Introduction and Definitions

The District's policy on student truancy shall stress early prevention and inquiry leading to remediation of absences rather than imposition of punitive measures for students. Referral to legal authorities normally shall be made only when local resources are exhausted. For purposes of implementing this policy and for reporting purposes regarding truancy, the District will utilize the State Board of Education approved definitions of "excused" and "unexcused" absences.

"Truant" shall mean a student age five to eighteen, inclusive, who has four unexcused absences in any one month, or ten unexcused absences in one school year.

"Unexcused Absence" Board policy with respect to unexcused absences stresses prevention and inquiry leading to remediation of absences. The schools will make all reasonable efforts to help students improve their attendance when such improvement is warranted. When all local resources are exhausted referral to legal authorities is recommended.

"In attendance" shall mean a student is present at his/her assigned school, or an activity sponsored by the school (e.g., field trip), for at least half of the regular school day. A student who is serving an out-of-school suspension or expulsion should always be considered absent.

"Chronically absent child" is an enrolled student whose total number of absences at any time during a school year is equal to or greater than ten percent of the total number of days that such student has been enrolled at such school during such school year.

"Absence" means an excused absence, unexcused absence or disciplinary absence, as those terms are defined by the State Board of Education pursuant to C.G.S. 10-198b.

"Mental health wellness day" means a school day during which a student attends to his/her emotional and psychological well-being in lieu of attending school. Such days must be nonconsecutive.

"District chronic absenteeism rate" means the total number of chronically absent children in the previous school year divided by the total number of children under the jurisdiction of the Board of Education for such school year.

"School chronic absenteeism rate" means the total number of chronically absent children for a school in the previous school year divided by the total number of children enrolled in such school for such school year.

Truancy (continued)

Remediation of Truancy

School personnel shall seek cooperation from parents or other persons having control of such child and assist them in remedying and preventing truancy. The Superintendent of Schools shall develop regulations which will detail the following school district obligations under the district's truancy policy:

1. Notify parents annually of their obligations under the attendance policy.
2. Obtain telephone numbers for emergency record cards or other means of contacting parents or other persons having control of the child during the school day.
3. Establish a system to monitor student attendance.
4. Make a reasonable effort by telephone and by mail to notify parents or other persons having control of the child enrolled in grades one through eight, inclusive, when a child does not arrive at school and there has been no previous approval or other indication which indicates parents are aware of the absence.
5. Identify a student as "truant" when the student accumulates four unexcused absences in any month or ten in a school year.
6. Identify a student as "chronically absent" when the student accumulates a total number of absences at any time during a school year that is equal to or greater than ten percent of the total number of days that such student has been enrolled at the school during the school year.
7. Requires appropriate ~~Appropriate~~ school staff meet with parents of a child identified as truant or chronically absent to review and evaluate the situation, within ten days of such designation. Such meeting may involve the school or District Attendance Team.

   Students so identified may be subject to:

   (a) retention in the same grade to acquire necessary skills for promotion.
   (b) a requirement to complete a summer school program successfully before being promoted to the next grade.
8. Evaluate the truant student when ~~When~~ a petition is filed ~~, an educational evaluation of the truant student shall be done~~ by appropriate school personnel if no such evaluation has been performed within the preceding year.
9. Provide coordination of services and refer "truants" to community agencies which provide family services.
10. ~~If in existence, refer~~ Refer the child to the children's probate court truancy clinic, if one exists.
11. Provide notice to the parents/guardian the information concerning the 2-1-1 Infoline and other pediatric mental and behavioral health screening sources and tools provided by the State Department of Education.

Students

Truancy

Remediation of Truancy (continued)

The Board, shall implement a truancy intervention model identified by the Connecticut State Department of Education (SDE) for any school within the District that has a disproportionately high rate of truancy, as identified by the Commissioner of Education. The intervention models must also address the needs of students with disabilities. Parents or other persons having control of each child shall be notified of such truancy model.

Chronic Absenteeism

The Board of Education, in compliance with statute, requires the establishment of attendance review teams when chronic absenteeism rates in the District or at individual schools in the District meet the following circumstances:

1. A District team must be established when the District's chronic absenteeism rate is 10 percent or higher.
2. A school team must be established when the school chronic absenteeism rate is 15 percent or higher.
3. A team for either the District or each school must be established when (a) more than one school in the District has a school chronic absenteeism rate of 15 percent or higher or (b) a District has a District chronic absenteeism rate of 10 percent or higher and one or more schools in the District have a school chronic absenteeism rate of 15 percent or higher.

The membership of attendance review teams may consist of school administrators, guidance counselors, school social workers, teachers, chronically absent children, parents or guardians of chronically absent children, and representatives from community-based programs who address issues related to student attendance by providing programs and services to truants.

Each attendance review team shall be responsible for reviewing the cases of truants and chronically absent children, discussing school interventions and community referrals for such truants and chronically absent children and making any additional recommendations for such truants and chronically absent children and their parents or guardians. Each attendance review team shall meet at least monthly.

In the calculation of the District's chronic absenteeism rate and the school chronic absenteeism rate, a student's engagement, in grades 9-12, in remote virtual learning shall be excluded if such engagement accounts for not less than one-half of the school day. In addition, the calculation of chronic absenteeism rates shall exclude absence resulting from a student taking a mental health day pursuant to P.A. 21-46.

Students

Chronic Absenteeism (continued)

The District shall utilize the chronic absenteeism prevention and intervention plan developed by the State Department of Education when it becomes available. Such plan must include the means for collecting and analyzing data relating to student attendance, truancy and chronic absenteeism. The data must be disaggregated by school district, school grades and subgroups such as race, ethnicity, gender, eligibility for free and reduced priced lunches, students whose primary language is not English, and students with disabilities.

The District shall annually include in information for the Profile and Performance report for each school and the District that submitted to the Commissioner of Education, data pertaining to truancy and chronically absent children.

The Principal or his/her designee of any elementary or middle school located in a town/city designated as an alliance district may refer to the children's truancy clinic established by the Probate Court serving the town/city, a parent/guardian with a child defined as a truant or who is at risk of becoming a truant. (An attendance officer or a police officer shall deliver the citation and summons and a copy of the referral to the parent/guardian.)

Students

Reporting Child Abuse/Neglect or Sexual Assault

Connecticut General Statutes 17a-101, as periodically amended by Public Act 96-246, 97-319, 02-106, 02-138, 09-242, 11-93 and 15-205 requires all school employees including the school Superintendent, school teachers, substitute teachers, administrators, school guidance counselors, school counselors, school paraprofessionals, tutors, mentors, licensed nurses, physicians, psychologists, social workers, licensed behavior analysts and coaches of intramural or interscholastic athletics, co-curricular advisors, or any other person, who in the performance of his/her duties has regular contact with students and who provides services to District students who have reasonable cause to suspect or believe that a child has been abused, neglected, or placed in imminent risk of serious harm or sexually abused by a school employee to immediately report such abuse, neglect, and sexual assault in compliance with applicable state statutes. Furthermore, it is the policy of the New Fairfield Board of Education to require all personnel who have reasonable cause to suspect or believe that any child under the age of 18 has been abused or neglected or placed in imminent risk of serious harm by any person to report such suspected abuse and/or neglect. Reports must be made when information is learned or obtained during the ordinary course of such person's employment or profession.

The Board shall annually distribute the mandated reporter policy electronically to all school employees. The Board shall annually distribute electronically, to all school employees, Board members, and parents and guardians of enrolled students, (1) guidelines on identifying and reporting child sexual abuse, starting in the 2022-23 school year, and (2) information on DCF's sexual abuse and assault awareness and prevention program.

An oral report by telephone or in person shall be made as soon as possible but not later than twelve (12) hours to the Commissioner of Children and Families (DCF) or a law enforcement agency, and to the Superintendent of Schools or his/her designee followed not later than forty-eight (48) hours by a written report to the Commissioner of Children and Families or his/her designee. The Child Abuse and Neglect Hotline, 1-800-842-2288, should be used for telephone reports; DCF Form #136 should be used for written reports. Forms are located in all schools.

The Department of Children and Families (DCF) has a 24-hour Child Abuse and Neglect Hotline, "Careline" at 1-800-842-2288, for the purpose of making such oral reports.

Mandated reporters are equally responsible to comply with procedures and timeline requirements for oral and written reports. District social workers, or in their absence, building administrators may assist in filing these reports, if the reporter chooses. This confidential copy of the official written report, prepared and submitted by the mandated reporter, shall be submitted to the Director of Pupil Personnel Services (PPS); and it shall be maintained in a confidential file in the PPS office.

In all cases, the Building Principal shall be notified immediately after the oral report has been made to DCF. The Building Principal will then notify the Superintendent of Schools.

Students

Reporting Child Abuse/Neglect or Sexual Assault (continued)

For these purposes, a child has been the object of child abuse or neglect if he or she has a specific injury or injuries inflicted upon him or her by a person responsible for such child's or youth's health, welfare, or care by a person given access to such child by such responsible person, or by a school employee other than by accidental means, or has injuries which are at variance with the history given of them, or is in a condition which is the result of maltreatment such as, but not limited to malnutrition, sexual abuse, sexual exploitation, deprivation of necessities, emotional maltreatment, or cruel punishment, or has been neglected as defined by the Connecticut General Statutes, regardless of the offender-victim relationship and regardless of the offender's affiliation with any organization. [See Appendix A, Indicators of Abuse and Neglect.]

Any school personnel who has reasonable cause to suspect that a district employee is abusing or sexually assaulting a student shall orally report that suspicion as soon as possible but no later than twelve (12) hours by telephone or in person to the Commissioner of Children and Families followed no later than forty-eight (48) hours of making the oral report with a written report to the Department of Children and Families. The Superintendent of Schools or supervising agent may be notified immediately after the oral report has been made. The Commissioner of Children and Families or his/her designee, is required to notify the head of a school, except when that person is the alleged perpetrator. The Superintendent or supervising agent must: 1) immediately notify parent(s) of the alleged abuse that a report has been made; and 2) immediately notify the Police Department of the alleged abuse.

For purposes of this section pertaining to the required reporting, a child includes any victim under eighteen years of age educated in a technical high school or District school. Any person who intentionally and unreasonably interferes with or prevents the making of the required report or attempts to conspire to do so shall be guilty of a class D felony, unless such individual is under eighteen years of age or educated in the technical high school system or in a District school, other than part of an adult education program.

In addition, the Superintendent or supervising agent must submit a written report of suspected child abuse or neglect by a school employee who has been entrusted with the care of a child and who holds a certificate, permit or authorization issued by the State Board of Education to the Commissioner of Education or his/her representative. The Commissioner of the Department of Children and Families has a similar obligation. The Superintendent shall suspend a certified staff employee when the investigation produces evidence that the employee abused or sexually assaulted a child. The Department of Children and Families is required to send to the State Department of Education a copy of the report. Within seventy-two (72) hours after such suspension, the Superintendent shall notify the Board of Education and the Commissioner of Education or his/her representative of the reasons for and conditions of the suspension. If the contract of employment of a school employee who possesses a certificate, permit or authorization issued by the State Board of Education is terminated or if such certified school employee resigns his/her employment, as a result of an investigation which reveals that child abuse has occurred, the Superintendent shall notify the Commissioner of Education within 72 hours of such termination or resignation.

Students

Reporting Child Abuse/Neglect or Sexual Assault (continued)

In accordance with the mandates of the law and consistent with its philosophy, the Board in establishing this policy directs the Superintendent of Schools to develop and formalize the necessary rules and regulations to comply fully with the intent of the law.

If the report of abuse or neglect involves an employee of the District as the perpetrator, the District may conduct its own investigation into the allegation, provided that such investigation shall not interfere with or impede any investigation conducted by the Department of Children and Families or of law enforcement agencies.

The Superintendent shall maintain records of allegations, investigations and reports that a child has been abused or neglected by a school employee. Such records will be maintained in the District's Central Office. The records shall include any reports made to the Department of Children and Families. Such Department is to have access to all such records.

The Board, recognizing its responsibilities to protect children and in compliance with its statutory obligations shall provide to each employee in-service regarding the requirements and obligations of mandated reporters. District employees shall also participate in training offered by the Department of Children and Families. In addition, all District employees shall complete a training program pertaining to the accurate and prompt reporting of abuse and neglect, made available by the Commissioner of Children and Families. Also, all employees must complete a refresher program at least once every three years. The Principal of each school in the district shall annually certify to the Superintendent that each school employee working at such school has completed the required initial training and the refresher training.

This policy will be distributed annually to all employees. Documentation shall be maintained that all employees have, in fact, received the written policy and completed training related to mandated reporting of child abuse and neglect as required by law.

The Board of Education will post the telephone number of the Department of Children and Families' child abuse hotline, Careline, and the Internet web address that provides information about the Careline in each District school in a conspicuous location frequented by students. Such posting shall be in various languages most appropriate for the students enrolled in the school. This information is contained in Appendix B.

