##### **B. NUMATS Award Ceremony Qualifiers**

Last year as seventh and eighth grade students in the District middle schools, several students performed exceedingly well on the Northwestern University Midwest Academic Talent Search (NUMATS).

The following students qualified in last year's competition in the top one to 1.5 percent in NUMATS:

- From Central Middle School, seventh grade students Ian Colson, Samuel Peterson, Jason Weng and Andrew Zhou
- From CMS, eighth grade students William Drew, Samyak Jain, Christine Luo and Mina Yuan
- From East Middle School, seventh grade student Shubham Singh
- From EMS, eighth grade student Ethan Glaser

These students represent the top one to 1.5 percent of the 30,000 students from an eight state area that qualified and chose to participate in NUMATS and were invited to attend the award ceremony held at Northwestern University on September 7.

William Drew was also honored for his unique achievement of earning two first place awards out of all eighth grade students who participated in NUMATS last year. William took both the SAT and ACT and scored first place in multiple categories, which makes his achievement even more remarkable. William placed first in the math section of both the SAT and ACT and took second place in reading on the ACT. As part of this recognition, he was invited to nominate a teacher who has made a significant impact on his life. William chose CMS Vision 21 teacher David Lutz. Together, William and David were recognized and William received a scholarship to the Center for Talent Development through Northwestern University. David received a one-year membership to the Minnesota Council for the Gifted and Talented.

## **B. Teaching and Learning**

There were no items for this section.

## **C. Finance and Business Services**

1. Monthly Financial Reports

Enclosed for School Board review and information is the following financial report:

- Student Activity Fund Report of August 30, 2013.

The Monthly Financial Report details fund and budget status data as of June 30, 2013 will be reported once the June 30, 2013 audit is complete.

2. Approval of WPS Dome Athletic Contracts

The Administration recommends the approval of five year contracts to continue the

successful operation of the Wayzata Dome as a self-sustaining athletic and community facility. The Wayzata Dome is a collaborative effort of local athletic associations and the Wayzata Public Schools.

The recommended contracts will commence in 2014 and are of a similar nature as in the current ten(10)-year contracts which sunset in 2014. Wayzata Youth Hockey continues its relationship with the Wayzata Schools through the Ice Arena but will not take part in the new five (5)-year contracts for the Dome. The Wayzata La Crosse Association is new to the collaboration.

The annual fees are set in order to adequately cover the operational costs of running and maintaining the facility. The annual fees for the five (5)-year contracts are based on hours of use and include both indoor and outdoor use:

Plymouth Wayzata Youth Baseball	\$78,000
Plymouth Soccer Association	\$76,000
Wayzata Soccer Club	\$35,500
Wayzata LaCrosse Association	\$22,000
Plymouth Wayzata Youth Softball Assoc.	\$20,800
Wayzata Plymouth Youth Football	\$20,000
Wayzata Boys Basketball Association*	\$ 8,600
Wayzata Girls Basketball Association*	\$ 5,900

\*support the Dome in order to regain gym space

3. RESOLUTION TO APPROVE THE TWO YEAR ALTERNATIVE FACILITIES PROGRAM PROJECTS AND THE REVIEW AND COMMENT SUBMISSION TO THE COMMISSIONER OF MDE

In accordance with M.S. 123B.71, Wayzata Public Schools, Independent School District 284, must prepare and submit a Review and Comment document to the Commissioner of the Minnesota Department of Education for review and approval of the Alternative Facilities Deferred Maintenance Projects: FY 2015 and FY 2016. These projects include completing selected deferred maintenance projects at thirteen (13) facilities as prioritized by the Board of Education. These items were identified through the Comprehensive Facility Condition Assessment Study and address the most critical current facility maintenance needs of the District.

The cost of the proposed projects for FY 2015 and FY 2016 is \$28,799,500. The projects will be funded through multiple sources including Alternative Facilities Bonds, Pay-as-you-Go Annual Levy Authority, and District Operating Capital revenue. Upon approval of the Commissioner of Education, the District will publish the results of the Commissioner's review at least 20 days prior to the solicitation of bids for projects or for bond issuance.

The attached Review and Comment Document provides details of the District's Two Year Facilities Improvement Plan for FY 2015 and FY 2016. The Comprehensive Facilities and Sites Evaluation Report dated April 2011, prepared by Wold Architects and Engineers, provides the basis for this two year facility plan. The 2011 report summarized the results of the study that was reviewed with the school board's Facilities and Finance Committee members over the last three years and with the

entire school board at multiple school board work sessions.

The school board commissioned this multi-year study in March 2010 to evaluate and identify a number of factors related to the District's current and long-term facility needs. These needs have often been referred to as PHASE I – Infrastructure and form the basis of the District's Ten Year Facility Improvement Plan.

*A motion was made by Ms. Peterson and seconded by Ms. Cohen to waive the reading and approve the **RESOLUTION TO APPROVE TWO YEAR ALTERNATIVE FACILITIES PROGRAM PROJECTS AND DIRECT THE SUPERINTENDENT TO SUBMIT THE REVIEW AND COMMENT SUBMISSION TO THE COMMISSIONER OF THE MINNESOTA DEPARTMENT OF EDUCATION; AND TO AFFIRM AND APPROVE THE COMPREHENSIVE FACILITIES AND SITES EVALUATION REPORT DATED APRIL 2011 AS THE BASIS FOR THE DISTRICT'S TEN YEAR FACILITY IMPROVEMENT PLAN AS UPDATED ON AN ANNUAL BASIS AND BIENNIALLY SUBMITTED TO THE MINNESOTA DEPARTMENT OF EDUCATION. The motion passed unanimously.***

4 RESOLUTION RELATING TO THE ISSUANCE OF SCHOOL BUILDING BONDS AND THE RENEWAL OF AN EXPIRING CAPITAL PROJECT LEVY AUTHORIZATION, AND CALLING AN ELECTION THEREON

The administration recommends approval of a RESOLUTION CALLING FOR A SPECIAL ELECTION on February 25, 2014. The Special Election will consist of two questions:

Question one seeks voter approved bond referendum authority and question two renews a portion of existing technology referendum authority that is scheduled to expire.

The projected annual tax impact of the bond referendum would be \$123 on a home valued at \$333,900, which is the median estimated market value of homes in the District. The projected annual tax impact of renewing the existing technology referendum would be zero, due to the fact that this item simply renews existing authority.

Upon careful consideration, the Administration recommends that the School Board seek voter approved bond referendum authority in the amount of \$109,645,000 to fund a portion of Phase III of the District's Comprehensive Facility Plan. This plan was developed over the last three years and will address secondary capacity by constructing additions at the high school, building a new elementary school, and providing safe and secure entrances, upgrading the District's technology infrastructure, and making energy efficiency improvements. In addition, the administration also recommends that the school board approve the renewal of the 2005 capital projects levy (technology levy) authority that is set to expire in 2016, and extend this for a period of ten years which is the maximum allowable.

