Moak Casey Efficiency Audit

Background Information:

As part of the Voter-Approval Tax Rate Election (VATRE) process, school districts are required to undergo an Efficiency Audit conducted by an external party. Moak Casey completed this audit in August, and the full document is currently available on the Georgetown ISD website.

To fulfill the statutory requirement to present the audit findings to the Board, a representative from Moak Casey will be in attendance to present their key findings and answer questions.

Note: Collections for July and August look unusually low due to a couple of large commercial property tax refunds paid out during these two months.
While these refunds are small relative to our full year budget, their impact is magnified right now because we're only two months into the fiscal year - this gap will naturally even out as regular collections roll in.

GISD Course Guide

Background Information:

As part of the annual Course Guide review, several new course offerings have been added to provide students with additional opportunities aligned to graduation requirements, college and career readiness, and student interests. These courses will be available to students and incorporated into the master scheduling process across secondary campuses for the 2027-2028 school year. Teaching, Learning & Assessment, along with Academic Advising, will be asking for the GISD Board of Trustees' consent for the course additions to our 2027-2028 GISD Course Catalogue.

Course	PIEMS	Credit	Grade Level	Justification
Career and Technical Education (CTE)	12756060	1	10-12	Adds Engineering Project Management to strengthen the Civil Engineering pathway by giving students experience with project planning, scheduling, budgeting, teamwork, and the management of engineering projects. The course provides a more intentional advanced option that aligns with the skills students will use in postsecondary engineering programs and industry. This course will replace an existing course within the Civil Engineering program of study and will not add to student course load or teacher staffing load.
Career and Technical Education (CTE)	13037050	1	11-12	Adds Robotics II as the advanced course paired with Manufacturing Engineering Technology to create a stronger and more coherent sequence for students interested in automation, robotics, and modern manufacturing. The course provides a closer instructional connection to manufacturing systems than the previously considered PLC option. This course will replace an existing course within the Manufacturing program of study and will not add to student course load or teacher staffing load.
Career and Technical Education (CTE)	13039350	1	1-9	Adds Introduction to Aircraft Technology to strengthen the Aviation Maintenance program of study and provide students with an appropriate entry point into aircraft systems, maintenance concepts, and aviation careers. The course supports a clearer sequence toward advanced aviation coursework and increases opportunities for students to become CTE completers. This course will replace an existing course within the Aviation Maintenance program of study and will not add to student course load or teacher staffing load.
Career and Technical Education (CTE)	13039360	1	11-12	Adds Aircraft Maintenance Technology as the next course in the Aviation Maintenance sequence, providing students with hands-on instruction in aircraft maintenance theory, inspection, diagnosis, and repair practices aligned to FAA-related curriculum. Adding the course creates a more complete pathway and increases opportunities for students to become CTE completers. This course will replace an existing course within the Aviation Maintenance program of study and will not add to student course load or teacher staffing load.
Career and Technical Education (CTE)	13029600	1	10-12	Adds Court Systems and Practices to provide a stronger course sequence within the Law and Public Service pathway. The course expands students' understanding of the state and federal court systems, legal procedures, evidence, and constitutional protections while creating a more intentional progression toward advanced study and careers in law, public safety, and criminal justice. This course will replace an existing course within the Law and Public Service program of study and will not add to student course load or teacher staffing load.
Career and Technical Education (CTE)	13011111	1	11-12	Adds Practicum in Entrepreneurship as a senior-level capstone opportunity at the Future Ready Complex. The course allows students to apply business, marketing, finance, and entrepreneurial skills in authentic work-based and project-based experiences while providing a meaningful culmination to the Entrepreneurship program of study. This course will replace an existing course within the Entrepreneurship program of study and will not add to student course load or teacher staffing load.

Career and Technical Education (CTE)	12756040	1	10-12	Adds Aerospace Design I to strengthen the district's aerospace, rocketry, and unmanned aerial systems pathway. The course provides students with a more coherent progression in aerospace design and engineering, supports advanced learning connected to drones and rocketry, and creates additional opportunities for students to complete the program of study. This course will replace an existing course within the Aerospace program of study and will not add to student course load or teacher staffing load.

2026-2028 SHAC Membership Approval

Background Information:

The School Health Advisory Council (SHAC) is a group of parents and community members who represent the diversity of Georgetown ISD. These members are approved by our school board each year and provide advice on coordinated school health programming and its impact on student health and learning. This committee addresses areas including health education, physical education and activity, health services, nutrition services, counseling, psychological and social services, a healthy school environment, staff health and wellness, and family and community involvement.

Members of the Student Health Advisory Committee (SHAC) rotate on a two-year basis. For this reason, we must have approval from the board for the new members each year. We are requesting approval for the new members of SHAC, who are highlighted in

yellow on the attached document. These proposed members represent families from both the GHS and the EVHS feeder patterns as well as the community.

In accordance with Policy EFB (Local), all new library book purchases shall be made available for community preview for at least 30 days before being added to campus libraries. Georgetown ISD will post the list of proposed book purchases 30 days prior to seeking approval from the Board of Trustees. Approval of a title shall extend to all ISBN formats associated with that title, including but not limited to: paperback, hardcover, electronic book (e-book), and audiobook editions. Approval does not extend to adaptations that alter the original work's intent or content, such as graphic novels or similar derivative formats. Any such adaptation requires separate review and approval.