Online reports may be made to the Careline by mandated reporters if the report is of a non-emergent nature. A non-emergent situation is one in which a report is mandated but the child is not in immediate risk. *(Note: Mandated reporters reporting electronically when they reasonably suspect that a child has been abused, neglected or placed at risk of imminent harm in a "non-emergent" situation, can do so without risk that they will be subject to a failure to report finding and subsequent penalties.)*

The Board shall not retaliate against any mandated reporter for his/her compliance with the law and Board policy pertaining to the reporting of suspected child abuse and neglect.

Students

Reporting Child Abuse/Neglect or Sexual Assault (continued)

Establishment of the Confidential Rapid Response Team

The Board of Education shall establish a confidential rapid response team to coordinate with DCF to (1) ensure prompt reporting of suspected child abuse or neglect; or 1st, 2nd, 3rd, or 4th degree sexual assault; 1st degree aggravated sexual assault; or 3rd degree sexual assault with a firearm of a student not enrolled in adult education by a school employee and (2) provide immediate access to information and individuals relevant to DCF's investigation of such cases.

The confidential rapid response team shall consist of (1) a local teacher and the Superintendent, (2) a local police officer, and (3) any other person the Board of Education deems appropriate.

DCF, along with a multidisciplinary team, is required to take immediate action to investigate and address each report of child abuse, neglect or sexual abuse in any school.

Hiring Prohibitions

The Board of Education will not employ anyone who was terminated or resigned after a suspension based on DCF's investigation, if he or she has been convicted of (1) child abuse or neglect or (2) 1st, 2nd, 3rd, or 4th degree sexual assault; 1st degree aggravated sexual assault; or 3rd degree sexual assault with a firearm of a student who is not enrolled in adult education.

The Boards of Education will not employ an individual who was terminated or resigned, if he or she (1) failed to report the suspicion of such crimes when required to do so or (2) intentionally and unreasonably interfered with or prevented a mandated reporter from carrying out this obligation or conspired or attempted to do so. This applies regardless of whether an allegation of abuse, neglect, or sexual assault has been substantiated.

New Fairfield, Connecticut

Students

Reporting Child Abuse/Neglect or Sexual Assault

This regulation is intended to safeguard children whose health and welfare may be adversely affected through injury and neglect and to ensure a nurturing and safe environment.

A. What Must be Reported

A report must be made when any mandated reporter of the New Fairfield Board of Education, in his/her professional capacity, has reasonable cause to suspect or to believe that a child under the age of eighteen:

1. has had physical injury or injuries inflicted upon him /her, other than by accidental means, by a person responsible for the child's health, welfare, or care, or by a person given access to the child.
2. has injuries that are at variance with the explanation given of their occurrence.
3. is in a condition which is the result of maltreatment such as, but not limited to, malnutrition, sexual abuse, sexual maltreatment, or cruel punishment.
4. has been neglected in one or more of the following ways:
    a. has been abandoned;
    b. is being denied proper care and attention, physically, educationally or emotionally;
    c. is being permitted to live under conditions, circumstances or associations injurious to the child's well-being;
    d. is in danger of being abused even though one does not have reasonable cause to suspect or believe any such abuse has actually occurred.
5. has been sexually assaulted by a school employee.

B. Reporting Procedures for Statutory Mandated Reporters

The following procedures apply only to statutory mandated reporters, as defined in policy 5141.4.

1. When an employee of the Board suspects or believes that a child has been abused, neglected, or has been placed in imminent risk of serious harm, the following steps shall be taken:

    a. The employee shall immediately, upon having reasonable cause to suspect or believe that a child has been abused, neglected or placed in imminent danger of serious harm, or has had non-accidental physical injury or injury which is at variance with the history or such injury, or sexually assaulted and not later than twelve (12) hours after having such a suspicion or belief, make an oral report by telephone or in person to the Commissioner of Children and Families (DCF) or his/her designee or the local law enforcement agency. (Child Abuse and Neglect Hotline (Careline): 1-800-842-2288.)

B. Reporting Procedures for Statutory Mandated Reporters (continued)

Online reports may be made to the Careline by mandated reporters if the report is of a non-emergent nature. A non-emergent situation is one in which a report is mandated but the child is not in immediate risk. *(Note: Mandated reporters reporting electronically when they reasonably suspect that a child has been abused, neglected or placed at risk of imminent harm in a "non-emergent" situation, can do so without risk that they will be subject to a failure to report finding and subsequent penalties.)*

b. The employee shall also immediately make an oral report to the Superintendent's designee, the Building Principal.

c. With the advice of the Building Principal, the employee shall determine if the child's parents will be contacted.

- Mandated reporters are under no legal obligation to inform parents that they have made a report to DCF about their child. However, depending on the circumstances, it may be necessary and/or beneficial to do so.
- Health care professionals *may need* to talk with parents to assess the cause of a child's injuries. Mental health professionals may *want* to talk with parents in order to offer support and guidance.
- However, in cases of serious physical or sexual abuse, it may *not* be wise to talk with parents before reporting the case to DCF. This may put the child at greater risk and interfere with a possible criminal investigation.

d. If a report prepared in accordance with Section (a) above concerns suspected abuse, neglect or sexual assault by a school employee, the Building Principal shall immediately notify the Superintendent who shall then notify the child's parent or guardian that such a report has been made.

e. Within 48 hours of making an oral report, the employee shall submit a written report to the Commissioner of Children and Families or his/her representative, containing all of the required information. DCF Form #136 should be used for the written report, and it is available in all school buildings.

f. The employee shall immediately submit a copy of this written report to the Building Principal and the Director of Pupil Personnel Services and Special Education.

g. If a report prepared in accordance with Section (c) above, concerns suspected abuse or neglect by a certified school employee, the Superintendent shall submit a copy of the written report to the Commissioner of Education, or his/her representative.

C. Reporting Procedures for Employees Other Than Statutory Mandated Reporters

The following procedures apply only to employees who are not mandated reporters, as defined above:

1. When an employee who is not a statutory mandated reporter suspects or believes that a child has been abused, neglected or placed in imminent danger of serious harm, the following steps shall be taken:

    a. The employee shall immediately, upon having reasonable cause to suspect or believe that a child has been abused, neglected or placed in imminent danger of serious harm, and in no case later than twelve (12) hours after having such a suspicion or belief, make an oral report by telephone or in person to the Principal, or his/her designee, to be followed by an immediate written report to the Superintendent, or his/her designee. A copy of the report should be sent to the Director of Pupil Personnel Services and Special Education.

    b. The Superintendent, or his/her designee, shall immediately, upon suspecting or believing that a child has been abused, neglected or placed in imminent risk of serious harm, and in no case later than 12 hours after having such a suspicion or belief, make an oral report by telephone or in person to the Commissioner of Children and Families or the local law enforcement agency.

    c. In cases involving suspected abuse or neglect by a school employee, the Superintendent, or his/her designee, shall immediately follow protocol in Section D, **Reporting of Child Abuse, Neglect, or Sexual Assault by School Employees** and notify the child's parent or guardian that such a report has been made.

D. Reporting of Child Abuse/Neglect/Sexual Assault by School Employees

CGS 17a-101 requires mandated reporters to report child abuse, neglect or sexual assault by school employees.

1. In cases where the mandated reporter suspects or believes such injury has been inflicted by a school employee, he/she shall report that suspicion orally or in person to the Department of Children and Families within 12 hours, followed within 48 hours with a written report.

2. The Superintendent of Schools or supervising agent shall be notified immediately after the oral report has been made and shall also receive a copy of the written report.

Students

Reporting of Child Abuse/Neglect or Sexual Assault

D. Reporting of Child Abuse/Neglect/Sexual Assault by School Employees (continued)

3. The Superintendent shall immediately notify the child's parent or other person responsible for the child's care that a report has been made.

4. The written report to the Commissioner of the Department of Children and Families or his/her representative, concerning a certified school employee, shall also be sent by the Superintendent to the Commissioner of Education or his/her representative.

5. The report shall contain information listed in Section G of this Board regulation.

6. The Superintendent is obligated to immediately begin the investigation of the report with the Department of Children and Families. The Superintendent may request assistance from the local police or state police in the investigation.

7. If the Superintendent finds evidence of child abuse, neglect or sexual assault by a school employee, he/she must immediately notify the child's parent or guardian, the local or state police, the Commissioner of Children and Families or his/her representative, and, in the case of an investigation of a certified school employee, the Commissioner of Education or his/her representative.

8. When an investigation produces such evidence, and the employee in question is in a position requiring a certificate, the Superintendent must suspend the certified employee with pay and without diminution or termination of benefits, provided he/she notifies the Board of Education of the reasons for the suspension within 72 hours thereafter.

9. The suspension remains in effect until the Board takes action pursuant to CGS 10-151 (Teacher Tenure Act).

E. Investigation of the Report

If the suspected abuser is a school employee, the Superintendent shall thoroughly investigate the report, provided that such investigation does not interfere with or impede DCF's investigation or the law enforcement agency's investigation. In all other cases, DCF shall be responsible for conducting the investigation with the cooperation and collaboration of the Board, as appropriate. To the extent feasible, this investigation shall be coordinated with the Commissioner of Children and Families or the police in order to minimize the number of interviews of any child and to share information with other persons authorized to conduct an investigation of child abuse and neglect. When investigating a report, the Superintendent shall endeavor to obtain, when possible, the consent of parents or guardians or other persons responsible for the care of the child, to interview the child, except in those cases in which there is reason to believe that the parents or guardians or other persons responsible for the care of such child are the perpetrators or the alleged abusers.

Students

Reporting of Child Abuse/Neglect or Sexual Assault

E. Investigation of the Report (continued)

The investigation shall include an opportunity for the suspected abuser to be heard with respect to the allegations contained within the report. During the course of an investigation of suspected abuse by a school employee, the Superintendent may suspend the employee with pay or may place the employee on administrative leave with pay pending the outcome of the investigation.

1. **Evidence of Abuse by Certified School Employee:** After an investigation has been completed and the Commissioner of Children and Families, based upon the results of such investigation, has reasonable cause to believe that a child has been abused, neglected or sexually assaulted by an employee in a position requiring a certificate, the Commissioner shall notify the Superintendent of such finding and shall provide records, whether or not created by the Department of Children and Families, concerning such investigation to the Superintendent, who shall suspend the employee, if not previously suspended, with pay and without diminution or termination of benefits. Within 72 hours after such suspension, the Superintendent shall notify the Board of Education and the Commissioner of Education, or his/her representative, of the reasons for the conditions of suspension. The Superintendent shall disclose records received from the Department of Children and Families to the Commissioner of Education and the Board of Education, or its attorney, for the purposes of review of employment status or certification. Any decision of the Superintendent concerning such suspension shall remain in effect until the Board of Education acts, pursuant to the provisions of Connecticut General Statutes.

   Regardless of the outcome of any investigation by DCF and/or the police, the Superintendent and/or the Board, as appropriate, may take disciplinary action up to and including termination of employment in accordance with the provisions of any applicable collective bargaining agreement and/or statute, if the Superintendent's investigation produces evidence that a child has been abused by a certified school staff member.

   If the contract of employment of a certified school employee is terminated as a result of an investigation into reports of child abuse and neglect, the Superintendent shall notify the Commissioner of Education, or his/her representative, within 72 hours of such termination.

2. **Evidence of Abuse by Other School Staff:** If the investigation by the Superintendent and/or Commissioner of Children and Families did produce evidence that a child has been abused by a non-certified school staff member, the Superintendent and/or the Board, as appropriate, may take disciplinary action up to and including termination of employment.

F. Delegation of Authority by Superintendent

The Superintendent may appoint a designee for the purposes of receiving and making reports, notifying and receiving notification or investigating reports pursuant to this policy.

G. Contents of All Reports

Any report made pursuant to this policy shall contain the following information, if known:

1. the names and addresses of the child and his/her parents or other persons responsible for his/her care;
2. the age of the child;
3. the gender of the child;
4. the nature and the extent of the child's injuries, maltreatment or neglect that has occurred;
5. the approximate date and time the injury or injuries, maltreatment or neglect occurred;
6. information concerning any previous injury or injuries to, or maltreatment or neglect of, the child or his/her siblings;
7. the circumstances in which the injury or injuries, maltreatment or neglect came to be known to the reporter;
8. the name of the person or persons suspected to be responsible for causing such injury or injuries, maltreatment or neglect; and
9. The reasons such person or persons are suspected of causing such injury or injuries, maltreatment or neglect;
10. Any information concerning any prior cases in which such person or persons have been suspected of causing an injury, maltreatment or neglect of a child; and
11. whatever action, if any, was taken to treat, provide shelter or otherwise assist, the child.

For purposes of this section pertaining to the required reporting, a child includes any victim under eighteen years of age educated in a technical high school or District school. Any person who intentionally and unreasonable interferes with or prevents the making of the required report or attempts to conspire to do so shall be guilty of a class D felony, unless such individual is under eighteen years of age or educated in the technical high school system or in a district school, other than part of an adult education program.

