410 FAMILY AND MEDICAL LEAVE POLICY

I. PURPOSE

The purpose of this policy is to provide for family and medical leave to school district employees in accordance with the Family and Medical Leave Act of 1993 (FMLA) and also with parenting leave under state law.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding family and medical leave are adopted by the school district, pursuant to the requirements of the FMLA and consistent with the requirements of the Minnesota parenting leave laws.

III. DEFINITIONS

A. “Covered active duty” means:

1. in the case of a member of a regular component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country; and
2. in the case of a member of a reserve component of the Armed Forces, duty during the deployment of the member with the Armed Forces to a foreign country under a call or order to active duty under a provision of law referred to in 10 U.S.C. § 101(a)(13)(B).

B. “Covered servicemember” means:

1. a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. a veteran who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness and who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during the period of five years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

C. “Eligible employee” means an employee who has been employed by the school district for a total of at least 12 months and who has been employed for at least

1,250 hours of service during the 12-month period immediately preceding the commencement of the leave. While the 12 months of employment need not be consecutive, employment periods prior to a break in service of seven years or more may not be counted unless the break is occasioned by the employee's fulfillment of his or her National Guard or Reserve military service obligation or a written agreement, including a collective bargaining agreement, exists concerning the school district's intention to rehire the employee after the break in service.

- D. "Next of kin of a covered servicemember" means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.
- E. "Outpatient status" means, with respect to a covered servicemember, the status of a member of the Armed Forces assigned to:
1. a military medical treatment facility as an outpatient; or
 2. a unit established for the purpose of providing command and control of members of the Armed Forces receiving care as outpatients.
- F. "Qualifying exigency" means a situation where the eligible employee seeks leave for one or more of the following reasons:
1. to address any issues that arise from a short-notice deployment (seven calendar days or less) of a covered military member;
 2. to attend military events and related activities of a covered military member;
 3. to address issues related to childcare and school activities of a covered military member's child;
 4. to address financial and legal arrangements for a covered military member;
 5. to attend counseling provided by someone other than a health care provider for oneself, a covered military member, or his/her child;

6. to spend up to five days with a covered military member who is on short-term, temporary rest and recuperation leave during a period of deployment;
 7. to attend post-deployment activities related to a covered military member; and
 8. to address other events related to a covered military member that both the employee and school district agree is a qualifying exigency.
- G. “Serious health condition” means an illness, injury, impairment, or physical or mental condition that involves:
1. inpatient care in a hospital, hospice, or residential medical care facility; or
 2. continuing treatment by a health care provider.
- H. “Veteran” has the meaning given in 38 U.S.C. § 101.

IV. LEAVE ENTITLEMENT

A. Twelve-week Leave

1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:
 - a. birth of the employee’s child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee’s spouse, son, daughter, or parent with a serious health condition;
 - d. the employee’s serious health condition makes the employee unable to perform the functions of the employee’s job; and/or
 - e. any qualifying exigency arising from the employee’s spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, “year” is defined as a rolling 12-month period measured backward from the date an employee’s leave is to commence.

3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
 - b. a "serious injury or illness," in the case of a veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces) and that manifested itself before or after the member became a veteran.
6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available

alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.

8. If an employee requests a leave for the serious health condition of the employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.
9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.
11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums

paid by it.

13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Six-week Leave

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a six-week unpaid parenting leave for birth or adoption of a child. The employee may qualify if he or she has worked for the school district for at least 12 consecutive months and has worked an average number of hours per week equal to one-half of the full time equivalent. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs.

C. Twenty-six-week Servicemember Family Military Leave

1. An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered servicemember shall be entitled to a total of 26 work weeks of leave during a 12-month period to care for the servicemember. The leave described in this paragraph shall be available only during a single 12-month period. For purposes of this leave, the need to care for a servicemember includes both physical and psychological care.
2. During a single 12-month period, an employee shall be entitled to a combined total of 26 work weeks of leave under Paragraphs IV.A. and IV.C. above.
3. The 12-month period referred to in this section begins on the first day the eligible employee takes leave to care for a covered servicemember and ends 12 months after that date.

4. Eligible spouses employed by the school district are limited to an aggregate of 26 weeks of leave during any 12-month period if leave is taken for birth of the employee's child or to care for the child after birth; for placement of a child with the employee for adoption or foster care or to care for the child after placement; to care for the employee's parent with a serious health condition; or to care for a covered servicemember with a serious injury or illness.
5. The school district may request or require the employee to substitute accrued paid leave for any part of the 26-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave.
6. An employee will be required to submit sufficient medical certification issued by the health care provider of the covered servicemember and other information in support of requested leave and eligibility for such leave under this section within 15 days from the date of the request or as soon as practicable under the circumstances.
7. The provisions of Paragraphs IV.A.7., IV.A.10., IV.A.12., IV.A.13., and IV.A.14. above shall apply to leaves under this section.

V. SPECIAL RULES FOR INSTRUCTIONAL EMPLOYEES

- A. An instructional employee is one whose principal function is to teach and instruct students in a class, a small group, or an individual setting. This includes, but is not limited to, teachers, coaches, driver's education instructors, and special education assistants.
- B. Instructional employees who request foreseeable medically necessary intermittent or reduced work schedule leave greater than 20 percent of the work days in the leave period may be required to:
 1. take leave for the entire period or periods of the planned medical treatment; or
 2. move to an available alternative position for which the employee is qualified, and which provides equivalent pay and benefits, but not necessarily equivalent duties.
- C. Instructional employees who request continuous leave near the end of a semester may be required to extend the leave through the end of the semester. The number of weeks remaining before the end of a semester does not include scheduled school breaks, such as summer, winter, or spring break.

1. If an instructional employee begins leave for any purpose more than five weeks before the end of a semester and it is likely the leave will last at least three weeks, the school district may require that the leave be continued until the end of the semester.
 2. If the employee begins leave for a purpose other than the employee's own serious health condition during the last five weeks of a semester, the school district may require that the leave be continued until the end of the semester if the leave will last more than two weeks or if the employee's return from leave would occur during the last two weeks of the semester.
 3. If the employee begins leave for a purpose other than the employee's own serious health condition during the last three weeks of the semester and the leave will last more than five working days, school district may require the employee to continue taking leave until the end of the semester.
- D. The entire period of leave taken under the special rules will be counted as leave. The school district will continue to fulfill the school district's leave responsibilities and obligations, including the obligation to continue the employee's health insurance and other benefits, if an instructional employee's leave entitlement ends before the involuntary leave period expires.

VI. OTHER

- A. The provisions of this policy are intended to comply with applicable law, including the FMLA and applicable regulations. Any terms used from the FMLA will have the same meaning as defined by the FMLA and/or applicable regulations. To the extent that this policy is ambiguous or contradicts applicable law, the language of the applicable law will prevail.
- B. The requirements stated in the collective bargaining agreement between employees in a certified collective bargaining unit and the school district regarding family and medical leaves (if any) shall be followed.

VII. DISSEMINATION OF POLICY

- A. This policy shall be conspicuously posted in each school district building in areas accessible to employees.
- B. This policy will be reviewed at least annually for compliance with state and federal law.

An employee returning from fulfilling his or her Uniformed Services Employment and Reemployment Rights Act (USERRA)-covered service obligation shall be credited with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. In determining whether the employee met the hours of service requirement, and to determine the hours that would have been worked during the period of absence from work due to or necessitated by USERRA-covered service, the employee’s pre-service work schedule can generally be used for calculations. When no such designation is made and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember’s next of kin, and the employee may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember’s only next of kin.

~~E~~ F. “Outpatient status” means, with respect to a covered servicemember who is a current member of the Armed Forces, the status of a member of the Armed Forces assigned to:

1. a military medical treatment facility as an outpatient; or

1. inpatient care in a hospital, hospice, or residential medical care facility; or
2. continuing treatment by a health care provider.

H I. "Veteran" has the meaning given in 38 U.S.C. § 101.

IV. LEAVE ENTITLEMENT

A. Twelve-week Leave under Federal Law

1. Eligible employees are entitled to a total of 12 work weeks of unpaid family or medical leave during the applicable 12-month period as defined below, plus any additional leave as required by law. Leave may be taken for one or more of the following reasons in accordance with applicable law:

- a. birth of the employee's child and to care for such child;
 - b. placement of an adopted or foster child with the employee;
 - c. to care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. the employee's serious health condition makes the employee unable to perform the functions of the employee's job; and/or
 - e. any qualifying exigency arising from the employee's spouse, son, daughter, or parent being on covered active duty, or notified of an impending call or order to covered active duty in the Armed Forces.
2. For the purposes of this policy, "year" is defined as a rolling 12-month period measured backward from the date an employee's leave is to commence.
 3. An employee's entitlement to FMLA leave for the birth, adoption, or foster care of a child expires at the end of the 12-month period beginning on the date of the birth or placement.
 4. A "serious health condition" typically requires either inpatient care or continuing treatment by or under the supervision of a health care provider, as defined by applicable law. Family and medical leave generally is not intended to cover short-term conditions for which treatment and recovery are very brief.
 5. A "serious injury or illness," in the case of a member of the Armed Forces, including a member of the National Guard or Reserves, means:
 - a. injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces ~~(or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces)~~ and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
 - b. ~~a "serious injury or illness,"~~ in the case of a covered veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time, during the period of five years preceding the date on which the veteran undergoes the medical treatment, recuperation, or therapy, means a qualifying injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces ~~(or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty in the Armed Forces)~~ and that

manifested itself before or after the member became a veteran, and is:-

- (i) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
- (ii) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability (VASRD) rating of 50 percent or greater and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
- (iii) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
- (iv) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

6. Eligible spouses employed by the school district are limited to an aggregate of 12 weeks of leave during any 12-month period for the birth and care of a newborn child or adoption of a child, the placement of a child for foster care, or to care for a parent. This limitation for spouses employed by the school district does not apply to leave taken: by one spouse to care for the other spouse who is seriously ill; to care for a child with a serious health condition; because of the employee's own serious health condition; or pursuant to Paragraph IV.A.1.e. above.
7. Depending on the type of leave, intermittent or reduced schedule leave may be granted in the discretion of the school district or when medically necessary. However, part-time employees are only eligible for a pro-rata portion of leave to be used on an intermittent or reduced schedule basis, based on their average hours worked per week. Where an intermittent or reduced schedule leave is foreseeable based on planned medical treatment, the school district may transfer the employee temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position, and which has equivalent pay and benefits.
8. If an employee requests a leave for the serious health condition of the

employee or the employee's spouse, child, or parent, the employee will be required to submit sufficient medical certification. In such a case, the employee must submit the medical certification within 15 days from the date of the request or as soon as practicable under the circumstances.