The Board will also direct the Superintendent to consult with the Minnesota Department of Education and to prepare a proposal to be submitted on behalf of the Board to the Commissioner of Education. This "review and comment" from the Commissioner's Review and Comment process, as well as other actions as necessary to comply with the provisions of Minnesota Statutes, Section 123B.71, are required

in conjunction with the technology levy renewal.

Members of the school board commented one by one on the research gathered and the time put into the recommendations that were made by the Citizens Task Force on the facilities plan and why each one is in favor of the Bond Referendum as it reads. They thanked the Citizens Task Force for all their hard work and careful analysis of the information gathered that eventually lead to the recommendations made to the administration and board of education. They also thanked the citizens who spoke for and against the referendum at the meeting for the concerns they raised and their sincerity In their beliefs.

*A motion was made by Mr. Hesby and seconded by Ms. Polzin to Adopt the RESOLUTION RELATING TO THE ISSUANCE OF SCHOOL BUILDING BONDS AND THE RENEWAL OF AN EXPIRING CAPITAL PROJECT LEVY AUTHORIZATION, AND CALLING AN ELECTION THEREON. The motion passed unanimously. The special election will take place on Tuesday, February 25, 2014.*

**2. RESOLUTION FOR MEMBERSHIP IN THE MINNESOTA STATE HIGH SCHOOL LEAGUE FOR THE 2013-2014 SCHOOL YEAR**

Approval of  
MSHSL  
RESOLUTION  
FOR  
MEMBERSHIP

Minnesota Statutes, Section 128C.01, requires individual School Boards each year to authorize membership in the Minnesota State High School League. The RESOLUTION FOR MEMBERSHIP affirms (1) that the Board of Education delegates the control, supervision, and regulation of League sponsored athletic and fine arts activities to the Minnesota State High School League; (2) that the Board of Education adopts the Constitution, Bylaws and Rules and Regulations of the League, and (3) that the administration for and the responsibility for supervising the activities are assigned to the official representative. Ms. Sue Droegemueller is the appointed School Board representative to the Minnesota State High School League, and Jaime Sherwood, Activities and Athletic Director, is the Wayzata High School representative. The RESOLUTION, as presented, provides for the appropriate School Board action.

*A motion was made by Ms. Peterson and seconded by Ms. Cohen to waive the reading and adopt the RESOLUTION FOR MEMBERSHIP IN THE MINNESOTA STATE HIGH SCHOOL LEAGUE FOR THE 2013-2014 SCHOOL YEAR. The motion passed on a 5 – 1 vote, with Mr. John Moroz voting no.*

**6. ADJOURN**

**Adjourn**

*There being no additional business before the School Board, a motion was made by Ms. Peterson and seconded by Ms. Cohen to adjourn the meeting. The motion passed unanimously. Mr. Hesby, Board Vice Chair, adjourned the meeting at 4:05 p.m.*

Upon approval by the School Board, complete minutes will be available at the District Administration Building, 210 County Road 101 North, Plymouth, on the District website, at all School Media Centers, and at the Public Libraries in Plymouth, Wayzata, and Ridgedale.

**2012-13 Annual Report**  
*Curriculum, Instruction and Student Achievement*

The purpose of this report is to provide an annual update on student achievement results at the district and building level, and to share the district's plan for professional development in an effort to attain the district's academic goals as listed in the Strategic Roadmap adopted by the School Board December 2011. This report includes seven components.

1. Student Enrollment
2. Minnesota Title I Accountability Assessment Results: Reading, Math, and Science
3. Minnesota Title III Accountability Assessment Results: English Language Proficiency
4. College Readiness Exams and Advanced Placement (AP) College Credit Results
5. School Improvement Plans
6. Professional Development Plan
7. Advisory Committee

**Student Enrollment**

Wayzata Public Schools K-12 student enrollment has consistently increased over the past five years.

**Minnesota Title I Accountability Assessment Results**

**Proficiency Background**

Minnesota Title I Accountability assessment results measure student performance on grade level academic standards in reading, mathematics, and science from three state tests: the MCA, MCA-Modified, and MTAS. Students take a reading test in grades 3-8 and 10, a math test in grades 3-8 and 11, and a science test in grades 5, 8, and high school.

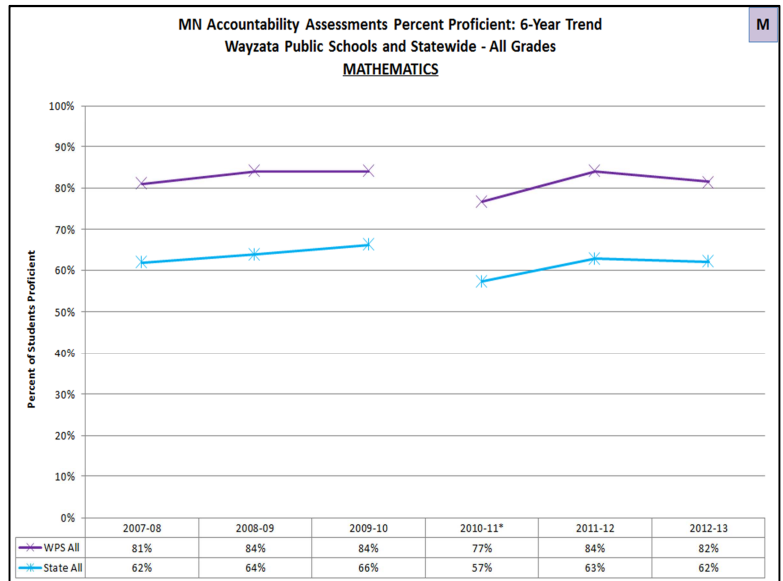

All proficiency trend results in this report include only students who were enrolled in the school district for the entire school year. In addition, changes from MCA-II to the MCA-III are indicated with a break in the trend line.

**District Proficiency Results:**

Students in Wayzata Public Schools consistently perform well above the state average on the MN Accountability Tests. 2013 data indicate a significant decrease in reading proficiency, which is likely due to the new reading test. The overall decrease in reading proficiency is consistent with the statewide trend. A reduction in proficiency was also observed in math when the state introduced the new MCA-III math test in 2011.

In 2013 proficiency data for math are slightly lower than scores observed in 2012. This may have been somewhat attributable to the change in test administration options in 2013. In 2012, students could be tested up to three times and their best score was used for reporting. In 2013, students were only allowed to test once. Also, the 2013 math results are higher than the 2011 results. 2011 was the first year of the MCA-III math test.

Finally, Wayzata has maintained a strong overall performance in science. At 76% proficiency, WPS is 23 percentage points above the state average. There was no decline in proficiency with the introduction of the MCA-III in science in 2012.

