RE: Annual Organization of the Board of Education

RECOMMENDATION: to adopt the resolutions shown below to accomplish organization of the Board of Education for 2016.

The items listed below must be addressed by the school board at its organizational meeting on January 14, 2016.

In order of rank, the officers from 2015 are responsible for calling the organizational meeting to order. This individual, or someone elected as temporary chair, should preside until a new chair is elected.

Prior to the election of officers, the board should determine the method to be used in selecting its new officers. A recommended method is that of majority vote on the candidate or candidates nominated for each position. Policy 202 provides further direction with respect to selection of officers and officer's responsibilities.

The annual organization of the school board occurs in January to conform to the term of office for school board members. Some matters of school board organization are more readily conducted on a fiscal year basis and will be presented in July.

The items that follow pertain to Board of Education organization for 2016.

A. Election of Chair

Annotation: The chair presides at all school board meetings and works with the superintendent on calling board meetings and establishing meeting agendas. At times the chair is called upon to serve in a ceremonial capacity as the ranking elected representative of the school district. The chair countersigns all checks drawn by the treasurer.

Recommendation: Moved by Director _____, seconded by Director _____, that Director _____ be nominated and elected chair of the board for 2016.

(It is recommended that the newly elected chair assume the chair and conduct the balance of the meeting.)

B. Election of Vice-Chair

Annotation: The school board created the vice-chair position in 1989 for the purpose of easing the workload of the chair. The vice-chair serves as chair when the chair is absent, assists with board operations and plans the annual evaluation of the superintendent.

Recommendation: Moved by Director _____, seconded by Director _____, that Director _____ be nominated and elected Vice-chair of the board for 2016.

C. Election of Clerk

Annotation: The clerk presides at board meetings in the absence of the chair and vice-chair, and from a legal standpoint, is responsible for board minutes, signing board approved contracts and calling school board elections. The clerk also countersigns all district checks. The routine duties of the clerk are performed by the superintendent's office and business office.

Recommendation: Moved by Director _____, seconded by Director _____, that Director _____ be nominated and elected clerk of the board for 2016.

D. Election of Treasurer

Annotation: The treasurer is legally responsible for the deposit and withdrawal of all district funds and reporting same to the school board. Checks drawn on school district accounts are signed by the treasurer. The routine duties of the treasurer are performed by the business office.

Recommendation: Moved by Director _____, seconded by Director _____, that Director _____ be nominated and elected treasurer of the board for 2016.

E. Salaries of Board Members

Annotation: Salaries of school board members are set annually. In January 2008, the salaries were set at \$500 per month for each director plus an additional monthly stipend of \$50 for the chair in recognition of increased expenses associated with that office. A request to increase the monthly stipend for directors from \$500 to \$550 per month has been received, considering no increases have been made since 2008.

Recommendation: That salaries of board members be set at \$550 per month and that the chairperson receives an additional \$50 per month in recognition of additional duties and expenses associated with the position.

F. Regular Meetings of the School Board

Annotation: Regular meetings of the school board are typically held on the second and fourth Thursday of each month. However, board meetings may be scheduled during other weeks to accommodate scheduling needs as noted. Most

regular school board meetings will be held at Diamondhead Education Center, 200 West Burnsville Parkway, Burnsville. Due to construction, the regular board meetings scheduled during the summer of 2016 will be held in the Council Chambers at Burnsville City Hall, 100 Civic Center Parkway, Burnsville.

Recommendation: That all regular meetings of the Independent School District 191 Board of Education commence at 6:30 p.m. on the dates noted below with meetings conducted at the Diamondhead Education Center (or in the Council Chambers at Burnsville City Hall during the summer of 2016) and cable cast.

October 27, 2016	August 24, 2017

*Meetings not scheduled on the second or fourth Thursday of the month.

Items G-J pertain to calendar year 2016. They are of a routine nature and although board action is required, discussion is usually unnecessary. I recommend approval of all resolutions as a single consent agenda. In the event a Board member wishes to discuss any item, it should be removed from the list so that it may receive individual attention.

G. Authorization for Electronic (telephone) Fund Transfers

Annotation: The telephone transfer of funds between approved depositories is important to the efficient management of school district deposits. Board authorization is requested to allow the executive director of business services to enter into electronic fund transfer agreements with official depositories as provided in Chapter 334, Minnesota Statutes. (See Attached Resolution)

Recommendation: to adopt the attached resolution which authorizes the executive director of business services to enter into electronic (telephone) fund transfer agreements with the district's official depositories per Chapter 334 of the laws of Minnesota.

H. Authorization for Use of Facsimile Signatures

Annotation: The use of facsimile signatures on school district checks must be authorized by board resolution. Facsimile signatures are also used on individual personnel contracts covered by master agreements. Obviously, this is the only practical method of handling this task. (See Attached Information)

Recommendation That the school board adopts the attached resolution authorizing the use of facsimile signatures on payroll and claim checks as prescribed in M.S. 47.41 and furthermore that the use of facsimile signatures be authorized for individual personnel contracts covered by board adopted master agreements.

I. Designation of Official Depositories

Annotation: The Business Office maintains a current list of financial institutions to be used for depositing school district funds. The recommended list of depositories for 2016 is shown in the motion.

Recommendation: That the institutions shown below be designated as official depositories of the district for the 2016 calendar year per M.S. 124.05.

U.S. Bank of Minneapolis
Minnesota School Districts Liquid Asset Fund Plus
MN Trust
Associated Bank, WI

J. Appointment to Committees

Committee appointments will be made by the Chair and will be presented for recommendation at the next regular board meeting. Board members are requested to review the list of committee appointments and to indicate their interests to the chair.

K. Authorization to Execute and File Application for State- and Federally-Funded Programs

Annotation: Most state- and federally-funded programs require that the school board, in official session, authorize an agent to execute and file funding applications for the school district and act as its official representatives in those state- and federally-funded programs.

Recommendation: That as of January 1, 2016, Dr. Joseph Gothard, superintendent or his designee be designated as the agent in filing applications for and representing the district in state- and federally-funded programs.

L. Designation of Legal Counsel

Annotation: Policy 202 states that the school board will select the school district's legal counsel at the organizational meeting. The attorney shall attend regular and special meetings of the school board when requested and be available for

consultation as needed. The attorney shall be paid on a “time” or “retainer” basis as determined. The appointment of the attorney shall not be construed as a prohibition against seeking legal counsel from other sources when the superintendent or his designees deems it to be advisable. The individuals authorized to contact legal counsel are the school board chair, the superintendent and his designees.

Recommendation: That the following law firms be appointed as legal counsel for Independent School District 191 for 2016 and that they be paid on an hourly basis for services rendered.

Kennedy & Graven Chartered
Pfefferle Kane LLP (formerly Terhaar, Archibald, Pfefferle & Griebel, LLP)
Booth Law Group LLC
Rupp, Anderson, Squires & Waldspurger, P.A.
Knutson Flynn & Deans, P.A.
Hitesman & Wold, P.A.

M. Designation of Official Newspaper

Annotation: Administration recommends designating Sun Thisweek as the official legal newspapers serving our area. This newspaper is widely distributed across the geographic area of the school district.

Recommendation: That Sun Thisweek be designated as the official newspaper for 2016 per M.S. 123.33; Subdivision 11, and M.S. Chapter 331.

N. Designation of Identified Official with Authority for Minnesota Department of Education (MDE) Secure Website Access

Annotation: The Minnesota Department of Education released a new External User Access Recertification System on April 1, 2015. The External User Access Recertification System allows the designated Identified Official(s) with Authority to see everyone with external access to MDE secure systems for their local education agency (LEA); pre-authorize new external user access to MDE secure systems for their LEA; and annually review, recertify or revoke external user access to MDE secure systems for their LEA.

An LEA must resubmit documentation from the school board annually designating the Identified Official with Authority, as well as any time there is a change in the assignment of the Identified Official with Authority. This recommendation serves as the annual recertification of the Identified Official(s) with Authority designation in accordance with Minnesota State Access Control Security Standard 1.0.

Recommendation: To designate Dr. Joseph Gothard, superintendent and Jami Kenney, executive assistant as the Identified Officials with Authority to authorize user access to MDE secure websites for Independent School District 191 and gives them the responsibility of assigning job duties to local education agency staff.

Re: Change Order #034, #037, #039, #040, #041, #042, #043, #046, #047 #048, #049, #051, #052, and #053 for the 2015 Additions and Alterations to Burnsville High School

RECOMMENDATION: That the Board of Education approve change orders #034, #037, #039, #040, #041, #042, #043, #046, #047 #048, #049, #051, #052, and #053 for the 2015 Additions and Alterations to Burnsville High School.

On May 28th, 2015 the school board awarded contracts for bid package #1, on June 25, 2015 the school board awarded one contract for bid package #2, on August 13, 2015 the school board awarded contracts for bid package #3 and on October 22, November 5, November 19 and December 17, 2015 school board awarded contracts for bid package #4 for the 2015 Additions and Alterations to the Burnsville High School.

Change order #034 for contract #2600 (Peoples Electric CO., Inc.) is a deduct in the amount of \$5,847.00. The reason for the deduct was that Peoples Electric was the reason that Viet and Company, Inc. needed to remobilize which caused additional dollars to be spent. This is a credit to an expenditure that was school board approved in previous change order #033.

Change order #039 for contract #2600 (Peoples Electric CO., Inc.) in the amount of \$3,039.00 was for additional conduit and lighting changes.

Change order #046 for contract #2600 (Peoples Electric CO., Inc.) in the amount of \$1,725.00 was for an additional breaker needed for the warehouse freezer.

Change order #048 for contract #2600 (Peoples Electric CO., Inc.) the amount of \$2,321.00 was needed to re-feed the scoreboard at the football stadium for a

temporary path from the east parking lot to the school for the temporary student entrance.

Change order #053 for contract #2600 (Peoples Electric CO., Inc.) in the amount of \$42,629.00 was needed to provide 2 temporary generators to keep the data center and the main warehouse freezer in operation during the electrical transformer switchover and modifications to the new electrical service routing and additional electrical demo, this also included temporary lighting near the old loading dock.

Change order #037 for contract #0600 (Ebert Construction Inc.) is in the amount of \$2,070.00. The reason for this change was needed to waterproof the area in the new warehouse restroom for a shower install, changing the type of shower floor tile from an 8" x 8" tile to a mosaic tile due to the sloping floor in the shower area and changing from a thin set mortar to a mortar bed in the shower floor that slopes to the drain.

Change order #040 for contract #3110 (Max Steininger Inc.) Is in the amount of \$210.00. This change was to remove another 24 inch diameter tree that was in the way in the Northwest parking lot as the layout of the lot changed.

Change order #042 for contract #3290 (G Urban Companies LLC) is in the amount of \$1,620.00. This cost is to provide additional sod to an area where VCP (Vitrified clay pipe) was removed and replaced due to the condition of the existing pipe.

Change order #049 for contract #0240 (Veit and Company, Inc.) is in the amount of \$1,388.00. The cost for this change order was needed to provide temporary weather protection after the west side of the building was demolished. These unforeseen conditions that needed weather protection were not visible until demolition was complete.

Change order #052 for contract #3300 (Veit and Company, Inc.) is in the amount of \$46,579.00. The reason for this change was to add 227 feet of 4 inch PVC sanitary sewer +2 manholes and installation, also included in this cost was to provide an additional 169 feet of 15 inch HDPE (high density polyethylene pipe) storm sewer and installation of 2 manholes. The conditions of the old pipe systems necessitated these changes.

Change order #041 for contract #2202 (Klamm Mechanical Contractors Inc.) is a deduct in the amount of \$4,143.00 and the reason for this deduct was mechanical coordinations between bid packages.

Change order #043 for contract #2300 (Klamm Mechanical Contractors Inc.) is in the amount of \$1,121.00, the reason for this change was to replace VCP pipe with PVC pipe due to the condition of the existing pipe.