H. Removal of Clothing

In the event that visual confirmation of injury or neglect is necessary, only the school nurse or school physician may make a request to remove the child's clothing. Neither a school nurse nor a school physician may remove or insist that a child remove clothing to confirm suspected abuse or neglect, except in those circumstances where there is a need for emergency medical treatment. The school nurse or school physician may request that a child remove clothing when the following three conditions exist:

1. a child by word or action, has identified a particular injury, the extent of which can only be determined by removing the child's clothing;
2. the examination is necessary to determine whether medical attention is required and not merely to confirm suspected abuse;
3. the request is made in such a manner that the child clearly understands that compliance with the request is optional and that no adverse consequences will result from a refusal to comply.

In addition to the school nurse or school physician, a staff member of the same sex as the child will be present during such an examination.

I. Emergency Care

If a school nurse or school medical adviser is not readily available and there is a need for emergency first aid, other public school personnel who have completed a course in first aid may render emergency first aid to the child. A person providing such aid is not liable for civil damages for any personal injuries which result from acts or omissions in rendering the emergency first aid.

Transportation for a child to a hospital in an emergency situation that may be a result of abuse or neglect will be provided to the same extent as it would be provided to any other child in need of emergency service.

J. Role of Department of Children and Families

1. Determination of Need (In-School Interview)

If the Child Study Team or the Principal believes that an interview in the school setting may be necessary in order to protect the child, the Department of Children and Families must be notified as early in the school day as possible. DCF will advise school personnel whether the child must be interviewed in the school.

Students

Reporting of Child Abuse/Neglect or Sexual Assault

J. Role of Department of Children and Families (continued)

If the DCF determines that a school interview is appropriate, the DCF social worker will notify the building Principal prior to the school visit. The DCF worker will provide the building Principal or Principal's designee with DCF notification upon request.

Should the DCF social worker not arrive as scheduled and school personnel decide that the retention of the child beyond the school day is necessary to protect the child's physical well-being, the principal or his/her designee must attempt to notify the parents of the child. If reasonable attempts to notify the parents fail, the principal will notify the police of the child's retention.

2. Process (In-school Interview)

The school will provide a private place for the DCF worker to interview the child. School personnel will not be a part of the interview unless specifically asked to do so. In either event, the investigation is to be conducted solely by the DCF worker.

If during the course of the investigation, the DCF worker requests the removal of clothing worn by the child, the examination will be made by the school nurse or the school physician in the presence of the DCF worker in accordance with the procedures outlined above.

3. Removal from the Home and/or School

If the DCF has probable cause to believe that the child is suffering from serious physical illness or injury or is in immediate danger from his/her surroundings, and that immediate removal from such surroundings is necessary to ensure the child's safety, the DCF may remove or authorize a law enforcement official to remove the child from such surroundings without the consent of the child's parent or guardian. If removal of the child from the school is determined, the DCF shall inform the building Principal of the removal.

It is the responsibility of the DCF to notify the parents of any activities or actions taken by the DCF following the interview.

K. Special Reporting Procedures Concerning Suspected Abuse or Neglect of Mentally Retarded Persons

In addition to the reporting procedures set forth above, Connecticut General Statutes require that certain school personnel, including teachers, licensed nurses, psychologists and social workers report any suspected abuse or neglect of mentally retarded persons over the age of 18. It is the policy of the Board of Education to require ALL EMPLOYEES of the Board of Education to comply with the following procedures in connection with the suspected abuse or neglect, as defined below, of any mentally retarded person over the age of 18.

1. **Definitions –** For the purposes of this policy:

   "Abuse" means the willful infliction of physical pain or injury or willful deprivation by a caretaker of services which are necessary to the person's health or safety.

   "Neglect" means a situation where a mentally retarded person either is living alone or is not able to provide for himself/herself the services which are necessary to maintain his/her physical and mental health or is not receiving such necessary services from the caretaker.

2. **Reporting Procedures –** If an employee has reasonable cause to suspect that a mentally retarded person has been abused or neglected, he/she shall, within five calendar days, make an oral report to the Director of the Office of Protection and Advocacy for Persons with Disabilities, to be followed by a written report within five additional calendar days, or shall immediately notify the Superintendent in order for the Superintendent to make such oral and written reports to the Office of Protection and Advocacy. In the event that an employee makes a report to the Office of Protection and Advocacy, the employee shall immediately notify the Superintendent.

3. **Contents of Report –** Any such report shall contain the following information:

   a. the name and address of the allegedly abused or neglected person;
   b. a statement from the reporter indicating a belief that the person is mentally retarded, together with information indicating that the person is unable to protect himself or herself from abuse or neglect;
   c. information concerning the nature and extent of the abuse or neglect; and
   d. any additional information which the reporter believes would be helpful in investigating the report or in protecting the mentally retarded person.

Students

K. Special Reporting Procedures Concerning Suspected Abuse or Neglect of Mentally Retarded Persons (continued)

4. **Investigation of Report** – If the suspected abuser is a school employee, the Superintendent shall thoroughly investigate the report following the procedures regarding the investigation of reports of child abuse set forth in paragraph (E) above.

   If the investigation by the Superintendent and/or the Office of Protection and Advocacy produces evidence that a mentally retarded person has been abused by a school employee, the Superintendent and/or the Board, as appropriate, may take disciplinary action, up to and including termination of employment.

L. Disciplinary Action for Failure to Follow Policy

Any employee who fails to comply with the requirements of this policy shall be subject to discipline, up to and including termination of employment.

Other Penalties:

- Financial penalty of between $500 and $2,500 may be levied against the mandated reporter; penalty is to be paid by the mandated reporter.
- Participation in an educational training program at the personal expense of the mandated reporter, as decided by DCF.
- Written notification to the Commissioner of Education by the state's attorney for being a mandated reporter who failed to report.

ADDITIONAL SANCTIONS OF P.A. 02-138: AN ACT CONCERNING PENALTIES FOR SEXUAL ASSAULT OF A MINOR, CIVIL AND CRIMINAL STATUTES OF LIMITATIONS IN SEXUAL ASSAULT CASES, REPORTING AND INVESTIGATION OF CHILD ABUSE AND NEGLECT, DISCLOSURE OF RECORDS OF TEACHER MISCONDUCT. . . .

- Expands significantly the statutes of limitations for certain criminal and civil matters related to sexual abuse, sexual exploitation and sexual assault of a minor.
- Increases the penalties for various sex crimes in cases where the victim is under 16 years of age.
- Creates an exception to the statutes concerning teacher performance and evaluation that makes a teacher's personal misconduct records public and subject to disclosure under FOI without the teacher's consent.

Students

Reporting of Child Abuse/Neglect or Sexual Assault (continued)

M. Non-Discrimination Policy

The Board of Education shall not discharge or in any manner discriminate or retaliate against any employee who, in good faith, makes a report pursuant to this policy or testifies or is about to testify in any proceeding involving abuse or neglect.

N. Training

All District employees are required to complete a training program pertaining to the accurate and prompt reporting of abuse and neglect, made available by the Commissioner of Children and Families. In addition, all employees must complete a refresher program at least once every three years. Employees hired before July 1, 2011 must complete the refresher training program by July 1, 2012 and must retake it once every three years thereafter.

The School Principal shall annually certify to the Superintendent that each school employee working at his/her school has completed the required initial training and the refresher training.

O. Confidential Rapid Response Team

The District will establish a confidential rapid response team to coordinate with DCF to (1) ensure prompt reporting of suspected child abuse or neglect; or 1st, 2nd, 3rd, or 4th degree sexual assault; 1st degree aggravated sexual assault; or 3rd degree sexual assault with a firearm of a student not enrolled in adult education by a school employee; and (2) provide immediate access to information and individuals relevant to DCF's investigation of such cases.

The confidential rapid response team consists of a local teacher, the Superintendent, a local police officer, and any other person the Board of Education deems appropriate.

DCF, along with a multidisciplinary team, is required to take immediate action to investigate and address each report of child abuse, neglect or sexual abuse in any school.

P. Hiring Prohibitions

The Board of Education will not employ anyone who was terminated or resigned after a suspension based on DCF's investigation, if he or she has been convicted of (1) child abuse or neglect; or (2) 1st, 2nd, 3rd, or 4th degree sexual assault; 1st degree aggravated sexual assault; or 3rd degree sexual assault with a firearm of a student who is not enrolled in adult education.

Students

Reporting of Child Abuse/Neglect or Sexual Assault

P. Hiring Prohibitions (continued)

The Board of Education will not employ an individual who was terminated or resigned, if he or she (1) failed to report the suspicion of such crimes when required to do so; or (2) intentionally and unreasonably interfered with or prevented a mandated reporter from carrying out this obligation or conspired or attempted to do so. This applies regardless of whether an allegation of abuse, neglect, or sexual assault has been substantiated.

Department of Children & Families

CARELINE

To make a child abuse or neglect report, please call

1-800-842-2288 (TDD: 1-800-624-5518)

The Careline is staffed by full-time, highly-skilled professionals of the Department who receive and process reports of alleged child abuse and neglect. The Careline worker gathers critical information from the caller to determine if a report meets Connecticut's statutory criteria for child abuse or neglect. Those reports that meet the criteria are forwarded to a Department of Children & Families (DCF) case investigator for prompt and appropriate action.

Current law requires that DCF make its best effort to begin an investigation within two hours if there is imminent risk of physical harm and within 72 hours for other reports.

In situations where it has been determined that an investigation is not warranted, the Careline worker may refer the caller to an appropriate service program in his/her community.

If child abuse or neglect is substantiated, a case may be opened by the Department for protective services provided by staff from the DCF Regional Office or sub-office covering the child's hometown.

Discipline

Physical Exercise and Discipline of Students

The Board of Education (Board) recognizes that a positive approach toward exercise and physical activity is important to the health and well-being of students. The Board requires that each student in elementary school shall have not less than twenty minutes daily in total devoted to physical exercise, except that a Planning and Placement Team may alter such schedule for a child requiring special education and related services. Further, the Board permits, in its elementary schools, including an additional amount of time, beyond the required twenty minutes for physical exercise, devoted to undirected play during the regular school day, subject to the approval of the building administration.

All aspects of the school experience should encourage students to have a healthy attitude toward exercise and promote the life-long enjoyment of physical activity. Therefore, when school employees impose disciplinary consequences for student misconduct during the regular day, the following restrictions shall apply:

1. Loss of Recess as Disciplinary Consequence

Except as provided below, school employees may NOT prevent a student in elementary school from participating in the entire time devoted to physical exercise or undirected play in the regular school day as a form of discipline. Recess and other physically active learning opportunities may include movement-oriented learning activities in the academic environment, physical activity breaks, and regularly scheduled school wide routines and events that engage students in physical activity that is the time devoted each day (at least 20 minutes) to physical exercise in the District's elementary schools.

~~Loss of recess or other physically active learning opportunities as a form of discipline may be permitted on a case-by-case basis if approved in writing by the building administration prior to the imposition of the discipline. Such approval may be granted for safety reasons, as a last resort before in-school suspension, or in extraordinary situations when alternative strategies to address student misconduct have been ineffective.~~

~~This restriction shall not apply to students who are receiving in-school suspension.~~

School employees may prevent or restrict recess when:

a. a student poses a danger to the health or safety of other students or school personnel or
b. it is limited to the shorter recess period if there are two or more recess periods in the school day, so long as the student is allowed to participate in at least 20 minutes of physical activity during the school day.

Students

Discipline

Physical Exercise and Discipline of Students

1. Loss of Recess as Disciplinary Consequence (continued)

Recess prevention or restriction may be imposed only once during a school week, unless the student is a danger to the health or safety of other students or school personnel. Recess prevention or restriction is not allowed for a student's failure to complete their work on time or for the student's academic performance. Discipline may be imposed before recess begins and/or imposed during recess. Appropriate interventions shall be used to redirect a student's behavior during recess.

2. Physical Activity as Punishment

School employees may NOT require students enrolled in grades K-12, inclusive, to engage in physical activity as a form of discipline during the school day.

3. Wellness Instruction

School employees shall not prevent students from participating in physical exercise or undirected play during wellness instruction as a form of discipline.

This restriction does not apply to brief periods of respite/time-outs, referrals to the building administrator, or for safety reasons.

At no time shall an entire class be prevented from participating in wellness instruction or physical exercise activity as a disciplinary consequence.

The Superintendent of Schools is authorized to develop guidelines to implement this policy.

Nothing in this policy shall prevent a school employee from acting in accordance with an Individualized Education Plan (IEP) developed by the student's Planning and Placement Team (PPT).

