New Fairfield Public Schools
Budget Assumptions
December 2024
FY 2026

The Superintendent will develop and present a budget request to the Board of Education that is transparent, fiscally responsible, and ensures continuous improvement and reflects the mission, vision, priorities and strategic plan of the District.

The following factors will be considered in developing the Superintendent's Recommended FY 2026 Operating Budget:

1. The administration will recommend a budget that is framed by New Fairfield Public Schools:
 - a. Vision of a Learner - Graduates of the New Fairfield Public Schools are:
Knowledgeable Scholars; Talented Communicators; Critical and Creative Thinkers;
Engaged Global Citizens, and, Self-determined; and Self-Reliant Individuals.
 - b. NFPS Strategic Plan - Three aspirational goals, addressing curriculum, instruction,
and wellness, have been established in support of the NFPS Vision of a Learner.
 - c. Attendance Goal - Continue efforts to reduce the student chronic absenteeism rate to
under 8% and achieve at least a 95% staff attendance rate.
 - d. Resources for Learning - Defined as finances, facilities, operational systems, and
human resources. Adequate resources are a foundational component for New
Fairfield to achieve its Vision of the Learner.
2. The district will continue to explore and implement opportunities to be more cost effective,
and to avoid and contain costs wherever possible.
 - a. Staffing - Review current staffing models for cost efficiencies, where possible.
Decisions around staffing will be driven by their potential impact on raising student
achievement while honoring the commitment to be fiscally responsible.
 - b. Operations - Areas for exploration for cost containment include transportation,
energy, technology services and continuing to partner with the town agencies to
achieve the greatest efficiencies possible.

- c. Programs and Services - The schools and departments will develop strategies to accomplish the same results with efficient and effective approaches, employing innovative strategies to optimize outcomes at the lowest cost to the community.
 - d. Grants - In order to reduce the strain on the general budget, the District will explore alternative funding sources including grants and incentive programs from the state and federal governments as well as private organizations.
3. Enrollment for the current school year is comparable to last year. The NESDEC projected enrollment data indicates that enrollment will remain remarkably stable for the foreseeable future. Therefore, it is anticipated that staffing levels will remain relatively constant as well.
 4. Class size goals (K-5) are employed in determining the appropriate number of elementary sections at each grade level. The table below lists the class size goals that have been applied in the past as well as the current average class sizes on October 1, 2024.

Grade	K	1	2	3	4	5
Class Size Goals	18-20	18-20	20-22	20-22	20-22	20-24
24-25 Average Class Sizes	18	19	22	21	21	24

5. Employee salaries will be the primary driver of the FY 26 operating budget. Costs associated with the negotiated settlements and upcoming negotiations with our employee unions will be included in the FY 26 operating budget. Of the five bargaining groups, settlements with our teachers' association (largest unit), administrators' association and the secretarial association have been completed. Negotiations with the custodial and paraprofessional bargaining units will take place concurrent with this budget season.
6. Continue to fulfill obligations to provide Pupil Services and Special Education programs and services. Meet all Federal and State mandates that pertain to Connecticut school districts, including IDEA and Section 504. These costs can increase at any point during the year due to unanticipated costs for students requiring services based on individual needs.
7. Revenue generated from student tuition will be applied as an offset to related staffing and transportation costs incurred for the operation of the Early Learning Center (ELC) program and the education of Sherman tuition students. Staffing costs associated with the ELC program were offset by \$168,000 in the FY 25 budget. Historically, costs associated with the transportation and education of Sherman high school students have not been applied directly to the BOE operating budget. In an effort to be more transparent, the FY 26 budget will

include an offset of approximately \$80,000 for Sherman high school student transportation costs.

8. The cost of consumable goods and services will be based on existing contracts and estimated to reflect inflation costs where we do not have contractual increases in place.
9. The BOE employs a shared business services model with the town in which 50% of the finance department's employee salaries are shared, including the Town Finance Director's salary. The BOE's Director of Business and Operations salary is fully funded through the BOE budget. The most recent shared services agreement for the finance department between the BOE and Town is dated 2006 and should be updated in collaboration with the town to reflect the current needs of both entities.
10. Turnover savings is defined as the amount of savings when more experienced staff retire or leave the district and new staff are hired at a lower salary. Historically, the district budgeted \$300,000 in turnover savings, which is no longer achievable in a small district such as New Fairfield that does not have a lot of teacher turnover. We are also experiencing a teacher shortage nationally, with fewer highly-qualified educators entering the profession, thus making it more difficult to replace teachers. The FY 26 budget will be year two of a three-year plan to reduce the budgeted amount for turnover savings by another \$50,000 increment. The budgeted amount for turnover savings for the FY 26 budget will be \$200,000.
11. Provide all staff with an ongoing high-quality professional learning program in support of the district's strategic plan.
12. The budget will provide resources to support the multi-year technology replacement plan.
13. Capital Budget - There are critically important projects that should be undertaken in FY 26, including but not limited to:
 - a. The middle school underground storage oil tank must be replaced in 2025 in accordance with state regulations.
 - b. Funding is required to address the lack of classrooms at the middle school to operate essential programs, such as orchestra, chorus, general music, talented & gifted, intervention and world language. The orchestra program currently operates out of a hallway, while the chorus and general music classes facilitate their programs in the old high school cafeteria. This budget will include a funding request for the NFPS facilities department to refurbish existing spaces to accommodate these programs, as it did for STEAM and the library at a considerable savings to the town.

CABE's newest version of this policy.

Students

Suspension and Expulsion/Due Process

The New Fairfield Board of Education is committed to creating a safe, orderly, and supportive learning environment for all students, staff, and visitors. This policy aims to balance the necessity of maintaining safety and order within our schools while adhering to progressive discipline and restorative practices, which seeks to address and correct inappropriate behavior while promoting accountability, personal growth, and the repair of harm.

Students are expected to comply with school rules and Board policies and may be disciplined for conduct on school grounds or at any school-sponsored activity that endangers persons or property, is seriously disruptive of the educational process, or that violates a publicized policy of the Board. Students may be disciplined for conduct off school grounds if such conduct is seriously disruptive to the educational process and violates Board policy.

Policy Objectives

1. **Ensure Safety and Order:** Maintain a secure and disciplined school environment conducive to learning and free from violence, threats, and disruptive behaviors.
2. **Promote Equity and Fairness:** Apply disciplinary measures in an equitable, consistent, and unbiased manner, ensuring that all students are treated with dignity and respect.
3. **Support Progressive Discipline:** Implement a progressive discipline model that focuses on intervention and prevention strategies to address and correct student behavior before it escalates.
4. **Implement Restorative Practices:** Incorporate restorative practices that emphasize accountability, reparation of harm, and the restoration of relationships within the school community.
5. **Encourage Personal Responsibility:** Foster a sense of personal responsibility and self-discipline in students, helping them to understand the consequences of their actions and to make better choices in the future.
6. **Engage Families and Communities:** Involve parents, guardians, and community members in the disciplinary process to support students in their behavioral and academic growth.

Policy Guidelines

1. **Clear Expectations and Communication:**
 - Establish and communicate clear behavioral expectations and the consequences of violating them.
 - Ensure that all students, staff, and parents/guardians are aware of the discipline policy and procedures.

Students

Suspension and Expulsion/Due Process

Policy Guidelines (continued)

2. Progressive Discipline Framework:

- Utilize a tiered approach to discipline that escalates in response to the severity and frequency of the behavior.
- Implement early intervention strategies such as counseling, mentoring, and behavior modification plans to address minor infractions.

3. Restorative Practices:

- Employ restorative practices such as mediation, peer counseling, and restorative circles to address conflicts and repair harm.
- Encourage students to take responsibility for their actions and to actively participate in the resolution process.

4. Consistent and Fair Application:

- Ensure that disciplinary measures are applied consistently and fairly across all student populations.
- Monitor and address any disparities in the application of disciplinary actions to prevent discrimination or bias.