Change order #047 for contract #0330 (Northland Concrete & Masonry Company LLC) is in the amount of \$2,611.00. The reason for this change was to add additional foundation not called out on the plans on the west side addition.

Change order #051 for contract #0420 (Crosstown Masonry Inc.) Is in the amount of \$4,477.00. The reason for this change was to provide masonry and bearing plates to support the curtain beams in the existing gym pockets that were being demolished. This work was not indicated on the plans and was an unforeseen condition.

To date total change orders in amount of \$512,808.00 to the 45 original contract amounts of \$37,734,946.00 brings the total contracts with change orders to \$38,247,754.00. This represents change orders of 1.36% of original bid amounts.

The items on these change orders have been reviewed and validated by ATS&R Architects and Engineers and WENCK Construction Inc.

Re: 2016-17 ISD 191 Secondary Course Catalog

RECOMMENDATION: That the Board of Education approves the 2016-17 ISD 191 Secondary Course Catalog.

The course catalog is submitted to the Board of Education for approval each year prior to the course request process. The proposed course catalog has been redesigned this year to include both the middle and high school levels and reflect the middle school program and high school program. Burnsville High School Principal Dave Helke will present the redesigned course catalog.

Realizing the Vision

The goal of Vision One91 is to redesign the district to meet the needs of today's learners and ensure the district's mission of "Each Student Real-World Ready." Among changes will be realigning grades so elementary schools serve grades k-5, current junior highs transform to middle schools with grades 6-8, and Burnsville High School will have grades 9-12."

REGISTRATION GUIDELINES

When requesting courses it is very important to make your course requests carefully for the year. We tally all course requests and make critical decisions regarding teacher staffing, room availability, and resource allocation based on your requests. Please understand we want you to have an educational program that meets your needs, however, once these decisions are made, it will be very difficult to change your course requests.

- Make sure you meet the prerequisites for a course.
- Make sure you include courses necessary to meet high school graduation requirements.
- Make sure you carefully select courses that will prepare you for post-secondary careers and college.
- Make sure you request at least six (6) classes per semester.

There are many opportunities available to you and we encourage you to take the time to review this catalog and make an informed decision about the courses you want to request.

COURSE CANCELLATIONS

Courses may be cancelled because of low enrollment or availability of a licensed teacher. Students are notified of course cancellations as early as possible. In some instances, it is necessary to reduce the number of sections of a course that is offered. In this case, seniors are given priority admission into a course where enrollment is limited.

SCHEDULE CHANGES

A schedule change must be made through a counselor. Reasons for making a schedule change include:

- A student is not scheduled for a course she or he originally requested.
- A student has an incomplete schedule, and needs to add a course.
- A student doesn't meet the requirements for a course for which she or he is presently enrolled.
- A student needs to schedule/reschedule a required course for graduation.
- A student wishes to drop a study block to add a course.
- A student needs to schedule a course that is required or recommended for admission to a specific postsecondary school or program.
- A student is recommended by her or his teacher to move from one level to another within the same discipline (i.e. regular Algebra II to Honors Algebra II or vice versa).
- The change is a recommendation on a student's IEP or 504 Plan.

DROPPING A COURSE

Students should plan carefully with their family and counselors to avoid the need for a schedule change. A course dropped after the first week of class, for any reason not listed above, will receive a grade of "F" unless approved by an administrator.

CREDITS AND FULL-TIME ENROLLMENT

All students must be enrolled in at least twelve courses. Students must maintain attendance in a supervised study during any period in which they are not enrolled in a course. Students gaining credit beyond the school day through participation in any program may add those credits to the credits gained during the school day. In all cases, a maximum of nine credits per semester will be included on student transcripts and counted toward graduation requirements unless approved by administration.

DATE OF ENROLLMENT

After school has been in session for ten days into a semester, students may enroll for credit if they transfer grades in from their previously attended school, demonstrate proficiency on standards already covered in a course, and/or complete those assignments and assessments needed for the teacher to determine an accurate grade for the course. (Students currently enrolled may not begin a new class for credit after this date.)

PROFICIENCY CREDIT

Proficiency testing allows students to demonstrate knowledge and receive credit in courses as per Minnesota State Board of Education regulation 3500.2900. Applications for proficiency testing are accepted and processed according to the following guidelines only once each semester.

1. Conditions Under Which a Student May Apply for Proficiency Test

A student must have completed an out-of-school experience that has led to an unusual level of knowledge in a course or sequence of courses; e.g., attending a language camp, seminar or employment experiences.

2. Timelines for Proficiency Testing Opportunities

Student obtains application form in the Guidance Office. Application must be submitted no later than the fifth week of the semester.

- Counselor will determine whether the applicant has met the necessary criteria. If so, the counselor will pass the information to the department coordinator.
- The department coordinator or designee will contact the student and complete testing arrangements. Testing should be completed by the end of the thirteenth week of the semester.

3. Proficiency Testing Opportunities Which Are Not Available

- Obtaining credit in a course below the student's level of appropriate placement as determined by the department; e.g., credit in Basic Math when Algebra is the appropriate placement.
- Obtaining credit for experience having no correlation with a course in the Registration Guide; e.g., credit for figure skating.
- Obtaining credit in Independent Study, since there are no standard-learner outcomes.
- Obtaining credit in a course provided exclusively to students with an Individual Education Plan.

REPETITION

A student may repeat any course for which a failing grade was earned. The previous grade of "F" remains on the transcript, along with the new grade earned.

TIPS FOR PARENTS

1. Review progress, credits, and test results (ACT, MCA, PSAT).
2. Check specific requirements for your child's graduation year.
3. Develop a list of required courses.
4. Identify high priority courses and possible alternatives.
5. Research the requirements of your student's anticipated colleges.

CALCULATING GRADE POINT AVERAGE (GPA):

Each grade received in a semester is assigned a numerical value (see above grading system). The sum of these numerical values is divided by the number of credits attempted in the semester to determine a GPA. A GPA is calculated for each student at the end of each semester.

CUMULATIVE GPA / CLASS RANK

All final semester grades from grades 9-12 are averaged to form a cumulative GPA. Students are ranked numerically in their graduating class according to their cumulative GPA. Cumulative GPA and class rank are computed for each student at the end of each semester.

GPA RECOGNITION

Honor Roll: Numerical equivalencies are used to determine the "A" and "B" honor rolls for each semester. Students who have achieved an average of 3.600 to 4.000 will be listed on the "A" honor roll. Students who have achieved an average of 2.950 to 3.599 will be listed on the "B" honor roll. A student must be full-time at BHS to be eligible for the honor roll.

National Honor Society (NHS): A student must have a cumulative GPA of a 3.4 or higher to qualify for consideration (juniors and seniors only) in addition to other criteria. Students who qualify for consideration will be invited to apply for NHS.

PASS/FAIL

Students may elect to take a maximum of two credits during their four years at Burnsville High School on a Pass-Fail basis and remain eligible for all academic honors. Requests to take courses on a Pass-Fail basis must be submitted to and approved by teachers by the tenth day of a semester. Required courses cannot be taken on a Pass-Fail basis. Pass-Fail request forms are available in the Guidance Office.

DUAL-RANKING SYSTEM

BHS has adopted a Dual-Ranking System for honors students. The Dual-Ranking System is not a weighted-grade system. Instead, dual ranking involves identifying a group of students who complete a specific set of core classes and establishing a secondary class rank for these students. Dual-Ranking does not impact Valedictorian or Salutatorian status and begins during your 10th grade year.

ACADEMIC LETTERS

Sophomores and juniors receive a school letter for being on the A (3.6-4.0) honor roll for both semesters of the school year. Seniors earn an academic letter for being on the A honor roll for the first semester. The student must have at least a 3.6 grade point average for each semester (not cumulative) of an academic year and carry a minimum of 12 credits per year. Students may earn one academic letter during their time at BHS.

CONCURRENT ENROLLMENT

Burnsville High School offers many concurrent enrollment course opportunities. By successfully completing these courses and/or achieving an acceptable score on an accompanying qualifying exam, students may earn college credit. More information is in the College Credit Opportunities section of this catalog. Interested students should see a counselor.

COMMENCEMENT PARTICIPATION

Participation in the graduation ceremony is a privilege reserved for students who have earned a minimum of 30 of the 32 credits required for graduation on or before June 9, 2017. An assessment of all students and their progress toward meeting all graduation requirements as defined above will be done on or before May 12, 2017. Seniors who are not meeting the requirements as defined above will be informed they will not be allowed to participate in the ceremony. All credit recovery courses and credits earned through online learning sites must be completed and the credit information received by the BHS Guidance Office by May 12, 2017. However, even though a student's name may appear in the commencement program, a senior may be denied commencement participation because of a violation. These violations could be, but are not limited to:

- A violation of school policy
- A violation of school district policy
- An outstanding detention
- Delinquent parking fines
- Delinquent activity or athletic fees, failure to return school property such as, but not limited to, books, tools, supplies, instruments, and/or athletic equipment
- Failure to pay for lost school property or school property not returned.

Important information about the senior year, including preparation for the graduation ceremony is communicated at senior meetings so make sure to attend those.

DIPLOMA

Seniors fulfilling graduation requirements receive a diploma at the end of first or second semester. Seniors graduating after first semester may participate in the graduation ceremony, but must notify the Principal of their intention to attend the ceremony no later than May 1. Regardless, a first semester graduate is considered off roll and is no longer eligible to participate in any other high school functions.

A senior opting to remain in school all year must be enrolled in six or more courses each semester. A student ceases attending high school once he/she receives a diploma.

EARLY GRADUATION

A student who has completed graduation requirements may opt to graduate at the end of the first semester. A senior opting for early graduation must complete an application that includes parent signature of approval.

GRADUATING WITH DISTINCTION OR HIGH DISTINCTION

The honorees must be enrolled at Burnsville Senior High School and are recognized at commencement.

Graduates with distinction have an accumulated grade-point average of greater than or equal to 3.6, but less than 3.9, through five semesters. A student must have received 27 or more senior high semester credits through five semesters.

Graduates with high distinction have an accumulated 3.900 or higher grade-point average through five semesters. A student must have received 27 or more senior high semester credits through five semesters.

INDEPENDENT STUDY

A student may engage in study outside of the normal course offerings. A student may not engage in independent study for course content that is currently offered. A student may only register for one credit of independent study in a semester. A student who wishes to engage in independent study needs to contact a teacher who is willing to assist with the study. On a form to be completed by the student and the teacher, the student needs to identify the objectives of the independent study, and the teacher needs to state the means whereby the objectives will be evaluated. This form needs to be completed in the first ten days of the semester unless otherwise approved.

VALEDICTORIAN AND SALUTATORIAN

The honorees must be enrolled at Burnsville Senior High School and are recognized at commencement. Valedictorian and Salutatorian are determined by calculating all senior high credits through six semesters. A student must have received 36 or more semester credits in grades 10-12. Thirty-two of the credits must be earned while enrolled at BHS. (All final grades must be posted by the last day of school in order to be recognized at graduation.)

STUDENT CO-CURRICULAR ELIGIBILITY

The Burnsville-Eagan-Savage School District encourages all members of its student body to participate in co-curricular activities because of the benefits from such participation. However, it is the philosophy of the district that student participation is a privilege rather than a right. Therefore, students who elect to participate in athletics and activities shall be expected to exemplify high standards of behavior and academic achievement. The decisions students make, both in and outside of school, should reflect the ideals, beliefs, and standards of their organization, school, and community. The eligibility requirements apply when students are participating as members or in groups during practices, games, activities, competitions, on trips, and at any other time that the students are representing the Burnsville-Eagan-Savage Schools whether at school or outside of school. It is imperative that students follow the eligibility rules as well as any guidelines established by the activity and athletic director and/or coaches in all cases. Failure to do so may result in the consequences described here.

