copied files or links in a shared cloud drive (e.g., Google Drive, OneDrive, Dropbox)
- Teachers access copied files or links through a district resource portal (e.g., SharePoint, Google Site, intranet)
- Other (Please Explain):

In accordance with [Texas Education Code 31.1011](#), local educational agencies (LEAs) are required to certify annually to the State Board of Education (SBOE) and the commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

These certifications must be ratified by local school boards of trustees or governing bodies in public, noticed meetings. Districts and open-enrollment charter schools will be unable to order instructional materials through EMAT until the certifications have been received by the Texas Education Agency (TEA).

Consideration and Action to Name GISD Middle School 5

Background Information:

GISD staff and School Board Trustees (Blankenship and Hirt) have reviewed community input as well as conducted additional research and have landed on a proposed name for Middle School 5: S.C. Marshall Middle School. The first school for African American students in Georgetown was established in the early 20th century. Called "The Colored School," the institution served grades 1 through 8 and provided the only local educational opportunities for African Americans. The school's principal, Mr. S.C. Marshall, was an outspoken advocate of higher education. A scholar himself, he persuaded the school board to allow him to provide classes through the high school level. He named the new program "The Georgetown Colored High School," and the first student enrolled in 1913. Mr. Marshall was not only an advocate for educational opportunities for African American students in the community, but for high quality education for all people.

Consideration and Approval of School Bus Seat Belt Requirements Funding - Senate Bill 546

Background Information:

At the March 30 Board meeting, staff presented information regarding new requirements for seat belts on school buses that were passed during the 89th Legislative Session in 2025 (Senate Bill 546). Senate Bill 546 set reporting requirements for school districts and established a date of September 1, 2029, that all school buses used for the transportation of students must be equipped with three-point seat belts for each passenger, including the driver.

In an effort to expedite full compliance with these new requirements staff recommends the replacement of 21 buses with new buses equipped with three point seat belts utilizing available unspent 2021 Bond funds for an amount not to exceed \$3,615,000.

BOARD AGENDA ITEM
