## Woodbridge Public School's 2025-2026 Budget Narrative

March 30, 2026

The attached financial reports represent eight months (75%) of the fiscal year. However, I should note that due to an earlier than normal Finance Committee meeting these reports were completed before the month was closed.

**100 Series Salaries** - Salaries represent 61% of the budget. There were a couple of small changes in the assumptions surrounding our salaries this month and our estimated surplus in this category increased to \$291K. Our Supervising Nurse has resigned and will likely have some period of vacancy in that position during the remainder of this fiscal year. We also have two non-certified staff members out on unpaid leave, and we decreased the estimated future expense of our cafeteria monitors as it is likely we won't hire anyone for the short remainder of the year.

**200 Series Benefits** – Benefits are 21% of our budget based on the elections of last year's staff. The estimated deficit in this category decreased by approximately \$10K. The decrease is due to adjustments in our estimates due to vacancies and unpaid leaves of absence.

**300 Series Purchased Professional Services**- This category represents 3% of our budget and includes legal, audit and other expenses that are generated on a month-by-month basis. The overall deficit in this category increased about \$13K to \$28K. We decreased our estimated Substitute expenses and increased our estimated Consultant Services to arrive at the new year end estimate.

**400 Series Purchased Property Services** - Utility budgets are 4% of the total budget. As the utility bill continues to come in high, both our electric and heating lines are ahead of where they were last year at this time. We have therefore estimated additional utility expense for the year and now anticipate this category being \$74K over budget. Hopefully we have turned the corner and will have a temperate spring. On the bright side, our electric and natural gas rates are locked through the next budget year.

**500 Series Other Purchased Services** - This category is 9% of our budget and includes student transportation, tuition, interns, liability insurance and items that do not fall within the professional services/property services categories. The overall estimated deficit of \$83K is about the same as last month.

**600 Series Materials and Supplies** – These supplies account for 2% of our budget. With the exception of custodial/maintenance supplies, this category is direct support for classroom instruction. We anticipate utilizing all of these funds.

**700 Series Furniture and Equipment** - This category represents 6/10 of one percent of the budget and we currently project to utilize all budgeted funds.

**800 Series Dues and Fees** – This budget category is small but important as it links staff to professional organizations that help keep them up-to-date in their respective academic fields.

**900 Series Misc. Expenses** - The primary expense in this category is the Ezra Nurse, a non-public health expense we are required by law to maintain.

Employees of the school system shall not directly solicit, accept, or receive personal gifts from vendors or contractors in the performance of their official duties. The acceptance of entertainment and hospitality is prohibited where the employee is the sole or major recipient as opposed to large group gatherings as may be the case at seasonal parties, receptions or conventions sponsored by vendors.

This prohibition shall not be construed to prevent vendors from providing opportunities for school employees to see or hear about new ideas, equipment and/or materials.

Acceptance by employees of gifts from commercial organizations is discouraged.

### **Relations between Public and School Personnel**

#### **Conduct on School Property**

The Board of Education (Board) expects mutual respect, civility and orderly conduct among all individuals on school property or at school events or in communications with the school district. District staff will treat parents and other members of the public with respect and expect the same in return. The Board is committed to maintaining orderly educational and administrative processes in keeping schools and administrative offices free from disruptions and preventing unauthorized persons from entering school/district grounds.

This policy promotes mutual respect, civility and orderly conduct among Board members, District employees, parents and the public. It is not intended to deprive any individual of ~~his/her~~ **their** right to freedom of expression, but only to maintain to the extent possible and reasonable, a safe, harassment-free environment for students and staff. Volatile, hostile or aggressive actions and words cannot be tolerated, and individuals who engage in these activities may face legal penalties.

In the interest of presenting Board members and District employees as positive role models to the students as well as to the community, the Board encourages positive communication and discourages volatile, hostile or aggressive actions. The Board seeks public cooperation with this endeavor.

Staff may not always be immediately available to speak with families. The best way to ensure communication can occur with administration or staff is to schedule an appointment. Staff and administration have a practice of attempting to return calls/emails within 24 hours.

Based upon the above, the Board expects that no person on school property or at a school event or in communication with the school district shall:

1. Injure, threaten, harass or intimidate a staff member, Board member or any other person;
2. Curse and use obscenities;
3. Disrupt or threaten to disrupt school or office operations;
4. Damage or threaten to damage another's property;
5. Damage or deface District property;
6. Violate any Connecticut law or town/city ordinance;

### **Public Performances by Students**

The Board of Education recognizes that worthy educational values may be served by student participation in civic and community affairs. Instructors are encouraged to provide students for public performances when such performances contribute to the educational process and objectives of that particular class and when it does not interfere unduly with other classes or activities within the school. School groups and individuals may, with the permission of the Principal, participate in local public events which fall into the following classifications:

1. Events sponsored by the schools. Educational events in which the school serves as host shall have priority in scheduling appearances.
2. Community functions organized in the interests of the school, such as those originated by the PTO or other parent group.
3. Non-commercial civic occasions of community, county, state or national interest of sufficient breadth to enlist general sympathy and cooperation.
4. Events that are primarily patriotic in nature, such as Veterans' Day.

