**III. ACTION ITEMS - none**

**IV. INFORMATION ITEMS**

A. Review of Turf Field Reserve Balance

Steve Burfeind reviewed the Field Fee Reserve Account. The current balance is \$372,016. GMax testing shows the need to replace the stadium turf due to several areas not meeting testing requirements. Steve Burfeind estimated a cost of \$350K to replace based on previous work on Marty Morgan Turf.

Phil Ross discussed that repairs that had been done on Marty Morgan Field were not a viable option for the stadium and it needs to be fully replaced. The track is also in need of resurfacing. This would be covered by the Track Tennis Reserve Account.

Phil reached out to get initial information regarding the cost for replacing the turf and track. If the asphalt is still usable, we can replace the track with a latex surface for approximately \$100K. A polyurethane surface would cost approximately \$380K and would last at least twice as long as the latex option. These projects would need to be put out to bid. Dr. Sanzo discussed the feasibility of completing this project while the high school building project is taking place. He was going to reach out to O&G for their input.

Next steps: Draft language for the RFP for the Track resurfacing and Turf replacement to bring to the committee; Schedule a meeting in December or after the New Year once there is more concrete information if we can proceed with the project. The question was asked what the lead time would be on this project.

B. Review of COVID Protocols

Dr. Cosentino discussed her meeting with the leaders of winter Youth Sports where she provided information regarding mitigation strategies and the protocols for a handling a positive Covid case with the Local DPH.

C. BOE Policy 1330

There was discussion about the potential of raising field fees which have not been done in 10 years. Currently, we project field fees coming in at \$60K per year. A policy was drafted in

August, 2019 regarding the field fee increase and it was never implemented. The committee will explore if now is the right time to implement this increase.

There was discussion regarding the Event Manager program and it being launched to external groups. Dr. Sanzo asked for a breakdown of the fee for external groups. We need to ensure that we have enough funds for future field replacement. Rick Regan asked how groups go about renting the fields and using various fields. It was discussed that there is an individual participant fee that all teams pay who rent our fields.

Conditions:

Acceptance of our bid and price by Contractor/Owner shall be acceptance of all terms and conditions recited herein which shall supersede any conflicting term in any other contract document. Contractor's/Owner's agreement herewith shall be evidenced by AstroTurf Corporation commencement of work for project.

AstroTurf Corporation is not responsible for the layout and establishment of grades as done by others. AstroTurf Corporation accepts no responsibility for improper design or engineering.

This proposal is based on the payment of prevailing wage rates if applicable, to AstroTurf Corporation personnel. Any union labor required due to the general contractor's contractual union agreements, project labor agreements and or specific apprenticeship requirements will be provided at no cost to AstroTurf Corporation.

The Contractor/Owner will cooperate with AstroTurf Corporation to avoid scheduling conflicts or interference with AstroTurf Corporations work. The project schedule, and any modification of that schedule, shall allow the AstroTurf Corporation reasonable time, as outlined in the proposal, to complete AstroTurf Corporations work in an efficient manner. Contractor/Owner will provide AstroTurf Corporation a complete initial project schedule, as well as any subsequent revisions, outlining all phases of work for project.

If there is a change in the project schedule, or if there is any delay not caused by AstroTurf Corporation, AstroTurf Corporation will be entitled to reimbursement for any increased costs of materials and for any increased cost of labor, including overtime. AstroTurf Corporations entitlement to increased costs is not limited to the amounts that the Contractor may receive from the Owner under the prime contract.

AstroTurf Corporation will not be required to commence or continue work until the project site is in an adequate condition, as outlined in the proposal and/or as outlined in the architectural specifications, for this work to begin. If the project site is not in an adequate condition for AstroTurf Corporation to start work, that is a delay under the terms of this contract. Any and all resulting liquidated damages and claims against AstroTurf Corporation shall be waived for said delays.

