CALL BACK TO ORDER: Ms. Lynn Piascyk, Chair, called the meeting to order (7:06 PM).

BOARD MEMBERS PRESENT: Ms. Lynn Piascyk, Chair (in-person); Dr. Maria Madonick, Vice Chair (in-person); Ms. Sarah Beth Del Prete, Secretary (remote); Dr. Jay Dahya (in-person); Ms. Brooke Hopkins (in-person); Mr. Jeff Hughes (in-person); Mr. Steven Lawrence, (in-person), Dr. Michael Strambler (in-person) and Erin Williamson (in-person).

STAFF: Vonda Tencza, Superintendent; Analisa Sherman, Principal; James Sapia, Assistant Principal; Cheryl Tafel, Assistant Principal; Carrie Borcharding, Special Services Director; Donna Coonan, Director of Business Services/ Operations; and Marsha DeGennaro, Clerk of the Board.

CORRESPONDENCE – Ms. Del Prete acknowledged receipt of several emails from BRS parents regarding Advanced Math, Grade 6 teachers and MAG.

PUBLIC COMMENT

Ruth Pamphile – 6th grade parent who expressed concerns regarding recent events with a substitute teacher, alleged student assaults and the lack of communication from administration. Children should be safe in school in school and validated for speaking up and sharing their concerns. Administration needs to do better in addressing situations.

Allison Valsamis – disappointed in the lack of proactive responses regarding the two Grade 6 teachers who resigned. Administration failed to provide a clear plan and there was a lack of transparency in how the situation was handled. The curriculum is not being followed nor is daily monitoring occurring and it is affecting our children’s education. Administration needs to provide a comprehensive education plan for Grade 6 students.

Barbara Ahern – is a MAG teacher and noted the invaluable contributions of Jayne Shiner to the MAG program during her 25 year tenure as a MAG Teacher Assistant.

Kris Edwards – 6th grade parent who noted the many challenges associated with the lack of advanced math education for 5th and 6th grade students. She hoped consideration would be given to inviting parents and local veterans to participate in the Veterans Day Ceremony. Students have limited exposure to the military and this is an event we should continue to have in the Town of Woodbridge.

Mohini Ranganathan – 6th grade parent who noted the lack of communication from administration regarding recent staffing changes in Grade 6. These students need support and a clear plan that will prepare them for the Middle School. Administration needs to communicate to parents the expectations / standards of the plan to bridge the gaps.

Chris Conroy – 6th grade parent who is very disappointed in the prolonged absence of a certified teacher and the lack of communication and transparency from administration is frustrating. There are approximately 80 children in Grade 6 that have not received an adequate education since September. Parents deserve to know what is happening in the classroom, specific actions being taken, that there is safety in the classroom and that children are receiving a proper education. Administration needs to do a better job of communicating.

PTO Update – Ms. Kruger noted the Halloween Hoot raised approximately \$26,000, the Thanksgiving Food Drive and Original Artwork fund-raisers are nearing completion and the Book Fair will run November 27 through December 1. The full report is available in BoardBook.

CONSENT AGENDA

MOTION #3 – CONSENT AGENDA

Move that we approve the consent agenda as presented.

Mr. Lawrence
Second by Ms. Hopkins
UNANIMOUS

Superintendent Report – Superintendent Tencza noted that our November enrollment is 877. Appreciation was expressed for the sharing of concerns. Administration understands the frustration, however, the district is not able to comment on personnel matters and resolution takes time. Grade 6 families will receive information next week on the next steps, plans for moving forward as well as timeframes, additional supports and dissemination of regular updates going forward. The Apple Distinguished School Ceremony will be held on November 21 and there will be a budget workshop on December 11. It is anticipated the 2024/25 budget will include the restoration of a STEAM teacher. Jayne Shiner was recognized for her 25 years of service as a Teacher Assistant in the MAG program.

Multi-Lingual Learners – This program serves approximately 50 students in 15 different languages and various levels of efficiencies. Accommodations are made for translation in communications, lessons as well as various testing including smarter balanced scores through the use of Lexia English. It was suggested that historical data on LAS, performance of these students in SBAC and transition tracking be compiled to determine if additional resources are required.

