School Board Minutes
INDEPENDENT SCHOOL DISTRICT 191
November 3, 2011

The meeting of the Board of Education was called to order by Chair Hill at 6:30 p.m. at the Burnsville High School Senior Campus in the Diamondhead Education Center.

Call to Order

Members present: Directors Currier, Luth, Schmid, Sweep, Teiken, VandenBoom and Chair Hill. Others in attendance were Superintendent Randall Clegg, Student Advisor Sam Wehling, administrators and staff.

Attendance

Chair Hill welcomed the audience and asked Director Schmid to lead the Pledge of Allegiance.

Pledge of Allegiance

District 191 was recognized for being one of eleven Minnesota districts and one of 364 nationwide to be placed on the College Board's Second Annual AP Honor Roll.

Public Recognition

Moved by Director Currier, seconded by Director Luth, to approve the agenda. Motion carried unanimously (7,0).

Agenda

Moved by Director Teiken, seconded by Director VandenBoom, to approve the consent agenda as follows:

Consent Agenda

- Minutes of October 13, 2011 Board
- Personnel changes for L. Lillie, A. McNeil, W. Rippenburg, M. Grzesiak, E. Kosmalski, H. Nemeth, B. Luger, J. Sheil, S. Henderson, A. Keirstead, M. Vendel, K. Torralba, J. Boldt, M. Pariseau, A. Vitali, M. Dean, V. Johnson, C. Nystrom, M. Beede, S. Jensen, M. Teachout

Donations

from William Haugen to Sioux Trail through the Wells Fargo Foundation; student and office supplies valued at \$482.33 from FedEx to Sky Oaks; and classroom and office supplies valued at \$1,301.74 from Office Max to Sky Oaks and teacher Patty Norgaard

- Approve the Diamondhead Clinic Participating Member Agreement
- Approve change order #1 for the 2011-2012 Secure Entry Deferred Maintenance Project at five buildings
- Approve change order #2 for the 2011-2012 Burnsville High School Deferred Maintenance Project

Chair Hill made special mention of donations to the District. Motion carried unanimously (7,0).

Board members received the Annual Enrollment Report from Lisa Rider, Executive Director of Business Services. The report focused on fall enrollment and the current composition of the district compared to the 2002-03 school year. Enrollment projections were given using both the fall 2011 numbers and end of year enrollment. Our current enrollment is approximately 9,600.

The report showed that our student enrollment appears to have stabilized after a number of years of declining enrollment. However, the report also showed the district has experienced an increase in the number of resident students enrolling elsewhere.

Moved by Director Currier, seconded by Director Teiken, to approve, on a first reading basis, revisions to Policy ING and ING-R, Animals in the School, Policy ACD/JBD, Bullying Protection, and Policy JO, Protection and Privacy of Student Records. Motion carried unanimously (7,0).

Student Advisor Wehling reported the new office at BHS looks nice and the "traffic" in the halls moves much better with the changes that were made. Congratulations to the BHS Girls Soccer team for the second place finish at State!

Dr. Clegg reminded residents about the levy renewal vote on Tuesday, November 8. Information related to the levy renewal is posted on the district webpage. He congratulated all the Fall athletes. BHS will host the Annual College Fair on November 7. There is no charge and is open to the public. Emily Robb (NJH) and Lisa Christen (MWS) were named 2011 TIES Exceptional Teachers and will be honored during the TIES Education Technology Conference in December.

**Agenda II B-5
November 17, 2011**

TO: Dr. Randall Clegg, Superintendent
FROM: Lisa K. Rider, Executive Director of Business Services
DATE: November 17, 2011
RE: Budget Analysis for the Month Ending October 2011

RECOMMENDATION: That the Board accept the Budget Analysis for the month ending October 31, 2011

The October Budget Reports are presented for Board information and review. The reports indicate that year-to-date expenditures plus encumbrances in all funds total \$37,823,986.03 or 23.82% of the Adopted Budget. Year-to-date revenue in all funds total \$59,131,006.75 or 40.97% of the Revised Budget.

Additional financial reports and summaries are provided to allow monthly monitoring of the budget. With respect to Revenue, we are furnishing two reports:

Revenue Summary By Fund
Revenue Summary By Source

Four expenditure reports are included in the board packet as follows:

Expenditure Summary By Fund
Expenditure By Object
Expenditure By Program
Expenditure By Building

All of the reports show last year's actual figures, this year's budget and this year's activity to date. Additional detail is available upon request.

To assist the Board in monitoring monthly financial activity and to help identify budget-to-actual deviations, graphs have been developed as follows:

Cash and Investments By Month for Last year and Current year
General Fund Revenues Year-to-Date for Last year and Current year
All Funds Revenue Year-to-Date for Last year and Current year
General Fund Expenditures Year-to-Date for Last year and Current year
All Funds Expenditure Year-to-Date for Last year and Current year

All of the reports and graphs are presented on a monthly basis together with comments regarding identified deviations or unanticipated occurrences. I would be glad to answer any questions regarding these reports.

ANIMALS ACCOMPANYING STUDENTS IN DISTRICT 191 SCHOOLS

Pets and Instructional Related Animals

Permission from the site administrator must be obtained prior to an animal being in a school. The discretion to allow or refuse permission for an animal to be on school grounds rests solely with the administrator. If the administrator grants permission the following requirements apply:

Dogs must be accompanied by proof of current vaccination for rabies and distemper-parvo.

The owner shall be liable for any damage done to property by the animal.

The owner is responsible for the humane care and treatment of the animal.

The owner may be asked to remove the service animal if it poses a significant health or safety risk or disrupts or may disrupt the educational environment.

Animals will not be allowed in food preparation, storage or eating areas.

Service Animals

A student with a disability may be accompanied by a service animal in public places within District 191 consistent with Minnesota Statutes §256 and §363A.19. A service animal is defined for the purposes of this policy as ~~a guide dog, signal dog or other animal trained to do work~~ any dog any animal that has been individually trained to do work or perform tasks for the benefit of a person with disabilities. The person with a disability must:

Properly harness or leash the service animal and maintain control of the animal.

~~The service animal must be identified as having been trained by a recognized school for service animals.~~

~~The service animal (if a dog) must be accompanied by proof~~ Proof of vaccination for rabies and distemper-parvo. must be provided before any service animal is allowed to work in a school.

The person shall be liable for any damage done to property by the ~~dog~~ service animal.

The person is responsible for the humane care and treatment of the service animal.

The person may be asked to remove the service animal if it poses a significant health or safety risk to the person or others.

Non - Service Animals

A student with a disability who wishes to be accompanied in a school building including a classroom, lunchroom or other area within the school building by a non-service animal should request that the student's Individual Education Program (IEP) team or Section 504 team consider whether the non-service animal is necessary to provide the student with a free appropriate public education.

The non-service animal will be permitted to accompany the student if the student requires the animal in order to receive an appropriate education as determined by the IEP or Section 504 team. In such a case, the following apply:

~~The non-service animal is identified as having been trained by a recognized school for training animals.~~

The non-service animal is harnessed or leashed and controlled by the person with disabilities.

~~A dog must be accompanied by proof~~ Proof of vaccination for rabies and distemper-parvo-~~must be provided before any non-service animal is allowed to work in a school.~~

The person shall be liable for any damage done to property by a ~~dog.~~ non-service animal.

The person is responsible for the humane care and treatment of the non-service animal.

The person may be asked to remove the non-service animal if it poses a significant health or safety risk or creates or may create disruption to the educational environment.

ANIMALS ACCOMPANYING EMPLOYEES OR OTHER ADULTS IN DISTRICT 191 SCHOOLS

Service animals are permitted to accompany a person with disabilities consistent with Minnesota Statutes §256C and §363A.19. A person who is training a dog to be a service dog shall also be permitted to have a dog on school property.

A service animal is defined for the purposes of this policy as ~~a guide dog, or signal dog or other animal~~ any animal trained to do work or perform tasks for the benefit of a person with disabilities. The person with a disability must:

Properly harness or leash the service animal and maintain control of the animal.

~~The service animal must be identified as having been trained by a recognized school for service animals.~~

~~The service animal (if a dog) must be accompanied by proof~~ Proof of vaccination for rabies and distemper-parvo- must be provided before any service animal is allowed to work in a school.

The person shall be liable for any damage done to property by the ~~dog.~~ service animal.

The person is responsible for the humane care and treatment of the service animal.

The person may be asked to remove the service animal if it poses a significant health or safety risk to the person or others.

Site Administrators must grant permission prior to a non-service animal being allowed in a school.

All interactions between animals and students will be supervised.

Non-service animals will not be allowed in food preparation, storage or eating areas.

Thorough hand washing with soap and water will take place after any contact with animals, their equipment, cages or food. This is especially important in the case of handling reptiles such as turtles and iguanas.

The following animals will not be allowed in school: Cats, stray animals, aggressive animals, poisonous animals – spiders, snakes, venomous insects and baby ducks or chicks.

The following conditions must be met for safety and sanitation:

Caged Animals

Cages must be kept on a table, counter or shelf, and set in a metal or plastic tray, or a cardboard tray with a plastic liner. If the cage has a built-in bottom, it may be placed on the floor.

Owners of the animals are responsible for feeding, watering and cage-cleaning functions including the area around the cage and floor as needed. These functions may be delegated to a specified district employee or student who accepts responsibility. Cleaning and disposal of cage contents should be done frequently using gloves. Bacteria and allergen in the urine should be considered when housing an animal in a classroom.

Visiting Animals

Dogs must be accompanied by copies of their vaccination dates against rabies and distemper-parvo. When possible, it is preferable for students to go outside and visit the animal rather than have the animal visit the students in the building.

Animal Bites

If an animal bite occurs, administer first aid as necessary and notify the health office.

Other Emergency Situations

In the event of an emergency situation, (i.e., building closure, natural catastrophe) a plan of care to house and care for the animal will be the responsibility of the classroom teacher and site administrator).

Determining Need for Non-Service Animals

IEP/504 teams will meet to consider the need for an animal to accompany a student to school. The Team will address any specific goal/objective that would pertain to the animal and how the student's need would be addressed and if the use of the animal is the only and best means for meeting the student's need. These considerations would be balanced with the needs of other students in the school/classroom including allergies, asthma, and cultural concerns.

I. INTRODUCTION

The Board of Education has determined that a safe and civil environment is necessary for students to learn and achieve high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. Bullying has a harmful social, physical, psychological and academic impact on bullies, victims and bystanders. The school district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process.

This policy is in effect while students, employees or volunteers are on property within the jurisdiction of the board, including but not limited to, all school district buildings, school grounds, and school property, school bus stops, school buses, school vehicles, school-contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance to or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events or trips. This policy also includes conduct away from school grounds if the conduct directly affects the good order, efficient management and welfare of the school or school district.

II. DEFINITIONS

Bullying may **involve** be repeated behavior and involves an imbalance of power. Bullying is deliberate, systematic, repeated, or recurrent conduct committed by a student or a group of students against another student that causes measurable physical harm, emotional distress, or is intended to cause fear or intimidation. Bullying includes any written or verbal expression, physical act or gesture, or pattern thereof, that is intended to cause or is perceived as causing distress to a student or a group of students and which substantially interferes with another student's or students' educational benefits, opportunities, or performance.

Bullying may be motivated by an actual or perceived distinguishing characteristic such as, but not limited to, age, color, national origin, race, ethnicity, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, socioeconomic status, or familial status.

Bullying may involve teasing, social exclusion, threat, intimidation, stalking, physical violence, theft, sexual, religious or racial harassment, public humiliation or destruction of property.

Bullying may include the use of any electronic communication device through means including, but not limited to, e-mail, instant messaging, text messages, blogs, mobile phones, pagers, online games and websites.

III. PROHIBITION

An act of bullying, by either an individual student or a group of students, is expressly prohibited on school district property or at school-related functions within the jurisdiction of the board of education. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying that interferes with

or obstructs the mission or operations of the school district or the safety or welfare of the students, ~~other students~~, or employees.

No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

False accusations or reports of bullying against another student are prohibited.

A person who engages in an act of bullying, reprisal, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline for that act in accordance with school district's policies and procedures. Consequences for students who commit prohibited acts of bullying may range from positive behavior interventions up to and including suspension and/or expulsion. Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge. Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

The school district will act to investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

IV. REPORTING PROCEDURES

Any person who believes he or she has been the victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to a teacher, building administrator, or district administrator. All reports of bullying involving a student or students shall be immediately forwarded to the building principal.

All reports of bullying involving a district employee or other adults shall be immediately forwarded to the Executive Director of Organizational Development. School district personnel who knowingly fail to report conduct that may constitute bullying in a timely manner may be subject to disciplinary action.

Reports of bullying are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

Submission of a good faith complaint or report of bullying will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.

V. SCHOOL DISTRICT ACTION

Upon receipt of a complaint or report of bullying, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district.

The school district may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable laws.

Upon completion of the investigation, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements, applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act, school district policies and regulations.

The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the

parent(s) or guardian(s) of students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

VI. REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation, or against any person who testifies, or participates in a proceeding or hearing relating to such bullying. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.

VII. TRAINING

The school district annually will provide information and any applicable training to school district staff regarding this policy.

The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying.

The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the victim, and to make resources or referrals to resources available to victims of bullying.

VIII. DISCLOSURE AND PUBLIC REPORTING

This policy will be distributed annually to all students enrolled in the school district, their parents and/or guardians and employees. It will also be distributed to all organizations having cooperative agreements with the school district. This policy shall be included in student and staff handbooks and appear on the district website.

Records will be maintained on the number and types of reports made and sanctions imposed for incidents found to be in violation of this bullying policy.

An annual summary report shall be prepared and presented to the school board, which includes trends in bullying behavior and recommendations on how to further reduce bullying behavior.

I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 U.S.C. §1232g, et seq., (Family Educational Rights and Privacy Act) 34 C.F.R. Part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13. and Minn. Rules Parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Dates of Attendance

Date of attendance, as referred to in Directory Information, means the period of time during which a student attends or attended a school or schools in the school district. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

B. Dependent Student

A "dependent student" is an individual who during each of five (5) calendar months during the calendar year in which the taxable year of the parent begins:

1. is a full-time student at an educational institution; or
2. is pursuing a full-time course of instructional on-farm training under the supervision of an accredited agent of an educational institution or of a state or political subdivision of the state.

C. Directory Information

"Directory information" means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. For students enrolled in grades K-12, directory information includes: the student's name; address; telephone listing; gender; participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees honors and awards received; and pictures for school-approved publications, newspapers and videotapes. Directory information does not include personally identifiable data which references religion, race, color, social position or nationality. For students enrolled in prekindergarten programs, no information will be defined as directory information.