**Elementary Proficiency Results:**

For the past six years, Wayzata elementary students' performance on the MN Accountability tests in reading has consistently been at a very high level; however, in 2013, 82% of 3-5 grade students were proficient in reading, compared to 91% in 2012. As mentioned, this difference is likely due to the state's introduction of the MCA-III in reading. This change is noted in the reading figure below. Despite the decrease in overall proficiency, elementary student performance was far above the state average. While the percentage of elementary students reaching proficiency in the state decreased 20 percentage points, Wayzata elementary students only dropped 9 percentage points.

In the area of mathematics, elementary student performance mirrored that of the entire district as the number of students reaching proficiency decreased slightly from 90% to 87%. This decrease is consistent with the trend for the state. MCA data in science are available for elementary students in the 5<sup>th</sup> grade. Wayzata elementary students have scored increasingly better on the science accountability tests over the past four years. Student proficiency increased substantially from 2010 (63%) to 2013 (84%).

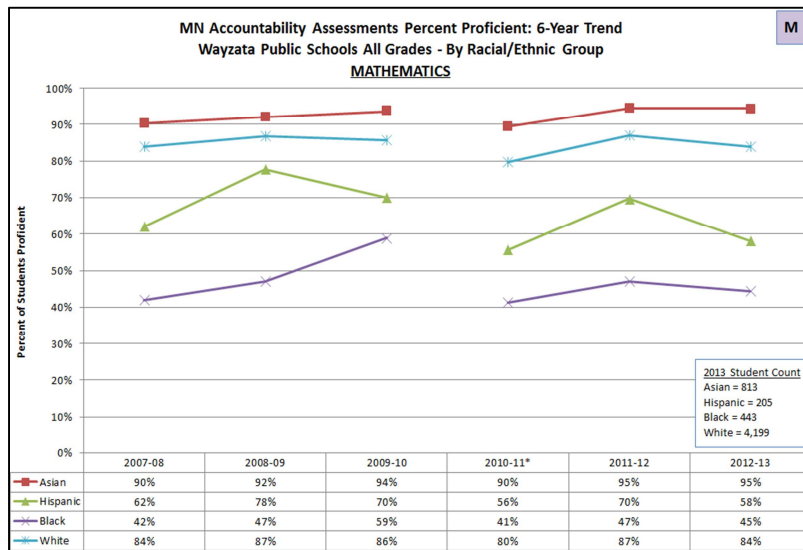

**Middle School Proficiency Results:**

As with all reading scores in the state of Minnesota, reading scores for Wayzata middle school students decreased in 2013. Nevertheless, middle school students posted scores much higher than the state average—the distance between Wayzata middle school students and the state average is actually more pronounced in 2013 (18 percentage points) than it was in 2012 (16 percentage points). In the area of math, Wayzata middle school students decreased slightly from 83% proficiency in 2012 to 80% proficiency in 2013, which is 23 percentage points above the state average (57%). Middle school student proficiency in math—although far above the state average—has been variable over the past three years. In 2013, 68% of Wayzata 8<sup>th</sup> graders were proficient in science. Eighth grade student proficiency on the science accountability tests in Wayzata and statewide has been relatively stable over the past five years in science.

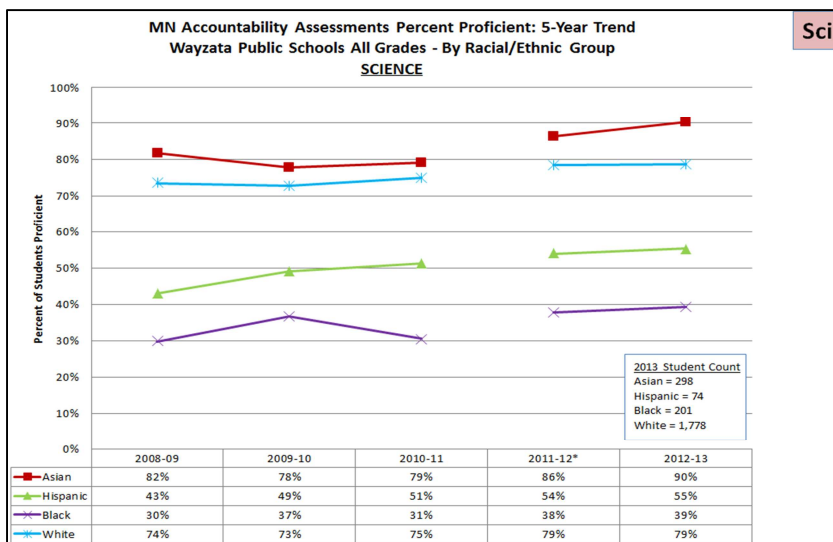

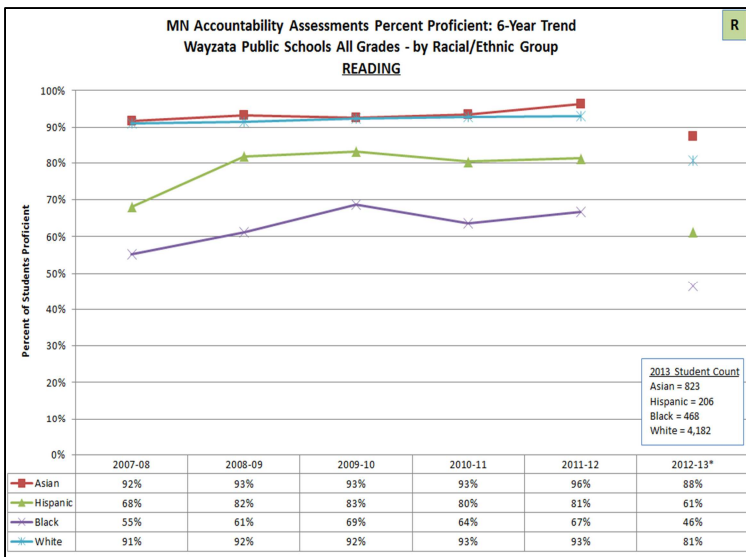

**High School Proficiency Results:**

As with other grades, 10<sup>th</sup> grade students' scores on the new MCA exam in reading decreased in 2013 to 80%. Statewide, the percentage of 10<sup>th</sup> grade students proficient in reading decreased from 78% in 2012 to 64% in 2013. High School students in 11<sup>th</sup> grade continue to take the MCA-II test in math. The MCA-III math test will be administered to High School students for the first time in the spring of 2014. The math performance of Wayzata high school students on the MCA-II increased substantially from 2012 (69%) to 2013 (78%), an increase of 9 percentage points. A similar increase was evident across the state. The percentage of Wayzata high school students reaching proficiency in science increased slightly from 75% in 2012 to 77% in 2013 (23 percentage points above the state average).

