---------	----------	-------	--	------	-------------

Public Participation at Board Meetings

The School Board recognizes and respects the input which may be provided by the public on school district matters. The Board also recognizes and respects the distinction between a school board meeting that is open to the public and a public hearing held by the school board.

- At a school board meeting which is open to the public, members of the public may be present, observe and listen to the school board conduct its business and may speak during the school board meeting consistent with this policy.
- At a public hearing held by the school board, there is usually one topic to be presented by the District and discussed. The public is given the opportunity to speak and be heard on the topic which is the reason for the public hearing. This type of meeting allows for public participation under the rules designed specifically for that meeting and is not subject to this policy.

This Policy applies only to regularly scheduled school board meetings held in open session. Matters addressed in executive session pursuant to SDCL 1-25-2 are not open to the public.

Personnel matters or complaints that directly or indirectly identify an employee shall not be discussed. Complaints against school employees or students, and complaints related to sexual harassment or bullying, must be addressed according to specific school district policies before being addressed by the School Board.

When a complaint against a school employee or a student is brought to the Board during the public forum, the Board President will direct the person bringing the complaint to the applicable complaint procedure. The complaint procedures are designed to ensure the proper balance in protecting the rights of the person(s) bringing the complaint and the rights of the person against whom the complaint is made. The Board will address the complaint only if the matter has been appealed to the Board pursuant to the applicable complaint policy

Persons making references about a specific school employee or employees, or a specific student or students during the public forum should be mindful that based upon what the person says during the public forum the employee(s) or student(s) about whom the comments are made may have legal recourse against the person voicing the complaint.

Persons speaking during the Public Forum at a school board meeting shall not cause public inconvenience, annoyance, or alarm to the school board or any person, and shall not engage in threatening behavior, make unreasonable noise, be disruptive, boisterous, argumentative, or threatening, shall not make comments which

are disrespectful to one or more persons, and shall not use profanity.

The time designated for Public Forum on the agenda shall be immediately before the adoption of the meeting agenda by the school board.

In order to assure that the Board may conduct its meetings in a respectful and efficient manner, the procedure for public participation at regularly scheduled monthly school board meetings is as follows:

1. Agenda and Non Agenda Items:

- a. Before the meeting is called to order, an individual who desires to speak at a school board meeting must in writing inform the Superintendent, the Business Manager or the Board President of the person's desire to speak and the topic upon which the person intends to speak. The requesting party must sign a form (prepared by the school district) with their name, address, email and topic to be addressed. Individuals attending virtually and desiring to speak during public forum, should email their request to the superintendent's office, including all identifying information, by noon the day of the meeting.
- b. During the time designated for Public Forum, the Board President will recognize the person who signed up to speak and the person may speak on the topic according to the rules set forth in this policy
- c. A speaker shall be granted 5 minutes to present comments to the school board. Upon receiving a request for an extension of time from the speaker, the school board, upon a motion being made and passed by a majority of school board members present and voting, may grant an additional amount of time not to exceed 5 minutes. Additional extensions may be granted only upon a two-thirds vote of school board members present and voting.
- d. Should a number of persons wish to address the school board on the same agenda item, or should the comments become repetitious, the School Board President, in the President's sole discretion, may shorten the time for comments to two minutes per person in order that persons wishing to address the school board may be heard and still allow the school board sufficient time to conduct its agenda business.

2. Adding an Item to the School Board Meeting Agenda in Order to Request Specific School Board Action:

- a. Any person or delegation (with one person being the spokesperson for the delegation) making a specific request to the school board which would require formal action by the school board must present a written request to the Superintendent for the item to be placed on the school board meeting proposed agenda. The written request must be submitted to the Superintendent at least five calendar days before the school board meeting.
- b. The specific request to add an item to the agenda shall clearly identify what is being requested and why, signed by the person making the request, and include the person's name, address, email and telephone number.
- c. The Superintendent will forward the request to the School Board President and the Board President will decide whether the item will be placed on the proposed agenda. Whether any item is to be addressed at the school board meeting is determined by a majority of school

board members at the beginning of the school board meeting when the school board adopts the proposed agenda as printed or adopted after being modified.

- d. If the item on the meeting agenda is adopted by the school board, the person or spokesperson for the delegation who has submitted the request for specific school board action will be granted 10 minutes to explain the request to the school board. Upon receiving a request for an extension of time from the speaker, the school board, upon a motion being made and passed by the majority of school board members present, may grant an additional amount of time not to exceed 5 minutes. Additional extensions may be granted only upon a two-thirds vote of school board members present and voting.
- e. In the sole discretion of the school board, requests to the school board for specific action submitted after the proposed agenda has been posted may be:
 - deferred until the next regular meeting or a special school board meeting, or
 - added to the meeting agenda for discussion purposes only, or
 - added to the agenda for discussion and possible action.

3. Authority of Presiding Officer:

The Board vests in its presiding officer the authority to terminate the right of any person to speak at the end of the time granted pursuant to provision 1.d, provision 1.e, or provision 2.d. as set forth in this policy. The presiding officer may also terminate the right of a person to speak at a school board meeting should the person cause public inconvenience, annoyance, or alarm to the school board or any person, engage in threatening behavior, make unreasonable noise, disturb or be disruptive of an official school board meeting, or when comments are disrespectful to one or more persons, boisterous, argumentative, threatening, or contain profanity.

If deemed necessary by the presiding officer, the presiding officer may contact local law enforcement to have a person removed from the school board meeting as it is a violation of law for a person to intentionally cause or create a risk of serious public inconvenience, annoyance, alarm or disturbance at a school board meeting.

Introduction to Public Forum

If the Board/Board President wishes to have the Board President make an introductory statement at the beginning of the Public Forum, the following may serve as a starting point which could be modified at the discretion of the Board/Board President and which is consistent with local Board policy.

This is the time for the Public Forum.

Each individual wishing to address the Board is asked to sign the form on the table in the back of the room with their name, address, email and topic to be addressed being legible. Persons having signed in will be recognized and have an opportunity to speak.

Speakers will have five (5) minutes to present comments to the school board. An extension of time may be granted pursuant to Board policy. Should more than one person wish to address the school board on the same agenda item, or should the comments become repetitious, speaker time may be shortened.

The District has policies related to complaints involving bullying, sexual harassment, school employees or students. Those policies include procedures designed to balance the rights of the person(s) bringing the complaint and the rights of the person against whom the complaint is made. If a complaint about bullying, sexual harassment, school employees or students is brought to the Board during the public forum, the person will be informed as to the applicable complaint procedure.

* Individuals attending virtually and desiring to speak during public forum, instructions are given on the meeting agenda when it is posted to email their request to the superintendent’s office, including all identifying information, by noon the day of the board meeting.

Notes: All Board members should be aware that SDCL 22-18-35(3) says any person who intentionally causes serious public inconvenience, annoyance, or alarm to any other person, or creates a risk thereof by disturbing any lawful assembly or meeting of persons without lawful authority is a criminal offense (Class 2 Misdemeanor). This statute could be referenced in extreme situations if a speaker/group fails to respect the decorum expected during a formal governmental meeting

Adopted: 3/14/2022

MINUTES
DOUGLAS SCHOOL DISTRICT
BOARD OF EDUCATION MEETING

Monday, April 22, 2024

The Douglas School District No. 51-1 Board of Education held a Regular meeting on Monday, April 22, 2024 at 5:00 PM in the library conference room at Vandenberg Elementary School, Box Elder, South Dakota. President Tanya Gray presided. Those present were:

Ben Frerichs: Present, Tanya Gray: Present, Amy McGovern: Present, Chris Misselt: Present, Tonya Welch: Present, Patrice Holmes: Associate Member, present; Jo Anne Mulholland: Associate Member, present.

All actions in these Minutes were by unanimous vote unless otherwise stated.

President Tanya Gray called the meeting to order at 5:00 p.m.

Superintendent Kevin Case recognized the District's administrative professionals for all the work they do. Administrative Professionals Day is April 24. There were also five staff members recently recognized with the Above & Beyond Award.

There was nothing for public forum.

Motion to approve the agenda. This motion, made by Amy McGovern and seconded by Ben Frerichs, Carried.

Motion to approve the consent agenda, Items 7A-7F. This motion, made by Ben Frerichs and seconded by Tonya Welch, Carried.

Approved Regular Meeting Minutes for April 8, 2024.

Approved Personnel Action for April 22, 2024. (Attachment)

Approved Accounts Payable Report for April 15, 2024. (Attachment)

Approved South Dakota High School Activities Association (SDHSAA) Annual Membership Resolution for school year 2024-25.

Approved resolution to join Equalis Group, a joint purchasing cooperative, in lieu of bid requirements according to SDCL 1-24-3.

There were no conflicts disclosed as defined in SDCL 3-23.

Superintendent Items:

Communications Coordinator Jade Temple explained the process to develop a new Douglas logo and branding plan. The Patriot will continue to represent the Douglas legacy with an updated

tagline and consistent color scheme used across the district and activities. The branding guide will be posted on the website.

Motion to approve the Sports Complex Contract as presented with Mammoth Built. This motion, made by Ben Frerichs and seconded by Amy McGovern, Carried.

Fiscal Resources Items:

Motion to approve matter of record as presented below. This motion, made by Amy McGovern and seconded by Ben Frerichs, Carried.

Make a matter of record that two (2) three-year positions for Board Member at Large have been filled:

Tanya Gray
Chris Misselt

The annual School Board Election will not be conducted as there is neither a contested vacancy on the School Board nor any question submitted to the voters.

Motion to approve attached resolutions from the Associated School Boards Protective Trust for the (1) South Dakota School District Benefits Fund Adoption and Renewal for July 1, 2024 to June 30, 2025 and the (2) Participation Agreement for July 1, 2024 to June 30, 2025. This motion, made by Chris Misselt and seconded by Ben Frerichs, Carried.

Operational Support Services Items:

Motion to Approve Second Reading of Board Policies, Section J, JECB - JEG. This motion, made by Ben Frerichs and seconded by Tonya Welch, Carried.

Revised Board Policy JECB - Admission of Non-Resident Students (Open Enrollment)
Revised Board Policy JEDB - Student Dismissal Precautions
Revised Board Policy JEE - Student Attendance Accounting
Revised Board Regulation JEE-R - Student Attendance Accounting
Revised Board Policy JEF - Release Time for Religious Practice
Reviewed Board Policy JEFA - Senior Privileges
Revised Board Policy JEG - Exclusions and Exemptions from School Attendance

Information Reading of Board Policies Section I, Instruction, IA-IGBB:

Review Board Policy IA - Instructional Goals
Review Board Policy IB - Academic Freedom
Review Board Policy IC - School Year-School Calendar
Review Board Policy ID - School Day
Revise Board Policy IF - Curriculum Development
Revise Board Policy IG - Curriculum Model
Revise Board Regulation IG-R - Curriculum Model

Revise Board Policy IGAA - Citizenship Education
Review Board Policy IGAB - Human Relations Education - Moral and Character Instruction
Delete Board Policy IGABA - Staff AIDS Education Plan
Review Board Policy IGAC - Teaching about Religion
Review Board Policy IGAD - General and Specific Occupational Education
Review Board Policy IGAG - Chemical Abuse Prevention Program
Review Board Policy IGAH - Family Life and Sex Education
Review Board Policy IGAJ - Wellness
Revise Board Policy IGBA - Programs for Children with Disabilities
Revise Board Policy IGBB - Student Acceleration Practices

Motion to table Nurse Job Description to amend with LPN education and certification. This motion, made by Chris Misselt and seconded by Amy McGovern, Carried.

Reports:

Superintendent Kevin Case reported that the Region IV Superintendents and Business Managers, who meet once a month, met at Douglas on Friday for a tour of Ellsworth Air Force Base. After lunch was provided, he shared some specifics to Douglas and the Box Elder community growth. 28th Bomb Wing Commander Col Derek Oakley and 28th MSG Commander Col Patrice Holmes briefed the group on the Doolittle Raider legacy and Ellsworth's role in today's world. Many thanks for a great tour!

Superintendent Case stated that the 2024-25 negotiations are still in process, and the Wellness Committee will have its first meeting on Wednesday with Dr. Andrew Koenig facilitating.

Committee Reports from Board Members and Comments from Associate Board Members

Tonya Welch reported that the post-prom event this past weekend went well. The Activity Banquet will be April 29 at 6:30 p.m. with walking tacos provided by Booster Club, and the next meeting will be May 9 at 6:00 p.m.

Chris Misselt remarked on not having a school board election since 2018. This is a community of 3,000 kids, 400 staff and 14,000 people. He would encourage folks to come forward and participate.

Amy McGovern attended the Box Elder Area Chamber of Commerce meeting. It was a normal business meeting.

Tanya Gray will attend the Black Hills Special Services Cooperative Board of Directors meeting this week. She commented that the Douglas prom attendees represented Douglas well at the Monument.

Motion to adjourn the meeting at 5:40 p.m. This motion, made by Amy McGovern and seconded by Chris Misselt, Carried.

Tanya Gray, President

Trista Olney, Business Manager

2023-24 STAFF / VOLUNTEER RECOGNITION

#	First Name	Last Name	Building	Category	Contribution / Service / Committee *This is what is printed on the certificate. Keep it brief.
IV.	Jesse	Hamer	DHS	Volunteer	Jesse volunteers for all things to help students with their high school experience
	Dawn	Beltran	DHS	Volunteer	Dawn is our leading volunteer for activities to help build community amongst staff.
IV.	Anna	Barnhart	Badger Clark	Volunteer	Comes into our classroom once a week to work with a group of students. Reads decodables with them and works on comprehension questions.
IV.	RaeAnn	Collins	Badger Clark	Volunteer	On our ATP committee as a parent and helps with all of our major events (Back 2 School Bash, Bingo Night, Literacy Night and End of Year Celebration.) Comes into daughter's classroom once a week to work with a group of students. Reads decodables with them and works on comprehension questions.
IV.	Teena	Lippert	Badger Clark	Volunteer	Comes into our classroom once a week to work with a group of students. Reads decodables with them and works on comprehension questions.
IV.	Randy	Canaan	Badger Clark	Volunteer	Helped at our events
IV.	Brandy	Hof	Badger Clark	Volunteer	Has helped me reach students who needed help with reading, writing, and spelling. She's helped me provide more small group activities to help my students grow.
IV.	Alex	Nutima	Badger Clark	Volunteer	Prepared math packets for each math unit and tore out decodable books for students to use during the green band.
IV.	Lisa	DelaPena	Badger Clark	Volunteer	She donated tons of supplies and fun prizes/games to our classroom. She has volunteered and helped in the classroom on several occasions.
IV.	Neena	Nyberg	Badger Clark	Volunteer	Comes into our classroom once a week to work with a group of students. Reads decodables with them and works on comprehension questions.
IV.	Travis	LaBine	Badger Clark	Volunteer	Helped with our family nights as a DJ, read to students and is at Career Day with the City of Box Elder.
IV.	Krissa	Hooten	Badger Clark	Volunteer	She came into the room and helped with some projects that needed more than the 2 teacher hands!