5. Supportive Interventions:

- Provide support services such as counseling, social work, and mental health resources to help students address underlying issues contributing to behavioral problems.
- Develop individualized behavior plans for students with recurring or severe behavioral issues.

6. Engagement and Collaboration:

- Engage families in the disciplinary process through regular communication and involvement in restorative practices.
- Collaborate with community organizations and resources to support students and families in addressing behavioral and social-emotional needs.

7. Training and Professional Development:

- Provide ongoing training for staff on progressive discipline, restorative practices, and culturally responsive approaches to student behavior.
- Encourage staff to develop skills in conflict resolution, de-escalation techniques, and positive behavior support.

Policy Guidelines (continued)

Review and Accountability

The New Fairfield Board of Education will regularly review the effectiveness of its discipline policy, incorporating feedback from students, staff, parents, and the community. Data on disciplinary actions and their outcomes will be collected and analyzed to ensure continuous improvement and the achievement of policy objectives.

By adopting this balanced approach to discipline, the New Fairfield Public School District aims to create a school environment where all students can learn, grow, and succeed while feeling safe and supported.

A. Definitions

1. **“Exclusion”** shall be defined as any denial of public school privileges to a student for disciplinary purposes.
2. **“Removal”** shall be defined as an exclusion from a classroom for all or a part of single class period, provided such exclusion shall not extend beyond ninety (90) minutes.
3. **“In-School Suspension”** means an exclusion from regular classroom activity for no more than five consecutive days, but not exclusion from school, provided such exclusion shall not extend beyond the end of the school year in which such in-school suspension was imposed. Such suspensions shall be served in any school building under the jurisdiction of the Board of Education.
4. **“Suspension”** means an exclusion from school privileges or from transportation services, provided such exclusion shall not extend beyond the end of the school year in which suspension was imposed. An out-of-school suspension for students in grades 3-12 shall not exceed ten days. An out-of-school suspension imposed for children in preschool to second grade shall not exceed five days.

All suspensions shall be in-school unless the administration determines for any student in grades three through twelve that (1) the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the student (grades three to twelve) shall be excluded from school during the period of the suspension, or (2) that an out-of-school suspension is appropriate based on evidence of previous disciplinary issues that have led to suspensions or expulsion of the student and efforts by the administration to address such disciplinary issues through means other than out-of-school suspension or expulsion, including positive support strategies.

Students

Suspension and Expulsion/Due Process

A. Definitions (continued)

4. Suspension (continued)

A student in grades preschool to two, inclusive, may be given an out-of-school suspension if it is determined by the administration that such suspension is appropriate based on evidence that the student's conduct on school grounds is of a violent or sexual nature that endangers persons. In addition, a person's duty as a mandated reporter to report suspected child abuse or neglect is not limited by this provision.

5. **"Expulsion"** shall be defined as an exclusion from school privileges for any student in grades three to twelve, inclusive, for more than ten (10) consecutive school days and shall be deemed to include but not be limited to, exclusion from the school to which such student was assigned at the time such disciplinary action was taken, provided that assignment to a regular classroom program in a different school in the district shall not constitute a suspension or an expulsion. Such period of exclusion may extend to the school year following the school year in which the exclusion was imposed, up to one calendar year. To be expelled, the student's conduct must be found to be both violative of a Board policy and either seriously disruptive of the educational process or endangering persons or property.

Unless an emergency exists, no student shall be expelled without a formal hearing provided whenever such student is a minor, the notice shall also be given to the parents or guardians of the student at least five business days before such hearing, not including the day of such hearing. If an emergency exists, such hearing shall be held as soon after the expulsion as possible. The notice shall include information concerning the parent's or guardian's and the student's legal rights and concerning legal services provided free of charge or at a reduced rate that are available locally and how to access such services. An attorney or other advocate may represent any student subject to expulsion proceedings. The parent or guardian of the student shall have the right to have the expulsion hearing postponed for up to one week to allow time to obtain representation, except that if an emergency exists, such hearing shall be held as soon after the expulsion as possible.

6. **"Emergency"** shall be defined as a situation under which the continued presence of the student in the school imposes such a danger to persons or property or such a disruption of the educational process that a hearing may be delayed until a time as soon after the exclusion of such student as possible.
7. **"Days"** is defined as days when school is in session.
8. **"School-sponsored activity"** is defined as any activity sponsored, recognized or authorized by the Board of Education and includes activities conducted on or off school property.
9. **"Possess"** means to have physical possession or otherwise to exercise dominion or control over tangible property.

11. **“Firearm”** as defined in 18 U.S.C. §921, means 1) any weapon (including a starter gun) which will or is designed to or readily be converted to expel a projectile by the action of an explosive; 2) the frame or receiver of any such weapon; 3) any firearm muffler or firearm silencer; or 4) any destructive device. A school principal or other school administrator shall notify a parent or guardian of a student whose behavior has caused a serious disruption to the instruction of other students, caused self-harm or caused physical harm to a teacher, another student or other school employee not later than twenty-four hours after such behavior occurs. Such notice shall include, but not be limited to, informing such parent or guardian that the teacher of record in the classroom in which such behavior occurred may request a behavior intervention meeting.

Any teacher of record in a classroom may request a behavior intervention meeting with the crisis intervention team for the school, for any student whose behavior has caused a serious disruption to the instruction of other students, or caused self-harm or physical harm to such teacher or another student or staff member in such teacher's classroom. The crisis intervention team shall, upon the request of such teacher and notifying such student's parent or guardian, convene a behavior intervention meeting regarding such student. The participants of such behavior intervention meeting shall identify resources and support to address such student's social, emotional and instructional needs. Not later than seven days after the behavior intervention meeting, the crisis intervention team shall submit to the parent or guardian of such student, in the dominant language of such parent or guardian, a written summary of such meeting, including, but not limited to, the resources and supports identified.

C. Exclusion from Co-Curricular and Extra-Curricular Activities

Participation in co-curricular and extra-curricular activities is a privilege and not an entitlement. Students involved in such programs are expected to follow all school rules and demonstrate good citizenship. Failure to do so may result in partial or complete exclusion from said activities and programs. Activities include, but are not limited to, athletic programs, musical or drama productions, clubs, field trips, and school trips out-of-state and abroad.

E. Scope of the Student Discipline Policy

a. Conduct on School Grounds or at a School-Sponsored Activity

Students may be disciplined for conduct on school grounds or at any school-sponsored activity that endangers persons or property, is seriously disruptive of the educational process, or that violates a publicized policy of the Board.

b. Conduct off School Grounds

1. Students may be disciplined for conduct off school grounds if such conduct is seriously disruptive of the educational process and violative of a publicized policy of the Board. In making a determination as to whether such conduct is seriously disruptive of the educational process, the Administration and the Board of Education may consider, but such consideration shall not be limited to, the following factors: (1) whether the incident occurred within close proximity of a school; (2) whether other students from the school were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence, or the unlawful use of a weapon, as defined in section Conn. Gen. Stat. § 29-38, and whether any injuries occurred; and (4) whether the conduct involved the use of alcohol.

In making a determination as to whether such conduct is seriously disruptive of the educational process, the Administration and/or the Board of Education may also consider whether such off-campus conduct involved the illegal use of drugs.

F. Mandatory Expulsion

It shall be the policy of the Board to expel a student, grades preschool, and kindergarten to twelve, inclusive, for one full calendar year if:

1. The student, on grounds or at a school-sponsored activity, was in possession of a firearm, as defined in 18 U.S.C. 921*, as amended from time to time, or deadly weapon, dangerous instrument or martial arts weapon, as defined in C.G.S. 53A-3; or the student, off school grounds, did possess such firearm in violation of C.G.S. 29-35 or did possess and use such a firearm, instrument or weapon in the commission of a crime; or the student, on or off school grounds offered for sale or distribution a controlled substance, as defined in subdivision (9) of C.G.S. 21a-240, whose manufacture, distribution, sale, prescription, dispensing, transporting or possessing with intent to sell or dispense, offering or administering is subject to criminal penalties under C.G.S. 21-277 and 21a-278.
2. Such a student shall be expelled for one calendar year if the Board of Education or impartial hearing officer finds that the student did so possess or so possess and use, as appropriate, such a weapon or firearm, instrument or weapon or did so offer for sale or distribution such a controlled substance.
3. The Board may modify the period of a mandatory expulsion on a case-by-case basis.

