Public Participation at Board Meetings

The School Board recognizes and respects the input which may be provided by the public on school district matters. The Board also recognizes and respects the distinction between a school board meeting that is open to the public and a public hearing held by the school board.

- At a school board meeting which is open to the public, members of the public may be present, observe and listen to the school board conduct its business and may speak during the school board meeting consistent with this policy.
- At a public hearing held by the school board, there is usually one topic to be presented by the District and discussed. The public is given the opportunity to speak and be heard on the topic which is the reason for the public hearing. This type of meeting allows for public participation under the rules designed specifically for that meeting and is not subject to this policy.

This Policy applies only to regularly scheduled school board meetings held in open session. Matters addressed in executive session pursuant to SDCL 1-25-2 are not open to the public.

Personnel matters or complaints that directly or indirectly identify an employee shall not be discussed. Complaints against school employees or students, and complaints related to sexual harassment or bullying, must be addressed according to specific school district policies before being addressed by the School Board.

When a complaint against a school employee or a student is brought to the Board during the public forum, the Board President will direct the person bringing the complaint to the applicable complaint procedure. The complaint procedures are designed to ensure the proper balance in protecting the rights of the person(s) bringing the complaint and the rights of the person against whom the complaint is made. The Board will address the complaint only if the matter has been appealed to the Board pursuant to the applicable complaint policy

Persons making references about a specific school employee or employees, or a specific student or students during the public forum should be mindful that based upon what the person says during the public forum the employee(s) or student(s) about whom the comments are made may have legal recourse against the person voicing the complaint.

Persons speaking during the Public Forum at a school board meeting shall not cause public inconvenience, annoyance, or alarm to the school board or any person, and shall not engage in threatening behavior, make unreasonable noise, be disruptive, boisterous, argumentative, or threatening, shall not make comments which

are disrespectful to one or more persons, and shall not use profanity.

The time designated for Public Forum on the agenda shall be immediately before the adoption of the meeting agenda by the school board.

In order to assure that the Board may conduct its meetings in a respectful and efficient manner, the procedure for public participation at regularly scheduled monthly school board meetings is as follows:

1. Agenda and Non Agenda Items:

- a. Before the meeting is called to order, an individual who desires to speak at a school board meeting must in writing inform the Superintendent, the Business Manager or the Board President of the person's desire to speak and the topic upon which the person intends to speak. The requesting party must sign a form (prepared by the school district) with their name, address, email and topic to be addressed. Individuals attending virtually and desiring to speak during public forum, should email their request to the superintendent's office, including all identifying information, by noon the day of the meeting.
- b. During the time designated for Public Forum, the Board President will recognize the person who signed up to speak and the person may speak on the topic according to the rules set forth in this policy
- c. A speaker shall be granted 5 minutes to present comments to the school board. Upon receiving a request for an extension of time from the speaker, the school board, upon a motion being made and passed by a majority of school board members present and voting, may grant an additional amount of time not to exceed 5 minutes. Additional extensions may be granted only upon a two-thirds vote of school board members present and voting.
- d. Should a number of persons wish to address the school board on the same agenda item, or should the comments become repetitious, the School Board President, in the President's sole discretion, may shorten the time for comments to two minutes per person in order that persons wishing to address the school board may be heard and still allow the school board sufficient time to conduct its agenda business.

2. Adding an Item to the School Board Meeting Agenda in Order to Request Specific School Board Action:

- a. Any person or delegation (with one person being the spokesperson for the delegation) making a specific request to the school board which would require formal action by the school board must present a written request to the Superintendent for the item to be placed on the school board meeting proposed agenda. The written request must be submitted to the Superintendent at least five calendar days before the school board meeting.
- b. The specific request to add an item to the agenda shall clearly identify what is being requested and why, signed by the person making the request, and include the person's name, address, email and telephone number.
- c. The Superintendent will forward the request to the School Board President and the Board President will decide whether the item will be placed on the proposed agenda. Whether any item is to be addressed at the school board meeting is determined by a majority of school

board members at the beginning of the school board meeting when the school board adopts the proposed agenda as printed or adopted after being modified.

