CCC BOARD OF EDUCATION – TOPIC SUMMARY	
Topic:	Minutes of the Executive, Work, and Regular Sessions from March 11, 2020
Date:	April 8, 2020
Division/Department:	President's Office
RECOMMENDATION:	Approval of the Minutes for March 11, 2020

**BOARD OF EDUCATION MEETING
MINUTES
March 11, 2020**

EXECUTIVE SESSION

Board Chair Dave Hunt convened Executive Session under ORS 192.660(2)(d) at 5:38 p.m. on Wednesday, March 11, 2020, in Room 126 of the Bill Brod Community Center with the following people present: Board members Dave Hunt, Rob Wheeler, Jane Reid, Chris Groener, and Greg Chaimov. Also in attendance was President Tim Cook, Vice Presidents Alissa Mahar and David Plotkin, and Board Secretary Denice Bailey.

Negotiations

Staff provided an update on labor negotiations.

Executive Session adjourned at 6:08 p.m.

WORK SESSION

Board Chair Dave Hunt called the work session of the Clackamas Community College Board of Education to order at 6:11 p.m. on Wednesday, March 11, 2020, in Room 127 of the Bill Brod Community Center.

Strategic Planning

President Tim Cook introduced Dean Jason Kovac, who then introduced Michelle Janke with Corragio Group. Michelle provided an overview about what their work with the college will entail and how to get involved. One of the real benefits will be outreach in the community to help develop the strategic plan. She reviewed the key outcomes of the development process and the timeline and responded to questions from the Board.

Data Dashboards

Dean Jason Kovac introduced Lisa Nguyen. Lisa introduced the rest of the Institutional Research team in the audience and shared the role of the Institutional Research department. They have recently launched a website with a data dashboard to provide the college and community a general overview of the institution. For this presentation, she is focusing on the internal facing dashboard, which has data that allows the college to engage in inward reflection.

Lisa demonstrated how to access the dashboard for faculty and staff. There are a number of different dashboards available. She shared the retention dashboard, which shows CCC is retaining more of our students even as our enrollment has dropped.

Board Member Betty Reynolds appreciated the wealth of information. She would like to see workforce needs data and longitudinal data (what happens to students after they exit the college). Jason said we do have information on workforce needs and Lisa confirmed we are working on a graduate information survey.

Chair Dave Hunt asked how insights from the data connect to the budget recommendations. President Tim Cook said the Board should monitor retention and completion to see if our budget decisions are making an impact in those areas.

The Work Session recessed at 6:46 p.m.

REGULAR SESSION **CALL TO ORDER**

COMMENTS FROM CITIZENS

Chair Dave Hunt invited citizens who had signed up to speak to come forward.

- Student Brandon Orick spoke on the proposed tuition increase and how it directly impacts marginalized students.
- Student Katie Glavey spoke on the proposed tuition increase. She would not be able to attend college if she was not receiving assistance from being in ASG. She feels an \$11 increase would make tuition unaffordable for many.

STUDENT/FACULTY PRESENTATIONS

Sabbatical Abstracts

Sabbatical Committee members Nora Brodnicki and Amanda Coffey shared the abstracts from the 2018/19 sabbaticals, data on faculty sabbaticals, and information about the sabbatical committee process.

Sabbatical Report: Horticulture

Dean Sue Goff introduced Horticulture faculty member Chris Koneizka, who provided a report on his sabbatical. He worked on eight different farms to learn about livestock and floral production. He has developed a new course on livestock management. He responded to questions from the Board.