Students

Suspension and Expulsion/Due Process

F. **Mandatory Expulsion** (continued)

4. A firearm, as defined by C.G.S. 53a-3 includes any sawed-off shotgun, machine gun, rifle, shotgun, pistol, revolver, or other weapon, whether loaded or unloaded from which a shot may be discharged, or a switchblade knife, a gravity knife, billy, black jack, bludgeon or metal knuckles.
5. A student enrolled in a preschool program provided by the Board of Education, state or local charter school or interdistrict magnet school shall not be expelled from such school except that a student shall be expelled for one calendar year from such preschool program pursuant to the mandatory expulsion requirement in compliance with the Gun-Free School Act, as described in this section.

G. **Suspension Procedure (as modified in Public Act 24-45, Sections 13 and 14)**

1. ~~The administration of each school shall have the authority to invoke suspension for a period of up to ten days or to invoke in-school suspension for a period of up to ten school days of any student for one or more of the reasons stated in paragraph D, above, in accordance with the procedure outlined in this paragraph. Suspensions shall be in-school suspensions unless the administration determines that the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the student shall be excluded from school during the period of suspension. The administration may also consider a student's previous disciplinary problems when deciding whether an out-of-school suspension is warranted, as long as the school previously attempted to address the problems by means other than an out-of-school suspension or an expulsion.~~

~~The administration is expected to use the guidelines developed and promulgated by the Commissioner of Education to help determine whether a student should receive an in-school or out-of-school suspension.~~

All suspensions shall be in-school suspensions, except the Board of Education may authorize the administration of schools under its direction to impose an out-of-school suspension on any student in:

1. Grades three to twelve, inclusive, if, resulting from a due process hearing:
 - a. The administration determines that the student being suspended poses such a danger to persons or property or such a disruption of the educational process that the student shall be excluded from school during the period of suspension;
 - b. The administration determines that an out-of-school suspension is appropriate for such student based on evidence of:

**A firearm; currently defined by 18 U.S.C. 921, is any weapon that can expel a projectile by an explosive action and includes explosive devices, incendiaries, poison gases, and firearm frames, receivers, mufflers or silencers.*

2. The administration determines that an out-of-school suspension is appropriate for such student based on evidence that such student's conduct on school grounds is behavior that causes physical harm;
3. Requires that such student receives services that are trauma-informed and developmentally appropriate and align with any behavioral intervention plan, individualized education program, or plan pursuant to Section 504 of the Rehabilitation Act of 1973, as amended from time to time, for such student upon such student's return to school immediately following the out-of-school suspension; and

An out-of-school suspension shall not exceed five school days for children in preschool through 2 grade.

An in-school suspension may be served in the student's school or any school building under the jurisdiction of the local or regional board of education, as determined by such board.

6. Except in the case of an emergency, as defined in paragraph A, above, a student shall be afforded the opportunity to meet with the administration and to respond to the stated charges prior to the effectuation of any period of suspension or in-school suspension. If, at such a meeting the student denies the stated charges, he/she may at that time present his/her version of the incident(s) upon which the proposed suspension is based. The administration shall then determine whether or not suspension or in-school suspension is warranted. In determining the length of a suspension period, the administration may receive and consider evidence of past disciplinary problems which have led to removal from a classroom, in-school suspension, or expulsion.
7. For any student who is suspended for the first time and who has never been expelled, the school administration may shorten the length of or waive the suspension period if the student successfully completes an administration-specified program and meets any other administration-required conditions. Such program shall be at no expense to the student or his/her parents/guardians.

H. Expulsion Procedures

1. The Board of Education may, upon recommendation of the Superintendent of Schools, expel any student for one or more of the reasons stated in this policy if in the judgment of the Board of Education, such disciplinary action is in the best interest of the school system.
2. Upon receipt of a recommendation for expulsion from the Superintendent of Schools the Board shall, after giving written notice, at least five (5) business days before such hearing, to the student and his parents or guardian, if said student is less than 18 years of age, conduct a hearing prior to taking any action on the expulsion of said student, provided however, that in the event of an emergency as defined in this policy, the student may be expelled prior to the hearing but in such case even a hearing shall be held as soon after the expulsion as possible. The notice shall include information concerning the student's and his/her parent's/guardian's legal rights and concerning legal services that are provided free of charge or at a reduced rate that are available locally (CT Legal Service a source of such services) and how to access such services. An attorney or other advocate may represent any student subject to expulsion proceedings. The parent/guardian of the student has the right to have the expulsion hearing postponed for up to one week to allow time to obtain representation, except that if an emergency exists, such hearing shall be held as soon after the expulsion as possible.

4. A special education student's handicapping conditions shall be considered before making a decision to expel. A Planning and Placement Team (PPT) meeting must be held to determine whether the behavior or student actions violative of Board of Education standards set forth in policy governing suspension and expulsion are the result of the student's handicapping condition.

If the Student is eighteen years of age or older, the student shall have the authority to enter into a Joint Stipulation and Recommendation on his or her own behalf.

If the parties agree on the facts, but not on the disciplinary recommendation, the Administration and the parents (or legal guardians) of a student facing expulsion may also choose to enter into a Joint Stipulation of the Facts and submit only the Stipulation of the Facts to the Board in lieu of holding the first part of the hearing, as described above. If the Board rejects the Joint Stipulation of Facts, a full expulsion hearing shall be held pursuant to the procedures outlined herein.

K. Students identified as eligible for services under the Individuals with Disabilities Education Act (“IDEA”)

If the Board of Education expels a student who has been identified as eligible for services under the Individuals with Disabilities Education Act (“IDEA”), it shall off an alternative educational opportunity to such student in accordance with the requirements of IDEA, as it may be amended from time to time.

L. Procedures Governing Suspension and Expulsion of Students Identified as Eligible for Services under the Individuals with Disabilities Education Act (“IDEA”)

A. Suspension of IDEA students

Notwithstanding the foregoing, if the Administration suspends a student identified as eligible for services under the IDEA (an “IDEA student”) who has violated any rule or code of conduct of the school district that applies to all students, the following procedures shall apply:

1. The administration shall make reasonable attempts to immediately notify the parents of the student of the decision to suspend on the date on which the decision to suspend was made, and a copy of the special education procedural safeguards must either be hand-delivered or sent by mail to the parents on the date that the decision to suspend was made.
2. During the period of suspension, the school district is not required to provide any educational services to the IDEA student beyond that which is provided to all students suspended by the school district.

B. Expulsion and Suspensions that Constitute Changes in Placement for IDEA Students

Notwithstanding any provision to the contrary, if the administration recommends for expulsion an IDEA student who has violated any rule or code of conduct of the school district that applies to all students, the procedures described in this section shall apply. The procedures described in this section shall also apply for students whom the administration has suspended in a manner that is considered under the IDEA, as it may be amended from time to time, to be a change in placement:

1. The parents of the student must be notified of the decision to recommend for expulsion (or to suspend if a change in placement) on the date on which the decision to suspend was made, and a copy of the special education procedural safeguards must either be hand-delivered or sent by mail to the parents on the date that the decision to recommend for expulsion (or to suspend if a change in placement) was made.
2. The school district shall immediately convene the student’s planning and placement team (“PPT”), but in no case later than ten (10) school days after the recommendation for expulsion or the suspension that constitutes a change in placement was made.