- d. If the item on the meeting agenda is adopted by the school board, the person or spokesperson for the delegation who has submitted the request for specific school board action will be granted 10 minutes to explain the request to the school board. Upon receiving a request for an extension of time from the speaker, the school board, upon a motion being made and passed by the majority of school board members present, may grant an additional amount of time not to exceed 5 minutes. Additional extensions may be granted only upon a two-thirds vote of school board members present and voting.
- e. In the sole discretion of the school board, requests to the school board for specific action submitted after the proposed agenda has been posted may be:
 - deferred until the next regular meeting or a special school board meeting, or
 - added to the meeting agenda for discussion purposes only, or
 - added to the agenda for discussion and possible action.

3. Authority of Presiding Officer:

The Board vests in its presiding officer the authority to terminate the right of any person to speak at the end of the time granted pursuant to provision 1.d, provision 1.e, or provision 2.d. as set forth in this policy. The presiding officer may also terminate the right of a person to speak at a school board meeting should the person cause public inconvenience, annoyance, or alarm to the school board or any person, engage in threatening behavior, make unreasonable noise, disturb or be disruptive of an official school board meeting, or when comments are disrespectful to one or more persons, boisterous, argumentative, threatening, or contain profanity.

If deemed necessary by the presiding officer, the presiding officer may contact local law enforcement to have a person removed from the school board meeting as it is a violation of law for a person to intentionally cause or create a risk of serious public inconvenience, annoyance, alarm or disturbance at a school board meeting.

Introduction to Public Forum

If the Board/Board President wishes to have the Board President make an introductory statement at the beginning of the Public Forum, the following may serve as a starting point which could be modified at the discretion of the Board/Board President and which is consistent with local Board policy.

This is the time for the Public Forum.

Each individual wishing to address the Board is asked to sign the form on the table in the back of the room with their name, address, email and topic to be addressed being legible. Persons having signed in will be recognized and have an opportunity to speak.

Speakers will have five (5) minutes to present comments to the school board. An extension of time may be granted pursuant to Board policy. Should more than one person wish to address the school board on the same agenda item, or should the comments become repetitious, speaker time may be shortened.

The District has policies related to complaints involving bullying, sexual harassment, school employees or students. Those policies include procedures designed to balance the rights of the person(s) bringing the complaint and the rights of the person against whom the complaint is made. If a complaint about bullying, sexual harassment, school employees or students is brought to the Board during the public forum, the person will be informed as to the applicable complaint procedure.

* Individuals attending virtually and desiring to speak during public forum, instructions are given on the meeting agenda when it is posted to email their request to the superintendent’s office, including all identifying information, by noon the day of the board meeting.

Notes: All Board members should be aware that SDCL 22-18-35(3) says any person who intentionally causes serious public inconvenience, annoyance, or alarm to any other person, or creates a risk thereof by disturbing any lawful assembly or meeting of persons without lawful authority is a criminal offense (Class 2 Misdemeanor). This statute could be referenced in extreme situations if a speaker/group fails to respect the decorum expected during a formal governmental meeting

DOUGLAS SCHOOL DISTRICT
Board Policy
REVIEW

SECTION	J	TITLE	STUDENTS	FILE	JFCA
---------	----------	-------	-----------------	------	-------------

The Board recognizes that it is the prerogative of parents to determine what is appropriate dress and grooming for their children in accordance with the age and grade of these students. It is hoped that decisions made by parents and students in these matters will reflect favorably upon the individual, the school, and the community.

There are certain restrictions necessary on a student's dress and grooming when such dress and grooming may create a health or safety hazard; invade the rights of others; or, be disruptive to the educational environment by detracting from the decency and decorum in school. It will be the responsibility of the building principal to determine violations of the intent to this policy and to take necessary corrective action.

GANGS

The Board desires to keep District schools and students free from threats or harmful influence of any groups or gangs, which advocate drug use, violence, or disruptive behavior. ~~The Superintendent~~ **Douglas School District staff** shall maintain continual, visible supervision of District premises so as to deter gang intimidation of students and confrontations between members of different gangs.

~~The Superintendent~~ **District Administration** shall:

1. Establish open lines of communication with local law enforcement authorities so as to share information and provide mutual support in this effort;
2. Provide **periodic** in-service training to help staff identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior; and
3. Keep the staff informed about conflict management techniques and alerted to intervention measures and community resources, which helps students.