D. Education Records

1. What constitutes "education records." Education records means those records which: (1) are directly related to a student; and (2) are maintained by the school district or by a party acting for the school district.
2. What does not constitute an education record. The term "education records" does not include:
 - a. Records of instructional personnel which:
 - 1) are in the sole possession of the maker of the record; and
 - 2) are not accessible or revealed to any other individual except a substitute teacher; and
 - 3) are destroyed at the end of the school year.
 - b. Records of a law enforcement unit of the school district, provided educational records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - 1) maintained separately from education records;
 - 2) maintained solely for law enforcement purposes; and
 - 3) disclosed only to law enforcement officials of the same jurisdiction.
 - c. Records relating to an individual, including a student, who is employed by the school district which:
 - 1) are made and maintained in the normal course of business;
 - 2) relate exclusively to the individual in that individual's capacity as an employee; and
 - 3) are not available for use for any other purpose.

However, these provisions shall not apply to records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student.
 - d. Records relating to an eligible student, or a student attending an institution of post-secondary education, which are:
 - 1) made or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
 - 2) made, maintained, or used only in connection with the provision of treatment to the student; and
 - 3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.
 - e. Records that only contain information about an individual after he or she is no longer a student at the school district.

E. Eligible Student

"Eligible student" means a student who has attained eighteen (18) years of age or is attending an institution of post-secondary education.

F. Juvenile Justice System

"Juvenile justice system" includes criminal justice agencies and the judiciary when involved in juvenile justice activities.

G. Legitimate Educational Interest

"Legitimate educational interest" includes interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student, student health and welfare, and the ability to respond to a request for education data. It includes a person's need to know in order to:

1. Perform an administrative task required in the school or employee's contract or position description approved by the school board;
2. Perform a supervisory or instructional task directly related to the student's education; or
3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement or student financial aid.
4. Perform a task directly related to responding to a request for data.

H. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

I. Personally Identifiable

"Personally identifiable" means that the data or information includes, but is not limited to: (a) a student's name; (b) the name of the student's parent or other family member; (c) the address of the student or student's family; (d) a personal identifier such as the student's social security number or student number; (e) a list of personal characteristics that would make the student's identity easily traceable; or (f) other information that would make the student's identity easily traceable.

J. Record

"Record" means any information or data recorded in any way including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm and microfiche.

K. Responsible Authority

"Responsible authority" means Assistant Superintendent for Instruction.

L. Student

Student includes any individual who is or has been in attendance, enrolled or registered at the school district and regarding whom the school district maintains education records. Student also includes applicants for enrollment or registration at the school district, and individuals who receive shared time educational services from the school district.

M. School Official

"School official" includes: (a) a person duly elected to the school board; (b) a person employed by the school board in an administrative, supervisory, instructional or other professional position; (c) a person employed by the school board as a temporary substitute in a professional position for the period of his or her performance as a substitute; and, (d) a person employed by, or under contract to, the school board to perform a special task such as a secretary, a clerk, as public information officer or data practices compliance official, an attorney or an auditor for the period of his or her performance as an employee or contractor. or under contract with the school board in an administrative, supervisory, instructional or other professional position; (c) a person employed by the school board as a temporary substitute in a professional position for the period of his or her performance as a substitute; and (d) a person employed by, or under contract to, the school board to perform a special task such as a secretary, a clerk, as public information officer or data practices compliance official, an attorney or an auditor for the period of his or her performance as an employee contractor. The District may use consultants contracted through an agency/ organization to assist with student programming and those individuals would have access to student data.

N. Summary Data

"Summary data" means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

O. Other terms and phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received or maintained by a school district is public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of 20 U.S.C. § 1232g and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated there under;
4. The right to refuse release of secondary students' names, addresses, and home telephone numbers to military recruiting officers;

Re: Audit Report for Fiscal Year 2011

RECOMMENDATION: That the Board of Education approve the audit report for fiscal year 2011 as prepared and presented by the school district's auditor, LarsonAllen, LLP.

The District's audit for the fiscal year 2011 has been prepared by LarsonAllen, LLP, and will be presented to the Board of Education by Dennis Hoogeveen. The financial audit is prepared annually for presentation to the Board of Education as required by Minnesota Statute. The formal presentation will be short; however, ample time will be provided for board members to avail themselves to the expertise and services of the individuals who conduct the audit and prepared the report.

Included are three PDF files related to the audit report. Please see the following files: ISD191 CAFR; ISD191 EAS; ISD191 SA and Other Reports. Final bound copies of the reports will be provided to you the evening of the meeting unless you prefer to pick them up in advance. Highlights within the audit reports include final enrollment greater than budgeted by 137 ADMs, full implementation of GASB 54 (the new fund balance policy and requirements), an unqualified (clean) audit opinion, and a single audit encompassing the areas of Special Education, Title I, and Child Nutrition with no compliance or internal control findings.

Please let me know if you need any additional information.

I recommend the District's audit for fiscal year 2011 be approved.

INTRODUCTION

The comprehensive annual financial report (CAFR) of Independent School District No. 191, Burnsville, Minnesota (the District) for the fiscal year ended June 30, 2011 is hereby presented for your information and review. The CAFR is intended to fully disclose the financial position of the District and the results of operations for the fiscal year. Every effort has been made to ensure the reliability and integrity of the data contained herein. Although that data was received from many sources, the accuracy and thoroughness of this report rests solely with the District. This report belongs to the citizens of the Burnsville – Eagan – Savage community, for it describes, in financial terms, the position and operating results of the District. Questions and comments are solicited and welcome.

REPORT FORMAT

This CAFR is presented in three main sections: introductory, financial, and statistical. In addition to information contained in this letter, the introductory section includes the District's organizational chart, a list of the District's principal officials, and the Association of School Business Officials Certificate of Excellence in Financial Reporting Award. The financial section includes the independent auditor's report, Management's Discussion and Analysis (MD&A), basic financial statements, notes to basic financial statements, and detailed combining and individual statements and schedules. The statistical section includes selected financial and general information presented on a multi-year comparative basis. Where possible, historical data is presented for a 10-year period.

Accounting principles generally accepted in the United States of America require management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of an MD&A. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A of the District can be found immediately following the report of the independent auditors.

DISTRICT ORGANIZATION

The District was incorporated in 1955 and serves parts of five suburban communities in the Minneapolis/St. Paul area. The District is guided by its mission:

Independent School District 191, in partnership with students, parents and the community, is committed to providing every student with relevant and challenging learning experiences that enable each individual to be a responsible, contributing member of a dynamic world community.

The District enrolled 9,770 students from a population of over 66,000 citizens residing in a 37 square mile area. During 2010-11 the District operated 18 buildings: 1 high school, 3 junior high schools, 10 elementary schools, 3 special services buildings, and an office building. The District is organized by grade level with elementary schools serving students in kindergarten through Grade 6, junior highs serving Grades 7–9, and the high school serving Grades 10–12.

REPORTING ENTITY

The District's financial statements include all funds, departments, agencies, boards, commissions, and other component units for which the District is considered to be financially accountable. Component units are legally separate entities for which the District (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit includes whether or not the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally depended upon by the potential component unit.

Based on these criteria, there are no organizations considered to be component units of the District.

FINANCIAL STATEMENTS

The financial statements contained in this report disclose the financial position of the District as of June 30, 2011 and the financial operations for the fiscal year then ended. The District's financial records and reports are maintained and prepared on a modified or full accrual basis of accounting in accordance with the Uniform Financial Accounting and Reporting System for Minnesota School Districts as well as the standards of the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants. These records are audited annually by an independent certified public accountant as required by Minnesota law. The accounting firm of LarsonAllen LLP performed the audit for the 2010-11 fiscal year. Their report is included in the financial section of this report. The auditor has given an unqualified opinion on the District's financial statements. An unqualified opinion means that, in the judgment of the auditor, the financial statements present fairly, in all material respects, the financial position of the District and the results of its operations for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

FEDERAL SINGLE AUDIT AND STATE COMPLIANCE AUDIT

The independent audit of the financial statements of the District is part of a broader, federally mandated Single Audit designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited district's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. The District is also required to undergo an annual Minnesota State Legal Compliance Audit under Minnesota Statute §6.65. These reports are available in a separate document.

ACCOUNTING AND BUDGETING

A major thrust of the District's accounting system is to provide adequate internal accounting controls. These controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of internal controls should not exceed the benefits likely to be derived, and that the evaluation of the cost and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the District's internal accounting controls adequately safeguard assets and provide reasonable assurance for proper recording of financial transactions.

Budgetary control is maintained through an annual budget adopted by the School Board for all funds as required by state statutes and School Board policy. The adopted budget serves as the authorizing document for all expenditures, although the School Board approves all checks issued on a monthly basis. The superintendent and business manager are authorized to make financial commitments within budgetary guidelines up to \$50,000. Additional expenditure controls are maintained by the Business Office in accordance with state statutes, i.e., the District cannot incur a negative unassigned balance in the General Fund in excess of 2.5 percent of the preceding year's expenditures. The budget is published annually in the District's legal newspaper to inform residents of the District's financial position and operating plan for the fiscal year. The School Board receives Board reports on monthly revenue and expense reports. Program managers may receive weekly budget reports via email which indicate the approved budget on a line item basis; the month-to-date and year-to-date revenues, expenditures, and encumbrances assigned to those line items; the budget remaining; and the percent earned or expended to date. Monthly monitoring of revenues and expenditures by the School Board as well as ongoing monitoring by program managers helps to ensure budget integrity and provides an opportunity to detect material budget variances before the end of the fiscal year.

The budget is adopted by the School Board in the spring of each year for the following fiscal year beginning July 1. In the fall the budget is revised based upon enrollment changes, effects of negotiated employee contracts, or other new information impacting revenues or expenditures. The revised budget is presented to the School Board for approval. To accurately track and report financial activities with a focus on site-based accounting, approximately 13,000 accounts have been defined in the District's chart of accounts.

SIGNIFICANT EVENTS

The District's finances are largely dependent on student enrollment. After many years of increasing enrollment, the District is experiencing a decline in the number of students enrolled in the District's schools. This is a natural occurrence in a fully developed community and is the result of smaller kindergarten cohorts replacing a larger graduating class. The drop in enrollment is most noticeable in the primary grades where grade level enrollments have fallen from nearly 1,000 students to fewer than 800 students with some grade levels at 700 students. As these smaller cohorts reach the upper grades, the District's total enrollment will likely decline by 300 students or more before stabilizing. As enrollment declines, revenues associated with those students decline as well.

Unfortunately, declining enrollment and the lack of a funding increase from the state have placed the District in the position of a need to reduce expenditures to balance the budget. Most of the District's operating revenue is directly related to the number of students enrolled in its schools. While revenues decline in direct proportion to the change in enrollment, expenditures decline at a much slower rate because the enrollment change is spread over all 14 schools and 13 grades. As student numbers decline, the number of teachers providing direct services to students can be reduced accordingly and some cost reduction occurs. Other costs, such as facility operations, are not proportionally related to enrollment and cannot be adjusted as readily. Strong expenditure curtailment measures were imposed in 2005–2006, 2006–2007, and 2007–2008 in an effort to ensure a favorable financial result. Significant efforts were made in 2010-2011 to evaluate the necessity of filling open positions, evaluating contracts for cost savings, and taking a proactive approach to value based budgeting for the 2011-2012 school year as well. A successful levy referendum election in November 2007 provided additional funding for the current and previous school years. The \$6.75 million generated from this referendum has been used to improve programs and services as outlined by the School Board. This additional revenue coupled with the continued effort to curtail expenditures allowed the District to improve the fund balance in its General Fund and to transfer funds to the District's Internal Service Funds.

FINANCIAL PROSPECTS FOR FUTURE YEARS

The District has a long history of maintaining positive fund balances and matching revenues with expenditures. Residents of the District have repeatedly supported the District's efforts to increase revenues through levy referenda. The successful operating referendum has allowed the District to restore class sizes to the 2006–2007 levels and maintain existing programs for a minimum of three years. The District will be seeking critical support from its residents in November 2011 to renew the District's operating levy that is set to expire in 2013-2014. The amount of the renewal is approximately \$10 million dollars annually.

The State Legislature has not increased funding per student for the two most recent bienniums. In addition to no changes in the basic funding formula, the Legislature increased the amount state aid and property tax shifts for future years. Unfortunately, declining enrollment, flat funding, and shifts of District payments may create budget gaps and cash shortfalls going forward. The District may have to explore all possible funding and uses of expenditures to close the budget gap in future years.

Continued financial uncertainty is likely to be the major challenge of the next decade. While enrollment, staffing, and expenses can be projected, it is impossible to predict with any certainty the configuration or adequacy of funding formulas to be enacted in the future by the Legislature. Nonetheless, the District is committed to maintaining programs and services and to operating within its financial limitations. As the District approaches the 2011-2012 revised budget and 2012-2013 adopted budgets, stakeholder input and curriculum based decisions will be at the forefront of the discussion. Closing the achievement gap and increasing student achievement across all students remains at the forefront of District operations.

ECONOMIC FACTORS

The District is located in Dakota and Scott Counties, both of which are located in the seven-county metro area of Minneapolis/St. Paul. The cities that comprise the District are suburban communities. Residents are typically employed in professional vocations within the metropolitan area. The economic downturn of the past years has had some effect on the community as evidenced by greater mobility and increased participation in the free and reduced price lunch program.

The taxable market value of property within the District is generally expected to remain consistent. While the District is essentially fully developed residentially, commercial development and redevelopment is clearly evident throughout the community. While the numbers and types of taxable property have increased, any benefit to total market value has been offset by a decline in the aggregate market value as a whole.

The state of Minnesota assumes major responsibility for funding public education. In the District, approximately 25 percent of our revenues are generated locally from the property tax and 70 percent of the property tax is the result of voter approved, local initiatives. This includes the referendum that was approved in November 2003 which provided revenue in the amount of \$11,000,000 commencing in fiscal year 2004 as well as the referendum that was approved in November 2007 which provided revenue in the amount of \$6,750,000 commencing in fiscal year 2009.

Reliance on the state for the majority of its operating revenues places the District in the position of being dependent on state-wide economic conditions that drive state tax collections. As a consequence of diminished resources, the State Legislature has provided limited increase to the basic formula and categorical funding for the 2011-2013 biennium. This increase does not keep pace with inflation and increases for the next biennium are not expected to meet inflationary increases as well. The District has responded to this financial challenge by curtailing expenditures when possible, revamping the budget process and by judiciously drawing on fund reserves to maintain programs and services.

MAJOR INITIATIVES

The District's administrators, bargaining groups, and Board approved the implementation of a new Health Insurance plan beginning July 1, 2010. The plan design includes a High Deductible insurance plan blended with an employee share similar to an HSA and a section 105 plan. For the 2010-11 year, the plan is expected to save the District approximately \$900 thousand as employees become better consumers of healthcare.

