B. Grant Update

40

Mr. Tharman shared that the school's grant request to the Cole Foundation, Morgan Foundation, and Dane G. Hansen had been denied. Still waiting to hear from the Masonic Lodge and the GNWKS Phillips County grant requests.

C. Summer Projects

Mr. Tharman shared that Noah, Hal, Julie, Cindy W., and Foster B. had done a lot of work this summer. Revival Lawn Care has done a great job with the weed control, mowing, and getting the front lawn sprinklers working. Contractors are finishing up carpet in three rooms, painting, new ceiling, electrical work, kitchen appliances, sidewalks, etc. Window replacement is to start August 19th. A big thank you to all that have helped with those projects.

VII. Personnel

Meeting returned to open session at 7:41 pm. The board recommends an emphasis on cleaning in the main gathering areas and providing staff with the necessary cleaning supplies for classrooms. Social distancing in classrooms will be determined by the teacher and the number of students. Masks are not required, but are available.

The 2020 - 21 reopening plan will be reviewed again at the next meeting. The hope is to have an updated plan ready, in case we would need to use it, but there is no implementation at this time.

C. Budget Review

Mr. Tharman went over the 2021 - 22 budget with the board members and answered questions. The budget and the revenue neutral rate hearings will be held on September 13th at 6:30 pm in the Almena conference room during the monthly board meeting.

D. Safety Inspection

92

The KDOL visited the school and did a safety inspection. Those identified areas have been addressed and fixed. The report on the repairs is due September 22nd.

E. Sign Removal

111

The highway #383 project will require the state champion sign, at the edge of Almena, to be relocated.

They requested a quote to have the sign moved. Joy Sides was able to get a quote from Christensen Construction for that project. The bid was submitted to the State of Kansas. It will be a couple of years before the move happens ... so keep thinking about a new location.

IX. Administrative Reports

A. Superintendent / 9-12 Principal Report

Mr. Tharman updated the board on enrollment: we have gained 10 - 13 new students, but have lost a some also. We will not know the exact numbers for a week or so. Teachers come back this week and school starts next. Kinze, Amber, Sheri, and Sommer have done a great job with getting enrollment set up and almost completed. Reminder of the Back to School breakfast sponsored by the Congregational Church. Looking forward to an exciting school year.

B. K-8 Principal Report

Mr. Gebhard reported that the summer has flown by. Weightlifting was a success this year and a big thank you to Mrs. Thalheim and Mrs. Lowry for their assistance.

PreK - 4 open house is Friday, August 13th.

VII. Old Business

A. Lease Purchase Agreement

Mr. Tharman updated the board on the progress of the lease purchase agreement with First National Bank. All documents have been reviewed, approved and signatures are being attained. The windows are projected to be delivered on August 17th and work is to start around August 19th. We may have to move students to a separate location for a day or so, but we will be able to make it work.

B. Consideration of Handbooks

I recommend the board go into executive session to discuss nonelected personnel matters to protect the privacy interests of the individual to be discussed, retaining Mr. Gebhard and Mr. Tharman and returning to open session at 6:54 pm in this board room. At 6:54 meeting returned to open session. There was discussion on the lunch privilege for Junior and Senior students. The board changed the wording to allow this privilege for the Senior students only, that are not ineligible, and to emphasize it may be revoked if the privilege is abused. I recommend the board approve the K - 12, Faculty & Staff, Activity, and Chromebook handbooks with the change that is reflected for the K-12 handbook. This motion, made by Steven Whitney and seconded by Shanna Hammond, Carried.

C. Revenue Neutral Rate

Mr. Tharman visited with the board about the Revenue Neutral Rate. Even though the preliminary numbers do not indicate the need to exceed the rate, if the county assessed valuations change and we have not voted to do so, the funding we would have received will not be available. The recommendation is to move forward with the notification to the county clerks of our intent to exceed the RNR.

VIII. New Business

IX. Administrative Reports

A. Superintendent / 9-12 Principal Report

Mr. Tharman reported that the summer is coming to a close quickly. He will be going to Topeka for a budget review on July 19th. Enrollment has been set for August 5th, 6th, 9th, & 10th by appointment. Using the same format as last year. Kinze will be getting that information published next week. Next board meeting will be August 9th.

B. K-8 Principal Report

Mr. Gebhard shared that he had attended a lot of summer sports events this year. We are still in need of bus drivers and Para-professionals. More information will be coming out in regards to the Kindergarten Readiness. Mrs. Thalheim has been helping out with summer weight lifting.