For the purpose of this policy, "school employee" means a teacher, substitute teacher, school administrator, school superintendent, guidance counselor, school counselor, psychologist, social worker, nurse, physician, school paraprofessional or coach employed by the Board or working in a public elementary, middle or high school; or any other individual who, in the performance of his or her duties, has regular contact with students and who provides services to, or on behalf of students enrolled in a public elementary, middle or high school, pursuant to a contract with the Board.

Any employee who fails to comply with this policy will be subject to discipline, up to and including termination of employment. Any contracted individual who provides services to or on behalf of District students and who fails to comply with the requirements of this policy may be subject to having his/her contract for services suspended by the District.

DEFINITIONS

Holistic Indicators of Student Growth can include artifacts, formative assessments, student work samples or student surveys. (examples)

Measures of accomplishment can be demonstrated by implementation of individual, grade-level or school-wide strategies mutually agreed upon between the teacher and evaluator.

Informal Observations are in-class observations, typically less than 20 minutes, with verbal and/or written feedback within a timely manner.

Formal Observations are in-class observations of at least 20 minutes, with verbal and written feedback within a timely manner.

Reviews of Practice are points of contact between a teacher and an administrator that are an opportunity for reflection, feedback, sharing and professional growth. The teacher selects an artifact or experience to share with the administrator, reflects on it in writing, and has professional dialogue about it with the administrator.

Sample Measures of Accomplishment/Indicators of Student Growth:

- Evidence of students articulating what they are learning and why it matters
- Examples of planned tasks that demonstrate intentional instructional practices/routines that support opportunities for personal, intellectual and academic engagement
- Student work samples that provide evidence teaching for mastery of the standard through opportunities of personal, intellectual, and academic engagement
- Samples of student reflection linked to making meaning of learning through reflection/student self-assessment
- Student survey results demonstrating cognitive engagement

EXEMPLARY VS. PROFICIENT - how do we know?

Exemplary

PPL participants who participate with fidelity would be exemplary
Participation in a school, district, or department committee for instructional purposes
Outstanding efforts toward applying district professional learning in practice
Applying outside learning, such as outside PL or coursework, to our district work

Proficient

Doing what you're supposed to do is a "3"

5 CONSIDERATION OF QUOTATIONS

6 POST-QUOTATION INFORMATION

7 ENUMERATION OF THE PROPOSED CONTRACT DOCUMENTS

ARTICLE 1 DEFINITIONS

§ 1.1 Quotation Documents include the Quotation Requirements and the Proposed Contract Documents. The Quotation Requirements consist of this Invitation and Instructions to Vendors for Quotations, any quotation forms and supplementary instructions identified therein, and Addenda. The Proposed Contract Documents consist of the unexecuted form of Agreement between the Owner and Vendor and that Agreement's Exhibits, Drawings, Specifications, all Addenda, and all other documents enumerated in Article 7 of these Instructions.

§ 1.2 Definitions set forth in A151-2019, Standard Form of Agreement between Owner and Vendor for Furniture, Furnishings, and Equipment (FF&E), or in other Proposed Contract Documents, apply to the Quotation Documents.

§ 1.3 The term "furniture, furnishings, and equipment" is expressed as FF&E throughout this Invitation and Instructions to Vendors for Quotation.

§ 1.4 Addenda are written or graphic instruments issued by the Architect, which, by additions, deletions, clarifications, or corrections, modify or interpret the Quotation Documents.

§ 1.5 A Quotation is a complete and properly executed proposal to do the Work for the sums stipulated therein, submitted in accordance with the Quotation Documents. The Work means the all of the Vendor's performance obligations as set forth in the Proposed Contract Documents.

§ 1.6 The Base Quotation is the sum stated in the Quotation for which the Prospective Vendor offers to perform the Work described in the Quotation Documents, to which Work may be added or deleted by sums stated in Alternate Quotations.

§ 1.7 An Alternate Quotation (or Alternate) is an amount stated in the Quotation to be added to or deducted from, or that does not change, the Base Quotation if the corresponding change in the Work, as described in the Quotation Documents, is accepted.

§ 1.8 A Unit Price is an amount stated in the Quotation as a price per unit for FF&E, or a portion of the Work, as described in the Quotation Documents.

§ 1.9 The Prospective Vendor is the party who is invited to submit a quotation pursuant to this Invitation and Instructions to Vendors for Quotations.

ARTICLE 2 PROSPECTIVE VENDOR'S REPRESENTATIONS

§ 2.1 By submitting a Quotation, the Prospective Vendor represents that:

.1 the Prospective Vendor has read and understands the Quotation Documents;

.2 the Prospective Vendor understands how the Quotation Documents relate to other portions of the Project, if any, being quoted concurrently, or presently under contract;

User Notes: (1665806436)

.3 the Quotation complies with the Quotation Documents;
.4 the Prospective Vendor has visited the Project premises, if required in the Quotation Requirements, and correlated the Prospective Vendor's observations with requirements of the Quotation Documents;
.5 the Quotation is based upon the FF&E required by the Quotation Documents without exception; and
.6 the Prospective Vendor has read and understands the provisions for liquidated damages, if any, set forth in the Proposed Contract Documents.

ARTICLE 3 QUOTATION DOCUMENTS

§ 3.1 Distribution

§ 3.1.1 Prospective Vendors shall obtain complete Quotation Documents, as indicated below, from the Issuing Party designated in this Invitation and Instructions to Vendors for Quotation.
(Indicate how, such as by email, website, host site/platform, paper copy, or other method Prospective Vendors shall obtain Quotation Documents.)

§ 3.1.2 Quotation Documents will not be issued directly to sub-vendors or suppliers unless specifically offered in this Invitation and Instructions to Vendors for Quotations, or in supplementary instructions to Prospective Vendors.

§ 3.1.3 Prospective Vendors shall use complete Quotation Documents in preparing Quotations. Neither the Owner nor Architect assumes responsibility for errors or misinterpretations resulting from the use of incomplete Quotation Documents.

§ 3.1.4 The Quotation Documents will be available for the sole purpose of obtaining Quotations on the Work. No license or grant of use is conferred by distribution of the Quotation Documents.

§ 3.2 Modification or Interpretation of Quotation Documents

§ 3.2.1 The Prospective Vendor shall carefully study the Quotation Documents, shall examine the Project premises if required by the Quotation Requirements, and shall notify the Architect of errors, inconsistencies, or ambiguities discovered, and request clarification or interpretation pursuant to Section 3.2.2.

§ 3.2.2 Requests for clarification or interpretation of the Quotation Documents shall be submitted by the Prospective Vendor in writing and shall be received by the Architect at least seven days prior to the date for receipt of Quotations.
(Indicate how, such as by email, website, host site/platform, paper copy, or other method Prospective Vendors shall submit requests for clarification and interpretation.)

§ 3.2.3 Modifications and interpretations of the Quotation Documents shall be made by Addendum. Modifications and interpretations of the Quotation Documents made in any other manner shall not be binding, and Prospective Vendors shall not rely upon them.

§ 3.3 Substitutions

§ 3.3.1 Substitutions to FF&E identified in the Quotation Documents shall be as follows:
(Check the appropriate box.)

[ ] The Prospective Vendor may propose substitutions subject to the process, limitations, and requirements in Section 3.3.2

[ ] The Prospective Vendor may not propose substitutions

If the Owner does not make a selection regarding substitutions, the Prospective Vendor may propose substitutions, subject to the process, limitations, and requirements in Section 3.3.2.

§ 3.3.2 Substitution Process

§ 3.3.2.1 The FF&E described in the Quotation Documents establish a standard of required function, dimension, appearance, performance, and quality to be met by any proposed substitution.

AIA Document A751™ – 2019. Copyright © 2003, 2007, and 2019 by The American Institute of Architects. All rights reserved. To report copyright violations, e-mail copyright@aia.org.
User Notes: (1665806436)

§ 3.3.2.2 Written requests for substitutions shall be received by the Architect at least ten days prior to the date for receipt of Quotations. Requests shall be submitted in the same manner as that established for submitting clarifications and interpretations in section 3.2.2.

§ 3.3.2.3 Prospective Vendors shall submit substitution requests on a substitution request form if one is provided in the Quotation Documents.

§ 3.3.2.4 If a substitution request form is not provided, requests shall include (1) the name of the FF&E specified in the Quotation Documents; (2) the reason for the requested substitution; (3) a complete description of the proposed substitution including the name of the FF&E proposed as the substitute and relevant product information; and (4) any other information necessary for an evaluation. The request shall include a statement setting forth (1) changes in other materials or equipment, or any other portions of the Work; (2) changes in the work to be performed by others on the Project; and (3) the impact, if any, on a Sustainability Certification, that will result from incorporation of the proposed substitution.

§ 3.3.2.5 The burden of proof of the merit of the proposed substitution is upon the proposer. The Architect's decision of approval or disapproval of a proposed substitution shall be final.

§ 3.3.2.6 If the Architect approves a proposed substitution prior to receipt of Quotations, such approval shall be set forth in an Addendum. Approvals made in any other manner shall not be binding, and Prospective Vendors shall not rely upon them.

§ 3.3.2.7 No substitutions will be considered after the Contract award unless specifically provided for in the Contract Documents.

§ 3.4 Addenda

§ 3.4.1 Addenda will be transmitted to Prospective Vendors known by the Issuing Party to have received complete Quotation Documents.
(Indicate how, such as by email, website, host site/platform, paper copy, or other method Addenda will be transmitted.)

§ 3.4.2 Addenda will be available where Quotation Documents are on file.

§ 3.4.3 Addenda will be issued no later than four days prior to the date for receipt of Quotations, except an Addendum withdrawing the request for Quotations or one which includes postponement of the date for receipt of Quotations.

§ 3.4.4 Prior to submitting a Quotation, each Prospective Vendor shall ascertain that the Prospective Vendor has received all Addenda issued, and the Prospective Vendor shall acknowledge their receipt in the Quotation.

ARTICLE 4 QUOTATION PROCEDURES

§ 4.1 Preparation of Quotations

§ 4.1.1 Quotations shall be submitted on the forms included with or identified in the Quotation Documents.

§ 4.1.2 All blanks on the Quotation form shall be legibly executed. Paper Quotation forms shall be executed in a non-erasable medium.

§ 4.1.3 Sums shall be expressed in both words and numbers, unless noted otherwise on the Quotation form. In case of discrepancy, the amount entered in words shall govern.

§ 4.1.4 Edits to entries made on paper Quotation forms must be initialed by the signer of the Quotation.

§ 4.1.5 All requested Alternates shall be included in the Quotation. If no change in the Base Quotation is required, enter "No Change" or as otherwise required by the Quotation form.

To report copyright violations, e-mail copyright@aia.org.
User Notes: (1665806436)

§ 4.1.6 The Prospective Vendor shall make no stipulations on the Quotation form, nor qualify the Quotation in any manner, except, where two or more Quotations for separately designated portions of the Work have been requested, the Prospective Vendor may state the Prospective Vendor's refusal to accept award of less than the combination of Quotations stipulated by the Prospective Vendor.

§ 4.1.7 Each copy of the Quotation shall state the legal name and legal status of the Prospective Vendor. As part of the documentation submitted with the Quotation, the Prospective Vendor shall provide evidence of its legal authority to perform the Work in the jurisdiction where the Project is located. Each copy of the Quotation shall be signed by the person or persons legally authorized to bind the Prospective Vendor to a contract. A Quotation by a corporation shall further name the state of incorporation and have the corporate seal affixed. A Quotation submitted by an agent shall have a current power of attorney attached, certifying the agent's authority to bind the Prospective Vendor.

§ 4.1.8 A Prospective Vendor shall incur all costs associated with the preparation of its Quotation.

§ 4.2 Submission of Quotations

§ 4.2.1 A Prospective Vendor shall submit its Quotation as indicated in the Invitation for Quotation.

§ 4.2.2 Paper copies of the Quotation and any other documents required to be submitted with the Quotation shall be enclosed in a sealed opaque envelope. The envelope shall be addressed to the party receiving the Quotations and shall be identified with the Project name, the Prospective Vendor's name and address, and, if applicable, the designated portion of the Work for which the Quotation is submitted. If the Quotation is sent by mail, the sealed envelope shall be enclosed in a separate mailing envelope with the notation "SEALED QUOTATION ENCLOSED" on the face thereof.

§ 4.2.3 Quotations shall be submitted by the date and time and at the place indicated in the Invitation for Quotation. Quotations submitted after the date and time for receipt of Quotations, or at an incorrect place, will not be accepted.

§ 4.2.4 The Prospective Vendor shall assume full responsibility for timely delivery or submission of Quotations.

§ 4.2.5 A Quotation submitted by any method other than as provided in this section 4.2 will not be accepted.

§ 4.3 Modification or Withdrawal of Quotation

§ 4.3.1 Prior to the date and time designated for receipt of Quotations, a Prospective Vendor may withdraw and replace a Quotation, or withdraw its Quotation entirely, by notice to the party designated to receive the Quotations. Such notice shall be received and duly recorded by the receiving party on or before the date and time set for receipt of Quotations. The receiving party shall verify that replaced or withdrawn Quotations are removed from the other submitted Quotations and not considered. Notice of submission of a replacement Quotation or withdrawal of a Quotation shall be worded so as not to reveal the amount of the original Quotation.