The summer of 2011 also marked the beginning of the renovation of the Burnsville Senior High School. The renovation of the campus is scheduled to be completed over three years. In the first phase completed during the Summer of 2011, the students and staff saw significant changes to the science and administration areas as well as behind the scenes improvements to the mechanical systems. These initial changes will set the foundation for the continued renovation to the world language, math, and the MRAZ center. The project will continue through the school year and will ultimately culminate in the Summer of 2014.

CASH MANAGEMENT

All temporary cash surpluses during the year are invested in various securities as permitted by state statutes. The District's policy is to invest all available monies at competitive interest rates in accordance with an overall fiscal plan coordinated with operating needs projected over the ensuing 12-month period. Great care is taken to ensure that all investments meet the stringent requirements of state law, as well as School Board policy relating to the full collateralization and safety of approved investment instruments and deposits.

RISK MANAGEMENT

The District's buildings and their contents are insured at their full estimated replacement value, less a deductible of \$10,000. Liability coverage is provided for all employees, volunteers, and elected officials at \$1,000,000 per occurrence. Employees and elected officials are also provided workers' compensation coverage and errors and omissions coverage.

CERTIFICATE OF EXCELLENCE

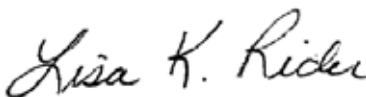

This report will be submitted to the Association of School Business Officials International for consideration for the Certificate of Excellence in Financial Reporting. The District received this award for the past 22 fiscal years and expects to continue to earn the recognition that accompanies the standards of accuracy and thoroughness acknowledged by the Certificate of Excellence program.

ACKNOWLEDGMENTS

The time, effort, and attention that goes into the timely preparation of a CAFR requires the commitment and cooperation of many people. Special appreciation must be extended to the entire Business Office staff for their dedication and to the School Board for their encouragement and leadership.

INDEPENDENT AUDITORS' REPORT

School Board
Independent School District No. 191
Burnsville, Minnesota

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Independent School District No. 191 as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit. The prior year partial comparative information has been derived from the District's 2010 financial statements and, in our report dated November 10, 2010, we expressed unqualified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 191 as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for General Fund and the Major Special Revenue Funds for the year then ended in conformity with U.S. generally accepted accounting principles.

As discussed in the notes to the financial statements, the District adopted the provisions of Government Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as of and for the year ended June 30, 2011. This statement may result in the District reporting nonspendable, restricted, committed, assigned, and unassigned fund balances in its governmental fund types.

Board of Education
Independent School District No. 191
Burnsville, Minnesota

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2011, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in assessing the results of our audit.

The management's discussion and analysis and the schedule of funding progress for other postemployment benefits plans, as listed in the table of contents, are not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, individual fund statements and statistical section, listed in the table of contents as supplemental information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Uniform Financial Accounting and Reporting Standards Compliance Table is presented as supplemental information as required by the Minnesota Department of Education, and is also not a required part of the basic financial statements of the District. The individual fund statements and Uniform Financial Accounting and Reporting Standards Compliance Table have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

This section of Independent School District No. 191's comprehensive annual financial report presents its discussion and analysis of the District's financial performance during the fiscal year ended June 30, 2011. Please read it in conjunction with the District's financial statements, which immediately follow this letter.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Government Accounting Standard Board's (GASB) Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued in June 1999.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2010-11 fiscal year include the following:

- The overall district financial position has improved. Government-wide net assets increased by \$1,126,979 resulting in total net assets of \$53,237,126 as of June 30, 2011.
- Government-wide revenues totaled \$133,032,250 and expenses were \$131,905,271.
- The General Fund balance, as presented in the governmental funds, increased by \$1,508,433 from the prior year.
- The District's General Fund revenue and expenditure budgets were accurate. Actual revenues for 2011 were 104.4% of budget and actual expenditures for 2011 were 100.7% of budget.
- The unassigned fund balance in the General Fund increased by \$687,980; from \$10,820,200 to \$11,508,180.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts: Independent Auditors' Report, Required Supplementary Information which includes MD&A (this section), the basic financial statements, and supplemental information.

The basic financial statements include several statements that present different views of the District:

- The **government-wide financial statements**, including the *Statement of Net Assets* and the *Statement of Activities*, provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are **fund financial statements** that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.
- **Governmental funds statements** tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- **Proprietary funds statements** offer short- and long-term financial information about the activities the District operates like businesses.
- **Fiduciary funds statements** provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others to whom the resources belong.

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data.

Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes *all* of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the government-wide financial statements the District's activities are shown in one category:

- **Governmental Activities** – Most of the District's basic services are included here, such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aids finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's *funds* – focusing on its most significant or “major” funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The District may establish other funds to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal grants).

The District has three kinds of funds:

- *Governmental Funds* – Most of the District's basic services are included in governmental funds, which generally focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statements to explain the relationship (or differences) between them.
- *Proprietary Funds* – The District uses internal service funds to report activities that provide supplies and services for the District's other programs and activities. The District currently has four internal service funds for self-insured health and dental benefits and its severance and postemployment benefits liabilities.
- *Fiduciary Funds* – The District is the trustee, or fiduciary, for assets that belong to others, such as the scholarship funds and the flexible benefit plan. The District is responsible for ensuring that the assets are reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Assets

The District's combined net assets were \$53,237,126 on June 30, 2011. This was an increase of 2.16% from the prior year (see Table A-1).

**Table A-1
The District's Net Assets**

	Governmental Activities		Percentage Change
	2011	2010	
Current and Other Assets	\$ 103,248,821	\$ 95,285,899	8.36 %
Capital and Non-Current Assets	102,717,180	105,586,957	(2.72)
Total Assets	<u>205,966,001</u>	<u>200,872,856</u>	2.54
Current Liabilities	49,463,382	55,025,314	(10.11)
Long-Term Liabilities	103,265,493	93,737,395	10.16
Total Liabilities	<u>152,728,875</u>	<u>148,762,709</u>	2.67
Net Assets:			
Invested in Capital Assets			
Net of Related Debt	34,407,587	35,667,039	(3.53)
Restricted	2,161,029	2,052,092	5.31
Unrestricted	16,668,510	14,391,016	15.83
Total Net Assets	<u>\$ 53,237,126</u>	<u>\$ 52,110,147</u>	2.16

The District's financial position is the product of many factors. For example, the determination of the District's investment in capital assets, net of related debt involves many assumptions and estimates, such as current and accumulated depreciation amounts. A conservative versus liberal approach to depreciation estimates, as well as capitalization policies, will produce a significant difference in calculated amounts.

The District's overall financial position improved during the 2011 fiscal year, as total net assets increased and the District is able to report positive balances in all three categories of net assets, as was true for the previous year-end. The largest portion of the District's net assets (64.6%) represents its investment in capital assets (land, buildings, equipment, etc.) less any related debt used to acquire those assets that is still outstanding. This element of net assets decreased by \$1,259,452 in the current fiscal year.

Another portion of the District's net assets, restricted net assets (4.1%) represents resources that are subject to external restrictions on how they may be used. This portion of the District's net assets increased by \$108,937 in the current year. The remaining unrestricted net assets (31.3%) are those that may be used to meet the District's ongoing obligations. This portion of net assets increased \$2,277,494 in the current fiscal year.

INDEPENDENT SCHOOL DISTRICT NO. 191
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

The cost of all *governmental* activities this year was \$131,905,271.

- Some of the cost was paid by the users of the District's programs (Table A-2, Charges for Services, \$8,078,024). The majority of this category, approximately \$6.5 million, comes from food service meal sales and community education class tuition.
- The federal and state governments subsidized certain programs with grants and contributions (Table A-2, Operating and Capital Grants and Contributions, \$29,906,872).
- Most of the District's costs were paid for with local property taxes, unrestricted state aid, investment earnings, and other general revenues. Governmental activities were paid for with \$42,021,642 in property taxes, \$52,461,003 of unrestricted state aid, and with investment earnings and other general revenues.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

All governmental funds include not only funds received for the general operation of the District but also include resources from the entrepreneurial-type funds of Food Service and Community Education. Funding for the general operation of the District is controlled by the state and the District does not have the latitude to allocate money received in Food Service or Community Education or for fiscal services to enhance general operation resources.

Table A-3, seen below, presents the cost of twelve major District activities such as, instruction, pupil and instructional services, administration and business, maintenance and operations, transportation, and others. The table also shows each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs).

The cost of all governmental activities this year was \$131,905,271, an increase of \$2,861,366 over the prior year. After applying program specific revenue, the net cost of all governmental activities this year was \$93,920,375 or an increase of \$8,701,930 from the prior year. The main reason for the increase in the net cost of services was due to one-time ARRA stabilization funding in prior year that was replaced with general state aid in the current year.

Financial Analysis of the District's Funds

The financial performance of the District as a whole is reflected in its governmental funds. The General, Food Service, Community Service, and Capital Projects-Building Construction funds had more revenues than expenditures in 2011, thereby contributing to the increase in individual fund balance. The Debt Service Fund had more expenditures than revenues in 2011. At the end of the 2010-11 fiscal year, the District's governmental funds reported combined fund balances of \$39,724,508. This is a 65% increase over the prior year. The increase is primarily due to the sale of bonds for capital improvements in the Capital Projects Fund.

**BURNSVILLE-EAGAN-SAVAGE PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 191
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED JUNE 30, 2011**

Revenues and other financing sources for the District's governmental funds were \$151,345,181, while total expenditures other financing uses were \$135,692,349. As a result, the District completed the year with a net change in fund balances of \$15,652,832.

General Fund

The General Fund is used to account for all revenues and expenditures of the school district not accounted for elsewhere. The General Fund is used to account for: K-12 educational activities; district instructional and student support programs; expenditures for the superintendent; district administration; normal operations and maintenance; pupil transportation; capital expenditures; and legal school district expenditures not specifically designated to be accounted for in any other fund.

ENROLLMENT

Enrollment is a critical factor in determining revenue with approximately 70% of General Fund revenue being determined by enrollment. Like many Minnesota school districts, the District is facing declining enrollment, during the last five years, the District has averaged a 1.5% decrease in students per year. The District hired a professional demographer to project student growth. The following chart reflects that the number of students has decreased over the last eight years.

The following schedule presents a summary of General Fund Revenues.

**Table A-5
General Fund Revenues**

Fund	Year Ended		Change	
	June 30, 2011	June 30, 2010	Increase (Decrease)	Percent
Local Sources:				
Property Taxes	\$ 32,487,487	\$ 24,098,279	\$ 8,389,208	34.8 %
Earnings on Investments	20,594	102,499	(81,905)	(79.9)
Other	2,526,215	2,142,547	383,668	17.9
State Sources	72,456,484	73,029,271	(572,787)	(0.8)
Federal Sources	5,547,251	11,379,936	(5,832,685)	(51.3)
Total General Fund Revenue	<u>\$ 113,038,031</u>	<u>\$ 110,752,532</u>	<u>\$ 2,285,499</u>	2.1

General Fund revenue increased by \$2,285,499 or 2.1% from the previous year.

Property Taxes increased \$8,389,208. This increase is a result of the tax shift for fiscal year 2011. The increase is offset against losses in enrollment and decreases in the District's property tax base as well as the legislature's tax-shift. Operating capital revenue, equity revenue and reemployment insurance levies continue to shift revenue from state aid to levy annually.

State Sources decreased by \$572,787. The decrease is primarily due to the state usage of federal stimulus funding to make aid payments to schools in the prior year and the tax-shift in the current year.

Federal Revenue is recorded in the year in which the related expenditure is made. Federal Sources decreased by \$5,832,685. The decrease is primarily due to federal special stimulus funding and the state usage of federal stimulus funding to make aid payments to schools in the prior year as stated above.

General Fund Revenue is received in two major categories as follows:

1. State Education Finance Appropriations
 - A. General Education Aid – The largest share of the education finance appropriation, general education aid, is intended to provide the basic financial support for the education program and is enrollment driven.
 - B. Categorical Aids – Categorical revenue formulas are used to meet costs of that program (i.e. special education) or promote certain types of programs (i.e., career and technical aid, staff development, operating capital).
2. Property Tax Levies

The largest share of the levy is from voter-approved levies: the excess operating referendum which is also enrollment driven.

The following schedule presents a summary of General Fund Expenditures.

**Table A-6
General Fund Expenditures**

	Year Ended		Amount of Increase (Decrease)	Percent Increase (Decrease)
	June 30, 2011	June 30, 2010		
Salaries	\$ 68,164,801	\$ 65,162,869	\$ 3,001,932	4.6 %
Employee Benefits	22,207,107	22,681,341	(474,234)	(2.1)
Purchased Services	13,883,343	13,057,973	825,370	6.3
Supplies and Materials	3,812,063	4,191,664	(379,601)	(9.1)
Capital Expenditures	4,462,627	4,092,348	370,279	9.0
Other Expenditures	847,076	660,449	186,627	28.3
Total Expenditures	<u>\$ 113,377,017</u>	<u>\$ 109,846,644</u>	<u>\$ 3,530,373</u>	3.2

Total General Fund expenditures increased \$3,530,373 or 3.2% from the previous year. The majority of this increase was related to the recording of repairs related to the District's insurance claims during the year which totaled \$1,847,419 in salary, supplies and contracted services. Additional increases are related to changes in the salaries as defined in bargained contracts.

In fiscal 2011, salary costs increased primarily due to changes in staffing related to the District's magnet schools, federal programs and an approved increase in salary of the various bargaining groups. Other factors impacting salaries were longevity, education, pay rates and other items included in bargaining agreements.

The largest decrease in Employee Benefits is related to the first year of implementation of the District's restructured health insurance plan. Other significant changes are related to increases in TRA and PERA employer contributions. The District continues to look at various strategies to minimize the impact of rising health insurance premiums through wellness initiatives and employee education.

Purchased Services and Supplies and Materials consist of expenditures for fees for service, postage, utilities, diesel and gasoline, property insurance, maintenance repairs, leases, travel, telephone, tuition, instructional supplies and textbooks. These categories increased on a net basis to meet current needs and rising energy costs.

General Fund Budgetary Highlights

After initial approval of the budget, the District revised the budget based on changes in unbudgeted costs or revenue changes. While the District anticipated, in its final budget, that the net change in fund balance would be a decrease of \$3,667,652 total fund balance increased by \$1,508,433 resulting in a fund balance of \$17,541,406 at June 30, 2011.

Actual revenues were \$4,804,133 more than budgeted primarily due to additional local revenue from activities and initially conservative Federal and State Sources budgeting. The actual expenditures were \$742,266 more than budgeted due to transportation costs, insurance recovery expenditures and program carryovers.

Food Service Fund

The Food Service Fund revenue for 2010-11 totaled \$4,469,158 and expenditures were \$4,331,054. The June 30, 2011 fund balance is \$759,536, an increase of \$139,154 from fiscal year 2010. Active management of expenses to reduce waste while increasing customer service and the numbers of meals served resulted in revenues and expenditures that were \$486,554 and \$282,418 higher than budget, respectively. These variances resulted in the change in fund balance being \$187,186 higher than budgeted.