Dear Ken:

Thank you for applying to the Dane G. Hansen Foundation. The Trustees have reviewed your request. Each month the Foundation receives multiple requests. Each application is reviewed and considered. Your request was not selected for funding.

We wish you well in your efforts.

Sincerely,

Dane G. Hansen Trustees

RE: Grant Application

Dear Ken,

The Board of Directors of the Foundation considered at its regular meeting on July 20, 2021, the grant application requesting funds to assist in the cost of replacing windows at the Long Island middle school. Unfortunately, the Foundation has denied the opportunity to fund this application.

Greater NW Kansas Community Foundation,

The window project is still a go and on track to be completed in a timely manner; however, due to window manufacturers extending the time they were to be completed, the delivery date was moved to August 17th.

The contractor called this week and explained that once they arrive his crew will be here within two days to start the installation. This does change the original plan of completion to September 17th.

This is my request to have the completion date changed to September 17th, 2021.

Thank you for your consideration on this matter.

I greatly appreciate the confidence you have shown in helping to fund this project and look forward to our continued partnership.

Sincerely,

Ken Tharman

RE: Grant Application

Dear Ken,

The Board of Directors of the Foundation considered at its regular meeting on July 21, 2021, the grant application from Northern Valley Schools USD 212 requesting funding to replace windows at the Long Island middle school. Unfortunately, the Foundation declined the opportunity to fund the application.

I am resigning as middle school custodian and bus driver. I would like to thank you for hiring me in these positions. I have really enjoyed working for Northern Valley.

to me

Dear Mr. Tharman,

I'm writing to let you know that I am resigning as assistant middle school basketball coach. I know after we spoke, you mentioned my coaching supplemental payment would be paid once more on the August payroll, then be discontinued. I will continue as the scholars bowl sponsor for the middle school and am excited about having our own meet this spring.

I will continue to drive the exchange bus for the girls during basketball season if Mr. Gebhard agrees, and take my planning period in my elementary school classroom while I wait for the girls to finish practice.

Please let me know if you have any questions.

Thanks,

Kelli

NOTE: Please fill out this report showing the date, time and reason you will be gone. If you will need a substitute, show the time you will need to have covered. Almena, KS 67622

Inspection Number: 22096501

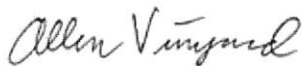

Dear Mr. Tharman:

On July 8, 2021, Mr. Trent Alexander, Safety Specialist, conducted an on-site Safety inspection of your facilities to determine if possible unsafe or unhealthy working conditions might be present. This inspection was conducted under the authority granted the Secretary of the Kansas Department of Labor by K.S.A. 44-636. The enclosed notice identifies potential hazards that were found as a result of the inspection.

A correction due date has been scheduled for **September 22, 2021**, which is 60 days after the report has been sent. We ask that you complete and return the enclosed report of corrective action by the aforementioned correction date. An extension may be requested if completion cannot be attained by the specified date. NOTE: All discrepancies are to be signed, with title, to indicate completion of the item. You may use the Report of Hazards Found & Action Taken, included in this report, to provide this information on each item.

"You can obtain information about our upcoming Safety and Health Conference by going to our website at: www.dol.ks.gov, or by calling Dena Ackors at (785) 296-4386."

Sincerely,

Allen M. Vinyard, CSP

Qualifications for Safety and Health Award for Public Employees (SHAPE)

Eligibility- To be considered for participation in **SHAPE** the public employer must meet the following criteria:

1. Establishment has had a comprehensive safety inspection from a Kansas Department of Labor (KDOL) consultant within the last two years. If not, the employer may set up an appointment to obtain an inspection by contacting KDOL at: (785) 296-4386 ext. 6031 or email: KDOL.IndSafetyHealth@ks.gov.
2. If you have received a comprehensive Safety inspection from a KDOL consultant within the past five years, all of the hazards found must have been corrected.
3. Establishment must meet one of the following two criteria.
 - a. DART and TRC Rate must be below the most recently available Kansas State Average for the combined local and state government rate.
 - b. The establishment has documented a minimum number of safety training hours based on the size of the entity for at least three months prior to application.

Size of entity(Employees)	Monthly Safety Training Hours Required
1-50	5
50-500	10
500-2500	15
2500+	20

4. All applicants must submit an OSHA 300 log or an equivalent.
 - a. A copy of an OSHA 300 log is available [here](#).
 - b. To calculate your entity's DART or TRC rate, please visit page 5 of this form.