The student’s PPT shall consider the relationship between the student’s disability and the behavior that led to the recommendation for expulsion or the suspension which constitutes a change in placement, in order to determine whether the student’s behavior was a manifestation of his/her disability.
3. If the student’s PPT finds that the behavior was a manifestation of the student’s disability, the Administration shall not proceed with the recommendation for expulsion or the suspension that constitutes a change in placement.
4. If the student’s PPT finds that the behavior was not a manifestation of the student’s disability, the Administration may proceed with the recommended expulsion or suspension that constitutes a change in placement.
5. During any period of expulsion, or suspension of greater than ten (10) days per school year, the Administration shall provide the student with an alternative education program in accordance with the provisions of the IDEA.
6. When determining whether to recommend an expulsion or a suspension that constitutes a change in placement, the building administrator (or his or her designee) should consider the nature of the misconduct and any relevant educational records of the student.

L. **Procedures Governing Suspension and Expulsion of Students Identified as Eligible for Services under the Individuals with Disabilities Education Act (“IDEA”)** (continued)

C. **Transfer of IDEA Students for Certain Offenses:**

 1. The parents of the student must be notified of the decision to recommend the student for expulsion.

Students

Suspension and Expulsion/Due Process

M. Procedures Governing Expulsions for Students Identified as Eligible under Section 504 of the Rehabilitation Act of 1973 (“Section 504”) (continued)

2. The district shall immediately convene the student’s Section 504 team (“504 team”) for the purpose of reviewing the relationship between the student’s disability and the behavior that led to the recommendation for expulsion. The 504 team will determine whether the student’s behavior was a manifestation of his/her disability.
 3. If the 504 team finds that the behavior was a manifestation of the student’s disability, the Administration shall not proceed with the recommended expulsion.
 4. If the 504 team finds that the behavior was not a manifestation of the student’s disability, the Administration may proceed with the recommended expulsion.
- B. The Board may take disciplinary action for violations pertaining to the use or possession of illegal drugs or alcohol against any student with a disability who currently is engaging in the illegal use of drugs or alcohol to the same extent that such disciplinary action is taken against nondisabled students. Thus, when a student with a disability is recommended for expulsion based solely on the illegal use or possession of drugs or alcohol, the 504 team shall not be required to meet to review the relationship between the student’s disability and the behavior that led to the recommendation for expulsion.

N. Procedures Governing Expulsions for Students Committed to a Juvenile Detention Center

- A. Any student who commits an expellable offense and is subsequently committed to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement for such offense may be expelled by the Board in accordance with the provisions of this section. The period of expulsion shall run concurrently with the period of commitment to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement.
- B. If a student who committed an expellable offense seeks to return to a school district after participating in a diversionary program or having been detained in a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement and such student has not been expelled by the board of education for such offense under subdivision (A) of this subsection, the Board shall allow such student to return and may not expel the student for additional time for such offense.

O. Alternative Educational Opportunity

The Board of Education recognizes its obligation to offer any student under the age of sixteen (16) who is expelled, an alternative educational opportunity which shall be equivalent to alternative education, as defined, by C.G.S. 10-74j with an individualized learning plan, (1) if the Board provides such alternative education, or (2) in accordance with the standards adopted by the State Board of Education (by 8/15/17), which includes the kind of instruction to be provided and the number of hours to be provided, during the period of expulsion.

Students

Suspension and Expulsion/Due Process

O. Alternative Educational Opportunity (continued)

Any parent or guardian of such student who does not choose to have his or her child enrolled in an alternative educational opportunity shall not be subject to the provision of Section 10-184 of the Connecticut General Statutes. Any expelled student who is between the ages of sixteen (16) and eighteen (18) not previously expelled and who wishes to continue his or her education shall be offered such an alternative educational opportunity if he or she complies with conditions established by the Board of Education. other than the one from which the student has been excluded.

Such alternative educational opportunity may include, but shall not be limited to, the assignment of a student (who is seventeen (17) years of age or older) to any such adult education program or placement of such student in a regular classroom program of a school

Any student participating in an adult education program during a period of expulsion shall not be required to withdraw from school under C.G.S. 10-184. In determining the nature of the alternative education opportunity to be offered under this Section, the Board of Education may receive and consider evidence of past disciplinary issues which have led to removal from a classroom, suspension, or expulsion.

The Board of Education is not obligated to provide such alternative educational opportunity to any student eighteen years of age or older. The Board of Education is also required to offer such alternative educational opportunity, as defined, to any student between the ages of sixteen and eighteen who is expelled because of conduct which endangers persons, and involved the following, on school grounds or at a school-sponsored event:

1. Possession of a firearm, deadly weapon, dangerous instrument or martial arts weapon, or
2. Offering an illegal drug for sale or distribution.

If the Board expels a student for the sale or distribution of a controlled substance, the Board shall refer the student to an appropriate state or local agency for rehabilitation, intervention or job training, or any combination thereof, and inform the agency of its action. If a student is expelled for possession of a firearm, deadly weapon, dangerous instruments (those that can be used to cause death or serious injury) or martial arts weapons the Board shall report the violation to the local police department.

This provision shall not apply to students requiring special education who are described in subdivision (1) of sub-section (e) of C.G.S. 10-76a. The alternative educational opportunity for any such student shall be established by the IEP team (PPT) in accordance with the procedures described above.

P. Other Considerations

1. If a student is expelled, notice of the expulsion and the conduct for which the student was expelled shall be included on the student's cumulative educational record. Such notice, except for the notice of an expulsion of a student in grades nine through twelve, inclusive, based on possession of a firearm or deadly weapon, shall be expunged from the cumulative educational record by the Board if the Board determines that the student's conduct and behavior in the years following such expulsion warrants an expungement or if the student graduates from high school.

Students

Suspension and Expulsion/Due Process

P. Other Considerations (continued)

2. If a student's expulsion is shortened or the expulsion period waived based upon the fact that the student was expelled for the first time, had never been suspended, and successfully completed a Board specified program and/or met other conditions required by the Board, the notice of expulsion shall be expunged from the cumulative educational record if the student graduates from high school or, if the Board so chooses, at the time the student completes the Board specified program and meets any other conditions required by the Board.
3. If a student in grades preschool to eight, is expelled based on possession of a firearm or deadly weapon, the Board may expunge from the students' cumulative education record the notice of the expulsion and the conduct for which the student was expelled if the Board determines that the conduct and behavior of the student in the years following such expulsion warrants an expungement.
4. The Board may adopt the decision of a student expulsion hearing conducted by another school district provided such Board of Education held a hearing pursuant to C.G.S.10-233d(a). Adoption of such a decision shall be limited to a determination of whether the conduct which was the basis for the expulsion would also warrant expulsion under the policies of this Board. The student shall be excluded from school pending such hearing. The excluded student shall be offered an alternative education opportunity in accordance with item K above.
5. Whenever a student against whom an expulsion hearing is pending withdraws from school and after notification of such hearing but before the hearing is completed and a decision rendered, (1) notice of the pending expulsion hearing shall be included on the student's cumulative educational record and (2) the Board shall complete the expulsion hearing and render a decision.
6. A student expelled for possession of a firearm, deadly weapon, dangerous instrument or martial arts weapon shall have the violation reported to the local police department.
7. The period of expulsion shall not extend beyond a period of one calendar year. A period of exclusion may extend into the next school year.
8. An expelled student may apply for early readmission to school. Such readmission shall be at the discretion of the Board of Education/Superintendent of Schools (choose which). Readmission decisions shall not be subject to appeal to Superior Court. The Board or Superintendent, as appropriate, may condition such readmission on specified criteria.
9. Any student who commits an expellable offense and is subsequently committed to a juvenile detention center, The Connecticut Juvenile Training School or any other residential placement for such offense may be expelled by the local Board of Education. The period of expulsion shall run concurrently with the period of commitment to a juvenile detention center, the Connecticut Juvenile Training School or any other residential placement.