ELIGIBILITY REQUIREMENTS

To be eligible to participate in a co-curricular program, the student must adhere to all secondary schools' policies, Burnsville-Eagan-Savage School District policies, Minnesota State High School League (MSHSL) rules and applicable law. In addition, the following specific requirements apply:

Academic Eligibility

A 7-12 student-athlete or activity participant who receives mid-quarter or quarter grades of "F" in a class will be placed on academic probation. The student will remain on academic probation until the student attains a grade of at least a D- in all classes. A student on academic probation may be ineligible to participate in competitions/performances, but may continue to participate in practices, scrimmages, and team/club meetings.

In addition, to maintain academic eligibility a student must be making adequate progress toward graduation as defined by Burnsville Eagan Savage School District. A student is progressing adequately toward graduation if the student has accumulated the following credits prior to the beginning of the subsequent semester:

Classes of 2017, 2018, 2019

		10th Grade	11th Grade	12th Grade
Semester 1		Sophomore Status	8 credits	18 credits
Semester 2		4 credits	12 credits	25 credits

Classes of 2020 & Beyond

	9th Grade	10th Grade	11th Grade	12th Grade
Semester 1	Freshman Status	9 credits	19 credits	31 credits
Semester 2	4 credits	14 credits	25 credits	38 credits

School Attendance

In order to participate in or practice in any activity, a student must be in attendance at school during 3 periods of their academic day or have administrative approval. Individual exceptions, such as doctor appointments, may be approved by Administration.

Student Code of Responsibilities/Student Conduct

All co-curricular students will be required to agree to the Student Code of Responsibilities.

Student Code of Responsibilities

As a student participating in my school's interscholastic activities, I understand and accept the following responsibilities:

- I will respect the rights and beliefs of others and will treat others with courtesy and consideration.
- I will be fully responsible for my own actions and the consequences of my actions.
- I will respect the property of others.
- I will respect and obey the rules of my school and the laws of my community, state and country.
- I will show respect to those who are responsible for enforcing the rules of my school and the laws of my community, state and country.

Violation of the Student Code of Responsibilities may result in a period of ineligibility as determined by the principal. Students who are suspended or proposed for expulsion or exclusion will be deemed to violate the Student Code of Responsibilities and a consequence may be imposed by the Principal for a period of ineligibility. Where the student conduct is not covered by the MSHSL rules but violates District 191 and/or Burnsville High School rules governing student conduct, the Principal may determine that the student is ineligible to participate in co-curricular activities for a reasonable period of time. If the student conduct violates both MSHSL rules and District 191/Burnsville High School rules, the more severe penalty will be implemented.

Leadership Positions/Captains

If a student serving as a captain of a team or leader of a co-curricular club/organization commits a MSHSL rule violation, the student forfeits his/her captaincy or leadership position for a period of one calendar year from the violation. Upon a second MSHSL rule violation during a student's high school career, the student will lose the opportunity for captaincy/leadership of any team or club for the remainder of the student's high school career.

Accommodations

Students with documented disabilities who require accommodations should discuss the need for reasonable accommodations with the coach or person in charge of the activity as soon as possible. A request for an accommodation will not be retroactive except in the most unusual circumstances.

Appeals Process

When a student is declared ineligible, the parent will be notified by telephone and/or mail, and the following will apply:

The student and his/her parent(s) may request a conference with the athletic/activities director. At that time the period of ineligibility will be stated and the appeal process will be reviewed. A written request to the building Principal must be made within five (5) school days of the notification of ineligibility. During the appeal process, the student is ineligible to compete in extra-curricular activities. The student may continue to practice with the team during the appeal process.

The Appeals Committee comprised of two to three teachers and the building Principal or designee will hear the appeal and make a decision on the case. A written decision will be given to the parent within 10 school days.

Post-High School Planning

COLLEGE ENTRANCE REQUIREMENTS

TYPICAL FOUR YEAR COLLEGES AND UNIVERSITIES

In general, being academically prepared for college means adequate preparation in English, history/social studies, mathematics and science. Most college programs also require the study of a world language. Study in these fields may enable students to score higher on college entrance tests. Nearly all colleges expect students to have taken at least 24 semester credits in these college preparatory academic areas while in grades 9-12. The more selective the college, the more preparation they expect in core academic disciplines.

To learn about specific admission requirements, students should consult websites of the colleges and universities where they are interested in possibly attending.

While universities will accept most high school courses in meeting their requirements, there may be some exceptions depending on the specific university. As always, if you have any questions about admission requirements, you should talk with their respective counselor.

Entrance requirements for more selective colleges and for several of the colleges of the University of Minnesota follow:

MORE SELECTIVE FOUR YEAR COLLEGES AND UNIVERSITIES

Most colleges require the following courses/credits in Grades 9-12 as a minimum:

- 8 credits in English (emphasis on writing, speaking and literature)
- 8 credits in math (2 years of algebra, 1 year of geometry, and 1 year of FST or Precalculus)
- 6 credits in laboratory sciences
- 7 credits in social sciences
- 8 credits in a single world language, strongly recommended (Grades 8-12)*

The expectations at competitive colleges are significantly higher. These colleges would expect prospective students to have challenged themselves by taking at least some Advanced Placement or enriched courses

UNIVERSITY OF MINNESOTA

Students planning to attend the University of Minnesota, or any of its branches, their freshman year should complete the following, at a minimum, in Grades 9-12:

- 8 credits in English (emphasis on writing, speaking and literature)
- 8 credits in mathematics (1 year each of algebra, geometry, advanced algebra, and FST or college algebra prep)
- 6 credits in laboratory sciences (1 year each of a biological and a physical science)
- 4 credits in a single world language (Grades 8-12)
- 6 credits in social studies (including United States history)
- 2 credits in visual and performing arts, including instruction in the history and interpretation of the art form (e.g., theater arts, music, band, chorus, orchestra, drawing, painting, photography, graphic design, etc.)

We strongly encourage students to take courses beyond these minimum requirements. Additional coursework beyond these minimums increases a student's chances for admission. Indeed, while not requiring more courses, almost all successful applicants present additional classes.

MINNESOTA STATE UNIVERSITY SYSTEM

Students planning to enter a Minnesota State University are required to complete the following courses in grades 9-12:

- 8 credits in English (emphasis on writing, speaking, and literature)
- 6 credits in science (1 year each of chemistry, physics, and biology)
- 6 credits in mathematics (1 year each of algebra, geometry, advanced algebra)
- 4 credits in a single world language (Grades 8-12)
- 6 credits in social studies (1 year each of US history and geography)

COMMUNITY COLLEGES

Community colleges offer some vocationally oriented programs involving one or two years of study to prepare for full-time employment. They also offer the first two years of a traditional four-year college program. Most community colleges admit any student who has graduated from high school. However, some programs have special admissions requirements. Interested students should check catalogs and/or speak directly with an admissions representative.

BUSINESS AND TECHNICAL SCHOOLS AND COLLEGES

A wide variety of programs are offered in these schools, both public and private. Some involve prior training in high school. Interested students should check the catalogs of these schools in the Career Center or phone the school directly for suggested high school preparation.

JOB ENTRY AFTER HIGH SCHOOL

Students who plan to enter employment directly after high school graduation may want to consider courses to improve their skills in mathematics, communications, and technical fields. Students considering moving into employment directly out of high school should also consider that they may want to pursue post-secondary training at a later time.

MILITARY SERVICE

Many training opportunities are offered in the military services. Some of these involve special preparation in high school. Military information is readily available from the recruiters and in the Career Center. Recruiters from the various branches visit frequently.

ATHLETIC ELIGIBILITY COLLEGE-BOUND STUDENT-ATHLETE DIVISION I OR II

If you intend to participate in Division I or II athletics as a college freshman, you must register and be certified by the NCAA Initial Eligibility Clearinghouse. The Clearinghouse is the agency that handles all eligibility for Division I and II athletics.

To be certified, you must submit your ACT or SAT scores to the NCAA Clearinghouse. Your scores must be sent directly from the testing agency to the Clearinghouse.

Students inquiring about approved core courses should consult with the NCAA Clearinghouse website at <https://web1.ncaa.org/hsportal/exec/hsAction>

The BHS school code for all NCAA documents is 242367. Students should see their counselor if they have questions about anything related to the NCAA or athletic eligibility. See pages 60-61 for more information.

Special Education Programming

Special Education Programming

Special Education Services are provided to eligible students with disabilities. Students can be eligible in one of 13 disability areas. The services are based on the results of an individual evaluation and documented in a student's Individual Education Program (IEP) plan. Services may include: specialized instruction in math, reading, written language, social skills, transition skills, and independent living and employment skills.

Additionally, students may require services in the areas of speech/language, occupational therapy, school social work, developmental adapted physical education, school nursing, physical therapy, orientation and mobility, sign language interpretation, instruction from a vision or deaf/hard of hearing teacher and/or teacher of the physically impaired.

Supplemental supports and services are available to students with documented needs on their IEPs and may include paraprofessional supports, assistive technology, curriculum adaptations, testing accommodations, etc. Students have an IEP manager assigned who facilitates IEP team meetings and coordinates services.

Services are delivered in the least restrictive environment based on the student's needs and determined by the IEP team. Services are individualized and provided through a combination of courses, related services, and/or adaptations throughout the student's school day. In addition to

services mentioned above, general and special education courses and individualized supports address the disability-related needs of students with IEPs. Note: Students with IEPs and 504 plans do not automatically qualify for accommodations with AP, SAT, PSAT and ACT testing. Please see your case manager and counselor for more information.

The following descriptions explain the array of instruction/service options available for students with IEPs and assist their IEP teams in determining the least restrictive environment:

1. General education courses with consultation: IEP manager provides support to general education teacher regarding the disability-related needs of the student and how to implement IEP adaptations in the specific course.
2. General education courses with paraprofessional support: Tasks by a paraprofessional are documented in the IEP to support the student in accessing content and participating in the general education courses.
3. General education co-taught courses: Special education faculty teaches collaboratively with the general education faculty to support student access and participation in the general education courses. Students receive core general education academic instruction as well as specialized instruction on their IEP goals. In addition, faculty collaborates on the implementation of adaptations documented in the student's IEP.
4. Special education separate/pull-out courses: Direct instruction on IEP goals by licensed special education faculty for whole or part of an instructional period.

The sheltered content courses are in the core areas of math, science, social studies and language arts. Students will learn the academic language structures of each content area while earning graduation credit in that content area. Sheltered courses may be taught by co-teachers, one who is licensed in EL and one who is licensed in the content area, by a teacher licensed in both ESL and content, or by a content licensed teacher trained in Sheltered Instruction practices. Sheltered courses may include both English

- Learners and fully English proficient peers.
- 3. Mainstream content courses:** As students increase in English language proficiency, they will be placed in mainstream, or regular, content courses, with their English-speaking peers and taught by a content-licensed teacher.

Students over the age of 16, who (1) demonstrate English language proficiency level of 1, as determined by the WIDA W-APT screener, (2) are new to country, and (3) have had limited (gap of 2+ years) or no formal school experience will be served in the PATHS Language Academy the Burnsville Alternative High School. The alternative setting is designed to offer a nurturing environment where students develop their English Language skills while learning to acclimate to the U.S. school system. Students are assessed frequently to determine if a transfer to the mainstream high school setting is appropriate.

Students who demonstrate an English language proficiency level of 5.0 overall and 4.0 or higher in each ACCESS domain (speaking, listening, reading, writing) are exited from formal English Learner services and served in the mainstream classroom setting.

Evaluation

Students are evaluated both on course content, the skills they demonstrate in acquiring the material presented, and their attendance. Grades will reflect proficiency or mastery of course content, quality of the work completed, level of participation in class, and daily attendance. Emphasis is placed on the quality of the student's day to day performance. Students receive a weekly progress report.

Attendance

Attendance is a critical component of the alternative program. Attendance is directly tied into the credit a student earns. It is a part of the student's grade. According to Minnesota State law, all students are to be in school until the age of 18. A student is considered truant if they have 7 unexcused absences, either 7 full days, single periods on 7 different days, or a combination of both. A truancy report must be filed with the county. The goal is to keep students in school. The BES ALC high school alternative program abides by this law and will respond accordingly.