**District Proficiency Results by Student Group: Race/Ethnicity**

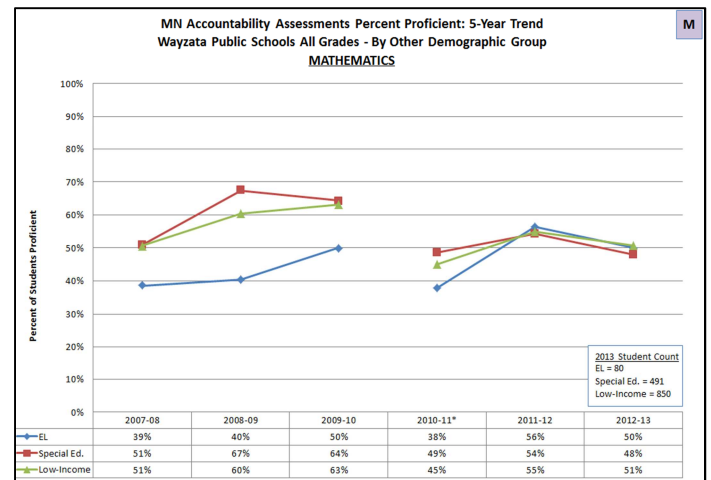

Wayzata Public Schools continues to strive to meet the needs of all students. It follows from the figures below that there are large differences in proficiency across racial groups. Across all content areas, the Asian student group tended to outperform all other racial groups. Black students have been consistently the lowest performing racial group. In 2013 the largest racial achievement gap in reading (42 percentage points) was between the Asian student group (88%) and the Black student group (46%). In math, the largest racial/ethnic achievement gap (50 percentage points) was between the Asian student group (95%) and the Black student group (45%). Finally, the largest racial gap in science (51 percentage points) was between the Asian student group (90%) and the Black student group (39%). There was a slight increase in 2013 in the size of the largest achievement gaps in math and science, and a considerable increase in the size of the largest achievement gap in reading.

### District Proficiency Results by Student Group: Special Populations

Information on the performance of English Learner (EL), special education, and low-income student groups is provided in the figures below. In reading, the performance trend for each of the student groups aligns with that of the broader Wayzata student population—an overall positive trend fits the data until the recent introduction of the MCA-III in reading. All three student groups rebounded after the introduction of the MCA-III for math in 2011; however, data for 2013 indicate a slight decrease in student math performance compared to 2012. This decrease is consistent with the performance of the entire Wayzata student population as well as the entire state population (i.e., the proficiency of EL, special education, and low-income students at Wayzata did not decrease more than other students).

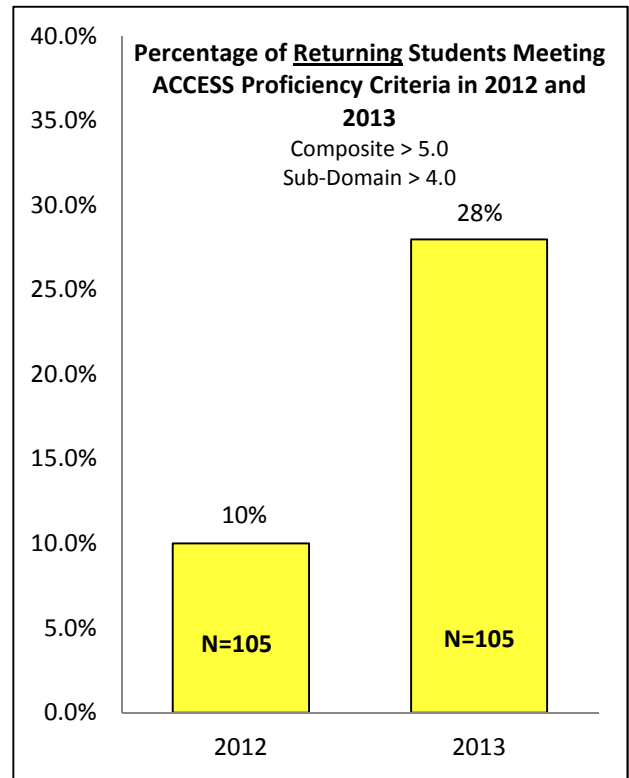

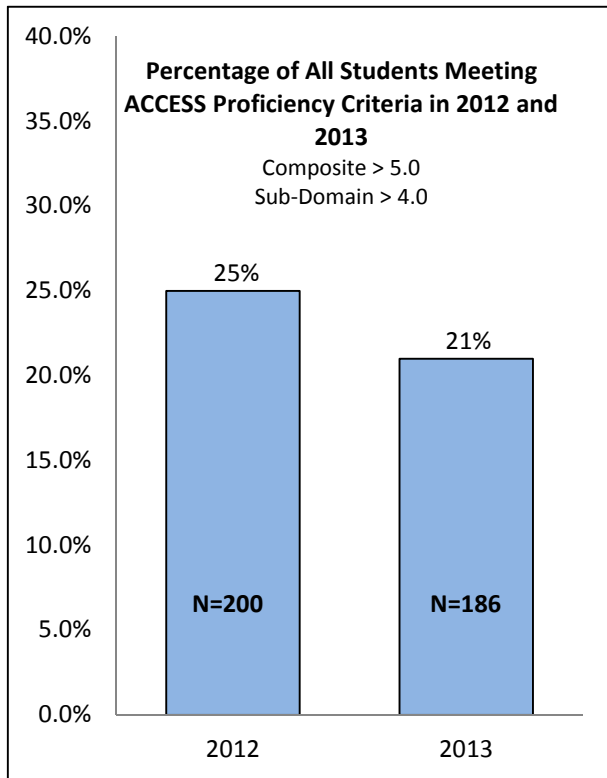

In Science, the performance of students receiving special education services and low-income students continues to increase over time. Although still below the district percentage of proficiency, student performance in both groups is increasing at a faster rate. In the last three years, the percentage of students receiving special education services who also reached proficiency in science grew 7 percentage points and the percentage of low-income students who also reached proficiency in science grew nearly 15 percentage points. Students receiving EL services have markedly improved in science over the last six years, but 2013 data indicate a decrease in proficiency. Nevertheless, it is important to recognize that only 27 EL students completed the MCA test in science. The small sample size of EL students in science makes the percentage of students reaching proficiency more susceptible to fluctuations in the performance of only a few students.

**Minnesota Title III Accountability Assessment Results**

The Minnesota Title III Accountability Assessment measures English Language Proficiency for English Learners (EL). In 2012, the state administered the Assessing Comprehension and Communication in English State to State for English Language Learners (ACCESS for ELLs) statewide to all K-12 EL students for the first time. Teachers use the ACCESS test to monitor students' growth and determine the percentage of EL students who have reached a level of language proficiency commensurate with their English speaking peers. Students who earn a composite score of at least 5.0 and score no lower than 4.0 on any of the four domain tests are considered proficient by the state.

Data for the 2012 and 2013 school year are presented below. There was a slight overall decrease in the percentage of students reaching proficiency (24% to 19%) from 2012 to 2013 (Shown in the graph on the left; only students enrolled for the entire year were included in this analysis.) This decrease in 2013 may be due to the district's increased efforts in the 2012-13 school year to discontinue services for students who no longer needed services, as the total number of students tested decreased from 200 in 2012 to 186 in 2013. The graph on the right shows an analysis of students who were receiving EL services in Wayzata in 2012 and in 2013. There was a considerable increase in the percent proficient for this continuing cohort of students. The percentage of students meeting proficiency criteria in this group increased 18 percentage points from 2012 to 2013. The data in the graph on the right show that students who received EL support in WPS improved over the two years.