Q. Change of Residence During Expulsion Proceedings (continued)

A. Student moving into the school district

1. If a student enrolls in the district while an expulsion hearing is pending in another district, such student shall not be excluded from school pending completion of the expulsion hearing unless an emergency exists, as defined above. The Board shall retain the authority to suspend the student or to conduct its own expulsion hearing.
2. Where a student enrolls in the district during the period of expulsion from another public school district, the Board may adopt the decision of the student expulsion hearing conducted by such other school district. The student shall be excluded from school pending such hearing. The excluded student shall be offered an alternative educational opportunity in accordance with statutory requirements. The Board shall make its determination based upon a hearing held by the Board, which hearing shall be limited to a determination of whether the conduct which was the basis of the previous public school district's expulsion would also warrant expulsion by the Board.

B. Student moving out of the school district:

Where a student withdraws from school after having been notified that an expulsion hearing is pending, but before a decision has been rendered by the Board, the notice of the pending expulsion hearing shall be included on the student's cumulative record and the Board shall complete the expulsion hearing and render a decision. If the Board subsequently renders a decision to expel the student, a notice of the expulsion shall be included on the student's cumulative record.

R. Compliance with Documentation and Reporting Requirements

- A. The Board of Education shall include on all disciplinary reports the individual student's state-assigned student identifier (SASID).
- B. The Board of Education shall report all suspensions and expulsions to the State Department of Education.
- C. If the Board of Education expels a student for sale or distribution of a controlled substance, the Board shall refer such student to an appropriate state or local agency for rehabilitation, intervention or job training and inform the agency of its action.
- D. If the Board of Education expels a student for possession of a deadly weapon or firearm, as defined in Conn. Gen. Stat. §53a-3, the violation shall be reported to the local police.

NEW FAIRFIELD PUBLIC SCHOOLS
New Fairfield, Connecticut

Provision of an Alternative Educational Opportunity for Eligible Expelled Students

The following procedures shall be followed, in concert with policy #5114/5131/5144 (*choose which*) by District personnel pertaining to the required provision of an alternative educational opportunity for expelled students eligible for such program.

Options for Alternative Educational Opportunity

The District shall provide an alternative educational opportunity for eligible expelled students by exercising one of the following two permissible options.

1. Enroll the student in an alternative education program which is compliant with requirements for such programs, including the length of school year and number of hours, with an individualized learning plan IF the district provides such alternative education, (*use of this option requires the alternative education program to comply with C.G.S. 10-74j which requires adherence to C.G.S. 10-15 and 10-6 requiring a minimum of 180 days and 900 hours of actual school work per year*) and the program is appropriate for the student.
OR
2. Provide the student with an alternative educational opportunity in accordance with the State Board of Education (SBOE) adopted standards, including through an alternative education program offered by another school district or operator. (*A standard program for its alternative educational opportunity providing such program meets the other requirements of the Standards, including the individualized learning plan.*)

State Department of Education (SDE) Positions to Consider

1. In order to properly implement the provision of an alternative educational opportunity to expelled students, whether the District implements option #1 or #2 above, the District must comply with the SBOE adopted (1/3/18) Standards.
2. SDE “expects that, in most cases, school districts will determine that enrollment in an alternative education program...is the appropriate alternative educational opportunity” for an expelled student. Such an alternative education program could be operated by the local district or another provider.
3. There may be “unusual cases” where placement in an alternative education program may not be appropriate or available.
4. The alternative educational opportunity must be “full-time” and “comprehensive,” and such opportunity for learning is comparable to a regular school setting. (*This provides the district that does not provide placement for the expelled student in alternative educational program some flexibility in developing an alternative educational opportunity that provides comparable learning opportunities for the expelled student without dictating a certain number of minimum instructional hours, but, per the Standards, must be “full-time” and “comprehensive.”*)
5. Assignment to homebound instruction will not satisfy the “Guiding Principles” of the Standards.

Requirements of Standards for Alternative Educational Opportunities for Students Who Have Been Expelled

Guiding Principles

Consistent with the *Guidelines for Alternative Education Settings*, these standards are grounded in the conviction that alternative educational opportunities for students who have been expelled should exhibit the following characteristics:

- whole student approach that addresses the personal, social, emotional, intellectual, work skills, safety, and security needs of all students in addition to academic content (including the Connecticut Core Standards);
- full time, comprehensive experience, where the learning is comparable to what the student would experience in a regular school environment;
- instruction that is based on a curriculum aligned to the Connecticut Core Standards unless modified as indicated by goals and objectives of an Individualized Education Program (IEP);
- high expectations that are consistent with LEA goals and Connecticut state standards including the belief that all students are capable and can be successful regardless of their discipline history; and
- research/evidence-based practices with student success in mind including the engagement of parents/guardians and families as well as community partners, as appropriate.

These principles are unlikely to be satisfied by assignment to homebound instruction.

Requirements of Standards for Alternative Educational Opportunities for Students Who Have Been Expelled

The SBOE adopted Standards for Alternative Educational Opportunities require the District to:

1. Provide a full time, comprehensive alternative educational opportunity, with a focus on an opportunity for learning that is comparable to those in a regular school setting.
2. Notify parents/students at the time of expulsion of the right to apply for early readmission, which can be granted at the discretion of the Board of Education or the Superintendent, if the Board delegates this authority to the Superintendent (C.G.S. 10-233(j)). *(The criteria for early readmission should be recorded in the individualized learning plan (ILP)).*
3. Meet with parents/guardians prior to placement to provide information about potential alternative educational opportunities and a placement meeting to finalize such placement. *(Such meeting can take place directly after the expulsion hearing.)*
4. Consult with relevant school personnel knowledgeable about the student's academic, social and behavioral history to help in the determination of an appropriate alternative educational opportunity.

5. Involve the PPT for expelled special education students who are determined to have educational programming and placement during the period of expulsion in accordance with the Individuals with Disabilities Act (IDEA).
6. Develop an Individualized Learning Plan (ILP) to address:
 - Information pertaining to the student's academic and behavioral needs and appropriate academic and behavioral goals and interventions including the core classes and current placement or progress in the curriculum of those classes at the time of expulsion.
 - Benchmarks to measure progress towards the goals and progress towards graduation. *(This will include monitoring attendance, work completion, and progress toward meeting the coursework's academic standards.)*
 - Reviewing the student's progress and communicating that progress to parent/guardian or student. *(What would be done for students generally.)*
 - Transfer of records to/from the alternative educational provider and the school from which the student was expelled.
 - Language pertaining to the possibility of early readmission to the school from which the student was expelled.
7. Monitor progress of student performance and placement. *(This must be done and documented at least once per marking period, review of the student's ILP and make any needed adjustments.)*
8. Adopt procedures to address a student's transition from an alternate educational opportunity to the student's regular school. *(The criterion for readmission is the completion of the expulsion period.)*

Procedural Steps to be taken by District following the Expulsion of a Student to Provide the Required Alternative Educational Opportunity

The Superintendent or his/her designee is responsible for the fulfillment of the following:

1. Determine the eligibility of the expelled student for an alternative education opportunity.
 - a. The student is under the age of sixteen (16) and must be offered an alternative educational opportunity.
 - b. The student is between the ages of sixteen (16) and eighteen (18) and has not been previously expelled and wishes to continue his or her education shall be offered such an alternative educational opportunity. *(The District is not obligated to provide an alternative educational opportunity to students in this age bracket who have been previously expelled, even if the prior expulsion occurred before the student was sixteen years of age.)*
 - c. The student is eighteen years of age or older and the Board of Education is not obligated to provide an alternative educational opportunity.

