Superintendent Galloway provided an update to the Board. On 6/10/26, the Class of 2026 graduated. Superintendent Galloway stated that the students are well prepared for college, the workforce, and the military after a high school career on a beautiful campus, with supportive families, and caring staff. Superintendent Galloway wished the graduates the very best.

The last day of school for pre-K through grade 11 students was 6/17/26.

The Girls Lacrosse team won the Class S State Championship for the first time on 6/13/26. Superintendent Galloway noted the encouragement shown on the sidelines between teammates and coaches. The Boys Lacrosse team won the Class S State Championship on 6/18/26 against Suffield in overtime. The district celebrated three championship teams this spring, including these lacrosse teams and the boys' soccer team. Board Member Dr. Sharon Goulet commented on the high level of kindness and sportsmanship in athletics among the recent

graduates. Chair Briggs and Board Member Gina Olearczyk also commented on the structures set up in lacrosse and soccer to welcome incoming students to each sport at the high school level.

Board Member Anne Kirkpatrick requested an update regarding staffing vacancies. Internal positions will be filled along with some required positions. At this time the Consumer Science position at SHS will not be filled due to the current budget difficulties. Board Member Gina Olearczyk noted that this position is the one position the SHS Student Representatives advocated for throughout the school year. Students

Reporting of Child Abuse, Neglect and Sexual Assault

The Board of Education recognizes that a student's mental and physical health will have an effect on the student's ability to obtain the most benefit from attending school. In order to increase the student's ability to learn while in school, the Board of Education realizes the importance of identifying students who may be suffering from abuse, neglect, or placed in imminent danger of serious harm or sexually assaulted. Pursuant to Connecticut General Statutes 17a-101, as amended, all school employees, including the Superintendent of Schools, administrators, teachers, substitute teachers, guidance counselors, school counselors, paraprofessionals, psychologists and social workers licensed behavior analysts, coaches of intramural or interscholastic athletics, as well as school nurses, physicians, working in the school system, or any other person who, in the performance of his or her duties, has regular contact with students and who provides services to or on behalf of students enrolled in District schools, who suspects child abuse, neglect or sexual assault by a school employee must first report it to the Department of Children and Families or to a law enforcement agency. When a school employee suspects child abuse, neglect or that a child has been placed in imminent risk of serious harm or has been sexually assaulted, he/she shall within twelve (12) hours make an oral report by telephone or in person to the Commissioner of Children and Families, or a law enforcement agency, followed within 48 hours with a written report. The Building Principal shall be notified immediately after the oral report has been made and the Principal in turn will notify the Superintendent of Schools and the child's parents. The written report prepared and submitted by the mandated reporter shall also be submitted to the Principal.

Any school personnel who has reasonable cause to suspect that a district employee is abusing, neglecting, or sexually assaulting a student shall orally report that suspicion as soon as possible but no later than twelve (12) hours by telephone or in person to the Commissioner of Children and Families followed no later than 48 hours of making the oral report with a written report to the Department of Children and Families. The Superintendent of Schools or supervising agent may be notified immediately after the oral report has been made. The Commissioner of Children and Families or his/her designee, is required to notify the school employee and the head of a school, except when that person is the alleged perpetrator. The Superintendent or supervising agent must: 1) immediately notify parent(s) of the alleged abuse that a report has been made; and 2) immediately notify the Police Department of the alleged abuse.

In addition, the Superintendent or supervising agent must submit a written report of suspected child abuse, neglect or sexual abuse by a school employee who has been entrusted with the care of a child to the Commissioner of Education or his/her representative. The Commissioner of the Department of Children and Families has a similar obligation. The Superintendent shall suspend a District employee when the DCF investigation results in a finding of reasonable cause that the employee abused, neglected, or sexually assaulted a child and recommends the employee be placed on the DCF Child Abuse and Neglect Registry. The Department of Children and Families is required to send to the State Department of Education a copy of the report. Within seventy two (72) hours after such suspension the Superintendent shall notify the Board of Education and the

Commissioner of Education or his/her representative of the reasons for and conditions of the suspension.

If the contract of employment of a school employee who possesses a certificate, permit or authorization issued by the State Board of Education is terminated, or if such certified school employee resigns his/her employment, as a result of an investigation which reveals that child abuse, neglect or sexual assault has occurred, the Superintendent shall notify the Commissioner of Education within 72 hours of such termination or resignation.

If the report of abuse or neglect involves an employee of the District as the perpetrator, the District may conduct its own investigation into the allegation, provided that such investigation shall not interfere with or impede any investigation conducted by the Department of Children and Families or of law enforcement agencies.

The Board recognizes that the Department of Children and Families is required to disclose records to the Superintendent of Schools in response to a mandated reporter's written or oral report of abuse or neglect or if the Commissioner of Children and Families has reasonable belief that a school employee abused or neglected a student. Not later than five (5) working days after an investigation of child abuse or neglect by a school employee has been completed, DCF is required to notify the school employee and the Superintendent and the State Department of Education of the investigation's results. If DCF has reasonable cause, and recommends the employee be placed on DCF's Child Abuse and Neglect Registry, the Superintendent shall suspend such employee.