§ 4.3.2 Withdrawn Quotations may be resubmitted up to the date and time designated for the receipt of Quotations in the same format as that established in Section 4.2, provided they fully conform with this Invitation and Instructions to Vendors for Quotations.

§ 4.3.3 After the date and time designated for receipt of Quotations, a Prospective Vendor who discovers that it made a clerical error in its Quotation shall notify the Architect of such error within two business days of the date and time designated for receipt of Quotations, or pursuant to a timeframe specified by the law of the jurisdiction where the Project is located, requesting withdrawal of its Quotation. Upon providing evidence of such error to the reasonable satisfaction of the Architect, the Quotation shall be withdrawn and not resubmitted.

ARTICLE 5 CONSIDERATION OF QUOTATIONS

§ 5.1 Opening of Quotations

If stipulated in this Invitation and Instructions to Vendors for Quotations, or when otherwise required by law, Quotations properly identified and received within the specified time limits will be publicly opened and read aloud. A summary of the Quotations may be made available to Prospective Vendors.

§ 5.2 Rejection of Quotations

Unless otherwise prohibited by law, the Owner shall have the right to reject any or all Quotations.

To report copyright violations, e-mail copyright@aia.org.
User Notes: (1665806436)

§ 5.3 Acceptance of Quotation (Award)

§ 5.3.1 It is the intent of the Owner to award a Contract to the lowest responsive and responsible Prospective Vendor, provided the Quotation has been submitted in accordance with the requirements of the Quotation Documents. Unless otherwise prohibited by law, the Owner shall have the right to waive informalities and irregularities in a Quotation received and to accept the Quotation which, in the Owner's judgment, is in the Owner's best interests.

§ 5.3.2 Unless otherwise prohibited by law, the Owner shall have the right to accept Alternates in any order or combination, unless otherwise specifically provided in the Quotation Documents, and to determine the lowest responsive and responsible Prospective Vendor on the basis of the sum of the Base Quotation and Alternates accepted.

ARTICLE 6 POST-QUOTATION INFORMATION

§ 6.1 Submittals

§ 6.1.1 After notification of selection for the award of the Contract, the Prospective Vendor shall, as soon as practicable or as stipulated in the Quotation Documents, submit in writing to the Owner through the Architect:

.1 a designation of the Work to be performed with the Prospective Vendor's own forces;

.2 names of persons or entities proposed for the principal portions of the Work.

§ 6.1.2 The Prospective Vendor will be required to establish to the satisfaction of the Architect and Owner the reliability and responsibility of the persons or entities proposed to furnish and perform the Work described in the Quotation Documents.

§ 6.1.3 Prior to the execution of the Contract, the Architect will notify the Prospective Vendor if either the Owner or Architect, after due investigation, has reasonable objection to a person or entity proposed by the Prospective Vendor. If the Owner or Architect has reasonable objection to a proposed person or entity, the Prospective Vendor may, at the Prospective Vendor's option, withdraw the Quotation or submit an acceptable substitute person or entity. The Prospective Vendor may also submit any required adjustment in the Base Quotation or Alternate Quotation to account for the difference in cost occasioned by such substitution. The Owner may accept the adjusted Quotation price or disqualify the Prospective Vendor.

§ 6.1.4 Persons and entities proposed by the Prospective Vendor and to whom the Owner and Architect have made no reasonable objection must be used on the Work for which they were proposed and shall not be changed except with the written consent of the Owner and Architect.

ARTICLE 7 ENUMERATION OF THE PROPOSED CONTRACT DOCUMENTS

§ 7.1 Copies of the Proposed Contract Documents have been made available to the Prospective Vendor and consist of the following documents:

.1 AIA Document A151™–2019, StandardForm of Agreement Between Owner and Vendor for Furniture, Furnishings, and Equipment (FF&E), unless otherwise stated below.
(If an agreement other than A151-2019 is to be used, insert the complete AIA Document number, including year, and Document title.)

ARTICLE 1 - DEFINITIONS

Add the following to Section 1.8:

"Unit prices include all costs, overhead and profit for all parties involved, including the Vendor and subcontractors."

ARTICLE 2 - PROSPECTIVE VENDORS'S REPRESENTATIONS

Add the following new Section to Article 2:

"**§2.2** Failure to receive or examine any form, instrument, or document, or to visit the sites to become acquainted with field conditions, shall in no way relieve Vendor from any obligation with respect to their Quotation."

ARTICLE 3 - QUOTATION DOCUMENTS

Add the following Subsection to Section §3.1.3:

"**§3.1.3.1** In case such ambiguity, inconsistency, or error exists and is not noted or resolved at the time Quotations are due, the Quotation Sum shall include, as applicable, the better quality, the greater quantity, or the more costly procedure for the work involved."

Delete Section 3.3. Substitutions.

ARTICLE 4 - QUOTATION PROCEDURES

Delete Section §4.1.1 and substitute the following new Section, Subsections and clauses:

"**§4.1.1** Quotation shall be submitted on forms identical to the forms included in the Bidding Documents. Each Vendor shall complete Attachment "A" - Category Summary Sheet(s) with a Continuation Sheet, if necessary. Category Summary Sheet(s) shall be fully completed for all items, listing the Unit Price and the Total Price for all Items in each Category.

Vendor shall provide a formal quote along with category summary Sheet.

Delete Section §4.2.2 and insert the following:

""**§4.2.2** Vendor shall submit to the Architect quotation forms in PDF electronic file format by the date and time listed in the request for quotation. Clearly identify quotation with the words "**QUOTATION ENCLOSED - FF&E NEW FAIRFIELD HIGH SCHOOL**."

ARTICLE 5 - CONSIDERATION OF QUOTATIONS

Add the following new Sections and Subsections to Article 5:

"**§5.1.1** If a Vendor cannot meet some of the terms and conditions of the Contract Documents, especially as related to insurance amounts, or delivery conditions, they may still submit a Quotation to the Owner for consideration. The Proposed Vendor shall note on their Quotation the areas not in compliance with the terms and conditions of the Contract Documents. The Proposed Vendor shall be advised that Quotations received by the Owner which meet all the terms and conditions will be given first consideration."

"**§5.1.2** In determining the qualifications of a Proposed Vendor, the Owner will consider his record in the performance of contracts for furnishings' work into which he may have previously entered. The Owner expressly reserves the right to reject the Quotation of such Proposed Vendor for any reason, including but not limited to, that such record discloses that such Proposed Vendor, in the opinion of the Owner, has not properly performed such contracts or has habitually and without just cause, neglected the payment of bills or has otherwise disregarded their obligations to subcontractors, suppliers or employees."

ARTICLE 6 - POST-QUOTATION INFORMATION

Add the following new Subsections to Section §6.1:

"**§6.1.5** Upon request by the Architect, Proposed Vendor shall give evidence of their responsibility by furnishing information concerning their ability to meet the following requirements:

§6.1.5.1 Adequate physical facilities and personnel for performing a project of this type and size.
§6.1.5.2 Qualified engineering department to provide layout and shop drawings, if required, for approval prior to fabrication of equipment.
§6.1.5.3 The Owner may make such investigation as he deems necessary to determine the ability of the Vendor to perform the Work, and the Vendor shall furnish the Owner such information and data for this purpose as the Owner may request.
§5.1.1.4 The Owner reserves the right to reject any Bid if the evidence submitted by, or investigated of, such Vendor fails to satisfy the Owner that such Vendor is properly qualified.

Add the following new Article to the Invitation and Instructions for Quotation for Furniture, Furnishings and Equipment:

"**ARTICLE 8 - MISCELLANEOUS INSTRUCTIONS**

§8.1 The Vendor shall be prepared to make delivery of the furniture, furnishings and equipment items they are providing under its contract in accordance with the FF&E Installation Plan between August 4, 2023 and August 24, 2023. Delivery shall not be made until directed by the Architect. The Vendor shall be responsible for all costs for storage through November 1, 2023. If the delivery/ installation completion date is delayed, the Owner will allow the Vendor one week to complete the delivery and installation of the furniture, furnishings and equipment items from the date of availability of access to the building as directed by the Architect.

§8.2 Deliveries and installations will be permitted on holidays and weekend days, only upon prior approval by the Owner. The building will be accessible from 7:00 a.m. until 4:00 p.m. weekdays, within the dates stated in subparagraph 8.1."

TABLE OF ARTICLES

1 THE CONTRACT DOCUMENTS

2 DATE OF COMMENCEMENT AND COMPLETION

3 CONTRACT SUM

4 PAYMENTS

5 ENUMERATION OF CONTRACT DOCUMENTS

6 MISCELLANEOUS PROVISIONS

ARTICLE 1 THE CONTRACT DOCUMENTS

§ 1.1 The Vendor shall fully execute the Work described in the Contract Documents.

§ 1.2 The Contract Documents consist of this Agreement, conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents listed in this Agreement and Modifications issued after execution of this Agreement; these form the Contract and are as fully a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior and subsequent negotiations, representations or agreements, either written or oral, unless the procedure for a change in terms is followed as described in Section 1.3. An enumeration of the Contract Documents, other than Modifications, appears in Article 5.

§ 1.3 A change in terms to this Agreement shall become valid only by means of a Modification signed by both the Owner and Vendor.

ARTICLE 2 DATE OF COMMENCEMENT AND COMPLETION

§ 2.1 The date of commencement of the Work shall be the date of this Agreement, unless a different date is stated below or provision is made for the date to be fixed in a notice to proceed issued by the Owner.
(Insert the date of commencement if it differs from the date of this Agreement or, if applicable, state that the date will be fixed in a notice to proceed.)

§ 2.2 The Vendor shall complete the Work not later than the following date:
(Insert a calendar date. Unless stated elsewhere in the Contract Documents, insert any requirements for earlier completion of certain portions of the Work.)

Portion of Work	**Substantial Completion date**

ARTICLE 3 CONTRACT SUM

The Owner shall pay the Vendor the Contract Sum in current funds, including all applicable taxes, for the Vendor's performance of the Contract. The Contract Sum shall be ($), subject to additions and deductions as provided in the Contract Documents.

ARTICLE 4 PAYMENTS

§ 4.1 PAYMENT TERMS

The Owner shall make payments to the Vendor in conformance with the following payment terms:
(Insert payment terms, including net days from approval of application for payment and criteria for deposits, discounts, progress payments, special orders, changes, cancellations and restocking, and final payment.)

§ 4.2 PROGRESS PAYMENTS

§ 4.2.1 Based upon applications for payment submitted to the Owner by the Vendor, the Owner shall make progress payments on account of the Contract Sum to the Vendor as provided below and elsewhere in the Contract Documents.

§ 4.2.2 Each application for payment shall be based on the payment terms as described in Section 4.1.1 and shall be prepared in such form and supported by such data to substantiate its accuracy as the Owner may require.

ARTICLE 5 ENUMERATION OF CONTRACT DOCUMENTS

§ 5.1 The Contract Documents, except for Modifications issued after execution of this Agreement, include this Agreement and the following other documents listed in Sections 5.2 through 5.6.

§ 5.2 The General Conditions are AIA Document A251™–2007, *General Conditions of the Contract for Furniture, Furnishings and Equipment*.

§ 5.3 The Supplementary Conditions, other Conditions of the Contract and Specifications are dated , and are as follows:
(Either list the Specifications here or refer to an exhibit attached to this Agreement. If a project manual is not used, indicate here.)

§ 5.4 The Drawings are enumerated as follows:
(Either list the Drawings here or refer to an exhibit attached to this Agreement.)

Number	Title	Date

§ 5.5 Addenda, if any, are enumerated as follows:
(Either list the Addenda here or refer to an exhibit attached to this Agreement.)

Number	Date	Pages

§ 5.6 Other Contract Documents are as follows:
(List only those portions of furniture, furnishings and equipment quotations or orders that are to be included in the Contract Documents.)

ARTICLE 6 MISCELLANEOUS PROVISIONS

§ 6.1 The Vendor shall make no payment to persons employed by the Owner or consultants for the Owner, with regard to this Agreement, without disclosure and written approval of the Owner.

§ 6.2 The terms and provisions contained in the documents enumerated in Sections 5.2 through 5.5 shall take precedence over conflicting terms and provisions contained in documents enumerated in Section 5.6.

§ 6.3 The Vendor shall purchase and maintain insurance as set forth under Article 13 of A251–2007.
(List any required limits for insurance.)

14 MISCELLANEOUS PROVISIONS

15 CLAIMS AND DISPUTES

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 BASIC DEFINITIONS

§ 1.1.1 The Contract Documents. The Contract Documents are enumerated in the Agreement between the Owner and Vendor (hereinafter the Agreement), and consist of the Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of the Contract, other documents listed in the Agreement, and Modifications issued after execution of the Contract. Unless specifically enumerated in the Agreement, the Contract Documents do not include other documents such as the request for quotation or the Vendor's quotation.

