1. John Moulson, chair, called the meeting to order at 7:01 pm and led the Pledge of Allegiance.
 - a. Attending: John Moulson, Pauline Andruskewicz, Deborah Burke-Grabarek, Sandra Allyn-Gauthier, Jan Clancy, Daniel Harris
 - b. Absent: Charles Raymond
 - c. Also attending: Dr. John Welch, Ivy Davis, Ray Bernier, Bob Sirpenski, Atty. Kyle McClain, Pat Hibbard, Arline McCullen, Rachael Tucker, Natalie Rudyk, Emile Levasseur, Mike Clancy
2. Minutes: Jan Clancy made a motion, seconded by Sandra Allyn-Gauthier, to accept the minutes of the June 11, 2012, meeting. Pauline Andruskewicz noted that the under the report on the sub-committee Community Relations, the word "survey" was omitted. 5.b. should have read, "Met June 4 and discussed a community-wide survey." Minutes were accepted with this correction noted.
3. P. Andruskewicz made a motion, seconded by Dan Harris, to take the agenda out of order. Motion passed with all in favor.
4. P. Andruskewicz made a motion, seconded by Dan Harris, to convene is Executive Session to discuss a matter which would result in the disclosure of public record or the information contained therein described in sub section (b) of Section 1-210. 7:05 pm
5. The Board moved out of Executive Session and reconvened the regular meeting at 7:38 pm.
6. Public comment – none.
7. Sub-committees:
 - a. Budget: Met July 25 and discussed capital items.
 - b. Community Relations: Met today, August 13 to continue discussion of the community-wide survey. The window for the survey is 9/28 – 10/15.
 - c. Transportation: Will meet on August 20. Possible replacement of a vehicle will be discussed.
 - d. Audit: Would like to meet with the new auditors. Due to time constraints, only J. Moulson will be able to meet with them for an informal meeting tomorrow, August 14. The audit is scheduled to begin about September 18.
 - e. Preston Advisory Board: Has completed one year and would like to continue. There will be some grant money available to support this.
8. Superintendent:
 - a. 2012 ESY Program: currently underway. By moving the program to the latter part of the summer, it was hoped that participation would be greater. Participation

has not particularly increased, however. There were 47 students recommended for the program and 28 have been attending.

- b. BoF meeting on 8-14-12: Any Board members available are asked to attend. We will be asking the BoF to establish a non-lapsing account, per the new law. The requested amount, which cannot exceed 1% of the budget, is \$104,286. The funds, if the BoF approves, would be used to replace the PK-2 playground (about 90k) and some technology (about 13k). If approved at the BoF meeting, the playground could be installed before winter. If there is a delay, then the playground would have to wait until spring.

9. BoE Expenditure

- a. Although the figures are not yet finalized, Bob Sirpenski estimates that the surplus for the 2011-2012 school year will be \$280,00 - \$319,000. If the BoF approves the 1% non-lapsing account, the \$104,286 will be taken from such surplus.
- b. Bob Sirpenski also provided the Cafeteria Report . There was a large food loss (about \$7000) from Storm Irene and many fewer lunches were sold this year than the prior year.

10. New Business

- a. In an effort to present large purchases to the Board proactively (ie, before rather than after), 3 purchase orders for transportation and one for technology were presented. Deb Burke-Grabarek made a motion, seconded by Dan Harris, to approve PO 120658, PO 130044, PO 130037, and PO 130038. Motion passed with all in favor.
- b. Kindergarten enrollment has surpassed the projected figure. Currently, 49 students, rather than the projected 39 students, are enrolled. Dr. Welch proposed creating a third section of kindergarten to keep class sizes in line with what Preston has done in the past. This would create sections of 16, 16, and 17. He proposed paying for the hire of another teacher with the savings realized by the administration re-organization (going with a part-time Special Education director). This savings of approximately \$40,000 would cover a large portion of the teacher's salary and benefits. The remaining amount could be taken from the lunchroom monitor line item. Lunchroom duties and recess duties would then be covered by IAs and possibly some classroom teachers. Dan Harris made a motion, seconded by J. Clancy, to authorize the Superintendent to hire a third kindergarten teacher for the 2012-2013 school year. Funding for the position to be taken as Dr. Welch proposed: from the administration re-organization savings and the balance from the lunchroom monitor line item. J. Moulson asked Bob Sirpenski to make the line item changes in line with this motion. B. Sirpenski agreed but requested that he be allowed to wait until after the hire is complete. Any funding remaining in the lunchroom monitor line item will be left in that line item. Motion passed with all in favor.

