533 WELLNESS

PURPOSE

The purpose of this policy is to emphasize the important role nutrition and physical activity play in creating healthy students who are better able to grow, learn, and thrive.

GENERAL STATEMENT OF POLICY

The Wellness Policy is a guide for school district and building administrators, school employees, students, school board members, and community members to ensure students are able to form healthy life-long nutritional and physical habits. District 717 will provide our students appropriate education in each of these areas, as well as healthy food choices and opportunities to participate in physical activities.

School District 717's Wellness Policy follows the guidelines of the Child and Nutrition and WIC Reauthorization Act of 2004. A committee comprising parents, students, teachers, school board, school administrators, food service staff, and the public developed the policy. Such broad participation lends itself to support for the elements and guidelines contained below.

ELEMENTS OF THE DISTRICT 717 WELLNESS POLICY

Physical Activity

District 717 will provide Pre-K–12 students with opportunities, support, and encouragement for physical education and activity in partnership with family, staff, and community through:

1. Physical education classes in which the relationship of fitness and healthy lifestyles are emphasized.
2. Daily recess time for elementary students.
3. Co-curricular opportunities.
4. Integration of physical activity into the academic curriculum where appropriate.
5. Use of school facilities outside of school hours.

Nutrition Education

District 717 will provide Pre-K–12 students with opportunities, support, and encouragement for nutrition education through:

1. Health education.
2. Recognition of nutritional needs.

Nutrition Standards

District 717 will provide Pre-K–12 students access to a variety of nutritious and appealing foods that meet the health and nutrition needs of students through:

1. Meeting the USDA nutritional requirements.
2. Participating in available federal and state school meal and milk programs.
3. Accommodating individualized health plans.
4. Accommodating religious, ethnic, and cultural backgrounds.
5. Providing adequate time for students to eat.

Other School Based Activities

District 717 will model and promote Pre-K–12 students' health, well being, and ability to learn by establishing an environment that:

1. Offers healthy and nutritional choices to students.
2. Educates students, staff, and community on healthy choices.

Nutritional Quality of Foods and Beverages Sold and Served on Campus

Meals served through the National School Lunch and Breakfast Programs will:

1. Be appealing and attractive to children.
2. Be served in clean and pleasant settings.
3. Meet, at a minimum, nutrition requirements established by local, state, and federal statutes and regulations.
4. Offer a variety of fruits and vegetables.
5. Serve only low-fat (1%) and fat-free milk and nutritionally equivalent non-dairy alternatives.
6. Ensure that whole wheat and whole grains are used where possible.

Schools should engage students and parents, through taste-tests of new entrees and surveys, in selecting foods sold through the school meal programs in order to identify new, healthful, and appealing food choices. In addition, schools should share information about the nutritional content of meals with parents and students. Such information could be made available on menus, the school's website, cafeteria menu boards, or other point-of-purchase locations.

Breakfast:

To help increase the number of students who start their learning day with a nutritional meal:

1. Breakfast will be offered at the elementary and middle school.
2. The district will make an effort to provide cereal low in sugar content.
3. Schools will encourage parents to provide a healthy breakfast for their children through newsletter articles, take-home materials, or other means.
4. Parents of elementary and middle school students will be made aware of the breakfast program.

Meal Times and Scheduling:

Principals will work with the Hot Lunch staff to ensure adequate time to eat lunch. The elementary will be encouraged to schedule lunch periods to follow recess periods.

Sharing of Foods and Beverages:

The schools will discourage students from sharing their foods or beverages with one another during meal or snack times, given concerns about allergies and other restrictions for some children's dietary needs. The schools will offer students an opportunity to sanitize their hands before eating.

Foods and Beverages Sold Individually (i.e., a la carte, vending machines, snacks, fundraisers)

Beverages

Milk, water, and fruit juice will be the only beverages sold during breakfast and lunch periods. Where available will only be in operation before and after school bell times. Water, milk, and fruit juice shall make up at least 50% of the selection choice in all vending machines. Chocolate milk will only be offered twice per week at the elementary.

Snacks

Snacks served during the school day or in after-school care or enrichment programs will make a positive contribution to children's diets and health, with an emphasis on serving fruits and vegetables as the primary snacks and water as the primary beverage. Schools will assess if and when to offer snacks based on timing of school meals, children's nutritional needs, children's ages, and other considerations. To assist parents in selecting healthy choices when students are asked to bring snacks to school, the District will provide a list of healthful snack items.

If eligible, schools that provide snacks through the after-school programs will pursue receiving reimbursements through the National School Lunch Program.

Celebrations and Rewards

Staff will be encouraged to be selective and limiting when using food as a reward for academic achievement. Schools are encouraged to be selective and limiting when using food for class or school celebrations. Parents will be provided with a list of healthful options to use for celebrations.

Nutrition Education

Students will receive nutrition education through the health education curriculum. Food service staff and facilities will be incorporated into the nutritional learning opportunities for students. The District will make use of promotional and educational materials to further educate students, staff, and the community regarding nutrition. Staff will look for and take advantage of nutritional learning opportunities across the curriculum.

Physical Activity

Physical Education Classes: It is encouraged that students will spend at least 50% of physical education class time participating in moderate to vigorous activity. Student involvement in other physical activities will not be substituted for the physical education requirement.

Daily Recess

Students in grades K-4 will have a supervised recess activity daily. It is recommended that staff supervising students at recess encourage students to be involved in physical activity during recess. Schools are discouraged from using the loss of recess as a regular form of discipline.

Reports To

Each year at the June board meeting the administration will give the board an update on the Wellness Plan in the district.

420 STUDENTS AND EMPLOYEES WITH SEXUALLY TRANSMITTED INFECTIONS AND DISEASES AND CERTAIN OTHER COMMUNICABLE DISEASES AND INFECTIOUS CONDITIONS

I. PURPOSE

Public concern that students and staff of the school district be able to attend the schools of the district without becoming infected with serious communicable or infectious diseases, including but not limited to, Human Immunodeficiency Virus (HIV), Acquired Immunodeficiency Syndrome (AIDS), Hepatitis B, and Tuberculosis, requires that the school board adopt measures effectively responding to health concerns while respecting the rights of all students, employees, and contractors, including those who are so infected. The purpose of this policy is to adopt such measures.

II. GENERAL STATEMENT OF POLICY

A. Students

It is the policy of the school board that students with communicable diseases not be excluded from attending school in their usual daily attendance setting so long as their health permits and their attendance does not create a significant risk of the transmission of illness to students or employees of the school district. A procedure for minimizing interruptions to learning resulting from communicable diseases will be established by the school district in its IEP and Section 504 team process, if applicable, and in consultation with community health and private health care providers. Procedures for the inclusion of students with communicable diseases will include any applicable educational team planning processes, including the review of the educational implications for the student and others with whom the student comes into contact.

B. Employees

It is the policy of the school board that employees with communicable diseases not be excluded from attending to their customary employment so long as they are physically, mentally, and emotionally able to safely perform tasks assigned to them and so long as their employment does not create a significant risk of the transmission of illness to students, employees, or others in the school district. If a reasonable accommodation will eliminate the significant risk of transmission, such accommodation will be undertaken unless it poses an undue hardship to the school district.

C. Circumstances and Conditions

1. Determinations of whether a contagious individual's school attendance or job performance creates a significant risk of the transmission of the illness to students or employees of the school district will be made on a case by case basis. Such decisions will be based upon the nature of the risk (how it is transmitted), the duration of the risk (how long the carrier is infectious), the severity of the risk (what is the potential harm to third parties), and the probabilities the disease will be transmitted and will cause varying degrees of harm. When a student is disabled, such a determination will be made in consultation with the educational planning team.
2. The school board recognizes that some students and some employees, because of special circumstances and conditions, may pose greater risks for the transmission of infectious conditions than other persons infected with the same illness. Examples include students who display biting behavior, students or employees who are unable to control their bodily fluids, who have oozing skin lesions, or who have severe disorders which result in spontaneous external bleeding. These conditions need to be taken into account and considered in assessing the risk of transmission of the disease and the resulting effect upon the educational program of the student or employment of the employee by consulting with the Commissioner of Health, the physician of the student or employee, and the parent(s)/guardian(s) of the student.

D. Students with Special Circumstances and Conditions

The school (title), along with the infected individual's physician, the infected individual or parent(s)/guardian(s), and others, if appropriate, will weigh risks and benefits to the student and to others, consider the least restrictive appropriate educational placement, and arrange for periodic reevaluation as deemed necessary by the state epidemiologist. The risks to the student shall be determined by the student's physician.

E. Extracurricular Student Participation

Student participation in nonacademic, extracurricular and non-educational programs of the school district are subject to a requirement of equal access and comparable services.

F. Precautions

The school district will develop routine procedures for infection control at school and for educating employees about these procedures. The procedures shall be developed through cooperation with health professionals taking into consideration any guidelines of the Minnesota Department of Education and the Minnesota Department of Health. (These precautionary procedures shall be consistent with

the school district's procedures regarding blood-borne pathogens developed pursuant to the school district's employee right to know policy.)

G. Information Sharing

1. Employee and student health information shall be shared within the school district only with those whose jobs require such information and with those who have a legitimate educational interest (including health and safety) in such information and shall be shared only to the extent required to accomplish legitimate educational goals and to comply with employees' right to know requirements.
2. Employee and student health data shall be shared outside the school district only in accordance with state and federal law and with the school district's policies on employee and student records and data.

H. Reporting

If a medical condition of student or staff threatens public health, it must be reported to the Commissioner of Health.

I. Prevention

The school district shall, with the assistance of the Commissioners of Health and Education, implement a program to prevent and reduce the risk of sexually transmitted diseases in accordance with Minn. Stat. § 121A.23 which includes:

1. planning materials, guidelines, and other technically accurate and updated information;
2. a comprehensive, developmentally appropriate, technically accurate, and updated curriculum that includes helping students to abstain from sexual activity until marriage;
3. cooperation and coordination among school districts and Service Cooperatives;
4. a targeting of adolescents, especially those who may be at high risk of contracting sexually transmitted diseases and infections, for prevention efforts;
5. involvement of parents and other community members;
6. in-service training for district staff and school board members;
7. collaboration with state agencies and organizations having a sexually transmitted infection and disease prevention or sexually transmitted infection and disease risk reduction program;

8. collaboration with local community health services, agencies and organizations having a sexually transmitted infection and disease risk reduction program; and
9. participation by state and local student organizations.
10. The program must be consistent with the health and wellness curriculum.
11. The school district may accept funds for sexually transmitted infection and disease prevention programs developed and implemented under this section from public and private sources including public health funds and foundations, department professional development funds, federal block grants, or other federal or state grants.

J. Vaccination and Screening

The school district will develop procedures regarding the administration of Hepatitis B vaccinations and Tuberculosis screenings in keeping with current state and federal law.

**JORDAN DISTRICT SCHOOLS
POLICY**

Adopted: September 12, 2007

Revised: July 2015

509 ENROLLMENT OF NONRESIDENT STUDENTS

I. PURPOSE

The school district desires to participate in the Enrollment Options Program established by Minn. Stat. § 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

A. Eligibility. Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:

1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minn. Stat. § 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph II.A., the school district may refuse to allow a pupil who is expelled under Minn. Stat. § 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, with the exception of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;

3. selling or soliciting the sale of a controlled substance while at school or a school function; or
 4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.
- C. Standards that may not be used for rejection of application. The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:
1. previous academic achievement of a student;
 2. athletic or extracurricular ability of a student;
 3. disabling conditions of a student;
 4. a student's proficiency in the English language;
 5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
 6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section F. of this policy.
- D. Application. The student and parent or guardian must complete and submit a School District Enrollment Options Program application developed by the Minnesota Department of Education (that enrollment form follows this policy).
- E. Lotteries. If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. Siblings of currently enrolled students and applications related to an approved integration and achievement plan must receive priority in the lottery. The process for the school district lottery must be established by school board policy and posted on the school district's website.
- ~~E.F.~~ Exclusion
1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
 2. Superintendent's review. The superintendent may make further inquiries.

If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

~~F~~.G. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minn. Stat. § 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minn. Ch. 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 16 years of age who is absent from attendance at school without lawful excuse for seven school days if the child is in elementary school or for one or more class periods on seven school days if the child is in middle school, junior high school, or high school, or a child who is 16 or 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days and who has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
2. The school district may also terminate the enrollment of a nonresident student over 16 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
3. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

~~G~~.H. Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of

the nonresident district. The approval of the board of the student's resident district is not required.

Applications for enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:

1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minn. Stat. § 124D.03.
3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.

B. Standards that may be used for rejection of application. In addition to the provisions of Paragraph II.A., the school district may refuse to allow a pupil who is expelled under Minn. Stat. § 121A.45 to enroll during the term of the expulsion if the student was expelled for:

1. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, with the exception of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;
2. possessing or using an illegal drug at school or a school function;

3. selling or soliciting the sale of a controlled substance while at school or a school function; or
 4. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.
- C. Standards that may not be used for rejection of application. The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:
1. previous academic achievement of a student;
 2. athletic or extracurricular ability of a student;
 3. disabling conditions of a student;
 4. a student's proficiency in the English language;
 5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
 6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in Section F. of this policy.
- D. Application. The student and parent or guardian must complete and submit a School District Enrollment Options Program application developed by the Minnesota Department of Education (that enrollment form follows this policy).
- E. Lotteries. If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. Siblings of currently enrolled students and applications related to an approved integration and achievement plan must receive priority in the lottery. The process for the school district lottery must be established by school board policy and posted on the school district's website.
- F. Exclusion
1. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.

2. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

G. Termination of Enrollment

1. The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minn. Stat. § 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minn. Ch. 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under ~~16~~ 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school, or high school, or a child who is ~~16 or~~ 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.
2. The school district may also terminate the enrollment of a nonresident student over ~~16~~ 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minn. Stat. § 120A.22, Subd. 8.

~~*[Note: Effective with the 2014-15 school year, the school district may terminate the enrollment of a nonresident student over 17 years of age pursuant to this section.]*~~

3. A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

- H. Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student's resident district is not required.

Statewide Enrollment Options Instructions

GENERAL INFORMATION AND INSTRUCTIONS: Kindergarten through twelfth grade students and pre-kindergarten children with disabilities may apply to attend a public school outside of their resident district (Minn. Stat. § 124D.03). Use one application per student per requested district. Complete and sign Section 1 of the *Statewide Enrollment Options Form* and send to the non-resident district's superintendent's office. **Please do not send the form to MDE.**

Age requirements:

Open enrollment is only available to students who will be age 5 by September 1 and under age 21, without a high school diploma, unless:

- The student is under age 5 and has been identified through a formal assessment process in the resident district as needing an individual education plan for early childhood special education. In these situations, the family should list "EC" as their requested grade level.
- **OR**, the student has met all requirements of the non-resident district for consideration for early entrance to kindergarten such as a September or October birth date, assessment testing and a trial period of enrollment **and** the non-resident district has agreed to consider an open enrollment for the child for early entrance to kindergarten. Do not submit this form in this situation without first working with the non-resident district to determine eligibility.

Deadlines and exceptions to deadlines:

Applications must be sent to the non-resident district by January 15 in order to enroll beginning the following school year unless:

- One or both districts has a Minnesota Department of Education Achievement and Integration Plan, in which case there is no deadline and enrollment may begin at any time after notification of acceptance. (Minn. Stat. § 124D.03, Subd. 4)
- **OR**, the student moved into the resident district on or later than December 1. (Minn. Stat. § 124D.03, Subd. 7).
- **OR**, other unusual situations apply under Minnesota Statutes, section 124D.03, Subdivision 7.

Acceptance or denial of open enrollment cannot be based on previous academic achievement, athletic or other extracurricular ability, disabling conditions, proficiency in the English language, previous disciplinary proceedings or the student's district of residence unless the resident district and non-resident district are working together in an MDE approved Achievement and Integration School Choice Program. (Minn. Stat. § 124D.03, Subd. 6.)

Families may indicate preference for school sites or programs within the district; if unavailable, districts will offer families options in the family's stated order of preference at other sites unless the grade level or open enrollment has been closed by board action. Families may apply in more than one district. Use one form per child per district.

Do not disclose special needs of students on the *Statewide Enrollment Options Form*; this information is provided after an enrollment spot is offered.

Currently expelled students: Non-resident districts may, but are not required to, reject applications from students currently expelled as defined in Minnesota Statutes, section 121A.45 and Minnesota Statutes, section 124D.03, Subdivision 1.

Notice as to acceptance of application: You can expect to receive an approval/disapproval from the non-resident district by **February 15 or, when applying through the waived deadlines for Achievement and Integration districts, 90 days** after applying for the current or upcoming school year. (Do not apply for statewide enrollment options further in advance than for the upcoming school year.) School districts who have more applications than they can accommodate hold lotteries to determine which students will receive spots. Siblings of currently open-enrolled students receive preference. Districts may also give lottery preference in some Achievement and Integration Program situations. Statewide Enrollment Options Lottery procedures must be approved by local school board and posted on the school district website.

If the non-resident district notifies you that your application has been accepted:

Notify the non-resident district as to whether you are accepting the offer of enrollment by **March 1** or, if you applied under a no deadline situation, 45 days after notification. The non-resident district must notify the resident district that your student is changing enrollment by March 15 (or 30 days after notice from you that you are accepting the enrollment if January 15 application deadline was not applicable). Visit the district offices at least 10 days prior to the above starting date for completion of all enrollment forms.

Parents or guardians of students with special needs are encouraged to contact the district as soon as possible after accepting an offer of enrollment in a non-resident district so an IEP team can be convened.

The school district will provide you with information regarding transportation if you request it from a bus stop in that district. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 124D.03, Subd. 8.)

By accepting this enrollment, your student is obligated to attend the non-resident district during the upcoming school year. You do not need to reapply in subsequent years for your student to remain enrolled unless you move out of your current district. If you move into another Minnesota non-resident school district, you will not lose your seat but do need to submit an updated *Enrollment Options Form*. Note: you **do need** to apply again for siblings, but the siblings must be given a preference if open enrollments requests exceed available seats.

To return to your resident district for the following school year, notify your resident district that you are returning by January 15 for the following fall.