School groups may not participate in events that fall into any of the following classifications:

1. Events that are for the purpose of private gain or for the advertising of any commercial project or product. A school name, the names of school-sponsored groups or school equipment shall not be exploited in events of a commercial nature.
2. Events that are for the furtherance of any politically partisan interest. In questionable cases the matter shall be referred to the Board of Education.
3. Events that are primarily for the furtherance of any religious concern, whether sectarian or non-sectarian in nature.

### Soliciting Funds From and By Students

The Board of Education supports school activities that engage children in raising funds as a means of encouraging and nurturing the development of values reflecting charitable giving and concern for others in need.

Fundraising activities must be designed to advance the educational mission of the school district, be directly related to financing the school or curricular activities or character development and must be undertaken under the direction and guidance of the administration and staff. School fundraising activities must also comply with the following conditions.

1. No fund raising activities are to be conducted by non-school agencies or for non-school activities among or by the school children, except as provided under law and consistent with the policies of the Board of Education.
2. Selling is not permitted on the school campus without administrative approval.

The Board of Education requires, as a condition of approval, that the sponsoring individual, group or organization fully comply with any and all sales tax requirements of the State or Federal Government.

The Superintendent may approve and authorize fund raising activities consistent with the following guidelines:

1. Requests for fundraisers shall be made and approved, in writing, in advance of initiating the activity by the building Principal in consultation with the Superintendent.
2. Significant educational or financial benefits will accrue to the school and/or students, either directly or indirectly, from the activity.
3. The mechanics and procedures of fund raising will not result in an unacceptable burden to teachers, other school staff, or families of school children, nor subject the school to inappropriate risks or responsibilities in handling funds.
4. With the exception of PTO activities, all school directed fund raising activities involving children whether sponsored by a class, grade level, individual or the school shall follow Board of Education financial accounting procedures.
5. Fund raising proceeds shall be processed through the student activity account properly documenting receipt and distribution of the funds.
6. Collections of items, personal appeals of individual staff, and requests made of children to bring in a specific amount of money to cover a classroom activity or program shall be cleared with the Principal in advance.
7. The organizations for which funds are solicited must either be governmental or charitable.

Upon approval of the Superintendent, information from recognized charitable and other organizations, which could eventually result in voluntary student and/or parental activities, contributions, or memberships of benefit to the organization, may be distributed through the schools under established guidelines affecting

such notifications. In these instances, the distribution of material would be the only school involvement on behalf of the organizations.

The Board of Education believes that it has an obligation beyond that imposed by law to work with the appropriate fiscal authority at all stages of the budgeting process in order to develop a clearer understanding of school and student needs to improve education in our community.

### Law Enforcement Agencies/Fire Departments

Because of the many support services which the local law enforcement agencies and fire departments provide to the schools, staff and students, the Board of Education desires to maintain the best possible relationship with those agencies, bearing in mind the responsibility the schools have to see that the legal rights of staff and students are properly protected.

The Superintendent is directed to establish lines of communication with the local law enforcement agencies and Fire Departments in order to effect the kinds of cooperation needed for the security of the school facilities, the safety of students and staff, and better education of the students concerning law enforcement agencies and fire and safety protection.

### Relations with Law Enforcement Agencies

The Board of Education recognizes that it is essential to cooperate with law enforcement agencies for the protection of staff and students, for maintaining a safe environment in the district schools and for safeguarding school property.

Programs and activities designed to enrich district curriculum and to develop and promote good citizenship and a healthy attitude toward law enforcement agencies and officials will be encouraged in the district. Law enforcement participation in such programs and activities is encouraged.

At the same time the Board also recognizes that the school system has the responsibility for the welfare of students while they are in the care of the schools. To carry out this responsibility of the school district, school officials shall observe the following:

- a) A student is not immune from the law by virtue of ~~his/her~~ **their** status as a student, nor is the school building a sanctuary from the law or the proper actions of law enforcement personnel. Whenever ~~the police law enforcement~~ have a search warrant or an arrest warrant, ~~they~~ they shall be admitted in the exercise of their designated authority.
- b) In other situations, however, the interest of the individual, the students at large, and the school community may best be served by entrusting primary responsibility for the maintenance of order to school personnel. The Principal(s) shall have the authority, except as noted, to exclude ~~the police law enforcement~~ from the school when ~~police law enforcement~~ intervention is considered unwarranted.

### **Police Law Enforcement Interviews of Juveniles**

When a ~~police-law enforcement~~ investigation involves an interview of a juvenile, ~~the police law enforcement~~ should arrange to have a parent **or legal guardian** present. The exceptions to this requirement **are (a) if the student is being interviewed as a victim and/or (b) is** if there is **an** overriding immediate public safety concern.

The following procedures will be observed in the event of a need to interview or question a student by a ~~police law enforcement~~ official.

1. Student(s) will be questioned as confidentially and inconspicuously as possible.

2. The Principal will make a ~~reasonable~~ **considerable** effort to inform parents **or legal guardian** so that they may be present during the questioning.
3. Any ~~police~~ **law enforcement** interview shall be conducted in private and in the presence of a member of the school administration.
4. Preferably, the officer doing the questioning will wear civilian clothes.