Credit Recovery

For students in grades 10-12 in need of credit recovery, the BES Area Learning Center Extended Day program is offered in an online format. There are usually two sessions during the school year. Students can sign up for a maximum of two (2) courses per session. The online class must be completed during the enrolled session. All students are required to take a pre-assessment on the first day of the session. Teachers are available for assistance during the week on specifically assigned days which are published during the registration periods. Students are required to meet with their teachers a minimum of 10 times during the session.

Career Fields

What is a Career Field?

Potential career interests are broken into four categories called Career Fields (shown on the next page). Each Career Field contains careers that are related to each other. By placing the careers in fields, we hope to help students see many options that may pique their interests based on careers they already know about.

The list of careers on the Career Fields page is by no means comprehensive. It provides examples of the kinds of careers students might be preparing for by following a particular Pathway.

How do I use the Career Fields Page?

Each colored section represents a Career Field, with the name of the field listed at the top of the section. For instance, the purple section is the “Arts, Global Communications & Information Systems” Career Field. Other Career Fields are “Design, Engineering & Manufacturing Technologies” in orange, “Business, Management & Entrepreneurship” in yellow, and “Health Sciences & Human Services” in blue. These color themes follow throughout the Course Catalog.

Within each Career Field, there are three or four groups of careers. These groups have a heading (e.g. “Visual & Performing Arts” in the Arts, Global Communications & Information Systems field.) which is the name of a Pathway at Burnsville High School. **Read more about Pathways on Page 21.**

Then, under each Pathway is a list of career examples. A student who is interested in a particular career can find it on the Career Fields page and then know which Pathway they would follow to begin preparing for that career. For instance, if you are interested in Radio Broadcasting, you’ll see that career falls under the “Journalism & Broadcasting” Pathway. Simply turn to the Purple section of this catalog to get details about the Journalism & Broadcasting Pathway.

What is Success 191?

At the center of the Career Fields page is “Success 191.” This is a one-semester course that students take during their first year at Burnsville High School (ninth-grade only). In Success 191, students will learn about themselves, their interests and beginning planning their futures. Students will learn about what options they have, planning their studies to ensure they graduate, choosing the right college or field of study, finding scholarships, and much more.

Career & College Core

The “College & Career Core” section includes courses that all students take to prepare them for college or a career. In many courses, there are advanced level options.

Global Electives

Elective course offerings can be found in each Pathway table and section of this catalog. Additional elective courses that may not fall into a specific Pathway are also found in the Global Electives section and listed by department.

Pathways

What is a Pathway at Burnsville High School?

A Pathway is a series of classes that BHS students can take that will help them follow their interests and prepare for further study, training or work opportunities within a career field. As students learn more about their interests, they can explore one or more Pathways, which can help them:

- Plan their education at BHS and beyond.
- Prepare for college and career.
- Explore classes that might interest them.
- Understand how classes & careers fit together.
- Understand what is required for success.

Each Pathway falls within a Career Field. For instance, a student who is interested in architecture would:

1. Look in the Design, Engineering, Manufacturing Technology Career Field, which includes architecture,
2. Find the Architecture & Construction Pathway, and
3. Plan to take courses in that Pathway, starting from the bottom and building to the top.

This catalog has sections for each Career Field, and inside each section, you'll see a grid like the one below that will help you organize and plan your courses throughout your high school career.

Can I only choose one Pathway?

You are not limited by the Pathways. They are intended to help you find courses that match your interests, but you can take courses from many different Pathways, as long as you meet BHS credit requirements shown on Page 6.

How do I use the Pathway table?

Each column in the table represents a specific Pathway. In the table below, the Pathways are "Architecture & Construction," "Manufacturing," "Engineering, Design & Technology," and "Engine & Automotive Technology."

Courses in that column build from introductory courses at the bottom, which might be taken in ninth grade, to more advanced courses at the top.

ACCUPACER: ACCUPACER is a test used along with your academic background, goals and interests to help match your skill level with selecting courses.

ACT: ACT assessment is a five-hour national college admissions test which includes five sections: writing, science, math, reading and English. Most colleges will accept a student's ACT scores as part of the admissions evaluation. Eleventh grade students take this assessment which is administered in the high school.

AP: Advanced Placement. Advanced Placement courses are designed by the College Board. In May, students take a test for each AP course in which they are enrolled; students who achieve a certain score may, if their college accepts the AP credit, receive college credit. There is a separate fee required for each AP test taken by the student. AP exam fee waivers are available, check with the school counselors.

Articulation Credit: Several Career and Technical Education courses which are offered at BHS can be used for college credit upon enrollment in an applicable program at the community college level. Students in grades 10, 11 or 12 who take a qualifying course and earn a grade of a B or better in that course will receive an articulated college credit certificate (valid for 5 years). Upon enrollment in an applicable community college program the student will be able to use that certificate to transfer the high school course in as college credit as defined in the articulation agreement.

Middle Schools in District 191

Changes for 2016-17

Our new middle schools will open for the 2016-17 school year as part of Vision One91 in Burnsville-Eagan-Savage School District 191. The goal of Vision One91 is to redesign the district to meet the needs of today's learners and ensure the district's mission of "Each Student Real-World Ready."

Our redesign involves realigning grades so elementary schools serve grades K-5, current junior highs transform to middle schools with grades 6-8, and Burnsville High School will become a comprehensive high school serving grades 9-12.

As part of Vision One91, there is new funding to increase student access to technology, online resources, collaborative problem-solving experiences and different approaches to learning. Teachers will receive ongoing training and support to embed technology into everyday learning and individualize instruction.

We're taking the best of what we had in all three junior highs, and sharing it in all three new middle schools. We're also adding quality elements that we've come across in extensive research of best practices to create a unique design we call STEA³M.

Full STEA³M ahead in 2016-17

Science: Full year in grades 6, 7 and 8

Technology: All students in grades 6 & 7, elective in grade 8

Engineering: Project Lead the Way in grades 6 & 7, elective in grade 8

Arts, AVID and Advanced Learning in grades 6, 7 and 8

Mathematics full-year in grades 6, 7 and 8

STEA³M Middle Schools

Every middle school in District 191 is a **STEA³M** school with **Science, Technology, Engineering and Math**. Each school will also have three **As** for **Arts, AVID and Advanced Learning**.

The curriculum designed for our middle schools is interdisciplinary, project and inquiry-based, and is focused on key units of study aligned to national and state standards. The STEA³M mindset is embedded in lessons and challenges students to reach their highest potential and reflect on the importance of STEA³M as a foundation for high school, college and career success. Our STEA³M middle schools prepare students for the workplace of the future which will expect employees to think critically, use creativity and apply skills to ever-evolving situations.

Rigor, Opportunity, Community

All three middle schools will offer similar programming and opportunities.

- Each student will be assigned to an interdisciplinary team of teachers.
- An eight-period day (plus advisory) will allow students the opportunity to explore more subjects and interests.
- Advisory will focus on college/career readiness, social and emotional learning standards, community building, and enhancing the relationships between students and teachers.
- Honors classes will be offered in 6th, 7th and 8th grade in core subject areas (literary arts, social studies and science).
- Math acceleration for qualified students will continue in 6th, 7th and 8th grades.
- All students will have one period each day for reading instruction at their level with students at the same level.
- All students will participate for one period each day in enrichment, acceleration or intervention programming that we call Blaze Success Time.
- Expanded opportunities for elective and exploratory offerings.

Overview

Programming

AVID College Readiness

All three District 191 middle schools offer AVID (Advancement Via Individual Determination), a college prep program designed to increase the number of students who enroll in four-year colleges. AVID serves all students by ensuring they acquire the organizational and study skills needed for them to be successful. Students learn academic strategies to develop critical thinking skills and ask probing questions.

AVID is available as an elective course for students in grades 6-8 at all middle schools. Use of AVID teaching methods, such as Cornell note-taking and group collaboration, takes place in all classes and creates a college-going culture across all schools, so that every student benefits from this renowned national program.

STEM

Our middle school model increases STEM (Science, Technology, Engineering & Math) programming. All students will have exploratory classes focused on digital literacy in both 6th and 7th grade, as well as Project Lead the Way (PLTW) engineering courses in Design & Modeling and Automation & Robotics.

All students in 8th grade will have elective opportunities in PLTW in Green Architecture with Energy in the Environment and Science of Technology & Magic of Electrons and as well as Digital Age and Computer Animation courses. STEM enrichment opportunities during Blaze Success Time will be offered to interested students.

The STEM magnet program at Metcalf Middle School will continue in 2016-17 for students in grade 8.

Gifted/Talented (GT)

Our middle school model expands current GT enrichment programming to all three middle schools. GT programming will continue to utilize the Honors/Enriched course model in Literary Arts, Social Studies, and Science and accelerated Math. During Blaze Success Time, GT enrichment opportunities in all core areas will be developed and offered to interested students. Students will need to meet certain academic criteria in order to register for these classes.

The Gifted & Talented magnet program at Eagle Ridge Middle School will continue in 2016-17 for students in grade 8.

English Learner Programming

Students who qualify for English Learner (EL) services are serviced in pull-out, sheltered content or mainstream classes, as determined by their WIDA language proficiency level. Please discuss your child's placement in this program with your school's Guidance Counselor. Students who demonstrate an English language proficiency level of 5.0 overall and 4.0 or higher in each ACCESS domain (speaking, listening, reading, writing) are exited from formal English Learner services and served in the mainstream classroom setting.

Special Education Programming

Special Education Services are provided to eligible students with disabilities. Students can be eligible in one of 13 disability areas. The services are based on the results of an individual evaluation and documented in a student's Individual Education Program (IEP) plan. Services may include: specialized instruction in math, reading, written language, social skills, transition skills, and independent living and employment skills.

Additionally, students may require services in the areas of speech/language, occupational therapy, school social work, developmental adapted physical education, school nursing, physical therapy, orientation and mobility, sign language interpretation, instruction from a vision or deaf/hard of hearing teacher and/or teacher of the physically impaired.

CALCULATING GRADE POINT AVERAGE (GPA):

Each grade received in a semester is assigned a numerical value (see above grading system). The sum of these numerical values is divided by the number of credits attempted in the semester to determine a GPA. A GPA is calculated for each student at the end of each semester.

Schedule for Success

All District 191 middle schools offer the same courses and have the same requirements for students during middle school.

Core Courses

The subject areas of communications, literary arts, math, science and social studies continue to be the core of our curriculum. All students are required to take these courses in grades 6-8.

Blaze Success Time (BST)

Blaze Success Time is designed to support student academic success and enrichment for all students. Students will be scheduled for supplemental supports, enrichment, or acceleration during the school day in addition to their core class program (communications, math, literary arts, science, and social studies). Students may also have access to enrichment opportunities.

Advisory

Students have a daily advisory period (approximately 20 minutes) where they are provided an opportunity for academic check-in and social engagement. During this time students will participate in college and career readiness activities, set and monitor academic goals, engage in team building activities and receive support to navigate social and emotional situations.

Elective Opportunities

Middle school is a time when students are learning about themselves and their passions. Our eight-period day (plus advisory) gives them more opportunities to explore elective courses that interest them, including music, world languages, physical education, film & animation, AVID, Project Lead-the-Way and more.

Exploratory

In 6th and 7th grades, students will rotate through a series of four exploratory classes, taking one each quarter. The exploratory classes will include Project Lead the Way engineering, family & consumer sciences, art, computer technology and health.

Academic Information (cont.)

GPA RECOGNITION

Honor Roll: Numerical equivalencies are used to determine the "A" and "B" honor rolls for each semester. Students who have achieved an average of 3.600 to 4.000 will be listed on the "A" honor roll. Students who have achieved an average of 2.950 to 3.599 will be listed on the "B" honor roll. A student must be full-time at their middle school to be eligible for the honor roll.