If your application was denied, districts:

- Must indicate the provision in state law that applied.
- Must report to the Minnesota Department of Education by July 15 all denied applications.
- May inform you that the only reason the application was rejected was a missed January 15 deadline. In this case, you could ask your resident district whether it would be willing to form a non-resident agreement with the non-resident district for the upcoming year – both districts must agree. However, you will need to apply again next year through the regular open enrollment process, meeting the January 15 deadline, so your student's enrollment is not subject to year-to-year mutual agreements between districts. (Minn. Stat. § 124D.03, Subd. 6)

**JORDAN DISTRICT SCHOOLS
POLICY**

Adopted: September 12, 2007

Revised: 6/8/2015

532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

II. GENERAL STATEMENT OF POLICY

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district's discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student's behavior will be taken by staff when a student's behavior violates the school district's discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- A. "Student with an IEP" or "the student" means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIP).
- B. "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has

the full power of arrest. The term “peace officer” includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.

- C. “Police liaison officer” is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.
- D. “Crisis team” means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- E. The phrase “remove the student from school grounds” is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.
- F. “Emergency” means a situation where immediate intervention is needed to protect a child or other individual from physical injury or to prevent serious property damage.
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student’s behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building’s crisis team may be summoned. The crisis team may attempt to de-escalate the student’s behavior by means including, but not limited to, those described in the student’s IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student’s behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student’s behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

B. Removal By Police Liaison Officer or Peace Officer

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school

property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

In removing a student with an IEP from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:

1. Corporal punishment prohibited by Minn. Stat. § 121A.58;
2. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
3. Totally or partially restricting a child's senses as punishment;
4. Denying or restricting a child's access to equipment and devices such as walkers, wheel chairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the

equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;

5. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minn. Stat. § 626.556;
6. Physical holding (as defined in Minn. Stat. § 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
7. Withholding regularly scheduled meals or water; and/or
8. Denying a child access to toilet facilities.

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minn. Stat § 125A.0942, Subd. 5, and otherwise comply with the requirements of § 125A.0942.

532 USE OF PEACE OFFICERS AND CRISIS TEAMS TO REMOVE STUDENTS WITH IEPs FROM SCHOOL GROUNDS

[Note: School districts are required by statute to have a policy addressing these issues.]

[Note: Minnesota Laws 2009, Chapter 96, made a number of changes to the laws and rules governing the use of “conditional procedures” with respect to special education students. Specifically, Chapter 96 repealed, EFFECTIVE AUGUST 1, 2011, Minn. Stat. §§ 121A.66, 121A.67, Subd. 1, as well as Minn. Rules 3525.0210, Subparts 5, 6, 9, 13, 17, 29, 30, 46, 47, and 3525.2900, Subp. 5. These laws and rules were replaced, effective August 1, 2011, with a restrictive procedures law which generally addresses the restraint of special education students. Also note that the restrictive procedures law contains a significant staff training component, found at Minn. Stat. § 125A.0942, Subds. 1, 2, and 5. Staff who intend to use restrictive procedures must be trained in the areas specified in Subd. 5 to use these procedures.]

I. PURPOSE

The purpose of this policy is to describe the appropriate use of peace officers and crisis teams to remove, if necessary, a student with an individualized education program (IEP) from school grounds.

II. GENERAL STATEMENT OF POLICY

The school district is committed to promoting learning environments that are safe for all members of the school community. It further believes that students are the first priority and that they should be reasonably protected from physical or emotional harm at all school locations and during all school activities.

In general, all students, including those with IEPs, are subject to the terms of the school district’s discipline policy. Building level administrators have the leadership responsibility to maintain a safe, secure, and orderly educational environment within which learning can occur. Corrective action to discipline a student and/or modify a student’s behavior will be taken by staff when a student’s behavior violates the school district’s discipline policy.

If a student with an IEP engages in conduct which, in the judgment of school personnel, endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, that student may be removed from school grounds in accordance with this policy.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them in this section:

- A. “Student with an IEP” or “the student” means a student who is eligible to receive special education and related services pursuant to the terms of an IEP or an individual interagency intervention plan (IIIP).
- B. “Peace officer” means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the Board of Peace Officer Standards and Training, charged with the prevention and detection of crime and the enforcement of general criminal laws of the state and who has the full power of arrest. The term “peace officer” includes a person who serves as a sheriff, a deputy sheriff, a police officer, or a state patrol trooper.
- C. “Police liaison officer” is a peace officer who, pursuant to an agreement between the school district and a political subdivision or law enforcement agency, is assigned to a school building for all or a portion of the school day to provide law enforcement assistance and support to the building administration and to promote school safety, security, and positive relationships with students.
- D. “Crisis team” means a group of persons, which may include teachers and non-teaching school personnel, selected by the building administrator in each school building who have received crisis intervention training and are responsible for becoming actively involved with resolving crises. The building administrator or designee shall serve as the leader of the crisis team.
- E. The phrase “remove the student from school grounds” is the act of securing the person of a student with an IEP and escorting that student from the school building or school activity at which the student with an IEP is located.
- F. “Emergency” means a situation where immediate intervention is needed to protect a child or other individual from physical injury ~~or to prevent serious property damage~~.
- G. All other terms and phrases used in this policy shall be defined in accordance with applicable state and federal law or ordinary and customary usage.

IV. REMOVAL OF STUDENTS WITH IEPs FROM SCHOOL GROUNDS

A. Removal By Crisis Team

If the behavior of a student with an IEP escalates to the point where the student’s behavior endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building’s crisis team may be summoned. The crisis team may attempt to de-escalate the student’s behavior by means including, but not limited to, those described in the student’s

IEP and/or behavior intervention plan. When such measures fail, or when the crisis team determines that the student's behavior continues to endanger or may endanger the health, safety, or property of the student, other students, staff members, or school property, the crisis team may remove the student from school grounds.

If the student's behavior cannot be safely managed, school personnel may immediately request assistance from the police liaison officer or a peace officer.

B. Removal By Police Liaison Officer or Peace Officer

If a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, the school building's crisis team, building administrator, or the building administrator's designee, may request that the police liaison officer or a peace officer remove the student from school grounds.

If a student with an IEP is restrained or removed from a classroom, school building, or school grounds by a peace officer at the request of a school administrator or school staff person during the school day twice in a 30-day period, the student's IEP team must meet to determine if the student's IEP is adequate or if additional evaluation is needed.

Whether or not a student with an IEP engages in conduct which endangers or may endanger the health, safety, or property of the student, other students, staff members, or school property, school district personnel may report a crime committed by a student with an IEP to appropriate authorities. If the school district reports a crime committed by a student with an IEP, school personnel shall transmit copies of the special education and disciplinary records of the student for consideration by appropriate authorities to whom it reports the crime, to the extent that the transmission is permitted by the Family Education Rights and Privacy Act (FERPA), the Minnesota Government Data Practices Act, and school district's policy, Protection and Privacy of Pupil Records.

[Note: If the school district uses a different reference name for its student records policy, insert that name in place of the reference to Protection and Privacy of Pupil Records, which is the title of MSBA/MASA Model Policy 515.]

The fact that a student with an IEP is covered by special education law does not prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and state law to crimes committed by a student with an IEP.

C. Reasonable Force Permitted

In removing a student with an IEP from school grounds, a building administrator, other crisis team members, or the police liaison officer or other agents of the

school district, whether or not members of a crisis team, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

In removing a student with an IEP from school grounds, police liaison officers and school district personnel are further prohibited from engaging in the following conduct:

1. Corporal punishment prohibited by Minn. Stat. § 121A.58;
2. Requiring a child to assume and maintain a specified physical position, activity, or posture that induces physical pain;
3. Totally or partially restricting a child's senses as punishment;
4. Denying or restricting a child's access to equipment and devices such as walkers, wheel chairs, hearing aids, and communication boards that facilitate the child's functioning except when temporarily removing the equipment or device is needed to prevent injury to the child or others or serious damage to the equipment or device, in which case the equipment or device shall be returned to the child as soon as possible;
5. Interacting with a child in a manner that constitutes sexual abuse, neglect, or physical abuse under Minn. Stat. § 626.556;
6. Physical holding (as defined in Minn. Stat. § 125A.0941) that restricts or impairs a child's ability to breathe, restricts or impairs a child's ability to communicate distress, places pressure or weight on a child's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen, or results in straddling a child's torso;
7. Withholding regularly scheduled meals or water; and/or
8. Denying a child access to toilet facilities.

~~*[Note: Until August 1, 2015, a school district may use prone restraints with children age five (5) or older if:*~~

~~*a. The district has provided to the Minnesota Department of Education (MDE) a list of staff who have had specific training on the use of prone restraints;*~~

~~*b. The district provides information on the type of training that was provided and by whom;*~~

~~*c. Only staff who have received specific training may use prone restraints;*~~

~~d. Each incident of the use of prone restraints is reported to MDE within five (5) working days on a form provided by MDE; and~~

~~e. A school district, before using prone restraints, must review any known medical or psychological limitations that contraindicate the use of prone restraints.~~

~~By February 1, 2015, stakeholders must recommend to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures, and the Commissioner must submit to the Legislature a report on districts' progress in reducing the use of restrictive procedures that recommends how to further reduce these procedures and eliminate the use of prone restraints.]~~

D. Parental Notification

The building administrator or designee shall make reasonable efforts to notify the student's parent or guardian of the student's removal from school grounds as soon as possible following the removal.

E. Continued Removals; Review of IEP

Continued and repeated use of the removal process described herein must be reviewed in the development of the individual student's IEP or IIIP.

F. Effect of Policy in an Emergency; Use of Restrictive Procedures

A student with an IEP may be removed in accordance with this policy regardless of whether the student's conduct would create an emergency.

If the school district seeks to remove a student with an IEP from school grounds under this policy due to behaviors that constitute an emergency and the student's IEP, IIIP, or behavior intervention plan authorizes the use of one or more restrictive procedures, the crisis team may employ those restrictive procedures, in addition to any reasonable force that may be necessary, to facilitate the student's removal from school grounds, as long as the crisis team members who are implementing the restrictive procedures have received the training required by Minn. Stat § 125A.0942, Subd. 5, and otherwise comply with the requirements of § 125A.0942.

G. Reporting to the Minnesota Department of Education (MDE)

Annually, stakeholders may recommend, as necessary, to the Commissioner of MDE (Commissioner) specific and measurable implementation and outcome goals for reducing the use of restrictive procedures. The Commissioner must submit to the Legislature a report on districts' progress in reducing the use of

restrictive procedures that recommends how to further reduce these procedures and eliminate the use of prone restraints. By June 30 of each year, districts must report summary data on the use of restrictive procedures to the MDE, in a form and manner determined by the Commissioner. The summary data must include information about the use of restrictive procedures, including the use of reasonable force by school personnel that is consistent with the definition of physical holding or seclusion of a child with a disability.

615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPs, SECTION 504 PLANS, AND LEP STUDENTS

I. PURPOSE

The purpose of the policy is to provide adequate opportunity for students identified as having individualized education program (IEP), Rehabilitation Act of 1973, § 504 (504) accommodation, or limited English proficiency (LEP) needs to meet the graduation requirements of basic skills testings and graduation-required assessments for diploma (GRAD) tests.

II. GENERAL STATEMENT OF POLICY

A. The school district will utilize the existing annual review of IEPs or 504 accommodation plans to review, on a case-by-case basis, the extent of student participation in basic skills testing and GRAD testing. For students subject to GRAD testing, the student's IEP or 504 accommodation plan must identify one of the following decisions for each subject area of GRAD:

1. the student is expected to achieve the statewide standard with or without testing accommodations resulting in a "pass" or "p" notation on the record when achieving a passing score; or
2. the student is expected to achieve the statewide standard at an individually modified level of difficulty, resulting in a "pass" or "p" notation on the record when achieving the modified level. A Minnesota alternative assessment must be used when an IEP team chooses to replace the GRAD. Adoption of modifications for a student must occur concurrently with the adoption of transition goals and objectives as required by Minn. Stat. § 125A.08(a)(1). The IEP or 504 accommodation plan must define an appropriate assessment of the statewide standard at a modified level of difficulty. Achievement of the individually modified standard shall be certified only through documented student performance of the defined assessment.

Students subject to GRAD testing also must be tested under standard conditions as specified by the developer of the test except those students whose IEP or 504 accommodation plan specifies other decisions consistent with the above stated requirements.

B. Students with LEP needs must be identified and accommodations made for students subject to basic skills testing. Students subject to GRAD testing are

required to pass the GRAD if they have been enrolled in any Minnesota school for at least four consecutive years. An English language learner (ELL) student who first enrolls in a Minnesota school in grade 9 or above who completes the coursework and any other state and district requirements to graduate within a four-year period is not required to pass the GRAD.

IV. GRANTING AND DOCUMENTING ACCOMMODATIONS, MODIFICATIONS, OR EXEMPTIONS FOR BASIC SKILLS AND GRAD TESTING

See Chapter 5 of the current “Procedures Manual for the Minnesota Assessments.”

V. RECORDS

All test accommodations, modifications, or exemptions shall be reported to the School District Test Administrator. The School District Test Administrator shall be responsible for keeping a list of all such test accommodations, modifications, and exemptions for school district audit purposes. Testing results will be documented and reported.

[Note: In 2013, the Minnesota legislature modified state graduation requirements by making the Graduation-Required Assessments for Diploma (GRAD) tests optional for school districts. A district may decide whether individual students will meet graduation assessment requirements by meeting the GRAD requirements in reading, mathematics, and written composition; by taking the WorkKeys job skills assessment, the Compass college placement test, the ACT assessment for college admission, or a nationally recognized Armed Services Vocational Aptitude Battery test (ASVAB); or by receiving a score on an equivalent assessment. Refer to Table 1b of the Minnesota Assessment System and Requirements Overview 2013-2016 documents, which is posted to the Test Administration page of the Minnesota Department of Education (MDE) website. While a district may choose not to include GRAD retests on the testing calendar, an individual student who requests a GRAD retest must be provided the opportunity to retest.]

618 ASSESSMENT OF STUDENT ACHIEVEMENT

I. PURPOSE

The purpose of this policy is to institute a process for the establishment and revision of assessments to be used to determine how well students have achieved the Graduation Standards.

II. GENERAL STATEMENT OF POLICY

The school district has established a procedure by which students shall complete the Graduation Standards. This procedure includes the adoption of performance assessment methods to be used in measuring student performance. The school district strives to continually enhance student achievement of the Graduation Standards.

III. DEFINITIONS

- A. “Above-grade level” test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student’s grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.
- B. “Academic standard” means a summary description of student learning in a required content area or elective content area.
- C. “Below-grade level” test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student’s current grade level. Notwithstanding the student’s grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.
- D. “Benchmark” means the specific knowledge or skill that a student must master to complete part of an academic standard by the end of the grade level or grade band.
- E. “Career and college ready,” for purposes of statewide accountability, means a high school graduate has the knowledge, skills, and competencies to successfully

pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.

- F. “Computer-adaptive assessments” means fully adaptive assessments.
- G. “Cultural competence,” for purposes of statewide accountability, means the ability and will to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.
- H. “Elective standards” means a locally adopted expectation for student learning in career and technical education and world languages.
- I. “Fully adaptive assessments” include on-grade level test items and items that may be above or below a student’s grade level.
- J. “On-grade level” test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.
- K. “Required standard” means a statewide adopted expectation for student learning in the content areas of language arts, mathematics, science, social studies, physical education, and the arts, or a locally adopted expectation for student learning in health or the arts.
- L. “Rubric” means the criteria set by the Commissioner of the Minnesota Department of Education (MDE) that must be used by a district to score student work that meets the specifications of a content standard.

IV. ESTABLISHMENT OF CRITERIA FOR ASSESSMENT

- A. The Superintendent of Schools shall establish criteria by which student performance of locally adopted Graduation Standards and elective standards are to be evaluated and approved. The criteria will be submitted to the school board for approval. Upon approval by the school board, the criteria shall be deemed part of this policy.
- B. The superintendent shall ensure that students and parents or guardians are provided with notice of the process by which program Graduation Standards will be assessed.
- C. Staff members will be expected to utilize staff development opportunities to the extent necessary to ensure effective implementation and continued improvement of the implementation of the Graduation Standards at all levels and/or transition to assessments under the Minnesota Academic Standards.

V. STANDARDS FOR PERFORMANCE ASSESSMENTS

- A. Performance assessments are expected to provide opportunities for students to demonstrate their achievement of the ~~Profile of Learning~~ Graduation Standards.

Scoring criteria for performance assessment include:

1. A score of “4,” that signifies student work that meets or exceeds the rubric for the score of “4”;
 2. A score of “3,” that signifies student work that meets the rubric for the score of “3”;
 3. A score of “2,” that signifies student work that meets the rubric for the score of “2”;
 4. A score of “1,” that signifies student work that meets the rubric for the score of “1”;
 5. A score of “0,” that signifies incomplete work on the specifications of a content standard;
 6. Incomplete student work receiving a score of “0” does not complete a content standard.
 7. When a student, under provisions of an individualized education program (IEP) or Section 504 accommodation plan, completes the specifications of a modified content standard as determined in the student’s plan, the school district shall record the score as “pass-individual”;
 8. When a student’s IEP or Section 504 accommodation plan exempts the student from a content standard, the school district shall record “exempt” for that content standard;
 9. When an LEP student, under the provisions of an LEP individual graduation plan completes the specifications of a modified content standard, the school district shall record the score as “pass-LEP”; and
 10. When an LEP student, under the provisions of an individual graduation plan, completes all specifications of a content standard solely in a language other than English, except for work in learning area ten, the school district shall record the score as “pass-LEP.”
- B. The school district may use one or more assessment methods to measure student performance on one or more content standards.
- C. The grade level of a student shall not prohibit a student from receiving the highest state exemplar score upon completion of a content standard. A student may

receive a score of “0” that signifies incomplete student work on a standard. The assessment of the content standard must be included as part of the students grade for a subject or course.

- D. The school district will convene an annual meeting of selected teachers and administrators to review performance assessments used to measure student performance. Recommendations and comments regarding the procedures for assessment of student achievement will be submitted to the District Curriculum Coordinator for review.

VI. STANDARDS FOR MINNESOTA ACADEMIC STANDARDS PERFORMANCE ASSESSMENTS

A. Benchmarks

The school district will offer and students must achieve all benchmarks for an academic standard to satisfactorily complete that state standard. These benchmarks will be used by the school district and its staff in developing tests to measure student academic knowledge and skills.