**College Readiness Exams and Advanced Placement (AP) College Credit****District ACT Results:**

Average ACT composite scores for Wayzata high school students continue to be consistently higher than the state and national average. District, state and national averages have been stable over the past five years.

Year	Wayzata High School	Minnesota State	National
2008	24.8	22.6	21.1
2009	25.1	22.7	21.1
2010	25.5	22.9	21.0
2011	25.8	22.9	21.1
2012	25.3	22.8	21.1
2013	25.9	23.0	20.9

**District Advanced Placement (AP) Results:**

Wayzata Public Schools continues its commitment to offering Advanced Placement courses to students. Wayzata has offered 26 AP courses for the past six years. The total enrollment in AP courses has consistently increased over the past six years. Note that total enrollment is different from *unique* enrollment, as the same student can enroll in multiple AP courses. Nevertheless, unique enrollment data (shown in the disaggregated table below) also indicate that enrollment in AP courses is increasing. In 2013, students passed 89% of all exams taken at a level of 3 or higher, out of a total 5 points possible.

	2007	2008	2009	2010	2011	2012	2013

**District Advanced Placement (AP) Results: By Race/Ethnicity**

Additional statistics disaggregated by race are presented below for the 2010-2011 and 2011-2012 school years. In 2012, 24% of the high school student population completed at least one AP exam, but there were large differences in participation across racial categories. The percentage of White and American Indian students completing an AP exam in 2012 was similar to the overall proportion of participation. However, the participation rate for Black and Hispanic students was lower. For example, only 5.2% of Black students (14 total students) completed an AP exam in 2012. Nevertheless, the AP test participation rate for White students was far less than Asian students, who participate in AP testing at a rate more than double the overall participation rate at 49%. The distribution of student participation in AP tests in 2012 was similar to 2011.

	2011			2012		
	Count	Enrollment	Percentage	Count	Enrollment	Percentage
Unique Enrollment in AP Courses	910	3,320	27%	980	3,292	30%
Number of Students Taking at Least 1 Exam	782	3,320	24%	776	3,292	24%
<i>American Indian or Alaskan Native</i>	2	11	18%	3	14	21%
<i>Asian or Pacific Islander</i>	147	288	51%	147	298	49%
<i>African American or Black</i>	14	246	6%	14	270	5%
<i>Hispanic</i>	15	85	18%	10	97	10%
<i>White</i>	577	2,690	21%	571	2,613	22%
<i>Other</i>	18	-	-	11	-	-

NOTE: 2013 AP test taking data by ethnicity was not available at the time of this report.

The overall percent of WHS students in grades 9-12 taking at least one AP exam in 2012 was 24%. The overall percent of students WHS students passing at least one AP exam was 20%. The participation rate and percent passing for White and American Indian students was similar to the overall rates. The percentage of Asian students participating in and passing AP exams is far higher than the overall rates. The percentage of Black and Hispanic students participating and passing AP exams is far lower than the overall rates. The data below display an AP exam participation gap. Equitable AP exam results would show all racial ethnic groups participating in and passing AP exams at similar rates.

**Professional Development Plan**

Learning Forward—a national professional development organization—has established standards that outline characteristics of effective professional development. The standards serve as indicators that guide learning, facilitation, implementation, and evaluation of professional learning (Learning Forward, 2011). Wayzata is focused on aligning our professional development efforts with the seven Learning Forward standards. Our professional development plan for 2013-14 reflects that commitment.

Professional Development Standard	Wayzata Strategies
<p><b>Learning Communities</b> Professional learning that increases educator effectiveness and results for all students occurs within learning communities committed to continuous improvement, collective responsibility, and goal alignment.</p>	<ul style="list-style-type: none"> <li>• All WPS certified staff are assigned to a grade level or department professional learning community (PLC)</li> <li>• Time is provided during the contract day for most staff to meet with their PLC.</li> <li>• Professional development software is used by PLCs to maintain records.</li> <li>• Summer PLC work time is provided to assist teams in planning for the new school year.</li> <li>• Administered through the QComp program, Academy for Wayzata Educators (AWE) courses and study groups provide the opportunity for additional collaboration connected to district initiatives.</li> </ul>
<p><b>Leadership</b> Professional learning that increases educator effectiveness and results for all students requires skillful leaders who develop capacity, advocate, and create support systems for professional learning.</p>	<ul style="list-style-type: none"> <li>• Professional development work is aligned with district initiatives.</li> <li>• Principals and many teacher leaders are trained in the PLC model, Collaborative Inquiry, and effective assessment practices.</li> <li>• Peer coaches and resource teachers work informally with PLCs.</li> <li>• Attendance from representatives of multiple sites and from district leaders at the National Learning Forward Summer Conference.</li> <li>• District cohorts, led by teacher leaders, serve as MyWay leaders within buildings to provide repeated leadership and learning support to teachers as they implement personalizing learning in a 1:1 learning environment.</li> </ul>
<p><b>Resources</b> Professional learning that increases educator effectiveness and results for all students requires prioritizing, monitoring, and coordinating resources for educator learning.</p>	<ul style="list-style-type: none"> <li>• District Professional Development Committee serves as a liaison to Director of Curriculum and Instruction and Professional Development Teacher on Special Assignment to prioritize professional development efforts.</li> <li>• Professional development, supported by district professional development funds, is focused on the themes identified through the Strategic Roadmap in order to implement the Vision Statement of the Wayzata School District.</li> <li>• Professional development approvals are tied to district goals and objectives.</li> </ul>

<p><b>Implementation</b> Professional learning that increases educator effectiveness and results for all students applies research on change and sustains support for implementation of professional learning for long term change.</p>	<ul style="list-style-type: none"> <li>• Professional development work is on-going, repeated and aligned to district initiatives including: curriculum alignment, effective assessment practices, data informed decisions, and personalized learning.</li> <li>• Professional development is focused on the themes identified through the Strategic Roadmap in order to implement the Vision Statement of the Wayzata School District.</li> <li>• Professional learning is tied to the areas that will, according to current research, illicit the biggest impact on student achievement: learning targets, relationships, feedback, formative assessments, and classroom discussion.</li> </ul>
<p><b>Outcomes</b> Professional learning that increases educator effectiveness and results for all students aligns its outcomes with educator performance and student curriculum standards.</p>	<ul style="list-style-type: none"> <li>• Sites continue to set rigorous student learning goals and achievement remains at very high levels.</li> <li>• Teams create and analyze data from common assessments, focused on increasing student learning.</li> <li>• All K-3 teachers receive individual learning opportunities focused on assessing student reading difficulties and implementing evidence-based intervention strategies.</li> </ul>

## Advisory Committee

### **Curriculum, Instruction & Technology Advisory Committee (CITAC)**

**Statement of Purpose:** CITAC's purpose is to function as an advisory committee to the Wayzata School Board and administration regarding the following curriculum review and technology matters:

- Curriculum and Technology goals and evaluations
- Priorities for student educational experiences
- Curriculum, Instruction & Technology policies and effective practices
- Curriculum, Instruction & Technology decisions impact analysis
- Local, state, and national trends in curriculum, instruction, technology and implementation
- Legislative issues impacting curriculum, instruction and technology in education

**Requirements:** Candidates need to reside in the Wayzata School District, should possess an interest in curriculum, instruction and education technology issues; a strong background in education and/or information technology; and a desire to further the success of the students and families served by Wayzata Public Schools.