Community Service Fund

The Community Service Fund revenue for 2010-11 totaled \$6,533,760 and expenditures were \$6,422,722. The June 30, 2011 fund balance is \$111,038, an increase of \$111,038 from fiscal year 2010. The increase in fund balance is primarily attributed to a dedicated and proactive approach to cost control within the Community Education department. Given the economic challenges the District's constituents were facing during the year, and the fund's dependence on activity fees, these are very positive results.

Capital Projects-Building Construction Fund

The Capital Projects-Building Construction Fund revenue and other financing sources for 2010-11 totaled \$16,910,670 and expenditures were \$2,915,651. The June 30, 2011 fund balance is \$19,928,468, an increase of \$13,995,019 from fiscal year 2010. The increase in fund balance is due to the issuance of bonds for Alternative Facility projects.

Debt Service Fund

The Debt Service Fund is used to record revenues and expenditures for a school district's outstanding bonded indebtedness, whether for building construction, operating capital, or for initial or refunding bonds. The Debt Service Fund revenue for 2010-11 totaled \$8,545,093 an increase of \$1,538,940 from fiscal year 2010. The expenditure budget is based on the payment schedule of bond principal and interest on the general obligation bonds issued from 2004 through 2011.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of 2011, the District had invested over \$195 million in a broad range of capital assets, including school buildings, athletic facilities, computer and audio-visual equipment, and administrative offices (see Table A-7). The most significant change from last year is accumulated depreciation and the capitalization of construction in progress to buildings and improvements. (More detailed information about capital assets can be found in Note 4 to the financial statements.) Total depreciation expense for the year was just under \$6 million.

Long-Term Liabilities

At year-end, the District had \$105,784,959 in general obligation bonds, obligations under capital lease, and special assessments payable outstanding as shown in Note 5 to the financial statements. The District also had an estimated net \$4,638,520 in postemployment severance and health benefits payable at June 30, 2011. Total long-term liabilities at June 30, 2011 increased 10.8% as compared to June 30, 2010.

FACTORS BEARING ON THE DISTRICT'S FUTURE

With the exception of the voter-approved excess operating referendum, the District is dependent on the State of Minnesota for most of its revenue authority. Recent experience demonstrates that legislated revenue increases have not been sufficient to meet instructional program needs and increased costs due to inflation.

The basic revenue formula allowance remained flat at \$5,124 in fiscal 2011. The 2011 Legislature approved a \$50 increase in the General Education formula for each year of the next biennium. The funding formula has been below the current annual rate of inflation for the last twenty years. Accordingly, the District continues to utilize sophisticated enrollment and financial planning tools, along with detailed and conservative budgeting and budget monitoring processes. The District will continue to seek all available sources of funding, respond to enrollment decreases, balance revenue to expenditures, and maintain systems that ensure financial stability.

The District will strive to maintain its long-standing commitment to academic excellence and educational opportunity for students within a framework of financial fiduciary responsibility.

Equipment, Net of Accumulated Depreciation	1,502,274	1,372,712
<p>Some of the District's property taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as deferred revenue in the funds.</p>		
	605,946	612,262
<p>Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.</p>		
	(1,806,562)	(1,716,350)
<p>Bond issuance costs are reported as expenditures in the governmental funds.</p>		
	556,263	540,083
<p>Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets. Internal service fund net assets at year-end are:</p>		
	19,374,649	19,046,577
<p>Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the statement of net assets. Balances at year-end are:</p>

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGE IN FUND BALANCE
GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2011
(WITH COMPARATIVE DATA FOR THE YEAR ENDED JUNE 30, 2010)**

	2011	2010
Net Change in Fund Balance - Total Governmental Funds	\$ 15,652,832	\$ (11,971,163)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		
Capital Outlays	2,901,919	11,579,464
Depreciation Expense	(5,771,696)	(5,075,950)
Some capital asset additions are financed through capital leases. In governmental funds, a capital lease arrangement is considered a source of financing, but in the statement of net assets, the lease obligation is reported as a liability. Repayment of capital lease principal is an expenditure in the governmental funds, but repayment reduces the lease obligation in the statement of net assets.		
Other Financing Source - Capital Lease	-	(1,103,500)
Change in Accrued Interest Expense - Capital Leases	(11,471)	(800)
Principal Payments - Capital Leases	496,120	289,842
The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the statement of net assets, however, issuing debt increases long-term liabilities and does not affect the statement of activities and repayment of principal reduces the liability. Also, governmental funds report the effect of issuance costs and premiums when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. Interest is recognized as an expenditure in the governmental funds when it is due. In the statement of activities, however, interest expense is recognized as it accrues, regardless of when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:		
General Obligation Bond Proceeds	(16,575,000)	-
Bond Premium	(328,926)	-
Bond Issuance Costs	72,123	-
Payment of Special Assessment Principal	13,442	13,443
Repayment of Bond Principal	4,480,000	3,750,000
Change in Accrued Interest Expense - General Obligation Bonds	(78,741)	(160,298)
Amortization of Bond Issuance Costs	(55,943)	(55,042)
Amortization of Bond Premium	98,490	94,378
Delinquent property taxes receivable will be collected this year, but are not available soon enough to pay for the current period's expenditures and, therefore, are deferred in the funds.	(6,316)	179,026
Other postemployment benefits are reported in the government funds when amounts are paid. The statement of activities reports the values of benefits earned during the year.	(61,825)	(428,845)
In the statement of activities, certain operating expenses - compensated absences - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).	(26,101)	(35,297)
Internal service funds are used by the District to charge certain costs to individual funds. The net revenue of the internal service funds is reported with governmental activities.	328,072	4,553,512
Change in Net Assets of Governmental Activities	\$ 1,126,979	\$ 1,628,770

NOTES TO BASIC FINANCIAL STATEMENTS

**BURNSVILLE-EAGAN-SAVAGE PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 191
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The financial statements of Independent School District No. 191 have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

B. Financial Reporting Entity

Independent School District No. 191 (the District) is an instrumentality of the State of Minnesota established to function as an educational institution. The elected School Board (Board) is responsible for legislative and fiscal control of the District. A Superintendent is appointed by the Board and is responsible for administrative control of the District.

U.S. Generally Accepted Accounting Principles (GAAP) require that the District's financial statements include all funds, departments, agencies, boards, commissions, and other organizations which are not legally separated from the District. In addition, the District's financial statements are to include all component units - entities for which the District is financially accountable.

Financial accountability includes such aspects as appointing a voting majority of the organization's governing body, significantly influencing the programs, projects, activities or level of services performed or provided by the organization or receiving specific financial benefits from, or imposing specific financial burden on, the organization. There are no other entities for which the District is financially accountable.

Student activities are determined primarily by student participants under the guidance of an adult and are generally conducted outside school hours. The School Board does have a fiduciary responsibility in establishing broad policies and ensuring that appropriate financial records are maintained for student activities. However, in accordance with Minnesota State Statutes, the District's School Board has not elected to control or exercise oversight responsibility with respect to the underlying student activities. Accordingly, the student activity accounts are not included in these financial statements.

The District is a member of Technology and Information Education Services (TIES), a consortium of Minnesota school districts that provides data processing services and support to its member districts. TIES is a separate legal entity that is financially independent of the District. Further, the District does not appoint a voting majority of TIES' Board of Directors. Therefore, TIES is not included as part of the District's reporting entity. During fiscal year ended June 30, 2011, the District paid TIES \$361,166 for services provided.

C. Basic Financial Statement Presentation

The Government-wide financial statements (i.e. the Statement of Net Assets and the Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for the fiduciary funds. The Fiduciary Funds are only reported in the statements of Fiduciary Net Assets at the fund financial statement level.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The District applies restricted resources first when an expense is incurred for purpose for which both restricted and unrestricted net assets are available. Depreciation expense that can be specifically identified by function is included in the direct expenses of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities. Generally, the effect of material interfund activity has been removed from the Government-wide financial statements.

Separate fund financial statements are provided for governmental and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. Fiduciary funds are presented in the fiduciary fund financial statements by type: pension (or other employee benefit) trust, private purpose trust and agency. Since, by definition, fiduciary fund assets are being held for the benefit of a third party and cannot be used for activities or obligations of the District, these funds are excluded from the Government-wide statements.

D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are generally recognized as revenues in the fiscal year for which they are levied, except for amounts advance recognized in accordance with a statutory "tax shift" described later in these notes. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Measurement Focus and Basis of Accounting (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner:

1. Revenue Recognition

Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property tax revenue is generally considered as available if collected within 60 days after year-end. State revenue is recognized in the year to which it applies according to Minnesota Statutes and U.S. generally accepted accounting principles. Minnesota Statutes include state aid funding formulas for specific fiscal years. Federal revenue is recorded in the year in which the related expenditure is made. Food service sales, community education tuition, and other miscellaneous revenue (except investment earnings) are recorded as revenues when received because they are generally not measurable until then. Investment earnings are recorded when earned because they are measurable and available. A six-month availability period is generally used for other fund revenue.

2. Recording of Expenditures

Expenditures are generally recorded when a liability is incurred. However, expenditures are recorded as prepaid for approved disbursements or liabilities incurred in advance of the year in which the item is to be used. Principal and interest on long-term debt issues are recognized on their due dates.

The District reports deferred revenue on its statement of net assets and balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to incurring the qualifying expenditures. In subsequent periods when both revenue recognition criteria are met or when the District has a legal claim to the resources, the liability for deferred revenue is removed and revenue is recognized.

Description of Funds

The existence of the various District funds has been established by the State of Minnesota, Department of Education. The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. A description of the funds included in this report are as follows:

D. Measurement Focus and Basis of Accounting (Continued)

Major Governmental Funds

General Fund

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. It includes the general operations and pupil transportation activities of the District, as well as the capital related activities such as maintenance of facilities equipment purchases, health and safety projects, and disabled accessibility projects.

Food Service Special Revenue Fund

The Food Service Fund is used to account for food service revenues and expenditures.

Community Service Special Revenue Fund

The Community Service Fund is used to account for services provided to residents in the areas of recreation, civic activities, nonpublic pupils, veterans, adult or early childhood programs, K-6 extended day programs or other similar services.

Capital Projects Fund

The Capital Projects Fund is used to account for financial resources used for the acquisition or construction of major capital facilities.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and payment of, general long-term obligation bond principal, interest, and related costs. The regular debt service account is used for all general obligation bonds except for refunding bond issues, for which a separate refunding bond trust account is established.

Proprietary Funds

Internal Service Fund

Internal service funds account for the financing of goods or services provided by one department to other departments or agencies of the District, or to other governments, on a cost-reimbursement basis. The District's internal service funds are used to account for the District's liabilities for severance, other postemployment benefits (OPEB), and health and dental insurance offered by the District to its employees as a self-insured plan.

Fiduciary Funds

Trust Funds

The District maintains Private-Purpose and Employee Benefit Trust Funds which are used to account for money held by the District in the capacity of trustee or custodian, where both the principal and interest can be spent.

E. Budgeting

Budgets presented in this report for comparison to actual amounts are presented in accordance with U.S. generally accepted accounting principles. Each June, the School Board adopts an annual budget for the following fiscal year for the General, Food Service, Community Service, Capital Projects, and Debt Service Funds. The approved budget is published in summary form in the District's legal newspaper. Reported budget amounts represent the amended budget as adopted by the School Board. Legal budgetary control is at the fund level. Budgeted expenditure appropriations lapse at year-end.

Procedurally, in establishing the budgetary data reflected in these financial statements, the Superintendent submits to the School Board prior to July 1, a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means to finance them. The budget is legally enacted by School Board action. Revisions to budgeted amounts must be approved by the School Board.

Total fund expenditures in excess of the budget require approval of the School Board. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at line item levels.

Budgeted amounts include mid-year budget amendments as follows:

<u>Revenues</u>	<u>Original Budget</u>	<u>Amendments</u>	<u>Amended Budget</u>
General Fund	\$ 107,458,436	\$ 775,462	\$ 108,233,898
Special Revenue Funds:			
Community Service Fund	6,524,820	(120,612)	6,404,208
 <u>Expenditures</u>			
General Fund	\$ 110,410,463	\$ 2,224,288	\$ 112,634,751
Special Revenue Funds:			
Food Service Fund	4,000,604	48,032	4,048,636
Community Service Fund	6,846,979	(275,972)	6,571,007
Capital Projects Fund	2,000,000	800,000	2,800,000

Budget provisions for the Debt Service Fund are set by state law governing required debt service levels.

At the end of each fiscal year, if the General Fund has a net unassigned deficit fund balance, calculated in accordance with the uniform financial accounting and reporting standards for Minnesota school districts which excludes certain reserves specified in Minnesota Statutes, exceeding 2.5% of expenditures, a condition referred to as "statutory operating debt" exists. That debt requires retirement through the accumulation of subsequent operating surpluses in accordance with a "special operating plan" approved by the Commissioner of the Department of Education.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Cash and Temporary Investments

Cash balances from all funds are combined and invested to the extent available in various securities as authorized by Minnesota Statutes. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund.

Cash and investments held by trustee include balances held in segregated accounts that are established for specific purposes.

Investments are stated at their fair value as determined by quoted market prices, except for money market investments and participating interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less which are recorded at amortized cost, provided that the fair value of those investments is not significantly affected by the impairment of the credit standing of the issuer or by other factors. Money market investments are short-term, highly liquid debt instruments including commercial paper, banker's acceptances, and U.S. Treasury and agency obligations. Investments in external investment pools operated in a manner consistent with the SEC's Rule 2a7 of the Investment Act of 1940 are valued at the pool's share price.

G. Receivables

Represents amounts receivable from individuals, firms, and corporations for goods and services furnished by the District. No substantial losses are anticipated from present receivable balances, therefore, no allowance for uncollectible accounts is deemed necessary.

H. Inventories

Inventories are recorded using the consumption method of accounting and consist of purchased food, supplies, and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method, and surplus commodities are stated at standardized cost, as determined by the Department of Agriculture.

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepayments. Prepaid items are reported using the consumption method and recorded as an expense or expenditure at the time of consumption.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Property Taxes

Property tax levies are established by the School Board in December each year and are certified to the County for collection the following calendar year. In Minnesota, counties act as collection agents for all property taxes and are responsible for spreading all levies over taxable property. Such taxes become a lien on January 1. Taxes are generally due on May 15 and October 15 and counties generally remit taxes to the Districts at periodic intervals as they are collected. A portion of property taxes levied is paid through state credits which are included in revenue from state sources in the financial statements.

Generally, tax revenue is recognized in the fiscal year ending June 30, following the calendar year in which the tax levy is collectible, while the current calendar year tax levy is recorded as deferred revenue (property taxes levied for subsequent year). The majority of District revenue in the General and Special Revenue Funds is determined annually by statutory funding formulas. The total revenue allowed by these formulas is then allocated between taxes and state aids by the Legislature based on education funding priorities. Changes in this allocation are periodically accompanied by a change in property tax revenue recognition referred to as the "tax shift."