COLLEGE REPORTS

President's Report

President Tim Cook reported:

- The Hope Survey report includes data for the state and data specific to Clackamas. We have clear data that our students struggle with food and housing insecurity. Now that we have the local data, we can speak to our local legislators about this and it becomes part of our financial ask for next year's legislative session.
- Clackamas Volunteers in Medicine, a free clinic here in Oregon City, have approached the college about potentially moving onto campus. They could potentially move into Claremont Hall in about a year. There are a number of advantages for us, such as our students could access health care on campus for free and students who are in the health fields would have an opportunity to provide direct care. We are still working out the details.
- CCC wrestlers defended their national championship and Coach Josh Rhoden received National Coach of the Year. They will come to a future Board meeting for recognition.
- The coronavirus is a very fast-moving target. We are working with Clackamas County Department of Health. As of last Thursday, their advice was to stay open. We have increased cleaning and are encouraging everyone to stay home if sick. Universities are moving to online classes for spring quarter. The governor held a press conference today to discourage large gatherings. The HECC is having discussions about community colleges going to online classes. There are a number of issues to work out on this, but we are having those discussions. Finals are next week and we will get through that, but we may need to respond quickly. We should have a decision tomorrow or Friday about spring term.

NEW BUSINESS – ACTION

2020/2021 Tuition and Fees

Chair Dave Hunt asked Dean Jeff Shaffer to report on tuition outreach activities since the last Board meeting. Jeff shared what was learned from the student forums held at Harmony and at Oregon City. Dave requested a future agenda item on the technology fund. Jeff responded to questions from the Board.

Dave said it is okay for the Board to have different perspectives on this issue and to disagree. He would like to have an open conversation about the proposal.

Board Member Rob Wheeler asked if we can postpone the decision. Jeff replied we did postpone last year and it created issues with our financial aid deadlines. President Tim Cook added we need to know the tuition increase in order to know what budget reductions will be required for next year. We need to be able to start making those decisions. Jeff said we need to have a proposed budget by the middle of April, as required by law.

Dave thinks the scenarios are underestimating the funding from the state (CCSF), which is our primary source of revenue. He believes we will see a larger increase in funding. He does not support an \$8 increase.

Board Member Greg Chaimov stated he supports the staff recommendation. He does not believe we will get adequate funding from the state. Even using projections with a higher CCSF, we are still looking at a deficit in which we would have to cut staff. He heard students in the forum say they don't want tuition to go up, but more than that, they don't want the institution made less robust than it is. The last time we had to cut staff, it was extremely harmful to the institution.

Board Member Jane Reid agrees with Greg. She has been through this before and tuition is the most challenging thing for board members to decide. It is a balancing act. She supports the recommendation because there are many unknowns in the future.

Board Member Betty Reynolds said it is heartbreaking to consider an increase. The Association of Community College Trustees' priority is to support federal and state partnerships requiring states to increase their support to community colleges. She agrees with Dave, but there are other variables and unknowns. She believes we will get better funding from more advocacy.

President Tim Cook said we are concerned about our students and don't want to put more on the backs of students, however, the budget gap has increased in the time we have been considering the tuition proposal. We are looking at balancing the gap with multiple measures, including tuition, a fee fund sweep, and other budget reductions. We need to invest in services to students so we can offer a quality education that gets student here and keeps them here.

Vice President Alissa Mahar reported staff used a college-wide process to identify efficiencies or to suggest budget reductions. It went through a robust rubric, which included an equity lens. We have come up with a list of 37 reductions that we may be moving forward to keep services intact for students.

Board Member Chris Groener said tuition is the hardest decision for the Board. He asked if Dave is concerned the economic scenario may be worsening next year. Dave said we are due for a recession, but it won't be as big as the last one. The state has a lot more in reserves now. There is a high degree of commitment from the governor that community colleges will be funded at the current service level.

Rob said the Board approved a lower tuition increase than was recommended last year. It feels like kicking the can down the road if we approve a lower tuition again. He supports the recommendation. He does not want to jeopardize CCC's programs.

ASG President Ashley Magana said she really struggled with this issue. The student forum was a good effort, but most of the students who were there have their tuition covered. People who are not getting financial aid did not have a voice. From a student perspective, she would not be going to college without ASG assistance. She talked to about 15 students about this, and their concern was that faculty deserve to get an increase in pay and that administrative increases are too high. She shared information from some of the student ASG grant applications and the Board read some excerpts aloud.