- d. Other considerations:
 - i. Any parent/guardian of an expelled student who does not choose to have his or her child enrolled in an alternative educational opportunity shall not be subject to the provision of Section 10-184 of the Connecticut General Statutes regarding school attendance.
 - ii. A student seventeen (17) years of age or older may be assigned to an adult education program and not be required to withdraw from school per C.G.S. 10-184.
 - iii. The student may be placed in a regular classroom program of a school other than the one from which the student has been excluded.
 - iv. A student expelled for the sale or distribution of a controlled substance, shall be referred to an appropriate state or local agency for rehabilitation, intervention or job training, or any combination thereof.
 - v. A student expelled for possession of a firearm, deadly weapon, dangerous instruments (those that can be used to cause death or serious injury) or martial arts weapons shall be reported to the local police department.
 - vi. An expelled special education student's alternative educational opportunity shall be established by the IEP team (PPT).
- 2. Determine the appropriate option for the alternative educational opportunity option to be offered to the expelled student.
 - a. Enroll the student in an alternative education program operated by the District which is compliant with requirements for such programs, (hours, length of school year and number of hours) with an individualized learning plan IF the district provides such alternative education.
 - b. Provide the student with an alternative educational opportunity in accordance with the SBOE adopted standards, including through an alternative education program offered by another school district or operator. (A standard program for its alternative educational opportunity providing such program meets the other requirements of the Standards, including the individualized learning plan.)
- 3. Consult with relevant school personnel knowledgeable about the student to obtain information regarding the student's academic, social and behavioral history that will help inform the decision concerning an appropriate alternative educational opportunity. The input shared by school personnel may be gathered via written reports.
- 4. Meet with the student's parent(s)/guardian(s) prior to placement to provide information concerning the potentially appropriate alternative educational opportunities for the student.

5. Hold a placement meeting after parents/guardians have been informed and the appropriate school personnel have shared information regarding the student.
 - a. Explore all alternative educational opportunities at this meeting.
 - b. The placement decision should be made at this meeting.
 - c. Other considerations:
 - i. Parents/students, at the time of expulsion, should be informed of the right to apply for early readmission, which can be granted at the discretion of the Board of Education or Superintendent (*if the BOE delegates this authority to the Superintendent under C.G.S. Section 10-233d(j)*).
 - ii. Any criteria for early readmission to the school from which the student has been expelled should be recorded in the Individualized Learning Plan (ILP).
6. Development of an Individualized Learning Plan (ILP) to inform and direct the student's learning goals and activities for the duration of the expulsion.
 - a. After placement in the alternative education opportunity, an ILP must be developed to govern the student's programming during period of the expulsion.
 - b. Develop the ILP through collaboration among school personnel, the student and the parent/guardian.
 - c. Reference student records with information relevant to the alternative educational opportunity. (*student success plan, Individualized Education Program (IEP) under special education, Section 504 Plan, Individualized Health Plan, and/or other academic and behavioral data.*)
 - d. The student's ILP is to contain:
 - i. The student's academic and behavioral needs and appropriate academic and behavioral goals and interventions;
 - ii. The student's core classes at the time of expulsion;
 - iii. The student's current placement or progress in the curriculum of those classes so that the student has an opportunity to continue to progress in the LEA's academic program and earn graduation credits, if applicable;
 - iv. Benchmarks to measure progress towards the goals and ultimately, progress towards graduation;
 - v. Timing and method for reviewing the student's progress and for communicating that progress to the parent/guardian or student; (*For most students, monitoring and reviewing the student's progress will include monitoring the student's attendance, work completion and progress toward meeting the relevant academic standards for particular coursework, and thus progressing toward graduation, if applicable.*)
 - The progress monitoring of student performance and placement must be done and documented at least once per marking period, including a review of the ILP and the making of any necessary adjustments.

- vi. Such progress to be communicated to the parent/guardian and/or student with the same frequency as similar progress for students in the regular school environment is reported and communicated to parents/guardians or students;
 - vii. Provision for the timely transfer of the student's records both from the student's school to the alternative educational opportunity provider, and also from the alternative educational opportunity provider to the student's school; and
 - viii. The possibility of early readmission to the school from which the student was expelled and the early readmission criteria.
 - ix. A process for transition planning based upon the following considerations:
 - Efforts to readmit students at semester start points at the high school level to facilitate re-entry;
 - A plan to transfer the student's credits and record back to the school from which the student was expelled;
 - The student's needs for academic and other supports upon return to the home school environment; and
 - Efforts to connect returning students with opportunities to participate in extracurricular activities to support student engagement and general health and development.
7. If a determination is made that placement in the current alternative educational opportunity is no longer beneficial to an expelled student but it is also inappropriate to have the student return to the school from which the student was expelled, a plan for different alternative educational opportunities should be developed, following the procedure outlined above.
8. Students who have a student success plan as mandated by state law, such plan may inform the ILP but does not replace the ILP.

Procedures for Alternative Educational Opportunities for Expelled Students

Applicability of these Administrative Regulations

These procedures apply in cases when, pursuant to state law, a District student school is entitled to an alternative educational opportunity during an expulsion.

Responsible Personnel

The building principal or his/her designee of the school from which the student has been expelled, is responsible for compliance with these procedures relative to the student who is being provided with the alternative educational opportunity.

Student Placement Procedures

- A. After a student has been expelled, and unless extraordinary circumstances exist, the building principal, or his/her designee(s), will take the following steps:
 - a. Meet with the expelled student's parent(s)/guardian(s) prior to the student's placement in an alternative educational setting to provide information concerning the potentially appropriate alternative educational opportunities for the student and to inform the parent(s)/guardian(s) and student of the right to apply for early readmission to school in accordance with Conn. Gen. Stat. Section 10-233d(j).
 - b. Consult with relevant school personnel from the school from which the student was expelled, who are knowledgeable about the student, to obtain information regarding the student's academic, social, and behavioral history that will help inform the decision concerning an appropriate alternative educational opportunity. Such information may be gathered by written reports.
 - c. After placement options have been shared with the parent(s)/guardian(s), a placement meeting is to be convened to explore all alternative educational opportunities and a placement decision is made.
- B. The educational programming and placement for expelled students who are eligible to receive special education and related services under the Individuals with Disabilities Education Act ("IDEA") shall be determined by the student's Planning and Placement Team ("PPT"). In such case, the above procedural steps (Section "A" shall not apply.)

Individualized Learning Plan

A. Development of the Individualized Learning Plan

After student placement into an alternative educational placement, the principal, or his/her designee, will develop an Individualized Learning Plan (“ILP”) that will govern the programming for the student for the period of expulsion. To develop the ILP, the principal, or his/her designee, will collaborate with school personnel from the student’s school, the student and the parent/guardian, and all relevant student records will be reviewed.

B. Contents of the Individualized Learning Plan

- a. The ILP will reference student records with information relevant to the provision of an alternative educational opportunity. These records may include:
 - i. Student success plan (for students who have a student success plan as mandated by state law, the student success plan may inform the ILP but does not replace the ILP);
 - ii. Individualized education program (“IEP”);
 - iii. Section 504 Plan;
 - iv. Individualized health care plan or emergency care plan; and/or
 - v. Other relevant academic and behavioral data.
- b. The ILP will address the following:
 - i. The student’s academic and behavioral needs and appropriate academic and behavioral goals and interventions, including the student’s core classes at the time of expulsion and the student’s current placement or progress in the curriculum for those classes so that the student has an opportunity to continue to progress in the Board’s academic program and earn graduation credits, if applicable;
 - ii. Benchmarks to measure progress towards the goals and ultimately, progress towards graduation;
 - iii. Provision for the timing and method for reviewing the student’s progress in the alternative educational opportunity and for communicating that progress to the parent/guardian or student. For most students, monitoring and reviewing the student’s progress will include monitoring the student’s attendance, work completion and progress toward meeting the relevant academic standards for particular coursework, and thus progressing toward graduation, if applicable. The student’s progress and grades will be communicated to the parents/guardians or student with the same frequency as similar progress for students in the regular school environment is reported and communicated to parents/guardians or students. The student’s progress and grades will also be reported to the school from which the student was expelled;

- iv. Provision for the timely transfer of the student's records both from the student's school to the alternative educational opportunity provider, and also from the alternative educational opportunity provider to the student's school; and
- v. The possibility of early readmission to the school from which the student was expelled and the early readmission criteria, if any, established by the Board of Education or Superintendent, as applicable.