**Meeting Schedule:** Meets four times annually. Meetings will be held on the second Tuesday of October, December, February and May from 7:30 to 9:00 a.m. at Central Middle School in the Room A413.

**Membership Size:** Fifteen community members and representatives from the school district technology and curriculum departments. A representative from the Wayzata Education Association (teacher's union) is also included.

**Length of Service:** Each community member will serve a three-year term with one-third of the members' terms ending each year, enabling new members to be selected. Members may choose to serve more than one term.

**Selection:** Committee members will be selected in September. Applications will be sent to potential candidates. Completed forms will be evaluated and approved by the Director of Technology and the Director of Curriculum and Instruction.

If you are interested in applying, or if you have questions regarding CITAC or the application process please contact Julie Hiebert at 763-745-5103 or via email at [julie.hiebert@wayzata.k12.mn.us](mailto:julie.hiebert@wayzata.k12.mn.us).

**AGENDA SECTION: 4. RECOGNITIONS**

**ITEM: A. Employee of the Month – Central Middle School – Ross Nelson**

**COMMENTS BY: Superintendent Anderson**

Central Middle School is pleased to announce Social Studies and Middle Alternative Program Teacher, Ross Nelson, as the November Wayzata Public Schools Employee of the Month. Mr. Nelson is a balanced mixture of head and heart, a compassionate teacher and a collaborative colleague. Central appreciates the work he does as a champion for all kids.

Ross Nelson exemplifies the core educational values of the Wayzata Public Schools. He has consistently been a voice for the struggling student in the CMS community and his unique ability to collaborate with students, colleagues, parents and support staff has truly made a positive impact on the lives of many of students. Mr. Nelson has a gift for engaging students in dialogue that results in learning. His conversation starters are deliberate and designed to bring the students to their own positive conclusions about learning and life.

Central Middle School students have a strong advocate in Mr. Nelson. He supports them with the intention of building capacity within each student. Mr. Nelson is also a coach. As a coach, he has been able to turn his love of running into inspiration for the kids on his teams. Mr. Nelson's energy is a big factor in the success of after-school running sports at Central. He drives kids to challenge themselves while still making workouts fun. Mr. Nelson's "lead through example" approach works in the classroom and on the field.

Whether in a regular Social Studies class, in an alternative classroom setting, in his CMS student vegetable garden, or on the track, Ross Nelson's emphasis on building a sense of community with young adolescents, while instilling the importance of respect towards self and others, has been powerful. Congratulations, Ross!

1. **RESOLUTION – AMERICAN EDUCATION WEEK – November 18-22, 2013**

NEA's Annual American Education Week (AEW) spotlights the importance of providing every child in America with a quality public education, and the need for everyone to do his or her part in making public schools great.

***Great Public Schools: A Basic Right and Our Responsibility*** reflects the Association's calling upon America to provide students with quality public schools so that they can grow, prosper, and achieve in the 21st century.

Wayzata Public Schools will kick off American Education Week on Tuesday, November 12 at the School Board meeting at 6:00 PM at Wayzata City Hall when the Board will adopt a Resolution recognizing American Education Week. The Board will also recognize seventeen (17) National Merit Scholarship Semifinalists from the class of 2014, who will in turn honor their “Esteemed Teachers”.

**RESOLUTION  
AMERICAN EDUCATION WEEK  
NOVEMBER 18-22, 2013**

**WHEREAS,** Public schools are the backbone of our democracy, providing young people with the tools they'll need to maintain our nation's precious values of freedom, civility, and equality; and

**WHEREAS,** By equipping young Americans with both practical skills and broader intellectual abilities, schools give them hope for, and access to, a productive future; and

**WHEREAS,** Education employees – be they teachers or custodians, bus drivers or librarians, secretaries or paraprofessionals, food service or administrators – work tirelessly to serve our children and communities with care and professionalism; and

**WHEREAS,** Schools are the center of our community linchpins, bringing together adults and children, educators and volunteers, business leaders and elected officials in a common enterprise;

**NOW, THEREFORE,** We, the School Board of the Wayzata Public Schools, Independent School District 284, do hereby recognize November 18-22, 2013 as **AMERICAN EDUCATION WEEK.**

**2. Hennepin County Fiber Optic and Cost-Sharing Agreement**

Wayzata Public Schools and Hennepin County each own and operate independent fiber optic networks and have determined that it would be mutually beneficial to enter into a Fiber Optic Lease & Cost-Sharing Agreement.

For purposes of improving the reliability of the district’s wide area network and with the interest of jointly sharing costs with Hennepin County, the administration recommends school board approval of the attached agreement with Hennepin County that will allow Wayzata Public Schools and Hennepin County to provide certain services to each other, primarily:

- The school district will permit the county to install a county-owned fiber cable within certain district fiber conduits; and
- The county will permit the school district to install district-owned fiber cable within certain county fiber conduits; and
- The county and the City of Plymouth currently share or may share some fiber infrastructure with other organizations, including the school district; and
- The school district and the county reserve all of the rights of ownership for their respective infrastructure.

**RECOMMENDED ACTION:** Approve the Fiber Optic Lease & Cost-Sharing Agreement between Wayzata Public Schools and Hennepin County as presented.

FIBER OPTIC LEASE & COST-SHARING AGREEMENT

This Agreement is between the COUNTY OF HENNEPIN, STATE OF MINNESOTA (“COUNTY”), and INDEPENDENT SCHOOL DISTRICT 284–WAYZATA SCHOOL DISTRICT (“SCHOOL DISTRICT”).

The parties agree as follows:

1. TERM

This Agreement commences on January 1, 2014, and terminates on December 31, 2033, unless terminated earlier in accordance with the provisions herein.

2. AGREEMENT BETWEEN THE PARTIES

This Agreement establishes each party’s rights, duties and obligations regarding access to fiber optic conduits, installation of fiber optic cables, and Gopher State One Call locate services, as more fully described below. The parties own and operate independent fiber networks. For purposes of sharing costs, the parties have agreed to share certain fiber optic infrastructure owned by the SCHOOL DISTRICT in exchange for certain services provided by the COUNTY. For the purposes of this Agreement, “Shared Conduits” shall refer to SCHOOL DISTRICT conduit where a COUNTY fiber cable is present. The conduits that the parties intend to share are mapped in Exhibit A. As applicable, the term “Fiber” may include all conduits, cables, connections, vaults, panels and other equipment required to make the fiber operational.