- c. 2012 CMTs: Dr. Welch presented the results of the cmts taken in the 2011-2012 school year. There were many increases in scores, although there are also areas that need improvement.
 - d. Instructional Rounds: tabled
 - e. Khan Academy: tabled
 - f. Administration Re-Organization:
 - i. Dr. Welch explained that Ivy Davis will be principal of Preston Middle School and also remain director of curriculum. Ray Bernier will be principal will be principal of Preston Veterans' Memorial School, and there will be a part-time Special Ed. Director.
 - ii. Jan Clancy suggested that the Board at least consider looking at the administrative level in the future, perhaps going with a part-time superintendent or with only one principal.
 - iii. Sandra Allyn-Gauthier said that if eventually we consolidate the two schools, that might be the time to review the administrative level.
 - iv. John Moulson said that policy was not followed in making the administrative changes described in section (f.i.) above. He stated that the Board should have authorized any such changes.
11. Curriculum: Ivy Davis briefly reminded the Board that the proposed changes to the LA curriculum were made to be proactive in aligning it with the common core standards that we must adhere to by 2015. The main changes involve text complexity and offering a large diversity of text. (Math will be revised during the coming year.) J. Clancy made a motion, seconded by S. Allyn-Gauthier, to approve the revised LA curriculum. Motion passed with all in favor.
12. Dan Harris made a motion to move into Executive Session to discuss the employment of a public employee. Opposed: Clancy, Burke-Grabarek, and Allyn-Gauthier so motion defeated and will be tabled until the next meeting.
13. Dr. Welch sent letters to 39 of 276 students in grades 3-8. **These 39 students were congratulated because they scored ADVANCED in all areas where they were tested in the cmts.**
14. J. Clancy made a motion, seconded by S. Allyn-Gauthier to adjourn at 9:17 pm.

Respectfully submitted,

Jan Clancy, BoE Secretary

FROM: Stefan Pryor
Commissioner of Education 

DATE: August 1, 2012

SUBJECT: School District Profiles

As we discussed at the meeting regarding Connecticut's new accountability system on July 23rd, school performance and progress in the 2012-13 school year will be assessed using different indicators. Using data from previous years (including 2011-12), the Connecticut State Department of Education (CSDE) has set differentiated performance targets for districts, schools, and subgroups for the 2012-13 school year.

In this mailing, please find school profiles for all schools in your district and district profiles that capture performance across schools. If a representative from your district was unable to attend the meeting on Monday when the new metrics were explained, we have also included a copy of the presentation slides, a description of the new accountability indicators, and a summary of the NCLB waiver flexibilities.

Please visit the CSDE website at: <http://www.csde.state.ct.us/public/cedar/nclb/index.htm> to access these documents and to listen to a **narrated presentation** that explains our new measurement and accountability system.

If you have any further questions about the new indicators, please contact Gilbert Andrada at gilbert.andrada@ct.gov.

Please note that these are the baseline data for Connecticut's new accountability system. Where sufficient data were unavailable to calculate a three-year achievement average using 2010, 2011, and 2012 data (i.e. n<20), the most recent data were used as the baseline value. These data should not be used to rank or classify schools. They are provided for use by districts and schools to support planning and goal-setting. More information about these indicators is available in the explanatory documents.

At the time of this printing, the procedure to implement the caps on achievement at the Goal level on the Skills Checklist and the MAS (1% on Skills Checklist, 2% on MAS, or 3% combined between both tests) were being finalized. Implementing this procedure is unlikely to alter a baseline figure. Nevertheless, new district reports will be issued when the procedure for implementing it as part of this accountability system has been approved.