2023-24 STAFF / VOLUNTEER RECOGNITION

#	First Name	Last Name	Building	Category	Contribution / Service / Committee *This is what is printed on the certificate. Keep it brief.
IV.	Julie	Berry	Badger Clark	Volunteer	Julie has helped me reach students who needed help with reading, writing, and math. She's helped me provide more small group activities to help my students grow.
IV.	Kristen	Bellamy	Badger Clark	Volunteer	Even though she was not able to actually be in the classroom this year, she took on the daunting task of ripping out decodables for every student. 114 decodables for 20 students...Thank you! Thank you so much!
IV.	Erin	Farmer	Badger Clark	Volunteer	Erin has helped both in the classroom with small groups of students and behind the scenes at home. She has helped free up some of my time so I can better use my time to plan and teach my students.
IV.	Cindy	Kostaneski	Badger Clark	Volunteer	She was a bright face that brought fun and creativity to the classroom by creating and crafting with the students! They were so excited to see her every time she came to our room.
IV.	Jill	McGarry	Badger Clark	Volunteer	Assisted our ATP Committee, is always willing to help with events and is helping us with our End of Year Celebration.
IV.	Isabelle	Johnson	Badger Clark	Volunteer	Volunteer track coach at the MS
IV.	Anna	Sharp	DMS	Volunteer	Girls and Boys Basketball volunteer
IV.	Sydney	Franck	Carrousel	Volunteer	Developing and running after school club to target social skills

DEA ITEMS

Item 1: REJECTED

HS Student Council Advisor Salary Increase. Appendix B increase: wanting Category 4 to Category 1

Item 2: APPROVED

Add MS/HS E-Sports Advisor - same as Board Item #3

Item 3: TABLED

Add 6th Grade Intramural Track - Item already exists on Appendix B - staffing issue - return to MS.

Item 4: AMEND AND APPROVE

Association Leave

The Douglas Education Association will be granted five (5) days of association leave for each school year to allow its members to attend South Dakota Education Association or National Education Association conferences and workshops.

- a. Members attending conferences and workshops will be chosen by the local association with written approval from the DEA President.
- b. The leave is in the best interest of the teacher's professional interests or leadership position in local, state or national education.
- c. The request for leave is directly associated with educational activities.
- d. Applications must be submitted a minimum of seven (7) days in advance of the conference or workshop.
- e. Days will not accrue from year to year.
- f. Board sponsored professional leave for association members will not subtract from association leave days.
- g. There will be no expense to the District, except for the cost of the substitute, if needed.
- H. Three (3) additional days each school year will be granted **to the Association** to use for conducting additional Association business at the discretion of the Association. Written notification must be submitted to the Superintendent 5 days prior to the date of leave. Any substitute cost for these additional 3 days will be paid by the Association.

Item 5: APPROVE

- C. Any authorized representative of the Association and its affiliates shall be free to visit the various places of employment of all of the employees covered by this Agreement at reasonable hours and for reasonable periods of time for the purpose of carrying on his/her duties relating to the **Association including those related to the** administration of this Agreement, provided that:
 1. He/she shall first notify the building principal or other appropriate supervisor of such building who will provide a meeting place for meetings with teachers;
 2. There shall be no interference with the conduct of the operations in such buildings; and
 3. No teacher shall be consulted when such teacher has direct classroom or other supervisory responsibilities.Neither the Association, its members nor its representatives shall visit such places of employment for the purpose of collecting Association dues **or conducting Association business unrelated to the** administration of this Agreement during working hours.

Item 6: REJECTED AS PRESENTED - COUNTEROFFER APPROVED

Sick Leave

Sick leave is provided to all full-time and half-time certified teachers of the Douglas School District. Sick leave may be taken for personal illness, injury or other physical disability (including pregnancy-related disability) and for illness or death in the immediate family. Immediate family is defined as employee's spouse, mother, stepmother, father, stepfather, legal guardian, children, stepchildren, son-in-law, daughter-in-law, grandchildren, brother, stepbrother, brother-in-law, sister, stepsister, sister-in-law, aunts, great-aunts, uncles, great-uncles, nieces, nephews, grandparents, the parents/legal guardians and grandparents of the employee's spouse, an individual who is a permanent resident in the employee's home, and any person for whom the employee has specific legal responsibility.

Three (3) Five (5) days of bereavement leave may be taken for death in the immediate family (as defined above). Bereavement leave will be granted per occurrence, and will not be accumulated. Sick leave may be taken for extended bereavement leave.

COUNTEROFFER:

Sick Leave

Sick leave is provided to all full-time and half-time certified teachers of the Douglas School District. Sick leave may be taken for personal illness, injury or other physical disability (including pregnancy-related disability) and for illness or death in the immediate family. Immediate family is defined as employee's spouse, mother, stepmother, father, stepfather, legal guardian, children, stepchildren, son-in-law, daughter-in-law, grandchildren, brother, stepbrother, brother-in-law, sister, stepsister, sister-in-law, aunts, great-aunts, uncles, great-uncles, nieces, nephews, grandparents, the parents/legal guardians and grandparents of the employee's spouse, an individual who is a permanent resident in the employee's home, and any person for whom the employee has specific legal responsibility.

~~Three (3) days of bereavement leave may be taken for death in the immediate family (as defined above). Bereavement leave will be granted per occurrence, and will not be accumulated. Sick leave may be taken for extended bereavement leave~~

F. Bereavement Leave:

Three (3) days of bereavement leave may be taken for death in the immediate family (as defined above in "E. Sick Leave"), and will not be deducted from the employee's sick leave allocation. An employee who has exhausted all of their sick leave may request consideration from the superintendent or their designee for 2 additional days of bereavement leave, for a maximum of 5 days. This request can be made for up to 2 occurrences in a school year. Bereavement leave will be granted per occurrence, and will not be accumulated. Sick leave may be taken for extended bereavement leave.

Item 7: REJECTED

1. Add \$750 to the Salary Schedule Base and make the step difference \$900.
2. Step Recovery: (a) Teachers who are not at the top of the salary schedule and have been in the district 4 years or more (counting this school year) will receive 1 recovered step. (b) Teachers who are not at the top of the salary schedule and have been in the district 7 years or more (counting this school year) will receive an additional (total of 2) recovered step.

SCHOOL BOARD ITEMS

Item 1: APPROVED

Add \$1,575 to the Salary Schedule Base and give all certified who have not earned all steps one step.

- New BA Base = \$52,950
- New MA+45 Max = \$76,950
- All receive at least \$1,575
- Maximum Increase = \$2,325
- Percentage increases range between 2.09% - 4.53%

Rationale:

As salaries at Douglas have increased, 4% from the State no longer amounts to 4% to employees. 4% from the State now amounts to approximately 3.37% as an increase. The Board is still giving all new dollars from the State into salaries. This amount reflects the Board giving steps to all (if applicable) and adding the remainder of the money directly to the salary schedule for certified staff. Total amount included in the raise equals over \$520K. [Certified Calculation](#)

Item 2: APPROVED

Increase the Board contribution to District Dental Insurance. The amount for an increase in Dental rates is not currently known - when rates are available, the Board will update with a dollar amount.

Rationale:

The District pays the full single premium for Dental Insurance. As this amount increases, the District will pay the increase.

Item 3: APPROVED

Add E-Sports HS/MS Advisor to Appendix B, Category 7.

Rationale:

E-Sports is a newly sanctioned activity offered by the SDHSAA. Over the last year and a half, Douglas School District has utilized grant funds to pilot the program to gauge interest. Due to high interest, the High School and Middle School are requesting an advisor position to be paid to oversee the program. Total cost of Advisor and budget for fees, travel and supplies is approximately \$11,000 annually.

Item 4: **TABLED/APPROVED/REJECTED**

Language Items [as Presented](#) - Rationale specified for each below. These items were recommended from the Language Committee:

Rationale:

1. **Article III, Letter B. Online Access for Board Minutes:** Specifies digital delivery of School Board Minutes and reflects current practice.
2. **Article V, Grievance Procedure:** Currently language is duplicated in the Negotiated Agreement AND in policy. Removing language from the Negotiated Agreement and referencing policy simplifies the process and clarifies for staff which form(s) are used.
3. **Article VI, Complaints/Request for Review:** Currently language is duplicated in the Negotiated Agreement AND in policy. Removing language from the Negotiated Agreement and referencing policy simplifies the process and clarifies for staff which form(s) are used.
4. **Article X, Assignment and Transfer, Letter B:** Removes language requiring teachers to have at least one year in position before requesting a transfer - it may be in the best interest of the District and the teacher to have the prerogative to consider first-year individuals for transfers.
5. **Article X, Assignment and Transfer, Letter B:** Removes the specific dates when requests can be submitted for transfers - many positions open after February 1st. This provides an opportunity for staff to express interest that may be in the best interest of the District and the teacher. Additionally, we have already entertained and accepted Transfer requests after this February deadline. Changing language aligns with current practice.
6. **Article XVI, Leave of Absence, Letter A:** Change March 1 deadline to February 1. Moving the deadline preserves the March 1 deadline for staff to declare need for Leave of Absence while return notification is earlier in order to fill positions and make staffing decisions.
7. **Article XVI, Leave of Absence, Letter D:** Adds written approval by DEA President for Association Leave. DEA would like visibility on who may be making these requests.
8. **Article XVI, Leave of Absence, Letter E:** Remove Bereavement Leave from Sick Leave section and add a new section for Bereavement Leave. It can be confusing as it's currently written.
9. **Article XVI, Leave of Absence, Add New Letter F:** Add Bereavement Leave as its own section and specify that the balance does not come out of Sick Leave. It can be confusing as it's currently written.
10. **Article XVI, Leave of Absence:** Letter F (Family and Medical Leave) becomes Letter G; Letter G (Worker's Compensation) becomes Letter H; Letter H (Additional Use of Sick Leave (Court Appearance)) becomes letter I; Letter I (Personal Leave) becomes Letter J; Letter J (Court Witness & Jury Duty Leave) becomes Letter K; Letter K (Military Leave) becomes Letter L; Letter L (Parental Leave) becomes Letter M; Letter M (Sabbatical Leave) becomes Letter N.
11. **Article XVI, Leave of Absence, Letter J:** Clarify language regarding using personal days except to extend a school holiday - it is already referenced in letter a and letter b following.
12. **Article XVI, Leave of Absence, Letter J:** Clarify language regarding Parent/Teacher Conference Days versus Hours - prioritizes presence at conferences while recognizing potential need to take leave during regular working hours.
13. **Article XX, Salary and Teacher Classification, Letter H:** Clarify language regarding extra duty contracts - language can be confusing as it's currently written.
14. **Other:** Change school year from 2023-2024 to 2024-2025; and clarify his/her where necessary.

Item 5: TABLED/APPROVED/REJECTED

Language Items [as Presented](#) - Rationale specified for each below:

Rationale:

1. **Article XV, Teacher Evaluation:** Currently language is triplicated in the Negotiated Agreement, in policy AND in the Teacher Effectiveness Handbook. Removing language from the Negotiated agreement and referencing the Teacher Effectiveness Handbook (which is a joint venture between certified staff and administration) simplifies the process and clarifies the procedure.
2. **Article XVI, Leave of Absence, Letter A:** Cleans up language - it's currently confusing in regards to leaves of absences for a year or longer and for less than one year, and to specify what an equivalent position is determined to be.