2.1 **The SCHOOL DISTRICT will:**

- Bear costs and make payments to the COUNTY pursuant to Section 2.3 of this Agreement.
- Allow the COUNTY’s shared use of its fiber optic conduits, and the COUNTY’s performance of utility locating services, including but not limited to the right to install, own, replace and maintain a COUNTY-owned fiber optic cable within the conduits for the duration of this Agreement; the right to open, inspect and repair all SCHOOL DISTRICT Fiber; the right to deploy staff and contractors onto SCHOOL DISTRICT property; the right to deploy staff and contractors to SCHOOL DISTRICT fiber conduits and physically mark, paint, attach flags and otherwise advertise SCHOOL DISTRICT fiber conduits.

2.2 **The COUNTY will:**

- Bear costs and make payments pursuant to Section 2.3 of this Agreement.
- Provide Gopher State One Call locate services for all Shared Conduits, or contract with a vendor for the same. The parties shall work with Gopher State One Call to modify the registration of these utilities to ensure that the COUNTY is notified by Gopher State One Call when a locate is requested for the Shared Conduits. The COUNTY will respond to these requests as if it were the owner of the conduits, including clearing unnecessary locates and locating ticketed utilities. The provision of

these locate services shall commence upon completion of the Fiber Cable Installation, acceptance by the SCHOOL DISTRICT of its fiber cable, and registration with Gopher State One Call. The parties shall work together to seamlessly transition the responsibility for locates from the SCHOOL DISTRICT to the COUNTY, with the intention that the COUNTY will assume the responsibility for a particular conduit at the time when it becomes a Shared Conduit.

- Publish invitations for bids for Fiber Cable Installation projects, as detailed below; select a vendor, consistent with state statutes and COUNTY purchasing practices; consult with the SCHOOL DISTRICT on the administration of the project; make payment of 100% of the project cost to the vendor; and invoice the SCHOOL DISTRICT for its costs upon the completion of the project. The foregoing provision may be waived by the agreement of both parties, in which case the SCHOOL DISTRICT will procure fiber and fiber services, consistent with state statutes and SCHOOL DISTRICT purchasing practices, and the SCHOOL DISTRICT will consult with the COUNTY on the administration of the project; make payment of 100% of the project cost to the vendor; and invoice the COUNTY for its costs upon completion of the project.
- Provide to the SCHOOL DISTRICT, as part of its fiber connectivity project to the Dispatch Center (9300 Naper St., Golden Valley), two strands for the exclusive and perpetual use of the SCHOOL DISTRICT, which are spliced at the COUNTY's expense, such that the SCHOOL DISTRICT enjoys a redundant fiber ring from, generally, County Road 61 and Sunset Trail North, to the Dispatch Center, to County Road 61 and Rockford Road.

### 2.3 **The Fiber Cable Installation Projects will:**

- Install fiber optic cable(s) in quantity and strand counts agreed upon by the parties.
- Be completed only upon the agreement of the parties' IT representatives.
- Allocate costs as follows:
  - The SCHOOL DISTRICT will bear the cost of its new or shared fiber cable, not to exceed \$1.00 per foot, or \$68,000 in total, estimated in Exhibit A.
  - The COUNTY will bear the cost of furnishing its new or shared fiber cable and the cost of installing cable(s).
  - The cost of terminations/splicing, multiplexers, patch panels, racks and other network equipment for each cable will be borne by each party, respectively.
  - The cost of additional or replacement vaults, locate wire, testing stations, markers, and related equipment will be borne by each party 50/50.
  - The cost of additional or replacement fiber conduit or related excavation that may be needed to restore the integrity of the Shared Conduits will be borne by the SCHOOL DISTRICT.
  - The ongoing cost of Gopher State One Call utility location services for Shared Fiber Conduits will be borne by the COUNTY.

### 3. OTHER TERMS

During the term of this Agreement, the parties agree to the following:

- i. Implement a "Cut and Fix" program for breaks in the Shared Fiber Conduits, as detailed in Exhibit B.

- ii. Provide mutual access to and use of fiber and equipment necessary to use, enjoy, complete, maintain and repair the interconnections described in this agreement, including but not limited to the following:
  - a) connectors;
  - b) multiplexers;
  - c) equipment racks;
  - d) patch panels;
- iii. support and maintain the Fiber in accordance with generally accepted industry standards, cooperate in obtaining necessary permits and approvals required by ordinance or applicable law;
- iv. provide the parties with access, ingress and egress to the facilities, property, buildings, structures or other places where the leased Fiber is physically located, although this provision shall not be construed as waiving or modifying any party's support and maintenance obligations.
- v. In cases of a service disruption caused by damage to the Fiber, the parties will provide mutual, immediate access to facilities, hand holes and other physical locations, and 24 hour/7 days-per-week contact information for staff or vendors to coordinate the speedy resolution of such disruptions.
- vi. The parties warrant that they are following purchasing practices that comply with relevant policies and statutes, that their contractors are properly insured, and that their contractors will secure all needed permits and easements for the fiber cable to be installed.
- vii. After acceptance, each party agrees that it will own, maintain and hold all responsibility for its Fiber. Vendor warranties will transfer to the permanent owner.
- viii. The COUNTY and SCHOOL DISTRICT are welcome to access, inspect, work in and otherwise enjoy shared conduits covered by this agreement.
- ix. Acceptance shall mean that the SCHOOL DISTRICT has issued a letter to the COUNTY accepting that portion of the fiber cable that has been newly installed. If the SCHOOL DISTRICT issues payment under Section 2 of this Agreement, its fiber cable will be deemed accepted.

4. WARRANTIES

COUNTY and SCHOOL DISTRICT represent and warrant that each is the lawful owner of its own Fiber.

5. GENERAL TERMS

The parties shall comply with applicable state, federal and local laws including but not limited to the Minnesota Government Data Practices Act, Minnesota Statutes, Chapter 13, Minn. Stat. §16C.05 and Minn. Stat. §471.425.

Each party shall be responsible for their own acts, omissions and the results thereof to the extent provided by law. The liability of each party shall be governed by the provisions of Minnesota Statutes, Chapter 466.

This Agreement may be cancelled with or without cause by either party upon three

hundred sixty-five (365) days written notice.

Each party agrees to defend, indemnify, and hold harmless the other party, its officials, officers, agents, volunteers and employees from any liability, claims, causes of action, judgments, damages, losses, costs, or expenses, including reasonable attorney's fees, resulting directly or indirectly from any act or omission of the party, a subcontractor, anyone directly or indirectly employed by them, and/or anyone for whose acts and/or omissions they may be liable in the performance of this Agreement, and against all loss by reason of the failure of either party to perform any obligation under this Agreement.

If any party contracts with a third-party for support and maintenance of the Fiber, that party shall remain ultimately responsible for providing qualified subcontractors to support and maintain the Fiber.