The Board prohibits the presence of any apparel, jewelry, accessory, notebook or manner of grooming which, by virtue of its color, arrangement, trademark or any other attribute, denotes membership in gangs which advocate drug use, violence, or disruptive behavior

STUDENT CONDUCT ON SCHOOL BUSES

~~When a child is riding, boarding, or leaving the bus, the bus driver has supervisory control over the student and may exercise reasonable and necessary physical restraint to maintain that control.~~

~~In view of the fact that a bus is an extension of the classroom, the Board will require children to conduct themselves in the bus in a manner consistent with established standards for classroom behavior.~~

~~In cases when a child does not conduct himself/herself properly on a bus, such instances will be brought to the attention of the transportation supervisor by the bus driver. The transportation supervisor will inform the parents immediately of the misconduct and request their cooperation in checking the child's behavior.~~

~~Children who become a serious disciplinary problem on the school bus may have their riding privileges suspended by the transportation supervisor. This policy shall be implemented in a manner consistent with IDEA and Section 504. In such cases, the parents of the children involved become responsible for seeing that their children get to and from school safely.~~

When a student is riding, boarding, or leaving the bus, the bus driver has supervisory control over the student. Because the bus is an extension of the classroom, the Board requires students to conduct themselves while on the bus in accordance with Student Conduct policy JFC.

Students who become a serious disciplinary problem on the school bus may have their riding privileges suspended by the Transportation Coordinator and/or principal. In such cases, the parents of the student involved will be responsible for their child's transportation to and from school.

The Transportation Coordinator and Principals have the right to suspend students for up to ten (10) days from riding the school bus for inappropriate conduct. The suspension must be reported to the Superintendent or designee who may revoke the suspension at any time. The Superintendent may suspend a student from riding the school bus for not more than 90 days. In case of a suspension by the Superintendent for more than 10 school days, the pupil or his parents or others having his custodial care may appeal the decision of the Superintendent to the School Board. The Superintendent may also recommend to the School Board that the student be prohibited from riding the school bus for the balance of the school year, and upon receiving such a recommendation the School Board shall conduct a hearing

on the Superintendent's recommendation.

STUDENT CONDUCT ON SCHOOL BUSES

Buses are provided for those students whose distance from school (Board Policy EEA) or health make this service essential. Misconduct on buses will not be tolerated and will result in forfeiture of the privileges of riding.

Students are expected to comply with the instruction of the bus driver. The driver will be in full charge of the bus and the passengers. There must be no disturbance of any kind that might distract the driver and imperil the safety of the passengers.

Students will observe the following rules of conduct while riding school buses.

1. Students must be on time at the designated bus stops; the bus cannot wait beyond its regular time schedule for tardy students. A time schedule will be posted in the bus and must be followed.
2. Students must not stand in the traffic lanes while waiting for the bus.
3. Students should not move to board a bus until it is completely stopped and the door is open.
4. Students will enter the bus in an orderly fashion and go directly to a seat. Students must stay in their seats and in a sitting position when the bus is in motion. Students must occupy the seat assigned to them, if seats are assigned.
5. Students must not move about inside the bus or try to get on or off while the bus is in motion.
6. Students must follow the instructions of the driver when entering or leaving the bus, and when they must cross the road or highway. The crossing should be made approximately 10 feet in front of the bus, in full view of the driver.
7. Students will not open or close the windows without the permission of the bus driver. Students must not at any time put hands, arms or heads out of the windows.
8. The same courteous conduct as is expected in the classroom must be observed while on the bus. Ordinary conversation is permitted.
 - a. Loud and vulgar language is not permitted.
 - b. No wrestling, scuffling or fights will be allowed.
 - c. Illegal weapons or knives are not allowed on the bus.
 - d. Students are not to tamper with the emergency door.
 - e. Tobacco products as defined in Board Policy JFCG are not allowed on the bus.
 - f. No drinking or eating is permitted on the bus.
 - g. All articles such as athletic equipment, books, musical instruments, etc., must be kept out of the aisles.
9. Students will assist the driver in keeping the interior of the bus clean and in orderly

condition. Students must not throw waste paper or rubbish on the floor or out of the windows of the bus.

10. Students will immediately report to the driver any damage occurring to the bus. Any damage to the bus will be paid for by the rider inflicting the damage and will be subject to suspension or expulsion from school.
11. Students shall be courteous and obey all instructions from the school bus driver at all times.
12. Students must refrain from unnecessary conversation with the driver. Driving requires his/her full attention.
13. Students desiring to leave the bus at other than their designated bus stop must present the driver with written permission from their parents.
14. Students will be courteous to the driver, fellow students and the general public. Any conduct which disturbs the driver or other passengers will be considered improper.
15. Only those students who are granted bus privileges by South Dakota Law will be allowed to ride buses to and from school. Parents are asked not to request additional services such as babysitter, Boy Scout, or visiting friends. These requests require double checking of permission from parents, extra records to be maintained and the bus capacity is limited.

