April 29th, 2022

Ms. Tammy Marty
Business Manager
New Glarus School District
1701 Second Street
New Glarus, WI 53574

Dear Ms. Marty:

Enclosed is the proposed food service operating budget comparison for the 2022-23 school year which has been prepared with the following assumptions:

1. Enrollment in you District remains at the current level or higher.
2. **175** days of meal service. Factors outside our control, such as weather, late starts, early outs, field trips, etc. that reduce the number of meal service days, may be cause to adjust the budget accordingly.
3. SSO Waivers end the last day of school and allowed all children in America to eat free breakfast and lunch meals during the school year. The 2022-23 rate of reimbursements for Federal Breakfast, Lunch, and Milk have been increased by 5%. USDA will release the new rates on or before July 1st, 2022.
4. The average daily participation forecast is based on the past 3 ½ years. The serving model for breakfast at the elementary school and Nutrition Break at the M/H generate a higher breakfast count and has been used to create the budget:
An average daily participation of **291** Reimbursable Breakfasts (102 paid, 141 Free and 48 Reduced) and **480** Reimbursable Lunches (354 paid, 99 Free and 27 Reduced) and **10** Adult Lunches.
5. **WMM** (Wisconsin Morning Milk) program average of **139** paid milk cartons and **38** F/R milk cartons.
6. A la Carte revenue of **\$618.00** per day and the total catering revenue generated in the program of **\$6,119.75**.
7. School District Labor costs of **\$40,660.00**
8. Taher Paid Labor costs of **\$262,671.63**.
9. Per section, 10.01 of the Food Service Agreement, the Management Fee and the General & Administrative fees are increased by 7.7%
10. District paid expenses of **\$19,405.01**.
11. Food Cost increased by 7%.

The program has a substantial amount of money in the Fund Balance and the program is financially healthy this year due to the reimbursements for FREE meals. We have been able to add equipment and increase starting wages for the food service staff which allows us to be competitive in the marketplace. The forecasts made in the budget is our "Best Educated Guess" and as the new school year starts, we will monitor the program and make financial adjustments as needed to ensure a positive outcome.

Rebecca and her team have done an extraordinary job pivoting over the last 2+ years feeding kids utilizing several different methods under a variety of circumstances. Their commitment to "Excellence" will not change moving into school year 2022-23. We will look at this next year with a new set of eyeglasses and maintain a strong program.

On behalf of **Bruce, Judy, Rebecca and the Taher management team**, we appreciate the partnership with the **New Glarus District** and look forward to another exciting and challenging year.

Sincerely,

Lisa Corrao
K12 District Manager

*Initial ESSER III allocation is based on each LEA's proportionate share of federal Title I, Part A funds under the Elementary and Secondary Education Act of 1965 (reauthorized as Every Student Succeeds Act, 2015). Total amount is based on the [revised] Grant Award Notice of ESSER III funding (December 6, 2021).

**The LEA Minimum Grant amount is \$200,000 for LEAs with fewer than 25 pupils (Fall 2021 count).

***LEAs that received less than \$400 per pupil from the initial ESSER III allocations and that reported providing in-person instruction for at least 50% of the 2020-21 school year are eligible for first round of funds (raise ESSER III allocation to \$400 per pupil); remaining funds are distributed in round 2 to all LEAs (if less than \$400 per pupil) based on each LEA's proportionate share of in-person hours of instruction in the 2020-21 school year.

****LEAs eligible for sparsity aid will be eligible for the first round of funding for competitive grants for evidenced based summer learning grants and evidenced based afterschool grants.