ACE Co-President Matt Larkin shared that all IT employees are students. The budget reductions will cut staff and if we cut staff, students will not be able to get the same level of services. We cannot move forward with Guided Pathways and the DEI strategic plan. CCC needs classified staff to provide services to students.

Board Member Irene Konev thanked the students for their comments. Parents in her district are feeling hopeless about students not being able to afford college. Other parents are earning enough so they don't qualify for FAFSA, but cannot afford to send their student to college. It is hard for her to consider raising tuition. She hears all sides but this is a very hard decision.

Greg Chaimov moved, Rob Wheeler seconded the motion, to adopt the following changes in tuition and fees for 2020/21:

- Tuition: (in-state) Increase \$8 per credit hour, from current year \$103 to \$111; no increase for out-of-state and international.
- General Student Fee: Increase from \$2.50 per credit to \$3.00 per credit.
- Student Technology Fee: Increase from \$5.50 per credit to \$6.00 per credit.
- College Service Fee: Increase from \$28 per term to \$30 per term.

Greg Chaimov, Jane Reid, and Rob Wheeler voted for the motion. Dave Hunt, Irene Konev, Betty Reynolds, and Chris Groener voted against the motion. Motion failed.

R19/20-25 Chris Groener moved, Betty Reynolds seconded the motion, to adopt the following changes in tuition and fees for 2020/21:

- Tuition: (in-state) Increase \$5 per credit hour, from current year \$103 to \$108; no increase for out-of-state and international.
- General Student Fee: Increase from \$2.50 per credit to \$3.00 per credit.
- Student Technology Fee: No increase.
- College Service Fee: Increase from \$28 per term to \$30 per term

Dave Hunt, Irene Konev, Betty Reynolds, Chris Groener, and Jane Reid voted for the motion. Greg Chaimov and Rob Wheeler voted against the motion. Motion passed.

Naming the Student Services Building

Dean Tara Sprehe said the recommended name for the new student services building is the Welcome Center. She confirmed that we will also maintain the name Bill Brod Community Center.

R19/20-26 Greg Chaimov moved, Irene Konev seconded the motion, to approve "Welcome Center" as the name of the new student services building. Motion passed unanimously.

Full-time Faculty Contract Approval

Vice President David Plotkin presented details of the new faculty contract. David thanked the faculty bargaining team, the administrative bargaining team, and the resource team. FTF Bargaining Chair Kathryn Long distributed and read the Ratification Statement from the association, and thanked her fellow bargaining team members and many others.

R19/20-27 Betty Reynolds moved, Chris Groener seconded the motion, to approve the contract between the Clackamas Community College Board of Education and the Clackamas Community College Full-Time Faculty Association, effective July 1, 2019, through June 30, 2022. Motion passed unanimously.

Administrative/Confidential Salary Adjustment

President Tim reported that as the college is settling bargaining agreements, we have been moving to indexing pay scales to the CPI-U West Region Size Class A. When the administrative/confidential employee salaries were approved for 2019/20, we were using an index from the Portland metro area which has since been discontinued. In an attempt to be consistent with the other association agreements, and to align with a more statistically accurate index, staff recommends an adjustment of 0.2% be applied to the Administrative/Confidential employees' salary scale.

R19/20-28 Greg Chaimov moved, Chris Groener seconded the motion, to approve a 0.2% retroactive salary adjustment for Administrative/ Confidential employees, effective July 1, 2019, through June 30, 2020. Motion passed unanimously.

Student Services Building Guaranteed Maximum Price

Dean Bob Cochran and Karl Schulz from inici reported construction escalation has leveled off and they are getting good bid coverage. Pricing hasn't gone down, but they have gotten more competitive bids. Karl reported that some organizations are not doing projects due to the coronavirus. There may also be issues with some supply items that come from restricted areas.

R19/20-29 Greg Chaimov moved, Jane Reid seconded the motion, to authorize the college to enter into a contract with Howard S. Wright for the construction of the Welcome Center and the Community Center refresh for a Guaranteed Maximum Price of \$15,809,871, and for an owner's contingency of \$1.31M for design unknowns or changes requested by the college associated with the project, for a total of \$17,119,871. Motion passed unanimously.

BOARD OPERATIONS

Board Chair Business Report

Chair Dave Hunt reported that the funding for Board travel is one of the budget reduction proposals, and asked if fewer people should attend the ACCT national conference. Board Member Jane Reid is fine not going. Board Member Betty Reynolds is on ACCT policy committee and wants to attend those meetings. She is willing to pay part of her expenses. Board Member Irene Konev would like to go and is willing to pay her own expenses.

Clackamas Community College Education Foundation Report

Rob reported:

- Foundation contributions as of 3/6/2020 were \$280,034. Foundation & CRT contributions were \$365,676. Combined fundraising is up 146% compared to last year and 14% above 2018.
- Pony Up for Education That Works will be held Saturday, May 9 at Barn Kestrel in West Linn. In light of the recent COVID 19 outbreak, the Foundation is taking extra efforts to prepare for this event and

they are keeping in close contact with the college to follow college, county, and CDC procedures regarding preparation or cancellation if necessary.

- The scholarship application process is currently open and will close April 12. Please contact the Foundation as soon as possible if you are interested in being a scholarship reader. Scholarship readers are vital to the overall evaluation of applications, and it is a great opportunity to understand your student body with regards to their resiliency in the face of adversity. The time requirement for scholarship reader volunteers is usually around 2 hours.
- The community has lost several noteworthy leaders of late, and the CCC Foundation was honored to accept contributions on their behalf. Local businessman, Bob Stein, passed away on January 6; Benchmade Knife founder, Les de Asis left us February 20; and Janis Osterman passed on February 26. Each of these individuals created a legacy at CCC.
- Vicki Smith has announced her retirement effective August 31. Congratulations to Vicki!

Oregon Community College Association (OCCA) Report

OCCA Board Member Jane Reid said this was a failed legislative session. Many bills were brought up but unable to pass because of lack of a quorum. At the most recent meeting, they heard about the Hope Report on food and housing insecurity and laid the groundwork for the 2020/21 budget session.

The OCCA Executive Committee met as well. OCCA Executive Director Cam Preus met with the fiscal office and DAS. OCCA staff is revising employee handbook and survey tools. A follow-up to the GISS is coming up. Cam shared with ACCT the displeasure the colleges felt after the last session.

The All Oregon Academic Team (AOAT) luncheon is coming up, and will be held at Chemeketa in April.

Bond Project Citizen Oversight Committee (COC) Report

COC Committee Member Irene Konev reported the next meeting is March 18 and will include an update on the Meyers Road project. Groundbreaking for the Welcome Center is March 13 at 4:00.

Oregon School Boards Association (OSBA) Report

Board Member Betty Reynolds reported she has been participating in OCCA and OSBA legislative updates. She is disappointed in the legislative session. The OSBA legislative policy committee met to determine priorities which will be referred to members for approval. Betty reminded the Board there are implications in the Student Success Act (SSA) for collaboration between K12 and community colleges, and suggested everyone check with the K12 schools in their zone for opportunities.

She was at the ACCT Advocacy Summit and Legislative Policy Committee meeting. The Oregon delegation meeting went well. They are focusing on reauthorization of the Higher Education Act. The process for submitting proposals on priorities is fairly simple. She will send the information out to the Board members for any suggestions.

Betty suggested a partnership between ACCT and the National School Boards Association (NSBA) and it was well received. She has been working with representatives from both organizations.