Language as MODIFIED and agreed to:

An employee desiring to return from such leave shall give written notice of a desire to return to employment no later than **February 1** ~~March 4~~ of the year in which he/she is on leave. ~~and provided such written notice is given, such employee shall be restored to his/her former position or one of comparable status.~~ If the leave extends for a period of less than one year, the employee shall give ninety (90) days written notice of a desire to return from such leave at the end of the term thereof. ~~and provided such written notice is given, he/she shall be restored to his/her former position or to another vacant position for which the employee is qualified.~~ **Upon return to work, the district shall place the employee in his/her same position or an equivalent position for which they are qualified. (Equivalent position as it relates to step, lane, and salary with equivalent pay, corresponding benefits and other terms and conditions of employment for the primary contracted position.) Extra duty assignments will be discussed prior to approving leave of absence. See leave of absence form.***

3. **Article XVI, Leave of Absence, Letter J:** Clarify language regarding using approval of personal days two days in advance and by Superintendent or designee - it is already referenced - reworded.
4. **Article XX, Salary and Teacher Classification, Letter F:** With the passage of SB127, the teacher compensation accountability bill, combined with an interest in clarifying the purpose of Area of Specialization Pay (AOS), what agreement might we be able to come to? **TENTATIVELY APPROVED AOS LANGUAGE**
5. **Negotiate language every other year and salary every year unless extenuating circumstances and/or both sides agree otherwise:** Negotiating language every other year may simplify the negotiations process every other year with the ability to only focus on the financial aspect every other year. Add language to "Negotiations Ground Rules"? - **AFTER CONSIDERATION - REJECTED LANGUAGE.**

AOS PHASE OUT LANGUAGE

7. Effective July 1, 2024, Douglas School District will begin phasing out the Area of Specialization (AOS) program.
 - a. Employees who have already been approved for AOS payments will continue to receive their payments as per the existing policy for a period not to exceed 4 years (2027-2028 School Year).
 - b. Employees currently enrolled in qualifying courses and who have already included these courses on an existing Professional Growth Plan will receive AOS payment as per the existing policy for a period not to exceed 4 years (2027-2028 School Year).
 - c. Only NEW coursework will be added to EXISTING Professional Growth plans for a period of not longer than 4 years. The deadline to submit transcripts is 6/30/2028.
 - d. No NEW Professional Growth Plans for AOS payments will be accepted after June 30, 2024.
 - e. Employees hired for the 2024-2025 School year and thereafter are not eligible for the AOS Program.
 - f. ALL Employees enrolled in an active Professional Growth Plan must submit an AOS Finalization Plan before June 30, 2025 that details the employee's intended progression to the next lane (if applicable). Employees on the Bachelor's Lane who do not intend to progress to the Master's Lane or further may request an exemption on the AOS Finalization Plan.
 - g. Acceptance of any credits will be at the discretion of the Superintendent of schools or designee.
 - h. A new AOS M45 Step 13 will be created. Only current participants in the AOS Program (as of 6/30/2024) will be considered for eligibility on AOS M45 Step 13 under the circumstances outlined below. As per the Salary Schedule, each step is \$750. Any employee moving as described below will have current AOS pay removed from their contract:
 1. Employees on M45, Step 12 who have earned 15 additional AOS credits will be placed on AOS M45 Step 13.
 2. Employees on M45 who are NOT yet on Step 12 but who have earned 15 additional AOS credits will be given TWO steps for the 2024-2025 School Year (one step for AOS Pay and one step for movement) and will be eligible for AOS M45 Step 13 when they reach that benchmark.
 3. Employees on M45, Step 12 who have NOT yet earned 15 additional AOS credits will be given a period, not to exceed 4 years (2027-2028 School Year), to complete all credits necessary to qualify for AOS M45 Step 13 movement. At the time all necessary credits are earned, individuals will be placed on AOS M45 Step 13.
 4. Employees on M45 who are NOT yet on Step 12 and who have NOT yet earned 15 additional AOS credits will be given a period, not to exceed 4 years (2027-2028 School Year), to complete all credits necessary to qualify for AOS M45 Step 13 movement. At the time all necessary credits are earned, individuals will be given TWO steps the

following contract year and will be eligible for AOS M45 Step 13 when they reach that benchmark.

5. Employees on M45 who have not completed all 15 AOS credits prior to the end of the 4-year period (2027-2028 School Year) will have current AOS pay removed from their 2028-2029 contract and will not be eligible for AOS M45 Step 13.
6. Employees not yet on the M45 Lane will be given a period, not to exceed 4 years (2027-2028 School Year), to complete all credits necessary to qualify for AOS M45 Step 13 movement, including lane movement. At each lane change, previous AOS payment will be removed from the contract, and the employee will start accumulating credits again at each new lane. Employees who have not completed all credits necessary prior to the end of the 4-year period (2027-2028 School Year) will have any AOS pay removed from their 2028-2029 contract and will be eligible for AOS M45 Step 13 if/when they reach that benchmark.

Employees are encouraged to consult with the Personnel Office for further clarification or assistance regarding the phasing out of the AOS program

Transition Plan:

1. Using a portion of the savings from the AOS Program, the District will set up a new account and process to encourage Employees to advance their education toward a new lane/degree. Employees may only be enrolled in one program (current AOS Program OR new Academic Study/Tuition Reimbursement Program) at a time.

ACADEMIC STUDY TRIAL/SAMPLE

Academic Study/Tuition Reimbursement Requirements:

1. A pool of \$5,000 will be allotted to academic study/tuition reimbursement for the 2024-2025 school year.
2. 2024-2025 classes eligible for reimbursement will be Fall 2024, Spring 2025, and Summer 2025.
3. Classes must be part of an advanced degree program (Masters, Specialist, or Ed. D) or part of an approved program toward obtaining additional certification (mutually agreed upon as beneficial to the staff member and the district).
4. A copy of the teacher's program or plan of study will be filed with the Superintendent.
5. The teacher will complete an "Academic Study/Tuition Reimbursement" form prior to enrolling in the course.
6. Copies of transcripts or grade cards will serve as proof that classes were successfully completed.
7. Reimbursement requests will meet the following criteria:
 - a. Reimbursement for 2023-2024 classes will be paid around 9/15/2025.
 - b. Reimbursement will be based upon the number of hours taken by all staff. (i.e. Cumulative staff hours taken = 50, \$5,000 pool /50 hours = \$100/credit hour reimbursement.)
 - c. Reimbursement will not exceed \$150/credit hour.
 - d. Each credit hour will only be reimbursed one time.

INSTRUCTIONAL GOALS

The educational program of the District will be designed to perpetuate and develop the principles and values for life in our democratic society. To this end, the Board will provide opportunities and training so students may become educated Americans who are physically strong, morally and spiritually responsible, and economically capable. Through guidance and by example, our students should develop self-confidence, self-understanding, and respect for others. They should acquire skill in solving problems they will encounter and demonstrate a desire to gain new knowledge. In substance, the aim of our schools will be to assist in the development of the complete person, recognizing that this is a shared responsibility with the home, the community, and other agencies.

To achieve these ideals, the Board recognizes the necessity of meeting the needs of the individual and the society. Thus, the curriculum must be flexible and adapted to individual abilities and differences. It must also be adjustable to changing conditions in order that our students may be academically, physically, socially, and morally prepared to progress.

The Board recognizes its responsibility to develop an educational program that will provide:

1. An environment in which the individual student is prepared to fulfill his or her moral, social, political, economic, and cultural responsibilities to the community, nation and world;
2. Attention to the development and practice in the fundamental skills of reading, writing, speaking, listening, observing and reasoning, and numeracy;
3. School experiences in democratic living to enable a student to hold, to share, cooperate, and assume responsibility in family living and in society;
4. Opportunities for acquiring an understanding of the principles of physical health and safety, which will carry over to the student's daily life;
5. An appreciation and knowledge of the cultural, scientific, and ethical aspects of our society.
6. An educational atmosphere that will enhance the student's mental, emotional, and social development.

The Board recognizes its obligation to provide the necessary equipment, instructional materials, and staff to facilitate the implementation of this philosophy.

----------------	----------	--------------	--------------------	-------------	-----------

ACADEMIC FREEDOM

Academic freedom may be defined as the right of qualified scholars in their own field of expertise to pursue the search for truth in its many forms, and to make public their methods and findings. It is the right of qualified teachers to encourage freedom of discussion of controversial questions in the classroom, and to develop in students a love of knowledge and a desire to search for truth. The teachers should keep in mind that academic freedom is not a guaranteed political right, but rather a necessary condition for the successful practice of the academic profession in a free society.

The Board believes however, that academic freedom also carries with it academic responsibility, which is determined by the basic ideals, goals, and institutions of the local community as they are expressed in the goals and objectives of the school district.

As a consequence of its responsibility to guarantee academic freedom to both students and teachers, the Board expects that:

1. All classroom studies will be curriculum-related, and will be presented factually, objectively, and impartially.
2. Teachers will create and maintain an atmosphere of open-mindedness and tolerance.
3. Teachers will not attempt directly or indirectly to limit or control the students' judgment concerning any issue, but will make certain that full and fair consideration is given to the subject and that facts are carefully examined as to their accuracy and interpretation.

While the Board intends to protect teachers from any undue restraint that interferes with their classroom duties, the ultimate responsibility for determining curriculum, textbooks, and teaching methods must rest with the Board. It also expects that when controversial issues are presented, the maturity and intellectual grasp of students will be taken into account.

SCHOOL YEAR – SCHOOL CALENDAR

The school calendar for the ensuing year will be prepared by the Superintendent and submitted to the Board for approval prior to July 1 of each year. The school calendar will meet or exceed the minimum number of instructional days required by law.

The calendar sets forth the days schools will be in session, holidays and vacation periods, in-service training days, teacher orientation days, and days of reports to parents, and other such designations as the Superintendent or Board deems appropriate.

DOUGLAS SCHOOL DISTRICT
Board Policy
REVIEW

SECTION	I	TITLE	INSTRUCTION	FILE	ID
---------	---	-------	-------------	------	----

SCHOOL DAY

It is the responsibility of the Board to establish the beginning and dismissal times at the various school levels. These hours will satisfy the time requirements established by state law.

The administration is authorized to make minor changes in opening and closing times to facilitate the scheduling of transportation; however, any major changes in schedules are subject to Board approval.

CURRICULUM DEVELOPMENT

Final decisions regarding curriculum in the Douglas School District will be determined by the Board of Education. In the daily operation of the Douglas Schools, however, the Board of Education authorizes the Superintendent **and** his/her ~~Assistant Superintendent, and designated staff~~ **designee** to review the curriculum and to advise the Board on curriculum changes.

The Board of Education recognizes the need for ongoing curriculum review, development, and alignment in order to meet the needs of the students at Douglas. We live in a changing world and if the school is to present a relevant curriculum, the curriculum must be continually studied and aligned in order to meet student needs.

In making curriculum decisions, there will be input from people with diverse points of view. The Curriculum Coordinating Committee will serve as the umbrella committee for curriculum in the District. Each discipline will have ~~a Subject Area Committee (SAC)~~ **an established committee** to study, research, review, and align existing curricula and plan for future curricular needs. **The** Curriculum Coordinating Committee will have representation from all grade levels, students, special education, and parents. Community members may be included if available for all curriculum committees.

It is the intent of the Board of Education that there be quality curriculum offerings with a continued focus on the basic skills, and State standards. That focus, however, should not restrict the Douglas Schools from offering quality programs that meet the cognitive, emotional, and psychomotor needs of Douglas students and that each student is challenged to meet their fullest academic potential throughout the curriculum.

It is also the intent of the Board of Education that the curriculum:

1. contain the courses that support student achievement of course and graduation requirements set by the South Dakota Department of Education,
2. provide for the learning of ALL students,
3. be free of racial, gender, or religious bias and age discrimination.
4. support and extend understanding of our global society.
5. present various viewpoints on many subjects that will motivate students to think critically and creatively,
6. ~~will~~ encourage individual uniqueness directed toward responsible behavior and lifelong learning.

7. utilize technology tools to enhance the curriculum's and develop digital citizenship.

CURRICULUM MODEL

Curriculum is a constantly changing activity in the public and private schools of our nation. To accommodate the social changes of our world; to accommodate on-going improvements in our learning experiences; to provide stability for students in the learning process; and to provide basic education as well as exploratory education experiences in the school district, the School Board authorizes the Superintendent of Schools **and/or their designee** to develop a system which will assure that curriculum is properly implemented, maintained, and evaluated for all subjects offered.

CITIZENSHIP EDUCATION

It is a prime responsibility of the District to help students understand, appreciate, and feel a responsibility to perpetuate our American heritage, customs, traditions, and ideals. Therefore, the Board directs that students will be instructed in the history and the Constitution of the United States, the history and constitution of the state of South Dakota, and the general principles of free government so they can comprehend the rights, duties, and dignity of American citizenship. Also, students will be instructed on the proper manner to honor, respect, and display the flag of the United States.

The following citizenship education activities will be made available at the appropriate grade level on a regular basis:

1. Learning and reciting the Pledge of Allegiance;
2. Learning and singing a variety of patriotic songs, including the National Anthem;
3. Listening to or reading stories about famous and/or historical facts or events;
4. Participating in student government activities;
5. Participating in a wide variety of local, state, and national government classroom simulations that include, but are not limited to, mock elections, mock trials, and/or mock legislatures;
6. Participating in patriotic exercises and observances in the classroom and/or in conjunction with school programs and events deemed appropriate for the occasion;
7. Participating in any other activity that will lead to making students aware of their responsibility for the preservation of a free and democratic society as citizens of the United States.

Individual staff members who wish to provide a citizenship program different from the activities outlined above should submit such programs in writing to the building administrator in charge of instruction.

HUMAN RELATIONS EDUCATION – MORAL AND CHARACTER INSTRUCTION

Although the home and other community institutions play an important role in contributing to the moral attitude of students, the Board recognizes that the schools may also influence a student's attitude and thinking.

~~The District will provide special character instruction intended to impress upon the minds of students the importance of truthfulness, temperance, purity, self discipline, self respect, sexual abstinence, AIDS instruction, public spirit, patriotism, citizenship, respect for honest labor, obedience to parents, respect for the contributions of minority and ethnic groups to the heritage of South Dakota, regard for the elderly and respect for authority.~~

~~In developing curriculum for various courses, the Superintendent and the professional staff will keep in mind lessons, which can contribute to the character instruction of the students. In addition, through the performance of their own activities staff members should keep in mind that they serve as role models for the students, and instruct students in these areas.~~

~~The Board will encourage parents and other community members to join them in providing guidance to students to enable them to develop their own code of ethics.~~

In compliance with SDCL 13-33-6.1, character development instruction shall be given in the schools to impress upon the minds of the students the importance of citizenship, patriotism, honesty, self discipline, self respect, sexual abstinence, respect for the contributions of minority and ethnic groups to the heritage of South Dakota, regard for the elderly, and respect for authority.

TEACHING ABOUT RELIGION

The Board recognizes that religious education is the responsibility of the home and church. Within the school district, neither the Board nor any of its employees will promote any particular religious belief or non-belief. All students and staff members will be encouraged to appreciate and be tolerant of an individual's religious views. In the spirit of tolerance, students and staff members may be excused from participating in school activities—such as holiday assembly programs—which may be contrary to their religious beliefs.

The Board, however, realizes that the importance of religion in history, culture, and the arts cannot be ignored and should have a place in education. A distinction will be made, however, between the studies as part of the curriculum and the celebration of religious holidays in a manner that is devotional, ~~or~~ doctrinal, or both. The distinction rests on whether the purpose or effect of such practices is the advancement of religion.

The Superintendent will develop administrative regulations that will include guidelines ~~which are in~~ consonance with the philosophy that religion in the schools must be educational in nature, and that the schools must be sensitive to all beliefs.