Parents and students will be informed of these regulations at the beginning of each school year; and parents will be asked to return signed forms indicating that the regulations have been received and read.

BULLYING

The Douglas School District is committed to maintaining a constructive, safe, and bully-free school climate that is conducive to all students learning and fostering an environment in which all students are treated with respect and dignity.

Persistent bullying can severely inhibit a student’s ability to learn and may have lasting negative effects on a student’s life. The bullying of students by students, staff or third parties is strictly prohibited and shall not be tolerated.

This policy shall not be interpreted to prohibit civil exchange of opinions or debate protected under the state or federal constitutions where the opinion expressed does not otherwise materially or substantially disrupt the education process or intrude upon the rights of others. However, conduct which substantially interferes with the work of the school, causes material and substantial interference with school work and discipline, and might reasonably have led school authorities to forecast substantial disruption of or material interference with school activities is not constitutionally protected speech and is therefore prohibited under this policy.

All students, parents, employees, guests, visitors, volunteers and vendors shall conduct themselves in a civil and responsible manner and in a manner consistent with school policies related to student, parent, employee and visitor conduct. This policy prohibiting bullying shall apply to all students, parents, employees, guests, visitors, volunteers and vendors while on school property, while attending or participating in school activities, on school-owned property or on non-school property, while in any school-owned or leased vehicles, while at a school bus stop, or when in a private vehicle located on school property during school or during school activities.

The District shall investigate all reported instances involving bullying. Unless a different person is designated by the Superintendent to conduct the investigation, the Principal of the school attendance center where the bullying is alleged to have occurred is responsible for investigating the alleged bullying. Allegations of bullying may also be reported by the administration to other authorities, including but not limited to law enforcement.

Students who violate this policy shall be subject to appropriate disciplinary action, up to and including expulsion. Employees who violate this policy shall be subject to appropriate disciplinary action, up to and including termination of employment. Parents, guests, visitors, volunteers, and vendors who violate this policy may be prohibited from being on school property.

Pursuant to state law:

- A. any school district employee, school volunteer, student, or parent who promptly reports in good faith an act of bullying to the appropriate school district official as designated in the school district's policy, and who makes the report in compliance with the provisions of the school district's policy, is immune from any cause of action for damages arising from failure to remedy the reported incident, and
- B. no cause of action is created against the school district, school district employee, school volunteer, student, or parent unless there has been substantial noncompliance with the school district's policy which results in injury to a person.

The District will maintain confidentiality to the maximum extent possible under the circumstances. However, a person reporting bullying conduct must understand that should the administrator who is investigating the report determine there is reasonable cause to suspect that bullying did occur which could result in administrative discipline or a referral to the School Board, the person alleged to have abused the other person may have the right to know the identity of the person(s) making the report in order that he/ she may have an opportunity to defend himself/herself.

The District strictly prohibits retaliation against any person because he or she has made a report, testified, assisted, or participated in the investigation of a report of alleged bullying. Retaliation includes, but is not limited to, any form of verbal or physical reprisal or adverse pressure. The person(s) alleged to have bullied another person shall not directly or indirectly (such as through another person) harass, pressure, or retaliate against any other person because of the complaint being reported. A violation of this provision may lead to separate disciplinary action based on the retaliation. Any person who believes he or she is being subjected to retaliation because of his or her involvement with a bullying report should immediately contact a school administrator.

Bullying consists of physical, verbal, written or electronic conduct directed toward a student that is so severe, pervasive and objectively offensive that it: has the purpose of affecting or creating an intimidating, hostile or offensive academic environment, or has the purpose or effect of substantially or unreasonably interfering with a student's academic performance which deprives the student access to educational opportunities.

It shall be the responsibility of the superintendent to develop procedures, in accordance with this policy, to protect the district's students from the harmful effects of bullying. Procedures accompanying this policy may include, but are not limited to:

1. Additional definitions, if necessary, to assist in the implementation of this policy;
2. A procedure to report incidents of bullying;
3. A process to investigate reported acts of bullying;
4. A procedure, consistent with district policy, to provide appropriate consequences for any individual found to have engaged in bullying;
5. A statement prohibiting retaliation against individuals who, in good faith, report acts of bullying; and
6. A process to inform staff, students and parents of the district's bullying prevention policies

and efforts.