Renewal: When an establishment comes up on its next scheduled inspection with the Kansas Department of Labor they will complete a full Safety Inspection, have their OSHA 300 log (or equivalent), and DART/TRC or Safety Training Log reviewed. If they still meet the SHAPE Standards the entity will have renewed SHAPE Status.

If the employer meets all of the above qualifications, please complete the application and submit it electronically. Questions regarding the SHAPE program may be directed to the office of Jeana Payne, SHAPE program coordinator at: Phone: (785) 296-4386 ext. 6031, fax (785) 296-1775, e-mail jeana.payne@ks.gov.

Thank you for your interest in our program and in the continued safety and health of all Kansas employees.

Executive Summary

The survey was conducted by the Kansas Department of Labor on July 8, 2021. An opening conference was held with Mr. Ken Tharman, Superintendent, at the High School. The KDOL Division of Industrial Safety and Health was represented by Mr. Trent Alexander, Safety Specialist. The hazard survey, conducted after the opening conference, was directed toward identifying safety and health hazards found at the facility. Mr. Tharman accompanied the KDOL consultant through the facility, actively participating in the hazard identification process.

Additional Comments

A sample Lockout Tagout program was emailed to Mr. Tharman under separate email dated July 9, 2021.

Employer Rights

Kansas Statutes, specifically K.S.A. 44-636(b), grants employers the right to request a hearing concerning any order included in this report if requested in writing within 15 days of receipt of this report.

Notice of Obligation

You are required to abate all hazards found during the inspection. Please mail, fax, or email the Report of Hazards Found & Action Taken, completed to show correction methods on or before your due date of **September 22, 2021**.

Please note: All correction and/or extension request forms must be submitted at one time. Abatements and/or extension requests will not be reviewed until all documentation is received. To expedite this process, we ask that all paperwork be submitted at one time. You may email, mail, or fax your completed abatement forms to the office via the information provided below.

Please email your response to: Jeana.Payne@ks.gov

OR mail or fax your response to:

Report of Hazards Found & Action Taken

All of the identified hazards are itemized in this form. It includes references to the specific standards, the date by which a correction response from you is necessary, and suggestions for correcting the hazards that were found. Please use this form to record the actions you are taking to correct the identified hazards. Please return this form to our office on or before **September 22, 2021**.

A follow-up inspection may be made to examine actions taken to abate hazards. The need for such a follow-up will be diminished if your report of corrective measures appears satisfactory and is received promptly. Should you need any additional assistance or clarification regarding any of the enclosed findings, please contact Trent Alexander, Safety Specialist, who visited your place of employment, or this office.

Item	Hazard Type	Standard	Correction Due Date
1	Serious	29 CFR 1910.303(b)(2)	9/22/2021

Description: A refrigerator and a Panasonic microwave on the south side of the teachers lounge were plugged into a power strip.

Condition: *Installation and use.* Listed or labeled equipment shall be installed and used in accordance with any instructions included in the listing or labeling. Any electrical outlet device shall have an ampere rating not less than the load to be served.

Potential Effects: Electric shock, burns, and electrocution from contact with live parts; burns and smoke-related injuries from fire due to electrical overload.

Recommended Action: Do not plug this type of high-amp usage equipment into a power strip due to the incompatible amperage usage/ratings.

Power strips, also known as Relocatable Power Taps (RPT), were designed and UL-approved for high use of low amperage items. The use is limited to computers and related peripherals, and general office equipment. Microwave ovens, toasters, refrigerators, portable heaters, and coffee pots pull more amps than most RPT's are designed for, using just one outlet. Most RPT's are only rated for 12-15 amps.

Microwave ovens, toasters, refrigerators, portable heaters, coffee pots, and other appliances are all high amp usage items and should NEVER be plugged into an RPT. NEVER daisy chain RPT's.

2	Serious	ANSI Z358.1-2014, 5.5.2	9/22/2021

Description: The emergency eye wash station at the center island of the science room had no record of weekly flushes.

Condition: Plumbed eyewash equipment shall be activated weekly for a period long enough to verify operation and ensure that clean flushing fluid is available at the tap.

Potential Effects: Aggravated eye and skin injuries from prolonged exposure of eyes and/or body to corrosive chemicals because eyewash equipment was not suitable for use.

Recommended Action: Activate plumbed eyewash equipment on a weekly basis and record such weekly checks through written documentation. The written documentation should include the date of inspection or weekly flush and the initials of the person conducting the weekly flush. The written documentation should be kept at or near the eyewash station.

Description: An electrical receptacle on the west wall of the kitchen tested as having an open ground.