B. Statewide Academic Standards Testing

1. The school district will utilize statewide assessments developed from and aligned with the state’s required academic standards as these tests become available to evaluate student progress toward career and college readiness in the context of the state’s academic standards.
2. The school district will administer annually, in accordance with the process determined by MDE, the state-constructed tests to all students in grades 3 through 8 and at the high school level as follows:
 - a. annual reading and mathematics assessments in grades 3 through 7;
 - b. state-developed grade 8 and high school reading and mathematics tests aligned with state academic standards; and
 - c. annual science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life science assessment in the grades 9 through 12 span (a passing score on high school science assessments is not a condition of receiving a diploma).
3. The school district will develop and administer locally constructed tests in social studies, health and physical education, and the arts to determine if a student has met the required academic standards in these areas.
4. The school district may use a student’s performance on a statewide assessment as one of the multiple criteria to determine grade promotion or

retention. The school district also may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.

5. For students in grade 8 in the 2012-2013 school year and later, the school district must record on the high school transcript a student's progress toward career and college readiness. For other students, this record of progress must be made as soon as practicable. In addition, the school district may include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.

C. Rigorous Course of Study Waiver

1. Upon receiving a student's application signed by the student's parent or guardian, the school district must declare that a student meets or exceeds a specific academic standard required for graduation if the school board determines that the student:
 - a. is participating in a course of study, including an advanced placement or international baccalaureate course or program; a learning opportunity outside the curriculum of the school district; or an approved preparatory program for employment or post-secondary education that is equally or more rigorous than the corresponding state or local academic standard required by the school district;
 - b. would be precluded from participating in the rigorous course of study, learning opportunity, or preparatory employment or post-secondary education program if the student were required to achieve the academic standard to be waived; and
 - c. satisfactorily completes the requirements for the rigorous course of study, learning opportunity, or preparatory employment or post-secondary education program.
2. The school board also may formally determine other circumstances in which to declare that a student meets or exceeds a specific academic standard that the site requires for graduation under this section.
3. A student who satisfactorily completes a post-secondary enrollment options course or program or an advanced placement or international baccalaureate course or program is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study.

VII. CAREER EXPLORATION ASSESSMENT

- A. Commencing with the 2014-2015 school year, student assessments, in alignment with state academic standards, shall include career and college readiness benchmarks. Mathematics, reading, and writing assessments for students in grades 8 and 10 must be predictive of a nationally normed assessment for career and college readiness. This nationally recognized assessment must be a college entrance exam and given to students in grade 11. This series of assessments must include a college placement diagnostic exam and contain career exploration elements. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.
- B. On an annual basis, the school district must use the career exploration elements in these assessments, beginning no later than grade 9, to help students and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. The school district must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.
- C. Students in grade 10 or 11 not yet academically ready for a career or college based on their growth in academic achievement between grades 8 and 10 must take the college placement diagnostic exam before taking the college entrance exam under Section VII.D. Students, their families, the school, and the district can then use the results of the college placement diagnostic exam for targeted instruction, intervention, or remediation and improve students' knowledge and skills in core subjects sufficient for a student to graduate and have a reasonable chance to succeed in a career or college without remediation.
- D. All students, except those eligible for alternative assessments, must be given the college entrance part of these assessments in grade 11. A student under this paragraph who demonstrates attainment of required state academic standards on these assessments, which include career and college readiness benchmarks, is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.
- E. As appropriate, students through grade 12 must continue to participate in targeted

instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.

- F. In developing, supporting, and improving students' academic readiness for a career or college, the school district must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation.

The school district has established a procedure by which students shall complete the Graduation Standards. This procedure includes the adoption of performance assessment methods to be used in measuring student performance. The school district strives to continually enhance student achievement of the Graduation Standards.

III. DEFINITIONS

- A. “Above-grade level” test items contain subject area content that is above the grade level of the student taking the assessment and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards above the grade level of the student taking the assessment. Notwithstanding the student’s grade level, administering above-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.
- B. “Academic standard” means a summary description of student learning in a required content area or elective content area.
- C. “Below-grade level” test items contain subject area content that is below the grade level of the student taking the test and is considered aligned with state academic standards to the extent it is aligned with content represented in state academic standards below the student’s current grade level. Notwithstanding the student’s grade level, administering below-grade level test items to a student does not violate the requirement that state assessments must be aligned with state standards.

- D. “Benchmark” means the specific knowledge or skill that a student must master to complete part of an academic standard by the end of the grade level or grade band.
- E. “Career and college ready,” for purposes of statewide accountability, means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment. Students who are career and college ready are able to successfully complete credit-bearing coursework at a two- or four-year college or university or other credit-bearing postsecondary program without need for remediation.
- F. “Computer-adaptive assessments” means fully adaptive assessments.
- G. “Cultural competence,” for purposes of statewide accountability, means the ability and will to interact effectively with people of different cultures, native languages, and socioeconomic backgrounds.
- H. “Elective standards” means a locally adopted expectation for student learning in career and technical education and world languages.
- ~~I. “Exemplar” means an actual example of student work on a performance assessment determined to represent student performance that earns a score of “3” or “4” in accordance with the rubric as defined in item “F.” *[Note: School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete this definition.]*~~
- I. “Experiential learning” means learning for students that includes career exploration through a specific class or course or through work-based experiences such as job shadowing, mentoring, entrepreneurship, service learning, volunteering, internships, or other cooperative work experience, youth apprenticeship, or employment.
- J. “Fully adaptive assessments” include on-grade level test items and items that may be above or below a student’s grade level. *[Note: Fully adaptive mathematics and reading assessments must be used for grades 3 through 7 beginning in the 2015-2016 school year and later.]*
- K. “On-grade level” test items contain subject area content that is aligned to state academic standards for the grade level of the student taking the assessment.
- ~~L. “Performance assessment” means any assessment method that will measure demonstrated student performance of the specifications of a content standard. *[Note: School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete this definition.]*~~
- ~~M. “Profile of Learning” refers to the graduation content standards previously required by state law which the school district has retained as part of its locally~~

~~established graduation requirements. *[Note: School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete this definition.]*~~

- ~~N.L.~~ “Required standard” means a statewide adopted expectation for student learning in the content areas of English language arts, mathematics, science, social studies, physical education, and the arts, or a locally adopted expectation for student learning in health or the arts.
- ~~O.~~ “Rubric” means the criteria set by the Commissioner of the Minnesota Department of Education (MDE) that must be used by a district to score student work that meets the specifications of a content standard.
- ~~P.~~ “Specifications” means what a student must know and be able to do to complete a Profile of Learning content standard. *[Note: School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete this definition.]*

IV. ESTABLISHMENT OF CRITERIA FOR ASSESSMENT

- A. The *[school board/superintendent/director of instruction]* shall establish criteria by which student performance of ~~the Profile of Learning or other~~ locally adopted Graduation Standards and elective standards are to be evaluated and approved. The criteria will be submitted to the school board for approval. Upon approval by the school board, the criteria shall be deemed part of this policy. *[Note: School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete the reference to the Profile of Learning.]*
- B. The superintendent shall ensure that students and parents or guardians are provided with notice of the process by which program Graduation Standards will be assessed.
- C. Staff members will be expected to utilize staff development opportunities to the extent necessary to ensure effective implementation and continued improvement of the implementation of ~~the Profile of Learning Graduation Standards at all levels and/or transition to~~ assessments under the Minnesota Academic Standards. *[Note: School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete the reference to the Profile of Learning.]*

~~V. STANDARDS FOR PERFORMANCE ASSESSMENTS~~

- ~~A.~~ Performance assessments are expected to provide opportunities for students to demonstrate their achievement of the Profile of Learning Graduation Standards. *[Note: School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete the reference to the Profile of Learning.]*

~~Scoring criteria for performance assessment include:~~

- ~~1. A score of “4,” that signifies student work that meets or exceeds the rubric for the score of “4”;~~
 - ~~2. A score of “3,” that signifies student work that meets the rubric for the score of “3”;~~
 - ~~3. A score of “2,” that signifies student work that meets the rubric for the score of “2”;~~
 - ~~4. A score of “1,” that signifies student work that meets the rubric for the score of “1”;~~
 - ~~5. A score of “0,” that signifies incomplete work on the specifications of a content standard;~~
 - ~~6. Incomplete student work receiving a score of “0” does not complete a content standard.~~
 - ~~7. When a student, under provisions of an individualized education program (IEP) or Section 504 accommodation plan, completes the specifications of a modified content standard as determined in the student’s plan, the school district shall record the score as “pass individual”;~~
 - ~~8. When a student’s IEP or Section 504 accommodation plan exempts the student from a content standard, the school district shall record “exempt” for that content standard;~~
 - ~~9. When an LEP student, under the provisions of an LEP individual graduation plan completes the specifications of a modified content standard, the school district shall record the score as “pass LEP”; and~~
 - ~~10. When an LEP student, under the provisions of an individual graduation plan, completes all specifications of a content standard solely in a language other than English, except for work in learning area ten, the school district shall record the score as “pass LEP.”~~
- ~~B. The school district may use one or more assessment methods to measure student performance on one or more content standards.~~
- ~~C. The grade level of a student shall not prohibit a student from receiving the highest state exemplar score upon completion of a content standard. A student may receive a score of “0” that signifies incomplete student work on a standard. The assessment of the content standard must be included as part of the students grade for a subject or course.~~
- ~~D. The school district will convene an annual meeting of selected teachers and~~

~~administrators to review performance assessments used to measure student performance. Recommendations and comments regarding the procedures for assessment of student achievement will be submitted to the District Curriculum Coordinator for review.~~

VI V. STANDARDS FOR MINNESOTA ACADEMIC STANDARDS PERFORMANCE ASSESSMENTS

A. Benchmarks

The school district will offer and students must achieve all benchmarks for an academic standard to satisfactorily complete that state standard. These benchmarks will be used by the school district and its staff in developing tests to measure student academic knowledge and skills.

[School districts are required to formally establish a periodic review cycle for academic standards and related benchmarks in health, world languages, and career and technical education.]

B. Statewide Academic Standards Testing

1. The school district will utilize statewide assessments developed from and aligned with the state's required academic standards as these tests become available to evaluate student progress toward career and college readiness in the context of the state's academic standards.
2. The school district will administer annually, in accordance with the process determined by MDE, the state-constructed tests aligned with state standards to all students in grades 3 through 8 and at the high school level as follows:
 - ~~a. annual reading and mathematics assessments in grades 3 through 7;~~
 - ~~b. state-developed grade 8 and high school reading and mathematics tests aligned with state academic standards; and~~
 - a. computer-adaptive reading and mathematics assessments in grades 3 through 8;
 - b. high school reading and mathematics and a high school writing test, when it becomes available; and
 - c. ~~annual~~ science assessments in one grade in the grades 3 through 5 span, the grades 6 through 8 span, and a life science assessment in the grades 9 through 12 span (a passing score on high school science assessments is not a condition of receiving a diploma).

3. The school district will develop and administer locally constructed tests in social studies, health and physical education, and the arts to determine if a student has met the required academic standards in these areas.
4. The school district may use a student's performance on a statewide assessment as one of the multiple criteria to determine grade promotion or retention. The school district also may use a high school student's performance on a statewide assessment as a percentage of the student's final grade in a course, or place a student's assessment score on the student's transcript.
5. For students in grade 8 in the 2012-2013 school year and later, the school district must record on the high school transcript a student's progress toward career and college readiness. For other students, this record of progress must be made as soon as practicable. In addition, the school district may include a notation of high achievement on the high school diplomas of those graduating seniors who, according to established school board criteria, demonstrate exemplary academic achievement during high school.

C. Rigorous Course of Study Waiver

1. Upon receiving a student's application signed by the student's parent or guardian, the school district must declare that a student meets or exceeds a specific academic standard required for graduation if the school board determines that the student:
 - a. is participating in a course of study, including an advanced placement or international baccalaureate course or program; a learning opportunity outside the curriculum of the school district; or an approved preparatory program for employment or post-secondary education that is equally or more rigorous than the corresponding state or local academic standard required by the school district;
 - b. would be precluded from participating in the rigorous course of study, learning opportunity, or preparatory employment or post-secondary education program if the student were required to achieve the academic standard to be waived; and
 - c. satisfactorily completes the requirements for the rigorous course of study, learning opportunity, or preparatory employment or post-secondary education program.
2. The school board also may formally determine other circumstances in which to declare that a student meets or exceeds a specific academic standard that the site requires for graduation under this section.

3. A student who satisfactorily completes a post-secondary enrollment options course or program or an advanced placement or international baccalaureate course or program is not required to complete other requirements of the academic standards corresponding to that specific rigorous course of study.

VII VI. CAREER EXPLORATION ASSESSMENT

- A. ~~Commencing with the 2014-2015 school year, student assessments, in alignment with state academic standards, shall include career and college readiness benchmarks. Mathematics, reading, and writing assessments for students in grades 8 and 10 must be predictive of a nationally normed assessment for career and college readiness. This nationally recognized assessment must be a college entrance exam and given to students in grade 11. This series of assessments must include a college placement diagnostic exam and contain career exploration elements.~~ Student assessments, in alignment with state academic standards, shall include clearly defined career and college readiness benchmarks and satisfy Minnesota's postsecondary admissions requirements. Students in grade 11 or grade 12 must be provided with an opportunity to participate on a nationally normed college entrance exam. Achievement and career and college readiness in mathematics, reading, and writing must also be assessed. When administering formative or summative assessments used to measure the academic progress, including the oral academic development, of English learners and inform their instruction, schools must ensure that the assessments are accessible to the students and students have the modifications and supports they need to sufficiently understand the assessments.
- B. On an annual basis, the school district must use the career exploration elements in these assessments, beginning no later than grade 9, to help students and their families explore and plan for postsecondary education or careers based on the students' interests, aptitudes, and aspirations. The school district must use timely regional labor market information and partnerships, among other resources, to help students and their families successfully develop, pursue, review, and revise an individualized plan for postsecondary education or a career. This process must help increase students' engagement in and connection to school, improve students' knowledge and skills, and deepen students' understanding of career pathways as a sequence of academic and career courses that lead to an industry-recognized credential, an associate's degree, or a bachelor's degree and are available to all students, whatever their interests and career goals.
- C. ~~Students in grade 10 or 11 not yet academically ready for a career or college based on their growth in academic achievement between grades 8 and 10 must take the college placement diagnostic exam before taking the college entrance exam under Section VII.D. Students, their families, the school, and the district can then use the results of the college placement diagnostic exam for targeted instruction, intervention, or remediation and improve students' knowledge and skills in core subjects sufficient for a student to graduate and have a reasonable chance to succeed in a career or college without remediation.~~

- D C.** All students, except those eligible for alternative assessments, must be given the college entrance part of these assessments in grade 11 opportunity to participate on a nationally normed college entrance exam in grade 11 or 12. A student under this paragraph who demonstrates attainment of required state academic standards on these assessments, which include career and college readiness benchmarks, is academically ready for a career or college and is encouraged to participate in courses awarding college credit to high school students. Such courses and programs may include sequential courses of study within broad career areas and technical skill assessments that extend beyond course grades.
- E D.** As appropriate, students through grade 12 must continue to participate in targeted instruction, intervention, or remediation and be encouraged to participate in courses awarding college credit to high school students.
- F E.** In developing, supporting, and improving students' academic readiness for a career or college, the school district must have a continuum of empirically derived, clearly defined benchmarks focused on students' attainment of knowledge and skills so that students, their parents, and teachers know how well students must perform to have a reasonable chance to succeed in a career or college without need for postsecondary remediation.

V. TRANSFER OF CREDIT FROM OTHER SCHOOLS

A. Transfer of Academic Requirements from Other Minnesota Public Secondary Schools

- 1. The school district will accept and transfer secondary credits and grades awarded to a student from another Minnesota public secondary school upon presentation of a certified transcript from the transferring public secondary school evidencing the course taken and the grade and credit awarded.
- 2. Credits and grades awarded from another Minnesota public secondary school may be used to compute honor roll and/or class rank if a student has earned at least 9 credits from the Jordan School District.

B. Transfer of Academic Requirements from Other Schools

- 1. The school district will accept secondary credits and grades awarded to a student for courses successfully completed at a public school outside of Minnesota or an accredited nonpublic school upon presentation of a certified transcript from the transferring public school in another state or nonpublic school evidencing the course taken and the grade and credit awarded.
 - a. When a determination is made that the content of the course aligns directly with school district graduation requirements, the student will be awarded commensurate credits and grades.
 - b. Commensurate credits and grades awarded from an accredited nonpublic school or public school in another state may be used to compute honor roll and/or class rank if a student has earned at least 9 credits from the Jordan School District.
 - c. In the event the content of a course taken at an accredited nonpublic school or public school in another state does not fully align with the content of the Jordan School District’s high school graduation requirements but is comparable to elective credits offered by the school district for graduation, the student may be provided elective credit applied toward graduation requirements. Credit that does not fully align with the Jordan School District’s

high school graduation requirements will not be used to compute honor roll and/or class rank.

- d. If no comparable course is offered by the Jordan School District for which high school graduation credit would be provided, no credit will be provided to the student.
2. Students transferring from a non-accredited, nonpublic school shall receive credit from the Jordan School District upon presentation of a transcript or other documentation evidencing the course taken and grade and credit awarded.
 - a. Students will be required to provide copies of course descriptions, syllabi, or work samples for determination of appropriate credit. In addition, students also may be asked to provide interviews/conferences with the student and/or student's parent and/or former administrator or teacher; review of a record of the student's entire curriculum at the nonpublic school; and review of the student's complete record of academic achievement.
 - b. Where the Jordan School District determines that a course completed by a student at a non-accredited, nonpublic school is commensurate with school district graduation requirements, credit shall be awarded, but the grade shall be "P" (pass).
 - c.  - d. If no comparable course is offered by the school district for which local high school graduation credit would be provided, no credit will be provided to the student.
 - e. Credit and grades earned from a non-accredited nonpublic school shall not be used to compute honor roll and/or class rank.

VI. POST-SECONDARY ENROLLMENT CREDIT

- A. Secondary credits granted to a student through a post-secondary enrollment options course or program that meets or exceeds a graduation standard or requirement shall be counted toward the graduation and credit requirements of a student completing the Minnesota Academic Standards.
 1. Course credit will be considered by the school district only upon presentation of a certified transcript from an eligible institution evidencing

the course taken and the grade and credit awarded.

2. Seven quarter or four semester post-secondary credits shall equal at least one full year of high school credit. Fewer post-secondary credits may be prorated.
 3. When a determination is made that the content of the post-secondary course aligns directly with a required course for high school graduation, the commensurate credit and grade will be recorded on the student's transcript as a course credit applied toward graduation requirements.
 4. In the event the content of the post-secondary course does not fully align with the content of a high school course required for graduation but is comparable to elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student's transcript as an elective course credit applied toward graduation requirements.
 5. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district will notify the Commissioner, who shall determine the number of credits that shall be granted to a student.
 6. When secondary credit is granted for post-secondary credits taken by a student, the school district will record those credits on the student's transcript as credits earned at a post-secondary institution.