Review of Student's Placement in Alternative Educational Opportunity and Individualized Learning Plan

- A. A review of the appropriateness of the placement must occur at least once per marking period.
- B. The placement review must include:
 - a. Review of the ILP to (1) assess progress and make adjustments as necessary and (2) determine its alignment with the goals of the student's IEP, where applicable; and
 - b. Consideration of opportunities for early readmission as set forth in the ILP, as established by the Board of Education or Superintendent, as applicable.

Transition Plan for Readmission

- A. Before a student is readmitted to the school from which the student was expelled, relevant staff should provide an opportunity to meet with the parents/guardians and student to discuss the student's readmission. As part of the readmission process and the student's ILP, the principal, or his/her designee, should consider:
 - a. Efforts to readmit the student at a semester starting point (at the high school level);
 - b. A plan to transfer the student's credits and records back to the school from which the student was expelled:
 - i. The District will award an expelled high school student appropriate high school credit for work satisfactorily completed during the period the student participates in the alternative educational opportunity and will transfer relevant records back to the school from which the student was expelled;
 - ii. The District will provide an expelled student transferring to a new school district a progress summary of all work completed during the course of the student's expulsion, and will indicate the course credit earned by the student for that work.
 - c. The student's need for academic and other supports upon returning to his/her school; and
 - d. Efforts to connect the returning student with opportunities to participate in extracurricular activities.

- B. In the event the principal, or his/her designee, determines that a student's alternative educational opportunity is no longer beneficial to the student, but it remains inappropriate to return the student to the school from which the student was expelled, a plan for a different alternative educational opportunity may be developed in accordance with these procedures.

Suspension and Expulsion/Due Process

Suspension

When the Principal or designee has determined that there is cause for suspension of a student, the following procedures shall be observed:

1. The student shall be given a hearing before the Principal or designee, at which time the charges against the student will be stated and the student will be given an opportunity to respond to the charge. This hearing must be granted except when an emergency situation exists, in which case the hearing must be held as soon after the suspension as possible. Nothing in the informal hearing shall be taken to prevent a more formal hearing from being held if the circumstances warrant. **An out-of-school suspension shall not exceed ten days for students in grades 3-12 and not exceed five days for children in pre-school to 2nd grade.**
2. The Principal or designee may receive and consider evidence of past disciplinary problems which have led to removal from a classroom, suspension or expulsion of the student.
3. The Principal or designee shall make every possible attempt to reach the parent or guardian of the student stating the charges against the student and the terms and conditions of the suspension.
4. Whether the telephone contact is made or not the Principal or designee shall forward a letter to the parent or guardian at the last known address according to school records (unless a newer address is determined) not later than twenty-four hours of the suspension, and offering the parent or guardian the opportunity for a conference to discuss the suspension.
5. Notice of the suspension shall be transmitted by the Principal to the Superintendent of Schools by the close of the school day following the commencement of the suspension, but no later than twenty-four hours of the commencement of the suspension.
6. Following a conference with the Principal or designee the parent or guardian may request the Superintendent to review the Principal's decision. Such review shall be completed and a written report issued to the student and parent or guardian, and to the Board of Education, within three (3) days of the receipt of such request. In examining the Principal's decision to suspend, the Superintendent shall obtain oral or written statements from the Principal or designee, the student, and the person(s) who witnessed and reported the incident(s) which resulted in the suspension. The Superintendent may call all concerned parties together for a conference, and take whatever other action is needed to determine the true facts of the matter.
7. If a student is eighteen or older, any notice required by Board policy and this regulation shall be given to the student.

Suspension and Expulsion/Due Process (continued)

Suspension (continued)

8. Textbooks and homework are to be provided each student for the duration of the suspension period and the student shall be allowed to complete any classwork, including examinations, without penalty, which was missed during suspension.
9. The Superintendent shall report any unusually serious cases of student suspension to the Board of Education at the first meeting following such action.
10. Notice of a suspension for conduct endangering persons or property or seriously disruptive of the educational process and a description of the conduct leading to such suspension shall be included on the student's cumulative educational record. Such notice shall be expunged from the cumulative record by the Board if the student graduates from high school, except if such notice of expulsion is based on possession of a firearm or deadly weapon.
11. All suspensions shall be in-school suspensions unless the administration (1) determines that the student, in grades three through twelve, inclusive, being suspended poses such a danger to persons or property or such a disruption of the educational process that the student shall be excluded from school during the period of suspension or (2) that an out-of-school suspension is appropriate based on evidence of previous disciplinary problems that have led to suspensions or expulsion of the student and efforts by the administration to address such disciplinary problems through means other than out-of-school suspension or expulsion, including positive support strategies.

A student in grades preschool through grade two, inclusive, may be given an out-of-school suspension if it is determined by the administration that such suspension is appropriate based on evidence that the student's conduct on school grounds is of a violent or sexual nature that endangers persons.

12. The administration will use the guidelines developed and promulgated by the Commissioner of Education to help determine whether a student should receive an in-school or out-of-school suspension.
13. In-school suspension will be served in the school attended by the student. (or: In-school suspensions will be served by assigning the suspended student to one of the following schools: _____.)
14. For any student who is suspended for the first time and who has never been expelled, the school administration may shorten the length of or waive the suspension period if the student successfully completes an administration-specified program and meets any other administration-required conditions. Such program shall be at no expense to the student or his/her parents/guardians.

Suspension and Expulsion/Due Process (continued)

Suspension (continued)

The foregoing procedure will be followed unless the student has had a total of ten (10) suspensions during the current school year, or has been suspended for a total of fifty (50) days during the current school year. If the student's proposed suspension would exceed either figure the suspension shall not take effect until so ordered by the Board of Education after a formal hearing such as that required for expulsion. If the Principal has reason to believe that the student's conduct endangers persons or property, is seriously disruptive of the educational process or is in violation of a Board policy, expulsion may be recommended.

Expulsion

The Board of Education or an impartial hearing officer, as defined in C.G.S. 10-233d, may expel any student in grades three through twelve, inclusive, whose conduct on school grounds or at a school sponsored activity has been found to be both violative of a Board policy and either seriously disruptive of the educational process or endangers persons or property.

In making a determination as to whether conduct is “seriously disruptive of the educational process,” the administration, Board of Education or impartial hearing officer may consider, but such consideration shall not be limited to; (1) whether the incident occurred within close proximity of a school; (2) whether other students from the school were involved or whether there was any gang involvement; (3) whether the conduct involved violence, threats of violence or the unlawful use of a weapon as defined in Section 29-38 and whether any injuries occurred, and (4) whether the conduct involved the use of alcohol.

The procedures leading to expulsion are as follows:

1. Requests for expulsion are to be directed to the Board of Education through the Superintendent of Schools.
2. Upon receipt of an expulsion request the Superintendent will conduct an inquiry within two (2) school days.
3. If after the inquiry the Superintendent or designee determines the student should be expelled, the Superintendent shall forward such request to the Board of Education within five days, after receipt of the request to expel.
4. Except in an emergency situation requiring the student's immediate removal, the Board shall conduct a hearing to be governed by the following procedures:
 - A. The student and parent or legal guardian must be given notice at least five business days prior to the date of the hearing.

Students

Suspension and Expulsion/Due Process (continued)

Expulsion (continued)

- B. The notice shall contain:

The date, time and place of the scheduled hearing.

The details of the grounds for the expulsion, including a narrative of the events leading to the expulsion, the names of any witnesses against the student, copies of any statements or affidavits of those witnesses, a detailed summary of any other information to be used in support of expulsion, including any record of past offenses or misbehavior, and whether any prior warnings or suspensions have been given, and the proposed penalty.

A statement of the student's, parent's/guardian's rights.

A statement that the Board is not required to offer an alternative educational opportunity to any student between 16 and 18 who was previously expelled. A student between the ages of 16 and 18 who is expelled for the first time and who complies with conditions set by the Board will be offered an alternative educational opportunity that is equivalent to "Alternative Education" as defined in Section 10-74, with an individualized learning plan.

- C. At the hearing the student shall have the right to testify and produce witnesses and other evidence in his/her defense and shall have the right to demand that any witnesses against him/her appear in person to answer questions.