GENERAL AND SPECIFIC OCCUPATIONAL EDUCATION

Consistent with its commitment to meet the instructional needs of students, the Board recognizes that the goal of general and specific occupational education is to develop productive citizens. In meeting this goal, it is essential to provide the district's students with necessary decision-making and job-entry level skills.

General and specific occupational education will be an integral part of the general curriculum in the high school, and also will be provided for post-secondary and adult students. The rules and regulations for carrying out an efficient general and specific occupational program will be in accordance with those established by the State Board of Education. The program will be geared to technological and economic conditions and changes and, as a core component of comprehensive education, will share with other aspects of the high school curriculum the purpose of development of character and attitudes as well as skills.

In an effort to meet the general and specific occupational training needs of regular high school students, adults, post-secondary students, and others identified by their needs, the district may provide programs in the following educational areas **identified as the State Department of Education 16 Career Clusters:**

- ~~1. Agricultural;~~
 - ~~2. Business and Office;~~
 - ~~3. Marketing Education;~~
 - ~~4. Health Occupations;~~
 - ~~5. Family and Consumer Science;~~
 - ~~6. Trade and Industrial;~~
 - ~~7. Technology Education.~~
- 1. Agriculture, Food & Natural Resources
 - 2. Architecture & Construction
 - 3. Arts, Audio/Visual Tech and Communication
 - 4. Business Management and Administration
 - 5. Education and Training
 - 6. Finance
 - 7. Government and Public Administration
 - 8. Health Science
 - 9. Hospitality and Tourism

10. Human Services
11. Information Technology
12. Law, Public Safety and Security
13. Manufacturing
14. Marketing
15. Science, Technology, Engineering and Mathematics
16. Transportation, Distribution and Logistics

~~Guidance and counseling services will be provided each general and specific occupational student throughout the program and at the time for placement in the chosen career.~~

CHEMICAL ABUSE PREVENTION PROGRAM

The Douglas School Board believes that drug use/abuse is a serious health problem and that education has a central role in establishing patterns of behavior related to a healthy, drug free lifestyle. The School Board offers an age appropriate, developmentally based education and prevention program strategies for alcohol, tobacco, other drugs, and materials/substances which affect psychological and physiological functions. The program These efforts will address the legal, social and health consequences of alcohol, tobacco and other drug use. The program These efforts will convey to students that the use of alcohol, tobacco and other drugs is wrong and harmful. They will provide information about decision-making and techniques for effective resistance to peer pressure to use alcohol, tobacco and other drugs. The program is strategies are provided to all students from early childhood through grade 12.

The Douglas School Board supports a student assistance program to assist in the early identification, referral, and aftercare of students who are experiencing problems related to drug use/abuse.

The Douglas School Board supports training of teachers, counselors and other staff members to educate students and the community about drug use and misuse. The staff will receive training in the identification of drug use problems and available resources.

The District program strategies will be reviewed biennially to determine its effectiveness and to implement changes in the program as needed.

FAMILY LIFE AND SEX EDUCATION

The Board believes that the purpose of family life and sex education is to help students acquire factual knowledge, attitudes, and values that will result in behavior that contributes to the well-being of the individual, the family, and society.

Helping students attain a mature and responsible attitude toward human sexuality is a continuous task of every generation. Parents have the prime responsibility to assist their children in developing moral values. The schools should support and supplement parents' efforts in these areas by offering students factual information and opportunities to discuss concerns, issues, and attitudes inherent in family life and sexual behavior, including traditional moral values.

In addition to the requirements listed below, the customary policies and regulations concerning the approval of new curriculum content, units, and materials will apply to any course(s) dealing with family life and sex education offered by the District:

1. Instructional materials to be used in family life and sex education will be available for review by the parent or guardian during school hours.
2. If, after review of materials used and a conference with the instructor and principal, a parent requests that his child not participate in a given aspect of the course, an alternate educational assignment will be arranged for the student with the approval of the principal.
3. Teachers who provide instruction in family life and sex education will have professional preparation in the subject area, either through pre-service or in-service education.

---------	---	-------	-------------	------	------

PROGRAMS FOR CHILDREN WITH DISABILITIES

~~In keeping with the philosophy that a public school system is responsible for the education of all children within the community and, further, that every child is entitled to equal education opportunity, the Board will provide programs and services designed to meet the individual needs of children with disabilities, birth through 21.~~

~~The ultimate goal of these programs will be to have children with disabilities become self-sufficient and to increase their life options and opportunities for personal liberty, happiness, and participation in our society.~~

~~Seeking out young children with disabilities so that they may receive special instruction in early childhood is part of this responsibility. The purpose of identifying these and older children and their disabilities is not to categorize them, but to determine and provide the most appropriate education and related service possible for each one.~~

~~The Board believes that most children with disabilities can be educated in the regular school program if they are given special instruction, accommodations, and the support they need. These children should also be given opportunity to participate in the school's nonacademic and extracurricular activities.~~

~~However, the Board recognizes that the needs of certain children are so great that special programs, special classes, or special schools may be necessary. When appropriate programs, services, or facilities are not possible within the district's schools, the district will provide these children with access to programs where such instruction and accommodations are available.~~

~~It is the desire of the Board that the schools work closely with parents in designing and providing programs and services to children with disabilities. Parents must be informed, and conferred with, whenever a child is referred for a comprehensive evaluation of a diagnosis of disability. In event of any disagreement concerning diagnosis, program plan, special placement, or evaluation, the parents must be accorded the right of due process. The schools must also obtain parental consent before releasing the child's records to anyone other than a school official or under the guidelines outlined in Board Policy JO—Student Records.~~

~~The Board will secure properly trained personnel to work with children with disabilities. The financial commitment necessary to meet the needs of all children with disabilities is extensive, and~~

~~the Board, in accordance with state law, will include an amount in the district tax levy, which will be earmarked as the special education fund, to meet the needs of children who require special or prolonged assistance. In addition, the Board will seek other available funding for these programs.~~

~~**DEVELOPMENT OF AN INDIVIDUAL EDUCATION PROGRAM (IEP)**~~

~~A local placement committee will be comprised of parents, the child when appropriate, the Superintendent or designee, a regular classroom teacher receiving or referring a child, an educator from the field of special education, and, if necessary, an evaluator to interpret the multidisciplinary data. This committee will be responsible for the identification, evaluation, design of an individual education program (IEP), and for placement and evaluation procedures for any eligible child with a disability. All procedures will be in accordance with federal and state requirements.~~

~~The individual education plan will be developed in accordance with each child's individual needs and be determined by the local placement committee. The plan will provide for frequent review of the child's needs, progress, and of the effectiveness of the program being offered.~~

~~The local placement committee will base its decision as to whether to place a child in a regular classroom, or in a special program, class, or school on the best interests of the child. However, the needs of other children in the school will also be considered.~~

In keeping with the philosophy that a public school system is responsible for the education of all children within the community and, further, that every child is entitled to equal education opportunity, the Board will provide programs and services designed to meet the individual needs of children with disabilities, birth through 21.

The ultimate goal of these programs will be to have children with disabilities become as self-sufficient as their abilities permit and to increase their life options and opportunities for personal liberty, happiness, and participation in our society. Identifying young children with disabilities so they may receive special education and related services is part of this responsibility.

The District will work with parents in designing and providing programs and services to children with disabilities. Parents must be informed and give consent prior to a student receiving a comprehensive evaluation of a possible learning disability or other disability. In the event of any disagreement concerning diagnosis, program plan, special placement, or evaluation, the parents must be accorded the right of due process.

DEVELOPMENT OF AN INDIVIDUAL EDUCATION PROGRAM (IEP)

A local placement committee will be composed of parents, the child when appropriate, the Superintendent or designee, a regular classroom teacher receiving or referring a child, an educator from the field of special education, and, if necessary, an evaluator to interpret the multidisciplinary data. This committee will be responsible for development of the student's individual education program (IEP) and

placement. All procedures will be in accordance with federal and state requirements.

OUT-OF-DISTRICT PLACEMENT

A child in need of special education or special education and related services assigned to and enrolled in an approved out of district special education residential or tuition day program through an individualized education program (IEP) has school residence in the school district making the assignment. The fiscal responsibility of the school district making the assignment continues until the end of the school fiscal year or until the child's parent or guardian enrolls the child in another school district, the child participates in the new school district's special education program, the new school district conducts a placement committee meeting, a new individualized educational program for the child is adopted, or the child's placement is changed.

~~PROGRAMS FOR GIFTED STUDENTS~~ **STUDENT ACCELERATION PRACTICES**

~~The Douglas School District seeks to design and provide a gifted program in grades K-12, which will:~~

- ~~1. enhance each gifted child's self image;~~
- ~~2. encourage each gifted child to develop positive social relationships; and~~
- ~~3. place no limitation on each gifted child's unique potential.~~

~~Students with gifts and talents are children in grades K-12 of the Douglas School District who have superior ability or potential for accomplishment and whose educational needs require modification of the regular curriculum. Such ability or potential may be demonstrated in any of the following areas or in combination:~~

- ~~1. general intellectual ability; and/or~~
- ~~2. specific academic aptitude.~~

~~The parent or legal guardian of any gifted student must grant his/her consent as a prerequisite for the student's participation in the program for the gifted.~~

Douglas School District is committed to providing acceleration opportunities for students who demonstrate high performance in core academic areas and/or who exhibit unique academic, cognitive, and social needs.

To be eligible for acceleration opportunities, students are expected to meet specific academic and cognitive benchmarks. These benchmarks may be determined through district-administered assessments, which evaluate students' mastery of content in core academic areas. Additionally, other relevant data, such as teacher recommendations and social readiness evaluations, may be used to ensure a comprehensive understanding of each student's capabilities before they are considered for acceleration.

Examples of acceleration possible for Douglas Students include but are not limited to:

- 1. Subject Acceleration: Students advance to higher-level courses in specific subjects based on their mastery of content.
- 2. Dual Enrollment: High school students enroll in college-level courses, either on campus or online, to earn both high school and college credits simultaneously. .
- 3. Advanced Placement (AP): Students enroll in rigorous college-level courses in high school,

culminating in exams for college credit.

4. Virtual Learning: Students access additional online courses or virtual classrooms to accelerate their learning pace or pursue advanced coursework not available at their current school.
5. Enrichment Opportunities: Students participate in extracurricular activities, summer programs, or specialized academies to deepen their knowledge and skills in specific areas of interest, such as STEM, arts, or humanities.
6. Mentorship Programs: Students are paired with mentors, professionals, or experts in their field of interest to receive personalized guidance, instruction, and opportunities for accelerated learning and skill development.
7. Flexible Pacing: Students have the flexibility to progress through curriculum materials at their own pace, allowing them to accelerate through content they master quickly while receiving additional support in areas where they need more time and assistance.

~~LIMITED ENGLISH PROFICIENCY INSTRUCTION~~
ENGLISH LEARNER INSTRUCTION

~~Students are guaranteed equal educational opportunities despite different racial, cultural, or language backgrounds. The School Board will provide a program of language instruction to students who have limited English proficiency.~~

~~Students who have been identified as lacking the necessary language proficiency to achieve in the classroom because of a non-English language background are provided necessary services. The district ensures that students are provided the appropriate educational services through a district plan that specifically outlines identification, assessment, services, personnel, and parent involvement. The plan shall describe the process of identification of students who are Limited English Language Proficient (LEP) or English Language Learners (ELL) that is consistent with state and federal requirements. It shall include the participation of identified students in state assessments such as those used to measure English language proficiency and academic achievement. The plan shall include the instructional model chosen, method of developing individualized language plans, and an assurance of the oversight of a licensed and endorsed (ELL or bilingual) teacher in assessment, instructional planning, and parent communication.~~

~~Parents or guardians of ELL and LEP students shall be notified upon identification and be informed of the student’s needs, services available, and annual progress in English and academic achievement. Parents or guardians shall be communicated with, to the extent practicable, in their native language or a language that they can understand.~~

The School Board will provide a program of language instruction to students who are English learners. Student participation in any language instruction program or instruction in English as a second language is voluntary and requires written parental permission.

Students who meet any one or more of the following criteria shall be identified as English learners:

A student who:

1. Was not born in the United States or whose native language is a language other than English and comes from an environment where a language other than English is dominant.
2. Is a Native American or Alaskan Native or who is a native resident of the outlying areas and

comes from an environment where a language other than English has had a significant impact on the student's level of English language proficiency.

3. Is migratory and whose native language is other than English and comes from an environment where a language other than English is dominant.
4. Who has sufficient difficulty speaking, reading, writing, or understanding the English language and whose difficulties may deny such individual the opportunity to team successfully in classrooms where the language of instruction is English or to participate fully in our society.

TUTORIAL PROGRAMS

Students who are certified to receive educational services through the State Migrant Education Department in cooperation with the State Department of Education are offered 30-minute tutorial help during the school day in the areas of reading, math, and language arts. Criteria for eligibility include students who have moved into a district within the last six years from another district or state and whose parents seek either seasonal or temporary employment in agriculture.

EVERY STUDENT SUCCEEDS ACT

If this district receives federal funding for English Learner (EL) Programs, the following will be provided:

1. Parents will be notified of their student's placement in a language program and their options associated with that placement. Notification will include the reasons for identifying the child as EL and the reasons for placing the child in the specified program. Notification must be made within 30 days of the beginning of the school year or within two weeks of child's placement into the program.
2. Students will participate in regular assessments in a manner that will yield an accurate assessment. Test waivers may be granted on a case-by-case basis for EL students who demonstrate unusual and unique circumstances; however, students who have been educated in the United States for three years are required to participate in reading/language arts assessment in English.
3. Certification that teachers in the program are fluent in English as well as other languages used in instruction (if the district receives sub-grants).
4. Evaluation of the program and the academic success and language achievement of the students in

the program.

Parents will be notified of:

1. Their child's level of English proficiency and how such a level was assessed,
2. The status of their child's academic achievement.
3. The method of instruction used in the program in which the child is placed, and the methods of instruction used in other available programs.
4. Information as to how the program will meet their child's educational strengths, assist him/her to learn English, and meet age-appropriate academic achievement standards.
5. Exit requirements for the program.
6. If the child has a disability, a statement as to how the EL will meet the objectives of the child's IEP.