ACADEMIC ELIGIBILITY (See Page 7)

COURSE CANCELLATIONS

Courses may be cancelled because of low enrollment or availability of a licensed teacher. Students are notified of course cancellations as early as possible. In some instances, it is necessary to reduce the number of sections of a course that is offered. In this case, seniors are given priority admission into a course where enrollment is limited.

NAVIANCE

Students and families have access to Naviance Family Connection, a tool to help students plan their coursework and prepare for post-high school. See more on Page 9 of this catalog.

- A student has an incomplete schedule, and needs to add a course.
- A student doesn't meet the requirements for a course for which she or he is presently enrolled.
- A student needs to schedule/reschedule a required course for graduation.
- A student is recommended by her or his teacher to move from one level to another within the same discipline (i.e. regular Algebra II to Honors Algebra II or vice versa).

TO: Members, Board of Education
FROM: Lisa K. Rider, Executive Director of Business Services
DATE: January 7, 2016
RE: Approve 2015-16 Revised Budget

RECOMMENDATION: That the Board of Education approves the 2015-16 Revised Budget providing revenues and expenditures in all funds as follows:

<u>Fund</u>	<u>Revenue</u>	<u>Expenditure</u>	<u>Inc (Decr) to Fund Balance</u>
General	\$ 118,046,063	\$ 121,227,919	\$ (3,181,856)
Food Service	5,459,059	5,501,902	(42,843)
Community Service	6,146,430	6,201,941	(55,511)
Alt Facility and Capital Projects	1,318,000	70,046,291	(68,728,291)
Debt Service	<u>10,013,006</u>	<u>11,242,968</u>	<u>(1,229,962)</u>
Total			
Governmental	140,982,558	214,221,021	(73,238,463)
Trust & Agency	682,150	680,000	2,150
Internal Service	<u>20,912,307</u>	<u>21,851,734</u>	<u>(939,427)</u>
All Funds	<u>\$ 162,577,015</u>	<u>\$ 236,752,755</u>	<u>\$ (74,175,740)</u>

Each fiscal year the budget is revised to reflect the most current information available with respect to revenues and expenditures. This recommendation formally recognizes these revisions by incorporating them into the budget document. Revisions have been made in all governmental funds except debt service.

Following is a brief explanation of the more substantive revisions:

General Fund

- Acknowledge decreasing general enrollment and elected to keep revenue as was projected, making an assumption the conservative budgeting used in adopted budget will sustain the loss of revenue due to declining enrollment.
- Budget carryovers from the prior year as committed by the Board of Education.
- Revenue and expenditure budget changes related to final federal funding allocations for fiscal year 2016, including amounts carried forward from fiscal year 2015.
- Overall increase in General Fund FTE's of 1.61.
- Adjustment for more accurate expenditure estimates.

The impact of these revisions results in a projected decrease in ending total fund balance of approximately \$3,200,000. The projected unassigned fund balance as a percent of general fund total expenditures for June 30, 2016 is approximately 10.05%.

Food Service Fund

The food service revenues and expenditures have been revised for more accurate assumptions based on prior year trends and experiences, programming, and increases in food product costs and equipment purchases. These adjustments increase both revenues and expenditures resulting in a small projected decrease in fund balance.

Community Service Fund

The community service revenues and expenditures have been revised for more accurate assumptions based on prior year trends, experiences, and changes in programming. These adjustments increase both revenues and expenditures resulting in a small projected decrease in fund balance.

Debt Service Fund

The debt service revenues and expenditures have been reviewed and accurately reflect principal and interest payments.

I recommend approval of the 2015-16 Revised Budget.

PREAMBLE

THIS AGREEMENT, entered into between Independent School District No. 191, Burnsville, Minnesota (hereinafter referred to as the School District) and the Burnsville Education Association (hereinafter referred to as the Association or BEA), pursuant to and in compliance with the Public Employment Labor Relations Act, as amended (hereinafter referred to as the P.E.L.R.A.), is to provide the terms and conditions of employment for teachers for the duration of the Agreement.

**ARTICLE I
RECOGNITION**

The School District hereby recognizes the Association as the sole and exclusive bargaining representative for all licensed teaching personnel as defined in the P.E.L.R.A. whether under contract, on leave, on a per diem, hourly or class rate basis. Such representation shall exclude the superintendent, assistant superintendents, principals, assistant principals, supervisory and confidential employees as defined in the P.E.L.R.A, and such other employees excluded by law. The term "teacher," when used hereinafter in the Agreement, shall refer to all professional employees represented by the Association in the bargaining or negotiating unit as above defined who are required to be licensed by the State of Minnesota. In addition, occupational therapists, licensed by the American Occupational Therapy Certification Board, are represented by the Association.

**ARTICLE II
COPIES OF RECORD**

There shall be two (2) signed copies of the final Agreement for purposes of record; one (1) retained by the School District and one (1) by the Association.

**ARTICLE III
STATUTORY RESPONSIBILITIES AND OBLIGATIONS OF THE SCHOOL DISTRICT**

Section 1. Management, Rights, and Responsibilities: All teachers covered by this Agreement shall perform the teaching and other professional services prescribed by the School District and shall be governed by the laws of the State of Minnesota, and by properly designated officials of the School District. The School District and its properly designated representatives have the obligation and duty to promulgate rules, regulations, directives and orders from time to time as deemed necessary by the School District insofar as such rules, regulations, directives and orders are not inconsistent with the terms of this Agreement.

Section 2. Effect of Laws, Rules, and Regulations: All teachers covered by this Agreement, the School District and all provisions of this Agreement are subject to the laws of the State of Minnesota, Federal Laws, rules and regulations of the United States Department of Education, Minnesota Department of Education, and valid rules, regulations, and-orders of all other State and Federal governmental agencies. Any provision of this Agreement herein found to be in violation of any such laws, rules, regulations, or order shall be null and void and without force and effect. The School District has the obligation and authority to comply with any such law, rule, regulation, and order.

Section 3. Meet and Negotiate: The School District agrees not to meet and negotiate with any teachers' organization other than the BEA, as long as the BEA is the exclusive representative of the teachers of Independent School District 191 as defined in P.E.L.R.A. The exclusive representative recognizes the School Board's inherent rights as defined in P.E.L.R.A.

Section 4: Reservation of Responsibilities and Obligations: It is further understood that the foregoing enumeration of the School District's responsibilities and obligations is not exclusive and the School District expressly reserves all its statutory authority not expressly delegated in this Agreement.

ARTICLE IV TEACHER RIGHTS

Section 1: Rights in this Agreement: Nothing contained in this Agreement shall be construed to limit, impair or affect the right of any teacher or his/her representative to the expression or communication of a view, grievance, complaint or opinion on any matter related to the conditions of compensation of public employment or their betterment, so long as the same is not designed to and does not interfere with the full, faithful and proper performance of the duties of employment or circumvent the rights of the Association, nor shall it be construed to require any teacher to perform labor or services against his/her will.

Section 2. Right to Join: Teachers shall have the right to form and join employee organizations, and shall have the right not to form and join such organizations. Teachers in an appropriate unit shall have the right by secret ballot to designate an exclusive representative for the purpose of negotiating grievance procedures and the terms and conditions of employment with the School District.

Section 3. Meet and Confer Committee: Recognizing that teachers have the right to meet and confer with the School District regarding any and all policies and practices of the School District, the School District agrees to meet and confer with the Meet and Confer Committee at the request of the chairperson of the meet and confer committee on reasonable notice.

Section 4. Dues Check Off: Any teacher who is a member of the Association, or who has applied for membership, may sign and deliver to the School District an assignment authorizing deduction of membership dues in the Association, including Education Minnesota and the National Education Association. The Association will notify the District by September 15, each year the amount of dues to be deducted. Pursuant to such authorization, the School District shall deduct one sixteenth (1/16) of such dues from each regular salary check of the teacher beginning in October and ending in May of each year. Deductions for teachers employed after the commencement of the school year shall be appropriately prorated to complete payments by May.

Section 5. Fair Share Fee: Teachers covered by this Agreement who are not members of the Association shall be required by the Association to contribute a fair share fee for services rendered by the Association, to the extent and subject to the procedures as provided by P.E.L.R.A. as amended.

Upon receipt of written certification from the Association designating teachers who are non-members of the Association and the amount of the fair share fee, the School District shall deduct the certified fair share fee in equal payments from every regular salary check of the teacher ending in May of each year of the Agreement. The School District shall promptly transmit the deducted fair share fees to the Association and shall indicate any changes in personnel from the alphabetical list of non-members. If an assignment requires a substitute teacher to work more than fourteen (14) hours per week and for more than thirty-(30) consecutive days per year for the same teacher, the position shall be filled with a teacher hired by the district for the duration of the assignment. That teacher automatically becomes for the duration of that assignment a member of the appropriate unit covered by this Agreement. In such instances, daily pay shall be calculated by placing the teacher appropriately on the salary schedule per Article V, Section 1, and sick absence shall be accrued at the rate of one (1) day per month.

Section 6. Payment to Association: With respect to sums deducted by the School District in Section 4 and 5 hereof, the School District agrees to remit to the Association said amounts promptly each month accompanied by an alphabetical list of teachers from whom such deductions have been made.

Section 8. Buildings and Facilities: The Association shall have the right to use school facilities and equipment, including typewriters, computers, e-mail, voicemail, fax machines, other duplicating equipment, calculating machines, and all types of audio-visual equipment at reasonable times, when such equipment is not otherwise in use. The Association shall pay for the cost of all materials and supplies incident to such use, and the School District reserves the right to assess charges for such usage consistent with the School District practice relating to private organizations. The user shall request equipment from the responsible individual and have time and use determined when checked out.

The Association shall have the right to use the District mail service and teacher mailboxes for communications to teachers and the School District shall have an Association mailbox in the building designated by the Association; such communication to be unimpaired and uncensored.

Definitions:

Years of experience: The total number of calendar years of licensed teaching experience in and outside of this District. This number is used by the Minnesota Department of Education.

Years in the District: The total number of years of employment in the District, in a licensed position or not.

Seniority: The first date of contract employment as defined by a bargaining group.

Career step: An advancement based on amount of *satisfactory* experience (e.g., a K-12 teacher must work a .75 FTE contract or more to advance a career step on the salary schedule and an ABE/ECFE teacher must work at least 736 hours to advance a career step). See Article V, Section 8.

Pay step: An identification label for the vertical column of a salary schedule.

Longevity: A term not used in the BEA agreement. For non-exempt employees, it typically identifies a remuneration to be paid for calendar years of employment in the District.

Lanes: A descriptive label for the horizontal heading. Lanes describe the educational level for each column in quarter credits.

Credit Conversion Chart

Semester	Quarter
1	1.5
2	3.0
3	4.5
4	6.0

Step Movement: Teachers move down a pay step as they complete each year of satisfactory service in the District. However, teachers who are in a lane with a limited number of steps, remain at that step if they have reached the maximum pay step for that lane. For instance a teacher with a BA degree who has successfully completed 10 years of service would continue in the BA lane, Step 7. Upon completing 20-quarter credits, the teacher would move to BA+20 lane, step 7.

404 EMPLOYMENT BACKGROUND CHECKS

I. PURPOSE

The purpose of this policy is to maintain a safe and healthful environment in the school district in order to promote the physical, social, and psychological well-being of its students. To that end, Independent School District 191 will seek a criminal history background check for applicants who receive an offer of employment with the school district and on all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, or such other background checks as provided by this policy. The school district will also conduct criminal history background checks on all adults who provide after school academic assistance to students or who volunteer as chaperones for students on school-sponsored, overnight field trips. The school district may also elect to do background checks of other volunteers, independent contractors, and student employees in the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district shall require that applicants for school district positions who receive an offer of employment and all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether any compensation is paid, submit to a criminal history background check. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district.
- B. The school district specifically reserves any and all rights it may have to conduct background checks regarding current employees, applicants, or service providers without the consent of such individuals.
- C. Adherence to this policy by the school district shall in no way limit the school district's right to require additional information, or to use procedures currently in place or other procedures to gain additional background information concerning employees, applicants, volunteers, service providers, independent contractors, and student employees.