~~*[Note: With the repeal of the Profile of Learning, school districts no longer are required to have a process for the transfer of Profile of Learning related content standards, recognition of completed work, credit by assessment, or waiver of content standards. A school district may continue to implement Profile of Learning content standards and manage the standards they choose to retain in whatever manner they deem appropriate. Therefore, portions of this policy retain references to the management of Profile of Learning content standards. As noted throughout the policy, those school districts that have eliminated Profile of Learning content standards from their curriculum should remove these references. ~~IV. CREDIT FOR COMPLETION OF PROFILE OF LEARNING CONTENT STANDARDS~~

~~*[Note: School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete this section of the policy.]*~~

~~A. Transfer of Content Standards~~

- ~~1. The school district will transfer high school Profile of Learning content standards achieved in earlier grades or in other schools on standards based programs to the student's record upon admission, completion of a summer school program, or the like.~~
- ~~2. When a student transfers into the school district from another Minnesota public school district, any Profile of Learning content standards completed in the sending school district, along with scores recorded by the sending district, shall be recorded as completed with a notation indicating the identity of the school district from which the records are transferred.~~

~~*[Note: The process set forth in this policy is the process MDE formerly suggested school districts follow.]*~~

- ~~3. Students may be advised of the opportunities available to complete further requirements and electives.~~

~~B. Recognition of Completed Work for Profile of Learning Content Standards~~

- ~~1. The school district will translate work completed by eligible students electing to complete the Profile of Learning content standards pursuant to Policy 613, including those with special needs, in schools (K-12, post-secondary, or other) which have not reported achievement according to the Minnesota Graduation Standards, into standards completion equalizations.~~
- ~~2. When a student transfers into the school district with a transcript from a school or school district other than a Minnesota public school district, the following shall be the policy and procedure for recognizing such previous achievement for those eligible students electing to complete the Profile of Learning content standards pursuant to Policy 613:~~
 - ~~a. When the student has been scored with a performance assessment that fulfills or approximates the provisions of a full standard, the standards completed shall be treated as if they had been accomplished in a Minnesota public school;~~
 - ~~b. When the course, topic or content of a Minnesota high school Profile of Learning content standard has been completed, but through requirements which do not parallel or approximate the Profile of Learning content standards adopted by the school district, the standard shall be declared achieved, no score shall be assigned, and the transcript shall indicate that the standard has been "equalized from a transcript from *[name of sending institution]."*~~
 - ~~c. Effort shall be made to ascertain the content of courses, programs,~~

~~and learning previously achieved to credit the student as fully as possible for previous learning. This may include asking the student or the sending school to verify content of completed courses and programs when that content is not clear from the transcript.~~

~~*[Note: The process set forth in this policy is the process MDE formerly suggested school districts follow.]*~~

~~C. Credit for Profile of Learning Content Standards By Assessment~~

- ~~1. The school district will provide eligible students electing to complete the Profile of Learning content standards pursuant to Policy 613, including those with special needs, with the opportunity to receive credit for standards achieved in extracurricular activities, activities outside of school, previous learning, and community and work experiences.~~
- ~~2. When a student requests recognition of work completed but for which no academic transcript exists, the student shall make application to the principal.~~
- ~~3. Not more than sixty (60) days after the application is filed, the principal shall inform the student and the student's parents what evidence must be presented to certify the completion of the Profile of Learning content standard. Evidence of completion might include letters of support and explanation from individuals or organizations who have actually witnessed the student's demonstration of the standard, oral or written tests or interviews, actual performances or demonstrations assessed by district staff or others knowledgeable in the specifications of the standard, and/or other as appropriate for the individual situation.~~
- ~~4. Upon the principal's determination of successful submission of the required evidence, the Profile of Learning content standard shall be noted on the transcript, with a score if appropriate, and a notation of where and when the standard was completed and verified.~~

~~*[Note: The process set forth in this policy is the process MDE formerly suggested school districts follow.]*~~

~~D. Waiver of Profile of Learning Content Standards for Rigorous Course of Study~~

- ~~1. Upon application of a student, with approval of the student's parent or guardian and with the recommendation of the student's teacher, the school district may declare that a student has completed a Profile of Learning content standard if the school board determines that:
 - ~~a. The student is participating in a course of study, including an advanced placement or international baccalaureate course or a~~~~

~~learning opportunity outside the curriculum of the school district that is equally or more rigorous than the Profile of Learning content standard required by the school district or state Graduation Rule; and~~

- ~~b. Achieving the Profile of Learning content standard to be waived would preclude the student from participating in the rigorous course of study or learning opportunity.~~
- ~~2. A waiver may not have the effect of a student graduating with no completed Profile of Learning content standards in any of the learning areas one through nine of the Profile of Learning content standards adopted by the school district and a waiver should rarely be granted from more than one requirement.~~
- ~~3. Application for a waiver will be considered only if the application is submitted not more than eighteen (18) months and not less than six (6) months prior to the student's anticipated graduation date.~~
- ~~4. A waiver will be revoked if the student fails to successfully complete the alternative rigorous program.~~

~~*[Note: In complying with the requirement in this section, school districts may impose conditions on such waivers to reduce the number of waivers needed. The conditions set forth in Paragraphs IV.D.2., 3., and 4. for granting such waivers are those conditions formerly suggested by MDE.]*~~

IV. TRANSFER OF CREDIT FROM OTHER SCHOOLS

- c. In the event the content of a course taken at an accredited nonpublic school or public school in another state does not fully align with the content of the school district's high school graduation requirements but is comparable to elective credits offered by the school district for graduation, the student may be provided elective credit applied toward graduation requirements. Credit that does not fully align with the school district's high school graduation requirements will not be used to compute honor roll and/or class rank.
- d. If no comparable course is offered by the school district for which high school graduation credit would be provided, no credit will be provided to the student.

2. Students transferring from a non-accredited, nonpublic school shall receive credit from the school district upon presentation of a transcript or other documentation evidencing the course taken and grade and credit awarded.

- a. Students will be required to provide copies of course descriptions, syllabi, or work samples for determination of appropriate credit. ~~[Note:—School districts that have eliminated the Profile of Learning content standards as part of their curriculum should delete this reference to the Profile of Learning.]~~

- B. Secondary credits granted to a student through a post-secondary enrollment options course or program that meets or exceeds a graduation standard or requirement shall be counted toward the graduation and credit requirements of a student completing the Minnesota Academic Standards.
 - 1. Course credit will be considered by the school district only upon presentation of a certified transcript from an eligible institution evidencing the course taken and the grade and credit awarded.
 - 2. Seven quarter or four semester post-secondary credits shall equal at least one full year of high school credit. Fewer post-secondary credits may be prorated.
 - 3. When a determination is made that the content of the post-secondary course aligns directly with a required course for high school graduation, the commensurate credit and grade will be recorded on the student's transcript as a course credit applied toward graduation requirements.
 - 4. In the event the content of the post-secondary course does not fully align with the content of a high school course required for graduation but is comparable to elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student's transcript as an elective course credit applied toward graduation requirements.

5. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district will notify the Commissioner, who shall determine the number of credits that shall be granted to a student.
 6. When secondary credit is granted for post-secondary credits taken by a student, the school district will record those credits on the student's transcript as credits earned at a post-secondary institution.
- C. A list of the courses or programs meeting the necessary requirements may be obtained from the school district.

VII. CREDIT FROM ONLINE LEARNING COURSES

- A. Secondary credits granted to a student through an online learning course or program that meets or exceeds a graduation standard or requirement shall be counted toward the graduation and credit requirements of a student completing the Minnesota Academic Standards.
- B. Course credit will be considered only upon official documentation from the online learning provider evidencing the course taken and the grade and credit awarded to the student.
- C. When a student provides documentation from an online learning provider, the course credit and course grade shall be recorded and counted toward graduation credit requirements for all courses or programs that meet or exceed the school district's graduation requirements in the same manner as credits are awarded for students transferring from another Minnesota public school as set forth in Section ~~V.A.~~ IV.A. above.

VIII. ADVANCED ACADEMIC CREDIT

- A. The school district will grant academic credit to a student attending an accelerated or advanced academic course offered by a higher education institution or a nonprofit public agency, other than the school district.

- D. In the event the content of the advanced academic course does not fully align with the content of a high school course required for graduation but is comparable to

elective credits offered by the school district for graduation, the school district may provide elective credit and the grade will be recorded on the student's transcript as an elective course credit applied toward graduation requirements.

- E. If no comparable course is offered by the school district for which high school graduation credit would be provided, the school district will notify the Commissioner and request a determination of the number of credits that shall be granted to a student.

IX VIII. PROCESS FOR AWARDING CREDIT

- A. The building principal will be responsible for carrying out the process to award credits and grades pursuant to this policy. The building principal will notify students in writing of the decision as to how credits and grades will be awarded.
- B. A student or the student's parent or guardian may seek reconsideration of the decision by the building principal as to credits and/or grades awarded upon request of a student or the student's parent or guardian if the request is made in writing to the superintendent within five school days of the date of the building principal's decision. The request should set forth the credit and/or grade requested and the reason(s) why credit(s)/grade(s) should be provided as requested. Any pertinent documentation in support of the request should be submitted.
- C. The decision of the superintendent as to the award of credits or grades shall be a final decision by the school district and shall not be appealable by the student or student's parent or guardian except as set forth in Section ~~IX.D.~~ VIII.D. below.

The decision of the Commissioner shall be final.
- E. At any time during the process, the building principal or superintendent may ask for course descriptions, syllabi, or work samples from a course where content of the course is in question for purposes of determining alignment with graduation requirements or the number of credits to be granted. Students will not be provided credit until requested documentation is available for review, if requested.

POLICY**

Adopted September 12, 2007

Revised January 13, 2014

707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

III. DEFINITIONS

- A. “Disabled student” includes every child identified under federal and state special education law as having a hearing impairment, blindness, visual disability, speech or language impairment, physical handicap, other health impairment, mental handicap, emotional/behavioral disorder, specific learning disability, autism, traumatic brain injury, multiple disabilities, or deaf blind disability who needs special education and related services, as determined by the rules of the Commissioner of Education. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. “Home” is the legal residence of the child. In the discretion of the school district, “home” also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student’s parent or guardian as the home of a student for

part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)

- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings. (42 U.S.C. § 11434a)
- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. §120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, *et seq.*). (Minn. Stat. §123B.41, Subd. 9)
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minn. Stat. § 120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)
- I. "Student" means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of

IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.
- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)
- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88, Subd. 6)
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

VII. SPECIAL EDUCATION/DISABLED STUDENTS/STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, a resident disabled student who is not yet enrolled in kindergarten, who requires special education services in a location other than the student's home, shall be provided transportation to and from the student's home at the expense of the school district and shall not be subject to any distance requirement. (Minn. Stat. § 123B.88, Subd. 1)
- B. Resident disabled students whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport disabled students on the basis of the handicapping condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600)

- C. Resident disabled students who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident disabled student attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat. § 125A.12)
- E. When a disabled student or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d))
1. Before the placement of a pupil for care and treatment, the district of residence must be notified and provided an opportunity to participate in the placement decision. (See Minn. Stat. § 125A.51(c). It is reasonable for the school district to refuse or delay transportation to a care and treatment program if school district administration have been denied the opportunity to participate in the placement decision.
 2. The school district will transport a student determined to need placement in a day treatment program to the therapeutic day program offered collaboratively by Carver and/or Scott County and a cooperative of which the school district is a member district to the extent placement is deemed appropriate by school district and therapeutic program staff and opening exists. Only if placement in this program is not possible will the school district transport to the next closest day treatment program as approved by the district's director of special services.
- F. When a nonresident disabled student or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary

transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))

- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)
- H. Any parent of a disabled student who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
 - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked. (42 U.S.C. § 11432(g)(1)(J)(iii)(I))
 - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location if the shelter or non-shelter location is two or more miles from the school of origin and the student's transportation privileges have not been revoked, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation. (Minn. Stat. § 125A.51(f); 42 U.S.C. § 11432(g)(1)(J)(iii)(II))
 - 3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services

IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)

Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs. (Minn. Stat. § 123B.36, Subd. 3)

[Note: The obligations stated in this policy are largely governed by statute. Statutory references are included throughout the policy. A school district may choose to add obligations to the model policy.]

I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

III. DEFINITIONS

- A. “Child with a disability” includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of Education. A licensed physician, an advanced practice nurse, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district’s discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. “Home” is the legal residence of the child. In the discretion of the school district, “home” also may be defined as a licensed day care facility, school day care

facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student's parent or guardian as the home of a student for part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)

- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances. (42 U.S.C. § 11434a)
- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. §120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, *et seq.*). (Minn. Stat. §123B.41, Subd. 9)
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minn. Stat. §

120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)

- I. “Student” means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota. (Minn. Stat. § 123B.41, Subd. 11)

IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student’s parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.

[Note: In this section, school districts may wish to outline those discretionary areas where they intend to provide transportation. For example, some school districts may provide that transportation shall be provided for all resident elementary students who reside one mile or more from the school.]

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district’s expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)

- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88, Subd. 6)
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minn. Stat. § 123B.92, Subd. 1(b)(4), for a resident student child with a disability who is not yet enrolled in kindergarten, who requires special education services in a location other than the student's home, shall be provided transportation to and from the student's home at the expense of the school district and shall not be subject to any distance requirement for the provision of special instruction and services. Special instruction and services for a child with a disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs. (Minn. Stat. § 123B.88, Subd. 1)
- B. Resident students with a disability whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the handicapping condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600)
- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district. (Minn. Stat. § 125A.65)
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary. (Minn. Stat. § 125A.12)
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or

agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district. (Minn. Stat. § 125A.15(b); Minn. Stat. § 125A.51(d))

- F. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation. (Minn. Stat. § 125A.15(c) and (d); Minn. Stat. § 125A.51(e))
- G. (Minn. Rules Part 7470.1700)
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district. (42 U.S.C. § 11432(e)(3)(C)(i)(III)(cc) and (g)(4)(A))

(Minn. Stat. § 125A.51(f))
4. A homeless nonresident student enrolled under Minn. Stat. § 124D.08, Subd. 2a, must be provided transportation from the student's district of residence to and from the school of enrollment. (Minn. Stat. § 123B.92, Subd. 3(c)).

IX. AVAILABILITY OF SERVICES

X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. Stat. § 123B.88, Subd. 1)

XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are

governed by these provisions. (Minn. Stat. § 121A.59)

- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. (Minn. Stat. § 123B.36, Subds. 1(11) and 6)
- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee. (Minn. Stat. § 123B.36, Subd. 1(13))
- D. 807 HEALTH AND SAFETY POLICY

I. PURPOSE

The purpose of this policy is to assist the school district in promoting health and safety, reducing injuries, and complying with federal, state, and local health and safety laws and regulations.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to implement a health and safety program that includes plans and procedures to protect employees, students, volunteers, and members of the general public who enter school district buildings and grounds. The objective of the health and safety program will be to provide a safe and healthy learning environment; to increase safety awareness; to help prevent accidents, illnesses, and injuries; to reduce liability; to assign duties and responsibilities to school district staff to implement and maintain the health and safety program; to establish written procedures for the identification and management of hazards or potential hazards; to train school district staff on safe work practices; and to comply with all health and safety, environmental, and occupational health laws, rules, and regulations.

- B. All school district employees have a responsibility for maintaining a safe and healthy environment within the school district and are expected to be involved in the health and safety program to the extent practicable. For the purpose of implementing this policy, the school district may form a health and safety advisory committee to be appointed by the superintendent. The health and safety advisory committee will be composed of employees and other individuals with specific knowledge of related issues. The advisory committee will provide recommendations to the administration regarding plans and procedures to implement this policy and to establish procedures for identifying, analyzing, and controlling hazards, minimizing risks, and training school district staff on safe work practices. The committee will also recommend procedures for investigating accidents and enforcement of workplace safety rules. Each recommendation shall include estimates of annual costs of implementing and maintaining that proposed recommendation. The superintendent may request that the safety committee established under Minn. Stat. § 182.676 carry out all or part of the duties of the advisory committee or the advisory committee may consider recommendations from a separate safety committee established under Minn. Stat § 182.676.

III. PROCEDURES

Based upon recommendations from the health and safety advisory committee and subject to the budget adopted by the school board to implement or maintain these recommendations, the administration will adopt and implement written plans and procedures for identification and management of hazards or potential hazards existing within the school district in accordance with federal, state, and local laws, rules, and regulations. Written plans and procedures will be maintained, updated, and reviewed by the school board on an annual basis and shall be an addendum to this policy. The administration shall identify in writing a contact person to oversee compliance with each specific plan or procedure.
- B. To the extent that federal, state, and local laws, rules, and regulations do not exist for identification and management of hazards or potential hazards, the health and safety advisory committee shall evaluate other available resources and generally accepted best practice recommendations. Best practices are techniques or actions which, through experience or research, have consistently proven to lead to specific positive outcomes.
- C. The school district shall monitor and make good faith efforts to comply with any new or amended laws, rules, or regulations to control potential hazards.

- A. Workload limits for special education teachers shall be determined by the appropriate special education administrator, in consultation with the building principal and the superintendent.
- B. In determining workload limits for special education staff, the school district shall take into consideration the following factors: student contact minutes, evaluation and reevaluation time, indirect services, management of IEPs, travel time, and other services required in the IEPs of eligible students.

IV. COLLECTIVE BARGAINING AGREEMENT UNAFFECTED

This policy shall not be construed as a reopening of negotiations between the school district and the special education teachers’ exclusive representative, nor shall it be construed to alter or limit in any way the managerial rights or other authority of the school district set forth in the Public Employers Labor Relations Act or in the collective bargaining agreement between the school district and the special education teachers’ exclusive representative.

508 EXTENDED SCHOOL YEAR FOR CERTAIN STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS

I. PURPOSE

The purpose of this policy is to ensure that the school district complies with the overall requirements of law as mandated for certain students subject to individualized education programs (IEPs) when necessary to provide a free appropriate public education (FAPE).