2024/25 Calendar – Superintendent Tencza outlined the proposed calendar developed in collaboration with the BOWA districts. Amity has asked that when BOWA districts review the 2024/25 calendar to consider a full vacation week in February for the benefit of Amity student interns. There are limited options for flexibility given the shared transportation system. Bethany and Orange have opted not to include a full week in February and it is anticipated they will adopt the two-day break.

Open Choice – Superintendent Tencza presented the recommendation to return to 18 slots for the 2024/25 school year. This recommendation is predicated on one Grade 6 student leaving and the addition of the two vacant slots to accommodate two siblings of current students attending BRS under Open Choice. While we are not able to control the lottery and placement of students, we have been able to establish a clearer billing pattern, more responsive communications and a better defined reimbursement allocation with the New Haven Public Schools. Questions were raised relative to incoming class sizes in Kindergarten, other districts opting out of participation and finding alternative options to reduce racial economic isolation. Given current participation, we are over represented with the number of white participants and under-represented in black and latino populations. Perhaps there are other programs that could fulfill mandated requirements to improve academic achievement; reduce racial, ethnic and economic isolation; and provide a choice of educational programs for public school students.

MOTION #4 – OPEN CHOICE

Move that we continue participation in the Open Choice program and adopt the Superintendent's recommendation to allocate 18 slots for the 2024/25 school year with any vacant slots filled beginning in Kindergarten.

Move that we explore other options for the future to address diversity in this district and create integral relationships with other districts.

BRS Update – Ms. Sherman noted the school-wide Halloween Costume walk, the Veteran’s Day Ceremony, new teacher evaluation guidelines, Apple Distinguished School Award with technology displays in various classrooms and a robot parade, professional development days in literacy instruction and the Master reading class.

Math Update – Superintendent Tencza and Ms. Sherman highlighted various aspects of the Math program for what is currently in place, what is working, what will be tweaked, Grade 5 and 6 pathways for the building of curriculum foundations, the Grade 6 pathway to Middle and High School Math and creating program extension offerings in EDay or after-school opportunities. The focus of the program is to build foundational skills that develop a deeper understanding of standards versus skipping content, compacting of mathematical / content curriculum standards, defining expectations of each grade level and differentiating learning for all levels. It was noted that for the second year in a row, we ranked number 1 in our DRG in Math are in the top 3 of DRG A. While we did not have enough students who qualified for pre-algebra this year, our test scores validate that we are successful at serving the whole child.

It was noted that pre-algebra eligibility is based on standardized assessment testing and students must score 98 or higher in 5 out of 6 content areas to qualify. It was suggested that a page be created on the web site that defines our pre-algebra qualification criteria as well as the criteria for Middle School acceptance. Perhaps through conversation Amity could be convinced to change their standards and/or criteria. We need to attain a better solution than having students skip an entire grade level of content. Also, given the recent staffing changes in Grade 6, a veteran teacher is now teaching Math. There will be an additional follow-up provided at the January 16 regular meeting as well as the spring.

Town Building Committee Update – Mr. Hughes outlined the Education Specification pertaining to the Roof Replacement project that are required in order to have roof replaced this coming summer. As a referendum vote is required, there is a very rapid and tight timeline to achieve commencement of construction by the beginning of summer.

MOTION #6 – ED SPECS (ROOFING PROJECT)

Move that we approve the Education Specifications pertaining to the Roof Replacement project as presented by Silver Petrucelli for submission to the Town Building Committee and CSDE.

Mr. Hughes

Facility Committee – Mr. Hughes indicated this Committee met on November 2 and again on November 8 at the request of the Town Building Committee to review proposed capital projects. Superintendent Tencza also submitted a letter to the Town Building Committee supporting the projects identified in the 2025-2030 Capital Projects proposal.

Finance Committee – Mr. Lawrence noted that the Finance Committee met on November 14 to review monthly financials and the 2025-2030 Capital Budget proposal.