Consequences of inadequate yearly progress include notification of parents, development of improvement plans, and restructuring of programs or the district will lose federal funds.

For non-English speaking parents, the district will arrange to provide translations of this information in their native language.

HOMEBOUND INSTRUCTION

The Board will provide, as appropriate, homebound instruction for students who are expected to be out of school for an extended period of time due to illness or injury, upon the request of the parents and with the approval of the family physician.

In each case, the physician must certify that the student will be unable to attend school for the length of time specified and that he is capable of receiving home instruction.

Upon the recommendation of the building principal to the Superintendent, either a homebound instructor will be employed, or a classroom teacher will provide instruction after regular school hours with compensation set by the Board. Courses and methods of instruction will be consistent with those provided in the regular school setting.

Home instruction will be given only on those days when school is in session. The Superintendent will approve each application before home instruction can commence.

Home instruction will be terminated when the student is capable of returning to school, based on recommendations of the student's parents, the family physician, and the homebound instructor.

ALTERNATIVE SCHOOL PROGRAM

The Douglas Board of Education will provide options for alternative school programs for high school students who have been removed from the traditional school setting due to disciplinary reasons or unusual circumstances beyond the control of the student.

Permission to attend the alternative school programs may be denied to students who have dropped out of school voluntarily or are caused to be dropped from the roll due to excessive absences. The alternative school program should not be viewed as a remedy for correcting excessive absences.

Participation in alternative school programs may be granted to a fifth year high school student based on a recommendation from the high school administration if such attendance is deemed in the best interest of the student and the school district.

Permission to attend alternative school programs must be given by the Superintendent of schools **or their designee.**

ALTERNATIVE SCHOOL PROGRAM REGULATION

Assignment to an alternative school program provides a student with an opportunity to pursue an educational program in a non-traditional setting. Continuity of the instructional and learning process is essential to student success. Application to alternative school program will be made through the building principal who will forward it to the Superintendent **or their designee** for action. If the Superintendent **or designee** approves a student assignment from Douglas High School to alternative school program, a plan of study will be written. The plan of study will be developed jointly by Douglas High School and the alternative school program. The plan of study will list courses to be studied, credit allowable for each course, and timelines for completion of each course. Students will meet weekly with an alternative school staff member to review progress. The alternative school program will file monthly reports with Douglas High School summarizing student progress toward the goals listed in the plan of study. If a student fails to complete coursework as stipulated in the plan of study he or she will be placed on academic probation. The alternative school program will notify Douglas High School when a student is on academic probation. A student may not remain on academic probation for more than four weeks. Any student who fails to rectify deficiencies during the academic probation time will be dropped from membership at the alternative school program. The alternative school program will notify Douglas High School immediately when it terminates a student's membership for academic reasons.

Academic success is influenced to a large degree by student attendance. Students assigned from Douglas High School to alternative school program will be required to attend a minimum of 15 hours per week. At the end of each month, the hours of attendance will be totaled. A student who has less than 60 hours of attendance during a month will be placed on probation for three months. The alternative school program will notify Douglas High School when a student has been placed on attendance probation. During the probation period, if a student's attendance hours average less than 60 hours per month, he or she will be dropped from the alternative school program. The alternative school program will notify Douglas High School immediately when it terminates a student's membership for non- attendance.

The alternative school program will establish its own discipline procedures for students. A copy of the alternative school program's discipline procedures will be on file with the Douglas School District. A written copy will be given to students when they enter the alternative school program. After notifying Douglas High School of a student's discipline problem, the alternative school program has the right to dismiss a student from its program for disciplinary reasons.

When a student's membership is terminated at the alternative school program for academic,

attendance or disciplinary reasons, the student will not be eligible to return to classes at Douglas High School until the beginning of the next semester. Students who have been assigned to the alternative school program because of disciplinary action by the Board of Education or Superintendent will not be allowed to return to classes at Douglas High School until the terms of the suspension or termination have been fulfilled.

---------	---	-------	-------------	------	------

DISTANCE LEARNING

Distance learning includes virtual or online courses. A student enrolled in a distance- learning course, including a virtual or online course, may receive high school credit for work completed, Provided:

1. The course is offered by an institution approved by the Superintendent or designee;
2. The course is not offered at the student’s high school;
3. The provider and the course are approved by the South Dakota Department of Education; and
4. The building principal approves the course in advance.

Students may be limited as to the number of distance learning courses that apply toward high school credit. Grades earned in approved distance learning courses count toward a student’s grade point average, class rank, and eligibility for athletic and extra-curricular activities. The District may pay the fee for expelled students who are permitted to take virtual or online courses in alternative settings.

Distance learning may be implemented in the district when a school closure is necessary due to weather, public health concerns or other extenuating circumstances. Daily attendance for students will be recorded in both short-term distance learning and long-term distance learning. Long-term is defined as at least a quarter or semester.

According to SDCL 13-33-20, distance learning is the technology and educational process used to provide instruction when the student and primary instructor are not physically present at the same time or place.

EXTRA-CURRICULAR ACTIVITIES

The Board, in the interest of affording the children attending its schools the highest level of educational experience obtainable, believes that student extra-curricular activities are an essential part of deliberate education in the United States. Such activities form a logical adjunct to the required or general curriculum and the elective or special curriculum.

GUIDELINES FOR EXTRA-CURRICULAR ACTIVITIES PROGRAM

The following guidelines will govern the student activities programs:

1. Student extra-curricular activities are those school activities that are voluntarily engaged in by students, have the approval of the school administration, are sponsored by the faculty, and do not carry credit toward promotion or graduation.
2. Each school, under the direction of the principal and professional staff, will have a well-balanced and effectively administered student activity program designed to stimulate student growth and development by supplementing and enriching the curricular activities.
3. Each activity should be designed to contribute directly to the educational, civic, social, ethical, and leadership development of students involved.
4. The student activity program should receive the same attention in terms of evaluation that is given the regular school curriculum.
5. Each program shall have definite written guidelines and procedures regulating the organization and administration of student activity programs.
6. Activities must be open to all students, regardless of race, religion, sex, national origin, or disability.
7. No extra-curricular activity shall place undue burdens upon students, teachers, or the District.
8. Activities should be held on non-school class time or at an appropriate designated school class time.

In addition to the above guidelines district high schools will abide by the rules and bylaws of the South Dakota High School Activities Association (SDHSAA). Membership in the SDHSAA will be subject to annual approval of the Board.

STUDENT FUNDRAISING ACTIVITIES

Money drives will not be encouraged unless there is justification for purpose and the need is adequate.

Justified fundraising will be permitted for school classes or groups of students, under the sponsorship of a faculty member, provided they are approved by the Superintendent or designee and that benefits derived therefrom will be made available to all members of the class or group.

Students wishing to conduct a lottery or hold a bingo event must receive approval by the Superintendent, or the Superintendent’s designee, prior to holding the event. The requirements in Policy KI, Public Solicitations and Advertising in the Schools, for conducting a lottery or holding a bingo game, are applicable to lotteries and bingo events sponsored by students. Students and their activity sponsor must receive approval from the governing body or designated administrative official of the county or municipality in which it intends to conduct the bingo game or lottery before conducting the activity. If lottery chances are sold state-wide, written notice of the lottery must be given to the South Dakota Secretary of State before conducting the lottery or holding a bingo event.

Solicitation of donations of any kind from students is prohibited without prior approval from the Principal.

The faculty member responsible for supervising the student fundraising activity shall give all money raised from the activity to the Business Manager. If the activity is a lottery (including such activities as a 50-50 drawing) or a bingo event, the Business Manager shall issue a check to the winner(s) from the incidental account.

A categorical, itemized accounting of money raised in connection with the student fund-raising activities will be filed by the Business Manager with the District financial records.

STUDENT ACTIVITIES FUNDS MANAGEMENT

The Board authorizes the establishment and maintenance of a student activity fund for each school, which will be the only authorized depository fund for student clubs or organizations. The principal of the school will be responsible for the proper administration of the financial activities of each student activity account in accordance with the provisions of state law and appropriate accounting practices and procedures. All payments made from the student activity fund will have the prior approval of the faculty advisor and of the principal.

The annual school district audit will include an audit of student organization funds. Payment for the audit will be made from district funds.

Reserves will be limited to amounts estimated as necessary for the beginning of the following year's operation.

Moneys raised by student organizations must be expended for the benefit of students.

All fund-raising projects must be approved in advance by the organization advisor and the principal. This approval will be based upon the intended usage of the funds raised, the nature of the fund-raising activity, and the degree to which the proposed activity fulfills the purposes of the organization.

When appropriate, the principal may require the faculty advisor to submit for approval a yearly budget listing proposed activities and projected expenditures and income.

CONCUSSION AWARENESS AND PREVENTION

The Douglas School Board is committed to providing all students with a safe learning environment. In recognition of the risks that concussions pose to our student athletes, the school district will provide appropriate concussion awareness education and prevention programs.

AWARENESS

The District will use guidelines developed by the South Dakota High School Activities Association and South Dakota Department of Education to educate coaches, student athletes, and parents of the nature and risks of concussions. On an annual basis, the District will distribute a concussion information sheet to all parents or legal guardians of student athletes.

No student may practice or compete in any school-sanctioned athletic activity until the parent or guardian and student return to the District a signed acknowledgement that indicates they have reviewed and understand material presented in the concussion information sheet.

TRAINING

Each year, every athletic coach, including volunteer coaches, shall complete a training program to provide continuing education on the risks and management of concussions. No coach shall be allowed to participate in any way in the District’s athletic program until the individual provides to the District verification that he/she has completed the required training.

RETURN TO PLAY GUIDELINES

An athlete who is suspected of sustaining a concussion or head injury during a practice or competition shall be removed from participation at that time. Any athlete who has been removed from participation during a practice or competition based on a suspected concussion may not participate in practice or competition until the athlete no longer exhibits signs, symptoms, or behavior consistent with a concussion and has received written clearance from a licensed healthcare provider.

For the purposes of this policy, a licensed healthcare provider is:

1. Registered, certified, licensed, or otherwise recognized in law by the State of South Dakota to provide medical treatment; and
2. Trained and experienced in the evaluation, management, and care of concussions.

HONORARY HIGH SCHOOL DIPLOMAS FOR WWII VETERANS

~~The Douglas School District Board of Education recognizes the contributions and sacrifices made by World War II veterans on behalf of our State and our Nation by their service during World War II. Accordingly, the Board will award an Honorary High School Diploma to those qualifying veterans who apply and present a copy of their honorable discharge record.~~

~~Qualifying veterans are those who served in the United States Armed Forces during the period December 7, 1941, to September 2, 1945. The veteran who wishes to receive the diploma must make the request. The law does not allow schools to award honorary diplomas to deceased veterans. There are no residency requirements.~~

~~The high school principal will administer the Honorary High School Diplomas program.~~

The Board recognizes the contributions and sacrifices made on behalf of our state and nation by a Veteran's service during the period December 7, 1941, to September 2, 1945, inclusive; during the period June 25, 1950, to July 31, 1953, inclusive; or during the period February 28, 1961 to May 7, 1975, inclusive. Accordingly the Board will award an Honorary High School diploma to those qualifying veterans who apply.

The Honorary High School Diploma program will be administered by the Superintendent or their designee.

DOUGLAS SCHOOL DISTRICT
Board Policy
REVIEW

SECTION	I	TITLE	INSTRUCTION	FILE	IHB
----------------	----------	--------------	--------------------	-------------	------------

CLASS SIZE

Classes should be of such size and organization as to ensure maximum learning efficiency. The Board recognizes that class size should depend upon age and maturity of student as well as the type of learning activity involved.

New approaches to school organization, such as team teaching and flexible modular scheduling may change many conventional class-size concepts as well as concepts of a “class” as such. However, precluding unusual circumstances, conventional classes should not exceed 30 students at the elementary level. Secondary class sizes should be within the recommended limits of the evaluative criteria.

SECTION	I	TITLE	INSTRUCTION	FILE	IIAA
----------------	----------	--------------	--------------------	-------------	-------------

EDUCATIONAL MATERIALS ACQUISITION AND EVALUATION

The Board will officially adopt textbooks and textbook programs for use in the District schools upon the recommendation of the Superintendent.

Responsibility for the review and selection of textbooks to be recommended will rest with textbook and/or curriculum committees as appointed by the Superintendent or the Superintendent’s designee. Membership on such committees shall include representation by teachers who will use the texts, administrators, and other staff members as found desirable. Students and parents may be asked to serve.

Principles that apply generally to the selection of the instructional materials and library materials will apply to the selection of textbooks and books. The State Board of Education will have the power to review any books or other instructional material selected for use in the District schools.

Additionally, basic textbooks and textbook programs will be chosen:

1. To advance the educational objectives of the school system and particular objectives of the course or program;
2. To contribute toward continuity, integration, and articulation of the curriculum;
3. To establish a general framework for the particular course or program.

Because the instructional purposes of textbooks, as stated above, are of such importance, particular care will be taken in their selection as to content.

TEXTBOOK CONSIDERATIONS

Although many points must be examined, the Board directs the staff to be particularly mindful of the following considerations:

1. The needs of all learners must be provided.
2. Insofar as possible, multi-ethnic materials which depict a pluralistic society should be selected.
3. Attention should be given to sex roles depicted in the materials.
4. The textbook or textbook program should lead the student and teacher beyond the textbook into a wide variety of other materials and educational experiences.
5. If the textbook deals with problems and issues of our times, it should present and encourage examination of all points of view.

6. Because textbooks are selected for several year's use, special attention shall also be given their physical characteristics, durability, format and price.