In accordance with state law, the current tax shift consists of an amount equal to 31% of the District's 2000 Pay 2001 operating referendum levy (frozen at \$3,269,341) advance recognized as revenue in fiscal 2011 with no corresponding state aid adjustment. Starting in fiscal year 2011, the tax shift was expanded to include all other General and Community Service Fund levies (net of credits). State aids are then reduced in fiscal year 2011 by this expanded shift amount, making this portion of the tax shift revenue neutral to school districts. This resulted in a significant increase in the advance recognition of tax revenue in the General Fund (and corresponding state aid holdback totaling \$8,132,868) but also included an advance recognition tax shift in the District's Community Service Fund (and corresponding state aid holdback totaling \$474,437). Since advance collections of Pay 2011 levy amounts at June 30, 2011, were sufficient to cover the amounts required to be advance recognized as revenue in fiscal 2011, the amount advance recognized is tax revenue. To the extent advance collections would have been insufficient to cover the amount to be advance recognized, state statute requires that fiscal 2012 general education aid be recognized. The tax shift also includes certain other levies that are recognized early based on statutory requirements.

Taxes that remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent property taxes that is not collected within 60 days of year-end is deferred because it is not known to be available to finance the operations of the District in the current year. No allowance for uncollectible taxes has been provided as such amounts are not expected to be material. Current levies of local taxes, less the amount recognized as revenue in the current period, including portions assumed by the state which will be recognized as revenue in the next fiscal year beginning July 1, 2011, are included in the Property Taxes Levied for Subsequent Year account to indicate that, while they are current assets, they will not be recognized as revenue until the following year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

K. Capital Assets

Capital assets that are purchased or constructed by the District are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. The District defines capital assets as those with an initial, individual cost of \$5,000 or more, which benefit more than one fiscal year. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are recorded in the Government-wide financial statement, but are not reported in the Fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 15 years for equipment.

Capital assets not being depreciated include land and construction in process.

The District does not possess any material amounts of infrastructure capital assets. Items such as sidewalks and other land improvements are considered to be part of the cost of buildings or other improvable property.

L. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, if material, are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Compensated Absences

Eligible employees accrue vacation and sick leave at varying rates as specified by contract, portions of which may be carried over to future years. Employees are reimbursed for any unused, accrued vacation upon termination. Unused sick leave enters into the calculation of severance benefits for some employees upon termination. Compensated absences are accrued in the governmental fund statements only to the extent they have been used or otherwise matured prior to year-end. Unused vacation is accrued as it is earned in the government-wide financial statements.

N. Severance Benefits

Under the terms of collectively bargained employment contracts, certain district employee groups, including teachers, may become eligible to receive lump sum severance benefits. Eligibility is based on years of service and/or minimum age requirements.

Severance benefits are calculated by converting a portion of unused, accrued sick leave times a pay rate specified in the employee's collectively bargained contract. Severance benefits based on convertible sick leave are recorded as a liability in the Internal Service Fund as they are earned and it becomes probable they will vest at some point in the future. In accordance with Minnesota Statutes, no employee can receive severance or retirement incentive benefits that exceed one year's salary.

O. Fund Balance

At June 30, 2011, the District adopted Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

In the fund financial statements, governmental funds report fund balances in classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

Nonspendable – portions of fund balance related to prepaids, inventories, long-term receivables, and corpus on any permanent fund.

Restricted – funds are constrained from outside parties (statute, grantors, bond agreements, etc.).

Committed – funds are established and modified by a resolution approved by the Board of Education.

Assigned – consists of internally imposed constraints approved by a majority vote of the school board.

Unassigned – is the residual classification for the general fund and also reflects negative residual amounts in other funds.

**BURNSVILLE-EAGAN-SAVAGE PUBLIC SCHOOLS
INDEPENDENT SCHOOL DISTRICT NO. 191
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Fund Balance (Continued)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the District's policy to use restricted first, then unrestricted fund balance.

When an expenditure is incurred for purposes for which committed, assigned, and unassigned amounts are available, it is the District's policy to use committed first, then assigned, and finally unassigned amounts.

The District formally adopted a fund balance policy for the General Fund. The policy establishes a year-end target unassigned fund balance of 8% of the annual budget for fiscal year 2011. The board established a target unassigned fund balance of 6% of the annual budget for fiscal year 2012.

P. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District purchases insurance coverage for such risks from various providers. The District participates in the Minnesota School Board Association Insurance Trust (MSBA Trust), a public entity risk pool for its workers compensation insurance and for property/liability insurance. The MSBA Trust operates as a common risk management and insurance program for approximately 375 member districts. The District pays an annual premium to the MSBA Trust for its insurance coverage. The MSBA Trust agreement provides that the MSBA Trust will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of certain limits for each insured event.

There has been no significant reduction in insurance coverage from the previous year in any of the District's policies. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

Q. Net Assets

Net assets represent the difference between assets and liabilities in the Government-wide and Fiduciary Fund financial statements. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net assets are reported as restricted in the Government-wide financial statement when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

R. Comparative Data

Comparative data for the prior year has been presented only for certain sections of the accompanying financial statements in order to provide an understanding of the changes in the District's financial position and operations. Certain comparative information has been reclassified to conform to the current year presentation.

NOTE 2 STEWARDSHIP AND ACCOUNTABILITY

Excess of Expenditures Over Budget

Expenditures exceeded budgeted amounts in the following funds for the year ended June 30, 2011:

	<u>Budget</u>	<u>Expenditures</u>	<u>Excess</u>
General Funds	\$ 112,634,751	\$ 113,377,017	\$ 742,266
Special Revenue Funds:			
Food Service Special Revenue Fund	4,048,636	4,331,054	282,418
Capital Projects Fund	2,800,000	2,915,651	115,651
Debt Service Fund	8,577,132	8,645,905	68,773

These overages were considered by District management to be the result of necessary expenditures critical to operations and were approved by the Board.

NOTE 3 DEPOSITS AND INVESTMENTS

A. Deposits

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net assets and the balance sheet as "Cash and Investments." In accordance with Minnesota Statutes the District maintains deposits at financial institutions which are authorized by the School District's Board.

Custodial Credit Risk – Custodial credit risk for deposits is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The School District does have a deposit policy that will minimize Custodial Credit Risk by obtaining collateral or bond for all uninsured amounts on deposit, and by obtaining necessary documentation to show compliance or bond for all uninsured amounts on deposit, and by obtaining necessary documentation to show compliance with state law and a perfected security interest under federal law. Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds. Authorized collateral include: U.S. government treasury bills, notes, or bonds; issues of a U.S. government agency; general obligations of a state or local government rated "A" or better; revenue obligations of a state or local government rated "AA" or better; irrevocable standby letter of credit issued by a Federal Home Loan Bank; and time deposits insured by a federal agency. Minnesota Statutes require securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or at an account at a trust departments of a commercial bank or other financial institution not owned or controlled by the depository.

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

A. Deposits (Continued)

The carrying value and bank balance of the District's deposits in banks at June 30, 2011 are \$22,788,457 and were entirely covered by federal depository insurance or by surety bonds and collateral in accordance with Minnesota Statutes.

B. Investments

The District may also invest idle funds as authorized by Minnesota Statutes as follows:

- Direct obligations or obligations guaranteed by the United States or its agencies
- Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, is rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of thirteen months or less
- General obligations rated "A" or better; revenue obligations rated "AA" or better
- General obligations of the Minnesota Housing Finance Agency rate "A" or better
- Bankers acceptances of United States banks eligible for purchase by the Federal Reserve System
- Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by a least two nationally recognized rating agencies, and maturing in 270 days or less
- Guaranteed investment contracts guaranteed by United States commercial banks or domestic branches of foreign banks or United States insurance companies if similar debt obligations of the issuer or the collateral pledged by the issuer is in the top two rating categories
- Repurchase or reverse purchase agreement and securities lending agreements financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers

B. Investments (Continued)

At June 30, 2011, the District's investment balances were as follows:

Minnesota School District Liquid Asset Fund

	<u>Carrying Value</u>
Minnesota School District Liquid Asset Fund Plus (MSDLAF+)	\$ 20,469,973

The MSDLAF+ is an external investment pool and its investments are valued at amortized cost, which approximates fair value in accordance with Rule 2a-7 of the Investment Company Act of 1940. The amortized cost method of valuation values a security at its cost on the date of purchase and thereafter assumes a constant amortization to maturity of any discount or premium, regardless of the impact of fluctuating interest rates on the market value of instruments.

Credit Risk – The MSDLAF+ pool is rated AAAM by Standard & Poor's.

Investments Held with Broker

Type	Total	Under 12 Months	13 to 24 Months	25 to 60 Months
Governmental Agencies	\$ 7,469,184	\$ 1,970,353	\$ 930,422	\$ 4,568,409
Negotiable CDs	4,270,581	1,236,057	1,632,324	1,402,200
	\$ 11,739,765	\$ 3,206,410	\$ 2,562,746	\$ 5,970,609

Custodial Credit Risk – For an investment, custodial risk is the risk that, in the event of failure of the counterparty, the School District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Although the District's investment policies do not directly address custodial credit risk, it typically limits its exposure by purchasing insured or registered investments, or by the control of who holds the securities.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's investment policies do not limit the maturities of investments; however, when purchasing investments the District considers such things as interest rates and cash flow needs.

Credit Risk

Credit risk is defined as the risk that an issue or other counterparty will not fulfill its obligation. The investments in governmental agencies are all rated between Aaa and A3 by Moody's Investors Service. The negotiable CDs are not rated.

A. General Obligation Bonds Payable (Continued)

These bonds were issued to finance the acquisition and/or construction of capital facilities, to refinance (refund) previous bond issues, or to finance OPEB. Assets of the Debt Service Fund, together with scheduled future ad valorem tax levies, are dedicated for the retirement of these bonds. The annual future debt service levies authorized are equal to 105% of the principal and interest due each year. These levies are subject to reduction if fund balance amounts exceed limitations imposed by Minnesota law.

B. Capital Leases

During the fiscal year ended June 30, 2007, the District entered into a capital lease agreement to finance the renovation and improvements to the Diamondhead Education Center valued at \$4,015,000. The lease carries an interest rate of 4.83% and has a final maturity of 2021. The assets acquired through the capital lease are included in buildings as of June 30, 2011. These payments will be made from the District's General Fund.

During the fiscal year ended June 30, 2008, the District entered into a capital lease agreement to finance the acquisition of computer equipment. Capital lease proceeds of \$152,637 carry an interest rate of 4.76% with a final maturity of 2011. The assets acquired through this capital lease have been included in equipment as of June 30, 2011. The lease will be repaid through the General Fund.

During the fiscal year ended June 30, 2009, the District entered into a capital lease agreement to finance improvements to the athletic facilities at Burnsville High School. Capital lease proceeds of \$875,000 carry an interest rate of 5.37% with a final maturity of 2024. The assets acquired through the capital lease are included in construction in progress as of June 30, 2011. The lease will be repaid through the General Fund.

During the fiscal year ended June 30, 2010, the District entered into a capital lease agreement to finance a telephone system and related improvements throughout the District. Capital lease proceeds of \$1,103,500 carry an interest rate of 3.73% with a final maturity of 2015. The assets acquired through the capital lease are included in construction in progress as of June 30, 2011. The lease will be repaid through the General Fund.

The assets acquired through capital leases are as follows:

NOTE 6 FUND BALANCES

Certain portions of fund balance are restricted based on state requirements to track special program funding, to provide for funding on certain long-term liabilities, or as required by other outside parties. A description of deficit balance restrictions is included herein since the District has specific statutory authority to levy taxes for such deficits.

Restricted, Committed, and Assigned fund balances at June 30, 2011 are as follows:

- A. Restricted for Area Learning Center – This represents amounts restricted for students attending area learning centers. Each district that sends students to an area learning center must reserve an amount equal to at least 90% of the district average General Education Revenue, minus .0485 times the formula allowance per pupil unit, times the number of pupils attending area learning centers. Refer to Minnesota Statute §123A.05, Subd. 2.
- B. Restricted for Health and Safety – This amount represents resources to be derived exclusively for capital expenditure health and safety projects. Revenues are derived from tax levies and expenditures are for necessary corrections for fire and life safety hazards, asbestos removal and related repairs and cleanup, removal, disposal and repairs related to storing heating fuel or transportation fuel.

NOTE 6 RESTRICTED FUND BALANCES (CONTINUED)

- C. Restricted for Operating Capital – This balance represents amounts available for capital expenditure equipment purchases, facility projects and personnel costs directly related to acquisition, operation and maintenance of computers, related equipment and network and applications software. Revenue to finance these expenditures is derived primarily from state aid revenue.
- D. Restricted for School Readiness – This amount represents available resources to provide services for learning readiness programs.
- E. Restricted for Adult Basic Education – This amount represents the balance of carryover monies for all activity involving Adult Basic Education.
- F. Restricted for Community Education – This amount represents available resources for community education classes. Revenues are derived from local tax levies and state aids and expenditures are for salaries, benefits and supplies. The account is allowed to go into a deficit to the extent there is future revenues to eliminate the deficit. The ending fund balance of this restriction was a deficit of \$3,408.
- G. Restricted for Early Childhood and Family Education (ECFE) – This amount represents available resources for ECFE classes. Revenues are derived from local tax levies and state aids and expenditures are for salaries, benefits and supplies. The account is allowed to go into a deficit to the extent there is future revenues to eliminate the deficit. The ending fund balance of this restriction was a deficit of \$27,715.
- H. Restricted for Alternative Facilities – This amount represents the resources available for approved expenditures based on the ten-year plan for capital projects.
- I. Restricted for Other Purposes – Represents amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- J. Committed for Program Carryover – Noncapital – Represents noncapital amounts allocated to the District's budget units which were unspent during the year.
- K. Committed for Program Carryover – Capital – Represents capital amounts allocated to the District's budget units which were unspent during the year.
- L. Committed for Integration – Represents unspent integration funds which will be deducted from future revenues.
- M. Committed for Pro Pay Program – Represents amounts that are committed for professional development through the District's Q-Comp Program.

NOTE 7 OTHER POSTEMPLOYMENT BENEFITS PLANS

At June 30, 2009, the District adopted Government Accounting Standards Board (GASB) Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pension*. The District engaged an actuary to determine the District's liability for postemployment healthcare benefits other than pensions as of June 30, 2009, 2010, and 2011.

A. Plan Description

The District provides postemployment insurance benefits to certain eligible employees through its Other Postemployment Benefits Plan, a single-employer defined benefit plan administered by the District. All postemployment benefits are based on contractual agreements with employee groups. Eligibility for these benefits is based on years of service and/or minimum age requirements. These contractual agreements do not include any specific contribution or funding requirements. The plan does not issue a publicly available financial report.