2025-2030 Capital Budget Proposal – these projects were reviewed and will be voted on at the December 18 regular meeting.

Policy Committee – Dr. Madonick presented the two mandated policies under 30-day review for adoption.

MOTION #7 – POLICY 3542.41 – FOOD SERVICE PERSONNEL PROFESSIONAL STANDARDS ADOPTION

Move that we adopt 3542.41 – Food Service Personnel Professional Standards as presented.

CABE Liaison Report – Ms. Piascyk noted the attendance of herself, Superintendent Tencza, Dr. Madonick, Ms. Hopkins, Ms. Del Prete and Mr. Lawrence at the CABE Conference on November 17 and presented the Board Leadership Recognition Award.

Upcoming Meeting Presentations – December 11 Budget Workshop on the Superintendent’s 2024/25 Proposed Budget.

NEW BUSINESS

Superintendent Tencza informed the Board of two certified staff resignations.

MOTION #9 – CERTIFIED STAFF RESIGNATION (HORVATH)

Move that we accept the resignation of Kristin Horvath effective November 10, 2023 with regret.

Ms. Piascyk

MOTION #10 – CERTIFIED STAFF RESIGNATION (CAMPBELL)

Move that we accept the resignation of Christine Campbell effective November 13, 2023 with regret.

PUBLIC COMMENT

Kristen Turkosz – hoped the Board would not be swayed by the bells and whistles painted by administration for the repackaging of Math. The worksheets given are not enrichment, they are busy work. We need to find a quality educator to teach these students. While some students are being taught by a pre-algebra computer program, this cannot be the long-term solution. These students deserve better and hopefully the January presentation will actually reveal what is going to be done.

Betty Miller noted the \$3,000 cost of the summer geometry course offered at Hamden Hall and Fairfield Prep as this course is not offered by Amity. The Board was urged to find a more affordable option to ensure students are properly challenged in math.

Woodbridge Public School's 2023-2024 Budget Narrative

December 7, 2023

The attached financial reports represent five months (42%) of the fiscal year.

100 Series Salaries - Salaries represent 61% of the budget. Two recent teacher resignations which are currently being filled by substitutes are giving us additional salary savings in this category. We are currently down three paras. We are recording the new SRO position in non-certified salaries. The net of all these items has us showing \$140K of salary savings on the year which is about \$30K more than the prior month.

200 Series Benefits – Benefits are 21% of our budget is based on the elections of last year's staff. Our insurance expenses are running on track with the budget. Continued vacancies have us trending toward some savings in CMERS and payroll taxes.

300 Series Purchased Professional Services- This category represents 3% of our budget and includes legal, audit and other expenses that are generated on a month-by-month basis. With the two previously mentioned teacher vacancies being staffed by long term substitutes, this line is trending \$15K over budget. We still have the savings from employing our School Resource Officer directly and not as a Professional Service giving this category a net \$123K savings on the year.

400 Series Purchased Property Services - Purchased Property Services are 4% of the total budget and have been increased over the previous year to keep up with higher natural gas prices. The winter has not been too cold yet, so we may be in for additional savings in our natural gas budget line, but it is still early to try and predict. A more detailed review of electricity charges was taken during our FY25 budget preparation and we are now predicting a significant \$25K savings due to the pool filters not running while the pool remains empty.

500 Series Other Purchased Services - This category is 9% of our budget and includes student transportation, tuition, interns, liability insurance and items that do not fall within the professional services/property services categories. We expect some small savings in our Worker's Comp and Liability insurance expenses, as well a small amount of saving in Internet expense. We will incur some additional special education transportation costs for the rest of this year which will take our expected savings in this line town to \$3K.

600 Series Materials and Supplies – These supplies account for 2% of our budget. With the exception of custodial/maintenance supplies, this category is direct support for classroom instruction. We plan to utilize all of these budgeted funds for the year. Testing supplies is bringing this category about \$2K over budget for the year.