II. GENERAL STATEMENT OF POLICY

- A. Extended School Year Services Must Be Available to Provide a FAPE. The school district shall provide extended school year (ESY) services to a student who is the subject of an IEP if the student's IEP team determines the services are necessary during a break in instruction in order to provide a FAPE.
- B. Extended School Year Determination. At least annually, the IEP team must determine that a student is in need of ESY services if the student meets any of the following conditions:
1. There will be significant regression of a skill or acquired knowledge from the student's level of performance on an annual goal that requires more than the length of the break in instruction to recoup unless the IEP team determines a shorter time for recoupment is more appropriate; OR
 2. Services are necessary for the student to attain and maintain self-sufficiency because of the critical nature of the skill addressed by an annual goal, the student's age and level of development, and the timeliness for teaching the skill; OR
 3. The IEP team otherwise determines, given the student's unique needs, that ESY services are necessary to ensure the pupil receives a FAPE.
- C. Required Factors Schools Must Consider in Making ESY Determinations. The IEP team must decide ESY eligibility using information including:
1. Prior observations of the student's regression and recoupment over the summer;
 2. Observations of the student's tendency to regress over extended breaks in instruction during the school year; and

3. Experience with other students with similar instructional needs.

D. Additional Factors to Consider, Where Relevant. In making its determination of ESY needs, the following factors must be considered, where relevant:

1. The student's progress and maintenance of skills during the regular school year.
2. The student's degree of impairment.
3. The student's rate of progress.
4. The student's behavioral or physical problems.
5. The availability of alternative resources.
6. The student's ability and need to interact with nondisabled peers.
7. The areas of the student's curriculum which need continuous attention.
8. The student's vocational needs.

E. No Unilateral Decisions. In implementing the requirements of this section, the school district may not unilaterally limit the type, amount, or duration of those services.

B. Biometric Record

“Biometric record,” as referred to in “Personally Identifiable,” means a record of one or more measurable biological or behavioral characteristics that can be used for authorized recognition of an individual (e.g., fingerprints, retina and iris patterns, voice prints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

“Dates of attendance,” as referred to in “Directory Information,” means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, satellite, internet or other electronic communication technologies for students who

are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

“Directory information” means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to: the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status (i.e., full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:

1. a student's social security number;
2. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
3. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
4. personally identifiable data which references religion, race, color, social position, or nationality; or
5. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

E. Education Records

1. What constitutes “education records.” Education records means those records which: (1) are directly related to a student; and (2) are maintained by the school district or by a party acting for the school district.

- c. Records relating to an individual, including a student, who is employed by the school district which:
 - (1) are made and maintained in the normal course of business;

 - (2) made, maintained, or used only in connection with the provision of treatment to the student; and
 - (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's

choice. For the purpose of this definition, “treatment” does not include remedial educational activities or activities that are a part of the program of instruction within the school district.

- e. Records that only contain information about an individual after he or she is no longer a student at the school district and that are not directly related to the individual’s attendance as a student.

F. Eligible Student

“Eligible student” means a student who has attained eighteen (18) years of age or is attending an institution of post-secondary education.

G. Juvenile Justice System

“Juvenile justice system” includes criminal justice agencies and the judiciary when involved in juvenile justice activities.

H. Legitimate Educational Interest

I. Parent

“Parent” means a parent of a student and includes a biological parent/adoptive parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

J. Personally Identifiable

“Personally identifiable” means that the data or information includes, but is not limited to: (a) a student’s name; (b) the name of the student’s parent or other family member; (c) the address of the student or student’s family; (d) a personal identifier such as the student’s social security number or student number or biometric record; (e) other direct identifiers, such as the student’s date of birth, place of birth, and mother’s maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

P. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

The student then becomes an “eligible student.” However, the parents of an eligible student who is also a “dependent student” are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 C.F.R. § 99.31(a).

 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made.
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7165 of the federal No Child Left Behind Act and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minn. Stat. § 260B.171, unless the data are required to be destroyed under Minn. Stat. § 120A.22, Subd. 7(c) or § 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records which have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;
4. To authorized representatives of the Comptroller General of the United

States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;

5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
 - a. determine eligibility for the aid;
 - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual’s attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:
 - a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system’s ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student’s full name, home address, telephone number, and date of birth; a student’s school schedule, attendance record, and photographs, if any; and parents’ names, home addresses, and telephone numbers.

7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by

individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, “organizations,” includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;

8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 U.S.C. § 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as plaintiff. Also, if a parent or eligible student initiates a legal action against the

school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;

11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;
12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;

18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minn. Stat. § 260B.171, Subd. 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the

student if the principal determines that these individual need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;

20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minn. Stat. § 260B.171, Subd. 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action; or

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and

Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements.

22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in section 450b of Title 25), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Classification

Directory information is public except as provided herein.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an “education record,” the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual’s attendance as a student (e.g., a student’s activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Prior to such disclosure the school district shall:

1. Annually give public notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent’s or eligible student’s right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.
2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent’s or eligible student’s prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student

to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or

- b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The

school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
 - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
 - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
 - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
 - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
 - e. whether the data concerns medical, dental or other health services provided pursuant to Minn. Stat. §§ 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minn. Stat. § 626.556, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minn. Stat. § 626.556, Subd. 11.

Regardless of whether a written report is made under Minn. Stat. § 626.556, Subd. 7, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or which are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minn. Stat. § 13.393.

4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A “pending civil legal action” for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student’s parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. § 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND/OR POST-SECONDARY EDUCATIONAL INSTITUTIONS

- A. The school district will release the names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and/or post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this

data pursuant to Paragraph C. below.

- B. Data released to military recruiting officers under this provision:
1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military; and
 2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.
- C. A parent or eligible student has the right to refuse the release of the name, address, or home telephone number to military recruiting officers and/or post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and/or post-secondary educational institutions, a parent or eligible student must notify the responsible authority (School Counselor) in writing by October 1 each year. The written request must include the following information:
1. Name of student and parent, as appropriate;
 2. Home address;
 3. Student's grade level;
 4. School presently attended by student;
 5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and/or post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and/or post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and/or post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and/or post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed.

Accordingly, to the extent the school district has designated the name, address, phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and/or post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redislosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redislosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 U.S.C. § 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redislosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 C.F.R. § 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in § 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record with the education records of the student which indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
 - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 C.F.R. § 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to

other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18. U.S.C. § 2332b(g)(5)(B) or an act of domestic or international terrorism.

4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to

inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school district in its normal course of operations;
 - d. any special costs necessary to produce such copies from machine based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district amend those records.

1. The request shall be in writing, shall identify the item the requestor

believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.

2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
 - a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
 - b. if the education records of the student or the contested portion thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minn. Stat. Ch. 14 relating to contested cases.

XVI. PROBLEMS ACCESSING DATA

- A. The data practices compliance official is the designated employee to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems.
- B. Data practices compliance official means the Superintendent.
- C. Any request by an individual with a disability for reasonable modifications of the school district's policies or procedures for purposes of accessing records shall be made to the data practices compliance official.

XVII. COMPLAINTS FOR NONCOMPLIANCE WITH FERPA

A. Where to File Complaints

Complaints regarding alleged violations of rights accorded parents and eligible students by FERPA, and the rules promulgated thereunder, shall be submitted in

writing to the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue S.W., Washington, D.C. 20202.

B. Content of Complaint

A complaint filed pursuant to this section must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA and the rules promulgated thereunder has occurred.

XVIII. WAIVER

A parent or eligible student may waive any of his or her rights provided herein pursuant to FERPA. A waiver shall not be valid unless in writing and signed by the parent or eligible student. The school district may not require such a waiver.

XIX. ANNUAL NOTIFICATION OF RIGHTS

A. Contents of Notice

The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

1. That the parent or eligible student has a right to inspect and review the student's education records and the procedure for inspecting and reviewing education records;
2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights and the procedure for requesting amendment of records;

in which a student seeks or intends to enroll or is already enrolled as long as the disclosure is for purposes related to the student's enrollment or transfer and that such records may include suspension and expulsion records pursuant to the federal No Child Left Behind Act and, if applicable, a student's history of violent behavior.

B. Notification to Parents of Students Having a Primary Home Language Other Than English

The school district shall provide for the need to effectively notify parents of students identified as having a primary or home language other than English.

C. Notification to Parents or Eligible Students Who are Disabled

The school district shall provide for the need to effectively notify parents or eligible students identified as disabled.

XX. DESTRUCTION AND RETENTION OF RECORDS

Destruction and retention of records by the school district shall be controlled by state and federal law.

XXI. COPIES OF POLICY

Copies of this policy may be obtained by parents and eligible students at the office of the superintendent.

Independent School District No. 717 gives notice to parents of students currently in attendance in the District, and eligible students currently in attendance in the District, of their rights regarding pupil records.

1. Parents and eligible students are hereby informed that they have the following rights:
 - a. That a parent or eligible student has a right to inspect and review the student's education records within 45 days after the day the request for access is received by the school district. A parent or eligible student should submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect. The parent or eligible student will be notified of the time and place where the records may be inspected;
 - b. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy rights. A parent or eligible student may ask the school district to amend a record that they believe is inaccurate or misleading. The request shall be in writing, identify the item the parent or eligible student believes to be inaccurate, misleading, or in violation of the privacy rights of the student, shall state the reason for this belief, and shall specify the correction the parent or eligible student wishes the school district to make. The request shall be signed by the parent or eligible student. If the school district decides not to amend the record as requested by the parent or eligible student, the school district will notify the parent or eligible student of the decision and advise him or her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing;
 - c. That the parent or eligible student has a right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that federal and state law and the regulations promulgated thereunder authorize disclosures without consent;
 - d. That the school district may disclose education records to other school officials within the school district if the school district has determined they have legitimate educational interests. For purposes of such disclosure, a "school official" is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or other employee; a person serving on the school board; a person or company with

whom the school district has consulted to perform a specific task (such as an attorney, auditor, medical consultant, therapist, public information officer, or data practices compliance official); or a parent or student serving on an official committee, such as a disciplinary or grievance committee; or any individual assisting a school official in the performance of his or her tasks. A school official has a “legitimate educational interest” if the individual needs to review an education record in order to fulfill his or her professional responsibility and includes, but is not limited to, an interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student, and student health and welfare and the ability to respond to a request for educational data;

- e. That the school district forwards education records on request to a school or post-secondary educational institution in which a student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student’s enrollment, including information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, suspension and expulsion information pursuant to section 4155 of the federal No Child Left Behind Act [and data regarding a student’s history of violent behavior,] and any disposition order which adjudicates the student as delinquent for committing an illegal act on school district property and certain other illegal acts;
- f. That the parent or eligible student has a right to file a complaint with the U.S. Department of Education regarding an alleged failure by the school district to comply with the requirements of 20 U.S.C. § 1232g and the rules promulgated thereunder. The name and address of the office that administers the Family Education Rights and Privacy Act is:

It also does not include identifying information on a student’s religion, race, color, social position, or nationality.

- a. The information listed above shall be public information which the school district may disclose from the education records of a student or information regarding a parent.
 - b. Should the parent of a student or the student so desire, any or all of the listed information will not be disclosed without the parent’s or eligible student’s prior written consent except to school officials as provided under federal law.
 - c. In order to make any or all of the directory information listed above “private” (i.e., subject to consent prior to disclosure), the parent or eligible student must make a written request to the building principal within thirty (30) days after the date of the last publication of this notice. This written request must include the following information:
 - (1) name of student and parent, as appropriate;
 - (2) home address;

 - (4) parent’s legal relationship to student, if applicable;
 - (5) specific category or categories of directory information which is not to be made public without the parent’s or eligible student’s prior written consent.
5. Pursuant to applicable law, Independent School District No. 717 hereby gives notice to parents of students and eligible students in grades 11 and 12 of their rights regarding release of information to military recruiting officers and post-secondary educational institutions. The school district must release the names,

addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request. Data released to military recruiting officers under this provision may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military and cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.

Should the parent of a student or the eligible student so desire, any or all of the listed information will not be disclosed to military recruiting officers and post-secondary educational institutions without prior consent.

In order to refuse the release of this information without prior consent, the parent or eligible student must make a written request to the responsible authority, building principal, by October 1 each year. This written request must include the following information:

515 PROTECTION AND PRIVACY OF PUPIL RECORDS

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 U.S.C. § 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 C.F.R. Part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, and Minn. Rules Parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Authorized Representative

“Authorized representative” means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

“Biometric record,” as referred to in “Personally Identifiable,” means a record of one or more measurable biological or behavioral characteristics that can be used for authorized recognition of an individual (e.g., fingerprints, retina and iris patterns, voice prints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

“Dates of attendance,” as referred to in “Directory Information,” means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, satellite, internet or other electronic communication technologies for students who

are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

“Directory information” means information contained in an education record of a student which would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to: the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status (i.e., full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:

1. a student's social security number;
2. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
3. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
4. personally identifiable data which references religion, race, color, social position, or nationality; or
5. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

[Note: This definition includes all of the types of information specifically referenced by state and federal law as directory information. A school district may choose not to designate some or all of the enumerated information as directory information. A school district also may add to the list of directory information, as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student's religion, race, color, social position, or nationality. Federal law now allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of

those parties and/or purposes should be identified. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board which must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.]

E. Education Records

1. What constitutes “education records.” Education records means those records which: (1) are directly related to a student; and (2) are maintained by the school district or by a party acting for the school district.
2. What does not constitute an education record. The term, “education records,” does not include:
 - a. Records of instructional personnel which:
 - (1) are in the sole possession of the maker of the record; and
 - (2) are not accessible or revealed to any other individual except a substitute teacher; and
 - (3) are destroyed at the end of the school year.
 - b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - (1) maintained separately from education records;
 - (2) maintained solely for law enforcement purposes; and
 - (3) disclosed only to law enforcement officials of the same jurisdiction.
 - c. Records relating to an individual, including a student, who is employed by the school district which:
 - (1) are made and maintained in the normal course of business;
 - (2) relate exclusively to the individual in that individual’s capacity as an employee; and
 - (3) are not available for use for any other purpose.

However, these provisions shall not apply to records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student.

- d. Records relating to an eligible student, or a student attending an institution of post-secondary education, which are:
 - (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
 - (2) made, maintained, or used only in connection with the provision of treatment to the student; and
 - (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.
- e. Records that only contain information about an individual after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student.

F. Eligible Student

"Eligible student" means a student who has attained eighteen (18) years of age or is attending an institution of post-secondary education.

G. Juvenile Justice System

"Juvenile justice system" includes criminal justice agencies and the judiciary when involved in juvenile justice activities.

H. Legitimate Educational Interest

It includes a person's need to know in order to:

- 1. Perform an administrative task required in the school or employee's contract or position description approved by the school board;
- 2. Perform a supervisory or instructional task directly related to the student's

education; or

3. Perform a service or benefit for the student or the student's family such as health care, counseling, student job placement, or student financial aid.
4. Perform a task directly related to responding to a request for data.

I. Parent

“Parent” means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. The school district may presume the parent has the authority to exercise the rights provided herein, unless it has been provided with evidence that there is a state law or court order governing such matters as marriage dissolution, separation or child custody, or a legally binding instrument which provides to the contrary.

J. Personally Identifiable

“Personally identifiable” means that the data or information includes, but is not limited to: (a) a student's name; (b) the name of the student's parent or other family member; (c) the address of the student or student's family; (d) a personal identifier such as the student's social security number or student number or biometric record; (e) other direct identifiers, such as the student's date of birth, place of birth, and mother's maiden name; (f) other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or (g) information requested by a person who the school district reasonably believes knows the identity of the student to whom the education record relates.

K. Record

“Record” means any information or data recorded in any way including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche.

M. Student

“Student” includes any individual who is or has been in attendance, enrolled, or registered at the school district and regarding whom the school district maintains education records. Student also includes applicants for enrollment or registration at the school district and individuals who receive shared time educational services

from the school district.

N. School Official

“School official” includes: (a) a person duly elected to the school board; (b) a person employed by the school board in an administrative, supervisory, instructional, or other professional position; (c) a person employed by the school board as a temporary substitute in a professional position for the period of his or her performance as a substitute; and (d) a person employed by, or under contract to, the school board to perform a special task such as a secretary, a clerk, a public information officer or data practices compliance official, an attorney, or an auditor for the period of his or her performance as an employee or contractor.

[Note: School districts may wish to reference police liaison officers in the definition of a “school official.” Depending on the circumstances of the relationship, this may be added in subpart (d) of the definition or in a new subpart (e). Caution should be used to ensure that police liaison officers are considered “school officials” only when performing duties as a police liaison officer. Consultation with the school district’s legal counsel is recommended.]

O. Summary Data

“Summary data” means statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify the individual is ascertainable.

P. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

1. The right to inspect and review the student's education records;
2. The right to request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights;
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that such consent is not required for disclosure pursuant to this policy, state or federal law, or the regulations promulgated thereunder;
4. The right to refuse release of names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions;
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the federal law and the regulations promulgated thereunder;
6. The right to be informed about rights under the federal law; and
7. The right to obtain a copy of this policy at the location set forth in Section XXI. of this policy.

B. Eligible Students

All rights and protections given parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 C.F.R. § 99.31(a).

C. Disabled Students

The school district shall follow 34 C.F.R. §§ 300.610-300.617 with regard to the confidentiality of information related to students with a disability.

VI. DISCLOSURE OF EDUCATION RECORDS

A. Consent Required for Disclosure

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the

student, except as provided herein.

2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
 - a. a specification of the records to be disclosed;
 - b. the purpose or purposes of the disclosure;
 - c. the party or class of parties to whom the disclosure may be made;
 - d. the consequences of giving informed consent; and
 - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:
 - a. if the parent or eligible student so requests, the school district shall provide him or her with a copy of the records disclosed; and
 - b. if the parent of a student who is not an eligible student so requests, the school district shall provide the student with a copy of the records disclosed.
4. A signed and dated written consent may include a record and signature in electronic form that:
 - a. identifies and authenticates a particular person as the source of the electronic consent; and
 - b. indicates such person's approval of the information contained in the electronic consent.
5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
 - a. in plain language;
 - b. dated;
 - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
 - d. specific as to the nature of the information the subject is

authorizing to be disclosed;

- e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;
- f. specific as to the purpose or purposes for which the information may be used by any of the parties named in Clause e. above, both at the time of the disclosure and at any time in the future; and
- g. specific as to its expiration date which should be within a reasonable time, not to exceed one year except in the case of authorizations given in connection with applications for: (i) life insurance or noncancellable or guaranteed renewable health insurance and identified as such, two years after the date of the policy, or (ii) medical assistance under Minn. Stat. Ch. 256B or Minnesota Care under Minn. Stat. Ch. 256L, which shall be ongoing during all terms of eligibility, for individualized education program health-related services provided by a school district that are subject to third party reimbursement.