III. PROCEDURES

- A. Normally an individual will not commence employment or provide services until the school district receives the results of the criminal history background check. The school district may conditionally hire an applicant or allow an individual to provide services pending completion of the background check, but shall notify the individual that the individual's employment or opportunity to provide services may be terminated based on the result of the background check. Background checks will be performed by the Minnesota Bureau of Criminal Apprehension (BCA). The BCA shall conduct the background check by retrieving criminal history data as defined in Minn. Stat. § 13.87. The school district reserves the right to also have criminal history background checks conducted by other organizations or agencies.
- B. For an individual to be eligible for employment, to provide athletic coaching services or other extracurricular academic coaching services, volunteer academic assistance, or chaperone services to the school district, except for an enrolled student volunteer, the individual must sign a criminal history consent form, which provides permission for the school district to conduct a criminal history background check, and provide a money order or check payable to either the BCA or to the school district, at the election of the school district, in an amount equal to the actual cost to the BCA and the school district of conducting the criminal history background check. The cost of the criminal history background check is the responsibility of the individual, unless the school district decides to pay the costs for a volunteer, an independent contractor, or a student employee. If the individual fails to provide the school district with a signed Informed Consent Form and fee at the time the individual receives a job offer, or permission to provide services, the individual will be considered to have voluntarily withdrawn the application for employment or request to provide services.
- C. The school district, in its discretion, may elect not to request a criminal history background check on an individual who holds an initial entrance license issued by the state board of teaching or the commissioner of education within the 12 months preceding an offer of employment or permission to provide services.
- D. The school district may use the results of a criminal background check conducted at the request of another school hiring authority if:
1. the results of the criminal background check are on file with the other school hiring authority or otherwise accessible;
 2. the other school hiring authority conducted a criminal background check within the previous 12 months;
 3. the individual executes a written consent form giving the school district access to the results of the check; and
 4. there is no reason to believe that the individual has committed an act subsequent to the check that would disqualify the individual for

employment or provision of services.

- E. For all nonstate residents who are offered employment with or the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, the school district shall request a criminal history background check on such individuals from the superintendent of the BCA and from the government agency performing the same function in the resident state or, if no government entity performs the same function in the resident state, from the Federal Bureau of Investigation. The offer of employment or the opportunity to provide services shall be conditioned upon a determination by the school district that an individual's criminal history does not preclude the individual from employment with, or provision of services to, the school district. Such individuals must provide an executed criminal history consent form.
- F. When required, individuals must provide fingerprints to assist in a criminal history background check. If the fingerprints provided by the individual are unusable, the individual will be required to submit another set of prints.
- G. Copies of this policy shall be available in the school district's employment office and will be distributed to applicants for employment and individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services upon request. The need to submit to a criminal history background check may be included with the basic criteria for employment or provision of services in the position posting and position advertisements.
- H. The individual will be informed of the results of the criminal background check(s) to the extent required by law.
- I. If the criminal history background check precludes employment with, or provision of services to, the school district, the individual will be so advised.
- J. The school district may apply these procedures to other volunteers, independent contractors, student employees, student teachers, and administrative interns.
- K. At the beginning of each school year or when a student enrolls, the school district will notify parents and guardians about this policy and identify those positions subject to a background check and the extent of the school district's discretion in requiring a background check. The school district may include this notice in its student handbook, a school policy guide, or other similar communication. A form notice for this purpose is included with this policy.

IV. CRIMINAL HISTORY CONSENT FORM

A form to obtain consent for a criminal history background check can be obtained from the Human Resource Department.

Purpose

All students enrolled in District 191 schools are required to show proof of immunizations or appropriate documentation exempting the student from such immunizations according to State law. If a student has not received the immunizations or provided documentation of exemption required by State law, the student will not be permitted to attend school until all such requirements have been met.

Student Immunization Requirements

- A. No student may be enrolled or remain enrolled, on a full-time, part-time, or shared-time basis, in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted to the designated school district administrator the required proof of immunization or documentation of exemption. Prior to the student's first date of attendance, the student or the student's parent or guardian shall provide to the designated school district administrator one of the following statements:
1. a statement, from a physician, a public clinic or a parent/guardian, stating that the student received the immunizations required by law indicating the month, day and year each immunization was administered.
 2. a statement, from a physician, a public clinic or a parent/guardian, stating that the student has received a primary schedule of immunizations required by law and has commenced a schedule of the remaining required immunizations, indicating the month, day and year each immunization was administered and is in the process of completing the series and will complete the series within eight months.

Exemptions From Immunization Requirements

A. Students who are without a permanent address and are considered "homeless" as defined by the Federal McKinney-Vento Homeless Assistance Act of 2002 will be exempt from the above immunization requirements. The local school district's homeless liaison will assist in obtaining immunizations or immunization or medical records from those students who do not have them.

B. Students are legally exempt from one or more of the required immunizations, as evidenced by either statement of medical exemption signed by a physician, as documented history of the varicella disease, or a notarized statement of conscientious exemption.

I. PURPOSE

The purpose of this policy is to provide for closing, delay, and early dismissal of school.

II. GENERAL STATEMENT OF POLICY

The superintendent or designee is responsible for determining when the safety of students, staff or patrons warrants closing school for the day or days, delaying the start of the school day, or dismissing school early.- The closing, delay, or early dismissal may apply to all buildings and activities or may be specific to a particular building(s) or activity. The superintendent or designee shall establish rules and practices for school closing, delay, and early dismissal.

A. Delayed Starts

When the start of a school day is delayed due to an emergency, and unless directed otherwise, staff members are expected to report to work at their usual time or as soon as practical thereafter. Upon receiving notice that the start of the school day will be delayed, the building principal or program director shall notify staff members of the late start. Employees are not excused from any portion of their normal workday as the result of a late start unless expressly dismissed by the superintendent or designee. Leave provisions contained in respective employment agreements may be used as applicable and with appropriate notification on approval. All other school activities, including childcare, will be delayed or altered due to the delayed start of the school day.

B. Early Dismissals

Upon receiving notice that school will be dismissed early, the building principal or program director shall notify staff members of the impending dismissal. The type of emergency and student departure schedule will determine how long personnel shall remain in the building and the duties they will perform. In general, employees are expected to work if they are to be compensated for that day. If authorized by the applicable employment agreement, employees may utilize various leave provisions, including supervisor approved compensatory time, if they wish to leave

before the end of their normal workday. Most school activities, including childcare, are to be discontinued as soon as practical.

C. School Closing

Upon notice that school will be closed due to an emergency, the building principal or program director shall notify staff members of the closing. Unless expressly dismissed with pay by the superintendent or designee, compensation for the day is governed by the respective employment agreement. Makeup days, if any, shall be scheduled by the school district and compensation paid according to applicable employment agreements.

In general, employees providing direct service to students will work on alternate days to be determined by the school district. Other employees are expected to work if they are to be compensated for the day. Leave provisions contained in respective employment agreements may be used as applicable and with appropriate notification and approval.

III. GENERAL INFORMATION ON DISMISSALS AND CLOSINGS

In general, when schools are dismissed early or closed for the day, all other activities and programs in district buildings or involving ~~I.S.D. No. 191~~ Independent School District 191 students are canceled, including community education programs. Exceptions are permitted when conditions change or if the event is scheduled to occur at another location not affected by the emergency. Exceptions may be granted by the superintendent or designee or building principals. Delayed starts, early dismissals, and school closings will be ~~broadcast on WCCO Radio AM, WCCO TV Channel 4, KSTP TV Channel 5, and KARE TV Channel 11. This message will also be available in e format and will be posted on the homepage of the district web site (www.isd191.org) as well as on the home pages of school building web sites. There will also be a recorded message on the Access Plus Line, 952-707-4191. An instant parent notification system will be used to contact parents directly via provided contact information.~~

If the emergency is of sufficient duration, the school calendar may be extended to maintain the number of instructional days. No additional compensation shall be provided for this extended time unless the respective employment contracts dictate otherwise.

The following basic qualities govern the services of media centers:

As a responsibility of media specialists, media selected shall be chosen for values of interest, information, and enlightenment for those served by our media centers. In no case should any media be excluded because of the gender, race, religion, nationality, sexual preference or political views of the writer.

There should be the fullest practicable provision of media presenting all points of view concerning the problems and issues of our times. Sound factual media should not be proscribed or removed because of partisan or doctrinal disapproval.

The rights of an individual to the use of a media center should not be denied or abridged because of race, gender, religion, sexual preference, national origin or political views.

The School District asserts that the responsibilities of the school media specialist are:

To provide materials that will enrich and support the curriculum, taking into consideration the varied interests, abilities and maturity levels of the students served.

To provide materials that will stimulate growth in factual knowledge, literary appreciation, aesthetic values and ethical standards.

To provide a background of information which will enable students to make intelligent judgments in their daily life.

To provide materials on opposing sides of controversial issues so that young citizens may develop, under guidance, the practice of critical reading and thinking.

To provide representative materials of various religious, ethnic and cultural groups.

To place principle above personal opinion and reason above prejudice in the selection of materials in order to assure a comprehensive collection appropriate for the users of the media center.

Definition of Media Center Materials

Media Center materials are defined as all forms of communication provided by the district or the media center, housed in, circulated from or accessed through the school media centers including electronic resources.

Procedures for the Selection and Purchase of Media Center Materials

The professional media staff works with all professional staff and others to identify and determine curricular and personal reading growth needs.

The professional media staff evaluates media in relation to determined needs.

From professional knowledge, publications and recommendations of professional staff and students, the media specialist develops a "consideration file" for potential purchase of media items.

A professional media specialist objectively evaluates and selects media for purchase with consideration being given to appropriateness to curriculum grade level of material, availability of other materials, relative need, and quality as shown by reviews. Materials and electronic resources not adequately reviewed are previewed by the media specialist.

The building principal, by accepting the professional judgment of the media specialist, accepts responsibility for all materials acquired.

Materials are screened by the media specialist when they arrive.

The print and non-print collection is subject to continuous evaluation by the media specialist. Outdated, inappropriate, worn or non-circulating materials are removed.

Gifts of Instructional Material

Gifts of instructional material from individuals or groups shall be evaluated by the responsible administrator and his/her designee (teacher, committee, media specialist, etc.) and a preliminary judgment made using the general criteria of pertinency to the curriculum, fairness of content regarding prejudice or special bias, and appropriateness to the learning and maturity level of the students. Should the material fail to meet the general criteria, the benefactor is insistent that the material be utilized, the material in question shall be forwarded to the Instruction and Curriculum Advisory Committee (ICAC), who shall schedule an evaluation of the material and make its recommendation to the Superintendent of Schools for decision.

610 FIELD TRIPS

I. PURPOSE

The purpose of this policy is to provide guidelines for student trips and to identify the general process to be followed for review and approval of trip requests.

II. GENERAL STATEMENT OF POLICY

The general expectation of the school board is that all student trips will be well planned, conducted in an orderly manner and safe environment, and will relate directly to the objectives of the class or activity for which the trip is requested. Student trips will be categorized within three general areas:

A. Instructional Trips

Trips that take place during the school day, relate directly to a course of study, and require student participation shall fall in this category. These trips shall be subject to review and approval of the building principal and shall be financed by school district funds within the constraints of the school building budget. Fees may not be assessed against students to defray direct costs of instructional trips. (Minn. Stat. § 123B.37, Prohibited Fees)

B. Supplementary Trips

This category pertains to those trips in which students voluntarily participate and which ~~usually may~~ take place outside the regular school day. Examples of trips in this category involve student activities, clubs, and other special interest groups. These trips are subject to review and approval of the activities director and/or the building principal. Financial contributions by students may be requested. (Minn. Stat. § 123B.36, Authorized Fees)

C. Extended Trips

1. Trips that involve one or more overnight stops fall into this category. Extended trips may be instructional or supplementary and must be requested well in advance of the planned activity. An extended trip request form must be completed and approved at each level: student, principal, superintendent, and school board. Exceptions to the approval policy may be granted or expedited to accommodate emergencies or contingencies (e.g., tournament competition).