700 Series Furniture and Equipment - This category represents 6/10 of one percent of the budget and since we were able to pre-buy \$45K of Chromebooks with our FY23 surplus, but have committed about \$8K of that savings to additional technology purchases, leaving us with a \$37K savings in this category.

800 Series Dues and Fees – This budget category is small but important as it links staff to professional organizations that help keep them up-to-date in their respective academic fields. We anticipate utilizing all available fund.

900 Series Misc. Expenses - The primary expense in this category is the Ezra Nurse, a non-public health expense we are required by law to maintain.

Construction Solutions Group, LLC (CSG) is pleased to submit a Proposal for the management of a Feasibility Study, Preparation of Educational Specifications, and Submission of a Grant Application to the Office of Grants and Administration (OGA) including the preparation of a professional cost estimate for the Beecher Road Elementary School. Due to projected enrollment, the school administration believes a project will be necessary to accommodate the increase in student population.

In response to your request, CSG has prepared a scope of services to manage the necessary aspects of a study and its subsequent requirements in preparation of a Grant Application to the State. Our responsibilities will include "Owner's Representation" to ensure that the Town of Woodbridge/Board of Education's (Town/BoE's) best interests are prioritized during the course of the project. Our Proposal has been structured to allow the Town/BoE the option to continue to move forward with CSG as identified below should you elect to proceed with future phases of the project.

Anticipated Scope of Services

PHASE I - Preparation of a Feasibility Study RFQ/P with various options

Timeframe: Approximately October 2023 – November 2023

- Write a RFQ/P for architectural services to include the requirement to present various options (i.e. take no action, construction addition and renovate as new, construct new school in same location, construct new school in different location to split the student population)
- Review the final document with School Administration prior to public release
- Conduct a "walk-through" pre-proposal meeting
- Receive and formally respond to questions from the prospective respondents
- Review RFQ/P submissions and prepare a "scoring sheet" including ranking of the respondent's fees
- Manage the contract/purchase order process with the Town/BoE and the selected architectural firm

PHASE II – Manage the Feasibility Study Process

Timeframe: Approximately December 2023 – January 2024

- Coordinate access and "walkthroughs" of the successful architectural firm
- Manage the schedule of deliverables by the selected architectural firm
- Review the final report of the architectural firm including the costs of the various options

EDUCATIONAL SPECIFICATIONS

Timeframe: Approximately January 2024

- Conduct initial meeting with school administration to establish process/schedule of meetings and interviews with staff and administration
- Conduct meetings and interviews with selected staff and administration
- Write the draft Rationale for the Project and Long Range Educational Plan
- Review and write the Enrollment Data and Proposed Project Capacity
- Create the Interior Building Environment narrative
- Write the Building Systems section with input from facility staff interviews
- Write the Site Development section in the context of the feasibility study conclusions
- Create the Program Diagrams and Program Matrix
- Present to the BoE at a regularly scheduled meeting the final version for their approval

GRANT APPLICATION

Timeframe: Approximately February 2024 – June 2024

- Prepare all required forms/documents required for a complete OGA grant application
- Coordinate with Town/BoE officials for signatures
- Coordinate with Town/BoE to obtain access to Core-CT portal for uploading of the Grant Application
- Create a total project budget
- Input the project estimate into BizNet

Subject: *Proposal to prepare Request for Proposal to conduct a Facilities Conditions Assessment for the Beecher Road School*

Dear Mr. Coonan,

Based on our discussions on November 2, 2023, Colliers Project Leaders USA NE, LLC ("CPL") is pleased to offer this proposal to prepare an RFP (Request for Proposal) to solicit professional services to conduct a Facilities Conditions Assessment of the Beecher Road School. Based on our discussions and walk through the school, Colliers is recommending that the district hire a qualified architectural firm to conduct a physical assessment of the existing facility. The purpose of doing so is to obtain factual documentation of the existing conditions that will ultimately support the district in determining how to proceed with any proposed improvements to the school.

The study will include review of the building envelope (building façade and roof), review of the facility for code violations (e.g. ADA, fire code, etc.), assessment of the existing mechanical and electrical equipment serving the building, and review of the existing site conditions such as drainage, parking, and accessibility to and from the building.