Board of Education Community Reports

- Rob Wheeler attended the State of the County meeting.
- Jane Reid attended the GPI Economic Summit, participated in CCC's poverty simulation, read The Girl Who Fell From The Sky, and listened to an Aspen Institute talk.

Fund balance in excess of minimum 10% of revenue, excluding July state appropriation payment

In odd numbered years the last quarterly payment for the biennium from the Community College Support Fund

is delayed until July of the subsequent biennium. The college records the payment as accrued revenue for budget purposes,

but for planning purposes subtracts the accrued payment in the calculation of fund balance in excess of minimum.

CCC Board of Education – Topic Summary	
Topic:	Part-time Faculty Contract Approval
Date:	April 8, 2020
Presenter:	David Plotkin, Vice President Leslie Ormandy & Jennifer Nickell, PTF Co-Presidents
Division/Department:	Instruction and Student Services
RECOMMENDATION:	Approve the contract between the Clackamas Community College Part-time Faculty Association (PTF) and the Board of Education of Clackamas Community College, effective July 1, 2019, through June 30, 2022.

REASON FOR BOARD CONSIDERATION:

The PTF Contract expired on June 30, 2019.

BACKGROUND:

The bargaining sessions with FTF and the Administrative Bargaining Team began in February of 2019. The College based the negotiations on three Board goals. These goals are:

- **Sustainability** – The College must be able to meet the needs of the district we serve through sustainable and fiscally responsible practices and management flexibility as we anticipate the next three years and beyond.
- **Fairness** – The College is committed to being equitable to all employee groups and recognizes the employee groups may differ in the way financial resources are distributed across their members/our employees.
- **Competitiveness** – The College recognizes the current market and desires to be in the middle, taking a moderate, but strategic stance on how our salary schedules and benefits compete for qualified personnel.

In March, the Clackamas Community College Administrative Bargaining Team reached a tentative agreement with the Part-time Faculty Association on a new three-year contract. The PTF will be voting on the new contract prior to the Board meeting and this information will be updated at that time.

SOURCE OF FUNDS:

Salaries and benefits for faculty are paid for out of general and other funds.

Re: Contract Settlement – The Clackamas Community College Part-time Faculty Association

On March 25, 2020, the Clackamas Community College Administrative Bargaining Team reached tentative agreement with the Clackamas Community College Part-time Faculty Association on a new three-year contract. The CCC Part-time Faculty Association put this contract to a vote and it was ratified by its members on April 6, 2020. We recommend its approval by the Board of Education. The agreement includes the following major changes:

Part-time Faculty Salaries:

For 2019-20, the salary schedule restores inflation adjusted salaries with an increase of 5% for CPI for Groups 1-4, and 15% for Group 5 (coaches, music directors etc.). The market adjustment for the salary schedule was 3.6% and went into effect on July 1, 2019. Salary schedule increase for 2020-21 will match the CPI for West Region A, plus 0.1%. The salary schedule increase for 2021-22 will match the CPI for West Region A, plus 1.5% for Pay Levels 1-4, plus 5% for Pay Level 5.

Healthcare (College contribution):

110 employees will be eligible for coverage for the 2019-20 plan year (Currently 81 eligible employees). This Increases to 120 by third year of agreement. Benefit will be 90% of value of Employee-only medical, dental vision for the Kaiser 1 plan.

Updated Language:

The contract updates language and clarifies numerous areas including:

- Allows more flexible use of sick leave, including use across terms.
- Updates CPI calculation to West Region A, calendar year.
- Modifies language around instructional technology to ensure that members and the administration collaborate on any changes.
- Provides pay for work required of faculty in the current faculty evaluation process.
- Calls for a collaborative workgroup to revise the faculty part-time faculty evaluation process.
- Language changes clarify that existing process for course assignments will be followed when courses are reassigned. Unless there are particular needs of a program, PTF will be considered before classified and administrative employees for course assignments.