In exceptional circumstances the Board or the impartial hearing panel may refuse to allow a witness against the accused student to appear, when the Board or panel believes that fear on the part of the witness would prevent the giving of accurate testimony. In such cases a verbatim statement of the witness's testimony must be given to the student.

A witness's unsubstantiated desire to remain anonymous is not such an exceptional circumstance as to justify dispensing with confrontation and questioning by the student.

- D. A student may be represented by any third party of his/her choice, including an attorney. The parent/guardian of the student have the right to have the expulsion hearing postponed for up to one week to allow time to obtain representation, except that if an emergency exists, such hearing shall be held as soon after the expulsion as possible.

- E. A student is entitled to the services of a translator, to be provided by the Board of Education, whenever the student or his/her parent or legal guardian do not speak the English language.

Students

Suspension and Expulsion/Due Process (continued)

Expulsion (continued)

- F. The Board or impartial hearing officer shall keep verbatim record of the hearing and the student or his/her parent or legal guardian shall be entitled to a copy of that record at his/her own expense.
 - G. The Board or impartial hearing officer shall report its final decision in writing to the student, stating the reasons on which the decision is based, and the penalty to be imposed. Said decision shall be based on evidence produced and derived at the hearing.
 - H. Except under unusual circumstances the parent or a minor student shall be notified of the Board action within twenty-four hours.
 - I. Whenever an emergency exists, the hearing provided for the above procedure shall be held as soon as possible after the expulsion.
5. Whenever the Board of Education or impartial hearing officer expels a student it shall offer an alternative education opportunity to students under the age of sixteen which shall be (1) alternative education* as defined by C.G.S. 10-74j with an individualized learning plan if the Board provides such alternative education or in accordance with State Board of Education standards indicating the kind of instruction and number of hours to be provided by a student enrolled in an alternative educational opportunity. The parent or guardian of such student has the legal right to reject such a program without being subject to the truancy law. The Board of Education shall make provisions for an alternative educational opportunity to expelled students between the ages of sixteen and eighteen, conditional upon the desire of the student to continue his/her education and compliance with conditions established by the Board. A student age 17 or older may be placed in an adult education program as an alternative educational opportunity. Any student participating in an adult education program during a period of expulsion shall not be required to withdraw from school under C.G.S. 10-184. Any special education student expelled for a misconduct not caused by the student's disability must be offered an alternative educational opportunity consistent with the student's needs during the period of expulsion.
6. If the Board expels a student for the sale or distribution of a controlled substance, the Board shall refer the student to an appropriate state or local agency for rehabilitation, intervention or job training, or any combination thereof, and shall inform the agency of its action.

**Alternative education is a school or program maintained and operated by a school board that is offered to students in a non-traditional setting and addresses their social, emotional, and behavioral and academic needs. (C.G.S. 10-74j)*

Students

Suspension and Expulsion/Due Process (continued)

Expulsion (continued)

7. Notice of the expulsion and the conduct for which the student was expelled shall be included on the student's cumulative educational record. Such notice, except for the notices of an expulsion of a student in grades nine through 12, inclusive, based on possession of a firearm or deadly weapon, shall be expunged from the cumulative educational record by the Board if the Board determines that the student's conduct or behavior in the years following such expulsion warrant an expungement or if the student graduates from high school.
8. If a student in grades kindergarten to eight, is expelled based on possession of a firearm or deadly weapon, the Board may expunge from the students' cumulative education record the notice of the expulsion and the conduct for which the student was expelled if the Board determines that the conduct and behavior of the student in the years following such expulsion warrants an expungement.
9. The Board may adopt the decision of a student expulsion hearing conducted by another school district provided such Board of Education held a hearing pursuant to C.G.S. 10-233d(a). Adoption of such a decision shall be limited to a determination of whether the conduct which was the basis for the expulsion would also warrant expulsion under the policies of this Board. The student shall be excluded from school pending such hearing. The excluded student shall be offered an alternative education opportunity in accordance with the provisions of 5 and 6 above.
10. Whenever a student against whom an expulsion hearing is pending withdraws from school and after notification of such hearing but before the hearing is completed and a decision rendered, (1) notice of the pending expulsion hearing shall be included on the student's cumulative educational record and (2) the Board shall complete the expulsion hearing and render a decision.
11. The Superintendent shall recommend an expulsion hearing if there is reason to believe a student possessed a firearm or other dangerous instrument in or on real property, comprising any public school or at any school activity as defined in C.G.S. 10-233a or in conduct displayed off school grounds.
12. If a student enrolled in grades preschool through grade twelve, inclusive, is found to have possessed a firearm, dangerous instrument, dangerous weapon or martial arts weapon in or on the real property or a school or at any school function as defined in Section 10-233a, or on or off school property offered for sale or distribution a dangerous drug, he or she must be expelled for one calendar year. The expulsion period may be modified on a case by case basis by the Board of Education or hearing officer.
13. A student expelled for possession of a firearm, deadly weapon, dangerous instrument or martial arts weapon shall have the violation reported to the local police department or State Police if the student is enrolled in a regional vocational-technical school.

Students

Suspension and Expulsion/Due Process (continued)

Expulsion (continued)

14. The Board will report annually to the Commission of Education, as prescribed, information pertaining to expulsions for weapons and/or dangerous instruments.
15. An expelled student may apply for early readmission to school. Such readmission shall be at the discretion of the Board of Education (*alternative language - “at the discretion of the Superintendent of Schools”*) Readmission decisions shall not be subject to appeal to Superior Court. The Board or Superintendent, as appropriate, may condition such readmission on specified criteria.
16. For any student expelled for the first time and who has never been suspended, the Board of Education may shorten the length of or waive the expulsion period if the student successfully completes a Board specified program and meets any other conditions required by the Board. Such a Board specified program shall not require the student or the parent/guardian of such student to pay for participation in the program.
17. If a student’s expulsion is shortened or the expulsion period waived based upon the fact that the student was expelled for the first time, had never been suspended, and successfully completed a Board specified program and/or met other conditions required by the Board, the notice of expulsion shall be expunged from the cumulative educational record if the student graduates from high school or, if the Board so chooses, at the time the student completes the Board specified program and meets any other conditions required by the Board.
18. The record of a student, grades 9 to 12 inclusive, expelled for possession of a firearm or deadly weapon, shall not be expunged.
19. The Board may expunge an expulsion in the years following the expulsion if the student has demonstrated conduct warranting an expungement.
20. A student in grades K-8 inclusive, shall have any expulsion, including for possession of a firearm or deadly weapon expunged from the record upon graduation.

Prior Notice

The Superintendent shall provide for an effective means of informing all students and their parents or guardians of the Board's policy and this regulation at the beginning of each school year, or when the student enrolls or transfers during the school year.

When students participate in the Senior Enrichment Experience (SEE) program, they will earn graduation credits for all courses in which they have earned a passing grade at the start of their involvement in the program. Students who earn a passing grade for college coursework at accredited universities may submit official transcripts to the high school principal for consideration for credit approval. Students must also meet three performance standards: English Language Arts, Mathematics, and Science. English Language Arts (ELA)

Definition:

Students should be able to communicate effectively in a variety of ways, both verbally and in writing. As part of this goal, students must demonstrate proficiency at reading a variety of materials and responding appropriately. This may include making connections between a variety of sources, using problem-solving strategies, and interpreting and evaluating information.

Objectives: The student will be able to:

- read closely and analytically to comprehend a range of increasingly complex literary and informational texts.
- produce effective and well-grounded writing for a range of purpose and audiences.
- employ effective speaking and listening skills for a range of purposes and audiences.
- engage in research/inquiry to investigate topics, and to analyze, integrate, and present information.

Assessment:

Students will take the Connecticut SAT School Day in Evidence-based Reading and Writing. If a student does not take the SAT, s/he must create a piece of writing that follows the Writing Process Model and produce a publishable, superior product. This writing sample will then be evaluated using a locally created assessment rubric.