As part of the study, we will also request that the architectural firm perform a preliminary assessment to determine if the school could be a potential candidate for renovation status when compared to the SCG-3520 Renovation Checklist that is published by the Office of Grants Administration. Preparing such assessment will greatly inform the district whether it can likely keep the existing building and renovate it or if a new facility is recommended.

We'll also request that the selected firm analyze the existing programmed spaces (classrooms, media center, cafeteria, administration, etc.) and compare them against the form SCG-2500 - Connecticut School Construction Standards and Guidelines as well as compare the existing building area against

the space standards to determine if the overall size of the building is adequate for the projected enrollment.

Collectively, this study will provide valuable data for the preparation of viable options for the improvement of the Beecher Road School. Understanding whether the school can be renovated per the required checklists will greatly inform the district of which direction it should proceed. Understanding the physical deficiencies of the building and challenges associated with such a renovation will help to justify any alternative options to renovating the school.

Colliers' scope of work will not only include preparing the RFP, but also assisting the district evaluate the proposals, conduct interviews, and oversee the study. We'll ultimately review the study's findings and recommendations and verify if such recommendations are reasonable. We expect this study to take approximately three to four months in duration.

Colliers proposes to perform this effort on an hourly basis with a not-to-exceed limit of \$9,500.00. All invoicing will include an accounting of detailed hourly efforts to support it. This fee will also include any incidental reimbursable expenses such as mileage to and from the district.

This study will be managed primarily by me or our associate director, Scott Pellman who is a registered architect and has a deep knowledge of the OGA process. Mr. Pellman designed many schools in his years prior to coming to Colliers and has managed similar types of projects as this. Below are the hourly rates for our services. Please note that it will mostly be Mr. Pellman or myself as the director providing these services.

Hi Donna,

As noted, our proposal covers Phase I and II.

Phase III – Create and Produce Ed Specs: We'd connect you with Dan Hansen who is an independent consultant. Dan is a retired assistance superintendent from South Windsor and wrote all the South Windsor Ed Specs as well as many others in the state. His cost for the Wallingford HS ed spec recently was \$5,500 with a daily rate of \$750. I'd say between \$5k and \$6k would suffice. We'd prefer to have the district contract with Dan directly if possible. We can contract it at 0% markup if necessary.

Phase IV – Grant Application filing. We prepare and compile the documents and assist you with the submission. That we can do for \$7,500.

The larger variable is between Phase II and Phase III which is the option development phase. That phase will depend on the outcome and recommendations from Phase 2. As we discussed, if the architect cannot certify the renovation status, then we're looking at a replacement of the building (assuming the district wants reimbursement). Assuming this, the unknown is what site or site's the school(s) will go on. We think you may have room on the existing site but that's to be determined. If the district elects to hire an architect to develop a conceptual plan, we can either use the Phase 2 architect, or draft an RFP to solicit proposals. If an RFP, then there's a few hours for that. The largest unknown is really the amount of meetings needed. We've seen projects go through swiftly and then others drag out for many months up to a few years. I estimate our fees can range from \$25k up to \$50k depending on all the town variables which we cannot predict. If it goes on for years, then that value goes up as more effort is needed. For now I'd say between \$25k and \$50k. If we're looking for one value, then I'd have to err on the higher side of course. We'd certainly do it on an hourly basis and provide you all the backup hours. We unfortunately cannot predict the hours with any degree of accuracy.

My apologies for the vagueness on price between Phase II and III. There's many variable that can affect our efforts that we're not in control of.

I hope this helps.

Chuck

CALL TO ORDER: Dr. Madonick called the meeting to order at 4:32 PM.

IN ATTENDANCE: Dr. Maria Madonick, Chair (in person), Lynn Piascyk (in person), Brooke Hopkins (remote), Erin Williamson (4:52 PM remote) Board of Education Members; Vonda Tencza, Superintendent; Donna Coonan, Director of Business Services / Operations; and Teresa Ramia, WEA Liaison.