6. Eligible Student Consent

Whenever a student has attained eighteen (18) years of age or is attending an institution of post-secondary education, the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student, except as provided in Section V. of this policy.

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

- 1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;
- 2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:
 - a. performs an institutional service or function for which the school district would otherwise use employees;
 - b. is under the direct control of the school district with respect to the use and maintenance of education records; and

- c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made.
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7165 of the federal No Child Left Behind Act *[insert the following if the school district has a policy regarding Staff Notification of Violent Behavior by Students]* and, if applicable, data regarding a student's history of violent behavior. The records also shall include a copy of any probable cause notice or any disposition or court order under Minn. Stat. § 260B.171, unless the data are required to be destroyed under Minn. Stat. § 120A.22, Subd. 7(c) or § 121A.75. On request, the school district will provide the parent or eligible student with a copy of the education records which have been transferred and provide an opportunity for a hearing to challenge the content of those records in accordance with Section XV. of this policy;
4. To authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or the Commissioner of the State Department of Education or his or her representative, subject to the conditions relative to such disclosure provided under federal law;
5. In connection with financial aid for which a student has applied or has received, if the information is necessary for such purposes as to:
 - a. determine eligibility for the aid;
 - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

“Financial aid” for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual's attendance at an educational agency or institution;

6. To state and local officials or authorities to whom such information is

specifically allowed to be reported or disclosed pursuant to state statute adopted:

- a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. At a minimum, the school district shall disclose the following information to the juvenile justice system under this paragraph: a student's full name, home address, telephone number, and date of birth; a student's school schedule, attendance record, and photographs, if any; and parents' names, home addresses, and telephone numbers.
7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;

8. To accrediting organizations in order to carry out their accrediting functions;
9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 U.S.C. § 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 U.S.C. § 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;
11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the

school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;

12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as “directory information” pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or endorsed by the educational agency or institution for students or former students;
18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student’s full name, home address, telephone number, date of birth; a student’s school schedule, daily attendance record, and photographs, if any; and any parents’ names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student’s education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a

school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minn. Stat. § 260B.171, Subd. 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individual need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;
20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minn. Stat. § 260B.171, Subd. 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may

also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action; or

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements.
22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in section 450b of Title 25), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization

to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Classification

Directory information is public except as provided herein.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Prior to such disclosure the school district shall:

1. Annually give public notice by any means that are reasonably likely to inform the parents and eligible students of:
 - a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
 - b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
 - c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.

[Note: Federal law now allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the school district chooses to impose these limitations, it is advisable to add a new paragraph VII.C.1.d. which specifies that disclosures of directory information will be limited to specific parties and/or for specific purposes and identify those parties and/or purposes. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. This is an important policy decision for the local school board which must balance not only the privacy interests of the student against public disclosure, but also the additional administrative requirements such restrictions will place on the school district.]

2. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI. of this policy.
3. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.

4. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be

accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
 - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
 - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
 - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
 - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
 - e. whether the data concerns medical, dental or other health services provided pursuant to Minn. Stat. §§ 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minn. Stat. § 626.556, written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minn. Stat. § 626.556, Subd. 11.

Regardless of whether a written report is made under Minn. Stat. § 626.556, Subd. 7, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or which are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minn. Stat. § 13.393.
4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the

school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;

- b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
- c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.

5. A “pending civil legal action” for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student’s parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. § 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

A. The school district will release the names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.

B. Data released to military recruiting officers under this provision:

- 1. may be used only for the purpose of providing information to students about military service, state and federal veterans’ education benefits, and other career and educational opportunities provided by the military; and
- 2. cannot be further disseminated to any other person except personnel of the

recruiting services of the armed forces.

- C. A parent or eligible student has the right to refuse the release of the name, address, or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority [*designate title of individual, i.e., building principal*] in writing by [*date*] each year. The written request must include the following information:
1. Name of student and parent, as appropriate;
 2. Home address;
 3. Student's grade level;
 4. School presently attended by student;
 5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

- A. Redislosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 U.S.C. § 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

[Note: 42 U.S.C. § 14071 was repealed. School districts should retain this statutory reference, however, as it remains a reference in FERPA and the Minnesota Government Data Practices Act and still may apply to individuals required to register prior to the repeal of this law.]

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information

under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 C.F.R. § 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in § 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be

attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record with the education records of the student which indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.

2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and
 - c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 C.F.R. § 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.

3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has

ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18. U.S.C. § 2332b(g)(5)(B) or an act of domestic or international terrorism.

[Note: While Section XIII.E.1. does not apply to requests for or disclosures of directory information under Section VII. of this policy, to the extent the school district chooses to limit the disclosure of directory information to specific parties, for specific purposes, or both, it is advisable that records be kept to identify the party to whom the disclosure was made and/or purpose for the disclosure.]

4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:
 - a. the cost of materials, including paper, used to provide the copies;
 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school district in its normal course of operations;
 - d. any special costs necessary to produce such copies from machine based record-keeping systems, including but not limited to computers and microfilm systems; and
 - e. mailing costs.
2. If 100 or fewer pages of black and white, letter or legal size paper copies are requested, actual costs shall not be used, and, instead, the charge shall be no more than 25 cents for each page copied.
3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

A. Request to Amend Education Records

The parent of a student or an eligible student who believes that information contained in the education records of the student is inaccurate, misleading, or violates the privacy rights of the student may request that the school district

amend those records.

1. The request shall be in writing, shall identify the item the requestor believes to be inaccurate, misleading, or in violation of the privacy or other rights of the student, shall state the reason for this belief, and shall specify the correction the requestor wishes the school district to make. The request shall be signed and dated by the requestor.
2. The school district shall decide whether to amend the education records of the student in accordance with the request within thirty (30) days after receiving the request.
3. If the school district decides to refuse to amend the education records of the student in accordance with the request, it shall inform the parent of the student or the eligible student of the refusal and advise the parent or eligible student of the right to a hearing under Subdivision B. of this section.

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:
 - a. be maintained by the school district as part of the education records of the student so long as the record or contested portion thereof is maintained by the school district; and
 - b. if the education records of the student or the contested portion

thereof is disclosed by the school district to any party, the explanation shall also be disclosed to that party.

C. Conduct of Hearing

1. The hearing shall be held within a reasonable period of time after the school district has received the request, and the parent of the student or the eligible student shall be given notice of the date, place, and time reasonably in advance of the hearing.
2. The hearing may be conducted by any individual, including an official of the school district who does not have a direct interest in the outcome of the hearing. The school board attorney shall be in attendance to present the school board's position and advise the designated hearing officer on legal and evidentiary matters.
3. The parent of the student or eligible student shall be afforded a full and fair opportunity for hearing to present evidence relative to the issues raised under Subdivisions A. and B. of this section and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
4. The school district shall make a decision in writing within a reasonable period of time after the conclusion of the hearing. The decision shall be based solely on evidence presented at the hearing and shall include a summary of evidence and reasons for the decision.

D. Appeal

The final decision of the designated hearing officer may be appealed in accordance with the applicable provisions of Minn. Stat. Ch. 14 relating to contested cases.

XVI. PROBLEMS ACCESSING DATA

- A. The data practices compliance official is the designated employee to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems.
- B. Data practices compliance official means *[designate title and actual name of individual]*.
- C. Any request by an individual with a disability for reasonable modifications of the school district's policies or procedures for purposes of accessing records shall be made to the data practices compliance official.

A complaint filed pursuant to this section must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA and the rules promulgated thereunder has occurred.

XVIII. WAIVER

A parent or eligible student may waive any of his or her rights provided herein pursuant to FERPA. A waiver shall not be valid unless in writing and signed by the parent or eligible student. The school district may not require such a waiver.

XIX. ANNUAL NOTIFICATION OF RIGHTS

A. Contents of Notice

The school district shall give parents of students currently in attendance and eligible students currently in attendance annual notice by such means as are reasonably likely to inform the parents and eligible students of the following:

1. That the parent or eligible student has a right to inspect and review the student's education records and the procedure for inspecting and reviewing education records;
2. That the parent or eligible student has a right to seek amendment of the student's education records to ensure that those records are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights and the procedure for requesting amendment of records;

2. Independent School District No. _____ has adopted a school board policy in order to comply with state and federal laws regarding education records. The policy does the following:
 - a. It classifies records as public, private, or confidential.
 - b. It establishes procedures and regulations to permit parents or students to inspect and review a student's education records. These procedures include the method of determining fees for copies, a listing of the locations of these education records, and the identity of the individuals in charge of the records.
 - c. It establishes procedures and regulations to allow parents or students to request the amendment of a student's education records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the student's privacy rights.
 - d. It establishes procedures and regulations for access to and disclosure of education records.
 - e. It establishes procedures and regulations for safeguarding the privacy of education records and for obtaining prior written consent of the parent or student when required prior to disclosure.
3. Copies of the school board policy and accompanying procedures and regulations are available to parents and students upon written request to the Superintendent.
4. Pursuant to applicable law, Independent School District No. _____ gives notice to parents of students currently in attendance in the school district, and eligible students currently in attendance in the school district, of their rights regarding "directory information."

"Directory information" includes the following information relating to a student: the student's name; address; telephone number; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status; participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; the most recent educational agency or institution attended by the student; and other similar information. "Directory information" also includes the name, address, and telephone number of the student's parent(s). "Directory information" does not include a student's social security number or a student's identification number (ID) if the ID may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number, password, or other factor known or possessed only by the authorized user. It also does not include identifying information on a student's religion, race, color, social position, or nationality.

[Note: The definition of directory information is found on page 515-2 of the school district's policy. This definition includes all of the types of information specifically referenced by state and federal law as directory information. A school district may choose not to include some or all of the enumerated information as directory information. A school district also may add to the list of directory information, as long as the added data is not information that generally would be deemed as an invasion of privacy or information that references the student's religion, race, color, social position, or nationality. A school district also may specify in this section that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. The identity of those parties and/or purposes should be identified. To the extent a school district adds these restrictions, it must then limit its directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. Designation of directory information is an important policy decision for the local school board which must balance not only the privacy interests of the student against public disclosure but also the additional administrative requirements such restrictions on disclosures will place on the school district.]

- a. **THE INFORMATION LISTED ABOVE SHALL BE PUBLIC INFORMATION WHICH THE SCHOOL DISTRICT MAY DISCLOSE FROM THE EDUCATION RECORDS OF A STUDENT OR INFORMATION REGARDING A PARENT.**

- b. **SHOULD THE PARENT OF A STUDENT OR THE STUDENT SO DESIRE, ANY OR ALL OF THE LISTED INFORMATION WILL NOT BE DISCLOSED WITHOUT THE PARENT'S OR ELIGIBLE STUDENT'S PRIOR WRITTEN CONSENT EXCEPT TO SCHOOL OFFICIALS AS PROVIDED UNDER FEDERAL LAW.**

- c. **IN ORDER TO MAKE ANY OR ALL OF THE DIRECTORY INFORMATION LISTED ABOVE "PRIVATE" (I.E., SUBJECT TO CONSENT PRIOR TO DISCLOSURE), THE PARENT OR ELIGIBLE STUDENT MUST MAKE A WRITTEN REQUEST TO THE BUILDING PRINCIPAL WITHIN THIRTY (30) DAYS AFTER THE DATE OF THE LAST PUBLICATION OF THIS NOTICE. THIS WRITTEN REQUEST MUST INCLUDE THE FOLLOWING INFORMATION:**
 - (1) **NAME OF STUDENT AND PARENT, AS APPROPRIATE;**
 - (2) **HOME ADDRESS;**
 - (3) **SCHOOL PRESENTLY ATTENDED BY STUDENT;**

- (4) PARENT'S LEGAL RELATIONSHIP TO STUDENT, IF APPLICABLE;
- (5) SPECIFIC CATEGORY OR CATEGORIES OF DIRECTORY INFORMATION WHICH IS NOT TO BE MADE PUBLIC WITHOUT THE PARENT'S OR ELIGIBLE STUDENT'S PRIOR WRITTEN CONSENT.

5. Pursuant to applicable law, Independent School District No. _____ hereby gives notice to parents of students and eligible students in grades 11 and 12 of their rights regarding release of information to military recruiting officers and post-secondary educational institutions. The school district must release the names, addresses, and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request. Data released to military recruiting officers under this provision may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military and cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces.

SHOULD THE PARENT OF A STUDENT OR THE ELIGIBLE STUDENT SO DESIRE, ANY OR ALL OF THE LISTED INFORMATION WILL NOT BE DISCLOSED TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS WITHOUT PRIOR CONSENT.

IN ORDER TO REFUSE THE RELEASE OF THIS INFORMATION WITHOUT PRIOR CONSENT, THE PARENT OR ELIGIBLE STUDENT MUST MAKE A WRITTEN REQUEST TO THE RESPONSIBLE AUTHORITY, [DESIGNATE TITLE OF INDIVIDUAL, I.E., BUILDING PRINCIPAL], BY [INSERT DATE] EACH YEAR. THIS WRITTEN REQUEST MUST INCLUDE THE FOLLOWING INFORMATION:

**JORDAN DISTRICT SCHOOLS
POLICY**

Adopted: September 12, 2007

Revised: July 2015

525 VIOLENCE PREVENTION [APPLICABLE TO STUDENTS AND STAFF]

I. PURPOSE

The purpose of this policy is to recognize that violence has increased and to identify measures that the school district will take in an attempt to maintain a learning and working environment that is free from violent and disruptive behavior.

The school board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe for all members of the school community. It further believes that students are the first priority and they should be protected from physical or emotional harm during school activities and on school grounds, buses, or field trips while under school district supervision.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to strictly enforce its weapons policy (Policy 501).
- B. The policy of the school district is to act promptly in investigating all acts, or formal or informal complaints, of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- C. The administration will periodically review discipline policies and procedures, prepare revisions if necessary, and submit them to the school board for review and adoption.
- D. The school district will implement approved violence prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

III. IMPLEMENTATION OF POLICY

- A. The school board will review and approve policies to prevent and address violence in our schools. The superintendent or designee will develop procedures to effectively implement the school weapons and violence prevention policies. It shall be incumbent on all students and staff to observe all policies and report violations to the school administration.

- B. The school board and administration will inform staff and students annually of policies and procedures related to violence prevention and weapons.
- C. The school district will act promptly to investigate all acts and formal and informal complaints of violence and take appropriate disciplinary action against any student or staff member who is found to have violated this policy or any related policy.
- D. The consequences set forth in the school weapons policy (Policy 501) will be imposed upon any student or nonstudent who possesses, uses or distributes a weapon when in a school location.
- E. The consequences set forth in the school hazing policy (Policy 526) will be imposed upon any student or staff member who commits an act against a student or staff member; or coerces a student or staff member into committing an act, that creates a substantial risk of harm to a person in order for the student or staff member to be initiated into or affiliated with an organization, or for any other purpose.
- F. Students with disabilities may be expelled for behavior unrelated to their disabilities, subject to the procedural safeguards required by the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Pupil Fair Dismissal Act.
- G. Procedures will be developed for the referral of any person in violation of this policy or the weapons policy to the local law enforcement agency in accordance with Minn. Stat. § 121A.05.
- H. Students who wear objectionable emblems, signs, words, objects, or pictures on clothing communicating a message that is racist, sexist, or otherwise derogatory to a protected minority group or which connotes gang membership or that approves, advances, or provokes any form of religious, racial, or sexual harassment or violence against other individuals as defined in the harassment and violence policy (Policy 413) will be subject to the procedures set forth in the student dress and appearance policy (Policy 504). “Gang” as used in this policy means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or whose members engaged in a pattern of criminal gang activity. A “pattern of gang activity” means the commission, attempt to commit, conspiring to commit, or solicitation of two or more criminal acts, provided the criminal acts were committed on separate dates or by two or more persons who are members of or belong to the same criminal street gang.
- I. This policy is not intended to abridge the rights of students to express political, religious, philosophical, or similar opinions by wearing apparel on which such messages are stated. Such messages are acceptable as long as they are not lewd,

vulgar, obscene, defamatory, profane, denote gang affiliation, advocate harassment or violence against others, are likely to disrupt the education process, or cause others to react in a violent or illegal manner (Policy 504).

IV. PREVENTION STRATEGIES

The school district has adopted and will implement the following prevention strategies to promote safe and secure learning environments, to diminish violence in our schools, and to aid in the protection of children whose health or welfare may be jeopardized through acts of violence.

- A. Adopt a district crisis management policy to address potential violent crisis situations in the district.
- B. Provide training in recognition, prevention, and safe responses to violence and development of a positive school climate.
- C. Coordinate a local school Emergency Action Plan or task force comprised of school officials, law enforcement, parents, and other youth service providers to advise on policy implementation.
- D. In-service training for personnel in aspects of reporting, visibility, and supervision as deterrents to violence.
- E. Promote student safety responsibility by encouraging the reporting of suspicious individuals and unusual activities on school grounds.
- F. Establish a curriculum committee that explores ways of teaching students violence prevention strategies, law-related education, cross cultural awareness and character/values education (universal values, e.g., honesty, personal responsibility, self-discipline, cooperation, and respect for others).
- G. Establish clear school rules that prevent and deter violence.
- H. Establish conflict resolution training, conflict management, or peer mediation programs for staff and students to teach conservative approaches to settling disputes.
- I. Develop curriculum that teaches social skills such as maintaining self-control, building communications skills, forming friendships, resisting peer pressure, being appropriately assertive, forming positive relationships with adults, and resolving conflict in nonviolent ways.
- J. Develop curriculum that teaches critical viewing and listening skills in analyzing mass media to recognize stereotypes, distinguish fact from fantasy, and identify differences in behavior and values that conflict with their own.
- K. Through student and faculty council, develop student safety forums that both

inform and elicit students' ideas about particular safety problems in the building.

- L. Develop a student photo or name identification system for quick identification of the student in case of emergency.
- M. Develop a staff photo or name identification system using identification badges for quick identification of unauthorized people on campus.
- N. Require all visitors to check-in the main office upon their arrival and state their business at the school. A visitor badge will be issued for easy identification that the visitor is authorized to be present in the school building.
- O. Develop curriculum on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

530 IMMUNIZATION REQUIREMENTS

I. PURPOSE

The purpose of this policy is to require that all students receive the proper immunizations as mandated by law to ensure the health and safety of all students.

II. GENERAL STATEMENT OF POLICY

All students are required to provide proof of immunization, or appropriate documentation exempting the student from such immunization, and such other data necessary to ensure that the student is free from any communicable diseases, as a condition of enrollment.