2. The school board acknowledges and supports the efforts of booster clubs and similar organizations in providing extended trip opportunities for students.

3. The process to obtain extended field trip permission is:

a. An ISD 191 employee initiates a written request (form: Proposal for Extended Field Trip) to the activities director or principal ~~prior to communicating with parents and students.~~

b. The activities director and principal review the request and, if appropriate, forward the request for preliminary approval (prior to communicating with parents and students) by the superintendent or Board of Education as appropriate per schedule below:

PRELIMINARY APPROVAL SCHEDULE

<u>Local, Regional Travel - Principal</u>	<u>60 days in advance</u>
<u>National Travel - Superintendent</u>	<u>120 days in advance</u>
<u>International Travel – School Board</u>	<u>180 days in advance</u>

c. The superintendent reviews the request, and if appropriate, forwards the request to the Board of Education.

d. The trip is approved or denied.

e. Activities director or principal notifies the coach/advisor of the trip status.

f. Parents and students are contacted regarding the feasibility of the ~~Board of Education~~ approved trip.

g. The activities director and principal review the request and, if appropriate, forward the request for final approval by the superintendent or Board of Education as appropriate per the schedule below:

FINAL APPROVAL SCHEDULE

<u>Local, Regional Travel - Principal</u>	<u>30 days in advance</u>
<u>National Travel - Superintendent</u>	<u>60 days in advance</u>
<u>International Travel – School Board</u>	<u>120 days in advance</u>

III. REGULATIONS

- A. Rules of conduct and discipline for students and employees shall apply to all student trip activity.
- B. The school administration shall be responsible for providing more detailed procedures, including parental involvement, supervision, and such other factors deemed important and in the best interest of students.
- C. Transportation shall be furnished through a commercial carrier or school-owned vehicle.
- D. An employee may use a personal vehicle to transport staff or personal property for purposes of a field trip upon prior, written approval from administration.

- E. An employee must not use a personal vehicle to transport one or more students for purposes of a field trip.
1. If immediate transportation of a student is required due to an emergency or unforeseen circumstance, such as the illness or injury of a child, and the transportation does not constitute regular or scheduled transportation, a personal vehicle may be used. To the extent a personal vehicle is used, the vehicle must be properly registered and insured.
 2. An employee must obtain preapproval by administration of student transportation by a personal vehicle, pursuant to Section III.E.1, if practicable. If preapproval by administration of use of a personal vehicle cannot be obtained in a reasonable time given the circumstances, an employee shall report the relevant facts and circumstances justifying the need for use of a personal vehicle to administration as soon as practicable. The relevant facts and circumstances for use of a personal vehicle shall be documented by administration.

~~IV. SCHOOL BOARD REVIEW~~

~~The superintendent shall at least annually report to the school board upon the utilization of trips under this policy.~~

IV. CANCELLATION

The superintendent is authorized to cancel an approved field trip should safety circumstances arise that in the superintendent's judgment warrant such action (e.g., based on U.S. State department travel advisories or other basis as determined by the superintendent).

FIELD TRIPS

The school board encourages well-planned field trips that are offered within budgetary constraints and the requirements of the Pupil Fee Law. Field trips are to be conducted in an orderly, safe manner and are to relate directly to the objectives of the class or activity.

Modes of travel shall include walking, as well as use of school owned and rented vehicles.

When commercial modes of transportation are utilized, the carrier shall provide the required licenses and/or certification. Contracts with ground transporters shall require the provision of liability insurance protection.

Student participation in field trip experiences shall be voluntary.

Rules of conduct for students shall be consistent with school district policy and building regulations.

Approval/Permission

All school-sponsored field trips are to be approved by the building principal prior to making any announcement to students or parents about the proposed field trip.

Parents/guardians shall authorize their child's participation by signing a document to that effect.

An alternative educational opportunity shall be provided students who choose not to participate or are unable to participate in a particular field trip.

EXTENDED FIELD TRIPS

Extended field trips are those trips which require students to be accommodated overnight. Extended field trips are to provide educational opportunities that cannot be provided in the classroom and that are consistent with the stated purpose of the class, group or organization. The educational content and objectives for the extended field trip shall be clearly stated in the application for approval. Participation in extended field trips is limited to District 191 students and assigned chaperones unless an exception is granted in writing from the Superintendent. Extended field trips and all related planning activities shall be conducted, for the most part, during times other than school hours and shall not involve more than a three (3) day interruption of a student's scheduled educational program. Participants are required to complete all class assignments and work missed in accordance with building guidelines. Participation in an extended field trip shall be voluntary and no student shall experience loss of a grade or credit for not participating. Furthermore, appropriate and acceptable educational opportunities shall continue for those students not participating in such trips. Before a student is permitted to go on an extended field trip, the student's parent or guardian shall sign a permission form granting approval and indicating knowledge of the destination, duration, purpose and cost for the trip. Extended field trips are not permitted for students in grades K - 6.

Preliminary approval to plan an extended field trip must be granted prior to announcement of the trip to students or parents. Preliminary approval authorizes the group's staff advisor to determine

parent and student interest, acquire cost information and generally assess the feasibility of the proposed trip. Preliminary approval requires the following signature(s):

Within Minnesota and Immediate Vicinity - Building Principal
Within Continental U.S. - Building Principal and Superintendent
Outside Continental U.S. - Building Principal and Superintendent

Formal Approval

Upon securing preliminary approval and determination that the proposed trip is feasible, the staff advisor shall submit a formal proposal on a standard form providing as many details about the trip as are available. This formal proposal must be approved before any contractual arrangements are made or any trip-specific fund raising occurs. This formal proposal is subject to approvals as follows:

Within Minnesota and Immediate Vicinity - Building Principal
Within Continental U.S. - Building Principal and Superintendent
Outside Continental U.S. - Building Principal, Superintendent and School Board

The proposal form shall include the name of the sponsoring group, the name of the staff advisor, description of proposed program, educational objectives of trip, destination, proposed dates, modes of travel, itinerary, number of student participants, number of chaperons, budget, financing and itemized costs to individual students. Whenever possible, the proposal shall be submitted to the final authority at least thirty (30) days in advance of the date on which approval is expected. Upon securing approval, it is incumbent on the staff advisor and designated administrator to ensure that all details, arrangements and commitments adhere to the guidelines contained in this policy.

Travel, unless by District owned automobile, shall be by commercial carrier or under a contract approved by the District Business Office. The following criteria shall be used in selecting transportation arrangers: competitive price, licensure through regulatory agencies, financial stability, safety record, experience and security as evidenced by insurance. Air travel shall be on regularly scheduled, major, commercial airlines. Travel agents shall be registered with the Reporting Corporation.

Finances

Except for classroom or co-curricular activities funded through the General Fund, all extended field trips will be considered extracurricular in nature and will be handled through student activity accounts. An attempt shall be made to provide fund raising opportunities for students who are not financially able to personally finance their participation.

Extracurricular trips will be financially self-sustaining. No disbursement of funds or irreversible financial commitment shall be made until the funds are on deposit in the Student Activity Account.

Stipends and expense payments made to staff members in connection with the field trip will be charged as direct costs of the field trip.

All costs and charges relating to the total cost of an extended field trip will be itemized and presented to all potential participants prior to the collection of any participant fees.

With the exception of accommodations made to permit the advisor and/or chaperones to perform their duties, any compensation, payment or personal accommodation made to any staff member shall be clearly identified in the proposal and communicated to all trip participants.

Student Safety

Adult chaperones shall be provided at the minimum rate of one chaperone per ten students. The chaperones will be selected by and under the direction of the staff advisor. For liability insurance purposes the chaperones are considered to be school volunteers. The school district may elect to do background checks of volunteers. Criminal history background checks will be conducted on all volunteers who chaperone students on school-sponsored, overnight field trips. Expenses for chaperones will be shared among trip participants as predetermined by the staff advisor. Chaperones are under the direction of the staff advisor and are to adhere to district policies relating to respectful behavior, non-discrimination, controlled substances, etc.

Accommodations for students shall be approved by the staff advisor after considering appropriateness, quality, cost and student safety. Homestays are discouraged unless student safety can be reasonably assured and the homestays provide an essential benefit that cannot be reasonably replicated in any other manner.

Homestays for students are permitted under the following conditions:

Homestays shall have the primary purpose of enhancing the experience for the student.

Arrangements are to be made through a personal contact with an organization or family connection or through an exchange program that has successful experience with arranging and screening homestay experiences.

At least two students shall be assigned to each home unless the placement of more than one student in a home interferes with an essential objective such as language immersion or cultural exchange.

Each student will be provided a list of the names, homestay address and homestay telephone number of the chaperones.

Homestay locations shall have adult supervision.

Reports

A written summary of the activity must be submitted to the principal and Assistant Superintendent at the conclusion of the trip.

Travel to Other States and Foreign Countries

Travel to destinations requiring air travel and other significant expenditures require additional planning and attention.

The following additional provisions apply:

School Board approval must be received at least six months before the dates of the proposed trip so that families have sufficient time to plan their students' participation.

When possible, the contract(s) with providers or agents shall be based upon a solicitation for proposals prepared by the Business Manager in consultation with the staff advisor. This request for proposals and the resulting contracts are to be consummated in a business-like manner. Care shall be taken to ensure that the cost of the trip is competitively priced.

The staff advisor is to acquire and submit information relating to the qualifications of the travel arrangers, agents and providers. This information is to be submitted with the formal proposal.

The recommended guidelines for selection of travel arrangers, agents and providers shall include the following:

- Employ at least five full time agents.
- In business for at least five years.
- Demonstrated successful experience with similar group tours recognizing the age of the traveler and needs unique to the group and its activities.
- Incorporated in U.S. or included in the current Advisory list published by the Council on Standards for International Educational Travel.
- Financial stability as evidenced by total billings, profitability, net worth and audited financial statements. A bond or letter of credit may be required to provide added financial security.
- Competitive Price.
- Provision of Errors and Omissions Insurance in the amount of \$1,000,000 and Liability Insurance in the amount of \$1,000,000.
- Response to Request for Proposals.
- Quality Assessment of Proposals.
- ARC and IATA appointments desirable.

Upon identifying an agent to provide travel services and prior to final trip approval, administration shall inform the School Board of any and all deviations from the established guidelines as well as any mitigating conditions which might compensate for the deficiency. If the School Board authorizes the trip and agent proposed, parents/guardians will be informed of all deviations from the recommended guidelines and will be required to sign forms authorizing their child's participation and accepting the conditions under which the trip was approved.

Travel outside the continental U.S. should not occur more than once every two years for any particular group, class or organization.

A detailed itinerary and complete roster of participants and chaperones shall be filed in the school office and the Business Office prior to departure. The list of the participants and chaperones shall include home address, phone number and person to contact in case of emergency.

Exceptions

Exceptions to this policy may be made by the School Board.

2. The school district will receive and maintain information provided to it by online learning providers.
3. The online learning provider must report or make available information on an individual student's progress and accumulated credit to the student, the student's parent, and the enrolling district in a manner specified by the Commissioner unless the enrolling district and the online learning provider agree to a different form of notice and notify the Commissioner.
4. The enrolling district must designate a contact person to help facilitate and monitor the student's academic progress and accumulated credits toward graduation.