The arrest of an elementary school student for a felony or Class A misdemeanor may be considered an unlikely event. However, should that be the case, it is expected that any municipal or State Police Department seeking to arrest a student who is enrolled in the Woodbridge School District shall notify the Superintendent orally prior to or at the time of the arrest, and in writing, within 72 hours of the arrest. Such information shall be kept confidential in accordance with C.G.S. 46b-124.

## **Guidelines for Cooperating with Local and other Law Enforcement Agencies**

### **Criminal Activity Affecting the Operation of the School**

In certain circumstances the building Principal may require the assistance of ~~police~~ **law enforcement** authorities in the investigation of possible criminal activity affecting the operation of the school. Should ~~police~~ **law enforcement** involvement require the questioning of students on school grounds, the building Principal shall make a reasonable effort to notify the parent or guardian of a student to be questioned that such questioning is to take place and the parent or guardian of any such student may be permitted to be present during such questioning.

### **Criminal Activity Not Involving the Operation of the School**

~~Police~~-**Law enforcement** officials interviewing or questioning of students regarding criminal activity not involving the operation of school shall generally not be allowed on school grounds. Where the criminal activity endangered students, disrupted the educational process or violated Board Policy, or where an emergency exists which requires speedy investigation, such questioning or interrogation of students may be allowed to take place with the approval of the Superintendent.

### **Relations Between Area, State, Regional & National Associations and the School District**

Memberships in recognized associations ~~such as the Connecticut Association of Boards of Education~~ will be maintained by the schools for several reasons, including:

1. The in-service educational benefits to employees and members of the Board of Education which come from participation in meetings, conferences, clinics and conventions.
2. Access to the communication media of such associations, such as newsletters, periodicals and advisory services.
3. Representation in actions affecting education in general and the Woodbridge School District in particular.

The Board of Education in maintaining such membership in no way abdicates its authority over the responsibility for the District as outlined in State law and Board of Education policy.

The Superintendent is authorized to budget funds for such memberships, and for paying the costs of adequate participation of Board of Education, administration and staff in the activities of such associations to achieve the purposes listed above.

### Admission/Placement

#### General Principles

In accordance with Connecticut General Statute 10-186, the Woodbridge Board of Education shall provide education for all persons residing in the District who are five years of age and older, or who have attained age five on or before September 1 of any school year, and who are under 21 years of age who are not graduates of a high school or vocational school, except as provided in Connecticut General Statutes 10-233c and 10-233d. ~~If the child does not meet the cutoff date, the parent / guardian has the right to submit a written request to the Principal that an assessment of the child be conducted to determine that admitting such child is developmentally appropriate. For decisions relating to early admissions to the District, the decision of the Principal shall be final.~~ The Woodbridge Board of Education recognizes the statutory right of children residing in the District to be enrolled in school if residency and age are confirmed. However, homeless students shall not be required to show residency.

Residency shall be defined as full-time occupancy of a Woodbridge residence (fixed permanent domicile), by at least one parent / guardian and the student. Living with a Woodbridge resident - even a close relative - for purpose of attending the Woodbridge School District is forbidden under Connecticut law and Woodbridge Board of Education policy. Temporary residence in the Town of Woodbridge, solely for the purpose of attending the Woodbridge School District, is also not considered residency. In accordance with Connecticut school law, being a land owner, tax payer, or business owner in the Town of Woodbridge does not confer residency privileges for school purposes. The burden of proving residency falls to the parent / guardian.

Each such child shall have, and shall be so advised by the appropriate school authorities, an equal opportunity to participate in the program and activities of the school system without discrimination on account of race, color, sex, religion, national origin or sexual orientation, gender identity or expression, or any other basis identified by State or federal law. Students who are classified as homeless under federal law, or an unaccompanied youth, as described in 42 USC 11434a, and therefore do not have a fixed residence, will be admitted pursuant to federal law and policy 5118.1. Exceptions from routine admission may be made by the school Principal on the basis of supporting evidence from physical and psychological examinations.

The parent or person having control of a child five years of age shall have the option of not sending the child to school until the child is six years of age; the parent or person having control of a child six years of age shall have the option of not sending the child to school until the child is seven years of age.

The parent/guardian of any child who is denied admission to the District's schools, or an unaccompanied minor, a homeless child or youth, or an unaccompanied youth who is denied schooling on the basis of residency, or an agent or officer charged with the enforcement of the laws concerning attendance at school may request, in writing, a hearing by the Woodbridge Board of Education.

According to Connecticut General Statute 10-76d (b2), special education will be provided for children who have attained the age of three and who have been identified as being in need of special education, and whose educational potential will be irreparably diminished without special education. If a special education student is being considered for an exception, the Planning and Placement Team (PPT) will make a recommendation to the administrator in charge of special education.

The enrollment process shall be focused on obtaining only the information deemed necessary to establish residency and age. The District shall not request other information as a condition of enrollment or state in its

policies, on its website, or otherwise that other information is required to enroll children. The District shall immediately enroll a homeless child and allow such student to attend school even if the student is unable to produce records normally required for enrollment. Additional data collection may occur, but it must be completed in such a manner that does not interfere with the enrollment of a child in school.

In order to determine a child's eligibility for multilingual education programs, parents/guardians of all new students enrolling for the first time, and all re-enrolling students who have not previously attended a Connecticut public school, must complete a Home Language Survey (HLS) at the time of enrollment. A student may also take a screening exam. The student must be enrolled first before the administration of the assessment. Neither the survey nor the exam are conditions of enrollment.