9. If the school district has reason to doubt the validity of a health care provider's certification, it may require a second opinion at the school district's expense. If the opinions of the first and second health care providers differ, the school district may require certification from a third health care provider at the school district's expense. An employee may also be required to present a certification from a health care provider indicating that the employee is able to return to work.
10. Requests for leave shall be made to the school district. When leave relates to an employee's spouse, son, daughter, parent, or covered servicemember being on covered active duty, or notified of an impending call or order to covered active duty pursuant to Paragraph IV.A.1.e. above, and such leave is foreseeable, the employee shall provide reasonable and practical notice to the school district of the need for leave. For all other leaves, employees must give 30 days' written notice of a leave of absence where practicable. The failure to provide the required notice may result in a delay of the requested leave. Employees are expected to make a reasonable effort to schedule leaves resulting from planned medical treatment so as not to disrupt unduly the operations of the school district, subject to and in coordination with the health care provider.
11. The school district may require that a request for leave under Paragraph IV.A.1.e. above be supported by a copy of the covered military member's active duty orders or other documentation issued by the military indicating active duty or a call to active duty status and the dates of active duty service. In addition, the school district may require the employee to provide sufficient certification supporting the qualifying exigency for which leave is requested.
12. During the period of a leave permitted under this policy, the school district will provide health insurance under its group health plan under the same conditions coverage would have been provided had the employee not taken the leave. The employee will be responsible for payment of the employee contribution to continue group health insurance coverage during the leave. An employee's failure to make necessary and timely contributions may result in termination of coverage. An employee who does not return to work after the leave may be required, in some situations, to reimburse the school district for the cost of the health plan premiums paid by it.
13. The school district may request or require the employee to substitute accrued paid leave for any part of the 12-week period. Employees may be allowed to substitute paid leave for unpaid leave by meeting the

requirements set out in the administrative directives and guidelines established for the implementation of this policy, if any. Employees eligible for leave must comply with the family and medical leave directives and guidelines prior to starting leave. The superintendent shall be responsible to develop directives and guidelines as necessary to implement this policy. Such directives and guidelines shall be submitted to the school board for annual review.

The school district shall comply with written notice requirements as set forth in federal regulations.

14. Employees returning from a leave permitted under this policy are eligible for reinstatement in the same or an equivalent position as provided by law. However, the employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the leave.

B. Six Twelve-week Leave under State Law

An employee who does not qualify for parenting leave under Paragraphs IV.A.1.a. or IV.A.1.b. above may qualify for a ~~six~~ 12-week unpaid ~~parenting~~ leave ~~for birth or adoption of a child which is available to a biological or adoptive parent in conjunction with the birth or adoption of a child, or to a female employee for prenatal care or incapacity due to pregnancy, childbirth, or related health conditions. The length of the leave shall be determined by the employee but must not exceed 12 weeks unless agreed by the employer.~~ The employee may qualify if he or she has worked for the school district for at least 12 ~~consecutive~~ months and has worked an average number of hours per week equal to one-half of the full time equivalent during the 12-month period immediately preceding the leave. This leave is separate and exclusive of the family and medical leave described in the preceding paragraphs but may be reduced by any period of paid parental, disability, personal, or medical, or sick leave, or accrued vacation provided by the employer so that the total leave does not exceed 12 weeks, unless agreed by the employer, or leave taken for the same purpose under the FMLA. The leave taken under this section shall begin at a time requested by the employee. An employee who plans to take leave under this section must give the employer reasonable notice of the date the leave shall commence and the estimated duration of the leave. 413 HARASSMENT AND VIOLENCE

[Note: State law (Minn. Stat. § 121A.03) requires that school districts adopt a sexual, religious, and racial harassment and violence policy that conforms with the Minnesota Human Rights Act, Minn. Stat. Ch. 363A (MHRA). This policy complies with that statutory requirement and addresses the other classifications protected by the MHRA and/or federal law. While the recommendation is that school districts incorporate the other protected classifications, in addition to sex, religion, and race, into this policy, they are not specifically required to do so by Minn. Stat. § 121A.03. The Minnesota Department of Education (MDE) is required to maintain and make available a model sexual, religious, and racial harassment policy in accordance with Minn. Stat. § 121A.03. MDE's policy differs from that of MSBA and imposes greater requirements upon school districts than required by law. For that reason, MSBA recommends the adoption of its model policy by school districts. Each school board must submit a copy of the policy the board has adopted to the Commissioner of MDE.]

I. PURPOSE

The purpose of this policy is to maintain a learning and working environment that is free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability.

 - 2. if occurring while a child is receiving services from a facility, happens when the facility and the employee or person providing services in the facility are in compliance with the laws and rules relevant to the occurrence of event.
- B. “Child” means one under age 18 and, for purposes of Minn. Stat. Ch. 260C (Child Protection) and Minn. Stat. Ch. 260D (Child in Voluntary Foster Care for Treatment), includes an individual under age 21 who is in foster care pursuant to Minn. Stat. § 260C.451 (Foster Care Benefits Past Age 18).
- C. “Immediately” means as soon as possible but in no event longer than 24 hours.
- D. “Mandated reporter” means any school personnel who knows or has reason to

believe a child is being neglected or physically or sexually abused, or has been neglected or physically or sexually abused within the preceding three years.

E. “Neglect” means the commission or omission of any of the acts specified below, other than by accidental means:

1. failure by a person responsible for a child’s care to supply a child with necessary food, clothing, shelter, health, medical, or other care required for the child’s physical or mental health when reasonably able to do so, including a growth delay, which may be referred to as a failure to thrive, that has been diagnosed by a physician and is due to parental neglect;
2. failure to protect a child from conditions or actions that seriously endanger the child’s physical or mental health when reasonably able to do so;
3. failure to provide for necessary supervision or child care arrangements appropriate for a child after considering factors such as the child’s age, mental ability, physical condition, length of absence, or environment, when the child is unable to care for his or her own basic needs or safety or the basic needs or safety of another child in his or her care;
4. failure to ensure that a child is educated in accordance with state law, which does not include a parent’s refusal to provide his or her child with sympathomimetic medications;
5. prenatal exposure to a controlled substance used by the mother for a nonmedical purpose, as evidenced by withdrawal symptoms in the child at birth, results of a toxicology test performed on the mother at delivery or the child’s birth, or medical effects or developmental delays during the child’s first year of life that medically indicate prenatal exposure to a controlled substance or the presence of a fetal alcohol spectrum disorder;

A mandated reporter as defined herein shall immediately report the neglect or physical or sexual abuse, which he or she knows or has reason to believe is happening or has happened within the preceding three years to the local welfare agency, police department, county sheriff, or agency responsible for assisting or investigating maltreatment.
- B. The written report shall identify the child, any person believed to

be responsible for the abuse or neglect of the child if the person is known, the nature and extent of the abuse or neglect and the name and address of the reporter.

- C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred and may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

- G. Submission of a good faith report under Minnesota law and this policy will not adversely affect the reporter's employment, or the child's access to school.
- H. Any person who knowingly or recklessly makes a false report under the provisions of applicable Minnesota law or this policy shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, and the reckless making of a false report may result in discipline. The court may also award attorney's fees.

[Note: The Minnesota Department of Education (MDE) is responsible for assessing or investigating allegations of child maltreatment in schools.]

V. INVESTIGATION

- A. The responsibility for investigating reports of suspected neglect or physical or sexual abuse rests with the appropriate county, state, or local agency or agencies. The agency responsible for assessing or investigating reports of child maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged perpetrator, and any other person with knowledge of the abuse or neglect for the purpose of gathering the facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence

of a school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian or person responsible for the child's care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.

- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property will be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.
- C. Except where the alleged perpetrator is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.
- D. Where the alleged perpetrator is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.
- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency's intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal

custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.

- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall appear in school personnel handbooks.
- B. The school district will develop a method of discussing this policy with school personnel.
- C. This policy shall be reviewed at least annually for compliance with state law.

JORDAN DISTRICT SCHOOLS POLICY

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students,

parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.
- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for

the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

- G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.

VIII. REMOVAL OF STUDENTS FROM CLASS

When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.
- C. Procedures for Removal of a Student From a Class.
 1. Each teacher has the discretion to remove a student for inappropriate behavior as determined by the teacher. Upon asking the student to leave the classroom

and report to the office, the teacher will notify the main office of the name of the student removed.

2. Disciplinary action may be taken as a result of any behavior which is disruptive of the education processes or which violates the rights of others. The acts set forth in the disciplinary policy are unacceptable and subject to disciplinary action in school buildings, on the school buses, school grounds and at school sponsored activities.
3. Teachers will contact the administration and/or complete appropriate behavior referral form in a timely manner.

D. Responsibility for and Custody of a Student Removed From Class.

1. Each teacher has the discretion to determine how to deal with inappropriate behavior by a student. The teacher may instruct the student to a designated supervised area or the office. When they are sent to the office, the teacher will notify the office staff of the name of the student reporting to the office. When appropriate or necessary, the teacher will contact the office to request an escort.
2. Administrators have broad discretion to determine the consequences based on the minimum and maximum consequences established in the student handbooks. In unusual situations administrators may impose discipline less than the minimum. In the event the student has engaged in the same or similar behavior in the past or has engaged in persistent violation of school rules, the maximum penalties may be increased.

E. Procedures for Return of a Student to a Class From Which the Student Was Removed.

Administrators will take appropriate action for each student removed from class on a case-by-case basis. Such action may include, but is not limited to, warning, student conference, parent conference, detention, or suspension.

Parents will be notified of consequences when students are dismissed from class. Notification may be in the form of a phone call, written communication, or conference.

2. Consideration of whether there is a need for a review of the adequacy of the current Individual Education Plan (IEP) of a disabled student who is removed from class or disciplined will be determined by the IEP team members.

H. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.

1. A chemical abuse pre-assessment team will be established pursuant to Minn. Stat. 121A.26;
2. A school and community advisory team to address chemical abuse problems in the district will be established pursuant to Minn. Stat. 121A.27;
3. Any teacher or school district employee who knows or has reason to believe that a student is using, possessing, or transferring alcohol or a controlled-substance while on school premises or involved in school, shall immediately notify the building principal.

I. Procedures for Immediate and Appropriate Interventions Tied to Violations of the Code of Student Conduct.

Nothing in this policy shall prohibit the School District from taking immediate action to protect individuals and property from harm. Nor shall this policy be construed to prohibit the School District from expelling students from behavior not specifically set forth if such conduct:

1. Materially and substantially disrupts the rights of others to an education; or
 2. Endangers the student, other students or individuals or property of the school.
- All violations of the Code of Student Conduct will be handled on a case-by-case basis.

IX. DISMISSAL

A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it

appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian’s expense. The purpose of this meeting is to attempt to determine the pupil’s need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their

student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for

suspension, school administration may, instead of imposing the suspension, do one or more of the following:

- a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
 9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
 10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
 11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in

accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be

conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i)

caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (16) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

506 STUDENT DISCIPLINE

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all

students of the school district.

III. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.
- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate

regarding the behavior of their children.

- G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.
- H. Community Members. Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.

IV. STUDENT RIGHTS

All students have the right to an education and the right to learn.

38. Committing an act which inflicts great bodily harm upon another person, even though accidental or a result of poor judgment;
39. Violations against persons, including, but not limited to, assault or threatened assault, fighting, harassment, interference or obstruction, attack with a weapon, or look-alike weapon, sexual assault, illegal or inappropriate sexual conduct, or indecent exposure;
40. Verbal assaults or verbally abusive behavior including, but not limited to, use of language that is discriminatory, abusive, obscene, threatening, intimidating, or that degrades other people;
41. Physical or verbal threats including, but not limited to, the staging or reporting of dangerous or hazardous situations that do not exist;
42. Inappropriate, abusive, threatening, or demeaning actions based on race, color, creed, religion, sex, marital status, status with regard to public assistance, disability, national origin, or sexual orientation;
43. Violation of the school district's Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees Policy;
44. Violation of school rules, regulations, policies, or procedures, including, but not limited to, those policies specifically enumerated in this policy;
45. Other acts, as determined by the school district, which are disruptive of the educational process or dangerous or detrimental to the student or other students, school district personnel or surrounding persons, or which violate the rights of others or which damage or endanger the property of the school, or which otherwise interferes with or obstruct the mission or operations of the school district or the safety or welfare of students or employees.