Interpreting these principles in the selection of material, the following will apply:

1. We believe it is the right and responsibility of teachers and librarians to select material which is carefully balanced so that various points of view on any subject are included.
2. Since materials are selected to provide for the interest and needs of the students, school community, and the school program, they will be selected utilizing the input of students, teachers, principals, librarians, and parents. Community members may be included if available.
3. Selection of materials will be assisted through the use of preview examinations, recommendations, research data, and standard evaluation aids.
4. Three factors will be considered in the selection of materials. The first is factual accuracy, authoritativeness, balance, and integrity. The second is artistic and literary merit in format, style, creativity, imagination and vision. The third is the alignment with State and National standards.
5. Materials shall be examined to select those in which the presentation and the subject matter are suitable for the maturity and the interest level at which they are to be used. They will be considered in relation both to the curriculum and to the personal interests of students and teachers and based upon current research.
6. When selection of the top publishers of textbooks and related material is accomplished, parents will be notified that those materials are available for review in the Box Elder/Douglas Community Library. Patrons will be given an opportunity to give feedback and comments.
7. Recommended textbooks and related materials will be displayed in the Box Elder/Douglas Community Library for a period of two (2) weeks prior to consideration for adoption by the Board of Education.
8. Upon approval by the Subject Area Committees, a list of textbooks and related materials is submitted to the Curriculum Coordinating Committee for review and recommendation to the Board by the Superintendent.
9. Gifts and free materials will be accepted or rejected for inclusion in the district's library/media collection by using the above criteria as a guide.
10. Core textbooks and curriculum guides shall be made available for public inspection in the Box Elder/Douglas Community Library.
11. Digital, as well as other non-print materials/resources adopted for use as core resources, are subject to the same evaluation criteria as noted above.
12. Teachers utilizing any resources to supplement the "core" materials are to use their best judgment as to how these resources support student acquisition of District learning standards. These are, however, not to supplant the adopted resources, but support them.

LIBRARY MATERIALS SELECTON AND ADOPTION

The Board endorses the School Library Bill of Rights, as adopted by the American Library Association, which asserts that the responsibility of the school library is to:

- ~~1. Provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities, and maturity levels of the students served.~~
 - ~~2. Provide materials that will stimulate growth in factual knowledge, literary appreciation and aesthetic values.~~
 - ~~3. Provide a background of information that will enable students to make informed choices in their daily lives.~~
 - ~~4. Provide materials on opposing sides of controversial issues so that young citizens may develop under guidance the practice of critical reading and thinking.~~
 - ~~5. Provide materials representative of the many religious, ethnic, and cultural groups and their contributions to our American heritage.~~
 - ~~6. Place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive collection appropriate for the users of the library.~~
-
1. Provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities, and maturity levels of the students served.
 2. Provide materials that will stimulate growth in factual knowledge, literary appreciation, aesthetic values, and ethical standards.
 3. Provide a well-balanced and broad collection of materials that will enable students to make informed judgments in their daily lives.
 4. Provide materials representing different viewpoints of controversial issues so that young citizens may develop under guidance the practice of critical reading and thinking.
 5. Provide diversity in materials, representative of the many religious, ethnic, and cultural groups and their contributions to our American heritage.
 6. Place principle above personal opinion and reason above prejudice in the selection of materials of the highest quality in order to assure a comprehensive collection appropriate for the users of the library.

Initial purchase suggestions for library materials may come from all personnel—teachers, coordinators, administrators. Students will also be encouraged to make suggestions. The librarian will be responsible for evaluation and recommendation of all library materials recommended to be included in the school library. Selection will be assisted through the use of preview examinations, recommendations, research data, and standard evaluation aids. Final approval and authority for distribution of funds will rest with the Director of Library Services, subject to approval of the Superintendent or designee and in keeping with the Board approved budget.

Criteria for Materials Selection

Selection of library materials will be based on:

- Relevancy or permanent value
- Accuracy
- Authoritativeness
- Readability
- Clear presentation and format
- Educational significance
- Need and value to the collection
- Age appropriateness
 - Elementary (grades PK-5, ages 0-10)
 - Middle School (grades 6-8, ages 10-13)
 - High School (grades 9-12, ages 13-17)

Gifts of library books will be accepted in keeping with the above policy on selection. Complaints about library books will be handled in line with Board policy on complaints about instructional materials.

Three (3) years must pass before material that has been censored or banned can be reinstated, or considered for reinstatement. After that time, the board may entertain a request by a parent/guardian, student, citizen, librarian or other district employee to consider reinstatement of the materials previously banned or censored.

INSTRUCTIONAL MULTIMEDIA

The Board recognizes that instructional media, beyond print texts, can provide educational experiences and cultural involvement for students and adults alike. Therefore, the Board endorses the use of instructional multimedia as an integral part of the school curriculum when practical.

When using instructional multimedia, in addition to general curriculum materials, a teacher should keep in mind that the content should be suitable to the maturity level of the students, and that the subject matter should be in support of the class curriculum.

Cultural and enrichment multimedia presentations of general interest to the community may also be used for instructional purposes to supplement the curriculum materials. Before recommending the viewing of such a program, the teacher should ascertain that the format and content of the program is suitable for students.

INTERNET ACCESS AND TECHNOLOGY USE

Douglas School District provides all teachers and students with access to the internet and other related technology. The District understands that developing responsible technology skills is essential for lifelong learning. The goal in providing users with access is to promote educational excellence by facilitating resource sharing, innovation, and communication.

Electronic networks connect millions of devices and individual subscribers around the world. Access to computers and people around the world expands the availability of information to support the Douglas School District curriculum. Appropriate use of the District network to research and obtain materials that relate directly to the District curriculum provides students the best education possible.

Information network accounts are provided to support classroom lessons and research consistent with the educational objectives of the District. Information/electronic network connections include, but are not limited to: internet, electronic mail, discussion groups, databases, computer software, and informational sources such as libraries and museums.

Internet users are responsible for their actions in accessing online resources. The administration will formulate the necessary regulations to carry out the policy of acceptable internet use and consequences if violations occur. All users are bound by the District Acceptable Use Policy and are responsible for their actions while online.

INTERNET SAFETY INSTRUCTION

The Board is committed to providing a safe learning environment that prepares students for a rapidly changing world. To ensure that students safely and appropriately benefit from the District’s technology resources, the District shall provide internet safety instruction to all students. The District’s internet safety curriculum shall include, but is not limited to:

1. Instruction conveying appropriate online behaviors and online social interaction; and
2. Instruction promoting cyberbullying awareness and the ways in which the District responds to cyberbullying.

SCHOOL VOLUNTEERS

The School Board recognizes the need to develop a volunteer program to support District instructional programs and extracurricular activities. The purpose of the volunteer program will be to:

1. Assist employees in providing more individualization and enrichment of instruction;
2. Build an understanding of school programs among interested citizens, thus stimulating widespread involvement in a total educational process;
3. Strengthen school/community relations through positive participation.

A volunteer is a person who works at the recommendation of professional personnel. A volunteer will serve without compensation or employee benefits of any type, except for workers' compensation if the school district is desirous of providing coverage.

Volunteers will work with students under the immediate supervision and direction of certified staff and are expected to comply with all rules and regulations set forth by the District. The District may run background checks on volunteers.

CHAPERONES FOR SCHOOL-RELATED ACTIVITIES

The Board of Education (Board) acknowledges the need for chaperones to support staff during school-related activities. The Board defines a chaperone as a District employee, parent or adult who volunteers on a temporary basis at a school site or off-campus event for the purpose of supporting the District in its education of students.

Chaperones will work with students under the immediate supervision and direction of a certified teacher or staff member, and are expected to comply with all rules and regulations set forth by the District.

The Board approves the use of staff, parental or community members as school chaperones, and will consider any chaperone a volunteer of the Douglas School District.

The Board authorizes the Superintendent or Superintendent’s designee to establish guidelines and procedures for chaperones for school-related activities.

At the discretion of the Superintendent **or Superintendent’s designee**, non-employee chaperones may be required to undergo a criminal background check.

All chaperones will abide by the school chaperone rules established by the Superintendent or Superintendent’s designee, and will be given a copy of this policy and any subsequent regulations or procedures.

GUIDANCE PROGRAM

The Douglas Schools counseling program is an integral part of the Douglas School K-12 educational program. The counseling program is developmental by design and includes sequential activities to support the academic component of the school program. The team of school counselors, classroom teachers, and administrators implement the program with the support of students and parents.

The counseling program is designed to address the needs of all students by helping them to acquire competencies in personal/social, academic and career development domains. These competencies enable each student to benefit from all aspects of their educational experiences to prepare them to meet the challenges of an ever-changing world.

---------	---	-------	-------------	------	----

ACADEMIC ACHIEVEMENT

The philosophy of the Board concerning academic achievement is based on the premise that children have diverse capabilities and interests and individual patterns of growth and learning.

Therefore, the Board feels it important that teachers have as much and as accurate knowledge of each student as is possible through tests and observations of students' intelligence, achievement, work habits, skills, health, and home environment.

The Board recognizes that many factors which cannot be clinically tested—attitude toward others and work habits, for example—may influence a student's success in school as much as his/her knowledge of subject areas.

In fairness to each student, ~~achievement will be judged by assessing each student's work in relation to his/her own progress, and also in terms of his/her degree of mastery of the course work in relation to his/her peer group.~~ **achievement will be measured according to each student's individual progress towards mastery of course instructional standards.**

REPORTING TO PARENTS

The following regulations form the basis of the pupil reporting system.

1. All K-12 educational programs in the district will distribute **progress reports** ~~report cards~~ on a quarterly basis during the school year. **Final report cards will be distributed at the end of each semester.** The distribution times are determined by the administrative council using the district **academic** activity calendar. ~~developed in the spring of each school year.~~ These dates may change due to days school is not in session.
2. The district will use a high school, middle school, elementary, and kindergarten **reporting** form. These **forms** will be developed under the direction of the ~~coordinating administrator for curriculum and instruction,~~ **Executive Directors of Academics,** the building principals, and teachers.
3. Each ~~form-report card~~ will include: student name, teacher **name,** grade, year, district, address, phone, building, academic areas or courses, **and a grading** key, ~~and a section with "promoted to" in the elementary grades.~~
4. A final copy of the report card will be filed in the students cumulative record or stored in a data file.
5. Starting in third grade, parents/guardians of students failing or having difficulty in a subject should be notified in writing by mid-quarter of each affected quarter, and followed up by a personal telephone call from the student's teacher.
6. Parent-teacher conference days are included ~~in with~~ the district's **academic** activity calendar.
7. Building principals are responsible for planning and coordinating parent teacher conferences in their building. Conference logs will be maintained by the buildings.
8. Conferences are open to all parents and guardians, with special invitations sent to guardians of all students showing signs of difficulty.
9. Teachers may arrange additional conferences.
10. Additional access to student performance information will also be available via the student management system, as appropriate. Building administrators, in collaboration with the Superintendent, will determine ~~the~~ **best practices** for online access based on student/parent needs.

HOMEWORK

The Board believes that homework -- as long as it is properly designed, carefully planned, and geared to the development of the individual student -- meets a real need and has a definite place in the educational program.

The Superintendent **or designee** will develop regulations for the assignment of homework according to these guidelines:

1. Homework should be a properly planned part of the curriculum, extending and reinforcing the learning experience of the school.
2. Homework should help children learn by providing: practice in the mastery of skills; experience in data gathering and integration of knowledge; and opportunity to remediate learning problems.
3. Homework should help develop the student's **intrinsic** responsibility by providing an opportunity for the exercise of independent work and judgment.
4. In assigning homework, a teacher should consider a student's age, **their** and mastery of skills, ~~his~~ **their** need for **independent activity time** ~~play time~~, and/or, ~~his~~ **their** out-of-school responsibilities ~~and activities~~, **all which are key to well-rounded child development.** ~~often aid a student in developing his interests or tastes.~~ **Given these considerations, teachers may assign a grade for homework performance.**
5. As a valid educational tool, homework should be clearly assigned and its product carefully evaluated.
6. The schools should recognize the role of parents by suggesting ways in which parents may assist the school in helping a child carry out ~~his~~ **their homework** responsibilities.

SECTION	I	TITLE	INSTRUCTION	FILE	IKE
---------	---	-------	-------------	------	-----

PROMOTION AND RETENTION OF STUDENTS

The Douglas School administration and teaching staff strive to create plans of instruction and a learning environment that permits students to progress through school according to their needs and abilities. Students will normally **advance** ~~progress~~ annually from grade to grade. However, exceptions to this general policy may be made when it becomes evident that a student may benefit from **advancement** ~~movement~~ at a different pace.

Such retention/promotion may be considered when:

Grades K-8

1. The child is achieving significantly below/above ~~ability and grade level~~ **standard**.
2. Retention/promotion would not cause an undue social and/or emotional adjustment for the child.
3. Retention/promotion would have a reasonable chance of benefiting the child's **overall** ~~progress total program~~.
4. Other possibilities have been considered, **with input from parents**, including ~~parent conferencing~~, tutorial help, remedial work, or special services programming.

Grades 9-12

1. Students **must** ~~has not earned~~ enough credits to meet **the** standard for promotion to the next grade classification.
2. In grades 9-12, student grade classification will be determined at the beginning of each semester. Student grade classification is based upon the number of credits earned:
 - Freshman 0-4 credits
 - Sophomore 5-10 credits
 - Junior 11-15 credits
 - Senior 16+ credits

In evaluating the student's need for retention/promotion in grades K-12, the teacher team and principal shall make use of all available information, including results of teacher-made tests, other measures of skill and content mastery, standardized test results, teacher observation of student performance, and information from a retention/promotion scale. When there is a disparity between test data and other performance data, the teacher(s) shall give a written rationale for the recommended grade assignment.

In cases of potential retention/promotion, the following timelines will be followed:

1. At the end of the first semester, the teacher/team shall confer with the principal and other staff members involved with the child to identify concerns about the progress of the child.
2. The parents shall be invited to a meeting with the teacher/team, principal and other staff members during the third reporting period no later than February 15 for discussion of a possible retention/ promotion. The discussion shall consist of an explanation of the child's current academic standing and methods attempted to address the student's progress. Progress goals will be set for the third quarter. During the first four weeks of the fourth quarter a review of the student's goals and progress will be made.
3. The final decision regarding retention/promotion shall be made at the end of the last quarter.
4. A student may be retained when the cumulative average of core coursework (language arts, mathematics, science, and social sciences) during the current school year is less than 70%.
5. A student who successfully completes a summer program may request promotion to the next grade.