AstroTurf Corporations completion of its scope of work is dependent of weather conditions. AstroTurf Corporation will suspend work on the project if any of the following weather conditions exist: 1) rain, 2) Temperatures below manufacturer's specifications or 3) high winds. The schedule shall be extended by the exact duration of any and all weather related suspensions of work. Any and all liquidated damages or claims shall be waived due to any delays caused by weather related suspensions of work.

The Contractor/Owner may make no claim for liquidated or actual damages caused by AstroTurf Corporations delay beyond the money which the Contractor /Owner has to pay for that delay under the terms of the contract.

Any indemnification or hold harmless obligation of AstroTurf Corporation to the Contractor/Owner will extend only to claims relating to property damage or bodily injury, and only to the extent that the property damage or bodily injury was caused by the negligence or intentional act of AstroTurf Corporation, its employees, or its subcontractors.

No back charge by the Contractor/Owner will be valid unless AstroTurf Corporation has been given written notice of the Contractor's/Owner's claim, has been allowed reasonable time to correct any deficiency, and has failed to do so. Further, any back charge will not exceed an amount reasonably calculated to cover the cost of the anticipated liability or claim. All remaining amounts due AstroTurf Corporation will be promptly paid.

The Contractor/Owner is liable to AstroTurf Corporation for any expenses incurred by AstroTurf Corporation in enforcing the terms of this addendum, including, but not limited to, reasonable interest and attorney fees.

AstroTurf Corporation agrees to procure and maintain the following insurance coverage:

- (a) Commercial general Liability insurance, blanket endorsed to additional insureds as required per contract, with limits not less than \$1,000,000 per occurrence, \$1,000,000 Products/Completed Operations, \$1,000,000 Personal/Advertising,
- (b) Commercial auto insuring all vehicles used by AstroTurf Corporation (including all owned, hired and non-owned vehicles), and
- (c) Worker's compensation with statutory limits and a waiver of subrogation in favor of owner/contractor, and Employer's Liability with limits not less than \$500,000 each accident and \$5,000,000 Disease - Each Employee.
- (d) Umbrella coverage, blanket endorsed to additional insureds as required per contract, with limits not less than \$1,000,000 per occurrence, \$1,000,000 Products/Completed Operations, having \$10,000 self-insured retention

Evidence of such coverage, in the form of a Certificate of Insurance and providing for thirty (30) days notice prior to cancellation. Pricing includes blanket endorsement for additional insureds. Additional fees will apply if endorsement specifically listing additional insureds by name is required.

**ACCEPTANCE OF PROPOSAL-** *The above prices, specifications and conditions enclosed herein are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as enclosed herein.*

## **Community Relations**

### **Use of School Facilities**

The facilities of the New Fairfield Public Schools are available for reasonable use by organizations or groups within and outside the school system when they are not in use for school purposes. As Town facilities, the community and members of the system's staff are encouraged to use them within the parameters of Board of Education policy and regulations. The Board shall grant the use of school facilities for activities of an educational, cultural, civic, social, recreational, governmental or general political nature which are sponsored by responsible local persons, organizations, agencies or institutions, as permitted under law. The Board reserves the right, as needed, to modify such use.

The primary scheduling of facilities is for school-related activities and programs. Every attempt will be made to accommodate a community group if there is a conflict with a previously scheduled school function.

All outside groups who use school facilities may be charged a building use fee that is established by the Board of Education. The building use form will be updated as needed to reflect rules governing the use of buildings and grounds as well as the fee structures the Board approved.

### **Buildings and Grounds**

The Board shall endeavor to use the annual appropriation for the operation of schools for educational purposes and seek extra money for community use of buildings by Town or private agencies or individuals.

Due to increased financial investments in classroom equipment, community groups will be assigned to multipurpose areas, like the cafeteria, and gymnasium, with very limited use of classrooms. The Board of Education reserves the right to limit the hours of use and access to buildings and grounds. All individuals or groups who apply to use school facilities must follow the district's procedures. This includes the full completion of a building form ten days prior to use with the appropriate insurance on file. Food and beverages are only allowed in the cafeterias and any other area designated by the building administrators or the Superintendent of Schools.