Employees that meet certain age and/or length of service requirements are eligible for post-retirement healthcare benefits. For teachers hired before July 1, 1989 and certain other employee groups, the District is contractually required to pay health insurance premiums for the period from retirement until eligibility for Medicare. The amount to be paid is equal to the single coverage insurance premium benefit available to full-time employees in the bargaining group.

The District is legally required to include any retirees for whom it provides health insurance coverage in the same insurance pool as its active employees, whether the premiums are paid by the District or the retiree. Consequently, participating retirees are considered to receive a secondary benefit known as an "implicit rate subsidy." This benefit relates to the assumption that the retiree is receiving a more favorable premium rate than they would otherwise be able to obtain if purchasing insurance on their own, due to being included in the same pool with the District's younger and statistically healthier active employees.

B. Funding Policy

The required contribution is based on projected pay-as-you-go financing requirements, with additional amounts to pre-fund benefits as determined annually by the District. The District issued \$18,580,000 of general obligation OPEB bonds in 2009 and contributed the proceeds to a revocable trust account to be used for other postemployment benefit (OPEB) payments. The District has established a separate internal service fund to account for these obligations and the assets accumulated to finance them.

NOTE 7 OTHER POSTEMPLOYMENT BENEFIT PLANS (CONTINUED)

C. Annual OPEB Cost and Net OPEB Obligation

The District's annual OPEB cost (expense) is calculated based on annual required contributions (ARC) of the District, an amount determined on an actuarially determined basis in accordance with the parameters of GASB Statement No. 45. The ARC represents a level funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and the changes in the District's net OPEB obligation to the plan:

Annual Required Contribution	\$ 1,918,000
Interest on Net OPEB Obligation	17,000
Adjustment to Annual Required Contribution	<u>(23,000)</u>
Annual OPEB Cost (Expense)	1,912,000
Contributions Made	<u>(1,850,175)</u>
Increase in Net OPEB Obligation	61,825
Net OPEB Obligation - Beginning of Year	<u>428,845</u>
Net OPEB Obligation - End of Year	<u><u>\$ 490,670</u></u>

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the past three years are as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2011	\$ 1,912,000	96.8%	\$ 490,670
6/30/2010	1,868,000	85.3%	428,845
6/30/2009	1,580,000	90.3%	153,902

D. Funded Status and Funding Progress

As of June 30, 2009, the most recent actuarial valuation date, the plan was zero percent funded. The actuarial accrued liability for benefits was \$23,680,000, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$23,680,000. The covered payroll (annual payroll of active employees covered by the plan) was \$55,810,000, and the ratio of the UAAL to the covered payroll was 42.4%.

NOTE 7 OTHER POSTEMPLOYMENT BENEFIT PLANS (CONTINUED)

D. Funded Status and Funding Progress (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress immediately following the notes to basic financial statements presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

E. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2009 actuarial valuation, the entry age normal actuarial cost method was used. The actuarial assumptions included: a 4.0% investment rate of return (net of administrative expenses) based on the District's own investments; a 4.0% rate of projected salary increases; an annual healthcare cost trend rate of 15.0% initially, reduced by decrements to an ultimate rate of 5.0% after 20 years for medical insurance; and an annual healthcare trend rate of 5.0% for dental insurance. The UAAL is being amortized on a level dollar basis over a closed period. The remaining amortization period at June 30, 2011 is not to exceed 30 years.

NOTE 8 RETIREMENT PLANS

Substantially all employees of the District are required by state law to belong to pension plans administered by Teachers' Retirement Association (TRA) or Public Employees' Retirement Association (PERA), all of which are administered on a statewide basis. Disclosures relating to these plans follows:

A. Teacher's Retirement Association (TRA)

1. Plan Description

All teachers employed by the District are covered by a cost sharing, multiple employer defined benefit pension plan administered by the State of Minnesota Teachers Retirement Association (TRA). TRA members belong to either the Coordinated Plan or the Basic Plan. Coordinated members are covered by Social Security and Basic members are not. All Basic members were first hired prior to July 1, 1989. All new members must participate in the Coordinated Plan. These plans are established and administered in accordance with Minnesota Statutes, Chapters 354 and 356.

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

TRA publicly issues a Comprehensive Annual Financial Report (CAFR) presenting financial statements, supplemental information on funding levels, investment performance, and further information on benefits provisions. The report may be accessed at the TRA web site www.tra.state.mn.us. Alternatively, a copy of the report may be obtained by writing TRA at Teachers Retirement Association, 60 Empire Drive Suite 400, St Paul MN 55103-1855 or by calling (651) 298-6446 or 1-800-657-3853.

2. Funding Policy

Minnesota Statutes Chapter 354 sets the rates for the employee and employer contributions. These statutes are established and amended by the state legislature. Coordinated and Basic Plan members are required to contribute 5.5% and 9.0%, respectively, of their annual covered salary as employee contributions.

The District is required to contribute the following percentages of annual covered payroll: 5.5% for Coordinated Plan members and 9.5% for Basic Plan members.

The District contributions for the years ended June 30, 2011, 2010 and 2009 were \$3,010,641, \$2,843,572 and \$2,762,784, respectively, equal to the required contributions for each year as set by state statute.

NOTE 8 RETIREMENT PLANS (CONTINUED)

B. Public Employees' Retirement Association (PERA)

1. Plan Description

All full-time and certain part-time employees of the School (other than teachers) are covered by a defined benefit plan administered by the Public Employees' Retirement Association of Minnesota (PERA). PERA administers the General Employees' Retirement Fund (GERF) which is a cost-sharing, multiple-employer retirement plan. This plan is established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan.

PERA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by state statute and vest after three years of credited service. The defined retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. PERA issues a publicly available financial report that includes financial statements and required supplementary information for GERF. That report may be obtained on the Internet at www.mnpera.org, by writing to PERA at 60 Empire Drive #200, St. Paul, MN 55103-2088, or by calling (651) 296-7460 or 1-800-652-9026.

2. Funding Policy

Minnesota Statutes Chapter 353 sets the rates for the employer and employee contributions. These statutes are established and amended by the state legislature. The District makes annual contributions to the pension plans equal to the amount required by state statutes. GERF Basic Plan members and Coordinated Plan members were required to contribute 9.10% and 6.00%, respectively, of their annual covered salary in 2010. Member contribution rates for the Coordinated Plan increased to 6.25% effective January 1, 2011.

The District is required to contribute the following percentages of annual covered payroll: 11.78% for Basic Plan GERF members and 7.00% for Coordinated Plan members. Employer contribution rates for the Coordinated Plan increased to 7.25% effective January 1, 2011.

The District contributions for the years ended June 30, 2011, 2010 and 2009 were \$1,213,567, \$1,249,301 and \$1,149,402, respectively, equal to the required contributions for each year as set by state statute.

NOTE 9 FLEXIBLE BENEFIT PLANS

The District has a flexible benefit plan classified as a "cafeteria plan" (the Plan) under §125 of the Internal Revenue Code. All employee groups of the District are eligible if and when the collective bargaining agreement or contract with their group allows eligibility. Eligible employees can elect to participate by contributing pre-tax dollars withheld from payroll checks to the Plan for health insurance, healthcare, and dependent care benefits. Payments are made from the Plan to participating employees upon submitting a request for reimbursement of eligible expenses actually incurred by the participant.

Before the beginning of the Plan year, which is from October 1 to June 30, each participant designates a total amount of pre-tax dollars to be contributed to the Plan during the year. At June 30, the District is contingently liable for claims against the total amount of participants' annual contributions to the medical reimbursement portion of the Plan, whether or not such contributions have been made.

The dependent care and medical expense reimbursement portions of the Plan are administered by an independent contract administrator, with the activity reported by the District in an employee benefits trust fund. Health insurance premium reimbursements are administered by the District and are accounted for in the District's General Fund and special revenue funds.

All property of the Plan and income attributable to that property is solely the property of the District, subject to the claims of the District's general creditors. Participants' rights under the Plan are equal to those of general creditors of the District in an amount equal to the eligible healthcare and dependent care expenses incurred by the participants. The District believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

NOTE 10 DENTAL SELF-INSURANCE PLAN

The District established an Internal Service Fund to account for and finance its uninsured risk of loss for employee dental insurance plans. Under these plans, the Internal Service Fund provides coverage to participating employees and their dependents for various dental costs as described in the plan.

The District makes premium payments to the Internal Service Fund on behalf of the program participants based on provisional rates determined by insurance company estimates of monthly claims paid for each coverage class, plus the stop-loss health insurance premium costs and administrative service charges.

NOTE 10 DENTAL SELF-INSURANCE PLAN (CONTINUED)

District claim liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred, but not reported. Because actual claim liabilities depend on complex factors such as inflation, changes in legal doctrines, and damage awards, the process used in computing a claim liability does not necessarily result in an exact amount. Claim liabilities are evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

Changes in the balance of dental claim liabilities for the year were as follows:

Fiscal Year Ended June 30,	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2011	\$ 38,273	\$ 957,211	\$ 943,876	\$ 51,608

NOTE 11 HEALTH SELF-INSURANCE PLAN

Beginning in fiscal year 2011, the District established a health benefits plan which is partially self-insured and maintains an Internal Service Fund to account for and finance a program for health benefits. Under the new health benefits plan, the District is self-insured for the first \$3,000 for single coverage and \$6,000 for family coverage. Amounts in excess of these amounts are covered by the District's health insurance provider. The District has not purchased outside insurance for the risks of losses to which it is exposed for amounts under these limits. District management believes it is more economical to manage its risks internally and set aside assets for claim settlement. The Internal Service Fund currently services all claims and risk of loss to which the District is exposed for health expenses.

Participants in the program make premium payments to the fund based on the component insurance premium which takes into account the aforementioned risk. The excess amount received above current year claims is used to establish a reserve for future claims. The District had pre-funded the self-insurance fund with an initial transfer of \$2,600,000 at June 30, 2010. At June 30, 2011, there is a reserve of \$1,935,453 resulting from fund operations.

District liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claim liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing a claim liability does not necessarily result in an exact amount. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

NOTE 12 NOTE 11 HEALTH SELF-INSURANCE PLAN (CONTINUED)

There were claims paid in excess of premiums through June 30, 2011 of \$705,824. There is a possibility for loss if claims are in excess of the premiums collected up to the amounts covered by the District for single and family coverage. The District held \$2,667,393 in cash and investments at June 30, 2011, for payment of claims and carryover balances.

Changes in the balance of medical claim liabilities for the year were as follows:

Fiscal Year Ended June 30,	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year-End
2011	<u>\$ -</u>	<u>\$ 16,051,225</u>	<u>\$ 15,319,285</u>	<u>\$ 731,940</u>

NOTE 13 INTERFUND BALANCES

The District had the following interfund receivable and payable at June 30, 2011:

	Due from Other Fund	Due to Other Fund
General Fund	\$ 815,830	\$ -
OPEB Revocable Trust Internal Service Fund	-	815,830
	<u>\$ 815,830</u>	<u>\$ 815,830</u>

The purpose of these interfund balances is as follows:

The Revocable Trust Fund owes the General Fund \$815,830 for OPEB payments which the General Fund has made. The balance is expected to be repaid within one year.

NOTE 14 COMMITMENTS AND CONTINGENCIES

A. Federal and State Revenues

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

NOTE 13 COMMITMENTS AND CONTINGENCIES (CONTINUED)

B. Legal Claims

The District has the usual and customary types of legal claims pending at year-end, mostly of a minor nature and usually covered by insurance carried for that purpose. The District's management believes that the District will not incur any material liabilities relating to these claims, and none have been accrued at year-end.

C. Construction Contracts

At June 30, 2011, the District had commitments totaling \$7,061,786 under various construction contracts for which the work was not yet completed.

Note 1: A portion of the total spread levy is paid through various property tax credits which are paid through state aids and have been included in collections.

Note 2: Delinquent taxes receivable are written off after seven years. The amount of collections has been adjusted to reflect the write off of delinquent taxes receivable.

Note 3: Only a portion of the taxes levied for the most recent fiscal year is collected by June 30.

**EXECUTIVE AUDIT SUMMARY (EAS)
FOR
BURNSVILLE-EAGAN-SAVAGE PUBLIC SCHOOLS
YEAR ENDED JUNE 30, 2011**

We prepared this Executive Audit Summary and Management Report in conjunction with our audit of the District's financial records for the year ended June 30, 2011.

Audit Opinion – The financial statements are fairly stated. We issued what is known as an “unqualified” audit report.

Yellow Book Opinion – No compliance issues were noted in our review of laws, regulations, contracts and grants that could have significant financial implications to the District.

Internal Controls Over Financial Reporting – No “material weaknesses” in internal controls over financial reporting were noted.

Single Audit – There were no findings reported in regards to the requirements for the major federal programs tested (Special Education Cluster, Title I, and Child Nutrition Cluster).

Legal Compliance – No compliance issues were reported with respect to Minnesota Statutes.

Title I Student Eligibility – During our testing of Title I student eligibility, we noted one student who was flagged as receiving services during the year when they were actually receiving special education services. As the student was not receiving Title I services improperly, this is not a single audit finding. However, we recommend the District review its process for the reconciliation of student records in order to ensure proper reporting to the Department of Education and to ensure compliance with the many funding structures within a District.

Fund Balance – The District's General Fund unassigned fund balance increased by \$687,980 during fiscal 2010-2011, changing from a balance of \$10,820,200 to a balance of \$11,508,180 at June 30, 2011. Total fund balance of the General Fund increased by \$1,508,433, ending at \$17,541,406 as of June 30, 2011. The ending unassigned fund balance represents a balance of 10.15% of General Fund expenditures. A District's fund balance is an important aspect in considering the District's financial well being since a healthy fund balance represents things such as cashflow, as a cushion against unanticipated expenditures, enrollment declines, funding deficiencies, state aid metering changes and aid prorations at the state level and similar problems.

Enrollment – For fiscal 2010-2011, Burnsville-Savage-Eagan Public Schools had an estimated total adjusted average daily membership of 9,769.52 (or 11,286.87 adjusted pupil units). For fiscal 2009-2010, Burnsville-Savage-Eagan Public Schools had total adjusted average daily membership of 9,838.73 (or 11,410.38 adjusted pupil units).

Budget to Actual – Total revenues on a net basis in the General Fund were \$4,804,133 (or 4.4%) higher than the final budgeted amount while total expenditures on a net basis were \$742,266 (or 0.7%) higher than had been budgeted. Including other financing sources of \$1,847,419 (insurance recovery proceeds), the net effect was an increase to total fund balance that was approximately \$5.2 million more than had been reflected in the District's final amended budget. On a budget this large, the expenditure variances reflect excellent budgeting, monitoring and outcomes.