Although teachers/parents may request the retention /promotion, the school principal shall determine all retention/promotions. The principal will identify the reasons for the retention/promotion. The school district shall have the final authority in the promotion/retention of a student in grades K-12.

The principal will take care in assigning more than one retention/promotion during a child's school **career years** or to a child receiving services through an Individual Education Plan (IEP). The superintendent/designee must approve a second retention of a child or the **initial** retention of a child on an IEP.

GRADUATION REQUIREMENTS

The Board desires that its standards for graduation meet or exceed the minimum standards of the South Dakota Department of Education, ~~as well as, those of the North Central Association of Colleges and Secondary Schools.~~

All students in grades 9 through 12 must have a Personal Learning Plan. The Personal Learning Plan must document a minimum of 22 units of credit for graduation.

All students may earn one (or more) of three advanced endorsements:

1. Advanced Endorsement: Indicates a student has pursued coursework consistent with entrance requirements for postsecondary education at a university.
2. Advanced Career Endorsement: Indicates a student has career experience in a concentrated area, based on academic and/or workplace experience and a related credential.
3. Advanced Honors Endorsement: Indicates a student has pursued advanced rigorous, academic coursework consistent with SDCL 13-55-31.1. (High school course requirements for opportunity scholarship eligibility.)

Students who are unable to meet the graduation requirements will not be permitted to participate in graduation exercises.

ALTERNATIVE HIGH SCHOOL CREDIT ATTAINMENT

Alternative Credit Attainment programs represent an opportunity for students to earn high school credit through an approved examination, online curriculum, mail correspondence, or other delivery method.

The Douglas School District supports these programs as valuable options for students to earn credit toward graduation when, upon mutual of the DHS principal or designee, student's teachers, school guidance counselor and parents/guardian or student if age 18 or older and if one or more of the following apply

- The enrollment is in the student’s best interest.
- The coursework aligns with District instructional goals.
- The coursework is provided through an accredited institution or program.
- The coursework is approved by the South Dakota Department of Education.
- The course is not currently offered within the regular curriculum.
- The high school offers the course within the regular curriculum, but the student is unable to take it due to an unavoidable scheduling conflict.
- The course may serve as a supplement to extended homebound instruction.
- The District has suspended or expelled the student from the regular school setting, but educational services are to be continued.

---------	----------	-------	--------------------	------	-----------------

ALTERNATIVE HIGH SCHOOL CREDIT ATTAINMENT

GENERAL

- Students taking such opportunities must be enrolled in the district.
- Credit may only be issued if obtained through an accredited provider approved by the South Dakota Department of Education (ARSD: 24:43:12:10).
- Credit for coursework may only be posted to the official Douglas High School (DHS) transcript with prior written approval of the high school principal or designee.
- Alternatively earned grades will not replace any previous grade appearing on the transcript.
- Credit must be earned and grade issued by the provider prior to the date of graduation in order to be considered for purposes of participation in graduation ceremonies.
- The Douglas School District will not assume any cost related to distance learning courses unless specifically approved by the superintendent as a necessary alternative education placement (Douglas District Policy IGBH, Alternative School Program).

ALTERNATIVE CREDIT OPTIONS

End-Of-Course Assessment (EOC): A proficiency examination given at the conclusion of a course.

- The student must have completed the course in order to qualify for this option.
- Students must receive permission from the DHS principal or designee prior to testing.
- A score of 80% or better is required for receipt of credit.
- Students may take this examination no more than twice.
- EOC credit shall be placed on the DHS transcript as a letter grade.
- The grade will be calculated into Grade Point Average and class rank.
-

Equivalency Examination: A proficiency test given in lieu of taking a course.

- Students may attempt equivalency examinations only if enrolled in at least grade nine.
- Students must receive permission from the DHS principal or designee prior to testing.
- A score of 85% or better is required on the examination for receipt of credit.
- The examination may be taken once only.
- Equivalency credit will be placed on the transcript as P (Pass).
- No grade or credit will be transcribed if a student fails to earn a 85% or better.
- Students may petition, in writing, to the high school principal or designee to utilize the
- assessment letter grade on the DHS transcript. The grade will be calculated into GPA and class rank.

Online and Correspondence courses: Any course made available through a carrier approved by the

South Dakota Department of Education.

- All online and correspondence courses must be offered through South Dakota Virtual School (<http://sdvs.k12.sd.us>).
- Students must coordinate enrollment with DHS prior to registering online.
- Online and correspondence credit and grade issued by the provider will be placed on the high school transcript.
- The grade will be calculated into GPA and class rank.

PROCESS

Students desiring to attempt alternative credit will do the following:

- Meet with a high school counselor to assess need and ability to succeed in the alternative format.
- Complete the steps outlined on Form IKFC-E securing all necessary signatures.
- Adhere to all district and school policies and procedures.
- Adhere to Douglas District Appropriate Use Policies.

Revised Regulation September 2010

TESTING PROGRAMS

Testing of students can provide a meaningful source of information about student achievement, the curriculum, and instruction. The Board, therefore, authorizes testing to help accomplish the following objectives:

1. To evaluate strengths and weaknesses of the current curriculum and instruction to identify areas needing review/revision.
2. To compare achievement of district students **internally within the district as well as externally** ~~with themselves and~~ with students nationally as one means to evaluate student growth.
3. To provide a degree of diagnostic instructional information to teachers about the group(s) of students they work with.
4. To provide one basis for longitudinal **analysis** ~~study~~ of student achievement.

~~Information gained through the use of tests~~ **Test result data** will be used to design educational opportunities for students to better meet their individual and collective needs.

The Board recognizes that all tests provide only a limited source of information about an individual student. Information drawn from tests will therefore be used only in conjunction with all other information known about a student in advising the student or assisting the student in improving his work.

The District shall not collect information that is not necessary for the determination of student academic progress, state and federal reporting requirements, other duties prescribed to the District, or for the calculation of funding for public education.

STATE REQUIRED ASSESSMENTS

The Superintendent is charged with the administration of all state assessments. As a valuable measurement of student progress, results of state assessments will be shared with the Board so the Board can use accurate and up-to-date data in district decision-making.

If the Superintendent has sufficient evidence that cheating on a state-required academic test occurred, the Superintendent shall investigate the circumstances. The Superintendent shall report the findings of the investigation to the South Dakota Department of Education. The Superintendent will also make a formal report to the Board, excluding any personally student identifiable information of students involved.

Cheating is defined as any form of academic dishonesty or cheating, including the unauthorized knowledge of the achievement test by a student or providing unauthorized access to secure test questions or tampering or altering of student answer sheets by school district personnel.

Student and staff handbooks will contain information **regarding** what constitutes cheating and communicate the possible personal and District sanctions.

The District shall not collect information that is not necessary for the determination of student academic progress, state and federal reporting requirements, other duties prescribed to the District, or for the calculation of funding for public education.

Pursuant to such procedures as established by the South Dakota Department of Education, the parent of a student to whom an assessment is administered pursuant to state law or the eligible student may request to inspect and review the assessment of the student after it is scored and the results are provided to the parent or eligible student. The law requires the Department of Education to provide through its website information to parents and eligible students regarding the process and procedures for the inspection and review as authorized by law. The District will also provide parents and eligible students information regarding the process and procedures for the inspection and review as authorized by law. The parent or eligible student shall be provided with access to the assessment in a secured environment within a reasonable period of time, but not more than forty-five days after the request is received. The term, parent, and the term, eligible student, are as defined in state law.

TEACHING ABOUT CONTROVERSIAL ISSUES

Training for effective citizenship is accepted as one of the major goals of the District's schools. The instructional program developed to achieve this purpose properly places great emphasis upon teaching about our American heritage, respect for our established institutions, the rights and privileges we enjoy as citizens, and the citizenship responsibilities that must be assumed in maintaining our American way of life.

To enable students to learn how to become effective citizens, ~~the~~ public schools have an obligation to prepare **students** ~~them~~ for intelligent and conscientious participation in a democratic social order. Such participation requires that students have the opportunity to become cognizant of public issues; to learn the skills of analyzing current problems and arguments; to distinguish between fact and opinion; to gather and organize pertinent facts; and to respect the opinions of others. ~~The schools~~ **Schools** have the additional responsibility of providing students the opportunity to identify, form, and express their own opinions on controversial issues.

Teachers will use the following guidelines for selection and study of controversial issues in the classroom:

1. The topic and method used in its study should contribute toward helping students develop techniques for examining other controversial issues.
2. The issue should be appropriate to the maturity level **and** background of the students in the class.
3. The issue should be related to the course content and help achieve course objectives.
4. A balanced and fair **re**presentation of the issue should be presented.

Teachers desiring to bring resource people into the class to discuss a particular viewpoint on a controversial issue must first obtain the endorsement of the principal. Care must be taken by the teacher not to expose any one viewpoint as more acceptable than another.

SECTION	I	TITLE	INSTRUCTION	FILE	IND
---------	---	-------	-------------	------	-----

SCHOOL CEREMONIES AND OBSERVANCES

During the course of a school year, many opportunities are available to the instructional staff in the district schools to recognize the plural characteristics of American culture. **The significance of what** ~~What~~ these **events days** mean to minority **community members** must be understood by the total society and viewed by educators as a unifying principle of our democracy.

In view of recent Supreme Court opinions, the school district will not sanction prayers, invocations, or benedictions at school sponsored ceremonies and observances, as the Courts say this would be a violation of the U.S. Constitution.

Recognition of Religious Beliefs and Customs

It is accepted that no religious belief or nonbelief should be promoted by the school district or its employees and none should be disparaged. Instead, the District should encourage all students and staff members to appreciate and be tolerant of each other’s religious views. The District should use all opportunities to foster understanding and mutual respect among students and parents, whether it involves race, culture, economic background or religious beliefs. In that spirit of tolerance, students and staff members should be excused from participating in practices that are contrary to their religious beliefs unless there are clear issues of overriding concern that would prevent it.

The District recognizes that one of its educational goals is to advance the students’ knowledge and appreciation of the role that our religious heritage has played in the social, cultural and historical development of civilization.

Observance of Religious Holidays

The practice of the District will be:

1. The several holidays throughout the year which have a religious and a secular basis may be observed in the schools.
2. The historical and contemporary values, and the origin of religious holidays may be explained in an unbiased and objective manner without sectarian indoctrination.
3. Music, art, literature and drama having religious themes or bases are permitted as part of the curriculum for school-sponsored activities and programs if presented in a prudent and objective manner, and as a traditional part of the cultural and religious heritage of the particular holiday.
4. The use of religious symbols such as a cross, menorah, crescent, Star of David, creche, symbols of Native American religions or other symbols that are a part of a religious holiday

is permitted as a teaching aid or resource provided such symbols are displayed as an example of the cultural and religious heritage of the holiday and are temporary in nature. Among these holidays are Christmas, Easter, Passover, Hanukkah, St. Valentine's Day, St. Patrick's Day, Thanksgiving and Halloween.

5. The school district's calendar should be prepared so as to minimize conflicts with religious holidays of all faiths.

Religion in the Curriculum

Religious institutions and orientations are central to human experience, past and present. An education excluding such a significant aspect would be incomplete. It is essential that the teaching about—and not of—religion be conducted in a factual objective and respectful manner.

The practice of the Douglas School District 51-1 will be:

1. The District supports the inclusion of religious literature, music, drama and the arts in the curriculum and in school activities provided that it is intrinsic to the learning experience in the various fields of study and is presented objectively.
2. The emphasis on religious themes in the arts, literature and history should be only as extensive as necessary for a balanced and comprehensive study of these areas. Such studies should never foster any particular religious tenets or demean any religious beliefs.
3. Student-initiated expressions to questions or assignments which reflect their beliefs or nonbeliefs about a religious theme will be accommodated. For example, students are free to express religious belief or nonbelief in compositions, art forms, music, speech and debate.

Dedications and Commencement

Traditions are a cherished part of the community life, and the District expresses an interest in maintaining those traditions which have had a significance to the community. Such ceremonies should recognize the religious pluralism of the community.

Therefore, the practice of the District will be:

1. A dedication ceremony should recognize the religious pluralism of the community and be appropriate to those who use the facility. An open invitation should be extended to all citizens to participate in the ceremony.
2. Traditions, i.e., invocation and benediction, inherent to commencement ceremonies, should be honored in the spirit of accommodation and good taste.
3. Because the baccalaureate service is traditionally religious in nature, participation will be voluntary.
4. An invocation and benediction will be excluded from any convocation of students in which participation is mandatory.

---------	----------	-------	--------------------	------	------------

ANIMALS IN SCHOOLS AND CLASSROOMS

CLASSROOM / BUILDING

~~The governing board recognizes that some students have a moral objection to dissecting or otherwise harming or destroying animals. Students will not be discriminated against for a decision to exercise this right. The accommodation of students' requests for alternative educational projects will be left to the discretion of site administrators and teachers.~~

~~Agriculture education classes would be exempt from this policy.~~

ANIMALS ON GROUNDS

~~When an uncontrolled dog or other animal is discovered on school property, the principal or designee(s) should call the animal control officer or local law enforcement.~~

~~In the event of an animal bite suffered while the animal is being removed from or controlled on school premises, see the Safety Handbook and/or seek medical attention. After medical attention has been given, the Student Accident Report or Employee Accident Report should be completed and turned into the Administration Office.~~

All animals brought into the schools on either a temporary or permanent basis shall be approved in advance by the Principal or building administrator. At the Principal's discretion, permission to keep the animal may be denied, for good reason, including but not limited to one or more of these considerations: (1) the purpose for the animal's presence, (2) the ability of the teacher to control the animal, and/or (3) the dangerous propensity of the animal.

Unauthorized animals are not allowed in school buildings or on school grounds.

The Board recognizes that under the proper conditions, animals can be an effective teaching aid. In order to protect both children and animals, the following shall apply in schools in the district.