III. STUDENT IMMUNIZATION REQUIREMENTS

- A. No student may be enrolled or remain enrolled, on a full-time, part-time, or shared-time basis, in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted to the designated school district administrator the required proof of immunization. Prior to the student's first date of attendance, the student or the student's parent or guardian shall provide to the designated school district administrator one of the following statements:
1. a statement, from a physician or a public clinic which provides immunizations, stating that the student received the immunizations required by law, consistent with medically acceptable standards; or
 2. a statement, from a physician or a public clinic which provides immunizations, stating that the student received the primary schedule of immunizations required by law and has commenced a schedule of the remaining required immunizations, indicating the month and year each immunization was administered, consistent with medically acceptable standards.
- B. The statement of a parent or guardian of a student or an emancipated student may be substituted for the statement of a physician or public clinic which administers immunizations. If such a statement is substituted, this statement must indicate the month and year each immunization was administered. Upon request, the designated school district administrator will provide information to the parent or guardian of a student or an emancipated student of the dosages required for each

vaccine according to the age of the student.

- C. The parent or guardian of persons receiving instruction in a home school shall submit one of the statements set forth in Section III.A. or III.B., above, or statement of immunization set forth in Section IV., below, to the superintendent of the school district by October 1 of the first year of their home schooling in Minnesota and the grade 7 year.
- D. When there is evidence of the presence of a communicable disease, or when required by any state or federal agency and/or state or federal law, students and/or their parents or guardians may be required to submit such other health care data as is necessary to ensure that the student has received any necessary immunizations and/or is free of any communicable diseases. No student may be enrolled or remain enrolled in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted the required data.
- E. The school district may allow a student transferring into a school a maximum of 30 days to submit a statement specified in Section III.A. or III.B., above, or Section IV., below. Students who do not provide the appropriate proof of immunization or the required documentation related to an applicable exemption of the student from the required immunization within the specified time frames shall be excluded from school until such time as the appropriate proof of immunizations or exemption documentation has been provided.
- F. If a person who is not a Minnesota resident enrolls in a school district online learning course or program that delivers instruction to the person only by computer and does not provide any teacher or instructor contact time or require classroom attendance, the person is not subject to the immunization, statement, and other requirements of this policy.

IV. EXEMPTIONS FROM IMMUNIZATION REQUIREMENTS

Students will be exempt from the foregoing immunization requirements under the following circumstances:

- A. The parent or guardian of a minor student or an emancipated student submits a physician's signed statement stating that the immunization of the student is contraindicated for medical reasons or that laboratory confirmation of the presence of adequate immunity exists; or
- B. The parent or guardian of a minor student or an emancipated student submits his or her notarized statement stating the student has not been immunized because of the conscientiously held beliefs of the parent, guardian or student.

V. NOTICE OF IMMUNIZATION REQUIREMENTS

- A. The school district will develop and implement a procedure to:

1. notify parents and students of the immunization and exemption requirements by use of a form approved by the Department of Health;
2. notify parents and students of the consequence for failure to provide required documentation regarding immunizations;
3. review student health records to determine whether the required information has been provided; and
4. make reasonable arrangements to send a student home when the immunization requirements have not been met and advise the student and/or the student's parent or guardian of the conditions for re-enrollment.

[See Attachments A, B, C, and D.]

- B. The notice provided shall contain written information describing the exemptions from immunization as permitted by law. The notice shall be in a font size at least equal to the font size and style as the immunization requirements and on the same page as the immunization requirements.

VI. IMMUNIZATION RECORDS

- A. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student attains the age of majority.
- B. Upon request, the school district may exchange immunization data with persons or agencies providing services on behalf of the student. Immunization data is private student data and disclosure of such data shall be governed by Policy 515 Protection and Privacy of Pupil Records.
- C. The designated school district administrator will assist a student and/or the student's parent or guardian in the transfer of the student's immunization file to the student's new school within 30 days of the student's transfer.
- D. Upon request of a public or private post-secondary educational institution, the designated school district administrator will assist in the transfer of the student's immunization file to the post-secondary educational institution.

VII. OTHER

Within 60 days of the commencement of each new school term, the school district will forward a report to the Commissioner of the Department of Education stating the number of students attending each school in the school district, including the number of students receiving instruction in a home school, the number of students who have not been immunized, and the number of students who received an exemption. The school district also will forward a copy of all exemption statements received by the school district to the

530 IMMUNIZATION REQUIREMENTS

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The purpose of this policy is to require that all students receive the proper immunizations as mandated by law to ensure the health and safety of all students.

II. GENERAL STATEMENT OF POLICY

All students are required to provide proof of immunization, or appropriate documentation exempting the student from such immunization, and such other data necessary to ensure that the student is free from any communicable diseases, as a condition of enrollment.

III. STUDENT IMMUNIZATION REQUIREMENTS

A. No student may be enrolled or remain enrolled, on a full-time, part-time, or shared-time basis, in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted to the designated school district administrator the required proof of immunization. Prior to the student's first date of attendance, the student or the student's parent or guardian shall provide to the designated school district administrator one of the following statements:

1. a statement, from a physician or a public clinic which provides immunizations, stating that the student received the immunizations required by law, consistent with medically acceptable standards; or
2. a statement, from a physician or a public clinic which provides immunizations, stating that the student received the primary schedule of immunizations required by law and has commenced a schedule of the remaining required immunizations, indicating the month and year each immunization was administered, consistent with medically acceptable standards.

B. The statement of a parent or guardian of a student or an emancipated student may be substituted for the statement of a physician or public clinic which administers immunizations. If such a statement is substituted, this statement must indicate the month and year each immunization was administered. Upon request, the designated school district administrator will provide information to the parent or guardian of a student or an emancipated student of the dosages required for each vaccine according to the age of the student.

- C. The parent or guardian of persons receiving instruction in a home school shall submit one of the statements set forth in Section III.A. or III.B., above, or statement of immunization set forth in Section IV., below, to the superintendent of the school district by October 1 of the first year of their home schooling in Minnesota and the grade 7 year.
- D. When there is evidence of the presence of a communicable disease, or when required by any state or federal agency and/or state or federal law, students and/or their parents or guardians may be required to submit such other health care data as is necessary to ensure that the student has received any necessary immunizations and/or is free of any communicable diseases. No student may be enrolled or remain enrolled in any elementary or secondary school within the school district until the student or the student's parent or guardian has submitted the required data.
- E. The school district may allow a student transferring into a school a maximum of 30 days to submit a statement specified in Section III.A. or III.B., above, or Section IV., below. Students who do not provide the appropriate proof of immunization or the required documentation related to an applicable exemption of the student from the required immunization within the specified time frames shall be excluded from school until such time as the appropriate proof of immunizations or exemption documentation has been provided.
- F. If a person who is not a Minnesota resident enrolls in a school district online learning course or program that delivers instruction to the person only by computer and does not provide any teacher or instructor contact time or require classroom attendance, the person is not subject to the immunization, statement, and other requirements of this policy.

IV. EXEMPTIONS FROM IMMUNIZATION REQUIREMENTS

Students will be exempt from the foregoing immunization requirements under the following circumstances:

- A. The parent or guardian of a minor student or an emancipated student submits a physician's signed statement stating that the immunization of the student is contraindicated for medical reasons or that laboratory confirmation of the presence of adequate immunity exists; or
- B. The parent or guardian of a minor student or an emancipated student submits his or her notarized statement stating the student has not been immunized because of the conscientiously held beliefs of the parent, guardian or student.

V. NOTICE OF IMMUNIZATION REQUIREMENTS

- A. The school district will develop and implement a procedure to:

1. notify parents and students of the immunization and exemption requirements by use of a form approved by the Department of Health;
2. notify parents and students of the consequence for failure to provide required documentation regarding immunizations;
3. review student health records to determine whether the required information has been provided; and
4. make reasonable arrangements to send a student home when the immunization requirements have not been met and advise the student and/or the student's parent or guardian of the conditions for re-enrollment.

[See Attachments A, B, C, and D.]

- B. The notice provided shall contain written information describing the exemptions from immunization as permitted by law. The notice shall be in a font size at least equal to the font size and style as the immunization requirements and on the same page as the immunization requirements.

VI. IMMUNIZATION RECORDS

- A. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student attains the age of majority.
- B. Upon request, the school district may exchange immunization data with persons or agencies providing services on behalf of the student. Immunization data is private student data and disclosure of such data shall be governed by Policy 515 Protection and Privacy of Pupil Records.
- C. The designated school district administrator will assist a student and/or the student's parent or guardian in the transfer of the student's immunization file to the student's new school within 30 days of the student's transfer.
- D. Upon request of a public or private post-secondary educational institution, the designated school district administrator will assist in the transfer of the student's immunization file to the post-secondary educational institution.

VII. OTHER

Within 60 days of the commencement of each new school term, the school district will forward a report to the Commissioner of the Department of Education stating the number of students attending each school in the school district, including the number of students receiving instruction in a home school, the number of students who have not been immunized, and the number of students who received an exemption. The school district also will forward a copy of all exemption statements received by the school district to the Commissioner of the Department of Health.

Re: Immunizations

Dear Parent:

As you know, school begins on [date]. Before your child, [name of child], can be enrolled, however, we must receive proof that he/she has received immunization against a number of diseases as required by state law or is excepted therefrom. To date, we have no immunization records for your child nor a claim of exception.

Please complete the enclosed form verifying that [name of child] has received the required immunizations, consistent with medically acceptable standards and return the form to [name of school official], *before school begins*. By state law, we cannot allow [name of child] to stay in school longer than thirty days unless we have received proof that he/she has had the required immunizations or is excepted therefrom.

If you cannot submit a statement from a physician or public clinic regarding your elementary or secondary school child, you may submit your own statement on the enclosed form detailing the precise dosages given for each required immunization and the month and year each immunization was given. If you elect to submit your own statement in lieu of one from a health care provider, please contact [name of school official] at [telephone number] to determine the precise vaccinations required for your child, as the requirements vary according to the child's age.

If you are claiming an exception for medical reasons that an immunization is contraindicated or because of your conscientiously held beliefs, you must either submit a statement from a physician stating the immunization is contraindicated or you must submit a notarized statement, signed by you as the parent/guardian, or if the student is an emancipated person, by the emancipated person, stating that the student has not been immunized because of conscientiously held beliefs. The enclosed form may be used for this purpose.

If we do not receive proof of immunization or exception by [date], your child will be sent home from school and discharged from enrollment. It will then be necessary for you to re-enroll the child after immunization requirements have been met before the child can return to school. If you have any questions, please contact [name of school official] at [telephone number].

Thank you for your cooperation.

Very truly yours,

[School District Official]

Re: Immunizations

Dear Parent:

As you know, school began today. To date, we have no immunization records for your child nor any record of a request for an exception. In order for your child, [name of child], to remain enrolled, we must receive proof that he/she has received immunization against a number of diseases as required by state law or that he/she qualifies for one of the statutory exceptions. By this letter, we wish to verify that our records concerning your child are accurate and complete.

Please submit a statement on the enclosed form to [name of school official] from a physician or a public clinic verifying that [name of child] has received the required immunizations, consistent with medically acceptable standards. By state law, we cannot allow [name of child] to stay in school unless we have received proof that he/she has had the required immunizations or has satisfied one of the statutorily recognized exceptions.

If you cannot submit a statement from a physician or public clinic regarding your elementary or secondary school child, you may submit your own statement on the enclosed form detailing the precise dosages given for each required immunization and the month and year each immunization was given. If you elect to submit your own statement in lieu of one from a health care provider, please contact [name of school official] at [telephone number] to determine the precise vaccinations required for your child, as the requirements vary according to the child's age.

If you are claiming an exception for medical reasons that an immunization is contraindicated or because of your conscientiously held beliefs, you must either submit a statement from a physician stating the immunization is contraindicated or you must submit a notarized statement, signed by you as the parent/guardian, or if the student is an emancipated person by the emancipated person, stating that the student has not been immunized because of conscientiously held beliefs. The enclosed form may be used for this purpose.

If you have already submitted a statement to us, please indicate how the statement was submitted (i.e. hand-delivered, mailed), when it was delivered and to whom. It may be necessary for you to obtain a duplicate statement if the original cannot be found. If additional time to obtain a duplicate is required, please so indicate in your response.

If we do not receive proof of immunization or exception by [ten school days], your child will be sent home from school and discharged from enrollment. It will then be necessary for you to re-enroll the child after immunization requirements have been met before the child can return to school. If you have any questions, please contact [name of school official] at [telephone number].

Re: Non-Enrollment for Lack of Immunization Proof

Dear Parent:

We are sending your child, [name of child], home today because we have not yet received proof that he or she has received appropriate immunizations or is excepted therefrom. Minnesota law does not allow us to enroll an elementary or secondary school student without proof that the student has received the required immunizations or is excepted therefrom.

As we advised earlier, State law and School District policy allow for a thirty-day grace period and a ten-day due process period during which your child may attend school. Those grace periods have now expired.

[Name of child] may re-enroll as soon as we have received appropriate proof of immunizations. If you have any questions about the proof or the immunizations required, please contact [name of school official] at [telephone number] as soon as possible.

We look forward to having [name of child] back in school soon.

Very truly yours,

[School District Official]

The purpose of this policy is to address transportation rights of nonpublic school students and to provide equality of treatment in transporting such students pursuant to law.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is to recognize the rights of nonpublic school students and to provide equal transportation to those students as required by law.

III. ELIGIBILITY

- A. The school district shall provide equal transportation within the school district for all students to any school when transportation is deemed necessary by the school district because of distance or traffic conditions in like manner and form as provided in Minn. Stat. §§ 123B.88 and 123B.92 when applicable. (Minn. Stat. § 123B.86, Subd. 1)
- B. Upon the request of a parent or guardian, the school district shall provide school bus transportation to the school district boundary for students residing in the school district at least the same distance from a nonpublic school actually attended in another school district as public school students are transported in the transporting school district. Such transportation shall be provided whether there is or is not another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means. (Minn. Stat. § 123B.88, Subd. 1; Minn. Stat. § 123B.86, Subd. 2(a))
- C. The school district may provide school bus transportation to a nonpublic school in another school district for students residing in the school district and attending that school, whether there is or is not another nonpublic school within the transporting school district, if the transportation is to schools maintaining grades or departments not maintained in the school district or if the attendance of such students at school can more safely, economically, or conveniently be provided for by such means. If the school district transports students to a nonpublic school located in another school district, the nonpublic school shall pay the cost of such transportation provided outside the school district boundaries. (Minn. Stat. § 123B.86, Subd. 2(b))

- D. (Minn. Stat. § 123B.44, Subd. 1)
- E. When transportation is provided, the scheduling of routes, manner and method of transportation, control and discipline of students, and any other matter relating thereto shall be within the sole discretion, control, and management of the school district. (Minn. Stat. § 123B.86, Subd. 3; Minn. Stat. § 123B.91, Subd. 1a)
- F. Additional transportation to and from a nonpublic school may be provided at the expense of the school district where such services are provided in the discretion of the school district.

- A. If a resident student with a disability attends a nonpublic school located within the school district, the school district shall provide necessary transportation for the student within the school district between the nonpublic school and the educational facility where special instruction and services are provided on a shared-time basis. If a resident student with a disability attends a nonpublic school located in another school district and if no agreement exists for the provision of special instruction and services on a shared time basis to that student by the school district of attendance and where the special instruction and services are provided within the school district, the school district shall provide necessary transportation for that student between the school district boundary and the educational facility. The school district may provide necessary transportation for that student between its boundary and the nonpublic school attended, but the nonpublic school shall pay the cost of transportation provided outside the school district. School districts may make agreements for who provides transportation. Parties serving students on a shared time basis have access to a due process hearing system as provided by law. (Minn. Stat. § 125A.18)
- B. Disabled students whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport disabled students on the basis of the handicapping condition and applicable laws. This section shall not be applicable to parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600, Subd. 1)
- C. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist

students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)

(Minn. Stat. § 123B.86, Subd. 3; Minn. Stat. § 123B.91, Subd. 1a)
- F. Additional transportation to and from a nonpublic school may be provided at the expense of the school district where such services are provided in the discretion of the school district.

IV. SPECIAL EDUCATION/DISABLED STUDENTS

- A. If a resident student with a disability attends a nonpublic school located within the school district, the school district shall provide necessary transportation for the student within the school district between the nonpublic school and the educational facility where special instruction and services are provided on a shared-time basis. If a resident student with a disability attends a nonpublic school located in another school district and if no agreement exists for the provision of special instruction and services on a shared time basis to that student by the school district of attendance and where the special instruction and services are provided within the school district, the school district shall provide necessary transportation for that student between the school district boundary and the educational facility. The school district may provide necessary transportation for that student between its boundary and the nonpublic school attended, but the nonpublic school shall pay the cost of transportation provided outside the school district. School districts may make agreements for who provides transportation. Parties serving students on a shared time basis have access to a due process hearing system as provided by law. (Minn. Stat. § 125A.18)
- B. Disabled students whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport disabled students on the basis of the handicapping condition and applicable laws. This section shall not be applicable to parents who transport their own child under a contract with the school district. (Minn. Stat. § 123B.88, Subd. 19; Minn. Rules Part 7470.1600, Subd. 1)

- C. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law. (Minn. Rules Part 7470.1700)
- D. Any parent of a disabled student who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minn. Stat. Ch. 125A. (Minn. Rules Part 7470.1600, Subd. 2)

V. APPLICATION OF GENERAL POLICY

JORDAN DISTRICT SCHOOLS POLICY

Adopted: July 9, 2012

Revised: November 14th, 2016

506 STUDENT DISCIPLINE

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students,

parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.

- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.
- G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.
- H. Community Members. Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.

VII. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent

reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.
- C. Parent contact;
- D. Parent conference;
- E. Removal from class;
- F. In-school suspension;
- G. Suspension from extracurricular activities;
- H. Detention or restriction of privileges;
- I. Loss of school privileges;

- Q. Preparation of an admission or readmission plan;
- R. Saturday school;
- S. Expulsion under the Pupil Fair Dismissal Act;
- T. Exclusion under the Pupil Fair Dismissal Act; and/or
- U. Other disciplinary action as deemed appropriate by the school district.

VIII. REMOVAL OF STUDENTS FROM CLASS

- A. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be

removed from class.

C. *Procedures for Removal of a Student From a Class.*

1. Each teacher has the discretion to remove a student for inappropriate behavior as determined by the teacher. Upon asking the student to leave the classroom and report to the office, the teacher will notify the main office of the name of the student removed.
2. Disciplinary action may be taken as a result of any behavior which is disruptive of the education processes or which violates the rights of others. The acts set forth in the disciplinary policy are unacceptable and subject to disciplinary action in school buildings, on the school buses, school grounds and at school sponsored activities.
3. Teachers will contact the administration and/or complete appropriate behavior referral form in a timely manner.