Statement of Net Assets

The Statement of Net Assets essentially tells you what your District owns and owes at a given point in time, the last day of the fiscal year. Theoretically, net assets represent the resources the District has leftover to use for providing services after its debts are settled. However, those resources are not always in expendable form, or there may be restrictions on how some of those resources can be used. Therefore, the statement divides the net assets into three components: net assets invested in capital assets, net of related debt, restricted net assets, and unrestricted net assets. The following table presents components of the District's net assets at year-end, along with a simplified reconciliation of the difference between the governmental fund balances and total net assets:

	As of June 30,	
	2011	2010
Total Fund Balance for Governmental Funds	\$ 39,724,508	\$ 24,071,676
Capital Assets, Less Accumulated Depreciation	102,717,180	105,586,957
Long-Term Liabilities	(107,934,858)	(96,031,058)
Other - Net	18,730,296	18,482,572
Total Net Assets - Governmental Activities	<u>\$ 53,237,126</u>	<u>\$ 52,110,147</u>
Net Assets:		
Invested in Capital Assets, Net of Related Debt	\$ 34,407,587	\$ 35,667,039
Restricted	2,161,029	2,052,092
Unrestricted	16,668,510	14,391,016
Total Net Assets - Governmental Activities	<u>\$ 53,237,126</u>	<u>\$ 52,110,147</u>

Most of the District's fund balances translate into restricted net assets by virtue of external restrictions (statutory reserves) or by the nature of the fund they are in (e.g. restricted for food service fund balance can only be spent for food service program costs). The unrestricted net assets category consists mainly of the General Fund unrestricted fund balances, offset against non-capital long-term obligations such as vacation or severance payable.

Statement of Activities

The Statement of Activities tracks the District's yearly revenues and expenses, as well as any other transactions that increase or reduce total net assets. These amounts represent the full cost of providing education. This statement provides a more comprehensive measure than just the amount of cash that changed hands, as reflected in the fund-based financial statements. This statement includes the cost of supplies used, depreciation of long-lived capital assets, and other accrual-based expenses. The following table presents a simplified reconciliation of the change in the District's governmental fund balances to the change in total net assets for fiscal year 2011 and 2010:

	Year Ended June 30,	
	2011	2010
Net Change in Fund Balance - Total Governmental Funds	\$ 15,652,832	\$ (11,971,163)
Capital Asset Purchases	2,901,919	11,579,464
Depreciation	(5,771,696)	(5,075,950)
Debt Proceeds	(16,575,000)	-
Repayment of Debt	4,493,442	3,763,443
Change in Other Long-Term Liabilities	167,194	289,842
Change in Net Assets of Internal Service Funds	328,072	4,553,512
Other - Net	(69,784)	(1,510,378)
Change in Net Assets - Governmental Activities	<u>\$ 1,126,979</u>	<u>\$ 1,628,770</u>

FINANCIAL TRENDS OF YOUR DISTRICT

Within this report there are a number of areas where condensed financial statement data has been presented. The last page of this document (Appendix E) contains an Independent Auditors' Report on Condensed Financial Statements Included Herein that should be considered when reading such condensed information. Also, the District adopted the provisions of Government Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as of and for the year ended June 30, 2011. The prior year fund balance information has been presented using these new fund balance categories for comparative analysis only.

As noted in the above chart, the District's student count for fiscal 2010-2011 was 69 students (or 0.70%) lower than for the prior year. This represents the smallest decline in enrollment the district has seen over the past five years.

General Fund Revenue

The following table and graph summarizes the District's General Fund Revenue sources for the last five years.

The table below illustrates the fluctuation that occurs between the taxes and state aid categories based on legislative activity. The Legislature determines what portion of the general education funding formula will be paid by local taxpayers. In addition, when the tax shift percentage changes or the state provides property tax relief, this only impacts the mix between state aids and taxes and does not change total revenue. For example, in fiscal 2011, the MDE shifted a total of approximately \$8.6 million of the payable 2011 property tax receipts for the General and Community Service Funds, allowing such amounts to be recognized as taxes in fiscal 2011 rather than fiscal 2012, and giving the appearance of a significant increase in taxes for 2011. For this and other reasons, school finance in Minnesota continues to be a very difficult subject to explain to the general public.

Total Revenues	100%	100%	100%	100%	100%

*The large increase in taxes in 2011 compared to 2010 is not due to a large levy increase, but rather relates primarily to the tax shift whereby the State withholds state aid payments but instructs school districts to advance recognize tax revenue to offset the aid withheld. In 2011, the District advance recognized \$8,132,868 of tax revenue in the General Fund due to the tax shift prescribed by the State of Minnesota. A corresponding state aid revenue reduction was recognized, resulting in the change in percentage of revenue. Without this advance recognition, tax revenue would have been \$24,354,619, comparable to the prior year and representing 21.5% of total revenue.

Expenditures Per Student

Expenditures per Student (average daily membership) are summarized in the following graph.

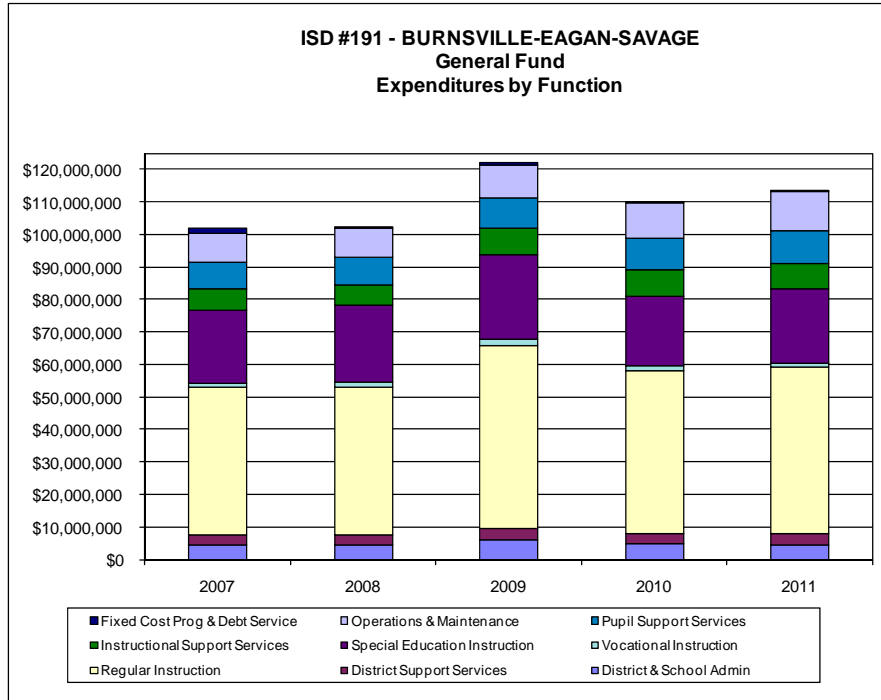

General Fund Expenditures for fiscal 2009 were grossed up by the impact of OPEB bonds which added approximately \$17.7 million of employee benefit costs on a one-time basis to move the bond proceeds to a trust fund that can only be used to pay employee postemployment benefit costs.

The following schedule shows total expenditures of the General Fund by program type:

As reflected above, total expenditures of the General Fund were 0.7% over the budgeted amount. The majority of the over-expended amounts can be attributed to supplies and materials that were covered by insurance recovery proceeds, increased fuel transportation costs, and less site carryover than anticipated.

General Fund Operations and Financial Position

The District's General Fund unassigned fund balance changed by \$687,980 during fiscal 2010-2011, increasing from \$10,820,200 to \$11,508,180 at June 30, 2011. Total fund balance of the General Fund increased by \$1,508,433, ending at \$17,541,406 as of June 30, 2011. The ending unassigned fund balance represents 10.15% of General Fund expenditures.

Food Service Fund

The following chart reflects the growth of the Food Service Program over the past five years:

	Year Ended June 30,				
	2007	2008	2009	2010	2011
Revenues	\$ 4,321,674	\$ 4,326,822	\$ 4,521,021	\$ 4,395,501	\$ 4,469,158

End of Year	\$ 549,961	\$ 378,688	\$ 486,203	\$ 620,382	\$ 759,536

Total revenues exceeded total expenditures by \$139,154 in the District's Food Service Fund for 2011, resulting in a fund balance of \$759,536 at June 30, 2011. Note that total expenditures in fiscal 2009 were grossed up on a one-time basis for the approximate \$260,000 of OPEB bond proceeds which were required to be recorded in the operating funds before being transferred to the trust fund that was set up to pay employee postemployment benefits.

Total actual revenues and other financing sources were higher than the budgeted amount by a net of \$469,604 or 11.7%. Total expenditures were higher than the budgeted amount by \$282,418. The net impact of these variances was an improvement to fund balance that was approximately \$187,000 more than had been reflected in the final budget.

Community Service Fund

The following table presents five years of comparative operating results for the District's Community Service Fund:

	Year Ended June 30,				
	2007	2008	2009	2010	2011

Total Fund Balance	\$ 1	\$ 46,361	\$ 106,862	\$ -	\$ 111,038

The District's Community Service Fund results reflected that revenues exceeded expenditures by \$111,038 for fiscal 2011, increasing the combined fund balance from \$0 at June 30, 2010, to \$111,038 at June 30, 2011. The District historically has struggled to operate the Community Service programs on a self-sustaining basis. The outcome for fiscal 2011 represents a significant improvement from the Board-approved budget which anticipated that a transfer of approximately \$167,000 would be necessary from the General Fund to eliminate the expected deficit. We encourage you to continue the process of identifying ways to increase program revenues and improve the matching of available revenues with corresponding program costs with flexibility built into the program development such that if programs cannot reasonably be operated on a self-sustaining basis the costs are not incurred.

Total revenues of the District's Community Service Fund for 2011 were nearly \$130,000 higher than the budgeted amount while total expenditures were just over \$148,000 lower than the budgeted amount. The District also budgeted approximately \$167,000 for transfers in from the General Fund which was not necessary to cover an operating deficit for fiscal year 2011. The net impact of these variances was to increase total fund balance by \$111,038 more than had been reflected in the budget. As part of any budget update initiated for fiscal 2011-2012, the community services department will want to take these budget variances into consideration in order to limit budget variances to every extent possible.

Community service - all costs of the Community Service Fund

Capital expenditures - all capital expenditures charged to operating funds

Debt service - all debt service costs (principal, interest and fiscal agent costs)

APPENDIX C

LEGISLATIVE ACTIVITY

What follows are some education-related highlights of recent legislative sessions as summarized from information made available by the Minnesota Department of Education, the Minnesota School Boards Association, Office of the Legislative Auditor, and the Minnesota House of Representatives.

General Education Revenue - Formula Allowance

The 2011 Legislature modified the basic formula allowance beginning in fiscal year 2012. The basic formula allowance remained at \$5,124 per pupil unit for fiscal year 2011 and then will increase \$50 (1%) for fiscal years 2012 and 2013 (\$5,174 and \$5,224, respectively).

No changes were made in the calculation of adjusted marginal cost pupil units--grade level pupil unit weightings and the 77% current year / 23% prior year marginal cost pupil unit calculations for declining enrollment schools remain unchanged.

Staff Development Reserve

The staff development reserve that had already been temporarily suspended for fiscal years 2010 and 2011 was also suspended for fiscal years 2012 and 2013. The staff development reserve is equal to 2% of the district's basic general education revenue.

Aid Payment Shifts and Property Tax Shifts

The State of Minnesota once again increased the withholding of state aid payments to school districts and charter schools as a mechanism for balancing their budget. The holdback was increased from 30% to 40% for fiscal year 2012.

In addition to increasing the holdback, the State also changed the metering of payments to charter schools for fiscal year 2012. Charter schools will now receive their 60% payments over 16 payments from July through February. There will be no payments made for the period March through June. The charter schools will then receive 75% of the remaining 40% holdback on July 15th and the final 25% of the holdback on October 30.

Length of School Year

The required number of instructional days was changed to instructional hours, not including summer school as follows:

- K – without disability – 425 hours
- Grades 1-6 – 935 hours
- Grades 7-12 – 1020 hours

Endowment / Permanent School Fund

Effective with the March 2012 payment, charter schools are now eligible for payments from the Endowment/Permanent School Fund. Charter schools will receive about \$12/ADM in fiscal year 2012 and about \$25/ADM in fiscal year 2013.

Employment of Unlicensed Teachers

State statute was clarified that state aid may be reduced, but not withheld, when a district employs unlicensed teachers.

Payment of Creditors

It was codified in statute that state education payments can only be made to the school district, charter school or other educational organization earning state aid revenue as a result of providing education services. In order to deal with cash flow issues related to the holdback of state aids some charter schools have been “selling” their future state aid payments and there was a push to have MDE remit such state aid payments directly to the organization “buying” such receivables but this makes it clear that aid payments can only be remitted to a public organization that is providing education to students.

Literacy Incentive Aid

Beginning in fiscal year 2013, school districts and charter schools will begin to receive literacy incentive aid which includes a proficiency and growth aid component. To qualify for this aid, the schools must have had students in 3rd or 4th grade and have MCA test results for the prior year. While the literacy incentive aid is determined at the school level, there is no requirement for the money to be spent at the school generating the revenue. It may be used for any General Fund purpose. The calculation of the aid is as follows:

- Proficiency aid = $\$85 \times \text{school's enrollment on October 1 of the previous year} \times \text{percent of third graders meeting or exceeding proficiency on the third grade reading MCA, averaged across the previous three test administrations (FY 10, 11 and 12 for FY 13 aid)}$.
- Growth aid = $\$85 \times \text{school's enrollment on October 1 of the previous year} \times \text{percent of fourth graders making medium or high growth on the reading MCA, averaged across the previous three test administrations}$.

For fiscal year 2013 only, the state total aid is capped at \$48,585,000. Currently, no proration is anticipated, but that will depend on the 2011 and 2012 test results.

School Board Meetings

The Open Meeting Law was changed to allow school boards to conduct meetings using interactive technology with audio and visual links but must otherwise comply with all other provisions of the Open Meeting Law.

Textbook Definition

The definition of textbook was changed to include “electronic books as well as other printed materials delivered electronically.”

PSEO (Post-Secondary Enrollment Options)

PSEO is now open to students in grades 9 and 10 in addition to those in grades 11 and 12. Districts are also required to disseminate information about PSEO to 8th and 9th graders.

Students Without a Disability from Other States

It was established that school districts are not required to provide education services to a student who is not a resident of Minnesota, does not have an IEP, and does not have a tuition agreement or arrangement to pay the cost of education from the placing authority.

APPENDIX D

FORMAL REQUIRED COMMUNICATIONS

Board of Education
Independent School District No. 191
Burnsville-Eagan-Savage Schools
Burnsville, Minnesota

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 191 (the District) as of and for the year ended June 30, 2011, and have issued our report thereon dated November 9, 2011. Professional standards require that we provide you with the following information related to our audit.