1. The bringing of animals into the classroom must not violate city/state/federal ordinances.
2. The only animals allowed in a classroom must be for a specific and appropriate educational purpose and shall be allowed for the amount of time necessary to achieve the educational goal.
3. All animals must be in good physical condition and vaccinated against transmittable disease. Dogs, cats, and ferrets will require proof of original and booster rabies vaccination.

4. No animal shall be permitted on school property pursuant to this policy if the presence of that animal will result in a student having an allergic reaction. For purposes of this provision the school must be provided medical verification of the student's allergy before the school prohibits the animal from being on school property.
5. The teacher will be responsible for the proper control of animals brought to school for instructional purposes, including the effective protection of children when animals are in the school. This will include keeping the animal in an appropriate cage or container and handling fecal material in a sanitary manner.
6. No animals are to be allowed to run freely on school property.
7. All fecal material must be cleaned from the cage of any mammal or rodent on an as needed basis, (at a minimum of two times per week), and appropriate sanitizer used. Reptiles, fish, and insects must be cared for in a manner to minimize odor and maintain health. Person cleaning cages must wear gloves, masks, and glasses or goggles.
8. The teacher shall be responsible for the care and feeding of animals during the school year and during school vacations.

It will be the responsibility of the principal and classroom teacher to provide for a plan of care for classroom housed animals in the event of an emergency school closing which might cause disruption of the routine care of the animals. In each school where these animals are housed, there should be a plan whereby the staff member who visits the school daily during the emergency closing will be aware of the animals presence and see to their care. If no staff member visits the school daily,, the teacher is responsible for the daily care of the animal(s).

No animal shall be at school unless the principal and/or teacher involved is familiar with the appropriate care, feeding, and handling of that animal and of any potential dangers presented by the animal. Many different diseases and afflictions may be transmitted by animal hair, dander, bites, and fecal material. It shall be the responsibility of the teacher to become familiar with each animal as it relates to the wellbeing of the students in that particular classroom.

ANIMALS IN THE CLASSROOM

~~Animals may be brought into the classroom for educational purposes. However, they must be appropriately housed, humanely cared for, and properly handled. Persons or teachers bringing animals into the school should receive prior permission from the supervising teacher or principal.~~

- ~~1. Teachers are to check with the school nurse regarding any known allergies existing among students in the classroom prior to granting permission. If allergies exist, parents must be contacted for further direction.~~
- ~~2. Teachers must assume primary responsibility for the humane proper treatment of any animal in the classroom.~~
- ~~3. Only the teacher or students designated by the teacher are to handle the animals.~~
- ~~4. If animals are to be kept in the classroom on days when classes are not in session, the teacher must make arrangements for their care and safety.~~
- ~~5. Teachers with questions regarding proper care, feeding, and handling of animals should contact the science resource teacher or science department head.~~
- ~~6. Animals are not to be transported on school buses.~~
- ~~7. All experiments using live animals must have prior approval of the principal or delegated agent.~~
- ~~8. If a staff member or student has been bitten by an animal where skin has been pierced, the incident must be reported immediately to the school office by the supervising adult. Principals are to assume responsibility to notify public health authorities and to impound the appropriate term of confinement of the animal and method of observation.~~

TUITION ASSISTANCE/LOAN PROGRAM

Douglas School District values the employment of qualified professionals, particularly for specialized positions that may necessitate advanced degrees or endorsements. To support staff members in acquiring these qualifications, the district offers Tuition Assistance. This assistance may take the form of scholarships, stipends, loans, or tuition reimbursement as deemed necessary by district administration.

Eligibility Criteria: Staff members eligible for Tuition Assistance must meet the following criteria:

1. The recommended employee must be employed by the Douglas School District on a full-time basis.
2. The advanced degree or endorsement pursued is directly related to a position considered high-needs within the District.
3. The advanced degree or endorsement is required by the district or state to staff a position.

Reimbursement: Staff members who receive Tuition Assistance for an advanced degree or endorsement must agree to the following reimbursement clause:

1. If the staff member does not serve in the intended capacity within the District for a period of 3 years after the receipt of the degree or endorsement, they will be required to reimburse the district for a prorated portion of the Tuition Assistance received.
2. The prorated amount shall be determined based on the following formula: [Total Tuition Assistance Received] divided by [Number of Years Intended to Serve] multiplied by [Number of Years Not Served].
3. The reimbursement shall be made in a reasonable timeframe established by the district.
4. The district may, at its discretion, waive or modify the reimbursement obligation in exceptional circumstances, such as health-related issues, family emergencies, or other compelling reasons.

Application Process:

1. Staff members recommended for Tuition Assistance for an advanced degree or endorsement must submit a formal application (GCDA-E1) to the Business Office, including details of the program, its relevance to the position, and a commitment to the reimbursement clause.
2. Staff members should be aware that other forms of reimbursement, including but not limited to Area of Specialization pay, will not be provided in conjunction with tuition reimbursement for the advanced degree or endorsement.

Approval Process:

1. The Executive Leadership Team will review and approve applications based on the alignment of the advanced degree or endorsement with the needs of the district and the availability of funds.

Monitoring and Reporting:

1. The district administration will periodically review the progress of staff members who have received financial assistance to ensure compliance with the reimbursement clause.

**DOUGLAS SCHOOL DISTRICT INTEREST-FREE LOAN APPLICATION
AND PROMISSORY NOTE**

Date: _____

Employee Name: _____ Employee Number: _____

Position: _____

Sponsoring Administrator: _____

Loan Terms and Conditions:

Employees will file a plan of study that includes timelines for completing the endorsement and cost of certification/degree. Both Borrower and DSD understand and agree that DSD must determine that a DSD loan applicant is eligible before making a loan.

PROMISSORY NOTE: For value received, XXXXXX (“Borrower”), promises to pay Douglas School District 51-1 (“DSD”), the principal sum of such loan amount(s) as endorsed in the Schedule of Advances below, together with all attorney’s fees, collection agent costs, and other related costs and charges for the collection of any amount not paid if in default according to the terms of this Promissory Note (“Note”).

SCHEDULE OF ADVANCES

Number	Amount of Loan Advanced to Borrower	Total of Loan(s) Advanced to Date	Date
1			
2			
3			
4			

For value received, Borrower promises to pay DSD the amount of \$ XXXXXX as noted above.

1. Installments/Forgiveness

- Once certification is complete, DSD will “forgive” 1/3 of the total loan over the next 3-year period. At the completion of each year of work following newly acquired certification, 1/3 of the amount of the loan will be forgiven;
- Partial-year credit will not be given;
- At the conclusion of three successful years of employment following gaining certification, the entire loan will be forgiven.
- If Borrower does not complete certification and/or if Borrower leaves employment at DSD prior to the end of three successful years of employment, any remaining amount of loan not already forgiven will be the responsibility of Borrower to pay back to DSD prior to leaving employment.

REQUIRED: Date Borrower will begin to make payments to DSD: _____

2. Prepayment

- Borrower may, at Borrower’s option and without penalty or premium, prepay all or any part of the loan at any time.
- Except as provided herein, all parties to this Promissory Note hereby waive presentment, dishonor, notice of dishonor, and protest.

3. Acceleration:

- If Borrower fails to make a scheduled payment or fails to comply with any other term of this Note, the entire unpaid balance of the loan, including any interest due and accrued and any applicable penalty charges, will, at the option of DSD, become immediately due and payable.

4. Death and Disability:

- This Note is binding on the parties, their heirs, successors, administrators, executors, and assigns. In the event of Borrower’s total or permanent disability, or in the event of death, DSD may cancel, in its sole discretion, any remaining payments due on this Note.

5. Forbearance:

- DSD may, in its discretion, place Borrower’s Note in forbearance whenever extraordinary circumstances, such as poor health or other hardship, temporarily affects Borrower’s ability to make scheduled loan repayments under this Note.

6. Default:

- Borrower shall be considered in default of this Note if during the term of the DSD loan:
 - A. Borrower is no longer serving as an employee of DSD.; or
 - B. Borrower is no longer working towards certification outlined above
- If Borrower defaults on this Note, DSD shall immediately stop the disbursements of the DSD loan and shall begin collection activities on the loan, including, but not limited to, legal action.
- During any period of default, Borrower agrees to pay interest at the rate of twelve percent (12%) per annum on the unpaid balance of the loan.

7. General:

- Borrower will promptly inform DSD of any change in Borrower’s name or address.

8. Severability.

- In the event that any provision of this Note shall be held unenforceable or invalid by a court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision of this Note.

9. Choice of Law.

- The terms and conditions of this Note are subject to and will be construed under the laws of the State of South Dakota. The parties further agree that any dispute arising under the terms and conditions of this Note, which cannot be resolved by mutual agreement, will be venued in the Pennington Co. Judicial Circuit Court.

With Borrower’s signature below, Borrower CERTIFIES and ACKNOWLEDGES that Borrower has read and understands the provisions of this Note as well as Borrower’s rights and responsibilities regarding a DSD loan made under this Note.

Dated this ____ day of _____, 2024.

Signature of Borrower

Printed Name of Borrower

APPROVED this ____ day of _____, _____

- Assist the school nurse and other healthcare personnel in providing basic medical care to students as needed, including first aid, health assessments, and routine medical procedures.
- Support students with chronic health conditions by monitoring symptoms, administering medications, and providing assistance with healthcare needs during the school day.
- Communicate effectively with students, parents/guardians, and school staff regarding medication administration procedures, health concerns, and related matters.

Training and Compliance:

- Maintain current certification as a Certified Medication Aide (CMT) and stay informed about changes or updates to medication administration protocols and regulations.
- Participate in ongoing training and professional development activities to enhance knowledge and skills related to medication administration, student health, and safety.
- Adhere to all federal, state, and district policies and procedures governing medication administration, healthcare practices, and student health services.

Collaboration and Communication:

- Work collaboratively with the school nurse, teachers, administrators, and other members of the school healthcare team to promote a safe and healthy learning environment for all students.
- Communicate effectively with parents/guardians regarding medication administration procedures, student health concerns, and other relevant information as needed.
- Serve as a resource for students, families, and staff regarding medication-related questions, concerns, and issues.

PROFESSIONAL CHARACTERISTICS

- Strong work ethic
- Positive Attitude
- Empathetic
- Self-Motivated
- Team Oriented
- Professional
- Flexible

POSITION TITLE & DETAILS			
TITLE	Data and Systems Analyst		
WORK DAYS	236	REPORTS TO	Superintendent of Schools
SALARY SCHEDULE	Negotiated	SUPERVISES	None
GROUP	Coordinator	EVALUATION	Performance will be evaluated by the Superintendent based on responsibilities and goals.
FUNCTIONS	The Data and Systems Analyst plays a crucial role in evaluating and optimizing existing systems across multiple areas within the district, including Human Relations, Finance, Maintenance, and Technology, as well as data collection systems. With the anticipation of unprecedented growth due to the B-21 mission, the district seeks to enhance efficiencies, foster system-wide growth, and maximize data utilization. This full-time position will focus on assessing the effectiveness of current operations, coordinating with external stakeholders such as the City of Box Elder and Ellsworth Air Force Base, and implementing strategies to improve system functionality and data utilization.		

MINIMUM REQUIREMENTS	
EDUCATION	<ul style="list-style-type: none"> Associate's or Bachelor's degree in Computer Science, Information Systems, Business Administration, or a related field (Advanced degree preferred).
CERTIFICATIONS / LICENSE	<ul style="list-style-type: none"> Proven experience in systems analysis, data management, and project management, preferably in a complex organizational environment. Strong technical proficiency in systems evaluation, database management, and data analysis tools. Excellent communication and interpersonal skills, with the ability to collaborate effectively with stakeholders at all levels of the organization. Demonstrated ability to manage multiple projects simultaneously and drive initiatives to completion within established timelines and budgets.
WORK EXPERIENCE	3-5 years of relevant work experience. Prior experience preferred in systems analysis, data management, project management, and technical skills such as SQL and data visualization tools.

KNOWLEDGE, SKILL, & ABILITIES
<ul style="list-style-type: none"> Understanding of systems analysis methods to assess and optimize systems. Proficiency in data management principles for maintaining data integrity and security. Strong project management skills for leading system implementation projects. Technical expertise with data visualization tools. Excellent communication skills to engage stakeholders and gather feedback effectively.

ESSENTIAL RESPONSIBILITIES
Systems Evaluation and Optimization: <ul style="list-style-type: none"> Collaborate with departmental leadership to assess the role of existing systems in supporting business operations and identify areas for improvement.

- Conduct regular testing of systems to ensure quality, functionality, and compatibility with evolving organization needs.
- Prepare comprehensive costs and benefits analyses for proposed system enhancements and upgrades.

Data Utilization and Analysis:

- Work with stakeholders to identify key data needs and establish protocols for data collection, analysis, and reporting.
- Analyze data from various sources to identify trends, patterns, and opportunities for process optimization and performance improvement.
- Develop and maintain data visualization dashboards to facilitate data-driven decision-making at all levels of the organization.

Coordination and Collaboration:

- Establish and maintain coordination with external partners, including the City of Box Elder and Ellsworth Air Force Base, to align district initiatives with community and military priorities.
- Serve as a liaison between district stakeholders and external vendors or consultants for system implementation and integration projects.
- Facilitate cross-functional collaboration among departments to ensure seamless integration of systems and data-sharing protocols.

Training and Documentation:

- Provide training and support to district staff on the appropriate use of computer systems and data analysis tools.
- Develop instructional materials and user manuals to guide staff in utilizing systems effectively and efficiently.
- Collaborate with departmental managers to develop training programs tailored to the specific needs of each functional area.

Innovation and System Enhancement:

- Collaborate with stakeholders to identify opportunities for enhancing system functionality and adding new features to meet evolving business requirements.
- Brainstorm and propose innovative solutions to address operational challenges and improve overall system performance.
- Research and evaluate emerging technologies and best practices in system design and implementation to inform decision-making and strategic planning.

PROFESSIONAL CHARACTERISTICS

- Strong work ethic
- Positive Attitude
- Empathetic
- Self-Motivated
- Team Oriented