§ 1.1.2 Modification. A Modification is (1) a written amendment to the Contract signed by both parties or (2) a written order for a minor change in the Work issued by the Architect.

§ 1.1.3 The Contract. The Contract Documents form the Contract for Furniture, Furnishings and Equipment. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. The Contract may be amended or modified only by a Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Architect and the Vendor; (2) between the Owner and a sub-vendor; (3) between the Owner and the Architect or the Architect's consultants; or (4) between any persons or entities other than the Owner and the Vendor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

§ 1.1.4 The Work. The term "Work" means the fabrication, shipping, warehousing, delivery, installation and all other labor, materials and activities required of the Vendor. The Work may constitute the whole or a part of the Project with regard to the furniture, furnishings and equipment required by the Contract Documents.

§ 1.1.5 The Project. The Project is the total construction and installation of which the Work performed under the Contract may be the whole or a part. Other vendors and contractors under separate agreements with the Owner may concurrently perform construction or other activities for the Project.

§ 1.1.6 The Drawings. The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules and diagrams.

§ 1.1.7 The Specifications. The Specifications are that portion of the Contract Documents consisting of the written requirements for furniture, furnishings, equipment, systems, quality and workmanship standards for the Work.

§ 1.1.8 Instruments of Service. Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

§ 1.2 CORRELATION AND INTENT OF THE CONTRACT DOCUMENTS

§ 1.2.1 The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Vendor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Vendor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

§ 1.2.2 Unless otherwise stated in the Contract Documents, words that have well-known technical or furniture, furnishings and equipment industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.2.3 Terms capitalized in these General Conditions include those which are (1) specifically defined, (2) the titles of numbered articles and identified references to Sections in the document or (3) the titles of other documents published by the American Institute of Architects.

§ 1.3 OWNERSHIP AND USE OF DRAWINGS, SPECIFICATIONS AND OTHER INSTRUMENTS OF SERVICE

§ 1.3.1 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and will retain all common law, statutory and other reserved rights, including copyrights. The Vendor, sub-vendors and suppliers shall not own or claim a copyright in the Instruments of Service. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with this Project is not to be construed as publication in derogation of the Architect's or Architect's consultants' reserved rights.

§ 1.3.2 The Vendor, sub-vendors and suppliers are authorized to use and reproduce the Instruments of Service provided to them solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Vendor, sub-vendors and suppliers may not use the Instruments of Service on other projects or for additions to this Project outside the scope of the Work without the specific written consent of the Owner, Architect and the Architect's consultants.

§ 1.4 TRANSMISSION OF DATA IN DIGITAL FORM

If the parties intend to transmit Instruments of Service or any other information or documentation in digital form, they shall endeavor to establish necessary protocols governing such transmissions, unless otherwise already provided in the Agreement or the Contract Documents.

ARTICLE 2 OWNER

§ 2.1 GENERAL

The Owner is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization. Except as otherwise provided in Section 9.2.1, the Architect does not have such authority. The term "Owner" means the Owner or the Owner's authorized representative.

§ 2.2 INFORMATION AND SERVICES REQUIRED OF THE OWNER

§ 2.2.1 Unless otherwise provided in the Contract Documents, the Owner shall provide

- **.1** areas of the Project premises that the Vendor may utilize in the performance of the Work;
- **.2** access to the premises for the Vendor at reasonable times;
- **.3** suitable space for receipt, inspection, acceptance and staging of materials, furniture, furnishings and equipment;
- **.4** temporary utilities and facilities on the premises and vertical transportation necessary for progress and execution of the Work; and
- **.5** security normal for the Project premises.

§ 2.2.2 The Owner shall furnish information or services required of the Owner by the Contract Documents with reasonable promptness. The Owner shall furnish any other information or services under the Owner's control and relevant to the Vendor's performance of the Work with reasonable promptness after receiving the Vendor's written request for such information or services.

ARTICLE 3 VENDOR

§ 3.1 GENERAL

§ 3.1.1 The Vendor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The term "Vendor" means the Vendor or the Vendor's authorized representative.

§ 3.1.2 The Vendor shall perform the Work in accordance with the Contract Documents.

§ 3.1.3 The Vendor shall not be relieved of obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract or by tests, inspections or approvals required or performed by persons or entities other than the Vendor.

§ 3.2 REVIEW OF CONTRACT DOCUMENTS AND INSPECTION OF PROJECT PREMISES BY VENDOR

§ 3.2.1 Execution of the Contract by the Vendor is a representation that the Vendor has visited the Project premises or, if the Project premises have not yet been constructed, has reviewed the documents pertaining thereto; has become familiar with local conditions under which the Work is to be performed and information relative to access to and use of the Project premises, as provided by the Owner under Section 2.2; and has correlated personal observations with requirements of the Contract Documents.

§ 3.2.2 Because the Contract Documents are complementary, the Vendor shall, before starting each portion of the Work, (1) carefully study and compare the various Drawings and other Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.2.1; (2) take field measurements of any existing conditions related to that portion of the Work; and (3) observe any conditions of the access route or on the Project premises affecting the Work. These obligations are for the purpose of facilitating delivery and installation by the Vendor and are not for the purpose of discovering errors, omissions or inconsistencies in the Contract Documents; however, the Vendor shall report promptly to the Architect any errors, inconsistencies or omissions discovered or made known to the Vendor as a request for information in such form as the Architect may require. It is recognized that the Vendor's review of the Contract Documents is made in the Vendor's capacity as a Vendor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

§ 3.2.3 The Vendor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Vendor shall report promptly to the Architect any nonconformity discovered by or made known to the Vendor as a request for information in such form as the Architect may require.

§ 3.2.4 In addition to the Vendor's representations under Section 3.2.1, the Vendor shall, prior to shipment, delivery and installation, visit and inspect the Project premises in order to confirm the conditions under which the Work is to be performed; verify the stage of completion of the premises and the Project; determine availability of facilities for access, delivery, transportation and staging area; determine the physical and environmental restrictions imposed by the Owner and the condition of the premises and separate vendors; and correlate these observations with the requirements of the Contract Documents. The Vendor shall promptly report to the Owner conditions observed during such inspection or thereafter that would impede the Vendor's performance of the Work.

§ 3.2.5 If the Vendor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Vendor's notices or requests for information pursuant to Sections 3.2.2, 3.2.3 and 3.2.4, the Vendor shall make Claims as provided in Article 15. If the Vendor fails to perform the obligations of Sections 3.2.2, 3.2.3, or 3.2.4, the Vendor shall pay such costs and damages to the Owner as would have been avoided if the Vendor had performed such obligations.

§ 3.3 SUPERVISION OF THE WORK

§ 3.3.1 The Vendor shall supervise and direct the Work, using the Vendor's best skill and attention. The Vendor shall be solely responsible for and have control over the means, methods, techniques, sequences and procedures of fabrication, shipment, delivery and installation, and for coordinating all portions of the Work under the Contract, unless the Contract Documents give other specific instructions concerning these matters.

§ 3.3.2 The Vendor shall be responsible to the Owner for acts and omissions of the Vendor's employees, sub-vendors and their agents and employees, and other persons or entities performing or providing portions of the Work to, for or on behalf of, the Vendor or any of its sub-vendors.

§ 3.3.3 The Vendor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition for subsequent Work.

§ 3.4 LABOR AND MATERIALS

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Vendor shall provide and pay for labor, materials, furniture, furnishings and equipment, tools, installation equipment and machinery, delivery, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated into the Work.

§ 3.4.2 The Vendor shall not make substitutions until after evaluation by the Architect and approval by the Owner.

User Notes: (1363833141)

§ 3.4.3 The Vendor shall enforce strict discipline and good order among the Vendor's employees and other persons carrying out the Work. The Vendor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 3.5 TAXES

The Vendor shall pay all required sales, consumer, use and similar taxes for the Work provided by the Vendor.

§ 3.6 PERMITS, FEES NOTICES, AND COMPLIANCE WITH LAWS

§ 3.6.1 Unless otherwise provided in the Contract Documents, the Vendor shall secure and pay for permits, fees, licenses and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required as of that date.

§ 3.6.2 The Vendor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work.

§ 3.6.3 If the Vendor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Vendor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.

§ 3.7 SUPERINTENDENT

The Vendor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project premises during performance of the Work. The superintendent shall represent the Vendor, and communications given to the superintendent shall be as binding as if given to the Vendor.

§ 3.8 VENDOR'S SCHEDULES

§ 3.8.1 The Vendor, promptly after being awarded the Contract, shall prepare and submit for the Owner's and Architect's information a Vendor's progress schedule for the Work. The schedule shall not exceed time limits established in the Contract Documents, shall be revised at appropriate intervals as required by the conditions of the Work and the Project, shall be related to the Project and related Work to the extent required by the Contract Documents, and shall provide for expeditious and practicable execution of the Work.

§ 3.8.2 The Vendor's progress schedule shall indicate dates for commencement and completion of phases of the Work, within the Contract Time, including dates for order placement, fabrication, shipping, delivery and installation. The schedule shall indicate other critical dates, such as deadlines for approval of submittals of colors, finishes, fabrics and other materials. The Vendor shall obtain and submit for the Owner's and the Architect's information written confirmation from sub-vendors of dates of fabrication and delivery.

§ 3.8.3 The Vendor shall prepare a submittal schedule, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, and shall submit the schedule(s) for the Architect's approval. The Architect's approval shall not be unreasonably delayed or withheld. The submittal schedule shall 1) be coordinated with the Vendor's progress schedule, and 2) allow the Architect reasonable time to review submittals. If the Vendor fails to submit a submittal schedule, the Vendor shall not be entitled to any increase in Contract Sum or extension of contract completion time based on the time required for review of submittals.

§ 3.8.4 The Vendor shall perform the Work in accordance with the most recent schedules submitted to the Owner and Architect.

§ 3.8.5 The Vendor shall cooperate with the Owner and Architect in coordinating the Vendor's progress schedule with those of separate Vendors and with the requirements of the Owner and Architect. The Vendor shall cooperate in determining mutually acceptable dates and times for delivery, installation and inspection of the Work, and use of services and facilities provided to the Vendor, all to be confirmed in writing within a reasonable time in advance of such dates and times.

§ 3.9 DOCUMENTS FOR THE OWNER'S RECORDS

The Vendor shall maintain for the Owner one copy of the Drawings, Specifications, Addenda and other Modifications, in good order and marked currently to indicate field changes and selections made during performance of the Work, and

one copy of approved Shop Drawings, Product Data and similar required submittals. These shall be available to the Architect and shall be delivered to the Owner upon completion of the Work as a record of the Work installed.

§ 3.10 SHOP DRAWINGS, PRODUCT DATA AND SAMPLES

§ 3.10.1 Shop Drawings are drawings, diagrams, schedules and other data specially prepared for the Work by the Vendor or a sub-vendor to illustrate some portion of the Work.

§ 3.10.2 Product Data are manufacturer's illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Vendor to illustrate materials or equipment for some portion of the Work.

§ 3.10.3 Shop Drawings, Product Data and similar submittals are not Contract Documents. Their purpose is to demonstrate the way by which the Vendor proposes to conform to the information given and the design concept expressed in the Contract Documents. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. The Architect may return without action submittals that are not required by the Contract Documents.

§ 3.10.4 The Vendor shall review for compliance with the Contract Documents, and approve and submit to the Architect, Shop Drawings, Product Data and similar submittals required by the Contract Documents in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submitted schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of separate vendors.

§ 3.10.5 By submitting Shop Drawings, Product Data and similar submittals, the Vendor represents to the Owner and Architect that the Vendor has (1) reviewed and approved them, and (2) determined and verified materials, field measurements and field installation criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.10.6 The Vendor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data or similar submittals until the respective submittal has been approved by the Architect.

§ 3.10.7 The Work shall be in accordance with approved submittals, except that the Vendor shall not be relieved of responsibility for deviations from requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data or similar submittals unless the Vendor has specifically informed the Architect in writing of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work or (2) a Modification to the Contract has been approved authorizing the deviation. The Vendor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data or similar submittals by the Architect's approval.

§ 3.10.8 The Vendor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such written notice, the Architect's approval of a resubmission shall not apply to such revisions.

§ 3.10.9 Samples, once approved, constitute an express warranty that the goods will conform to the sample.

§ 3.10.10 When professional certification of performance criteria for furniture, furnishings and equipment is required by the Contract Documents, the Architect shall be entitled to rely upon the accuracy and completeness of such certifications.

§ 3.11 CLEANING UP

§ 3.11.1 The Vendor shall keep the premises and surrounding area free from accumulation of waste materials and other debris created by operations under the Contract. At completion of the Work, the Vendor shall remove waste materials and other debris created by the Vendor's activities, the Vendor's tools, construction equipment, machinery and surplus materials from and about the Project.