The Superintendent may exercise discretion in denying building use if an activity is deemed inconsistent with the Board policy.

## Community Relations

### Use of School Facilities (continued)

#### Protection of Grounds and Buildings

Students should be allowed the use of school facilities for co-curricular activities, including clubs, recreational events, and other such related activities. These activities must be scheduled in keeping with normal school regulations and provide for supervision according to school rules. The advisors and chaperones of all student groups must familiarize themselves with current regulations for the use of school facilities.

#### Types of Activities That Will Not Be Permitted

1. Any purpose in conflict with the mission or goals of the school district.
2. Fundraising campaigns except as permitted by Board of Education policy or with permission of the Superintendent.
3. Any activity that may be injurious to the buildings, grounds or equipment of the schools.

#### Loitering or Causing Disturbance

All visitors must register in the school to be on school property during the school day and be issued a visitor's badge that must be worn at eye level. Staff members should be alert to the possibility of unauthorized visitors and promptly report any concerns to the Principal. Any person shall be considered loitering on school grounds when s/he loiters or remains in or about a school building or grounds without any reason or relationship involving custody of or responsibility for a student or any other license or privilege to be there. Administrators may exercise discretion with respect to the use of outside facilities.

New Fairfield, Connecticut

## Priority List for the Use of New Fairfield School Facilities

The use of school facilities must be self-sustaining by any organization that plans to use a New Fairfield Board of Education facility. Every organization is responsible for the cost of utilities, cleaning, and maintaining the facility in good operational condition. Organizations that request the use of school facilities are categorized below. The reason for these categories is to differentiate fees according to the types of organizations and the benefit of the activities for the New Fairfield community. There are other considerations to be made that take into account the hours of an event, the number of people involved, custodial needs of an event and the number of activities that are already scheduled. It is understood that all activities under the jurisdiction of the Board of Education are exempt from this priority list and are always given first priority over others. Flat fees, rather than hourly fees, can be established for activities that meet regularly at the discretion of the Superintendent.

### 1. Local Town Government Meetings

This category includes:

- Official Town meetings and all regular meetings open to the general public in cooperation with the Board of Education.
- Examples: Permanent Building Committee (PBC), Zoning meetings, Finance meetings, Board of Selectmen meetings, Town Meeting.

### 2. Parent-Teacher and other School Associated Groups

This category includes:

- a. Activities sponsored, organized and supervised directly by the Parent-Teacher Organizations or sponsored by the Board of Education and activities of other groups approved by the Board of Education.
- b. Examples: school clubs, DECA, FBLA, Booster clubs, National Honor Society, all PTO activities, extracurricular and co-curricular activities.

### 3. Recreation for Children and Adults (non-profit organizations; community based)

This category includes:

- Park and recreation activities.
- Non-Profit groups including Jaycees, Lions, Boy Scouts, Girl Scouts, Aquabears, swim clubs, wrestling clubs, soccer clubs, lacrosse clubs, Pop Warner Football, Babe Ruth Baseball, softball, Falcon Cheerleaders, Flash Track, Adult Education, and CCD.

### 4. Private Events, Commercial Ventures or Fundraising Activities with Community Benefit

This category includes:

- Activities which charge admission and any commercial venture of definite cultural value for specific benefit to the New Fairfield Community.
- Examples: Private sports clubs; private arts and crafts fair; Women's and Men's Clubs, Alumni groups, church groups, civic and fraternal programs.

### 5. Private Events, Commercial Ventures or Fundraising Activities for Organizational Benefit

This category includes:

- Activities which charge admission and any commercial venture of definite cultural value for specific benefit of the organization.
- Examples: commercial stage groups, private retail businesses, school of dance, Star-Search, private sports clubs; private arts and crafts fair; Women's and Men's Clubs, Alumni groups, church groups.