Condition: *Grounding path.* The path to ground from circuits, equipment, and enclosures shall be permanent, continuous, and effective.

Potential Effects: Electric shock, burns, and electrocution from contact with live, ungrounded parts.

Recommended Action: Have a qualified person check and repair the electrical system to ensure the continuity of the grounding path.

Description: A garbage disposal at the west wall of the kitchen was missing the rubber finger guard.

Condition: Machines shall be guarded so as to protect the operator or other employees in the machine area. Garbage disposals shall be provided with finger guards to protect employees from accidental contact with the chopper blades.

Potential Effects: Cuts and amputations from contact with the chopper blades.

Recommended Action: Install an approved finger guard that will cover the throat of the garbage disposal and protect employees from the chopper blades.

5	Serious	29 CFR 1910.303(b)(7)(i)	9/22/2021

Description: An electrical junction box at the east wall of the kitchen behind the mixer had an opening on the front of the box as indicated.

Condition: Unused openings in boxes, raceways, auxiliary gutters, cabinets, equipment cases, or housings shall be effectively closed to afford protection substantially equivalent to the wall of the equipment.

Potential Effects: Burns and smoke-related injuries from fire; electric shock, burns, or electrocution from contact with live parts.

Recommended Action: Have a qualified person install the proper sized plugs or "knockout closures" in any unused openings. This will keep dust from accumulating inside of the equipment and helps to control unexpected contact with live electrical parts.

Description: An electrical receptacle at the east wall of the kitchen tested as having reverse polarity.

Condition: *Polarity of connections.* No grounded conductor may be attached to any terminal or lead so as to reverse designated polarity.

Potential Effects: Electric shock, burns, and electrocution from contact with live parts.

Recommended Action: Have a qualified person rewire the electrical outlet with the proper polarity.

Description: A light in the girl's locker room shower was missing the cover.

Condition: Fixtures installed in wet or damp locations shall be identified for the purpose and shall be so constructed or installed that water cannot enter or accumulate in wireways, lampholders or other electrical parts.

Potential Effects: Electric shock, burns, and electrocution from contact between water and live unguarded parts.

Recommended Action: Have a qualified person cover the exposed light fixture so that it is protected from contact with the water from the shower.

8	Serious	ANSI Z358.1-2014, 5.5.3	9/22/2021

Description: The shelf life of a water solution bottle in the self-contained emergency eyewash station on the north wall of the Ag shop classroom expired in March 2021.

Condition: Self-contained eyewashes shall be visually checked to determine if the flushing fluids need to be changed or supplemented. Such inspection shall be conducted in accordance with manufacturer’s instructions.

Potential Effects: Aggravated eye and skin injuries from prolonged exposure of eyes and/or body to corrosive chemicals due to the emergency eye wash unit containing fetid or stale water from expired shelf life.

Recommended Action: Visually inspect self-contained eye wash units on a weekly basis, replenish or replace as needed, and record such weekly checks through written documentation. The written documentation should include the date of inspection and the initials of the person conducting the weekly inspection. The written documentation should be kept at or near the eyewash station.

Description: The safety pop-off on the Campbell Hausfeld air compressor at the north wall of the shop was not being tested on a regular basis. Testing should be documented and the documentation kept at or near the air compressor.

Condition: All safety valves on a compressed air receiver shall be tested frequently and at regular intervals to determine whether they are in good operating condition.

Potential Effects: Fatal injuries from explosion of a pressure vessel.

Recommended Action: Continue to test the pop-off valve on a regular basis. It is recommended that the testing be documented to eliminate any question. The documentation can be as simple as a sheet of paper on a clip board or a calendar hanging near the compressor. Simply date and initial the paper or calendar when the testing is performed.

Description: The electrical panel box on the north wall of the boiler room was missing the door latch mechanism and the door could not be closed or secured.

Condition: *Installation and use.* Listed or labeled equipment shall be installed and used in accordance with any instructions included in the listing or labeling.

Potential Effects: Accidental contact with interior of the panel due to inability to secure the door in a closed position; electrical shock, burns, and electrocution are possible.

Recommended Action: Have a qualified person repair or replace the door and/or latching mechanism in accordance with the manufacturer's design and specifications in order to prevent exposure to the energized parts inside the box.

The use of a standard door hasp to secure the panel doors is acceptable and is the most cost-effective solution if the original latch is broken or missing. Don't forget to cover the opening where the original locking mechanism was once installed.

Doors to electrical panels must be able to close and latch for potential lock-out/tag-out situations. Doors to electrical panels must also be easy to open for ready access in the event of an emergency.