User Notes: (1363833141)

§ 3.11.2 If the Vendor fails to clean up as provided in the Contract Documents, the Owner may do so, and the Owner shall be entitled to reimbursement from the Vendor for the cost thereof.

§ 3.12 INDEMNIFICATION

§ 3.12.1 To the fullest extent permitted by law, the Vendor shall indemnify and hold harmless the Owner, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Vendor, a sub-vendor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this Section 3.12.

§ 3.12.2 In claims against any person or entity indemnified under this Section 3.12 by an employee of the Vendor, a sub-vendor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under Section 3.12.1 shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Vendor or a sub-vendor under workers' compensation acts, disability benefit acts or other employee benefit acts.

ARTICLE 4 TITLE AND RISK OF LOSS

§ 4.1 Title to all furniture, furnishings and equipment shall be transferred to the Owner upon acceptance by the Owner pursuant to Section 6.2 or upon payment in full to the Vendor, whichever occurs first.

§ 4.2 The risk of loss, with respect to all furniture, furnishings and equipment provided by the Vendor, shall remain on the Vendor until acceptance by the Owner pursuant to Section 6.2 of the furniture, furnishings and equipment, or designated portion thereof.

§ 4.3 The Owner shall be under no obligation to insure furniture, furnishings or equipment that does not conform to the Contract Documents or that the Owner has rejected. Under such circumstances, the risk of loss shall remain with the Vendor.

ARTICLE 5 DELIVERY AND INSTALLATION

§ 5.1 The Vendor shall make delivery of all furniture, furnishings and equipment in accordance with the Vendor's progress schedule or at a time agreed upon by the Owner and Architect.

§ 5.2 The Vendor shall become fully informed of the conditions relating to delivery, installation and labor under which the Vendor's Work will be performed. The Vendor shall employ the labor, and means and methods of carrying out the Vendor's Work as the conditions require.

§ 5.3 Delivery and installation of all furniture, furnishings and equipment shall be made to the location of the Project, as specified in the Contract Documents. Installation of furniture, furnishings and equipment shall include testing as required by the Contract Documents.

§ 5.4 The Vendor shall consult with the Owner to identify a route to be used within the Project premises from the point of initial delivery at the Project premises to the place of final placement or installation. After its selection, the route shall be made available to the Vendor for delivery of furniture, furnishings and equipment as provided in Section 5.1 and Section 5.2.

§ 5.5 The Vendor shall, within a reasonable time prior to delivery, provide the Owner with schedules for access and arrange for the use of elevators and unloading facilities.

§ 5.6 When the Vendor considers installation of all or a designated portion of the furniture, furnishings or equipment required by the Contract Documents to be complete, the Vendor shall advise the Owner and Architect in writing.

ARTICLE 6 ACCEPTANCE

§ 6.1 Prior to the tender of delivery by the Vendor, the Owner may conduct a preliminary inspection of the furniture, furnishings and equipment upon delivery for the purpose of verifying the delivery of such furniture, furnishings or equipment, including quantities. Such preliminary inspections shall not constitute acceptance of, taking charge over or control of such furniture, furnishings or equipment. Any defects, damage, deficiencies or nonconformity discovered by the Owner shall be reported to the Vendor.

§ 6.2 Upon completion of installation pursuant to Section 5.6, the Owner, with the assistance of the Architect, shall conduct an acceptance inspection. If the Owner determines that the furniture, furnishings and equipment comply with the requirements of the Contract Documents, the Owner shall notify the Vendor that the furniture, furnishings and equipment have been accepted. If the Owner determines that all or any portion of the furniture, furnishings or equipment do not conform to the requirements of the Contract Documents, the Owner shall reject such nonconforming portion by notifying the Vendor in writing of such rejection.

§ 6.3 If the Owner rejects all or any portion of the delivery, the Owner shall notify the Vendor within a reasonable time, which shall not be more than 30 days after the date of the inspection performed pursuant to Section 6.2. The notice shall include the specific basis for the Owner's rejection.

§ 6.4 If the Owner rejects all or any portion of the delivery, the Owner shall hold the rejected portion for a reasonable time to permit the Vendor to remove it from the Project premises.

§ 6.5 Upon rejection by the Owner, the Vendor shall have 30 days to provide acceptable evidence of arrangements to remedy the basis for rejection. If the Vendor remedies the basis for rejection, the Vendor shall notify the Owner in writing. The Owner shall have an additional period of time to conduct an acceptance inspection of the previously rejected furniture, furnishings or equipment. If the Owner agrees to accept the furniture, furnishings or equipment, the Owner shall so notify the Vendor in writing. If the Owner rejects the tender of such furniture, furnishings or equipment, the Owner shall notify the Vendor within a reasonable time, which shall not be more than 30 days. Such notice shall include the specific basis for rejection. Upon rejection, the Vendor shall remove the rejected furniture, furnishings or equipment from the Project premises.

§ 6.6 If furniture, furnishings or equipment that have been previously accepted are found not to comply with the requirements of the Contract Documents, the Owner shall be entitled to revoke acceptance so long as the Vendor does not suffer actual prejudice by virtue of the Owner's prior acceptance of such furniture, furnishings or equipment. Such revocation of acceptance shall be made by giving prompt notice to the Vendor. In such event, the Vendor shall proceed in accordance with Section 6.5.

§ 6.7 The provisions of this Article 6 do not preclude recovery of damages as provided by law.

ARTICLE 7 WARRANTIES

§ 7.1 The Vendor expressly warrants to the Owner and Architect that the Work complies with the requirements of the Contract Documents. The Vendor further warrants that the Owner shall receive the benefit of standard manufacturer's warranties and guarantees applicable to the Work.

§ 7.2 The Vendor provides to the Owner and Architect all warranties relating to the furniture, furnishings and equipment implied by law, including but not limited to the warranty of merchantability.

§ 7.3 The Vendor acknowledges that no exclusion of or limitation on warranties contained in any proposal, product literature or other submittal shall affect the warranties provided pursuant to Sections 7.1 and 7.2.

ARTICLE 8 PAYMENT

§ 8.1 Before the first application for payment, the Vendor shall submit to the Owner a quotation schedule showing the values allocated to each quotation for portions of the Work. The Vendor's quotation schedule shall be accompanied by a certified statement from the Vendor prepared in such form and supported by such data to substantiate its accuracy as the Owner may require. This schedule, when approved by the Owner, shall be submitted with each application for payment and shall be used as a basis for reviewing the Vendor's applications for payment.

§ 8.2 When payment is due pursuant to the payment terms of the Agreement, the Vendor shall submit to the Owner an itemized application for payment. Such application shall be notarized, if required by the Contract Documents, and supported by such data substantiating the Vendor's right to payment as the Owner may require, such as copies of bills of lading or requisitions from sub-vendors and equipment suppliers.

ARTICLE 9 ARCHITECT

§ 9.1 GENERAL

The Owner shall retain an architect lawfully licensed to practice architecture or an entity lawfully practicing architecture in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 9.2 ADMINISTRATION OF THE CONTRACT

§ 9.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative during performance of the Work until final payment is due. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents, unless otherwise modified in writing in accordance with other provisions of the Contract.

§ 9.2.2 The Architect will assist the Owner in coordinating schedules for fabrication, delivery and installation of the Work, but will not be responsible for failure of the Vendor or a sub-vendor to meet schedules for completion or to perform their respective duties and responsibilities in conformance with such schedules.

§ 9.2.3 The Architect will visit the Project premises at intervals appropriate to the stage of the Vendor's operations, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed; and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous inspections at the Project premises to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for, the means, methods, techniques, and sequences or procedures of fabrication, shipment, delivery or installation, or for the safety precautions and programs in connection with the Work, since these are solely the Vendor's rights and responsibilities under the Contract Documents, except as provided in Section 3.3.1.

§ 9.2.4 On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and report to the Owner (1) known deviations from the Contract Documents and from the most recent construction schedule submitted by the Contractor, and (2) defects and deficiencies observed in the Work. The Architect will not be responsible for the Vendor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall not have control over, charge of, or responsibility for acts or omissions of the Vendor, sub-vendors, their agents or employees, or any other persons or entities performing portions of the Work.

§ 9.2.5 The Architect has authority to order minor changes in the Work not involving an adjustment in the Contract Sum or an extension of the completion time, and not inconsistent with the intent of the Contract Documents. Such changes shall be effected by written order and shall be binding on the Owner and Vendor. The Vendor shall carry out such written orders promptly.

§ 9.2.6 Unless otherwise provided, the Architect's authority shall not extend to the receipt, inspection or acceptance on behalf of the Owner of furniture, furnishings and equipment at the time of their delivery to the Project premises and subsequent installation. The Architect is not authorized to reject nonconforming Work, stop the Work or terminate the Contract.

§ 9.2.7 The Architect may recommend to the Owner rejection of Work that does not conform to the Contract Documents. A recommendation by the Architect made in good faith shall not give rise to a duty or responsibility of the Architect to the Owner, Vendor, sub-vendors, their agents or employees, or other persons or entities performing portions of the Work.

ARTICLE 10 RELATED ACTIVITIES OF OWNER OR OF SEPARATE VENDORS

§ 10.1 OWNER'S RIGHT TO PERFORM RELATED ACTIVITIES AND TO AWARD SEPARATE CONTRACTS

§ 10.1.1 The Owner reserves the right to perform activities related to the Project with the Owner's own forces, and to award separate contracts in connection with other portions of the Project or other activities at the Project premises. If the Vendor claims that such action by the Owner involves delay or additional cost, the Vendor shall make such Claim as provided in Article 15.

§ 10.1.2 When separate contracts are awarded for different portions of the Project or other activities at the Project premises, the term "Vendor" in the Contract Documents in each case shall mean the vendor who executes each separate Owner-Vendor Agreement.

§ 10.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each separate vendor with the Work of the Vendor, who shall cooperate with them. The Vendor shall participate with other separate vendors and the Owner in reviewing their progress schedules. The Vendor shall make any revisions to the progress schedule deemed necessary after a joint review and mutual agreement. The progress schedules shall then constitute the schedules to be used by the Vendor, separate vendors and the Owner until subsequently revised.

§ 10.1.4 Unless otherwise provided in the Contract Documents, when the Owner performs activities related to the Project with the Owner's own forces, the Owner shall be deemed to be subject to the same obligations and to have the same rights that apply to the Vendor under the Contract, including, without excluding others, those stated in this Article 10, and in Article 3, Article 12 and Article 13 herein.

§ 10.2 MUTUAL RESPONSIBILITY

§ 10.2.1 The Vendor shall afford the Owner and separate vendors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Vendor's activities with theirs as required by the Contract Documents.

§ 10.2.2 If part of the Vendor's Work depends for proper execution or results upon activities by the Owner or a separate vendor, the Vendor shall, prior to proceeding with that portion of the Work, promptly report to the Architect apparent discrepancies or defects resulting from their activities that would impede the Vendor in achieving proper execution and results. If the Vendor fails to report discrepancies or defects reasonably discoverable, it shall be responsible for deficiencies or defects in its Work due to such deficiencies or defects.

§ 10.2.3 The Vendor shall reimburse the Owner for costs the Owner incurs that are payable to a separate vendor because of the Vendor's delays, improperly timed activities or other damage to the Work of a separate vendor. The Owner shall be responsible to the Vendor for costs the Vendor incurs because of the delays, improperly timed activities or damage to the Work caused by a separate vendor.

§ 10.2.4 The Vendor shall promptly remedy damage it wrongfully causes to property of the Owner or separate vendors as provided in Section 12.2.4.

§ 10.3 OWNER'S RIGHT TO CLEAN UP

If a dispute arises among the Vendor, separate vendors and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and, with the Architect's assistance, allocate the cost among those responsible.

ARTICLE 11 TIME

§ 11.1 DEFINITION OF DAY

The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

§ 11.2 PROGRESS AND COMPLETION

§ 11.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Vendor confirms that the completion date stated in the Contract Documents provides a reasonable period for performing the Work.

§ 11.2.2 The Vendor shall not knowingly, except by agreement or instruction of the Owner in writing, prematurely commence operations on the Project premises prior to the effective date of insurance required by Article 13 to be

furnished by the Vendor and the Owner. The date of commencement of the Work shall not be changed by the effective date of such insurance.

§ 11.2.3 The Vendor shall proceed expeditiously with adequate forces and shall achieve completion by the mutually agreed upon completion date.

§ 11.3 DELAYS AND EXTENSIONS OF TIME

§ 11.3.1 If the Vendor is delayed at any time in the commencement or progress of the Work by an act or neglect of the Owner or Architect; or by changes ordered in the Work; or by labor disputes, fire, unusual delay in deliveries, unavoidable casualties or other causes beyond the Vendor's control; or by delay authorized by the Owner pending mediation and arbitration; or by other causes which the Architect determines may justify delay, the completion date shall be extended by mutual agreement between the Owner and the Vendor.