Our responsibility under U.S. Generally Accepted Auditing Standards and OMB Circular A-133

As stated in our engagement letter dated March 28, 2011, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

In planning and performing our audit, we considered the District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide assurance on the internal control over financial reporting. We also considered internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit. Also in accordance with OMB Circular A-133, we examined, on a test basis, evidence about the District's compliance with the types of compliance requirements described in the "U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement" applicable to each of its major federal programs for the purpose of expressing an opinion on the District's compliance with those requirements. While our audit provides a reasonable basis for our opinion, it does not provide a legal determination on the District's compliance with those requirements.

1. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

2. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.
3. We are also responsible for communicating matters regarding the provisions of the Minnesota Legal Compliance Audit Guide for Local Government, promulgated by the State Auditor pursuant to Minnesota Statute §6.65.

Other information in documents containing audited financial statements

Our audit opinion, the audited financial statements, and the notes to financial statements should only be used in their entirety. Inclusion of the audited financial statements in a client prepared document, such as an annual report, should be done only with our prior approval and review of the document. Our responsibility for other information in documents containing the School's financial statements and report does not extend beyond the financial information identified in the report. We do not have an obligation to perform any procedures to corroborate other information contained in such documents.

Planned scope and timing of the audit

We performed the audit according to the planned scope and timing previously communicated to you in our email about planning matters on July 7, 2011.

Significant audit findings

Qualitative aspects of accounting practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. As discussed in Note 1 of the financial statements, the District adopted GASB 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Aside from the implementation of this standard, no other new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2011.

We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- Due from Minnesota Department of Education
- Due from the Federal Government through the Minnesota Department of Education
- Retirement Pay and Other Compensated Absences Payable
- Claims incurred but not reported

- Other Postemployment Benefits Payable
- Estimated Useful Lives of Depreciable Capital Assets

Management's estimate of Due from Minnesota Department of Education (MDE) is based on amounts anticipated to be received from the state for various aid entitlements for fiscal 2010-11. The most significant of these is the aid portion of General education revenue. General education revenue and certain other revenues are computed by applying an allowance per student to the number of students served by the School. Student attendance is accumulated in a statewide database - MARSS. Because of the complexity of student accounting and because of certain enrollment options, student information is input by other school districts and the MARSS data for fiscal year 2011 is not finalized until well into fiscal year 2012. MDE calculates amounts owed to the School for special education excess cost tuition billing and adds the amount to the School's special education aid. Because the tuition amounts are based on estimated information, final entitlements are not expected to be known until well into the following fiscal year. Management expects any differences between estimated and actual data will be insignificant.

Management's estimate of due from Federal through the Minnesota Department of Education is based on amounts anticipated to be received through the state for various federal aid entitlements for fiscal 2010-11. Many federal entitlements require that supporting financial reporting information be provided both in the UFARS accounting system and also the SERVS reporting system. To the extent that these two separate systems are not in agreement and reported in a timely manner, the estimated aid entitlement may be adversely affected. Management expects any differences between estimated and actual data will be insignificant.

Management's estimate of Retirement Pay and Other Compensated Absences Payable is based on certain assumptions made by the District. As required by GASB Statement No. 16, the District has recorded a liability for accumulated sick leave convertible to early retirement pay for which it is probable the employees will be compensated. The "vesting method" used by the District to calculate this liability is based on assumptions involving the probability of employees becoming eligible to receive the benefits (vesting), and the potential use of accumulated sick leave prior to termination.

Management's estimate of Claims Incurred but Not Reported in its Self-Insurance Fund is based on data reported to the District by the plan administrator.

Management's estimate of other postemployment benefits payable is based on an actuarially determined calculation, less actual payments incurred on behalf of retirees and an actuarially determined estimate of implicit rate subsidy, which is the estimated increased cost of premiums due to inclusion of retirees in the same plan as the District's active employees.

Management's estimate of useful lives for depreciable assets is based on guidance recommended by the Minnesota Department of Education. The useful life of a depreciable asset determines the amount of depreciation that will be recorded in any given reporting period as well as the amount of accumulated depreciation that is reported at the end of a reporting period.

We reviewed and tested management's procedures and underlying supporting documentation in the areas discussed above and evaluated the key factors and assumptions used to develop the estimates noted above in determining that they are reasonable in relation to the financial statements taken as a whole. We concluded that the accounting estimates and management judgments appeared to consider all significant factors and resulted in appropriate accounting recognition.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and uncorrected misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements. We recognize that for management purposes, the District maintains its accounting records primarily using the cash basis during the year. There may be adjustments which we propose while assisting your finance staff in the closing of the year-end accounting records. These types of adjustments, if any, are not considered to be "audit adjustments" for purposes of this communication.

Disagreements with management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management representations

We have requested certain representations from management that are included in the management representation letter dated November 9, 2011.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other audit findings or issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

APPENDIX E

INDEPENDENT AUDITORS' REPORT ON CONDENSED FINANCIAL STATEMENTS INCLUDED HEREIN

Board of Education
Independent School District No. 191
Burnsville-Eagan-Savage Schools
Burnsville, Minnesota

We have audited the financial statements of Independent School District No. 281 (the District) as of and for the years ended June 30, 2011 and 2010 (not presented herein). The financial statements as of and for the fiscal years ended June 30, 2009, 2008, and 2007 (not presented herein), were audited by other auditors. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The condensed Statements of Revenues, Expenditures and Changes in Fund Balance for the years presented on pages 12, 13 and 14 are presented as a summary and, therefore, do not include all of the disclosures required by U.S. generally accepted accounting principles.

In our opinion, because of the significance of the omission of the information referred to in the preceding paragraph, the condensed financial statements referred to above do not present fairly, in conformity with U.S. generally accepted accounting principles, the results of its operations for the years then ended.

This report is intended solely for the information and use of the School Board and management of the District and is not intended to be and should not be used by anyone other than these specified parties.

SINGLE AUDIT AND OTHER REQUIRED REPORTS

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

School Board
Independent School District No. 191
Burnsville, Minnesota

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 191 as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 9, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Independent School District No. 191's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Independent School District No. 191's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the organization's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Education, management of the District, the Minnesota Department of Education, and state and federal awarding entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

School Board
Independent School District No. 191
Burnsville, Minnesota

Compliance

We have audited Independent School District No. 191's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Independent School District No. 191's major federal programs for the year ended June 30, 2011. Independent School District No. 191's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Independent School District No. 191's management. Our responsibility is to express an opinion on Independent School District No. 191's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Independent School District No. 191's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Independent School District No. 191's compliance with those requirements.

In our opinion, Independent School District No. 191 complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

Management of Independent School District No. 191 is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Independent School District No. 191's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Independent School District No. 191's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 191, Burnsville, Minnesota, as of and for the year ended June 30, 2011, and have issued our report thereon dated November 9, 2011. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

REPORT ON MINNESOTA LEGAL COMPLIANCE

School Board
Independent School District No. 191
Burnsville, Minnesota

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 191 as of and for the year ended June 30, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 9, 2011.

We conducted our audit in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions*, promulgated by the State Auditor pursuant to Minnesota Statutes Section 6.65. Accordingly, the audit included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions* covers seven main categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and uniform financial accounting and reporting standards for school districts. Our study included all of the listed categories.

The results of our tests indicate that, with respect to the items tested, the District complied, in all material respects, with the provisions referred to in the preceding paragraph.

This report is intended solely for the information and use of the School Board, management of the District, the Minnesota Department of Education, and the Office of the Minnesota State Auditor and is not intended to be and should not be used by anyone other than these specified parties.

A. SUMMARY OF AUDITOR'S RESULTS

1. The auditors' report expresses an unqualified opinion on the financial statements of Independent School District No. 191.
2. No material weaknesses in internal control over financial reporting were disclosed during the audit of the financial statements of Independent School District No. 191.
3. No instances of noncompliance material to the financial statements of Independent School District No. 191 were disclosed during the audit.
4. No material weaknesses in internal control over major programs were disclosed during the audit of the major federal award program for the Independent School District No. 191.
5. The auditors' report on compliance for the major federal award programs for Independent School District No. 191 expresses an unqualified opinion.
6. No audit findings relative to the major federal award programs for Independent School District No. 191 were disclosed during the audit.
7. The programs tested as major programs included:

U.S. Department of Education – Special Education Cluster:

Special Education	CFDA #84.027
Early Childhood	CFDA #84.173

Condition: We tested 40 Special Education expenditures and 40 Title I expenditures. While all employees were coded within the payroll system as working on their respective Federal programs and their job descriptions indicated the same, we noted that personnel activity reports were not prepared properly to support the salaries paid to those employees tested. Proper preparation requires personnel activity reports to account for the total activity for which the employee is compensated. The personnel activity reports reviewed during testing only accounted for the portion of the employees activity related to the federal program, not the total activity for which they were being compensated.

Recommendation: We recommend the District reviews its controls and procedures related to payroll certifications and ensure they are being followed.

Current Status: Personnel activity reports were completed properly for fiscal year 2011.

INDEPENDENT AUDITORS' REPORT

School Board, Advisors, and Students
Independent School District No. 191
Burnsville, Minnesota

We have audited the accompanying statement of cash receipts and disbursements of the extracurricular student activity accounts of Independent School District No. 191 as of and for the year ended June 30, 2011. This financial statement is the responsibility of the District's extracurricular student activity accounts management. Our responsibility is to express an opinion on this financial statement based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The District has not established procedures to provide assurance that all cash collections are recorded in the accounting records. Accordingly, it was not practicable for us to extend our audit of such cash collections beyond the amounts recorded.

As described in Note 1, this financial statement has been prepared on the cash basis of accounting, as prescribed by the Minnesota Department of Education, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

In our opinion, except for such adjustments, if any, as might have been determined to be necessary had the cash collections referred to above been susceptible to satisfactory audit tests, the financial statement referred to above presents fairly, in all material respects, the cash transactions of the District's extracurricular student activity accounts for the year ended June 30, 2011, and the cash balances at that date on the basis of accounting as described in Note 1.

NOTES TO EXTRACURRICULAR STUDENT ACTIVITY ACCOUNTS
JUNE 30, 2011**

NOTE 1 BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Extracurricular student activity account transactions are defined as extracurricular programs conducted for the motivation and enjoyment of students. These programs and activities are not offered for school credits nor required for graduation. Activities are generally conducted outside of school hours. The content of the activities is determined primarily by the students, under the guidance of a staff member or other adult.

Extracurricular student activities are to be self-sustaining with all expenses paid by dues, admissions, or other student fund-raising events.

The accounts of the District's extracurricular student activity accounts are maintained, and the accompanying financial statement has been prepared, on the cash basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles. Consequently, receipts are recognized when received rather than when earned, and disbursements are recognized when paid rather than when the obligations are incurred.

NOTE 2 DEPOSITS AND INVESTMENTS

All cash and investments of the student activity accounts are held in demand accounts.

Custodial credit risk is the risk that in the event of a bank failure, the School's deposits may not be returned to it. The School does not have a deposit policy for custodial credit risk and follows Minnesota Statutes for deposits.

Minnesota statutes require that all District deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance.

Authorized collateral includes certain state or local government obligations, obligations of the U.S. Treasury and U.S. agencies, irrevocable standby letter of credit issued by the Federal Home Loan Bank accompanied by written evidence that the Federal Home Loan Bank's public debt is rated "AA" or better by Moody's or Standard & Poor's Corporation, and certificates of deposit insured by the FDIC.

Minnesota statutes require that securities pledged as collateral be held in safekeeping by the District Treasurer or in a financial institution (as agent for the District) other than that furnishing the collateral.

All student activity bank deposits are covered by deposit insurance or are collateralized by securities held by the District or its Agent in the District's name.

School Board, Advisers, and Students of
Independent School District No. 191
Burnsville, Minnesota

In planning and performing our audit of the statement of cash receipts and disbursements of the extracurricular student activity funds of Independent School District No. 191 as of and for the year ended June 30, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered Independent School District No. 191's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the extracurricular student activity funds financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Independent School District No. 191's internal control. Accordingly, we do not express an opinion on the effectiveness of the Independent School District No. 191's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency listed below to be a material weakness.

Student Activity Receipts

The District has not established procedures to provide assurance that all cash collections are recorded in the accounting records.

This communication is intended solely for the information and use of management, the School Board, students of Independent School District No. 191 and the Minnesota Department of Education, and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH UNIFORM FINANCIAL ACCOUNTING AND REPORTING STANDARDS APPLICABLE TO EXTRACURRICULAR STUDENT ACTIVITY ACCOUNTS

School Board, Advisors, and Students
Independent School District No. 191
Burnsville, Minnesota

We have audited the statement of cash receipts and disbursements of the extracurricular student activity funds of Independent School District No. 191 as of and for the year ended June 30, 2011, and have issued our report thereon dated November 9, 2011. In our report, our opinion was qualified because the District has not established procedures to provide assurance that all cash collections are recorded in the accounting records. Further, the financial statements are prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the provisions of the *Manual for Activity Fund Accounting*, issued by the Minnesota Department of Education, pursuant to Minnesota Statutes § 123.38.

The *Manual of Activity Fund Accounting* provides uniform financial accounting and reporting standards for student activities. Compliance with student activity laws and regulations is the responsibility of the District's extracurricular student activity accounts management. We have performed auditing procedures to test compliance with the provisions of this manual. However, our objective was not to provide an opinion on overall compliance with such provisions. Accordingly, we do not express such an opinion.

The results of our tests indicate that, with respect to the items tested, the District's extracurricular student activity accounts complied with the material terms and conditions of applicable legal provisions, except as described in the Schedule of Findings and Corrective Action.

This report is intended solely for the information and use of the School Board, management, and students of Independent School District No. 191 and the Minnesota Department of Education, and the Office of the State Auditor of Minnesota, and is not intended to be and should not be used by anyone other than these specified parties.

JUNE 30, 2011**

FINDINGS AND CORRECTIVE ACTION (CONTINUED)

2011-2 Documentation of Transactions

Condition – One cash disbursement within the student activity accounts lacked the original vendor invoice and/or backup documentation to support the disbursement. The disbursement was only supported by a check request.

Recommendation – It is our recommendation that the District reviews its policies and procedures around student activity disbursements and ensures that sufficient documentation is retained for all cash disbursements.

CORRECTIVE ACTION PLAN (CAP):

Explanation of Disagreement with Audit Findings:

There is no disagreement with the audit finding.

Actions Planned in Response to Finding:

The District will take the necessary steps assure there is sufficient backup documentation for all cash disbursements. The District has communicated with staff to ensure that all check disbursements include the check request in addition to all original documentation. Disbursements should also include additional details as to what the purchase pertains to if not readily identifiable on the supporting evidence. As described in Finding 2011-1, the District Office will be processing disbursements in 2011-2012. This added oversight will eliminate errors due to inadequate or missing support.

Official Responsible for Ensuring CAP:

The Director of Accounting is the official responsible for ensuring corrective action of the deficiency.

Planned Completion Date for CAP:

The planned completion date is June 30, 2012.

Plan to Monitor Completion of CAP:
