509 ENROLLMENT OF NONRESIDENT STUDENTS

I. PURPOSE

The school district desires to participate in the Enrollment Options Program established by Minn. Stat. § 124D.03. It is the purpose of this policy to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

A. Eligibility. Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program, class, grade level, or school building as established by school board resolution and provided that:

1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minn. Stat. § 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph II.A., the school district may refuse to allow a pupil who is expelled under Section 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, with the exception of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;

3. selling or soliciting the sale of a controlled substance while at school or a school function; or
 4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.
- C. Standards that may not be used for rejection of application. The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:
1. previous academic achievement of a student;
 2. athletic or extracurricular ability of a student;
 3. disabling conditions of a student;
 4. a student's proficiency in the English language;
 5. the student's district of residence; or
 6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section E. of this policy.
- D. Application. The student and parent or guardian must complete and submit an Application for Enrollment School District Enrollment Options Program developed by the Minnesota Department of Education (that enrollment form follows this policy).
- E. Exclusion
1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
 2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

F. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minn. Stat. § 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minn. Ch. 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 16 years of age who is absent from attendance at school without lawful excuse for seven school days if the child is in elementary school or for one or more class periods on seven school days if the child is in middle school, junior high school or high school, or a child who is 16 or 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days and who has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
2. The school district may also terminate the enrollment of a nonresident student over 16 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
3. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

509 ENROLLMENT OF NONRESIDENT STUDENTS

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The school district desires to participate in the Enrollment Options Program established by Minn. Stat. § 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

A. Eligibility. Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program, **excluding special education services**; class; grade level; or school building as established by school board resolution and provided that:

1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minn. Stat. § 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph II.A., the school district may refuse to allow a pupil who is expelled under Minn. Stat. § 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, with the exception of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;

3. selling or soliciting the sale of a controlled substance while at school or a school function; or
 4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.
- C. Standards that may not be used for rejection of application. The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:
1. previous academic achievement of a student;
 2. athletic or extracurricular ability of a student;
 3. disabling conditions of a student;
 4. a student's proficiency in the English language;
 5. the student's district of residence **except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or**
 6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section ~~E~~: F. of this policy.
- D. Application. The student and parent or guardian must complete and submit ~~an Application for Enrollment School District Enrollment Options Program~~ **a School District Enrollment Options Program application** developed by the Minnesota Department of Education (that enrollment form follows this policy).
- E. **Lotteries.** If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. Siblings of currently enrolled students and applications related to an approved integration and achievement plan must receive priority in the lottery. The process for the school district lottery must be established by school board policy and posted on the school district's website.
- ~~E~~:F. Exclusion
1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.

2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

F.G. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minn. Stat. § 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minn. Ch. 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 16 years of age who is absent from attendance at school without lawful excuse for seven school days if the child is in elementary school or for one or more class periods on seven school days if the child is in middle school, junior high school, or high school, or a child who is 16 or 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days and who has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
2. The school district may also terminate the enrollment of a nonresident student over 16 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.

[Note: Effective with the 2014-15 school year, the school district may terminate the enrollment of a nonresident student over 17 years of age pursuant to this section.]

3. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

G.H. Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, **or who is placed in foster care in another school district**, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student's resident district is not required.

Statewide Enrollment Options Instructions

GENERAL INFORMATION AND INSTRUCTIONS: Kindergarten through twelfth grade students and pre-kindergarten children with disabilities may apply to attend a public school outside of their resident district (Minn. Stat. § 124D.03). Use one application per student per requested district. Complete and sign Section 1 of the Statewide Enrollment Options Form and send to the non-resident district's superintendent's office. **Please do not send the form to MDE.**

Age requirements:

Open enrollment is only available to students who will be age 5 by September 1 and under age 21, without a high school diploma, unless:

- The student is under age 5 and has been identified through a formal assessment process in the resident district as needing an individual education plan for early childhood special education. In these situations, the family should list "EC" as their requested grade level.
- **OR**, the student has met all requirements of the nonresident district for consideration for early entrance to kindergarten such as a September or October birth date, assessment testing and a trial period of enrollment **and** the nonresident district has agreed to consider an open enrollment for the child for early entrance to kindergarten. Do not submit this form in this situation without first working with the nonresident district to determine eligibility.