§ 11.3.2 CONFORMANCE TO AGREED-UPON SCHEDULES

§ 11.3.2.1 The Owner shall cooperate and coordinate its activities with the agreed–upon critical dates identified in the Vendor's progress schedule provided under Section 3.8.2.

§ 11.3.2.2 The Owner shall be responsible for costs the Vendor incurs, such as demurrage, warehousing, and storage or delivery charges, that are due to the Owner's failure to conform to the mutually agreed–upon progress schedule for the Work; to the Owner's failure, without justification, to accept delivery or final installation of furniture, furnishings and equipment; or to any other delays for which the Owner is responsible.

§ 11.3.3 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 11.3.4 This Section 11.3 does not preclude recovery of damages for delay by either party under other provisions of the Contract Documents.

ARTICLE 12 PROTECTION OF PERSONS AND PROPERTY

§ 12.1 SAFETY PRECAUTIONS AND PROGRAMS

The Vendor shall be solely responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the performance of the Contract.

§ 12.2 SAFETY OF PERSONS AND PROTECTION OF PROPERTY

§ 12.2.1 The Vendor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury or loss to

- **.1** employees on the Work and other persons who may be affected thereby;
- **.2** the Work and materials, furniture, furnishings and equipment to be incorporated therein, whether in storage on or off the Project premises, under care, custody or control of the Vendor or sub-vendors; and
- **.3** other property at the Project premises or adjacent thereto, including property of the Owner, separate vendors or other persons, whether or not completed or installed.

§ 12.2.2 The Vendor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities bearing on safety of persons or property or their protection from damage, injury or loss.

§ 12.2.3 When use or storage of flammable, volatile or other hazardous materials or equipment or unusual methods are necessary for execution of the Work, the Vendor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel.

§ 12.2.4 The Vendor shall promptly remedy damage and loss to property, other than damage to the Work, caused in whole or in part by the Vendor or anyone directly or indirectly employed by the Vendor, except damage or loss attributable to acts or omissions of the Owner or Architect or anyone directly or indirectly employed by either of them, or by anyone for whose acts either of them may be liable, and not attributable to the fault or negligence of the Vendor.

ARTICLE 13 INSURANCE

§ 13.1 VENDOR'S LIABILITY INSURANCE

§ 13.1.1 The Vendor shall purchase from and maintain in a company or companies lawfully authorized to do business in the jurisdiction in which the Project is located such insurance as will protect the Vendor from claims set forth below which may arise out of or result from the Vendor's operations and completed operations under the Contract and for which the Vendor may be legally liable, whether such operations be by the Vendor, by a sub-vendor, by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable:

- **.1** Claims under workers' compensation, disability benefit and other similar employee benefit acts which are applicable to the Work to be performed;
- **.2** Claims for damages because of bodily injury, occupational sickness or disease, or death of the Vendor's employees;
- **.3** Claims for damages because of bodily injury, sickness or disease, or death of any person other than the Vendor's employees;
- **.4** Claims for damages insured by usual personal injury liability coverage;
- **.5** Claims for damages, other than to the Work itself, because of injury to, or destruction of, tangible property, including loss of use resulting therefrom;
- **.6** Claims for damages because of bodily injury, death of a person or property damage arising out of ownership, maintenance or use of a motor vehicle;
- **.7** Claims for bodily injury or property damage arising out of completed operations;
- **.8** Claims involving contractual liability insurance applicable to the Vendor's obligations under Section 3.12.1; and
- **.9** Claims for products liability and completed-operations insurance.

§ 13.1.2 The insurance required by Section 13.1.1 shall be written for not less than the limits of liability specified in the Contract Documents or required by law, whichever coverage is greater. Coverages, whether written on an occurrence or claims-made basis, shall be maintained without interruption from the date of commencement of the Work until the date of final payment and termination of any coverage required to be maintained after final payment, and with respect to the Contractor's completed operations coverage, until the expiration of the period specified in the Contract Documents.

§ 13.1.3 Certificates of insurance acceptable to the Owner shall be filed with the Owner prior to commencement of the Work and thereafter upon renewal or replacement of each required policy of insurance. These certificates and the insurance policies required by Section 13.1.1 shall contain a provision that coverages afforded under the policies will not be canceled or allowed to expire until at least 30 days' prior written notice has been given to the Owner. An additional certificate evidencing continuation of liability coverage including coverage for completed operations shall be submitted with the final application for payment and thereafter upon renewal or replacement of such coverage until the expiration of the time required by Section 13.1.2. The Vendor shall provide information concerning reduction of coverage on account of revised limits or claims paid under the general aggregate, or both, with reasonable promptness.

ARTICLE 14 MISCELLANEOUS PROVISIONS

§ 14.1 GOVERNING LAW

This Agreement shall be considered to be for sale of goods and shall be governed by the Uniform Commercial Code (UCC) as adopted in the place where the Project is located. The Contract shall be governed by the law of the place where the Project is located, except, that if the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 9.6.

§ 14.2 SUCCESSORS AND ASSIGNS

The Owner and Vendor respectively bind themselves, their partners, successors, assigns and legal representatives to covenants, agreements and obligations contained in the Contract Documents. Neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make such an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Definition. A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Vendor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim.

§ 15.1.1 Notice of Claims. Claims by either party must be initiated by written notice to the other party within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 15.1.2 Continuing Contract Performance. Pending final resolution of a Claim, the Vendor shall proceed diligently with performance of the Contract, and the Owner shall continue to make payments in accordance with the Contract Documents.

§ 15.1.3 Claims for Consequential Damages. The Vendor and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

.1 damages incurred by the Owner for rental expenses, losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such persons; and

.2 damages incurred by the Vendor for principal office expenses, including the compensation of personnel stationed there; for losses of financing, business and reputation; and for loss of profit, except anticipated profit arising directly from the Work. Nothing contained in this Section 15.1.3 shall be deemed to preclude an award of liquidated damages, when applicable, in accordance with the requirements of the Contract Documents.

§ 15.2 RESOLUTION OF CLAIMS AND DISPUTES

Claims, including those alleging an error or omission by the Architect, shall be referred initially to the Architect. An initial recommendation in writing by the Architect, followed by negotiation of the parties, shall be required as a condition precedent to mediation, arbitration or litigation of all Claims between the Vendor and Owner arising prior to the date final payment is due, unless 30 days have passed after the Claim has been referred to the Architect with no recommendation having been made by the Architect.

§ 15.3 MEDIATION

§ 15.3.1 Any Claim arising out of or related to the Contract, except Claims relating to aesthetic effect and except those waived as provided for in Section 15.1.3, shall, after recommendation by the Architect or 30 days after submission of the Claim to the Architect, be subject to mediation as a condition precedent to arbitration or the institution of legal or equitable proceedings by either party.

§ 15.3.2 The parties shall endeavor to resolve their Claims by mediation, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Mediation Procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a demand for arbitration, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration is stayed pursuant to this Section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 15.3.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 15.4 ARBITRATION

§ 15.4.1 Any Claim subject to, but not resolved by, mediation pursuant to Section 15.3 shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules in effect on the date of the Agreement. A demand for arbitration shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.

§ 15.4.1.1 A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on such Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written

demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

§ 15.4.2 The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

§ 15.4.3 The foregoing agreement to arbitrate and other agreements to arbitrate with an additional person or entity duly consented to by parties to the Agreement shall be specifically enforceable under applicable law in any court having jurisdiction thereof.

§ 15.4.4 CONSOLIDATION OR JOINDER

§ 15.4.4.1 Either party, at its sole discretion, may consolidate an arbitration conducted under this Agreement with any other arbitration to which it is a party provided that (1) the arbitration agreement governing the other arbitration permits consolidation; (2) the arbitrations to be consolidated substantially involve common questions of law or fact; and (3) the arbitrations employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 15.4.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in arbitration, provided that the party sought to be joined consents in writing to such joinder. Consent to arbitration involving an additional person or entity shall not constitute consent to arbitration of a Claim not described in the written consent.

§ 15.4.4.3 The Owner and Vendor grant to any person or entity made a party to an arbitration conducted under this Section 15.4, whether by joinder or consolidation, the same rights of joinder and consolidation as the Owner and Vendor under this Agreement.

SECTION 017000 CONTRACT CLOSEOUT

PART 1 - GENERAL

1.1 RELATED DOCUMENTS:

A. Drawings and general provisions of Contract, including General Conditions and other Division 1 Sections, apply to this Section.

1.2 SUMMARY:

A. This Section includes:

1. General Procedures to be used in administering Substantial and Final Completion of the Work.

1.3 SUBSTANTIAL COMPLETION:

A. Preliminary Procedures: Before requesting inspection for certification of Substantial Completion, complete the following. List exceptions in the request.

1. In the Application for Payment that coincides with, or first follows the date Substantial Completion is claimed, show 100 percent completion for the portion of the Work claimed as substantially complete. Include supporting documentation for completion as indicated in these Contract Documents and a statement showing an accounting of changes to the Contract Sum.
2. If 100 percent completion cannot be shown, include a list of incomplete items, the value of incomplete construction, and reasons the Work is not complete.
3. Advise Owner of pending insurance change-over requirements.
4. Submit specific warranties, workmanship bonds, maintenance agreements, final certifications and similar documents.
5. Deliver tools, spare parts, extra stock, and similar items.
6. Complete final clean up requirements, including touch-up painting. Touch-up and otherwise repair and restore marred exposed finished.

B. Inspection Procedures:

1. On receipt of a request for inspection, the Architect will either proceed with inspection or advise the Vendor of unfilled requirements.
2. The Architect will prepare the Certificate of Substantial Completion following inspection, or advise the Vendor of work that must be completed or corrected before the certificate will be issued.
3. The Architect will repeat inspection when requested and assured that the Work has been substantially completed.

4. The Architect will invoice the Owner for services performed in inspections beyond the original inspection and the first reinspection. The Owner will, in turn, pass this cost on to the Vendor and require a "deduct" Change Order due to the Owner.
5. Results of the completed inspection will form the basis of requirements for final acceptance.

1.4 FINAL ACCEPTANCE

A. Preliminary Procedures: Before requesting inspection for certification of completion, submit the following. List exceptions in the request.

1. Final payment request with releases and supporting documentation not previously submitted and accepted.
2. Certificates of insurance for products and completed operations where required.
3. Updated final statement, accounting for final additional changes to the Contract Sum.
4. Certified copy of the Architect's final inspection list of items to be completed or corrected, stating that each item has been completed or otherwise resolved for acceptance, and that the list has been endorsed and dated by the Architect.
5. Consent of surety to final payment.
6. Evidence of final, continuing insurance coverage complying with insurance requirements.

B. Reinspection Procedure:

1. The Architect will reinspect the Work upon receipt of written notice from the Vendor that the Work, including inspection list items from earlier inspections, has been completed, except items whose completion has been delayed because of circumstances acceptable to the Architect.
2. Upon completion of reinspection, the Architect will prepare a certificate of final acceptance, or advise the Vendor of Work that is incomplete or of obligations that have not been fulfilled but are required for final acceptance.
3. If necessary, reinspection will be repeated.
4. The Architect will invoice the Owner for services performed in inspections beyond the original inspection and the first reinspection. The Owner will, in turn, pass this cost on to the Vendor and require a "deduct" Change Order due to the Owner.

1.5 MAINTENANCE MANUALS:

A. Organize operating and maintenance data into suitable sets of manageable size.

1. Format: Submit maintenance manual as scanned PDF electronic file(s) of product information.
2. Include the following types of information:

Instructions, Simplified Format for Cost Report/Estimate
FF&E, Technology, and Play Equipment Phases

1/10/2019

Tab 1 - Instructions

This excel file is an example of the simplified format recommended with which to report updated project cost and provide estimates for FF&E, Technology and Play Equipment phases. There are three tabs: **Tab 1** - provides instructions (this tab), **Tab 2** - recommended format with which to report updated overall project cost, and **Tab 3** - recommended format with which to report cost estimates of FF&E, Technology, and Play Equipment phases. Please leave no blanks - provide "0" if dollar amount is zero dollars.

Tab 2 - Overall Project Costs

Report updated overall project cost modifying the phases shown as needed to apply to individual projects. Leave no blanks. Include eligible, ineligible, and total costs. Provide totals and subtotals for the phase being reviewed. Provide footnotes if needed. Completed "Public School Construction Cost Database" report (PSCCD) is required per PCR Checklist Form SCG-3008, Line 6 and can be submitted after eligibility has been determined by reviewer.

Tab 3 - Phase Estimate(s)

This is a sample format to summarize cost estimates prepared by the interior designer, technology consultant, and play equipment and surfacing manufacturers. Leave no blanks. Include eligible, ineligible, and total costs. Provide lines for soft costs, alternates, allowances, and contingencies. Provide totals and subtotals as shown. Provide footnoes if needed.