VII. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules,

regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.
- C. Parent contact;
- D. Parent conference;
- E. Removal from class;
- F. In-school suspension;
- G. Suspension from extracurricular activities;
- H. Detention or restriction of privileges;
- I. Loss of school privileges;
- J. In-school monitoring or revised class schedule;
- K. Referral to in-school support services;
- L. Referral to community resources or outside agency services;
- M. Financial restitution;
- N. Referral to police, other law enforcement agencies, or other appropriate authorities;
- O. A request for a petition to be filed in district court for juvenile delinquency adjudication;
- P. Out-of-school suspension under the Pupil Fair Dismissal Act;
- Q. Preparation of an admission or readmission plan;

- R. Saturday school;
- S. Expulsion under the Pupil Fair Dismissal Act;
- T. Exclusion under the Pupil Fair Dismissal Act; and/or
- U. Other disciplinary action as deemed appropriate by the school district.

VIII. REMOVAL OF STUDENTS FROM CLASS

- A. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

IX. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;

2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian’s expense. The purpose of this meeting is to attempt to determine the pupil’s need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services

under Minn. Stat. Ch. 260C.

8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian

personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.

21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement.

Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

JORDAN DISTRICT SCHOOLS POLICY

Adopted: July 9, 2012

Revised: August 25, 2014

514 BULLYING PROHIBITION POLICY

[Note: School districts are required by statute to have a policy addressing bullying.]

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See other applicable school district policies). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. “Bullying” means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student’s educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, “bullying,” specifically includes cyberbullying as defined in this policy.

- B. “Cyberbullying” means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. “Immediately” means as soon as possible but in no event longer than 24 hours and is in reference to the actual report.
- D. “Intimidating, threatening, abusive, or harming conduct” means, but is not limited to, conduct that does the following:
1. Causes physical harm to a student or a student’s property or causes a student to be in reasonable fear of harm to person or property;
 2. Under Minnesota common law, violates a student’s reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 3. Is directed at any student or students, including those based on a person’s actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular

characteristic defined in this paragraph or the MHRA.

- E. “On school premises, on school district property, at school functions or activities, or on school transportation” means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student’s walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- F. “Prohibited conduct” means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. “Remedial response” means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. “Student” means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal’s designee, or the building supervisor (hereinafter the “building report taker”) is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall

serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to

the imposition of discipline or other remedial responses.

- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See other applicable school district policies) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 4. The incidence and nature of cyberbullying; and
 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing

conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See other applicable school district policies) in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.

- B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See other applicable school district policies) distributed to parents at the beginning of each school year.
- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- F. The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minn. Stat. § 121A.031 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

522 STUDENT SEX NONDISCRIMINATION

I. PURPOSE

Students are protected from discrimination on the basis of sex pursuant to Title IX of the Education Amendments of 1972 and the Minnesota Human Rights Act. The purpose of this policy is to provide equal educational opportunity for all students and to prohibit discrimination on the basis of sex.

II. GENERAL STATEMENT OF POLICY

- A. The school district provides equal educational opportunity for all students, and does not unlawfully discriminate on the basis of sex. No student will be excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any educational program or activity operated by the school district on the basis of sex.
- B. It is the responsibility of every school district employee to comply with this policy.
- C. The school board hereby designates the High School Activities Director, Jeff Vizenor, phone number 952-492-4402, as its Title IX coordinator. The address is 600 Sunset Drive, Jordan, MN 55352. This employee coordinates the school district's efforts to comply with and carry out its responsibilities under Title IX.
- D. Any student, parent or guardian having questions regarding the application of Title IX and its regulations and/or this policy should discuss them with the Title IX coordinator. Questions relating solely to Title IX and its regulations may be referred to the Assistant Secretary for Civil Rights of the United States Department of Education. In the absence of a specific designee, an inquiry or complaint should be referred to the superintendent, Matthew Helgerson, or the school district human rights officer.

III. REPORTING GRIEVANCE PROCEDURES

- A. Any student who believes he or she has been the victim of unlawful sex discrimination by a teacher, administrator or other school district personnel, or any person with knowledge or belief of conduct which may constitute unlawful sex discrimination toward a student should report the alleged acts immediately to an appropriate school district official designated by this policy or may file a grievance. The school district encourages the reporting party or complainant to

use the report form available from the principal of each building or available from the school district office, but oral reports shall be considered complaints as well. Nothing in this policy shall prevent any person from reporting unlawful sex discrimination toward a student directly to a school district human rights officer or to the superintendent.

- B. In Each School Building. The building principal is the person responsible for receiving oral or written reports or grievances of unlawful sex discrimination toward a student at the building level. Any adult school district personnel who receives a report of unlawful sex discrimination toward a student shall inform the building principal immediately.
- C. Upon receipt of a report or grievance, the principal must notify the school district human rights officer immediately, without screening or investigating the report. The principal may request, but may not insist upon a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the principal to the human rights officer. If the report was given verbally, the principal shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any report or complaint of unlawful sex discrimination toward a student as provided herein may result in disciplinary action against the principal. If the complaint involves the building principal, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
- D. The school board hereby designates the superintendent, 500 Sunset Drive, Jordan, Ph: 952-492-6200 as the school district human rights officer(s) to receive reports, complaints or grievances of unlawful sex discrimination toward a student. If the complaint involves a human rights officer, the complaint shall be filed directly with the school board.
- E. The school district shall conspicuously post the name of the Title IX coordinator and human rights officer(s), including office mailing addresses and telephone numbers.
- F. Submission of a good faith complaint, grievance or report of unlawful sex discrimination toward a student will not affect the complainant or reporter's future employment, grades or work assignments.
- G. Use of formal reporting forms is not mandatory.
- H. The school district will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations.

IV. INVESTIGATION

- A. By authority of the school district, the human rights officer, upon receipt of a report, complaint or grievance alleging unlawful sex discrimination toward a student shall promptly undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.
- B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.
- C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.
- D. In addition, the school district may take immediate steps, at its discretion, to protect the complainant, pupils, teachers, administrators or other school personnel pending completion of an investigation of alleged unlawful sex discrimination toward a student.
- E. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

V. SCHOOL DISTRICT ACTION

- A. Upon conclusion of the investigation and receipt of a report, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law and school district policies.
- B. The result of the school district's investigation of each complaint filed under these procedures will be reported in writing to the complainant by the school district in accordance with state and federal law regarding data or records privacy.

VI. REPRISAL

The school district will discipline or take appropriate action against any pupil, teacher, administrator or other school personnel who retaliates against any person who reports alleged unlawful sex discrimination toward a student or any person who testifies, assists or participates in an investigation, or who testifies, assists or participates in a proceeding or hearing relating to such unlawful sex discrimination. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

VII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights, initiating civil action or seeking redress under state criminal statutes and/or federal law, or contacting the Office of Civil Rights for the United States Department of Education.

VIII. DISSEMINATION OF POLICY AND EVALUATION

- A. This policy shall be made available to all students, parents/guardians of students, staff members, employee unions and organizations.
- B. The school district shall review this policy and the school district's operation for compliance with state and federal laws prohibiting discrimination on a continuous basis.

806 CRISIS MANAGEMENT POLICY

[Note: The Commissioner of Education is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minn. Stat. § 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. The policies must be developed in consultation with school administrators, teachers, employees, students, parents/guardians, community members, community emergency response agencies, including law enforcement and fire officials, county attorney offices, social service agencies, and any other appropriate individuals or organizations (such as Safe and Drug Free School coordinators and bus contractors). Id. Effective for the 2006-07 school year and later, the policy must include at least five school lock-down drills, five school fire drills consistent with Minn. Stat. § 299F.30, and one school tornado drill. This Model Crisis Management Policy was originally the result of a collaborative effort between the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. For purposes of this Policy, the term, “school districts,” shall include charter schools. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Emergency Planning and Procedures Guide for Schools to assist in the development of building-specific crisis management plans. Finally, all general crisis procedures will address specific procedures for children with special needs such as physical, sensory, motor, developmental, and mental health challenges.

a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

[Note: State law requires a minimum of five school lock-down drills each school year. See Minn. Stat. § 121A.035.]

- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.

- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

[Note: State law requires a minimum of five school fire drills, consistent with Minn. Stat. § 299F.30, and one school tornado drill each school year. See Minn. Stat. § 121A.035.]

[Note: The attached Emergency Planning and Procedures Guide for Schools has sample lock-down procedures, evacuation procedures, and sheltering procedures.]

- 2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans.

[Note: The Emergency Planning and Procedures Guide for Schools includes crisis-specific procedures.]

- 3. School Emergency Response Teams

- a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample School Emergency Response Team list.]

- b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion.
2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.

[Note: The State Fire Marshal advises schools to defer fire drills during the winter months.]

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.
7. The school district will have prearranged sites for emergency sheltering and transportation as needed.

8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

[Note: The attached Emergency Planning and Procedures Guide for Schools has a sample fire procedure form.]

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be available in the office of the building administrator and in other appropriate areas and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel. For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans on a CD-Rom and distributing copies to first responders or sharing the documents with first responders during the crisis planning process.

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and

secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

[Note: The attached Emergency Planning and Procedures Guide for Schools, under the Preparedness/Planning section, has a sample Emergency Phone Numbers list.]

E. Warning Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings.

It shall be the responsibility of the building administrator to inform students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

[Note: The attached Emergency Planning and Procedures Guide for Schools, under the Response section, has a sample Media Procedures form.]

H. Grief-Counseling Procedures

Grief-counseling procedures will set forth the procedure for initiating grief-counseling plans. The procedures will utilize available resources including the school psychologist, counselor, community grief counselors, or others in the community. Grief-counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The grief-counseling procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

IV. SAMPLE PROCEDURES INCLUDED IN THIS POLICY

Procedures for reporting chemical accidents shall be posted at key locations such as chemistry labs, art rooms, swimming pool areas, and janitorial closets.

[Note: School buildings must maintain Material Safety Data Sheets (M.S.D.S.) for all chemicals on campus. State law, federal law, and OSHA require that pertinent staff have access to M.S.D.S. in the event of a chemical accident.]

B. Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings. See MSBA/MASA Model Policy 903 (Visitors to School District Buildings and Sites).

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

Questions relative to the creation or implementation of such plans will be directed to the Minnesota Department of Public Safety.

FIRE

In the event of a fire, smoke from a fire or detection of a gas odor:

- Pull fire alarm and notify building occupants by means of

 - Evacuate students and staff to the designated areas.
 - These areas should be a safe distance away from emergency personnel.
 - Be aware of the arrival of emergency responders. See map of evacuation routes and assembly areas located

(or included in this manual on next page)
 - Follow primary fire drill route whenever possible. Follow alternate route if primary route is blocked or dangerous. See map, located

- (or included in this manual on next page)
- Teachers take class roster.
 - Teachers take attendance after evacuation.
 - Teachers report missing students to building administrator immediately.
- If trapped by fire, go to **Shelter-in-Place Procedures**.

Building administrator:

- Building administrator notifies fire department (call **911**) and superintendent.
- Building administrator or designee meets with emergency officials as soon as possible.
- After consulting with appropriate official, building administrator may move students to primary relocation center at _____ if weather is inclement or building is damaged.
- **Do not** reenter buildings until they are declared safe by fire or law enforcement personnel.
- Building administrator notifies staff and students of termination of emergency.

*Fire drills should be held at varied times during the school day.
Practice both primary and alternate routes.*

Extra staffing is necessary for students with special medical or physical needs.