D. *Responsibility for and Custody of a Student Removed From Class.*

1. Each teacher has the discretion to determine how to deal with inappropriate behavior by a student. The teacher may instruct the student to a designated supervised area or the office. When they are sent to the office, the teacher will notify the office staff of the name of the student reporting to the office. When appropriate or necessary, the teacher will contact the office to request an escort.
2. Administrators have broad discretion to determine the consequences based on the minimum and maximum consequences established in the student handbooks. In unusual situations administrators may impose discipline less than the minimum. In the event the student has engaged in the same or similar behavior in the past or has engaged in persistent violation of school rules, the maximum penalties may be increased.

E. *Procedures for Return of a Student to a Class From Which the Student Was Removed.*

1. Administrators will take appropriate action for each student removed from class on a case-by-case basis. Such action may include, but is not limited to, warning, student conference, parent conference, detention, or suspension.

F. *Procedures for Notification.*

Parents will be notified of consequences when students are dismissed from class. Notification may be in the form of a phone call, written communication, or conference.

G. *Disabled Students; Special Provisions.*

1. Consideration of whether there is a need for further assessment will be determined by the Individual Education Plan (IEP) team members.

2. Consideration of whether there is a need for a review of the adequacy of the current Individual Education Plan (IEP) of a disabled student who is removed from class or disciplined will be determined by the IEP team members.

H. Procedures for Detecting and Addressing Chemical Abuse Problems of Students While on School Premises.

1. A chemical abuse pre-assessment team will be established pursuant to Minn. Stat. 121A.26;
2. A school and community advisory team to address chemical abuse problems in the district will be established pursuant to Minn. Stat. 121A.27;
3. Any teacher or school district employee who knows or has reason to believe that a student is using, possessing, or transferring alcohol or a controlled-substance while on school premises or involved in school, shall immediately notify the building principal.

I. Procedures for Immediate and Appropriate Interventions Tied to Violations of the Code of Student Conduct.

Nothing in this policy shall prohibit the School District from taking immediate action to protect individuals and property from harm. Nor shall this policy be construed to prohibit the School District from expelling students from behavior not specifically set forth if such conduct:

1. Materially and substantially disrupts the rights of others to an education; or
2. Endangers the student, other students or individuals or property of the school.

All violations of the Code of Student Conduct will be handled on a case-by-case basis.

J. Any Procedures Determined Appropriate for Encouraging Early Involvement of Parents or Guardians in Attempts to Improve a Student's Behavior.

School district personnel may respond to student misbehavior in a variety of ways in which to involve parents or guardians. They include, but are not limited to, communication of concerns, parent conferences, and mediation.

K. Any Procedures Determined Appropriate for Encouraging Early Detection of Behavioral Problems.

School district personnel may respond to behavioral problems in a variety of ways in attempts to modify the behavior. They include, but are not limited to, verbal warning, one-to-one interaction, written communication to parent, parent conference, detention, referral to administrator, and suspension.

IX. DISMISSAL

- A. “Dismissal” means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health

screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.

6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. “Expulsion” means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. “Exclusion” means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district’s intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student’s own choosing, including legal counsel at the hearing; (2) examine the student’s records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student’s parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.

9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the

controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.

18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records

be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and

to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

506 STUDENT DISCIPLINE

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all

students of the school district.

III. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- D. Teachers. All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher's lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.
- E. Other School District Personnel. All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.
- F. Parents or Legal Guardians. Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate

regarding the behavior of their children.

- G. Students. All students shall be held individually responsible for their behavior and for knowing and obeying the Code of Student Conduct and this policy.
- H. Community Members. Members of the community are expected to contribute to the establishment of an atmosphere in which rights and duties are effectively acknowledged and fulfilled.

VII. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within

the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.

VIII. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the

teacher.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

I. *Procedures for Immediate and Appropriate Interventions Tied to Violations of the Code of Student Conduct.*

J. *Any Procedures Determined Appropriate for Encouraging Early Involvement of Parents or Guardians in Attempts to Improve a Student's Behavior.*

K. *Any Procedures Determined Appropriate for Encouraging Early Detection of Behavioral Problems.*

IX. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the student will create an immediate and substantial danger to self or

to surrounding persons or property.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Suspension Procedures

1. “Suspension” means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. If a student’s total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student’s parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian’s expense. The purpose of this meeting is to attempt to determine the student’s need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
3. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination

of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

4. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
5. The school administration shall implement alternative educational services when the suspension exceeds five (5) days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minn. Stat. § 123A.05 selected to allow the student to progress toward meeting graduation standards under Minn. Stat. § 120B.02, although in a different setting.
6. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
7. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the

suspension, do one or more of the following:

- a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minn. Stat. Ch. 260C.
8. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
 9. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
 10. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
 11. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) days.

D. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act,

Minn. Stat. §§121A.40-121A.56.

4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56; describe alternative educational services accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE).
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school

district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.

12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minn. Stat. § 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.

20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

X. ADMISSION OR READMISSION PLAN

A school administrator shall prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan may include measures to improve the student's behavior, including completing a character education program consistent with Minn. Stat. § 120B.232, Subd. 1, and require parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XI. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each physical assault of a school district employee by a student within thirty (30) days of the assault. This report must include a statement of the alternative educational services or other sanction, intervention, or resolution given to the student in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the student's age, grade, gender, race, and special education status.

XII. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13.

XIII. DISABLED STUDENTS

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIV. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XV. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XVI. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building

shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

**JORDAN DISTRICT SCHOOLS
POLICY**

Adopted: September 12, 2007

Revised:

520 STUDENT SURVEYS

I. PURPOSE

Occasionally the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 U.S.C. § 1232h.

III. STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. There will be no requirement that the student return the survey, and no record of the student's returning a survey will be maintained.
- B. The superintendent may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally identifiable information to be provided in response thereto. To the extent that

personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minn. Stat. Ch. 13 (Minnesota Government Data Practices Act), 20 U.S.C. § 1232g (Family Educational Rights and Privacy Act) and 34 C.F.R. Part 99.

IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM

- A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.

- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:
 - 1. political affiliations or beliefs of the student or the student's parent;
 - 2. mental and psychological problems of the student or the student's family;
 - 3. sex behavior or attitudes;
 - 4. illegal, antisocial, self-incriminating, or demeaning behavior;
 - 5. critical appraisals of other individuals with whom respondents have close family relationships;
 - 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 - 7. religious practices, affiliations, or beliefs of the student or the student's parent; or
 - 8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

- C. A school district that receives funds under any program funded by the U.S. Department of Education shall develop local policies consistent with Sections IV.A. and IV.B., above, concerning student privacy, parental access to information, and administration of certain physical examinations to minors.

1. The following policies are to be adopted in consultation with parents:

- a. The right of a parent to inspect, on request, a survey, including an evaluation, created by a third party before the survey is administered or distributed by a school to a student, including procedures for granting a parent's request for reasonable access to such survey within a reasonable period of time after the request is received.

“Parent” means a legal guardian or other person acting *in loco parentis* (in place of a parent), such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child.

- b. Arrangements to protect student privacy in the event of the administration or distribution of a survey, including an evaluation, to a student which contains one or more of the items listed in Section IV.B., above, including the right of a parent of a student to inspect, on request, any such survey.

- c. The right of a parent of a student to inspect, on request, any instructional material used as part of the educational curriculum for the student and procedures for granting a request by a parent for such access within a reasonable period of time after the request is received.

“Instructional material” means instructional content that is provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (i.e., materials accessible through the Internet). The term does not include academic tests or academic assessments.

- d. The administration of physical examinations or screenings that the school district may administer to a student. This provision does not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. § 1400, *et seq.*).

- e. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing the information to others for that purpose), including arrangements to protect student privacy that are provided by the school district in the event of such collection, disclosure, or use.

- (1) “Personal information” means individually identifiable information including a student or parent’s first and last name; a home or other physical address (including street name and the name of the city or town); a telephone number; or a Social Security identification number.
- (2) This provision does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as:
 - (a) college or other post-secondary education recruitment or military;
 - (b) book clubs, magazines, and programs providing access to low cost literary products;
 - (c) curriculum and instructional materials used by elementary and secondary schools;
 - (d) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing such tests and assessments and the subsequent analysis and public release of the aggregate data from such tests and assessments;
 - (e) the sale by students of products or services to raise funds for school-related or education-related activities; and
 - (f) student recognition programs.
- (3) The right of a parent to inspect, on request, any instrument used in the collection of information, as described in Section IV.C.1., Subparagraph e., above, before the instrument is administered or distributed to a student and procedures for granting a request by a parent for reasonable access to such an instrument within a reasonable period of time after the request is received.

2. The policies adopted under Section IV.C., Subparagraph 1., above, shall

provide for reasonable notice of the adoption or continued use of such policies directly to parents of students enrolled in or served by the school district.

- a. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.
- b. The notice will provide parents with an opportunity to opt out of participation in the following activities:
 - (1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.
 - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students.

“Invasive physical examination” means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.
- c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.
- d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental notification and do not apply to any physical examination or screening that is permitted or required by applicable state law, including physical examinations or screenings that are permitted without parental notification.

D. The school district shall give parents and students notice of their rights under this section.

PUBLIC NOTICE

Independent School District No. 717 gives notice to parents of students currently in attendance in the school district, eligible students currently in attendance in the school district, and students currently in attendance in the school district of their rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical examinations.

1. Parents, eligible students, and students are hereby informed that they have the following rights:

 - b. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:
 - (1) political affiliations or beliefs of the student or the student's parent;
 - (2) mental and psychological problems of the student or the student's family;
 - (3) sex behavior or attitudes;
 - (4) illegal, antisocial, self-incriminating, or demeaning behavior;

520 STUDENT SURVEYS

[Note: School districts are required by statute to have a policy addressing student surveys.]

I. PURPOSE

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys.

II. GENERAL STATEMENT OF POLICY

Student surveys may be conducted as determined necessary by the school district. Surveys, analyses, and evaluations conducted as part of any program funded through the U.S. Department of Education must comply with 20 U.S.C. § 1232h.

III. STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. No requirement that the student return the survey shall exist, and no record of the student's returning a survey will be maintained.
- B. The superintendent may choose not to approve any survey that seeks probing personal and/or sensitive information that could result in identifying the survey participant, or is discriminatory in nature based on age, race, color, sex, disability, religion, or national origin.
- C. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality, and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate or has the opportunity to opt out of the survey depending upon how the survey is funded. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.
- D. Although the survey is conducted anonymously, potential exists for personally

identifiable information to be provided in response thereto. To the extent that personally identifiable information of a student is contained in his or her responses to a survey, the school district will take appropriate steps to ensure the data is protected in accordance with Minn. Stat. Ch. 13 (Minnesota Government Data Practices Act), 20 U.S.C. § 1232g (Family Educational Rights and Privacy Act) and 34 C.F.R. Part 99.

E. The school district must not impose an academic or other penalty on a student who opts out of participating in a student survey.

IV. STUDENT SURVEYS CONDUCTED AS PART OF DEPARTMENT OF EDUCATION PROGRAM

- A. All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. Department of Education, shall be available for inspection by the parents or guardians of the students.
- B. No student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent, to submit to a survey that reveals information concerning:
1. political affiliations or beliefs of the student or the student's parent;
 2. mental and psychological problems of the student or the student's family;
 3. sex behavior or attitudes;
 4. illegal, antisocial, self-incriminating, or demeaning behavior;
 5. critical appraisals of other individuals with whom respondents have close family relationships;
 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
 7. religious practices, affiliations, or beliefs of the student or the student's parent; or
 8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

C. A school district that receives funds under any program funded by the U.S. Department of Education shall develop local policies consistent with Sections IV.A. and IV.B., above, concerning student privacy, parental access to information, and administration of certain physical examinations to minors.

1. The following policies are to be adopted in consultation with parents:

a. The right of a parent to inspect, on request, a survey, including an evaluation, created by a third party before the survey is administered or distributed by a school to a student, including procedures for granting a parent's request for reasonable access to such survey within a reasonable period of time after the request is received.

“Parent” means a legal guardian or other person acting *in loco parentis* (in place of a parent), such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child.

b. Arrangements to protect student privacy in the event of the administration or distribution of a survey, including an evaluation, to a student which contains one or more of the items listed in Section IV.B., above, including the right of a parent of a student to inspect, on request, any such survey.

c. The right of a parent of a student to inspect, on request, any instructional material used as part of the educational curriculum for the student and procedures for granting a request by a parent for such access within a reasonable period of time after the request is received.

“Instructional material” means instructional content that is provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (i.e., materials accessible through the Internet). The term does not include academic tests or academic assessments.

d. The administration of physical examinations or screenings that the school district may administer to a student. This provision does not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (20 U.S.C. § 1400, *et seq.*).

e. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that

information (or otherwise providing the information to others for that purpose), including arrangements to protect student privacy that are provided by the school district in the event of such collection, disclosure, or use.

- (1) “Personal information” means individually identifiable information including a student or parent’s first and last name; a home or other physical address (including street name and the name of the city or town); a telephone number; or a Social Security identification number.
- (2) This provision does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as:
 - (a) college or other post-secondary education recruitment or military;
 - (b) book clubs, magazines, and programs providing access to low cost literary products;
 - (c) curriculum and instructional materials used by elementary and secondary schools;
 - (d) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students, or to generate other statistically useful data for the purpose of securing such tests and assessments and the subsequent analysis and public release of the aggregate data from such tests and assessments;
 - (e) the sale by students of products or services to raise funds for school-related or education-related activities; and
 - (f) student recognition programs.
- (3) The right of a parent to inspect, on request, any instrument used in the collection of information, as described in Section IV.C.1., Subparagraph e., above, before the instrument is administered or distributed to a student and procedures for granting a request by a parent for reasonable

access to such an instrument within a reasonable period of time after the request is received.

2. The policies adopted under Section IV.C., Subparagraph 1., above, shall provide for reasonable notice of the adoption or continued use of such policies directly to parents of students enrolled in or served by the school district.
 - a. The notice will be provided at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in a policy.
 - b. The notice will provide parents with an opportunity to opt out of participation in the following activities:
 - (1) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, or otherwise providing that information to others for that purpose.
 - (2) The administration of any third-party survey (non-Department of Education funded) containing one or more of the items contained in Section IV.B., above.
 - (3) Any nonemergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student or other students.

“Invasive physical examination” means any medical examination that involves the exposure of private body parts, or act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.
 - c. The notice will advise students of the specific or approximate dates during the school year when the activities in Section IV.C.2., Subparagraph b., above, are scheduled, or expected to be scheduled.
 - d. The notice provisions shall not be construed to preempt applicable provisions of state law that require parental notification and do not apply to any physical examination or screening that is permitted or required by applicable state law, including physical examinations

or screenings that are permitted without parental notification.

529 STAFF NOTIFICATION OF VIOLENT BEHAVIOR BY STUDENTS

[Note: School districts are not required to adopt a policy regarding staff notification of violent behavior by students. State law does, however, require school districts to provide classroom teachers with notice of the placement of students with a history of violent behavior in their classrooms. Thus, school districts may decide the manner in which they provide such notice. In 2003, the Minnesota Legislature required a committee, including a representative from the Minnesota School Boards Association (MSBA), to develop a model policy for schools to notify staff about violent behavior by students. That model policy is available on the Minnesota Department of Administration's website. MSBA has modified the committee-developed policy for consistency with its other model policies and to reflect management perspectives. MSBA recommends this policy.]

I. PURPOSE

In an effort to provide a safe school environment, the assigned classroom teacher and certain staff members should know whether a student to be placed in the classroom has a history of violent behavior. Additionally, decisions should be made regarding how to manage such a student.

The purpose of this policy is to address the circumstances in which data should be provided to classroom teachers and other school staff members about students with a history of violent behavior and to establish a procedure for notifying staff regarding the placement of students with a history of violent behavior.

II. GENERAL STATEMENT OF POLICY

- A. Any staff member or other employee of the school district who obtains or possesses information concerning a student in the building with a history of violent behavior shall immediately report said information to the principal of the building in which the student attends school.
- B. The administration will meet with the assigned classroom teacher and other appropriate staff members for the purpose of notifying and determining how staff will manage such student.
- C. Only staff members who have a legitimate educational interest in the information will receive notification.

III. DEFINITIONS

For purposes of this policy, the following terms have the meaning given them.

A. Administration

“Administration” means the superintendent, building principal, or other designee.

B. Classroom Teacher

“Classroom teacher” means the instructional personnel responsible for the course or room to which a student is assigned at any given time, including a substitute hired in place of the classroom teacher.

C. History of Violent Behavior

1. A student will be considered to have a history of violent behavior if incident(s) of violence, including any documented physical assault of a school district employee by the student, have occurred during the current or previous school year.
2. If a student has an incident of violence during the current or previous school year, that incident and all other past related or similar incidents of violence will be reported.

D. Incident(s) of Violence

“Incident(s) of violence” means willful conduct in which a student endangers or causes physical injury to the student, other students, a school district employee, or surrounding person(s) or endangers or causes significant damage to school district property, regardless of whether related to a disability or whether discipline was imposed.

E. Legitimate Educational Interest

“Legitimate educational interest” includes interest directly related to classroom instruction, teaching, student achievement and progress, discipline of a student, student health and welfare, and the ability to respond to a request for educational data. It includes a person’s need to know in order to:

1. Perform an administrative task required in the school or the employee’s contract or position description approved by the school board;
2. Perform a supervisory or instructional task directly related to the student’s education; or
3. Perform a service or benefit for the student or the student’s family such as health care, counseling, student job placement, or student financial aid.
4. Perform a task directly related to responding to a request for data.

F. School Staff Member

“School staff member” includes:

1. A person duly elected to the school board;
2. A person employed by the school board in an administrative, supervisory, instructional, or other professional position;

4. A person employed by, or under contract to, the school board to perform a special task such as a secretary, a clerk, a public information officer or data practices compliance official, an attorney, or an auditor for the period of his or her performance as an employee or contractor.

[Note: School districts may wish to reference other school staff members such as paraprofessionals, bus drivers, occupational therapists, or police liaison officers in the definition of a “school staff member.” However, the definition of a “school staff member” in this policy should be identical to the school district’s definition of a “school official” in Policy 515, Protection and Privacy of Pupil Records.]