The Superintendent shall maintain records of allegations, investigations and reports that a child has been abused or neglected by a school employee. Such records will be maintained in the District's Central Office. The records shall include any reports made to the Department of Children and Families. Such Department is to have access to all such records.

The Board, recognizing its responsibilities to protect children and in compliance with its statutory obligations shall provide in-service regarding the requirements and obligations of mandated reporters. In addition, all District employees shall complete a training program pertaining to the accurate and prompt reporting of abuse, neglect and sexual assault made available by the Commissioner of Children and Families. Also, all employees must complete a refresher program at least once every three years.

The Board, recognizing its responsibilities to protect children and in compliance with its statutory obligations, shall provide to each employee in-service training regarding the requirements and obligations of mandated reporters. District employees shall also participate in training offered by the Department of Children and Families. Each school employee is required to complete a refresher training program annually.

The Board shall annually distribute the mandated reporter policy electronically to all school employees and contractors employed by the Board of Education in regular contact with children. The Board shall annually distribute electronically, to all school employees and relevant contractors. Board members, and parents and guardians of enrolled students, (1) guidelines on identifying and reporting child sexual abuse, starting in the 2022-23 school year, and (2) information on DCF's sexual abuse and assault awareness and prevention program.

Documentation shall be maintained by the Principal of each school and reported to the Superintendent that all employees have, in fact, received the written policy and completed initial training and refresher training related to mandated reporting of child abuse, neglect and sexual assault as required by law.

The Board shall not retaliate against any mandated reporter for his/her compliance with the law and Board policy pertaining to the reporting of suspected child abuse and neglect.

The Board of Education will post the telephone number of the Department of Children and Families' child abuse hotline, Careline, and the Internet web address that provides information about the Careline in each District school in a conspicuous location frequented by students. Such posting shall be in various languages most appropriate for the students enrolled in the school.

Establishment of the Confidential Rapid Response Team

The Board of Education shall establish a confidential rapid response team to coordinate with DCF to (1) ensure prompt reporting of suspected child abuse or neglect; or 1st, 2nd, 3rd, or 4th degree sexual assault; 1st degree aggravated sexual assault; or 3rd degree sexual assault with a firearm of a student not enrolled in adult education by a school employee and (2) provide immediate access to information and individuals relevant to DCF's investigation of such cases.

The confidential rapid response team shall consist of (1) a local teacher and the Superintendent, (2) a local police officer, and (3) any other person the Board of Education deems appropriate.

DCF, along with a multidisciplinary team, is required to take immediate action to investigate and address each report of child abuse, neglect or sexual abuse in any school.

Electronic Participation

Recognizing the inherent responsibilities and statutory duties of Board of Education members, the Board of Education (Board) strongly encourages Board members to attend and participate in Board meetings. Though great importance is given to the physical presence of Board members at meetings, the attendance and participation of members by electronic equipment is authorized whenever physical presence is not practicable. All votes at a meeting in which members are attending by teleconference shall be taken by roll call.

Whenever possible, meeting agendas and supporting materials shall be available at all teleconference facilities used for the Board meeting.

The Board of Education recognizes that technological advances allow for broader participation in public meetings. In accordance with Connecticut General Statutes, the Board authorizes the use of electronic equipment to allow Board members to participate in meetings and to provide public access to such meetings.

Any member of the Board shall be permitted to participate in a regular or special meeting of the Board by means of electronic equipment, such as telephone, video conferencing, or other technology.

Members who wish to participate in a meeting electronically shall notify the Board Chairperson and Superintendent as early as possible. The Superintendent will arrange for the

meeting to take place at a location with the appropriate equipment so that Board members participating electronically may interact, and the public may observe or hear the comments

A member participating remotely shall be considered “present for the purposes of a quorum and shall have the same rights to discuss and vote on matters as those members physically present, provided that:

- The member is able to hear and be heard by all other members in attendance.
- The member is able to hear and be heard by any members of the public in attendance.

Any member participating by electronic equipment shall make a good faith effort to state their name and title at the outset of each occasion that such member participates in oral deliberations. The Board may, at its discretion, hold meetings in any of the following formats:

- In-Person: Conducted at a physical location with members physically present.
- Fully Remote: Conducted solely by means of electronic equipment.

For any “regular” meeting held remotely or as hybrid, the Board shall provide at least forty-eight hours’ notice to each Board member and the public. The meeting agenda shall include clear instructions on how the public may access the meeting via electronic equipment. If the meeting is hybrid, the agenda shall state the physical location where the public may attend to observe the meeting or use equipment to participate.

In any meeting where at least one member participates by electronic means, all votes shall be taken by roll call, unless the vote is unanimous. The minutes shall reflect which members were physically present and which participated via electronic means.

If a member participating remotely is necessary to maintain a quorum and that member’s connection is lost, the Board shall:

- Suspend the meeting for a period of no less than thirty (30) minutes and no more than two (2) hours to allow the member to reconnect.
- If a quorum cannot be restored after this period, the meeting shall be adjourned or postponed.