PUBLIC COMMENT: None

The Committee reviewed the following policies:

- 9132.4 – Finance Committee (returned from WBOE November 20, 2023 Meeting)
- 3515 – Use of School Facility
- 5111 – Admission / Placement

Policy 9132.4 – it was noted this Policy had previously been reviewed by this Committee in June, July, August, September and November. The Board referred this policy back to the Policy Committee for further review. The last bullet was revised adding “*Capital and Operating*” after “*annual*”, “*schedules*” changed to “*calendars*” and added “*Board of Education*”. The Committee agreed this policy would be submitted to the Board for 30-day review at the December 18, 2023 meeting.

Policy 3515 – the Committee reviewed the fee schedule and the current structure for recreation use of the building. Under *Use of School Facilities* the last paragraph was deleted as this is no longer the practice. It was suggested that in the spirit of community, organizations comprised of mostly BOWA residents be free or have a reduced fee. Language was added *The Woodbridge Board of Education and the Recreation Department have had a collaborative arrangement whereby the use of the town and school fields are shared, as reasonably available, without any charges or fees, except for the necessary custodial overtime costs related to the activity or event. This arrangement shall continue with the mutual agreement of the parties.*

Ms. Williamson arrived (4:52 PM)

Under *Types of Activities Which Will not be Permitted* No. 4 was modified to include “unless approved by the Superintendent; No. 7 was revised to include *illegal and/or recreational drugs, and tobacco* after *alcoholic beverages*. Under *Application for Use of the Building or Grounds*, No. 2 or *the Recreation Commission* was deleted.

There was agreement that the current fee structure would be adjusted to align with more up-to-date charges and a revised policy would be shared with the group later in the week.

Dr. Madonick left the meeting (5:14 PM)

Policy 5111 – the date was changed to reflect recent legislative changes and additional language was added to reflect the new Kindergarten Age. The policy language modifications reflect recent legislative changes, updated timelines for compliance and modification of forms for submitted documentation. This policy was tabled until the next meeting on February 5.

Items reviewed and discussed included the monthly financials inclusive of the FY Budget Narrative, Summary and Detail Financial Reports. Financials are running close to budget with significant savings identified in certified / non-certified salaries / vacancies, the switch of the SRO model, purchased property services and technology. Increases have occurred in substitutes, special education transportation and testing supplies. It is anticipated that if things continue to hold steady, there could be a projected surplus upon completion of the 2023/24 school year.

Eventually our circuit boards will be repair only and will need to be sent out and hope the repair is successful. That could mean a lot of
down-time for the elevator that services our cafeteria program.

PROPOSED 2023-2024 BUDGET OVERVIEW

December 11, 2023

Dear Members of the Woodbridge Board of Education,

I am pleased to submit the FY 2024-25 Superintendent's proposed budget for your consideration. The proposed budget is \$17,679,200, which amounts to an increase of \$662,109 or 3.89% over the current FY2023-24 budget.

This budget was developed to reflect the values and vision of the Board and Community and underscores our commitment to fostering learning at high levels. We believe this budget will provide a high-quality educational program that serves all students while continuing to advance the District's goals.

The key drivers in developing the FY25 budget remain consistent with past budgets and include:

- District Strategic Plan focus
- Salary and Benefit Increases
- Continued Increasing Enrollment and Increasing Student Needs
- Special Education
- Increasing Transportation Needs
- Technology improvements and replacements
- Reallocation of Resources to Increase Efficiencies

Historically, salaries and benefits account for around 80% of our total budget. That percent increased slightly in the FY2025 budget request.

Our spending plan continues to support the vision and mission of the Woodbridge School District and focus on the academic, emotional, social and physical needs of our learners in an effort to prepare them for a successful future as responsible global citizens. This budget was developed with the purpose of creating an environment with high expectations, quality instruction, and continuous improvement for our staff and our learners of the Beecher Road School Community.

Thank you for your consideration of this budget as presented. I look forward to our collaborative conversation about how best to continue to move our district forward.

Vonda J. Tencza
Superintendent of Schools