HAZARDOUS MATERIALS

Incident occurs in school:

- Notify building administrator/office.
- Call **911**. If the type and/or location of hazardous material is known, report that information to 911.
- Evacuate to an upwind location, taking class roster. Teachers take attendance after evacuation.
- Seal off area of leak/spill. Close doors.
- Fire officer in charge will determine additional shelter-in-place or evacuation actions.
- Shut off heating, cooling and ventilation systems in contaminated area to reduce the spread of contamination.
- Building administrator notifies superintendent.
- Notify parents/guardians if students are evacuated, according to district policy and/or guidance.
- Resume normal operations when fire officials approve.

Incident occurs near school property:

- Fire or law enforcement will notify school officials.
- Consider closing outside air intake, evacuating students to a safe area or sheltering students inside the building until emergency passes or relocation is necessary.
- Fire officer in charge of scene will instruct school officials on the need for sheltering or evacuation.
- Follow procedures for sheltering or evacuation.
- If evacuating, teachers take class rosters and take attendance after evacuation.
- If evacuation is not ordered, be aware of and remain alert for any change in health conditions of students and staff, especially respiratory problems. Seek medical attention if necessary.
- Notify parents/guardians if students are evacuated, according to district policy and/or guidance.
- Resume normal operations when fire officials approve.

Extra staffing is necessary for students with special medical and/or physical needs.

SEVERE WEATHER TORNADO/SEVERE THUNDERSTORM/FLOODING

Tornado/severe thunderstorm WATCH has been issued in an area near school:

- Monitor NOAA Weather Radio All Hazards (National Weather Service) or emergency alert radio stations.
- Bring all persons inside building(s).
- Close windows.
- Review tornado drill procedures and location of safe areas.

Tornado safe areas are interior hallways or rooms away from exterior walls and windows and away from large rooms with long-span ceilings.

- Review “drop and tuck” procedures with students.

Tornado/severe thunderstorm WARNING has been issued in an area near school, or a tornado has been spotted near school:

- Move students and staff to safe areas.
- Close classroom doors.
- Teachers take class rosters.
- Ensure that students are in “tuck” positions.
- Teachers take attendance.
- Remain in safe area until warning expires or emergency personnel have issued an all-clear signal.

Post diagrams in each classroom showing routes to areas. Attach a building diagram showing safe areas.

Flooding:

- Monitor NOAA Weather Radio All Hazards and emergency alert radio stations. Stay in contact with emergency management officials.
- Review evacuation procedures with staff.
- Check relocation centers. Find an alternate relocation center if primary and secondary centers would also be flooded.
- Check transportation resources.
- If district officials and emergency responders advise evacuation, do so immediately.
- Teachers take class rosters.
- Teachers take attendance.
- Notify parents/guardians according to district policy.

Refer to Severe Weather Awareness Week postings at www.hsem.state.mn.us for further information on severe weather safety.

MEDICAL EMERGENCY

Life-threatening injury or illness, or death:

- Notify office staff/building administrator to make emergency calls. If unable to reach office immediately, call **911**. **Work as a team.**
- Give full attention to the victim(s).
- Do not attempt to move a person who is ill or injured unless he/she is in immediate danger of further injury.
- If possible, isolate the affected student/staff member. Disperse onlookers and keep others from congregating in the area.
- Check breathing. Is the airway clear? Is the victim in a position to facilitate breathing?
- Help stop bleeding.
 - Applying pressure on wound or elevating wound may help stop or slow bleeding.
 - Protect yourself from body fluids. Use gloves if available.
- Check for vital signs. Initiate first aid, if you are trained.
- Comfort the victim(s) and offer reassurance that medical attention is on the way.
- After immediate medical needs have been cared for, remain to assist emergency medical services personnel with pertinent information about the incident.

Non-life-threatening injury or illness:

- For all non-life-threatening illnesses and injuries, call the office/nurse.

Administrator:

- In case of traumatic medical emergency or death at school:
 - Notify superintendent.
 - Notify victim's parents, guardians or family.
 - Activate post-crisis procedures if necessary.
- In all other medical emergencies, assess individual's need for post-crisis intervention.

FIGHT/DISTURBANCE

- Ensure the safety of students and staff first.
- Notify building administrator/security/law enforcement. **Work as a team**, especially when separating participants.
- Don't let a crowd incite participants. Disperse onlookers and keep others from congregating in the area.
- When participants are separated, do not allow further visual or verbal contact.
- Document all activities witnessed by staff.
- Deal with event according to school's discipline policy.
- Building administrator notifies parents/guardians of students involved in fight. Superintendent and police may be notified as necessary, or as indicated by school policy.
- Assess counseling needs of participants and witnesses. Implement post-crisis procedures as needed.

*For fights or disturbances that elevate to possible assault level, refer to **Assault** guidance.*

ASSAULT

- Ensure the safety of students and staff first.
- Notify building administrator. **Work as a team.**
- Notify law enforcement if circumstances lead you to believe that criminal activity is involved, e.g., if a weapon is used, if there has been a sexual assault or there is a physical injury that causes substantial pain.
- Seal off area to preserve evidence and disperse onlookers.
- If victim requires medical attention, follow **Medical Emergency** procedures.
- **Do not leave the victim alone.**
- Notify parents/guardians and superintendent per district policy.
- Document all activities witnessed by staff.
- Assess counseling needs and implement post-crisis procedures as needed.

INTRUDER

Intruder – an unauthorized person who enters school property:

Minnesota State statute 609.605 subd. 4 gives a school building administrator authority to have persons removed from school property as trespassers if they are not authorized to be there.

- Politely greet intruder and identify yourself.
 - Consider asking another staff person to accompany you before approaching intruder.
- Inform intruder that all visitors must register at the main office.
 - Ask intruder the purpose of his/her visit. If possible, attempt to identify the individual and/or vehicle.
- If intruder's purpose is not legitimate, ask him/her to leave. Accompany intruder to exit.
- Notify building administrator or law enforcement.

If intruder refuses to leave:

- Notify building administrator and law enforcement if intruder refuses to leave. Give law enforcement full description of intruder.
- Back away from intruder if he/she indicates a potential for violence. Allow an avenue of escape. To the extent possible, maintain visual contact.
 - Be aware of intruder's actions at this time (where he/she is located in school building, whether he/she is carrying a weapon or package, etc.).
 - Maintaining visual contact and knowing the location of the intruder is less disruptive than doing a building-wide search later.

Should the situation escalate quickly, the building administrator may decide at any time to initiate lockdown procedures.

Note: To assist staff members who interact with a stranger at school, use the "I CAN" rule.

Intercept

Contact

Ask

Notify

WEAPONS

Staff or students who are aware of a weapon brought to school:

- Immediately notify building administrator, teacher or law enforcement.
 - Give the following information:
 - Name of person suspected of bringing the weapon.
 - Location of the weapon.
 - Whether the suspect has threatened anyone.
 - Any other details that may prevent the suspect from hurting someone or himself/herself.
- Teachers who suspect that a weapon is in the classroom: **STAY CALM.**
 - Do not call attention to the weapon.
 - Notify the building administrator, the school resource officer or a neighboring teacher as soon as possible.
 - Teacher should not leave the classroom.

Building administrator:

- Call law enforcement to report that a weapon is suspected in school.
- Ask another administrator or a law enforcement officer to participate in questioning the suspected student or staff member.
 - Consider the best time and place to approach the person, taking into account these factors if possible:
 - Need for assistance from law enforcement.
 - Type of weapon.
 - Safety of persons in the area.
 - State of mind of the suspected person.
 - Accessibility of the weapon.
- Separate student/staff member from weapon, if possible.
- If the suspect threatens you with the weapon, **DO NOT** try to disarm him/her. Back away with your hands up. **STAY CALM.**
- Follow district procedures if you need to conduct a weapons search.
- Document all activities related to a weapons incident according to reporting requirements of the district and Minnesota Statutes.
- If the suspect is a student, notify parent(s)/guardian(s) according to district policy.

SHOOTING

If a person displays a firearm or begins shooting:

- Move to or seek safe shelter. Go to lockdown procedures.
- Notify building administrator/law enforcement.
- Call **911**.

If you hear gunshots:

- If possible, determine where shooting is taking place.
- Seek safe shelter.
 - If outside, stay as low to the ground as possible, and find any kind of cover.
 - If inside, go to lockdown procedures.
- Teachers take attendance and notify the building administrator of missing students or staff as soon as it is safe to do so.

Building administrator/school resource officer/security/law enforcement:

- Building administrator may order lockdown procedures.
- Assess the situation as to:
 - The shooter's location.
 - Injuries.
 - Potential for additional shooting.
- Call **911** and give as much detail as possible about the situation.
- Secure the school, if appropriate.
- Help students and staff find safe shelter.
- Care for the injured *if it is safe to do so* until emergency responders arrive. Do not add to the victim list by exposing yourself to danger.
- Notify superintendent's office.
- Refer media to district spokesperson per media procedures.
- Initiate post-crisis procedures.

Work with local law enforcement to identify their response methods and capabilities. Provide them with updated building diagrams.

HOSTAGE

Witness to a hostage situation:

If the hostage-taker is unaware of your presence, DO NOT INTERVENE!

- Notify building administrator. Building administrator may wish to initiate lockdown procedures or evacuation.
- Call **911**. Give dispatcher details of situation.
- Seal off area near hostage scene.
- Police will take control of hostage scene; building administrator coordinates with police for safety and welfare of students and staff.
- Document all activities.

If taken hostage:

- Cooperate with hostage-taker to the fullest extent possible.
- Try not to panic. Calm students if they are present.
- Treat the hostage-taker as normally as possible.
- Be respectful to the hostage-taker.
- Ask permission to speak; do not argue or make suggestions.

BOMB THREAT

Critical information:

- Schools are responsible for assessing bomb threats to determine credibility.
- All bomb threats must be taken seriously until they are assessed.
- The decision whether or not to evacuate rests with the **school**, not the responding agencies, unless a device is located.

Procedures upon receiving a bomb threat:

By phone call

- Complete the *Checklist for Telephone Threats*.

By written note

- Preserve evidence.
- Place note in plastic bag, if available.
- Photograph words written on walls.
- Notify building administrator or designee.
- Notify law enforcement.
- Building administrator orders evacuation or other actions according to threat assessment and school policy.

Caution: Overreacting may encourage additional threats.

Scanning process considerations:

- Scan classrooms and common areas for suspicious items. Scans should be made by people who are familiar with the building. Assign staff to certain areas of the building. Keep in mind that a bomb could be placed *anywhere* on school property – inside or outside.
- Any suspicious devices, packages, etc., should be pointed out to emergency responders. **Do not touch.**
- Once a device is located, emergency responders take responsibility for it.

Evacuation considerations:

- If a decision is made to evacuate, notify staff via phone system, hardwired PA system or by messenger. **Do not use cell phones, radios or fire alarm system** because of risk of activating a device.
- While notification is being made, other staff should survey the grounds to clear exits and areas where students and staff will be going. Exit routes should be altered accordingly if the location of the device is known.
- When evacuating, leave everything as-is. Leave room doors unlocked. Teachers take class roster.

*Bomb squads generally will **not** search a building unless a suspicious package has been located.*

CHEMICAL OR BIOLOGICAL THREAT

If a telephone threat references a chemical or biological device or package, complete the *Checklist for Telephone Threats* procedures and refer to safety procedures in *Bomb Threat* and *Hazardous Materials* sections.

This page addresses receiving, by mail or delivery service, a suspicious letter or package that might be a chemical or biological threat.