B. Student Enrollment

1. A student may apply for full-time enrollment in an approved online learning program. The student must have the written consent of a parent or guardian to do so if the student is under eighteen (18) years of age.
2. The student and the student's parents must submit an application to the online learning provider and identify the student's reason for enrolling. An online learning provider that accepts a student under this section must notify the student and the enrolling district in writing within ten days if the enrolling district is not the online learning provider. The student and the student's parent must notify the online learning provider of the student's intent to enroll in online learning within ten days of being accepted, at which time the student and the student's parent must sign a statement indicating that they have reviewed the online course or program and understand the expectations of enrolling in online learning. Within 15 days after the online learning provider makes information in this paragraph available to the enrolling district, the enrolling district must notify the online learning provider whether the student, the student's parent, and the enrolling district agree or disagree that the course meets the enrolling district's graduation requirements. A student may enroll in a supplemental online learning course up to the midpoint of the school district's term. The school district may waive this requirement for special circumstances with the agreement of the online learning provider.
4. An online learning course or program that meets or exceeds a graduation standard or the grade progression requirement of the enrolling district as

described in the provider's online learning course syllabus meets the corresponding graduation requirements applicable to the student in the enrolling district. If the enrolling district does not agree that the course or program meets its graduation requirements, then the enrolling district must make available an explanation of its decision to the student, the student's parent, and the online learning provider; and the online learning provider may make available a response to the enrolling district, showing how the course or program meets the graduation requirements of the enrolling district.

3. A teacher with a Minnesota license must assemble and deliver instruction to enrolled students receiving online learning from an enrolling district. The delivery of instruction occurs when the student interacts with the computer or the teacher and receives ongoing assistance and assessment of learning. The instruction may include curriculum developed by persons other than a teacher holding a Minnesota license.

4. The online learning provider, other than a digital learning provider offering digital learning to its enrolled students only under Minn. Stat. § 124D.095, Subd. 4(d), must give the Commissioner written assurance that all courses meet state academic standards and the online learning curriculum, instruction, and assessment expectations for actual teacher contact time or other student-teacher communications and academic support meet nationally recognized standards and are described as such in an online learning course syllabus that meets the Commissioner's requirements.

D. Academic Credit; Graduation Standards or Requirements

The purpose of this policy is to provide guidance for when animals are allowed on school district property, including buildings and classrooms.

II. SERVICE ANIMALS

- A. A person with a disability may be accompanied by a service animal in public places within Independent School District 191 consistent with Minnesota Statutes §256C.02 and § 363A.19. A service animal is defined as a dog that has been individually trained to do work or perform tasks for the benefit of a person with disabilities. A person who is training a dog to be a service dog also may be permitted to have a dog on school property.
- B. The services animal must be permitted in any areas of school district facilities that the public is normally allowed to visit. This is true even if local health codes would prohibit a dog from being in part or all of the facility.
- C. The District may only ask whether the service animal is required by the person's disability and what work or task the service animal does for the person with disabilities. No other inquiries may be made regarding the service animal.
- D. The animal handler must do the following:
 - 1. Properly harness or leash the service animal and maintain control of the animal.
 - 2. Provide the service animal with humane care and treatment.
- E. The person with a disability may be asked to remove the service animal if it is out of control and the handler cannot regain control or if it is not house-broken.

III. NON-SERVICE, COMPANION ANIMALS

- A. A student with a disability who wishes to be accompanied in a school building including a classroom, lunchroom, or other area within the school building by a non-service animal should request that the student's Individualized Education

Program (IEP) or Section 504 team consider whether the non-service animal is necessary to provide the student with a free appropriate public education (FAPE).

- B. The non-service animal will be permitted to accompany the student if the student requires the animal in order to receive a FAPE as determined by the IEP or Section 504 team.
- C. IEP/ Section 504 teams will address any specific goal that would pertain to the animal and how the student's need would be addressed and if the use of the animal is the only means for meeting the student's need. These considerations would be balanced with the needs of other students in the school/classroom including allergies, asthma, and cultural concerns.
- D. The following requirements apply to non-service companion animals permitted in schools:
 - 1. The non-service animal is harnessed or leashed and controlled by the person with disabilities.
 - 2. Proof of vaccination for rabies and distemper-parvo must be provided before any non-service animal is allowed in a school.
 - 3. The person shall be liable for any damage done to property by a non-service animal.
 - 4. The person is responsible for the humane care and treatment of the non-service animal.
 - 5. The person may be asked to remove the non-service animal if it poses a significant health or safety risk or creates or may create disruption to the educational environment.

VI. VISITING ANIMALS

- A. The site administrator has the sole discretion to allow or not allow pets or animals on school property. This provision does not apply to service animals or companion animals for persons with disabilities.
- B. When possible, it is preferable for students to go outside and visit the animal rather than have the animal visit the students in the building.
- C. If the site administrator grants permission for a visiting animal to be present on school property, the following minimal conditions apply:
 - 1. The animal must be controlled and humanely cared for by the owner,

2. The animal must be vaccinated as required by local law,
3. The animal must be removed by the owner at the request of the school administrator regardless of the reason if any;
4. The owner will be liable for property damage or injury.

VII. CLASSROOM ANIMALS

- A. The site administrator has the sole discretion to allow or not allow animals (including birds, reptiles and insects) in classrooms.
- B. Animals must serve an educational purpose.
- C. Animals in the classroom are the responsibility of the teacher who must ensure safe handling or presentation of animals, adherence to proper hand washing and other safety practices, vaccination as required by law and clean-up of animal cages, food and waste.

VIII. ANIMAL BITES

If an animal bite or other injury to persons occurs, administer first aid as necessary and notify the health office and parent or guardian.

Site Administrators must grant permission prior to a non-service animal being allowed in a school.

All interactions between animals and students will be supervised.

Non-service animals will not be allowed in food preparation, storage or eating areas.

Thorough hand washing with soap and water will take place after any contact with animals, their equipment, cages or food. This is especially important in the case of handling reptiles such as turtles and iguanas.

The following animals will not be allowed in school: Cats, stray animals, aggressive animals, poisonous animals – spiders, snakes, venomous insects and baby ducks or chicks.

The following conditions must be met for safety and sanitation:

Caged Animals

Cages must be kept on a table, counter or shelf, and set in a metal or plastic tray, or a cardboard tray with a plastic liner. If the cage has a built-in bottom, it may be placed on the floor.

Owners of the animals are responsible for feeding, watering and cage-cleaning functions including the area around the cage and floor as needed. These functions may be delegated to a specified district employee or student who accepts responsibility. Cleaning and disposal of cage contents should be done frequently using gloves. Bacteria and allergen in the urine should be considered when housing an animal in a classroom.

Visiting Animals

Dogs must be accompanied by copies of their vaccination dates against rabies and distemper-parvo. When possible, it is preferable for students to go outside and visit the animal rather than have the animal visit the students in the building.

Animal Bites

If an animal bite occurs, administer first aid as necessary and notify the health office.

Other Emergency Situations

In the event of an emergency situation, (i.e., building closure, natural catastrophe) a plan of care to house and care for the animal will be the responsibility of the classroom teacher and site administrator).

Determining Need for Non-Service Animals

IEP/504 teams will meet to consider the need for an animal to accompany a student to school. The Team will address any specific goal/objective that would pertain to the animal and how the student's need would be addressed and if the use of the animal is the only and best means for meeting the student's need. These considerations would be balanced with the needs of other students in the school/classroom including allergies, asthma, and cultural concerns.

Potential Refunding of School Building Bonds
Series 2007A, Series 2008A and Series 2009A
Background Information – January 8, 2016**

Background on Existing Bonds

- When municipal bonds are sold, the issuer must specify the “call provisions” (which bonds can be prepaid, at what times, and at what price).
- For three of your outstanding bond issues, you have two different call dates when your bonds can be “called at par” (prepaid at face value):
 - For the 2007A issue, the bonds maturing in 2018 through 2027 can be called on February 1, 2017 or later
 - For the 2008A issue, the bonds maturing in 2019 through 2033 can be called on February 1, 2018 or later
 - For the 2009A issue, the bonds maturing in 2019 through 2029 can be called on February 1, 2018 or later.
- The amount of “callable” maturities as well as the corresponding interest rates vary:
 - 2007A issue: \$9,110,000 in principal, interest rates ranging from 4.00% to 4.25%, with an average coupon of 4.18%
 - 2008A issue: \$29,330,000 in principal, interest rates ranging from 4.25% to 5.0%, with an average coupon of 4.87%
 - 2009A issue: \$12,905,000 in principal, interest rates ranging from 4.5% to 5.75%, with an average coupon of 5.60% (this is a taxable issue).
- There will be an opportunity to reduce future debt service payments and tax levies by “refunding” (refinancing) the bonds – issuing new bonds at lower interest rates and using the proceeds to call and pay off the existing bonds.
- Best time to refund the bonds will be between now and December of the year before the call date (December of 2016 for the 2007A bonds and 2017 for the 2008A and 2009A bonds).
- Federal regulations and state law place a number of restrictions and requirements on how and when tax-exempt bonds can be refunded.

Option 1 – Current Refunding

- Simplest form of refunding, with lowest issuance costs.
- Cannot “close” on a current refunding until 90 days before the call date.
- Could conduct a bond sales in late September or later, closing in November or December of the year prior to the call date.
- Proceeds of the new bond issue would be invested by the district for up to 90 days (from the closing date on the new bonds to the call date).
- On the call date, the invested funds would be used to call and pay off the existing bonds.

Option 2 – Advance Refunding

- Gives the district the opportunity to refund bonds more than 90 days before the call date.
- Useful if you believe rates will increase – can lock in low rates and the corresponding savings now.
- Subject to Statutory requirements, both federal and state:
 - Can only be done once as a tax exempt refunding on tax exempt debt (more often on a taxable basis)
 - Savings as a percent of the refunded debt must exceed 3%. This is a minimum as opposed to a target savings percentage as proper timing almost always results in higher savings.
- More complex transaction than a current refunding, with more federal and state restrictions and slightly higher up-front costs.
- Most common form of advance refunding in Minnesota is called a “crossover” refunding
 - Proceeds of new bond issue are placed in an escrow account and invested in U.S. Treasuries (or in some cases, U.S. Agencies)
 - Escrow account is used to pay interest on the new refunding bonds through the call date, and to call (pay off) the old bonds on the call date
 - The District will continue to pay debt service payments on the old refunded bonds until the call date, then will begin to make the debt service payments on the new refunding bonds
 - Additional fees for escrow agent, CPA to verify sufficiency of escrow account, and (in some cases) a bidding agent for the securities in the escrow account
 - Additional accounting requirements for the escrow account.
- Current barrier to advance refundings: an inefficient escrow account due to investment rates for the escrow account being very low. Leads to a “loss” in the escrow account, referred to as “negative arbitrage,” which increases the amount of bonds that must be sold and reduces the savings from the refunding.

Interest Rate Trends – page 4

- Current rates (on 20 year bonds) are near the lowest levels since 1967 – 45 years ago
- Most economists are predicting that rates will increase

Estimates Related to Potential Savings from Refunding Bonds, and Sensitivity Analysis (which shows the impact of changes in rates on the potential savings from waiting to execute a current refunding):

- Estimates Related to Refunding 2007A Bonds – page 5-7
- Estimates Related to Refunding 2008A Bonds – page 8-10
- Estimates Related to Refunding 2009A Bonds – page 11-13

**Options for Each Bond Issue**

1. Proceed with an advance refunding as soon as possible
2. Do nothing now (wait for possible additional savings)
 - a. Ehlers will continue to monitor market trends and alert district if rates drop
 - b. If rates drop to generate sufficient savings:
 - i. Ask Board to adopt a resolution authorizing sale of refunding bonds
 - ii. Schedule a competitive sale
 - iii. Present results to Board and ask them to consider awarding sale of bonds
 - c. If rates don't decline between now and the fall of 2016, we would still recommend a current refunding of the 2007A at that time. For the 2008A and 2009A bonds, we would make the same recommendation in the fall of 2017.
3. Adopt a resolution authorizing the sale of bonds if a predetermined minimum level of savings can be achieved
 - a. Allows us to skip some of the steps in 2.b. above and schedule a sale more quickly
 - b. Board would still have to take action to award sale of bonds.