### **Documents to Establish Age and Immunizations**

Each child entering the district schools for the first time must present a birth certificate or offer legal evidence of birth data, as well as proof of a recent physical examination and required immunizations. Other documents that may be accepted as proof of a child's age include, but are not limited to, a photocopy of a birth certificate, earlier school records, a State-issued identification document, a driver's license or passport, a parent's affidavit or unsworn statement as to a child's age, a physician's certificate verifying a child's age, or an immunization record.

Completion of immunization and health assessment requirements is required prior to a child's attendance in school, but is not considered prerequisite to enrolling a child who resides in the District and is of appropriate age to attend school. If the parents or guardians of any children are unable to pay for such immunizations, the expense of such immunizations shall on the recommendation of the Board, be paid by the town. Proof of domicile may also be requested by the Building Principal.

### **Documents to Establish Residency**

In the establishment of residency, the Board will accept such documentation as, but not limited to, a current signed notarized lease agreement and rent receipt (signed by owner/landlord and tenant/resident), proof of home ownership (a mortgage document, a property tax record), a homeowner's / renter's insurance policy record, two current utility bills, current proof of government benefits, a Connecticut's driver's license showing current Woodbridge address. A cellphone or cable bill is not acceptable. An *Affidavit of Residence*, properly executed, shall also be acceptable. The District, when determining residency, shall not request documentation of citizenship or immigration status of a child or the child's parents/guardians. The Woodbridge School District reserves the right to request additional documents and/or to conduct an investigation at any time. Students will not be enrolled until acceptable proofs of residency have been verified and approved.

A student who resides in a dwelling located in more than one town shall be considered, for purposes of school attendance, a resident of each town in which the dwelling is located and may attend school in any one of such towns.

For purposes of establishing the residency of a child of a member of the armed forces, as defined in Connecticut General Statutes 27-103, and who is seeking enrollment in a district school, the Board shall accept as proof of residency the military orders directing such member to Connecticut or any other documents from the armed forces indicating the transfer of such member to Connecticut.

### **Special Circumstances**

A student whose family intends to become residents of Woodbridge in a given school year may enroll in the Woodbridge School District at the start of that school year by presenting evidence that such residence will be established and occupancy will occur within 60 days from the time the student is enrolled including a notarized statement from the landlord and/or closing attorney. Evidence shall include: ownership of property approved as a building site and a signed construction contract stating that the home will be ready for occupancy within 60 days from the time the student is enrolled or a binding lease agreement to rent a home in Woodbridge with

occupancy occurring within 60 days from the time the student is enrolled, or a binding agreement to purchase a home in Woodbridge, such binding agreement clearly stating "closing" to occur within 60 days from the time the student is enrolled. Any such evidence shall be presented as a sworn or notarized affidavit from the closing attorney. Until the family takes residence in Woodbridge, responsibility to transport the student to school will be the family's. Failure to ultimately establish residence within 60 days will obligate the family to be liable for payment of full tuition costs from the date of the student's entry in the district's school. Tuition, including the payment of any delinquent or liable tuition, would then need to be paid monthly for the child to be eligible to continue in school until residency is established.

Tuition cost would be determined by the Business Office based on the general education per-pupil cost. In such circumstances, a child will not be continued as a tuition student for a period greater than ten (10) months. A student whose family moves from Woodbridge after February 1 of a given school year may complete that year in the Woodbridge School District, but the student's family is responsible for the student's transportation to and from school.

Children of school age who are not residents of Woodbridge but who are permanent residents with adult relatives or non-relatives who are bona fide residents of Woodbridge shall be entitled to free school accommodations provided by the Woodbridge Board of Education provided that the child's residence in Woodbridge: (1) is to be permanent; (2) is provided by the Woodbridge relative or non-relative without payment or compensation by the child's parent or legal guardian and; (3) is not for the sole purpose of attending Woodbridge Public Schools.

Connecticut General Statute 10-253d addresses the circumstances of children who are permanent residents in the homes of relatives or non-relatives citing conditions of residence as being permanent, provided without pay, and not for the sole purpose of obtaining school accommodations. The statute also provides that the local Board of Education may require documents from the parent or guardian, the relative or non-relative, the emancipated minor, or the student 18 years of age or older, in the form of an affidavit attesting to residency under conditions not in conflict with Connecticut General Statute 10-253(d). The transportation of a child to Woodbridge from a parent's residence in another community does not qualify as residency (if the child actually resides in the other parent's community).

The Superintendent shall require that affidavits shall be executed by both the child's parent or legal guardian and the Woodbridge relative or non-relative attesting to the child's residence in Woodbridge. The Superintendent may also require any other supporting documentation as he/she deems necessary. For the purposes of this policy, the term "permanent" shall be defined as the intent by the non-resident student, the Woodbridge relative or non-relative, and the student's parent or guardian that said student intends to reside in Woodbridge indefinitely.

The Superintendent shall require that parents or guardians of a child provide appropriate proof of residency in Woodbridge prior to enrollment of their child in the Woodbridge Public Schools. The Superintendent may also require that parents or guardians of a child already enrolled in the Woodbridge Public Schools provide appropriate proof of residency in Woodbridge from time to time.

In the event it is determined that a child is not legally entitled to be provided school accommodations by the Woodbridge Board of Education, the Woodbridge Board of Education may, pursuant to Connecticut General Statute 10-186, assess the child's parent or guardian for tuition and the resident with whom the child resides. The tuition charge may be imposed for that period of time that the child was not legally entitled to attend Woodbridge School District in the current school year and/or for any past year in which the child was enrolled in the Woodbridge School District. The Woodbridge Board of Education may, in its sole discretion, exclude the child from the Woodbridge School District for the balance of the school year. The Woodbridge School District may seek civil remedies, including fines and legal action, to collect any unpaid assessments of tuition and

additional penalties. If determination is made by the Superintendent that the student is residing other than in Woodbridge, the student's enrollment in Woodbridge shall be terminated immediately.

If a child is placed out by the Department of Children and Families or any other State agency with a bona fide resident of Woodbridge, the child shall be entitled to free school accommodations in Woodbridge. Payment for such services shall be provided by the Board of Education of the school district under whose jurisdiction such child would otherwise be attending school where such school district is identified (Connecticut General Statute 10-253(d)). The Superintendent shall require documentation of such placement, in addition to proof of residency.

Children in temporary shelters in Woodbridge shall be entitled to free school accommodations from either Woodbridge, or the school district in which the child would otherwise reside. Upon notification from Woodbridge, the school district in which the child would otherwise reside shall either pay tuition to Woodbridge or shall continue to provide educational services, including transportation, to such child (Connecticut General Statute 10-253(d)). The Superintendent shall require proof of residency in the temporary shelter.

Any child entering or returning to the district from placement in a juvenile detention school, the Connecticut Juvenile Training School, or any other residential placement shall have the educational records of such child provided to the Superintendent of Schools by the Department of Children and Families (DCF) and the Judicial Department. Such information will be shared with the Principal of the school to which the student is assigned. The Principal can disclose them to the staff who teach or care for the child.

The District will immediately enroll any student who transfers from Unified District No. 1 or Unified District No 2. A student transferring from either Unified School Districts who had previously attended school in the local District shall be enrolled in the school such student previously attended, provided such school has the appropriate grade level for the student.

*Note: When a student is enrolling in a new school district or new state charter school, written notification of such enrollment shall be provided to the previous school district or charter school not later than two business days after the student enrolls.*

Students of non-resident employees may attend district schools as per benefits that may be provided by the relevant collective bargaining agreement.

### **Placement**

Children who apply for initial admission to the district's schools by transfer from nonpublic schools or from schools outside the district will be placed at the grade they would have reached elsewhere pending observation and evaluation by classroom teachers, guidance personnel, and the school Principal. After such observations and evaluations have been completed, the Principal will determine the final grade placement of the children.

## BEECHER ROAD SCHOOL INFRASTRUCTURE UPGRADE BUILDING COMMITTEE

### Committee Summary Report

4/6/2026

This committee was convened in January of 2024 with an updated charge and membership replacing the previous building committee. The committee's charge included continuing oversight of the Roof Replacement Project and the Drainage and Site Work Project underway at the Beecher Road School Campus. Acting on the recommendation of the WBOE Ad Hoc Enrollment, Instructional Needs, & Space Planning Report of June 2023, the Board of Selectmen charged this committee in March of 2024 with seeking and vetting consultant proposals, and overseeing the work of preparing a construction/design plan with the assistance of the architectural/ engineering firm retained by the BOS, to address the three district challenges:

1. Lack of appropriate educational space for current students and current curriculum and programming.
2. Lack of appropriate educational space to conduct curriculum and programming for projected enrollment.
3. Existing Infrastructure Concerns: Aging infrastructure; end-of-life systems and infrastructure; inefficient spaces; non-compliance with ADA standards.

The committee met between March 2024 and April 2026 and completed the following:

1. Roof project completion
2. Drainage and Site Work completion
3. Education Specification Study and Space Matrix Completed
4. Capital Improvements Summary for current Beecher Road School Campus
5. Feasibility Study with cost estimation of five plans to address the district challenges.
6. Community Workshops provided for public input
7. Tri-board presentations on February 12, 2025 and September 18, 2025
8. Joint meeting with WBOE on February 26, 2026

The committee unanimously recommended to the BOS to bring the presented option "D3" forward for application to the Connecticut Office of School Construction Grants in the June 30<sup>th</sup> 2026 cycle and forward to the Town for referendum on the project.

## **Community Relations**

### **Concept and Roles in Community Relations**

~~The Board of Education recognizes that high performing elementary schools encourage and promote parent and community engagement activities to improve student performance.~~

~~Community, is defined broadly as the State of Connecticut and specifically, the Town of Woodbridge and the businesses and individuals affected directly or indirectly that have reason to care about local education. We believe that our community includes students, parents, faculty, staff, town officials, media, senior citizens, and taxpayers, law enforcement and other community agencies, churches and synagogues, all of whom help to determine the quantity of educational resources available and the quality of the educational output.~~

~~The goal of establishing and maintaining good community relations is a reflection of our understanding that schools depend on community good will and public financing devoted to providing the best learning environment possible for our children. It is imperative that members of the community, particularly those who serve on other Town boards and school personnel participate in planning, policy development, implementing programs and evaluating results. Hence, a principle goal of the Board is the promotion of open communication and good relations with the community.~~

~~School community relations, then, are not merely reporting and interpreting activities; but involve members of the community and school personnel fulfilling their respective roles in view of the best interests of the school, its vision and mission.~~

### **Concept, Goals and Roles in Community Relations**

The Woodbridge Board of Education recognizes that the community, defined broadly as the state and specifically as the area served by the school system, determines the quality of local education. It is imperative that members of the community and the school personnel cooperate in planning, developing policy, implementing programs and evaluating results.

School-community relations are not merely reporting and interpreting. Rather, they are part of a public enterprise in which community members and school personnel play their respective roles in the best interests of the school district.

The Board of Education establishes the following goals for the community relations program:

1. To increase public understanding of the school system.
2. To increase community confidence and interest in the school system.
3. To promote effective dissemination of information concerning school activities.
4. To solicit community opinions about the school system.
5. To encourage the sharing of resources among civic and community organizations for the benefit of the school system.

- The Board will not recognize anonymous written communications to any individual Board member or to the Board as a whole.
- Individual Board members may acknowledge written or oral communications requesting Board action or stating a point of view. However, no individual Board member can commit the Board to any course of action or position.

### **Communications with the Public**

#### **Guidelines for Use of the School Notification System**

##### **Messages are to be recorded by the school Principal, whenever possible**

- ▶ A goal will be to bring the school parents closer to the administrator of each school
- ▶ If parents call for clarification, calls will be handled at the school level whenever possible.
- ▶ Calls for clarification will be reviewed to determine if future messages need a different format, content or tone.

##### **Messages are to be reviewed by the school Superintendent or designee**

- ▶ Messages are to be reviewed for clarity, inclusion of all necessary information, content (complete but not unduly alarming or inflammatory), and tone of voice (to be consistent with message, and to give the public confidence)
- ▶ Messages are to be sent between 5 pm and 9 pm, or as close as possible to those normal family activity hours.
- ▶ When schools are to be closed such as for a snow emergency, messages may be sent the evening before (if known) or as early as 6:00 a.m. to alert parents. Calls shall not be made at odd hours, during early morning sleeping hours, etc.
- ▶ Telephone messages will be coordinated with email messages to ensure consistency of message. If possible, the same wording will be used in both messages, to avoid the impression of inconsistency or confusion.
- ▶ Two or three lesser notices may be combined into a single message if that can be done without creating confusion. For example, if a school closing will affect the scheduling of athletic events, the rescheduling of events may be covered in the telephone call announcing the school closing.

##### **Examples of appropriate use of phone messages:**

- ▶ Snow day or emergency that causes cancellation of school or early dismissal
- ▶ Explanation of an emergency, such as a school closure due to a bomb threat
- ▶ Timing of academic progress reports and issuance of student report cards
- ▶ Important one-time school activities, such as school play or graduation ceremony
- ▶ Notice of important district-wide or state-wide test dates, such as CAPT, CMT or SBAC testing

##### **Examples of inappropriate use:**

- ▶ Less important notices that many members of the public may regard as inconsequential, such as notice of a bake sale, hiring or retirement of a staff member, or change in parking regulations
- ▶ Less important notices may be grouped together in a newsletter or news email.

### **Parent/Family Involvement**

~~Parent, family and community are important educators of children. The Woodbridge Board of Education recognizes that parent involvement is vital to student achievement. A child's education is a responsibility shared by the school and family during the entire period the child spends in school. A comprehensive parent involvement plan for Beecher Road School may include:~~

- ~~1. Promotion and support for responsible parenting.~~
- ~~2. A school setting that welcomes parents and seeks their support and assistance.~~
- ~~3. Recognition that parents play an integral role in assisting student learning.~~
- ~~4. Regular communications between home and school that are reciprocal and meaningful.~~
- ~~5. Inclusion of parents in the decision making process as it affects children and families.~~
- ~~6. Provision of community resources to enhance school programs, family practices and student learning.~~

~~It is the policy of the Board that Beecher Road School, in its mission of education, will involve parents, families, advocates for children, and the community in the education of children and shall have an active organization for fostering parent and community involvement. The words "parent" or "family", as used in this policy, denote any form of extended family or acceptable adult who is advocating for a student.~~

~~Parents and families are assured access to their school, their child's classroom and/or school sponsored activities for the purposes of observing class procedures, teaching materials and class conduct so long as this observation is not disruptive to the normal classroom procedures or learning activity. Procedures for visiting schools shall be provided in parent handbooks or other communications from the schools.~~

### Communications with the Public

#### Parent Involvement

Considerable experience and related evidence indicates that meaningful involvement of parents, guardians, and other care-givers in the schooling of children improves the quality of education significantly. The Board of Education believes that closer connections of parents and others responsible for the home care of the children with our schools can result in ~~academic performance, behavior and attendance~~ **enhanced academic performance, improved behavior, and reduced absenteeism.**

Therefore, all parents, guardians, and care-givers of students enrolled in our school district are encouraged to take an active role in the education of their children.

Further, the Board of Education believes that the professional staff must take whatever steps are necessary to facilitate a broad variety of opportunities for parents to connect frequently with the schools in which their children are enrolled, and with the overall system. These steps should include the following:

- ~~• Parenting skills should be promoted and supported.~~
- Communication between home and school should be regular, two-way and meaningful. ~~(Such communication may include monthly newsletters, electronic communications, required regular contact with all parents, two required flexible parent-teacher conferences for each school year and drop in hours for parents, home visits and use of technology, including but not limited to, homework hotlines.~~
- Parents should play an integral role in assisting student learning.
- Parents should be welcome in every school and their support and assistance sought.
- Parent input should be sought regarding decisions that affect children and families.
- Community resources should be made available to strengthen school programs, family practices and student learning.
- ~~The Two required parent-teacher conferences will be offered per school year. beginning July 1, 2021 and each school year thereafter, can be fulfilled by the District offering parents the option of attending any parent-teacher conference by the use of telephonic, video, or other conferencing platforms.~~
- ~~An additional parent-teacher conference, in addition to the two required conferences shall be conducted during periods when the District provides remote learning for more than three consecutive weeks and one additional parent-teacher conference every six months thereafter for the duration of such period of remote learning.~~
- School personnel will be available to students, parents and others at mutually convenient times.

~~The District will request from the parent/guardian of each student the name and contact information of an emergency contact person who may be contacted if the student's parent/guardian cannot be reached to schedule a parent-teacher conference required when the District is providing remote learning for a period of three consecutive weeks or more.~~

### Communications with the Public

#### Parent Involvement (continued)

~~In situations in which the teacher is unable to contact a student's parent/guardian after three attempts to schedule the required parent-teacher conference during a period of remote learning provided by the District for three consecutive weeks or more, such teacher is directed to report such inability to the principal, school counselor, or other school administrator designated by the Board of Education. Such principal, counselor, or administrator is to contact the student's emergency contact to determine the student and family's health and safety.~~

~~The Board shall utilize the document developed by the State Department of Education (by 12/1/21) that provides information concerning educational, safety, mental health and food insecurity resources and programs available to students and their families.~~

~~The Board of Education shall cooperate with the news media in providing the public with pertinent facts concerning the schools. The Superintendent shall serve as the basic source of information regarding the school system.~~

~~The Board of Education encourages the attendance of the news media at all open Board meetings.~~

~~The Woodbridge Board of Education supports the recognition efforts of local and regional publications and media in reporting the accomplishments, achievements, awards and honors of students. Local cable access, TV, newspaper and school newsletters from time to time seek opportunities to take pictures or write of school activities and student accomplishments. It is the policy of the Woodbridge School District to make this information routinely available, under most conditions, unless parents have requested in writing, in advance, that they do not wish to have information concerning the school activities of their child published.~~

~~The Board permits the interviewing, videotaping or photographing of students during the school day only when such activities, in the judgment of the Principal or Superintendent, do not disrupt the educational program, tend to cause undue confusion, or involve a controversial issue of a political nature. Publicity efforts as noted would take place under the guidance of school staff and with the restriction that the names or other identifying information of the involved students will not be provided without the prior written approval of the parent(s) or legal guardian of the student.~~

## Community Relations

### School Volunteers and Student Interns

The Woodbridge Board of Education (the "Board") recognizes the importance of school volunteers at all levels of schooling. Volunteers can enhance collaboration between the school and community, broaden the school's educational environment and ultimately enrich students' school experience. The Board further acknowledges that it may, from time to time, be asked to provide learning experiences for student interns within the school environments, which ~~experiences~~ are not part of the teacher preparation program, as defined in section 10-10a of the Connecticut General Statutes. In recognition of the benefit of having volunteers, interns and other such non-employees providing services within the schools, the Board supports the involvement of these individuals in accordance with suitable regulations and safeguards to be developed by the Administration.

Volunteers, interns and other such non-employees working within the schools ("volunteers") must work under the supervision of Woodbridge School District ("District") staff. Volunteers are held to the same standards of conduct as school staff and must observe all Board policies, including applicable policies on the confidentiality of student information.

Volunteers, depending upon their level of involvement, may be required to submit to state and federal criminal record checks and a record check of the Department of Children and Families ("DCF") Child Abuse and Neglect Registry. No person who is required to register as a sex offender under state or federal law, or whose name is currently listed on the DCF registry, may volunteer in the District.

All volunteers must comply with all school health and safety protocols in place at the time, including but not limited to any health screening protocols.

~~Employees of the District may serve as a volunteer during the school day, approved by the Superintendent or his/her designee based on the specific situation.~~

Persons interested in volunteering their services should contact the school Principal ~~or designee~~.

### **School Volunteers and Student Interns**

The Board of Education recognizes the importance of school volunteers at all levels of schooling. Volunteers can enhance collaboration between the school and community, broaden the school's educational environment, and ultimately enrich learners' experiences. In recognition of these important aspects of learning, the Board supports the involvement of these individuals in accordance with suitable regulations and safeguards developed by the Administration.

It is important to delineate between a visitor to the school and a volunteer. Visitors and volunteers both contribute in valuable ways to the community feel of a school building. A visitor is defined as an individual who will be spending a short period of time within the building and is under the direct supervision of a Woodbridge employee at all times, often for the purpose of attending a meeting, conference, or special event.

Volunteers for the Woodbridge District will be classified into two groups.

#### **Group I**

Volunteers will be classified in Group I when they assist staff members with school activities in the direct presence of a Woodbridge School District employee. Volunteers in Group 1 may assist with activities including, but is not limited to: reading to a classroom, participating and assisting in a special class event, assisting in a school-wide event, or serving as a room parent. Group I volunteers remain under the direct supervision of a Woodbridge employee at all times. At this time, Group I volunteers do not need to complete the volunteer background checks outlined below.

#### **Group II**

The following procedure has been established for screening Group II volunteers and interns ("volunteers") within the Woodbridge School District (the "District"). For the purpose of this regulation, a Group II volunteer is an individual who will remain working directly with students at Beecher Road School for a longer period of time or over a duration of more than a day, and may not always be under the direct supervision of a Woodbridge District employee. Examples might include, but are not limited to, volunteers in the Library Media Center, volunteers in the cafeteria to support ongoing initiatives, volunteers in specific classrooms or departments that volunteer throughout the year for many shorter periods of time, volunteers who are chaperoning a field trip when students will be divided into small groups supervised solely by the volunteer chaperone, chaperoning an overnight field trip, or working directly with students on-site without the direct presence of a Woodbridge Public School employee.

Student interns are classified as volunteers and are individuals currently enrolled in post-secondary programs for which an authorized internship is required or for which the student maybe granted credit as part of an approved course of study, including student volunteers for specific program credit from Amity High School. As with all volunteers, all student interns must be approved in advance by the building administrator and must be under the direction and direct supervision of a Board employee.

#### **Prior Approval Required**

All school volunteers, Group I and Group II, including student interns working in the schools, must be approved in advance by the building Principal or other administrative designee. The school district, acting

through the appropriate building administrator or his/her designee, reserves the right to discontinue or disallow the services of any volunteer at any time at the discretion of the administration.

**Sign-in Procedure.** All individuals seeking to volunteer in the Woodbridge School District must regularly sign-in with the Main Office and will be provided with identification badges, which shall be displayed during each visit.

Group II volunteers must fill out and sign the Volunteer Registration form prior to beginning volunteering and complete federal and state criminal record checks and a record check of the Department of Children and Families (DCF) Child Abuse and Neglect Registry background check. All results of background checks must be completed prior to any volunteer service occurring. The form and process must be completed annually.

**Persons Not Allowed to Serve as Volunteers.** No person who is a "registered sex offender," or is on the Department of Children and Families (DCF) Child Abuse and Neglect Registry may serve as a volunteer. No person whose name is listed on the Department of Children and Families (DCF) Child Abuse and Neglect Registry or who is registered as a sex offender under state or federal law may volunteer in any District school. Failure to provide complete or accurate information on this "School Volunteer Security Check" form will disqualify an individual from volunteering in any District school.

Employees of the Woodbridge School District may serve as a volunteer in any capacity during the day, approved by the Superintendent or his/her designee based on the specific situation.

**Role.** Volunteers serve only in an auxiliary capacity under the direction and supervision of a staff member; they are not a substitute for a member of the school staff. Volunteers do not have access to confidential student school records and volunteers may not make any curricular or disciplinary actions.

Volunteers are held to the same standards of conduct as school staff and must adhere to all Board of Education policies. The following protocols are in place for all volunteers: (For specific guidelines for visitors to the school, refer to the BOE Policy #[1250](#) and the Beecher Road School handbook available on the District website.) Volunteers shall:

- Be interviewed and approved by a member of the administration.
- Complete fingerprints and background check prior to volunteering in the building. (Group II)
- Adhere to all safety protocols including signing in and out at the Main Office.
- Adhere to all established guidelines as set forth by the Woodbridge Public School District.
- Uphold the rights of all students and staff and adhere to confidentiality while in the building and in public.
- Report to the building administration.

All volunteers must adhere to the above guidelines or there will be cause for immediate removal from the school property as well as a limitation to future visits to the school.

Any questions of the above protocols must be directed to the building administration.

**Selection, Placement, and Supervision.** Volunteer selection and placement shall be decided on by administration and made on the basis of the volunteer's qualifications and availability and the school's needs.

When a criminal record check of a volunteer reveals a criminal conviction, whether disclosed or undisclosed on the volunteer's consent form, the Superintendent will make a case-by-case determination as to whether to allow the individual to volunteer in the District. Prior to any such decision by the Superintendent or designee, the Superintendent or designee shall inform the volunteer and shall provide an opportunity for the volunteer to respond. Notwithstanding the foregoing, the falsification or omission of any information on a volunteer consent form, including, but not limited to, information concerning criminal convictions or pending criminal charges, may be grounds for the Superintendent or designee to prohibit the individual from becoming a volunteer.

**Dismissal.** A request to volunteer or to continue volunteering will be denied if the volunteer behaves in any manner that demonstrates he or she is not a good role model or is otherwise detrimental to the school environment. Examples of such behavior include: swearing, failing to be dependable, failing to follow the supervisor's instructions, committing any criminal act on school grounds or at a school activity, touching a student in a rude or overly forceful manner, failing to dress in an appropriate manner, or violating any school rule.