When sorting mail or receiving delivered packages:

- Look for characteristics that make you suspicious of the content.
 - excessive postage, excessive weight
 - misspellings of common words
 - oily stains, discolorations, odor
 - no return address or showing a city or state in the postmark that does not match the return address
 - package not anticipated by someone in the school or not sent by a known school vendor

If a letter/package is opened and contains a written threat by no suspicious substance:

- Notify building administrator and law enforcement.
- Limit access to the area in which the letter/package was opened to minimize the number of people who might directly handle it. It is considered criminal evidence.
- Ask the person who discovered/opened the letter or package to place it into another container, such as a plastic bag.
- Turn the letter/package over to law enforcement. Document all activities.

If a letter or package is opened and contains some type of suspicious substance:

- Notify building administrator and law enforcement.
- Isolate the people who have been exposed to the substance. The goal here is to prevent/minimize spreading contamination.
- Limit access to the area in which the letter/package was opened.
- Ask the person who discovered/opened the letter/package to place it into another container, such as a clear plastic zip-lock bag. Handle with gloves if possible.
- Emergency officials will determine the need for decontamination of the area and the people exposed to the substance.

Building administrator:

- Building administrator and emergency officials determine whether evacuation is necessary.
- Building administrator notifies superintendent. Notification is made to parents/guardians, according to district policies.
- Implement post-crisis procedures as necessary.

Consider having gloves and zip-lock bags available at mail sorting areas.

CHECKLIST FOR TELEPHONE THREATS

If you receive a telephone threat (bomb/chemical/other):

- **Remain calm**
- **Do not hang up. Keep the caller on the line as long as possible and listen carefully.**

Ask the following questions:

- Where is the bomb/chemical or other hazard?
- When will it explode/be activated?
- What does it look like?
- What kind of bomb/hazard is it?

LEAVE YOUR PHONE OFF THE HOOK. DO NOT HANG UP AFTER CALLER HANGS UP.

DEMONSTRATION

If demonstrators are near but not on school property:

- Building administrator notifies staff and superintendent's office.
- Monitor situation. Notify law enforcement if necessary.

If demonstrators are on school property:

- Ensure safety of students and staff, particularly safe entry into and exit from the building.
- Building administrator notifies staff and superintendent's office.
- Building administrator asks demonstrators to leave school property. Warn them that they are violating the state trespass statute. Notify law enforcement if necessary.
 - *If demonstrators leave*, continue to monitor the situation.
 - *If demonstrators do not leave*, notify law enforcement. Building administrator may initiate "lockdown with warning." (**See Lockdown Procedures**)

SUICIDE

Suicide threat:

- Consider any student reference to suicide as serious.
- Do not leave the student alone.
- Notify the school counselor, social worker, psychologist or building administrator immediately.
- Stay with the student until suicide intervention staff arrives.
- Do not allow the student to leave school without parent, guardian or other appropriate adult supervision.

Suicide attempt in school:

- Notify building administrator, school nurse or other appropriate professional staff.
- Call **911** if the person needs medical attention, has a weapon, needs to be restrained or parent/guardian cannot be reached.
- Try to calm the suicidal person.
- Stay with the suicidal person until suicide intervention staff arrives.
- Isolate the suicidal person or the area, if possible.
- Initiate first aid.
- Do not allow the student to leave school without parent, guardian or other appropriate adult supervision.

Building administrator:

- Call parent(s) or guardian(s) if the suicidal person is a student.
- Call family or emergency contact if suicidal person is a staff member.
- Notify superintendent or appropriate district level administrator.
- Work with district public information officer.
- Implement post-crisis procedures.

LOCKDOWN PROCEDURES

One means of securing the school is to implement lockdown procedures. These procedures may be called for in the following instances:

- 1) **Lockdown with warning** – The threat is outside of the school building. The school may have been notified of a potential threat outside of the building.
- 2) **Lockdown with intruder** – The threat/intruder is inside the building.

Lockdown with warning procedures:

- Building administrator will order and announce “lockdown with warning” procedures. Repeat announcement several times. Be direct. Code words lead to confusion.
- Bring people inside.
- Lock exterior doors.
- Clear hallways, restrooms and other rooms that cannot be secured.
- Pull shades. Keep students away from windows.
- Control all movement, but continue classes. Disable bells. Move on announcement only.
- Building administrator will announce “all clear.”

Lockdown with intruder procedures (these actions happen rapidly):

- Building administrator will order and announce “lockdown with intruder.” Repeat announcement several times. Be direct. Code words lead to confusion.
- Immediately direct all students, staff and visitors into nearest classroom or secured space. Classes that are outside of the building SHOULD NOT enter the building. Move outside classes to primary evacuation site.
- Lock classroom doors.
- DO NOT lock exterior doors.
- Move people away from windows and doors. Turn off lights.
- DO NOT respond to anyone at the door until “all clear” is announced.
- Keep out of sight.
- Building administrator will announce “all clear.”

Some other threats may override lockdown, i.e., confirmed fire, intruder in classroom, etc. Consider making an action plan for people in large common areas, i.e., cafeteria, gymnasium.

Lockdown may be initiated in non-threatening circumstances to keep people away from areas where there may be a medical emergency or disturbance.

SHELTER-IN-PLACE PROCEDURES

Sheltering in place provides refuge for students, staff and the public inside the school building during an emergency. Shelters are located in areas of the building that maximize the safety of inhabitants.

Sheltering in place is used when evacuation would put people at risk (i.e., tornado, environmental hazard, blocked evacuation route).

Shelter areas may change depending on the emergency:

- Identify safe areas in each school building.
- Building administrator announces that students and staff must go to shelter areas.
- Bring all persons inside building(s).
- Teachers take class rosters.
- Close all exterior doors and windows, if appropriate.
- Turn off ventilation leading outdoors, if appropriate.
- Teachers account for all students after arriving in shelter area.
- All persons remain in shelter areas until a building administrator or emergency responder declares that it is safe to leave.

If all evacuation routes are blocked:

- Stay in room and close door.
- Keep air as clean as possible.
 - Seal door.
 - Open or close windows as appropriate.
 - Limit movement and talking in room.
- Communicate your situation to administration or emergency officials by whatever means possible.

EVACUATION/RELOCATION

Evacuation:

- Building administrator initiates evacuation procedures.
- Evacuation routes may be specified according to the type of emergency. They may need to be changed for safety reasons.
 - Bombs: Building administrator notifies staff of evacuation route dictated by known or suspected location of device.
 - Fire: Follow primary routes unless blocked by smoke or fire. Know the alternate route.
 - Chemical spill: Total avoidance of hazardous materials is necessary as fumes can overcome people in seconds. Plan route accordingly.
- Teachers take class rosters.
- Do not lock classroom doors when leaving.
- When outside the building, account for all students. Immediately inform building administrator of any missing student(s).

Relocation:

- Building administrator determines whether students and staff should be evacuated to a relocation center.
- Building administrator or school emergency response team designee notifies relocation center.
- If necessary, a school emergency response team designee coordinates transportation to relocation center.
- Teachers stay with class en route to the relocation center and take attendance upon arriving at the center.
- Use student release forms for students who are picked up from a relocation center.
- Notify superintendent's office and district public information office of relocation center address.

Relocation centers:

List primary and secondary student relocation centers. The primary site is usually located close to the school. The secondary site is usually located farther away. Include maps and written directions to centers for staff reference.

Primary Relocation Center:_____	Secondary Relocation Center:_____
Address:_____	Address:_____
Phone:_____	Phone:_____

MEDIA PROCEDURES

All staff must refer media contacts to district spokesperson. The school district, in coordination with assisting agencies, assumes responsibility for issuing public statements during an emergency.

- Superintendent serves as district spokesperson unless he/she designates a spokesperson. If spokesperson is unavailable, an alternate assumes responsibilities.

District spokesperson: _____
Name Contact number(s)

Alternate spokesperson: _____
Name Contact number(s)

Consider pre-designating site spokespersons.

- District Public Information (PI) person helps district spokesperson coordinate media communications.

District PI: _____
Name Contact number

Alternate PI: _____
Name Contact number

Media checklist:

- Building administrator relays all factual information to superintendent and public information person.
- Establish a media information center away from the affected area. Consider:
 - Media need timely and accurate information. However, protect the privacy of staff and students when necessary and justified.
 - Media will want to be close enough to shoot video footage and photographs, but they should not be allowed to hinder responders.
- Before holding a news conference, brief the participants and coordinate information.
 - Determine the message you want to convey. Create key messages for target audiences: parents, students and the community.
 - Emphasize the safety of students and staff.
 - Engage media to help distribute important public information. Explain how the emergency is being handled.
 - Respect privacy of victims and families of victims. Do not release names to media.
- Update media regularly. DO NOT say “No comment.” Ask other agencies to assist with media.
- Maintain log of all telephone inquiries for future use.

POST-CRISIS INTERVENTION PROCEDURES

- Assess the situation to determine the need for post-crisis interventions for staff, students and families.
- Provide post-crisis briefings for staff, students and families as appropriate.
- Re-establish school and classroom routine as quickly as possible.
- Consider interventions:
 - Defusing – Provide defusing sessions for students and staff as quickly as possible after the emergency.
Defusings are brief conversations with individuals or small groups held soon after an incident to help people better understand and cope with the effects of the incident. **Defusing should be conducted by trained individuals.**
 - Debriefing – Conduct critical-incident stress debriefing (CISD) three to four days after the emergency.
CISD is a formal group discussion designed to help people understand their reactions to the stress of an event and to give referral information. It must be modified for student’s development level. **CISD should only be conducted by trained professionals.**
 - Counseling – Provide grief counseling.
- Provide on-going support as necessary for staff, students and families.
 - Monitor and support staff.
 - Provide ongoing opportunities for children to talk about their fears and concerns. They may have more questions as time passes.
 - Identify and monitor at-risk students.
 - Provide individual crisis or grief counseling, if necessary.
 - Conduct outreach to homes.
 - Provide follow-up referral for assessment and treatment, if necessary.

The district should identify a 24-hour contact person or agency responsible for post-crisis assessment and interventions.

In the event of a tragic, highly publicized event, mental health professionals from federal, state and non-government agencies may respond to offer post-crisis aid. Effective coordination is critical. Consult with the Minnesota Department of Education for support, advice and assistance in coordinating the activities of outside entities.

SCHOOL EMERGENCY RESPONSE TEAM

Build the school’s emergency response team with people who can perform the functions identified below. Backup personnel should be assigned to each function, and key personnel should be cross-trained in critical requirements of the functions. Staff members who are not responsible for students should fill as many of the functions as possible. **Depending on the emergency, one person may be able to perform multiple assignments.**

See next page for descriptions of emergency response team functions.

These functions mirror the National Incident Management System (NIMS) used by emergency responders.

SCHOOL RESPONSE TEAM FUNCTIONS

The National Incident Management System (NIMS) was adopted by the U.S. Department of Homeland Security and is intended for use by all state and federal agencies when responding to emergencies. The system provides integrated and coordinated management guidelines for all types of disasters and emergencies.

Most functions necessary for emergency response in the community are also necessary for emergencies within the schools. Incident management functions below are described in the context of a school setting.

Incident Commander (person in charge)	Activates school's emergency response plan; assesses the threat; orders protective measures such as lockdown, evacuation or shelter-in-place; notifies district authorities and provides situation updates; requests resources.
Safety	Responsible for safety and security of the site; stops operations if conditions become unsafe.
Public Information	May be designated site spokesperson; cooperates with the district and other agencies on joint news releases; coordinates media briefings as necessary.
Liaison	Contact person for outside agencies; may represent school/district at city emergency operations center or at emergency responders' on-scene command post.
Operations Chief	Directs actions, i.e., lockdown, evacuation, site security, release of students to parents/guardians, first aid or medical care, cleanup, control of utilities.
Medical	Provides for first aid or other medical care; coordinates with emergency medical services personnel as necessary; activates school's first aid/CPR responders.
Site Security/Facility Check	Responsible for seeing that the school building and grounds are visually inspected and secured.
Student Release Coordinator	Responsible for implementing school's plan for release of students to parents/guardians from relocation site; takes necessary documents to relocation site.
Logistics Chief	Estimates logistical needs; gets personnel, facilities (relocation sites), services and materials to support operations.
Communications	Responsible for emergency communications systems and equipment; may act as lead or hub for internal communications response.
Transportation	Responsible for arranging transportation for emergency relocations and early dismissal of school; keeps current contact list of transportation providers.
Planning Chief	Assists in assessing emergencies; establishes priorities, identifies issues and prepares an action plan with incident commander.
Financial/Recordkeeping	Manages financial aspects of an emergency; compiles record of expenditures; tracks injuries and lost or damaged property; coordinates with district for insurance; initiates business recovery efforts.

HIGHLY CONTAGIOUS SERIOUS ILLNESS OR PANDEMIC FLU

- The school district may provide information on the proper methods for hand washing, covering coughs, and social distancing. Reminders of these methods may be placed throughout the school district's buildings.
- Children and staff should be asked to wash their hands thoroughly and frequently. All classroom surfaces should be disinfected according to guidance from health officials.
- If a case of highly contagious serious illness is suspected, the sick student, employee, or visitor should be immediately sent home. If that is not possible, the person should be isolated, as much as possible, until arrangements can be made for the person to leave the school.
- If a serious illness is confirmed, the local health agency should be notified and communication efforts initiated. See *Emergency Phone Numbers* and *Media Procedures*.
- In the absence of a school closure order from a state agency, the superintendent, in consultation with the school board, will determine when to close school due to significant risk of spreading the illness. See *Early School Closure Procedures, Part III.F.*, especially if school is closed before the end of a school day.
- If an extended school closure is ordered, the school district may make online learning or other at home learning options available to the extent feasible.
- Any closed school buildings should be disinfected according to guidance from health officials before reopening.

806 CRISIS MANAGEMENT POLICY

[Note: The Commissioner of Education is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minn. Stat. § 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. This Model Crisis Management Policy ~~is~~ was originally the result of a collaborative effort between the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. For purposes of this Policy, the term, “school districts,” shall include charter schools. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with first emergency responders and other relevant community organizations. The school district will ensure that relevant first emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district’s Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building’s specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures. The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Emergency Planning and Procedures Guide for Schools Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

~~Finally, all~~ All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

[Note: More specific information on planning for children with special needs can be found in the Comprehensive School Safety Guide (2011 Edition) and United States Department of Education's document entitled, "Practical Information on Crisis Planning, a Guide for Schools and Communities." A website link is provided in the resource section of this Policy.]

- a. Lock-Down Procedures. Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in

the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

[Note: State law requires a minimum of five school lock-down drills each school year. See Minn. Stat. § 121A.035.]

- b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.

[Note: State law requires a minimum of five school fire drills, consistent with Minn. Stat. § 299F.30, and one school tornado drill each school year. See Minn. Stat. § 121A.035.]

- c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

~~[Note: State law requires a minimum of five school fire drills, consistent with Minn. Stat. § 299F.30, and one school tornado drill each school year. See Minn. Stat. § 121A.035.]~~

[Note: The ~~attached Emergency Planning and Procedures Guide for Schools Comprehensive School Safety Guide (2011 Edition)~~ has sample lock-down procedures, evacuation procedures, and sheltering procedures.]

2. Crisis-Specific Procedures. The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor

response procedures when creating building-specific crisis management plans.

[Note: The ~~attached Emergency Planning and Procedures Guide for Schools Comprehensive School Safety Guide (2011 Edition)~~ includes crisis-specific procedures.]

3. School Emergency Response Teams

- a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

[Note: The ~~attached Emergency Planning and Procedures Guide for Schools Comprehensive School Safety Guide (2011 Edition)~~ has a sample School Emergency Response Team list.]

- b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees. Teachers generally have the most direct contact with

students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)

[Note: Evacuation areas at least 50 feet from school buildings are recommended but not mandated by statute or rule. Evacuation areas should be selected based on safety and the individual school site's proximity to streets, traffic patterns, and other hazards.]

2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire

extinguishers and protective clothing and equipment.

5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See Minn. Stat. § 121A.035.

[Note: The State Fire Marshal advises schools to defer fire drills during the winter months.]

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample fire drills schedule and log.]

7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

[Note: The ~~attached Emergency Planning and Procedures Guide for Schools Comprehensive School Safety Guide (2011 Edition)~~, under the Response section, has a sample fire procedure form, evacuation/relocation and student reunification/release procedures, and planning for student reunification.]

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly ~~updated~~ and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

[Note: For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans on a CD-Rom and

distributing copies to first responders or sharing the documents with first responders during the crisis planning process.]

[Note: To the extent data contained in facility diagrams and site plans constitute security information pursuant to Minn. Stat. § 13.37, school districts are advised to consult with appropriate officials and/or legal counsel prior to dissemination of the facility diagrams or site plans to anyone other than first responders.]

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

[Note: The attached Emergency Planning and Procedures Guide for Schools Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample Emergency Phone Numbers list.]

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

~~It shall be the responsibility of the~~ The building administrator shall be responsible

~~for to~~ informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, provides universal procedures for severe weather shelter.]

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

[Note: The ~~attached Emergency Planning and Procedures Guide for Schools Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample Media Procedures form.]~~

H. ~~Grief-Counseling Behavioral Health Crisis Intervention~~ Procedures

~~Grief-counseling~~ Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating grief-counseling behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community ~~grief-counselors~~ behavioral health crisis intervention, or others in the community. ~~Grief-counseling~~ Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The ~~grief-counseling~~ behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Recovery section, addresses the recovery components in more detail.]

IV. SAMPLE PROCEDURES INCLUDED IN THIS POLICY

Sample procedures for the various hazards/emergencies listed below are attached to this Policy for use when drafting specific crisis management plans. Additional sample procedures may be found in the Response section of the Comprehensive School Safety Guide (2011 Edition). After approval by the school board, an adopted procedure will become an addendum to the Crisis Management Policy.

Procedures for reporting chemical accidents shall be posted at key locations such as chemistry labs, art rooms, swimming pool areas, and janitorial closets.

[Note: School buildings must maintain Material Safety Data Sheets (M.S.D.S.) for all chemicals on campus. State law, federal law, and OSHA require that pertinent staff have access to M.S.D.S. in the event of a chemical accident.]

B. Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings. See MSBA/MASA Model Policy 903 (Visitors to School District Buildings and Sites).

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

C. Student Victims of Criminal Offenses at or on School Property

The school district shall establish procedures allowing student victims of criminal offenses on school property the opportunity to transfer to another school within the school district.

[Note: The No Child Left Behind Act, 20 U.S.C. § 6301, et seq.; Title IX, 20 U.S.C. § 1681, et seq.; and the Unsafe School Choice Option, 20 U.S.C. § 7912, require school districts to establish such transfer procedures.]

D. Radiological Emergencies at Nuclear Generating Plants [OPTIONAL]

School districts within a 10 mile radius of the Monticello or Prairie Island nuclear power plants will implement crisis plans in the event of an accident or incident at the power plant.

Questions relative to the creation or implementation of such plans will be directed to the Minnesota Department of Public Safety.

Your local emergency response agencies (law enforcement, fire, emergency management) can also assess your building and situation, suggest changes, and assist in drafting building-specific crisis management/emergency plans.

FIRE

In the event of a fire, smoke from a fire or detection of a gas odor:

- Pull fire alarm and notify building occupants by means of

 - Evacuate students and staff to the designated areas.
 - These areas should be a safe distance away from emergency personnel.
 - Be aware of the arrival of emergency responders. See map of evacuation routes and assembly areas located

(or included in this manual on next page)
 - Follow primary fire drill route whenever possible. Follow alternate route if primary route is blocked or dangerous. See map, located

- (or included in this manual on next page)
- Teachers take class roster.
 - Teachers take attendance after evacuation.
 - Teachers report missing students to building administrator immediately.
- If trapped by fire, go to **Shelter-in-Place Procedures**.

Building administrator:

- Building administrator notifies fire department (call **911**) and superintendent.
- Building administrator or designee meets with emergency officials as soon as possible.
- After consulting with appropriate official, building administrator may move students to primary relocation center at _____ if weather is inclement or building is damaged.
- **Do not** reenter buildings until they are declared safe by fire or law enforcement personnel.
- Building administrator notifies staff and students of termination of emergency.

*Fire drills should be held at varied times during the school day.
Practice both primary and alternate routes.*

Extra staffing is necessary for students with special medical or physical needs.

HAZARDOUS MATERIALS

Incident occurs in school:

- Notify building administrator/office.
- Call **911**. If the type and/or location of hazardous material is known, report that information to 911.
- Evacuate to an upwind location, taking class roster. Teachers take attendance after evacuation.
- Seal off area of leak/spill. Close doors.
- Fire officer in charge will determine additional shelter-in-place or evacuation actions.
- Shut off heating, cooling, and ventilation systems in contaminated area to reduce the spread of contamination.
- Building administrator notifies superintendent.
- Notify parents/guardians if students are evacuated, according to district policy and/or guidance.
- Resume normal operations when fire officials approve.

Incident occurs near school property:

- Fire or law enforcement will notify school officials.
- Consider closing outside air intake, evacuating students to a safe area, or sheltering students inside the building until emergency passes or relocation is necessary.
- Fire officer in charge of scene will instruct school officials on the need for sheltering or evacuation.
- Follow procedures for sheltering or evacuation.
- If evacuating, teachers take class rosters and take attendance after evacuation.
- If evacuation is not ordered, be aware of and remain alert for any change in health conditions of students and staff, especially respiratory problems. Seek medical attention if necessary.
- Notify parents/guardians if students are evacuated, according to district policy and/or guidance.
- Resume normal operations when fire officials approve.

Extra staffing is necessary for students with special medical and/or physical needs.

SEVERE WEATHER TORNADO/SEVERE THUNDERSTORM/FLOODING

Tornado/severe thunderstorm WATCH has been issued in an area near school:

- Monitor NOAA Weather Radio All Hazards (National Weather Service) or emergency alert radio stations.
- Bring all persons inside building(s).
- Close windows.
- Review tornado drill procedures and location of safe areas.

Tornado safe areas are interior hallways or rooms away from exterior walls and windows and away from large rooms with long-span ceilings.

- Review “drop and tuck” procedures with students.

Tornado/severe thunderstorm WARNING has been issued in an area near school, or a tornado has been spotted near school:

- Move students and staff to safe areas.
- Close classroom doors.
- Teachers take class rosters.
- Ensure that students are in “tuck” positions.
- Teachers take attendance.
- Remain in safe area until warning expires or emergency personnel have issued an all-clear signal.

Post diagrams in each classroom showing routes to areas. Attach a building diagram showing safe areas.

Flooding:

- Monitor NOAA Weather Radio All Hazards and emergency alert radio stations. Stay in contact with emergency management officials.
- Review evacuation procedures with staff.
- Check relocation centers. Find an alternate relocation center if primary and secondary centers would also be flooded.
- Check transportation resources.
- If district officials and emergency responders advise evacuation, do so immediately.
- Teachers take class rosters.
- Teachers take attendance.
- Notify parents/guardians according to district policy.

Refer to Severe Weather Awareness Week postings at www.hsem.state.mn.us for further information on severe weather safety.

MEDICAL EMERGENCY

Life-threatening injury or illness, or death:

- Notify office staff/building administrator to make emergency calls. If unable to reach office immediately, call **911**. **Work as a team.**
- Give full attention to the victim(s).
- Do not attempt to move a person who is ill or injured unless he/she is in immediate danger of further injury.
- If possible, isolate the affected student/staff member. Disperse onlookers and keep others from congregating in the area.
- Check breathing. Is the airway clear? Is the victim in a position to facilitate breathing?
- Help stop bleeding.
 - Applying pressure on wound or elevating wound may help stop or slow bleeding.
 - Protect yourself from body fluids. Use gloves if available.
- Check for vital signs. Initiate first aid, if you are trained.
- Comfort the victim(s) and offer reassurance that medical attention is on the way.
- After immediate medical needs have been cared for, remain to assist emergency medical services personnel with pertinent information about the incident.

Non-life-threatening injury or illness:

- For all non-life-threatening illnesses and injuries, call the office/nurse.

Administrator:

- In case of traumatic medical emergency or death at school:
 - Notify superintendent.
 - Notify victim's parents, guardians, or family.
 - Activate post-crisis procedures, if necessary.
- In all other medical emergencies, assess individual's need for post-crisis intervention.

FIGHT/DISTURBANCE

- Ensure the safety of students and staff first.
- Notify building administrator/security/law enforcement. **Work as a team**, especially when separating participants.
- Don't let a crowd incite participants. Disperse onlookers and keep others from congregating in the area.
- When participants are separated, do not allow further visual or verbal contact.
- Document all activities witnessed by staff.
- Deal with event according to school's discipline policy.
- Building administrator notifies parents/guardians of students involved in fight. Superintendent and police may be notified as necessary, or as indicated by school policy.
- Assess counseling needs of participants and witnesses. Implement post-crisis procedures as needed.

*For fights or disturbances that elevate to possible assault level, refer to **Assault** guidance.*

ASSAULT

- Ensure the safety of students and staff first.
- Notify building administrator. **Work as a team.**
- Notify law enforcement if circumstances lead you to believe that criminal activity is involved, e.g., if a weapon is used, if there has been a sexual assault or there is a physical injury that causes substantial pain.
- Seal off area to preserve evidence and disperse onlookers.
- If victim requires medical attention, follow **Medical Emergency** procedures.
- **Do not leave the victim alone.**
- Notify parents/guardians and superintendent per district policy.
- Document all activities witnessed by staff.
- Assess counseling needs and implement post-crisis procedures as needed.

INTRUDER

Intruder – an unauthorized person who enters school property:

Minn. Stat. § 609.605, Subd. 4, gives a school building administrator authority to have persons removed from school property as trespassers if they are not authorized to be there.

- Politely greet intruder and identify yourself.
 - Consider asking another staff person to accompany you before approaching intruder.
- Inform intruder that all visitors must register at the main office.
 - Ask intruder the purpose of his/her visit. If possible, attempt to identify the individual and/or vehicle.
- If intruder's purpose is not legitimate, ask him/her to leave. Accompany intruder to exit.
- Notify building administrator or law enforcement.

If intruder refuses to leave:

- Notify building administrator and law enforcement if intruder refuses to leave. Give law enforcement full description of intruder.
- Back away from intruder if he/she indicates a potential for violence. Allow an avenue of escape. To the extent possible, maintain visual contact.
 - Be aware of intruder's actions at this time (where he/she is located in school building, whether he/she is carrying a weapon or package, etc.).
 - Maintaining visual contact and knowing the location of the intruder is less disruptive than doing a building-wide search later.

Should the situation escalate quickly, the building administrator may decide at any time to initiate lockdown procedures.

Note: To assist staff members who interact with a stranger at school, use the "I CAN" rule.

Intercept

WEAPONS

Staff or students who are aware of a weapon brought to school:

- Immediately notify building administrator, teacher or law enforcement.
 - Give the following information:
 - Name of person suspected of bringing the weapon.
 - Location of the weapon.
 - Whether the suspect has threatened anyone.
 - Any other details that may prevent the suspect from hurting someone or himself/herself.
- Teachers who suspect that a weapon is in the classroom: **STAY CALM.**
 - Do not call attention to the weapon.
 - Notify the building administrator, the school resource officer or a neighboring teacher as soon as possible.
 - Teacher should not leave the classroom.

Building administrator:

- Call law enforcement to report that a weapon is suspected in school.
- Ask another administrator or a law enforcement officer to participate in questioning the suspected student or staff member.
 - Consider the best time and place to approach the person, taking into account these factors if possible:
 - Need for assistance from law enforcement.
 - Type of weapon.
 - Safety of persons in the area.
 - State of mind of the suspected person.
 - Accessibility of the weapon.
- Separate student/staff member from weapon, if possible.
- If the suspect threatens you with the weapon, **DO NOT** try to disarm him/her. Back away with your hands up. **STAY CALM.**
- Follow district procedures if you need to conduct a weapons search.
- Document all activities related to a weapons incident according to reporting requirements of the district and Minnesota Statutes.
- If the suspect is a student, notify parent(s)/guardian(s) according to district policy.

SHOOTING

If a person displays a firearm or begins shooting:

- Move to or seek safe shelter. Go to lockdown procedures.
- Notify building administrator/law enforcement.
- Call **911**.

If you hear gunshots:

- If possible, determine where shooting is taking place.
- Seek safe shelter.
 - If outside, stay as low to the ground as possible, and find any kind of cover.
 - If inside, go to lockdown procedures.
- Teachers take attendance and notify the building administrator of missing students or staff as soon as it is safe to do so.

Building administrator/school resource officer/security/law enforcement:

- Building administrator may order lockdown procedures.
- Assess the situation as to:
 - The shooter's location.
 - Injuries.
 - Potential for additional shooting.
- Call **911** and give as much detail as possible about the situation.
- Secure the school, if appropriate.
- Help students and staff find safe shelter.
- Care for the injured *if it is safe to do so* until emergency responders arrive. Do not add to the victim list by exposing yourself to danger.
- Notify superintendent's office.
- Refer media to district spokesperson per media procedures.
- Initiate post-crisis procedures.

Work with local law enforcement to identify their response methods and capabilities. Provide them with updated building diagrams.

HOSTAGE

Witness to a hostage situation:

If the hostage-taker is unaware of your presence, DO NOT INTERVENE!

- Notify building administrator. Building administrator may wish to initiate lockdown procedures or evacuation.
- Call **911**. Give dispatcher details of situation.
- Seal off area near hostage scene.
- Police will take control of hostage scene; building administrator coordinates with police for safety and welfare of students and staff.
- Document all activities.

If taken hostage:

- Cooperate with hostage-taker to the fullest extent possible.
- Try not to panic. Calm students if they are present.
- Treat the hostage-taker as normally as possible.
- Be respectful to the hostage-taker.
- Ask permission to speak; do not argue or make suggestions.

BOMB THREAT

Critical information:

- Schools are responsible for assessing bomb threats to determine credibility.
- All bomb threats must be taken seriously until they are assessed.
- The decision whether or not to evacuate rests with the **school**, not the responding agencies, unless a device is located.

Procedures upon receiving a bomb threat:

By phone call

- Complete the *Checklist for Telephone Threats*.

By written note

- Preserve evidence.
- Place note in plastic bag, if available.
- Photograph words written on walls.
- Notify building administrator or designee.
- Notify law enforcement.
- Building administrator orders evacuation or other actions according to threat assessment and school policy.

Caution: Overreacting may encourage additional threats.

Scanning process considerations:

- Scan classrooms and common areas for suspicious items. Scans should be made by people who are familiar with the building. Assign staff to certain areas of the building. Keep in mind that a bomb could be placed *anywhere* on school property – inside or outside.
- Any suspicious devices, packages, etc., should be pointed out to emergency responders. **Do not touch.**
- Once a device is located, emergency responders take responsibility for it.

Evacuation considerations:

- If a decision is made to evacuate, notify staff via phone system, hardwired PA system or by messenger. **Do not use cell phones, radios or fire alarm system** because of risk of activating a device.
- While notification is being made, other staff should survey the grounds to clear exits and areas where students and staff will be going. Exit routes should be altered accordingly if the location of the device is known.
- When evacuating, leave everything as-is. Leave room doors unlocked. Teachers take class roster.

*Bomb squads generally will **not** search a building unless a suspicious package has been located.*

CHEMICAL OR BIOLOGICAL THREAT

If a telephone threat references a chemical or biological device or package, complete the *Checklist for Telephone Threats* procedures and refer to safety procedures in *Bomb Threat* and *Hazardous Materials* sections.

This page addresses receiving, by mail or delivery service, a suspicious letter or package that might be a chemical or biological threat.

When sorting mail or receiving delivered packages:

- Look for characteristics that make you suspicious of the content.
 - excessive postage, excessive weight
 - misspellings of common words
 - oily stains, discolorations, odor
 - no return address or showing a city or state in the postmark that does not match the return address
 - package not anticipated by someone in the school or not sent by a known school vendor

If a letter/package is opened and contains a written threat by no suspicious substance:

- Notify building administrator and law enforcement.
- Limit access to the area in which the letter/package was opened to minimize the number of people who might directly handle it. It is considered criminal evidence.
- Ask the person who discovered/opened the letter or package to place it into another container, such as a plastic bag.
- Turn the letter/package over to law enforcement. Document all activities.

If a letter or package is opened and contains some type of suspicious substance:

- Notify building administrator and law enforcement.
- Isolate the people who have been exposed to the substance. The goal here is to prevent/minimize spreading contamination.
- Limit access to the area in which the letter/package was opened.
- Ask the person who discovered/opened the letter/package to place it into another container, such as a clear plastic zip-lock bag. Handle with gloves if possible.
- Emergency officials will determine the need for decontamination of the area and the people exposed to the substance.

Building administrator:

- Building administrator and emergency officials determine whether evacuation is necessary.
- Building administrator notifies superintendent. Notification is made to parents/guardians, according to district policies.
- Implement post-crisis procedures as necessary.

Consider having gloves and zip-lock bags available at mail sorting areas.

CHECKLIST FOR TELEPHONE THREATS

If you receive a telephone threat (bomb/chemical/other):

- **Remain calm**
- **Do not hang up. Keep the caller on the line as long as possible and listen carefully.**

Ask the following questions:

- Where is the bomb/chemical or other hazard?
- When will it explode/be activated?
- What does it look like?
- What kind of bomb/hazard is it?
- What will cause it to explode/activate?
- What is your name?
- Did you place the bomb/hazard? WHY?
- Where are you?

Exact wording of the threat: _____

If voice is familiar, who did it sound like? _____

---------------------------	------	-------	------------	------------	-----------------------------

Did caller indicate knowledge of the building? Give specifics: _____

Person receiving call: _____ Phone number where call received: _____

LEAVE YOUR PHONE OFF THE HOOK. DO NOT HANG UP AFTER CALLER HANGS UP.

DEMONSTRATION

If demonstrators are near but not on school property:

- Building administrator notifies staff and superintendent's office.
- Monitor situation. Notify law enforcement if necessary.

If demonstrators are on school property:

- Ensure safety of students and staff, particularly safe entry into and exit from the building.
- Building administrator notifies staff and superintendent's office.
- Building administrator asks demonstrators to leave school property. Warn them that they are violating the state trespass statute. Notify law enforcement if necessary.
 - *If demonstrators leave*, continue to monitor the situation.
 - *If demonstrators do not leave*, notify law enforcement. Building administrator may initiate "lockdown with warning." (**See Lockdown Procedures**)

SUICIDE

Suicide threat:

- Consider any student reference to suicide as serious.
- Do not leave the student alone.
- Notify the school counselor, social worker, psychologist, or building administrator immediately.
- Stay with the student until suicide intervention staff arrives.
- Do not allow the student to leave school without parent, guardian, or other appropriate adult supervision.

Suicide attempt in school:

- Notify building administrator, school nurse, or other appropriate professional staff.
- Call **911** if the person needs medical attention, has a weapon, needs to be restrained, or parent/guardian cannot be reached.
- Try to calm the suicidal person.
- Stay with the suicidal person until suicide intervention staff arrives.
- Isolate the suicidal person or the area, if possible.
- Initiate first aid.
- Do not allow the student to leave school without parent, guardian, or other appropriate adult supervision.

Building administrator:

- Call parent(s) or guardian(s) if the suicidal person is a student.
- Call family or emergency contact if suicidal person is a staff member.
- Notify superintendent or appropriate district level administrator.
- Work with district public information officer.
- Implement post-crisis procedures.

LOCKDOWN PROCEDURES

One means of securing the school is to implement lockdown procedures. These procedures may be called for in the following instances:

- 1) **Lockdown with warning** – The threat is outside of the school building. The school may have been notified of a potential threat outside of the building.
- 2) **Lockdown with intruder** – The threat/intruder is inside the building.

Lockdown with warning procedures:

- Building administrator will order and announce “lockdown with warning” procedures. Repeat announcement several times. Be direct. Code words lead to confusion.
- Bring people inside.
- Lock exterior doors.
- Clear hallways, restrooms, and other rooms that cannot be secured.
- Pull shades. Keep students away from windows.
- Control all movement, but continue classes. Disable bells. Move on announcement only.
- Building administrator will announce “all clear.”

Lockdown with intruder procedures (these actions happen rapidly):

- Building administrator will order and announce “lockdown with intruder.” Repeat announcement several times. Be direct. Code words lead to confusion.
- Immediately direct all students, staff and visitors into nearest classroom or secured space. Classes that are outside of the building SHOULD NOT enter the building. Move outside classes to primary evacuation site.
- Lock classroom doors.
- DO NOT lock exterior doors.
- Move people away from windows and doors. Turn off lights.
- DO NOT respond to anyone at the door until “all clear” is announced.
- Keep out of sight.
- Building administrator will announce “all clear.”

Some other threats may override lockdown, i.e., confirmed fire, intruder in classroom, etc. Consider making an action plan for people in large common areas, i.e., cafeteria, gymnasium.

Lockdown may be initiated in non-threatening circumstances to keep people away from areas where there may be a medical emergency or disturbance.

SHELTER-IN-PLACE PROCEDURES

Sheltering in place provides refuge for students, staff and the public inside the school building during an emergency. Shelters are located in areas of the building that maximize the safety of inhabitants.

Sheltering in place is used when evacuation would put people at risk (i.e., tornado, environmental hazard, blocked evacuation route).

Shelter areas may change depending on the emergency:

- Identify safe areas in each school building.
- Building administrator announces that students and staff must go to shelter areas.
- Bring all persons inside building(s).
- Teachers take class rosters.
- Close all exterior doors and windows, if appropriate.
- Turn off ventilation leading outdoors, if appropriate.
- Teachers account for all students after arriving in shelter area.
- All persons remain in shelter areas until a building administrator or emergency responder declares that it is safe to leave.

If all evacuation routes are blocked:

- Stay in room and close door.
- Keep air as clean as possible.
 - Seal door.
 - Open or close windows as appropriate.
 - Limit movement and talking in room.
- Communicate your situation to administration or emergency officials by whatever means possible.

EVACUATION/RELOCATION

Evacuation:

- Building administrator initiates evacuation procedures.
- Evacuation routes may be specified according to the type of emergency. They may need to be changed for safety reasons.
 - Bombs: Building administrator notifies staff of evacuation route dictated by known or suspected location of device.
 - Fire: Follow primary routes unless blocked by smoke or fire. Know the alternate route.
 - Chemical spill: Total avoidance of hazardous materials is necessary as fumes can overcome people in seconds. Plan route accordingly.
- Teachers take class rosters.
- Do not lock classroom doors when leaving.
- When outside the building, account for all students. Immediately inform building administrator of any missing student(s).

Relocation:

- Building administrator determines whether students and staff should be evacuated to a relocation center.
- Building administrator or school emergency response team designee notifies relocation center.
- If necessary, a school emergency response team designee coordinates transportation to relocation center.
- Teachers stay with class en route to the relocation center and take attendance upon arriving at the center.
- Use student release forms for students who are picked up from a relocation center.
- Notify superintendent's office and district public information office of relocation center address.

Relocation centers:

List primary and secondary student relocation centers. The primary site is usually located close to the school. The secondary site is usually located farther away. Include maps and written directions to centers for staff reference.

Primary Relocation Center: _____ Secondary Relocation Center: _____
Address: _____ Address: _____
Phone: _____ Phone: _____

MEDIA PROCEDURES

All staff must refer media contacts to district spokesperson. The school district, in coordination with assisting agencies, assumes responsibility for issuing public statements during an emergency.

- Superintendent serves as district spokesperson unless he/she designates a spokesperson. If spokesperson is unavailable, an alternate assumes responsibilities.

District spokesperson: _____
Name Contact number(s)

Alternate spokesperson: _____
Name Contact number(s)

Consider pre-designating site spokespersons.

- District Public Information (PI) person helps district spokesperson coordinate media communications.

District PI: _____
Name Contact number

Alternate PI: _____
Name Contact number

Media checklist:

- Building administrator relays all factual information to superintendent and public information person.
- Establish a media information center away from the affected area. Consider:
 - Media need timely and accurate information. However, protect the privacy of staff and students when necessary and justified.
 - Media will want to be close enough to shoot video footage and photographs, but they should not be allowed to hinder responders.
- Before holding a news conference, brief the participants and coordinate information.
 - Determine the message you want to convey. Create key messages for target audiences: parents, students, and the community.
 - Emphasize the safety of students and staff.
 - Engage media to help distribute important public information. Explain how the emergency is being handled.
 - Respect privacy of victims and families of victims. Do not release names to media.
- Update media regularly. DO NOT say “No comment.” Ask other agencies to assist with media.
- Maintain log of all telephone inquiries for future use.

POST-CRISIS INTERVENTION PROCEDURES

- Assess the situation to determine the need for post-crisis interventions for staff, students, and families.
- Provide post-crisis briefings for staff, students, and families as appropriate.
- Re-establish school and classroom routine as quickly as possible.
- Consider interventions:
 - Defusing – Provide defusing sessions for students and staff as quickly as possible after the emergency.
Defusings are brief conversations with individuals or small groups held soon after an incident to help people better understand and cope with the effects of the incident. **Defusing should be conducted by trained individuals.**
 - Debriefing – Conduct critical-incident stress debriefing (CISD) three to four days after the emergency.
CISD is a formal group discussion designed to help people understand their reactions to the stress of an event and to give referral information. It must be modified for student’s development level. **CISD should only be conducted by trained professionals.**
 - Counseling – Provide grief counseling.
- Provide on-going support as necessary for staff, students and families.
 - Monitor and support staff.
 - Provide ongoing opportunities for children to talk about their fears and concerns. They may have more questions as time passes.
 - Identify and monitor at-risk students.
 - Provide individual crisis or grief counseling, if necessary.
 - Conduct outreach to homes.
 - Provide follow-up referral for assessment and treatment, if necessary.

The district should identify a 24-hour contact person or agency responsible for post-crisis assessment and interventions.

In the event of a tragic, highly publicized event, mental health professionals from federal, state and non-government agencies may respond to offer post-crisis aid. Effective coordination is critical. Consult with the Minnesota Department of Education for support, advice and assistance in coordinating the activities of outside entities.

SCHOOL EMERGENCY RESPONSE TEAM

Build the school’s emergency response team with people who can perform the functions identified below. Backup personnel should be assigned to each function, and key personnel should be cross-trained in critical requirements of the functions. Staff members who are not responsible for students should fill as many of the functions as possible. **Depending on the emergency, one person may be able to perform multiple assignments.**

See next page for descriptions of emergency response team functions.

Function	Staff Assigned	Backup Staff
Incident Commander (person in charge)		
Safety		
Public Information		
Liaison		
Operations Chief		
Medical		
(attach list of qualified first-aid/CPR responders in building)		
Site Security/ Facility Check		
Student Release Coordinator		
Logistics Chief		
Communications		
Transportation		
Planning Chief		
Financial/ Recordkeeping		

These functions mirror the National Incident Management System (NIMS) used by emergency responders.

SCHOOL RESPONSE TEAM FUNCTIONS

The National Incident Management System (NIMS) was adopted by the U.S. Department of Homeland Security and is intended for use by all state and federal agencies when responding to emergencies. The system provides integrated and coordinated management guidelines for all types of disasters and emergencies.

Most functions necessary for emergency response in the community are also necessary for emergencies within the schools. Incident management functions below are described in the context of a school setting.

Incident Commander (person in charge)	Activates school's emergency response plan; assesses the threat; orders protective measures such as lockdown, evacuation or shelter-in-place; notifies district authorities and provides situation updates; requests resources.
Safety	Responsible for safety and security of the site; stops operations if conditions become unsafe.
Public Information	May be designated site spokesperson; cooperates with the district and other agencies on joint news releases; coordinates media briefings as necessary.
Liaison	Contact person for outside agencies; may represent school/district at city emergency operations center or at emergency responders' on-scene command post.
Operations Chief	Directs actions, i.e., lockdown, evacuation, site security, release of students to parents/guardians, first aid or medical care, cleanup, control of utilities.
Medical	Provides for first aid or other medical care; coordinates with emergency medical services personnel as necessary; activates school's first aid/CPR responders.
Site Security/Facility Check	Responsible for seeing that the school building and grounds are visually inspected and secured.
Student Release Coordinator	Responsible for implementing school's plan for release of students to parents/guardians from relocation site; takes necessary documents to relocation site.
Logistics Chief	Estimates logistical needs; gets personnel, facilities (relocation sites), services, and materials to support operations.
Communications	Responsible for emergency communications systems and equipment; may act as lead or hub for internal communications response.
Transportation	Responsible for arranging transportation for emergency relocations and early dismissal of school; keeps current contact list of transportation providers.
Planning Chief	Assists in assessing emergencies; establishes priorities, identifies issues and prepares an action plan with incident commander.
Financial/Recordkeeping	Manages financial aspects of an emergency; compiles record of expenditures; tracks injuries and lost or damaged property; coordinates with district for insurance; initiates business recovery efforts.

HIGHLY CONTAGIOUS SERIOUS ILLNESS OR PANDEMIC FLU

- The school district may provide information on the proper methods for hand washing, covering coughs, and social distancing. Reminders of these methods may be placed throughout the school district's buildings.
- Children and staff should be asked to wash their hands thoroughly and frequently. All classroom surfaces should be disinfected according to guidance from health officials.
- If a case of highly contagious serious illness is suspected, the sick student, employee, or visitor should be immediately sent home. If that is not possible, the person should be isolated, as much as possible, until arrangements can be made for the person to leave the school.
- If a serious illness is confirmed, the local health agency should be notified and communication efforts initiated. See *Emergency Phone Numbers* and *Media Procedures*.
- In the absence of a school closure order from a state agency, the superintendent, in consultation with the school board, will determine when to close school due to significant risk of spreading the illness. See *Early School Closure Procedures, Part III.F.*, especially if school is closed before the end of a school day.
- If an extended school closure is ordered, the school district may make online learning or other at home learning options available to the extent feasible.
- Any closed school buildings should be disinfected according to guidance from health officials before reopening.