Deadlines and exceptions to deadlines:

Applications must be sent to the nonresident district by January 15 in order to enroll beginning the following school year unless:

- One or both districts has a Minnesota Department of Education Achievement and Integration Plan, in which case there is no deadline and enrollment may begin at any time after notification of acceptance. (Minn. Stat. § 124D.03, Subd. 4)
- **OR**, the student moved into the resident district on or later than December 1. (Minn. Stat. § 124D.03, Subd. 7).
- **OR**, other unusual situations apply under Minnesota Statutes, section 124D.03, Subdivision 7.

Acceptance or denial of open enrollment cannot be based on previous academic achievement, athletic or other extracurricular ability, disabling conditions, proficiency in the English language, previous disciplinary proceedings or the student's district of residence unless the resident district and nonresident district are working together in an MDE approved Achievement and Integration School Choice Program. (Minn. Stat. § 124D.03, Subd. 6.)

Families may indicate preferences for school sites or programs within the district; if unavailable, districts will offer families options in the family's stated order of preference at other sites unless the grade level or open enrollment has been closed by board action. Families may apply in more than one district. Use one form per child per district.

Do not disclose special needs of students on the *Statewide Enrollment Options* Form; this information is provided after an enrollment spot is offered.

Currently expelled students: Nonresident districts may, but are not required to, reject applications from students currently expelled as defined in Minnesota Statutes, section 121A.45 and Minnesota Statutes, section 124D.03 Subdivision 1.

Notice as to acceptance of application: You can expect to receive an approval/disapproval from the nonresident district by **February 15 or when applying through the waived deadlines for Achievement and Integration districts 90 days** after applying for the current or upcoming school year. (Do not apply for statewide enrollment options further in advance than for the upcoming school year.) School districts who have more applications than they can accommodate hold lotteries to determine which students will receive spots. Siblings of currently open-enrolled students receive preference. Districts may also give lottery preference in some Achievement and Integration Program situations. Statewide Enrollment Options Lottery procedures must be approved by local school board and posted on the school district website.

If the nonresident district notifies you that your application has been accepted:

Notify the nonresident district as to whether you are accepting the offer of enrollment by **March 1** or, if you applied under a no deadline situation, 45 days after notification. The nonresident district must notify the resident district that your student is changing enrollment by March 15 (or 30 days after notice from you that you are accepting the enrollment if January 15 application deadline was not applicable). Visit the district offices at least 10 days prior to the above starting date for completion of all enrollment forms.

Parents or guardians of students with special needs are encouraged to contact the district as soon as possible after accepting an offer of enrollment in a nonresident district so an IEP team can be convened.

The school district will provide you with information regarding transportation if you request it from a bus stop in that district. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 124D.03, Subd. 8.)

By accepting this enrollment, your student is obligated to attend the nonresident district during the upcoming school year. You do not need to reapply in subsequent years for your student to remain enrolled unless you move out of your current district. If you move into another Minnesota non-resident school district, you will not lose your seat but do need to submit an updated Enrollment Options Form. Note: you **do need** to apply again for siblings but the siblings must be given a preference if open enrollments requests exceed available seats.

To return to your resident district for the following school year, notify your resident district that you are returning by January 15 for the following fall.

If your application was denied, districts:

- Must indicate the provision in state law that applied.
- Must report to the Minnesota Department of Education by July 15 all denied applications.
- May inform you that the only reason the application was rejected was a missed January 15 deadline. In this case, you could ask your resident district whether it would be willing to form a nonresident agreement with the nonresident district for the upcoming year--both districts must agree. However, you will need to apply again next year through the regular open enrollment process, meeting the January 15 deadline, so your student's enrollment is not subject to year-to-year mutual agreements between districts. (Minn. Stat. § 124D.03, Subd.6)

**JORDAN DISTRICT SCHOOLS
POLICY**

Adopted: September 12, 2007

Revised:

525 VIOLENCE PREVENTION [APPLICABLE TO STUDENTS AND STAFF]

I. PURPOSE

The purpose of this policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior.

The school board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe for all members of the school community. It further believes that students are the first priority and they should be protected from physical or emotional harm during school activities and on school grounds, buses, or field trips while under school district supervision.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to strictly enforce its weapons policy (Policy 501).
- B. The policy of the school district is to act promptly in investigating all acts, or formal or informal complaints, of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- C. The administration will periodically review discipline policies and procedures, prepare revisions if necessary, and submit them to the school board for review and adoption.
- D. The school district will implement approved violence prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

III. IMPLEMENTATION OF POLICY

- A. The school board will review and approve policies to prevent and address violence in our schools. The superintendent or designee will develop procedures to effectively implement the school weapons and violence prevention policies. It shall be incumbent on all students and staff to observe all policies and report violations to the school administration.

- B. The school board and administration will inform staff and students annually of policies and procedures related to violence prevention and weapons.
- C. The school district will act promptly to investigate all acts and formal and informal complaints of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- D. The consequences set forth in the school weapons policy (Policy 501) will be imposed upon any student or nonstudent who possesses, uses or distributes a weapon when in a school location.
- E. The consequences set forth in the school hazing policy (Policy 526) will be imposed upon any student or staff member who commits an act against a student or staff member; or coerces a student or staff member into committing an act, that creates a substantial risk of harm to a person in order for the student or staff member to be initiated into or affiliated with an organization, or for any other purpose.
- F. Students with disabilities may be expelled for behavior unrelated to their disabilities, subject to the procedural safeguards required by the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Pupil Fair Dismissal Act.
- G. Procedures will be developed for the referral of any person in violation of this policy or the weapons policy to the local law enforcement agency in accordance with Minn. Stat. § 121A.05.
- H. Students who wear objectionable emblems, signs, words, objects, or pictures on clothing communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group or which connotes gang membership or that approves, advances, or provokes any form of religious, racial, or sexual harassment or violence against other individuals as defined in the harassment and violence policy (Policy 413) will be subject to the procedures set forth in the student dress and appearance policy (Policy 504). “Gang” as used in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. A “pattern of gang activity” means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.
- I. This policy is not intended to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd,

vulgar, obscene, defamatory, profane, denote gang affiliation, advocate harassment or violence against others, are likely to disrupt the education process, or cause others to react in a violent or illegal manner (Policy 504).

IV. PREVENTION STRATEGIES

The school district has adopted and will implement the following prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

- A. Adopt a district crisis management policy to address potential violent crisis situations in the district.
- B. In-service training for personnel in aspects of reporting, visibility, and supervision as deterrents to violence.
- C. Promote student safety responsibility by encouraging the reporting of suspicious individuals and unusual activities on school grounds.
- D. Explore ways of teaching students violence prevention strategies, law-related education and character/values education (universal values, e.g. honesty, personal responsibility, self-discipline, cooperation and respect for others.)
- E. Establish clear school rules that prevent and deter violence.
- F. Develop curriculum that teaches social skills such as maintaining self-control, building communications skills, forming friendships, resisting peer pressure, being appropriately assertive, forming positive relationships with adults, and resolving conflict in nonviolent ways.
- G. Require all visitors to check-in the main office upon their arrival and state their business at the school. A visitor badge may be issued for easy identification that the visitor is authorized to be present in the school building.
- H. Develop curriculum on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

V. STUDENT SUPPORT

- A. Students will have access to school-based student service professionals, when available, including counselors, nurses, social workers, and psychologists who are knowledgeable in methods to assist students with violence prevention and intervention.

- B. Students will be provided with information as to school district and building rules regarding weapons and violence.

VI. PERSONNEL

- A. School district personnel shall comply with the school weapons policy (Policy 501) and the school hazing policy (Policy 526).
- B. School district personnel shall be knowledgeable of violence prevention policies and report any violation to school administration immediately. School district personnel will be informed annually as to school district and building rules regarding weapons and violence prevention.
- C. School district personnel or agents of the school district shall not engage in emotionally abusive acts including malicious shouting, ridicule, and/or threats or other forms of corporal punishment (Policy 507).

525 VIOLENCE PREVENTION [APPLICABLE TO STUDENTS AND STAFF]

I. PURPOSE

The purpose of this policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior.

The school board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe for all members of the school community. It further believes that students are the first priority and they should be protected from physical or emotional harm during school activities and on school grounds, buses, or field trips while under school district supervision.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to strictly enforce its weapons policy (Policy 501).
- B. The policy of the school district is to act promptly in investigating all acts, or formal or informal complaints, of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- C. The administration will periodically review discipline policies and procedures, prepare revisions if necessary, and submit them to the school board for review and adoption.
- D. The school district will implement approved violence prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

III. IMPLEMENTATION OF POLICY

- A. The school board will review and approve policies to prevent and address violence in our schools. The superintendent or designee will develop procedures to effectively implement the school weapons and violence prevention policies. It shall be incumbent on all students and staff to observe all policies and report violations to the school administration.
- B. The school board and administration will inform staff and students annually of

policies and procedures related to violence prevention and weapons.

- C. The school district will act promptly to investigate all acts and formal and informal complaints of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- D. The consequences set forth in the school weapons policy (Policy 501) will be imposed upon any student or nonstudent who possesses, uses or distributes a weapon when in a school location.
- E. The consequences set forth in the school hazing policy (Policy 526) will be imposed upon any student or staff member who commits an act against a student or staff member; or coerces a student or staff member into committing an act, that creates a substantial risk of harm to a person in order for the student or staff member to be initiated into or affiliated with an organization, or for any other purpose.
- F. Students with disabilities may be expelled for behavior unrelated to their disabilities, subject to the procedural safeguards required by the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Pupil Fair Dismissal Act.
- G. Procedures will be developed for the referral of any person in violation of this policy or the weapons policy to the local law enforcement agency in accordance with Minn. Stat. § 121A.05.
- H. Students who wear objectionable emblems, signs, words, objects, or pictures on clothing communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group or which connotes gang membership or that approves, advances, or provokes any form of religious, racial, or sexual harassment or violence against other individuals as defined in the harassment and violence policy (Policy 413) will be subject to the procedures set forth in the student dress and appearance policy (Policy 504). “Gang” as used in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. A “pattern of gang activity” means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.
- I. This policy is not intended to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd, vulgar, obscene, defamatory, profane, denote gang affiliation, advocate

harassment or violence against others, are likely to disrupt the education process, or cause others to react in a violent or illegal manner (Policy 504).

526 HAZING PROHIBITION

[Note: School districts are required by statute to have a policy addressing these issues. The Minnesota Department of Education (MDE) will maintain and make available a model policy on student and staff hazing in accordance with Minn. Stat. § 121A.69. The MDE model policy differs from the MSBA/MASA model policy as it incorporates state and federal requirements related to harassment and discrimination which extends beyond the mandate of Minn. Stat. § 121A.69. Topics of harassment and discrimination are addressed in other MSBA/MASA policies. While school districts are required to adopt a policy governing student and staff hazing, school districts are not required to adopt any particular policy. MSBA recommends this policy.]

534 MEMORIALS FOR DECEASED STUDENTS OR STAFF

PURPOSE

It is recognized that the loss of a member of the school community is deeply felt by students, staff and families. The purpose of this policy is to ensure that the Jordan Public Schools will support staff, students and families impacted from a death through assisting them with connections to appropriate school and community resources. Because it is recognized that memorial decisions made immediately in the aftermath of a crisis or death may be made without full consideration of the potential implications for students, staff, families and the community, the Jordan Public Schools will provide a process for memorial decision-making.

DEFINITION

Memorials: Objects or activities to remember an event or deceased person(s).

District Recovery Team: A designated group of staff members and resources for the district who plan and implement mental health support for grief recovery.

Crisis: Any natural disaster or unexpected event that negatively affects a student, a staff member or a significant group of the school population and usually involves serious emotional, psychological and/or physical injury or death.

Significant Impact: The magnitude of the potential loss or seriousness of the crisis.

GENERAL STATEMENT OF POLICY

Memorial activities expressed at school need to be coordinated and approved through the school's District Recovery Team (DRT). The DRT will assist families and students in selecting memorial activities that are appropriate for school and assist students in healthy bereavement.

In recognition that schools are designed primarily to support learning, school sites should not serve as the main venue for the memorializing of students or staff. In the event a request is made, the school district will consider the request on a case-to-case basis. Only in the case of a significant impact will exceptions be considered.

Memorials following a death from suicide must not glamorize, romanticize or stigmatize the act of suicide.

Temporary school memorials, in common areas, as approved by school administration, may be displayed until the day of the funeral and will then be given to the family. Allowable temporary school memorials are banners, pictures, and locker and student desk displays. Memorial symbols on clothing or lockers displayed by individual students or staff on school Grounds will be limited to two weeks past the funeral. Any selling of memorial items must receive prior approval from administration.

Permanent memorials for deceased students and staff must come from donations and be initiated by a donor or family member. The donor must clear donations with the family. These memorials will be limited to endowments, scholarships, plantings and books or items with educational significance. Scholarship and endowment memorials may be established one time, or in the form of a perpetual award, with a description of the purpose of the endowment or scholarship and may include the name of the individual. Plantings may be made in a designated location based on the discretion of the Facilities Manager and Superintendent. All trees or shrubbery can be designated with a stake or plaque. This practice allows for the memorial while respecting the well-being of all students and staff. Permanent memorials may not include the retirement, alteration, or discontinued use of school property. Existing memorials established prior to the implementation of this policy will not be affected.