The Laws of the State of Minnesota shall govern all questions and interpretations concerning the validity and construction of this Agreement and the legal relations between the parties and their performance.

If any provision of this Agreement is held invalid, illegal or unenforceable, the remaining provisions will not be affected.

Exhibit B  
Cut and Fix Plan

1. **General.** Given that the COUNTY and the SCHOOL DISTRICT are operating their own, separate and individual fiber networks, each party has assigned staff and/or vendors to maintain, relocate, upgrade or repair fiber on their respective networks.
2. **Contacts.** Each party will assign a primary contact and secondary contact with respect to potential cuts to the Shared Fiber Conduits. These contacts will be contacted on a 24/7 basis.
3. **Fiber repair.** In the event that either party detects potential damage to the fiber contained within the Shared Fiber Conduits, the parties will, at their own cost:
  - a. communicate with the other party as soon as possible, beginning with the primary and secondary contacts
  - b. dispatch their respective staff and/or vendors to the approximate location of the damage
  - c. direct their respective staff and/or vendors to assess any damage, plan the repair work and discuss liability for the damage
  - d. direct their respective staff and/or vendors to repair their respective fiber cables and perform any splicing, repair, replacement or other services to restore the fiber.
4. **Conduit repair.** Regardless of any damage to the individual fiber cables within the Conduit, if damage occurs to the Shared Fiber Conduit, including the conduit itself, vaults that touch the Shared Fiber Conduit, or landscaping, ditches or trenches along the Shared Fiber Conduit, the SCHOOL DISTRICT will direct the repair of the Shared Fiber Conduit and invoice the COUNTY for 50 percent of the costs to repair and restore that damaged portion of the Shared Fiber Conduit. The SCHOOL DISTRICT may, at its discretion, direct the COUNTY to repair the damaged portion of the Shared Fiber Conduit, in which case the COUNTY will invoice the SCHOOL DISTRICT for 50 percent of the costs to repair and restore it.
5. **Shared repair costs.** Notwithstanding Section 3 of this Exhibit, if the parties agree to utilize the staff and/of vendors of only one party to make repairs—for example, in cases where only one party’s vendor can mobilize onsite in a timely manner—the party whose staff or vendor is managing the repair work will invoice the other party for its share of fiber repair costs.
6. **Damages.** The parties will work together and make a reasonable effort to pursue damages from the party liable for repair costs.
7. **Failure to locate.** As stated in the Agreement, the COUNTY bears responsibility for providing Gopher State One Call utility locates for the Shared Fiber Conduit. If the COUNTY fails to provide such locates in a timely manner, and the locate is duly issued by Gopher State One Call for a location where the Shared Fiber Conduit exists, and damage to the conduit and/or fiber cables results from such failure to locate the conduit, the COUNTY shall bear the cost of Conduit repair under Section 4 of this Exhibit and Fiber repair under Section 3 of this Exhibit, except that no invoice shall be made to the SCHOOL DISTRICT for its share of costs.
8. **Unforeseen circumstances.** Outside of the circumstances contemplated by this Exhibit, if damage occurs to individually owned infrastructure covered by this Agreement, that infrastructure will be repaired by its owner, and the owner will bear the cost of such repairs. If damage occurs to shared infrastructure covered by this Agreement, that infrastructure will be repaired by the SCHOOL DISTRICT, which will invoice the COUNTY for 50 percent of the costs. The SCHOOL DISTRICT may, at its discretion, direct the COUNTY to repair the damaged infrastructure, in which case the COUNTY will invoice the SCHOOL DISTRICT for 50 percent of the costs to repair and restore it.

DISTRICT GENERAL ELECTION OF NOVEMBER 5, 2013

COMMENTS BY: Board Chair Droegemueller

The School District General Election was held on November 5, 2013, to fill the expiring 4-year terms of Susan Hayes Droegemueller, Susan Gaither, and John A. Moroz. There were nine candidates for the three 4-year terms and **3,070** District residents voted in the election. The enclosed Abstract and Return of Votes Cast indicates that Chris McCullough, Sarah Johansen, and Andrea Cuene received the largest number of votes and have been elected to the Wayzata School Board effective the second Monday in January 2014.

We offer our congratulations to Chris, Sarah, and Andrea, and extend our wholehearted appreciation on behalf of the Wayzata Public Schools' community for their willingness to serve.

Our sincere thanks and appreciation are also extended to outgoing Board members Susan Hayes Droegemueller, Susan Gaither and John A. Moroz. Sue, Susan and John together served a total of 21 years on the board and they will be honored at the December 9<sup>th</sup> Regular Board Meeting. All three have made outstanding contributions as members of the School Board, provided excellent leadership, and always kept "what is best for kids" as their primary vision for District 284.

**RECOMMENDED ACTION:** Adopt the RESOLUTION CANVASSING RETURN OF VOTES OF THE SCHOOL DISTRICT GENERAL ELECTION HELD ON NOVEMBER 5, 2013 as presented.

**ITEM: C. RESOLUTION ESTABLISHING COMBINED POLLING PLACES AND DESIGNATING HOURS**

**COMMENTS BY: Board Chair Droegemueller**

For the special election scheduled for February 25, 2014, the School Board has established six combined polling places for multiple precincts. When a school district holds a general and/or special election that is not held on the same day as a statewide election, the school district is allowed to combine precincts instead of having each precinct be a polling place.

For the special school district election scheduled for February 25, 2014. The City of Minnetonka precincts have been temporarily combined into one polling place **only** for this school district election. This temporary change is detailed in the enclosed RESOLUTION ESTABLISHING COMBINED POLLING PLACES AND DESIGNATING HOURS. The other five combined polling places are the same as in previous school district elections The Board reaffirms that the polling places for the special election will remain open for voting between the hours of 7:00 o'clock a.m. and 8:00 o'clock p.m.

**RECOMMENDED ACTION:** Adopt the RESOLUTION ESTABLISHING COMBINED POLLING PLACES AND DESIGNATING HOURS DURING WHICH THE POLLING PLACES WILL REMAIN OPEN for voting on February 25, 2014.

**ITEM: \_\_\_\_\_**

**COMMENTS BY: Superintendent Anderson**

Wayzata High School has 17 seniors who have been selected as 2013-14 National Merit Scholarship semifinalists. We are very pleased that Wayzata Public Schools students do such a commendable job on these highly competitive national tests year after year. It speaks very positively about their motivation and aptitude and highlights the excellent work Wayzata Public Schools' teachers and support staff do in providing a solid learning experience for such achievement. Through this recognition event, we are not only honoring these scholars, but the elementary, middle and high school teachers who the students have selected as having "had the most positive and formative influence" on them as learners in the Wayzata Public Schools.

As the students are introduced, they will in turn introduce their choice of elementary, middle or high school "Esteemed Teachers."

Sue Iverson, Vision 21 teacher at WHS will introduce the semifinalists.