Complaints against school employees and complaints related to Sexual Harassment are addressed through other school district policies and not through this policy.

In addition to it being a violation of the District bullying policy, sexting may constitute a crime under state and/or federal law. The administration may search any cell phone/electronic device/computer, or other portable device if they have any reasonable suspicion that sexting has occurred. Any person possessing, taking, disseminating, sending, sharing, viewing any such electronic data, including pictures, text messages, emails or other material of a sexually explicit nature, is subject to disciplinary action under this policy.

Electronic: For the purposes of this policy, “electronic” means any communication involving the transmission of information by wire, wireless broadband, radio, optical cable or similar means. “Electronic” includes, but is not limited to, communication via electronic mail, internet-based communications, pager service, cell phones, electronic text messaging or similar technologies.

3. to contact another person with intent to extort money or other things of value,
4. to contact another person with intent to disturb that person by repeated anonymous telephone calls or intentionally failing to replace the receiver or disengage the telephone connection.

B. REPORTING

Any individual who believes a student has been the victim of bullying, as defined above, by students, staff or third parties shall report the alleged acts immediately. The report shall be on a form available from the building principal or from the district office—Student Bullying/Harassment Report Form (JFCD-E(1)). The report may be made anonymously. At the time a report is made, district staff may request any evidence of the alleged bullying, including, but not limited to, letters, tapes, pictures or electronic communication devices.

Designated Personnel. The building principal is designated to receive written reports of bullying at each school building. Reports may also be received by an alternate, as designated by the building principal. If the signed written complaint is given to a teacher, or if the Bullying Report form is completed by a teacher, the teacher shall forward the complaint or Bullying Report form to the building principal. Upon receipt of a written report, the building principal shall reasonably and promptly investigate the report. If the complaint involves the building principal, the complaint shall be filed directly with the superintendent.

District wide. The school board hereby designates the superintendent to receive reports of bullying outside of any specific school building. The superintendent shall designate an individual to receive these reports. If a report is filed involving the superintendent, the report shall be filed with the Board President.

Confidentiality. The District will attempt to respect the confidentiality of the report and the individual(s) against whom the report is filed, consistent with district policy, legal obligations and the necessity to investigate allegations of bullying and take disciplinary action when the conduct has occurred.

Procedure. Any individual filing a report of bullying will be asked to put the facts surrounding the conduct in writing on a form provided by the District. The report may be made anonymously although formal disciplinary action may not be based solely on an anonymous report. The form shall include, but is not limited to: individual's name and address; date of the incident; description of the incident; name of any witnesses; what action, if any, has been taken; and signature of the complainant.

Required Reporting. Notwithstanding District policy, the superintendent shall comply with all mandatory state, criminal or other reporting requirements.

C. INVESTIGATION

Upon receipt of a written report, the building principal shall be responsible for reasonably and promptly conducting an investigation to determine whether an alleged act constitutes a violation of this policy. At the building principal's discretion, an investigation may be conducted by an alternate investigator as designated by the building principal. If a written report has been filed at the first instance with the superintendent or Board President, he/she shall assign an investigator to investigate the report. After completion of the investigation, the investigating party shall provide written

conclusions and the findings to the superintendent.

D. PROHIBITION AGAINST RETALIATION

The District prohibits retaliation against any person who, in good faith, makes a report of alleged bullying conduct or who, in good faith, testifies, assists, or participates in any investigation, proceeding, or hearing related to a report of bullying.

Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment. If any student or person, who has, in good faith, reported bullying or has testified, assisted or participated in an investigation, believes that he or she has been retaliated against because of his or her participation, he or she should follow the reporting procedures set forth above.

Any charge of bullying found to have been intentionally dishonest or made maliciously without regard for truth is subject to disciplinary action consistent with district policy.

E. CONSEQUENCES

Any individual found to have violated this policy will be subject to discipline consistent with district policy. The District will take action it deems necessary and appropriate, up to and including expulsion, supervision or other appropriate sanction determined and imposed by the administration or the Board.

F. NOTIFICATION

The district's bullying prevention efforts may be annually discussed with students and staff and the district's policy and regulation shall be incorporated into the appropriate district handbooks and available online.
